### Chapter 8591

"He wants you to go to the ghost gate in person, and you can only go alone."

"As long as you go and prove your martial arts strength, he is willing to submit. In the future, all the resources of the ghost sect are yours."

Ye Chen was also deeply surprised after hearing what Lu qinxuan said.

"Mr. ghost wants to obey reincarnation?"

Ye Chen couldn't believe it. He took the content of the letter, which was the same as what Lu qinxuan said.

Mr. GUI really said that he intended to submit to Ye Chen and dedicate the whole ghost gate to reincarnation.

As long as ye Chen can prove his martial arts strength.

At the end of the letter, Mr. GUI also specifically said that there was a treasure in guidaomen, which was captured from the lost treasure last time. It was a page of era daoshu.

"Mr. ghost has a page of era Taoist book in his hand?"

Ye Chen was shocked.

When he came to the lost land to search for treasure, what he wanted most was actually the miracles praising the world. As long as he could find the era daoshu, he could let Ren Feifan hide in the past era, so as to easily avoid the mystery of heaven and avoid the call of truth and soar.

Moreover, if you can get the era daoshu, ye Chen's understanding of the miracles Ode to the world will also be more in-depth.

Now, Mr. GUI actually said that he had a page of era Taoist book on hand!

Ye Chen's heart is pounding. This era Taoist book is very important to him, and he must not miss it.

Lu qinxuan snorted and said, "brother ye, this ghost sect is so shameless that it asked you to go to the meeting alone. I really treat you as a fool."

In Mr. GUI's letter, although he is willing to submit to reincarnation, the conditions are very harsh. Ye Chen must go to the meeting alone and prove the strength of martial arts.

If ye Chen went to Mr. ghost's territory, it would be a sheep into a tiger's mouth, which was very dangerous.

In other people's territory, Qi and Feng Shui are restricted everywhere. Once the war starts, it is extremely unfavorable.

Ye Chen's eyes turned. Under normal circumstances, he would not take risks easily.

But now, Mr. GUI has a page of era daoshu in his hand.

This is a fatal attraction for him!

"Since Mr. ghost invited me, I used to be."

Ye Chen's eyes flashed a cold light and rubbed the letter in his hand into a ball.

Hearing this, Lu qinxuan was surprised and said, "brother ye, do you really want to go to the meeting alone?"

Absolutely not! Mr. ghost is wily. If you go, you can't get out! "

Ye Chen said calmly, "it doesn't matter, he can't hurt me."

In the core territory of the ghost gate, ye Chen is not sure to defeat Mr. ghost.

However, he is absolutely sure that he can retreat completely.

Looking at the whole world, there are not many people who can threaten Ye Chen's life.

This ghost gate is obviously not qualified!

Lu qinxuan was full of worry and said, "no, no, you can't take such a risk. If something happens to you, I can't afford to blame Ye mu."

Ye Chen is the most important person in the eyes of Ye mother. If something goes wrong, LV qinxuan is only worried about ye mother's anger. At that time, her whole LV family will be buried with her!

"Then I'll tell Yemu."

Ye Chen laughed.

LV qinxuan was stunned, but she didn't expect Ye Chen to ask for instructions directly from ye mother.

Ye Chen doesn't talk nonsense, and calls Ye Mu's name in her heart at the moment.

His will came out, and suddenly there was a rumble between heaven and earth.

All of a sudden, a dark demon gas covered the whole mountain gate of Shenlan sect.

Shenlan sect, everyone was panic stricken.

They felt that this dark evil spirit was not malicious, and even wanted to protect God LAN Zong.

However, the powerful force behind this breath made everyone tremble and everyone knelt down.

I saw nightingales dancing and chirping in the devil's air, and the bloody mist was spreading, suffocating.

A beautiful and graceful girl's figure emerged under the embrace of nightingales.

"Night mother..."

Lu qinxuan saw the girl's figure, and her face turned white with fear. She only felt her eyes tingle.

Looking directly at the God, she almost lost her eyes and hurriedly knelt down, afraid to look up.

"Yuying girl."

Ye Chen smiled and looked at Ye Mu's figure. There was no panic, and his face was calm.

In others' eyes, night mother is supreme, dark and terrifying.

But in Ye Chen's eyes, ye Mu is his friend, and there is nothing to be afraid of.

LV qinxuan heard Ye Chen dare to call ye Mu's name directly, and he called it so kindly that he was too frightened to speak.

"Is Ren Feifan okay?"

The night mother windy warbler saw Ye Chen, and the first sentence she said was to ask Ren Feifan about her situation.

"Well, elder Ren is fine. Thank you for your concern."

Ye Chen laughed.

"Alas, you can't kill tiannv this time. You're finished."

"I've seen the future. Tiannv and Hongjun will work together to kill you."

"Ren Feifan is going to die, and his bones will become the material for casting your tombstone."

The night mother sighed deeply.

Ye Chen was surprised and said, "what, tiannv wants to join hands with Hongjun?"

The night mother kept secret and said in a deep voice, "I can't say more. The mystery of the future is too terrible. Anyway, you and I are allies. Hongjun wants to kill you, and I will fight to protect you."

"Alas, I'm probably not Hongjun's enemy, and I may also be dying."

"However, it's not too unjust to die under Hongjun's hand. Hehe, after all, this big man, the hegemony of wuwuwuspacetime, is the top three among the top ten masters of wuwuwuspacetime."

Chapter 8592

Ye Chen's heart contracted. He knew that this time tiannv would not die, and he would fight with tiannv himself in the future.

But he never thought that Hongjun ancestor would also be involved.

Loyalty and righteousness cannot be achieved. Hongjun's ancestor had already decided to continue to be loyal to Zihuang fairy palace, and his relationship with Ye Chen was on the verge of breaking.

Once Hongjun's grandfather made a move, it was really a disaster.

"If you want to go to the ghost gate, go, but leave Zu xuantu."

The night mother said again.

Ye Chen frowned and thought, "is it true that the night mother is worried that something happens to me, and Zu xuantu is taken away by Mr. ghost, so she wants me to leave this picture?"

He wanted to ask, but the evil spirit disappeared between heaven and earth, and the figure of night mother also disappeared.

Heaven and earth were clear again, but everywhere in Shenlan sect, everyone still knelt on the ground trembling.

Night mother is a real God. Even if she shows a little breath in the world, it is extremely terrifying, which is not affordable to ordinary people.

Ye Chen glanced at LV qinxuan sideways, but saw that she was also kneeling on the ground, sobbing and crying, and was scared to cry by Ye mother

Ye Chen was a little funny in his heart. It seemed that the majesty of the gods was too terrible for ordinary people.

"Miss Lu, the night mother said that I was allowed to go to the ghost gate."

Ye Chen laughed.

Lu qinxuan sobbed and said, "well, brother ye, you... You go."

"Please keep this zuxuantu for me first."

Ye Chen listens to the night mother's instructions and also leaves Zu xuantu behind.

Lu qinxuan nodded in tears, holding Zu xuantu and shaking her hands badly.

Ye Chen couldn't laugh or cry, so he left Shenlan sect and went to the meeting alone to the ghost gate.

After leaving Shenlan sect, ye Chen thought of what Yemu said, and his heart was very dignified.

"This game of chess is becoming more and more dangerous, and Hongjun will also intervene. It is difficult to clean up the scene."

If she is only a heavenly daughter, ye Chen is still sure to deal with it, and even has fantasies in her heart. She wants to take her as her concubine after defeating her.

But now Hongjun's grandfather wants to step in, and all ye Chen's fantasies are shattered. He only feels thrilled and afraid in his heart.

He is very clear about Hongjun's strength. Once Hongjun joins hands with tiannv, it will undoubtedly be the end for him.

"Well, it's useless to think more about things in the future."

"Now the most important thing is to get the era Taoist book and give it to elder Ren."

Ye Chen exhaled and calmed down.

All the way forward.

Soon, ye Chen came to the guidaomen Mountain Gate.

The environment of the ghost road gate is gloomy. The whole mountain gate and palaces are shrouded in a deep ghost gas. In the ghost gas, there is a flicker of lightning, with a trace of beauty in the strangeness.

At the entrance of guidaomen Mountain Gate, someone had been waiting.

A dozen elders guarded the entrance.

"Ye Chen, the inheritor of reincarnation, thanks to Mr. GUI's invitation, specially came to worship the mountain for an appointment!"

Ye Chen came down, hugged his fist and shouted loudly.

The dozen elders were shocked when they saw that ye Chen actually came.

Dang, Dang, Dang!

On the guidaomen mountain, there were bursts of bells, smoke billowing, ghosts crying and wolves howling, and a commotion.

"This boy, really come to the meeting alone?"

"Isn't he afraid of death?"

"If he dares to come to our territory, even if he has achieved great accomplishments, he will be suppressed by the leader today!"

There were many disciples of the ghost Sect on the mountain. Seeing ye Chen at the foot of the mountain, they were all talking and surprised.

A dozen elders guarding the pass were stunned and at a loss.

They didn't expect that ye Chen really dared to come, and he was still alone.

"Please come in, Lord of reincarnation."

At this time, a thick voice came from the top of the mountain. It was the voice of the head of the ghost sect, Mr. ghost.

Hearing this, the elders returned to their senses and hurriedly invited Ye Chen in.

"Lord of reincarnation, this way, please."

Ye Chen nodded, followed the elders, stepped into the Mountain Gate of guidaomen, and walked straight to the top of the mountain.

Along the way, countless disciples gathered to see ye Chen's accomplishments. As expected, it was like a legend. There was only a hundred flail realm. They were stunned and surprised and couldn't believe it.

Ye Chen came all the way to the top of the mountain. There was a mysterious gray temple on the top of the mountain, and the door was locked.

The elders took Ye Chen to the top of the mountain and bowed down.

Ye Chen took a deep breath and looked at the gray temple. He could clearly feel that there was a strong breath hidden in the temple.

That's Mr. ghost's breath, the six-level peak of immeasurable realm.

Because it is on the earth vein of the ghost gate, Mr. ghost's breath has a trace of heaven and earth pressure, which makes Ye Chen feel a little pressure inexplicably.

He knew that Mr. GUI had no strength to hurt him, but he still felt pressure, which was given by the law of heaven and earth.

In other people's territory, after all, is subject to everywhere.

Click!

The gate of the temple is open.

At the end of the hall, there was a huge figure, 100 feet tall, floating with ghost gas and purple electricity. With the blessing of the laws of heaven and earth, the divine power was strong, and it was Mr. ghost.

"Lord of reincarnation, come in."

Cried Mr. ghost.

Ye Chen nodded and stepped into the hall.

Mr. GUI showed such a huge figure, mostly to frighten him.

However, ye Chen was unmoved.

His Taoist heart is extremely strong, and his martial arts heritage is amazing. Even the strong man at the peak of the wuliangjing six layers of heaven cannot deter him.

If there is a real fight, whoever suppresses it may be.

"Mr. ghost, nice to meet you for the first time."

Ye Chen arched his hand.

"I've also heard about reincarnation for a long time. It's an honor to see zunfan today."

Mr. ghost smiled.

Then, with a wave of his hand, a white flower slowly drifted to Ye Chen.

"Return this Shenyuan flower to you. I've offended the ghost sect before. Please forgive me."

Ye Chen took the Shenyuan flower and immediately felt that there was an extremely abundant source Qi in the flower, which was indeed of great benefit to cultivation.

"You're welcome, Mr. ghost. Do you want to belong to my reincarnation camp?"

Ye Chen asked with a smile.

In the future, he will fight against the goddess of heaven, against the wanxu and the death cult, and even against the purple fairy palace, the power of the reincarnation camp, the bigger the better.

If the ghost sect wants to surrender, ye Chen is naturally welcome.

Even in the future battle, the ghost sect can't play a role, but as long as they obey, they can expand the Qi of the reincarnation camp, which is of great benefit to Ye Chen.

Mr. GUI laughed and said, "I said in the letter, Lord of reincarnation, as long as you can prove your martial arts strength, I am willing to submit."

Ye Chen said, "how to prove it?"

You fight me? "

Mr. GUI said, "you dare to go to the meeting alone. It's admirable for your courage."

"As for how to prove it, hehe, your martial arts are all powerful. I dare not fight with you."

"My ghost sect believes in the God of thunder. If you can take the knife of the God of thunder, I will be willing to surrender and give you the most precious thing in my collection, this page of era Taoist book."

Chapter 8593

With that, Mr. ghost presented a Book page, which was as mysterious as the starry sky. On the book page, there was the great mystery of the cosmic era. The black hole vortex was flowing, and a little star light was floating in the eternal track. At a glance, people could see a huge vocabulary of greatness, grandeur, holiness, vastness, profundity and so on.

Ye Chen's heart suddenly contracted, and that was the page of the era daoshu.

It's only one page, so great and mysterious. If it's a whole volume of Taoist books, it's OK.

"I don't know if there is only one page of Taoist Scripture. Can you help me?"

Ye Chen thought.

Whether a complete era Taoist book can be found in the lost treasure is unknown.

But now, the era Taoist book in Mr. GUI's hand is a visible and touchable existence.

"Do you want me to take the knife of Thor?"

Ye Chen's eyes are concise. He must get this page of era Taoist book.

However, the God of thunder, who is one of the nine gods, is very powerful and has dominated countless eras.

It's not easy to take her knife.

Mr. GUI said, "yes, of course, don't worry. What I want you to take is not the most powerful knife of Thor."

"My ghost road gate is dedicated to a statue of the God of thunder, with the will of the God of thunder on it."

"As long as you catch the knife gathered by the remaining thunder will, I will convince you that you can do anything in this life."

The God of thunder is a God. His highest strength is cut off with a knife. The Immortal Emperor is a mole ant and is dying. Naturally, people in the real world can't take it.

And under the influence of the law of reality and the law of truth, such a domineering knife cannot come to this world.

What Mr. ghost asked Ye Chen to take was a knife that gathered the will of the remaining thunder.

Ye Chen said, "how powerful is that knife?"

Mr. GUI's eyes showed a trace of awe and said, "that knife is the extreme of the martial arts of the God of thunder. It's called the wild thunder heaven Jue cut, which is one of the thirty-three gods."

"Furious thunder day absolute cut?"

Ye Chen's heart tightened. When he heard the name, he had seen the secret of heaven.

This knife is actually related to Ren Feifan's Xi Huang Lei Yin!

Xihuang thunder seal is one of the nine divine arts, which originates from the thirty-three divine arts.

And the source of Xi Huang's thunder seal is this crazy thunder sky Jue cut!

Mr. GUI sighed, "the founder of our guidaomen was once a strong man in the seven layers of immeasurable territory. He tried to take a knife from the thunder god, but he couldn't bear it. He was killed on the spot and reduced to robbery under the extreme power of thunder."

Ye Chen's eyes narrowed, and the immeasurable realm was seven layers of heaven. Such a strong man could not even catch the knife of the remaining will of the thunderrobot.

The horror of that knife can be imagined.

"Can you take me to see the statue of Thor first?"

Ye Chen asked.

He wanted to see the statue of the God of thunder first, feel how fierce the remaining thunder will be, and then make plans.

Mr. GUI was silent for a moment, then nodded and said, "yes."

He stood up and pinched a handprint. A space crack appeared in the temple.

"Follow me."

Mr. GUI greeted Ye Chen and stepped in first.

Ye Chen nodded, also stepping into the space crack, shuttling through, and the next moment, came to an ocean world.

This ocean world is completely formed by thunder. It is a sea of thunder, filled with rumbling thunder everywhere, shocking people.

Even the martial artists in the general Tianxuan realm will only end up as looters if they fall into this thunder sea.

Ye Chen has a strong constitution, but he is not afraid at all, and is not affected by thunder.

Mr. ghost on the side, seeing ye Chen's calm appearance, also admired him in his heart.

"That's the statue of Thor."

Mr. GUI narrowed his eyes slightly and looked into the distance.

I saw a huge statue standing on the sea in the distance to suppress the thunder sea.

The statue is a woman with stunning appearance, distinguished temperament and particularly plump figure. Even the statue can see the exquisite and convex curve.

Mr. GUI only dares to squint and dare not look directly, as if he is afraid of blasphemy and offense.

Ye Chen calmly stared at the statue and felt it carefully. He felt that there was a strong and terrible thunder breath on the statue, even with a trace of ancient will.

That ancient will resonates with the thunder seal in the sky, the ancestor of the God of thunder on him.

With this resonance, ye Chen can immediately confirm that the killing of this thunder will is enough to kill the strong at the level of quasi Immortal Emperor!

In other words, if a strong man of the level of Duobao Tianjun and ye Linyuan comes, they may be killed.

"It is worthy of being the nine gods. The remaining trace of will is so terrible!"

Ye Chen was secretly shocked and carefully examined the world.

This thunder sea world does not seem to belong to reality, but a special space that jumps out of reality. It is likely to be the small world opened up by Thor Tianzun himself, and it is the absolute field of Thor.

Under this field, the God power of the remaining will explosion of Thor is naturally earth shattering.

"Mr. ghost, you have the will of Thor to dominate the world. I dare not say, but at least you can occupy a place. Why do you shrink in this small place of loss?"

Ye Chen asked curiously.

Mr. GUI smiled bitterly and said, "although the power of Thor is terrible, it is not something we ordinary believers can borrow."

Chapter 8594

"In fact, the God of thunder believes in reincarnation. I listened to her oracle. She said many times that reincarnation is great, but I don't believe it, because I also heard that reincarnation has nine lives, and each life is a tragic death."

"The Lord of reincarnation in this life, cultivation is more..."

Then he glanced at Ye Chen and hurriedly said, "no, don't misunderstand, Lord of reincarnation, I'm not saying that your strength is not good, but that your superficial cultivation is indeed weak."

Ye Chen said, "it doesn't matter. My cultivation is really not enough."

Mr. GUI said, "it's not my intention to test your martial arts this time, it's Thor's intention."

Ye Chen suddenly realized and said, "is it the meaning of Thor?"

Mr. GUI said, "yes, it's the God of thunder. I want to try your strength with my own hands. If you can pass the test, I will obey you later."

"If you can't catch her knife, you will die."

"Like your first nine lives, you can't rise in the end, and all fall."

Ye Chen looked at the statue of Thor and felt a little dignified in his heart.

The remaining will of Thor was blown out with a knife, and even the strong man in the seven layers of immeasurable territory would be killed by seconds.

Even the master who is known as the quasi Immortal Emperor on the 8th floor of the sky can't hold many moves.

Ye Chen calculated his strength, which was sure to defeat Thor.

However, this test is not for him to win, as long as he can catch Thor's knife.

Just a knife.

"If it's just a knife, maybe I can catch it!"

Ye Chen secretly decided.

Thor's knife is fierce, but under the influence of the law of reality, no matter how strong it is, it will not be stronger than the Immortal Emperor.

With Ye Chen's current martial arts background, even the strong immortal emperors such as Yu Huang ancient emperor, Mo Zu Wutian and Ren tiannv can't kill him at one blow.

Although he could not fight the Immortal Emperor, it was not impossible to fight against him.

"Mr. ghost, I am willing to accept the test."

Ye Chen took a deep breath, and his eyes became sharp, looking at Mr. ghost.

Seeing ye Chen's so determined appearance, Mr. GUI was immediately stunned and said, "it's decided?"

Ye Chen nodded, "HMM."

Mr. GUI said, "it's not a joke to take Raytheon's knife. You'd better consider it again."

In fact, he also appreciates Ye Chen a little. After all, his chief elder, Kumara, was easily suppressed by Ye Chen.

If he could, he didn't want to see ye Chen die here.

"Don't think about it. I'm willing to accept the test."

"But I need time to prepare."

Ye chendao.

"Yes."

Mr. GUI didn't hesitate, nodded and agreed.

Ye Chen hum, calm down and look at the statue of Thor again.

The thunder sea rolled, countless thunder and fog surged, and the statue of Thor stood in the middle of the sea, distinguished and spectacular.

Ye Chen is absolutely sure that he will survive the thunderrobot.

However, it is very difficult to connect without damage.

The lost territory is about to open, and he doesn't want to get hurt.

At present, ye Chen begins to prepare.

He first sacrificed Shenyuan flowers and directly absorbed them.

Shenyuan flower was born in Yuanyu vein, which contains very rich source gas. If it is absorbed by ordinary people, it is absolutely beneficial.

However, ye Chenwu has a solid foundation, and it is difficult for ordinary Tiancai and Dibao to bring him any gain.

He swallowed the Shenyuan flower, and a stream of source gas converged into the Dantian.

He tried to transmit this source gas to the Seven Star vein of reincarnation.

Reincarnation Seven Star pulse, the first dragon life star, ye Chen has completely awakened.

He poured all the source Qi of the Shenyuan flower into the second life star to see what effect it had.

Seven stars of samsara, the second star of life, is called "scorching sun"!

When this life star wakes up, it can be incarnated into a brilliant sun. The blazing brilliance shines on everything, envelops everything, and changes all demons. The heavens are invincible.

It is said that when the scattered gods in wuwuwu space and time created the Golden Wheel of the Heavenly Emperor from their fantasy, their inspiration came from the scorching sun and stars in the seven stars of reincarnation.

However, the Golden Wheel of the emperor of heaven, no matter how powerful, is only a magic weapon and a foreign object.

Ye Chen's scorching sun and life star is the existence of his own life foundation. Once awakened, he is enough to dominate the invincible in this world, and the Immortal Emperor can't suppress him.

However, it is a thousand times harder for this scorching sun star to wake up than the Dragon Star.

Ye Chen poured all the aura of Shenyuan flower into the past, but it was like a cow into the sea, without causing any waves.

"It's really not so easy to wake up this burning sun and destiny star."

Ye Chen was helpless. Shenyuan flower, a treasure of heaven and earth, could at least directly improve the level of a small realm if it was taken by ordinary martial artists in Tianxuan realm.

But he took it, but it didn't have the slightest effect.

Seeing this scene, Mr. GUI was also secretly surprised and thought, "is this guy a bottomless hole?"

The Shenyuan flower was swallowed, and even a psychic vision did not appear. "

Ye Chen calmed down and gave up the idea of awakening the sun and the stars.

You can only rely on your current strength if you want to take Raytheon's knife.

"Iron Throne, steel star dome, steel body!"

Ye Chen first urged the power of the Iron Throne. With a bang, a magnificent Steel Star dome was launched over the thunder sea, and the cold starlight like metal was projected, which was cold.

Every hole in Ye Chen's body was full of supreme steel power, and his body directly became a body of steel.

The steel body also showed a trace of the great road charm of the golden emperor, which was the inside information brought to Ye Chen by the blood of the rock god.

"Xuanbei, out!"

Next, ye Chen summoned all the xuanbei, Chenbei, Fengbei, Yanbei, Lingbei, mengbei, etc. in his body and surrounded him.

Among all the reincarnation xuanbei, ye Chen only missed the Tianbei.

Now, except for the Tianbei, all the xuanbei of reincarnation are floating around Ye Chen. The divine pulse of reincarnation opens in his body, and the majestic reincarnation weather rises into the sky.

A buzz.

Chaos and glory, spectacular and bright light, through the sky, reincarnation of heaven, the weather emerged, countless reincarnation believers, singing for ye Chen.

Mr. ghost on the side wanted to kneel down when he heard the singing sound.

At the moment, ye Chen is too powerful. Generally, the strong in immeasurable territory will surrender immediately after seeing him, and he cannot raise the slightest idea of resistance.

Brush.

Finally, ye Chen clenched the reincarnation Heavenly Sword in his hand, made all preparations, looked at the statue of Thor, and said to Mr. Ghost:

"Yes, Mr. ghost, I'm ready."

Mr. GUI looked at Ye Chen's huge appearance, and he couldn't help but swallow his saliva.

"This guy, maybe he can really take Raytheon's knife."

Now even if ye Chen stood to cut him, he couldn't cut a hair. Unless the strong man of the quasi Immortal Emperor came, no one could suppress Ye Chen.

Chapter 8595

It seems that it is not difficult for ye Chen to take the Thunder God's knife under full defense.

"Good luck, Lord of reincarnation."

Mr. GUI retreated far away.

After he retreated, the statue of Thor in the distance suddenly burst into a bright purple light.

When the purple light shines, the thunder roars in the ten directions of the world, and the whole thunder sea boils. Countless thunders explode, shocking people's minds.

In the void, thunder gas gathered, and suddenly hundreds of millions of thunder beasts appeared.

The billions of thunder beasts, ferociously roaring, came to Ye Chen like crazy.

Then came the overwhelming thunder.

"Iron Throne, suppression!"

Ye Chen's face didn't change color, and he had been prepared long ago. The Iron Throne cooperated with the blood of the rock god, and the brilliance bloomed. A strong atmosphere of repression pervaded, crushing the surrounding thunder beasts into steel statues.

Boom!

Suddenly, a thousand foot long thunder knife, with a terrifying momentum, swept across the sea of thunder and came directly towards Ye Chen.

That billions of thunder beasts are not real killing tricks.

The real killing move is this blade!

This is a knife burst out of Thor's will.

This is the acme of the thunderobot's martial arts. One of the legendary thirty-three gods, Xi Huang's thunder seal is the upper level, and the thunderobot is absolutely cut!

The sharp edge of this knife, blasted by thunder, was enough to cut through the sky and exterminate all enemies.

Ye Chen looked at the knife, his eyes were also slightly contracted, and his scalp was numb.

His hair all over his body stood up because of the influence of intense current, and his ears were full of thunder and concussion of the ten worlds. His eyes were full of raging and violent thunder and lightning.

Even under the influence of the law of reality, the power of that knife was actually weakened a lot.

But for ye Chen, this knife is also earth shattering. As long as you are a little careless, you may be killed at any time.

"Cut the nine swords of heaven, return the nine swords to one, and break the track of heaven!"

Ye Chen shouted wildly. In the face of such an overbearing knife, he didn't dare to be careless.

The reincarnation of blood in the body immediately burns up.

The inscriptions of reincarnation around Ye Chen's body also rotate rapidly, and countless reincarnation golden lights and weather bursts.

In this instant, ye Chen waved the reincarnation Heavenly Sword, cut the nine heavenly swords into one, and burst out hundreds of millions of sword Qi.

This billions of sword Qi turned into the trajectory of heaven, following the ancient mystery, such as the stars following the trajectory of the universe, showing a momentum of supreme road.

Bang!

Ye Chen's hundreds of millions of sword Qi converged, and the tracks of countless days converged into a law of the road. With his reincarnation sky sword, he slashed on that fierce thunder knife.

All the xuanbei of reincarnation, all humming and shaking, released the most powerful force, and gathered into Ye Chen's sword.

This is Ye Chen's most violent sword in his life.

The violent force made his arms blue and fast burst.

The collision between the knife and the sword immediately blew up a shocking air wave, and the whole thunder sea exploded and boiled, and hundreds of millions of tons of sea water rushed into the sky.

That fierce thunder knife awn was as solid as substance.

Under the collision, ye Chen's mouth became numb, and his arm bones were almost broken. Purple electricity and thunder kept hitting his flesh, and his whole arm fell into paralysis.

"Go!"

Ye Chen gritted his teeth, and the blade suddenly turned, and a soft force popped up, and immediately bounced back the thunder knife.

After he understood all the nine swords in the sky, he made great progress in kendo, combining hardness and softness, and achieving perfect harmony.

Thor took the knife reluctantly, but he was likely to be injured.

In order to avoid injury, he bounced back the blade.

Hum!

The knife awn was bounced back, but it swept through the void and cut into the statue of Thor.

To Ye Chen's surprise, the will of Thor hidden behind did not make any defense.

Bang.

The huge statue of Thor was suddenly smashed by the knife and thunder.

The statue of Thor was shattered, and boulders fell into the sea, arousing startling waves and spectacular momentum.

"My God..."

Mr. GUI, who was standing behind, was stunned on the spot and could no longer keep calm.

It never occurred to him that ye Chen not only took the knife of Thor, but even bounced back and destroyed the statue of Thor.

When the statue of Thor was destroyed, he immediately felt the sky fell, and he trembled and feared, lest he should offend the gods.

Ye Chen was surprised to see the broken statue of Thor.

But no matter what, Thor took the knife, and he was not injured.

However, ye Chen found that the aura and light of the xuanbei of reincarnation were much dimmed.

Although he received Thor's knife, the price was also quite huge.

All reincarnation xuanbei, aura is greatly lost, if you want to recover, I'm afraid it will take a lot of time.

"The power of the reincarnation xuanbei is really strong, and even the authority of the gods can bear it."

Ye Chen thought.

If only we could find Tianbei.

Tianbei is the most powerful of all the xuanbei of samsara, which is stronger than the other nine pieces combined.

Unfortunately, so far, ye Chen has no clue about the Tianbei.

Shaking her head, ye Chen restrained her inner thoughts, looked back at Mr. GUI and said:

"Mr. ghost, I've taken the Raytheon's knife. I've passed the test. Can you give me that page of era Taoist book?"

According to the agreement, after ye Chen passed the test, Mr. GUI would lead the ghost sect to obey him.

All the Tiancai and Dibao of guidaomen and all the resources belong to Ye Chen from now on.

Chapter 8596

Ye Chen doesn't care about these resources.

The only thing he cares about is the era daoshu!

That's what Ren Fanfan wants!

He owes Ren Feifan too much and feels very guilty. He can't miss this era Taoist book anyway.

However, when Mr. GUI saw the broken statue of Thor, he was trembling all over, his face was pale, his eyes were full of fear, and he couldn't speak.

Hearing Ye Chen's words, he didn't respond.

Ye Chen frowned and took a photo with his big hand, and took a page out of Mr. GUI's body.

This is a page of the era daoshu.

Since Mr. GUI didn't respond, ye Chen had to take it by himself.

Ye Chen held this page of daoshu in his hand. He only felt that the page was very heavy, as heavy as a universe.

On the page, the stars flow, and the track of the star dome is faintly visible.

Spiritual force infiltrated, and ye Chen saw the mysteries of countless years, countless time and space, and countless destinies.

"This era Taoist book belongs to the future era?"

Ye Chen was stunned. After careful observation, he was surprised to find that the era included in this page of daoshu belongs to the future, not to the past or the present!

The universe of heaven and earth, without time and space, billions of centuries, all traces will be included in the era daoshu.

Ye Chen has long let Feifan say that this is the mystery of the era daoshu.

However, he never thought that this era Taoist book could actually include the era world in the future.

The future era hasn't happened yet. That's the future.

There are thousands of timelines in the future. When the future has not come, no one knows what kind of future it is.

Ye Chen stared at this page, his spirit was in a trance and distorted.

The next moment, he seemed to fall into an abyss and a dream. When he opened his eyes, he found himself crossing into a strange world.

This world is desolate and desolate, with only one tomb.

"This is... The era of the future?"

Ye Chen was stunned. He didn't expect that he had entered the future in a trance.

After a short period of consternation, ye Chen quickly calmed down.

He knew that the future was illusory before it came.

In other words, the world he is in now can only be regarded as a fantasy, which is manifested in the era daoshu.

Ye Chen looked at the desolate world, and his eyes finally fell on the tomb beside him.

Then his heart contracted violently and his heart ached.

Because he felt that he was buried in the tomb.

Future self.

"The future of me, dead?"

"Killed by the goddess of heaven?"

Ye Chen's hair was creepy. Under the insight of heaven, he saw many pictures of the future.

In the future, Hongjun ancestor decided to kill Ye Chen by the hand of the heavenly daughter.

Loyalty and righteousness cannot be achieved. He finally decided to be loyal to Zihuang fairy palace and repay the kindness of the moral God.

This decision is also very painful for him.

After all, ye Chen is an apprentice of Wu Zu.

He didn't want to break with Wu Zu.

However, it seemed that something was pushing him to oppose Ye Chen and meet him in life and death.

Perhaps this is the invincible fate.

Hongjun ancestor couldn't come to the real world. He lent his magic weapon, Yan Emperor's seal, to tiannv.

Yan Emperor's seal is one of the four highest artifacts. It is an artifact with no outer gods in time and space. In terms of power, it is powerful enough to keep pace with the ancient sword of sin, the star sea of demons, and the Golden Wheel of the emperor of heaven.

However, compared with tiansin ancient sword, Tianmo Xinghai and Tiandi golden wheel, the fame of Yan Emperor seal has not been very prominent.

This is because the leader of Yan Emperor seal is Hongjun Laozu. His strength is too strong. He is also the top three Super Master in wuwuspatio-temporal.

Under his light, the Yan Emperor's seal also looked ordinary.

But in fact, the power of Yan Emperor's seal is very terrible. After all, it is the supreme artifact!

Hongjun's ancestor lent the Yan Emperor's seal to the goddess of heaven, that is, to borrow the hand of the goddess of heaven to kill Ye Chen!

Of course, this is the future, and it hasn't happened yet.

In the future, the goddess of heaven will get the seal of Yan Emperor and the full support of Hongjun ancestor, as well as the support of the whole Zihuang fairy palace.

Finally, she successfully killed Ye Chen, Ren Feifan, and all ye Chen's confidantes.

She achieved her wish, and finally won the reincarnation blood and all the Qi of Ye Chen.

Hongjun's ancestor originally wanted to take the goddess of heaven as a chess piece, but the goddess of heaven was too powerful. After winning reincarnation luck, he turned to calculate Hongjun and forcibly swallowed the seal of the burning emperor. Finally, combined with the Golden Wheel of the emperor of heaven and reincarnation blood, he suppressed wanxu and Zihuang fairy palace, unified the supreme world, and established a world truly respected by her.

The feather emperor and the demon ancestor Wutian were also killed by her.

The moral God was forced to soar without time and space, and the heavenly daughter was also ready to soar throughout the world, so that the whole real world soared to no time and space, and she continued to claim supremacy.

Ye Chen saw these futures and was extremely shocked.

His bones are buried in the tomb beside him.

In front of the tomb, there is a tombstone.

It was a tombstone made of white bone.

It was made of any extraordinary bones.

And this tomb, showing a trace of dark red color.

All of Ye Chen's confidants were killed by the heavenly daughter, and their flesh and blood were filled in his cemetery.

From this tomb, ye Chen smelled the blood of Xia Ruoxue, Wei Ying, Wu Yao, ye Luoer, Ji Lin and other women.

They are all dead.

Only Ji Siqing didn't smell it.

She seems to be alive.

Ye Chen felt intense pain in his heart. Looking at the tomb and the white bone tombstone, he felt unprecedented despair and anger.

He knew it was a fantasy, not a reality.

These terrible things have not happened before the future.

However, since this future timeline has been included in the era book, it proves that in thousands of future timelines, this future is most likely to happen!

Once this future comes, everything Ye Chen has will be destroyed by tiannv!

Tiannv's pig raising plan is really going to succeed.

She finally cultivated Ye Chen, and finally killed Ye Chen, seizing all reincarnation Qi and potential. She is the new Lord of reincarnation in the future!

She wants to transcend the heavens and build a world that respects her.

Ye Chen had many unforgettable attachment and beautiful memories to the heavenly daughter.

However, seeing this future, he was desperate and angry.

Originally cut off the continuous love, at a moment, it is completely broken.

Ye Chen had only anger and hatred in his heart.

He finally understood that he and his daughter were doomed to never die, and there was no room for maneuver.

It looks like a joke to take tiannv as a concubine now.

"Ye Chen, is that you?"

Suddenly, a gentle call came from behind Ye Chen.

Ye Chen was surprised. Looking back, he saw a familiar figure, Ji Siqing.

## Chapter 8597

It is Ji Siqing of the future.

Ji Siqing was dressed in plain clothes, and his face was very haggard.

In the future, tiannv killed all ye Chen's confidants, and only Ji Siqing escaped.

"Siqing, you... You are still alive..."

Ye Chen stared at Ji Siqing blankly.

At this moment, he has been completely immersed in the future world, forgetting those terrible things, which have not happened yet.

Ji Siqing nodded with tears in his eyes and said, "I inherited the power of the law of fate, had the shelter of fate, and narrowly escaped the killer of the goddess, but... You are all dead, and I am the only one left. What's the meaning of living?"

Ye Chen's heart shook, and she soon woke up. She came forward to hold Ji Siqing tightly, stroked her hair, and said, "don't be afraid, the future hasn't happened, and I won't be defeated by the heavenly daughter!"

Ji Siqing said sadly, "with the support of Hongjun ancestor and Zihuang fairy palace, how can you fight her?"

Ye Chen gritted his teeth and said, "no matter what, I won't let anything happen to you!"

Ji Siqing looked at Ye Chen's firm eyes and looked at the tomb. Finally, tears couldn't help flowing down.

In the future, tiannv will not let go of her sister Ji Lin, and her means are extremely fierce.

"Ye Chen, there is only one way to change the future."

Ji Siqing road.

"What can I do?"

Ye Chen hurriedly asked.

"Tianbei, find Tianbei!"

"As long as you can find the Tianbei, your reincarnation divine vein, and restore its integrity, it is possible to fight against the tiannv."

"This is the only chance!"

Ji Siqing road.

Ye Chen's confrontation with tiannv has become more and more involved, and it is no longer a simple two person battle.

In the future, behind the goddess of heaven, stood Hongjun ancestor and Zihuang fairy palace.

Ye Chen wants to defeat her, which is simply impossible.

In the future world included in era daoshu, ye Chen is defeated.

Now Ji Siqing told him that the only way to turn things around is to find the Tianbei and restore the integrity of the reincarnation divine vein.

"Tianbei..."

"I know, I will find it!"

Ye Chen clenched his fist and felt a terrible crisis in the future.

In fact, he has long known the ambition and desire of the heavenly daughter, and it has always been very big.

Only now, after seeing the future world with his own eyes, did he really feel the horror of the heavenly daughter.

Even Hongjun's ancestor and Zihuang fairy palace couldn't control the goddess at last and wanted to use her as a pawn. As a result, she calculated in turn and lost a lot.

Tiannv's ambition is even beyond this world. She wants to fight to wuwuwuspacetime, dominate and respect in all timelines and all spacetime, and be invincible forever.

"Ye Chen, you must change the future, you must!"

"Otherwise, we will all die. I don't want to die and lose you."

Ji Siqing wept, hugged Ye Chen and kissed him again.

Ye Chen closed her eyes, but her nose was also sour, and her eyes were blurred for a while.

When he opened his eyes and came to his senses, he found that he had returned to the real world, back to the sea of thunder, holding the era Taoist book in his hand.

What I just experienced seemed to be just a dream.

In front of us, the statue of Thor was broken, the sea surged, and thunder rolled.

Behind him, Mr. GUI was dumbfounded and was looking at Ye Chen in great amazement.

"Lord of reincarnation, you... Why are you crying?"

Two lines of clear tears flowed from the corners of Ye Chen's eyes.

Mr. GUI was a little confused. Therefore, he just saw the broken statue of Thor, and his heart was afraid. Then the era daoshu in his body was taken away by Ye Chen.

In his sight, he only saw Ye Chen holding the era Taoist book, stunned, and then shed tears.

He didn't know what had happened, but he felt that in this moment, the breath emitted by Ye Chen changed greatly.

Just now, ye Chen successfully took the Raytheon knife, extremely domineering, sharp and sharp.

But in an instant, ye Chen's breath became vicissitudes, compassion, pain, desolation, as if it had gone through the world of mortals in an instant.

Mr. GUI doesn't know what ye Chen saw in this era Taoist book.

"Mr. ghost, go out first. I want to talk to the Lord of reincarnation alone."

Suddenly, on the thunder sea, a majestic and cold female voice came out, with a noble charm.

That's the voice of Thor!

Mr. GUI heard the voice of the God of thunder, and was very surprised. He immediately knelt down, banged and kowtowed, and shouted, "welcome the God of thunder!"

The God of thunder said, "go out first."

Mr. ghost said, "yes!"

Hurriedly turned and went out.

Ye Chen narrowed her eyes slightly and looked around, but she didn't see the figure of the God of thunder. She only felt the sound and the majesty of the gods.

"God of thunder, sorry, I accidentally destroyed your statue."

Ye Chen looked at the broken statue and apologized.

"It doesn't matter. It's all foreign things. It doesn't matter."

Thor didn't mind. He paused and asked:

"Have you seen the future?"

Hearing this, ye Chen trembled and said with a wry smile, "yes."

Thor said, "don't worry too much about the future things that haven't happened yet. I'm afraid your heart will be affected, so I came out to talk to you."

Her voice has a soft flavor, such as the mercy of God, who loves the world.

Hearing this, ye Chen also felt warm all over, smiled and said, "I know. Thank you for Thor's concern."

Although the future is terrible, it has not happened yet. Ye Chen will not indulge too much.

Chapter 8598

After seeing the future, he strengthened his confidence.

In the future, you must not stay in the battle with tiannv, and you must do your best.

If the war is defeated, his life, his friends, his relatives, and many of his beauties will be destroyed by tiannv, which is a terrible ending he can't bear.

Thor said, "it's really a big deal that you can take my knife on the ninth floor of Baijia territory. The profound foundation of martial arts is terrible. No wonder Yemu will value you so much and regard you as an ally."

Ye Chen can take her knife, she is also very satisfied and appreciated, but also praised.

Ye Chen said, "the thunder god is flattered."

Thor said, "I also want to make an alliance with you like night mother. What do you think?"

Hearing this, ye Chen was very surprised.

He didn't expect that Thor also wanted to make an alliance with himself.

In the future, if he wants to fight against tiannv, the more allies, the better.

"The God of thunder wants to make an alliance with me, which is the blessing of my eight lives."

Ye Chen smiled and agreed.

Raytheon's divine personality is still above the night mother. It was one of the nine gods. The benefits of alliance with her are absolutely huge.

Thor laughed and said, "well, the Lord of reincarnation is really happy."

"My name is Yin Suzhen. Everyone will be friends in the future. You can call my name directly, and I'll call your name directly, ye Chen."

The sound fell, and the clouds on the thunder sea swelled, showing an illusory figure.

That is the figure of Yin Suzhen, the God of thunder.

She is dressed in purple. Her figure is very full, showing a mature and mellow breath. Her skin is white and snow tender. Her temperament is more noble than that of night mother. After all, she is one of the nine gods, and the existence of the LORD God level.

"Miss Yin, nice to meet you for the first time."

Ye Chen smiled and hugged her fist.

"Nice to meet you."

Yin Suzhen also smiled, his attitude was very polite, and said, "my body has long perished, leaving only a trace of will, but I can help you fight against the goddess and the ruins in the future."

Ye Chen hugged his fist and said, "thank you."

He knew that Yin Su was really a Thor. Even if it was only a trace of the remaining will, it had unpredictable power and would be a great help to him.

Yin Suzhen waved his hand, and a piece of jade slips flew out and fell into Ye Chen's hand, saying, "this is the magic skill I once practiced, and the secret skill of martial arts, which may be useful to you."

Ye Chen took the jade slip and glanced slightly with his mental power. He felt that there were dozens of martial arts and magical powers recorded in the jade slip, all of which were thunder attributes.

These martial arts are broad and profound, of which two are of most interest to Ye Chen.

One of these two magical powers is the thunderbolt heaven absolute cutting, one of the thirty-three divine arts, with extremely terrible power.

The other is called thousand birds flying sword flow. Although it can't be compared with the fierce thunder Tianjue cut at all, it is also a powerful magic power to turn the lightning airflow into a flying sword and put it into the real world.

In the supreme world, the thousand birds Taoist method in the thirty-six ways of the supreme world is actually evolved from this thousand birds flying sword stream.

Ye Chen concentrated and soon understood the thousand birds flying sword flow thoroughly.

Other thunder attribute magical powers are also fully understood. Only the fierce thunder Tianjue cut, ye Chen can't touch the threshold at all, and he feels headache even when he contemplates in his mind.

"How do you feel?"

Raytheon Yin Suzhen asked with a smile.

Ye Chen smiled bitterly and said, "other magical powers are all right, but the fierce thunder sky cut is too complex and profound, and I can't understand it at all."

Yin Suzhen said, "you can't understand, in fact, it's not that you don't have talent, but that the foundation of thunder attribute skill is not enough. This crazy thunder Tianjue cut is the acme of my martial arts. In fact, it's not complicated, just perseverance and hard work."

Ye Chen shook his head and said, "even if you are willing to work hard, you may not be able to learn it. After all, it is the thirty-three heavenly divination, which is too powerful to accommodate the laws of the real world."

The legendary thirty-three gods' skill, even in the non space and time, is also a super first-class skill. In the real world, it is above the law.

Previously, ye Chen got the palm of the mother of heaven and earth. It was a coincidence that he absorbed the blood of the ancestor god king and just practiced it.

Yin Suzhen said with a smile, "that's right. Let Ren Feifan try it. He practices Xihuang thunder seal. The foundation of thunder attribute skill is strong. Maybe he can understand my crazy thunder Tianjue chop."

"In that way, my law of thunder can also be regarded as a inheritor."

"With inheritors, the brand of cause and effect is deepened, and it will be easier for me to recover in the future."

Ye Chen said, "yes!"

He is trying to make up for Ren Feifan. This fierce thunder will kill him. If he gives it to Ren Feifan, it is also a great gift opportunity.

He has insufficient attribute information and is difficult to learn. If Ren Feifan comes, there may be a turning point.

If Ren Feifan mastered the thirty-three divine arts, the foundation of the reincarnation camp will be further improved.

"Are you ready to go to the lost land and look for the treasure of emperor cangxuan?"

Yin Suzhen asked.

"Yes, I heard that there is an era Taoist book in the treasure. I can't miss it."

Ye chendao.

The era Taoist book in his hand is only one page, a truly complete Taoist book. In the realm of loss, it is also what Ren Feifan wants to find.

Yin Suzhen's eyes flickered slightly and said, "a long time ago, I also fought with emperor cangxuan and was cut off by him."

"My hair should also be collected in his treasure. After years, it has mostly changed into a thunder knife."

While talking, she flicked her fingers gently, as if she wanted to spy on the mystery behind her.

"If you go to the lost territory, first help me get back my hair. Now it should turn into a thunder knife, which is connected with my breath. As long as you get close, you can feel it."

She entrusted Ye Chen.

"Hair?"

Ye Chen was stunned for a moment.

Yin Suzhen said, "yes, after the end of the age of the nine gods, my body was destroyed by the ancient god of Tuo emperor, and all existence turned into ashes. The only thing that can be preserved well is the hair I once cut off by the emperor Cangxuan."

"Although it's just a hair, it's the only trace of my body after all. It's very useful for my future recovery. If you find it, help me keep it first."

Ye Chen nodded and said, "OK, I know."

Yin Suzhen smiled and said, "Ye Chen, it's really pleasant to cooperate with you. The lost territory is about to open. I hope everything goes well for you."

"If you have any difficulties, you can call my name."

This sentence falls, and the surrounding space is distorted.

Ye Chen only felt a whirl of heaven and earth. In an instant, he was sent out of the thunder sea and returned to the Mountain Gate Hall of the ghost gate.

In the hall, Mr. GUI was waiting very urgently. Seeing ye Chen coming out, he was surprised and shouted:

"Lord of reincarnation, these days have passed, and you can calculate it."

Chapter 8599

Ye Chen was stunned for a moment and said, "it's been several days?"

It seems that time is completely distorted when I talk with the God of thunder Yin Suzhen.

But ye Chen didn't feel it at all.

Yin Suzhen seemed to want to show a little means to let Ye Chen feel the power of her law and know the weight of her ally.

Ye Chen smiled bitterly in his heart. In fact, even if Yan Suzhen didn't show his means, he wouldn't despise it at all. After all, it was the Legendary God, the former Lord God.

"Yes, Lord of reincarnation, the lost territory will open tomorrow, and everyone is waiting for you."

"These days, I have discussed with Miss Lu that I will merge the ghost gate into Shenlan sect, and from then on I will obey reincarnation, and I will obey your orders."

Mr. GUI bowed respectfully with a humble face, and had completely surrendered to Ye Chen.

Ye Chen nodded. It seems that in these days, the cause and effect outside have been solved, but he doesn't have to worry about it.

When he got out of the hall, he saw that the chief elder of the ghost sect, Kumara, had been released by Shenlan sect. He was ashamed and respectfully standing outside the hall, leading many strong people of the ghost sect to welcome him out.

Kumora bowed and said, "Lord, we have discussed with Miss Lu that when the lost territory is opened tomorrow, everyone will go in to search for treasure."

Ye Chen nodded and said, "OK."

Guidaomen is protected by Thor, and ye Chen and Thor are allies.

Therefore, today's ghost sect, which can be trusted, is already a force of the reincarnation camp.

"Lord God, I will send you back to LAN Zong."

Kumara said humbly.

"No, I'll go back by myself."

Ye Chen waved his hand and declined. Then he left the ghost gate under the eyes of Mr. ghost, Kumara, and many strong men of the ghost gate.

After leaving the ghost gate, ye Chen went back to Shenlan sect.

He went to the meeting alone. Now he came back unscathed, and he completely accepted the ghost gate. This is a great wedding.

However, inside Shenlan sect, there was a strange depressing atmosphere, as if something had happened.

Ye Chen frowned slightly. As soon as he came back, several elders came forward, and one of them said anxiously:

"Lord Ye, you are back. The Lord is looking for you."

Ye Chen was stunned and said, "what's the matter?"

At this time, Lu qinxuan hurried out of the door and was surprised to see ye Chen coming back. "Brother ye, you are back."

Ye Chen said, "Miss Lu, what's the matter?"

Isn't the lost land open tomorrow? "

Lu qinxuan gasped and hurriedly said, "brother ye, no, something really happened, Miss Lu... Miss Lu ran away."

Ye Chen said, "Hechan?"

Lu qinxuan nodded repeatedly and said, "well, an hour ago, she took Zu xuantu away and ran away with the people in Xuangong!"

Ye Chen was shocked when he heard this.

Before he went to the ghost road gate, he listened to the night mother's instructions and left Zu xuantu behind.

But he never thought that Lu Hechan would take Zu xuantu away and run away with the people in Xuangong.

The lost territory will open tomorrow, but only the outer and inner treasure space will be opened, which needs to rely on Zu xuantu as the key to enter.

Now Lu Hechan takes Zu xuantu away, and the key is gone, which is really a big trouble.

Lu qinxuan asked urgently, "brother ye, what should I do?"

Ye Chen's eyes turned and soon made a decision, saying, "I'll go and see what's going on. You stay here."

Lu qinxuan said, "I'll go too."

Ye Chen said, "no, there are many people, but it's an obstacle. I secretly feel that Hechan took Zu xuantu away without intention, but was confused and fell into a magic barrier..."

At present, ye Chen asked LV qinxuan to stay and prepare for the opening of the lost territory tomorrow. He went out alone to find Lu Hechan.

Ye Chen carefully captured it, and soon locked Lu Hechan's Qi machine. A void blinked and shuttled away.

In an instant, ye Chen came to the eastern border of the lost territory, a cloud filled forest.

From a distance, you can see in the sky, floating palaces made of white jade, beautiful, as if it were a fantasy world, not reality.

That is the Taoist atmosphere of Xuangong.

One of the central palaces is majestic and spectacular, as big as fighting the sun, with a thousand immortals, a thousand auspicious clouds, and fairy sounds curling, cleaning people's hearts and souls.

A thousand miles around the Xuangong palace, it is covered with clouds and smoke, filled with immortality, and a holy land.

The mountain forest where ye Chen fell is hundreds of miles away from Xuangong.

In such a close place, the Xuangong forbidden all nether transmissions and flights, for fear of offending the dark emperor cangxuan.

Ye Chen came through the space and immediately set off a strong spatial fluctuation in the mountains and forests.

In the open space of the mountain forest, a team is resting. It looks like the people in Xuangong.

They are equipped with special mounts, which are very divine horses. They can walk on the road instead of violating the ban.

Ye Chen came down, and the strong spatial fluctuation immediately made the whole team agitate, and many people drew out their weapons.

Ye Chen looked and saw that the core of the team was two people.

A woman, an old man.

The woman is Lu Hechan, and the old man is Lu Xu. Previously, as an emissary, he visited Shenlan sect.

"Brother ye..."

Lu Hechan saw Ye Chen coming, and her delicate body shook slightly.

"The Lord of reincarnation is safe."

Lu Xu's palm shrank in his sleeve robe, and he didn't know what he was calculating. On his old face, he just smiled.

Ye Chen's face sank and called to Lu Hechan, "Miss Lu, come back and give me Zu xuantu."

Chapter 8600

Lu Hechan froze for a while, shrinking back and reluctantly said, "brother ye, this... This zuxuantu is my grandfather's thing. I want to take it back by myself. I want to save Xuangong and my grandfather."

Then he looked at Lu Xu.

Lu Xu is the same as her grandfather in appearance and name.

She knew that Lu Xu was not the ancestor god king or her grandfather, but her heart was still dazed and confused.

Ye Chen said in a deep voice, "your grandpa has given me Zu xuantu. This is my thing!"

"However, I discussed with your grandfather. If you can crack the secret of Zu xuantu, I'll share half of the chance with you, and you come here."

Wave to Lu Hechan.

But Lu Hechan was still afraid, moved back, shook his head and said, "Xuangong needs zuxuantu, and I want to save them."

Lu Xu, who was sitting next to him, smiled and said, "Lord of reincarnation, Zu xuantu was originally the thing of my Xuangong. You'd better give it back to us. Don't do unnecessary fighting. Everyone is still friends."

Ye Chen's face shook slightly, looked at Lu Xu and Lu Hechan, and said, "you're not her grandfather, you don't want to confuse her!"

Lu Xu said with a smile, "I didn't confuse her. This is her own choice. Hehe, my Taoist master Jiuxing said that the leader of Zu xuantu is the Savior of my Xuangong."

"This rescuer is not necessarily reincarnation, but also miss Lu. I think she can easily take charge with Zu xuantu."

Lu Hechan bit his teeth, looked up and said to Ye Chen, "brother ye, I want to save my grandfather... No, save Xuangong, give me zuxuantu..."

Ye Chen looked at her pitiful expression, and her heart was slightly shocked.

Think about it carefully. Xuangong and zuxuantu do have great cause and effect.

At that moment, ye Chen spoke slowly and said to Lu Xu, "I can give you Zu xuantu, but your Xuangong must promise me that when the treasure is opened, the hair left by era daoshu and Thor will be given to me."

"I only want these two treasures. This is my bottom line. I can not have any other things."

Ye Chen's treasure hunt is mainly for the era daoshu, as well as a hair once owned by Thor, and other treasures, which can be discarded.

Lu Xu snorted, but showed a trace of disdain, and said, "sorry, Lord of reincarnation, the treasures belong to my Xuangong, and outsiders are not qualified to touch."

Lu Hechan trembled, obviously did not recognize Lu Xu's words, and softly shouted, "Grandpa..."

When the call came out, she knew she was barking wrong again, so she stopped talking.

Ye Chen was immediately angry and said, "I made great efforts to seize this ancestral xuantu. You Xuangong didn't want to pay anything, so you wanted to take this key away. There's no reason!"

Under the anger, ye Chen's eyes also broke out, and the violent aura was brewing.

This violent momentum made all the Xuangong strongmen tremble for it.

Lu Xu was also full of fear, looking at the Xuangong Palace floating in the distance behind, and his heart was much more stable, crying:

"Lord of reincarnation, do you want to do it?"

"I can warn you that this is the territory of my Xuan palace, and it's not your turn to act wildly!"

With that, Lu Xu sent out a signal bomb.

The signal bomb exploded in the sky with a bang.

In the next moment, the air was turbulent in the sky.

A figure emerged from the sky and came down.

It was an old man with white cloth wrapped around his eyes and wearing armor. His body was filled with the powerful smell of the later stage of immeasurable realm, which made people shudder.

It turned out to be the high-rise of the wanxu temple, one of the ten ancestors of the emperor of heaven, the ancestor of the Xuanjia family, xuantianxiao!

Ye Chen was surprised to see Xuantian Xiao here: "Xuantian Xiao, it's you! You... Are you in Xuangong?"

Xuantian Xiao looked at Ye Chen, snorted, and said, "I have cooperation between wanxu and Xuangong. His majesty Yu Huang's injury has just healed, but his vitality has not recovered. You need this thing in the lost treasure, boy, I advise you not to rob it."

Xuantian Xiao's eyes had long been blind, but his cultivation reached his level, and his whole body was full of eyes.

Ye Chen shook slightly, but he didn't expect that wanxu had cooperation with Xuangong.

At the beginning, Yu Huanggu emperor was injured by Ren Feifan law firm. Now nearly a month later, with his strength at the level of Immortal Emperor, I think he was out of danger.

However, the vitality lost by injury is not so easy to recover. After all, it was injured by the law firm of cause and effect.

Xuantian owl came here just to find the treasure and let the emperor recover.

"Boy, I'll give you a way to live and leave immediately. If you don't share the treasure, I'll treat it as if I haven't seen you."

Xuantian owl's voice revealed a murderous opportunity, but behind it was an indescribable fear.

Even though this is the territory of Xuangong, he is not absolutely sure that he can suppress Ye Chen.

Ye Chenwu road has made rapid progress, which is not what it used to be.

If life and death fight, Xuantian Xiao is not sure of victory.

Ye Chen, the former Emperor of heaven, has the qualification to be on an equal footing with him!

Ye Chen said coldly, "give me back Zu xuantu and I'll go."

Xuantian Xiao was furious and shouted, "unbridled! I'll give you face. If you don't want it, don't blame me for being ruthless!"

Glancing back at Lu Xu, "Lu Changlao, ask your people to come too."

Lu Xu was stunned and said, "the ancestor of the Xuan family, with your boundless body, can't suppress the Lord of reincarnation?"

Xuantian Xiao didn't answer, but his face was very gloomy.

The space around him is twisted.

The void broke, and the strong appeared one by one.

Those are the strong from wanxu, and some are masked, from the Dharma protector Yasha who has no time and space.

In wuwuwspace, the future body of Yuhuang ancient emperor is Tuodi ancient god, and the force under his command is called "Tuodi Tianzong".

These Dharma protecting Yasha are from emperor Tuo Tianzong, and they are all Yasha at the bottom.

However, these Yaksha at the bottom are very powerful in the real world, and cannot be underestimated.

Lu Xu saw that Xuantian Xiao even the Dharma protector yecha had called out, and he knew that the situation was serious, thinking:

"It seems that the strength of the reincarnation Lord is far beyond my imagination. This Xuantian owl actually attaches so much importance to it."

At present, he did not dare to neglect, and his will came out of his heart, calling his men to come.

Lu Hechan saw that the situation was imminent, but he didn't know what to do.

Hum!

After a while, the void shook, and Lu Xu summoned a small number of people, only four.

These four martial artists, three men and one woman, whose breath echoes with the Xuangong from afar, have a little immortal atmosphere. It is obvious that they have practiced in the Xuangong for a long time.

However, ye Chen is very familiar with the faces of these four people.

When ye Chen saw their appearance, he was stunned directly.

Completely stunned.
