

Physician 8701

Chapter 8701

Yumei's eyes of coral palace flashed a touch of linglie, suddenly waved a purple soft sword, and a sword hissed out. The vast destiny purple awn converged on her sword, even with a trace of the law of cause and effect fluctuation on it.

"Crape myrtle fatally beheaded!"

An unparalleled sword came out of her hand, with fatalistic Majesty on the blade, to suppress everything.

However, with the help of Wu Tianbei, he can indirectly control the power of annihilating Tianshu.

Wu Tianbei and Ji Mie Tianshu are integrated, falling from the sky. The golden light floats, the Buddha's light flickers, and the Qi of Ji Mie Buddha turns into three thousand miles. In the void, there is a majestic atmosphere of Ji Mie Buddha, which is to dispel all demons and suppress everything.

The heavy Wu Tianbei, with the prestige of annihilating the heavenly book, fell hard on the coral palace rain.

This is Ye Chen's second move!

"Good means!"

Seeing ye Chen's fierce move, the bone emperor also couldn't help but express his appreciation.

Luo Qingli and Xiao Jing are also happy when they see this. If ye Chen wins another move, there is no need to compare the third move.

However, their joy did not last long.

Coral palace rain saw that the Wu Tianbei fell, and the majestic Buddha Kingdom rolled down, and her expression did not change at all. She pinched a formula, and the stars were blooming all over, and the singing of reincarnation sounded in the void.

"Tiandi xingmen, come!"

A huge portal, with stars shining and the heavens floating, rumbled down from the void above the coral palace rain.

That door was filled with the majesty of reincarnation.

Ye Chen was shocked in his heart. When he looked at the door, he felt the reincarnation Seven Star pulse in his body, violently shaking, and actually resonated with the emperor star gate that day.

Under the insight of heaven, ye Chen immediately knew that the emperor star gate that day came from reincarnation!

Long, long ago, the ancient star gate was born from the dream of Tianbei.

The Tiandi star hidden on the Tianbei brings the initial strength to the ancient xingmen.

They collected the light and aura of Tiandi star and created a great artifact, that is, Tiandi xingmen.

This Tiandi xingmen is a symbol of reincarnation order, and it is also a witness that the ancient xingmen once took charge of reincarnation order.

As soon as the Tiandi Stargate comes out, the majestic reincarnation pressure will burst in the world.

Wisps of bright heavenly star light burst out.

Ye Chen's Wu Tianbei and Ji Mie Tianshu, all the divine power and atmosphere, under the penetration of those stars, all turned into nothingness.

Before hitting the coral palace rain, his Wutian monument was blocked by the Tiandi xingmen and bounced back.

In the rain's eyes of coral palace, a killing opportunity passed by. She urged the star gate of the emperor of heaven, and thousands of stars turned into thousands of flying swords, overwhelming Ye Chen.

Chapter 8702

In the rain's eyes of coral palace, a killing opportunity passed by. She urged the star gate of the emperor of heaven, and thousands of stars turned into thousands of flying swords, overwhelming Ye Chen.

This is a crazy killing without artifact. It can even kill the Immortal Emperor!

Ye Chen is also creepy in the face of such a terrible attack.

But at this time, a strange scene appeared.

The star light flying sword from the star gate of the emperor of heaven was about to cut Ye Chen, and ye Chen's body emitted a layer of blood light.

Blocked by this layer of blood light, those starlight flying swords all collapsed and completely eliminated.

"MY reincarnation blood is guarding me."

"In other words, the emperor xingmen that day can't hurt me, the Lord of reincarnation."

Ye Chen saw this and his eyes coagulated slightly.

Tiandi xingmen was born from reincarnation and was also subject to reincarnation. Naturally, ye Chen, the Lord of reincarnation, would not be hurt.

Coral palace rain saw all the starlight flying swords, all crumbled, and the willow eyebrows immediately wrinkled. He wanted to urge the Tiandi xingmen again, but he found that he couldn't.

That day, the emperor star gate was buzzing. If he was spiritual, he would not attack Ye Chen.

Even, I want to get rid of the control of coral palace rain and submit to Ye Chen.

Seeing the rain in the coral palace, the sculptural silent eyes changed violently, showing great shock and disappointment, and hurriedly put away the Tiandi Stargate.

"Brother Ren, the second trick is that we won by luck."

Bone emperor took a step forward and said first.

In the competition of the second move, although the rain in coral palace didn't hurt Ye Chen, the weather of emperor xingmen that day was obviously much worse than ye Chen's Wu Tianbei.

In the competition of this move, it can be said that coral palace rain won.

Ren Feifan said, "the Heavenly Emperor xingmen is the magic weapon of reincarnation. It's unreasonable for you to forcibly occupy it. You'd better return it to us."

The bone emperor laughed and said, "if the Lord of reincarnation you guard can really take charge of the peak, it doesn't matter if I return the magic weapon, but before that, he hasn't been qualified to take charge of the Tiandi xingmen!"

"His reincarnation Seven Star pulse only awakened the first dragon life star. I'm afraid it's still very far away from the full awakening of the seven stars and reaching the peak."

Ren Feifan stopped arguing and said, "you don't want to return it. Don't blame me for reminding me before I'm free and competing for the third move in the future."

The bone emperor nodded and said to the coral palace, "disciple, there is one last move, take out your cards."

Coral palace rain said, "yes, master."

Ye Chen was slightly dignified. The competition of this last move was the key to victory or defeat, but she didn't know what the bottom card of coral palace rain was.

Pattering.

Suddenly, there was a drizzle between heaven and earth.

The drizzle is flying, the water mist is diffuse, the air is filled with hazy images, and there are pieces of white petals, I do not know where they come from, floating with the drizzle, like a dream.

Hum!

Behind the coral palace rain, the water vapor gathered and turned into a crystal like mirror.

"The rain and flowers in the mirror change like a dream."

Coral palace rain sang gently, and the water mirror suddenly changed, one into two, two into four, four into eight. In the blink of an eye, I don't know how many changes have occurred, forming a mirror wall, trapping Ye Chen inside.

Ye Chen was surprised. Looking around, he saw that he had been completely surrounded by mirrors.

"If you can break through the trap of my water mirror, you will win."

"If you can't break through, you have to die here."

In the front mirror, the figure of coral palace rain appeared. After she said a cold word, her figure immediately disappeared into the mirror and disappeared.

All mirrors reflect Ye Chen's appearance.

Ye Chen's face sank, knowing that this was the bottom card of coral palace rain, a very strange water mirror secret.

Outside, Ren Feifan, Xiao Jing and Luo Qingli all looked dignified when they saw Ye Chen trapped in the water mirror.

Ren Feifan looked at Luo Qingli and said, "is this your magic power?"

God of water. "

Luo Qingli said, "well, it's a divine skill I used to control, called flying flower rain mirror, which is one of the thirty-three divine skills. Unfortunately, it was later deprived by the ancient star gate. I didn't expect this coral palace rain to be able to practice."

She has been chased and killed by the ancient xingmen for many years. Although she did not die, the price was also huge. Many powers were taken away from her Godhead, including this flying rain mirror technique.

The bone emperor laughed and said, "thank you, God of water. The Lord of reincarnation today may die under your old magic!"

Luo Qingli suddenly changed his face and said, "it's impossible. Little brother Ye Chen won't die. He must be able to break through."

The bone emperor said coldly, "do you think he, a monk in the hundred yoke realm, can break through the trap of the thirty-three gods?"

Brother Ren, admit defeat. I can let the boy out right away. "

Ren Feifan said, "before the last moment, the victory or defeat is still uncertain."

The bone emperor laughed and stopped talking.

In the water mirror, the drizzle is flying, mixed with white petals.

Ye Chen felt the drizzle around, and the petals were actually containing a sharp edge, which was more powerful than the sharp needle of the sword.

When the drizzle fell on his skin, he felt as if there were needles penetrating hard, and a burst of heart piercing pain.

And when those petals crossed his cheek, his face was immediately marked with a ferocious mouth of blood.

"Hehe, it's a little interesting."

Ye Chen felt the sharp edge of the drizzle and flying flowers around, and his eyes also flashed a cold light. The ancestor of the rock god, Zhaowu Lingyu, offered up and turned into a Zhaowu shield to protect his body.

Chapter 8703

Hiss!

Then, ye Chen cut out with a sword, and the free atmosphere riot swept and crushed all the drizzle and flying flowers flying around.

The fierce sword Qi, with its remaining power unabated, broke out towards the mirror wall in front.

However, a strange scene appeared.

When ye Chen's sword Qi attacked the water mirror, his sword Qi actually reflected from the water mirror and killed himself.

Seeing this, ye Chen's eyes shrunk slightly, and he leaned away from the reflected sword Qi.

"It can reflect my attack."

Ye Chen's eyes flashed a trace of dignity, and he also felt that the strangeness of those water mirrors could reflect people's attack.

All means of attacking the water mirror will turn to kill themselves.

"Give you a chance to admit defeat."

The sound of coral palace rain echoed in the void, and her figure also appeared in the thousands of water mirrors around.

"What if I don't admit defeat?"

Ye Chen sneered.

"Then die!"

The sound of coral palace rain was cold, and with a flick of his palm, patches of drizzle flying needles, mixed with white petals, were dreamlike, murderous, and overwhelming, killing Xiang Ye Chen.

Behind such a dreamy scene, there is a terrible killing.

"Dragon life star, open!"

Ye Chen drank violently, and the reincarnation star pulse in his body vibrated, directly opening the Dragon life star. The violent Dragon Gas exploded and turned into hundreds of millions of divine dragons, blocking all the drizzle flying needles from the coral palace rain.

"You have only awakened a life star, and you can't stop my killing, or just admit defeat."

The slender body of coral palace rain leaped out of the water mirror, dancing in the field like a flying butterfly.

She carried a thin sword in her hand. Under the strangulation of the thin sword, hundreds of millions of dragons around Ye Chen were all strangled.

With the sword in her hand, she suppressed the power of Ye Chen and Long Teng Mingxing.

"You can't suppress me!"

Ye Chen's eyes were cracked, and the reincarnation blood in his body burned to the extreme. The momentum of the Dragon Star exploded again, and the terrible dragon weather reappeared.

Click!

Ye Chen clenched his fist, and the blood dragon hovered on his fist, and hit the body of coral palace rain.

The rain face of coral palace did not change color, and his body flashed into the water mirror.

Ye Chen hit his fist on the water mirror and was reflected again. All his fists bounced back.

WOW!

He spread the wings of freedom behind him and flew into the air, avoiding the counterattack of his fist. His face was very ugly.

He looked up and saw that there were also mirrors on his head, forming a spectacular dome. If he wanted to fly out, he had to break these mirrors.

But the problem is, these water mirrors are so weird that any attack will be reflected. How can they be broken?

Countless thoughts flashed in Ye Chen's heart, and a trace of determination rose in her eyes.

"Lei Yin in the sky, sacrifice it to me!"

At this moment, ye Chen didn't hesitate at all. Unexpectedly, he sacrificed the thunder seal from the sky, the ancestor of the God of thunder, and directly sacrificed it.

Boom!

The thunder seal sacrifice in the sky suddenly erupted into a violent thunder force, converging on Ye Chen's palm.

Ye Chen took a deep breath and suddenly drank:

"Heaven and earth mother source palm, break it for me!"

The violent thunder burst, and ye Chen's palm also erupted into a terrifying and unparalleled momentum.

The ancient source gas shines brightly, and the martial arts blow up, just like controlling heaven and earth and creating all things.

A golden palm print, bigger than the starry sky, vaster than the universe, and more spectacular than the heaven and earth, burst out from ye Chen's hand and roared towards the water mirror in front of him.

This palm is so domineering and ferocious, and its power is simply incredible. It has been detached from reality, dominating the world and threatening the universe.

This is not the martial power that the real world can have, this is the authority of Wuwu!

This palm is the mother source palm of heaven and earth, one of the legendary thirty-three divine arts, and the prototype of the mother sword formula of all things!

In order to break through the blockade of the water mirror, ye Chen turned out to be the mother of heaven and earth.

He wanted to see how powerful the water mirror could be and whether it could reflect the power of his palm.

His palm even had the sacrificial power of the thunder seal in the sky. The thunder burst and shone, and the power was very terrible.

Boom!

An earth shattering slap slammed on the water mirror.

Click!

The water mirror burst, completely unable to stop Ye Chen's palm power, but also unable to reflect.

The power of Ye Chen's palm has gone beyond the scope of water mirror.

Click click——

A series of dense popping sound, all water mirrors, all smashed.

Ye Chen broke out with a palm, his body was shining with thunder, and his golden awn was vast and powerful, as powerful as the ancient god of war.

"Puff!"

After the water mirror was broken, the body shape of coral palace rain also fell out, fell to the ground, vomited blood, and her pretty face was already pale.

Seeing this, Gu Tiandi was extremely shocked and stared at Ye Chen: "so you also learned the thirty-three divine arts?"

This is impossible! "

Ye Chen laughed and didn't answer. In fact, it was he who sacrificed the thunder seal in the sky and wielded the mother of heaven and earth palm. The breath consumption was too great, and he didn't even have the strength to speak.

He knows that the skill of water mirror of coral palace rain is also the skill of 33 gods. If you want to make a breakthrough, it may not be enough to rely on the palm of the mother of heaven and earth alone.

Therefore, he even sacrificed the thunder seal in the sky in order to enhance his power.

Although the cost was huge, he finally broke through.

He won this competition.

"Master, I lost."

Coral palace rain looked extremely depressed, bowed his head and said gloomily.

The bone emperor sighed and said, "it's not unjust to be defeated by the Lord of reincarnation."

Seeing this, Xiao Jing and Luo Qingli also cheered.

Ren Feifan said, "bone emperor, since you lost, according to the agreement, you are not allowed to pursue and kill the God of water in the future."

Bone emperor was silent for a while, then nodded and said, "I know, brother Ren, I won't break my promise."

"However, if I give up chasing, I will leave the heart of heaven and return to no time and space."

"If I leave, the father of Tianxin loses his suppression, and you want to seize the Tianbei, it is impossible."

"Hehe, if I am here, Tianxin Laozu at least dare not be too rampant."

Ren Feifan said, "we don't need you to take care of our affairs. I'm just curious. Are you Gu xingmen not interested in Tianbei?"

Gu Tiandi said, "yes, but not now. The time has not come yet. Hehe, our ancient xingmen was born from the star dream of the Tianbei. The Tianbei originally belongs to us. When the time comes, we will naturally recapture it."

Ren Feifan laughed and said, "I'm afraid I can't do what you want."

Gu Tiandi said, "well, brother Ren, then I'll leave. Take care of yourself. The potential of Tianxin Laozu is actually very terrible. After all, he is the spirit of Tianbei. Be careful not to let him have a realistic body, otherwise he will really go against the sky."

Chapter 8704

The ancestor of Tianxin is a tablet spirit. In fact, he is a spiritual body and does not have a realistic body.

Without a realistic body, activities in the real world will be limited by many laws.

Under this restriction, although Tianxin Laozu was strong, he was not strong enough to be invincible.

But if he has a real body, it's really going against the sky.

Ren Feifan said, "I know that before he has a real body, we will kill him and seize the monument."

The emperor of bone heaven smiled and said, "the monument will be handed over to you for safekeeping that day. When the time comes, I will take it back by myself."

Ren Feifan seemed to notice something, and suddenly said, "do you want to kill Wu Zu?"

Gu Tiandi's expression stiffened for a moment, and then nodded: "yes, Wu Zu is trapped in a forbidden area of our ancient xingmen. We have always wanted to kill him. Unfortunately, his cultivation is too strong, and he already has the strength of the real Lord God level. Even compared with the former nine gods, he is even more vicious, and it is very difficult to kill him."

"But if we can kill him, our ancient xingmen's luck will grow to an unnatural level, and then we will be able to accept Tianbei again."

When ye Chen heard the words of the bone emperor, his heart immediately contracted.

It turned out that the time for the bone emperor to say was not yet up, that is, Wu Zu was still alive.

Now the most important thing of the ancient star gate is to kill Wu Zu, not to rob the Tianbei.

After killing Wu Zu and seizing all the orthodoxy and fortune of Wu Zu, it is time for them to seize Tianbei and establish hegemony.

"One day, I will enter wuwuwushizun and save him from the ancient Stargate!"

Ye Chen bit his teeth and secretly made up his mind.

However, he did not show his determination.

Now his strength is not enough, and he is not qualified to be arrogant in front of the bone emperor.

Ren Feifan said, "you can't kill Wu Zu. If you force yourself, you will only be backfired."

The bone emperor smiled and said, "ha ha, let's wait and see, brother Ren, see you in the Jianghu."

After that, the bone emperor took the hand of coral palace rain, and a white bone channel ran through time and space. He took coral palace rain, set foot on the road of white bones, and gradually disappeared.

"Extraordinary Immortal Emperor, little brother Ye Chen, thank you very much!"

Luo Qingli saw that the emperor of bone heaven had gone, and was immediately overjoyed and thanked Ye Chen and Ren Feifan.

She was chased and killed by the bone emperor for thousands of years. Now she is finally free, and her heart is naturally happy.

"Cough..."

Ye Chen was about to say something, but he was so weak that he coughed, shook his body and was about to fall.

Just after the battle with coral palace rain, he used the heaven and earth mother source palm, which consumed too much.

"Little brother, are you all right?"

Luo Qingli hurried over, held Ye Chen, touched Ye Chen's cheek, and kissed his lips.

Ye Chen immediately felt a warm aura, which filled his body, and his weak body quickly recovered.

Luo Qingli is worthy of being the God of water. Her kiss is more effective than any pill technique.

Ye Chen just looked weak, but he soon became powerful.

Xiao Jing saw that Luo Qingli actually kissed Ye Chen, and immediately covered her mouth. Her face was surprised, and her cheeks were crimson again. She had guessed what the two had been doing under the water for so long.

Let extraordinary look indifferent, but it's no surprise.

Reincarnation blood is very special and has a unique attraction to the opposite sex. Even if Luo Qingli is the God of water, it is difficult to resist this charm.

"Thank you, Miss Qingli."

Ye Chen recovered, smiled bitterly and thanked Luo Qingli.

Luo Qingli said "Hmm" and said, "you're welcome."

Ye Chen glanced at Xiao Jing and said, "Miss Xiao, your father misses you very much. Come back with us."

Now ye Chen Dantian's injury has completely recovered, and his state has returned to the peak. He has the possibility of impacting the Tianxuan realm.

However, before attacking the Tianxuan realm, ye Chen naturally had to solve the cause and effect of Xiao Jing and send her back to the spirit ancestor of beacon fire.

Xiao Jing also remembered her father, and immediately nodded a little excitedly, "OK!"

Luo Qingli was surprised and said, "little brother Ye Chen, no, you can't take sister Xiao Jing out casually, otherwise she will die."

Ye Chen was stunned and said, "why?"

Xiao Jing also looked at Luo Qingli with a little doubt.

Luo Qingli said, "in fact, sister Xiao Jing was injured by futu Xuan with Wuji daoshu."

"At that time, she was doomed to die."

"I forcibly exerted my magic power, reversed cause and effect, saved her life, and extracted the future timeline to recast her body."

"Her body has been living in the heart of heaven since she was born. Her breath has been connected with the heart of heaven and earth, and she can't leave. If she goes out, she will die immediately."

Xiao Jing suddenly felt gloomy: "sister Qingli..."

She also knew that it was not easy for her to leave the heart of heaven.

Ye Chen frowned and asked, "is there a solution?"

Luo Qingli said, "little brother, there are two ways to solve this problem. The first one is that you repair with sister Xiao Jing and give her reincarnation, so that she can get rid of all restrictions and return to reality."

"Well, but I don't think you'll agree."

Xiao Jing heard about Shuangxiu, her cheeks flushed and looked at Ye Chen.

Ye Chen coughed, shook his head and said, "sorry, I have too much cause and effect on my body to be casually involved."

Chapter 8705

"Qingli girl, what's another way?"

Hearing that ye Chen refused so simply, Xiao Jing was embarrassed and embarrassed, and inexplicably lost.

In fact, in that year, she was full of admiration for the Lord of reincarnation.

Ye Chen in this life, beyond all the reincarnation inheritors in the past, makes her heart beat unceasingly.

It's just that ye Chen doesn't want to be infected with any cause and effect anymore, and she won't have any chance to get close.

Luo Qingli said, "there is another way, that is, to find the congenital stone. The first Tianshi is a trace of aura leaked from the Tianbei, which is gathered together. It has extremely abundant energy and is related to the earth's veins in the heart of heaven."

"If sister Xiao Jing can get the congenital stone, she can get rid of the limitations of the heart of heaven and return to the real world."

Ye Chen asked, "where is the first Tianshi?"

Luo Qingli was helpless and said, "in the hands of Tianxin Laozu, he had already left Tianxin domain in order to avoid the killing of Gutian emperor, and even if he was in Tianxin domain, it would be difficult for him to seize xiantianshi in his hands."

Ye Chen's face sank, and Luo Qingli's two methods didn't work, which was troublesome.

Xiao Jing said, "sister Qingli, do you have any other way?"

I want to go back and see my father. "

Luo Qingli said, "well... I can use my magic power to protect you temporarily, but it can only last for one month. Within this month, you can either practice with Ye Chen's little brother and get the nourishment of reincarnation blood, or find the congenital stone, or you must return to the heavenly heart region and never go out again."

Xiao Jing said, "only one month?"

Luo Qingli said, "the Zihuang fairy palace where your father is located has a deep foundation. Maybe there is another way to help you. It's not certain. I'll give you shelter first."

She took Xiao Jing's hand and painted a magnificent water protection array on the palm of Xiao Jing's hand.

Under the protection of this water protection array, the breath of Xiao Jing suddenly became a lot more gentle and gentle.

"Sister Qingli, thank you."

Xiao Jing looked at the protective array in the palm of her hand. She was also grateful and thanked Luo Qingli.

Although this Guardian array can only last for one month, it is naturally the best thing to let her go out and reunite with her father.

Luo Qingli laughed and said, "sister Xiao Jing, you don't have to thank me. You should thank little brother Ye Chen. If he hadn't defeated the bone emperor, I wouldn't dare to use my magic power, otherwise they would find me, hee hee."

Xiao Jing looked at Ye Chen, looking a little complicated and shy, and whispered, "thank you, brother Ye Chen."

Ye Chen said with a smile, "it doesn't matter. I promised the spirit ancestor of beacon fire to take you out."

Luo Qingli said, "little brother Ye Chen, if you meet a person named Xuanshui Zun after you go out, give him the tear of the God of water."

She offered a tear shaped crystal to Ye Chen.

"What is this?"

Ye Chen took the tear crystal and vaguely felt that there was magnificent energy in the crystal.

Luo Qingli said, "this tear is the relic left by my senior sister, and the Xuanshui statue is my former disciple. If you see him, give him this tear, and he will understand."

Ye Chen: "is it the relic of your senior sister?"

Luo Qingli said, "yes, in fact, the original God of water is not me, but my elder martial sister. I'm just an heir. Alas, but these are the causes and effects of the past. You don't need to pay attention to them. Just give this tear to the emperor of Xuanshui."

Ye Chen nodded and accepted the drop of God's tears, saying, "well, if I see the emperor of Xuanshui in the future, I will give this tear to him."

Luo Qingli said, "thank you very much. Oh, and after you go out, if you want to close down the strong man of the tomb palace again, you can ask sister Yemu. She should know a lot of secrets."

Tomb palace was an extremely mysterious force in the past, which was once held by the Lord of reincarnation.

In the previous life, ye Chen took charge of the yin-yang temple, which may be like the transformation of the tomb palace. Unfortunately, ye Chen in the previous life fell too early.

The Lord of reincarnation, who created the tomb palace, wants to create a reincarnation book and has the ability to change the past.

The strong in the tomb palace, in the process of constantly participating in the casting of the reincarnation book, also understood a magical power to reverse the past.

Among the many strong ones, the most powerful are the heaven and earth. They are the guardians of the Lord of reincarnation in that life, and masters born from the illusion of reincarnation.

If ye Chen can close down the strong in the tomb palace, especially get the help of heaven and earth again, he may have the opportunity to change the past, erase the ancestor of Tianxin from the root, and thus successfully seize the Tianbei.

Moreover, the former tomb palace is also inextricably linked with the reincarnation cemetery.

If you can take charge of the tomb palace, you may still have a chance to solve the ultimate mystery of reincarnation cemetery!

"I see. Thank you, Miss Qingli, for reminding me."

Ye Chen thanked Luo Qingli.

Luo Qingli smiled and said, "OK, I'll see you out. You go. Be careful."

While talking, she waved her slender hand, and the water vapor gathered, creating a water mirror.

In the mirror, what is reflected is not the appearance of Ye Chen and others, but the weather of Zihuang fairy palace.

This mirror is obviously a channel that can leave the heart of heaven and directly lead to the purple fairy palace.

At present, ye Chen, Ren Feifan and Xiao Jing said goodbye to Luo Qingli and stepped into the mirror. A flower in front of them has been separated from the fantasy world of the heavenly heart and returned to reality again.

In front of it is the Mountain Gate of Zihuang fairy palace.

The appearance of the three touched the mystery.

Boom!

At the next moment, within the Mountain Gate of Zihuang fairy palace, there was a shocking shock, and a sword Qi rose into the sky.

Then, an old and domineering figure, whose breath was like a big tomb, came down surrounded by many strong people in the purple fairy palace.

It is the spirit ancestor of beacon fire!

"Jing'er, is that you?"

The spirit ancestor of the beacon had sensed Xiao Jing's breath for a long time. Now, when he looked at it carefully, he saw his daughter, who appeared in front of him, feeling like a dream and unreal. He couldn't believe it.

He wanted to see his daughter so much that he even gave up everything for her.

"Dad."

Xiao Jing's eyes suddenly turned red when she saw the spirit ancestor of the beacon fire.

"Jing'er, it's really you, it's really you..."

The spirit ancestor of the beacon fire was trembling with excitement. He wanted to go over and hug Xiao Jing. For fear of hallucinations, he hesitated in situ and dared not go forward.

"Dad, I'm back."

Xiao Jing stepped forward, held the palm of the old spirit ancestor of the beacon fire, and whispered.

"Jing'er, it's my father who hurt you. Don't go anywhere in the future. Come back to the beacon field with me, and my father will protect you all your life."

The spirit ancestor of the beacon also held Xiao Jing's hand, and his voice trembled with excitement, showing domineering.

Chapter 8706

He is a great man at the level of Immortal Emperor, and he is in charge of the sword of the great tomb of the thirty-three heavenly gods. In the world of Taishang, few people can hurt him.

Even the non stepless strong, under the influence of the law of reality, most of their accomplishments are also limited, and it is difficult to suppress the beacon spirit ancestor.

"Dad, but..."

Xiao Jing silently opens her palm, on which is the watermark of the guardian array left by the God of water.

As soon as the beacon fire lingzu saw the mark of the guard array, he immediately saw the secret of heaven and knew everything. He trembled and said, "you... You can only stay in the real world for a month?"

Xiao Jing said gloomily, "yes."

The spirit ancestor of the beacon fire shivered, suddenly stared at Ye Chen, and said, "boy, you married my daughter! You repair with her, and immediately give her the power of reincarnation. My daughter is the heir of the God of water, and I don't want to insult you."

He knew that one of the ways to solve Xiao Jing's problems was to practice with reincarnation.

Ye Chen was immediately embarrassed and said, "master, take it easy. You have great powers. There must be a solution, and I don't need to worry."

The spirit ancestor of the beacon fire snorted and said, "why, you won't marry my daughter?"

Don't worry, I won't treat you badly. Are you ready to ascend to the heaven xuanjing immediately?

As long as you promise, I can help you make a breakthrough at all costs, even at the expense of my old life! "

In the heart of Fenghuo lingzu, only his daughter Xiao Jing.

He owed Xiao Jing too much at that time, and now he just wants to make up for it.

Even if he had to die, he had no complaints. As long as Xiao Jing could stay in the real world, he would not go back to the ghost place of tianxinyu.

After all, Tianxin domain is the territory of Tianxin Laozu. If Tianxin Laozu goes crazy one day, Xiao Jing will be in danger.

"Dad..."

Xiao Jing was also greatly moved when she saw that the spirit ancestor of the beacon fire loved her so much, but she knew that Ye Chen was really carrying too many causes and consequences, and she couldn't disturb Ye Chen anymore.

Ren Feifan said, "to be honest, your daughter really doesn't deserve the Lord of reincarnation. Don't be paranoid. It's impossible to accept the Lord of reincarnation as your son-in-law."

"Between us, the cause and effect have been settled. In the future, the two don't owe each other. Goodbye!"

Ren Feifan's words were very heartless.

Hearing this, Xiao Jing was immediately ashamed and embarrassed and embarrassed.

She also felt in her heart that she really didn't deserve Ye Chen, and she might have to ask Luo Qingli to come in person to make a match.

The spirit ancestor of the beacon fire was only angry and said angrily, "Ren Feifan, what are you talking about!"

In his anger, he drew out his long sword directly and was ready to start.

However, Ren Feifan looked indifferent, had torn the void, and left with Ye Chen.

"Miss Xiao."

Ye Chen only had time to look back at Xiao Jing and was quite apologetic.

Then, he and Ren Feifan disappeared into the purple fairy palace and returned to the star moon realm.

Xiao Jing saw that ye Chen had left, and her eyes were full of sadness.

The spirit ancestor of the beacon fire filled his chest with anger. Seeing his daughter's appearance, he was distressed and said, "jing'er, don't worry, even if there is no lord of reincarnation, Dad can protect you."

At present, the spirit ancestor of beacon fire took Xiao Jing into the Mountain Gate of Zihuang fairy palace, and used all resources to find a way to keep Xiao Jing in the real world.

In addition to reincarnation, there is another way to solve Xiao Jing's problem, that is, congenital stone.

However, the congenital stone is in the hands of Tianxin Laozu, and it is impossible to get it easily.

Beacon fire lingzu had no choice but to place hope on other methods.

.....

Ye Chen and Ren Feifan return to the star moon realm.

Wu Yao, Xia Ruoxue, Wei Ying, ye lu'er and xuanhanyu were all there, except Ji Siqing, who went out to practice again.

All the women were very happy to see ye Chen coming back.

Ye Chen's grandfather, ye evil god, was delighted to see that ye Chen's Wudao foundation had been repaired and said, "grandson, you can now impact the mysterious realm of heaven."

Hearing this, ye Chen was also quite excited and said, "Grandpa, then we will arrange a ceremony to prepare for the impact on the celestial realm!"

Tianxuan realm has always been the realm Ye Chen longed for, which is the realm of the real emperor.

Now ye Chenwu's foundation is restored, and his state is at its peak. It's time to impact his promotion.

Ye Xie said: "good! Grandson, you attack Tianxuan realm. This is the top priority of our reincarnation camp, which is related to the future life and death fate of the reincarnation camp, but you can't be careless. Brother Ren, cangxuan female emperor, Wu Yao, we have to make good preparations."

Ren Feifan said, "this is natural."

Xuan Hanyu said, "if there is anything I need, I can do it anytime."

He smiled gently at Ye Chen: "Ye Chen, if you need it, I can even give you my body."

Ye Chen hurriedly said, "the fairy is joking."

At present, Ren Feifan and ye Yishen spread their will and announced to the whole star moon world that ye Chen was ready to attack the celestial realm again.

Up and down the star and moon circles, suddenly boiling up, many reincarnation camp strongmen, came out to prepare the ceremony for ye Chen.

Even in the reincarnation blood palace, many monks who were comprehending the Tiandou datu sword also came out to prepare for the ceremony and to watch ye Chen's impact on the Tianxuan realm.

If the ceremony is arranged, it should not be sloppy. It may take at least a few days in the short term and half a month in the long term.

Up and down in the star and moon circles, everyone became busy, and sent invitations to the outside world, inviting many friends from the reincarnation camp to come to watch the ceremony.

Chapter 8707

Previously, when in the demon palace, ye Chen also tried to attack the Tianxuan realm, and many friends came to watch the ceremony.

But that time, ye Chen failed because he was cursed by the law of cause and effect of the perfect saint.

This time, he has no restrictions.

Whether he can succeed depends on himself.

When everyone was busy, ye Chen was quite idle.

At night, he was on the top of a mountain, calling for the arrival of the night mother wind warbler.

The secret of the tomb palace is intertwined in his heart, and he just wants to find out as soon as possible.

If you want to attack Tianxuan realm, you'd better be unhindered.

Now ye Chen's state of mind has become more and more pure. Even in the face of heaven, he can make a decision.

However, the tomb palace is related to the secret of the reincarnation cemetery, as well as the reincarnation book, and may even be related to Ren Feifan.

There are so many secrets involved in the tomb palace, which is the key to killing the ancestor of Tianxin and collecting the Tianbei, which makes it difficult for ye Chen to put down.

Another thing is the appointment of Jishen. Jishen is about Tiandou datu sword. He must also go after hitting Tianxuan realm.

Boom!

Under Ye Chen's call, the dark atmosphere filled the sky above the mountain top, and the evil spirit surged. A pure girl, surrounded by nightingales, slowly came down.

It is the night mother whispering warbler.

"What's the matter, ye Chen?"

When the wind whispering warbler came down, he saw what ceremony was being prepared up and down the star and moon circles, and smiled, "are you ready to attack the celestial realm?"

Ye Chen said, "yes."

The wind whispering warbler stared into his eyes and said, "however, I see that your heart of Tao seems to be in trouble, and it is not the best time to impact Tianxuan."

Ye Chen said, "yes, my heart and concerns. Miss Yuying, I want to ask you about two things, one is Tiandou datu sword, the other is the mystery of the tomb palace."

"I don't know much about Tiandou datu sword, but I know that Jishen seems to have created a fantasy world called xiuxuan domain based on the slightest understanding of Tiandou datu sword. Over the years, Jishen has been inviting all kinds of geniuses to participate in the metaphysical trial of xiuxuan domain, trying to crack Tiandou datu sword, but to no avail.

The six forms of silence God hidden in xiuxuan domain seems to be related to Tiandou datu sword.

But the metaphysical realm created by this fantasy is almost a purgatory on earth. Only death, no one can succeed. It is estimated that Jishen knows that the Lord of reincarnation, your martial arts talent is against the sky, so he invited you before. "

"As for the tomb palace?"

The words "Tomb Palace" seemed to be more terrifying than the touch brought to her by Tiandou datu sword.

"Yes, Yuying girl, do you know the tomb palace?"

Ye Chen asked.

The whispering warbler pondered for a moment and said, "the first answer is for you, but the second one is that you want to inquire about the news of the tomb palace. I can tell you everything I know, but the cost is huge. I'm afraid you can't afford chips."

Although she and ye Chen are allies, they still need to figure out the accounts of their transactions.

Ye Chen said, "what chips do I need to take out?"

The whispering warbler said, "I want to be your star."

Ye Chen was stunned and said, "what does this mean?"

The whispering warbler said, "I want to be your star of life. Your seven star pulse of reincarnation, the first is called dragon, the second is called scorching sun, and the third is nameless."

"This nameless star is a star in fantasy, and its shape is uncertain. The reincarnation inheritor finally determines the shape of this star."

"I want you to decide to define me as your third destiny star, which is called night destiny star."

"In this way, even if you refuse to practice with me, I can become a part of reincarnation, even a part of your body."

Ye Chen was stunned when she heard the wind whispering Ying's request.

If he wants to inquire about the secrets of the tomb palace, he must completely let the wind whispering warbler become a part of his body blood.

The cost is indeed huge.

Although the wind whispering warbler has become a reincarnation star, it will not hurt Ye Chen at all, but gain.

But if you don't choose her, but choose Ren Feifan, Ji Siqing, ye Yishen and others, the gain will be even greater.

Considering this aspect, ye Chen is naturally at a loss.

"Yes."

After thinking for a while, ye Chen nodded and agreed.

Although he suffered losses, it was still within his acceptance range. In order to explore the secrets of the tomb palace, this price was still worth it.

"However, my seven stars of reincarnation, at present, only awakened the first, the second has not awakened, let alone the third."

The whispering warbler laughed and said, "it doesn't matter. I bet on the future. I believe in you."

"Well, ask whatever you want."

Ye Chen paused, sorted out the thoughts in his heart, and even opened his mouth to ask, "the reincarnation book, really failed to build, and completely disappeared?"

The wind whispering warbler's eyes turned, as if recalling the past, sorting out the information, and then said: "reincarnation to the world book is the fifth highest artifact in the legend, and it is an artifact belonging to reincarnation alone. In those years, it really failed to be built, but it did not completely disappear."

Ye Chen said, "didn't it turn into robbery?"

The whispering warbler said, "it turns into robbery ash, but it doesn't turn into nothingness. Even if there is only a little void robbery ash left, the power of the supreme artifact is enough to easily crush a world. I know you want to ask where the robbery ash went. I can only tell you that Ren Feifan got a part, but I don't know anything else. I can't find it at all. It's too mysterious."

"Maybe you can ask Ren Feifan."

Chapter 8708

Ye Chen shook his head with a wry smile and said, "No."

It seems that Ren Feifan's ultimate card is indeed related to the reincarnation book.

But he never said or admitted anything, which means that the cause and effect behind the reincarnation book is very terrible, and his relationship with Ye Chen cannot be revealed at all.

Just got a part of the reincarnation Book robbery ash, Ren Feifan can defeat the bone emperor, and the power of the reincarnation book can be imagined.

The ambition of the reincarnation Lord was really amazing.

The power of his fantasy reincarnation book is estimated to be more powerful than the other four Supreme artifacts. A little looting ash can defeat the emperor of heaven.

The power of a complete reincarnation book is afraid to suppress the whole wuwuwuspacetime.

The whispering warbler said, "is there anything else to ask?"

Ye Chen took a slight breath, calmed his mind, and then asked, "I want to summon the strong in the tomb palace again to deal with Tianxin ancestor. Do you know the whereabouts of those strong in the tomb palace?"

"The strong man of tomb palace?"

The whispering warbler pondered for a moment and said, "the tomb palace is extremely mysterious. It was not the force created by the Lord of reincarnation, but a mysterious man, who was temporarily handed over to him. The mysterious man was an ally of reincarnation, but never appeared."

"Most of the strong people in the tomb palace were trained by the mysterious man. With the fall of the reincarnation Lord in those years, those strong people were either eaten back to death, or returned to the mysterious man, without revealing any cause and effect."

"I can't find it. I only vaguely heard the news of the end of heaven and the end of earth. They were the guardians of reincarnation in those years, masters created by the Lord of reincarnation from fantasy, and not subordinates of the mysterious man."

Ye Chen said, "I just want to know the whereabouts of the end of heaven and the end of earth."

Heaven and earth are guardians of the Lord of reincarnation, and their strength is absolutely terrifying.

If they can be summoned, ye Chen is also a bit sure of dealing with Tianxin Laozu.

After all, both Tianhuang and Dilao have the ability to change the past, which is the ability derived from the reincarnation book. Even a little, it is enough to burst into amazing power.

It is common sense that what has happened cannot be changed.

But the book of reincarnation can break this common sense and reverse the logic of cause and effect, which can be called contrary to heaven.

In those days, the strong men of the tomb palace, in the process of constantly studying and building the reincarnation book, also got the blessing of the dark, and more or less mastered these abilities against the sky.

The whispering warbler flicked his finger and said, "I don't know the whereabouts of the end of heaven. I can help you check it, but I can tell you the whereabouts of Di Lao now. He is in the hands of Mo Zu Wutian."

Ye Chen said, "is the old devil in the hands of Wutian?"

The whispering warbler said with a smile, "yes, this demon ancestor Wutian is really getting stronger and stronger. He has been blessed by the demon Xinghai, and is even about to prove Wuwu, and is promoted to a new God of death. He has insight into the mystery of heaven, also knows the value of the old earth, and is successfully arrested."

"He wants to use the old man as a chip to exchange his heart from me."

Ye Chen felt a chill in his heart. He had already known that demon Zu Wutian wanted to redeem his heart.

But he didn't expect that the chip for the devil to redeem his heart was the old earth!

The whispering warbler said, "Ye Chen, I can tell you that if this deal succeeds and the earth falls into my hands, I will kill him, devour everything he has and nourish my cultivation, because I deserve it."

"If you want to save Di Lao, you can kill yourself to the territory of Mo Zu Wutian and save yourself."

"Hehe, if you can save Di Lao and Mo Zu has no chips, he can't redeem his heart. I think it must be very interesting."

Although Feng Yu Ying is Ye Chen's ally, she will never stick backwards. Both sides are mutually beneficial. She has her bottom line.

Her bottom line is fair trade. Her own interests must not be damaged.

Even if the transaction is successful, di Lao falls into her hands, and she will not return it to Ye Chen.

Unless ye Chen can take out the corresponding chips to exchange.

Ye Chen frowned slightly. He had many artifact treasures on hand. Although he also had chips, the value could be compared with the boundless heart of the demon ancestor.

However, it is naturally impossible for him to exchange it easily, and the price is too high.

"When will you trade?"

Ye Chen asked.

The whispering warbler said, "tomorrow, hehe, I will personally come to the world of Jianmen and negotiate with Mo Zu Wutian. At this time, the defense of the world of Jianmen is the weakest. Maybe you can take the opportunity to sneak in and save Di Lao."

"However, I won't help you. As a trader, I must remain neutral. Even if you are discovered or even killed by Mozu Wutian, I won't help you. I can't break the rules and destroy the reputation of the chamber of Commerce. I hope you can understand."

Ye Chen said, "I know."

Naturally, he understood the difficulties of the whispering warbler. If she helped, it was clear that she was setting up a trap to entrap the evil ancestor Wutian. In the future, her reputation of the chamber of Commerce would be lost, and no one would deal with her again.

"If I fail to save people, your transaction succeeds, and the earth always falls into your hands, what chips do I need to take out to exchange people back?"

Ye Chen asked again.

"Give me your reincarnation Heavenly Sword, it should be almost."

The whispering warbler laughed.

Ye Chen's expression suddenly stiffened, and it was too expensive to sacrifice reincarnation Tianjian.

The most important thing about reincarnation Heavenly Sword is actually the original material for casting the sword, the Heavenly Emperor bone.

If the reincarnation Heavenly Sword is sent out, it is equivalent to giving up the Heavenly Emperor's bone, which is greatly detrimental to Ye Chen's future breakthrough.

Chapter 8709

The whispering warbler said, "if you don't want to hand over the reincarnation Heavenly Sword, then try to save people. Tomorrow is the day of trading."

"If you really succeed in saving people, you may also win by going to xiuxuan domain before making a breakthrough."

Ye Chen's palm is tight, and he will trade tomorrow. The time is in a hurry.

However, no matter what, this transaction must be terminated!

"I'll go first. How about tomorrow depends on your own decision."

The wind whispering Ying smiled at Ye Chen. In a flash, her delicate body turned into darkness, escaped into the darkness, and soon disappeared.

Ye Chen's eyes were concise, and she also had a decision in her heart.

Until the morning of the next day, in the star and moon circles, people were still preparing for ye Chen's breakthrough ceremony.

If ye Chen wants to attack Tianxuan realm, there must be a disaster. Therefore, it is very necessary to prepare the corresponding ceremony and guard the array in advance.

Ye Chen explained the cause and effect to Ren Feifan, ye Yishen, xuanhanyu and others, saying that he would go to the world of Jianmen and take risks to save the earth.

As for the impact on Tianxuan realm, wait until he solves the cause and effect of the tomb palace. There is no need to be in a hurry.

Although Ye Chen is also anxious, he knows that haste makes waste. If the matter of tomb palace is not solved, he has obstacles in his heart. If he wants to break through the promotion, he may also be in danger of failure.

Ren Feifan and others were also worried when they heard that ye Chen was going to the territory of demon Zu Wutian to save people.

Once Ye Chen has an accident, it is difficult for them to rescue.

After all, in the world of Jianmen, the devil ancestor occupied all the earth's energy and was almost invincible.

However, since Ye Chen has decided, they can't stop it. They can only meet outside the Jianmen world.

Ye Chen, alone, immediately tears the void and goes to the world of Jianmen.

He didn't take anyone, but he was alone, because if there were many people, it would be easy to expose. He just wanted to save Di Lao, not to fight a decisive battle with Mo Zu Wutian.

Coming to the outside of the world of Jianmen, ye Chen hid his body. Through the crystal wall system of the world, he could see the world of Jianmen. There were lights and decorations everywhere, with neat ceremonies and festive appearance. It was obvious that he was preparing for the arrival of Yemu.

This transaction, the night mother came, can be said to have given full face to the devil ancestor.

At the beginning, when Mo Zu Wutian went to Qinglai chamber of Commerce to pawn his heart, he was only received by a chamber of Commerce Dharma protector.

Because at that time, his good thought incarnation Guichen was about to die, and his future was uncertain and gloomy.

But now he is energetic, and even has the qualification to preach wuwuwu and ascend to the throne of God of death.

On the side of Qinglai chamber of Commerce, only Yemu's presence is qualified to negotiate with Mozu Wutian.

Boom!

Outside the world of Jianmen, the thunder rumbled, the magic gas surged, nightingales danced one by one, and the earth was filled with dust and sand.

A girl in black, with a slight smile on her face, like a Datura blooming in hell, came down slowly from the void.

It is the night mother whispering warbler.

She also came to the world of Jianmen alone.

In the world of Jianmen, many strong people immediately caused a sensation when they saw the wind whispering warbler coming.

Throughout the world of Jianmen, screams and wails came one after another, but someone looked directly at the whispering warbler. As a result, he couldn't bear the pressure of the gods, and his eyes were crushed alive. Some people even died on the spot.

"Do not offend the gods!"

An old man shouted loudly, like a great enemy.

In the world of Jianmen, many strong men lowered their heads in horror and dared not look directly at the whispering warbler anymore.

That old man is the leader of Jianmen sect, Zhang Qingyu. Today, he came out to meet the whispering warbler.

Ye Chen saw from a distance that Zhang Qingyu was wearing a sky blue Taoist robe, with a fairy like appearance.

But behind Zhang Qingyu, there are two characters with very strange breath.

Or, it can't be said to be people, but monsters and demons.

It's the demon God in wuwuwu time and space.

The two demon gods, one wearing a mask and the other looking like a black goat, have dragon horns.

Their bodies are also constantly distorted and changing, sometimes like a mass of mud, sometimes like a pool of rotten meat, sometimes twisted like branches, emitting a stench and maggots, extremely weird and terrifying, which is not what people in the real world can have.

They are real demons.

"It's the masked demon God and the Dragon horn black goat."

Ye Chen's heart sank and he recognized it.

He made friends with Shen Tu Wan'er and had a keen sense of the existence of demons and gods and all kinds of heavenly secrets.

At a glance, he saw that the two demon gods, one is the masked demon God, and the other is the Longjiao black goat, also known as the black sheep demon God. They were all subordinates of Shen Tu Wan'er.

Shentu Wan'er wants to submit to reincarnation and become an absolute ally of reincarnation. The demon gods under her hand are half in favor of it and half against it.

Masked demon God and black sheep demon God are exactly one of the opponents.

In the face of opponents, Shen Tu Wan'er has only one word, that is to kill!

However, because the number of demons opposed is too large, billions, billions, she naturally can't kill them all.

There are many demon gods, who heard the news of the killing, have fled and wandered in all directions.

The masked demon God and the black sheep demon God obviously fled to the real world and took refuge in the demon ancestor Wutian.

After all, the demon ancestor Wutian is likely to be the future God of death, that is, the leader of the demon Xinghai. If he really succeeds in the throne, he can replace Shentu Wan'er and become the ruler of the demon God line.

These two demon gods, who took refuge in advance, obviously also took a fancy to the future of the demon ancestor.

Zhang Qingyu looks like a fairy, like a fairy in the sky, but the masked demon God and the black sheep demon God stand beside him, but their breath is distorted and strange, which is very abrupt.

The whispering warbler saw it and didn't think it was different. She still kept smiling and came down.

"I've seen Ye Mu!"

Zhang Qingyu bowed, bowed his head, and dared not look directly at the face of the wind whispering Ying.

The masked demon God and the black sheep demon God looked at the whispering warbler and lowered their heads in fear.

Ordinary demon gods are not qualified to look directly at gods.

"Hello."

The whispering warbler looked around with a smile and said hello gently. On the surface, it seemed to be a pure girl next door.

But in the world of Jianmen, no one dared to look up and no one dared to respond.

Everyone knows that this seemingly innocent girl was once the closest person to the power of the God of death. She is now the peak master of the dark Tao and is known as the mother of night and death.

If she disregards the cost and backfire, with one look in her eyes, she can erase the Jianmen world from the map.

The power of the gods is so terrible.

Zhang Qingyu sweated coldly and said, "Lord Ye, my grandfather has been waiting for you inside for a long time."

The wind whispering warbler laughed and said, "well, it's hard for you. Take me to meet your ancestors."

Chapter 8710

Zhang Qingyu said, "yes!"

Even if you lead the way in front, lead the wind whispering warbler into the world of Jianmen.

In the world of Jianmen, many welcoming elders, boys and girls, played gongs, drums, silk and bamboo, scattered flowers in the rain, and firecrackers, welcoming the arrival of the whispering warbler.

The wind whispering warbler looked back casually with a smile on her mouth.

The direction she looked at was the direction Ye Chen was hiding!

She smiled thoughtfully, then looked back without any expression.

No matter what ye Chen does today, she won't interfere.

Ye Chen watched the wind whispering warbler go away, but he could still catch her breath.

He waited for a while, felt the wind whispering warbler, officially stepped into the Jianmen Mountain Gate hall, and began to negotiate with Mo Zu Wutian. Only then did he sacrifice the wind of dawn, incarnate the atmosphere, and quietly sneak into the Jianmen world.

Most of the strong men in the Jianmen world are paying attention to the negotiation and transaction between Fengyu Ying and Mozu Wutian, and their defense is much weaker.

Ye Chen dived in without effort.

Moreover, because the whole Jianmen world is shrouded in the night majesty of the wind whispering warbler, and even the sky is covered with dark clouds, a dark appearance.

In this darkness, ye Chen's breath can be perfectly hidden, and no one will find him.

"Elder, it's in this direction..."

Ye Chen closed her eyes, carefully sensed, and caught a faint breath, which was related to the tomb palace. It must be that the earth is old.

The smell of the old earth was so weak that it was like a candle in the wind, which seemed to be going out at any time.

"The elder is injured?"

Why is the breath so weak?

Have you been tortured and tortured by demon Zu Wutian? "

Ye Chen frowned, worried, and immediately flew away in the direction of the breath.

Under the cover of the morning wind, he himself turned into a wisp of atmosphere and was not found.

In the sky and earth of Jianmen world, there are strong patrols everywhere, but they naturally did not feel the strange wind of Ye Chen under the dark pressure of the wind whispering warbler.

Soon, ye Chen came to a mountain.

In this mountain range, there are ten towering mountains in a circle, forming a cage like blockade.

In the mountain blockade, there is an open space full of stripes, and chains extend from the mountain.

An old man, bound by countless chains, was suspended on the ground, with scars all over, full of blood, looking very weak and embarrassed.

"It's the old man!"

Ye Chen was surprised when he saw the old man.

Under the insight of heaven, he already knew the identity of the old man, who was the protector of the past reincarnation, the old man in the wasteland.

The old man was imprisoned here by the demon ancestor Wutian, and there were strong men standing on the mountains around him.

They are numerous and powerful, and it is not easy to solve them.

When ye Chen saw the scene in front of him, he also felt very thorny.

Now if you want to save people, you can only force it.

However, if you force your hand, it will definitely be exposed, which will startle magic ancestor Wutian. He can't run away.

Suddenly, ye Chen was also in a dilemma.

He was thinking hard about countermeasures, but suddenly he thought of a method.

That is, eight wild virtual beasts!

If the eight wasteland virtual beast is released, it can create chaos and take the chaos away.

But in doing so, the eight wild virtual beasts are likely to lose control!

That fierce beast is extremely terrifying. It comes from Wuwu. It was once the mount of the dusk giant. It is unruly.

Ye Chen has never accepted it, but uses Xuan demon blood essence to forcibly control it.

If the eight wild virtual beast loses control, it must attack Ye Chen in turn.

"No matter, this is the only way!"

Ye Chen bit his teeth and made a decision quickly. He immediately released the eight wasteland virtual beast, and urged the Xuan demon blood to forcibly control it.

"Kill all the guards."

Ye Chen gave an order, and the blood of the Xuan demon burned, turning into blood chains, winding the whole body of the eight barren virtual beast.

The eight wasteland virtual beast roared and was extremely angry, but it was controlled and had no choice but to rush out.

Boom!

As soon as the eight wild virtual beasts came out, time and space shook, thunder roared, rolling ferocious gas, evolved into runes, shining in the sky, revealing a cold texture, frightening.

"What!?"

Many Jianmen strongmen on the surrounding mountains were shocked when they saw the appearance of the eight wasteland virtual beasts. They only felt a breath of terror, which came like a tide and a sea.

"It's no big ferocity, eight wasteland virtual beast!"

"It's said to be the mount of the dusk giant. How did it come here?"

"What a terrible smell!"

Many strong men exclaimed. Under the violent pressure of the eight wild virtual beasts, many prohibitions in this forbidden area were shaking and could not be maintained any longer.

"Ow!"

The eight wasteland virtual beast roared up to the sky, and its blood chain light exploded. It dashed wildly and rushed to a mountain, and its fierce claw magic light burst, ready to tear the universe.

Puff, puff, puff!

On the spot, there were several strong men in the early stage of immeasurable territory, who were torn into flesh and blood fragments by it.

The eight wasteland virtual beast is too strong. It is a fierce beast from no time and space, and even ye Chen cannot surrender.

Under the claws and teeth of the eight wasteland virtual beasts, the strong ones in the boundless realm are generally similar to the mole ants.

Ye Chen was also secretly shocked to see the fierce appearance of the eight wild virtual beasts.

He calmed himself and controlled the eight barren virtual beasts across the air.

The eight wasteland virtual beasts roared and rushed to kill, and their huge and terrifying figures rushed back and forth across the mountains, maneuvering around, creating terrible blood and chaos.
