### Chapter 8571

Ye Chen suddenly realized that the strong beheader behind Zu xuantu was called Cangxuan emperor.

He asked again, "that era daoshu?"

Ren Feifan said, "the era Taoist book, called the spring and autumn era, is the" miracle Ode to the world "of the miracle Ode to the world, which has nine chapters. The first four chapters," Heaven asked "," xiaoyaoyou "," eclosion and flight "," mortal robbery ", ye Chen has already obtained.

He didn't expect that the era Taoist book that Ren Feifan wanted to look for was the era Taoist book of miracles Ode to the world. Ren Feifan said, "that era Taoist book records the mysteries of billions of eras. The track of the collapse and reproduction of each era will be automatically recorded in the era Taoist book."

"This Taoist book represents the mystery of truth."

"The nine chapter Taoist Scripture of miracles praising the world is the fifth volume and the last volume of the real world. The other four volumes of Taoist Scriptures are all in time and space."

"If I can find the era Taoist books, I can hide in the past era, avoid the call of truth, avoid soaring, and will not suffer the pain of backfire."

Ye Chen heard that there was a way to avoid the mystery of heaven and avoid backfire. He was also happy and said, "the era Taoist book is in the treasure of the lost territory?"

Ren Feifan pinched his fingers and said, "if I'm not wrong, it should be."

"Lost territory is a very special place. In fact, it is not a real territory, but a concept."

Ye Chen said, "concept?"

Ren Feifan said, "yes, wuwuwuspacetime is very mysterious. There are all kinds of concepts. These concepts are beyond the touch of reality and change all the time. Fortunately, 500 years ago, the concept of the lost realm, affected by the laws of reality, has collapsed into the real world, which is now the lost realm."

Ye Chen nodded. Qinglai chamber of Commerce had investigated, and the lost territory was indeed in the lost territory.

If it is an illusory concept, ye Chen has no way to start.

But now that he has real territory, it is at least possible for him to look for treasure.

Ren Feifan said, "the era Taoist book I want is in the lost territory. Try to find it."

Ye Chen said, "yes! Master Ren, if that book is really in the realm of loss, I will do my best to bring it back to you!"

Ren Feifan nodded and said, "thank you."

After the negotiation, Ren Feifan went back to rest, and ye Chen also left.

He calculated the time, and it was more than half a month before the territory was opened.

During this time, he plans to consolidate the foundation of martial arts and prepare for finding treasure.

He once promised the ancestor god king that if he cracked the secret of Zu xuantu, he would give Lu Hechan half the chance.

Ye Chen will never renege on his promise. At that moment, he summoned Lu Hechan from the Longteng District, ready to go with her to find the treasure.

Lu Hechan was naturally overjoyed to hear that there was a treasure hunt opportunity.

Qinglai chamber of commerce is also ready to work with Ye Chen to find treasure.

At present, ye Chen looked at some time, and thought of the cause and effect of Jiang Meiyin, so he sent a voice to Jiang Meiyin.

At the time of incense, Jiang Meiyin appeared in front of Ye Chen.

"Little brother... Lord of reincarnation, we meet again."

Ye Chen didn't intend to waste time and said directly, "lead the way."

Jiang Meiyin smiled Yingying, shook her sleeve, folded down a few fallen leaves, and flicked her sleeve gently, cutting a hole in the boundless void in front of her.

The bright starry sky shone with constant brightness, and a trace of the storm of spatial turbulence swept by, but was also cut off by the two fingers of the man in front of him.

"Lord of reincarnation, please!"

Jiang Meiyin made a 'please' gesture, and immediately turned to cross the space gap outside the territory, and her figure dissipated in place.

Ye Chen's eyes narrowed slightly, and she also stepped into that space

.....

In the boundless world, ye Chen spread his wings of freedom and swayed thousands of miles between his wings. Even with such a degree, the road ahead is still an invisible end.

"Little brother, can you hurry up?"

When Jiang Meiyin complained, ye Chen smiled bitterly. Although the realm was too low than Jiang Meiyin, it was not slow in terms of his degree.

Ye Chen is still using the wings of freedom to accelerate. The terrible degree has even vaguely separated time. There are mottled space-time fragments flying. It is faintly visible that all changes outside the territory, and the majestic atmosphere of chaos will emerge.

Even so, it is impossible to see the end of the extreme if you keep on driving all day.

"That's why I don't want to come to Jishen world. It's too tired to meet."

Jiang Meiyin muttered to herself, as if she were answering whose question.

"Huh?"

Ye Chen looked at Jiang Meiyin in doubt.

"Nothing, it's almost there!"

A few hours later, Jiang Meiyin threw her clothes away and stepped out, looking down at the vast earth.

Finally!

At the feet of the two of them, it was as if there were Heaven outside, and dragons and snakes stood on the peaks of the mountains, approaching the sky man.

Occasionally, the sound of spiritual birds and Fengming came from the deep gaps of the endless cliff, and even under the deep abyss buried in the darkness, there was auspicious Qi rising.

The jagged mountains are shining like dragon scales under the sun, and the five colored auspicious clouds cover the head and tail. Looking from top to bottom, a real dragon is circling.

Countless peaks are like thousands of year-old dragons, and the stars hold the moon to watch them. Where the immortal light is diffuse, countless herbs and spiritual roots grow wantonly.

Occasionally, spirit beasts appear and disappear, which should have been extinct in the real world. Unexpectedly, they appear!

Ye Chen's eyes are slightly narrowed. This place is not ordinary.

It is not even much weaker than the territory of Zihuang fairy palace.

Ye Chen, who was full of killing breath, set foot here and felt a little uncomfortable in the bottom of his heart. Is such a fairy land really in this troubled world?

Who made this pure land?

The strong in the age of nine gods?

Or is there no time and space?

This place is different from the dilapidated world he saw, and from the real world invaded by time and space he saw. It is honored as the "immortal family".

"Is this the realm of silence?"

Ye Chen looked back at Jiang Meiyin. She originally thought it was a peerless and fierce place, but now it seems that there are secrets hidden in her.

"Who?"

A powerful cry rang out, and a golden striped violent ape with three heads and six arms as high as a thousand feet walked out. Every step was accompanied by earth shaking and mountains shaking.

Simply, the vast and boundless realm of the God of silence, if in some of the weak rules of the world of the Taishang, how many steps can you take to break up half of the continent?

At the ape's feet, palm sized golden monkeys worked hard like climbing a mountain, and the old ape stopped where he was, even with a kind and spoiled smile.

Ye Chen's eyes narrowed slightly. Intuitively, the momentum of the golden striped violent ape was not weaker than that of the dusk giant of the death cult.

Chapter 8572

"Huh?"

At this time, the old ape noticed that the leader was not surprised to see Jiang Meiyin, but laughed out:

"Jiang wench, haven't you forgotten us old guys since you haven't come back for such a long time!"

Jiang Meiyin stood up and said, "I just said, Grandpa ape, it's too big here. I'll go back and forth. It's better to shut down!"

Indeed, if it weren't for ye Chen's blessing of the wings of freedom, Jiang Meiyin himself would need more time anyway.

"Hahaha, well, is this little guy your partner?"

When the giant old ape saw Ye Chen at dusk, all six eyes were curious.

Ye Chen just wanted to explain, but Jiang Meiyin was the first to say, "yes, Grandpa ape, is the master still there?"

Hearing Jiang Meiyin mention, the old ape obviously looked a decline: "yes, where can that old guy go?"

"Go yourself!"

The old ape pulled out a gold wire and punctured the void.

Boom!

The mountain layers, which were thousands of miles away, actually seemed to overlap, and did not hurt the creatures here. Even the space was not stirred.

"Really shrink to an inch!"

Ye Chen can't understand such supernatural powers.

"This old ape is definitely not weak!"

He thought of this, cold sweat, what kind of world is this? I'm afraid the peak state of this monster is not much weaker than that of the eight wild virtual beasts.

"Thank you, Grandpa ape!"

Jiang Meiyin bowed and smiled sweetly for the old ape's means of connecting to the sky, and took Ye Chen to shake the sky away.

If they hurry on their own, I'm afraid it will take some time.

It seemed that she sensed Ye Chen's doubts, and Jiang Meiyin said, "are you surprised at the strength of Grandpa ape?"

His existence can be traced back to the age of the nine gods. It would be more terrible if he hadn't weakened a lot.

By the way, I also saw the battle of Xiandi platform. Ren Feifan and tiannv are worthy of being the peak of the world. "

"Hey, if it weren't for the emperor's charm, I would have broken through the Immortal Emperor. Even in this dead end real world, the way of heaven can't stop me here! Only time and space can accommodate me."

Jiang Meiyin smiled gently, as if regretting, but without regret.

If someone else said this, ye Chen must laugh that he was crazy, but Jiang Meiyin in front of him was convinced.

"Who the hell are you taking me to see?"

Ye Chen said positively.

"I'll know later."

Jiang Meiyin patted him on the shoulder, smiled softly, and walked slowly towards the distance.

"Follow my steps and trigger the formation set by the master. Even grandpa ape can't save you!"

The teasing laughter came, and Jiang Meiyin's figure was already hundreds of feet away.

Ye Chen: "..."

Boom!

A few steps out, outside the inch of land behind Ye Chen, the chaotic atmosphere that will inevitably disappear after touching stirred up, and turned into a vast ocean swept in, and the terrible atmosphere dissipated, and the sky fell apart, and the sky was shattered.

Fortunately, in this vast realm of silence, it is extremely vast. In this area, thousands of spirit beasts have never been close. Although it seems that the massive killing offensive has never caused ripples in the whole world.

"Master, I'm back!"

Jiang Meiyin's voice came out. Dozens of miles away, there was a magnificent building complex, and a human shadow was sitting in front.

Ye Chen's body shot out like a cannon ball, quickly urging the wings of freedom, but he was not familiar with the mystery of thousands of miles of killing array. Jiang Meiyin stopped, and he saw that it was already a step late.

Boom!

It fell on the building board of a main hall in the middle, and the collapsed dust flew away, and Jiang Meiyin giggled not far away:

"Hey, Lord of reincarnation, who told you to follow me so disobedient!"

Ye Chen's body rushed out, her eyes narrowed slightly, looking at the figure not far away, and apologized, "sorry."

Looking into the distance from this high platform, the endless mountains do not even show the edge, looming, as if they were spiritual, and the smoke cage is cold, and the sun is covered with dust.

"Cut!"

Suddenly, behind Ye Chen, in several magnificent and towering buildings, the middle-aged man rushed out with a knife. The residual shadow was still there, and the light of the knife had already cut through the sky.

"Uncle Dao!"

Jiang Meiyin was also stunned by the scene in front of her. The sudden attack was still a conservative estimate of the ultimate blow in the later stage of immeasurable territory.

Boom.

This sky breaking knife awn evolves a vision, and the time and space in the sky are reversed, the sun is like blood, and the red waterfall hangs upside down, killing the sky!

Ye Chen could not resist such a blow, not to mention that he was not protected by the rules here, even if he was protected.

The key is that he didn't expect someone to do it behind his back.

Even if he wanted to use the Iron Throne and the dust tablet to guard, it was too late.

Fortunately, ye Chen summoned a seal in an instant. It was the ancestor of Thor, the thunder seal in the sky.

"No!"

Jiang Meiyin was so sad that she wanted to start immediately to stop Ye Chen and block the blow for him. Although she was frustrated, she didn't hesitate.

Shua!

The light of the knife was too fast. From the middle-aged man's appearance to the sword's wielding to trigger the heaven and earth vision to kill together, it was just between lightning and flint, and ye Chen's chest was already a touch of blood arrows.

From beginning to end, the figure sitting on the ground in front of the door never raised his eyes.

"Master!"

Jiang Meiyin was completely dumbfounded. She never thought it would be like this. The person she had brought so hard was killed by Uncle Dao?

Click!

Click!

On the nine days, bloody thunder suddenly rose, and all kinds of thunder split the avenue of the silent god world and bombarded it. You know, it is conservatively estimated that this is the habitat of a strong Immortal Emperor.

Chapter 8573

The rules were split, and the layers of blood clouds were blurred, even the setting sun was swallowed up.

"Ho ho!"

The figure sitting cross legged suddenly opened his eyes, and his eyes were as bright as a torch. Two divine rays rushed into the sky and scattered the cloud of blood robbery with one blow.

"Sure enough, I'll wait for it when I break!"

Under Jiang Meiyin's surprised eyes, ye Chen, who was originally injured, slowly healed up.

That is the endless power of blood and Qi surging!

Boom!

The bloody clouds scattered by the mysterious man seemed unwilling, but they slowly solidified again. The middle-aged man with a low eyebrow wanted to draw his knife again, but he was stopped by the man beside Jiang Meiyin:

"Don't be rude!"

The middle-aged man's movements stagnated, and there were no more superfluous movements. He stood still.

Click!

Click!

The terrible blood thunder splits the sky one by one, and seems to cross the border. In the center of the sky, the picture of reincarnation and Hongmeng starry sky appears.

There is even a flag in the reincarnation heaven.

This is the remnant flag in the samsara of martial arts.

Boom.

The sky began to collapse, and the mysterious man tilted his head and sideways, looking up at such a world without fear, and even seemed to miss it with emotion:

"No mistake, the big world I'm waiting for is coming!"

He shouted loudly, got up and rushed to the broken hole and flag that suppressed heaven and earth in the reincarnation of heaven. Jiang Meiyin stared at everything in front of her. It was clearly just a broken flag. Why did she have such terrible pressure?

Even my master had to fight!

At the corner of the flag, the mottled black blood stains are faintly threatening, and the rivers and mountains of the world are shrouded in haze.

"This is... How can the illusion of the sky killing battlefield come to the realm of silence?"

Deep in the forest, the ten thousand old apes are trembling constantly, which is the oppression from the depths of the soul. The former battlefield and the remnants evolved across the ages cannot be desecrated.

"Roar!"

Finally, the old ape was unwilling to be alone under the shocking oppression. It burst out, held its head high, and its six arms evolved into a great magic power. The King Kong pillar of the sky pierced out like the sky, and his breath rushed into the sky.

Boom!

The void in the realm of silence buzzed and trembled, and there were signs of disintegration at any time. If it weren't for the strange energy scattered in all directions to eliminate the threat of the flag, I'm afraid this old ape could turn the world upside down.

Click!

A bloody thunder flashed, and a trace of the meaning of the battlefield in the past years was engraved between the startled Hong, devouring the supremacy of the old ape with a blow, and the lightning flashed, and everything was completely scattered and invisible

"This! Impossible, this is just a remnant elephant. How can you have such a sense of being in the world!"

The old ape's eyes were full of shock, and he didn't realize that his hair had suddenly stood up, and was wrapped up like a needle ball, which was a fear in the depths of his soul.

Hiss!

The remnant flag stirred by the bloody thunder and the sea of clouds sent out a trace of ancient wasteland. With the blowing of the will of the silent God Road, it opened a corner, and the whole world disappeared at the speed visible to the naked eye.

It's like a gorgeous blood wind blowing, which turns into robbery ash!

In the blink of an eye, the vast half of the God of silence was eliminated and invisible, turning into nothingness with the bloody breeze.

"Master!"

Jiang Meiyin was completely stunned by this scene, better than her, but she didn't even dare to stand up and resist!

The mysterious man rose up in the void, and a few palms in succession seemed casual, and the ethereal breath did not even have the general trend of destroying the sky and the earth. The soft thread of heaven and earth between his palms was actually equal to the picture of reincarnation.

"Reincarnation orthodoxy is indeed overbearing!"

A heartfelt smile flashed in the eyes of the mysterious man who was respected by Jiang Meiyin as the master. When he saw this whirlwind and clouds that easily broke a boundary, even he could not resist the existence of terror, there was a sense of joy?

"Even you are guarding him. Retreat, we are enemies!"

The mysterious man's eyebrows are radiant, with obscure lines looming, hidden in the skin, bright and soft.

Click!

Boom!

That, together with the silent god world, was the force of the annihilation of the thunder, hitting the chest of the mysterious man, without the imagined explosion and silence.

The bloody thunder was like a spirit, turned into bloody butterflies and exploded, flying on his side, without the general trend of killing!

"I see..."

Several blood butterflies drilled into the mysterious man's body, and his originally pale face looked better. At the same time, the scene of reincarnation seemed to be telling something.

"My crippled body is no longer worth the trouble, but you have to walk with him!"

Looking at the blood and gas of the heavens turning into a sea of clouds, the mysterious man laughed and cut off the connection with the reincarnation picture.

Bang!

There was a muffled sound in the void, and the bloody mushroom clouds exploded and filled the air. Only one of the billions escaped, which was to instantly fill the previously dried up aura of Ye Chen.

The wound cut by the strong man of Xiandi realm with a knife was also healing in an instant.

"You!"

The mysterious man looked at the sky, and the reincarnation picture slowly converged. He couldn't help but frown and murmured:

"Is it really worth it!"

Until the vision completely disappeared, ye Chen, who woke up slowly, woke up and saw that almost half of the vast realm of silence had been cut off. He looked at the strong man holding the knife:

"How can your knife be so powerful?"

Ye Chen, who didn't know it, thought this was the other party's supreme blow, and was still smacking his tongue secretly for it.

"Huh?"

Until she saw Jiang Meiyin looking at herself with a complicated expression, ye Chen remembered that she had not been killed by that knife?

How is it standing here intact!

"Master, uncle Dao?"

Jiang Meiyin looked at the middle-aged man standing with a knife not far away. Her voice was choked, and a few crystal tears rolled around her eyes, becoming more and more intense.

Ye Chen was also confused. He followed his reputation and couldn't help being shocked!

The supreme sword emperor who waved his knife at him before turned out to be... A corpse.

"No wonder, when this man rushed out like a ghost to attack himself, until the knife fell, there was no breath, and then he was dead?"

He was puzzled. Even in the later stage of immeasurable realm, could a corpse stir the will of this avenue?

That terrible cut is not something that can be done by residual thoughts. Even the real Immortal Emperor dare not shake it.

"It's him!"

Ye Chen's eyes coagulated and fixed on the mysterious man not far in front of him.

The man in front of him, who was respected as a teacher by Jiang Meiyin, was very strange. In Ye Chen's eyes, the will of heaven and earth Avenue flowing in the realm of silence was centered on him.

He is the master of the world.

Hiss!

Ye Chen couldn't help but take a breath of air conditioning. In this strange world, there was more than one strong man who was conceived. This man with a knife who had disappeared, the three headed and six armed golden striped violent ape, and the colorful Phoenix!

Just what he sees, there are already three!

Chapter 8574

What kind of world is it that three strong men are worshipped as gods in the supreme world?

The most elusive thing for ye Chen is the person in front of him. He can't see through. On him, even years have never left a trace!

"Little friend, would you like to play chess with me?"

The mysterious man turned slowly, and his calm eyes looked at Ye Chen. With only one eye, ye Chen felt a sense of falling into the ancient times.

This boundless realm of silence, which even the strong immortal empire are the supreme holy land of habitat, was forged by him personally.

The mysterious man Ji Shen is almost a figure in the age of the nine gods, and he is a figure in the same period as the God of light, the God of rock, and the God of ice.

Ye Chen, such a peak master in the world, originally thought he should be a fairy like old man, but the appearance of the silent God in front of him was a little younger than himself!

Ye Chen is a little unbelievable. Such a dreamy boy will be a god of silence who has been respected as a guardian for ages.

He didn't change his appearance. No matter from which point of view, he was an 18-year-old boy with surging blood, just like a newborn.

"It seems that there are still some terrors in the world, in addition to the ancient emperor Yu and Ren Feifan."

The silence God in front of me is a man with flesh and blood, a complete person, and even... An old monster who has lived for ages!

This shocked Ye Chen, but at the same time, there was also a deep unease rising in the bottom of his heart. If these people wanted to kill themselves.

How should he resist?

"Alas!"

With a slight sigh, the original circulation of the will of heaven suddenly solidified with the silence of God, and the oppressive atmosphere suddenly solidified.

He walked slowly towards Ye Chen as if talking to himself. Ye Chen's eyes trembled with each step.

It's so strange that the person in front of him is clearly a strong Immortal Emperor, who can overlook the whole life, but it gives him the feeling that he is... Terminally ill!

Yes, it's the feeling of dying twilight.

Ji Shen's seemingly leisurely pace was all relying on the will of the road to drag his body. The general trend of the way of heaven converged on him, so that he could be so calm.

Such a strong man can't even control his body to walk?

What did he experience? If it was only the baptism of years, I'm afraid he had already lived a second, as he saw.

"I know you have a lot of doubts in your heart. Since you have passed the test, you are not the enemy!"

The silent God stood with his hands on his back, and his floating body stepped between the soft soil, but he never left a half mark.

His voice is also free and easy as a teenager, but after the sound falls, it gives people endless meaning of vicissitudes, which is very mysterious.

"Master, uncle Dao..."

Jiang Meiyin pear flower stood beside the middle-aged man holding the knife with tears. No matter what she did, the figure never responded to her.

This is a fallen immortal Empire strongman!

"Don't be sad, the end of life and death, even I can't avoid."

Ji Shen smiled, and his eyes were clean and clear. It seemed that the departure of his best friend did not involve half of his emotional movement.

His eyes, which never left Ye Chen half an inch from beginning to end, were neither sad nor happy, so people couldn't see why.

"The emperor of Dao refused that chance, which may last for him for a hundred years, but he finally made his own choice."

Silence God then said, "this general trend is about to rise, and the hand of no time and space has been extended to reality step by step.

The emperor of Dao knows that his blood is no longer at its peak. If he lingers for a hundred years, he will only see the ups and downs of this world and finally come to an end! "

"The previous blow was because his emperor felt a wisp of will without time and space in the past, which cut the world off."

"You seem to know a lot?"

Ji Shen looked at Ye Chen, and naturally he could feel that there was no time and space cause and effect on Ye Chen.

"I'm not optimistic about you because you're too weak!"

Ji Shen gently shook his head, and his long hair, like a waterfall, was also slowly fluttering and slightly shaking, reflecting Ye Chen's past like a time mirror, and scenes could not hide from his eyes.

"Lord of reincarnation, God of light, God of rock, night mother, Zu xuantu..."

"Besides the blood flag, even the God coffin is in your hand."

A few complex colors flashed on his face, and there seemed to be a touch of fairy light between his screwed up eyebrows and eyes. Xiarui flashed with it, which was unparalleled in the world.

"The realm is too low. These foreign objects alone can't go there, and even those people of the Death Cult are invincible."

Ye Chen heard the words silently, and he did not feel the killing intention from Ji Shen.

"Since it chose to believe you and even opened the inheritance, I also want to see what's outstanding about Xiaoyou."

He smiled, as if the world were happy for a moment, and his snow-white teeth were as gorgeous as stars.

Ye Chen, with a low eyebrow, took a deep breath and responded with a slight smile: "the strong man who sits on the high platform of the world like this is naturally laughing at the ants shaking the tree."

"But for me, every choice is nothing more than life and death. No matter what the future looks like, stepping wrong is death!"

"A year ago, immeasurable territory could crush me to death, but I survived."

"Now, you can hold me in the later stage of limitless realm, but I still stand in front of you."

Ye Chen is also saran. No matter how the world turns over, he is a leaf boat swaying in the ocean. If he doesn't enter, he will die.

"Oh?"

"Then what do you think is the importance of the current situation in the real world?"

Ji Shen's eyes pricked, and he heard such remarks for the first time. Ye Chen said the most counselled words in the hardest tone, which really had to be eye-catching.

Chapter 8575

"This end of the world is doomed, nothing more than luck!"

Seeing that Ji Shen was not moved, ye Chen then said, "even if the nine gods fall, I have all kinds of luck, then I can be calm!"

"Reincarnation or nothing, everything in the world is between these two words. Isn't the foreign object mentioned by the elder also my chance?"

"Nowadays, the game between reality and nothingness, no matter I am alone, a city or a region, as long as the gas doesn't disperse, I use my means to carry it, the so-called gas!"

After a long silence, the silence God opposite said, "it's still a little poor, not perfect. Would you like to play a game with me?"

With a wave of silence God's arm, the original body of the sword emperor was slowly condensed and dispersed, and the bone and blood flickered faintly, turning into a chessboard.

Originally, the surging power was more than enough, and the blood essence of the sword emperor fell down, turning into crystal clear pieces, divided into black and white.

"A generation of Dao emperor was rebellious and defeated all his enemies when he was young. He was respected for the first time, and became supreme by cutting off the shackles with the supreme sword technique. He wanted to step into the realm of the Immortal Emperor in the age of the nine gods, but he was bound by the way of heaven!"

"To lower the penalty is to carve the sky plate into the body in a round, which cannot be broken or established!"

"The chess game is about the future world pattern. I can't understand it after thousands of years of understanding. How about discussing the way of heaven with me according to the solution you said?"

Ji Shen can't help sighing. Even he can't find out the remnant of this day, which finally made a generation of Dao emperor fall out of the world.

Ye Chen was stunned. He had never heard of this mess in the world?

Ye Chen just looked at it with one eye, and the word "Chuan" was condensed between her eyebrows. Jiang Meiyin, who was still in shock, hurriedly looked at the black-and-white two sons. Before she could concentrate, she was defeated by a wisp of the will of heaven!

Boom!

If it weren't for the silence God's hand to block, I'm afraid the spirit would suffer a heavy blow. Such a heavenly plate, distracted in a moment, is enough to be torn apart.

"As the elder said, now there is no invasion of reality, I am no longer qualified to fight. Thousands of demons and heroes are coming out. The boy is no more than nine layers of heaven cultivation in Baijia territory. This opportunity has been lost, and I am the white boy!"

The silent God didn't say much when he heard the words. Two fingers twisted, and the sunspots rose and fell.

"Huh?"

Ye Chen's thoughts diverged in thousands of strands. On this day's plate, vertically and horizontally, all parties were tangled and used each other, leading one to start the whole body.

The sharp attack rhythm of the sunspot made Ye Chen gasp, and the hand holding Baizi trembled slightly. The son raised, and all his strength was exhausted.

Countless illusions seemed to flow around Ye Chen and Ji Shen.

Ye Chen showed the reincarnation of the holy soul sky and the Hongmeng starry sky, which was relieved a little.

But in this illusion, he seemed to see the female emperor of the blood Phoenix clan.

Boom!

Outside the sky, a blood Phoenix wailed and fought, and the ten thousand feet of the holy body shed holy light, and almost all its feathers withered. It was still struggling and rushing towards the endless darkness.

"My family, fight to the death!"

In the midst of dilapidation, the red dress was in the dark, and the blood holes under the broken clothes were countless, and the endless darkness flashed between the eyebrows of the female emperor of the blood Phoenix family, and her spirit was constantly eroded.

Click!

Click!

The originally bright and clean feet were now covered with blood stains, step by step under the endless broken bones, the sharp bone spurs penetrated her, and a flash of determination flashed in her eyes.

"The bloody Phoenix clan will never fall into darkness, all the scum without time and space!"

She roared, and the spiritual power surged all over the sky. The blood Phoenix's real body recast with all the means was in a moment of youth, and the blood light that bloomed for thousands of miles lit up the dark battlefield and illuminated the direction.

Ye Chen, a son, is broken.

The silence God overturned in his palm, and the sunspot with indomitable determination settled again.

Bang!

Another picture.

Zhu Yuan stood side by side with Taishen. On the face of the young man in blue in the past, there was a little more perseverance and killing. The collapsed heavens were reflected in his eyes. Thousands of corpses were rising in the sea, and broken bones were everywhere. He jumped into the darkness and killed them one by one.

Taishen stood on the waste soil, and the crown on his top was damaged. The perfect 'Emperor seal' inscription was engraved on his forehead, flashing golden light. The power of the original emperor's solution was vertical and horizontal, and the golden runes stirred the void. The emperor's people behind him roared and fought, responding to the spirits of heaven and earth.

Boom!

In the dark, he stretched out a palm, kneaded several Dharma Seals, and ten thousand dharmas jumped to pieces in an instant. It was the hands of the weak.

"Childe, I'll explore the way forward for you."

Zhu Yuan murmured softly, facing the blood essence of the blood Phoenix, jumped into the dark depths, fell down with the blood rain, and disappeared at the end.

"Emperor clan, let me kill heaven!"

Taishen roared, changed his demeanor and composure in the past, and when he saw Zhu Yuan killing, he followed him regardless of obstacles.

Boom!

The breath of darkness spreads like a scroll, covering the sky and standing in the sky.

At the same time, the figure of Qingshan flew backward, and the blood essence spilled. If it were not for the unique alien atmosphere derived from a small world, which covered him, I'm afraid he would be killed in an instant!

Holding the reincarnation map of martial arts presented by Ye Chen, Zhu Yuan, who has stepped into the peak of martial arts, is defeated!

"Master, retreat!"

Zhu Yuan shouted loudly, but it was still difficult to change a certain outcome. The people of the emperor family rushed forward one after another, completely ignoring life and death. They followed Taishen, and the emperor's seal collapsed, and the scorching golden awn was devoured by the darkness mercilessly.

The di clan who lost their guidance fell down one after another and fell into the dark abyss. The bright purple light burst with the light of the Star River, but it rushed out for dozens of feet and was completely submerged in the darkness.

Ye Chen, er Zi, break!

"It's just a fantasy test. You've lost your armor. How can you compete for this doomsday fortune?"

The shackles of your heart have not been cut thoroughly. "

Ji Shen's eyes were spotless, and he seemed to have expected this situation long ago. He said to himself:

"If you were given enough time, it would be a feasible way, but now, it's a pity!"

"The real felling, now!"

The silent God held another son with two fingers, and fell abruptly.

"With this world as the plate and all living beings as children, how can you stop the general trend of life and death?"

Boom.

The evolved battlefields of the heavens suddenly started up. Rao Shiyi's reincarnation of the holy soul of Ye Chen was a little difficult to hide his decline.

"It's over!"

Looking at the situation, Ji Shen found that although he struggled, the overall situation was settled and could not be overturned.

"You can only defend passively, and there must be one sparse in Baimi. How can you compete?"

The last one fell!

Set the world.

"Really?"

Ye Chen held his son again, and the clear white son fell on the sky. His eyes were firm: "before the dust settles, the cause and effect will not appear!"

The silence God didn't think so, and said faintly, "then let me cut off the luck of your reincarnation Lord."

In the endless illusion, ye Chen's will is condensed and suspended on the celestial disk.

Bang!

On the evolving sky, endless dark breath covered the sky, and a faint shadow swayed, like reality or illusion, rolling black clouds collapsed into the void.

Chapter 8576

"Magic dragon nine seals cut!"

Ji Shen made a move.

Sen Han's cry exploded between heaven and earth, and the nine divine swords cast a black dragon roaring like a forest, with its head but no tail. It swallowed this battlefield into its stomach, even ignoring time and space.

Whoosh!

Whoosh!

Whoosh!

Several times of breaking the air sounded in succession, and ye Chen's stuffy hum came out occasionally. A sword light startled the world. From the belly of the black cloud illusion dragon, the divine light tore open the black dragon's chest in a flash, and the dragon's blood turned into black fog and dissipated.

"Hoo!"

Ye Chen's wheezing became heavier and heavier. When the dust settled, there were several bright blood holes gurgling on his straight body.

The blood mixed with broken meat flowed down, and his action at the moment was also blocked by severe pain, and one of the eight blood holes was impressively in Dantian.

"But so!"

In the dark, a voice of disdain echoed forever. At Ye Chen's wound, a trace of black fog gushed out of his body with blood, which was as terrifying as the source of the darkness.

Ye Chen's body seemed to be constantly emitting dark breath, and even worse!

"Roar!"

With a dragon's chant, the black fog lingering around Ye Chen turned into a black dragon of Zhang BA's size, which bound him firmly. In an instant, his mouth opened and bit off, trying to screw off Ye Chen's head.

.....

At the same time, the emperor family.

The atmosphere is dignified.

"Master, is there any news from emperor seal?"

Emperor Chen asked hurriedly.

Emperor Luo shook his head, "I can't catch it for the time being."

"However, as long as you find Ye Chen, there must be news of the emperor's seal."

"I've been asking people to look up the news of Ye Chen and Jiang Meiyin before. Now, it seems that there is a trace of news."

"Ye Chen and Jiang Meiyin met, but I don't know where they went."

At this moment, the emperor's killing machine is dignified.

Emperor Chen's eyes coagulated and said, "is it possible to find the emperor's seal as long as you find Jiang Meiyin?"

"Yes."

Emperor Chen sighed softly, "it seems that it's right to save that guy's life!"

"Huh?"

The emperor looked suspicious, but he saw the condensation of heaven and earth between his three younger brothers' palms. At the bottom of the endless waste soil, a roar sounded:

"Let me out!"

"Let me out!"

Emperor Luo also couldn't help but be stunned, and his pupils coagulated: "emperor Fenghua?"

"Is he still alive?"

Emperor Luo looked at the spirit of emperor Fenghua with great interest. That day, he was beheaded by Taishen and ye Chen. Unexpectedly, this residual spirit has not dispersed yet?

"This traitor's remaining sin, which is neither human nor ghost, is useless to keep. Wipe it off. Don't stay in this world and humiliate my emperor!"

Emperor Luo PI laughed and didn't laugh, staring at the virtual shadow between emperor Chen's palms.

"No, I can find the imperial seal!"

"Oh?"

Emperor Luo blinked, motioned emperor Chen to release him, and a wisp of spirit escaped, extremely strong.

Even if it was cut in half by Taishen and ye Chen, it was not completely wiped out.

"Emperor Luo, don't kill me!"

"I can find the imperial seal!"

As soon as the spirit of emperor Fenghua was released, he felt a breath of the road, which sometimes solidified and sometimes turned. It was obvious that this was a terrible scene in front of the man's breath.

Even in the heyday of his empire, I'm afraid he's still not an opponent when he meets the current emperor. Run?

Emperor Fenghua has dared not think.

Seeing emperor Chen's fierce eyes, Emperor Fenghua also realized that he had said the wrong thing: "master, master!"

"I can find the emperor's seal. When I fought with Jiang Meiyin, I laid a mark. I can find Jiang Meiyin!"

At present, Emperor Fenghua's atmosphere did not dare to breathe, and he bowed his head to face the green shirt man in front of him.

"It seems that your appearance of being neither human nor ghost has some effect. The reason why you can survive is because of the holy Qi scroll?"

Emperor Luo disdained to curl his lips, although he didn't know what monsters were suppressed below. Once he controlled the emperor's seal, the world was in his hands. Although he had heard about the holy Qi scroll, he didn't take it to heart.

Hiss!

Emperor Luo's fingertips lit a gentle sea blue flame, and the blue light condensed into a spiritual body, which was no different from the previous appearance of emperor Fenghua.

Boom!

With a wave of his arm, the emperor broke the spirit of emperor Fenghua into the spirit body, and a golden awn turned into a shackle 'seal', which was engraved into the center of his eyebrows.

"This spiritual body is your body. It's much better than your previous ghost appearance. Don't lose my emperor's face!"

Emperor Luo never looked at the emperor's style and was full of disdain.

Today's emperor is not what it used to be.

"Don't worry, this spiritual body has the blessing of my divine flame. Even the immeasurable late strong, it's not easy to destroy it!"

Emperor Fenghua heard the words, and his eyes were surprised and happy, half envied, half complicated.

"Take me to find Jiang Meiyin and ye Chen!"

"Ye Chen must know the whereabouts of emperor Haishan. When he found him, he found the emperor's seal."

Emperor Fenghua patted his chest, glanced at the corner of his eyes, and whispered:

"Master, I have an ungrateful request!"

Emperor Chen on one side was furious at the words and immediately wanted to fight, but he was persuaded to retreat by Emperor Luo.

"I like ambitious people, say!"

"I want to enter the emperor's tomb."

This is the first time the emperor faced up to the Emperor: "into the emperor's tomb?"

"Hahahahaha!"

At this moment, Emperor Luo burst out laughing. His body flashed and was as silent as a ghost. He didn't even feel the way of heaven here. Emperor Luo stretched out his hand and directly penetrated emperor Fenghua's chest.

"Do you feel the hot blood of this spiritual body flowing? Look, this beating heart!"

Emperor Fenghua sweat instantly, so fast!

In the blink of an eye, he easily penetrated himself, holding his beating heart in the palm of his hand.

"Don't say you want to enter the emperor's tomb. If you can help me find the emperor's seal, what if I give you another life?"

Emperor Luo's smile is very rampant, which is emperor's confidence and hegemony in judging ordinary people.

"Yes, master!"

Hearing this, the eyes of emperor Fenghua burst into a burning brilliance, which may be difficult for others to reach, but the emperor in front of him is the man who is most likely to step into the realm of legend since tens of thousands of years in the world!

"Go, find the emperor's seal. If you can't solve it, call me!"

Emperor Luo threw him a spiritual seal: "whether you can return to the family depends on yourself."

.....

Screen rotation.

Ye Chen naturally didn't know that the emperor's family couldn't help but fight him.

Now he has no intention of fearing the emperor's family, let alone thinking about other situations.

At the moment, he only feels a force wrapped around him. The reincarnation holy soul day is crazy. He wants to challenge his limits!

Boom!

In an instant, the sunspot held by Ji Shen sent out bursts of buzzing, and all the soldiers and soldiers were shivering. Looking like a teenager, he seemed to have expected, gently pulled down the corner of his mouth, and regretted:

"Even the Lord of reincarnation, is it still difficult to change this outcome?"

Chapter 8577

Although he won, Jishen was not happy at all. He had been trying to break the game with the sword emperor for countless years. Until the end of his life, thousands of changes were staged, but the end was no exception.

"Unfortunately, even if I donate my broken body, I'm afraid it can't change the world between heaven and earth."

At this time, the silence God's voice was a little lonely. The previous appearance of Ye Chen made him see a little hope, and even his will of reincarnation was very determined, but now it seemed that he had returned to the origin again.

Draw water with a bamboo basket.

"Elder, why sigh?"

At this time, ye Chen's voice echoed in his ears, smiling all over his face. Although he was restrained by the pressure of this day, he was forced to lift his head, but the voice of confidence was incomparable.

"Oh?"

Ji Shen's eyes lit up and looked up at Ye Chen sitting opposite. His bent back was bent by the power of this residual chess, but he still smiled.

"The son of the elder, indomitable, sharp, so strong, if I face it directly, it will be a dead end!"

Ye Chen trembled and held up a bright white son, and the sweat beads of bean size fell to the sky. Between the rise and fall of his two fingers, the situation transited again.

Click!

Click!

Dark clouds pressed the city like heaven and earth, which was illuminated by bright bloody light and rain. In an instant, Tianyu calmed the world. The reincarnation of the complete sword soul, the Heavenly Sword and the reincarnation of the kingdom of heaven evolved. Between the sheath of one sword, the murderous spirit of the other realm was surging, and the cries of killing were endless.

Like a mirror reflecting the sky, the black fog surged on the earth and disappeared deep into the abyss; Above the sky, all kinds of gods are as bright as stars. The first one steps on the ten thousand blood Phoenix, holds a sword in his right hand, holds a remnant flag in his left hand, and waves the faces of thousands of heroes and spirits!

"Kill!"

"Kill!"

The killing awn that tears the universe breaks through thousands of mountains and rivers, illuminating every corner in the darkness, and the body shape of the future body of the feather emperor is impressively among them.

Boom!

Boom!

Ye Chen's hand holding the son kept shaking. Anyway, the son couldn't fall down with his cultivation.

"Master, from the moment of failure, the beginning is over. The sunspot is sharp, half of it can't be dispersed, and scattered is total chaos!"

"Chaos leads to change. I also want to see who decides the ups and downs of this world!"

The picture in front of Ye Chen began to distort, and he even saw his broken sword.

"Ah!"

A painful drink rang through the realm of the silent God, and the terrible pressure instantly fell, even the silent God had a wisp of sweat on his forehead.

Ye Chen's amazing backhand can almost break the established world. How many opportunities have he had? He has gone through countless times. Even the sword emperor's invincible posture of suppressing the world has been consumed.

At this moment, he really saw hope. Ji Shen, who was not in a mood of joy and anger, showed a look of surprise. Even Jiang Meiyin saw his master's gaffe for the first time.

Even if the sword emperor who accompanied the ages fell, he was not hurt, but was pulled by Ye Chen in front of him.

"Master!"

Jiang Meiyin shouted anxiously. Although she was an outsider and could not see the universe evolved between the plates that day, she saw Ye Chen, the chess player, whose body was breaking!

The reincarnation holy soul heaven and the celestial Koi copy are constantly running, and an endless stream of power rushes to Ye Chen. Even so, ye Chen will also drop the son who has set the heaven and earth.

This is the Tao of his reincarnation.

For this reason, Ren Feifan would rather not soar to Wuwu and fight against the rules! Prefer black hair to white hair!

What can't he do!

"No!"

A moment of absence almost led to great disaster. Hearing Jiang Meiyin's anxious cry, Ji Shen looked at Ye Chen. If he was allowed to fall again, his soul might fall.

This day, the plate was originally the manifestation of the supreme will to cross the catastrophe of the holy emperor Daodi. If you understand it, it's understandable, but ye Chen, this boy, actually found a way to break the situation!

Fortunately, the emperor of the sword has fallen, and there is no breath, and there is no supreme disaster, but even so, suddenly, ye Chen is about to disappear.

"Scattered!"

The silent God's eyes stared, and when the golden eyes turned, the general trend of heaven and earth was approaching him, and a gust of wind blew, and everything withdrew from the plate that day.

PA!

Ye Chen also vomited a mouthful of blood and fainted.

Jiang Meiyin gently picked Ye Chen up and looked at the man who had lost consciousness and was unconscious in her arms. She knew that if her master shot, ye Chen's life would be fine.

In fact, as she expected, the invisible breeze blew, which recast Ye Chen's wound. A few breaths, it was intact as before.

Boom!

On the sky plate, one of the chess players has left the table, and the world chess is about to disappear. The son Ye Chen was supposed to hold turned into a cluster of powder, and the evolving scene also faded.

"I'd like to see how this one million variable will end!"

Ji Shen was unwilling. He looked up and stared at the residual chess set based on the luck of heaven and earth. With a wave of his arm, he rushed to the position where ye Chenyuan sat at the top.

Ka Ka!

The interface of the realm of silence is constantly crumbling, and pieces of space collapse, falling like fragments. With the disappearance of meteorites, there are countless creatures that seem to exist in a mirror.

"What the hell is going on?"

Jiang Meiyin muttered to herself. She looked around, and countless creatures were falling at the collapse.

Roar!

Joo!

The golden striped violent ape with three heads and six arms roared, and even the gorgeous but low-key Caifeng was mourning. The two supreme monsters also felt the dangerous smell of extinction.

"Master, with your current state, you can't see the future without the support of the road!"

The violent ape's voice echoes through the mountains and rivers in this dying world. If something happens to the God of silence, all the creatures in the God of silence world created by him will inevitably be robbed!

"Master, think twice!"

Caifeng Qingling's voice is mixed with fear, which is also a reminder.

Boom!

On the sky plate, Ji Shen's face was expressionless, but his slender two fingers did not stop. Holding a white son was to fall to the position of Ye Chen.

Half a minute away, the white two fingers couldn't enter. It was already dry and decayed, and the blood gas dissipated, but it was a touch of death, climbing and living.

"Huh?"

This road will not help me! "

Ji Shen is a little lonely. Now he seems strong, but he just relies on controlling the way of heaven. His cultivation has already passed with the years.

"If I'm still at the peak, I'll have a look at this scene with my own eyes anyway..." Ji Shen's original two fingers retracted, and in the blink of an eye, he returned to his original white state.

"Forget it, then let me see it for you."

Ji Shen shook his head and smiled. His eyes looked at Ye Chen lying in Jiang Meiyin's arms under the void. All these things have their own destiny.

Chapter 8578

Shua Shua!

The sky turned into wisps of residual clouds, which were blown away by the wind until they disappeared, and the terrible pressure also dissipated.

"It's a pity that this holy world!"

The violent ape turned into a human. He was a tall man with blond hair. He came with a Vajra stick in his hand. When he saw the silent God, he bowed and said, "master, I'll repair this world now."

Caifeng is also transformed into a graceful woman, dressed in colorful clothes, charming, but also with a voice.

But Ji Shen waved his hand and coughed a few times. His waterfall like black hair was half white, and his brows were dignified, as if he had turned into a middle-aged look:

"No, I'm afraid I'm a little powerless."

Although he said so, the joy in his face was hard to hide.

"Master!"

"Master!"

Both violent ape and Caifeng are extremely sad and palpitating. They understand that the arrival of the master and other people means that his life may have come to an end.

Just like this desolate realm, which is in full bloom and now is full of holes, it is coming to an end.

.....

At the same time, the outer world of the silent God.

"Damn, why is there no breath?"

Emperor Fenghua's figure shuttles between the mountains and forests, and the will of the flowing Avenue is no different.

"It is reasonable that Jiang Meiyin should appear here."

This area is too large. It's not easy to find two people. If you destroy it by force, it will inevitably disturb everyone. If they are prepared at that time, it will be more elusive.

Click!

Click!

Emperor Fenghua heard the sound of space collapse.

"Over there!"

His figure jumped towards a trace of void fragmentation.

Whoosh!

A killing awn came through the void. Even if it was destroyed by the rules, it was still terrifying. Even today's emperor was almost beheaded.

"What the hell is this place!"

He could feel that the breath came from thousands of miles away. It was only a residual light, which almost killed him.

Ka!

Emperor Fenghua smiled viciously and crushed the jade seal given by the emperor. However, in a few moments, two strong breath rushed up into the sky, and the golden light spell was vertical and horizontal, and the heaven and earth stagnated.

"But I found the imperial seal?"

Emperor Luo and Emperor Chen came floating in their bodies. Behind them, dozens of wuliangjing followed around in the middle and late stages.

"The owner, yes, those people, tore open the boundary wall and went to other places!"

Emperor Fenghua responded softly, but he didn't mention the strange killing.

"Other places?"

The emperor lifted his eyes and several wuliangjing strong men beside him stepped forward.

"We are willing to go and help the owner get the emperor's seal of our family!"

Three people in black made a deep petition.

Emperor Luo pondered for a long time and gently shook his head. The matter of emperor seal is now a big stone in his heart. Unless he sees it personally, it is difficult to feel at ease.

"I'm not going to do it!"

"Come with me."

Emperor Luo turned to look at the emperor Fenghua on the side: "you, lead the way."

Words are extremely plain, but they are also full of irresistible meaning.

Emperor Fenghua secretly scolded the old fox, but there was nothing he could do. He could feel that emperor Luo could kill him as long as he had a whim!

"Come with me."

Emperor Fenghua didn't dare to let the thoughtful emperor see these micro expressions, so he had to smile, and ten people went away together.

.....

The picture turns, and the world of silence.

Ye Chen, who woke up again, naturally didn't know that an enemy had chased here. He opened his eyes. Before the picture came into sight, a fragrance first came into his nose. It was the smell of Jiang Meiyin, and there was still some smell of his clothes.

His eyes narrowed slightly and he breathed out: "it seems that I still want to step into the mysterious realm as soon as possible."

"It feels good to be alive."

Only at this moment, ye Chen felt that he had come back from hell again. This familiar breath made him feel at ease.

"Little guy, you really know how to enjoy!"

Jiang Meiyin's voice suddenly came.

Ye Chen glanced at Jiang Meiyin and knew that at the last moment, she had protected herself, so she nodded to her.

Ye Chen even felt the softness of closing his eyes.

Jiang Meiyin seemed to think of something, and her face was slightly red.

"Jiang wench, are you uncomfortable? Why is your face still red?"

The rough man with blond hair asked in doubt.

For this man who did not understand the amorous feelings at all, the beautiful woman also looked contemptuous.

Ye Chen's eyes suddenly looked at the silent God on the side: "senior, I..."

He has a lot of questions lingering in his mind, and the place he can see is the man with white hair.

This is the same as Ren Feifan.

Ye Chen was shocked and guessed something.

"Your name is Ye Chen, right?"

"There are some things you can ask me. This time, I'll answer your questions completely!"

The silent God slowly turned around and looked at Ye Chen. It was no longer the silent appearance.

Ye Chen took a deep breath, and he didn't know how to ask.

"Are you a living person?"

The beautiful woman and man on the side looked at Ye Chen like an idiot: "little brother, your brain is bad at playing chess?"

"Master, of course, is a living person. Have you ever seen a ghost?"

Ye Chen was silent, and so was Ji Shen. He didn't answer. Obviously, he knew what ye Chen asked.

After a while, Ji Shen nodded first, "yes, the real body is here!"

"Different from the female emperor of the blood Phoenix family, although the forbidden art of her family is against the sky, it is also reborn, and too many memories have been lost."

In front of him, the white haired, middle-aged God saw everything in the world in Ye Chen's Dantian.

Boom!

A burst of blood light rushed out of Ye Chen's body and turned into a bloody long skirt, floating, bright and clean little feet stepped on the ground, but they were not stained with dust.

It is the female emperor of the blood Phoenix clan!

"It's you!"

The female emperor of the same blood Phoenix clan seemed to have seen something unexpected. The originally lofty aura suddenly evaporated, even a little dignified.

Jiang Meiyin was also surprised to see such a peerless woman leaning against Ye Chen.

"Immortal Emperor?"

She couldn't see clearly. The breath given to her by the female emperor of the blood Phoenix clan was very unstable. That cultivation was more like... It was obtained by external forces!

"Huh?"

The female emperor glanced at Jiang Meiyin beside Ye Chen and calmly said to Ye Chen, "it seems that this chess game is becoming more and more complicated, and it is worthy of being the Lord of reincarnation."

The blonde man also opened his mouth wide and his face was unbelievable: "blood Phoenix family, still exist?"

This family, in the past years, has been destroyed in order to resist the march of wuwuwushi. It is said that the female emperor, who wore red tea and added fragrance, fought to the death for a wuwuwuzhiqiang.

"You're not you anymore!"

The stunning woman in the red dress in front of Ji Shen shook her head and whispered.

"Master, what does this mean?"

The human form of Caifeng and violent ape is to turn around and look at the God of silence. How can this person, who should have been extinct forever, reappear?

Although her momentum came out of the dust, her accomplishments... Really don't dare to compliment.

Chapter 8579

"I don't know you!"

The female emperor of the blood Phoenix family looked at the silence God, and her eyes were a little confused.

"Only by cutting off all causes and effects can we successfully reincarnate. It seems that the goal of the reincarnation Lord in that life is not all useless. At least, you meet him in this life!"

Ji Shen sighed that when he met his old friend, she was the same as before, but he forgot. He was the same, but withered. It was sad.

"Master, is this her reincarnation?"

Caifeng and violent ape both stared wide. Is there really a saying of reincarnation in this world?

"Reincarnation, a word that no one can break, although it comes to the world again by various means, it cuts away all the old memories of cause and effect in the past, and I don't know whether this is her or another person?"

"It still looks like that bag."

Silent God looked at the violent Ape: "now you see, the first question he asked me?"

"It seems absurd, even I am speechless!"

The female emperor of the blood Phoenix clan responded faintly: "don't rely on the old to sell the old. I'm lonely. I'm just testing it. When the emperor really dies?"

Gollum!

Gollum!

Just this light sentence, without any prestige, the beautiful women and men who had the honor to witness the supreme demeanor of the blood Phoenix family swallowed a mouthful of saliva and were extremely nervous.

Ji Heng, this name, only she can call it?

People, like their names, are indeed immortal people!

"Oh?"

"Girl, you don't have to borrow her fragmentary old memories to explore me. You're not her!"

Ji Shen, who was called by his real name, couldn't help laughing. The name, even himself, was about to be forgotten.

"I don't know the connotation of the great secret of the blood Phoenix family and the transaction between the once reincarnation Lord, but since you have left some old memories, you can explore it by yourself."

Ji Shen looked at Ye Chen and said:

"This time, I came to solve his doubts."

Ye Chen stood up, bowed down, and then said, "senior, has the world been invaded by the powerful without time and space?"

Can the moral deity really guard the fire of the real world?

I feel that the hand of the death order has been extended to this side. "

"No."

Ji Shen's lips opened and he wanted to say something, but he finally shut up and just answered the word.

Even if he knew all the fighting, he could never intervene. On the contrary, he was too ambitious to practice in front of him.

"Once, in the darkness of time and space, some force tore apart the boundary wall of reality, causing a large number of strong men to break in."

"They secretly joined hands, plundered and killed everywhere without the knowledge of everyone in the real world, and even stole the first generation of the supreme practice method of great energy and the great secret. When we found out, it was too late."

"However, after the bloody battle, those races and others without time and space participated in the root of our family with the power of darkness. In the same realm, our family suffered heavy casualties, but there are also many amazing people in the world who fought hard and fought back the people without time and space."

Ye Chen heard the words, her eyes narrowed slightly, and cold sweat was also left behind.

What kind of strong people are they? They are so capable that they don't hesitate to break a situation with the law of the ages.

Ye Chen doubted and said to himself, "although those people have been defeated temporarily, sooner or later they will make a comeback. When they arrive, our family will face an unstoppable situation!"

"The layout of the moral God also comes from this."

The silent God nodded gently, and then said, "the hands of the Death Cult and the witch have been stretched closer and closer. That's the case in the battle of Xiandi platform."

Ye Chen was slightly surprised. It seemed that although Ji Shen was in the Ji Shen world, he was extremely clear about the outside world, and he knew about the battle between the Immortal Emperor platform of re-election Feifan and tiannv.

"Ye Chen, for this game of chess, you are a variable. I didn't believe it before, but now it seems that that person's vision pattern is stronger than me!"

"I thought you couldn't get here, but I didn't expect that the cause and effect of Ren extraordinary berm, chaotic kylin, blood Phoenix, Honghuang blood flag, ancestral coffin, reincarnation xuanbei, thirty-three days, Hongjun, nine gods, actually protected you to this step, which is incredible."

Ji Shen's tone was also a little surprised. The original situation was disrupted, and ye Chen should have fallen. After all, such cultivation, facing the world's great enemy, ten deaths and no life.

But he managed to fight a bloody way and survived until now.

"I see..."

How could someone have predicted all this?

Ye Chen can't help but feel a little unwilling, but he is full of fighting spirit in the twinkling of an eye, because in this life, he is him, and he is not anyone's pawn.

"Even if I set up the game, I'm on a different track. I can get out of my way!"

Ye Chen whispered.

"That's why I'm willing to talk to you today, because I don't believe that the set-up can succeed!"

Between the words of the silent God, there is a certain helplessness.

"The fact is that all this has not gone according to his plan. I want to see how far you can go with your ability!"

The violent ape on one side cheered Ye Chen: "boy, even our master is optimistic about you, and you will soar to the sky. You know, my master was the second terrorist in the golden list of killing heaven in the past!"

"Zhu Tian Jin Bang?"

Ye Chen was stunned. It was the first time he heard of this list.

"Yes, none of those on that list is not the existence of the supremacy level, but the peak group of people in that era!"

Ye Chen shook his head blankly, and had never heard of it.

"Nine days Yan Emperor, in that list, but also ranked ninth."

The violent ape heard from his master that ye Chen had seen the nine heaven Yan Emperor, and then he opened his mouth and explained.

"Master?"

Master Du can only rank ninth?

Ye Chen received the gratitude and resentment of Emperor Yan of the Ninth Heaven, and was also regarded as his apprentice.

"Among the top ten, there is no one but the existence of crushing the world and stepping on it for a lifetime!"

The violent ape patted his chest and said proudly.

Ye Chen and violent ape chatted with each other.

"Where is the female emperor of the blood Phoenix clan?"

"Fifth!"

"Master Jishen is the second?"

"Second!"

"First?"

Chapter 8580

"The first is, of course..."

The violent ape was about to answer, but the colorful Phoenix beside him pulled him, and then looked at his master's expression, which was not happy or angry. He smiled.

I'm afraid this first is very mysterious.

"Ye Chen, your appearance is a variable, which may change the pattern of the real world, but it may not use you."

"In fact, in this world, there are not a few young people who are no less talented than you, and even some demons. Tianxuan realm can kill the Immortal Emperor."

"Over time, these young people will grow up to be the most terrifying group of existence!"

"I just don't know whether they yearn for reality or nothing."

Ye Chen is also the first time to hear of such existence. It's a pity that he hasn't met such a person now. He must meet him if he has the opportunity. Zhu Yuan, a martial fool, must also be very happy.

"But you don't have to worry about Wuwu invading the reality now. Are we still holding on?"

The moral God will not let this happen. "

"In the past, there were many old-fashioned people who killed the golden list. Unless countless powerful people without time and space attacked, they would not be born."

Silence smiled slowly.

Ye Chen has a bad feeling in his heart, which is stronger than silence. Now he is a pair of broken bodies, gradually entering his twilight years, and only by controlling the way of heaven to survive, then other people must have no peak in their blood.

But he had seen some strong men without time and space, whose blood rushed into the sky like a young man, picking the stars with his bare hands and twisting his fingers to break a field.

Maybe the silent God in front of him could wave like this, but he was very worried.

"Why, are you worried that those people without time and space will come in advance?"

Silence God seemed to see what ye Chen thought in his heart and explained with a smile, "at the end of this, the road ahead is broken."

Caifeng and violent ape just wanted to say something, but they couldn't help frowning:

"Huh?"

"Master, the silent god world, an outsider has broken in!"

"There are ten people, all in boundless territory, and a few of them have strong breath and kill opportunity."

The blond ape scratched his head and laughed.

"You talk, the two of us, clean up those smashes."

The two of them jumped into the void without help, and the fierce ape showed his divine power with three heads and six arms. The earth and mountains shook under each foot.

The colorful Phoenix fluttered its wings and went away in a few moments.

The realm of silence.

Everywhere is a broken scene, the void collapses and collapses, and in that faint space, turbulence rages.

There are few dead creatures around, and most of the things here are inhabited by ethnic groups, reporting to the group for warmth.

"Master, this boundary space is extremely unstable. There is no sign of life for the time being, but the territory is extremely vast!"

Emperor Chen in Black said in a deep voice.

Emperor Luo looked at the emperor Fenghua aside, and the latter was surprised. When he even responded, "master, I can't be wrong. Jiang Meiyin's breath stayed here not long ago. Although the area here is vast, I'm sure that group of people are here."

"Master, this world is crumbling due to our coming, and the coercion is strong. Let's leave it to us to look for the emperor's seal!"

A burly man in black came forward to take orders, and then said, "this space is too unbearable. If you move at will, it may collapse completely. At that time, it will be difficult for us to find people!"

Emperor Luo also found that it was unusual here, but his eyebrows frowned slightly. This place was by no means what the man said. It was the coercion of himself and others that crushed this world.

"Go!"

Emperor Luo gave a faint command, and the Shura guards scattered around.

Emperor Fenghua stood where he was and didn't move. Emperor Chen looked at him with disdain: "you too."

.....

"Senior, if the witch comes completely, what is the card behind her?"

"Anything without time and space is enough to become her card."

"Master, what are the blood flags and ancestral coffins in the reincarnation map of martial arts?"

Ye Chen has too many problems in his heart to prove.

"The real blood flag has been broken, and the power to protect you is just the residual force accompanying the reincarnation of the Lord of reincarnation. A few more times, it will dissipate."

Ji Shen winked, "I saw it just now."

"The blood flag is not an ancestor, but a flag on the battlefield when the Terrans fight against the supreme power without time and space."

"But it has been nourished and watered the blood essence of countless strong people, including mine, the female emperor of the blood Phoenix family, the emperor of nine days, and... The blood essence of many strong people when they fell."

"Even the blood essence of the strong without time and space has been contaminated."

Ji Shen looked at Ye Chen: "only in your critical moment, the blood essence will wake up the flag. It's not our race, and its heart will be different."

"As long as it is a Terran, no one does not respect the flag of the spiritual symbol. If there is no time and space, it will mercilessly kill!"

"It's also the only life-saving thing he left you."

"Of course, don't rely on it, because it's too long ago. It depends on luck to wake it up."

Ye Chen couldn't help smiling bitterly. It seems that he is really a sweet cake.

"As for the ancestral coffin..."

Ji Shen recalled: "this ancestral coffin is one of the few sacred objects protected by our family when fighting with the powerful without time and space. Even the moral God can't control it!"

"Even at that time, many people concluded that it was a dead thing!"

Ye Chen is also adding pictures in his mind. I'm afraid that if there is a little effect, the feather emperor will not let go, will he?

"Strangely, this ancestral coffin has the power to devour the dark breath of the strong without time and space, but it has no owner, its power is very limited, and its edge is not bright on the battlefield."

"But with its strange characteristics, it is also watched by some people."

"Later, in order not to be taken away by people without time and space, someone took it away, and so far its whereabouts are unknown."

"We can't even find the existence, and people without time and space can't be found."

"One day when you step into space and time, these treasures must not be shown to others. If those guys know that you can activate this force, they may be in danger of killing themselves!"

Every man is innocent and bears his guilt!

"Ye Chen... I feel the breath of emperor Fenghua."

At this time, Jiang Meiyin was whispering to Ye Chen.

"Emperor Fenghua?"

"He's still alive!"

As soon as Ji Shen finished speaking, the matter of the God coffin cannot be known by outsiders. There is a guy who may know the inside story here.

"It doesn't matter, Lao Jin, they will solve it!"

Ji Shen didn't think so. Two strong men of that level went to suppress it, but they killed the chicken with an ox knife!
