

Physician 8561

Chapter 8561

"Lord Ye, see for yourself."

The second time, Wen Yuan's aura poured in, and the bead buzzed and burst into light, showing the picture of Xiandi platform.

Three days ago, ye Chen quietly sneaked into wanxu.

On the Immortal Emperor's stage, Ren Feifan is in the middle of a fierce battle with tiannv.

Ren Feifan used all the power of the Golden Wheel of the emperor of heaven, and was led by no time and space. He was originally going to fly.

However, he forcibly cut off the connecting force, stayed in the real world, and did not soar.

With such a tough measure, he was directly bitten by the truth, his skin cracked and bled, and he was seriously injured.

Ren Feifan, who was injured, fought with tiannv, but did not lose at all. The two were equal.

"Dream with one heart, Xiao Fan, I changed my mind."

"My dream is no longer to kill you, but to hope you soar."

"Go, this world doesn't belong to you. You're too powerful. Go without time and space. That's your world."

"I help you soar. After you soar, your luck in this world will belong to me."

"This is the reward of cause and effect. Heaven and earth can learn from it."

Tiannv couldn't be hurt. She suddenly stepped back two steps and showed a smile.

Behind this smile, there is a cold murderous intention.

She once again showed her dream of wholeheartedly flowing, and the vast breath of great desire surged between heaven and earth.

This time, the dream of the heavenly daughter is no longer to kill Ren extraordinary.

On the contrary, she wants to let extraordinary rise!

"Not good!"

Ren Feifan's face changed.

The dream of heavenly maiden is one of the thirty-three divine arts. In fact, it already contains the power of the law of cause and effect.

As long as you make a dream, it can come true.

In the real world, the wishing fairy pool, the wishing star, and so on, are actually things spread from the stream of dreams.

What really has the power of great desire is this door magic!

The goddess of heaven has not stepped into time and space. Of course, she has not been able to give full play to the power of dream and flow, and she can't do what she says and does.

However, with her Immortal Emperor level realm, she has been infinitely close to the legal realm of causality under the full outbreak.

It is absolutely impossible for her to wish to kill Ren Feifan.

However, it is quite possible for her to make a wish for extraordinary rise!

Behind the goddess of heaven, I saw the glow of the wishing fairy pool blooming and the water vapor steaming.

In the water vapor, an ancient door unexpectedly appeared.

It is the door of truth!

Bang.

When the door of truth opened, there was an extremely strong connecting force, and he wanted to connect Ren Feifan to the space-time.

Any extraordinary look gloomy, can only fully urge the emperor of heaven's golden wheel, release a fiery golden light, shine on the wishing fairy pool.

Hiss hiss!

Make a wish that the water vapor in the fairy pool evaporates and distorts continuously, and the door of truth also turns into a bubble, and the connecting force between heaven and earth disappears again.

However, Ren Feifan once again resisted the rise, and his backfire was more serious. His face was pale, and even his hair was much whiter.

"Hehe, Xiaofan, are you still unwilling to fly?"

The heavenly daughter laughed, and her wish for success was a sure bet.

Ren Feifan's face is getting worse and worse. This is a dead end.

If he soared, he was unprepared. If he went to wuwuwuspacetime, he would immediately be stared at by countless dark monsters and narrowly escaped death.

If you don't go, forcibly resist the introduction of truth, and the backfire is also very serious.

Under the severe counterattack, he was naturally unable to match the heavenly daughter.

Ye Chen looked at the picture in the bead, which was also like being on the spot. His heart tightened up for fear that anything special would happen.

"The divine pulse of stars, the blood moon slaughtering the sky, the reincarnation of millennia, the era of natural disasters!"

Trapped in a dead end, Ren Feifan didn't shrink back, and his eyes burst out with the fierce fighting spirit.

His blood, burning up, the magnificent and bright god awn burst out.

The star divine vein he has is very mysterious, which is related to the ultimate mystery of reincarnation and is connected with the seven stars of reincarnation.

At this moment, Ren extraordinary burst out all the power of the star divine vein.

A vast starry world shrouded the entire Immortal Emperor platform, and also shrouded the goddess.

In this starry world, the law of time is completely distorted. In the past one second, the world is likely to have passed billions of years.

There are ten rounds of blood moon, hanging in the starry sky, constantly shooting horrible blood moon sword gas.

Looking at the ten rounds of blood moon, the beautiful eyes immediately contracted, surprised and afraid.

This is the weather of blood moon slaughtering heaven!

Blood moon slaughtering heaven is the martial skill of Ren family, and she can also do it.

However, this blood moon Tu Tian chop is not Ren's original martial arts, but Ren's extraordinary accompanying martial arts!

When Ren Feifan was born, he was accompanied by blood moon, and the weather was great.

The peak of blood moon Tu Tian cut, in fact, there are ten rounds of blood moon, not nine rounds.

If Tiannv bursts out with all her strength, she can burst nine rounds of blood moon, but she can't do anything special. In this way, ten rounds of blood moon take off and kill everything.

"Xiao Fan, you finally touched the ultimate blood moon?"

Tiannv's voice trembled slightly, and the ten rounds of blood moon, the violent sword gas killed down, but she waved her sword to resist, but it was extremely difficult.

What's more, this starry world began to erupt in various natural disasters, such as thunder, Blizzard, wind and fire.

The planet is falling and the earth is collapsing.

After the stars died out, new stars were born in the sky.

After the earth collapses, new soil quickly emerges, just like reincarnation.

In the endless reincarnation, the only constant is the ten rounds of blood moon.

The heavenly daughter fought against the blood moon and felt very hard.

What she has to face is not only Ren extraordinary blood moon sword, but also the power of time in this starry sky.

No matter the peak of the extraordinary star divine vein erupts, the time law of this starry world is also completely distorted, and billions of years have passed in a blink of an eye.

The vicissitudes of endless years have brought great wear and tear.

Tiannv was wearing, and the ice Phoenix Tianjian showed a trace of ice crack, and she even had difficulty breathing.

The people who fought on the outer surface of Xiandi platform were also completely stunned.

Ren Feifan's decisive battle with tiannv has gone beyond the scope of earthly martial arts, which is shocking.

The law of desire and dream, the extremely distorted time, the reincarnation and disaster of life after life.

Two days have passed, but due to the distortion of the law, all the audience here either feel that the time has only passed for a moment, or that billions of years have passed.

Some martial artists with weak cultivation were injured by the wear and tear of the years on the spot and turned into a dead old man.

The elders of the Qinglai chamber of Commerce hurriedly carried the injured audience down for treatment.

And in the fairy emperor platform, the feeling of the heavenly maiden is more painful than anyone.

Although the real time is only two days past, she has experienced thousands of years in this starry world.

Not a thousand years, but a thousand lives.

The universe, the stars, collapsed and reborn once, is a century yuan.

Chapter 8562

How vast the starry sky is, and how terrible the life span of the stars is, it can't be calculated with tens of millions of years.

Now tiannv is experiencing the reincarnation of onethousand century yuan. The time is too long and the years are too vicissitudes.

If she hadn't owned the rock god bone, she would have been worn away by endless years and eroded into a dead body.

"Xiao Fan, is this what happened to you in no time and space?"

Tiannv was in pain, her eyes were struggling, and she wanted to admit defeat.

However, she clenched her teeth and refused to bow her head. Even after thousands of generations, she was still fighting against Ren extraordinary blood moon.

Ren Feifan's eyes were bleak, with a detached compassion.

He once fell into wuwuwuspacetime and experienced thousands of vicissitudes. Finally, he passed the test and got the Golden Wheel of the emperor of heaven by luck.

"Tiannv, you lost."

Ren extraordinary's voice with endless fatigue, extremely burned the star divine pulse, and exploded ten rounds of blood moon. His body burden was also extremely huge, and he just wanted to end the battle immediately.

"No, I haven't lost!"

Tiannv gritted her teeth. Even though she had endured thousands of vicissitudes, her eyes were still clear and firm, full of unyielding pride.

"My wish, rock god comes, wish fairy pond, give it to me..."

With a wave of her hand, tiannv made a wish that the fairy pool would burst, and countless water vapor would burst into a rainbow under the starry sky.

She wanted to sacrifice the wishing fairy pool and make a wish to summon the rock god to come.

If the call succeeds, she still has a chance to turn over!

However, the sound of this wish had not yet completely fallen, and a strong black gas was pouring in, blocking the sky and blocking the sacrifice of the goddess of heaven.

A pale and delicate palm, as huge as the sky, dragged a knife horizontally and cut down from the sky.

That was the hand of the witch!

The will of the witch came at this moment!

Obviously, the Witch wants to take advantage of Ren Feifan's disorderly fight with tiannv to step in and win benefits.

The snipe and clam fight, and the fisherman gains.

Mantis catches cicadas, and yellow finches are behind.

The Witch wants to be the fisherman and the Yellow finch!

Now Ren Feifan and tiannv have been fighting for several times, and their breath has been greatly exhausted. If she takes another shot, she is likely to kill them at one fell swoop, thus snatching the bad luck of the two immortal emperors.

Hiss!

The demon girl cut off with a cold knife, and the extraordinary starry world was immediately broken, and all ten rounds of blood moon collapsed.

After all, this starry world has been maintained for thousands of years, and its breath is almost exhausted.

The witch stepped in at the right time.

Outside the Immortal Emperor's platform, the ancient feather emperor and the demon ancestor Wutian, as well as the double ninth immortal, ye Linyuan and others, were surprised to see the demon girl coming.

However, they know that it is not easy to be the fisherman and the Yellow finch behind it.

Because the night mother is watching.

On the Immortal Emperor platform, no matter how fierce the battle between Ren Feifan and tiannv is, the statue of Yemu has never been damaged at all.

"Witch, who gives you the courage to make trouble in my territory?"

The magic light of the night mother statue bloomed, and suddenly appeared, bursting out a cold and dignified voice.

A dark light, like a dark sword, shot out violently and bombarded the witch's blade.

With a bang, the air waves burst.

The witch's palm, with a knife, turned into the purest demon gas and scattered away.

The night mother's divine power is also full of evil spirit.

The two evil spirits intertwined, and immediately plunged the world into darkness.

Ye Chen was in a tense mood. Looking at the picture in the bead, he suddenly saw that the picture was dark, and he couldn't see anything. He was immediately anxious.

He heard only bursts of fierce wind and fierce fighting.

After a long time, the darkness in the picture faded away.

In the Immortal Emperor platform, the evil spirit retreated.

The smell of the witch dissipated, and the smell of the night mother dissipated, and the light of the statue dimmed a little.

Looking at this picture, it seems that the witch was repelled by the night mother, but the night mother also suffered a little damage.

On the Immortal Emperor's stage, in addition to Ren Feifan and tiannv, there were two more people.

Feather emperor and demon ancestor Wutian!

Ren Feifan and tiannv leaned back to back. The former looked indifferent, while the latter was stunned.

Ren Feifan holds a sword in his hand. In front of him is the ancient emperor Yu Huang.

His sword has been inserted into the belly of the feather emperor.

His hair is completely white.

The ancient emperor Yu Huang's face was distorted and extremely painful. His eyes showed shock and retreated slowly.

Ren Feifan's sword body was stained with blood and pulled out of the belly of the emperor.

"Ren Feifan, you... You have mastered the power of the law of cause and effect?"

The feather emperor covered his lower abdomen wound with an unbelievable expression.

Ren Fanfan didn't speak. His breath was very weak, and his black hair was all white. It seemed that he had suffered some huge backfire.

Tiannv also holds a sword in her hand, and the tip of her sword runs through the heart of demon Zu Wutian.

Her face was full of consternation. She looked back at Ren extraordinary and whispered, "Xiao Fan, thank you."

Slowly pull the sword back, but the sword body is not stained with any blood.

Because Mozu Wutian has no heart.

Although the sword of tiannv ran through the heart of demon Zu Wutian, it didn't really kill him.

Mo Zu Wu Tian snorted stiffly, retreated two steps, looked very complicated, looked at Ren Feifan, and said:

"Ren Fanfan, I didn't expect you to master the law of cause and effect, but you use the power of the law of cause and effect, only afraid that your own backfire is also serious. See you next time, you may be a useless person."

After saying that, the devil Zu Wutian's eyes flashed a cold light and turned away.

The ancient emperor Yu Huang came back to his senses, looked at Ren Feifan's white hair, and laughed loudly, saying, "that's right! Ren Feifan, the law of cause and effect is the law of no time and space. If you use it in this world, isn't it death?"

You still want to kill me with the law of cause and effect, nonsense! "

Chapter 8563

While talking, the feather emperor's palm clicked and wanted to start again.

But at this time, Lu Shan, the president of Qinglai chamber of Commerce, and Lu Dongxuan, the master of the Lu family, all flew to the Immortal Emperor's platform to protect Ren Feifan and tiannv.

"The ancestor of wanxu, let the family fight for destiny, outsiders can't intervene. Please give our chamber of Commerce a face."

Lu Shan murmured.

The ancient emperor Yu Huang smiled and looked at the statue of Ye mu, disdainingly: "when I seize the power of the future body and get the ancient sword of sin, what chamber of Commerce and ye mu, as long as you dare to be enemies with me, there is only a dead end!"

After these words, he proudly took people away.

The bead in Ye Chen's hand ends here.

"Elder Ren used the power of the law of cause and effect to hurt the ancient emperor Yu Huang?"

Ye Chen was stunned. Although there was just darkness and he couldn't see the picture clearly, he could probably infer it.

The demon girl came and was blocked by the night mother.

The two dark strongmen fought with each other, which made the sky dark and the earth dark, and the Immortal Emperor platform fell into the night.

In the chaos of the night, the feather emperor and the demon ancestor Wutian, both of them, wanted to fish in troubled waters.

Ren Feifan has just experienced a great war. According to common sense, he can no longer stop the attack and killing of the ancient emperor Yu and the demon ancestor Wutian.

But it happened that in the end, he pierced the belly Dantian of the feather emperor.

Although the ancient emperor Yu Huang is so arrogant, his abdomen Dantian was punctured, which is definitely serious injury.

There is only one explanation for why Ren Feifan, who is so weak, can still inflict a heavy blow on the ancient emperor.

He used the power of the law of cause and effect!

The law of cause and effect is a law in time and space, crushing all Daoism in this world, and even changing logic and laws.

Generally speaking, under Ren Feifan's weakness, it is impossible to beat the ancient emperor Yu Huang.

But the law of cause and effect broke out, and the fate of cause and effect reversed, which directly violated common sense. He finally hit the ancient emperor Yu Huang hard!

Tiannv is also infected with Ren extraordinary cause and effect, which is also a reversal law to repel the demon ancestor Wutian.

This is equivalent to saying that Ren Feifan, alone, defeated the ancient emperor Yu Huang and the demon ancestor Wutian.

This method is a little too terrible.

The horror of the law of cause and effect is obvious, and it can't be said by common sense at all.

Maybe in Ren Feifan's heart, the cause and effect he wants is not as simple as hurting people, but directly killing people!

However, the ancient emperor Yu Huang and the demon ancestor Wutian are both masters of the Immortal Emperor. It is naturally not so easy to kill them.

And Ren Feifan reversed the cause and effect, and the cost was also huge. His body burden backfired seriously, his black hair turned white, and he did not know how much wear and tear he had endured.

"Elder Ren, is he still alive?"

Ye Chen looked at the second Wen Yuan and asked with some worry.

"The extraordinary Immortal Emperor is still alive, but his internal injury is serious, and he has returned to the star moon world to recuperate."

"He fought with tiannv, and no one announced the final result, but in fact, he won."

"His ultimate card, the power of the law of cause and effect, is enough to reverse the killing of the Immortal Emperor, and no one can stop it."

Second, Wen Yuan was also deeply impressed, with a trace of worship and admiration in his tone.

The power of the law of cause and effect is so overbearing, so mysterious, so magical. Looking at the whole world, it may only be mastered by any extraordinary person.

"Did Ren win?"

Ye Chen was disappointed. Hearing that Ren Feifan had won, he didn't have much joy in his heart, but worried.

In his mind, Ren Feifang's gray haired figure still hovered.

"Lord Ye, I have informed the star moon circle that I want them to send someone to pick you up."

"However, the extraordinary Immortal Emperor has a serious internal injury, and the whole star moon world is busy protecting his life. They can't send people to pick you up until at least one day later."

Second, Wenyuan Dao.

"Since the ancient emperor Yu Huang was seriously injured and the people in the wanxu retreated, can I go back now?"

Ye Chen is only worried about Ren Feifan's situation and wants to go back quickly.

"Absolutely not!"

"Lord Ye, although the people in wanxu have retreated, Duobao Tianjun is still staring. If you go out and he finds your Qi machine, it's dangerous."

Second, the literary source condenses the important way.

"Duobao Tianjun?"

This old miscellaneous hair... "

Ye Chen bit his teeth, and a burst of resentment in his heart, but he ignored Duobao Tianjun.

"Lord Ye, wait another day. As long as you are careful this day and don't make any big trouble, you can leave safely. Miss Wu Yao may come to meet you tomorrow."

Second, Wen Yuan Dao.

Ye Chen nodded, thinking that it was the only way.

He continued to regulate his breath and recover, and the second Wen Yuan stayed outside.

However, at the thought of Ren Feifan's white hair, ye Chen couldn't feel at ease.

His heart is restless, and his breath is difficult to keep stable.

Buzzing, buzzing!

In Ye Chen's body, the reincarnation Heavenly Sword and the soul of Shura sword all vibrated violently, which was difficult to suppress.

"Lord Ye!"

The second Wen Yuan, who was guarding outside, felt the change, looked back and was stunned.

A golden sword and a dark sword soul flew out of Ye Chen's body.

That is the reincarnation Heaven Sword and Shura sword soul.

"No!"

Ye Chen's face changed, and he felt that he could no longer suppress the breath of the Heavenly Sword and the sword soul.

Reincarnation Heavenly Sword and Shura sword soul are like two magnets that attract each other.

Buzzing

The reincarnation Heavenly Sword cannot stop humming and sending out inspiration.

The soul of Shura sword, inspired, immediately rushed into the sword.

Click!

Like the gear of fate, it turns at this moment.

With the integration of Shura sword soul, the six sword souls of reincarnation Tianjian finally recovered completely.

The reincarnation Heavenly Sword in a perfect state resonates with the law of reincarnation.

Chapter 8564

Boom!

A startling golden light rushed out of the sword and rushed straight to the sky.

This desolate temple can no longer suppress Ye Chen's breath.

The metempsychosis directly shocked the world.

In the sky, layers of golden light are blooming, and the weather of reincarnation appears.

The venation of the seven stars of reincarnation is clear and visible.

WOW!

The first star of life, the Dragon Star, was completely lit up at the moment, bursting out a light that was even brighter than the sun.

Ye Chen felt his meridians hot and his acupoints hot.

Previously, he also awakened the Dragon destiny star, but it was only initially lit up, not completely awakened.

But now, as the reincarnation Heavenly Sword is restored to its integrity, ye Chen's reincarnation blood and strength are further improved.

His dragon destiny star is finally fully awakened and lit up!

Boom!

The majestic aura fell from the sky, rolling like a torrent, pouring into Ye Chen.

That is the aura from the law of reincarnation in the dark.

Under the infusion of this aura, ye Chen's cultivation improved again.

He took another ten steps!

From the nine layers of heaven in the hundred flail realm to the Xuan realm of heaven, if it is a hundred steps, ye Chen has taken 70 steps!

In his mind, he could vaguely see a door of the emperor of heaven.

As long as he breaks through the door of the emperor, he can ascend to the mysterious realm of heaven and become the superior of the emperor!

There are still thirty steps to go!

Roar!

The sound of the Dragon startles the sky.

The dragon's destiny star was fully awakened, and the blood dragon also burst out with unprecedented majestic power. The blood rushed into the sky, and hundreds of millions of dragons staggered, which was magnificent.

"It's over, it's over..."

The second Wenyuan, who was guarding the door, looked at the rising metempsychosis, and his face turned white on the spot.

Although the weather is vast, it is a fatal signal!

.....

In the middle of the ghost Kingdom, there are towering and rugged temples, standing one by one.

That is the Mountain Gate of the temple of the wilderness.

Ye Chen's amazing metempsychosis also spread here.

Throughout the wild temple, many warriors looked up at the sky and saw the bright golden light of reincarnation, which vaguely contained the golden sword gas.

The sword Qi seemed to be ready to chop down and destroy everything at any time.

"Lord of reincarnation, unexpectedly came to my ghost kingdom?"

Deep in the wild temple, a man with a long beard was shocked by the spectacular metempsychosis in the sky.

"Lord jiewang, I found the trace of the Lord of reincarnation, which may be in a deserted area before the hall of life and death."

An elder hurried in to report.

"Block the space, take people over quickly and catch the little beast!"

The bearded man was furious and shouted down.

He is the Lord of the wild temple, now the king of the world of the ghost king, the first ghost king!

The reincarnation of the six realms, the strength of the realm king, are not much different.

In other words, the strength of this first ghost king is not much different from that of Yan luodaojun, the king of hell, and the Buddha of truth, the king of all living beings.

However, on the surface, the first ghost King seems to be a lot low-key, does not show much killing spirit, and only maintains the dignity of the superior.

"Yes!"

The elder Gong responded, immediately blocked the space, and took people to arrest Ye Chen.

.....

At this moment, in the deserted temple.

Ye Chen held the reincarnation Heavenly Sword in his hand, as if he had grasped the vein of fate, with a sense of spiritual excitement.

Although he knew that his position had been exposed, reincarnation Tianjian finally recovered, and there was an uncontrollable surprise and tremble in his blood.

"Is this the reincarnation Heavenly Sword in its complete state?"

"There seems to be a layer of sword Qi prohibition on it?"

"Military formula, earth explosion and heavenly soldiers, open it for me!"

Ye Chen's eyes coagulated, and he was acutely aware of the sword Qi restriction on the reincarnation Heavenly Sword, and immediately displayed the ultimate meaning of the military word formula, earth exploding heavenly soldiers.

This layer of sword Qi prohibition blocks the power of reincarnation Tianjian, which needs to be solved with the ultimate meaning of the military formula.

After getting the holy cup of human slaughter, ye Chen successfully demonstrated the Tao by killing, and understood the ultimate of the military formula.

This time, he used the earth explosion heavenly army, which was also handy.

I saw layers of rock and earth breath converging, covering the sword body of reincarnation Tianjian, shrinking and forming rock layers, and then with a bang, the rock layers burst to pieces, revealing the shiny sword body.

Reincarnation Tianjian's sword Qi prohibition, all with this layer of broken rock, and all broken up.

Ban fragmentation, reincarnation Tianjian erupted into a more terrifying edge.

Ye Chen's breathing is a little sluggish, and he only feels that the reincarnation blood in his body is burning, and the bones are also burning.

The strength of his reincarnation blood increased, and his physique soared. The bone of martial arts would become the bone of reincarnation, and the bone on his heart would become the bone of heaven.

Tiandi bone, the Lord of reincarnation in previous dynasties, is the core of the Dao bone, located at the heart, with the power of the Dao heart.

The main material for casting this reincarnation Heavenly Sword is the emperor's bone of the reincarnation Lord in previous lives!

Ye Chen never gave birth to the emperor's bone, because his martial arts background is too strong, it is not easy to give birth to the emperor's bone.

But at this moment, after the reincarnation Heavenly Sword was restored to its integrity, his Heavenly Emperor bone was finally about to be born, with a glow of gold on his sternum and a faint circulation of runes.

His injury is also completely recovered, unprecedented spirit.

"Lord Ye, we must leave at once, or we will die!"

Second, Wen Yuan made an anxious voice.

Reincarnation Tianjian ban lifted, the weather broke out, more and more terrible.

The reincarnation country in the sky heard a magnificent singing sound.

Throughout the ghost king world, many martial artists were summoned by reincarnation on the spot and knelt down to surrender.

Chapter 8565

The power of countless beliefs gathered from all directions, making Ye Chen feel comfortable.

Ye Chen waved the reincarnation Heavenly Sword, but he felt very comfortable. This weapon seemed to be customized for him.

Now the reincarnation Heavenly Sword is restored to its integrity. In terms of power, it is actually slightly inferior to the emperor's holy sword.

However, this sword is powerful because it is connected with Ye Chen's blood.

When ye Chen is strong, the sword will become strong.

If you become the superior, at that time, the power of reincarnation Tianjian may surpass that of emperor renhuang Shengdao.

Moreover, this sword is equivalent to a part of Ye Chen's blood. If he uses it, he doesn't have to worry about the burden of his body and backfire.

"OK, let's go!"

Ye Chen reluctantly takes back reincarnation Tianjian, and knows that the situation is severe now.

If he doesn't leave, he will be in trouble if he is found by the people in the wild temple.

Second, Wen Yuan opened a transmission array and wanted to leave, but he was stunned to find that the light of the array was always dim and never lit up.

"No, Lord Ye, the wild temple has blocked the space, and we can't go away!"

Second, Wen Yuan was anxious and a little flustered.

Ye Chen's face sank, but he didn't expect the wild temple to react so quickly.

At the moment of hesitation, an old figure, with several powerful men with deep breath, flew from the distant sky.

The second Wen Yuan saw the old man headed by him, and was immediately surprised and happy. He shouted, "master!"

The old man looked dignified, fell down, looked at Ye Chen, and then looked at the endless samsara weather, with a shock in his eyes.

"I have seen the Lord of reincarnation in the second family, the second floating house."

"I've heard of the reputation of the Lord of reincarnation for a long time. When I saw it today, it was really extraordinary, earth shaking, unparalleled for ever!"

The old man, who called himself the second floating house, had a voice of admiration.

Ye Chen only had nine levels of cultivation in the hundred flail realm, but now the metempsychosis erupted, but it shook the whole ghost kingdom.

"Master, it's ridiculous. Now I'm trapped here, but I don't know what to do."

Ye chendao.

The second floating house said, "I'm the adoptive father of the second demon girl. The demon girl often tells me about you. Although I'm the guardian of the ghost king world, for the sake of the demon girl, I will save you today!"

There are mainly two aristocratic families in the ghost King realm, namely the first surname and the second surname.

The first aristocratic family is the master, holding the power of the wild temple and leading the whole ghost king world.

The second family is the guardian, but it is not to protect the wild temple, but to protect the ghost king world as its own responsibility.

The name of the first family is not fixed. There are thousands of families in the ghost king world. Whoever becomes the master can be named the first.

As for the second surname, it is the eternal guardian, forever guarding the ghost king world.

This second floating house is the current owner of the second family. At that time, entrusted by the moral God, he raised the second demon girl to adulthood.

Ye Chen knows everything under his insight into the secret of heaven.

"Elder, do you want to take me out?"

Ye Chen asked.

"The first ghost King blocked the space. It's troublesome to go out now. I'll take you to a place to hide. Follow me."

The second floating house waved to Ye Chen.

"Yes."

Ye Chen answered calmly.

"You can stay after someone cushions you."

The second floating house waved, and the strong men he brought flashed their eyes, and sure enough, they stayed.

"My Lord, I'll stay, too. You take Lord ye away!"

Second, Wen Yuan gritted his teeth and insisted on staying.

If you stay for a cushion, it will definitely be a blessing in disguise.

Ye Chen didn't want to sacrifice the second Wenyan and wanted to say something, but the second fushe waved his hand and took him away.

Ye Chen's face suddenly darkened, and her heart felt a little guilty.

"The Lord of reincarnation really values love and righteousness."

"However, too much loyalty is not necessarily a good thing. There must be sacrifice to do great things."

The second floating house looked back and saw Ye Chen's appearance. His eyes narrowed slightly and said with a smile.

"I can't ignore others' life and death."

Ye chendao.

"Hehe, practice as soon as possible and establish your reincarnation order as soon as possible. I'm also looking forward to that day."

The second floating house smiled.

In the world of ghost king, the first family wants to kill Ye Chen, but the second family represented by the second floating house is not interested in killing reincarnation.

The mission of the second family is always to protect the integrity of the ghost king world.

As long as ye Chen doesn't destroy the ghost Kingdom, they will not be enemies with Ye Chen.

"Here we are."

The second floating house took Ye Chen to a barren mountain.

The outer layer of this barren mountain is covered with dark prohibitions, which is solemn and terrifying.

In the barren mountain, a low animal roar can be vaguely heard, which is creepy.

"Where is this?"

Ye Chen was startled and faintly palpitating.

He could feel that there seemed to be some terrible beast in the barren mountain, which made him unconsciously have a palpitation.

"This is the forbidden area of my ghost kingdom."

In the eyes of the second floating house, there was a trace of warning and dignity, "in this forbidden area, there is a fierce beast without time and space sealed, which is very powerful. It is said that it was once the mount of the dusk giant, called the eight wasteland virtual beast."

Ye Chen was slightly stunned: "the mount of the giant at dusk?"

The second floating house said, "yes, the dusk giant has heard of it?"

Ye Chen nodded, "I've heard of it."

At the beginning, ye Chen was almost beaten to death by the dusk giant in the Taishang merit war. Naturally, he was also impressed by the dusk giant in his heart.

Dusk giant is the sixth Dharma protector of the death order.

The death order has a total of 12 Dharma guardians, which can be divided into the upper six seats and the lower six seats.

The upper six seats and the lower six seats are two levels of existence.

The Shura, puppet, tyrant, faceless man, etc. Ye Chen met before are all the next six seats, and his strength is limited.

But the dusk giant is the existence of the upper six seats. Its strength is much stronger than the ordinary Dharma protector, and the gap is 10000 times.

The second floating house said, "the dusk giant is a first-class master in wuwuwuspacetime. His mount on the eight barrens virtual beast is also extremely terrifying."

"You go into the forbidden area to hide. Be careful not to disturb the eight wasteland virtual beast."

Ye Chen looked at the barren mountain surrounded by the forbidden law and said, "do you want me to go in?"

The second floating house said, "yes, only this place can let you escape the pursuit of the first family. Who told you to make such a big scene?"

He looked up at the sky. The terrible metempsychosis, golden light and rosy clouds, had not dissipated until now.

The fierce existence sealed in the barren mountain is also constantly issuing a low roar, as if on alert for something.

Ye Chen had no choice but to fly down.

The second floating house opened a crack in the barren mountain prohibition to let Ye Chen in.

After entering the barren mountain, ye Chen immediately hid in a bush at the edge, hiding his body and restraining his breath.

Chapter 8566

Entering the mountain, he could feel the horror of the sealed beast. His nose was full of the smell of dry and fierce beasts, which was disturbing.

"Lord of reincarnation, just stay here in the mountain. Someone is coming."

The second floating House warns.

Ye Chen looked up at the distant sky with a chill in his heart.

I saw a God's light, flying from.

The first one was the elder in the wild temple, followed by several strong men in immeasurable territory, with a cold breath.

"Elder Xing."

The second floating house greeted lightly.

Elder Xing looked gloomy. He looked at the metempsychosis in the sky, looked down at the forbidden area below, and finally his eyes fell on the second fushe body, saying, "the master of fushe, who is the master of reincarnation?"

The second floating house said calmly, "elder Xing, I can't understand what you said."

Old Xing laughed and said, "there are people from your second family over the ruins of the hall of life and death. Don't pretend to be confused."

The second floating house was silent for a while, and then stroked his beard with a smile and said, "yes, I took away the Lord of reincarnation."

Old Xing's eyes immediately flashed over the killing machine and said, "where is that little beast?"

The second floating house pointed to the barren mountain below and said, "he is in this forbidden area. You can go in and catch him."

Ye Chen heard the words of the second floating house, and was immediately surprised, thinking that he had betrayed himself.

But after a pause, I saw Xing Chang and his party, all with ugly faces and fear in their eyes, but they didn't dare to come down.

"There are eight wild virtual beasts in this forbidden area. If you go in, you will die. You are deliberately making things difficult for us!"

Old Xing gritted his teeth and said angrily.

He was a strong man in the middle of wuliangjing, but when he mentioned the eight wasteland virtual beast, his tone was also full of fear.

Seeing this, ye Chen thought, "it seems that the eight wasteland virtual beast is really fierce, and even the strong in the middle of Wuliang dare not provoke."

The second floating house said calmly, "it's your business that you don't dare to go in and arrest people."

Elder Xing said in a deep voice, "master fushe, you are openly going to disobey the order of the Lord!"

The second floating house said, "the Lord of reincarnation is a friend of demon Ji. For the sake of demon Ji, I must help him once."

"But, I know the rules of the ghost king world. I'll only help him once. Next time you want to kill him, just do it, and I won't interfere again."

He spoke very frankly and directly, with nothing to hide.

He just wants to save Ye Chen.

Elder Xing's face twisted for a moment, trying to hold back his anger, and said, "the Lord of reincarnation has only one chance to escape the pursuit of wanxu and venture into our ghost king world. Once he leaves the ghost king world, how can we catch him?"

With the appearance of metempsychosis, the cause and effect of the heavenly mechanism have also been clear.

Everyone in the ghost king world knows that ye Chen entered the ghost king world only for a short stay to avoid the pursuit of wanxu.

If the ghost king world wants to catch Ye Chen, it has only this opportunity.

The second Fu she didn't change her face and said, "if you want to catch people, just go down and catch them."

Roar

Deep in the barren mountain of the forbidden area, the sealed eight barren virtual beast seemed to sense the changes in the outside world and gave a low roar.

This low roar, with a force that directly attacks the soul, makes people tremble.

Elder Xing shivered for a moment, but he dared not go down. He angrily said, "master fushe, you just want to deliberately make things difficult for me?"

The second floating house said indifferently, "I don't mean that. Elder Xing, take me to the king of the world. I'll talk to him face to face."

Hearing this, elder Xing was immediately overjoyed and said, "master fushe, it would be great if you would go to see the Lord of the world, please."

Made an invitation gesture.

The second Fu she nodded, immediately followed Mr. Xing to leave, and whispered to Ye Chen:

"Lord of reincarnation, when the weather of reincarnation disappears tomorrow, you will leave immediately and cannot stay any longer."

Ye Chen said, "yes!"

He looked at the second floating house and old Xing's party going away, and began to think about the current situation.

Reincarnation Tianjian recovered completely, and the weather that erupted was really amazing, and it hasn't dispersed yet.

Ye Chen estimated that at least until tomorrow, the weather in the sky can dissipate.

In other words, he can't leave until tomorrow.

If he goes out now, he resonates with the metempsychosis, and his figure will be exposed immediately, with no hiding place.

"Wait until tomorrow, I can go, and Wu Yao will pick me up."

"I don't know how senior Ren is."

Ye Chen thought deeply in his heart, but he didn't worry too much about his safety, only remembering Ren Feifan.

He sat cross legged in the barren mountain and breathed silently.

So in the evening, when night fell, there was also a gust of overcast wind blowing in the barren mountains, with dark mist quietly diffuse.

These dark mists come from no time and space!

"This forbidden area has been eroded by time and space?"

Ye Chen was surprised, but after careful induction, he found no sign of erosion.

These dark mists may have been summoned by the eight barren virtual beasts.

More likely, these mists themselves are the breath of the eight barren virtual beasts!

Shrouded in black fog, this barren mountain also sent out bursts of terrible sounds, one after another, as if there were some wild beasts, born out of the black fog, and a powerful breath seemed to tear the world apart.

Ye Chen didn't use the breath of reincarnation to avoid exposure.

He summoned a seal, which was the ancestor of the God of thunder and the thunder seal in the sky.

Chapter 8567

Hum!

The thunder seal in the sky sent out soft purple light, like a candle, shaking among the barren mountains, protecting Ye Chen.

唳!

The bird's song startles the sky.

A raptor, with its wings spread out, is as huge as a golden Peng, and its eyes are like blood moon, overlooking the earth.

When seeing ye Chen's Thor ancestor, the Raptor showed a trace of fear, and finally did not dive down, but flew away from afar, and its huge body shape was hidden into the black fog.

Another human shaped monster came with the pace of shaking the earth and mountains.

This monster is a thousand feet tall, body level with the sky, covered with dark golden scales, and has a vertical eye on its forehead, showing a fierce breath, overlooking Ye Chen.

However, when it saw the brilliance of the thunder in the sky, it was also afraid, and turned around and left.

In the mountains and forests, beasts and monsters continue to appear.

Ye Chen is guarded by the thunder god ancestor, and these monsters dare not hurt him.

His heart contracted slightly, and he didn't expect that after nightfall, so many monsters appeared in this barren mountain.

In fact, on the surface, the barren mountain area is not large.

But when the night came, the strange black fog distorted the space, causing the surrounding space to expand ten thousand times, and all kinds of huge monsters ran rampant, suffocating.

Fortunately, ye Chen has many magic weapons. Even if he doesn't use the power of reincarnation blood, he can easily block it.

For example, his heavenly thunder seal is the ancestor of Thor, which has a suppressive effect on ordinary wuwuwu monsters.

However, ye Chen didn't relax his vigilance and remained on guard against accidents.

Step, step, step.

Suddenly, a deep and terrifying sound of footsteps came from the depths of the distant mountains, shaking this space, and the world shook up.

Among the mountains, all the beasts were silent, and all the monsters in the dark were silent, afraid to make another sound.

In the dead atmosphere, there was only the sound of footsteps, constantly moving forward, and each step fell, as if stepping on the human heart.

Hoo.

The surrounding dark mist also churned violently and became much stronger.

Countless black fog roared, and ye Chen's thunder seal in the sky was eroded, and the purple light dimmed.

Ye Chen's face sank, and he summoned a feather to protect his body. It was Zhaowu Lingyu.

He looked up and saw a terrible beast approaching with big steps.

This fierce beast, shaped like a lion, has iron black fur all over, emits the luster of metal plates, and its eyes are deadly. There are Ancient Runes rotating in it. Every step out, it distorts the space, shocks the eight wastelands, and is very terrifying.

"Is this the eight wasteland virtual beast?"

Ye Chen was surprised. He only felt the fierce beast in front of him. His breath was unruly and fierce, and countless layers of space were constantly distorted and collapsed.

The space around Ye Chen's body is also collapsing, producing a black hole like gas eye to swallow him in.

Brush!

Ye Chen spread out the wings of freedom, and then got rid of the devouring of this space and stabilized his body.

"Samsara, are you their heir?"

The eight wild virtual beasts made a hell like low voice, and their fierce eyes stared at Ye Chen.

"What their heirs?"

Ye Chen's face sank, and the weathered sword of dawn in his hand was on alert and ready to go.

"Heaven demon and Xuan demon."

Eight wasteland virtual beast words are not much, but every word is full of fierce killing.

"Do you know the two ancestors of TIANYAO and Xuanyao?"

Ye Chen was secretly surprised. He didn't expect that the eight wasteland virtual beast was actually related to the sky demon and the Xuan demon.

"Are you really the sin son of the demon clan?"

Damn it! "

The eye pupil of the eight wasteland virtual beast burst, and its body suddenly rioted, and a claw shot down at Ye Chen in the air.

Its body is as huge as a mountain. On the surface, ye Chen is as small as an ant in front of it.

Ye Chen immediately suffocated, and the claw of the eight wasteland virtual beast was as terrifying as the strong man in the later stage of immeasurable territory, which was simply earth shattering.

The space around Ye Chen continued to collapse, and there were black hole like gas holes, trying to devour him.

There were also dusk like lights that attacked him to erode his body.

This eight wasteland virtual beast is extremely terrifying. It is born to control the ability to devour space. As the mount of the once dusk giant, it also has a trace of the magic of the dusk law.

The law of dusk is one of the many laws in wuwuwu time and space.

When dusk comes, the world will fall asleep.

People go to dusk, it means aging.

The evening of the gods is death.

"Holy book, open!"

Ye Chen saw the collapse of space and the winding atmosphere of dusk, and immediately cast the strongest light spell to summon the holy book.

WOW!

The bright and Holy Holy Holy scroll is unfolded above Ye Chen's head.

A trace of the vast power of light is also spreading around. It seems that it has evolved the atmosphere of the glorious temple.

Ye Chen stood in the holy Hall of glory, and even if the surrounding space collapsed crazily, it did not affect him at all.

The divine power of light also dispelled the waves of dusk.

"The technique is good. It is worthy of being the Lord of reincarnation."

"But the strength of your body is too weak. Tear it up!"

The eye pupil of the eight wasteland virtual beast flickered fiercely, put away all the magic methods and the light of dusk, and just used its own claws to blast Ye Chen's head.

It wants to use its physical strength to crush Ye Chen alive.

This is the purest means, as well as the most barbaric and effective means.

When the power is strong enough, any skill will become a show off.

This is one force to reduce ten meetings!

Ye Chen was shocked in his heart. The power of the eight wasteland virtual beast was extremely powerful. Even his body was in danger of being crushed.

In the crisis, ye Chen was blessed to his heart. A flash of light in his mind suddenly caught sight of the way to break the situation.

"Xuan goblin blood, burn it for me!"

Ye Chen's heart burst out, and the mysterious demon blood, which had not been burned for a long time, burned wildly.

With the mysterious demon's blood essence burning, ye Chen's hand appeared a blood colored light gas.

"The sin blood of Xuan demon?"

How possible! "

The eight wasteland virtual beast, seeing the blood in Ye Chen's hand, immediately showed a look of astonishment.

Boom!

Ye Chen slapped hard, also hard, and collided with its claws.

The dark demon blood awn in his hand burst on the eight wasteland virtual beast, and instantly turned into thousands of bloody iron chains, firmly blocking the eight wasteland virtual beast.

"Roar!"

The eight wasteland virtual beast roared angrily and wanted to get rid of it, but it couldn't get rid of it completely under the blockade of the Xuan demon blood chain.

The fierce struggle made the world collapse, the void collapse, the black fog boiling around, and countless dark monsters silent.

"Sin son, let go of this seat!"

The eight wasteland virtual beast was furious and wanted to break the blood chain on his body, but the more he struggled, the deeper the blood chain was bound.

Ye Chen was secretly shocked to see that the fierce beast was so fierce.

"Fortunately, I have Xuan demon blood, otherwise I really can't suppress this fierce beast."

Ye Chen was afraid that the eight barren virtual beast would attack him again after breaking free from the blood chain, so he was forcibly included in the reincarnation star.

Chapter 8568

Ye Chen's reincarnation stars, each star, become a big cosmic world, with boundless internal space and the protection of the law of reincarnation.

The eight wasteland virtual beast entered Ye Chen's Dragon life star world and was immediately suppressed by the law of reincarnation and could not move.

"Blood dragon, watch it."

Ye Chen ordered him to go down.

"Yes, master!"

The blood dragon is in the world of dragon Teng life star, and immediately takes care of the eight wasteland virtual beast for ye Chen.

Ye Chen thought, this eight wasteland virtual beast is so strong, if it is used for himself, it is also a powerful card.

However, the eight wild virtual beast is rebellious, and ye Chen estimates that even if he borrows the Xuan demon blood, he can only control the other party's time of burning incense.

If you can't control it, the eight wasteland virtual beast may hurt him in turn.

Of course, suppressing the eight barren virtual beasts in the life star world has the protection of the law of reincarnation, and there is no need to worry about its chaos.

Ye Chen breathed a sigh of relief after accepting the eight barren virtual beasts.

As the eight wild virtual beasts were subdued, the whole barren mountain, all the dark mist dispersed, and the space began to shrink.

Those monsters hidden in the dark all disappeared with the shrinking space, and peace was restored around them.

"I don't know what happened to the venerable Fu She."

The storm subsided, and ye Chen thought of the second floating house in his heart.

The second floating house went to see the ghost king, but I didn't know how good or bad it was.

In the early morning of the next day, ye Chen had not seen the second floating house come back, and the metempsychosis in the sky had dissipated.

Now is the time for ye Chen to leave!

"Master fushe, I'm leaving."

"That eight wild virtual beast, I accidently accepted it. Can I take it away?"

Ye Chen sends out his will and wants to communicate with the second floating house.

However, the second floating house did not respond.

Ye Chen was worried that if the second floating house was detained by the king of the ghost Kingdom, it would be troublesome.

"There's no time. I have to go."

Ye Chen's eyes turned, leaving a talisman to explain the cause and effect, and then quietly left the forbidden area.

Since the eight wasteland virtual beast is sealed in the forbidden area, I think it is also a disaster.

He took away the eight wild virtual beast, and the second floating house should have no opinion, and may also thank him.

However, ye Chen was always a little uneasy when he didn't see the second floating house again.

But at this juncture, he had no time to think more.

He is very worried about Ren Feifan and must go back immediately.

Brush!

Ye Chen hid his breath, and with the help of the wind of dawn, he did not disturb anyone, and left the ghost king world smoothly.

Many strong people in the ghost king world are still searching for him everywhere.

After leaving the ghost king world, ye Chen immediately felt a familiar will.

That's Wu Yao's will wave!

Wu Yao is looking for him!

"Sister Wu Yao, I'm here."

Ye Chen also sent out his will, indicating the coordinates.

Brush!

In the next moment, a beautiful figure, carrying a heavy sword, tore the void, and came down. It was Wu Yao.

"Brother Ye Chen, are you all right?"

Wu Yao saw Ye Chen, suddenly surprised and sad, rushed to his arms, eyes red and wanted to cry.

"Wu Yao, how is master Ren?"

Ye Chen hurriedly asked.

"Elder Ren... It seems that his situation is not very good, but his life is saved. You don't have to worry too much."

Wu Yao road.

"Take me back and have a look!"

Ye Chen said anxiously.

Wu Yao said, and immediately wanted to leave with Ye Chen and return to the star moon world.

But at this time, only a burst of sad laughter sounded, and the evil spirit between heaven and earth was great.

I saw two figures coming down from the sky with rolling fog.

It turned out to be Duobao Tianjun, and the master of tiannv. Qianspider Tianjun is willing to leave!

"Boy, you're in the limelight. Hiding is boring."

Duobao Tianjun pinched his chin's beard and laughed.

The people of wanxu, who went back to take care of the ancient emperor, have retreated.

However, Duobao Tianjun still stared at Ye Chen.

As soon as ye Chen came out of the ghost Kingdom and returned to the real world, he sensed the mystery of heaven and captured Ye Chen's position.

Wishing to leave people is also a cold hum. On his white face, the black spider tattoo appears particularly ferocious, staring at Ye Chen and saying:

"Damn you, my heavenly daughter is finally disillusioned. She wants to kill you. As a master, I naturally want to help my apprentice."

Ye Chen's face sank. He didn't expect Duobao Tianjun to move so fast. As soon as he came out, the other party immediately killed him.

"What do you want?"

Wu Yao's pretty face was cold, staring at Duobao Tianjun and willing to leave, and protecting Ye Chen behind him.

"Little girl, if you don't want to die, get out of here!"

Duobao Tianjun's eyes flashed a shadow, and he immediately waved out. His palm exploded with evil gas, gathered into a storm, and fiercely shrouded Wu Yao.

"Nine cold frozen thorns!"

Wu Yao was not afraid at all. With a flick of her slender hand, an ice spike shot out with great momentum, crushing the evil storm shot by Duobao Tianjun at once.

"Eh?"

Duobao Tianjun was surprised. He didn't expect his offensive to be resolved so easily.

"Wu Yao..."

Ye Chen also looked at Wu Yao with some surprise.

Wu Yao's cultivation is much stronger than before.

At first, she inherited the Taoist tradition of the old lord Xiandi, but she could not give full play to her full strength. She needed to cultivate gradually in order to give full play to this cultivation of Xiandi.

Wu Yao, who has been constantly cultivating and improving, has mastered a trace of the essence of the Immortal Emperor. Even in the face of the Duobao emperor, she is not afraid at all.

Whoosh!

At this time, ye Chen suddenly felt the wind behind him!

Someone!

Chapter 8569

Willing to leave the figure, suddenly disappeared in situ, around the back of Ye Chen, the slender palm protruded, and each nail emitted a highly toxic spirit, poking Ye Chen's back.

She took advantage of Duobao Tianjun's attack, and ye Chen's attention was distracted, and unexpectedly started a sneak attack.

Ye Chen's eyes were cold, and he also noticed it instantly.

After his reincarnation Heavenly Sword was restored to its integrity, the reincarnation blood force was greatly recovered, and the whole person was also extremely alert.

"Reincarnation sky sword, star sky must cut!"

Ye Chen backhanded a sword, the breath of reincarnation on the sky sword exploded, and the majesty of the starry sky filled out, and a cold, starlight like sword gas, toward the person who was willing to leave.

Wish Li Ren's face changed. I didn't expect Ye Chen to react so quickly and hurried back.

"Elder, you are a generation of wuliangjing masters. Sneak attacks are boring."

Ye Chen held the reincarnation sword obliquely and said indifferently.

Wish to leave people snorted, did not speak.

Seeing ye Chen's strength, Duobao Tianjun was also afraid: "this boy has made too fast progress. In just a few days, his accomplishments have broken through again."

Plus Wu Yao, it is impossible for him to kill Ye Chen today.

"If you want to hurt brother Ye Chen, unless you step on my body!"

Wu Yao took a step forward, and with a determined look in her eyes, she pulled out the Tianya Epee that was behind her.

She recovers because of Ye Chen. In order to protect Ye Chen, she is even willing to pay her life!

Seeing this, Duobao Tianjun laughed dryly, and then said coldly to Ye Chen, "boy, what ability is it to hide behind a woman?"

Ye Chen shrugged his shoulders and said, "what's your ability to bully the big and the small, two quasi immortal emperors, bullying me in a hundred flail realm?"

"If you have the ability, wait until I ascend to the xuanjing of heaven."

Duobao Tianjun was willing to leave, and his face suddenly became very ugly.

They know that ye Chen has made rapid progress, and the inside story of martial arts is also extremely terrifying.

If ye Chen ascends to the mysterious realm of heaven and becomes a superior, it is almost impossible for them to kill Ye Chen again, and they will even be killed by Ye Chen.

But now, ye Chen is protected by Wu Yao, and they have nothing to do.

"If there's nothing wrong, I'll go first."

Ye Chen smiled, then stopped talking nonsense, tore out a gate in the void, took Wu Yao, and sent it directly back to the star moon world.

Duobao Tianjun is willing to leave, and he is angry, but he can't stop it.

"Damn boy, he can only hide behind women!"

Duobao Tianjun resented.

"Where is Chongyang immortal?"

Why doesn't he come? "

Willing to leave is also resentment, and some complaints.

If the double ninth immortal was also there, ye Chen couldn't run away today.

"Stop talking, that miscellaneous Mao has an evil heart and always refuses to be the enemy of reincarnation."

"Even, I suspect that he covets the position of Master Zhang Jiao and wants to be the guardian of the fire."

Duobao Tianjun shook his palm, his expression full of hatred and a trace of fear.

I wish to leave people's hearts, knowing that the interior of Zihuang fairy palace is not monolithic, and the water is very deep, so I don't speak anymore.

.....

Ye Chen and Wu Yao returned to the star moon circle smoothly.

But before returning to the star moon realm, ye Chen met a person unexpectedly.

She is Jiang Meiyin.

Jiang Meiyin glanced at Ye Chen and Wu Yao and said, "Lord of reincarnation, do you still remember the promise with me?"

Ye Chen's eyes are slightly narrowed. Although he knows that this is an unavoidable cause and effect, at present, he cannot go to Jiang Meiyin's appointment.

He arched his hands and said, "Lord Jiang, I have something important. When this matter is handled, you can come to me again."

Jiang Meiyin, a strong man, naturally guessed what it was, and she nodded, "OK, but you should also be careful of the hidden enemy."

"In the battle of Xiandi platform, I'm afraid the emperor won't bother you for a short time, but others are not necessarily."

"The stronger you are, the more unable those people in the imperial family can hide."

"According to my understanding, those people have secretly locked you and me. These days, you have no breath, so they found me."

"You should also be careful when you return to the star moon circle."

Ye Chen nodded. The emperor's family was still a potential threat after all. Now he was powerful. If he had the opportunity, he would wipe those guys out completely!

He looked at Jiang Meiyin and arched his hand and said, "give me a few more days. After the matter is handled, I will definitely keep the appointment!"

Then, ignoring Jiang Meiyin, they went directly to the star moon circle with Wu Yao.

But in the star moon world, the atmosphere was serious, revealing a trace of depression.

"Brother Ye Chen, come with me."

Wu Yao took Ye Chen to the top of the Mountain Gate of xingyueshen sect.

But on the top of the mountain, there was a circle of people.

Ye Yishen, Xia Ruoxue, Ji Siqing, Wei Ying, ye Luoer, Zhetian demon emperor, etc.

They all sit cross legged in a circle and form an array. The center of the array circle is Ren extraordinary.

They released their aura one after another and poured it into Ren extraordinary.

Ren Feifan's face is pale, his hair is also white, and his internal injury is quite serious.

With the aura of the crowd, his internal injury recovered a little, but it was still serious.

"Senior Ren!"

Ye Chen was surprised, full of worry, and immediately burned the blood of reincarnation, released his own life aura, frantically poured it into the array, and finally merged into Ren Feifan's body.

Hum!

The golden light of reincarnation exploded on Ren Feifan.

When he opened his eyes, a fine light shot out of his eyes, and his breath suddenly recovered a lot.

That white hair, some of it black, has greatly reduced the meaning of vicissitudes.

Chapter 8570

Then, a brilliant sun rose behind him. It was the Golden Wheel of the emperor of heaven.

The Golden Wheel of the emperor of heaven shines, and Ren extraordinary breath is more perfect. He takes a long sigh of relief and looks at the people around him. Finally, his eyes fall on Ye Chen and calmly say, "I'm fine, thank you."

Seeing that Ren Feifan was all right, they all breathed a sigh of relief, and saw Ye Chen coming back. They looked complex and didn't know what to say.

This decisive battle of the Ren family is extremely contradictory for ye Chen.

He didn't want to see this fight happen.

Fortunately, the outcome of this battle is not too bad, and it is still within ye Chen's acceptance range.

"I want to talk to Ye Chen alone."

Ren extraordinary way.

Xia Ruoxue, ye Yinshen and others nodded, got up and left.

Soon, on the top of the mountain, only Ye Chen and Ren Feifan were left.

"Elder Ren, I'm sorry..."

Ye chendao.

"Why say sorry?"

Ren Feifan smiled.

Ye Chen said, "I shouldn't mix my name with heaven."

Ren Feifan laughed and said, "it doesn't matter. I know you didn't mean it."

Ye Chen was shocked. He engraved his name on the name of the goddess. At that time, he really didn't think too much, as if it was an instinct, or as if there was a force pushing him to do so.

That is the power of fate.

An invincible fate.

Ren Feifan said, "Heaven moves healthily, and a gentleman keeps improving himself. This sentence was told to you a long time ago."

"Don't regret what happened."

"All we can do is face it more calmly."

Ye Chen kept silent. In fact, he didn't regret it, just a little guilty.

"Elder Ren, did you win this war?"

Ye Chen asked.

His eyes narrowed slightly and he looked into the distant sky. He didn't know what he was thinking.

After a long silence, he gently shook his head and said, "I won, but it's meaningless. I can't kill tiannv, but both lose. The result is not good."

After a pause, he laughed again, "however, all the cards of tiannv have been exposed. You will have confidence to fight with her again in the future."

Ye Chen nodded, indeed.

Now that he knows the cards of tiannv, the decisive battle will be easier in the future.

"Be careful that her dreams flow with one heart. It is one of the thirty-three divine arts, and it has the power of great cause and effect, which can make all dreams come true."

"Although in the real world, the power of dream flow is limited, the divine power of the law of cause and effect behind it is also an extremely terrifying existence."

Ren Feifan cautioned solemnly.

Ye Chen said, "does the goddess also master the power of the law of cause and effect?"

Ren Feifan said, "no, in this world, only I can barely control the law of cause and effect, which is a law without time and space. It is extremely difficult to apply in this world. The goddess has not mastered it, but it is infinitely close to the realm of that law. You must be careful."

The law of cause and effect is a kind of power that most strong people master in time and space.

But in the real world, this kind of power can be called taboo. Only if Ren Feifan has the strength to use, he still needs to rely on the divine power of the Golden Wheel of the emperor of heaven.

Seeing Ren extraordinary's skin and some spider web cracks, ye Chen knew that he was seriously injured in that war. He was worried and said:

"Master Ren, you control the power of the law of cause and effect, touch time and space, and are inspired and guided by the truth. Are you about to rise?"

Now Ren Feifan is too powerful to be realistic.

Compared with the ancient emperor Yu Huang, he is no inferior, even better, and can be called the first.

Ren Feifan said, "I'm really about to rise, but I can't go yet. I must stay. I have my mission."

Ye Chen said, "can the connecting force of Wuwu compete?"

He was very worried and recalled the picture of the battle.

Ren Feifan has to endure great pain and backfire every time he resists the force of connection.

His internal injury today is not caused by tiannv, who is not qualified to hurt him.

It is because he bears the backfire of truth that he is seriously injured.

Ren Feifan was silent and sighed, "it's difficult, it's difficult. My extreme strength is no longer able to accommodate the real world. I shouldn't stay in this world. Now I can only hide my breath and avoid the mystery. This is really the pain I've never suffered before."

What Ren extraordinary faced before was a tangible enemy.

But now he is fighting against the invisible mystery, the supreme truth, and the invincible destiny.

He was destined to soar, but he walked against the sky and forcibly stayed in this world.

Of course, different from the moral God.

If the moral deity is forced to stay, it will erode the fire.

And Ren Feifan's forced retention is his own choice, which will only hurt himself and not others.

Ye Chen said, "elder Ren, what can you do to alleviate your pain or help you avoid the secret of heaven?"

He felt quite guilty and wanted to make up for and help Ren Feifan.

Ren Feifan pondered for a moment and said, "if there is a way, there may be one."

"Try to help me find the era Taoist book. If I'm right, the Taoist book should be in the lost treasure of emperor cangxuan."

Ye Chen was stunned and said, "era daoshu?"

Who is the emperor cangxuan? "

Ren Feifan said, "emperor cangxuan is the owner of the original zuxuantu and the treasure behind the lost territory. He once killed the powerful existence of countless old gods."
