### Chapter 8691

If ordinary people are here, the spirit must be eroded, and rotten meat pieces, twisted bodies, blood red eyeballs, groaning demons and other strange things will be born from the soul. Finally, the brain will be crowded alive by these mysterious existence.

Fortunately, ye Chen and Ren Feifan are extremely strong in spirit and have not suffered any erosion.

Relying on the field under their feet, they did not spend much effort to kill all those strange demons.

After killing these demons, ye Chen suddenly became clear, and seemed to hear the sound of water and waterfalls in front of him.

In this mysterious world, it is really strange to hear the sound of waterfalls.

Ye Chen and Ren Feifan looked at each other. They both had a tacit understanding and walked along the place where the sound of the water came out.

Along the way, they gradually saw a magnificent scene.

In the void ahead, there is a fairyland like Dongtian world floating unexpectedly.

In this cave, birds are singing and flowers are fragrant, cranes are flying, and rare flowers and auspicious grasses are everywhere, without any filthy and muddy smell.

Floating islands are suspended above the cave world. On each island, there are peaks inserted into the sky. White dragon like waterfalls rush down from the peak and flow down like thunder. The scene is very spectacular.

"Is this... The cultivation cave of Tianxin Laozu?"

When ye Chen saw this fairyland like world, he was surprised and thought it was the Daoist field of Tianxin Laozu.

"No, the daughter of Fenghuo lingzu seems to be inside."

Ren extraordinary's eyes coagulated and looked at the Dongtian world in front of him, saying.

"Is Miss Xiao Jing inside?"

Ye Chen was surprised.

"Go in and have a look."

Ren Feifan waved and immediately took Ye Chen in.

This cave world has a layer of forbidden law barrier, but nature can't stop any extraordinary.

With a wave of his hand, Ren Feifan broke the ban and walked in easily.

Ye Chen followed Ren Feifan and felt very familiar when he passed through the forbidden law.

"This layer of forbidden law has the breath of the God of water!"

"This cave world is arranged by the God of water for Xiao Jing?"

Ye Chen's heart moved slightly, guessing the secret behind it.

Entering this cave, ye Chen heard a noise from the waterfall in front of him.

He and Ren Feifan stepped forward and saw a waterfall hanging upside down in front of the cliff.

A girl, soaked in the pool below the waterfall, was full of urgency and anger.

On the Bank of the pool, there were more than a dozen monks, men and women, old and young, all wearing blue Taoist robes. Looking at their posture, they were also very plump and handsome, obviously their accomplishments were not weak.

The girl was soaking in the pool, with her clothes piled on the bank. She thought she was naked, but fortunately, the pool was green, and she was completely immersed in the water, but she was not exposed.

"It's Miss Xiao Jing!"

Ye Chen looked at the girl and her eyes shrunk slightly.

That girl is Xiao Jing.

"Miss Xiao Jing, my grandfather asked you to go to the annihilation temple. Are you really ashamed?"

An old Taoist with a goatee touched his beard and asked Xiao Jing with a smile.

"Thank you for your kindness. It's just sister Qingli... Cough, my master told me not to leave the cave world anyway. Please come back."

Xiao Jing's face was annoyed, but she tried to keep her tone calm and polite.

Ye Chen and Ren Feifan, standing behind a bush, haven't exposed their body for the time being. Hearing Xiao Jing's words with the old Taoist, their hearts suddenly changed.

It turned out that it was the ancestor of Tianxin who wanted to invite Xiao Jing to the temple of annihilation.

Under the insight of heaven, ye Chen already knew that the annihilation temple was the force created by the ancestor of Tianxin.

All the monks in the temple of annihilation were also created by the ancestor of Tianxin from his fantasy, all of whom adhered to his will and were loyal.

The ancestor of Tianxin never forgets it, which is to seize the annihilation book and use it to suppress the breath of Tianbei.

He even named the force he created as jimie temple.

However, Xiao Jing didn't want to go to annihilate the divine palace, but just wanted to stay in this cave.

"Hehe, Miss Xiao Jing, now the chaos in Tianxin is imminent, and the old monster of the ancient star gate is coming. You'd better go with us, otherwise the old monster will kill you and disturb your golden body, which will be troublesome."

"If there is something wrong with you, we will annihilate the holy palace, but we can't talk to the God of water."

The old Taoist smiled and mentioned a force called "ancient star gate" in his words.

Ye Chen heard the word "ancient star gate", his heart tightened violently, and instantly caught a great source of cause and effect, which was unexpectedly related to the four demons of "heaven and earth Xuan Huang"!

Xiao Jing said, "I don't care about the ancient star gate. I won't go anywhere without master's order!"

"You annihilate the holy palace. If it was really for my good, you should have let me out."

The old Taoist smiled dryly and said, "Miss Xiao Jing, our heart field this day is a fantasy world. People in the real world can't get out. Please forgive me, we didn't mean to make things difficult for you."

Xiao Jing snorted and said, "it's all right if you don't let me out. You can't even send me a letter and go to Zihuang fairy palace to report peace. My father is worried about me. Who knows what you think? In short, I won't go with you!"

The old Taoist was speechless immediately, and the disciples of the silent temple around him were also quite ugly.

"Elder, you'd better do it, so as not to cause complications."

A disciple whispered.

In the eyes of the old Taoist, there was also a trace of coldness. Looking at Xiao Jing who was soaking in the water, he laughed and said, "Miss Xiao Jing, you are still unwilling to go with us, so don't blame me for killing the divine palace."

After a pause, he shouted, "come on, please Miss Xiao back to the palace!"

Three young monks stepped out and wanted to jump into the pool and catch Xiao Jing.

"Don't come here!"

Xiao Jing was shocked, angry and afraid. Her arms were pulled out of the water. As soon as she pinched the formula, the water vapor around quickly gathered and turned into a huge water dragon, fiercely rushing towards the three young monks.

When she raised her hand, the top half of her crisp chest was also exposed, white and tender, but the three young monks were not in the mood to enjoy the scenery and focused on watching the flying water dragon.

Roar!

The water dragon roared and rolled up thousands of waves, with great momentum.

This is the magic power of "water dragon heavenly sign", which originates from the water god Tianzun.

Xiao Jing is the descendant of the God of water, which makes him very skilled.

The three young monks each offered a magic weapon of the Liuhe mirror, which reflected the sun and turned into a fiery fine light on the body of the water dragon summoned by Xiao Jing.

Hiss!

The water dragon evaporates and turns into white smoke.

The three young monks showed a trace of joy in their eyes, but this joy did not last long, and was replaced by surprise.

Chapter 8692

After the water dragon evaporated, it changed into a hummingbird from the steam.

This hummingbird, naturally, is also completely composed of water aura. It is lifelike. Its beak is very sharp. It pounced out and hit a young monk on the forehead with a puff.

The young monk, whose forehead was punctured, was killed on the spot, and his body fell to the ground, humming, turned into a little bit of fine white light and dissipated.

All monks in the temple of annihilation were born from fantasy. After their death, there will be no bodies left, and they will return to fantasy.

"Little girl, what a cruel hand!"

When the old Taoist saw his disciples killed, he was immediately shocked and angry.

Other disciples of the annihilation temple were also in an uproar, and they didn't expect Xiao Jing to kill.

Xiao Jing exclaimed, "you're too weak, aren't you? How can I touch that person and die?"

She is the descendant of the God of water, and her cultivation strength is very strong. In her heyday, she was even qualified to fight under futu Xuan.

An ordinary monk is not her enemy at all.

In addition, in this Dongtian world, she took advantage of the earth's channels and Qi, and once she shot, she died.

"Do you really think I have no one in the holy palace?"

Tianji sword, break it! "

In his anger, the old Taoist priest immediately offered a flying sword, which was filled with the terrifying light of the Silent Buddha. With a sword, it was like the arrival of the holy ancient Buddha, who wanted to change thousands of demons in the world, and the momentum was extremely overbearing.

Xiao Jing screamed again. She could kill ordinary disciples of the annihilation temple, but she had no power to fight back against the elder.

"Be careful!"

Ye Chen saw this, his eyes moved, and he couldn't help it anymore. He immediately burst into action.

As soon as you grasp your palm, the aura of the earth and rock between heaven and earth converges, turning into an ancient war gun, on which the dragon's virtual shadow floats, roars and tears the sky, which is extremely spectacular.

"Gun of dragon fight!"

Ye Chen threw a gun, which was as powerful as thunder, cut through the void, directly towards the old Taoist's body, and blasted away.

The old Taoist's flying sword is very fast. If ye Chen intercepts it, it may be too late.

He attacked the old Taoist directly to force him to defend.

"The Lord of reincarnation is you!"

Seeing ye Chen, the old Taoist was immediately shocked. Seeing the ferocious sound of the dragon fight gun, he had no choice but to turn his flying sword to block Ye Chen's blow.

The exchange of flying sword and rock gun suddenly blew up a fierce air wave, and the pool also burst, with water spouting one by one.

Xiao Jing took this opportunity to fly out of the water, put on her clothes, and looked at Ye Chen with surprise and joy:

"Brother Ye Chen, why are you here?"

Ye Chen looked awe inspiring, urged the gun of dragon fight, pushed the old Taoist back, came to Xiao Jing, and asked, "Miss Xiao Jing, are you all right?"

Xiao Jingxi said, "I'm fine."

Ye Chen nodded and looked at the people in front of many silent shrines.

"Lord of reincarnation, you..."

The old Taoist was about to speak, but suddenly his head flew up.

Puff, puff, puff!

Not only he, but also all the people in the temple were cut off by a bloody moon sword in an instant,

All of them, their heads fell to the ground, their faces with a color of horror, and then the bodies turned into streamers and dispersed.

Ren Feifan's figure slowly walked out from behind the trees, and the sword in his hand was still stained with blood.

"Master Ren, you..."

Ye Chen was quite stunned.

"It's all the people under the emperor Tianxin. Kill them all. Don't be wordy."

Ren Feifan lightly withdrew his sword and said.

Ye Chen nodded, admiring Ren Feifan's determination in his heart.

"Is this the legendary extraordinary Immortal Emperor?"

Sister Qingli often mentions you. "

Xiao Jing looked at Ren Feifan's invincible posture and also admired it.

"Say hello to the God of water for me."

Ren extraordinary way.

"Yes!"

Xiao Jingzhen nodded gently, and looked at the sky again. He saw the sun slanting westward and the sky gradually darkening.

"It's getting dark. The demon era is coming. Let's hide first."

Xiao Jing said with a trace of panic.

"What demon era?"

Ye Chen asked.

Xiao Jing's face was slightly white, still with panic, and said, "this cave world was left to me by sister Qingli. Originally, there was only fairy gas, not magic gas."

"However, under the influence of the heavenly heart region and earth vein, this cave will erupt magic gas at night, and countless demons will run rampant, which is very terrible."

"I asked sister Qingli, and she said that maybe the ancestor of Tianxin deliberately made trouble for me and arranged the era of demons to force me to stay here and not to go out."

"The day is the fairy era, and I'm fine, but at night, the demon era comes, and I... I'm afraid."

Speaking of the end, Xiao Jingyue said that the more panic, subconsciously grasped Ye Chen's arm.

"Don't be afraid. With me and elder Ren, no demon can hurt you."

Ye chendao, he also wanted to see the mystery of the demon era that day.

The sun goes down and night is coming.

If it was before, Xiao Jing would hide under the ground every night and rely on the array to fight against the dark demons.

But now, ye Chen and Ren Feifan are here, so naturally there is no reason to hide.

The three stood in the open space in front of the waterfall and waited quietly.

Woo woo

When night fell completely, a mysterious wind came from the air, and a trace of dark breath spread in this cave world.

With the spread of darkness, scenes of horror appeared.

Under the attack of the dark atmosphere, flowers and trees, birds and animals, all turned into monsters, and raised their heads to the sky to roar ferociously.

Chapter 8693

Ye Chen saw that birds turned into bird demons, rats turned into rat kings, green bamboo trees uprooted from the ground, human facial features appeared on his trunk, and he roared and walked among the mountains and forests.

Even some tiny insects have become as huge as rhinoceros.

There are also mountains and hills, inexplicably growing tentacles, and the hard earth has become rotten meat.

This scene of terror, such as the dark doomsday, everything that exists, is completely demonized.

"Is this the age of demons?"

Ye Chen's face trembled slightly. Looking at the chaos of demons, his scalp was numb.

"Brother Ye Chen, I said it was terrible at night here."

Xiao Jing grabbed Ye Chen's arm tightly and looked at countless creeping demons around in horror.

These demons emit extremely strong distorted breath, which can erode people's spiritual soul.

If ordinary people face so many demons, they may not even have the courage to fight, and they will be scared crazy in an instant.

If ye Chen wasn't nearby, Xiao Jing might also collapse.

"Don't be afraid. It's just a little magic. It's not an obstacle."

Ye Chen took a deep breath to calm his mind.

Although there are many demons around, it is not difficult for him.

"Reincarnation to heaven, suppress it!"

Ye Chen's eyes were cold, the reincarnation Heavenly Sword was sacrificed, and the golden light erupted all over, and immediately called out a vast kingdom of heaven, which rumbled down from the sky.

Many demons below were suppressed by the reincarnation heaven, and immediately the demonic Qi broke up and recovered its original appearance.

Ye Chen almost didn't spend much effort to suppress all the demons.

With the strength of his reincarnation blood, ordinary demons can't hurt him at all.

"How awesome!"

When Xiao Jing saw this scene, she was also surprised and amazed. The demon that had plagued her for countless years, ye Chen easily suppressed it as soon as she made a move.

Ye Chen smiled and was about to say something, but suddenly his heart beat hard, and a great sense of danger surged into his heart.

He opened his eyes.

A crack appeared in the void.

Inside the crack, there was a terrible demon wave.

This demon wave and the terror of energy are far beyond the surrounding demons, and the two are not at the same level at all.

Even ye Chen's reincarnation in heaven could not suppress the evil spirit.

The evil spirit kept blowing out and purring, and finally condensed into a huge, terrible and deep shadow.

This shadow, with cold and fierce eyes, turned out to be a demon!

"Master TIANYAO?"

Ye Chen looked at the shadow and was stunned.

The evil spirit emitted by this shadow made him feel very familiar.

That's the smell of the demon!

Boom——

The demon suddenly hit Ye Chen with a palm. The fierce palm wind was like the supreme king, and the power was overbearing.

Ye Chen felt the killing of the demon, and his heart was cold, and he suddenly woke up.

The demon shadow on this day is definitely not the Buddha, but an existence like an illusion, an illusion catalyzed by the cause and effect of the earth vein.

"Cut the sky nine swords, break it for me!"

Knowing that it was an illusion, ye Chen was very calm. His eyes flashed a trace of fine light, and immediately waved a sword and cut out.

With only one sword, the demon shadow of that day was pierced and completely crushed.

After getting the Tiandou datu sword, ye Chen failed to understand the success, but after observing the sword formula, his own swordsmanship was also greatly improved.

Now the power of his nine swords can be dealt with even the strong in the later stage of Wuliang.

"Hoo..."

After crushing the shadow of the demon, ye Chen breathed a little relieved.

Then, ye Chen found that the void on one side hummed and vibrated, and the evil spirit was thin, and three shadows appeared again.

One of the three shadows is the Xuan demon!

There are two more, the figure is hazy, can't see clearly, but the breath is connected with the sky demon and the dark demon. I think it's the other two demon ancestors, the earth demon and the Yellow demon.

The last two, ye Chen and them, cause and effect is not deep, but ye Chen always has some demon blood.

What's more terrifying is that ye Chen saw another strong and powerful figure in the distance and walked over with big steps.

That's Wuzu!

"The four demon ancestors and Wu Zu are all here?"

Ye Chen took a breath. Although he knew it was an illusion, the cause and effect involved behind it must be earth shattering.

The earth demon, the Xuan demon, the Yellow demon, and the figure of Wu Zu, without a trace of emotion, were all extremely cold and cruel, and Qi Qi surrounded Ye Chen.

In particular, Wu Zu's breath was particularly fierce. With a palm of his hand, the god elephant collapsed into the sky. The huge god elephant's virtual shadow stepped through the void and hit Ye Chen like a mountain to kill him.

Ye Chen's heart was shocked, and he only felt extremely great pressure.

"This demon weather, why is it so terrible?"

Xiao Jing on one side was also shocked at the appearance.

In the past, when the era of demons came, the demons appeared, although they were also very terrible, but there was absolutely no such terror as the four demons of heaven and earth, xuanhuang, and Wuzu.

This is no longer an ordinary demon weather, but another obscure and special mysterious existence.

"Be careful!"

Seeing ye Chen being surrounded and killed, Ren Feifan was also deeply in danger and immediately cut out with a sword.

The furious thunder sword light burst out of Ren Feifan's sword. The sky thunder rolled, the thunder roared, the purple electricity startled the sky, and the weather was extremely magnificent.

Hiss!

The bright thunder sword was cut off, and the virtual shadows of Wu Zu and the three demon ancestors were all cut off.

"I order the thunder of the ten worlds to come and clean up the demons of this world!"

Ren Feifang's eyes were sharp and pinched a formula.

In an instant, the vast void, the ten worlds, countless purple lightning, such as the tide like the sea, came, severely washed away this cave world.

Under the fierce thunder and lightning, all demons turned into ashes and disappeared.

This cave world has regained its ethereal appearance. A bright moon hangs in the sky, sprinkling cold brilliance and shining on Ren extraordinary.

Ren Feifan is spotless, powerful and unrestrained, as if he were the Supreme God.

When ye Chen saw the weather that Ren Feifan had just shot, he knew that his understanding of the furious thunder Tianjue cut had been quite experienced. The thunder Taoist method was also far more than before, and his heart couldn't help but secretly rejoice.

"Thank you, master Ren."

Ye Chen arched his hand. If it weren't for Ren Feifan, he would be very embarrassed in the face of the attack of three demon ancestors and Wu Zu.

"It's the breath of the bone emperor. His breath affects the earth vein of the Tianxin domain, and turns into the virtual shadow of Wu Zu and the four demon ancestors of heaven and earth xuanhuang. We must be careful."

Ren Feifan crushed all the evil Qi, but he didn't have any joy. His eyebrows frowned tightly, as if he saw the existence of terror behind him.

"Who is the bone emperor?"

Ye Chen was stunned.

"I'm a master of the ancient xingmen. I used to fall without time and space. After thousands of centuries, I had a friendship with him."

"He tried to win me over, but I didn't promise."

Ren extraordinary way.

Chapter 8694

"What is the relationship between the four demon ancestors of heaven and earth, as well as my martial master, and this bone emperor?"

Ye Chen's heart contracted slightly and asked.

"The four demon ancestors of heaven and earth, who were once strong in wuwuwuspacetime, had a terrible identity, but later ran away and came to the real world. In fact, they were forced away by the bone emperor."

"There is also Wu Zu, who is trapped in the forbidden area of the ancient xingmen, and also thanks to the bone emperor."

"This person's cultivation is extremely high, equivalent to the witch, and his physique is special. He is a famous strong man, a generation of great masters, and a super first-class master in wuwu spacetime."

When Ren Feifan mentioned the bone emperor, he also admired him in his tone.

In this world, there are few people that he can admire. Bone emperor is one.

"What, this bone emperor is so powerful?"

Ye Chen was surprised to hear that the four demons of heaven and earth were driven away by the bone emperor. Even Wu Zu was trapped, which was greatly related to the bone emperor.

Wu Zu was trapped in Wuwu time and space, and ye Chen didn't know where it was.

Now from Ren Feifan's mouth, he determined that Wu Zu was trapped in the ancient star gate, which was the sect of the bone emperor.

"Before I came, I figured that there was an expert hidden in the Tianxin domain, whose strength was earth shattering enough to compare with the witch."

"Hehe, it turns out that this master is the bone emperor, and he is my old friend."

Ren Feifang's eyes slightly coagulated, and his eyes twinkled with a cold light.

There is no doubt that the cultivation of Gu Tiandi is extremely powerful.

Even after he came to the heart of heaven, his breath has affected the stability of the earth vein.

Just now, the appearance of the four demons of heaven and earth, as well as the appearance of Wu Zu, these illusions are actually related to the bone emperor.

The cause and effect entanglement between the bone emperor and the xuanhuang four demons of heaven and earth, as well as the Wu Zu, is extremely complex. These causes and effects reflect the illusion that is enough to kill.

"Bone Emperor... I seem to have heard sister Qingli say."

Xiao Jing also showed a look of panic when she heard Ren Feifan mention the bone emperor.

"Sister Qingli said that she never dared to show up easily because she was stared at by several old monsters behind her, one of which was the bone emperor."

"The person in front of the silent temple said that there was a strong man coming from the ancient star gate. I think it was the bone emperor."

"Extraordinary Immortal Emperor, you have great powers. I wonder if you can kill the bone emperor?"

Xiao Jing looked at Ren Feifan with burning eyes.

Ren Feifan shook his head and smiled and said, "how can it be? The bone emperor is a super first-class master without time and space. I haven't broken through the reality yet. I'm not his enemy."

Xiao Jing said, "no, extraordinary Immortal Emperor, I heard sister Qingli say that you have a card. If it breaks out, it is enough to touch the ultimate. If you use that card, you should be able to break through all the limitations of cultivation and kill the bone emperor?"

When Ren Feifan heard Xiao Jing's words, his face changed slightly and said, "what are you talking nonsense?"

Hearing this, ye Chen was also surprised and said, "elder Ren, what powerful cards do you have, but you have never told me."

As ye Chen knows, Ren Feifan's most powerful card at present is the law of cause and effect.

The law of cause and effect can reverse the reality, which is very powerful.

But listening to Xiao Jing's words, Ren Feifan's card is obviously not so simple.

Ye Chen was very surprised. If Ren Feifan really touched the ultimate card, why did he never use it?

Ren Feifan said in a deep voice, "I don't have any cards. Don't ask again in the future. I'm not the enemy of the bone emperor."

His words fell, and in the void came a burst of girls' charming laughter, fresh and lovely.

"The extraordinary Immortal Emperor, with me and ye Chen's little brother, should be able to deal with the bone emperor."

I saw water rushing in the void, and a blue lotus emerged. The lotus bloomed, and there appeared a pure girl, about 16 years old, wearing a turquoise blouse and skirt, with white skin, bright eyes and teeth, and a flying smile at the corners of her eyes.

It is Luo Qingli, the God of water.

"Sister Qingli!"

Xiao Jing was overjoyed when she saw Luo Qingli coming.

"Sister Xiao Jing, long time no see, I miss you so much."

With a smile, Luo Qingli floated down from the empty water and came to Xiao Jing.

The two women hugged each other, their skin close to each other, and they were very close.

"Sister Qingli, are you not afraid to be found by the ancient star gate when you come here?"

Xiao Jing and Luo Qingli held hands and stared at her with some worry.

In the past, every time Luo Qingli came, she would make all preparations in advance. All kinds of sacrificial ceremonies must be done in advance. Otherwise, she would be in trouble if she touched the secret of heaven and attracted the big people behind her.

In particular, the ancient star gate has always had the wild hope of hunting gods.

"Hee hee, I'm not afraid. With the extraordinary Immortal Emperor and ye Chen's little brother here, the ancient star gate doesn't dare to fight casually."

Luo Qingli smiled and then said hello to Ren Feifan: "Feifan Immortal Emperor, do you still remember me?"

You have been to wuwuwuspacetime. You should have seen my previous timeline and met me in the past. "

Ren Feifan said, "the God of water is majestic and noble. I certainly remember."

Luo Qingli waved his hand and said with a smile, "it's nothing dignified, but fate chose me to inherit the position of the God of water. Alas, I don't want to, but it's killing me."

At the end, she showed a very upset look, very helpless, and said to Ye Chen:

"Little brother Ye Chen, you are finally here. With you and the extraordinary Immortal Emperor, my trouble can be solved."

Chapter 8695

Ye Chen said, "Qingli girl, do you want to solve the ancient star gate?"

Luo Qingli said, "yes, first solve the bone emperor."

"Their ancient xingmen are very ambitious. They want to hunt all the gods in the world and create a supreme God King from their fantasy to govern the heavens."

"I was targeted by them. The bone emperor chased me for at least 100 million years. I'm really bored."

Ye Chen's eyes shrunk slightly: "hunt all the gods in the world?"

Is this... Possible? "

Luo Qingli said, "yes, I don't think it's possible, but the ancient star gate is so ambitious."

"Even the Supreme God King created by their future fantasy has been constructed, which is this appearance, called Xuanyuan king."

Luo Qingli waved his slender hand, and the wisps of water gathered, and finally outlined a portrait.

In the picture, there is a dignified and domineering figure, such as the emperor of stars, surrounded by stars, with bright gods and flashing Ruixia, which is very spectacular.

"Xuanyuan ink evil?"

Ye Chen looked at the image of the Supreme God King, and immediately felt very familiar. His appearance was actually similar to Xuanyuan moxie.

Luo Qingli said, "yes, the supreme god conceived by the ancient xingmen is very similar to Xuanyuan moxie, the former leader of the Tiandao palace."

"People cannot imagine things they have never seen before. Any fantasy must be related to the existence of reality."

"That Xuanyuan Mo evil, if it is purely about cultivation, compared with us, it must be mole ants."

"But his ambition, his boldness of vision, and his pride all have their merits."

"The ancient xingmen took a fancy to his image, so the Supreme God King they conceived was also very similar to the Xuanyuan Mo Xie."

Ye Chen flashed countless thoughts in his heart, pondered for a moment, and said, "how many resources will it take to create this Xuanyuan king?"

Any fantasy that wants to become true must pay a price.

The stronger the fantasy, the greater the cost.

Gu xingmen wants to build Xuanyuan king, known as the Supreme God King, and the price must be very huge.

Luo Qingli curled his lips and said, "who knows, they hunt gods to use God's bones and will as sacrifices to summon the Supreme God King from fantasy."

"I don't want to be a sacrifice, brother Ye Chen, can you help me deal with the bone emperor?"

Her eyes blinked, full of expectation, and even a little pitiful. It seemed that she was really a pure and lovely ordinary girl, pleading to others, which was unbearable to refuse.

Ye Chen looked at Ren Feifan helplessly.

Luo Qingli said to Ren Feifan again, "Feifan Immortal Emperor, as long as you are willing to help me, I can join your reincarnation camp and listen to your orders in the future."

Ye Chen and Ren Feifan looked at each other with a little heart.

Luo Qingli is the God of water. If he can join the reincarnation camp, it will also greatly improve the power of the reincarnation camp.

Ren Feifan said, "the God of water, if you really want us to help you, first help Ye Chen repair his martial arts foundation. Then, as the God of water, your water system magic is most suitable for health maintenance."

Ye Chen's cultivation has reached the peak of the nine layers of heaven in the hundred flail realm. With only a little difference, he can ascend to the mysterious realm of heaven.

However, because the foundation of his martial arts was damaged, Dantian had a wound, and he was not able to impact the Tianxuan realm at present.

In the water god tradition, there is a water god formula, which is suitable for repairing Ye Chen's damage.

One of the purposes of Ye Chen and Ren Feifan coming to tianxinyu is to find Xiao Jing to repair it.

Now Luo Qingli is here, and it's most appropriate to ask her to do it.

Luo Qingli didn't think about it, so he nodded and said, "yes, little brother Ye Chen, can you help me deal with the bone emperor after I help you repair the Dantian?"

Ye Chen glanced at Ren Feifan and said, "if Ren elder agrees, I also agree."

Gu Tiandi is extremely powerful. It is absolutely impossible to fight with Ye Chen alone.

However, with the appointment of Feifan and Luo Qingli, there may not be no possibility of confrontation.

Ren Feifan nodded and said to Luo Qingli, "the emperor of bone heaven is my friend. Maybe I can talk to him and tell him not to think about hunting you anymore. If he insists on doing so, our reincarnation camp will also be on your side."

Luo Qingli was overjoyed and said, "that's great. Thank you very much, extraordinary Immortal Emperor."

Then he said to Ye Chen, "little brother Ye Chen, come with me."

She took Ye Chen's hand and walked to the front of the waterfall. With a smile, she took Ye Chen and jumped into the pool under the waterfall.

After they jumped into the pool, their bodies sank together.

The pond is thousands of feet deep and extremely clear.

Ye Chen felt Luo Qingli's soft and delicate body in the pool, hugging his waist, and the soft girl's body was completely close to him.

"Little brother, if you use the magic power of water magic formula to repair it for you, the effect is not good enough."

"Do you mind if I use my aura to nourish your Dantian?"

Luo Qingli smiled.

"Don't mind."

Ye Chen answered subconsciously.

"OK."

Luo Qingli's eyebrows danced, suddenly hugged Ye Chen, and kissed her light cherry red lips.

"Huh?"

Ye Chen was kissed by her. She felt moist, soft, dreamlike, and stunned.

"Little brother, I only kissed sister Xiao Jing before. I'm not very skilled. I hope you don't mind."

Luo Qingli blushed and said embarrassed.

Ye Chen nodded mechanically, not knowing what to say.

Chapter 8696

Luo Qingli continued to kiss Ye Chen, and the two hugged each other in the water, which was quite intense.

In fact, ye Chen didn't have much thoughts at all. All his actions were natural, just like instinct.

In the water, Luo Qingli seems to control the absolute initiative, and no one can resist her will.

Because she is the God of water.

Embracing and kissing in the water, ye Chen is cold and relaxed all over.

Between kissing, Luo Qingli's spirit of Water God was also transmitted from her mouth to Ye Chen's mouth and flowed into Dantian.

The damage in Ye Chen's elixir field is rapidly recovering.

In the blink of an eye, the trauma of his Dantian and the defect of the foundation of martial arts were completely restored.

At this moment, ye Chen has reached the peak in all aspects.

He is qualified to attack Tianxuan realm!

After Dantian recovered, ye Chen and Luo Qingli were still hugging and kissing each other.

Both of them have a tacit understanding. They don't loosen each other and are still hugging each other tightly.

Ye Chenming knew that he could not casually be contaminated with the cause and effect of love and evil, but in the water, he could not resist Luo Qingli's will at all.

"Why haven't you come out for so long?"

With the magic power of sister Qingli, she wants to repair brother Ye Chen's Dantian. Shouldn't it take so long? "

Xiao Jing stood on the bank and was very confused when she saw Ye Chen and Luo Qingli, who hadn't appeared for so long.

Ren Feifan frowned slightly, but did not speak and waited silently.

Ye Chen and Luo Qingli were in the water, separated a little, looked at each other with burning eyes, and then hugged and kissed together.

"Little brother, when you solve the bone emperor, I will help you deal with Tianxin ancestor."

Luo Qingli kissed Ye Chen and spoke softly. His palm gently rubbed Ye Chen's chest, and his action was very gentle.

Ye Chen hugged her tightly and wanted to melt her in his arms, saying, "well, thank you, girl Qingli."

Luo Qingli said in a warm voice, "you can call me Qingli sister in the future."

Ye Chen gave a "hum" and shouted, "sister Qingli."

This "sister Qingli" screamed out, and ye Chen secretly shouted bad in his heart, thinking that this love evil cause and effect was about to be infected.

He wanted to get out, but when he was in the water, his muscles and bones were soft, as if wrapped in gentle silk threads. How could he get out?

Luo Qingli pondered: "well... But the ancestor of Tianxin, who can use part of the energy of Tianbei to revive indefinitely, wants to kill him completely, which is very difficult."

"I can help you a little, but I can't go too far. I'm also afraid of touching the rules behind it. If you want to kill Tianxin Laozu, you'd better practice Tiandou datu sword."

Ye Chen smiled bitterly, hugged her slender waist, and said, "that day, fighting datu sword is too complicated, how can I practice it?"

When this is over, it's time to find Jishen. Although Jishen can't practice, the existence of Jishen is still useful for him to understand Tiandou datu sword.

Luo Qingli said, "well, I also know that Tiandou datu sword is complex, and no one has ever been able to practice it, but you'd better not give up. You are the Lord of reincarnation. In this world, only you can practice it. I believe you."

With that, she kissed Ye Chen again, and her eyes were full of worship and love.

Ye Chen's mind swung slightly, touched her hair and said, "I will never give up."

Luo Qingli said, "or, you can try to re-establish the tomb palace. If you can re-summon the strong people of the tomb palace in the past, especially the two guardians of Taoism, Tianhuang and Dilao, it is possible to change the past, cut off the traces of Tianxin's ancestor from the root of the past, and kill him."

Ye Chen was stunned and said, "what tomb palace?"

Luo Qingli was slightly surprised and said, "don't you know?"

You once had a life, that is, the life when you saved sister Xiao Jing. You took charge of a mysterious force called tomb palace. Have you completely forgotten this memory? "

Hearing this, Ye Chen was thrilled, his eyes were concise, and he peeped into the secret of heaven.

Hum!

Under the insight of heaven, ye Chen also found that there seemed to be a memory deleted in the reincarnation blood.

This memory is related to the tomb palace!

Once the reincarnation Lord of that life, he was in charge of a mysterious force called tomb palace.

The tomb palace is closely related to the reincarnation cemetery!

Before the fall, the reincarnation Lord of that life wiped out all the relevant memories of the tomb palace, as if there were some terrible secrets behind the tomb palace.

If Luo Qingli hadn't mentioned it now and given Ye Chen a clue, ye Chen couldn't know the existence of the tomb palace.

Ye Chen said, "what's the secret of the tomb palace?"

Luo Qingli whispered, "the tomb palace is very mysterious, and I don't know much. I only know that the Lord of reincarnation in that life is very ambitious. He wants to create the fifth supreme artifact, which belongs to reincarnation."

Ye Chen said, "the fifth supreme artifact?"

Luo Qingli said, "yes, at present, there are four Supreme artifacts, namely, the heavenly demon Xinghai, the Golden Wheel of the Heavenly Emperor, the ancient sword of heavenly sin, and the seal of the burning emperor."

"These four Supreme artifacts are all created from fantasy. Behind the birth of each, there are endless bones. I don't know how many resources have been consumed and how many people have died."

"The Lord of reincarnation in that life also wants to create an artifact comparable to the highest from his fantasy, and it belongs exclusively to reincarnation."

"The supreme artifact of reincarnation in fantasy is called 'reincarnation to the world book', which was almost made."

Chapter 8697

"If the reincarnation book is really created, the Lord of reincarnation of that life is estimated to be the highest, but it's a pity that he finally failed."

Ye Chen listened to these ancient mysteries, and his heart was also shocked: "reincarnation book?"

Luo Qingli's eyes were a little confused. When she talked with Ye Chen, she still held Ye Chen in her arms. Their lips touched at zero distance, and their noses touched their noses.

Ye Chen can feel the fragrance of Luo Qingli, such as orchid, but what she said is mysterious and shocking.

Luo Qingli said, "I saw with my own eyes the coming of the reincarnation book, which was almost to fall into the real world. Unfortunately, at the last moment, the volume of reincarnation book turned into robbery ashes in the void."

"The annihilation of the book of reincarnation led to the destruction of the Lord of reincarnation in that life, and the tomb palace collapsed completely, and countless strong people fled."

"However, on the way of constantly trying to create the book of reincarnation to the world, many tomb palace strongmen have also received the blessing of reincarnation, and really have the ability to change the past."

"The book of reincarnation, the supreme artifact, has the most terrifying effect of changing the past!"

Ye Chen's heart contracted inexplicably: "change the past?"

Luo Qingli said, "yes, the past has happened, and it is very difficult to change."

"Most of the strong in Wuwu space and time will focus on the future timeline."

"The so-called no time and space is actually the convergence of countless future concepts."

"But few people have studied the concept of the past."

"Because the past has really happened, it is extremely difficult to change."

"But if you really succeed in changing the past, you can have a terrible impact on the current timeline."

Ye Chen had some trouble with his scalp and said, "the Lord of reincarnation in that life, creating the reincarnation book is to master the ability to change the past?"

Luo Qingli said, "yes, once you have the ability to change the past, it's really terrible."

"Think about it. If I go back to your past and kill you when you were a baby, you won't exist."

"If the cause and effect of the past are projected into reality, you will immediately disappear, because you never existed in the past."

Ye Chen was creepy and said, "this is really an extremely terrible ability!"

If you change the future, even if you erase one's future, it will not affect the reality at this moment.

But if you change the past, you can easily destroy a person!

Luo Qingli then said, "also, if you want to make yourself strong, you can also go back to the past and correct all the mistakes you have made and the detours you have taken in practice."

"In this way, you can become strong immediately and don't have to hope for the future at all."

Ye Chen nodded and said, "if this reincarnation book can be made, it's really terrible."

Luo Qingli said, "yes, although the Lord of reincarnation in that life failed, everyone in the tomb palace is studying the book of reincarnation, and they have acquired some ability to change the past."

"If you can summon the strong in the tomb palace, you may be able to kill the ancestor Tianxin from the root by changing the past."

Ye Chen hurriedly asked, "where are the strong men in the tomb palace now?"

Luo Qingli thought for a moment and said, "I don't know. I know that the wilderness and the earth are the most powerful. They span the long river of history and leave many legends. They are the guardians of the Lord of reincarnation in that life."

Ye Chen murmured, "protector?"

Luo Qingli nodded gently, "the Lord of reincarnation in that life, in fact, has no protector. Later, he fantasized about creating reincarnation to the world book and kept studying it, which really gave him the ability to change the past."

"He changed his past, thinking that he also had a defender, so he could take fewer detours."

"Then, the end of heaven and the old earth were born from fantasy, and they really became the guardians of reincarnation."

For reincarnation, the protector is too important.

Reincarnation blood is special, and there must be countless disasters and twists in the process of growth.

If there is no protector, it is easy to fall.

Ye Chen in this life, it is precisely because he has any extraordinary Guardian that he has avoided many killing catastrophes. He has been practicing until now and has the ability to be alone.

I think that the Lord of reincarnation in that life, without a protector, had a very miserable life. Even in the end, in order to make up for his regret, he actually created two strong men from his fantasy to change the past.

Ye Chen's previous life, and Xuan Jiyue have also created "heaven and earth are old", but not a protector, but a guardian beast.

The title "heaven and earth are old" has been circulating since a very ancient reincarnation.

Ye Chen's previous life and Xuan Jiyue created the "heaven and earth are old", which secretly took care of the ancient cause and effect.

Luo Qingli said, "heaven and earth are the guardians of reincarnation. They are powerful enough to kill Tianxin Laozu and help you win the Tianbei."

"Although the Lord of reincarnation fell, the book of reincarnation turned into ashes, and the end of the world was also hit hard."

"But after all these years, they should also recover."

Ye Chen said, "where am I going to look for heaven and earth?"

Luo Qingli said, "sorry, little brother, I don't know. Maybe you can ask sister Ye."

Ye Chen nodded, thinking that the existence of the tomb palace, the book of reincarnation, the end of time, and so on, are very ancient secrets.

If you want to really crack these secrets, you may have to ask Ye Mu to do it.

Ye Chen knew the existence of the tomb palace and had a way to solve the problem of Tianxin ancestor. Instead of relying only on Tiandou datu sword, he was also much more stable in his heart.

Luo Qingli hugged Ye Chen, bit his ear, and said, "little brother, don't forget, before you solve the problem of Tianxin, you have to help me deal with the bone emperor."

Ye Chen said, "I know."

At that moment, ye Chen and Luo Qingli continued to hug and kiss in the water, which lasted for several hours, and the day was bright.

"We've been making out for a little too long... Let's go out."

Luo Qingli finally found the problem, and his cheeks flushed, very embarrassed.

Ye Chen was also embarrassed, so he nodded, tidied up his clothes with Luo Qingli, and surfaced again.

Xiao Jing and Ren Feifan, who did not know how long they had been waiting on the bank, finally came out when they saw Ye Chen and Luo Qingli, and their frowns loosened.

"Sister Qingli, why have you been so long?"

Xiao Jing asked.

"Cough... Little brother, his Dantian was seriously injured. I helped him repair it. It won't be too long. Anyway, the ancestor of Tianxin isn't here. The emperor of bone heaven is cautious and won't come rashly."

Luo Qingli's cheeks were still flushed, and it was incredible to recall the entanglement with Ye Chen just under the water.

Chapter 8698

She thought, "do I really like Ye Chen's little brother, or am i attracted by the special charm of his reincarnation blood?"

She had no answer in her heart, but felt like a dream, and everything was very unreal.

Ye Chen is now out of the water, and his mind has completely recovered. When he goes to see Luo Qingli again, he can exercise restraint and won't have any thoughts anymore.

"Isn't father Tianxin here?"

Ye Chen asked in surprise.

Luo Qingli said, "yes, he has run out to take refuge."

"Before, he wanted to come to the hidden island and seize the Wu Tianbei and annihilation Tianshu, but he was taken advantage of by the ancient star gate."

"Gu Tiandi, one of the five heavenly emperors of the ancient star gate, took the opportunity to break through the fantasy array and come to the heart of heaven."

"The bone emperor came with a complete posture, and there was no limit to his cultivation. The father of the heavenly heart was not an enemy, so he could only temporarily avoid the edge."

"However, his Nirvana temple, protected by a special large array, was not destroyed by the bone emperor."

Ye Chen took a breath slightly. The bone emperor was strong enough to rival the demon girl, and came in a complete posture. It was really incredible terror.

"Sister Qingli, the cultivation of the bone emperor is unlimited. Can we really defeat him?"

Xiao Jing on one side also felt dangerous and frowned.

"Yes, my little brother Ye Chen and I, plus the extraordinary Immortal Emperor, together, we can defeat the bone emperor."

"When the bone emperor came to the heavenly heart region, he actually wanted to dominate the heavenly heart region and use it as a stronghold to hunt me."

Luo Qingli looked a little helpless. She was gentle and didn't like fighting.

But if others want to hunt her, she can't wait to die. She must take action.

Gu Tiandi's mind is also meticulous. He knows that his strength is too strong to come to the real world.

Once he came to reality, there was no ritual preparation, and the mere reversal of laws and regulations was enough to tear him apart.

Therefore, he needs a stronghold.

Tianxinyu is the best stronghold!

Because this is a fantasy world, not subject to the laws of reality.

If you come here, you can preserve your complete strength.

Now the situation is a little delicate. The ancient star gate bone emperor, the father of annihilation Temple Tianxin, and ye Chen are fighting openly and secretly, but I don't know who can laugh last.

When Tianxin was taken advantage of, he would certainly not give up, and would certainly find a way to recapture the territory.

This delicate situation is full of danger and chaos.

Ye Chen shook his head and didn't think much.

The top priority is to help Luo Qingli first and solve the bone emperor.

"Gu Tiandi's cultivation is strong. I can set up a water god field first to suppress his breath..."

Luo Qingli already had a plan to deal with the bone emperor, so he wanted to elaborate.

"Water God, battle is the last step. I'll talk to bone emperor first."

Ren Feifan interrupted Luo Qingli's words. In fact, he didn't want to fight with Gu Tiandi.

The strength of the bone emperor is extremely terrifying.

If the war really starts, ye Chen's side, even if it can win, the price must be terrible.

At that time, it will be difficult to fight against Tianxin Laozu again.

If it can be solved peacefully, it would be better.

"Extraordinary Immortal Emperor, do you want to persuade bone emperor to give up hunting me?"

This is impossible. "

Luo Qingli shook her head. She was chased and killed by the bone emperor for thousands of years. She knew that the horror of the ambition of the ancient xingmen was to hunt all gods, and took it as a sacrifice to summon the fantasy Xuanyuan king.

As the God of water, she is one of the nine gods. How can the ancient xingmen let her go?

Ren Feifan said, "I have spread my will and called the bone emperor to come and talk. He probably doesn't want to meet me in life and death."

Luo Qingli stretched out his tongue and said, "extraordinary Immortal Emperor, your face is really big. How can you know everyone, and everyone wants to be friends with you."

Ren Feifan smiled and said, "it's not my face, it's reincarnation. Wait, the bone emperor should come soon."

At that moment, ye Chen, Luo Qingli, Xiao Jing and Ren Feifan waited in place.

At noon, when the sun was the hottest, a whimpering wind circulated in this cave world.

Click click!

The earth suddenly vibrated, and the ground cracked. Unexpectedly, sections of bones turned out from under the ground.

Mountains are also cracked, extending bone spurs, sharp, if you want to pierce the sky, it is very spectacular.

In the blink of an eye, the whole cave world became a white bone world, full of desolate bones.

"Is the bone emperor coming?"

!"

Xiao Jing was thrilled.

Ye Chen was also on alert and drew out the reincarnation sword.

Luo Qingli had already launched a water god field, enveloping Ye Chen, Xiao Jing and Ren Feifan, and was not affected by the white bone riots outside.

Click click!

In the void, there are also strange bones emerging, connecting into a long white bone bridge.

At the end of the long bridge, a young man, holding a girl, walked slowly.

The man's white hair was scattered, his face was with ancient indifference and numbness, and his eyes were also dead numb, as if nothing in this world could touch his heart.

His upper body is fine red, and the exposed muscle lines are as perfect as sculpture.

His skin was pale with black runes.

His back two shoulder blades, there are two bone spurs through the skin, sharp as a sword, facing the sun with a cold and white luster.

Chapter 8699

The girl he was holding had the same temperament as him, the same indifference and numbness, and her eyes were as silent as sculptures.

"Is this the bone emperor?"

"Wait, this girl!"

Ye Chen looked at the man and suddenly saw the girl led by the man. Her appearance seemed a little familiar.

Unexpectedly, it is eight points similar to Ji Lin!

Ye Chen suddenly looked and almost thought that the girl was Ji Lin.

But look carefully, the girl's face is bigger than Ji Lin.

Moreover, the girl's expression was indifferent, completely less lively than Ji Lin.

Ren Feifan said to Ye Chen, "it's not Ji Lin, it's the apprentice of the bone emperor, and it's also the saint of the ancient xingmen. It's called coral palace rain."

Ye Chen was stunned: "coral palace rain?"

Ren Feifan said, "yes, this coral palace rain is a peerless genius created by the bone emperor from his fantasy, which reposes the desire of the ancient star gate for the law of fate."

"Gu xingmen wants this coral palace rain to become the Supreme Master of fate in the legend."

Ye Chen: "Lord of fate?"

No wonder this coral palace rain is so similar to Ji Lin. "

All fantasy is related to reality.

In reality, jisiqing is the master of fate.

Ji Lin is Ji Siqing's sister.

Therefore, it is normal that the Lord of destiny created by the fantasy of the bone emperor is similar to Ji Lin.

However, this coral palace rain is only similar to Ji Lin, not Ji Siqing. It also confirms from the side that Ji Siqing's position is stable, and it is not easy to replace her as the master of fate.

Ren Feifan: "any holy and great existence needs the assistance of the law of fate. If you can't control destiny, no matter how great it is, it will collapse."

Ye Chen nodded. Indeed, even if he wanted to establish the supreme reincarnation heaven, he also needed the help of the law of fate to maintain the stability of the world and order.

Ren Feifan: "the ancient xingmen have great ambitions. In fact, their initial birth was related to the Tianbei."

"On the Tianbei, there is a Tiandi star hidden. This Tiandi star is the last of your seven reincarnation stars."

"If you want to awaken the last reincarnation star, you must get the Tianbei and refine it completely."

"At the beginning of Tiandi star, the stars shine on time and space, and the ancient Stargate was born from the dream of stars. They were in charge of the order of reincarnation from the beginning, but they didn't like this order."

"The order of reincarnation is that everyone is equal, there is a fixed relationship between life and death, good and evil, those who do good enjoy happiness, those who do evil suffer retribution, not affected by human will, and everything is determined by order and law."

"However, the ancient xingmen don't like this order. What they want is to dominate the world and be exclusive. One word determines people's life and death. They gave up the reincarnation order and dreamed of hunting the gods to create a great supreme God King, namely Xuanyuan king, who slaughters all time and space and is invincible forever."

"In other words, their ambition is too inflated and abandoned by reincarnation."

Ye Chen was shocked after hearing Ren extraordinary's words.

It turns out that this ancient star gate is actually related to the Tianbei, and even took charge of the order of reincarnation.

However, they are extremely ambitious and want to dominate the heavens, but they are finally abandoned by reincarnation.

Ren Feifan: "however, no matter what kind of world the ancient xingmen wants to build, it must control the law of fate. Therefore, the emperor of bone heaven, adhering to the will of the ancestors of the ancient xingmen, created this coral palace rain as the master of future destiny."

Ye Chen nodded, finally knowing the origin of the coral palace rain and all the origins of the ancient star gate.

The bone emperor smiled at Ren Feifan and said, "brother Ren, you're all right."

Coral palace rain bent over to salute Ren extraordinary: "Uncle Ren, long time no see, we are all waiting for you in wuwuwuspacetime, I thought you had soared."

Ren Feifan said, "I still have unfinished business in the starry sky in this world. I'll go to your ancient star gate later after I solve all causes and consequences."

Gu Tiandi smiled again, looked at Luo Qingli standing on one side and said, "brother Ren, are you going to stand out for the water god today?"

Ren Feifan said, "I can't say it, but she is kind to reincarnation. I need to repay her. Bone emperor, please look at my face and don't chase her again in the future."

The bone emperor laughed and said, "hunting the God of water is a dead order from the supreme emperor of the ancient xingmen. I can't disobey it. Brother Ren, please don't embarrass me, otherwise we will hurt our peace if we meet with each other."

Ren Feifan said, "I don't care if you hunt other gods. I just want you to let the water god Tianzun go."

Hearing the words, the bone emperor's eyes flashed a cold light, and his voice became cold, saying, "brother Ren, then I have to offend."

The voice fell, and the bone emperor suddenly burst out with a sniff without warning.

Click click!

His bones all over him also made bursts of popping sounds, and sharp bone spurs penetrated the skin and muscles, exposing them.

In an instant, he seemed to become a skeleton demon.

Ka!

A bone spur was broken off by the bone emperor, held in his hand, and stabbed at Ren extraordinary's heart like a spear.

This attack is sharp and murderous, and its majesty, crushing time and space, and breaking the road, has gone far beyond the scope of the Immortal Emperor. It is a means to truly surpass the first-class strong, and even comparable to the legendary Lord God!

Tianxinyu is a fantasy world, in which there is no restriction from reality.

In other words, the cultivation of the bone emperor has not declined at all, and it is in a state of prosperity and peak.

If he stabbed the world, he could stab thousands of layers of the world directly.

The terror of power has reached such a level.

Ye Chen and Xiao Jing were shocked to see the bone emperor's so fierce blow.

They have never seen such a terrible attack and killing momentum.

Luo Qingli also exclaimed, and wanted to help Ren Feifan.

Ren Feifan is a man in this world after all. He hasn't soared yet. How can he resist such a sharp blow.

However, in the face of the attack of the bone emperor, Ren Feifan did not panic at all, and his face was still calm.

He gently stretched out two fingers, and an incredible scene appeared. The bone spurs from the explosion of the bone emperor were gently clamped by his two fingers, and could no longer burst into half an inch.

"What!"

Seeing that Ren Feifan was so relaxed and blocked the blow of the bone emperor, ye Chen, Xiao Jing, Luo Qingli, coral palace rain and others were shocked.

Bone emperor was also stunned and couldn't believe his eyes.

He felt that at this moment, his strength was weakened thousands of times, leading to the attack and killing momentum of this bone spur, which was also weakened thousands of times, and was easily clamped by Ren extraordinary.

Ye Chen and others also saw that at the last moment, the breath of the bone emperor seemed to be cursed, and suddenly weakened.

Chapter 8700

"Have you changed my past?"

The bone emperor's face was distorted, and empress Cang took a few steps back, looking at Ren Feifan with a trace of horror in her eyes.

He clearly felt that at the last moment, his past timeline had been changed, adding countless hardships.

The past suffering, reflected in reality, is his strength, instantly weakened.

As a super first-class strongman without time and space, Gu Tiandi carefully protects all his existing timelines and will never allow anyone to tamper with them.

But just now, he felt that his past timeline had been tampered with by a terrible force, leading to the sharp decline of his current strength.

Bone emperor took a deep breath, his whole body worked with aura, and all kinds of laws floated, and the tampered timeline was quickly recovered.

Ren Feifan looked calm and said, "bone emperor, I have no intention of fighting with you. I advise you to give up chasing the water god."

Gu Tiandi was silent and stared at Ren Feifan. After a long silence, he asked in a puzzled and frightened tone, "are you in charge of the mystery of reincarnation?"

You controlled the reincarnation book and changed my past? "

Just now, his strength suddenly weakened, and the past timeline was changed. This is naturally an extraordinary means.

To change the past, it is difficult for even the super first-class strong.

Bone emperor can't do it.

Because the past has happened and is a foregone conclusion.

There are thousands of timelines in the future, but there is only one timeline in the past, which is very solid and almost unalterable.

Only the legendary book of reincarnation can have the great power to change the past.

That is the fifth supreme artifact that the former Lord of reincarnation wants to make, which belongs to reincarnation!

The book of reincarnation in the past has not been really created, and has already turned into vanity and ashes.

But Gu Tiandi clearly felt that Ren Feifan had mastered the secret of the reincarnation book and easily changed his past.

Ren Feifan said lightly, "the reincarnation book has long become a void robbery ash, how can I take charge?"

In short, in the past, I don't want to fight with you, as long as you give up chasing the water god. "

The bone emperor was silent.

Ye Chen looked at Ren Feifan, but was shocked to the extreme.

Luo Qingli said that Ren Feifan had a bottom card, even to the point of reaching the ultimate.

Is this card the ability to change the past?

Ren extraordinary controls such a power, even if he faces the bone emperor, he is not afraid at all.

"Is the reincarnation book in the hands of any elder?"

Isn't it turned into robbery? "

Ye Chen flashed countless thoughts in his heart, and he only felt that the cause and effect of Ren extraordinary was really complicated and confusing, and he couldn't see through it at all.

When Xinren Feifan fell into wuwuwuspacetime, after thousands of centuries, the things he experienced must be much more complicated than ye Chen imagined.

After a long silence, the bone emperor sighed, and finally made a decision, saying, "brother Ren, let the Lord of reincarnation compete with my apprentice."

"Let them compete for three moves. Whoever can win two of these three moves will win."

"If you win, I'll give up chasing the God of water. If I win, you quit this fight and don't get involved again. What do you think?"

When Ren Feifan heard the proposal of the bone emperor, he frowned slightly and said to Ye Chen, "Ye Chen, what do you think?"

Ye Chen heard that he wanted to fight by himself. His heart was cold, and his eyes looked at the coral palace rain.

He felt the breath of coral palace rain. He would not be more than a thousand years old. His cultivation background was about the same as ye Linyuan in the past, and he was also a quasi Immortal Emperor.

He is not over a thousand years old, but his cultivation has reached the quasi Immortal Emperor. It is conceivable that the natural strength of coral palace rain is a figure born according to the will of the ancient xingmen.

If there is a decisive battle between life and death, ye Chen may be very difficult to face such a strong man.

However, if it's just a three trick competition, without worrying about the consequences, he is very sure.

"Senior, I can."

Ye Chen nodded.

Coral palace rain also nodded gently, turned out a purple soft sword with a slender hand, and said, "Lord of reincarnation, I've heard of you for a long time, so let's learn three tricks."

While talking, the rain in the coral palace stepped out gently, and the purple brilliance bloomed under your feet, turning into a vast world, in which the long river of destiny flowed.

If you cover her face and only feel her breath, ye Chen still thinks he is facing Ji Siqing.

Because the breath of coral palace rain is very similar to that of Ji Siqing, and it also has the dignity of destiny Avenue.

Ren Feifan looked at the coral palace rain, his eyebrows were also slightly frowned, and said, "bone emperor, are you not afraid to suffer the punishment of the road if you steal the law of fate?"

The emperor of bone heaven laughed and said, "my disciple is the master of future destiny. She is the embodiment of destiny. How can she be regarded as stealing?"

Ren Feifan smiled, didn't speak anymore, and motioned to Ye Chen.

Ye Chen took a deep breath, held the reincarnation sword tightly, and also strode out.

WOW!

The weather of reincarnation in heaven appeared around Ye Chen, facing the coral palace rain faintly.

The two people looked at each other, and their eyes reflected each other's figure.

Ye Chen was extremely alert. This coral palace rain came from wuwuwu time and space. He must have mastered many Wuwu secrets, and his strength is definitely much stronger than the ordinary quasi Immortal Emperor.

"Lord of reincarnation, please advise!"
