Chapter 8621

He also wanted to stab with a sword, but was held by the wind whispering warbler.

In the palm of the whispering warbler, blood flowed out bit by bit, and his face became pale.

Obviously, it is by no means easy to resist any extraordinary killing.

"You can't kill people. This is the bottom line."

Whispering warbler gently bit her teeth and said.

The perfect Saint dared not stay here anymore. He kept retreating, turned his eyes, and made a decision. He laughed and shouted:

"Ren Feifan, very good, very good, you are the most arrogant person I have ever seen. You dare to offend me, the truth club, or even kill me."

"If my accomplishments were not restricted, you would never be so arrogant!"

"However, if you don't want to soar, I naturally have a way to make you soar."

After a pause, the perfect saint's eyes suddenly fell on Ye Chen.

"Lord of reincarnation, I define a law of cause and effect for you."

"If Ren Feifan refuses to rise, you will never be able to ascend to the mysterious realm of heaven in your life."

"On the contrary, if Ren Feifan is willing to fly, you can make a smooth breakthrough."

His words had great power of law. When the words fell, Ye Chen felt an invisible shackle that bound him.

"Is this... The power of the law of cause and effect?"

Ye Chen suddenly thrilled. He only vaguely sensed this shackle, but he couldn't catch it at all.

Under the perfect Mahatma, the perfect daoshu continues to bloom with brilliant brilliance.

In this instant, he has completed the definition of the law of cause and effect, binding a shackle of the law of cause and effect to Ye Chen.

After laying down the law of cause and effect, the perfect Saint looked at Ren Feifan with a smile and said:

"Ren Feifan, aren't you the protector of reincarnation?"

"Well, now it's up to you to make a decision."

"If you persist in refusing to rise, the Lord of reincarnation will have no possibility to break through the mysterious realm of heaven in his life."

"Your obsession will kill him!"

Ren Feifan is also creepy. He is also proficient in the law of cause and effect.

In the dark, he had felt that the causal law of the perfect Saint had taken effect, which was like a curse imposed on Ye Chen.

The power of this Law of cause and effect is just right, not too much. It's ridiculous to say that it is to directly kill Ye Chen.

If the law of cause and effect is too unreasonable and inconsistent with the logic of the avenue, it cannot be realized.

But the law of cause and effect, the perfect sage, has just the right power. It does not seek to kill Ye Chen, but only to prevent him from ascending to the metaphysical realm!

The key to Ye Chen's promotion lies in Ren Feifan.

If Ren Feifan refuses to rise, ye Chen will not be promoted in this life.

This is the definition of this Law of cause and effect!

It's a curse, fate, shackles, nightmares!

"If you change your mind, you can call my name."

The perfect Saint took a final look at Ren extraordinary, and then the Royal book left.

Ye Chen shook his hand and loosened it. Although he could not accurately feel the existence of the shackles of causality, he also knew that he was cursed with his keen intuition!

"Master Ren..."

Ye Chen suddenly did not know what to do.

Ren Feifan said, "your reincarnation blood is invincible. I don't believe that just a causal curse can restrict you!"

The wind whispering warbler saw that ye Chen was cursed, and his willow eyebrows frowned lightly. He was also worried, and said, "the curse of the law of cause and effect is not trivial. Why don't you try to attack the mysterious realm of heaven first and see how the situation is."

Ye Chen shook his head and said, "my accumulation is not enough. I need to experience again."

Whispering warbler said, "really... Speaking of experience, I know a good place, which may be suitable for you."

Ye Chen asked, "where?"

The whispering warbler said, "Chiyu tower is said to be a pagoda falling from time and space. It is full of the breath of heaven fire Avenue. Practicing in Chiyu tower can harden the flesh and blood, which is very good for cultivation."

"The place where the Chiyu tower is located is quite mysterious, and few people know it."

"Moreover, the sky fire of Chiyu tower burst, and it's not easy to break into the tower."

Ye Chen's eyes lit up and said, "Chiyu tower?"

The experience pagoda that once scattered God? "

He read in the one page Taoist book of the Wudao era that the Chiyu tower originated from the pulse of dispersing God, and once wandered in the Chiyu tower when he was young and old.

The wind whispering Ying pinched Ye Chen's arm and palm, felt his breath, and said with a smile, "you are almost away from Tianxuan realm, but not much worse. It must be good for you to go to Chiyu tower."

At that moment, she stretched her finger over Ye Chen's head and passed the coordinates of Chiyu tower to Ye Chen.

"If you go to Chiyu tower, be careful. Don't go to the top layer. Although the energy at the top layer is the most abundant, the effect of Tianhuo refining is also the best."

"However, the space on the top floor has been occupied by the chaotic deity."

"I have friends with Luan Tianzun. I told him that as long as you don't rush to the top, he won't embarrass you."

Whispering warbler reminded again.

"Who is Luan Tianzun?"

Ye Chen's heart tightened inexplicably when he heard these three words.

"Luan Tianzun is the seventh Dharma protector of the death cult, code named 'Luan'. This person is in charge of the law of chaos, and his physical cultivation is very fragile, but the magic method is extremely strange and chaotic. He can reverse the law and reverse people's senses, and even I am afraid."

The whispering warbler said.

"This chaotic God is actually the Dharma protector of the death cult?"

Ye Chen was surprised, but he didn't expect that Luan Tianzun actually came from the death cult, and he was also the protector of the seventh seat.

Chapter 8622

"Yes, the biggest disadvantage of Luan Tianzun is that his body is very fragile. Among the twelve Dharma protectors, his body is the weakest. If you can get close to him, you can blow him up with one punch."

"But you can't have this opportunity."

"The magic of Luan Tianzun is extremely terrible and weird. Even I can't get close to him."

The wind whispering warbler's tone was with a trace of fear. It was obvious that he had fought with Luan Tianzun and had seen each other's power.

"I see."

Ye Chen nodded, and her heart was heavy.

The top floor of Chiyu tower is occupied by Luan Tianzun, which is naturally not a good thing for him.

Fortunately, however, Luan Tianzun only occupies the top floor, and other floors are still open.

"This chaotic God, did he come down to seize the fire?"

Ye Chen asked.

"Yes, hehe, but with his strength, it is impossible to grab the fire, and there is not even the possibility of forcing the moral God."

"His future is doomed to die in the hands of Zihuang fairy palace."

"You must not be rash now. You are not his enemy."

The whispering warbler said.

"Yes."

Ye Chen answered again.

"Well, I'm leaving. I hope you can break through to Tianxuan."

Feng Yu Ying looked at Ye Chen, smiled gently and sighed again.

Obviously, she also knows that it is not easy for ye Chen to break through to the mysterious realm.

Because the perfect saint has fallen the curse of causality. As long as Ren Feifan doesn't rise, ye Chen can't break through in this life.

What is the law of cause and effect?

That's fate!

As soon as the definition of causality takes effect, it is equivalent to the gear of fate. No one can disobey it when it starts to rotate.

The whispering warbler left.

After the wind whispering warbler left, Ren extraordinary carried his hands on his back, looked heavy, and was also thinking about the curse.

After pondering for a while, he said to Ye Chen, "go to the Chiyu tower first, and when the accumulation is enough, try to attack the mysterious world first, and feel the power of the law of cause and effect."

Ye Chen said, "yes!"

At that moment, ye Chen said goodbye to Ren Feifan, left the star moon world, directly locked the coordinates of Chiyu tower, and directly tore the void away.

While ye Chen left, Ji Siqing also went out to look for opportunities.

She got a page of era daoshu, and seemed to hear the guidance of fate again.

If the power of the law of fate can be further expanded, she may also take charge of the law of cause and effect!

The so-called fate is the ultimate law of cause and effect!

.....

The void is torn.

Ye Chen came to Chiyu tower smoothly according to the coordinates given by the wind whispering Ying.

In front of me, there is a desolate world, with yellow sand and indifference everywhere.

This world, ye Chen has been here before, is called the land of sleeping dragons.

Once, when he went to pick up Lu qinxuan, he came to the land of sleeping dragons.

At the beginning, LV qinxuan bought the secret script of the Hong family's divine skill in the hands of wanxu, even including the divine annihilation and illumination skill.

At last, she transferred the God destroying heaven illuminating skill to Ye Chen.

Ye Chen came down and found himself in the north of the land of sleeping dragons, where stands a spire, 100 stories high, towering, straight into the clouds.

Last time he came to the land of sleeping dragons, he didn't find this minaret.

This minaret is red all over, surrounded by wisps of flame, and the majestic energy is flowing.

"I didn't expect that the Chiyu tower, which distracted me, fell here."

In the reincarnation cemetery, Huang Lao saw the minaret, which was also a feeling.

That minaret is the Chiyu tower. The tower body has many traces of mottled vicissitudes, but the energy it emits is still violent and turbulent.

Ye Chen stepped lightly and walked forward.

When he came near the tower, ye Chen felt that the surrounding space seemed to be filled with a sense of chaos.

Under the disturbance of this chaotic atmosphere, ye Chen's senses suddenly appeared disorder.

His heart clearly wants to move forward, but his steps are retreating.

"Eh?"

Ye Chen was surprised to find this scene.

He tried to raise his right hand again, but found that under the confusion of senses, what he raised was his left hand.

"This... Chaos law, chaos God is here!"

Ye Chen was thrilled and wanted to look at the top of Chiyu tower.

But under the influence of the law of chaos, his mind was completely reversed, and he clearly wanted to look up, but finally he looked down at his toes.

This sense reversal makes people very uncomfortable.

Ye Chen gritted his teeth and thought about looking down. Indeed, his head turned up against his will.

He looked up and saw the top floor of Chiyu tower. Vaguely, from the space on the top floor, he felt a breath of terrible magic, full of chaos, and wanted to overturn the world.

That's the breath of Luan Tianzun!

"Is it you, Lord of reincarnation?"

A bleak and cold sound came from the top tower.

"It's me."

Ye Chen is on alert.

"I'm Luan Tianzun. The night mother has told me that as long as you don't break into the top floor, I won't embarrass you."

"Although you are the enemy of my death order, I know that it is difficult for me to kill you. Unnecessary fighting is not good for everyone."

Luan Tianzun is very self-aware. He knows that ye Chen is in deep luck. If he wants to kill, it is difficult to go to heaven.

If you are careless, you are likely to be buried.

So, kill reincarnation or something, just leave it to the witch.

He doesn't intend to embarrass Ye Chen, but if ye Chen dares to offend him, he will never be soft hearted!

"Luan Tianzun, can you accept your magic power?"

This place is full of chaotic laws, and I am inconvenient everywhere. "

Ye chendao.

Under the shadow of the law of chaos, his every move is completely contrary to his will. Naturally, this feeling will not feel good.

"Hehe, it's your fault that you're inconvenient. My magic breath is complacent and overflowing, and I can't stop it. Just get used to it slowly."

Luan Tianzun's tone was a little indifferent.

After his voice fell, the door on the first floor of Chiyu tower also opened abruptly, as if waiting for ye Chen to enter.

Ye Chen's heart sank, thinking that although the chaotic God promised not to embarrass himself, the promise of the Death Cult must not be credulous.

It's dangerous to practice here alone.

"It's better to call Xuan fairy together."

Ye Chen thought of Xuan Hanyu in his heart.

Xuanhan Jade's body has just recovered, and it also needs to be quenched and strengthened.

This Chiyu tower, filled with the energy of sky fire, is suitable for quenching and refining the flesh body. Naturally, it is very suitable for Xuanhan jade.

Thinking like this, ye Chen called in his heart, "Xuanxian, I found a place that can help you harden your body, but this place is a little strange..."

At that moment, ye Chen sent out his will to pass all the causes and effects of the Chiyu tower and the Luan Tianzun to Xuanhan jade.

Wow.

After a long time, the void broke, and an elegant figure came down. It was Xuanhan jade.

Xuan Hanyu was dressed in a yellow palace suit, with a graceful posture. Compared with the previous temperament, it was more beautiful and elegant, with a goddess like fragrance all over, and was not stained with fine dust.

Chapter 8623

She fused the bones of emperor cangxuan, and now she also has some divine dignity, which is not easy.

"Ye Chen..."

Xuanhanyu saw Ye Chen and said hello. He wanted to come forward, but he found that his steps were actually retreating.

She was surprised and remembered Ye Chen's entrustment that the chaos God was here, and there were strange chaos rules here.

"I see..."

Xuanhan Jade's beautiful eyes are slightly coagulated. He carefully scans around and has an insight into the void. He also captures the existence of those chaotic laws, which can disturb people's senses and make all people's actions completely contrary to their intentions.

Xuan Hanyu thought for a moment in his heart and took steps. This time, he really moved forward and soon came to Ye Chen.

This disobedient confusion of senses, in fact, as long as you adapt, you are not unable to act, but it will be a lot of trouble.

"Fairy."

Ye Chen saw Xuanhan jade coming, and his heart was also happy.

This Chiyu tower is so weird, accompanied by Xuan Hanyu. When they are together, they can also have a care.

"Eh, is it the descendants of emperor cangxuan?"

"Your blood breath is really pure."

At the top of Chiyu tower, the voice of Luan Tianzun came, full of a trace of salivation.

Xuanhanyu frowned and subconsciously raised his guard.

Luan Tianzun was silent for a moment, and seemed to deduce the origin of xuanhanyu in the dark. Then he gave a slight "um" and said, "your name is... Xuanhanyu, known as Cang Xuan female emperor?"

Are you interested in studying with me?

You and I complement each other, which is good for everyone. "

Xuan Hanyu's pretty face was cold. He never thought that the other party would say that he wanted double cultivation as soon as he opened his mouth. It was really shameless. He shouted, "keep your mouth clean for me! Even if I wanted double cultivation, I wouldn't find people from your God of death sect!"

Luan Tianzun laughed and said, "I know, you have a crush on this boy, haven't you?"

"Well, if you don't, you won't, as long as you don't bother me at the top."

After these words, Luan Tianzun stopped talking, and he also wanted to practice.

From no time and space to the real world, cultivation is very limited.

His physical body is fragile, and even weaker under restrictions.

In the dark, ye Chen can even feel that if he can get close to the chaos God, a finger can crush each other to death.

But he can't get close.

The disadvantage of this chaotic deity is very big, that is, the body is too weak, but the advantage is also very obvious.

His technique is very strange. Now ye Chen only roughly feels the fluctuation of the chaotic law, and his senses are completely reversed.

If he is really a killer, he is only afraid of disorderly moves, and conversely, he may not hurt himself.

"Xuanxian, let's ignore him and go in."

Ye Chen glanced at Xuan Hanyu and said.

"Well."

Xuan Hanyu nodded, and then followed Ye Chen into the Chiyu tower.

Boom!

As soon as they stepped into the first floor of Chiyu tower, the door behind them slammed shut.

Ye Chen looked at the internal space of Chiyu tower. The furnishings here were simple. It was like a training room, full of strong breath of sky fire. Those breath of sky fire even condensed into fire lotus, floating in the void.

Ye Chen took a deep breath, and the fire lotus turned into pure energy and gathered into his body.

His flesh and meridians have also become much stronger under the quenching of these fire lotus.

"This place can really refine the flesh and blood!"

Ye Chen felt a burst of joy.

Xuan Hanyu was also absorbing the aura of fire lotus, and his eyebrows were also with joy, saying, "the fire energy here has a great strengthening effect on my body."

The two people constantly absorbed the energy breath of the sky fire, and at this time, the void twisted, suddenly jumped out of a few dark demons, opened their teeth and claws, growled in a low voice, and came to the two people.

These dark demons appeared without warning.

Ye Chen knew that it was impossible for him to go smoothly here, so he had been prepared for it.

When he saw a dark demon coming, he waved his heavenly sword to block it.

But unexpectedly, ye Chen's blocking action turned into an attack under the reversal of his senses and intentions.

"Not good!"

Ye Chen subconsciously screamed bad in his heart. Under his attack, his body was wide open, which was equivalent to fighting with the dark demon, and it was a way of dying together.

Poof!

Ye Chen attacked with a sword and pierced the body of the dark demon.

The dark demon purred, turned into the most original black gas, and dissipated.

Ye Chen's chest was also hit by the demon at the same time.

However, the attack of the demon didn't hurt him.

Ye Chen's body is very strong, and ordinary demons can't be hurt at all.

Seeing this, ye Chen was also relieved.

It seems that this demon on the first level has limited lethality and is not enough to hurt him.

His worry just now is a little too superfluous.

"Don't be so nervous. The demons in front of you won't be too strong."

At this time, Huang Lao also said.

He once wandered in Chiyu tower. Now ye Chen came to experience. Naturally, he was also full of interest and had been watching.

"Huang Lao, how did these demons come out?"

Ye Chen was very curious. Just now those demons suddenly appeared, and there was no sign at all.

"It is the power of the law of cause and effect."

"Once, there was a great power in my Sanshen vein, who cast the Chiyu tower. In order to strengthen the effect of experience, he defined a law of cause and effect."

"As long as you practice in the tower, you will encounter demons."

"The higher the tower, the stronger the demon's strength."

Old ways.

Chapter 8624

Ye Chen was stunned for a moment, and used the power of the law of cause and effect to create demons out of thin air, which was endless and endless.

Such means are really unimaginable.

"The power of the law of cause and effect is really magical."

Ye Chen couldn't help sighing.

"Hehe, of course, the law of cause and effect is the most widely used law power in wuwuwuspacetime."

"If you want to defeat others, you must ensure that you control the law of cause and effect above others."

"The ultimate manifestation of the law of cause and effect is fate."

"Therefore, those women in your harem, Ji Siqing, have the greatest potential. She may grow into the ultimate without time and space, dominate all causes and consequences, and control everyone's fate."

"And your law of reincarnation is beyond fate and above the heavens."

Huang Lao said with a smile.

Ye Chen's heart is also leisurely fascinated. The law of cause and effect is so mysterious and great. Fate is the ultimate of cause and effect, and reincarnation is above fate.

I really don't know how mysterious the highest law of reincarnation is.

"Want to control the power of causality?"

Huang Lao asked.

"Of course!"

Ye Chen answered without thinking. Now he has been cursed by the law of cause and effect of the perfect saint. As long as Ren Feifan does not rise, he cannot ascend to the mysterious realm of heaven.

The law of cause and effect is so magical that he naturally wants to control it.

His wish, Tianxing, after integrating the jade of the law maker, can lead to some causal changes and change the reality, but this force is far from the truly powerful causal law.

Huang Laodao said: "it is difficult, very difficult for people in the real world to control the law of cause and effect. Ren Feifan can only reluctantly exert it by relying on the Golden Wheel of the emperor of heaven."

"If you want to take charge of the law of cause and effect, it is absolutely impossible in a normal way."

Ye Chen said, "the normal way is not good. What about other ways?"

The old man said, "hehe, if you really want to control the law of cause and effect, you can try to steal some."

Ye Chen was stunned: "steal?"

The old man said, "I once preached your great wilderness Sutra. How far have you reached?"

Ye Chen said, "the eighth floor."

Old Huang hehe smiled and said, "then you are only one step away from the last layer, the great wilderness steals heaven."

"I was called the father of heaven stealing because I controlled the mystery of heaven stealing in the wilderness."

"As long as I practice the great wilderness sky stealing skill, anything can be stolen."

"As long as you practice to the last level, you will have the opportunity to steal a trace of the secret of the law of cause and effect from time and space."

"I'm optimistic about you. Let's practice in Chiyu tower."

After hearing Huang Lao's words, ye Chen saw a glimmer of hope to take charge of the law of cause and effect, and his heart was also a burst of excitement.

At this time, xuanhanyu also killed all the demons around, and said to Ye Chen:

"Ye Chen, there are disturbances of chaotic laws and sensory disorders here. We have to be careful and move on."

Ye Chen nodded, and then he and Xuan Hanyu continued to rush to the higher tower.

The higher the tower, the stronger the flavor of sky fire energy.

These sky fire energy, after being absorbed, can be restored after a period of time, because this Chiyu tower is connected with the invisible space-time. As long as there is no space-time, its energy will be endless.

Therefore, even if this Chiyu tower, in front of the chaotic deity, has wandered, the energy breath left to Ye Chen and Xuan Hanyu is also extremely rich.

Ye Chen and Xuanhan jade greedily absorbed the aura of that layer almost every time they passed by, and squeezed it clean and turned it into their own nutrients.

The more we move towards the top, the more powerful the demons appear.

Under the influence of the law of chaos, ye Chen's senses are completely reversed. If he wants to use his right hand, he will use his left hand. If he wants to attack, he will become a defender.

At the beginning, ye Chen was very uncomfortable, but as the number of battles increased, he had been able to accurately control this reversed law, and his body was moved with his heart, and was no longer affected.

Along the way, ye Chen and Xuan Hanyu, after seven days of training in Chiyu tower, directly rushed to the ninetieth floor.

The sky fire aura here is so strong that it distorts the void. It is obviously just a small tower room, but under the distortion of the void, it seems to be extremely huge. The number of demons that appear is also calculated in 10000.

Ye Chen and Xuan Hanyu finally felt some difficulty.

"Take a rest first."

After killing the ninetieth layer of demons, Xuan Hanyu sighed and wiped the sweat on his forehead.

After many battles, she spent a lot of energy, but also accumulated a wealth of sky fire energy.

Now, she wants to rest and refine all the sky fire energy to strengthen her body.

Ye Chen nodded. He also accumulated a lot of sky fire breath, and the fire of his Tao spirit showed signs of strengthening.

At present, ye Chen and Xuan Hanyu sat cross legged on the floor of the tower room, silently began to practice, and absorbed the heavenly fire aura accumulated in their bodies.

Boom!

The fire of Dao spirit in Ye Chen's body directly erupted into a strong breath and changed various totems. These heavenly fire auras also greatly increased his cultivation.

Ye Chen felt that the door of the emperor in his mind was becoming clearer and clearer.

He is getting closer and closer to Tianxuan realm, and it can be said that he is within reach!

Xuanhanyu absorbs the aura of the sky fire, the flesh blood is also strengthening, and the skin is suffused with a trace of flame blush. Behind it, a sacred country looms, and the weather is vast.

She inherited the bones of emperor cangxuan. As her body became stronger, the divine personality of the former Emperor cangxuan gradually appeared on her, as if she wanted to kill the god Buddha.

The green and red lotus blossoms constantly bloom around the Xuanhan jade, which is extremely magnificent.

Ye Chen saw that xuanhanyu was getting stronger, and he was secretly happy for her.

"Hey, hey, what a perfect cauldron."

Suddenly, a harsh laughter came into Ye Chen's ears.

Ye Chen opened his eyes and found that a man with a sinister face and a black robe appeared in the tower room at some time.

The man was carrying his hands and staring at Xuan Hanyu. His eyes were full of greed and salivation.

Xuan Hanyu closed his eyes and entered the state of cultivation. He felt the changes of the outside world in his heart and couldn't help frowning.

But this is a critical moment for her physical enhancement, but it cannot be interrupted.

"Ye Chen, don't let Luan Tianzun disturb me!"

Xuanhanyu spread the sound.

This evil man is the God of chaos!

Ye Chen heard xuanhanyu's voice, and his heart was also alert. He looked at Luan Tianzun coldly and said in a deep voice, "Luan Tianzun, what are you doing down here?"

Luan Tianzun was originally practicing at the top level, but now he came here, obviously for Xuanhan jade.

Ye Chen carefully looked at the chaos God, and he felt that his breath was full of strange and chaotic fluctuations, like a demon God in charge of chaos and evil, and his whole body was emitting unknown fluctuations.

Chapter 8625

"Hey, boy, why don't we make a deal."

Luan Tianzun looked at Ye Chen and suddenly laughed.

"What deal?"

Ye Chen is still vigilant.

"I'll take you to the top floor so that you can get the greatest benefit of Chiyu tower. You can share this woman with me."

Luan Tianzun pointed to Xuanhan jade, and the salivation in his eyes was more intense, licking his lips:

"How about sharing such a perfect cauldron equally?"

Although she inherited the Taoist orthodoxy of Cang Xuan emperor, with my chaos law and your blood power, it is enough to distort her Taoist heart and let her be our slave, hehe. "

Ye Chen was also angry when he heard the shameless words of Luan Tianzun, and his forehead jumped violently, saying:

"Enough! Beast, how can night mother know people like you!?"

Luan Tianzun sneered, "I made a deal with you for the sake of night mother. Don't be unkind. I don't think you're a gentleman."

While talking, Luan Tianzun suddenly stretched out his hand, and a strange light shone on Ye Chen.

In the light of this light, ye Chen immediately felt that his divine consciousness and Tao heart were instantly in chaos and distortion, and all kinds of magic obstacles were born.

Originally, he only wanted to protect xuanhanyu, but under the attack of the Luan Tianzun, his state of mind unexpectedly changed and became chaotic and distorted. Looking at the rosy appearance of xuanhanyu's skin, he really wanted to use her as a cauldron for tonic.

"No, I'm caught!"

Ye Chen's heart sank, knowing that it was the magic of Luan Tianzun, which distorted his original heart.

"Hey, boy, how, I said, you are not a gentleman, such a perfect cauldron, do you really want to miss it?"

Luan Tianzun laughed.

"Beast, shut up!"

Ye Chen was very angry. With a bang, his aura exploded. He immediately opened Wu Zu's heart and stabilized his mind.

When Wu Zu's Taoist heart was opened, his distorted original heart soon returned to normal.

"Eh?"

Luan Tianzun was surprised to see ye Chen returning to normal so soon.

"Thor way, a thousand birds flying sword flow!"

Ye Chen was furious, and his whole body exploded with thunder. He directly used the thunder god method. A trace of thunder and lightning turned into a torrent of thousand birds flying sword, and cut forward overwhelmingly.

Seeing ye Chen's fierce attack, Luan Tianzun stood still, smiling at the corners of his mouth, looking calm.

The furious thousand birds flew their swords and thundered forward, but instead of attacking the Luan Tianzun, they attacked Xuan Hanyu.

"Damn it!"

Ye Chen was terrified. He clearly wanted to attack Luan Tianzun, but the long sword in his hand was out of control and killed Xuan Hanyu.

He knew that he had been affected by the law of chaos.

The chaos law controlled by the chaos God comes from no time and space, which is very terrible.

Ye Chen's Wu Zu Dao heart and reincarnation holy soul heaven can only keep his original heart from falling, but his sensory actions are completely distorted, and there is no rule to find.

The technique of Luan Tianzun is absolute chaos. It's not as simple as turning left and right upside down. It's so chaotic that it's irregular.

Ye Chen's sword was about to kill Xuan Hanyu. In danger, he took a deep breath and forcibly recruited the sword back.

With such a sudden withdrawal, ye Chen immediately received a huge counterattack, and the blood in his chest and abdomen churned, almost vomiting blood.

"Hey, boy, you're still a little young. The chaos law I'm in charge of stems from no time and space, and you can't bear it."

Luan Tianzun has a cat and mouse smile. He doesn't have to do it himself. Relying on the influence of the law of chaos alone, ye Chen may fall into a situation of self mutilation.

Ye Chen's back is also cold. The battles he has experienced in the past have never been so strange as today.

"Five tones confuse your ears and five colors confuse your eyes. Try to close your eyes, cut off all senses, and use your intuition."

At this time, Huang Lao opened his mouth.

He didn't want to point Ye Chen at first, but the face of Luan Tianzun couldn't even look down on him.

When ye Chen heard Huang Lao's words, his eyes immediately lit up. He immediately followed his words, closed his eyes, held his breath, and blocked all sensory connections.

In an instant, ye Chen seemed to become blind, and all his senses were cut off. He could not see the outside world at all, nor could he hear any sound.

The chaos law of the chaos God can affect people's senses. The solution is also very simple. Just cut off the senses completely.

But if all the senses are cut off, people will become blind, and that will only end up being slaughtered by others.

"Hey, boy, if you cut off your senses, isn't that death?"

Seeing ye Chen close his eyes, Luan Tianzun guessed what he thought, and immediately waved a sword and stabbed Ye Chen in the heart.

Ye Chen's senses were all cut off, and he couldn't hear the voice of Luan Tianzun at all, and he couldn't see his sword stabbing.

If it is an ordinary person, in such a state, ignorant, it is likely to be killed.

However, ye Chen had an intuition that Luan Tianzun was attacking him.

The shackles of his heart have long been cut off, and he has the Seven Star pulse of reincarnation. His intuition is much sharper than ordinary people.

Intuition to Luan Tianzun's attack, ye Chen sidestepped and easily dodged.

This Dodge, his action, completely under his control, will no longer be distorted by the chaos God.

"What!"

Luan Tianzun was surprised to see ye Chen dodging so easily.

He killed another sword and stabbed Ye Chen at the waist from a tricky angle.

But ye Chen also easily dodged this sword.

Chapter 8626

Ye Chen felt that he had entered a wonderful state, and all his body senses were cut off. His body no longer seemed to belong to him, but it could be accurately controlled and detached.

"Cut sky nine swords, thousands of miles of snow!"

Ye Chen fought back with his sword. His intuition caught the position of Luan Tianzun. With a sword, he rolled up heavy wind and snow and fiercely killed the other party.

Luan Tianzun's pupils contracted, but he didn't expect that ye Chen could capture his own place under the cutting off of his senses.

Although his technique is strong, his body is very weak. If he is hit by Ye Chen's sword, he is afraid to die on the spot.

"The avenue of chaos is intertwined with truth and fantasy!"

In the crisis, the chaos God showed the chaos Taoist method, and the physical body turned into illusion, while the real body was hidden in the chaos time and space.

Ye Chen stabbed the past with a sword, which only pierced the phantom body of Luan Tianzun, but failed to hurt the real body of the other party.

"The beast's magic method is really a bit of a trick."

Under Ye Chen's intuition, he had seen everything, and his face sank slightly.

Luan Tianzun's chaos technique is not only to confuse the enemy, but also to protect himself, so that the body is confused between reality and illusion, which is unpredictable.

Ye Chen has never been to wuwuwu time and space after all. In the face of these strange Wuwu laws, he only feels very thorny.

"Boy, although your martial arts are strong, you can't break my magic!"

Luan Tianzun attacked Ye Chen again under the cover of the law of chaos.

Ye Chen held the reincarnation sword tightly, closed his eyes and made moves with intuition.

In terms of martial arts sword technique alone, he is even more powerful than Luan Tianzun. Every time he wields his sword, he has the upper hand, and even stabbed Luan Tianzun's body directly several times.

However, the body of Luan Tianzun is changeable, chaotic and strange.

Every time ye Chen stabbed, it was just an illusion.

After a long battle, ye Chen was a little anxious, because his real cultivation was only nine layers of heaven in the hundred flail realm, and the Reiki foundation was no better than the Luan Tianzun.

If he drags on like this, his aura will dry up.

Luan Tianzun has rich fighting experience and knows that martial arts cannot defeat Ye Chen, so he delays time and wants to exhaust Ye Chen's aura and physical strength.

Boom!

At this time, xuanhanyu continued to refine the aura of heaven's fire, and his body was also constantly strengthened. His skin showed a moist luster, and his body became fuller and fuller.

Those days of fire aura, extremely high temperature, her coat was burned, leaving only a layer of underwear wrapped around her, such a graceful curve, really makes people a little imaginative.

"What a human beauty!"

Luan Tianzun's eyes were straight. He gritted his teeth, but he completely suppressed his inner desire and concentrated on fighting Ye Chen.

He knows Ye Chen's strength. If he is a little distracted, he will undoubtedly lose.

As long as ye Chen is defeated, xuanhanyu is his!

He has absolute confidence in his chaos technique. Even if he can't completely control Xuan Hanyu, he can let her fall into a state of confusion and love.

Even if ye Chen, a freak, faces the chaos technique of the chaos God, he must cut off his senses to fight, let alone ordinary people.

Ye Chen only felt that the situation was dangerous. If he delayed any longer, the situation would be dangerous.

Suddenly, ye Chen's blessing reached his heart, but he peeped into the way to break the game.

Eight wasteland virtual beast!

An idea came out of Ye Chen's heart.

At the beginning, he subdued a terrible beast in the ghost king world, which was called eight wild virtual beast.

The eight wild virtual beast is said to have been the mount of the dusk giant. It is fierce and unparalleled.

Even now, this eight wasteland virtual beast did not conform to Ye Chen, but was temporarily controlled by Ye Chen's Xuan goblin.

If you burn the Xuan demon's blood essence, ye Chen is confident that he can at least control the time when the eight wasteland virtual beast incense.

The eight wasteland virtual beast is so powerful and comes from wuwuwuspacetime. It may be able to deal with the chaotic God.

Hum!

Ye Chen opened her eyes and resumed contact with her severed senses.

Glancing sideways, ye Chen saw the beautiful appearance of Xuanhan jade. No wonder Luan Tianzun was so coveted.

The weather around Xuanhan jade is becoming more and more magnificent. The era of the butcher God, which was dominated by cangxuan emperor in the past, reappears on her. The phantom of a god surrounded her like a ghost, issuing a wail and roar, as if she had been slaughtered in the cruelest way.

Ye Chen knew that xuanhanyu's strengthening of the body had reached the most critical juncture.

As long as she strengthens her success, the inheritance and orthodoxy of cangxuan emperor and his divine personality can be further consolidated.

"Xuan goblin blood, burning!"

"Eight wasteland virtual beast, kill him for me!"

Ye Chen stared at Luan Tianzun with a dark eye.

It is necessary to eliminate the disordered deity, so that xuanhanyu can complete the strengthening safely.

Without hesitation, he immediately burned the Xuan demon blood and summoned the eight wasteland virtual beast.

Bang.

The eight wild virtual beast appeared. This fierce beast, shaped like a lion, with iron black fur all over, exuded metallic luster, and its eyes were deadly. There were Ancient Runes rotating inside. Every step out, it twisted the space, shocked the eight wild, and was very terrifying.

Ye chenxuan's demon blood burned, and the blood turned into a bloody iron chain, firmly controlling the eight wasteland virtual beast.

"Demon sinner, do you want me to help you solve the enemy?"

Wishful thinking! "

The eight wasteland virtual beast was angry, and did not want to give in to Ye Chen, roaring loudly.

However, its body was controlled by the Xuan demon's blood essence, and it couldn't resist.

Under the control of the Xuan demon's blood essence, the eight wasteland virtual beast said that he would not help Ye Chen, but the violent body still rushed out, and the sharp claws were torn away from the chaos God.

Chapter 8627

"Is this... Eight wasteland virtual beast?"

Mount of the evening giant! "

Luan Tianzun was terrified. The dusk giant could be said to be his immediate boss. He naturally recognized the eight barren virtual beasts.

"Luan Tianzun, sorry, my body is not under my control!"

The eight wasteland virtual beast gnawed its teeth and didn't want to attack the chaos God.

However, it was controlled by the Xuan demon's blood essence, its action was fierce and unparalleled, its sharp claws tore through the void, and the chaos magic of the chaos God could not disturb it.

Hiss!

Luan Tianzun got a claw in his chest, and his clothes were broken, revealing a ferocious wound, dripping with blood and penetrating pain.

What he was injured was not an illusion, but a real noumenon.

Under the killing of eight wild virtual beasts, all his magic methods are useless.

After all, the eight barren virtual beasts were also born without time and space, and also came from the death cult. They used to be the mounts of the dusk giants.

In terms of status, the eight wasteland virtual beast at its peak is even higher than the chaos God.

All kinds of magic methods of Luan Tianzun can threaten others, but not the eight barren virtual beasts.

Although the eight wasteland virtual beast was not willing, under the control of the Xuan demon's blood essence, he broke the Luan Tianzun's skill and severely hit him.

Ye Chen was also elated when he saw this scene.

This eight wasteland virtual beast is really the key to breaking the game!

Seeing that Luan Tianzun had been injured, ye Chen quickly collected the eight wasteland virtual beast.

The eight wasteland virtual beast is extremely ferocious and difficult to control. Ye Chen doesn't dare to control it for too long to avoid being backfired.

"Luan Tianzun, how does it feel to kill each other?"

Ye Chen laughed.

Under the injury of Luan Tianzun, the atmosphere of chaos around him has been greatly weakened.

Ye Chen accurately captured the breath of Luan Tianzun, like a tiger locking its prey.

"Boy, you must die hard! Dare to imprison the mount of the dusk giant, and when the dusk giant comes, you will be dead!"

Luan Tianzun was so angry that he didn't expect Ye Chen to have this card.

His chaotic technique is extremely exquisite. In fact, even if Xuan Hanyu wakes up and joins hands with Ye Chen, he has confidence to deal with it by relying on the technique.

However, facing the eight wild virtual beasts, he has no way at all.

That's the mount of his immediate boss. All his means are just jokes in the eyes of the other party.

In terms of status, Luan Tianzun ranks seventh in the death cult.

The evening giant is the sixth seat.

There seems to be only one rank difference between the two.

But in fact, it is the difference between the upper six seats and the lower six seats. The strength gap is thousands of times, which is difficult to measure.

Luan Tianzun's real body can erode into the real world, but the dusk giant, because its strength is too strong, is almost impossible to come down, and the world's starry sky can't hold it at all.

"Hehe, instead of caring about me, you should care about yourself first."

Ye Chen's eyes were full of coldness, and now he had locked the Qi machine of Luan Tianzun.

What the opponent is powerful is only the magic. Now when he is injured, the power of the magic is greatly reduced.

Relying on the flesh alone, Luan Tianzun can't compete with Ye Chen at all.

Feeling Ye Chen's eyes, Luan Tianzun was also frightened, and his scalp was numb.

"I Luan Tianzun, do you actually want to capsize in the gutter today?"

Luan Tianzun panicked. He immediately felt a catastrophe coming and turned around and ran away.

"Chaotic time and space, hide me!"

With a wave of his hand, he plunged time and space into chaos. With a flash of his body, he wanted to hide in chaotic time and space and escape.

"Iron Throne, block it!"

Ye Chen shouted violently, prompting the energy breath of the iron throne, directly blocking all the surrounding space and iron.

Luan Tianzun wanted to escape, but he bumped into the iron wall with a bruised nose and face. He looked very embarrassed.

If it was normal, ye Chen's Iron Throne could not suppress his chaos technique at all.

But at this time, he was injured by the eight wasteland virtual beast. The injury was very serious, and the power of the technique was limited. The chaotic space-time opened up was also very weak, and he was completely unable to resist Ye Chen's power.

"It's over!"

Luan Tianzun was terrified. There were steel walls in all directions. He had nowhere to escape.

"Die!"

Ye Chen slashed straight with his sword, trying to kill Luan Tianzun.

WOW!

But at this time, pieces of daoshu runes suddenly appeared in the void.

These Taoist runes have a perfect breath, and the runes flow between them, such as the trajectory of the sky, the rotation of the stars, elegant and beautiful.

A huge Taoist book, with the words "perfect world" printed on it, emerged from the void, blocking Ye Chen's sword and saving Luan Tianzun.

"Perfect Tao book?"

Ye Chen's eyes immediately contracted, but he saw a man wearing a sky blue Taoist robe on the Taoist book, which was the perfect saint.

"Perfect king, help, help!"

Seeing the appearance of the perfect Mahatma, Luan Tianzun couldn't care about his image and posture, and even called for help.

The perfect saint, also known as the perfect Saint King, is the embodiment of the perfect Tao and the messenger of the truth society.

The vast majority of the strong who soared into timeless space are the perfect Mahatma responsible for receiving.

Luan Tianzun is no exception. When he first rose, he was also a perfect great sage.

Seeing the coming of the perfect Saint at this moment, he is equivalent to seeing the Savior.

"Lord of reincarnation, you are really strong, and you can actually defeat the Luan Tianzun."

The perfect Saint glanced at Ye Chen with a trace of appreciation.

Although he didn't like Ye Chen and cursed Ye Chen with the law of cause and effect, regardless of his position, ye Chen showed enough fighting power to shock everyone.

"Perfect messenger, what are you doing here?"

Are you going to catch me? "

Ye Chen is on alert.

Is it not enough for this perfect saint to impose a curse on himself and want to arrest him himself?

The perfect Saint laughed and said, "don't misunderstand, you have been forbidden by my law of cause and effect. Unless Ren Feifei rises, you will never be able to ascend to the mysterious realm in your life. I don't need to embarrass you anymore."

After a pause, he looked at Xuan Hanyu, and finally looked at the Luan Tianzun behind him, saying:

"I, the truth society, is the embodiment of the road, and the goal is to maintain the stability of the road."

"We are responsible for receiving and guiding those who should fly."

"We will not allow the strong in time and space to come to this world without permission, which is against the law of the road and should be punished by the truth!"

The last sentence was directed at the Luan Tianzun.

The truth society itself has no position, just to maintain the stability of the road.

The death cult has ulterior motives and wants to invade reality, which naturally attracts the attention of the truth society.

"Luan Tianzun, you came to this world without permission, which has violated the rules of my truth society. I want to take you back."

The perfect Saint said coldly.

It turned out that he appeared here to save Luan Tianzun, just to take him back.

When Luan Tianzun heard the words of the perfect saint, he shivered all over and was speechless.

Chapter 8628

"Why, won't you go back?"

The voice of the perfect Mahatma becomes colder and colder.

"No, no, everything is at the behest of the perfect king."

Luan Tianzun said that although there were a hundred unwilling in his heart, he dared not disobey on the surface.

"Very good."

The perfect Saint smiled and looked at Xuan Hanyu again.

At this time, xuanhanyu also ended his practice.

She absorbed a lot of heavenly fire aura, and her physical blood was greatly enhanced. The divine personality of the former cangxuan emperor was perfectly inherited on her.

"Xuan Hanyu, you don't belong to this world. You have to go back with me."

Perfect grand saint.

Xuan Hanyu knew everything, and a trace of aura evolved into a robe covering her graceful posture.

The robe is embroidered with ancient patterns, which is the picture of the former cangxuan emperor slaughtering God, full of the breath of fierce killing.

Against the backdrop of this robe, Xuan Hanyu was also sharp and sharp, his eyes were like ice skates, and said, "what if I don't go?"

The perfect Saint twitched his face and said, "do you also want to learn from Ren extraordinary?"

If you want to stay, unless you give up the inheritance of cangxuan emperor. "

Xuan Hanyu disdained and said, "your truth society is really noisy. You pretend to be the incarnation of the road. Who gives you the courage?"?

If you want to take me away, do it. "

The perfect Saint heard xuanhanyu's sarcastic words, but he was not angry, but laughing. It seemed that after being rejected by Ren Feifan, his state of mind had stabilized a lot.

"I won't fight with you. If you don't leave, someone will take care of you naturally. Just wait."

The perfect Mahatma is ready, said with a smile.

Xuan Hanyu felt a chill in his heart. He knew that the perfect great sage had a wide network of people. He was basically the one who took over the recent ten thousand century yuan.

For a moment, she couldn't guess who the perfect Saint would ask to deal with her.

"Luan Tianzun, let's go."

The perfect Mahatma didn't say any more. He waved to the chaos God and wanted to take him away.

Luan Tianzun's face was bitter and said, "perfect holy king, I refined a heaven fire pill at the top of the Chiyu tower. It was the witch who refined it for me. Do you think..."

The perfect saint's face sank and said, "do you still want to miss this world?"

Luan Tianzun hurriedly said, "no, no, just..."

The perfect Saint said: "needless to say, the cause and effect of this world, there is nothing to miss. Come with me."

"Speaking of it, all of you, the death order, want to invade the reality. Do you really take my order of the truth society as air?"

Luan Tianzun didn't dare to answer, but just bowed his head.

The perfect Saint took him away. Before leaving, with a hint of pondering smile, he said to Ye Chen, "I'll leave you that heavenly fire pill. You can try it and see if you can break through the mysterious world."

"I said, as long as Ren Feifan doesn't rise, you can't make a breakthrough in your life. If you don't believe it, you can try."

With that, he left completely with Luan Tianzun.

Ye Chen thought about what the perfect Saint had just said, glanced at Xuan Hanyu, nodded to each other, and both of them were in the same mind.

"Go to the top floor!"

Ye Chen and Xuanhan jade immediately marched towards the top of the Chiyu tower.

Xuanhanyu's body has been strengthened, and there is no block along the way. He and ye Chen arrived at the top of the Chiyu tower very smoothly.

In the tower room on the top floor, there is a Dan stove.

The surface of the Dan furnace still carries waste heat.

In the furnace, a warm red elixir was suspended, and a mysterious totem was branded on it.

Ye Chen recognized that it was the totem of the witch!

This pill was obviously refined by Luan Tianzun with the power of the witch.

The energy contained in the pill is extremely abundant. Even compared with Ye Chen and Xuanhan jade, the heavenly fire aura collected along the way is much richer.

It seems that the demon girl helped Luan Tianzun to refine this day's fire pill, so that Luan Tianzun can consolidate his body, so as to have a foothold in the real world, and then find a way to meet her in the future.

But after thousands of calculations, the witch certainly didn't calculate that Luan Tianzun would be attracted by xuanhanyu. After the fire pill was refined that day, she didn't have time to take it. Now it's cheap for ye Chen.

"This day's fire pill is so rich in aura. If I refine it, it will be enough to make my cultivation reach the peak of the nine layers of heaven in the hundred flail realm!"

Ye Chen took out the fire pill that day and put it in his hand. He also clearly felt the temperature of the pill and the majestic breath contained in it.

"The peak is also the hundred flail realm, which is not a real superior."

"Only when you step into the realm of heavenly mystery can you be regarded as the superior emperor."

"However, you have been forbidden by the law of cause and effect of the perfect sage. I'm afraid it's difficult to break through."

Xuanhan jade way.

"No matter what, always try, I don't believe it. I've cut off all my 100 martial arts shackles. There are shackles in this world that can trap me?"

Ye Chen's eyes were sharp, but he didn't give in.

He doesn't believe that the perfect sage can imprison himself. He wants to break through all the shackles and become a real superior, which is his long cherished wish.

At that moment, ye Chen didn't talk nonsense. He directly stuffed the sky fire pill into his mouth and swallowed it.

Boom!

As soon as the sky fire pill entered the body, the violent energy aura suddenly exploded.

Under the nourishment of this energy aura, ye Chen's cultivation also soared, and soon reached the peak of the nine layers of heaven in the hundred yoke realm, only half a step away from the legendary heaven Xuan realm.

Chapter 8629

In Ye Chen's mind, the door of the emperor became extremely clear, as if as long as you pushed it gently, you could push the door open.

However, ye Chen was thinking of breaking the door, but he couldn't break it anyway.

"How do you feel?"

Xuanhanyu felt Ye Chen's aura and asked.

"I have reached the peak of the nine layers of heaven in the hundred flail realm. The accumulation of martial arts can be said to be a complete consummation. Now I need a suitable place to meditate and impact the heaven Xuan realm!"

Ye Chen clenched his fist. This time, I really thank Luan Tianzun for leaving him such an energetic pill.

Now, with the nourishment of tianhuodan, ye Chen's martial arts cultivation in Baijia realm has been completed, and then he can start to attack Tianxuan realm.

Tianxuan realm is the realm of the real emperor of heaven, which is not trivial.

With Ye Chen's martial arts, it will be much more difficult for him to attack the Tianxuan realm than ordinary people.

Moreover, there is an invisible curse of causality, which is likely to imprison him like a shackle.

"Let's go out first."

Xuanhanyu saw that ye Chen was about to break through Tianxuan realm, and his heart was also happy for him.

However, this Chiyu tower is not a good place to break through.

At that moment, they left Chiyu tower.

Just out of the Chiyu tower, ye Chen saw a familiar figure standing outside the tower door.

It's a woman with a sword in her hands and a pear blossom white dress.

It turned out to be Shen Tu Wan'er.

"Wan'er, it's you."

Ye Chen was also surprised to see Shen Tu Wan'er appear here.

"Ye Chen, do you want to attack Tianxuan realm?"

I've heard the perfect Saint say that he asked me to come and pick you up. "

Shen Tu Wan'er's pretty face was slightly dignified, and said.

"The messenger of perfection called you?"

Ye chendao.

"Yes, he said he asked me to take you to the demon palace to attack the mysterious realm of heaven and let you feel the taste of failure... The forbidden art of causality he laid cannot be violated."

Shentu Wan'er said.

She knew from the perfect sage that ye Chen was imposed the law of cause and effect.

As long as Ren Feifan doesn't rise, ye Chen can't break through to the mysterious realm in his life, and his fate is limited.

"My destiny is not so easy to be restricted!"

Ye Chen gritted his teeth and said:

"Wan'er, is your demon palace suitable for me to break through?"

Shen Tu Wan'er said, "absolutely suitable. All the strong in my demon god palace believe in reincarnation. We can provide you with the strongest belief support, but I'm afraid of the law of cause and effect..."

Ye Chen freely smiled and said, "no matter what, you have to try to know."

Shen Tu Wan'er said, "well, come with me."

With that, she tore out a void passage and took Ye Chen and Xuan Hanyu to the past.

Ye Chen entered the void passage, but after a whirl, he had appeared in a strange place.

This is a dark world with a black ocean.

On the Black Sea, there are magnificent palaces carved with many patterns of white bones and skeletons.

In the palace, two statues are enshrined everywhere.

One of them is a statue of Ye Chen.

The other is the statue of Shentu Waner.

"This is the demon palace, the force I recently created."

Shen Tu Wan'er explained, with a faint blush on her cheek.

In the demon palace, only statues of her and ye Chen are enshrined.

Her intentions have been shown clearly.

Ye Chen stared at the demon palace world and felt a strong dark wave.

The black ocean under the demon palace is actually the energy of the demon star sea.

The sky demon Xinghai is the highest artifact of the demon God vein, with extremely terrifying energy.

Both the Death Cult and the demon palace led by Shentu Waner want to seize control of the demon Xinghai.

Ye Chen had heard Shen Tu Wan'er talk about the situation of demon palace before.

Shen Tu Wan'er built this demon palace with great courage. In the spirit of time and space, all those who agree to submit to reincarnation will join the demon palace.

If you don't agree, there is only a dead end.

Shentu Wan'er's means are quite strong and dignified. Those who follow me prosper and those who oppose me perish.

Among the demon gods, the people who agree and disagree account for half.

All opponents, Shen Tu Wan'er, were slaughtered.

Of course, the number of opponents is too large. Like those in favor, she can't really kill all of them.

However, such an attitude of prosperity and destruction has shocked the whole wuwuwuspacetime.

Everyone knows that Shen Tu Wan'er's determination is to stand on Ye Chen's side to the death.

Ye Chen and Xuan Hanyu followed Shen Tu Wan'er into the demon palace.

In the demon palace, there are tens of thousands of dark strongmen.

Some of these strong men came down secretly from time and space.

There are also some that Shentu Wan'er created directly from the darkness.

All the strong people in the demon palace, seeing ye Chen coming, are worshipping and extremely modest.

Shen Tu Wan'er said that ye Chen was going to attack the Tianxuan realm here. Many dark strongmen cheered and began to prepare for the impact ceremony.

From Baijia realm to Tianxuan realm, this is not an ordinary upgrade, but a transformation from the lower level to the upper level, which can be called flying.

Since it is a flight, it is natural to be fully prepared, because there will be thunder disaster in the flight.

Ye Chenwu's inside story is so strong that he wants to rise to the top. The thunder robbery he has to face is naturally extremely terrifying. He must be prepared to prevent the killing of thunder robbery.

Chapter 8630

"It takes about three days to prepare for Kung Fu, ye Chen, please wait."

Shen Tu Wan'er whispered.

"It doesn't matter."

Ye Chen stroked Shen Tu Wan'er's hair and smiled slightly.

For the next three days, ye Chen stayed in the demon palace alone to recuperate and prepare for the impact on Tianxuan.

Reincarnation is about to rise, and the outside world is also a complete sensation. The whole world knows that ye Chen will be in the demon palace and attack the mysterious world.

Reincarnation flying, such a big thing, is definitely touching the divine cause and effect, it is impossible to hide.

Countless people want to go to the demon palace to see ye Chen's rise.

However, in order not to disturb Ye Chen, Shen Tu Wan'er did not send out an invitation.

If she doesn't invite guests, ordinary people naturally don't have the courage to break into the demon palace, which is almost like looking for death.

Of course, ye Chen's friends are invited.

Ye Chen sent invitations to Xia Ruoxue, Wei Ying, ye Luo'er, Wu Yao, Zhetian demon emperor, hell king, Yunjin, shanrou, truth Buddha and others.

In fact, he is not sure of absolute success.

However, regardless of success or failure, it is natural to witness such a big event with the core figures of the reincarnation camp.

Three days passed in a hurry.

On the central square of the demon palace, Shentu Wan'er had asked people to get everything ready.

In the square, a huge altar is built.

On this altar, ye Chen can receive the faith of the whole demon god palace.

Around the square, there are layers of prohibitions, mainly to prevent the outside world from being affected when the disaster comes.

Around the square, there are rows of seats.

All the people in the reincarnation camp have arrived.

"Brother Ye Chen!"

Three pretty and lovely girls, with a worried look on their faces, walked to Ye Chen.

They are Wu Yao, Yun Jin and Shanrou.

They also know about the law of cause and effect and are very worried.

"Don't worry, I'll be fine."

Ye Chen looked at the three women and smiled.

Xia Ruoxue, Wei Ying, and Ye Luo'er stood aside. Although they were worried, they would not be as obvious as Wu Yao.

"Lord of reincarnation, you are cursed by the perfect saint. It's difficult to fly today."

The Buddha walked to Ye Chen and sighed.

"I know. Thank the Buddha for his concern. Anyway, I will try!"

Ye Chen said solemnly.

"Well, in addition, you should be careful about the devil Zu Wutian."

Buddha's way.

"Oh?"

"The demon ancestor Wutian has completely integrated with Guichen. Although the souls of the two people are still in the running in stage, once the running in is successful, his Buddha demon integration is likely to run through the heaven and earth, directly steal the energy of the demon star sea, and incarnate death."

The Buddha said solemnly.

Guichen was born in the world of sentient beings and was brought up by the Buddha at the beginning. He knows the mystery behind Guichen very well.

Now the physical body of demon Zu Wutian has fused with Guichen, but the soul has not been completely run in.

If the running in is successful, the scene will be very terrible.

Magic ancestor Wutian is likely to become a new God of death!

Ye Chen felt a chill in his heart. The sky demon Xinghai was the core magic weapon of the demon God vein, and Shen Tu Wan'er wanted to take charge.

If the demon star sea is stolen by the demon ancestor Wutian, the consequences are really unimaginable.

Once the demon ancestor Wutian, Jin death, has a divine personality, it is a fatal blow to Ye Chen.

"I know. I'll be careful."

Ye Chen said to the Buddha.

"Well, I wish you every success in your ascent to heaven."

Buddha laughed.

Now if ye Chen wants to fight against the demon ancestor Wutian, he must at least be promoted to Tianxuan realm.

If you don't have enough strength, you can't compete with magic ancestor Wutian at all.

Ye Chen and zhetien demon emperor reminisce, now zhetien demon emperor, the threat of soul species has been lifted, and has completely recovered to its peak.

"Ye Chen, thank you for helping me get pure heart snow lotus."

The demon emperor smiled and thanked Ye Chen.

If ye Chen hadn't fought in the supreme meritorious war and helped him get the reward of pure heart snow lotus, he wouldn't have recovered so smoothly.

"Nothing."

Ye Chen laughed.

"This time you hit Tianxuan realm, I'm ready to celebrate for you, and celebrate that you really become the ruler of heaven."

Devil way.

"Thanks!"

Ye Chen arched his hand and smiled, then hugged Xia Ruoxue, Wei Ying and ye Luoer, and finally walked into the altar in the center of the square.

Among his many beauties, only Ji Siqing did not come.

Ji Siqing has gone out to look for opportunities. If it goes well, her destiny Avenue is likely to change and break through, so as to control the magic method of causality.

"The disciples of demon palace listen to the order and pray for reincarnation!"

Seeing ye Chen stepping into the altar, Shen Tu Wan'er shouted.

All the disciples of demon god palace around immediately bowed their heads and chanted, praising reincarnation and praying for ye Chen.

Ye Chen felt the powerful power of faith from all directions when he was in the altar.

With the blessing of this force of faith, his spirit was also greatly inspired, and his blood was boiling in his body.

"Jin Shengtian xuanjing is today!"

Ye Chen's eyes were sharp, his fighting spirit soared, his reincarnation blood vessels burned, and the blood dragon roared and rushed out, rotating around his body.

"Boy, I wish you good luck. If you ascend to the mysterious realm of heaven, it is estimated that you can cultivate my wilderness Wujing to the Ninth level."

"At that time, when you control the great wilderness sky stealing technique, you can steal the no no no law and cultivate the mystery of the law of cause and effect."

In the reincarnation cemetery, Huang Lao saw that ye Chen was ready to attack the Tianxuan realm, and he also smiled and encouraged.
