

## Physician 8581

### Chapter 8581

At the same time, outside the realm of the dead.

"Home owner!"

The strong man of the emperor's family sounded a tragic cry for help, which startled the emperor who was concentrating in situ. He suddenly felt bad in his heart, nodded gently to Emperor Chen, and their figures rushed to the sky.

The two golden mans evolved into the void, and the mysterious Rune of the Avenue had a faint feeling of being suppressed in this dilapidated world.

This made emperor Luo and Emperor Chen feel a little dignified.

"Ah!"

There was another sad cry, and the two people who followed the reputation immediately looked dignified. The strong in the middle of the boundless realm, who were arrogant of the existence of many strong people in the world, were crushed by a monster?

"What is this thing, three heads and six arms, born like this..." even emperor Chen didn't know how to describe it. He had three heads, but it was not ferocious. On the contrary, the golden hair seemed a little... Strange?

The monster's six arms swung the emperor's strong man, hit the ground again and again, and a hundred feet deep pit was hit out.

"That monster is weird!"

The emperor saw the doorway at a glance. With a strong spiritual power, the cultivation of immeasurable realm couldn't get rid of the brute force drag of the monster?

Boom!

Emperor Chen's hand, who also mastered some of the inheritance power of the original emperor solution, was obviously several grades stronger than the ordinary immeasurable medium-term strong. With one palm, the golden Rune hit the void and patted on the demon beast's vest.

Bang!

With a dull sound, the monster ate pain and ran away. Seeing the two people in the void, he roared loudly:

"Enemy attack!"

In an instant, the earth moved and the mountains shook, and a hundred feet of golden striped violent ape sprang up. Where was the previous docile and clever appearance?

With three ferocious faces, jagged fangs and six arms swinging, it's like a pillar of heaven that can break the sky, and the breath gradually rises

Bang!

The emperor's strong man, who had no time to respond, was severely slapped by the hundred Zhang violent ape in front of him, and the earth shook in an instant.

"Evil beast!"

Emperor Chen in black flashed a chill in his eyes and was about to start, but he was stopped by Emperor Luo on the side.

"Something's wrong with this place. If you save someone, hurry!"

Emperor Luo looked thoughtfully into the distant sky. He felt a trace of fear across thousands of miles.

With the original emperor solution, he has enough strength to look up to the world over time. Although he is far inferior to the ancient emperor Yu, Ren Feifan and others, he will not be afraid of the later strong in the general boundless realm.

But now, it's actually a little uneasy at the bottom of my heart.

"Home owner!"

Half of the body of the emperor's powerful man was almost slapped into mud by the violent ape's palm, and he was about to fall. If it weren't for the powerful spirit, I'm afraid it would have disappeared by now.

"It's just a monster. It can resist the power of the road in this world!"

At this time, Emperor Luo had a retreat in his heart. It was just an ordinary monster that could hurt the immeasurable strong by virtue of the general situation of heaven and earth.

Boom!

Emperor Chen made a move, and his strength was much stronger than that of the strong emperor family. Coupled with the protection of the ancestral inheritance, he was on a par with the violent ape, and one man and one beast were deadlocked in place.

Bang bang.

With a few muffled noises, every punch of the violent ape was swung out, and the strong wind of the swing was faintly distorting the space. This simple power has reached the extreme. Not to mention emperor Chen, even if emperor Luo was hit, it would not be easy.

The dust all over the sky was raised, and the six arms of the violent ape were like a Heavenly Sword, separating the two worlds. Between the flying sand and the rocks, the mountains were beaten into powder.

Click!

The golden mysterious Rune shrouded in the void of the emperor's dust shines brightly to resist the bombardment of the violent ape. With each hit, the golden light is weakened by one point.

"Sure enough, I still found Ye Chen and others as early as possible and took the emperor's seal, so I won't be restricted by the emperor anymore."

Emperor Fenghua felt the violent fluctuation coming from a distance. The violent ape's strike took a strong man in the middle of immeasurable territory half dead. This strange space must not be left for a long time.

In the vast forest, golden monkeys with three heads and six arms surrounded emperor Luo, Emperor Chen and others.

Emperor Fenghua saw the seemingly harmless monkeys in a cold sweat, and let the monkeys shuttle away from him. Fortunately, he didn't show hostility, and the monkeys who were busy rushing for help didn't care, but occasionally a few little monkeys swayed on his shoulder.

"Over there!"

Emperor Fenghua once had contact with Jiang Meiyin and was contaminated with each other's blood. His perception was extremely sharp and he looked into the distance.

I don't know how long I walked. Suddenly, a beautiful woman stopped him. Beside him, there was a blonde man with arms around his chest and his nostrils staring at the sky, looking arrogant.

"I won this time!"

The beautiful woman blinked her eyes, gently lifted her arms, and poked the blond man next to her.

"Oh, really!"

The blond man was helpless, and then reluctantly handed the beautiful woman a small emerald bottle. Just for a flash of light, the world was bright, which was obviously a rare treasure.

Until the beautiful woman nodded with satisfaction, the blonde man looked at the emperor and hissed coldly:

"The smell is really sharp, and I can actually find the smell of Jiang wench."

Just a word, Emperor Fenghua was shocked.

Did the other party see through his details?

The two people in front of him made him feel different from emperor Luo. The latter was the kind of intimidating and arrogant strength, while the former was, without breath and fluctuation.

"I wonder if you are here?"

Emperor Fenghua's skin laughed and his flesh didn't laugh. He was ready to escape at any time. It was really not good. If these two people could lead to Emperor Luo, it would be good for them to lose both.

His trip is to take advantage of the situation to mediate. As long as he can get the emperor's seal, he is the real winner!

"See you unhappy, ready to kill you!"

The blond man grinned and said bluntly.

Shua!

Emperor Fenghua's body flashed, turned into a touch of sea blue flame, and jumped out towards the void. In the blink of an eye, it was already 10000 meters away.

When he looked back and saw that the two men did not come, he was relieved. Before he had time to react, the faint sound exploded in his ear:

"Where do you want to go?"

Emperor Fenghua sweated instantly, and his body was trembling slightly. You know, this is the spirit body made by Emperor Luo with pure spirit fire. Although it is a trace of sub fire, it is by no means ordinary.

That's Qingling Shenhua. This wisp of flame is trembling. Shenhua has spirit and is suppressed!

At the moment, the two of them were behind him. He even felt the man's wisp of blond hair flying in the wind and gently patting his back.

The blonde gently sniffed and said in a cold voice, "sure enough, this body is not yours."

Boom!

Emperor Fenghua's momentum exploded in an instant, but when he just wanted to fight back, he was suddenly black. The beautiful woman just waved her arm and pulled his body away.

At that moment, the heaven and earth were cold, which could not be countered by Emperor Fenghua. With a wave of her hand, the time and space around him were shattered!

Chapter 8582

With a random blow, it turned out to be so.

"It turned out to be a wisp of fire, and I thought, this thing can be used to give those who are old and immortal, and it can also be changed into some pills."

"If you knew, just kill him directly."

The beautiful woman was a little sorry, but she did it lightly earlier.

Of course, relying on her identity, she will never deal with such ants as emperor Fenghua and surrender her identity.

"Two elders, I don't know where to offend you. I'm afraid, so I leave now. If there's anything wrong, I hope Haihan."

Emperor Fenghua bowed down, and the blow of the beautiful woman not only shattered the void, but also dissipated his original faith of tenacious resistance.

Such accomplishments are by no means invincible.

"What do you say?"

The blond man squinted and smiled. He was calm without waves. His killing intention soared. Emperor Fenghua was shocked to find that he couldn't move!

Unexpectedly, a wisp of breath scattered outside, like a god bound, trapped him. At this time, the emperor's grace, even moving a finger, could not do it.

"It seems that you are just a chess piece. Although the seal of the saint Qi scroll is loose, it should not have been born, otherwise it won't use garbage like you."

The blond man looked at himself and said something, as if he was recalling the past. In his eyes, the only trace of the spirit became blurred.

"Elder, I....."

The blond man shook his head, and his neck swayed slightly, which also rolled the power of the way of heaven down to kill. It seemed that the breeze was blowing, but it was like ten thousand thunder cutting and tearing. The emperor's grace was like dust, and then dispersed. From beginning to end, he couldn't even roar.

With golden hair all over his head, there is no such person as emperor Fenghua in the world.

"Is that power a descendant of the emperor's old man?"

The beautiful woman looked at the golden Rune outside the sky and whispered.

"I said that the golden rune, how so familiar."

The blonde laughed. Countless years have passed, and he has never remembered many things.

"In that case!"

The blond man's eyes turned, "you said, if we kill all his descendants, will that guy jump angrily?"

The beautiful woman looked at the blonde angrily: "how long have you been worrying about that?"

The blonde muttered and smiled, "yes, how long has it been? It's good to hold on to something."

The ages have passed, and the old grievances have been raised again. On the contrary, the two sides of the contradiction have become a trace of temperature in the bottom of their hearts. At least, people still miss it, whether love or hate.

"The real emperor was incomparably brilliant in those days, and he didn't lose to wanxu. These two people's blood connections are very thin, and they must be collateral branches. It's no use killing them."

The beautiful woman said faintly.

Hearing this, the blonde spread his hands and said, "then go and play. Just throw it out with a warning."

The two tacitly understood that if it was really a collateral branch, why could there be the inheritance of the old man's original imperial solution?

.....

Screen rotation.

Ye Chen also knew all the causes and consequences from the silent God, and had a feeling of clearing the clouds, but it was another stone that hit the bottom of his heart.

"So it is."

Ye Chen, who couldn't help sighing, lamented the cruelty of wuwuwuspatio-temporal to the real world, and many Terrans were arranged across the long river of time and space, so as to fight against the strong of wuwuwuspatio-temporal in this life.

It can be seen how cruel the blood robbery was.

"In fact, the moral God has his layout. I'm just surprised that you are a person who has only nine levels of heaven in the Baijia realm."

"However, your cultivation seems to be breaking through."

Silence God whispered, "no matter how reluctant, I will tell you everything. It was just a temptation before."

"But now, I changed my mind."

Ji Xinghua turned and looked at Ye Chen and said, "you just said that if you want to find your own way, I can give you some advice."

"Listen, younger generation."

Ye Chen responded.

"This world has not completely followed the chess game, and even your arrival is a microcosm."

"In other words, it is likely that before you completely grow up, the strong without time and space will come, and the supreme world will fall. As for the moral God, can he really guard the fire of reality?

His heart of guarding the fire has long been impure. "

One boundary after another evolved from the eyes of the silent God. The Milky way was flowing, and there were countless star regions collapsing, which was extremely terrifying.

Even ye Chen was shocked by this scene. In one's eyes, he was able to cover the future of the world?

In the eyes of the silent God, he saw the tragic situation of the fall of the Taishang world, and one after another young Tianjiao fell. They were unwilling and were shouting.

"Hentian will not borrow for ten thousand years!"

This is a very famous Tianjiao, holding a long-lived halberd, overturning a field, invincible in the same realm, even if it is fighting over the ranks, it is also fearless, but it was smashed by the supreme hand of the face without time and space, and fell with hatred.

Scenes changed, countless people fell, and even himself was there, turning into a bubble, floating and sinking with the Taishang world into fly ash.

Ye Chen bowed his head, and the reality was so cruel. Even if he went against the sky again, he could be invincible with the cultivation of Baijia realm. What about facing the strong man of the Immortal Emperor?

He can feel that deep sense of powerlessness.

"No time?"

He murmured to himself, and Jiang Meiyin also saw the myriad worlds derived from his master's eyes, which could not even resist the center of the supreme world, so they were just fish and meat, and so on.

The silent God whispered, "the scene I just imagined is just the worst situation, and now, it's still early to get there!"

"Although it is true that there is not much time left for you to grow up, your generation, which is originally an adverse generation, is also contributing to the flames in this great world."

Ye Chen raised her eyes and asked; "Senior, those people I saw earlier..."

"Indeed, they are the young Tianjiao of the Supreme Court. Each of them is a truly immortal demon wizard, a treasure cherished by all ethnic groups, and also the main force in the next war."

"What's more, at your age, you are already trying to reach a higher level."

While ye Chen was deeply shocked, Jiang Meiyin was also stunned, the same size as ye Chen?

Hiss.

How is it possible that even legends dare not make up so much in the world?

But this is naturally true from his master's mouth.

Although Jiang Meiyin's strength is not poor, and she even has the opportunity to soar, her real age is too old.

Immeasurable territory has endless longevity, so Jiang Meiyin's face at this time is just like youth. Can someone be several times as talented as himself?

This made her unable to understand.

Is it difficult for such a group of people to stop the pace without time and space?

Chapter 8583

"What did you say before?"

Ye Chen temporarily put down the shock in his heart. He knew that although it was true that Ji Shen said so, he must also have his own ideas. Just now, in his words, he gave some advice.

"This jade seal represents my identity."

Ji Shen stretched out his hand from his arms and took out a very ordinary black jade pendant. Even a trace of spiritual power did not exist, but it was just a vulgar thing.

I'm afraid that the chamber of commerce is unwilling to deal with such items.

"Holding him, which is also a ticket to some places, you represent me."

Ji Shen put it in his palm and whispered, "Yan Emperor also has one of these jade pendants. I know he took you as his disciple."

"Now, Emperor Yan is trapped by all the powers in order to reach the world. He must also want to give you the jade seal. Unfortunately, he is distracted and lacking skills."

"Will you hold my seal?"

Walk on behalf of me? "

The silent God whispered softly, and his words had a sense of accepting Ye Chen as a closed door disciple.

Ye Chen's eyes flashed, but after a while, he gently shook his head: "thank you for your kindness, master. Although you haven't met me too much, ye Chen has always respected Master from the bottom of his heart."

"I am the Lord of reincarnation, and my way is the way of reincarnation."

On the other side, Jiang Meiyin pulled a corner of Ye Chen's sleeve, indicating that he should not be impulsive. The silence God is a legend of the age of the nine gods. Although it is now declining, at the

beginning, he even stepped on the foot of the world, and it is impossible for others to break his head. He Ye Chen unexpectedly refused?

"Boy, have you made up your mind?"

Ji Shen looked at Ye Chen with great interest, and even he was rejected?

"Thank you for solving your doubts today, master. Ye Chen also determined the way ahead. There is no time and space. Naturally, he wants to break through. What about nothing, and what about the Death Cult!"

Ye Chen thought of Zhu Yuan and Taishen in his mind, thought of those white hairs of Ren Feifan, thought of the coincidence of the heavenly daughter and her name on the Tianjun Fengshen monument, and flashed many Tianjiao seen in Jishen. He was no longer confused when he thought of the trapped Yan Emperor and Wu Zu.

His road is bound to crush all obstacles in front of him! Establish your own rules!

"If there's nothing else, I won't disturb the elder's retreat. Goodbye!"

Ye Chen got up and bowed to the God of silence, and immediately turned around to leave. Now the world of silence was full of holes, and he didn't need to go back according to the way he came.

"As the Lord of reincarnation, do you know that there is a realm called xiuxuan realm in the supreme world?"

Silence suddenly said.

Ye Chen stopped, his eyes slightly narrowed, some doubts.

He had never heard of xiuxuanyu.

However, the Taishang world is composed of many domains, and it is normal for you not to understand it.

But he faintly sensed that there was a great cause and effect between this place and his reincarnation.

Even if you want to establish reincarnation heaven, this place must go!

Ye Chen turned around and looked at Ji Shen: "where is this?"

The silence God said, "you don't need to know too much, just ask you if you are willing to go."

Ye Chen thought for a moment, but refused.

Now the lost place is more important.

Hearing Ye Chen's refusal, Ji Shen guessed something: "well, for you, the lost territory is indeed more important."

"When you finish solving the lost territory, I will let my apprentice come to you."

"Think about it then."

Ye Chen nodded and left directly.

"Hahaha, it seems that Emperor Yan has a good apprentice!"

Ji Shen looked at Ye Chen's back, which was gradually leaving, and smiled, which did not stop until his figure disappeared.

"Master, just let him go?"

Jiang Meiyin was puzzled. The master obviously wanted to pass it on to Ye Chen, but why did he let him leave now?

"I can't run. Blood flag has made a choice for him. I just want to see if the Lord of reincarnation of this generation is also a guy who only pursues power by all means."

"But at present, he is different from that man. He is a good seedling."

"Then why?"

Jiang Meiyin asked.

Ji Shen smiled, "you know my broken body. It's a long cherished wish to drag the old man to death."

"But now it seems that I have to go first!"

Listening to the vicissitudes between the lines in the myth of silence, Jiang Meiyin's eyes are red again. The generation of Daodi who followed the master has fallen, and even the master... Is about to fall.

"The old guy without time and space is here. As long as I live, he will always be afraid. Coupled with the moral God, they dare not invade."

"The purpose of the war in the past is to make the powerful without time and space afraid of reality today!"

Ji Shen looked at Jiang Meiyin: "after I die, as long as ye Chen walks around with my jade seal, it is also a kind of shock to some extent."

"The old man heard that he definitely did not dare to easily try to invade the reality."

"I hope I can win more time for the reincarnation Lord of this life!"

Jiang Meiyin gently bit her thin lips and said nothing, but her delicate body, which trembled constantly, could not hide her sad color.

"He will go to that place. I originally wanted to cut off the inheritance. His cultivation is too weak. The six forms of silence God are not under the control of Ye Chen at present..."

"But the emergence of the blood flag and the backfire of the heaven plate have opened the power of inheritance, which is irreversible. The xuanxiu trial is waiting for him."

When Jiang Meiyin heard the words, she was also pale: "master, is he?"

For that metaphysical trial, she is still haunted by the dreadful 'metaphysical realm'.

Jiang Meiyin herself has never lived in that field for more than three days.

The six forms of silence God, even the first form, was difficult to get started, just because she could not pass the test of cultivating the metaphysical realm.

"This may be destiny."

"Maybe he can completely control the real six forms of extinction, maybe?"

Ji Shen also smiled bitterly. In those years, these six styles stunned a great world and made all the powers unable to lift their heads.

"Master, he went to the Xuanyu and failed. But once he really stepped into that place, it means that he might meet those guys?"

Jiang Meiyin somehow had confidence in Ye Chen, and suddenly felt that he could fight with those guys.

"It doesn't matter. Even if the body dies, in reality, it's just a heavy blow to the soul and won't hurt the life, but this also means that he has completely lost the opportunity to fight for the world!"

Silence God responded.

"I also want to see how he will choose?"

"When he finishes dealing with the lost territory, you can contact him again. He will definitely go."

"But at present, Ren extraordinary's condition is very bad..."

.....

Ye Chen was ready to return to the star moon world. Suddenly, he sensed something.

"Huh?"

It's the emperor! "

In the distance, the body of dozens of hundred Zhang violent apes, filled with the emptiness of the golden runes, stirred up, and there was a world beating war.

Chapter 8584

"It's almost a one-sided situation."

Even if it was as strong as emperor Luo, it was difficult to break through the siege for a time in the face of the cooperation of several violent apes, which was a little embarrassed.

Bang!

Bang!

Emperor Chen in black showed his killing intention in the sky, and the golden rune that could smash through the space fell with the momentum of the avenue, but it only smashed the golden fur of those monsters into several Zhangba wounds.

Instead, the world buzzed, with great momentum.

Ye Chen secretly smacked his tongue. The blonde man around Ji Shen just now hasn't made a move. He's a real strong man. I'm afraid he's going to fall this time!

"Hahahaha!"

As soon as ye Chen's thoughts fell, the familiar laughter came into his ears, like the thunder of nine days. The rolling sound waves Rao was thousands of miles away, and also affected the blood in his chest.

Shua!

The sky is glittering with seven colors. The original sky is caged under the cage, which is magnificent and unusual. After a careful look, it turns out to be the half fan wings of Caifeng.

Boom.

Seemingly boundless distance, in the blink of an eye is close to the eyes.

Emperor Luo's hair stood up and shouted at emperor Chen, "run, these guys are in a very different era and martial arts from today!"

At this time, the emperor and his family were extremely embarrassed. This emperor, who can call the wind and rain in the world, was helpless and desperate like a child.

"The ancient emperor moved the seal!"

Emperor Luo used his strongest means. His breath was as vast as an ocean. The blue clear spirit flame crossed the blue sky and rushed to the sky like washing ink, with gold runes flashing faintly.

Boom.

The broken space of the silent god world was once again impacted, and endless turbulence poured in and raged, dancing with the blue ocean, covering the terrifying power of destruction, sweeping the world.

"It's really the old guy's trick."

A joke came out of the void, and the rough voice was like a thunderbolt. The words stopped. The golden runes that surged between heaven and earth were faint, and the attack stopped.

Originally, the blow that was enough to break through this world was unexpectedly drunk by the mysterious voice, and in an instant, thousands of methods collapsed and no longer appeared.

"This..."

Even the emperor dust on one side was completely stupid. The emperor fell into his eyes, which was already an extremely powerful existence. In fact, it was so, but he even ate in this mysterious region.

Even the man in the dark, with a light banter, actually suppressed the will of the road here, and his cultivation... Must have stepped into the Immortal Emperor in those years.

"People of the human race, who dare to come to the silent god world with such a small amount of cultivation, have to teach you a lesson today."

The blonde man didn't know when he was already swept behind the two men. The emperor fell and the emperor dust, but he didn't notice at all.

His burly figure, even if turned into a human figure, is also several feet high. His wild blonde hair is as sharp as a knife that will take the head at any time.

The violent ape who had previously tangled with emperor Luo and Emperor Chen looked like this. Several giant beasts with a hundred feet lowered their eyebrows one after another, and Wei'an's body turned into light and rain, and turned into the original beautiful human form. After bowing three times to the man, you ran after me and jumped away.

Emperor Luo's scalp was numb. The man in front of him should have disappeared into the legend. How could he still be alive?

"The world of silence..."

In his mind, he recalled the words of the blonde man just now. Is this a world derived from the peerless power of the age of nine gods?

"Master, we don't mean to offend you. It's a sin to disturb your practice. My brother and I will leave now."

That said, he didn't dare to make any changes. If this person in front of him didn't let go, he and Emperor Chen might fall here at any time.

"Even the original imperial solution has only evolved into an embryonic form. I don't understand how the old man can give you the power of inheritance?"

Again, the faint sound sounded, and the beautiful woman's body came with her feet on nine days. With a frown and a cluster, the youth remained the same, and the world lost its color.

Another strong man!

Emperor Luo and Emperor Chen turned pale. Hearing their words, they seemed to know their ancestors?

Emperor Luo didn't dare to act rashly until he couldn't understand whether it was an enemy or a friend.

"Did you follow the trail of Jiang Meiyin and ye Chen?"

The beautiful woman's eyes blinked, and her expression was calm.

"Ye Chen!"

Emperor Luo lifted his eyelids gently, but he didn't dare to make a sound. Emperor Chen on the side followed emperor Luo's example and didn't dare to talk.

"I don't care what you mean by coming here, but you are always an uninvited guest. If you want to leave, you have to leave something."

The conversation turned, and the beautiful woman said calmly.

"Take my advice. If you can still live, I'll let you leave this world."

The blonde smiled wildly and followed the beautiful woman's words.

Emperor Luo heard the words, nodded slightly, bowed and said, "that younger generation, it's better to obey orders than to be respectful."

"Please give me your advice!"

The emperor dust on the side wanted to talk and stopped, but finally, under the sign of emperor Luo's eyes, he didn't open his mouth.

In a trance, Emperor Luo saw the blonde man in front of him raised like a broken sky. The original decent clothes were instantly torn and broken. A violent ape connecting heaven and earth appeared, and he looked up at the person in front of him like an ant.

Click!

Just when the violent ape was about to start, a dark halo burst out like a bright moon, and even the beautiful woman was surprised.

"It's the master!"

The dark halo did not reflect any breath of destroying the sky and the earth, but it made the chill between heaven and earth even worse. The dark halo shone on the place, and the whole silent god world was bounded by the black moon. Thousands of miles of mountains and rivers, high mountains and flowing water seemed to be torn by one hand and gathered together.

The original land boundary is extremely crowded, and everything wants to squeeze through this space.

On the other side, there was endless darkness, and an inexplicable traction raged, as if in front of the two worlds separated by the light wheel, the other side was calling something.

"Black jade is in this world. Does the master want to open the metaphysical realm?"

In the empty darkness, ye Chen, who was originally hiding in the deep forest to watch the war, also showed his body. At the same time, Emperor Luo's eyes fell on Ye Chen.

"It's Ye Chen!"

Emperor Chen opened his mouth and looked at the emperor beside him.

The current situation is very strange. Although the enemy is particularly jealous when they meet, Emperor Luo is like a mirror in his heart. Now is not the time to take action.

Click!

Click!

Suddenly, the change appeared, with the black moon as the boundary, and the end of the endless void spread the smell of slaughter. Even the air was full of pungent blood, disgusting.

There were two explosions in succession, and a ghost like lonely city slowly appeared in Ye Chen's eyes. Two dark giant doors covered the sky and reached down the loess. He could vaguely hear someone shouting behind the door.

"Let us out, I don't want to die here!"

"Help!"

"I'm not staying in this damn place anymore. I'm going out!"

Chapter 8585

A cry of sorrow spread all over the back of the city gate. Between the slowly expanding door gap, countless Taoist images jumped out like rats crossing the street.

Shua!

Shua!

Shua!

They who thought they had escaped from heaven were like ghosts burned by the hot sun. In front of Ye Chen, they turned into flying dust and dispersed with the breeze.

A light wind swept Ye Chen's cheek, carrying black debris. He understood that it was the only residue left by everyone.

"Huh?"

After slowing down, ye Chen was shocked to find that he had returned to the entrance of the star moon circle.

"Good domineering spatial means, is this the strong one who survived the age of the nine gods?"

"Also, are those two of the emperor's family trapped in the land of the black moon?"

"What does silence God want?"

"Is the land of the black moon the xiuxuan domain?"

Silence has mastered a domain? "

Ye Chen shook his head, unable to figure out why.

However, since Ji Shen shot at the two people of the emperor's family, it also saved him.

In terms of time, it's time to prepare for the lost territory.

Ye Chen returned to the star moon world and wanted to see Ren Feifan. When he learned that Ren Feifan was closed, he still chose not to disturb him.

Ren Feifan was badly hurt this time.

You must go to the lost territory help Ren Feifan to get something back as soon as possible.

Time flows. On this day, President Lu Shan came.

Ye Chen received him in the hall of Xingyue cult, and after some greetings.

Lu Shan opened the door and said, "Lord of reincarnation, I heard that you are going to lost territory. There are three forces in lost territory, namely Shenlan sect, guidaomen and Xuangong. If you go to lost territory, you can go to Shenlan sect, which is the force of our chamber of Commerce. My daughter Qin Xuan is inside, and you can take care of it."

Ye Chen said "Oh", slightly surprised, and said, "our Qinglai chamber of commerce also has branches in the lost territory?"

He said "we Qinglai chamber of Commerce", not "you", which is to show the meaning of alliance.

He and Yemu are absolutely firm allies.

Night mother gave him countless favors, and he naturally reciprocated.

Lu Shan pondered for a while and said, "this matter is more complicated. That Shenlan sect claims to believe in night mother. Over the past 500 years, it has been sending letters to my Qinglai domain, wanting to surrender."

"However, I have a good reputation for Qinglai chamber of Commerce. I don't know how many people want to join me every day, and I don't care."

"Until recently, my Shizu went to investigate and found that the God LAN Zong was convinced to worship the night mother."

"Now, our chamber of Commerce has taken over the affairs of Shenlan sect, and my daughter is over there."

Ye Chen understood and said, "I see."

In this way, today's Shenlan sect is also a branch of Qinglai chamber of Commerce.

Ye Chen lost his domain in the past, and he can also get a response.

Lu Shan said, "now the lost territory is about to open. Lord of reincarnation, you can go to the lost territory first and meet my daughter. Let's prepare for finding the treasure."

Ye Chen nodded and said, "OK, I know."

The lost area is divided into peripheral zone and core zone.

The core area is the place where the treasure is located. The real lost territory is still a conceptual existence, and it will open every long time.

Peripheral areas have existed since 500 years ago, and now there are three forces: Shenlan sect, guidaomen and Xuangong.

Under Ye Chen's insight into the secret of heaven, he also glimpsed many mysteries of losing territory.

Suddenly, he saw a divine light, and a ghost gas, intertwined with each other.

This sign of heavenly mystery indicates that there seems to be a struggle between Shenlan sect and guidaomen.

Ye Chen frowned lightly and said, "President Lu, our God LAN Zong, is there any disagreement with the ghost gate?"

Lu Shan said, "the Lord of reincarnation is really clear-cut, and the secret of heaven is clear."

"Our God LAN Zong and the ghost gate are indeed a little unhappy, but my daughter will deal with these things, so I won't bother the Lord of reincarnation."

Ye Chen said, "what's the matter? Just talk about it."

Lu Shan was silent for a moment, and finally said frankly, "Alas, this matter is not big, not small."

"In the lost territory, there is a source jade vein, which has been jointly developed by our Shenlan sect and guidaomen. We occupy the North vein and they occupy the South vein. The well water of both sides does not invade the river."

"The lost territory is about to open up, and our two families even have an agreement to work together to find treasures."

"However, recently, a Shenyuan flower was found in the North vein mine cave."

"The Shenyuan flower, which gathers the source Qi of heaven and earth, is a very precious medicinal material, which is of great benefit to cultivation."

"Originally, Shenyuan spent in the North vein mine cave, which is naturally our thing."

"However, guidaomen said that since Shenyuan flower was born in the vein, it should be divided equally on either side."

"My daughter thought that the lost territory was about to open, and that one more friend was better than one more enemy, so she agreed to divide it equally."

"Unexpectedly, the ghost sect was advancing. Seeing that we easily agreed, they proposed that they should monopolize the whole Shenyuan flower, on the grounds that our chamber of Commerce has a rich collection, and it is not bad for this medicinal material, so they should take care of them."

"This is a bit too deceptive. The accumulation of our chamber of commerce is all for the recovery of night mother in the future. What a person night mother is. It is an astronomical number of resources that she will spend to restore her strength. Now the accumulation of our chamber of commerce is far from enough."

Ye Chen frowned immediately after hearing Lu Shan's words.

In fact, the biggest reason why Yemu founded Qinglai chamber of Commerce to collect the world's treasures is to accumulate treasure resources to prepare for the recovery and rise in the future.

The current accumulation of chambers of commerce is not enough to support the rise of Yemu, and resources are not enough.

It is intolerable for the chamber of commerce that guidaomen wants to swallow Shenyuan flowers alone.

Lu Shan said, "now our Shenlan sect and their ghost sect have completely broken away. It is absolutely impossible to cooperate in treasure hunting."

"My daughter is taking people to guard the Shenyuan flower, and the ghost gate refuses to give up, for fear of causing human life."

Ye Chen frowned slightly and said, "I'll go and have a look."

Yemu gave Ye Chen a lot of benefits. Naturally, he would not be alone.

Qinglai chamber of commerce is in trouble, and he can't sit idly by.

Lu Shan said, "Lord of reincarnation, this little thing..."

Ye Chen waved his hand and said, "this is no small matter. What strength does the ghost sect have?"

Seeing that ye Chen was about to attack, Lu Shan was secretly happy and said, "Mr. GUI, the leader of the ghost sect, is a figure in the middle of the boundless realm. His strength is not trivial, but I think he is not your enemy of the Lord of reincarnation."

"In the middle of immeasurable territory..."

Ye Chen calculated that with his current strength, it would be easy to solve the strong in the middle of immeasurable territory.

Of course, if it is the kind of strength metamorphosis, and you can generally cross the border to kill the enemy, and carry a lot of cards, it is not necessarily.

"Well, I'll deal with it."

Ye chendao.

Chapter 8586

Lu Shan was overjoyed and said, "thank you, Lord of reincarnation."

Ye Chen nodded and planned to go out.

Before going out, he went to say goodbye to Ren Feifan.

Ren Feifan has already opened up a blood moon world, in which he retreated and healed while avoiding the mystery of heaven.

"Are you going out?"

Seeing ye Chen coming, Ren Feifan asked.

"Well, master Ren, let me say goodbye to you."

Ye Chen arched his hand.

Ren Feifan gently "hum" and said, "don't worry about going. Don't worry about Zihuang fairy palace chasing you anymore. I'll tell the moral God."

"Now in the real world, the biggest enemy is the death cult. Zihuang fairy palace fights with us, which will only make the enemy laugh."

"I'll make it clear to the moral God that it's not too late to settle the death order."

The biggest enemy of reincarnation camp is wanxu.

However, the powerful enemy facing the real world is the death cult.

"Thank you!"

When ye Chen saw Ren Feifan willing to come forward, he quickly thanked him and said with some worry:

"Master Ren, your body..."

Ren Feifan said with a smile, "I'm fine. You can go at ease. Remember to help me find the era daoshu."

Ye Chen said, "yes!"

At that moment, he said goodbye to Ren Feifan, took Lu Hechan, left the star moon world, locked the coordinates of the lost field, and directly sent it away in the broken air.

On the side of Qinglai chamber of Commerce, it also sent a message to lost territory that ye Chen was coming.

As soon as ye Chen came to the entrance of the lost territory, he saw several disciples in green and came out to meet him.

"Lord Ye, welcome you. We are disciples of Shenlan sect, and welcome you."

A disciple came forward and bowed down.

"Please."

Ye Chen nodded and took Lu Hechan in.

As soon as he entered the lost territory, ye Chen suddenly felt top heavy.

This lost world is vast and desolate. The sky and the earth are intertwined and reversed.

Ye Chen actually walked in the sky with the earth above his head. The scene was very strange.

Heaven and earth are not completely reversed. Some places are normal.

Ye Chen walked a distance and stepped into the earth from the sky. The gravity suddenly reversed, and his blood flowed back, making him dizzy and weak.

Lu Hechan on the side, ouch, caught off guard, had an unstable foothold, and almost fell.

"Be careful."

Ye Chen held her, and at the same time, he worked his aura to protect himself and Lu Hechan. The feeling of inverted dizziness just dispersed.

A disciple of Shenlan sect smiled and said, "Lord Ye, this Law of losing territory is upside down and disordered. You may not be able to adapt, but you have to be careful."

Ye Chen nodded, calmed down and followed the group of Shenlan sect disciples to Shenlan sect Mountain Gate.

Shenlan sect Mountain Gate is half normal and half upside down. There are many high mountains hanging upside down in the sky, on which many disciples are practicing.

Lu Hechan was a little dizzy when he saw this scene.

Ye Chen quickly adapted, and it didn't matter.

In Shenlan sect, several welcoming elders came out to meet Ye Chen, and both sides were polite.

An old man said, "Lord Ye, the patriarch, she went to guard the Shenyuan flower, and we are responsible for washing the dust for you."

Lu qinxuan, the daughter of Lu Shan, took full charge of Shenlan sect and became the sect leader.

Ye Chen saw these greeting elders, and their cultivation was quite weak, not even Tianxuan realm.

Looking around, the cultivation of those who stayed in Shenlan sect was also mediocre. It seems that the real strong were taken away by LV qinxuan to protect Shenyuan flower.

In fact, although Shenyuan flowers are precious, they do not need to be so grandly guarded.

However, the battle between Shenlan sect and guidaomen has begun, and the involvement is getting bigger and bigger. Both sides are unwilling to give in, and the chaos of the scene is imminent.

"It's not necessary to wash the dust. Take me to the mine."

Ye Chen waved his hand. He came here to solve the trouble of Qinglai chamber of Commerce and repay Ye mu, but he didn't have much time to waste.

A welcoming elder looked embarrassed and said, "this... Lord Ye, she said, don't bother you, she can solve it."

Ye Chen insisted, "take me to have a look."

Seeing ye Chen's resolute attitude, the elder dared not violate it and said, "yes."

At that moment, he took Ye Chen to the source jade vein.

Ye Chen let Lu Hechan stay and set out alone.

The elder took him and soon came to the mineral vein.

This source jade vein is actually hanging upside down in the sky, which is quite magical.

This inverted world cannot exist in this world. It can only be the concept of no time and space, which collapses and changes into such a scene.

The source jade vein presents a green color, surrounded by verdant vegetation, and the background is a blue sky. The environment is quiet and bright, which makes people relaxed and happy.

However, when ye Chen was close to the vein, he felt bursts of killing gas.

The elder took him to the North vein of Shenlan sect.

But he saw a disciple covered with blood, very embarrassed, and hurriedly escaped from the North vein mine cave. Seeing ye Chen and the elder, he was stunned, and then knelt down and shouted, "elder, it's bad. The people of the ghost sect have been killed, and Mo Jiuluo has snatched the Shenyuan flower!"

The elder was terrified and shouted, "what!"

The disciple said, "the patriarch and the elders' Dharma guardians are all controlled by the people of the ghost sect. Mochula said, ask us to take 100000 inferior source jade to redeem people."

The elder suddenly felt thorny and said to Ye Chen, "namokura is the chief elder of the ghost sect. His cultivation is immeasurable, and he is extremely strong. Lord Ye, what should I do?"

Ye Chen looked heavy and said, "let's go and have a look."

Striding forward, the elder hurriedly followed him.

Chapter 8587

The disciple kneeling on the ground, staring at Ye Chen's figure, was suddenly excited: "is this adult the legendary Lord of reincarnation?"

Our God LAN Zong is saved! "

Ye Chen entered the vein, and sure enough, he saw the ghost gas around him. The strong men of the ghost sect, holding weapons, guarded the entrances and passages.

Seeing ye Chen and the God LAN Zong grow old, those strong men of the ghost sect immediately showed vigilance and murderous spirit and surrounded them.

The elder of Shenlan sect raised his hands, indicating that he had no malice. His cultivation was weak, and he didn't dare to make any moves. He just pinned all his hopes on Ye Chen, saying loudly:

"The Lord of reincarnation is here. Call Kumara out!"

The strong men of the ghost sect were shocked when they heard the name of the Lord of reincarnation.

"This boy is the Lord of reincarnation?"

"It is said that the Lord of reincarnation, with the body of hundred flail realm, is qualified to fight against the Immortal Emperor. He is indeed hundred flail realm."

"No, the Lord of reincarnation actually came here. Looking at his ordinary appearance, it's not as powerful as the thunderobot's Oracle."

Many of the strong men of the ghost sect talked about it one after another, and were shocked and uncertain.

Guidaomen believes in the God of thunder. Many of the strong of guidaomen have heard the oracle of the God of thunder.

The God of thunder said that reincarnation is the greatest thing in the world and cannot be disobeyed.

The Lord of reincarnation is reborn for the ninth life, and the Qi of this life has been accumulated and completed, so he can reach the supreme truth.

However, seeing that ye Chen is not even in the realm of heaven, it is hard to believe that many strong men of the ghost sect are qualified to win the supreme position.

Whoosh!

Among the trees nearby, poisoned crossbows and arrows were shot.

It seems to be a ghost sect killer lurking in the dark. I want to try Ye Chen's strength.

Ye Chen's eyes were cold, his face did not change color, and suddenly took out the reincarnation sky sword. The sword light flashed, and the crossbows and arrows were blocked by the sword body, and then reflected back.

In the dark trees, a few muffled sounds came out.

Those killers were injured by their own crossbows and arrows, and their lives were unknown.

Ye Chen casually showed his hand, which immediately made the strong men of the ghost sect around in an uproar.

The elder Shenlan, standing beside him, was sweating and trembling all over, so he insisted not to collapse.

If ye Chen hadn't been here, he would have been killed by those crossbows.

"The Lord of reincarnation is really extraordinary!"

Only a sound of appreciation sounded.

I saw a white haired old man striding out of the deep vein.

Behind the old man, a group of elite of the ghost gate, escorting the martial artists of Shenlan sect, also came out.

Many elders, Dharma guardians, and elite disciples of Shenlan sect who guarded here were all captured by the ghost sect, all tied with iron chains.

Above the iron chain, there was a purple flash of light, and behind it seemed to be the great power of Thor.

Ye Chen saw LV qinxuan with messy hair and pale face at a glance.

"Brother ye..."

Lu qinxuan was ashamed and embarrassed when she saw Ye Chen coming.

She wanted to protect the God Yuanhua, but she was captured by the ghost gate, and all the strong men of Shenlan sect were captured.

"I've heard a lot about reincarnation. Nice to meet you."

In the ghost road gate, the white haired old man, who was the first, arched his hand at Ye Chen with a smile, his eyes flashing, couldn't help looking at Ye Chen, as if he wanted to find out his details.

When ye Chen saw this jiumoro, the purple light flickered between his hair, and his breath was sharp. There was a faint thunder rolling, which was also a chill in his heart.

"This old man seems to have been protected by the God of thunder, which should not be underestimated."

Ye Chen has the thunder god ancestor device and the thunder seal in the sky on his hand, so he is very sensitive to the thunder god breath in the dark.

He obviously felt that Kumara had the blessing and protection of the God of thunder.

Maybe it was like this that he destroyed everything, captured the defense of Shenlan sect and captured everyone.

"Since you know me, there is no need for us to fight. Don't worry, Shenyuan spends half of us."

Ye Chen calmly said that behind the other party was the God of thunder. If he could solve it peacefully, he didn't think of fighting.

Kumara laughed and said, "sorry, Lord of reincarnation, I sent the Shenyuan flowers back to the mountain gate. Your Chamber of Commerce has many treasures, so why rob us of just a medicinal herb?"

"If you want me to release people, you can also bring 100000 inferior source jade, and I will release people."

Ye Chen's face sank and said, "Your Excellency is so deceiving, that is, there is no discussion?"

Kumara laughed, "it's OK to discuss. You can bring Yuanyu here first."

Hearing the words, ye Chen's eyes immediately flashed over the killing machine.

Kumara's smile was also instantly stiff, with murderous eyes.

"Do it and kill him!"

He knew that there was no room for negotiation. If he wanted to do it, he would do it. At the moment when Ye Chen's eyes appeared, he categorically ordered that he should start first.

All the strong men of the ghost sect around suddenly burst into action.

Everyone knows that reincarnation is famous and terrifying, and no one dares to underestimate the enemy's carelessness and burst out in full force one after another.

Hundreds of strong people of the ghost sect are as powerful as a rainbow, and the ghost gas blocks out the sky and the sun. Countless magical powers, magic weapons, and highly toxic crossbows and arrows shot in the dark are killing Ye Chen in a swarm.

The elder of Shenlan clan beside Ye Chen was paralyzed with fear.

"Seek death."

"Cut the sky nine swords, and the Phoenix dances nine days!"

Ye Chen's eyes are like a bright golden sun. The reincarnation Heavenly Sword is sacrificed, and the golden sword spirit blooms, turning into a Phoenix, soaring for nine days, sweeping everything.

Chapter 8588

At this moment, the extreme sword momentum of the nine swords of chopping heaven completely broke out.

The Phoenix danced nine days and soared in the sky.

The golden sword is like a meteor flying backwards, killing everything and tearing everything apart.

After reincarnation Tianjian recovered, ye Chen's blood power degenerated.

His nine swords of chopping the sky are also powerful by leaps and bounds.

This move Fengwu nine days cut out, is simply earth shaking, unstoppable.

In an instant, half of the hundreds of strong ghosts were killed by Ye Chen.

The attack of many martial arts magical powers was completely crushed by the bright sword Qi of Feng Wu Jiutian before it came close to Ye Chen's body.

"What!"

Seeing this scene, kummeroton broke out in cold sweat and couldn't believe his eyes.

He knew Ye Chen was strong, but he didn't expect Ye Chen to be so strong.

When a sword is wielded, it is simply God blocking and killing God, and Buddha blocking and killing Buddha.

Captured Lu qinxuan, as well as many Shenlan sect disciples, also looked shocked.

At the moment, ye Chen, reincarnation Heavenly Sword in hand, brilliant and powerful as the Supreme God King, invincible.

"Thunder God, give me shelter!"

"Thor way, annihilation claw!"

Under the terror of Kumara, his hair was also creepy, and he felt great danger. He immediately killed with one claw and grabbed it directly at the top of Ye Chen's head.

Although he is a strong man in the boundless realm, he is also scared in the face of Ye Chen's terrible sword killing.

If he relied on his own strength alone, he didn't dare to fight ye Chen at all.

Fortunately, he has the protection of the God of thunder and the possibility of anti killing.

The old claws, the smell of thunder burst, and the purple lightning burst. If you want to burst the sky, your power is earth shaking.

Ye Chen felt a vast thunder, but he was not flustered.

"Rock god blood, burning!"

"Dragon fighting gun, blood dragon hovering!"

Ye Chen's eyes showed a light as thick as rock, and the rock god's blood in his body immediately burned.

Since Kumara has the protection of the gods, ye Chen also bursts into the majesty of God's blood, and does not lose the wind at all.

A battle gun, surrounded by hundreds of millions of dragon shadows, burst out behind Ye Chen, burst into the air and shot at the claws of Kumara.

On the battle gun, the figure of the blood dragon hovered, and the sound of the dragon was startling.

When Xianren Feifan fought with tiannv, tiannv once wielded the gun of dragon fight.

Ye Chen saw the fighting technique of the Ferris woman, and he also had some insights. The power of the gun of the dragon fight was greatly improved.

Moreover, the breath of the dragon fight gun is faintly connected with his dragon life star.

With the blessing of the dragon's destiny star, the power of the dragon's gun is even more terrifying enough to crush the six layers of heaven in immeasurable territory.

"Not good!"

Seeing ye Chen's offensive, so fierce and domineering, Kumara's eyes contracted, and he was shocked.

But he can't stop.

Poof!

Ye Chen's gun of dragon fight pierced fiercely, and suddenly shot through the palm of Kumara's hand, splashing blood.

"Ah!"

Kumara uttered a scream and retreated in embarrassment. A hole had been pierced in his palm, and the Dragon gas burst on it, and a trace of dragon gas even penetrated into his meridians.

Once the Dragon Qi enters the body, his meridians and viscera will be squeezed alive by the exploding dragon.

In the crisis, Kumara hurriedly ran Reiki, suppressed this dragon Qi, and his body was already shivering.

One move, just one move, he was defeated by Ye Chen, completely unable to fight.

This is still under the protection of the God of thunder.

Without the protection of the God of thunder, ye Chen's just shot would have killed him.

Lu qinxuan and many of the strong men of Shenlan sect, as well as the remaining people of the ghost gate, stared at Ye Chen, and everyone was stunned, with a look of consternation and shock.

If they hadn't seen it with their own eyes, how could they dare to believe that a warrior in the hundred flail territory could erupt such a terrible momentum, which was simply devastating. Even Kumara, a powerful man in the six layers of the infinite territory, was defeated by one move.

"Kneel down, I can spare you from death."

Ye Chen looked at Kumara, and his eyes scanned the whole audience. His voice was calm, with a trace of coldness.

He didn't immediately move the killer. After all, behind the ghost gate, there was the protection of the God of thunder.

To reserve a little room for maneuver is to respect the gods.

"Lord of reincarnation, spare your life!"

Kumara shivered and immediately knelt down, completely afraid to fight ye Chen again.

Under the pressure of Ye Chen, his heart was trembling. How dare he resist?

The strong men of many ghost sects around also knelt down and begged for mercy.

People from Shenlan sect were stunned on the spot when they saw this scene.

Originally, they were captured, and their fate was doomed to misery.

But when ye Chen came, he immediately reversed the situation and was simply invincible.

Ye Chen waved his hand. The martial artists of the gods LAN sect immediately came to the spirit, broke free from the shackles of their bodies, and in turn bound the people on the side of the ghost gate.

The identity of the winner and the prisoner is reversed at this moment.

Lu qinxuan stared at Kumara, gnashing his teeth, and said to Ye Chen, "brother ye, kill the old man!"

Hearing this, Kumara was pale with fear. He looked at Ye Chen with fear and said, "Lord of reincarnation, spare my life. I don't know gold and jade. You won."

Ye Chen said to LV qinxuan, "don't kill people first, take back the Shenyuan flower."

He said to Kumara, "where is the Shenyuan flower?"

Hand it in. "

Kumara swallowed his saliva and became a prisoner at this time. He no longer had the courage of a great master. He said, "report to the Lord of reincarnation, that Shenyuan flower, I have sent someone back to the sect first. If you want, I'm afraid you have to discuss it with our leader, Mr. ghost."

Ye Chen chuckled and said, "that's all. Call Mr. ghost to talk to me."

Mr. GUI's strength is the peak of immeasurable territory, which is much stronger than Kumara.

Ye Chen is not afraid if there is a face-to-face confrontation.

But if there is a war at the Mountain Gate of ghost road gate, ye Chen may not win.

This is the influence of geomantic omen and Qi, earth vein and natural mechanism.

Therefore, he won't go to the ghost gate.

Even if there is a negotiation, Mr. ghost comes to negotiate with him.

He has the initiative.

Kumora smiled bitterly and said, "the leader prayed for the God of thunder day and night and never went out."

Ye Chen's face sank, his eyes turned slightly, and said to Lu qinxuan, "Miss Lu, send a flying sword letter to the ghost gate, and ask them to send back Shen yuan flowers, pay 100000 inferior source jade, and we'll release people."

Lu qinxuan was overjoyed at the speech and said, "OK, brother Ye."

Previously, she and the people of Shenlan sect were captured. The ghost sect asked for a ransom of 100000 Yuan Yu. Now ye Chen also asked for 100000 Yuan Yu in turn.

This is the other way, return to the other.

Everyone in Shenlan sect was cheering, while the ghost gate side was sad and helpless.

"Take them back!"

The resolution has been decided. Ye Chen waved his hand and asked LV qinxuan and others to escort jiumoro and other members of the ghost sect back to Shenlan sect.

Chapter 8589

When ye Chen came back from victory, the whole Shenlan sect cheered.

Lu qinxuan immediately repaired a flying sword biography and sent it to the ghost gate, asking them to send back Shenluan flowers and prepare a ransom of 100000 yuan jade.

Ye Chen knew that it was impossible to get the ransom of 100000 yuan jade.

He is asking exorbitant prices, giving the other party a chance to pay back the money on the ground, and the two sides discuss to solve it, so as to avoid knife and soldier meeting.

After all, the lost territory is about to open, and ye Chen doesn't want to create complications.

After the flying sword biography was sent out, ye Chen calmly waited for the ghost gate to reply.

After waiting for a day, the reply didn't arrive, but an old man came to the door, claiming to be the messenger of Xuangong, and wanted to see ye Chen.

Ye Chen was slightly surprised. He knew that there were three forces in the lost territory. In addition to Shenlan sect and guidaos, there was also a Xuangong.

This Xuangong is very mysterious. Under Ye Chen's insight into the secret of heaven, he can't peek clearly. He only knows that the strength of Xuangong is stronger than Shenlan sect and guidaomen combined!

Now there are Xuangong envoys asking for an audience, which really surprised Ye Chen.

Lu qinxuan was also very surprised when she heard someone from Xuangong.

"Miss Lu, is this Xuangong an enemy or a friend?"

Ye Chen frowned slightly and asked LV qinxuan that he didn't know the details of Xuangong.

"Xuangong is not an enemy, but it is by no means our friend."

"They... Are very mysterious."

Lu qinxuan adjusted her words with a trace of awe in her voice before continuing:

"Xuangong doesn't belong to this world. They were born in their own fantasy and are the guardians of the fantasy of Cang Xuan emperor."

Ye Chen was stunned, and he didn't know why: "was born in self fantasy?"

Emperor cangxuan knew that he was the strong man who killed countless old gods in the past and the master behind Zu xuantu.

But the guardian of emperor cangxuan's fantasy, what does this mean, he doesn't understand.

Lu qinxuan's Willow eyebrows were also light frowning, looking for the right words to explain to Ye Chen.

After thinking for a while, she slowly said, "brother ye, you know, no time and space is the convergence of countless fantasies, which is completely different from the real world."

Ye Chen nodded, "I know."

Lu qinxuan said, "this Xuangong is actually a fantasy concept, not a real existence, but the fantasy of emperor cangxuan."

"Emperor cangxuan fantasized that there was a force who respected him and guarded the treasure for him."

"This fantasy came true 500 years ago, and created tens of thousands of strong men in the Xuangong palace. They respected the emperor cangxuan and took guarding the treasure as their mission."

"In this short period of 500 years, they have spent hundreds of centuries in the distorted time of fantasy. The accumulation of martial arts is extremely profound, which cannot be underestimated."

After hearing the origin of Xuangong, ye Chen felt unimaginable and said, "born from fantasy, this is really... An existence that is difficult for mortals to understand..."

After a pause, he asked again, "is the messenger of the Xuangong coming to stop us from looking for the treasure?"

Lu qinxuan waved his hand and said, "no, the lost territory has been open before, but the treasure is only open to the outer layer. The treasure in the outer layer can be searched at will, and the Xuan palace will not block it."

"What they guard is the treasure of the inner layer, which is the crystallization of Cang Xuan emperor's lifelong efforts. It is said that only by taking his once magic treasure Zu xuantu as the key, can the inner door be opened."

Ye Chen heard this, and his heart was cold.

That zuxuantu is in his hand!

Is it true that the messenger of Xuangong came to seize zuxuantu?

"What will happen if we don't see the Xuangong messenger?"

Ye Chen frowned and asked.

Lu qinxuan thought for a while and said, "it's better to see that the Xuangong is powerful and it's not easy to offend. They were born in their own fantasy and can directly communicate with the emperor cangxuan. With the power of the emperor cangxuan, their strength is very terrible."

Ye Chen was slightly dignified in his heart, so he had to nod his head, and then asked someone to invite the messenger of Xuangong to come in.

.....

Shenlan sect, in the conference hall.

Ye Chen sits in the middle and south, occupying the chief.

Lu qinxuan and Lu Hechan sat on his left and right sides respectively.

Although LV qinxuan is the patriarch, now ye Chen is here, naturally respecting reincarnation.

Many elders of Shenlan sect sat on both sides, and all the basic high-level figures arrived.

The inside story of Xuangong is not trivial. When envoys visit, they naturally use the highest standard.

Soon, a welcoming elder led an old man in a dark Taoist robe to the hall.

When ye Chen saw the old man, he was immediately startled.

The old man's appearance, he is very familiar with, actually with Lu Hechan's grandfather, the ancestor god king is exactly the same!

If it weren't for the old man's cultivation breath, and he was far away from the ancestor god king, ye Chen almost thought that this person was the ancestor god king.

"Grandpa!"

Lu Hechan saw the old man, also subconsciously exclaimed, and immediately realized that the old man was not her grandfather, and immediately stunned.

The old man smiled, looked around the audience, held a square fist, and said, "I'm Lu Xu, the disciple of the high priest of Xuangong under the nine constellations. I took the liberty to visit you today and have seen you."

He bowed solemnly to Ye Chen and said, "I have seen the Lord of reincarnation."

Finally, he looked at Lu Hechan and said with a smile, "little girl, I'm not your grandfather."

Lu Hechan was confused and in a trance. The old man called himself Lu Xu, and her grandfather's secular name was also Lu Xu.

Although she knew that the old man was not her grandfather, it was too coincidental and chilling.

Lu Xu touched his beard, looked at Lu Hechan, and said with a smile, "I was born from the fantasy of emperor cangxuan. I may have predestined you with your grandfather. After all, your grandfather once took charge of Zu xuantu."

Chapter 8590

The three words of Zu xuantu fell, and there was a chill in the hearts of the whole audience.

In the process of constantly investigating the treasure, everyone had already seen the secret of heaven and knew that the ancestral mysterious map was the only key to open the inner treasure.

Now Lu Xu mentioned Zu xuantu, what is his intention?

Ye Chen stared silently at the landing void.

Even if Lu Xu was alone and in the core Mountain Gate of Shenlan sect, his face did not change, and he smiled and said, "my Taoist master Jiuxing once predicted that the person in charge of Zu xuantu was the predestined person of my Xuangong, which can help my Xuangong escape from the sea of suffering, get rid of the fate of fantasy, and truly take root in reality and be down-to-earth."

"You also know that my Xuangong was born from fantasy. In fact, Qi luck is very illusory. If the heavenly mechanism changes a little, we are likely to disappear."

"Only the predestined person in charge of Zu xuantu can save us."

Lu Xu is very frank and has no taboo of Xuangong.

The biggest problem of Xuangong is that it is too empty. It was born from fantasy and has no foundation in the real world. It is like flocs floating in the wind and duckweeds in the water. If there is a slight difference, it will disappear.

Tens of thousands of people in Xuangong are worried every day, for fear that one day, they will be destroyed in fantasy.

"Your Excellency means..."

Ye Chen frowned slightly.

"Lord of reincarnation, I know that Zu xuantu is in your hand. You are the predestined person of my Xuangong. Only you can save my Xuangong!"

"I was ordered by the Taoist priest to invite you to the Xuangong palace. You will be my guest in the Xuangong palace in the future. No matter what the order is, the Xuangong palace will obey."

Lu Xu's tone suddenly became sonorous and powerful, also indicating his intention.

He came to invite Ye Chen to Xuangong!

Ye Chen was shocked in his heart, pondered for a while, shook his head and said, "Your Excellency is joking, how can I be? What qualifications can I have to save your Xuangong?"

Xuangong is too mysterious. It was born from fantasy. Ye Chen has no friendship with Xuangong, and naturally it is impossible to step into each other's territory rashly.

If you don't come back after going, you'll be in trouble.

The cause and effect behind Xuangong is related to the mystery of truth and fantasy, which is even more mysterious, and he doesn't want to be easily infected.

Lu Xu said, "Lord of reincarnation, between heaven and earth, no one can save my Xuan palace except you. As long as you are willing to take action, all the people in my Xuan palace can listen to your orders and fight against the wanxu and the death cult for you!"

Ye Chen frowned. Knowing that a direct refusal might lead to unnecessary contradictions, she said, "sorry, this matter is very important. Please allow me to consider it for a few days. You'd better go back first."

Seeing that ye Chen refused to agree, Lu Xu sighed and said, "it seems that the Lord of reincarnation still thinks that my Xuangong is not sincere enough."

Ye Chen said, "No."

Lu Xu said with a wry smile, "well, I'll go back first and visit again in a few days. At that time, my Xuangong will prepare a generous gift to let the reincarnation master know our sincerity."

With that, he stood up and turned to leave.

Ye Chen shouted, "come on, send elder Lu out."

Several elders got up and prepared to send people away.

But suddenly, Lu Xu turned back, and a flash of lightning like fine light shot out of his eyes. His thin claws shot out and grabbed Ye Chen's heart.

This shot was as fast as thunder without warning.

Moreover, the path of Lu Xu's palm move is also mysterious, as if it does not exist in the real world, but a fantasy martial art.

His claws seem to grasp Ye Chen's heart, and it seems that he is ready to change his moves at any time to attack Ye Chen's head, which is very strange.

Ye Chen's face sank, but he didn't expect Lu Xu to suddenly attack.

Lu qinxuan, Lu Hechan, and the elders in the audience also exclaimed.

"The god elephant crashed into the sky and was broken by me!"

Ye Chen gave a deep drink in his heart, and his fist suddenly burst out.

Lu Xu's move is very strange and unpredictable, and ye Chen is also uncertain.

However, as long as his strength is strong enough, no tricks can harm him.

This fist was like a divine elephant collapsing into the sky, and the momentum was fierce and huge, which broke out the true meaning of Wu Zu's unique skill.

Boom!

The fist wind, which is as crazy as the Star River, roars and surges.

Lu Xu's paw was not close to Ye Chen, and his body was shaken away by the fist wind. Any trick changes were instantly eliminated.

Click!

Ye Chen's strong fist hit Lu Xu's chest.

Lu Xu's ribs burst, and empress Cang retreated, looking extremely embarrassed and spitting out a mouthful of blood.

"Grandpa!"

Lu Hechan was in a hurry, subconsciously shouting, got up and wanted to help Lu Xu, but immediately woke up and sat down stupidly.

Lu Xu coughed twice, wiped the blood from the corners of his mouth, smiled and said, "reincarnation martial arts is really powerful and domineering, and I admire it."

Ye Chen said in a deep voice, "what's the meaning of your sneak attack?"

Lu Xu said, "I'm reckless. I just want to try the strength of the reincarnation Lord to see if you are qualified to take charge of Zu xuantu."

"Cough... Now it seems that no one is more suitable than you in this world."

Ye Chen's face sank. Lu Xu didn't say a word, and suddenly made a sneak attack, which made him feel very unhappy.

That Xuangong said he wanted to invite him as a guest of honor, which seemed not to be sincere.

Otherwise, if he reacts slowly, won't he be punctured by Lu Xu and killed directly?

"Send Master Lu out."

Ye Chen stopped talking nonsense and waved his hand.

Several elders dared not breathe and sent Lu Xu out.

Lu Hechan saw Lu Xu leave, stunned, quite a little disappointed.

Lu qinxuan asked with concern, "brother ye, are you not injured?"

Ye Chen said, "I'm fine."

Lu qinxuan said, "do you want to help Xuangong in the future?"

Ye Chen said, "let's talk about it later."

Lu Xu said that ye Chen was the predestined person of Xuangong, and only he could save Xuangong.

However, ye Chen didn't mean to be tainted with cause and effect.

Moreover, Lu Xu suddenly attacked him. Although it was a test, it also made him very unhappy.

After Lu Xu left, ye Chen's attention was put back on the ghost gate.

A full day has passed, and there is no reply from the ghost road gate.

Is Mr. GUI, the leader of the ghost sect, going to give up kumorra and others?

These are the elite and strong of guidaomen. If you give up all of them, guidaomen will lose its vitality in the future, and you won't have to stand on the world too.

Kumora and others were also shivering, wondering what their future fate would be.

After waiting for another day, the ghost gate finally sent back a letter.

Lu qinxuan excitedly took the reply and came to see ye Chen.

"Brother ye, the ghost gate replied."

Lu qinxuan opened the letter, but frowned, showing a look of surprise and uncertainty.

"Mr. GUI said that he was willing to return Shenyuan flower and pay all ransom."

"Even, he said, he actually admires reincarnation and wants to become a believer in reincarnation."
