Chapter 871

Cui Ruicheng and the six old men did not expect Ye Chen to be so arrogant when he died!

My father is not what ordinary people want to see!

The key is that this kid is not qualified at all!

He snorted, "little beast, I really don't know where your confidence comes from? Don't you think that in front of these strong men, there is still the possibility of fighting back? "

"It's ridiculous that I still want to see my father!"

"Do it! Discard his hands and feet. If you resist, kill him directly! "

Cui Ruicheng has absolute confidence, these six old people are all above the virtual King realm!

If so many people can't deal with a boy who enters the holy land, it's really going to make people laugh.

As for the reason why he was injured when he returned to the peak of Xu state, it was very simple that he was still in Dan Dao and didn't dabble in martial arts.

Even the realm depends on pills. In terms of combat skills, he is not ye Chen's opponent.

And these six were born to fight and crush everything.

Six old people naturally dare not despise, a few people instantly surrounded Ye Chen.

The long sword is like autumn water, and the chill is blowing.

The atmosphere of the hotel room suddenly solidified.

There is a terrible killing machine in the air, just like a pair of invisible hands grasping at Ye Chen!

He couldn't even breathe.

The four walls cracked because of the pressure, but fortunately the hotel guests and all staff have been evacuated.

Outside the hotel stood a dark crowd. Everyone knew that the Cui family of danxu town was going to kill a man here. They all came to see the excitement!

They did not have any regrets, but sneered.

Because people in danxu town know that some people are doomed to be untouched and provoked all their lives!

Cui family is one of them!

"Kill!"

The six old men all drank furiously. Their momentum rose and they took their swords to Ye Chen.

Kill the rise, visible terror!

A strong sense of war is rushing towards Ye Chen like a strong wind!

It seems that ye Chen can be devoured at any time.

Ye Chen eyes micro MI, he does not want to cause trouble, but this matter is doomed to die.

The Cui family is a big local family, which is a bottomless pit.

In any case, he must eradicate this threat today.

He flashed a light in his mind, the corner of his mouth outlined a smile, and then stepped out, the golden light of five fingers flowed, and the light of Buddha spread!

The power of body refining and the power of blood dragon erupt together!

Hit one of them directly.

As for the king, he can only face the realm of emptiness.

Ye Chen hits one of the old men's swords.

The momentum of the whole body suddenly burst out, a blood red light rushed out of the body!

In a flash, the whole hotel room was full of wind and waves!

The old man was smashed back on the spot, his body couldn't help falling back, and his face was full of fright.

He really did not expect that the boy could burst out such a powerful force in front of him.

At the same time, the remaining five swords are interlaced, just like a huge net blocking everything of Ye Chen.

It seems to be an array composed of sword meaning!

It's enough to kill ordinary people.

But meet him ye Chen, that is a joke!

Ye Chen looked at the scene in front of him and shook his head: "you don't know the array at all. Do you want to trap me? Ridiculous

Language down, ye Chen stretched out a finger, suddenly point out.

The power of the thunder twined on the fingers in an instant.

The endless thunder and lightning shot out from the finger heart and fell on the sword net instantly.

"Boom!"

God thunder spread, sword sense broken!

The hotel room was in a flash of wind and clouds, and the furniture was smashed.

Those elders never thought Ye Chen could break their array so easily!

Helpless, they can only retreat, a serious face!

Looking at that motionless youth, there was a trace of excitement.

At the moment, ye Chen is under the gale, and his casual clothes are popping, which is impressive!

Very oppressive!

"Since you want to play the array, I'll open your eyes! Ancient air thunder array

Ye Chen roared, momentum towering, fingers forced out a drop of blood essence, quickly pinch Jue.

They even took out 16 spirit stones from the samsara cemetery!

The spirit stone shoots at 16 different directions of the hotel room, burning instantaneously. A faint light column breaks through the hotel and goes straight to the sky.

Above the light column, the lightning is surrounded, just like one after another of thunder ropes, twining to form a huge thunder array!

Cui Ruicheng and six old people were wrapped in it.

Cui Ruicheng's face changed a lot. He didn't think that ye Chen could gather the array with great ease! He was a little flustered.

"You must find a way to break this array! Or, kill that kid right now! You don't need any hands left! "

"I want you to dig out his heart, and then smash one bone at a time, and become a waste man from now on!"

Cui Ruicheng's voice almost roared.

The six old men's eyes were slightly narrowed and their eyes were cold. They knew that the boy was not so easy to deal with.

Plus this so-called ancient air thunder array, absolutely dangerous!

The ancient air thunder burst out suddenly, and a roaring sound came from it.

Like a beast!

"Gather essence and blood, break the array, and kill this little beast!"

"Good!"

"Good!"

Six drops of blood essence were shot out together, and their faces were full of madness.

At the same time, the spirit sword in their six hands also flew out!

Blood essence touching spirit sword!

In an instant, the six swords seemed to turn into the Milky way and rush down.

Let people worship!

Not only that, in the near Ye Chen time, actually generated the flame.

The flames grew bigger and bigger, and even turned into a sea of fire to surround Ye Chen.

"How dare you play with fire and sword in front of me? Are you sure? "

Ye Chen step out, breath suddenly release!

There is a flame in the center of the eyebrow, and the invisible pressure is released!

The flames are spreading!

The sea of fire seems to have seen something terrible and fled away one after another!

They didn't expect things to go this way!

Suddenly, a breath of ancient times enveloped the whole hotel room. Under the violent collision, the overflowing sword spirit will turn into hell on earth in an instant.

The spirit sword that originally came to Ye Chen fell to the ground on the spot.

Lost all Aura!

Turn into scrap iron!

"Get the hell out of here!"

Ye Chen a roar, trigger a technique!

The only function of this technique is to make the spirit sword surrender!

The momentum of the technique erupted!

The countless swords that fell on the ground suddenly took off and even turned over!

At this moment, for those spirit swords, ye Chen is respected!

"Go!"

Another voice fell, and the spirit sword went to Cui Ruicheng and the six old men!

The long river is broken.

The wind roars! Everything is sweeping!

The six old men and Cui Ruicheng were completely confused, just like crazy!

Who would have thought that the boy was still in control of their swords?

How could that be possible!

Chapter 872

The spirit sword is made of war stone. You can only follow their orders in your life!

But what is the explanation for all this at the moment?

Seeing this scene, Cui Ruicheng's face became more and more pale. Thunder and lightning, flame and array Qi had mastered the power of three moves with different attributes.

It's impossible to put it in kunlunxu!

The key is that the boy is just a cultivation of entering the Holy Land!

"A group of waste, we Cui family raise you, this strength? I'll give you ten seconds. If you don't take this boy, I'll let my father take you on the road! "

Panic spread, Cui Rui in front of several old people pushed out.

He had no choice.

He did not inform his father of this matter, nor did he take the elite of Cui's family.

In his opinion, several old people in the early days of the Xuwang kingdom were enough to cope with the current situation.

But I never thought that it was useless at the beginning of the virtual kingdom!

The key, this boy means endless!

What's the origin of this guy!

The six elders know that things can't end well, and they don't plan to use the sword. After all, this boy can control weapons!

The shadow of boxing swept away.

Ye Chen hums coldly, the fire that does not extinguish envelops the whole body, a drop of blood essence points in the eyebrow heart, his momentum actually began to climb!

But it's not the realm of cultivation!

It's body building!

His body is even more crackling sound!

These six strong men can help him to extract the essence of the body!

If you want to master the formula you are practicing, you can only accumulate it with one fist in your body!

"Bang!"

Ye Chen's fist fire and golden light diffuse, crazy blow out!

Resist six with one man!

Because Zaohua Lianti Jue is a remnant of ancient times, ye Chen is only the most important one.

Obviously unable to cope with these six strong!

He was full of blood and fists, but he didn't fall.

At the moment, he is a madman, blood and violent feeling rushed out of the whole body.

The more injured, the better his physical condition.

"How could this boy use us to train his body?"

One of the old men found something and exclaimed.

After all, it is extremely rare in Kunlun.

What's more, ye Chen is already a cultivator, and the elixir field has become. It's very difficult to practice again.

But ye Chen at the moment is exactly so.

"Don't let this boy succeed. Once he breaks through with our body training, the consequences will be unimaginable!"

Six cuijiaqiang people all step back, but they have long been closed by Ye Chen's array!

Can't go back!

The thunder and lightning meaning of the array boundary is not what they can bear!

They just have to be brave enough to carry it!

But how to resist it!

Every time ye Chen blows out his fist, a body refining light appears on the surface of his body!

Obviously, it's going to break through in body refining!

At this moment, yechen is like a volcano.

Volcanic eruption, the world without light, all things fall!

With the thunder, it's unstoppable!

"Bang!"

"Bang"

"bang!"

For ten minutes, the six old people couldn't bear it any more.

They were exhausted and had no strength to fight back.

"My Lord, please let us go, we..."

Some people want to beg for mercy, but ye Chen is the node of body refining breakthrough at this moment! How is it possible to stay!

The most important thing is that he found that his way of killing was extremely suitable for the book "the determination of the body and the nature"!

Ye Chen blows his fist on the old man who is talking and penetrates in an instant. The old man in the early stage of empty King's state turns into a blood mist!

The other five elders did not react from the shock, but found that the devil appeared again!

"Boom

The red light is blooming, the whole hotel is crumbling, and it is about to collapse!

Four of the five elders turned into a sea of blood on the spot.

It's shocking.

At the moment, only an old man and Cui Ruicheng were shivering in the corner.

Their eyes are full of blood!

Cui Ruicheng has been immersed in alchemy. He has never seen such a murderer.

He wanted to leave. When he crossed the border, he was entangled by the thunder.

The pain was extreme.

The body was bounced back, but also fell to the ground.

The next second a dark shadow appeared in front of him.

Cui Ruicheng's body is stiff and chilly. He talks slowly and sees a pair of eyes like death.

There is not a trace of waves and vitality.

"Gollum!" He swallowed a mouthful of saliva deeply, just wanted to say something, ye Chen's five fingers stretched out and clasped Cui Ruicheng's neck. A sense of suffocation came.

"I gave you a chance before, do you remember?" Ye Chen's indifferent voice rings out.

Cui Ruicheng tries to pat Ye Chen, but he finds that ye Chen's hand is like a dead steel bar, unable to move.

At the same time, a tremendous energy poured into his body, which shocked his internal organs!

He did not have any extravagant expectations, to blame himself again and again looked down on this boy!

This gap in strength makes people almost despair.

He even felt that ye Chen's so-called "entering the Holy Land" was just an illusion!

"Put After me, I what I can give it to you. "

Cui Ruicheng said with difficulty.

Ye Chen shook his head: "I want your life, are you willing to give it?"

Cui Ruicheng was stunned and his face was extremely ugly. When he thought he was dead, ye chenmeng threw Cui Ruicheng out!

His body heavily hit the ground, spit out a mouthful of blood.

At the end of the night, a crowd of people came to watch the scene.

There was a cloud of smoke.

Cui Ruicheng got up and took a look at the boundary of the array. He knew he couldn't leave.

His life is in the hands of that young man!

His eyes are like a hungry wolf. He wants Ye Chen to pay a painful price.

Wait a little longer, my father will know about it!

Once his father took those elders of Cui's family to the hotel, he had the right to live!

At this time, ye Chen turned around, put out the smoke in his hand, and said to another living old man, "do you want to live?"

The old man trembled and nodded fiercely. He knelt down in front of Ye Chen: "I wish Yes

Ye Chen's eyes narrowed slightly and his arm waved. The array boundary and the divine thunder disappeared!

The old man is completely confused!

He has seen Ye Chen's decisive killing, but how can such a person let him go easily!

It's so unreasonable.

"My Lord, you What do you want me to do? I I will never inform the owner! I will keep it a secret! " He said.

Ye Chen laughed and turned around and continued to look out of the window. A leisurely voice came: "on the contrary, I want you to bring Cui yuan!"

What!

Hearing this, not only Cui Rui became confused, but also the old man!

What is this kid doing?

Even Cui yuan came here!

When Cui yuan comes, how can he still have the right to live!

It's like pushing yourself into the fire.

Chapter 873

"My Lord, you are not joking, sir, but..."

Ye Chen had no patience. He said directly, "leave my sight in a minute. Besides, tell Cui yuan that if I don't see him within half an hour, I will personally deliver his son's head to the door!"

"Go away!"

The next moment, a huge wave swept through, the roar exploded, and the old man was lost.

Only Ye Chen and Cui Ruicheng are left in the room.

Very quiet.

Cui Ruicheng wants to talk, but when he sees Ye Chen's eyes, he dare not say another word.

This look, he is really afraid!

He can only quietly shrink in the corner.

How could he have been insulted in danxu for so many years!

He is the top Dan Zun in the future! Most likely to break the danxu tower record!

But now it's such a land! He was threatened by an alien Holy Land boy!

If it is spread out, it is definitely a big school flower of danxu town!

It would be the biggest insult in his life! Even affect his heart of Dan Dao!

While waiting, ye Chen closed his eyes and felt the change of the body.

He found that his pores drilled into something, into the blood.

Then, his body was like a metamorphosis.

It's like being reborn.

As for the specific reason, he did not know.

It is true that Zaohua Lianti Jue is a remnant, but it is not ordinary.

Mo Ning'er is from ancient times, so it is impossible to give him something bad.

Look old, can only wait until everything is over, ask Mo Ning'er.

.....

Danxu Town, Cui's.

Cui's ancestral hall.

At the moment, Cui yuan is offering incense. He is extremely religious. This is what he has to do every day.

The Cui family has a history of 800 years in danxu Town, but it seems to have declined in his generation.

Once brilliant, once became the first family of danxu town!

The naluo family was second only.

Unfortunately, some things can't be controlled.

Of course, the Cui family is still the first family in danxu Town, but the situation is precarious.

Fortunately, his son Cui Ruicheng has some talent above Dan Dao, which is his only hope.

When Cui Ruicheng breaks the record of danxu tower, that is when his Cui family encroaches on danxu town!

When the time comes, what will the Luo family count!

That so-called Luoyao can only become their father and son's plaything!

At this time, the gate of the ancestral hall was pushed open directly!

"Sir, something is wrong!"

Cui Yuan Mou son a squint, empty a slap, this slap mercilessly hit an old man's body!

The old man flew out on the spot!

"Be bold! This is the ancestral hall of the Cui family. What qualifications do you have to come in? "

The old man's face was flustered and he knelt down outside the ancestral hall: "master, the matter is too serious. I'm just like this. Please calm down..."

Cui yuan snorted coldly, waved his sleeve and walked outside.

He closed the gate of the ancestral hall. He looked down at the old man and said, "say it! What's up? Is there something wrong with danxu tower

The old man shook his head fiercely and looked at Cui yuan with fear. He still said, "master, the young master is in danger! He was hijacked. The hijacker said that if he could not see the master within half an hour, he He came to the door with the head of the young master himself

What!

Cui yuan's face changed greatly and he lifted up the old man!

"If you lie to me, you know the price!"

The roaring sound rings in the old man's ear!

The old man shook his head fiercely: "master, how dare I cheat you! Time is running out. Let's go, or we'll be late! "

Cui yuan didn't dare to bet on his son's life. He seized the old man and plundered him to the outside.

Very fast.

Wherever you go, anyone who stands in the way is suddenly overturned, and there is no one to stop!

Luo Wuyuan and Luoyao are coming back from danxu tower in a carriage, ready to go home.

Suddenly, a gust of wind swept over the carriage.

Luo Wuyuan's face changed slightly, thinking it was a killer. He drew out his sword and just wanted to start. But when he saw the figure in the center of the gale, his body was completely stiff.

It's Cui yuan!

He knew Cui yuan for many years. He knew Cui yuan better than anyone else.

Nothing can make him so flustered.

If there is, it will be a great thing!

"Dad, what's the matter?" Luo Yao poked out her head, quite curious.

Luo Wuyuan, with her eyes slightly narrowed, jumped directly out of the carriage and went to the direction where Cui yuan disappeared: "Luoyao, follow me! Come on! No matter what it is, the Luo family must know!"

It's about the situation in danxu town!

.....

And now, in the hotel.

Ye Chen has already felt a breath sweeping.

The aura of heaven and earth around him fluctuated.

He stood up, put out the smoke, and walked towards Cui Ruicheng step by step. He took out a pill in his hand.

This is a batch of pills refined with the help of the immortal Lord.

The pill in his hand is called Bu Mie Pi Ti Dan, which is a highly toxic medicine developed by the immortal Lord in the long years.

In ancient times, the immortal Lord bound some powerful people with this pill.

After the immortal Lord disappears, no one can refine the antidote except him!

No one!

Even in danxu Town, where Dan Dao is rampant, it is no exception.

"Open your mouth."

Ye Chen light way.

Cui Ruicheng is aware of the problem when he looks at the elixir in Ye Chen's hand. He is extremely sensitive to pills because of his talent for elixir!

At one glance, he saw the oddness of the pills in Ye Chen's hands.

Colorless and tasteless, he even found that the surface of the pill actually spilled black gas.

This kind of pill is unheard of. It's definitely a problem!

He closed his mouth, ye Chen snorted coldly, and clapped on Cui Ruicheng's chin.

The next second, the pill will be accurate into his mouth.

Cui Ruicheng wants to spit out the pills, but he finds that the pills melt in the mouth. He feels like a black gas has penetrated into his body and controls everything.

"What are you feeding me?"

Cui Ruicheng said in a loud voice.

Ye Chen laughs and doesn't speak. He grabs Cui Ruicheng and goes towards the roof of the hotel.

And at this moment, the violent air wave suddenly falls!

The onlookers under the hotel were scattered in an instant, and a startling roar was even more resounding!

"Boy! Give me my son

Cui yuan's blood red eyes are staring at Ye Chen. A cold knife is drawn out directly. Just ready to go towards Ye Chen, he finds that ye Chen does not know when a sword appears in his hand. The sword is firmly placed in Cui Ruicheng's neck.

Everything is in Ye Chen's plan.

He looked down at Cui yuan and said, "if you don't believe it, we can bet on it. Is it your sword or mine?"

Language down, Cui Ruicheng's neck has appeared a bloodstain, blood exudation.

Chapter 874

Cui yuan's face changed greatly and he didn't dare to step closer. His face was ferocious and he said angrily, "who is behind you, little beast? Why move my son Cui yuan! What do you want to say together, my Cui family is absolutely satisfied with you! "

As soon as the words fell, two figures suddenly appeared.

It is luowuyuan and Luoyao!

When they saw Ye Chen and Cui Ruicheng on the roof, their faces were frightened, as if to see a ghost.

Luoyao had some surprise. After all, she found Ye Chen!

But when she saw what was going on, her face was completely pale!

What is Ye Chen doing!

Yuan Rui doesn't dare to threaten Cui's life!

Cui yuan is regarded as the hero of the last party here. Even if he is threatened at the moment, does he really think he can leave here alive!

"Hum!" Luo Wuyuan on one side snorted to Luoyao coldly, "Luoyao, do you still think that it is not a correct choice for me to drive Ye Chen away that day? How long has this boy been in? He has done such a ridiculous thing! I know Cui yuan, ye Chen will die today! "

"A boy who doesn't know how to judge the situation and how to be patient can't make a difference, and he is not qualified to enter the Luo family."

Luoyao was pale. What did she think of, she rushed to Cui yuan and said, "Uncle Cui, there must be some misunderstanding in the roof. I immediately asked him to let him go, and I also asked Uncle Cui not to investigate! He's young, maybe just a whim

Cui Yuan then noticed that Luoyao was shaken back a few steps with a wave of his sleeve.

"I wonder why the boy is so familiar. You brought it in! You want me to let him go? Dream

"This son must die! Besides, after this son dies in pain, I will pursue you Luo family again

When Luo Wuyuan heard this, he was naturally uncomfortable. Protecting himself in front of Luoyao, he said in a cold voice: "Cui yuan, please find out one thing. Ye Chen was expelled from the Luo family that day. Of course, this son was brought in by my daughter, but after the boy left the Luo family, he had no relationship with my Luo family! If you dare to anger my daughter, first ask me whether Luo Wuyuan will say yes or not! "

Cui Yuan Mou son a cold, also ignore, he looked around, Cui family strong has surrounded.

Ye Chen has no way to escape!

Cui yuan stepped out and looked at Ye Chen: "I'll ask again for the last time. How do you want to let Ruicheng go?"

Ye Chen glanced at Luoyao, slightly surprised, but soon returned to normal, light way: "your son, you don't teach yourself, offend me, that can only be taught by me!"

"I can let him go. I have only one condition: give me a token to enter danxu Tower!"

For Cui TA Chen, the only chance for Cui TA Chen to enter his home is not a real threat!

Behind him stands Lin Qingxuan, who has absolute confidence in stepping into danxu Tower!

What's more, danxu tower has the energy to trigger the great power of samsara cemetery!

With such energy, if he gets new energy to help him, he still needs to be afraid of the Cui family?

If you want to put it out, one finger is enough.

What's more, he still has a backhand. Cui Ruicheng took the pill. If he wants Cui Ruicheng to die, God will come and he can't stop it!

Hearing Ye Chen's request, not only Cui Yuanmeng, but also Luo Wuyuan.

What does a person who doesn't know about Dan Dao want to enter the token of danxu tower?

What's the use of entering danxu tower?

Those who don't know the way of alchemy will die if they are not careful!

Soon, Cui yuan thought of the reason why Ye Chen acted like this!

It is estimated that the boy knows that he can't get out of danxu Town, so he will use danxu tower to continue his life!

Once you enter danxu tower, even his Cui family can't do it rashly!

His eyes slightly narrowed, but there was no intention of refusing. He readily agreed: "OK, my Cui family is good, and there is a danxu order! I will use this Dan Xu order for my son's life

The words fall, his palm directly suspended a token.

On the back of the token is a Dan Ding, which is extremely simple, crystal clear, and is by no means an ordinary thing.

He gently throws, the jade pendant is to fly to Ye Chen's hand.

Ye Chen five fingers hold, feel a trace of special feeling, just and danxu tower one to!

There's no mistake!

"Ye Chen, should you release my son now?"

Cui Yuandao.

Ye Chen's eyes slightly narrowed, just want to push Cui Ruicheng down, but Luo Yao said in a voice: "Mr. Ye, be careful!"

The next second, a sound of breaking the sky hit, only to see a fiery red arrow swept!

"Jue Yun arrow!"

Ye Chen's face changes greatly. This is the famous arrow of Kunlun!

If an arrow comes out, the dead will step on the Yellow River!

The arrow must also be from the top of the virtual King realm to pull the bowstring!

Extremely dangerous.

He just heard from the master, but he never thought that he would see him here. Cui yuan, an old fox, had been negotiating with himself on the surface, but he had already left behind.

When you give yourself a jade pendant, you have the chance to shoot him!

Ye Chen body slightly move, do your best!

But that Jueyun sword is too fast!

As fast as the naked eye can't catch it!

"Poof!"

Jue Yun arrow or through his shoulder, with a trace of blood gushing out.

It didn't hurt the point.

Ye Chen quickly shot out the silver needle to stabilize the blood, but when he saw the wound on his shoulder, his eyes were gloomy.

Poison on the arrow!

He even felt a trace of exhaustion.

If it is an ordinary person, he may have fallen down long ago, but his blood is special and has little influence.

Now, we must enter danxu tower quickly!

He killed himself and looked at Cui Ruicheng who was injured in front of him again. Since Cui yuan is like this, no wonder he is!

A bloody sword in his hand!

Before it was cut down, Cui yuan's voice came from below.

It's cold.

Chuckle.

"Ye Chen, how about we exchange hostages now?"

Ye Chen's sword is suspended in an instant, and her eyes shoot down. However, she finds that Luoyao has been blocked by Cui yuan's knife.

Once you do it, Luoyao will surely die!

Luo Tianya on one side obviously did not expect Cui yuan to move his daughter. His face was full of anger!

"Cui yuan! What the hell are you doing! If you dare to move my daughter, I want you to pay up and down the Cui family

Words resound, extremely cold!

Cui yuan shrugged his shoulders and said to Luo Tianya, "brother Luo, I'm sorry. I have no choice. I didn't expect Jue Yun Jian to lose the boy's life. Ruicheng will surely die. I have to save him!"

Later, Cui yuan looked at Ye Chen and said in a cold voice, "Ye Chen, I know the relationship between you and the girl of the Luo family. It's very cost-effective to exchange my son's life for her life, but are you sure you can bear it?"

Ye Chen stares at Luoyao.

His seamless plan only did not consider that Luoyao would appear here.

In qianjue square, Luoyao saved him and the doctor's gate.

Take him into danxu Tower!

No matter what, he can't be irresponsible!

Chapter 875

The key is that he started!

Luoyao saw Ye Chen's hesitation. She knew better than anyone that if ye Chen exchanged her and Cui Ruicheng, it was impossible for ye Chen to leave here!

Several of Cui's top strong men are nearby!

She even busy way: "Ye Chen, don't care about me, you take Cui Ruicheng to leave, she dare not move me!"

"Don't go to danxu tower, just leave danxu town!"

The words fall, Cui Yuan Mou son a cold, the knife in the hand is slightly hard, in an instant the long knife is not into the neck of Luoyao a trace.

Blood flowed on the white neck in an instant.

It's shocking.

Cui Yuan said in a cold voice: "Ye Chen, I'm afraid you don't know what my Cui family started with. It's not the Dan Dao, but killing people and stealing goods! You really think I can't do anything! "

Ye Chen did not have a trace of hesitation, directly said: "let Luoyao go, I will release your son!"

Cui yuan shook his head: "I don't believe you."

Ye Chen snorted coldly and kicked Cui Ruicheng's chest directly.

His body went straight down.

Ye Chen is naturally not afraid. Cui Rui's achievements are not of great value to him.

Cui yuan saw this, no longer hesitated, fiercely will Luo Yao toward Luo Wuyuan still go out.

At the same time, step lightly, across the air to catch Cui Ruicheng.

When he saw his son's injury, his intention of killing suddenly broke out: "Cui Jiasi will listen to orders, at all costs, kill this son! Never let this son enter the danxu Tower

Language down, the four horrible figures instantly toward Ye Chen!

Even led to the vision of heaven and earth!

These four people are definitely more than the virtual kingdom! It may even be the source of Tao!

Absolutely not ye Chen can resist now!

Ye Chen naturally won't meet with this group of people, and quickly moves towards the danxu tower in the center!

This is his only chance!

His whole body instantly evil spirit sweeps, innumerable genuine Qi condenses on the tiptoe! Gusts of wind!

And the four figures behind him are not willing to give up!

Crisis broke out!

Luo Yao, who is still in a state of shock, responds, regardless of the injury on her neck, and quickly asks Luo Wuyuan: "Dad, please help Ye Chen. He didn't have to care about me just now, but you saw it too!"

"His strength is not the opponent of Cui's four generals at all. If he is pursued, he will surely die!"

Luo Wuyuan hesitated for a few seconds. Although shaking, he still shook his head: "I won't help him. It's because of this boy that he almost killed you!"

"It's a good thing for the Cui family or for the Luo family."

"You want to stop the blood."

Luo Wuya takes out a medicine bottle and hands it to Luoyao. However, Luoyao falls out directly.

At the same time, Luoyao is heading for danxu tower!

"Dad, since you are such a heartless person, I'm Luoyao Gang!"

Luo Wuyuan looks at Luoyao's stubborn appearance, shakes his head, or catch up.

"Luoyao, Luoyao, you don't understand the rules of Kunlun. This kind of ant can't change the situation in his whole life. In the face of such a huge thing, death should be his destination!"

At the same time, ye Chen can clearly feel that the four top players behind him are getting closer and closer!

The existence of Daoyuan state is really not qualified to challenge!

Seeing the spread of the crisis, he can only turn around and take out the dragon to ask the sky sword and cut it crazy!

People here don't know the existence of Ye Shitian!

How about exposing strength!

"Ding!"

The sound of the sound of gold and iron is resounding. Of course, the sword is very strong, but it can't resist such a strong one!

Ye Chen's arm is paralyzed, and his body flies upside down and smashes on the ground.

He clapped his right hand and stood firm.

At the same time, psychic awareness spreads out.

It's still kilometers away from danxu Tower!

One of the four generals of the Cui family said: "it's shameless to threaten the Cui family with such strength! Today I will use your blood to let you know what authority is! "

Cui Jiasi will have their pride!

Facing Ye Chen, they even feel that they don't need four people!

One of them, one hand, is enough!

Ye Chen clenched the dragon and asked the sky sword. He knew that this time there was more or less misfortune.

A hundred secrets are a few.

I didn't expect Luoyao to appear.

But he didn't regret it!

Who is good to him, he can cut the world for him!

Cui's four generals roared out, and the fierce air wave was like a giant dragon devouring it.

The roar broke open.

Ye Chen runs the power of the blood dragon and this command rune, and cuts directly to the dragon of Qi wave!

The bloody sword meaning overflows from the sky sword!

Sword and air wave collision! Even the direct collapse, is ruthlessly devoured!

"Puff

Ye Chen's blood is surging up, spitting out a mouthful of blood! The body is flying backwards.

Just as he was about to land, he turned and stabilized himself.

Just one move.

Ye Chen felt the terrifying source of Tao!

Like a nightmare!

It's tough to face one!

Not to mention the four!

The gap is too obvious.

"Little beast, you are so far from us! What's more, if you're poisoned, how can you beat it? "

"You shouldn't be the master! For so many years, we have never seen the master so angry! "

"So you're going to die in agony today!"

Their eyes were very indifferent.

In their view, it was over long ago.

Some practitioners and Dan masters gathered around and pointed out.

Naturally, they knew the fourth general of the Cui family.

Although it is not appropriate for the four strong men to deal with the back of a holy land, they still choose to look on coldly.

They don't want to get into trouble.

Besides, danxu town is dead every day, which is the result of the elimination of the advantages and disadvantages of nature!

And that kid, just this realm, is probably the wisest choice to die.

Ye Chen gasps violently and takes a pill. He tries to communicate with the reincarnation cemetery.

But he didn't expect that Lin Qingxuan only threw out a sentence: "disciple, some things need to be borne by yourself. It's very important for you to stand after breaking."

"What's more, Mo Ning'er and I will dissipate once we make a move. Do you really want to?"

Ye Chen shakes his head and no longer communicates.

His eyes are determined!

He really didn't believe it. Facing these four people, he had no way!

Today, I have to make these four people seriously injured!

"Ants, now do you understand the gap between us?"

Cui Jiasi will laugh.

They are not in a hurry to pursue Ye Chen. In their opinion, tormenting a person is more painful than killing a person.

Their eyes are full of disdain and contempt.

This kind of person has no threat at all, even if he uses his cards, the result is still the same!

"You little beast, do what you can do! We'll give you a chance! "

"Of course, if you don't have the means, call grandfather, and we'll consider giving you a happy way to die."

They want Ye Chen to collapse in despair again! Enjoy the fear of death in the midst of collapse.

They want to trample on Ye Chen's dignity!

"Damn it!"

In the face of Cui Jiasi's humiliating words, ye Chen fiercely scolded.

Chapter 876

He breathed a few breaths and managed to stabilize his injury.

These four people want to torture themselves?

I thought it was so easy to torture him!

Since you want to see my cards, I will let you see enough!

Ye Chen shook his wrist and offered a silver needle.

Seeing the silver needle appear, Cui Jiasi's expression is a little strange.

The boy is crazy. The sword in his hand can't shake them, but a broken silver needle thinks he is qualified?

It's ridiculous!

When they sneer, ye Chen runs nine days xuan yang jue, and the whole body's true Qi is all condensed on the silver needle.

He could feel that the poison in Jue Yun arrow was slowly penetrating into his blood.

He can't resist for long.

The only thing he can do is to let these people fight back with one blow!

Suddenly, he had a crazy idea in his heart!

Lin Qingxuan's silver needle is not enough to deal with these four people!

What if we add thunder and fire?

Absolutely qualified!

But in this way, the power he bears will be extremely terrible!

Regardless of everything, the flame in Ye Chen's eyebrows directly condenses on the silver needle!

At the same time, endless thunder also converged on the silver needle.

The sound of Zizi came from the void around.

It's like breaking down!

Cui Jiasi found something wrong at the first time.

They look at Ye Chen again, the face changes greatly!

"There is a big problem with the silver needle in the boy's hand!"

"Come on, stop it!"

"He must not be inspired!"

Cui Jiasi will step out, carrying the storm swept away.

The whole body is shining with dazzling light! Like a god!

And now ye Chen is more terrible!

The sky above countless lightning down, purple, red lightning around the body!

Ye Chen's eyes are full of thunder and lightning!

The distance between Cui Jiachen's eyes is only four meters!

The next second, is able to twist off Ye Chen's head!

Even four storms formed all over them!

Anyone close to the storm will surely die!

The four generals of Cui family, like an insurmountable mountain, block Ye Chen's body and let people breathe are extravagant.

All of a sudden, ye Chen's eyes widened and he roared: "Qingxuan silver needle, cut the gods and demons!"

At the command, the sky and the earth are dim, the sun and the moon are not bright.

Innumerable auras converged towards the silver needle!

The silver needle suddenly expanded!

It contains tremendous energy! Extremely overbearing!

The sound of dragon singing is deafening.

Silver needle hundred Zhang, the eternal fire burst out! The power of God thunder connects heaven and earth, as if turned into a giant beast, and will devour Cui Jiasi!

Not only that, but also the silver needle like a God came to the earth, carrying thousands of troops and horses, towards the insurmountable mountain!

At this moment, time and space seem to collapse, time seems to solidify.

At this moment, ye Chen's aura of elixir field disappears completely! Even the body almost cracked!

This is his strongest blow!

Fortunately, his body is several times stronger than the ordinary strong.

The bright light and fierce sword spirit make the world quiet completely.

"Boom

Everything seemed to explode!

Bursts of roar came, and the world was shaking.

The whole ground was shaking violently, and the ground was like a spider's web.

Cui Jiasi will be in that frightened eyes, completely bombed out!

One of the front two people is heavy hit on the ground!

The body is full of blood, and it is impossible to fight again.

And the other two people are also uncomfortable, of course not so embarrassed, but their two right hands have exploded!

Seriously injured two people, broken two arms, this is the price!

Just entering the holy land can suppress the four generals of the Cui family!

I'm afraid the whole Kunlun is alone!

But ye Chen is not very well. He has no strength to support him any more. He cuts the dragon and asks the sky sword to be inserted on the ground and gasps violently.

He felt exhausted and had no ability to fight again.

It's the limit.

Soon, Cui yuan with the injured Cui Ruicheng slowly fell down. When he saw the picture in front of him, Cui yuan's expression was extremely frightening.

The fourth general of Cui family was defeated?

And was it so completely defeated?

How could it be!

This is a strong source of Tao! The little animal was injured and his body should be limited. How could this force break out?

"What's going on? Is it going to happen?"

The two people who broke their arms naturally found Ye Chen's state, shook their heads, and said in a trembling voice, "master, all this is caused by that boy." "No way!" Cui yuan denied.

"Master, this boy There's a silver needle. It's terrible! "

Speaking of this, they are also behind the cool, this is the feeling dominated by fear!

Cui yuan could have sensed something wrong with Ye Chen. Looking at Ye Chen again, he was already a strong crossbow bow.

He sneered: "it seems that the boy used the secret arts. Even if he used the secret arts, he hurt himself, but he made a wedding dress for the Cui family! Ha ha

Step by step, he went to Ye Chen.

Full of confidence, in charge of everything.

Seeing that he was about to get close to Ye Chen, he just wanted to hold it with five fingers and suck the boy over. However, he found a cat like animal standing in front of Ye Chen's body.

Or different pupils.

This different pupil looks at him, unexpectedly let him have a kind of feeling that is being watched by the strong.

He shook his head and thought it was ridiculous. He slapped him out and said, "little beast, get out of the way. Don't do me a bad job!"

But soon, his smile was stiff!

Because he actually saw that furry animal, he even stretched out a palm and patted it towards him!

What the hell is this!

Surprise has not stopped!

He thought the beast would turn into a mist of blood, but he didn't!

On the contrary, he found that all his strength had disappeared!

How could it be!

He stepped back a few steps, his whole body was cold!

However, he was also a man who had experienced big waves. He soon regained his mind and took out a sword to cut it directly!

"I don't care what you are. If you stand in front of me, I will kill you!"

Sword fury, cut through the air!

Just as she was about to fall on that little yellow, she closed her eyes!

Then the eyes suddenly open!

The red pupil blooms the dazzling red light!

Old runes are spinning inside!

At the same time, a cold voice fell from the sky!

"Go away!"

Cui yuan was scared to death by a single word!

This The damn cat is talking!

Before he could react, he found a terrible force coming through!

"Poof!"

He spat out blood!

In great fright, his body flew out without warning!

Cui yuan wanted to keep his body stable, but under this power, he found it impossible!

As if, under this power, he is the smallest existence!

What the hell is that!

Cats? Monster?

Cui yuan was completely disorganized.

His body is full of upside down dozens of meters!

Just stop!

Even more, it hit the ground and splashed with dust!

It's hard!

Cui yuan reluctantly got up. His eyes just wanted to look at the place where ye Chen and the cat were. But he found that the cat's body was getting bigger and bigger!

"Lying trough!".

Chapter 877

Cui yuan has seen the world.

Kunlun Xu countless spirit beast and demon beast, have been reduced to his mount.

He even went out to hunt monsters with several big families in danxu town every year.

He knows Kunlun Xu's animals better than anyone else.

But at the moment, his brain is blank!

He couldn't guess what the guy guarding Ye Chen was!

The key is that the guy is still talking!

Let him go!

Fear comes from the unknown.

His only guess now is whether the monster came from ancient times?

Psychic beast?

Ancient fierce beast?

But even if it is, how can it grow like this!

The other two Cui family elders who had broken their arms quickly came over and said, "Sir, are you ok? Do you need to take you away? "

Cui yuan waved his hand and glared at Ye Chen and Xiao Huang.

Fear disappears between the eyes, greed occupies.

In any case, the monster is qualified to fight against itself, which proves its value!

If his Cui family gets this monster, maybe he can take charge of the whole Kunlun void!

Thinking of this, he immediately swallowed the next pill, and his wound recovered a little bit.

Difficult to stand up, to the side of the Cui family four will command: "hunting nets can be on your body?"

Cui Jiasi nodded and sacrificed a big net in his hand.

There is the smell of array on the beast hunting net, and even a trace of blood stains.

Every year, the Cui family went hunting animals, with the help of which they won high-level monsters or fierce beasts.

Today is no exception!

Afterwards, Cui yuan sneered and took out a bow and arrow.

The bow and arrow are made of jade, surrounded by evil spirit. There is no real bow string on it, but there is a red Qi Yan connecting two points.

This bow is just the Jueyun bow and arrow ready to shoot Ye Chen!

When the two men saw Cui yuan take out the object, they immediately understood it.

"Master, are you going to hunt that beast with the Jueyun bow, and then we will take it with the hunting net?"

Cui yuan shook his head: "kill that animal? This will only cause damage to my Cui family! I'm going to take the beast! Go, you two, to the beast, and when I shoot my arrow, I will immediately snare it with a net! I want to live! "

"Go

Hearing Cui yuan's explanation, the two people's expressions were wrong.

They saw the power of the animal just now. Even the master couldn't resist it. They even let them approach!

It's not like looking for death!

"Master, we are all injured. We will not wait for the remaining strong men of the Cui family to come?"

One of them said with difficulty.

Cui Yuanyi slapped his hands and said, "nonsense, the animal's state seems to be very unstable now. It's the best chance. If it's too late, it will change."

What else can the two people say? All the strong men in the Cui family have taken a special pill. If they disobey the master's meaning, they will die!

Each of them grabs one side of the hunting net and goes towards Xiao Huang and ye Chen.

Cui yuan's eyes were blazing, and his aura was sweeping. A Jue Yun arrow was placed on the bow, and the red gas bow string was pulled.

All the aura of his elixir field was absorbed, and even a pale color appeared on his face.

At the moment, ye Chen opens his eyes with difficulty.

His first reaction was pain.

That hit was almost the limit.

But fortunately, he found himself with a strong sense of breakthrough.

I am afraid that after today, he will step into the kingdom of the king.

It's just that he's not qualified to move.

I can't even lift my hand.

He gasped violently, and then he noticed Xiao Huang beside him.

Xiao Huang's body is surrounded by red light, and her body becomes larger with the diffusion of red light.

Now it's one meter high, and it's not stopped.

"Is this? Is Xiaohuang in the second evolution

Ye Chen thought of this and quickly denied it. After all, Lin Qingxuan said that it would be more and more difficult to break through after all.

Xilongchi is due to chance, but in danxu Town, nothing happened. What evolution is it?

All of a sudden, a sound of breaking through the sky rang through!

Ye Chen Yu light a sweep, suddenly found a cold light swept.

Very fast!

Jue Yun arrow!

He even saw Cui yuan standing in the distance holding Jueyun bow with a cold smile on his mouth.

At the same time, two of Cui's four generals are holding the big net to Xiaohuang!

"Not good!"

Jue Yun arrow and big net are aimed at Xiao Huang!

The Cui family is going to take Xiao Huang!

Ye Chen reacted and roared with all his strength: "Xiao Huang! Let's go! But at the moment, Xiaohuang has no reaction at all.

Its body is still expanding, and its red light is more and more dazzling!

Jue Yun arrow's speed is too fast, and it will fall on Xiao Huang in the blink of an eye, and the two people who are approaching with the huge net have already practiced the Jue with one hand, and their blood essence is forced out.

The huge net was thrown out to cover the sky and cover the sun.

Ye Chen will never let Xiao Huang get hurt. He clenched his teeth and tried to hold back the pain of his body. His fingers moved!

The sky sword is flying in Ye Chen's hand. He holds the sword tightly and just wants to do it.

Xiao Huang came a startling animal roar, suddenly, the whole earth trembled.

The boundless air wave overflowed in all directions.

Xiao Huang's huge body suddenly turned, and her red pupil suddenly gazed at Jue Yun Jian!

This look, extremely calm!

It can even be said to be indifferent!

The next second, Jue Yun arrow stopped!

The power contained in the arrow disappeared!

Even, gradually began to bend!

Finally, "PATA!" A sound, Jue Yun arrow fell on the ground.

Cui yuan in the distance naturally saw this scene, and his body became stiff.

With his strength and genuine Qi, Jue Yun arrow was blocked by the beast's eyes!

It's shocking.

Suddenly, he looked at the four generals of the Cui family and said excitedly, "come back quickly! Come on

But it's too late.

Xiao Huang raised her head, bent her four feet, and her whole body was in the air!

The red light of the whole body was more and more penetrating.

When the net fell, sharp claws appeared in his palm. The claws tore open the net directly!

Even the array inside collapsed completely!

They are no match for Xiao Huang now!

Xiao Huang heard a roar, as if stepping into the air, and quickly toward the two people who control the huge net.

Cui's four generals of the two people naturally felt the crisis, the first time to run, but found that it was too late.

A majestic and fierce beast appeared directly in front of them, with a big mouth, and the fierce and fierce spirit broke out completely and directly bit them!

How terrible is Xiao Huang's state at the moment. The fangs are so cold that they can't be stopped!

The two people wanted to struggle with their own means, but found it was useless. They turned into a blood mist on the spot!

"Bang!"

Xiao Huang falls steadily on the ground, his fangs are stained with blood, and his different pupils suddenly shoot at Cui yuan!

All of a sudden, the body moved and swept away in the direction of Cui yuan.

Chapter 878

Every step Xiaohuang takes, a deep footprint appears on the ground.

There is a crack around the footprints.

Seeing such a picture, ye Chen can't be calm for a long time!

He never thought that Xiao Huang should have such a domineering side!

If so, he can crush everything with the help of Xiao Huang.

At the moment, Xiao Huang is only a few dozen meters away from Cui yuan. His different pupils are extremely cold! Extremely bloodthirsty.

The fierce feeling of the ancient fierce beast in his body was completely aroused.

"It costs a lot, but you shouldn't touch him. He's very important to me. Extremely important. "

The voice of indifference sounded.

It's light.

There's no temperature.

Suddenly, Xiao Huang moved!

His hind legs are bent and the ground is sunken! Then, suddenly burst out, the body full of more than ten meters high, and then the huge palm print, as if tearing all the air in front of him, snapped hard at Cui yuan.

This palm carries Xiao Huang's endless anger!

This palm seems to break the space.

Cui yuan had no idea that Xiao Huang would come after him. He was completely flustered. Facing this powerful beast with unknown origin, he subconsciously wanted to escape!

What else could he do but run away?

Hard resistance? What kind of resistance does he take!

It's not the same level at all!

But Cui yuan has not yet taken a few steps, but found his body as if locked by a pair of eyes!

An invisible pressure came over.

His feet seemed to be heavily leaded and could not move.

His face was as white as the eye!

He never dreamed that he would have such a miserable day in danxu town.

Is his ultimate destiny to die in the hands of such an animal?

That's too subdued!

He can no longer care about everything, senhan's weapons draw out, gather all the strength of the Dantian, one hit to chop out!

"Dang!"

With the sound of clear and crisp sound, he found that his weapon was directly broken!

His legs began to sink!

What kind of power is this!

"Click, click, click!"

He could even hear the bones in his body break again!

A mouthful of blood!

"What the hell are you?"

He spit out a few words, and then he thought of something. He took out a jade pendant from his waist and sprayed a mouthful of blood on the jade pendant.

The jade pendant glitters and forms an old shadow in an instant!

This is the power of the ancestors of the Cui family!

Cui yuan is also the biggest card!

The old empty shadow stares at Xiao Huang and snorts coldly: "my descendant of Cui family, you dare to start and die as an animal!"

Point out the virtual shadow, a virtual tripod formed, but also towards Xiaohuang smash!

It is hard to beat Xiaohuang back several steps.

Xiao Huang stares at the virtual shadow, and her red pupil suddenly emits a ray of light!

The shadow of Cui's ancestors seems to have seen something terrible. It just wanted to talk, but it was penetrated by the red light and completely dissipated!

However, Xiao Huang is not good, her eyes are ferocious!

It just wanted to go to Cui yuan, but found that on the sky, a few immortals, wearing Taoist robes of the elderly are rapidly plundering.

These people are extremely dangerous.

At least far more than Cui yuan.

Xiao Huang snorted coldly: "Cui family, wait a few days, I personally and the master kill door!"

With that, in the pupil of its red rune, the ancient words rotate.

When Cui yuan looked at each other, he found that his brain was blank, and then his body fell directly to the ground.

Fall into a coma.

And Xiao Huang turns and rushes toward Ye Chen.

Come to Ye Chen's side, bite Ye Chen's casual clothes directly, throw it lightly, and then carry the injured Ye Chen to his back.

When ye Chen just wanted to talk, Xiao Huang said, "I can't stay in this state for long. Let's wait until I enter danxu tower."

Words fall, fast and furious, speed of life and death.

A cloud of smoke and dust moved.

It's like a sandstorm coming!

In ten seconds, Xiao Huang and ye Chen came to the entrance of danxu tower.

The body of mang Chen, and then the red leaves will stop.

Finally, it was restored!

"Quick, enter danxu tower. The people behind are extremely dangerous. I can't do it. Danxu tower is the safest! Come on

Ye Chen knows the seriousness of the matter, and holding up Xiao Huang, he is going to the danxu tower.

But soon, he found that the door of danxu tower was sealed.

Not only that, but also the two old gatekeepers were gone!What's going on here?

.....

At the same time, a few old men of fairyland and moral character slowly fell down.

They were wearing a Taoist robe with the pattern of danxu tower on the back of the robe.

Taoist robes flutter in the wind, and the breath on them is ethereal and mysterious.

They have been guarding this place for thousands of years, and their mission is to protect it.

After all, danxu tower is an ancient thing. It has been watched by countless forces. If no one guarded it, it would have been plundered by the greedy people in the dark.

Just now, they felt a special fluctuation here.

The fluctuation is particularly violent, indicating that there are forces that do not belong here.

When they came here and saw these corpses, several guards of danxu tower turned pale.

"If I remember correctly, this person should be the current head of the Cui family. Besides, the other four who have fallen should be the four generals of the Cui family. How can they be so miserable? Is it true that there are strong people outside? "

They looked at danxu tower, vaguely worried.

For thousands of years, no one dares to move danxu tower, but it does not represent peace.

Now Cui's family is in trouble, it is very likely to release a signal.

One of the defenders of danxu pagoda came to Cui yuan. He felt the presence of breath with his finger on the tip of his nose. Then, he pointed his finger on the center of his eyebrow.

A holy light wrapped Cui yuan's whole body.

Suddenly, Cui yuan opened his eyes and gasped for breath. When he saw the old man in front of him, he quickly arched his hands: "nanxuan immortal, how did you come here? Cui yuan paid a visit to nanxuan immortal!"

Nanxuan immortal did not have any fluctuation. He waved his sleeve and said directly, "etiquette is unnecessary. I just want to know what happened here."

Cui yuan quickly explained: "nanxuan immortal, my child Cui Ruicheng was kidnapped by an external cultivator, and was seriously injured. Cui Jiasi and I will force that man here..."

Nanxuan immortal interrupted: "is there only one other person? But I am afraid that he who can hurt you like this is also a strong source of Tao. "

Cui Yuanmeng shook his head: "it's not the boy who hurt us, but..."

All of a sudden, Cui yuan's face twisted, and he even put his hands around his head, which was extremely uncomfortable.

He found that he couldn't remember what had just happened.

It's like a memory completely disappeared!

"But what?" Nanxuan real man frowned.

Cui yuan tried hard to recall, but found it impossible. He could only say: "immortal nanxuan, I don't know why, I suddenly forgot what happened just now."

Chapter 879

"I always feel that something terrible happened before I killed that boy!"

"But I can't say exactly what it is. Every time I try to think about it, the sea of knowledge seems to explode!"

Cui Yuan said with difficulty.

Hearing this, nanxuan immortal suddenly thought of something. He stretched out his hand and pointed his finger on Cui yuan's heavenly cover. He just wanted to penetrate Cui yuan's mind with strength, but he found a red light coming.

Nanxuan immortal quickly let go of his hand. He stepped back three steps before he stopped. His face was very gloomy. He said, "it seems that someone has erased your memory. He is not an ordinary practitioner."

"And the residual power in your mind is a little weird, it seems Unlike people The specific situation can only be analyzed when the memory is erased. "

He glanced around again and found that there were several onlookers turned into corpses.

No one knows what's going on here right now.

The clue was completely cut off.

"Can this part of nanxuan's memory be restored?" Cui Yuandao.

Nanxuan immortal shakes his head: "can't, the opponent's method is higher than me, in other words, erase your memory, extremely dangerous."

Cui Yuan Yi Zheng, hesitated for a few seconds or said: "what should I do?"

Nanxuan real man frowned and said, "the only clue is the man who hijacked your child. Do you know where he is?"

As soon as Cui yuan's eyes brightened, he looked at the danxu tower, and then said, "my Lord, the boy asked me to leave a token of danxu tower. He must want to escape to danxu tower, so I can't bear it! I'm sure he's in danhue now

Nanxuan immortal's eyes followed Cui yuan's hand, and finally fell on the danxu tower in the distance. He sneered at Sen Han and said, "isn't that boy going to danxu tower for death at this time?"

"Lingyi danzun just left the pass not long ago. For some reason, the whole danxu town was swept by craziness, even the periphery of danxu town. I didn't know what he was looking for. Dan Zun is not in danxu tower now, so it's not so easy for danxu tower to enter."

"Cui yuan, since this matter has something to do with your Cui family, come with me."

The next second, nanxuan real man caught Cui yuan, and several other old people plundered toward danxu tower.

.....

At the moment, ye Chen is in danxu tower outside the crazy knock on the door, but there is no movement.

The ripples of the array can't be solved at all.

"Damn it! Where have the two old gatekeepers gone

Ye Chen pulls out the dragon and asks the sky sword. He just wants to try to split the array.

However, Xiao Huang in his arms said with difficulty: "the array of danxu tower can't be split by your strength, even in my heyday. It's a real thing from ancient times, and it's extremely complete."

"What should I do?"

"Wait."

Xiao Huang said weakly.

As ye Chen paced back and forth, the two old men came slowly.

It's Lao Yang and Fang Lao!

Two people a day time are outside looking for someone, when see ye Chen, did not recognize the first time.

After all, ye Chen met the two people with ye Shitian's face.

"Boy, what are you doing at the door?"

Ye Chen saw the two people, exhaled a breath, and quickly handed over the Cui family's Token: "two elders, I want to enter the danxu tower, this is the token."

However, Lao Yang waved his hand and patted Ye Chen's token on the ground: "Dan Zun is out today. There is no special situation. Danxu tower will not open. Go back."

"What's more, maybe it won't open these days. Don't be paranoid. This token of Cui's family is just an ordinary access token. Don't think you have any authority. "

Ye Chen was stunned. He didn't expect that the opening of danxu tower was so casual.

The key is that danxu tower must nod his head?

Ye Chen looked at Fang Lao, who had a good temper. He arched his hand and said, "old Fang, when will Dan Zun come back?"

Fang shook his head and said, "what can we do about Lingyi danzun?"

All of a sudden, he found something interesting to look at Ye Chen: "little brother, how do I feel you are a little familiar."

Ye Chen just wants to speak, a few mad tyrants of the breath swept.

It was Cui yuan and nanxuan Zhenren.

Cui yuan naturally saw Ye Chen, who was discussing with the two old gatekeepers. He quickly pointed to Ye Chen and said excitedly, "immortal nanxuan is the boy. He tortures the dog, but he doesn't know how to hurt me or kill several people in danxu town! I seriously doubt that this son came here for the danxu Tower

Hearing this, ye Chen looks pale, or late.

He wanted to communicate with the reincarnation cemetery, but found that Lin Qingxuan was still silent.

Lin Qingxuan said that when he faced everything, how should he face it?When Lao Yang heard this, his eyes were cold.

He was born and raised in danxu Town, but in front of him, this young man actually slaughtered others!

The crime is unforgivable!

Even the token in his hand to enter this place may be stained with blood.

The immortal nanxuan in the distance looks at Ye Chen with interest. He really can't imagine how a man who enters the peak of the holy land can kill so many powerful people.

He took a step and said to Lao Yang and Fang Lao: "two, the people around you, we need to take the investigation."

Lao Yang directly sacrifices a long sword. The spirit of the sword overflows and is directly placed on Ye Chen's neck.

"Immortal nanxuan, this man has committed such a heinous crime. Naturally, we will not cover it up. Fortunately, lingyidan Zun has left, or we will let this boy in!"

"Boy, you should not have done it in danxu town. Danxu tower can't accommodate you, a bloody thug!"

Ye Chen's eyes narrowed slightly, looking at the long sword on his neck, he was thinking about the way to deal with it.

Seeing such a scene, Cui yuan quickly bowed his hand to Lao Yang and said, "my Lord, thank you very much! There are two top strong guards around Lingyi danzun, and danxu tower has never had an accident. "

Old Yang nodded with satisfaction and said to Ye Chen, "boy, what else do you want to say! I advise you to cooperate with me, or you can't come out of here alive

Chen, he plans to go down.

Cui yuan was ecstatic to the extreme!

If lingyidan Zun doesn't get out of the pass, it's hard to catch this boy!

It seems that God is on his side!

"Hold on!" All of a sudden, Fang, who had not spoken, began to speak.

His tone unexpectedly some trembles, the eyes dead stare at Ye Chen.

Lao Yang's expression is strange: "Lao Fang, what kind of nerves do you have?"

Fang didn't pay attention to him, but faced Ye Chen and said excitedly, "little brother, can I ask you a question?"

Ye Chen feels something wrong and nods.

Under everyone's puzzled eyes, Fang stepped out, approached Ye Chen's ear, and gently said, "did you look for someone here not long ago?"

Chapter 880

He clearly recognized Ye Chen!

as like as two peas, the feeling of Ye Chen is exactly the same as that one.

This is why he has been observing Ye Chen.

As for why he whispered in Ye Chen's ear, it was only because Ling Yidan Zun had an account before he left!

No one should know the secret of that youth and Lingyuan!

Violators, kill!

After explaining this matter, Lingyi danzun is searching outside danxu town.

How important Dan is to the young man!

The only thing he can do is to deal with everything before lingyidan Zun comes back.

Although Ye Chen doubts why the other party will ask this, he still nods.

"Can you tell me the name? Just lip talk Fang decided cautiously.

Ye Chen's lips moved.

It's the shape of Lingyuan.

Get Ye Chen's answer, old Fang's face changed completely, is more anxious!

Even the back is wet!

If he doesn't observe, Lao Yang has done an unforgivable thing!

If Lingyi danzun gets angry, he and Lao Yang will surely die!

He has to stop it!

Don't think about it any more. Fang Laoyi grabs the sword in Lao Yang's hand!

Even regardless of the sharpness of the sword, blood flowed from the palm of the hand.

Contaminated the whole sword.

Then, "PATA!" With a sound, Fang Lao made a slight effort and directly broke the sword out of Lao Yang's hand and threw it mercilessly on the ground.

Such a scene, instantly burst the eyes of all people, let all people muddle.

What kind of business is the old one?

Even ye Chen didn't respond for half a day.

To say that the most confused nature is Lao Yang!

Lao Yang's face was startled, and he said in a loud voice, "Lao Fang, what are you doing? Are you going to help this evil mob?"

Before he had finished speaking, Fang's true spirit condensed and slapped him on his wrinkled cheek!

"Asshole! Don't be rude to adults! "

Lao Yang's whole person is like petrification, can't think of Fang Lao unexpectedly to oneself?

I call this boy an adult!

Who the hell can explain this!

Lao Yang was so angry that he just wanted to say something. Old fang had already turned around and offered a big black wolf knife in his hand!

The blade of Dagao is straight, and the guide is Xuan Zhenren and Cui yuan.

"I'm sorry, you can't take this man today, anyway!"

Cui yuan's expression is extremely ugly, and the eyes of nanxuan real person are even more tiny. He can't see through the situation in front of him.

He didn't mix much with the two old gatekeepers.

Dan is the only one who knows.

Their duty is to guard danxu tower.

And their duty is to guard danxu town!

At the moment, Fang's behavior seems to be challenging the authority of his nanxuan real person!

Nanxuan real person's eyes are interesting staring at Fang Lao, curious: "can you give me a reason?"

Naturally, old Fang couldn't tell the relationship between Ye Chen and Lingyi danzun. He snorted coldly and said: "sorry, you are not qualified to know the reason! You don't need to know why! "

At this time, Luoyao and luowuyuan came late. When they saw the picture of their swords in full swing, Luoyao's heart went to his throat again.

She saw Ye Chen, just want to speak, a pair of hands is to cover her mouth.

It's luowuyuan!

"Stinky girl, are you going to kill the Luo family? Those two are the people around Lingyi danzun, and the others are guardians! Is there a place for you to speak? "

Luo Wuyuan was almost scared to death by his daughter.

He didn't want his daughter to get involved in anything else.

He only hoped that the young man would die early. Only his death could end everything.

At the moment, the nanxuan real man heard Fang's reply, and his face was a little dark.

Without hesitation, he offered a long sword in his hand. The sword pointed directly at Mr. Fang: "the things you and I are responsible for are different. If you really want to talk about rights, I am far higher than you in danxu town. However, your identity is just a watchdog. What are you without spirit and Dan Zun?"

"I don't want to do anything to you. If you don't hand over the people, you can't blame me for being rude."

The voice of no doubt resounds.

Fang did not give in at all. His eyes were very firm!

Must guard this person before the spirit one dan Zun returns, regardless of all costs!

"Nanxuan immortal, I don't care what contradiction you have with him, but please find out where you are standing now. This is danxu Tower!"

"If you dare to take another step, don't blame me for being merciless. My sword has not been sacrificed with blood for a long time. Today, it will be your blood sacrifice!"

Just then, a thin hand held the big knife in Fang's hand. It's welded.

It's Lao Yang!

Lao Yang is really confused!

Looking at old Fang, he was surprised and said, "Lao Fang, what's the matter with you today? Our duty is only to protect danxu tower and Lingyi danzun. But what are you doing to protect a murderer beyond your authority! I wonder if you have Alzheimer's disease

Nanxuan immortal smile: "Fang Lao, it seems that your companion understands things better than you do. Are you sure you want to be so stubborn?"

Old Yang almost spit out his identity after him

Lao Yang is stunned and looks at Ye Chen again. He feels familiar.

"Then I might as well tell you that he is the young man that Ling Yidan Zun is looking for at all costs! Now you know what you're doing? If anything happens to him, can you afford it? "

Lao Yang's face is white in an instant. The next second, however, he wants to kneel in front of Ye Chen in front of everyone.

How can he be confused? If this youth really because he made any mistakes, Dan Zun will certainly pick off his skin when he comes back.

All of a sudden, an invisible air wave lifted him up.

Fang's voice again entered his sea of knowledge: "don't be too aggressive. Don't forget the explanation of Lingyi danzun. This secret can't be detected by outsiders! I'll wait for the return of Lingyi danzun

Lao Yang calmed down and apologized softly to Ye Chen. Then, the sword in his hand broke out!

White eyebrow a pick, the whole body of the true Qi package, momentum continues to climb!

He stared at nanxuan immortal and said in a cold voice: "nanxuan immortal, if you step forward, I will be the first to kill you!"

Quiet!

The whole world fell into silence.

No one would have thought that Lao Yang's attitude had changed 180 degrees!

One second, help nanxuan real person, the next second, even standing in the United Front with old Fang!

Key two danxu tower gatekeepers even together to protect a seriously injured youth!

It's amazing!

Luo Wuyuan saw this scene and released his hand. His breath seemed to be stagnant.

His eyes widened like sculpture.

Doubts, strangeness, fright, countless emotions filled his mind.
