

Physician 8611

Chapter 8611

"Dou Zi Jue, I can also!"

Ye Chen's eyes coagulated, and without saying a word, he waved the reincarnation Heavenly Sword, which was also a fighting glow, and fiercely collided with Xuantian Xiao.

Bang!

The sword and halberd collided, setting off a weather wave.

In the heavenly palace, all the temples were shattered by the air waves of the two people's collision.

The crystal wall system in the distance was also shattered.

People in the outer layer of the lost land, the warriors of Shenlan sect, guidaomen and Xuangong, can clearly see the battle between Ye Chen and Xuantian Xiao.

With the body of the hundred flail realm, ye Chen didn't lose at all in the late stage of fighting alone in the boundless realm.

No one would believe it if he hadn't seen it with his own eyes.

"Obsidian open eyes, the era of the flood and famine, the avenue adds body, kill kill kill kill!"

Xuantian Xiao, if he wants to be crazy, directly displays the eye of forbidden art, regardless of his own consumption.

In this war, he has been determined to die!

The eye of sadness broke out extremely. In an instant, thousands of blood colored eyes opened, and the era of the flood and famine flowed in the eyes. The Ancient Runes and the majestic pressure were shrouded.

Xuantian Xiao communicated with the power of the underworld, and his strength increased sharply, his muscles exploded like cracks, and even his armor burst.

His white hair was flying, and his bronze muscles were twisted, like the God of war of the wilderness. The halberd swept through the void, destroying the withered and decaying, and blasted at Ye Chen again.

This is a no fancy attack, showing the most primitive and barbaric power, domineering and unrestrained.

In the face of such hegemonic power, as long as ye Chen flinches a little, his momentum will be suppressed immediately, and he can only face death.

"Wu Zu said, the god elephant crashed into the sky!"

Ye Chen's chest was hot, with golden runes blooming faintly, and the blood force surged, converging on his left fist.

Boom!

With one blow, the virtual shadow of the ancient gods emerged. If you want to trample on the universe, you will be invincible.

Ye Chen didn't flinch at all. Instead, he fought with brute force, which was also the most ferocious force against Xuantian owl.

Bang!

The divine elephant made a startling punch and hit the Xuantian owl's Honghuang halberd fiercely, and the sound burst out was enough to penetrate the human eardrum soul.

Lu Xu, not far from the battle circle, vomited blood on the spot and couldn't bear it at all.

Fortunately, although Ye Chen was wild, his power was controlled just everywhere, and the battle here did not affect xuanhanyu.

However, all kinds of palaces are broken, and the figure of xuanhanyu has been exposed in front of everyone.

Xuan Han sat on his knees, and under his body was the array of Tu Shen era daoshu. The darkness was deep, and the ancient starlight flowed.

The skeleton of emperor cangxuan hidden in this Taoist book has gradually merged with her.

Behind her, the shadow of emperor cangxuan appeared.

Cang Xuan emperor closed his eyes, with a soft expression, and seemed not to resist the integration with Xuanhan jade.

The strength of his bones gradually integrated into the spirit of xuanhanyu.

The flesh of xuanhanyu gradually recovered, and the flesh and blood bones were clearly visible. The veins of ancient gods were printed on them, which was mysterious and mysterious.

People of Shenlan sect, guidaomen and Xuangong can clearly see the figure of xuanhanyu.

As the bones of emperor Cangxuan gradually merged with her, the signs of the collapse of the lost territory became more and more obvious.

The sky is collapsing, the law turns into flower rain, and the space is collapsing. The originally boundless inner world is shrinking at the moment.

Under the collapse of space, black hole vortices are formed, as if they can devour everything, which is frightening.

Ye Chen's battle with Xuantian Xiao is also white hot.

The two fought to the death, wielding the power of countless martial arts and laws, and even the surrounding space became their means of killing.

Black hole vortices were thrown at each other as bullets.

Under the continuous collapse of space, the room for battle is also shrinking, which is about to affect Xuanhan jade.

Ye Chen's eyes coagulated slightly and hurriedly offered the picture of the yellow spring, opening up a world of the yellow spring and forcibly expanding the space.

"Is that the person you want to protect?"

Xuan Tianxiao was very alert. He looked at Xuan Hanyu and immediately noticed the clue.

"I'll break the formula of listing words!"

In the next moment, Xuantian owl's Halberd burst out, and the light of the formula burst, breaking the void and shooting at Xuanhan jade.

Ye Chen's face suddenly changed. In danger, there was no time to think more. He directly used his body to resist the halberd of Xuantian owl.

Poof!

Xuantian Xiao's Halberd pierced Ye Chen's shoulder.

A sharp pain pierced Ye Chen's heart and spread all over her body.

"It's not your turn to disturb the person I want to protect."

Ye Chen's eyes are cracked, his blood vessels are boiling, and there is a dragon's Totem blooming in his pupils, so he is ready to open the dragon's life star and fight to block the Xuantian owl.

Xuantian Xiao saw that ye Chen was ready to explode, and his heart was also inexplicably passing a thrill.

Although he was determined to die in this war, he felt Ye Chen's momentum at the moment, and he still raised an instinctive shiver.

He knew that as long as ye Chen and Long Teng's life star were turned on, he would be dead.

"Enough, stop!"

Just when ye Chen was ready to play cards, an old voice sounded from the void.

That was the voice of the ancient emperor Yu Huang!

Ye Chen was also greatly surprised to hear the voice of the feather emperor.

"Your Majesty..."

Xuan Tian Xiao shivered.

His feelings for the Jade Emperor are very complicated.

On the one hand, he was afraid of the power of the emperor.

On the other hand, he is not willing to live under others all his life.

Chapter 8612

However, after the fall of Xuan Jiyue, he knew that the Xuan family could no longer resist the feather emperor.

Even if he has grievances in his heart, he must obey the will of the ancient emperor Yu Huang, otherwise he will only end up with the destruction of the whole family.

"Don't fight, Lord of reincarnation, you win."

The emperor did not appear, but his voice came, with endless vicissitudes in his tone, and a trace of fatigue and helplessness.

He didn't expect Ye Chen to grow so fast.

Even the former Emperor of heaven, Xuantian Xiao, who is known as the emperor of heaven, can no longer suppress Ye Chen, and may even be killed.

Looking at the whole world, there are only a few people who can hold Ye Chen down.

"Feather emperor, what do you want?"

Ye Chen was on alert and didn't know what the ancient emperor had planned.

"Don't be nervous, we haven't reached the decisive battle yet."

"I just want to make a deal with you."

The tone of the ancient emperor Yu Huang is still helpless. Now, if there is a decisive battle, he is not absolutely sure that he can win Ye Chen.

Even if you can win, I'm afraid it's a disastrous victory.

At that time, the vitality of the wanxu temple will be greatly damaged, and it will only be cheaper for the purple fairy palace and the death cult, as well as the goddess of heaven and the demon ancestor Wutian.

"About what?"

Ye Chen is still on alert.

"I want a page of era Tao book."

The Jade Emperor opened the door to the mountain path.

"Do you want era daoshu?"

Ye Chen's eyebrows pricked, and she was immediately alert.

Emperor Yu said, "don't get me wrong. I don't want the whole book. I only need one page."

"I want a page from an old era to restore my vitality."

In the old era, tianwuxianmen once dominated the Taishang world, and Wu Yao's father, the former Lord, dominated the present era.

This era has passed, and with the recovery of Wu Yao, the old cause and effect are basically clear.

Today's era is the era of reincarnation and the battle of wanxu, which has nothing to do with the past.

The pages of the old era can be said to be the most useless pages. There is only pure aura. Even if it is refined, it is only to supplement its own vitality at most, which cannot be used to comprehend the Tao and improve cultivation.

As long as the ancient emperor Yu Huang wanted this page, it was obviously also to reduce Ye Chen's hostility and express his sincerity in trading.

Ye Chen's heart moved slightly and asked, "what do you take in exchange?"

The feather emperor laughed and said, "I use Shen Tu Wan'er's mother as a bargaining chip. How about exchanging it with you?"

The voice fell, and an old hand tore the void.

In the void crack, a young woman, escorting another woman, came down.

The young woman, however, is the feather emperor Aoxue.

The woman in the hands of the feather emperor Aoxue is Shen Tu Wan'er's mother, Shen Tu Tianyin, who is tied with chains and shackles, and looks very embarrassed.

Shentu Tianyin saw Ye Chen, and his eyes filled with a very complex look, helpless, depressed, embarrassed, looking forward to, anxious and so on.

Ye Chen saw Shentu Tianyin, and his heart was also shocked.

"Miss Aoxue..."

Xuantian Xiao shivered slightly when he saw the feather emperor Aoxue.

The feather emperor Aoxue looked at Ye Chen coldly and said, "Lord of reincarnation, how, are you willing to exchange?"

The voice of the feather emperor also came out, saying, "this is my chip. Whether to exchange it or not is up to you."

Ye Chen struggled in her heart, weighing and thinking.

If he can, he naturally doesn't want to give any benefits to the emperor.

However, the chips used by the emperor to trade are so great that it is difficult for him to refuse.

Shentu Tianyin was imprisoned in wanxu, which was a thorn.

If Shentu Tianyin can be replaced, it can also solve a problem.

At least, Shentu Waner can be reunited with her mother!

"I promised you!"

Ye Chen gritted his teeth and finally decided to trade. He opened the era book in his hand, tore down a page of the old era and threw it to the feather emperor Aoxue.

The feather emperor Aoxue's eyebrows were happy. He accepted the book and pushed Shen Tu Tianyin to Ye Chen with a push of his palm.

Shen Tu Zihui stumbled and staggered back to Ye Chen.

The two people looked at each other with thousands of words. They didn't know how to tell each other.

Ye Chen flexed her fingers with a flick, and several wind blades cut out, cutting off all the chains and shackles on her body.

Shentu Zihui finally regained his freedom, silently bowed his head and sighed.

"Very good, Lord of reincarnation, fast enough."

The laughter of the feather emperor came from the void.

After the transaction, ye Chen thought of Xiao Xinghe and asked, "Yu Huang, how is master Xiao Xinghe now?"

The feather emperor paused and said with a smile, "don't worry, he's not dead yet. I want him to forge a scabbard for me."

"Hehe, and your cheap apprentice Yu Huangye, who is my descendant, actually worshipped you as a teacher and went astray, which is really shameful."

"However, I will let him return to the right path. He has the supreme cause and effect of Apocalypse on his body. He is the key figure in casting the scabbard. I want to thank you for sending him back to me."

Ye Chen's heart sank. He also knew that the cause and effect carried by Yu Huangye was extremely dangerous.

But now, it's useless to think more.

If it weren't for Yu Huangye, he couldn't be so smooth, so he took back Shura sword soul.

"Even if my apprentice betrayed me, I don't blame him."

Ye Chen was not stimulated by the feather emperor, and his voice was still calm.

The feather emperor laughed and said, "wait. When my scabbard is cast, it can accommodate the ancient sword of sin. That's your death!"

The voice fell, and the will of the ancient feather emperor completely dissipated.

The feather emperor Aoxue waved and left with Xuantian Xiao.

Chapter 8613

In fact, she also wanted to get involved in the treasure hunt in the lost territory, but the emperor did not allow it.

Before, she was injured and dying, but the ancient emperor was frightened. Finally, she had to kill Lin Xiaokong, the ancestor of the Lin family, and heal her with her blood.

Now, if there is no absolute certainty, the emperor won't let her do it casually.

She inherited ice God's blood and will play a very important role in the future.

Now get a page of era daoshu, you can recover your vitality, and the purpose of the Emperor Yu has been achieved.

Of course, ye Chen is not at a loss.

At least, Shentu Tianyin was redeemed.

"Master..."

Ye Chen looked at Shentu Tianyin and didn't know what to say for a moment.

"Go out first."

Shentu Tianyin looked around and saw that the lost territory was constantly collapsing, meteorites fell from the sky, the earth cracked, and magma spewed out from the ground, just like a doomsday world.

"Wait a minute."

Ye Chen's eyes coagulated, and he also felt the danger here, but Xuan Hanyu was still at the critical moment of recovering his body, and he couldn't leave.

The heaven and earth collapsed, and the heavenly palace was completely destroyed.

Fortunately, Xuan Hanyu had been prepared. The pages under her body were guarded by herself, forming a shield to protect her inside.

Lu Hechan also stood beside her to resist the falling rocks and the impact of some law energy.

Many strong men in Xuangong were terrified to see the bones of Cang Xuan emperor gradually integrate with Xuanhan jade.

They want to stop, but ye Chen stays there. Who dares to face Ye Chen directly?

The bones of Cang Xuan emperor gradually became the nutrients of Xuanhan Jade's flesh. The traces of the former left in the world are also weakening and dying out.

The disappearance of this trace, however, involves Xuangong.

Many strong men in Xuangong screamed.

They were frightened to find that their bodies were becoming transparent.

Without any attack, their bodies were gradually disappearing.

They were born from the fantasy of emperor cangxuan and had no realistic foundation.

Once the traces of Cang Xuan emperor disappear, those waiting for them will only disappear silently, like disillusionment, and everything will return to nothingness.

Lu Xu also found that his body was becoming transparent uncontrollably, and his scalp was numb with fear, shouting at Ye Chen:

"Boy, stop!"

He also ignored the gap in strength and slapped Ye Chen.

Ye Chen's face did not change color, but also gently waved a palm, and beat Lu Xu to vomit blood, and his body flew out like defeated grass.

Lu Hechan couldn't bear to take a step and wanted to say something, but he didn't speak in the end.

She knew that Lu Xu was not her grandfather's God King.

Lu Xu's teeth are broken, and his eyes are red. He knows his strength, and the gap between him and Ye Chen is too big to resist.

"Taoist, come on, only you can stop the Lord of reincarnation!"

Lu Xu held his hands high and sang loudly.

WOW!

In the sky, suddenly, the fairy light is in full swing, and the rosy clouds are boundless.

The void burst, and a magnificent world appeared in front of Ye Chen.

That is the gate world of Xuangong!

The whole Xuangong Mountain Gate, thousands of palaces, unexpectedly all came down and appeared here.

With the disappearance of the traces of Cang Xuan emperor, these palaces also collapsed one by one, and bursts of screams came from them. Many strong men in the Xuangong palace turned into white light and evaporated without any reason, as if they had never existed.

Above the most central palace, stood an old man with white hair and a childlike face, holding a feather fan, staring at Ye Chen below with astonishing anger and horror in his eyes.

He is the high priest of Xuangong, the Taoist master of Lu Xu, respect the nine stars!

In fact, without Lu Xu's call, after feeling that the Xuangong was about to be destroyed, zunjiuxing would pour out and come down to stop Ye Chen.

Ye Chen looked at zunjiuxing and felt his breath was quite strong, but he could not suppress himself.

If the peak duel, the advantage is on Ye Chen's side.

"Lord of reincarnation, how dare you desecrate the bones of emperor cangxuan!"

"This is blasphemy!"

"You deserve to die!"

Zun Jiuxing was extremely angry. If the skeleton of cangxuan emperor was refined and fused, the Xuangong would be completely ruined.

He made a bold move, and the palm of his hand gathered a startling aura, which turned into a huge sky, and exploded in the air.

However, he did not attack Ye Chen, but directly attacked Xuan Hanyu!

He knows that ye Chen's martial arts background is very strong. With his strength, it is absolutely impossible to suppress.

The only hope to reverse the situation is to prevent xuanhanyu from recovering his body and save the bones of Cang Xuan emperor.

Even if the bones of Cang Xuan emperor can be captured and the Xuan palace can be fused, the Xuan palace can inherit the will of the ancient gods, take root in reality and dominate the country.

Boom!

Zun Jiuxing's violent palm, crushing layers of void, is about to crush Xuanhan jade.

He was not fighting alone. The whole Xuangong, the breath of all the strong, gathered on him and vowed to suppress xuanhanyu and recapture the skeleton of cangxuan emperor.

Ye Chen's face suddenly shook. Now the world of the lost territory collapsed, and the space collapsed. There was no room for maneuver.

If he wants to protect xuanhanyu, he must defeat zunjiuxing and everyone in Xuangong with the momentum of thunder.

"Dragon life star, open!"

In the crisis, ye Chen couldn't care so much, and immediately opened the Dragon life star.

The violent reincarnation force and the dragon breath burst out in an instant.

A vast reincarnation of heaven, in midair.

In the kingdom of heaven, hundreds of millions of dragons roared and soared, which was extremely spectacular.

Zun Jiuxing's huge hand, rolled down, was directly blocked by this reincarnation heaven.

Bang.

The giant hand bombarded the reincarnation heaven, and the heaven collapsed everywhere, but the foundation was not damaged.

A bloody Dragon Sword gas burst out from the depths of the kingdom of heaven, and with a hiss, it cut off the big hand of the nine stars.

Zun Jiuxing's blood sprayed in the void, and his eyes were torn, angry and afraid.

"Lord of reincarnation, even if I die, I can't let the Xuan palace be destroyed in your hands!"

Zun Jiuxing was furious, bit his teeth, and his blood was stretched all over. He was actually ready to explode. He also wanted to stop Ye Chen and save the bones of cangxuan emperor.

"Not good!"

Ye Chen's face changed slightly. If the nine stars burst, it would be dangerous.

Although he will not be injured, the self explosion of the strong in the boundless realm will inevitably affect xuanhanyu.

"Your life is hard won. Why do you despise yourself so much?"

Suddenly, a soft voice sounded in the void.

I only saw a woman with peerless demeanor, slowly rising from below, like the supreme goddess, suspended in the sky, her eyes as indifferent as a secluded spring, layers of fairy gas around her body, evolving into a sacred world, in which countless immortals are worshipping and singing.

This woman is Xuanhan jade!

At this moment, Xuanhan jade has completely recovered.

Chapter 8614

On her body, there was a divine brilliance, which was the unique atmosphere of the gods.

She successfully fused the bones of Cang Xuan emperor, directly inherited part of the divine personality, and transformed into a God.

Zunjiuxing was stunned, only feeling a breeze blowing from his face.

All his restless life was silent.

The Xuanhan jade after the recovery of the body is too domineering and simply invincible.

Against the divine brilliance of Xuanhan jade, even the mighty nine stars in the infinite realm are as small as ants.

Ye Chen stared at Xuan Hanyu, also shocked.

He had completely failed to see through xuanhanyu's cultivation. He only felt that she was very strong and possessed divine personality. Even if the Immortal Emperor came, it was impossible to defeat her.

She is qualified to fight against the Immortal Emperor!

The bones of Cang Xuan emperor were completely fused by xuanhanyu.

Without any rejection, she was very successful and inherited the orthodoxy of cangxuan emperor.

Because she is the descendant of Cang Xuan emperor. If she wants to inherit the orthodoxy of her ancestors, there will be no hindrance.

The bones of Cang Xuan emperor were melted away, and the trace did not disappear. The Taoist cause and effect were transferred to Xuanhan jade.

However, for Xuangong, this is also a disaster.

The martial artists in Xuangong began to fade one by one, becoming transparent and disappearing.

Including zunjiuxing and Lu Xu, their bodies are also fading and will disappear.

"Submit to me. In the future, you Xuangong will be my servant."

"If you join the reincarnation camp, I can protect you from death."

Xuan Hanyu's voice was faint, and he had a proud and threatening momentum.

Zun Jiuxing was trembling all over, and he only felt that the Xuanhan jade at this moment was the incarnation of the former cangxuan emperor. It was too sacred to look up, as bright as the sun and the moon.

"The great emperor is up, and my Xuan palace is willing to submit!"

Zunjiuxing hurriedly knelt down, where dare to resist.

Lu Xu and many Xuangong strongmen also knelt down respectfully, worshipped and shouted in unison, "see the emperor!"

Xuan Hanyu chuckled and said, "I'm not Cang Xuan emperor, I just inherited his orthodoxy. My name is Xuan Hanyu."

After a pause, she looked back at Ye Chen and said, "Ye Chen, why don't you give me a legal name? I also want to get your title."

Ye Chen was stunned for a moment, thought for a moment, and then said, "since you have fused the bones of Cang Xuan emperor, you can simply inherit his emperor's name in the future. You'll be called Cang Xuan female emperor."

Xuan Hanyu laughed and said, "well, I'll be called Cang Xuan female emperor in the future."

Zunjiuxing, Lu Xu and other Xuangong strongmen worshipped one after another and said, "the female emperor is powerful, and we will follow him to the death!"

Xuan Hanyu smiled, charming and said, "you don't want to follow me, but follow the Lord of reincarnation, you know?"

Xuangong all the strong people responded in unison: "I sincerely abide by the instructions of the female emperor!"

Their bodies, which were on the verge of disappearing, are now back to normal, and in the real world, they also have a foundation, no longer like fantasy nothingness.

Their foundation is in the reincarnation camp.

Vaguely, ye Chen felt that with one thought, he could control the life and death of everyone in the Xuangong.

He knew that it was xuanhanyu who handed over the life and death power of Xuangong to him.

"Fairy..."

Ye Chen stared at Xuan Hanyu stupidly, with mixed feelings of surprise in his heart.

"Thank you, ye Chen."

"If it weren't for you, I wouldn't be able to recover."

Xuan Hanyu smiled.

"Reincarnation is powerful!"

Many strong men in Xuangong also sang praises in unison.

Shentu Tianyin on one side looked very complicated when he saw this scene.

In the past, ye Chen was as humble as an ant when he was outside the territory. Anyone who was superior could crush him.

But at this moment, ye Chen has grown to the point of rebellion. Hundreds of millions of believers worship and decide life and death in a word.

Looking at the whole world, there are not many people who can suppress Ye Chen.

"Let's go."

Ye Chen smiled, and his heart was quite happy.

In this treasure hunt in the lost territory, he successfully got the era Taoist book, also let Xuan Hanyu recover his body, and even rescued Shentu Tianyin, which can be described as a complete merit.

At that moment, ye Chen left with everyone.

Now Xuangong also belongs to the reincarnation camp. The whole lost territory is Ye Chen's territory from now on.

Ye Chen led the crowd out of the lost territory, but saw that under a big tree, a woman in a pear flower dress stood in the wind with a sword in her arms, looking sad and gloomy. It was Shen Tu Wan'er.

"Wan'er..."

Ye Chen saw Shen Tu Wan'er appear here, and his heart jumped violently.

Shen Tu Zihui was stunned to see his daughter coming, with a trace of embarrassment and shame.

Obviously, Shentu Waner knew that she was released and sensed the change of heaven, so she came here.

Everyone was also surprised to see Shen Tu Wan'er's figure.

Everyone knows that Shen Tu Wan'er is the Lord of the demon God in the future, and her identity is not trivial.

"Wait for me in front."

Ye Chen said to Xuan Hanyu, Lu Hechan, zunjiuxing, Lu qinxuan and others.

The crowd nodded and went ahead to wait.

In the field, only Ye Chen, Shentu Waner and Shentu Tianyin were left.

"Mom..."

Shen Tu Wan'er ran over with tears in her eyes and hugged Shen Tu Tianyin.

The mother and daughter hugged each other and wept, unable to sigh.

"Wan'er, I'm sorry, my mother has dragged you down."

Shen Tu Zihui stroked Wan'er's hair and said sadly.

"It's all right, mom. It's good if you're all right. I miss you very much."

Shentu Wan'er said.

Chapter 8615

"Thanks to the Lord of reincarnation, my mother can get out of trouble this time."

Shen Tu Zihui looked at Ye Chen with a grateful expression and many complex emotions.

In the past, she strongly opposed Ye Chen and her daughter.

But up to now, she also knows that only Ye Chen is her daughter's best partner.

"Ye Chen, thank you."

Shen Tu Wan'er looked at Ye Chen with beautiful eyes and whispered.

"Nothing."

Ye Chen's expression was also quite complicated and smiled for a while.

Shentu Tianyin took Ye Chen's hand and Wan'er's hand, folded their palms together, and said, "Lord of reincarnation, I'm sorry, I wronged you before. From now on, you want to be with Wan'er, and I won't stop you anymore."

"I just hope you don't disappoint Wan'er and don't let her become a lich skeleton."

Speaking of the end, Shen Tu's tone was a little serious.

She knew that Shen Tu Wan'er's future body was the Lich King, the Lord of the demon God, a white skeleton.

Ye Chen's eyes coagulated, took Shen Tu Wan'er's hand, and solemnly said, "please rest assured, senior, I will never fail Wan'er."

Shen Tu Zihui nodded in relief and said, "it's so good. My Wan'er is much better than Ren tiannv."

"Ren tiannv wants to kill you all the time, but my family Wan'er is really for you. Find a suitable time and get married."

Shen Tu Wan'er blushed and shouted, "Mom!"

Ye Chen was also embarrassed. He coughed and said, "don't be in a hurry to get married. There are still many things to do now."

Shen Tu Wan'er said, "yes, mom, now the great enemy is undecided, and it's too early to get married."

Then he said to Ye Chen, "Ye Chen, I have established a force called demon god palace. Take this token and you can call the strong in the demon god palace at any time."

Offer a token to Ye Chen.

"Demon palace?"

Ye Chen took the token and saw that there was a "demon" carved on it. On the back was a totem relief of the sky demon star sea. The whole body was filled with black fog, which was quite mysterious.

"Yes, I'm more and more closely connected with my future body, and I gradually take charge of the power of the endless time and space demon."

"I have said that I want to establish the demon palace and align with reincarnation."

"Half of the demon gods agree and half oppose."

"Those who agree, I will bring them into the demon palace."

"Kill all the opponents!"

Shen Tu Wan'er's eyes flashed murderous, filled with a dignity that had never appeared before.

Ye Chen was cold in his heart and said, "half of them oppose, and if you kill them all, won't it hurt the spirit of the demon God?"

Shen Tu Wan'er said, "it doesn't matter. The demon God was born in the dark. I can summon as many as I die, but it takes a lot of resources to re cultivate. I just want to talk to you this time."

Ye Chen frowned and said, "I'm afraid the resources I have can't help you."

His resources, in the real world, can be said to be extremely rich.

But when it comes to time and space, it is bound to be stretched.

It is absolutely not enough to support the development of Shentu Waner demon palace.

Shentu Waner said, "you don't have enough resources now, but as long as you can get the Tianbei, resources are enough."

"Tianbei is extremely energetic. If you can take charge, I can place my demon gods in your Tianbei, and continue to multiply and grow, cultivate and grow!"

Ye Chen shook slightly and said, "Tianbei... Unfortunately, now I don't know where Tianbei is."

Shen Tu Wan'er said, "look for it as soon as possible. Tianbei is very important to us. My demon palace will also help you find clues."

Ye Chen said, "thank you!"

He also knows the importance of Tianbei. If he wants to fight against tiannv in the future, Tianbei is also the key thing, which can reverse the future war situation and avoid the terrible tragedy.

Shen Tu Wan'er paused, waved to Lu Hechan and shouted, "that girl, please come over."

Lu Hechan heard Shen Tu Wan'er's call and was stunned for a moment. He didn't know why and came over.

Ye Chen was also stunned. She didn't know what Shentu Waner wanted to do.

"Lord of demon God, what's up?"

Lu Hechan looked at Shen Tu Wan'er with a trace of awe.

Shentu Wan'er said, "are you the granddaughter of the ancestor god king?"

Lu Hechan said, "yes."

Shen Tu Wan'er laughed and said, "do you want to see your grandpa?"

Lu Hechan was stunned, "ah".

Shen Tu Wan'er said, "if you want to see your grandpa, I can use special means to send you to wuwuwuspacetime. After all, you also came from wuwuwuspacetime. It should not be difficult to go back."

Lu Hechan was surprised and stunned, and said, "really?"

What she misses most is her grandpa.

If there is a chance to go back to no time and space and reunite with the ancestor god king, it would be great.

Shen Tu Wan'er said, "naturally, it's true. What do you think?"

Lu Hechan said excitedly, "Lord of demon God, if you can really reunite me with my grandfather, I'm grateful!"

Shen Tu Wan'er laughed and said, "OK, come with me. I won't let you down."

Lu Hechan gave a "hum" and said to Ye Chen, "brother ye, then... I'm leaving?"

Ye Chen was a little confused. She didn't know why Shen Tu Wan'er arranged this.

It is definitely not an easy thing to send people into no time and space, and she is bound to pay a huge price.

Looking at Shen Tu Wan'er's smiling, secretive expression, ye Chen suddenly blessed his soul and caught something at once.

Lu Hechan is the granddaughter of the ancestor god king, and now the ancestor god king has been subordinated to Hongjun's ancestor.

Shen Tu Wan'er sent Lu Hechan back and reunited with the ancestor god king, which was equivalent to saying that a chess piece was lying in ambush beside Hongjun's ancestor!

This is a very obscure layout.

It seems that Shen Tu Wan'er also knows that the future grandson Hongjun is doomed to break with Ye Chen, so make preparations in advance.

Ye Chen looked at Shen Tu Wan'er's eyes, and Shen Tu Wan'er also looked at him, and smiled mysteriously.

"You want to use Lu Hechan as a pawn?"

Ye Chen whispered.

"I don't. I just want to be a good person and reunite her with her grandfather. Do you want to stop it?"

Shentu Waner directly refused to admit it.

Ye Chen blushed and suddenly didn't know what to say.

Lu Hechan saw that ye Chen didn't speak and said, "brother ye, i... I'm going back to my grandpa."

Ye Chen smiled bitterly and said, "go, be careful."

Lu Hechan said happily, "well, I know."

After the agreement, Lu Hechan walked to Shen Tu Wan'er. The two women held hands, talking and laughing, looking quite intimate.

The party returned to Shenlan Zong Mountain Gate.

From then on, the three forces of lost territory, Shenlan sect, guidaomen and Xuangong, completely united and worshipped Ye Chen as the supreme.

Shentu Waner said goodbye to Ye Chen and left with Lu Hechan and Shentu Tianyin.

Chapter 8616

Before leaving, she was very bold. In front of everyone, she hugged and kissed Ye Chen. After making out, she was reluctant to leave.

Everyone's eyes were hot, and Xuan Hanyu seemed to laugh.

Ye Chen was quite embarrassed, thinking that Ren Feifan was still waiting for him to go back, he said to Xuan Hanyu:

"Xuanxian, will you follow me or stay here?"

Xuanhanyu thought for a while, sighed, and shook his slender palm, saying, "my physical body recovers, but my strength is only 1% at most compared with the peak. The future is very dangerous, and I need more strength."

The implication is that she won't stay with Ye Chen in the future.

She already has a physical body, so she doesn't need to rely on Ye Chen. She wants to find more strength and recover her former peak.

Once xuanhanyu helped Ye Chen a lot, but now he is about to part, and ye Chen is also a little reluctant, saying, "where are you going?"

Xuan Hanyu said, "I don't know yet. I'll go wherever there is a suitable opportunity. I need to constantly strengthen my body and restore my strength."

"The bones of emperor cangxuan are actually a burden for me. The bones of gods are not so easy to inherit. I must constantly improve myself before I can fit the divine personality."

"Otherwise, God's punishment will come, and I will be in danger of falling out at any time."

Ye Chen said, "then be careful. If there is danger, call my name."

Nowadays, ye Chen is extremely powerful in martial arts. If xuanhanyu is in danger, he is also qualified to help.

"Thank you very much."

"Meeting you is the luckiest thing in my life."

Xuan Hanyu smiled gently and said softly.

"Well, I'll go first."

Ye Chen bowed his hand to say goodbye to xuanhanyu, and said goodbye to LV qinxuan, Mr. ghost and others. Then he left the lost territory, tore the void directly, and returned to the star moon world.

.....

Shuttle through the void.

Soon, ye Chen returned to the star moon realm.

As soon as he returned to the star and moon realm, he saw all the territories, with a thin Fairy Spirit, a myriad of auspicious clouds in the sky and the earth, golden kylin lights shining, dragon and Phoenix auspicious clouds flying, and a scene of great prosperity.

"It seems that my reincarnation has greatly improved since I got the era Taoist book."

Ye Chen was also happy when he saw the immortal atmosphere in the star moon circle.

However, looking into the distance, ye Chen dimly saw another place where the sky and earth collapsed into a black hole vortex, which was out of tune with the surrounding golden and red weather, and looked very dark, so he couldn't help frowning.

Hiss hiss!

At this time, streamers of light came flying.

Ye Yishen, Wu Yao, Xia Ruoxue, Ji Siqing, Wei Ying, ye Luoer and others came out to meet Ye Chen.

Seeing ye Chen returning safely, there was even the smell of era daoshu on his body, and everyone was happy.

"Brother Ye Chen, have you got the treasure?"

Wu Yao asked with flying eyebrows.

"Yes!"

Ye Chen nodded and smiled, then pointed to the collapsed world and said to Ye Xie Shendao:

"Grandpa, why did the world collapse?"

Am I attacked by someone in the star moon realm? "

Ye evil god sighed and said, "the collapse of that heaven and earth has nothing to do with people, because the fire was eroded and caused the collapse."

Ye Chen's heart tightened: "is the fire eroded?"

Ye Xie said: "yes, but it was not eroded by the death cult, but by the will of the moral God."

"I reckon that if the moral God doesn't rise again, the fire will sooner or later be eroded to the point of extinction by his will."

"If the fire goes out, the starry sky of this world will be completely destroyed."

Ye Chen's face sank. It seemed that the moral God would not rise, and his influence on the real world was growing.

"We can't entrust our destiny to others!"

Ye chendao.

Ye Xie said: "you're right. I'm also ready to separate our star and moon worlds from the real world to form an independent space, which is not affected by the fire. We have our own reincarnation law, and we don't need to rely on reality."

"However, brother Ren's state is not very stable, and I haven't started yet."

Ye Chen took out the era daoshu and said, "Grandpa, I have got the spring and autumn era, and I can help my predecessors."

"Is this the legendary era Taoist book?"

Ye Xie took the era Taoist book, and with a trace of curiosity, slowly unfolded the era Taoist book.

This era Taoist book is obviously only an inch thick, but after it is opened, there are billions of pages in it, which is endless. The mysteries of billions of centuries are all in it.

Every page of the book flows with mysterious starlight, the track of the way of heaven, and eternal mysteries.

Everyone present was shocked when they saw it.

"This era Taoist book can make our reincarnation camp, and enhance our strength to a higher level!"

Ye Xie tore off several pages and distributed them to Xia Ruoxue, Ji Siqing and Wu Yao, saying:

"The mystery of era daoshu is incomparable. Each of you can take a page to understand it."

A page of Tao books is a mystery of the universe. If you can understand the mystery of the universe era, it will be of great benefit to your self-cultivation and breakthrough of the Tao mind.

All the women were surprised when they got a page of Taoist books.

"Grandson, the most precious part of this book is the first page, which contains the mystery of the beginning of the era and the primitive road. You have to understand it carefully."

Ye evil god himself also tore off a page of the book, and then returned the Taoist book to Ye Chen, Ningsheng told him.

Chapter 8617

"Yes!"

Ye Chen nodded and said, "Grandpa, I'm going to find elder Ren."

Ye evil god "Hmm".

At present, ye Chen took the era daoshu and went to see Ren Feifan.

Ren Feifan lives in seclusion in the small world of blood moon opened up by himself, silently closing the door to regulate his breath and avoiding the mystery of heaven.

When ye Chen came to this blood moon world, he saw Ren Feifan sitting in the void, with the blood moon behind him, and the weather was quite vast.

"Senior Ren!"

Ye Chen arched his hand and saw Ren extraordinary's state, which was much better than before. His hair had completely returned to black, and he looked handsome and free.

"Back."

Ren Feifan saw Ye Chen coming back, opened his eyes and smiled slightly.

Ye Chen heard Ren Feifan's voice and became unusually old. He was surprised and said, "master Ren, you..."

Ren Feifan gently waved his hand and said, "I'm fine. I'm just avoiding the mystery of heaven and resisting the call of truth. I'm a little tired. Have you got the era Taoist book?"

Ye Chen felt quite guilty in his heart, knowing that Ren Feifan must pay a huge price in order to resist soaring.

"Got it."

He hurriedly sacrificed the era daoshu and handed it to Ren Feifan.

Ren Feifan opened the Daoist book, and the stars shone on his face. His eyes also shone, and he exclaimed, "good, good! With this era Daoist book, I can easily avoid the call of truth, and I don't have to be attacked any more!"

The voice fell, and with a gesture of his palm, a thousand pages flew out of the Tao book.

These 1000 pages represent a millennium era!

The previous century yuan, are Ren extraordinary before falling without time and space, have experienced.

Thousands of pages, clattering, revolved around Ren extraordinary's body, following an ancient track like a star, constantly rotating.

Surrounded by thousands of pages, Ren extraordinary breath completely hid, and people seemed to have retreated into the past era, not in the starry sky.

Ye Chen clearly stood in front of Ren extraordinary, but he couldn't feel the slightest breath of Ren extraordinary, and he couldn't help being surprised and happy.

It seems that this era Taoist book can indeed cover up Ren extraordinary's breath, so that he can successfully avoid the mystery of heaven, and no longer spend his own strength to fight.

"Well, take this epoch Taoist book by yourself. I'm all right."

Ren Feifan smiled and returned the Taoist book to Ye Chen.

"Yes."

Hearing his voice, ye Chen was no longer old and young again, and his heart was also happy.

"The first page of this book represents the mystery of the beginning of the era. You have to figure it out carefully. You just stay with me and meditate and understand it. Maybe you can directly break through to the mysterious realm."

Ren extraordinary way.

"Good!"

Ye Chen was excited, nodded and agreed. He took out a jade slip flashing with thunder and handed it to Ren Feifan.

"This is the jade slip given to me by the God of thunder. It contains the mystery of a thirty-three God's skill, the slashing of the wild thunder."

"Senior, this may be useful to you."

Ren Feifang's eyes were slightly bright. He took the jade slips, glanced slightly, and muttered, "is it possible to cut the thunder?"?

It's the source of the mystery of my Xihuang Lei seal. Well, it's really fierce and domineering. Thank you.
"

Accepting the jade slips, I am also very grateful to Ye Chen.

Ye Chen calmed down and stayed beside Ren Feifan. He sat down cross legged, ready to comprehend the era daoshu.

Before officially entering the state of cultivation, he tore off many pages of Taoist books, gave one page to the demon emperor who was still in retreat, and sent many pages to reincarnation heaven, which was once hell.

The king of hell, shanrou, Yunjin and others received the gift of Ye Chen daoshu.

There is also the truth Buddha of all sentient beings. Ye Chen also sent a page of Taoist Scripture.

In short, as long as ye Chen is a strong player in the reincarnation camp, he will give gifts.

Anyway, the era daoshu has enough pages, and it is not afraid of consumption.

Of course, ye Chen did not abuse it. After all, if the traces of the past era are too widespread, it is easy to affect the stability of the earthly law.

Moreover, the era daoshu is mysterious and profound, and not ordinary people can understand it.

If you are a person with poor talent, you will not only fail to understand the mystery of the era, but may even be backfired.

Ye Chen mainly takes care of the core figures of the reincarnation camp and expands the strength of the top level.

Everything has been settled. Ye Chen calmed down and began to comprehend the era daoshu.

He first turned to the first page, which recorded the initial era. It was hazy, surrounded by smoke, and it was full of chaos. It was not true.

This initial era can be called the "era of truth".

Truth is the ultimate road, the ultimate law, the convergence of all laws, the creation of all things, beyond all things.

This era of truth is very mysterious. Everything is hazy, can't see clearly, and is shrouded in a layer of fog all the time.

Ye Chen wanted to pry into the mystery of this era of truth, but found that he couldn't see any texture at all. His eyes were always shrouded in a fog, as if a voice warned him in his ear, telling him not to covet to peek into the truth.

"Mingyu Heart Sutra, glazed magic, wings of freedom, hole breaking fog!"

Ye Chen Ran Mingyu Heart Sutra, thinking about the mystery of the wings of freedom again, trying to dispel the fog.

Hoo!

Under the storm of the wings of freedom, the fog of the Era World faintly faded.

Ye Chen was happy, but he found that in the fog, suddenly the divine light exploded, and ten ancient stone tablets flew out.

The stone tablet with the word "heaven" on one side almost hit Ye Chen's face. The violent law almost crushed his spirit.

This is actually a monument!

Chapter 8618

Ye Chen was surprised. Fortunately, he had been on guard and immediately pulled out his spirit. He was not injured, but his back was in a cold sweat.

"The original ten xuanbei of reincarnation were actually handed down from the era of truth!"

Ye Chen saw clearly that those stone tablets were all xuanbei of reincarnation!

Ten reincarnation inscriptions, born in the era of truth, have been handed down to the present, and their historical origins are extremely mysterious.

Especially the Tianbei, which is more powerful than the other nine xuanbei of samsara, is the core of the core!

"But why didn't I see the reincarnation cemetery?"

Ye Chen's eyes looked at the era daoshu again, but in the era of truth, he did not catch any breath of reincarnation cemetery.

If the reincarnation cemetery is also born from the era of truth, he should be able to feel it, so as to spy on the secrets behind it.

However, ye Chen did not gain much after repeated observation.

He continued to look at the next few pages. It was all a wild scene of the beginning of time and space. A large area of fog shrouded the world. There were no sun and moon, no creatures, and everything was in a primitive and ignorant state.

These new eras of time and space can be regarded as the continuation of the era of truth. There are only laws between heaven and earth, and there are no creatures who can control the laws, because the creatures have not yet been born.

Reincarnation, space, time, fate, cause and effect, creation, life and death, withered glory, Xumi, mustard... It takes an extremely long time for these great laws and rules to evolve into the universe, stars and everything in heaven and earth.

Ye Chen leafed through the mysteries and mysteries of those eras. Even with his Taoist heart, he couldn't bear it.

"Hey, boy, do you want to die?"

Era Taoist books have billions of pages and are endless. Do you still want to understand them all? "

At this time, in the reincarnation cemetery, there was a voice of desolation.

Huang Lao woke up. He looked at the era Taoist book with a trace of interest, but he still disdained Ye Chen.

"Barren old!"

When ye Chen saw Huang Lao wake up, he was refreshed and said hello.

"Your grandfather and Ren Feifan both ask you to understand the mystery of the era of truth, and they look up to you too much."

"Truth represents the ultimate of the road. Where is it so easy to pry?"

I advise you not to be wishful thinking. You haven't even arrived at the mysterious realm of heaven, and you're not qualified to peep into the mystery of truth! "

Huang Lao snorted, and his tone was still full of disdain.

"Huang Lao, what do you think?"

Ye Chen smiled helplessly and inquired tentatively.

Huang Lao was born without time and space. He may have a different opinion on the era daoshu.

"You can't chew too much. You can't finish watching billions of centuries. Now you just need to understand the era of martial arts."

"Only the Wudao era is the most suitable existence for you."

Old ways.

"Wu Dao era?"

Ye Chen's eyes are slightly bright.

"Yes, once there was no time and space, only practicing magic skills, rarely practicing physical martial arts."

"Later, many strong people without time and space saw a great figure from the long river of time in the future, which was the figure of Wu Zu."

"They saw Wu Zu's posture, majestic, domineering, uninhibited, and physically strong enough to resist the law of cause and effect."

"As a result, martial arts became popular in all time and space. Almost everyone practiced martial arts, and the martial arts era began."

Huang Lao's eyes narrowed slightly, and he recalled the past with a trace of memory.

Ye Chen was immediately stunned. He didn't expect that there had been such an era in wuwu spacetime.

"The era of martial arts was pioneered by my martial ancestor?"

"It can be said that hehe, but when the Wudao era opened, Wuzu was not born yet. We just caught a glimpse of his invincible figure from the long river of time in the future. He has many believers in wuwu spacetime."

"Later, he was finally born and ascended to the top of the Immortal Emperor, but he refused to soar. Many believers were sad and even committed suicide."

Huang Lao sighed.

Wu Zu was qualified to fly, but he chose to stay in this world.

Later, he was entrapped by Duobao Tianjun. He mistakenly thought that something had happened to Hongjun's ancestor, so he ventured into Wuwu and was trapped.

Ye Chen knew from the mouth of Huang Lao that Wu Zu was so great that he actually created the era of Wu Dao in Wuwu time and space.

Wu Dao without time and space also comes from Wu Zu.

"Wu Dao era... Should be on this page."

Huang Lao's finger was light, and the era Taoist book in Ye Chen's hand flipped up and finally settled on a page.

This page of Taoist books, as soon as it is unfolded, has a majestic breath of martial arts, rushing to your face, just fierce, strong, without any fancy.

Ye Chen's spiritual strength penetrated into it, and he immediately saw that in this era, everyone practiced martial arts, and martial arts were extremely prosperous. There were statues of Wu Zu everywhere.

Ye Chen peeped into the martial arts atmosphere of this era, and his martial arts seemed to have signs of breakthrough. Dantian was hot.

"Huang Lao, I see you!"

Ye Chenzai looked carefully. In this era world, he actually saw the desolation of his youth, leading many young warriors to wander in a fire tower.

Those who can be included in the era daoshu are those who have a significant impact on the universe.

Ye Chen is not surprised that Huang Lao can be included.

"Oh, really?"

Huang Lao heard Ye Chen say that he saw himself and stroked his beard with a smile.

"You seem to be in a fire tower, constantly rushing into the tower and trying to climb to the top!"

Ye Chen felt the picture in the era Taoist book and watched the posture of Huang Lao rushing into the tower.

"It's the Chiyu pagoda, which used to be my experience pagoda. It's full of the breath of heavenly fire, which can harden the blood and flesh."

"The blood energy of my scattered gods is relatively weak, so all young warriors of my scattered gods must enter Chiyu tower for training."

Huang Lao explained.

"I see..."

Ye Chen's spiritual strength is still concentrated on the figure of Huang Lao Chuang tower. Looking at the means Huang Lao used to Chuang tower, he understands his martial arts.

"This page of martial arts era is worth chewing and understanding slowly, which is good for you."

The old man slowly said.

Unlike Ye Yishen, Ren Feifan, who was born without time and space, knows better than anyone that the mystery and profundity of the truth Avenue are not something Ye Chen can understand at the moment.

He made Ye Chen realize the era of martial arts, which is the most secure and appropriate.

The next time, ye Chen is to concentrate on understanding the mystery of the Wudao era and observe the essence of the past Wudao era.

Just a few days later, in the continuous perception, ye Chen's own cultivation is also making rapid progress.

He took another ten steps, from the nine layers of heaven in the hundred flail realm to the hundred steps in the sky Xuan realm, he has taken a full eighty steps!

Tianxuan realm is within reach!

In just a few days, there was a breakthrough in martial arts cultivation, and ye Chen was also happy.

Chapter 8619

This volume of era Daoist book is worthy of being the last chapter of truth Daoist book in the real world, which is too great for cultivation.

Ye Chen planned to continue to comprehend. At this time, with a buzzing sound, the blood moon light in the sky flickered, and any extraordinary figure came down.

These days, ye Chen practiced in this blood moon world.

"Master Ren, you are out of the customs."

Ye Chen looked at Ren Feifan and felt that his breath was not weak at all.

It seems that era daoshu is also a great gain for Ren Feifan.

"Didn't you realize the era of truth?"

Ren Feifan glanced at Ye Chen and frowned.

"No, the truth is too mysterious, and I can't see clearly. Huang Lao asked me to understand the era of martial arts, and my martial arts improved a lot."

Ye Chen said.

"It is precisely because of the mystery that I ask you to realize! Don't be afraid of the infinite truth, and further step forward with joy!"

Ren Feifan is carrying his hands and his tone is severe.

Ye Chen was dumbfounded.

Ren Feifan sighed, "well, maybe I'm too impatient. It's probably a good thing for you to start with the Wudao era first."

Ye Chen saw that there seemed to be another worry between Ren Feifan's eyebrows, so he asked, "elder Ren, what's the matter with you leaving the pass so quickly?"

Ren Feifan flicked his fingers, with a trace of gloom in his tone, and said, "yes, I calculated that there might be messengers coming to me."

Ye Chen was stunned: "what messenger?"

Ren Feifan said, "it should arrive soon. Wait."

He continued to carry his hands, his eyes deep, overlooking the distance of the blood moon world.

Ye Chen looked at Ren Feifan, and his mood was inexplicably nervous.

He and Ren Feifan waited quietly for less than half an hour, and suddenly saw a strange light in the distant sky.

This divine light, with strong authority, has a powerful momentum of the road, as if it contains the most perfect law in the world.

A huge book of Taoism, which was manifested in the divine light, floated four golden characters with iron paintings and silver hooks, which were the words "perfect world".

"The perfect world?"

This... This is the miracles Ode to the world. Ye Chen looked at this volume of Taoist books, and his eyes immediately contracted.

There are nine chapters in the book of miracles praising the world. The first five chapters have been obtained by him, and the last four chapters are in wuwuwuspacetime.

At this moment, the Taoist books emerging in the distant sky exude a perfect breath. The roads are perfect and the truth is flawless. It seems to be the contents of the miracles Ode to the world.

The five volumes of Taoist books in Ye Chen's body, such as Tianwen, xiaoyaoyou, eclosion, mortal disaster, spring and autumn era, all resonate with the perfect Taoist book in the distance.

"Here comes the messenger of the wuwuwuspacetime truth society, the embodiment of the Tao book of the perfect world."

Ren Feifan saw the Taoist book, and his eyes were even darker.

Ye Chen's heart was pounding. Under the insight of heaven, he knew at once.

It is a fantasy world where miracles praise the world. There is no struggle, no killing, no desire, and all creatures coexist peacefully. There is no darkness in the universe. It is always bright, which can be called perfect.

The book of perfect Tao, which seems slow, is actually extremely fast, tearing the void and shooting.

When it came close, ye Chen saw that there was a person sitting on the book.

It was a man in a sky blue Taoist robe, holding a dust brush, his face was like a crown of jade, majestic, and there was a perfect breath all over his body, without any defects.

His breath is completely integrated with the Taoist book, and the volume of the perfect Taoist book is really too huge, as if it can contain mountains and rivers, so at the beginning, ye Chen did not see the existence of the Taoist robed man.

Now that he saw it, he was shocked.

The smell of the man in the Taoist robe is really perfect. He is full of rules, running like the track of heaven. It is not easy to walk around, and is full of the mysteries of the road.

"Sinner Ren extraordinary, you refuse to fly, blaspheme the truth, quickly kneel down and confess!"

The Taoist robed man's Royal Book flew, his eyes with a trace of coldness, stared at Ren Feifan, and suddenly shouted, his voice was like Hong Zhongda Lu, shocking people's souls.

Ye Chen was surprised to hear that the man was actually blaming Ren Feifan for refusing to fly up.

"It's my business that I don't soar. I'm afraid it has nothing to do with your excellency. What's wrong with me?"

Ren extraordinary's eyes calmed down.

"Bold! I am the messenger of the truth society, the incarnation of the Tao book of the perfect world, and I am called the perfect saint. I will act in accordance with heaven. Anyone who has reached the accomplishment should fly. If he insists on indulging in this world, it will only destroy the balance of the truth Road!

The man in Taoist robe calls himself the perfect saint, and his words are full of pride.

"You truth society, I'm afraid you are not qualified to represent the supreme truth Avenue."

Let extraordinary look still calm.

"Presumptuous! How many lives do you have if you dare to despise my truth society?"

When the perfect Saint heard Ren Feifan's words, he was immediately angry. With a wave of his palm, a world opened up out of thin air and hit Ren Feifan with his head.

This world is a perfect world. The sun, moon, stars, mountains, rivers, and all kinds of creatures present a wonderful connotation of perfection.

This perfect world fell, it was a scorching sun and sky burst, and the momentum was fierce to the extreme.

When Ren Feifan saw the means of the perfect Mahatma, his eyes suddenly froze, and he also clapped out with one palm. Xi Huang Lei Yin magical power contained therein, and a violent thunder and lightning momentum swept out.

Chapter 8620

Boom!

Thousands of thunder, thousands of lightning, an explosion, will destroy the perfect world, countless laws aura burst, suffocating.

Ye Chen also felt a great pressure, hurriedly retreated for a distance, and looked at the two in surprise.

Ren extraordinary's thunder and lightning skill is more powerful than ever. Obviously, it is to cultivate the divine skill of the God of thunder, which is also very good for his cultivation.

What also surprised Ye Chen was that the perfect saint, who had a direct confrontation with Ren Feifan, was actually only slightly defeated and flew back for two steps without any injury.

"Reverse, reverse! Do you dare to offend my truth society? Are you really not afraid of the wrath of heaven?"

The perfect saint was extremely angry, and his eyes almost spewed fire. It seemed that he didn't expect Ren Feifan to really dare to fight him.

Ye Chen probably understood that this perfect Saint came from a force called the truth society. He claimed to represent the avenue of truth and wanted to call Ren Feifei.

However, Ren Feifan still wants to stay in this world, so he conflicts with this truth society.

"I said, your truth society is not qualified to represent the ultimate way!"

Ren Feifan said indifferently.

"Well, Ren Feifan, even the Hongjun ancestor of that year didn't dare to offend me, the truth society. How dare you offend me? I really think I can't cure you?"

"I came to this world, and I have too many limitations on cultivation. I'm really not your enemy."

"But under the command of the truth society, there are countless gods and demons, and you are not qualified to be arrogant in front of me!"

"Night mother, come!"

The perfect Saint roared with a ferocious face.

In the void, the black air suddenly burst, the Yin wind burst, and the magic air like the eternal night came down, and nightingales were flying.

The blood moon world, the blood red blood moon hanging in the sky, seemed to turn into a dark color because of the pervading of the demon gas.

A beautiful girl in black, surrounded by the rolling demon gas, slowly revealed her figure.

It's actually the night mother, the wind whispering warbler.

"Night mother, this term is particularly good and hateful. My truth will persuade him to fly. I originally wanted to give him some luck, but he didn't appreciate it at all. Instead, he insisted on offending and taking him down for me!"

The perfect Saint angrily pointed to Ren Feifan and shouted an order.

The wind whispering warbler showed a funny expression, slowly landed next to Ye Chen, gently took Ye Chen's arm, smiled at the perfect great saint and said, "sorry, great saint, in fact, I am an ally of the reincarnation camp..."

Ye Chen felt a burst of softness in his arm, and looked at the gentle appearance of the wind whispering warbler. For a moment, he was a little stunned.

He never thought that the whispering warbler was actually related to the truth society.

The perfect Saint even called her out to deal with Ren Feifan.

"Are you their ally?"

The perfect saint is a little confused.

"Yes."

The whispering warbler nodded.

"Is this reincarnation Lord your friend?"

The perfect Saint still doesn't believe it.

"Yes."

The wind whispering Ying continued to nod and hold Ye Chen's arm. Such a close action is enough to prove her relationship with Ye Chen.

Perfect big sainton was embarrassed. He called for the arrival of night mother to win Ren extraordinary. Unexpectedly, the wind whispering Ying stood on Ye Chen's side.

"Extraordinary Immortal Emperor, you have reached your accomplishments. It's better to fly up here."

The whispering Yingmei turned her eyes and looked at Ren Feifan, laughing.

She stood on Ye Chen's side, but she had also received the favor of the truth society. Therefore, although she refused to take action now, she still wanted to persuade Fanfei Sheng to resolve the dispute peacefully.

"I have unfinished business."

No matter how calm his voice is, he still refuses to fly.

The wind whispering yingxiao said, "don't worry, even if you fly up, I will stay with Ye Chen and take care of him for you."

Ren Feifan said, "I can't trust others."

The wind whispering warbler was also embarrassed, and immediately stopped talking, coughed twice, and said, "the truth will be born in response to the Tao, representing the ultimate mystery of the road and the law of truth. They don't stand on the side of any force, but only act in accordance with heaven. I also received the grace of the truth in those years. Now you can also get the care of the truth, and the benefits are endless, I can guarantee."

Hearing the wind whispering, the perfect great sage was delighted that Ying could speak for the truth, and hurriedly replied:

"Yes, Ren Feifan, as long as you are willing to fly, my truth can provide shelter for you. We can give you whatever benefits you want."

Ren Feifan didn't even want to think about it. He shook his head directly and said, "I said, I won't fly. If you want to force me, knock me down first."

The whispering warbler and the perfect saint, seeing Ren Feifan so determined, are a little unable to start.

The perfect Saint twitched his face and said to the wind whispering Ying, "night mother, it seems that you still need to take this extraordinary back to the truth society. Naturally, he can understand our good intentions."

The whispering warbler said, "since the extraordinary Immortal Emperor refused, I can't do it."

The perfect Saint said in a deep voice, "why?"

The wind whispering warbler smiled, looked at Ye Chen beside her, and said, "because I'm Ye Chen's friend, I won't hurt his protector."

Looking at Ren Feifan again, "besides, I may not be able to beat him."

The perfect grand sainton was furious and said, "you really won't do it?"

"Is this reincarnation Lord more important than my truth meeting?"

The whispering warbler's eyes turned and her demeanor was myriad, but she didn't hide her attitude and said with a smile:

"Yes, Lord of reincarnation will be more important than your truth."

"I have received the favor of your truth, but after all these years, everything has been paid off."

"I care more about my friends than the illusory truth."

Seeing that the wind whispering warbler had expressed his attitude, the perfect saint was even more angry, and his body trembled and retreated.

Suddenly, at this time, Ren Feifan pulled out a sword and stabbed it into the heart of the perfect saint. The sword gas and lightning exploded, sharp and fierce.

He took advantage of the perfect Mahatma's distraction and tried to stab each other with a sword!

This sword suddenly stabbed out, and ye Chen, Fengyu Ying, and the perfect Saint were all startled.

Perfect saint's pores all over his body contracted, and he was so shocked that he never expected Ren Feifan to dare to kill him.

His Qi machine has been locked by Ren extraordinary, and it is actually difficult to resist.

Fortunately, at this time, the wind whispering warbler shot in time.

I saw her thin and pale palm, with a trace of crystal black divine awn, reaching out to grasp Ren extraordinary's sword.

Click click!

Let the extraordinary long sword pass through her palm and smash all the crystal black divine awns like substance.

The wind whispering Ying's palm was cut by the sword gas, but she also reluctantly blocked Ren extraordinary's sword momentum.

The perfect Saint also came back, hurried back, and was in a cold sweat.

The whispering warbler said in a deep voice, "extraordinary Immortal Emperor, why do you want to kill?"

You dare to kill the people of the truth society, which is tantamount to offending the truth and acting against the sky! "

Ren extraordinary's tone was awe inspiring and said, "if this so-called truth meeting represents the truth of heaven and earth, why don't I go against the sky?"
