Chapter 8671

Under the chopping of the random blade in that space, ye Chen's shield broke, and his body was cut and cut a lot of wounds.

That powerful space repulsion, like a bomb, slammed into his body, slamming him into the sea with a bang, and his viscera was violently shocked.

"Brother Ye Chen!"

Wu Yao was surprised and delighted to see ye Chen fall into the sea, so she wanted to go down and save people.

Xia Ruoxue, Wei Ying and ye lu'er are also anxious and want to help.

However, at this time, the handprint of kongtianzun moved, and the space field suddenly expanded, covering all the four women of Wu Yao.

The hole hit by Ye Chen is also directly repaired.

Wu Yao wanted to rush down to save people, but he directly hit a layer of space crystal wall system.

"Let me out!"

Wu Yao was furious and stared at the empty Tianzun angrily. She sacrificed Tianya Epee in her hand, and an ancient idea of martial arts exploded from her.

The strength of Kong Tianzun is the peak of the quasi Immortal Emperor.

Wu Yao is the real Immortal Emperor. Although her strength can't be fully exerted, if she really wants to explode, she is enough to crush the sky god.

However, it takes time!

On the sky boat, ye Linyuan and feather emperor Aoxue saw Ye Chen injured and fell into the sea, and Wu Yao was temporarily trapped. They looked at each other, and their eyes were all passing the killing machine.

This is a great opportunity to kill reincarnation!

"Thousands of ice and snow, frozen for thousands of miles."

The feather emperor Aoxue urged the ancient lamp of ice clouds, and the violent smell of ice and snow exploded. Thousands of miles of sea area suddenly floated vast white snow, and snowflakes fell, completely freezing the sea area where ye Chen was located.

Ye Linyuan saw the frozen Ye Chen in the ice sea at a glance.

"Boy, my reincarnation blood, it's time to give it back to me!"

"Feng dance for nine days!"

Ye Linyuan's eyes burst, and his one armed sword was the last sword to show the nine swords that cut the sky. Feng danced nine days!

This move, Feng dance for nine days, represents the ferocity and majesty of reincarnation blood. He did not have reincarnation blood, and unexpectedly realized that he had succeeded.

Ye Chen was frozen and couldn't move. He was surprised to see ye Linyuan killing with his sword.

It seems that ye Linyuan is really eager for reincarnation.

His blazing thoughts even touched the law in the dark, and made him understand the last sword of the nine swords.

I saw the golden sword rising into the sky, turning into a Phoenix, dancing for nine days, shining on the world and dispelling all the fog.

Ye Linyuan's spirit of the quasi Immortal Emperor burst out. This sword is fierce and sharp. If you want to cut the sky and the earth, and break the starry sky, it is simply indescribable brilliance.

All the eyes of the audience reflected the momentum of Ye Linyuan's sword.

"Not good!"

Ye Chen's heart is also tight. He is frozen. Facing Ye Linyuan's terrible sword, he is afraid that it is difficult to resist, and he will be seriously injured if he does not die.

"Ye Linyuan is the closest person to reincarnation..."

When the feather emperor Aoxue saw Ye Linyuan's amazing sword, he also murmured, thinking that when ye Chen died, he must fight for reincarnation blood as soon as possible, and must not let Ye Linyuan swallow it alone.

Ye Chen saw Ye Linyuan cut the sky with nine swords, his eyes widened, and his reincarnation blood was burning, so he was ready to fight back.

Hum!

At this time, the reincarnation cemetery vibrated.

Reincarnation powerful night demon suddenly rushed out of the cemetery.

His spirit body, unexpectedly, directly blocked Ye Chen's face and resisted Ye Linyuan's terrible sword.

"Live, goodbye..."

The immortal devil looked back at Ye Chen and showed a smile.

Boom!

Then, his spirit body was submerged by Ye Linyuan's startling sword Qi and completely dissipated.

In fact, if it is a general duel, the eternal night demon God is not afraid of Ye Linyuan.

But ye Linyuan's sword is the nine swords that cut the sky, representing the sharpest sword of reincarnation.

The eternal night demon God, who was born in the reincarnation cemetery, was restrained by this sword, and there was no possibility of resistance at all.

He can only sacrifice his spirit to block the sword for ye Chen.

"Senior!"

Ye Chen saw that the ghost of the eternal night demon God dissipated, and his eyes were torn, and he shouted.

Ye Linyuan's sword was blocked, and his face suddenly sank.

The feather emperor Aoxue and the sword sect leader Zhang Qingyu, as well as the Fengyun two envoys, saw this scene, and many warriors on the ship were also surprised.

"Ye Linyuan, I want you to die!"

"I am the Lord of reincarnation, and you are not worthy!"

Ye Chen was furious, the pupil flame burned, and the fire of the Taoist spirit burst out suddenly.

Boom!

The fierce fire of the Taoist spirit directly made the surrounding ice sealed and all broken.

Ye Chen's body rushed out of the frozen sea.

The blazing fire of Tao spirit surrounded his whole body, and the water vapor evaporated.

Ye Chen was furious, stepped out in one step, and the reincarnation heaven exploded. He offered the reincarnation Heaven Sword in his hand. Under the burning blood, the sword was sharp and terrifying, cutting through the void and killing Ye Linyuan directly.

"Feng dance for nine days!"

This sword is also the acme of the nine swords of chopping heaven. The Phoenix dances nine days.

The bright golden phoenix, mixed with the majesty of Daoling fire, rushed out of Ye Chen's sword and was about to kill Ye Linyuan with a sword.

Ye Linyuan was creepy, and he only felt the fury of Ye Chen's sword Qi. Even he, the quasi Immortal Emperor, was a little difficult to resist.

"Be careful!"

At this time, Zhang Qingyu, the leader of the Jianmen sect, rushed out suddenly, the mark of the devil's way on his forehead flickered, and with a wave of his palm, the majestic smell of the devil surged out.

This breath of demons, with the terrifying majesty of the sea of demons, eroded away towards the reincarnation heaven at Ye Chen's feet.

Chapter 8672

Zhang Qingyu didn't directly disassemble Ye Chen's sword potential. The Feng dance nine days a sword was really too fierce, and even he didn't dare to compete.

He is drawing money from the bottom of the barrel, eroding the kingdom of heaven under Ye Chen's feet, and then disintegrating Ye Chen's sword potential.

Sure enough, the reincarnation heaven under Ye Chen's feet was eroded by the smell of demons, and the momentum of the Heavenly Sword in his hand was instantly weakened.

Zhang Qingyu took this opportunity to retreat with Ye Linyuan.

"Ashamed..."

Ye Linyuan didn't kill Ye Chen, but was almost killed. Finally, he had to be saved by Zhang Qingyu. He couldn't help but sigh politely, and his fighting spirit was extinguished a lot in his eyes.

"Don't panic, Jianmen and I will be on your side."

"Although there are battles between us, now reincarnation is the biggest enemy."

"Cheer up and kill reincarnation. It's up to you!"

The feather emperor Aoxue came to Ye Linyuan and said.

Ye Chen is a man of great fortune. Among her, ye Linyuan and Zhang Qingyu, only Ye Linyuan has the greatest possibility to kill Ye Chen.

After all, ye Linyuan was once the closest person to reincarnation, and he has the possibility to recapture everything!

At present, the feather emperor Aoxue and Zhang Qingyu have a very tacit understanding. They each slap Ye Linyuan on the back and convey their aura.

Boom!

Ye Linyuan was transported by the aura of the two people, and immediately he was in high spirits. Even the broken left arm showed signs of regrowth.

The faces of feather emperor Aoxue and Zhang Qingyu were also slightly pale.

They not only transmitted aura, but also poured their own blood essence energy into Ye Linyuan's body.

Fortunately, ye Linyuan's blood is special, which is the closest to reincarnation. Only with tolerance can he fully accept and digest their indoctrination.

"Well, I will kill reincarnation today!"

"After killing that boy, the reincarnation blood belongs to me. As for other reincarnation magic weapons, you can divide them."

Ye Linyuan's eyes rekindled his fighting spirit, and his body roared, rushing towards Ye Chen.

He rushed all the way, and the sea under his feet was frozen all the way.

He got the help of the feather emperor Aoxue, and there were violent ice and snow majestic explosions between his hands and feet.

"Iron blood sky, break it for me!"

Ye Linyuan slashed wildly with a sword, but he used the iron blood sky within the eight prohibitions of the flood and famine.

In an instant, the terror of iron and blood flames floated on his sword.

The weather even had the smell of countless demons.

That is the breath transmitted to him by Zhang Qingyu, which originates from the supreme and great demon Xinghai.

Ye Chen also felt great pressure when he saw Ye Linyuan's sword.

At this moment, what he had to face was not ye Linyuan alone.

There are also feather emperor Aoxue and Zhang Qingyu behind!

"Brother Ye Chen!"

Wu Yao in the sky, seeing ye Chen's danger, was also angry and anxious. Tianya Epee slashed wildly, bang, and finally chopped all the surrounding space fields.

Even, her fierce ancient martial sword Qi was slashed on the body of the Heavenly Master.

The body of the Heavenly Master was directly cut off and fell into the sea.

"Is this Miss Wu Yao?"

"It's really fierce."

"She has inherited all the accomplishments of the old lord and won the throne of Immortal Emperor?"

"Why does everyone like the Lord of reincarnation, the most talented woman in the world?"

On the ship, many martial artists saw Wu Yao's strong posture, and they admired Ye Chen again.

Wu Yao shot down Kong Tianzun and got out of trouble. He wanted to help Ye Chen, but he couldn't lift it at one breath and almost fell.

Although she shot down the celestial being, her consumption was also huge.

Xia Ruoxue, Wei Ying and ye lu'er, the three daughters, have just got out of trouble. Their breath is not smooth, and they can't help Ye Chen immediately.

Ye Chen's eyes were cold. Seeing that ye Linyuan's sword was so fierce, and also brought together the divine power of Yu Huang Aoxue and Zhang Qingyu, he naturally did not dare to be careless. The light of reincarnation Sky Sword bloomed to the extreme, and he was ready to open the Dragon life star to decide whether to die or not.

Click click!

But at this time, a loud voice came from the nine sky sky.

It seems to be the sound of gears turning.

It is the gear of fate that starts to rotate.

"The long river of fate flows forever."

"The majesty of destiny has existed forever."

"I am the master of fate and am in charge of cause and effect."

A burst of singing, from the nine days of upload down.

I saw flames roaring in the sky, rosefinches flying, and a cold and dignified figure, surrounded by rosefinches, slowly falling from the sky.

That was Ji Siqing!

At this moment, Ji Siqing is like a God in charge of fate.

Xuanji moon fell behind, and the law of fate was transferred to her.

Compared with Xuan Jiyue, Ji Siqing's control over the law of fate is more profound and powerful.

Her body is surrounded by the river of fate.

Behind her, there is a purple fatalistic aperture.

Anyone who sees her has a feeling of looking up to the goddess of fate and wants to kneel down and surrender.

When Ji Siqing's figure appears in this world, all the laws, space, time, killing, kendo, etc. of this world become slow.

People's breathing and movement also become slow.

Ye Linyuan's sword also slowed down.

"Ye Linyuan, I judge you by the law of fate!"

"Reincarnation blood, does not belong to you!"

"You are doomed to be the residue of fate!"

"You don't deserve to touch reincarnation. Today is your death, wail!"

Ji Siqing made a loud voice, like the supreme goddess of fate, and a sword of fate appeared in his hand, with a fateful purple light, chopping down from the sky.

Chapter 8673

When ye Linyuan saw Ji Siqing's sword, he was shocked. It seemed that he was really a sinner who had been tried, and he couldn't move all over.

"No!"

"You don't deserve to judge me!"

Ye Linyuan roared wildly, and the blood of the quasi Immortal Emperor exploded. He broke through Ji Siqing's fate blockade and fought back with a sword.

"I want you to die, you can't live!"

Ji Siqing's eyes suddenly burst into a fiery flame, bursting with divine majesty.

If you look carefully, you can see the figure of Su nishang, the God of fire, from her pupils.

Ji Siqing was also really like a God, with his mouth full of heavenly constitutions and his words following the law, and unexpectedly broke out a trace of the power of the law of cause and effect.

This time, the fate law of causality was released, and her threethousand green silk suddenly turned into snow.

"Puff!"

Ye Linyuan's heart, without warning, was pierced by Ji Siqing's long sword.

Plop.

When the pain came, ye Linyuan loosened his palm and dropped his sword into the sea.

"This is... The law of cause and effect..."

Ye Linyuan stared at Ji Siqing incredulously.

He didn't see that Ji Siqing's sword stabbed him in the heart.

Ye Chen, Yu Huang Aoxue, Zhang Qingyu and others nearby also didn't see clearly.

That sword is like a ghost, which is not a sword technique that can exist in the real world at all.

This is the power of the law of cause and effect!

Ji Siqing said that he would kill Ye Linyuan. This sentence has become the law of cause and effect, which contains the majesty of the avenue of destiny.

Therefore, her Sword Pierced Ye Linyuan's heart. It was not any realistic means, but the effect of the law of cause and effect, the judgment of fate, and the destiny of cause and effect.

Ye Linyuan is doomed to die. This is the law of cause and effect, and this is fate.

An inviolable fate.

Hiss.

Ji Siqing drew back his long sword, and a blood arrow spurted from ye Linyuan's heart.

"This is really... Incredible."

Ye Linyuan's lips hummed a few times, and the light of his eyes quickly faded away. His body turned into a cold body, and disappeared with the spirit, falling into the cold sea.

The man who claimed to be the closest to reincarnation fell and died at the hands of Ji Siqing.

In the distance, there was a blood rain in the azure region.

An old man, leaning on crutches, stood silently in the rain of blood.

It is ye Chunjun, the ancestor of the Ye family.

He looked at the blood rain all over the sky, his eyes showed a very sad look, and his old body was shaking.

On the misty sea, Ji Siqing, with white hair, suspended on the sea, was as majestic and cold as the supreme goddess. Everyone was shocked by the brilliance of fate.

"Kill her!"

The feather emperor Aoxue was deeply frightened after a short shock and consternation.

She was afraid that she would also be judged by fate.

This fear quickly turned into the idea of killing, and she stabbed Ji Siqing with a sword.

Ji Siqing just used the law of cause and effect, even his hair turned white, and the consumption was huge. At this moment, he has fallen into weakness, which is the perfect time to fight against murder.

Zhang Qingyu, who was on the side, was also creepy. He immediately waved his sword and attacked with the feather emperor Aoxue to kill Ji Siqing.

"Get out!"

Ye Chen's eyes were split, the dragon's life star had been opened, and the dragon's breath was thin behind him, and the blood dragon was wrapped around his arm. His dragon fist blew out, and the violent fist style made the feather emperor Aoxue and Zhang Qingyu retreat together.

"Brother Ye Chen!"

At this time, Wu Yao also regained her breath and fell down from the sky with Xia Ruoxue, Wei Ying and ye Luoer, beside Ye Chen and Ji Siqing.

"Siqing, are you all right?"

Xia Ruoxue held Ji Siqing's hand and felt that her palm was surprisingly cold, and her blood seemed to have been emptied.

"It's OK. I can't die."

Ji Siqing smiled and said calmly.

"You... Can you actually use the law of cause and effect?"

Xia Ruoxue couldn't believe it. The power of the law of cause and effect was difficult for even the Immortal Emperor to mobilize. Unexpectedly, Ji Siqing could control it.

"The ultimate law of cause and effect is fate."

"I can barely stir up the power of the law of cause and effect, but I'm far from being as relaxed as the extraordinary Immortal Emperor."

"If I urge the law of cause and effect, the cost is extremely huge, and I may even empty my life."

Ji Siqing took a deep breath and his chest fluctuated slightly.

This time to kill Ye Linyuan, she used the law of cause and effect. Being strong is strong, but her own cost is also huge. Her blood is almost consumed, and her hair is white.

She breathed slowly, and her white hair slowly returned to black.

The feather emperor Aoxue and Zhang Qingyu over there, seeing ye Chen's side, the crowd was overwhelming, and their faces immediately became very ugly.

At this time, Fengyun two envoys also came out to make a round.

"Well, stop fighting."

"This is the territory of my hidden island. Private fighting is forbidden."

"The first test is over. You can't fight any more."

The wind messenger shouted.

The Heavenly Master has been defeated, and this first test is over.

Private fights are not allowed in yindao.

The hidden Saint behind the hidden island has a major plan. No matter who dies, it is a huge loss for the hidden saint.

The feather emperor Ao Xue snorted and returned to the deck with Zhang Qingyu.

Ye Chen naturally didn't mean to fight any more.

Although there are many of them and they have a great chance of winning, neither Yu Huang Aoxue nor Zhang Qingyu are ordinary people. If you want to kill them, you must pay a heavy price.

Ye Chen only wants to see the hidden Saint during this trip, and doesn't want to create complications.

It is fate to kill Ye Linyuan and solve a hidden danger.

At that moment, ye Chen held Ji Siqing and returned to the boat with the girls.

Previously, ye Chen also prepared an invitation for Ji Siqing, which is now just in use.

"Lord of fate, I didn't expect you to find the location of my hidden island."

The wind messenger's eyes narrowed slightly, looking at Ji Siqing with some surprise.

"Fate has guided me here. If there is any disturbance, please forgive me."

Ji Siqing's breath has slowly recovered, his hair has all returned to black, and his face is a little pale because of weakness, showing a haggard beauty.

"Hehe, with you and the Lord of reincarnation, the knot of the island Lord must finally be untied."

The wind messenger laughed.

"What knot?"

Ji Siqing asked.

The wind messenger wanted to talk and stopped. Finally, he smiled and said, "when you really land on the hidden Island, you will know."

Tianzhou continued to sail in the sea. After this test, everyone was extremely tired and rested.

What is the second and third test? The second envoy of Fengyun didn't elaborate, but just drove the sky boat and walked in the fog.

This foggy sea is really surprisingly large. After driving for three days, people passed through the fog and saw an island in front of them.

The island, between reality and illusion, constantly flickers and changes, as if it is about to disappear at any time. The clouds around the island are shrouded, which is very mysterious.

Chapter 8674

"Is this hidden island?"

Ye Chen saw the cloud shrouded Island, and his heart coagulated slightly.

People's eyes lit up when they saw the island.

"Well, everyone, the hidden island is here."

The wind messenger shouted.

Someone asked, "are you going to land on the island now?"?

Are there two more tests? "

The wind messenger smiled and said, "you'll know when you land on the island."

Everyone looked at each other and wondered, but now, it is impossible to shrink back.

Besides, ye Chen, Wu Yao, Ji Siqing, Yu Huang Aoxue and other strong people are here, and they are not afraid of deception on the hidden island.

At present, people successively landed on the island and set foot on the beach of the island.

Ye Chen, with Wu Yao, Ji Siqing, Xia Ruoxue, Wei Ying and ye Luoer, also landed on the island smoothly.

However, as soon as they set foot on the island beach, the clouds on the hidden island became rich.

Clouds roared and soon covered the whole beach.

Under the cover of clouds, people could not see their fingers, and their eyes and senses were cut off.

"Think clearly!"

Ye Chen was originally holding hands with Ji Siqing, but as soon as the clouds rose, it seemed that there was a powerful force that separated him from Ji Siqing.

"Ye Chen!"

Ji Siqing's voice sounded nearby.

Ye Chen hurried along the sound, but after walking a long distance, he couldn't touch anyone.

This beach is obviously not big, but after the clouds rise, it seems to have become an endless world.

No matter how ye Chen walked, he never met anyone, as if he were walking around in the same place.

"Brother Ye Chen, I'm afraid."

Ye Chen heard Wu Yao's voice again, with a cry, as if helpless.

Wu Yao's voice sounded a few meters away from him, but he just couldn't touch it.

"Ah ah!"

"Don't kill me!"

"Help!"

In the surrounding clouds, there were many screams of warriors and the sound of blood killing, which was creepy.

However, these voices soon fell silent.

Ye Chen's senses were isolated by the fog.

Gradually, he could not hear anything, nor could he feel the voices of Ji Siqing and Wu Yao.

Between heaven and earth, it seemed that he was alone, isolated from the world, isolated on an island covered with clouds.

"Is this the so-called second test?"

Ye Chen's face sank, not flustered, but thinking about the solution.

"Little guy, are you okay?"

At this time, ye Chen heard a familiar voice.

He saw a person coming out of the fog. His skin was better than snow, he looked forward to life, and his temperament was elegant. He turned out to be a heavenly daughter!

The goddess of heaven looked at Ye Chen with a smile like expression, and her eyes were full of gentle affection.

"Sister tiannv?"

"This... This is impossible!"

Ye Chen subconsciously felt dangerous and strange when he saw the goddess here.

Tiannv was not invited by yindao. She can't appear here.

This heavenly daughter is fake!

No, to be exact, this fairy is real, but not real.

But... Ye Chen's inner reflection!

The shackles of Ye Chen's heart have long been cut off. His sense is very sharp. It is impossible to hide his eyes from any fog and trap.

He saw at a glance that this heavenly daughter was actually just a reflection of his heart.

It is the reflection of inner fear.

The second test is to overcome your inner fear!

"Afraid of me?

Little guy. "

Tiannv laughed, and her lotus steps moved gently, slowly coming towards Ye Chen.

Ye Chen knew that this heavenly daughter was just a reflection of her heart, so she didn't resist much and watched her approach.

The heavenly daughter approached, and ye Chen smelled a familiar fragrance.

Ye Chen has deeply felt the tenderness of tiannv, her body temperature and the tenderness of her skin.

Ye Chen sighed. He knew that the heavenly daughter was his biggest fear now.

He was afraid that he would really be killed by the goddess, and everything in the reincarnation camp would also be destroyed by the goddess.

"I'm afraid of you, so I'll kill you."

Ye Chen looked directly at the heavenly daughter and said.

Tiannv just smiled gently, put her arms around Ye Chen's neck and kissed his lips.

Ye Chen did not resist, and his palm naturally climbed up to the slender waist of the goddess.

It's true that he wants to kill tiannv, and it's also true that he likes tiannv.

The mind of the heavenly daughter, like him, coexists with killing intention and affection.

The two people hugged and kissed fiercely for a while, and the goddess's eyes were tender as water, saying, "are you really going to kill me?"

"Yes."

Ye Chen nodded.

"Are you willing?"

With a trace of sadness in her eyes, she said, taking off Ye Chen's clothes and her own clothes.

"Willing, I like you, but I also want to kill you."

Ye Chen didn't resist and avoid anything. He and tiannv soon removed all their disguises. They met sincerely and kept approaching.

"Are you really willing?"

Tiannv's eyes are blurred and interrogates Ye Chen again.

Ye Chen Mingming likes her so much that there is no reason to hurt the killer.

However, ye Chen was unmoved, the shackles of his heart were cut off, and he had seen what happened in the future era. He had already been able to look directly into his heart.

He did have contradictions in his heart. On the one hand, he liked tiannv and on the other hand, he wanted to kill tiannv.

This contradiction does not affect Ye Chen's choice.

He has decided that in the future, he will never stop fighting with tiannv, that is, he will have the determination to kill.

Now, he and the goddess of heaven are frank and intimate, and ye Chen feels extremely emotional with that gentle touch.

Chapter 8675

He bowed his head and kissed the heavenly daughter, whispering, "if you want to kill me, I will naturally kill you, so I can't wait to die."

"Between us, it's doomed to meet in life and death. From the day you raise pigs, the fate has been doomed, hasn't it?"

The heavenly daughter chuckled and said, "yes, I chose it."

Ye Chen said, "do you regret it?"

The heavenly daughter said, "don't regret."

Ye Chen said with a smile, "that's good."

The two hugged and kissed again, and then leaned close to each other.

The fusion of heaven and earth, the deep-seated love, reaching the peak of the soul.

After the peak, tiannv's eyes were blurred and paralyzed on the ground. She looked at Ye Chen and said, "I don't believe you will kill me."

Ye Chen didn't speak, and the reincarnation Heavenly Sword slowly emerged in his hand.

Hiss!

A sword fell.

Die with blood.

The fairy's neck was covered with blood, her eyes stared round, the corners of her mouth twitched slightly, revealing a sad smile, and then her life was cut off and she died completely.

Ye Chen closed her eyes and a tear fell from her cheek.

When he opened his eyes again, he had reappeared in the hidden Island, surrounded by fog, but a straight passage appeared in front of him.

Ye Chen was stunned and looked around. There was no tiannv but fog.

What just happened is just his inner activity.

That day, the woman was just a reflection of his inner fear.

At this moment, ye Chen has come out of the psychological world.

He killed the goddess and defeated his inner fear.

If the real goddess appeared in front of him now, he would not hesitate to kill him directly.

"You chose, tiannv..."

"Irresistible, destiny?"

Ye Chen sighed, walked along the straight passage, and soon walked out of the misty beach to the highland of a hidden island.

On the highland, the second envoy of Fengyun stood by and was surprised to see ye Chen coming out.

The wind messenger said, "you are worthy of being the Lord of reincarnation. You are the fastest person to pass the test!"

Ye Chen looked around, and sure enough, he was the only one, and asked:

"Is your test to overcome your inner fear?"

The wind messenger said, "it's true. It's said that the Lord of reincarnation cut all his flail and was unhindered. As soon as he saw it today, it was really powerful."

After a pause, the wind messenger said again, "but why are you crying?"

I saw the tears on Ye Chen's cheek.

"Nothing. What's the third test?"

Ye Chen calmly wiped away the tears and forked off the topic.

The wind messenger said, "don't worry, wait for others to come out."

Ye Chen nodded and waited in place.

After waiting for a while, the second customs clearance came out. It was Wu Yao.

"Brother Ye Chen."

Wu Yao saw Ye Chen and burst into tears. She ran over and rushed into his arms.

"What's the matter, Wu Yao?"

Ye Chen hugged her body and asked with a smile.

"I just saw you die, but it scared me to death, but I know it must be an illusion. You won't die!"

Wu Yao's eyes were red, and she raised her eyes to Ye Chen.

"Really..."

Ye Chen smiled and knew that Wu Yao's biggest fear was his own death.

However, the way Wu Yao passed the customs is also quite interesting.

She firmly believed that ye Chen would not die, and everything she saw was an illusion, directly coming out of the world of fear.

Then, the third person also came out. It was feather emperor Aoxue.

The feather emperor Aoxue saw Ye Chen, and his face turned pale. He didn't know what he had experienced. His hair was messy, and his eyes were full of panic.

"Don't worry, your ruins haven't been destroyed."

Ye Chen laughed when he saw this.

He didn't need to think about it. He guessed the fear in the heart of feather emperor Aoxue, that is, he was afraid that the ruins would be destroyed and he would be killed.

"You bastard, I will kill you myself in the future!"

The feather emperor Aoxue gnashed her teeth and felt that she was seen through.

Ye Chen laughed but didn't speak. After waiting for a while, Ji Siqing, Xia Ruoxue, Wei Ying and ye Luoer all came out.

Xia Ruoxue, Wei Ying and ye lu'o'er all have the same fear, that is, the collapse of the reincarnation camp and the fall of Ye Chen.

Their ability to walk out obviously defeated their inner fear and stood firmly on Ye Chen's side.

As for Ji Siqing, she didn't say what her fear was.

Ye Chen repeatedly asked, Ji Siqing also shook his head, as if there was something difficult to hide, and his face was not very good-looking.

"What is the fear of thinking clearly?"

Ye Chen was suspicious, but Ji Siqing didn't say it, and he couldn't guess.

It took an hour for the test to be completely over.

There were about 700 people who landed on the island. In the end, more than 680 people were able to pass the pass completely, and only more than 10 people failed.

Although the time for each person to pass the customs is different, most of them have overcome their inner fear and passed the customs smoothly.

This result surprised Ye Chen.

It seems that the owner of the hidden island is indeed outstanding. The selected invitees are so tenacious that they can finally come out even in the face of the greatest fear in their hearts.

Those who fail to pass the customs are bleeding in their seven orifices and foaming at the mouth. All of them are tortured to death by their own inner fear.

The man of Fengyun II mission threw the body of the dead into the sea, and finally told the people:

"Congratulations on passing the second test. This third test will be held tonight. Please have a rest."

Someone asked, "if you pass the third level, what reward can you get?"

The wind messenger laughed and said, "if you can pass the test smoothly, you can see the biggest secret of my hidden island."

When they heard this, their hearts were burning.

The secret of hidden island can be described as eternal secret.

Since ancient times, no one has been able to come out of the hidden Island alive.

Everyone is very curious about the truth behind this.

Now, the truth is within reach.

As long as we can pass the test of the third level tonight!

Everyone is scattered to rest, while ye Chen holds Wu Yao to rest.

Wu Yao really wants to get close to him, especially after his inner fear, he wants to stick to him.

Ji Siqing, Xia Ruoxue, Wei Ying and ye Luoer had to let Wu Yao know.

Time goes by.

Soon, the day passed and the night came.

The hidden island under the night is even more desolate and mysterious. The Yin wind blows, and the trees on the island are clattering and ringing.

"No, look!"

Suddenly, someone screamed and pointed away.

I saw a big tree in the distance, slowly showing a pair of blood red eyes, as well as a ferocious nose and mouth, forming strange facial features on the tree, his eyes full of blood and killing, staring at the people.

"Is this a tree demon?"

"What a terrible smell!"

The crowd was thrilled. After the tree became active, it opened its mouth like a black hole, devouring all the trees around it.

Chapter 8676

(ask for tickets)

After swallowing a large number of trees, the tree's body expanded rapidly, and turned into hundreds of feet high. Its branches were like dragons, and its crown covered the sky and the moon. Its breath was unparalleled.

At the mouth of the big tree, another breathtaking roar came out, frightening.

Ye Chen was on alert when he saw the tree's terrible appearance.

The wind messenger shouted, "this is not a tree demon, this is a tree god, a god born from fantasy."

Everyone was stunned: "the God of fantasy?"

The wind messenger said, "yes, in wuwuwuspacetime, magic gods are a very special existence. All factions and all families will create their own magic gods to guard the mountain gate, act as cannon fodder in war, and so on."

"Hehe, this tree god is the magic God made by my hidden island."

"The test of the third level is to break through the guard of the tree god. All the secrets you want to know are behind the tree god."

While the wind messenger was talking, the tree god was also roaring, and the twisted branches were pulled out, like Python dragons, and like the whip of God, sweeping through the air.

Many warriors fled in panic, and some were killed alive and reduced to a fuzzy mass of meat sauce.

Seeing that the tree god was so fierce, many people took a breath.

Moreover, the body of the tree god is constantly changing between illusion and reality.

Someone offered a magic weapon and bombarded the tree god, but it seemed to explode in the air.

The tree god is a fantasy God, whose body can change into a fantasy concept at any time, and is immune to all realistic attacks.

If you want to really attack the tree god, you must integrate it with the laws of reality when it takes action, and determine the real shape before you can hit it.

However, this is too difficult to grasp.

The tree god's body is extremely huge. Even if its fantasy collapses and becomes true, it is only part of the change.

Such a huge body, where is real, where is illusory, no one is uncertain.

"We rushed over."

Ye Chen looked at Wu Yao and Ji Siqing and said.

The test of the third level is just to break through the defense of the tree god, not to kill the tree god. Naturally, it is not too difficult for ye Chen.

At the moment, ye Chen flew in front, followed by Wu Yao and Ji Siqing.

"We also follow the Lord of reincarnation!"

Many warriors in the rear rushed to follow Ye Chen.

For ordinary warriors, the breath of the tree god is extremely terrifying and difficult to deal with.

They just want to follow Ye Chen, so they can pass the test easily.

However, their wishful thinking was quickly defeated.

The tree god roared, and countless branches were killed like dragons, attacking everyone indiscriminately.

"The fire of Tao spirit, dispel!"

Ye Chen waved the reincarnation Heavenly Sword, and the flame of the fire of the Taoist spirit burned on the sword body. The Blazing Sword spirit waved and chopped at the surrounding branches.

Those branches, if spiritual, immediately shrink back as soon as they touch Ye Chen's flame and sword Qi.

Ye Chen was very relaxed, so he led Wu Yao and Ji Siqing towards the depths of the woods.

The warriors in the rear were extremely embarrassed. In the face of the attack of the tree god, all of them tried their best to resist, and then reluctantly prevented it and moved forward hard.

Some people with weak cultivation were seriously injured by the tree god.

Ye Chen kept running to the depths of the forest. Gradually, he could see the outline of a temple.

"The secret of hidden island is in this temple?"

Ye Chen's heart fretted.

Roar!

At this time, the roar of the tree god exploded behind Ye Chen.

When the tree God saw Ye Chen and others, he was about to break through its guard. He was also furious, and his eyes burst out with angry flames. The roots buried in the soil rumbled and burst, and one by one, like the tentacles of demons, were hanging towards Ye Chen and others.

"Be careful."

Ye Chen calmly waved the reincarnation Heavenly Sword. The fire of the Taoist spirit mixed with the sword spirit, waved out, and cut off the roots of the trees. At the same time, he operated the rock god method to mobilize the rock and earth essence between heaven and earth, so as to create a shield for the women of Wu Yao and Ji Siqing, so as to prevent them from being injured.

Under the protection of Ye Chen, the women of Wu Yao also relaxed and blocked the fierce attack of the tree god.

Suddenly.

Ye Chen seemed to feel something. He looked up and looked at the pupil of the tree god in the distance.

In the eyes of the tree god, in a trance, he saw a familiar figure.

It turned out to be Sun Yi!

"Sun Yi?"

Ye Chen was suddenly confused. How could Sun Yi have anything to do with the tree god? What's going on?

"Ye Chen, let's go."

At this time, Ji Siqing took Ye Chen's hand and said.

She was covered with rosefinches and flaming rays, and her fiery and brilliant breath had crushed all the tree gods around her.

Now, she and ye Chen, Wu Yao and others have completely broken through the defense of the tree god, and can really touch the truth of the hidden island.

"No!"

Ye Chen suddenly shook off Ji Siqing's hand, his eyes were sharp, he turned back with his sword, and rushed straight to the tree god.

Under the insight of heaven, ye Chen can be sure that the tree god is related to Sun Yi!

He kept approaching the tree god, and then looked at the tree god's eyes, but he didn't catch any trace of Sun Yi.

But ye Chen knows that there is nothing wrong with his induction!

Hiss!

Ye Chen stabbed the eye of the tree god with a sharp sword.

All the martial artists around were struggling. They were surprised to see ye Chen turning back and even attacking the tree god.

"Is this guy crazy?"

The feather emperor Aoxue was quite surprised. At this time, she was about to break through the defense of the tree god, and passed the test smoothly. It was also very unexpected to see ye Chen's hair attack.

Chapter 8677

In fact, she also tried to attack the tree god, but there was no effect.

Around the tree god, all space is distorted, not ordinary distortion, but fantasy level distortion.

If people get close, they are easily involved in the field of fantasy and can no longer return to reality.

Ye Chen didn't attack with magic weapons, but directly stabbed at close quarters.

"Death!"

The tree god was angry, and as soon as his eyes turned, the whole body space twisted.

Suddenly, ye Chen was involved in an unspeakable fantasy field, and his body began to fade rapidly, to disappear in the real world.

"Ye Chen!"

Ji Siqing and Wu Yao's women were shocked when they saw this scene.

"Reincarnation to heaven, suppressed by me!"

Ye Chen's eyes were sharp and fell into the realm of fantasy, but he did not panic at all, and immediately called out the reincarnation of heaven.

A vast country was born in an instant from the field of fantasy, and all the fantasy weather was crushed.

Ye Chen's body has also changed from a diluted form to reality.

"You are... The Lord of reincarnation!"

The tree god was shocked. If the general warrior fell into the realm of fantasy, he would only be killed.

However, ye Chen is the Lord of reincarnation, and his reincarnation country is enough to overcome all illusions. Even in the fantasy world, he can establish a great order, and all laws will never die.

"Where is Sunyi?"

Ye Chen stared at the pupil of the tree god and asked.

"What Sunyi?"

The tree god was stunned, and his facial features were frightened.

When you see ye Chen's reincarnation of heaven, it will no longer be just violent and unruly, only fear.

Ye Chen's breath is terrible now, and the reincarnation blood is burning. If you want to suppress the reincarnation pressure of the heavens, it is enough to crush all illusions.

The tree god didn't dare to fight, but he really didn't know what Sun Yi was.

"Death!"

Ye Chen's face twitched for a moment, without any nonsense. With the a big hand, he used a move of the nine heavenly gods, and God destroyed heaven.

This God destroys the sky and illuminates the skill. In the nine heaven divination, it can be said to be a forbidden skill. The breath of destruction is extremely terrible and does great harm to human body.

However, ye Chen's blood vessels are strong, and the negative impact of cultivating shenmientianzhao skill on him can be almost ignored.

He will not be hindered in the slightest when he performs the God destroying heaven illuminating skill.

The storm of destruction exploded in Ye Chen's hands, and a black sun representing destruction slowly rose.

This is the dark weather of God's killing the sky!

In the core of the black sun, there is also a little red fire, which is the breath of the fire of the Taoist spirit.

Ye Chen uses the fire of the Taoist spirit to strengthen the power of God's extermination of the heavenly illumination skill.

"Ah ah!"

The tree god screamed, and under the dark sun, its tree body crackled and burned, completely unable to stop Ye Chen's terrible magic power.

In particular, the fire of the Taoist spirit has a special restraining effect on its wooden demon.

"Lord of reincarnation, stop!"

Seeing ye Chen's action to kill the tree god, the second envoy of Fengyun was startled and hurriedly flew over to stop it.

However, God extinguishes the sky and illuminates the power mixed with the fire of the Taoist spirit, which is too terrifying.

Just breathing, the tree god will be burned into ashes by Ye Chen.

When the second envoy of Fengyun arrived, the tree god had turned into ashes and dissipated with the wind.

Although the tree god can transform between fantasy and reality, such transformation means have no effect under the pressure of Ye Chen's reincarnation.

The warriors below were stunned when they saw that ye Chen easily killed the tree god.

They looked up at the night sky. Against the black sun, ye Chen's figure was as lonely and cold as a god killer, without any emotion.

"The power of reincarnation is so strong."

The feather emperor Aoxue's pretty face changed slightly.

Zhang Qingyu, the leader of the sword sect in the distance, was shocked to see ye Chen's means.

If it was them, it must be very tricky to face the means of true and unreal transformation of the tree god.

However, under the pressure of reincarnation, ye Chen suppressed both fantasy and reality, which was simply invincible.

"Can't I catch up with him all my life?"

The feather emperor Aoxue was unwilling, and his eyes were very depressed, which was a great blow.

After ye Chen killed the tree god, cause and effect caught, and immediately understood all the secrets of heaven.

"I see... Is it the breath of God of grass?"

Sun Yi is not here... "

Ye Chen smiled bitterly. He just saw Sun Yi's figure in the pupil of the tree god. In fact, it was the reflection of the God of grass.

The God of grass is one of the nine gods, the master God of all flowers, plants and trees.

The tree god was born from fantasy and also has the smell of grass and trees, with the cause and effect of grass God behind it.

Sun Yi was chosen by the God of grass and is the successor of the God of grass in the future.

Therefore, ye Chen saw Sun Yi's figure from the pupil of the tree god, which was the reflection of the God of grass.

"It seems that Sun Yi's nanizi is really destined to become the God of grass."

Ye Chen thought, in fact, he should have known that Sun Yi was still trapped in the sea of magic stars and could not appear here.

"Whether you are God or man, you are always my Ye Chen's woman!"

Ye Chen was in high spirits and looked around the hidden island.

After the death of the tree god, the flowers and trees on the hidden Island withered rapidly and became a desolate world.

In the center of this desolate island, a simple and magnificent temple is built.

Ye Chen's eyes looked at the temple and his heart beat.

There is no doubt that all the secrets of yindao are in the temple.

He also wanted to find out, but he was also afraid that if he entered the temple, he would never get out again, just like all the people lost on the hidden island in the past ages.

Chapter 8678

"Lord of reincarnation, you killed the tree god, which is troublesome."

The second messenger of Fengyun flew to Ye Chen, and the messenger of the wind was helpless and said with a wry smile.

"What's the trouble?"

Ye Chen came back and asked.

"There are many guard formations on our hidden Island, which are arranged by relying on the tree god. The tree god will fall out, and those guard formations will all fail. If foreign enemies invade..."

The voice of the wind messenger is full of worry.

"Your hidden island is so mysterious, who can find it here?"

Ye chendao.

"Well, you have passed the test. Go to that temple, and all the secrets you want to know are in it."

The wind messenger had no choice but to smile bitterly. He immediately announced that all martial artists had passed the test. Then he waved his hand and left with the cloud Messenger, as if he was going to repair the formation urgently.

Seeing the fall of the tree god and the departure of the Fengyun two envoys, all the fighters in the audience looked at each other.

Their eyes looked at the temple ahead, with a trace of fear and awe.

The most mysterious secret of yindao is in the temple, but no one dares to enter.

All kinds of horror rumors in the past hovered in everyone's mind.

"Let's go."

Ye Chen thought for a while, then made a gesture to Jisiqing and Wu Yao women, and took them to the temple together.

Seeing Ye Chen's action, everyone hurriedly followed him.

Even Feather Emperor Aoxue and Zhang Qingyu followed Ye Chen.

Everyone knows that reincarnation is magnificent. If you want to crack the secret of Hidden Island, you still need Ye Chen. No one else is confident.

Before Ye Chen came to the temple, he saw that the gate of the temple was ajar and did not know what was inside.

"Brother Ye Chen, let me open the door."

Wu Yao stepped forward and was about to open the door.

"No."

Ye Chen stopped Wu Yao and raised his hand to open the gate.

Boom!

When the gate of the temple was opened, a bright golden light was emitted, and the breath was vast and shocking.

Everyone felt a glare, frowned and covered their eyes, and gradually adapted to the golden light. Everyone saw a very spectacular scene inside the temple.

The space in the temple is very large and noisy. There are tens of thousands of people in it, constantly arguing and discussing.

"This sword formula, which coincides with the devil's way, should be used like this."

"No, no, the magic sword formula is the next one. This one is the divine sword formula. It should be born with heaven and earth and be one with nature."

"Alas, I have understood this ghost crying sword formula for millions of years, but I have no clue."

"Hahaha, I've learned! That day, the fighting God punished the devil for crying. The essence of the formula is the word 'Tu'

These tens of thousands of people kept arguing, and it seemed that they were arguing about the mystery of a sword technique. Some people were thinking hard, some scratched their ears, some were over thinking, and even went crazy on the spot, laughing and running. The scene was chaotic.

The walls around the temple and the dome were covered with golden words.

These golden words, dense, vast as the sea of stars, immeasurable.

All the words are projected from a stone tablet.

This stone tablet, suspended above the center of the hall, blooms with bright light and is engraved with the three characters "Wu Tian tablet".

The magnificent, domineering, vast, invincible and powerful breath emanates from this Wu Tian monument.

Everyone felt the shaking of their hearts when they saw the monument.

"This is... Tianbei?"

Ye Chen's eyes narrowed, and he felt that the breath of this Wu Tianbei was very similar to that of Tianbei.

However, after careful observation, ye Chen found that this Wu Tianbei was not a real Tianbei, but an imitation.

It's a stone tablet modeled after Tianbei.

"The hermit, indeed, has seen the father of the heavenly heart!"

Ye Chen thought.

This Wu Tianbei must be made by Yinsheng.

Only when Yinsheng has really seen the Tianbei, that is, the ancestor of Tianxin, can he create this Wutian monument.

The means of making Wu Tianbei is definitely not any realistic forging method, but fantasy magic.

Ye Chen also felt the breath of fantasy from the Wu Tianbei.

That hermit is worthy of being a strong man who once had no time and space, and the Dharma protector of the sixth seat of the death cult. The fantasy magic controlled by him is simply superb.

Even if ye Chen and Xiao Xinghe add up, it is impossible to create an imitation of Tianbei if they rely on forging skills.

Tianbei is the most powerful reincarnation xuanbei, which is extremely terrifying, and even gods can crush it.

It is absolutely impossible to create an imitation of Tianbei from a realistic perspective.

Only by using the fantasy technique without time and space, from the fantasy world, can it be possible to create an imitation of the Tianbei, which is this wutianbei.

Ye Chen's spirit, glancing at Wu Tianbei, felt a burst of pressure.

Fortunately, this pressure, not as terrible as the real Tianbei, is still within his range.

Inside Wu Tianbei, ye Chen saw a sword technique.

This sword technique is much more complicated than the sword technique he has seen before, and it can even be said to be hundreds of millions of times more complicated, which can not be compared at all.

The word formula of this sword technique has hundreds of millions of words, such as the number of stars in the universe, which is completely immeasurable.

It may take tens of thousands of years to read these Jian Jue words alone.

These Jian Jue words, carried out alone, are broad and profound, subtle and mysterious. They can be changed into an independent Jian Jue, and their power is also earth shattering.

If all the words of sword formula are well understood, it is really unimaginable abstruse and powerful.

Chapter 8679

"Thirty three divine arts, the God of heaven punishes the devil of heaven for crying, and the sword formula of great slaughter!?"

Ye Chen was completely shocked. The origin of this sword technique was very terrible. It was actually one of the thirty-three divine arts, and it was the third existence.

Its name is: the God of heaven punishes the devil of heaven to cry and kill the sword!

Abbreviated as: Tiandou datu sword!

This Tiandou datu sword, if practiced, will be a million times more powerful than the great tomb divine sword of the God of beacon fire.

In Ye Chen's eyes, the great tomb divine sword is almost an anti Heaven Sword technique, which is enough to bury everything in reality. All immortal emperors are likely to kill.

But that day, compared with the Dagu sword, it was more powerful than the Dagu sword by a million times. It was simply incredibly powerful!

Among the thirty-three divine arts, Tiandou datu sword ranks third and is close to the ultimate.

Inside this Wu Tian stele, there are all the secrets of the sword formula of Tiandou datu sword.

Ye Chen wanted to study it carefully, but in the reincarnation cemetery, Huang Lao's voice suddenly sounded and shouted, "don't look for death, boy."

Ye Chen was stunned and said, "what?"

Huang Lao's voice was full of dignity and said, "I didn't expect to see Tiandou datu sword here. This is the ultimate sword technique. No one has ever been able to practice it."

"This sword technique is too abstruse and very attractive. Anyone who wants to study this sword technique will indulge in it, cannot extricate himself, exhaust all ages, and finally die in the wear and tear of meditation. If you don't believe it, look at these people."

Ye Chen was stunned and looked at the temple hall again.

In the hall, tens of thousands of martial artists quarreled and discussed, all arguing about the mystery of Tiandou datu sword.

Their eyes were always staring at the words on the four walls or dome of the temple, and they were all fascinated by the mystery of this sword technique.

Some of the martial artists who followed Ye Chen saw the words of sword formula on the wall and were immediately attracted.

"Hey, this sword is exquisite."

"This is... Thirty three divine arts, Tiandou datu sword?"

"If I become a Tiandou datu sword, isn't it invincible in the world?"

Many martial artists were attracted, walked into the hall, found an empty seat to sit down, and also began to study the secret of sword formula on the wall.

They soon became possessed, either thinking hard, or intoxicated, or scratching their hearts and livers, all kinds of shapes, shocking.

There were also some martial artists, who exclaimed, and saw their once familiar faces in the hall.

"Elder, didn't you disappear 100000 years ago?"

"So you're not dead? "

"Master, have you always been on this hidden island?"

Since you are alive, how come there is no news coming back? "

.....

Once hidden Island, in the Taishang world, invited many masters.

These masters have never come back since they went to yindao.

Now, the new fighters have seen many former missing people in the hall, including their own teachers.

"Ah, several top elders of tianwu immortal sect are also here."

Wu Yao was surprised and found several white haired elders in the crowd.

These elders were once the top elders of tianwu immortal sect. Later, they went to yindao and never came back.

Their absence made tianwuxianmen suffer heavy losses. Later, they also lost the battle against the wanxu temple.

"Elders, are you all right?"

Wu Yao stepped forward and said hello.

Those old men were looking at the words of sword formula on the wall, thinking hard. They didn't seem to hear Wu Yao's words, and they were as silent as sculptures.

Ye Chen was surprised and wanted to go up to have a look, but found that Ji Siqing, Xia Ruoxue, Wei Ying and ye Luoer were all looking at the sword formula on the wall.

"Don't look, be careful!"

Ye Chen shouted.

Ji Siqing said, "this sword technique is a little powerful. Ye Chen, see how this move works."

As she spoke, she pointed to the sword and practiced the moves of the sword technique.

Ye Chen turned pale with horror and shouted, "Siqing, don't look at it. This sword technique is strange. Once you get drunk, you can't extricate yourself anymore!"

Ji Siqing said, "what can't help it? Hum, I don't believe it. With my talent, I can't understand this sword trick."

When she finished, she flew to her own place, sat cross legged in midair, stared at the sword formula on the wall in front of her, and instantly entered a state of obsession.

Ye Chen wanted to pull her back, but he couldn't hold it. He flew up and shouted, "Siqing, you're possessed, wake up!"

Reach out to pull her arm.

"Don't bother me!"

Ji Siqing understood the state, and was interrupted by Ye Chen. He suddenly became angry, opened his hand, angrily stared at him, and then turned back to stare at the sword formula on the wall.

Ye Chen's hands were frozen in the air, and he suddenly looked silly.

He didn't expect that Ji Siqing was so enchanted and completely addicted to the mystery of Tiandou datu sword.

Even Ji Siqing is like this, then

Ye Chen looked down and saw that Xia Ruoxue, Wei Ying and ye Luo'er had found their own positions and silently studied the mystery of Tiandou datu sword, which was also instantly obsessed.

Ye Luo'er murmured, "when I practice this sword, I can help brother Ye kill all the enemies."

Ye Chen was thrilled and trembled. He saw the feather emperor Aoxue and Zhang Qingyu, both of whom were attracted by the sword formula.

The feather emperor Aoxue raised a smile on the corner of his mouth and said to himself, "I've never seen such a powerful sword technique. If I learn it, I'm afraid even my adoptive father can't beat me. Isn't it easy to kill reincarnation?"

In an instant, all the fighters invited to yindao, except ye Chen and Wu Yao, were occupied.

Ye Chen's back was sweating. He finally knew why no one had left the hidden island for ages.

Because these people are all immersed in the mystery of Tiandou datu sword, all of them are like being possessed and can't extricate themselves.

Yinsheng invited people to yindao, not to kill people, but to solve the mystery of fighting datu sword this day!

Tiandou datu sword, which is the 33rd divine skill, ranks third. From its birth to today, no one has been able to practice it.

It is said that if you practice this sword, you can kill all gods and demons in the heavens and dominate the invincible space and time in the heavens.

Datu sword is also the most powerful, terrifying and invincible existence in the thirty-three gods' art.

As for the magic that ranks first and second, it only exists in fantasy at present, and it has not really been born, just a concept.

Ji Siqing, Xia Ruoxue, Wei Ying, ye Luoer, all fell.

Ye Chen did not know what to do for a moment, and hurriedly walked to Wu Yao.

Under Wu Yao's repeated cries, the top elders of Wuxian sect finally came back to their senses in those days.

"Miss Wu Yao, is it... Is it you?"

Several elders were a little confused.

"It's me."

Wu Yao road.

Chapter 8680

"Hehe, are you so old?

Come and have a look. We have a sword trick that we can't understand all the time. "

"Miss Wu Yao, you are gifted. Come and see the mystery of this sword with us."

Several elders invited Wu Yao and pointed to the sword formula on the wall.

"Oh."

Wu Yao answered and looked over.

"No!"

Ye Chen shouted and wanted to stop drinking.

But it's too late.

When Wu Yao saw the words of the sword formula, he showed a look of surprise and interest, saying:

"This sword technique is exquisite."

She heard Ye Chen's voice again, turned around and said with a smile, "brother Ye Chen, there is a sword formula carved here, which looks very powerful. Let's sit down and study it together."

With that, she didn't wait for Ye Chen to respond, so she sat down and studied the mystery of the sword formula, while talking with several elders around.

Ye Chen saw this, and his heart was completely cold.

Even Wu Yao was addicted, and still instantly addicted.

She is the Immortal Emperor!

Even the Taoist heart of the Immortal Emperor could not resist the mystery of fighting datu sword this day.

Fighting datu sword this day is simply incredible terror.

"No..."

Ye Chen's heart is contracting. He must not watch Wu Yao and Ji Siqing fall.

Ye Chen's eyes looked at the Wu Tianbei suspended in the air.

This is the root of all evil!

The words on the four walls and dome of the temple are all reflected by Wu Tianbei.

As long as we destroy Wu Tianbei, we can save Wu Yao and them!

"The gun of dragon fight, break it!"

Ye Chen's eyes were cold, and the essence of rock and earth gathered. In his hand, he turned into an ancient war gun, threw his hand, and shot out at the Wu Tianbei.

Hiss!

An amazing scene appeared. When the longdou gun hit the Wu Tianbei, it seemed to hit the air and directly penetrated into the past, and then it seemed to be wrapped by some twisted law, breaking into the Reiki of the origin.

And in the temple, most people are immersed in the mystery of Tiandou datu sword, and only a few people look at Ye Chen.

When they found that ye Chen did not cause any damage, their minds were again in the sword formula.

Ye Chen saw this, and her eyes also shrunk slightly.

This Wu Tianbei, born from fantasy, can automatically turn into illusion and avoid attack when encountering destructive attack.

Ye Chen's just shot didn't really hurt Wu Tianbei.

"It's really evil."

Ye Chen gritted his teeth and didn't give up. With one fist, he was ready to open the Dragon life star and destroy the Wu Tianbei at all costs.

As long as the Dragon destiny star is opened, all fantasy concepts will collapse under the pressure of his reincarnation blood.

"Lord of reincarnation, don't be impulsive."

At this time, an old and indifferent voice reached Ye Chen's ears.

Ye Chen was stunned, because he felt that the sound came from the Wu Tianbei.

"Or, we can talk."

The voice continued.

"Are you... Hidden saint?"

Ye Chen caught something, and his heart beat violently.

"It's me, come up."

The voice recognized itself as the hidden saint, the Tao.

Ye Chen's eyes flickered slightly and thought for a while. His palm shrank in his sleeve robe, secretly deducing good or bad, but he couldn't see any eyebrows.

However, he thought that if Yinsheng really wanted to do it, he would not wait until now.

Moreover, as long as it is in the real world, the strength of the hidden saint is bound to be limited by reality.

Even if it does fight, ye Chen will not lose easily.

At that moment, ye Chen took a deep breath, calmed down, flashed, and came to the front of Wu Tianbei.

A strong attraction will attract him.

Ye Chen did not resist and calmly accepted.

The next moment, he was attracted to the inner space of Wu Tianbei.

This is a fantasy space, surrounded by fog, petals, drizzle, light snow, which is by no means the real world.

Because here, ye Chen did not capture any laws of reality, only the vanity of fantasy.

In this fantasy world, an old man is carrying his hands and waiting for ye Chen with a smile.

Seeing ye Chen coming, he smiled, made an invitation gesture, and sat down first.

There were only misty petals, drizzle and snow around, but when he sat down, there was a small pavilion, stone stool, stone table, tea cup and kettle, mountains and forests, and waterfalls flying around.

Everything is so magical and natural. Everything seems to be born there. It's too dreamy to be realistic.

Ye Chen stepped into this fantasy space, as if shuttling into a fantasy world. The sky and the earth were like butterflies, and words floated out.

These words, like with a magical charm, make people look at them, and they are reluctant to look away.

That is the script of Tiandou datu sword!

"Trying to entrap me?"

Ye Chen's eyes were cold, and the glory of reincarnation heaven exploded at his feet. The violent reincarnation power immediately tore up those vain words, and the order of the kingdom of heaven was established in this fantasy space.

This fantasy world has the foundation of the kingdom of heaven. Ye Chen is down-to-earth with every step he takes, without any influence.

Seeing this, the old man laughed, raised his glass to Ye Chen and said, "don't be nervous, Lord of reincarnation, I don't want to hurt you, but this world of Wu Tianbei originally has the mystery of Tiandou datu sword. Please sit down."

Ye Chen saw that the old man looked calm and didn't mean to kill. He frowned slightly and sat down.

"Are you the hidden saint?"

Ye Chen asked.
