Chapter 8641

Ye Chen frowned, pondered for a moment, and said, "it doesn't matter, you help me start the array first, and I'll talk to the spirit ancestor of beacon fire in person. If he has any punishment, I'll bear it alone."

Beacon lingzu is Ye Chen's hope to solve the curse of causality. Naturally, he doesn't want to miss it.

Gu Changsheng was still deeply embarrassed when he heard Ye Chen's words. He looked at the secret script of the array formula in his hand and thanked Ye Chen for his kindness. Finally, he gritted his teeth and said, "well, Lord of reincarnation, I'll help you start the array."

"However, communication master Zu, this is not a trivial matter. I have to prepare for two days."

When ye Chen heard that Gu Changsheng was willing to agree, he was also very happy and said, "OK."

After the discussion, ye Chen stayed in the array spirit hall.

The gratitude and resentment between the punishment hall and the array spirit hall were also resolved, and both sides were reconciled.

Xuanxin has Ye Chen's support. Gu Changsheng's side completely breaks the idea of fighting and sincerely submits.

Xuan Xin took back the peach blossom sword. His eyes were red and he wanted to cry. He handed the sword to Xuan Hanyu and said, "fairy, take this sword."

Xuan Hanyu said, "why do you want to give it to me? You can keep it. You can cut off your love."

Xuan Xin smiled bitterly and said, "fairy, in fact... In fact, my love has never been cut off, but... Just because you told me not to think indiscriminately, I dare not blaspheme and offend you again. In my heart, I am still... Still..."

She hesitated and blushed when she spoke, like a young girl in spring.

Ye Chen looked at Xuan Xin and coughed. He felt very embarrassed and wanted to leave, but Xuan Hanyu gently grabbed him and motioned that he didn't have to leave.

Xuanhanyu sighed, and finally took the peach blossom sword, saying, "Xuanxin, you are very good, thank you."

Xuan Xin was excited and wept, and said to Ye Chen, "Lord of reincarnation, fairy is the best person in the world. You have to cherish her."

Ye Chen lost his smile, shook his head, and did not speak.

Xuanxin misunderstood. There was no special feeling between him and xuanhanyu.

However, there is no doubt that ye Chen and Xuan Hanyu are absolute allies.

In the reincarnation camp, xuanhanyu is also an important core figure.

Now xuanhanyu gets the peach blossom sword, and the overall combat effectiveness also increases a lot, which is naturally a good thing for ye Chen.

.....

After waiting for two days in the hall of array spirits, Gu Changsheng finally made all the preparations.

An ancient array is engraved on the top of the mountains in the array hall.

This array is the only channel to communicate with the spirit ancestor of beacon fire!

At this moment, ye Chen, Gu Changsheng, xuanhanyu, Xuanxin, and many strong people in the array spirit hall are standing around this array.

At the edge of the array, Gu Changsheng prepared many natural and earth treasures as sacrifices.

When the sun rose to the middle of the sky, Gu Changsheng came out and motioned to Ye Chen.

Ye Chen nodded, indicating that he could start. If something really went wrong, he was willing to bear it all.

Gu Changsheng gritted his teeth, cut the palm with a knife, and dropped blood into the array. He was ready to inject aura, start the array, and call the beacon spirit ancestor.

"Gu Changsheng, stop it!"

But at this time, the distant sky, came an old burst of shouting.

I saw a few old men, flashing all over, shooting from afar.

"Supreme elder!"

Gu Changsheng saw these old people, and his face immediately showed a trembling color.

Xuanxin is also on alert.

Those elders are the supreme elders of the beacon fire spirit palace. They usually play in the mountains and rivers all over the beacon fire area and rarely appear.

Now, these supreme elders all came down with anger on their faces. As soon as they fell down, they immediately slapped each other. The fierce palm wind forced Gu Changsheng out of the array on the spot.

"Elder..."

Gu Changsheng's face shook.

The elders' eyebrows were filled with a spirit of desolation.

One of the elders strode out, glanced sideways at Ye Chen, xuanhanyu and others, and said coldly to Gu Changsheng:

"Gu Changsheng, you dare to collude with outsiders and disturb the peace of Shizu. Do you know your sin?"

Gu Changsheng shivered all over and was speechless.

Ye Chen said, "predecessors, this matter has nothing to do with Lord Gu. It's that I want to see the spirit ancestor of beacon fire. Please forgive me."

The elder snorted and said, "Lord of reincarnation, you carry too much cause and effect. I can't let you disturb Shizu's peace. You leave immediately. I won't investigate, but if you persist, don't blame us for being rude."

His voice fell, and the other supreme elders also looked at Ye Chen murderously.

Looking at their appearance, as long as ye Chen still stubbornly wants to see the spirit ancestor of beacon fire, they will immediately start to be merciless.

Ye Chen's face sank, and it was absolutely impossible for him to give up at this point.

Ye Chen said, "predecessors, I must see the spirit ancestor of beacon fire today. If you don't accommodate me, I have to offend."

Then he pulled out the reincarnation sword.

Those super elders, seeing that ye Chen really wanted to fight, immediately became angry and creepy.

The disciples of the surrounding array spirit hall and the disciples of the penalty hall were all shocked and didn't know what to do.

Xuan Hanyu's eyes were cold, and he gently pulled out the peach blossom sword. As soon as ye Chen started, she would help.

A supreme elder bit his teeth and said to Ye Chen, "Lord of reincarnation, it seems that you are really stubborn."

Chapter 8642

Ye Chen said, "I don't want to fight with your predecessors. I just want to see the spirit ancestor of beacon fire. If he still refuses to see me after communication, I'll leave by myself, but you can't even give me a chance to communicate."

In Ye Chen's heart, he still felt that the beacon fire lingzu was absolutely willing to see himself.

After all, he reincarnated in a certain life and helped Xiao Jing, the daughter of beacon fire lingzu.

With this cause and effect, it is impossible for the spirit ancestor of beacon fire not to give him the opportunity to meet.

As for whether he is willing to leave the mountain, we can wait until we meet.

However, those super elders, unwilling to give ye Chen any chance, drew out their swords one after another.

An elder angrily said, "Lord of reincarnation, you are determined to offend my Shizu. That's enough. Let me experience your call!"

Then he clenched the handle of the sword and wanted to fight.

Boom.

But at this time, the sky shook and the golden light gushed, unexpectedly revealing a vast and mysterious heavenly world.

An old man, with his hands on his back, stood on the top of the world, filled with an unparalleled power, incredibly with the breath of the Immortal Emperor. The hype was in disorder, and the earth was overflowing with golden lotus. The weather was magnificent.

"Shizu is out!"

Many supreme elders present were shocked and awed when they saw the old man standing on the top of the world. In surprise, their swords fell to the ground.

Xuan Xin, Gu Changsheng and others, as well as all the disciples of the beacon spirit palace present, also showed a look of awe and shock. After only looking at the old man, they lowered their heads and dared not look up, as if they were afraid of being offended by blasphemy.

Then, everyone knelt down, kowtowed to the old man and said, "welcome Shizu out!"

Only Ye Chen and Xuan Hanyu did not kneel down.

The old man standing on the top of the world in the kingdom of heaven is obviously the legendary beacon spirit ancestor, the former leader of the righteous purple fairy palace, and the predecessor of the double ninth immortal!

The fact that immortal Chongyang can have today's status is also related to the teachings of the former beacon fire lingzu.

In Zihuang fairy palace, even the moral God should respect the spirit ancestor of the beacon fire.

At this moment, on the spirit ancestor of the beacon fire, the Immortal Emperor's weather is rolling and visions are in profusion.

That vision can make the viewer's martial arts grow, and even those with lower realm break through in situ.

The people present felt the strength and terror of the spirit ancestor of beacon fire, which was both shocking and admiration.

In the realm of beacon fire, the spirit ancestor of beacon fire can be said to be the absolute master.

The spirit ancestor of the beacon fire looked down, his eyes with a trace of compassion and complexity, and his eyes finally fell on Ye Chen.

When ye Chen touched the eyes of the beacon fire lingzu, he felt the other party's eyes were extremely desolate, as if they had experienced countless vicissitudes of life and endless twists and turns.

"Lord of reincarnation, come up and have a chat."

Feng Huo lingzu spoke and agreed to meet Ye Chen.

Those supreme elders were stunned when they heard that the spirit ancestor of the beacon fire wanted to meet in person.

You know, since ancient times, the spirit ancestor of beacon fire has never seen anyone. Even if Tao Te Tian Zun and Chongyang immortal came here, he refused to meet him. Today, he made an exception because of Ye Chen.

"Yes!"

Ye Chen was so excited that he bowed his hands and looked back at Xuan Hanyu.

Xuan Hanyu nodded gently, motioning Ye Chen, but it didn't hurt to go. She stayed where she was, and no one dared to offend her.

Ye Chen nodded, and with a flash of the wind, he flew directly to the sky, entered the heavenly world, and met the spirit ancestor of the beacon fire.

After ye Chen went in, the heavenly world disappeared in the clouds, and there were still golden lights, and the weather had not dispersed.

Everyone was waiting nervously in situ, wondering what would be discussed between Ye Chen and Fenghuo lingzu.

When ye Chen entered the world of heaven, he saw a vast and magnificent atmosphere. There were temples and temples everywhere, which were even sevenoreight points similar to his reincarnation heaven. Even his statues were enshrined in temples and temples everywhere.

Seeing this scene, ye Chen immediately froze.

He never expected that the world opened up by the spirit ancestor of beacon fire would be so similar to his reincarnation of heaven.

The spirit ancestor of the beacon fell from the top of the world and stood beside Ye Chen. His breath converged, as if he had turned into a kind and ordinary old man. He smiled at Ye Chen and said, "are you familiar?"

Ye Chen was stunned: "senior, this world..."

Feng Huo lingzu said, "it's the world I opened up based on my daughter's memory. She is a believer in reincarnation. She believes in reincarnation all her life. Reincarnation in heaven is the most perfect world she dreams of."

When he mentioned his daughter, his eyes were full of memories and the sadness of losing her.

This sadness is not too strong, but the deep-seated yearning behind it is enough to move the viewer.

"Thank you..."

Ye Chen didn't know what to say. Xiao Jing, the daughter of beacon fire lingzu, was a believer in reincarnation. He was naturally very happy in his heart.

But now, Xiao Jing is dead, which makes people feel sorry and regretful.

"Do you want to invite me out of the mountain?"

Beacon fire lingzu asked.

"Yes, I'm cursed by the law of cause and effect. Only the great tomb sword of my predecessors can cut me off."

"If you are willing to give me a hand, I can't thank you enough. I will try my best to satisfy you whatever reward you want."

Ye Chen said that he thought that he had the support of Qinglai chamber of Commerce behind him. As long as he was in the real world, he could take out any natural materials and earth treasures, and he was not afraid of the fire lingzu lion's big mouth.

The spirit ancestor of beacon fire just smiled and said with a trace of sadness: "if I want my daughter Xiao Jing to revive, can you do it?"

Chapter 8643

Hearing the words, ye Chen was stunned and speechless.

If Xiao Jing is an ordinary person, ye Chen may be able to revive by using the formula of Zeus light and God to reverse time.

Or use the power of reincarnation blood, and wish the power of the heavenly star to revive.

However, it is limited to ordinary people.

There is no doubt that Xiao Jing is not an ordinary person. Her cultivation must be to the point where the emperor of heaven is superior.

It's really too difficult to resurrect a ruler. Unless ye Chen can take charge of the top of the law of reincarnation, it's still far away.

Seeing ye Chen didn't speak, Feng Huo lingzu smiled bitterly and said, "you can't do it, can you?"

Ye Chen was ashamed and said, "please forgive me for my incompetence."

The spirit ancestor of beacon fire looked sad and said, "after my daughter fell, I have lost interest in this world. I won't go out of the mountain. I can only sympathize with your experience."

"Besides, even if I come out of the mountain, hehe, the great tomb divine sword is a thirty-three heaven divine skill. How can it be so easy to use it?"

Ye Chen was also expected to hear that lingzu refused.

After all, lingzu of beacon fire has been closed for many years, and he doesn't expect to invite people out of the mountain at once.

However, ye Chen naturally won't give up easily. He continues to talk with beacon fire lingzu:

"Elder, I'm also very sorry to make the daughter fall..."

The spirit ancestor of the beacon fire waved his hand to stop Ye Chen from continuing to talk, and said indifferently, "there is no need to talk more about gossip, I said, I won't go out of the mountain."

After a pause, he grabbed the palm of his hand, and a page emerged from his palm.

"My daughter left it before the fall. She said she wanted to leave it to future generations."

"She has received the help of reincarnation for a certain life. Take this page as a reward."

"From then on, the cause and effect between you and my daughter will be written off, and no one owes anyone."

"Hehe, this page is a scripture of miracles praising the world. After saying that, he handed this page to Ye Chen.

Ye Chen took this page and saw that the golden light of the avenue and the majestic breath of martial arts filled the page.

On the page, there are many characters Ye Chen doesn't know.

Although he couldn't understand these characters, looking at the stroke trajectory of the characters, he had a mysterious feeling in his heart, and his martial arts seemed to have improved.

However, this effort was suppressed by a force in the dark.

Ye Chen knew that it was the suppression of the law of cause and effect.

Without the suppression of the curse of the law of cause and effect, this page, with the abundant breath of martial arts, may enable Ye Chen to step into the realm of heaven at one stroke!

"This is... The page of Wu Ji Tian Xia?"

Ye Chen was greatly shocked. Under the insight of the secret of heaven, he also glimpsed the origin of this page. Unexpectedly, the miracles Ode to the world from the miracles Ode to the world has nine chapters. Ye Chen has seen the first six chapters, and the most powerful one is the perfect world.

And this beacon spirit ancestor said: "yes, the" wordless heavenly book "of the legendary miracles Ode to the world shows the characters of Wu Dao, and finally turns into" Wu Ji Tian Xia ", which is to commemorate the birth of Wu Zu."

"The birth of Wu Zu shocked the ultimate of Da Dao, and Da Dao was accompanied by Wu Ji Dao books. This is the origin of Wu Ji Tian Xia."

After hearing the words of lingzu of beacon fire, ye Chen was secretly shocked.

It seems that the significance of the birth of his martial arts master and the cause and effect behind it are far more vast and mysterious than he imagined.

"This book of martial arts is left by Miss Xiao Jing?"

Is she gone without time and space? "

Ye Chen took the page of Wu Jidao book and was very surprised.

You know, in the Scripture of miracles praising the world, only the first five volumes of Taoist books are in the real world, and the last four volumes, which are the most powerful, are in wuwuwuspacetime.

Can it be said that Xiao Jing had been to wuwuwuspacetime and got a page of Wuji Taoist book?

Feng Huo lingzu's eyes were a little gloomy and said, "jing'er has never been to wuwuwuspacetime. This page was taken from Yacha of emperor Tuo Tianzong."

Ye Chen was shocked and said, "emperor Tuo Tianzong?"

What the hell is going on? "

Tuo emperor Tianzong, the most powerful force in Wuwu time and space, was founded by Tuo emperor's ancient god.

Can it be said that Xiao Jing actually fought with emperor Tuo Tianzong?

The spirit ancestor of the beacon fire was discouraged, waved his hand and said, "well, I don't want to say anything about the past. You may be able to see the cause and effect of the past through your own perception of this Wuji Taoist book."

With that said, the spirit ancestor of the beacon moved and returned to the peak of the heavenly world, no longer governing Ye Chen.

Ye Chen took this piece of Wuji Taoist book, and his mind was full of thoughts. At that time, he found a quiet temple, sat down cross legged, and closed the pages of the book between his hands, concentrating and refining.

It has to be said that this book of Wu Ji Dao is worthy of the miracles praising the world. Unfortunately, ye Chen's accumulation of Wu Dao has reached the peak of the nine layers of heaven in the Baijia realm.

If he does not break through to the Tianxuan realm, his Wu Dao cannot progress any more, and is completely stuck in the bottleneck.

Ye Chen calmed down, understood the cause and effect on the Wu Ji Dao book, and captured the mystery of the past.

Boom.

Concussion.

Ye Chen faintly saw the mystery of the past.

He saw a weak woman fighting with a giant god who was ten thousand feet high with a sword.

The giant god, wearing a mask and looking at his costumes, is obviously a Dharma protector Yasha from the emperor Tuo Tianzong.

"Xiao Jing, you are the descendant of the God of water, and I admire your magical cultivation."

"But how can you resist the majesty of emperor Tuo Tianzong when you guard your heart alone?"

"Leave quickly. You still have hope of survival. I think your cultivation is not easy. I won't kill you today."

The Dharma protector Yasha said in a cold voice.

"Futu Xuan, if you want to rob the supreme heart, it's wishful thinking, unless you can kill me!"

Xiao Jing held her sword and drank coldly, without giving in at all, and continued to wave her sword against the Dharma protector Yasha.

Behind her, there is a mysterious area, which looks like reality and illusion, and you can't see the reality.

She seemed to want to protect that area.

Ye Chen's head was buzzing, and he clearly felt the mystery of the past, and couldn't help but be shocked.

It turns out that this Xiao Jing is not only the daughter of the spirit ancestor of the beacon fire, but also the heir of one of the nine gods in the legend, the God of water!

Chapter 8644

The region she guards is called the heart region. The legendary heart of the supreme being is hidden in the heart region.

The supreme heart is a divine object evolved from the source of fire. It has a trace of fire energy and can help maintain the stability of the world law.

If people without time and space get the supreme heart, the fire is dangerous.

Because the supreme heart evolved from the source of fire. Once you get the supreme heart, you can trace the mystery of heaven and lock the coordinates and breath of fire.

By means of no time and space, as long as you lock the breath of the fire, you don't even need to come to Zihuang fairy palace to seize it in person. By using all kinds of mysterious irregular laws, you have the opportunity to steal and summon the fire directly.

For example, if Huang Lao makes a move, he can get the supreme heart and lock the fire. He can use the great wilderness to steal the sky day and night, and finally steal the fire.

Such a means of stealing, in no time and space, is by no means unique to the ancients. Other strong people are likely to master similar magical powers.

It can be said that the supreme heart is a great springboard.

When you get the supreme heart, you can trace the breath and lock the existence of the fire.

It is the supreme heart that Xiao Jing wants to protect!

"Jing'er, don't panic, Dad, come and help you."

At this time, the golden light burst behind Xiao Jing, and a powerful figure appeared.

It is the spirit ancestor of beacon fire!

At that time, the spirit ancestor of beacon fire was still a decent leader.

Behind him, divine lights tore apart, and many decent and powerful people also emerged one after another.

The supreme heart is so important that Xiao Jing cannot be the only guardian. There are many strong people in the whole purple fairy palace, who are secretly protecting it.

Ye Chen peeps at the old Tianji picture, and among many decent and powerful people, he also sees the existence of Xuanxin and Chongyang immortal.

"Dad!"

Xiao Jing was overjoyed when she saw the spirit ancestor of the beacon fire coming.

Feng Huo lingzu stared at the Dharma protector yecha and shouted, "Fudu Xuan, as one of the ten yecha of emperor Tuo Tianzong and the leader of Wuji daoshu, what's your ability to bully a younger generation?"

The ten thousand foot tall giant god Yasha, named futu Xuan, is one of the ten Yasha of emperor Tuo Tianzong.

Emperor Tuo Tianzong has many Dharma protectors, including ten of the most powerful ones, each of which is earth shattering.

This futu Xuan, who is one of the ten Yaksha, is in charge of Wuji daoshu, and his strength is very powerful.

Futu Xuan laughed and said, "your daughter is the heir of the God of water, but she is not a junior."

The spirit ancestor of the beacon fire shouted, "if you are afraid, get out of here immediately. If you want to win the supreme heart, unless you kill all my decent people first!"

The supreme heart, whose value is extremely important, has attracted the attention of emperor Tuo Tianzong.

Emperor Tuo Tianzong also wants to seize the fire, but unlike the death cult, they should be much more cautious.

The Death Cult directly wants to break into the core territory of Zihuang fairy palace and forcibly rob the fire. Such a move is too easy to see.

The ruler of the emperor Tuo Tianzong is the ancient god of the emperor Tuo and the future body of the ancient emperor Yu Huang. However, his personality is just opposite to that of the ancient emperor Yu Huang. He should be calm and calm, and not impatient at all.

Under the order of the ancient god of Tuo emperor, the emperor Tianzong sent people to reality to seize the supreme heart, and then use the supreme heart as a springboard to steal the fire.

Futu Xuan was the strong one who came down under the order of the ancient god of Tuo emperor.

Looking at Feng Huo lingzu and Xiao Jing, Fu Tu Xuan couldn't help laughing and said, "do you really think I can't kill you?"

Today, let me show you the power of my martial arts book! "

The voice fell, and a vast volume of Taoist books appeared behind futu Xuan, full of violent and domineering martial arts atmosphere.

It is a truly complete book of Wu Ji Dao, with four words of Wu Ji world, shining brightly and glittering golden, shocking people's minds.

Ye Chen caught a glimpse of this mysterious scene, and his heart was also shocked and looked forward to it.

The book of Wu Ji Dao was born for Wu Zu, which is also very consistent with his Wu Dao.

If ye Chen is given this book of martial arts, his martial arts will probably grow to a very frightening level.

Futu Xuan summoned the Wuji daoshu, and the golden light on the daoshu shone, from which came the strong of emperor Tuo Tianzong.

Boom!

At the next moment, futu Xuan urged Wu jidaoshu, and the golden light shone, turned into a giant elephant, and fiercely collided with the spirit ancestor of the beacon fire.

This giant elephant is actually the unique skill of Wu Zu, and the weather of god elephant collapsing into the sky!

Wu Ji Dao book, born in response to Wu Zu, contains many Wu Zu's martial arts magical powers.

Although futu Xuan has never practiced the divine elephant avalanche, he can also stimulate the unique learning of Wu Zu by relying on Wu Ji daoshu.

Ye Chen saw that the unique skill of Wu Zu was actually displayed in the hands of a yecha of Tuo emperor Tianzong, and his heart was extremely shocked. He couldn't wait to snatch the book of Wu Ji Dao directly. It was originally what should be the birth of Wu Zu, and Tuo emperor Tianzong was not qualified to occupy it.

Unfortunately, the picture Ye Chen saw was a picture of the mystery of the past, like a dream.

Even if he had thousands of sufferings in his heart, it was impossible for him to cross back and grab Wu Ji daoshu.

The spirit ancestor of the beacon fire saw that the giant elephant rushed, and his expression was also dignified. He waved his sword to block him.

At the same time, the strong men under futu Xuan shouted and rushed out, fighting fiercely with decent people such as Xiao Jing, Chongyang immortal, Xuan Xin and so on.

The two sides vowed to fight to the death, fighting in the dark, without any reservation.

Chapter 8645

If the decent sect is defeated and the heart field is lost, the supreme heart hidden in the lost field will be taken away by the emperor Tuo Tianzong, and the consequences are unimaginable.

So in this war, decent people must not lose!

The fierce battle between the two sides lasted for several days, with countless casualties and heavy losses.

Fenghuo lingzu and futu Xuan, the two top powers, did not decide the outcome in a few days.

Suddenly, a figure suddenly circled behind futu Xuan and stabbed him in the back with a sword.

It was Xiao Jing who wanted to sneak attack!

"Death!"

Futu Xuan's eyes were cold. He had fought with Xiao Jing before. In fact, he didn't make every effort and kept his cards against beacon fire lingzu.

Now he launched the martial extreme Taoist book, and his cultivation breath soared a hundred times, which was by no means something Xiao Jing could resist.

But Xiao Jing is still brave and fearless. She wants to sneak into futu Xuan and fight for opportunities for her father.

Unfortunately, her sneak attack did not hurt futu Xuan.

In the critical situation of futu Xuan, he called down a page of Wuji Taoist book, guarding his back like a shield, blocking Xiao Jing's sword.

Xiao Jing stabbed the past with a sword, which naturally did not have the slightest effect.

"A little girl, still want to sneak into me?"

"Do you really think you are the God of water?"

Futu Xuan snorted, urging the page of Wuji Taoist book to turn into a mountain, and severely suppressed Xiang Xiao Jing.

"Jing'er!"

The spirit ancestor of beacon fire saw this scene and was immediately shocked.

Bang.

Futu Xuanwu extreme mountain was suppressed, and Xiao Jing was unable to resist. She was crushed to the ground on the spot, her bones clicked, her muscles broke, her heart and lungs burst, her mouth bled blood, and her face was pale.

"Jing'er!"

"Fu Tu Xuan, how dare you hurt my daughter!"

Feng Huo lingzu's eyes were cracked, his eyes spewed out anger, and his body trembled.

Wu Jidao book is so terrifying. If this page of Dao book is suppressed, his daughter is dead.

Under the grief, anger and fear, his aura exploded, and the sword in his hand exploded like a heavenly tomb, as if he could bury all the existence of the universe.

"This is... The sword of the great tomb! The legendary thirty-three gods!"

Futu Xuan's face changed wildly, and he immediately recognized the sword spirit of beacon fire lingzu.

That's the sword spirit of the great tomb sword, the legendary thirty-three heaven magic.

Thirty three divine arts, even in wuwuwuspacetime, are super first-class magical secrets with earth shaking power.

The great tomb divine sword of the spirit ancestor of the beacon fire is the top ten terrorist existence. It is said that the horror of the sword can bury everything.

Even his Wu Ji Dao book could not block the edge of the great tomb sword.

"Big tomb celestial burial, die for me!"

The spirit ancestor of the beacon fire drank wildly, and the long sword in his hand erupted into a murderous spirit like a tomb, rolling forward, destroying and decaying towards futu Xuan.

Ye Chen was also deeply shocked when he saw this sword.

"Is this the great tomb sword?"

Such a domineering sword, if really displayed, can definitely bury everything, even the law of causality.

"Old man, you're crazy!"

Futu Xuan saw that the beacon spirit zushi exhibited the great tomb sword, which was also a thrilling shock.

This great tomb sword is so powerful that it is difficult for even the strong in time and space to display it.

With the cultivation of the spirit ancestor of the beacon fire, when he wields the sword of the great tomb, he will definitely suffer backfire and bear an extremely huge price.

However, in order to avenge his daughter, Fenghuo lingzu was also desperate.

Futu Xuan shivered all over and dared not fight. This sword was too terrible for him to fight, even if there was a Book of martial extreme Taoism.

See the sword spirit of the great tomb of the spirit ancestor of the beacon fire, cut across, the void broke everywhere, space and time were buried, and the spirit of heaven and earth were also buried. The void along the way turned into an absolute death, and countless black hole eddies were torn out.

"Crazy!"

Futu Xuan didn't dare to fight, hurriedly urged Wu Ji daoshu, tore the void, and ran away in some confusion.

The strong man of Tuo emperor Tianzong under him had no time to escape.

Under the killing of the great tomb sword, many strong people of the emperor Tuo Tianzong screamed and were buried by the sword on the spot, turning into powder and ashes.

The spirit ancestor of the beacon fire killed the whole audience with one sword, which was simply invincible.

However, there was no joy on his face, but full of sadness.

"Jing'er!"

Feng Huo lingzu hurriedly went to check his daughter's situation, and with a big hand, he blasted the weather of the Wuji mountain.

The Wuji mountain turned into a page again, floating and falling on Xiao Jing.

Xiao Jing was covered with blood and had no human shape. Her bones, meridians, heart, lungs and viscera were crushed by the Wuji mountain just now.

It's a miracle that she can live, because she inherited the orthodoxy of the water god and got a little shelter.

Otherwise, when Wu Ji daoshu came, she would have died.

The horror of that martial extreme Taoist book is naturally not affordable to ordinary people.

"Dad."

Xiao Jing reluctantly showed a smile, stared at the spirit ancestor of the beacon fire, and glanced at the Wu Ji page that fell on her body, laughing:

"I grabbed Wu Jidao book, isn't it very powerful?"

With tears in his eyes, Feng Huo lingzu was extremely sad and said, "yes, our family jing'er was the most powerful. At once, he grabbed Wu Ji daoshu and drove away the enemy of emperor Tuo Tianzong."

The righteous and powerful people around, such as Chongyang immortal and Xuanxin, all silently shed tears.

Xiao Jing said with a smile, "Dad, I'm dying. Give this page of Wuji Taoist book to the Lord of reincarnation. He is the person I most admire."

"Well, but speaking of it, it seems that the Lord of reincarnation of this life has not yet risen."

"Leave it to reincarnation posterity. This book of Wu Ji Dao is my gift to reincarnation."

The spirit ancestor of the beacon said sadly, "jing'er, stop talking, dad will save you."

He wanted to use his aura to cure Xiao Jing, but his aura had been completely consumed when he just cast the sword of the great tomb, and his own blood was on the verge of exhaustion.

Seeing this, immortal Chongyang hurriedly came forward to instill aura into Xiao Jing.

Unfortunately, Xiao Jing's injury is too serious to be recovered.

Ye Chen was also quite sad when he saw this scene.

If he was on the scene, by his means, Xiao Jing would surely be saved.

Unfortunately, there is no if.

Xiao Jing finally said, "Dad, after my death, you bury me in the heart area, next to the supreme heart. I'm going to leave. Take care of yourself."

After saying this, Xiao Jing closed her eyes and died completely.

"Jing'er!"

The ancestors of the beacon fire mourned and wept, and tears fell down.

The righteous strongmen around also cried together.

Ye Chen sighed gloomily when he saw these pictures.

The mystery continues.

He saw the spirit ancestor of the beacon fire, with Xiao Jing's body, bury her in the heart, and bury her with the supreme heart.

The supreme heart is a ruby like crystal, with a pure flame breath, faintly resonating with the laws of heaven and earth.

Chapter 8646

From then on, Xiao Jing and the supreme heart were buried together in the ground.

Fenghuo lingzu's beloved daughter fell. In pain, she resigned as a decent leader and passed the throne to Chongyang immortal. A new era began.

Ye Chen saw these ancient pictures, and his heart was also extremely touched.

Just as his thoughts were ready to return to reality, he heard a gentle female voice:

"Lord of reincarnation, wait a minute."

Ye Chen was surprised and subconsciously shouted, "who is it?"

It is inconceivable that someone is actually communicating with himself in the ancient mystery picture.

I saw a blue water flow in the void, splashing.

In the water flow, a young girl's figure appears, weak as water, wearing a blue short dress, revealing a large area of snow-white skin, which is complementary to the water flow. She seems to be born from the water and is also the God in charge of Wanshui.

"My name is Luo Qingli, and others call me the God of water."

The girl opened her mouth with a gentle voice and a smile in her eyes.

Ye Chen was surprised, and he felt that the girl really contained a majestic aura of God, which was very different from the pure and lovely appearance on the surface.

Ye Chen didn't expect that the legendary god of water, the God of heaven, actually looked so pure and weak, and his skin was tender. It seemed that he could really squeeze water out, giving people the feeling of one word:

Run!

"Are you the God of water?"

Ye Chen was very surprised.

"Just call me Qingli."

Luo Qingli said.

"Qingli girl, what are you looking for me?"

Ye Chen asked.

"Sister Xiao Jing is not dead yet. You must come and save her."

Luo Qingli road.

"Xiao Jing is not dead yet?"

Ye Chen was stunned when he heard this.

He saw Xiao Jing die with his own eyes. He was crushed by Wu Jidao's book into a mountain, and his bones, heart and lungs burst. There was absolutely no possibility of survival.

"Well, yes, she's not dead yet. I saved her life with my divine power. Now she's awake, but she's trapped in her heart. You must come and save her!"

"Sister Xiao Jing is a good person. I can't watch her have an accident. Unfortunately, I can't show up casually. I can only ask you."

Luo Qingli road.

No matter her appearance or tone of voice, she is just like an ordinary innocent girl. She really can't see the frame of a God, or even nine gods.

"Qingli girl, as the God of water, you are supreme, and Xiao Jing is just your heir. It's inappropriate for you to call her sister?"

Ye Chen frowned.

Luo Qingli smiled and said, "I practice a secret method. I'm always 16 years old. I won't grow up and wear out, so I call Xiao Jing my sister. That's no problem."

These words were innocent and extremely cute. Ye Chen couldn't help laughing and said, "you are really cute."

Luo Qingli said with a smile, "thank you for your compliment."

After pausing for a while, she said coldly: "you quickly find a way to go to the heart region, save sister Xiao Jing, and let her reunite with her father. She is also very poor."

Ye Chen "Hmm", thinking that Xiao Jing is not dead and may be saved, she is also quite excited in her heart.

"Well, I'll go first, or those old monsters will stare at me. Let's meet again in the future, Lord of reincarnation."

"Cluck, call you the Lord of reincarnation, is it a little too alien?"

Can I call you little brother later? "

"Little brother, I'm leaving."

Luo Qingli showed a cute smile, and then without waiting for ye Chen to agree, his body hid in the water and soon disappeared.

Ye Chen's spirit was in a turmoil, and he withdrew from the picture of the heavenly mystery, and returned to the real world, and returned to the heavenly world of the beacon field. He was holding the book of Wu Ji Dao in his hand.

What just happened is fresh in my mind.

Ye Chen was shocked. He saw Luo Qingli, the God of water, and even learned from her that Xiao Jing was not dead.

"Miss Xiao Jing is still alive!?"

Ye Chen was so excited that he immediately rushed out, shuttled through the void, and came to the top of the world in heaven.

A simple thatched cottage was built on the top of the mountain.

The spirit ancestor of beacon fire is holding a book, watching alone in front of the house, boiling tea and basking in the sun. He is completely in a state of seclusion.

Seeing ye Chen coming, he lifted his eyes slightly and said, "why, have you come to say goodbye to me?"

You can see the cause and effect of the past. My daughter is dead, and I don't want to interfere with the world anymore. If you want to invite me out of the mountain, it's absolutely impossible. You can go. "

Ye Chen said, "elder, I'm not here to say goodbye to you. I want to tell you that your daughter is not dead yet!"

Hearing the words, the beacon fire lingzu eyebrows picked up, showing a trace of sullen color, just thought Ye Chen was entertaining him, and said, "what are you talking nonsense about? My daughter was buried by me, is she dead or alive, don't I know?"

"If you want to amuse me deliberately, get out of here immediately!"

Ye Chen hurriedly said, "no, it's water..."

He wanted to say it was Luo Qingli, the God of water, and told himself that Xiao Jing was not dead.

However, when he just wanted to mention the God of water, he had a vague premonition of danger in his heart.

If the water god is mentioned, it is likely to expose the cause and effect of the water god, which will lead to her being watched by the enemy.

Ye Chen naturally didn't want to harm the God of water, so he immediately stopped talking.

Feng Huo lingzu said in a deep voice, "what are you trying to say?"

Ye Chen said, "elder, I want to tell you that I have received accurate information that your daughter is still alive and she is trapped in the heart region. If you don't believe it, you can go to the heart region to find her."

Chapter 8647

Under the protection of Luo Qingli, the God of water, Xiao Jing has recovered and is not in danger. She is just trapped in her heart and cannot come out.

"Cardiosphere?"

Feng Huo lingzu frowned. Seeing ye Chen's solemn appearance, he didn't seem to be deliberately entertaining him.

Is it true that his daughter is still alive?

Thinking of this, the heartbeat of beacon fire lingzu immediately accelerated.

His thoughts were very quick, and he immediately thought that Xiao Jing had been the descendant of the God of water. Maybe there was a God behind him, and finally he saved his life.

Ye Chen said, "yes, elder, you can go to Xinyu to find her."

The spirit ancestor of beacon fire mused, "in those days, I had countless conflicts with emperor Tuo Tianzong around the heart of the supreme being. Even after I retired, the conflict did not stop."

"In the endless conflict and killing, the mind has been implicated, destroyed and reduced to ruins. The entrance is also completely closed, and the supreme heart is completely buried in the ruins."

"This ending, for my purple fairy palace, although the loss is huge, it also solves a hidden danger. The heart domain has become a ruin, and no one can take away the supreme heart."

"However, the entrance to the heart region was destroyed in the war. Now it is almost impossible to enter the heart region."

Ye Chen was stunned and said, "has the heart domain been destroyed?"

The spirit ancestor of beacon fire said, "yes."

After a pause, he showed a sad smile and said, "my daughter is buried in the heart, and her bones have been integrated with the supreme heart. I don't believe you say she is still alive."

"In order to worship my daughter, I worked out a way to enter the heart region. Even the moral God didn't know it. He thought that the heart region was really destroyed and no one could enter it."

Ye Chen's spirit perked up and asked, "what method?"

The spirit ancestor of beacon fire pondered for a moment and said, "it's very difficult to enter the heart with the physical body, but you can use the spirit to enter."

"The method I have worked out is to let people enter the state of suspended death, and then let the spirit enter the heart."

"I fake death once a year to let my spirit enter my heart and worship my daughter."

"However, such a means of pretending to die is likely to hurt the body, and can only be used once a year."

"A month ago, I pretended to be dead once and went into the heart to worship my daughter. My daughter's bones have become loess. Don't you say she's alive to amuse me?"

He spoke in a helpless tone, but he no longer blamed Ye Chen, but looked forward to it.

Because he also wants to see miracles happen and his daughter recover.

Ye Chen said, "maybe Miss Xiao Jing, in addition, it is not necessary to reshape the body and recover."

The spirit ancestor of beacon fire said, "it's better to do so. If you want me to go out of the mountain, go and save my daughter."

Ye Chen fretted in his heart and said, "senior, how do I enter the heart, is it also fake death?"

The spirit ancestor of beacon fire mused, "the method of pretending to die may hurt the body. Do you decide to try?"

Ye Chen said, "if I can really save Miss Xiao Jing, I'm willing to bear the price!"

Hearing Ye Chen's words, Feng Huo lingzu couldn't help but be deeply moved.

He knew that ye Chen went to save people mainly to invite himself out of the mountain.

However, ye Chen's sincerity to save people is also sincere. He also wants to save Xiao Jing.

"Take this turtle breath pill first, which can help you enter the state of suspended death."

"I'll slap you later, and you'll fall into fake death."

"Don't worry, I'm not really going to kill you."

"Besides, you are a lucky man, and I can't kill you."

The spirit ancestor of beacon fire offered a pill to Ye Chen.

Ye Chen's face was a little dignified, but since he had decided to go to the heart region, he no longer hesitated, gritted his teeth, and took the turtle breath pill.

"Senior, come on!"

Ye Chen decided.

"Yes!"

The spirit ancestor of the beacon fire was also dignified, and his aura worked. He waved his palm heavily and blasted towards Ye Chen's chest.

Ye Chen clenched his teeth and did not resist.

Bang!

The palm of the beacon fire lingzu hit him hard on the chest, making a dull loud noise, and then clicking a burst.

Ye Chen's ribs were all broken.

Under the impact of Xiong Hun's palm power of the spirit ancestor of the beacon fire, ye Chen's viscera churned, whoa, spit out a mouthful of blood, his head hummed, and he fell from the clouds of heaven, and finally fell heavily to the ground.

Above the ground, xuanhanyu, Xuanxin, Gu Changsheng and others were shocked to see ye Chen fall.

Those super elders were also surprised.

"Shizu, did he kill the Lord of reincarnation?"

"This... I didn't expect Shizu to move the killer."

"The legendary Lord of reincarnation, unexpectedly fell out in my beacon field today?"

Everyone in the audience was stunned, because they felt that ye Chen had lost his voice.

Ye Chen's eyes widened. Under the impact of the palm of the beacon spirit ancestor, his ribs burst, his internal organs were almost broken, his eyes widened, fainted, and instantly fell into a state of suspended death.

"Ye Chen!"

Xuan Hanyu rushed over and hugged Ye Chen, shocked. She thought Ye Chen was really dead. For a moment, her mind was buzzing and blank.

Ye Chen fainted, his spirit was light, as if he had been led by a force. In a hazy way, he saw a huge door.

"Ye Chen, I'll send you to the heart!"

The voice of the spirit ancestor of the beacon spread to Ye Chen's ears.

A cry.

Ye Chen's spirit, confused, was sent to the huge door.

The world behind the gate is a desolate ruin.

Chapter 8648

Heaven and earth, universe, starry sky, sun and moon, mountains and rivers have already collapsed.

Ye Chen's spirit regained consciousness and stared at the ruins of the world.

"Is this the heart region?"

Ye Chen looked around. After entering the heart, his contact with the spirit ancestor of beacon fire was cut off.

Ye Chen looked at his body, completely unable to see the existence of any form and quality.

His body is still in the beacon field.

Now he is just a wisp of spirit.

After insight, ye Chen can be sure that this is the heart region.

In the endless flames of war and chaos, the heart has already collapsed and fallen into ruins.

The supreme heart was also buried under the ruins, connected with the earth vein, and could not be dug out.

"Miss Xiao Jing, are you there?"

Ye Chen calmed down, and the spirit and will came out, calling loudly.

However, there was no response from the ruined world.

Ye Chen's spirit scanned the whole ruins and found no strange traces.

This place has already collapsed, and all the living creatures that exist have turned into ashes and loess. Even bone debris has not been left, which is absolutely desolate and dead.

"What's going on, isn't Xiao Jing still alive?"

Why didn't you respond? "

"The God of water has no reason to cheat me."

Ye Chen frowned tightly. Under his insight into the secret of heaven, he could be sure that Luo Qingli, the God of water, was not lying, and Xiao Jing was indeed alive.

But strangely, he didn't feel any vitality of Xiao Jing.

He only felt the death of Xiao Jing's bones under the ruins.

As Fenghuo lingzu said, Xiao Jing had already died, and her bones turned into loess, integrating with the heart of the Supreme Master.

"Miss Xiao Jing, are you still alive?"

"I am the Lord of reincarnation in this life. I came to save you by the order of the God of water."

Ye Chen didn't give up and called again.

Hum!

This time, shortly after he spoke, there was a vibration in the void, and then a woman's voice sounded.

"You are... The Lord of reincarnation!?"

"I am your believer!"

The female voice looked very excited, as if she saw the person she admired most in her life.

"Are you Miss Xiao Jing?"

Ye Chen was overjoyed.

"It's me, Lord of reincarnation, you... Hello."

Xiao Jing's voice is still excited.

"My name is Ye Chen, Miss Xiao Jing. Where are you? Your father is worried about you. Let me take you home."

Ye Chen said that he carefully wanted to identify the direction of the sound, but he couldn't identify it at all, and he couldn't trace it back. Everything seemed very strange.

"My father... Alas, I want to go back, but I'm trapped here and can't get out. Sister Qingli asked you to save me?"

Xiao Jing sighed gloomily and asked again.

Ye Chen didn't react for a moment when he heard the words "Qingli sister".

Stunned for a moment, I woke up to Xiao Jing's "sister Qingli", in fact, it was Luo Qingli, the God of water.

It can only be said that among the nine gods, the God of water is the most special existence, and there is no shelf at all.

Xiao Jing is obviously her heir, but the two are matched by sisters, and her sister is Xiao Jing.

"Yes, where the hell are you?

Are you still alive? "

Ye Chen looked around and still couldn't catch Xiao Jing.

"Well, I'm still alive. Sister Qingli used her divine power to save my life and reshape my body."

"However, where I am, it's not only the heart domain, but also the heart domain. It's a little strange and special. I can't go out by myself."

Xiao Jing's voice has a trace of mystery.

"What does it mean to be both a cardiac domain and not a cardiac domain?"

Ye Chen was stunned.

"Once in the heart, there was a mysterious and powerful stone tablet buried underground, which seemed to be a legendary celestial monument."

"That tablet of heaven has become spiritual and human."

"He has been dormant in cultivation, and the eternal chaos between Zihuang fairy palace and Tuo emperor Tianzong has disturbed his cultivation."

"From his fantasy, he created a new realm of mind and avoided it."

"This new domain is exactly the same as the original domain, but it exists in fantasy. It looks like reality and fantasy. Tianbei named it tianxinyu, and he named himself the ancestor of Tianxin."

"In those days, sister Qingli reshaped my body. Because the heart turned into ruins, she couldn't survive in it. She pinned me on the heart of heaven and said that someone would save me in the future."

Xiao Jingdao.

"Tianbei, Tianxin domain, Tianxin ancestor!?"

Ye Chen was immediately stunned, but he didn't expect that this heart region would be related to Tianbei.

His heart was pounding. Tianbei was the most powerful reincarnation xuanbei. If he could get it, he would be invincible.

He never thought that the Tianbei was actually built into a human shape, creating the Tianxin domain and calling himself the ancestor of Tianxin.

And Xiao Jing is in the world created by Tianxin Laozu!

However, the virtual tablet can give birth to the existence of linger, so can the Tianbei.

The strength of this heavenly ancestor is absolutely terrifying, because he has been able to open up the fantasy world, which is a means of nothing.

People in the real world, such as ye Chen, can also open up the world, but they are all real places, not fantasy.

However, it is inconceivable that this heavenly ancestor can open up a fantasy world.

No wonder Ye Chen couldn't catch Xiao Jing's breath. It turned out that she was in the fantasy world, not in reality at all.

"Is Tianbei by your side?"

Ye Chen hurriedly asked.

Tianbei is very important to him. If he can find the clues of Tianbei and even suppress Tianbei, he will have infinite benefits.

Chapter 8649

"I... I don't know."

"The ancestor of Tianxin is very mysterious, and this fantasy world is also very strange and mysterious. All the rules are very chaotic. If it weren't for the protection of sister Qingli, I couldn't survive here."

Xiao Jing said with a trace of palpitation in her voice.

"Is the tablet of that day in the heart of heaven?"

Ye Chen asked again.

"I... I don't know. Everything is too chaotic. Sister Qingli told me everything I know. She told me not to run around, and I didn't dare to move."

"I'm not sure whether the ancestor of Tianxin is still in this world."

Xiao Jing's voice became more and more panic, as if he was afraid that talking too much would expose his existence and cause terrible consequences.

Ye Chen frowned tightly. He wanted to enter the heart of heaven immediately to save Xiao Jing, and at the same time, look for clues to the Tianbei.

However, he had no idea where the entrance of the heavenly heart was.

It's a fantasy world. Whether there is an entrance or not is not certain.

"How can I enter the heart of heaven?"

Ye Chen gritted his teeth and tried to call Luo Qingli, the God of water, in his heart, hoping to get a response.

Hum!

The void vibrated slightly.

At the next moment, ye Chen's ear actually heard Luo Qingli's voice.

"Little brother, don't call me easily. Those old monsters are staring at me. I can't show up casually."

"As for how to enter the heart of heaven, in fact, I don't know. Will you hit me?"

Cough, anyway, you have to figure it out by yourself. I believe you. "

Luo Qingli's tone was a little helpless, and then his voice went away completely.

Ye Chen twitched at the corner of his mouth. The God of water looked really unreliable.

If you want to enter the heart of heaven to save people, or even look for Tianbei, it seems that you have to rely on yourself.

"Miss Xiao Jing, I don't know how to enter the heart region now. I'll go back and discuss with your father. Don't be impatient."

Ye chendao.

"Well, you... Come on, I'm here, and I'm afraid..."

Xiao Jing was helpless and panicked.

Although Ye Chen could not see her figure, he could also imagine that Xiao Jing at the moment might be Dugu crouching in a corner.

Ye Chen's spirit broke away from the ruins of this heart region, and returned to the beacon region, back to his own flesh.

"Cough..."

As soon as the spirit returned to the body, ye Chen immediately felt sharp pain all over. The palm of the beacon fire lingzu was very strong, and his ribs and viscera were broken.

At the same time, ye Chen felt a warm fragrance and softness.

Xuan Hanyu was holding him, with a sad face, red eyes and tears.

Several supreme elders of the beacon fire spirit palace around have summoned a large number of strong people to surround Xuan Hanyu, Xuan Xin, Gu Changsheng and others, lest they make a disturbance and want to avenge Ye Chen.

"Xuanxianzi, I'm fine."

Ye Chen took a deep breath and operated the eight trigrams heaven elixir to treat the injury.

"Ye Chen, are you... Are you not dead?"

Xuan Hanyu was stunned and surprised when he saw that ye Chen was alive.

The strong people in the beacon spirit palace around were also stunned.

"I'm not so easy to die. I just duel with master Fenghuo lingzu. I was slapped by him accidentally. I became friends with him at first sight. Wait, I'll go back and have a drink with him."

Ye Chen smiled, casually made an excuse, and stood up from the ground.

Many strong people in the beacon spirit palace were even more stunned when they heard Ye Chen's words.

Can it be said that ye Chen and Fenghuo lingzu did not meet each other in life and death, but became friends at first sight?

Ye Chen ignored the stunned crowd, flew up against the wind and returned to the kingdom of heaven in the clouds.

"Lord of reincarnation, how about?

Can you save my daughter? "

Seeing ye Chen coming back, Fenghuo lingzu hurriedly asked.

"Senior, your daughter is not in the heart, but in the heart of heaven."

Ye Chen's face was slightly heavy, and with a wave of his hand, the smoke filled the air, creating scenes to repeat his just encounter and his conversation with Xiao Jing.

"Tianxin domain, Tianxin ancestor?

My daughter, trapped there? "

Seeing these pictures and hearing his daughter's familiar voice, Feng Huo lingzu was stunned at first, and then shed tears. His old body continued to tremble.

There was great panic and helplessness in Xiao Jing's voice.

Obviously, in that realm of heaven, Xiao Jing's day can be described as worrying.

That is the fantasy world, the real people, living in fantasy, can not be down-to-earth, it is really indescribable vanity and panic.

"Jing'er, you... You suffer!"

The spirit ancestor of the beacon fire had a sad voice and couldn't help crying.

"Elder, this is not the time to be sad. We must find a way to enter the heart of heaven as soon as possible to save people!"

Ye Chen said that in addition to saving people, he also wanted to find clues about the Tianbei.

Hearing Ye Chen's words, the spirit ancestor of beacon fire was also a little calming God.

He thought for a moment and said, "that day, the heart domain was very mysterious, but I didn't know how to enter the fantasy world."

"Well, I came out of the mountain. I buried the shackles of the curse of causality for you, but you must help me save my daughter!"

Beacon fire lingzu's eyes were bright. He originally said that he would not leave the mountain until Xiao Jing was rescued.

But now, feeling Ye Chen's sincerity, he also agreed to go out first and solve the trouble for ye Chen.

In return, ye Chen must help him save his daughter!

"Don't worry, master, I'll try my best!"

Ye Chen was overjoyed and arched his hand.

Feng Huo lingzu nodded. He also felt that ye Chen was the most critical person who wanted to go to the heart of heaven to save Xiao Jing.

After all, tianxinyu is the world opened up by Tianbei.

And ye Chen's reincarnation blood is inextricably linked with Tianbei.

"Well, you go to Zihuang fairy palace with me. Hehe, the God of morality also wants to invite me out of the mountain. I haven't been back for many years."

Beacon fire lingzu squinted and smiled.

Hearing that ye Chen was going to Zihuang fairy palace, he couldn't help but feel a chill in his heart.

He was a little uneasy when he faced the moral God alone.

At present, ye Chen called Xuanhan jade to explain cause and effect, and wanted to call Ren Feifan again.

However, Ren Feifan was inconvenient to show up again easily, so he sent Wu Yao and Gong Wei to Ye Chen.

Wu Yao inherited the cultivation of the old lord, and the breath fusion became more and more perfect. He had the great atmosphere of the merciful Lord. From the surface breath, he was not weaker than Xuanhan jade, and was simply strong.

On the side of the beacon field, an announcement was also issued to the Zihuang fairy palace, saying that the spirit ancestor of the beacon will come out of the mountain.

Zihuang fairy palace attached great importance to it and immediately began to prepare for the welcome ceremony.

Before the spirit ancestor of beacon fire, although he was the subordinate of the moral God, it was only nominal.

In fact, he doesn't obey anyone's orders.

He has his own martial arts and determination, and is not dominated by anyone.

Looking at the real world, only the spirit ancestor of beacon fire once could perfectly control the thirty-three divine arts.

He is qualified to be proud!

Chapter 8650

His great tomb divine sword ranks among the top ten in the thirty-three celestial arts. The sword Qi is extremely terrible, and even the Immortal Emperor can be buried.

In charge of such a terrible sword technique, naturally no one dares to despise him.

Even the moral God gives him three points of courtesy.

The spirit ancestor of the beacon fire has been closed for thousands of years, and now it is an earth shattering event.

On the side of Zihuang fairy palace, it took three days to officially invite the spirit ancestor of beacon fire to come.

On this day, ye Chen, Wu Yao and Xuan Hanyu followed the spirit ancestor of the beacon fire and came to the purple fairy palace.

In the sky above the purple fairy palace, the golden light was shining, the red neon was rolling, and a gap was opened in the sky. Ye Chen and others appeared, led by the spirit ancestor of beacon fire.

The spirit ancestor of the beacon fire holds a dust brush, wears a sword around his waist, and his breath is vast, with a sense of terror of burying heaven and earth. As soon as he appears in the sky, the whole heaven and earth tremble.

Below, the moral God led the Duobao emperor, the double ninth immortal, as well as countless elders of Zihuang fairy palace, Dharma protectors, and many elite disciples, to greet them solemnly.

Ye Chen saw the figure of the second demon girl, Chi Feixue, fan Xingyan and others behind the moral God.

When the spirit ancestor of the beacon came out of the mountain, the moral God also kept his promise and released the second demon girl.

Ye Chen was delighted to see the second demon girl recover her freedom.

Two people, one in the sky, the other on the ground, looked at each other and smiled at each other.

"Moral God, through the vicissitudes of ages, we finally meet again."

The spirit ancestor of beacon fire, with Ye Chen, Wu Yao and Xuan Hanyu, fell down.

The moral God stepped forward to meet him, smiled and said, "younger martial brother Fenghuo, your cultivation has improved again. Presumably, the cultivation of Dagu divine sword has reached the level of perfection."

"How dare I compare with senior brother Tianzun for my minor accomplishments?"

Feng Huo lingzu smiled and said modestly.

The two politely treated each other, entered the main hall of the mountain gate together, and sat down separately.

Ye Chen sat at the head of the spirit ancestor of the beacon fire, and Wu Yao and xuanhanyu sat beside him again.

"I heard that senior brother Tianzun wants to invite me out of the mountain to solve the evil of kindling for you?"

The spirit ancestor of the beacon fire asked in a deep voice.

The moral God sighed and said, "yes, younger martial brother Fenghuo, although I have no selfishness, my will has indeed eroded the purity of the fire. I want you to use the sword of the great tomb to remove the pollution of the fire for me."

Feng Huo lingzu frowned slightly and said, "elder martial brother, in this way, your spiritual will will be greatly damaged. Is it really no problem?"

The moral God said, "it doesn't matter. I'm dedicated to maintaining the fire, and life and death have long been put aside. However, someone always misunderstands me and thinks I have selfish intentions. Elder martial brother, I'm also very helpless."

This remark was intentional or unintentional, and there was something in it. It was blaming Ye Chen.

Ye Chen didn't speak.

The spirit ancestor of the beacon fire pondered again and said, "elder martial brother, your cultivation is thorough, and you have long been qualified to rise. I'm afraid that even I can't bury your spiritual will."

"Why don't you just fly up? It's OK to hand over the fire to Chongyang, or to Shentu Waner, the leader of the demon palace, or even to me."

"You have worked hard for countless years, and it's time to put down this burden."

He asked himself that the sword of the great tomb was strong enough to bury everything, but he was not sure of the will to bury the moral God.

The cultivation of the moral God is too strong to compare with the spirit ancestor of the beacon fire.

The moral God's face sank. Unexpectedly, the spirit ancestor of beacon fire also persuaded him to fly.

"Now in the real world, there are many dangers, how can I fly easily?"

"Once I leave, I'm afraid the real world will collapse."

The moral deity murmured.

"Hehe, that's not necessarily true."

"Even without elder martial brother, you..."

Feng Huo lingzu smiled and wanted to say something, but seeing the face of the moral God, it became more and more ugly, so he stopped talking.

After a pause, he also sighed helplessly and said, "elder martial brother, since you are determined to guard the fire, I will try to clean up the dirt for you."

"You let the reincarnation Lord enter the fire, so that I can use one sword and solve the problem of causality curse for him."

Ye Chen was surprised and said, "senior, do you want me to enter the fire?"

The spirit ancestor of beacon fire said, "yes, my great tomb divine sword is a divine skill after all. It costs a lot and costs a lot to display it. If I want to use two swords, it will kill me. I can only wield one sword."

"When you enter the fire, I can use one sword and have the best of both worlds."

Ye Chen thought, he has the fire of Daoling, and can absorb all fires.

If he enters the fire, he is likely to absorb the core energy of the fire and affect the reality.

At present, Ye Chen said, "senior, there is a special flame in my body that can absorb ten thousand fires. If I go to the fire, I may absorb the energy of the fire."

The spirit ancestor of the beacon fire waved his hand and said, "it doesn't matter. The energy of the kindling source is boundless. You are just a hundred flails. No matter how you absorb it, you can't hurt the foundation of the kindling. Elder martial brother Tianzun, do you think so?"

His eyes finally turned to the moral God.

Ye Chen looked at the smiling expression of the spirit ancestor of the beacon fire, and his heart moved slightly. He knew that the spirit ancestor of the beacon fire deliberately arranged opportunities for him to absorb the aura of the fire and make great achievements.

The moral God snorted, quite unhappy, but thinking of the filth of the fire, it must be solved as soon as possible. There was no delay, so he had to frown and nod at the moment, and said, "younger martial brother, it's according to your words. As long as you are willing to take action, I will promise you anything."
