Chapter 8731

That deep giant is the legendary dusk giant. It is the protector of the sixth seat of the death cult, and its strength is unparalleled.

At the beginning, ye Chen was almost slapped to death by the dusk giant in the Taishang merit war.

In the reincarnation cemetery, the once holy light immortal emperor died in the hands of the dusk giant.

This dusk giant, ranked in the top six seats of the death order, is extremely terrifying and powerful.

Ye Chen also recognized the fierce beast standing beside the giant at dusk, and it was its mount, the eight barren virtual beast!

Previously, in Jianmen world, in order to save the earth, he released the eight barren virtual beasts and created chaos.

Finally, the eight wild virtual beast lost control and ran away.

Ye Chen never thought that the eight wasteland virtual beast had returned to wuwu spacetime, and even returned to the twilight giant.

"Your grandfather and I, as their predecessors, sensed the change of heaven, and the giant might come at dusk, destroy your promotion, and even kill you."

Ji Si Qingning's important way.

"What?"

Ye Chen's face changed slightly.

He is absolutely safe to be promoted in the star moon circle.

In the territory of the star and moon realm, neither the ancient emperor Yu Huang nor the demon ancestor Wutian dare to disturb him.

But the giant may come at dusk, which is beyond Ye Chen's expectation.

With the strength of the dusk giant, once he comes, he will definitely cause immeasurable damage in the star moon realm.

At that time, ye Chen's realm will be disturbed and may fail at any time.

Ji Siqing said, "if you want to attack Tianxuan, you may need to postpone it for a few more days. Your grandfather and elder Ren said that they need to prepare again to prevent the arrival of the giant at dusk."

Ye Chen said, "yes, I'm also preparing to go to God's heaven. It doesn't hurt to postpone it for a few days."

Ji Siqing said, "is God in heaven?"?

Be careful, then. I seem to have heard the warning of fate. There seems to be a big change in the divine heaven. "

Ye Chen said, "I know. I'll be careful. Help me tell Grandpa they're going out first."

He held Ji Siqing's face in his hand, kissed her, and then left the star moon world, directly locked the coordinates of the divine heaven, and left in the air.

Before officially going to God's heaven, ye Chen passed on his will.

Because he sensed that Yan Xingtian was in the divine realm, and told the other party in advance that he could also be received.

Sure enough, when ye Chen came to the heaven, he saw an old man with a wine gourd and several disciples coming out with a laugh.

It is Yan Xingtian.

"Elder, long time no see!"

Ye Chen arched his hand at Yan Xingtian and shouted.

Yan Xingtian laughed and said, "little guy, why are you here?"

Ye Chen said, "I want to find someone."

In fact, before coming, ye Chen had already spread his will and told Yan Xingtian that he wanted to solve the cause and effect of the tomb palace and look for the end of heaven.

Yan Xingtian's old eyes flickered slightly, and his expression was also rare. He said, "the person you want to look for, I'm afraid, is not so easy to see."

Ye Chen said, "please guide me."

Yan Xingtian was silent for a while, so he waved, "come with me."

Lead the way ahead.

Ye Chen nodded and followed Yan Xingtian into the realm of God.

This divine world is as famous as the world of hell, sentient beings, ghost king and so on, but the internal weather is chaotic and dark, and the world is incomplete, a scene of doomsday ruins.

Ye Chen saw that the whole divine heaven had disintegrated into hundreds of small boundaries, including mountains, rivers, forests, ancient trees, city fragments, broken and suspended in the sky.

Ye Chen looked up and couldn't see the sky.

He looked down and could not see the earth.

The celestial realm of God has collapsed so badly that even the heaven, earth and stars have been wiped out, and there are chaotic time and space turbulence everywhere, such as the ruins of doomsday.

If it weren't for ye Chen's strong cultivation, walking in this place without seeing the heaven and earth, he might be lost in a moment.

"Master, how did your god heaven become like this?"

Ye Chen was surprised.

Yan Xingtian smiled bitterly and said, "it's because of a thirty-three God skill."

Ye Chen's heart moved: "thirty three divine arts?"

Yan Xingtian said, "yes, at first, my God's heaven was one of the six realms of reincarnation, and my highest mission was to kill reincarnation. Although internally, not everyone recognized this mission, such as me."

"All forces in the heaven of our God are fighting with each other, but they have not yet torn their skins. After all, there are still a few people who really devoutly worship the supreme will, or worship reincarnation. Most of them have their own interests, and they will not easily give everything for a religious dispute."

"But later, the leader of the jade lotus Holy Land taught the jade lotus female emperor. I don't know where she came from, and brought back a thirty-three heavenly divination, called the green lotus holy casting method."

"It is said that if you practice this holy casting method of green lotus, you can cast the holy body of green lotus, rise in the daytime, and become a God."

"Such a powerful skill naturally aroused the covet of all holy places, sects and families in the divine world."

"Since then, in order to snatch the holy method of Qinglian casting, all forces in the divine heaven have completely torn their skins and fought with each other continuously, and finally the whole divine heaven has been torn apart and collapsed. No one remembers what the supreme mission is and what the reincarnation is. Everyone is crazy and wants to snatch the holy method of Qinglian casting."

"Alas, that's what happened after I gave up the throne and left the divine heaven. If I were in charge, the divine heaven would not be reduced to this."

Chapter 8732

Speaking of the end, Yan Xingtian also sighed euphemistically.

Ye Chen was slightly moved, and he didn't expect that God's heaven had experienced such chaos.

The attraction of the thirty-three divine arts is really terrible.

In order to snatch the thirty-three divine arts, all forces in the whole divine world were involved. In the end, they were defeated and injured. There was no winner. Therefore, the divine world collapsed and the heaven, earth and stars were wiped out.

"Most parts of my God's heaven have been reduced to the ruins of doomsday. The tomb palace strongman you are looking for, who is called Tianhuang, has been closed in the ruins for thousands of years."

"Hey, thanks to him, he can find my god heaven. It's really suitable to shut down here. There's no need to be afraid of being disturbed by outsiders."

Yan Xingtian laughed again and said.

The divine realm is one of the six realms of samsara, which is isolated from the outside world.

It's natural to be quiet here.

In those days, in order to compete for a holy method of green lotus casting, the heaven fell apart, the moon darkened and the stars sank, which did not affect the outside, indicating the closure of this place.

If ye Chen didn't have the coordinates given by the local government, he couldn't find it here.

"Come with me."

Yan Xingtian and ye Chen shuttled through the void all the way. I don't know how many miles they swept, and finally landed on a dark ruin.

This dark ruins used to be a prosperous area of God's heaven, but due to fighting and war, all prosperity was destroyed, leaving only the ruins of ruins, and even the ruins bred darkness, and twisted demons were born.

In this dark ruins, there is an old man, spotless, sitting in the middle of the ruins.

His whole body exudes divine golden light, which is the golden luster of reincarnation alone.

In this ruined world, he seems to be the only true God. When the luster of reincarnation spreads out, the dark demons that breed around him are crushed one after another, and there is no possibility of havoc.

"This is... Master Tianhuang!?"

Ye Chen looked at the old man on the dark ruins and was moved. He wanted to get close to the past to have a look, but he felt a restraining barrier blocking him.

This restraining barrier is so powerful that it seems to have the breath of the supreme truth Road, which is not offensive.

Ye Chen tried to break through the prohibition, but as soon as his palm touched the prohibition barrier, it seemed that he had been backfired by Da Dao, and the blood in his chest and abdomen churned, almost vomiting blood.

"Hey, hey, as I said, it's not easy for you to meet this person."

Yan Xingtian saw Ye Chen's failure to break through the prohibition, hehe smiled and drank another sip of wine.

"Master Yan Xingtian, what can you do to let me in?"

Ye Chen looked at Yan Xingtian and asked eagerly.

"I can't help it, but you can try it with your reincarnation Heavenly Sword."

Yan Xingtian Dao.

"Reincarnation Tianjian?"

Ye Chen pulled out the reincarnation Heavenly Sword according to the words, and a sword cleaved to the prohibition in front.

Under the sharp edge of reincarnation Tianjian, the solid barrier of prohibition suddenly cracked.

Reincarnation Tianjian and this prohibition seem to have something in common, which is quite wonderful.

Ye Chen was so happy that he flew down from the forbidden crack and landed in the dark ruins below.

On the ruins, Tianhuang opened his eyes, and in his old eyes, a sharp edge fell on Ye Chen.

Boom!

Then, the dark atmosphere around exploded, and countless dark energies gathered and turned into a red haired witch.

The red haired witch's eyes were like the moon, and there was a faint blood moon floating behind her, showing a gloomy and terrifying atmosphere.

As soon as ye Chen saw this red haired witch, he felt a sense of inexplicable familiarity, which was actually related to the death cult.

"Is it the fifth Dharma protector of the death order, code named red moon?"

Ye Chen's eyes narrowed slightly, and he had peeped into everything.

The fifth Dharma protector of the death cult is ten times stronger than the dusk giant. It is extremely powerful. Its code name is "Red Moon", also known as the red moon witch.

This red moon demon girl was actually born in response to Ren Feifan. Her goal is to kill Ren Feifan and end the blood moon with the red moon.

"Is this the red moon witch?"

Such a powerful existence cannot come to the real world. "

Ye Chen found something wrong. The laws of the real world have many limitations.

In wuwuwu time and space, too powerful existence cannot come down. If you really want to come, you must pave the way.

At present, the paving of the Death Cult can support the arrival of the giant at dusk at most, which is still the premise that the other party can get the mount again.

If it is the Red Moon Fairy, it is ten times more powerful than the dusk giant, and it is impossible to come down.

Ye Chen woke up. The red moon demon in front of him was not real, but an illusion created by the end of time, trying to test his nature.

"Blood moon slaughters heaven, break it for me!"

Ye Chen was unmoved. The reincarnation Heavenly Sword waved. In an instant, the violent Kendo turned into nine rounds of blood moon. The sword Qi was unified, as sharp as the wind, and slashed forward.

With only one sword, the red moon witch died under Ye Chen's sword, turned into nothingness and dissipated. It was really just an illusion.

If it's a real red moon demon, ye Chen can't solve it so easily.

"It's a little interesting."

"Are you the Lord of reincarnation in this life?"

Tianhuang saw Ye Chen so relaxed, and broke his illusion. His eyes coagulated slightly, showing a trace of appreciation, Tao.

"Young Ye Chen, I've seen you!"

Ye Chen put away the reincarnation Heavenly Sword and bowed.

Chapter 8733

"Don't be polite. I'm just a reincarnation servant."

The voice of heaven and earth calmed down.

"Senior, I want you to catch the mystery and know my purpose."

"I want to ask you to come out of the mountain and help me fight against Tianxin Laozu!"

Ye Chen came straight to the point, without any nonsense, said.

Listening to Ye Chen's so straightforward words, Tianhuang was silent, his eyes bowed, and immediately shook his head, but also very simply said, "No."

Ye Chen was stunned and said, "why?"

Tianhuang said, "haven't you heard the old saying?"

The cause and effect behind the tomb palace is very mysterious and complex. Before you reach the realm of the Immortal Emperor, don't try to touch the mystery of the tomb palace, otherwise there is only a dead end. "

Ye Chen said, "why?"

Must we wait until the realm of Immortal Emperor?

When will it be?

If I testify to the Immortal Emperor, I'm afraid I'll kill through wuwuwuspacetime. What else do I need? "

His heart is not wrong. Now he wants to immediately crack the secret of the tomb palace and get the help of heaven and earth, but heaven and earth want him to wait until the realm of the Immortal Emperor.

How is this possible!

If ye Chen really testified to the Immortal Emperor, he estimated that he would kill all the time.

Tianhuang laughed and said, "the Immortal Emperor wants to kill wuwuwu spacetime?"

You are also too arrogant. The mystery of time and space is not something you can understand. The Immortal Emperor is inside, not even an ant. It's all. I know what you want most now is to seize the Tianbei. I can give you something that is enough to help you. "

With that, Tianhuang turned his palm, as if to turn out something, but the palm of his hand was still empty, only air.

"Here you are."

Tianhuang waved his hand as if to throw something to Ye Chen, but there was only air in his hand.

"Elder, what are you doing? What are you going to give me?"

Ye Chen was stunned.

Tianhuang was also stunned for a moment, and then woke up, smiled dryly, and said, "sorry, I almost forgot that your cultivation is not enough to see through the mystery of fantasy."

"What I just gave you is a fantasy concept, a concept inherited from the tomb palace, which is enough to help you deal with Tianxin Laozu."

"However, with your current cultivation, you can't see the secret of any fantasy. You can't talk about it until you ascend to heaven."

Ye Chen touched his body: "where is the concept of fantasy?"

Tianhuang said, "it's on you. When you step into the mysterious realm, you will naturally see it."

Ye Chen said, "elder, what is the concept you gave me?"

Tianhuang said, "your cultivation hasn't arrived yet. It's useless to tell you. When you become the superior of the emperor, you will naturally know."

"This fantasy concept, even the general infinite realm master, can't pry a dime, but you are the Lord of reincarnation. I believe that when you ascend to the mysterious realm, you can see through everything."

"Before Jin Shengtian xuanjing, don't try to seize the Tianbei. It's impossible. Your strength hasn't arrived yet."

Ye Chen nodded and said, "I naturally know that it is difficult to seize the Tianbei, but take precautions. I want to organize to fight against the power of Tianxin Laozu as soon as possible, and the tomb palace is the key!"

In terms of attacking and killing combat effectiveness, in fact, in the reincarnation camp, Ren Feifan, ye Yishen, xuanhanyu and others are not inferior to Tianxin Laozu.

However, the infinite resurrection of Tianxin Laozu is too strange, but no one can match it.

It's extremely difficult to really kill Tianxin Laozu.

The way ye Chen can think of is to rely on the tomb palace, summon the strong men of the tomb palace in the past, and use the means of changing the past to forcibly change the past of Tianxin Laozu and erase him from the root.

The reason why Tianxin Laozu can rise indefinitely is that there are thousands of timelines in his future.

But his past has only one timeline.

As long as this timeline is cut off, he will die.

Anyone's past has only one timeline, which is eternal and fixed.

What happened has already happened, and it is impossible to change. Forced change only opens up another parallel timeline, which will not have any impact on reality. This is the most solid road rule.

What the reincarnation Lord of the tomb palace wanted to do was to break this most solid law, go against the sky, master the means to change the past, and create a reincarnation book.

Although at the last moment, the reincarnation book failed to be created and turned into robbery.

However, under the leadership of the reincarnation Lord of that life, many strong people in the tomb palace, more or less, have some ability to change the past. Although it is not to the point of rebellion, it is not impossible to erase the heart of heaven.

Tianhuang sighed, "Alas, I said, you don't want to spy on the mystery of the tomb palace before you reach the Immortal Emperor."

"It's even more impossible for you to summon the strong in the tomb palace."

"The tomb palace was created by Yuantian emperor. In those days, the reincarnation book turned into robbery ashes. After the death of the reincarnation Lord, the remaining strong in the tomb palace, as long as they don't die, will all return to Yuantian emperor. You can't summon them."

"The only tomb palace people left in this world are me and my brother, and we are also going to live in seclusion. Alas, it's a pity that he was captured by demon Zu Wutian."

"Otherwise, I now give you the last inheritance concept of the tomb palace, which can be regarded as the end of all causes and consequences, and our two division brothers can retire."

Ye Chen was shocked and said, "senior, do you want to retire?"

"And who is Yuantian emperor?"

Tianhuang said, "my brother and I are already tired. This big chess game is too complicated, and we don't want to be involved."

"As for Yuantian emperor, he is the master behind the tomb palace."

"This tomb palace was founded by him, and even he and the supreme and great reincarnation cemetery have close cause and effect."

"In those days, Yuantian emperor and the Lord of reincarnation were friends. He handed over the tomb palace to the Lord of reincarnation."

"However, the relationship between the last two people was very unpleasant."

"Because the Lord of reincarnation wants to create a reincarnation book, his ambition is so great that even Yuan Tiandi was shocked and persuaded him not to be wishful thinking."

"However, the reincarnation Lord of that life, unmoved, still insisted."

Ye Chen murmured, "Yuan Tiandi..."

When he read the name, he felt a tremor from the reincarnation cemetery.

Sure enough, this Yuantian emperor is not only the owner behind the tomb palace, but also may be related to the reincarnation cemetery!

Tianhuang said, "no one has ever seen the Yuantian emperor. Even the word Yuantian emperor is a respectful title given by outsiders."

"There is a rumor that Yuantian emperor is not a person, but a wisp of wisdom. The initial wisdom represents the initial truth."

"There are also rumors that this person is the president of the truth society, the origin of all things and the embodiment of truth."

"But no one can know the specific truth. I only know that everyone in wuwuwuspacetime, whether it is evil or true, should give the source emperor three points of face."

Chapter 8734

"The emperor of heaven is the most prestigious figure in wuwuwuspacetime."

"If it weren't for him, when the Lord of reincarnation wanted to create the reincarnation book, he was besieged and killed. After all, this idea was too crazy. At that time, it startled all the strong in the real world and wuwuwuwushi."

After hearing the words of the end of the world, ye Chen was also shocked. He didn't expect that the owner behind the tomb palace, the yuan Tiandi, was so big, and even the person with the highest prestige in wuwuwuspacetime.

His reincarnation cemetery may also be built by the yuan Tiandi!

Tianhuang said, "well, Lord of reincarnation, I've finished what I should say, and I've also told you what I shouldn't say. If you want to deal with Tianxin Laozu, don't rely on the tomb palace anymore. It's enough to rely on the fantasy concept I just gave you."

Ye Chen nodded and arched his hand to Tianhuang, "thank you, master!"

Although he failed to summon the strong of the tomb palace, he was able to understand the mystery of the tomb palace and got a fantasy concept passed down from the tomb palace through the ages. Ye Chen was also very satisfied.

Although the fantasy concept, now he can't see or touch it at all, just like the air.

But ye Chen knew that as long as he ascended to the mysterious realm of heaven, he could successfully crack the fantasy concept, and thus have the ability to fight against the ancestors of the heavenly heart.

Tianhuang said, "I've helped you so much, and I also want to ask you to do me a favor."

Ye Chen said, "please speak, elder."

Tianhuang said, "my teacher brother is trapped in the world of Jianmen. I want you to save him."

Hearing this, ye Chen was immediately helpless and said, "there is a demon ancestor in the world of Jianmen, and there is no heaven to guard it. I'm afraid..."

He had long wanted to save the earth, but it was a pity that he failed, and even almost risked his own life.

Tianhuang said with a smile, "it doesn't matter. I can bring demon Zu Wutian here. You can go to Jianmen to save people while demon Zu Wutian is away."

Ye Chen said, "elder, can you defeat the demon ancestor Wutian?"

Tianhuang said, "if it's outside, I can't beat him, but here, he may not be able to defeat me!"

The words fell, the natural famine fist clenched, the bone burst, and the eyes shot out a sharp edge that was completely incompatible with the old appearance, which was murderous.

The dark atmosphere around also rioted, roaring and surging.

He has been closed here for thousands of years, and has established a deep geographical channel and Qi, taking advantage of it.

If the demon ancestor comes, he is at least sure to be invincible.

Ye Chen also felt the fighting spirit and murderous spirit of the famine, and his heart was cold.

He originally wanted to persuade something, but in the end, he didn't open his mouth. He made a decision in his heart and said, "well, master, if you can lead away the demon ancestor Wutian, I'll help you save people!"

Tianhuang nodded and said, "go outside and hide. Don't expose your body shape. When the demon ancestor comes, you can go to the sword gate."

"Yes!"

Ye Chen immediately left the dark ruins and returned to Yan Xingtian.

Yan Xingtian has been drinking, but looking at Ye Chen's eyes, under the insight of heaven, he also knows many secrets, and the drunkenness suddenly wakes up.

"Hey, you want to calculate the magic ancestor Wutian?"

It's really brave. Don't destroy my God's heaven. "

Yan Xingtian laughed.

"Elder, didn't you destroy the divine heaven long ago?"

Ye Chen also smiled and looked around. The whole divine heaven had long been fragmented and disintegrated into hundreds of small worlds, which had long been destroyed, and he was not afraid of being destroyed again.

Yan Xingtian was speechless and angry again.

"Well, it's up to you. I warn you that Mozu Wutian is not easy. If you can't fight him here, I won't help."

Yan Xingtian Dao.

Ye Chen was helpless, "Hmm", and immediately hid his body with Yan Xingtian, hid all his breath, and waited quietly.

I saw that in the dark ruins, Tianhuang sat cross legged and sang softly. There was a wisp of dark aura on his head, which rose straight into the sky and ran through the long river of void. The weather was quite spectacular.

At this moment, Jianmen world is in a forbidden area.

Magic ancestor Wutian, Zhang Qingyu, masked demon God and black sheep demon God are four people, their hands are binding, sitting on the ground, forming an array faintly.

At the center of the array is the dying old man, who is seriously injured.

The magic ancestor Wutian four people were full of aura and wrapped around the old man, but they didn't want to treat him.

Demon Zu Wutian was in a very depressed mood. Night mother deliberately delayed time, saying that she would not make a deal until he had cured Dilao.

The old man is injured so badly that it is impossible to cure him in a few years.

At the moment, the demon ancestor Wutian wants to use Di Lao to trace the mystery of his body, so as to spy on the location of the wilderness behind him.

As long as we can catch the famine, we can replace the earth and trade with the night mother smoothly.

However, such a trace of the mystery lasted for many days in a row, but it was also fruitless.

The demon ancestor Wutian even spread his will, saying that if the end of the world did not appear again, he would kill Di Lao.

But heaven and earth, he did not get the slightest response from the end of the world.

"Hehe, you want to arrest my junior brother Tianhuang, that's wishful thinking!"

"Don't say you can't find him. Even if you can find him, you may not be an enemy of my senior brother Tianhuang."

"If I hadn't been hurt by the ashes of the reincarnation book, I wouldn't have been captured by you."

The old man suddenly opened his eyes and sneered. His words were very clear. There was no sign of weakness, but a sign of reflection.

Chapter 8735

His injury is too serious to hold on.

In fact, he was arrested not because of his poor strength, but because he was injured and was picked up by demon Zu Wutian.

Since ancient times, di Lao has been searching for the secret of reincarnation.

Although the reincarnation book was not really created in that year, it turned into a void and ashes.

But these looting ashes still have great power.

What the local people want to look for is the robbery of the reincarnation book.

He searched for ages, and finally found a trace of ashes under the starry sky, only a grain of ashes.

Although it's just a piece of robbery ash, the power of terror is far beyond the imagination of the old man.

Before the old man got close to the looting ash, he was devoured by terror and seriously injured on the spot. Later, he was captured by demon Zu Wutian and became a prisoner.

If he had not been hurt by the ashes of the reincarnation book, with the strength of his reincarnation protector, he could at least be invincible in the face of the demon ancestor Wutian.

Mo Zu Wutian listened to di Lao's words and snorted. He was about to say something, but suddenly, it was the secret of heaven that caught a coordinate.

That's the coordinates of the end of heaven!

In God's heaven!

"Lao Zu..."

Zhang Qingyu opened his eyes and vaguely caught something.

The suddenly captured coordinates also made the demon ancestor happy.

But immediately, he frowned and felt something wrong.

"The mystery came suddenly, and there may be fraud behind it."

Demon Zu Wutian pondered. He traced back for several days without catching any trace of the secret of heaven. Now he suddenly got the coordinates of the wilderness, which was so clear that he felt that there might be something strange behind it.

"Grandpa, did you want to set a trap for you that day?"

Zhang Qingyu said.

"Hehe, maybe, but how can I be entrapped by just a trap?"

"I'm the future God of death. There are only three places in the world, and I can't go yet. As for the heaven of God, I can't stop the power of the demon star sea."

Magic ancestor Wu Tian's eyes flashed a killing opportunity. Looking at the whole world, there were only three places that he could fear.

The first is the realm of the ancient emperor Yu Huang, the second is the core star moon realm of the reincarnation camp, and the third is the realm of ice Phoenix where the goddess of heaven is located.

He is not afraid of any place except these three places.

He controls part of the energy of the demon star sea. Even if the end of heaven is in the realm of God, he is confident to break it all.

"I'll go to the divine world. Watch this old man and be careful of the enemy's plan to lure the tiger away from the mountain."

Demon Zu Wutian commanded.

"Yes!"

Zhang Qingyu agreed with a chill in his heart.

Mo Zu Wutian nodded and immediately tore the void and went to God's heaven.

Zhang Qingyu, the masked demon God and the black sheep demon God were nervous when they saw that the demon ancestor Wu Tian had left. They directly opened all the guard arrays of the Jianmen world to prevent the enemy from attacking.

God heaven, in the dark ruins.

Tianhuang is still sitting cross legged, with aura all over her.

Ye Chen and Yan Xingtian hid outside and waited attentively.

"Coming!"

Ye Chen's eyes suddenly shrunk, but he saw the distant sky, the magic gas rolling, and the majestic magic power shook the void, sending out a thundering sound.

The rolling demon gas surged, turned into water pouring into the sky, and fell violently.

It was dark, thick as ink, full of countless sins and filthy water, which was the symbol of the demon star sea, countless stinky twisted things, nameless filthy, and countless corpses and bones mixed in the sea and poured down.

In an instant, the whole dark ruins were covered by the sea of demons and stars.

Gululu.

In the dark sea water, a dark figure gradually emerged, full of the majesty of the Immortal Emperor. It was the demon ancestor Wutian.

"At the end of the day, you deliberately expose the coordinates. If you have any conspiracy, just show it."

Demon Zu Wutian appeared, and the dark Qi in his hand rioted, turning into a dark star long sword. His eyes stared at the end of heaven, and his voice was cold.

In this dark world of demon sea, the body of Tianhuang was filled with a golden light of reincarnation, which was not eroded by the magic gas, and was upright and calm as a mountain.

"Moze Wutian, you really dare to come, hehe, I'm fighting to die together today, and I want to leave you here."

The voice of the wilderness was also cold, and the old palm grabbed in the void, and immediately the law was distorted, and the illusion breath exploded.

Boom!

A fantasy world slowly rises from the dark sea.

"Tianwu used to be a prison!"

This fantasy world is actually the fantasy of the past, the world of tianwuxianmen.

The vast, magnificent and immortal tianwu immortal gate, like a real one, fell into the magic sea, and the surrounding magic gas quickly collapsed.

In the tianwuxian gate, there are many figures, including the ancient emperor Yu Huang, xuantianxiao, Xiao Xinghe, and so on, the figure of the ten Heavenly Kings and ancestors.

Even the figure of Wu Jue, the old lord, emerged.

In the past, the scene of the wanxu Temple attacking the Wuxian gate, and the scene of the ten Heavenly Kings and ancestors fighting with the Wujue God, unexpectedly reappeared at this moment.

Magic Zu Wutian's face changed. He knew that these pictures were all illusions, but this illusion was too real. In a trance, he seemed to return to the past.

He fell into the illusion of tianwuxianmen. The Emperor Yu, xuantianxiao, Xiao Xinghe and other ancestors of the emperor of heaven, buzzed and killed, and all kinds of martial arts, magical powers, and magic weapons came towards him.

"This illusion, you also want to trap me?"

Demon Zu snorted coldly and quickly recovered his composure.

"The Buddha world is silent, the supreme Buddha, break it for me!"

A vast golden light of Buddhism blew up from the demon ancestor Wutian, and came out like a wave, with the great weather of dispelling all demons and annihilating everything.

He is integrated with Guichen and integrated with Buddhism and demons. Now he not only has the demon atmosphere, but also can erupt into the supreme majesty of Buddhism. He is full of golden light, such as the arrival of the supreme Buddha, which is unparalleled.

A Silent Buddha light swept out, and all the weather of the Wuxian gate that day was instantly crushed and extinguished.

With a stuffy hum from the end of the day, the illusion was crushed, and he was also affected a lot, and his face was pale for a while.

Ye Chen, who was watching the battle outside, was also secretly shocked. He actually felt the silence in his body. He also faintly resonated with the demon ancestor Wutian, as if he would fly out at any time and fall into the latter's hands.

In Buddhist legends, there is a saying of thirty-three days.

Among them, annihilation of heaven is the highest of the thirty-three days, representing the supremacy of Buddhism, killing demons and evil spirits, cleaning up demons and evil, and King Kong's hegemony.

Annihilation of the book of heaven is also related to the legendary annihilation of Buddhism and the killing of all demons.

The Buddha's light on the demon ancestor Wutian unexpectedly touched the silent book of heaven. You can imagine how terrible it was.

Chapter 8736

Bang.

Countless golden lights converged, turned into a golden palm print of Buddhism, burst out from the hands of the demon ancestor Wutian, and blasted towards the end of the world.

This palm was extremely powerful, and the end of the world could not resist, nor could it Dodge, and was forcibly hit.

However, at moment of the being hit, Tianhuang's body turned into illusion, and body appeared from rear with theout being hurt.

"Is it a means of changing reality?"

"I'll see how many times you can do it. "

Wutian's eyes were cold, and he strode out with both palms. One palm of the Buddha's light exploded, and the other palm of the devil's gas surged. The Buddha and the devil came out together and killed towards the end of heaven again.

Tianhuang was born in the tomb palace. Although he hasn't soared to nothingness, he has been able to master many means of transformation of reality and reality, and transformation of truth and illusion.

However, these means belong to no law, and their use in the real world will be subject to various restrictions.

Even in the wilderness, it is difficult to use it frequently.

Seeing that the magic ancestor had no heaven Buddha and the magic palms were killed, Tianhuang's look also became dignified.

Ye Chen saw this scene, but also worried, ready to help.

"Lord of reincarnation, please help me."

At this time, ye Chen heard the voice of the end of heaven.

He was stunned for a moment, but he felt the vibration of reincarnation in his body.

"Shenmu formula!"

At the same time, Tianhuang pinched his hands, released his aura, spread out layers of fantasy, and quickly outlined a mysterious tomb world.

This tomb world is exactly the same as the reincarnation cemetery in Ye Chen's body!

"This is..."

Ye Chen was also very surprised to see the weather of the tomb world.

"Lord of reincarnation, I need your help of reincarnation cemetery, please allow me to borrow!"

The voice of the end of heaven came and said.

Ye Chen felt the constant buzzing of the reincarnation cemetery in his body, and faintly resonated with the tomb world released by the end of time.

Aware of this resonance, ye Chen thought about electricity, but soon decided that it was also to mobilize the breath of reincarnation cemetery, resonate with the wilderness and help each other.

Click!

At the next moment, ye Chen felt that there was a new tombstone in the reincarnation cemetery, and there was a vibration.

"The new power is born!"

Ye Chen was surprised and saw a violent figure on the tombstone, as if he was in charge of the power of heaven and earth and killed all living beings.

"I am the Dharma protector of the tomb palace, Emperor Tianquan!"

A cold and loud voice resounded through the audience.

This newly awakened great power, who calls himself the emperor of heaven, is actually the Dharma protector of the tomb palace.

Wow.

Ye Chen's reincarnation cemetery echoes with the tomb world called by the end of the world.

On that day, the figure of emperor Quan, also a flicker, disappeared directly from the reincarnation cemetery and appeared in the tomb world, facing the demon ancestor Wutian.

This scene is like the birth of emperor Tianquan directly from the mausoleum world.

Ye Chen's breath is still hidden, not exposed.

"Emperor Tianquan?"

The great Dharma protector of the tomb palace in the past, I thought you were dead. "

Demon Zu Wutian saw the appearance of emperor Tianquan, and his eyes flashed a shadow.

"Hehe, I am protected by reincarnation and will never die."

"Tianquan sword, kill me!"

Emperor Tianquan sneered, grabbed his palm, and suddenly fell a startling huge sword in the void. With the power of cutting the sky and splitting the earth, he fiercely cleaved to the demon ancestor Wutian.

"You only have a remnant soul, and dare to be arrogant in front of me?"

Mo Zu wudian dismisses it, waves his long sword, the dark star, and wants to fight.

But at this time, he felt strangely that his breath seemed to become weak at once, and he couldn't lift it at one breath.

"Not good!"

Demon Zu Wutian's expression changed greatly, and he hurried back with the sword, but he was still half a step slow. He was hit on the shoulder by the sword of the emperor Tianquan, and blood splashed. He almost cut off his arm and was injured on the spot.

"Have you changed my past?"

Demon Zu Wutian's face was distorted and his expression was very ugly.

In the just moment, he clearly felt that his past timeline had been distorted and many opportunities had been erased.

The fate of the past was suddenly erased, resulting in his current strength, which was greatly weakened, and he was almost killed by the sword of emperor Tianquan.

"Hehe, I want to wipe you from the root and die!"

Emperor Tianquan sneered, and the huge sword was split again. The blade of the sword broke through the void, and fluctuated with many distorted laws.

That's the terrible magic power inherited from the tomb palace, and it's the magic power that changes people's past!

"My past is not something you can change. You are not qualified!"

The demon ancestor was furious, and immediately ran the demon star sea to protect his past timeline, and revised the distorted timeline back.

If ordinary people are changed in the past, there is nothing to do and there is no way to resist.

However, Mo Zu Wutian is in charge of part of the energy of Tianmo Xinghai. Relying on the protection of Tianmo Xinghai, he is enough to compete with Tianquan emperor.

In an instant, with the blessing of the demon star sea, the demon ancestor's weak breath returned to its peak, and the dark star fought out with a clang, which drove the emperor back.

Emperor Tianquan snorted stiffly. He only felt that the demon ancestor was not fierce with Tianjian Qi. It was really unimaginable and beyond his expectation.

It seems that I still underestimate Wutian. Now Wutian has broken the shackles of the past, and the inside story is really terrible.

"How can you control the demon star sea?"

Emperor Tianquan's expression changed, and he was also on alert.

"If I have no means, how dare I come down alone?"

Today I want you all to be buried in my demon star sea! "

Chapter 8737

The evil ancestor Wu Tian's eyes were full of murderous gas, and his body was turned into ten thousand feet high. With one hand, he took charge of the dark star to kill, and the other hand turned into a Buddha's palm to kill in the void.

Both Tianhuang and Tianquan were shocked, and they hurriedly operated their magic powers to fight.

In the scuffle between the three, the demon ancestor wudian fought against two with one, but he didn't lose at all.

Ye Chen was also secretly amazed when he saw this.

On the one hand, he marveled at the boundless power of the demon ancestor.

On the other hand, he also felt that the method just adopted by Tianquan emperor was very mysterious and had gone beyond the scope of practical laws.

"Is that the means of tomb palace to change the past?"

Ye Chen murmured in his heart that he had only seen the magic power of changing the past in Ren extraordinary.

The means of emperor Tianquan to change the past naturally can't be compared with Ren Feifan, but it's also very powerful. Unexpectedly, even the Immortal Emperor, Mo Zu Wutian, can distort it.

If it was an ordinary Immortal Emperor, I'm afraid he would be killed by Tianquan emperor in an instant.

On this day, Emperor Quan had the ability to kill ordinary immortal emperors, which was really terrible.

However, the mysterious magic power that changed the past cannot be used easily, and it must pay a lot of costs.

Ye Chen's heart is hot. If he can also learn to change the magic power of the past, that's good.

At that time, he will have the opportunity to change his past and erase him from the root.

"Lord of reincarnation, you hurry to save my teacher brother, I and the emperor Tianquan, entangle the demon ancestor Wutian, you hurry!"

At this time, ye Chen heard the voice of the end of heaven.

At this moment, the situation is in a stalemate, and it is difficult to decide the outcome for a time.

This is Ye Chen's good opportunity.

Mo Zu Wutian is entangled, and the defense of the Jianmen world is empty. It is the time for ye Chen to save people.

"OK, master, I'll go."

Ye Chen sent out a will response. From the arrival of the demon ancestor Wutian to the birth of the emperor Tianquan, the two sides fell into a scuffle, and everything happened between lightning and flint.

Now ye Chen didn't hesitate, just wanted to go to the world of Jianmen and try to save Di Lao again.

"Wait!"

Suddenly, Yan Xingtian stopped him.

"What?"

Ye Chen was stunned.

Yan Xingtian's eyes narrowed slightly, his palm opened, and an orange red Kendo seed slowly rose from his palm.

"This is my understanding of cultivating sky orange inflammation for many years, and I give it to you."

Yan Xingtian didn't wait for ye Chen to agree. With a wave of his hand, this Kendo seed was shot into Ye Chen's body and fused with him.

Boom!

When the seed of Kendo shot in, ye Chen immediately felt that his heart seemed to explode like a wave of flames, and the wonderful methods of the sky orange inflammation were also branded on his heart.

This heaven orange flame, which is said to be spread from the ancient sword of heavenly sin, is a sword technique born to kill reincarnation. It is very domineering and earth shattering. In those days, it was the unique skill of the divine world. Even Yan Xingtian, the king of the world, only understood half of the move.

Ye Chen also learned this sword technique from Yan Xingtian.

Now, Yan Xingtian turns his understanding of Kendo into a seed and passes it on to Ye Chen.

For a moment, ye Chen felt that his understanding of the sky orange inflammation seemed to have reached a perfect state.

Even I have a little understanding of the six forms of silence.

After this Kendo seed was given away, Yan Xingtian's face also became a little pale, obviously consuming a lot.

"Elder, are you all right?"

Ye Chen asked.

"It's all right. Hey, go and save people. Just brew me two more pots of wine when you're free."

Yan Xingtian laughed.

"Thanks a lot."

Ye Chen was grateful and bowed his hand. Then he directly tore the void and went to the world of Jianmen.

"Who is it!"

When ye Chen tore the void, Mo Zu Wutian also felt the change of space and looked at the place where ye Chen had just hidden.

"Demon Zu Wutian, dare you be distracted in front of me?"

Emperor Tianquan snorted and waved his sword while the demon ancestor was distracted.

Demon Zu had no choice but to calm down and fight.

.....

The void cracked, and ye Chen came to the world of Jianmen again.

His eyes narrowed slightly, only to see the world of Jianmen, filled with the light of the guard array, and there were strong patrols in the sky and underground.

Obviously, the demon ancestor is everywhere. The whole Jianmen world is closely guarded for fear of the enemy.

Such a tight defense, even ye Chen felt a little tricky.

However, his purpose is not to attack and destroy Jianmen, but to save people.

Whew!

Ye Chen locked the breath of the earth and immediately resisted the storm.

From ye Chen's place to di Lao's detention place, there are large arrays on the way. As long as one is touched, it will disturb the guards of the whole Jianmen world.

However, ye Chen's array is highly skilled. Passing through the thousands of layers of the array, ye ye didn't touch the body, like stepping on the snow without touching the array. He came to the old man's detention position very smoothly.

It was a forbidden area of Jianmen. The old man was seriously injured and was thrown on the ground like a dead dog.

There are not many guardians around the old man, only three people.

It's Zhang Qingyu, the masked demon God and the black sheep demon God.

The three men were guarding the old man. Suddenly, they saw Ye Chen appear. They thought it was an illusion and couldn't believe their eyes.

"The Lord of reincarnation is... You..."

Zhang Qingyu was completely confused. He arranged thousands of layers of formation outside. Even if the ancient emperor came, he couldn't get any benefit.

But ye Chen, like stepping on the snow without trace, directly appeared here, without disturbing the slightest array outside.

Chapter 8738

"Zhang Qingyu, long time no see."

Ye Chen sneered, and as soon as he stepped on it, he immediately called out the reincarnation of heaven.

The whole forbidden area was immediately covered by the weather of reincarnation to heaven.

In the sky above the kingdom of heaven, the venation of the seven stars of reincarnation emerged, and the dragon's life star bloomed with incomparably bright brilliance.

At this moment, ye Chen and even the Dragon life star were completely opened, and the violent reincarnation breath was rolling.

Roar!

The figure of the blood dragon rushed down from the Dragon life star. As soon as the Dragon claws grabbed it, they grabbed the body of the old man and successfully rescued it.

"Go!"

Ye Chen saved Di Lao, and his heart was happy and dignified. He immediately wanted to leave.

"Boy, break into our Jianmen world, do you still want to run?"

Zhang Qingyu was immediately angry. If the demon ancestor came back and saw that the earth was gone, he could not afford to blame it.

In the crisis, Zhang Qingyu bit through his fingertips and burned his blood essence. The aura in the later stage of immeasurable realm exploded, blocking this space and blocking Ye Chen's idea of escaping.

At the same time, he also spread his will to summon the guards outside to kill Ye Chen.

However, under the blockade of reincarnation heaven, his will could not be transmitted.

This time, ye Chen and Zhang Qingyu can be said to be blocked from each other.

Ye Chen can't escape, and Zhang Qingyu's will can't be spread.

"If you don't want to die, let me go immediately."

Ye Chen's eyes flashed a cold light, and the demon ancestor was everywhere. He was not afraid of Zhang Qingyu.

Even if he insists on breaking through, he can break through Zhang Qingyu's blockade and forcibly rush out.

But doing so is bound to disturb countless strong swordsmen outside.

Although Ye Chen is strong, he is not arrogant enough to challenge the whole Jianmen.

"Boy, you want to run today, unless you kill me first!"

Zhang Qingyu looked sternly, sideways at the masked demon God and the black sheep demon God and said:

"I'll suppress the breath of reincarnation. You do it and kill him!"

While talking, the aura of Zhang Qingyu in the later stage of immeasurable realm was released to suppress the breath of Ye Chen, dragon, life star and reincarnation of heaven.

The masked demon and the black sheep demon looked at each other with dignified eyes.

On the surface, ye Chen's accomplishments are only nine layers of heaven in the hundred yoke realm, but they dare not be careless.

Even, they know that if they really fight, they will never kill Ye Chen, and they may also be killed.

Now the only hope is to suppress Ye Chen's breath, spread his will, call the guards outside, gather thousands of strong men of Jianmen, and exterminate reincarnation.

"Vanity mask, ghosts dance!"

The masked demon God took the lead, twisted his rotten palm like mud, and pinched a magic formula. In the surrounding void, hundreds of ferocious ghost masks immediately appeared, mixed with the smell of darkness, and patted Ye Chen.

"You two demon gods are not qualified to fight me."

Ye Chen snorted coldly and was not afraid at all. The reincarnation Heavenly Sword was wielded, and the sword gas was like a rainbow, and immediately cut off all the thousands of ghost masks.

With the blessing of the Dragon destiny star, ye Chen's combat effectiveness can be said to be advancing violently. Even if he faces the strong in the later stage of immeasurable territory, he is not afraid at all.

The masked demon God was shocked. The black sheep demon God on the side raised his head and gave a long cry. The dark mist burst out. Countless strange and twisted things, dancing limbs, rotten meat mud, blood stained eyeballs, etc. popped out, with a terrible filthy smell, to drown Ye Chen.

However, ye Chen was not afraid at all. He waved the reincarnation sword in his hand, and the golden light was like a tide, cutting off all the filth and uncertainty.

"The Shinto of light, the sacred book, is suppressed by me!"

At the next moment, ye Chen's holy light breath burst, and the Taoist tradition of the God of light burst into the extreme on him, and countless bright smells converged into a holy book.

That is the ultimate of the Taoist tradition of the God of light, the strongest lightness, the sacred book!

As soon as the sacred book comes out, the vast aura of light shines out like the sun.

The masked demon God and the black sheep demon God both screamed. Under the light of the holy book, their bodies boiled, and their skin sizzled, as if they were roasted by fire and in pain.

Zhang Qingyu saw this scene, which was also soul stirring. He didn't expect Ye Chen to be so powerful. In the blink of an eye, he suppressed the two demons.

"Die for me!"

Ye Chen's eyes were cold, and his aura worked. He frantically urged the holy book, and the violent power of light continued to bloom.

The masked demon God and the black sheep demon God, whose body was about to evaporate completely, could not stop Ye Chen's power.

"Lord of reincarnation, don't kill us, don't kill us!"

The masked demon screamed, full of panic and despair.

In fact, their strength is stronger than the masters in the later stage of Wuliang.

However, ye Chen took charge of the sacred book, but restrained them to death, so that they had no possibility of resistance.

"Lord of reincarnation, you are the descendant of Wu Zu. Don't you want to save Wu Zu?"

"I can tell you where Wu Zu is being held."

Masked demon God shouted.

Hearing this, ye Chen moved in his heart and immediately restrained the light of the sacred book, saying in a cold voice, "say!"

The light of the sacred book converged, and the masked demon God and the black sheep demon God also got out of the dying situation of evaporation. Their skin was still fuming, panting, and shaking.

"Speak quickly, or you will die!"

Ye Chen urged.

Chapter 8739

The masked demon God trembled and said, "as far as I know, Wu Zu was imprisoned in a forbidden area of the ancient star gate, which has a total of 100000 forbidden areas. I accidentally heard the news, and Wu Zu was imprisoned in No..."

He wanted to say the specific detention point of Wu Zu, but suddenly, a white bone spear shot out of the void, and with a puff, it pierced the body of the masked demon God and the black sheep demon God, and nailed them to death on the spot.

The sudden shooting of the white bone spear made Ye Chen and Zhang Qingyu tremble.

"Is it the bone emperor?"

Ye Chen's face changed, and it seemed to catch the breath of the bone emperor.

This white bone spear was shot by the emperor of bone heaven. It was not an active shot, but a killing similar to the curse of causality.

This Law of cause and effect means that anyone who reveals the secrets of Wu Zu will be assassinated by the bone emperor.

Wu Zu was imprisoned at the ancient star gate. Ye Chen naturally knew, but did not know exactly where.

He thought he could find out the truth from the mouth of the masked demon.

But I didn't expect that before the masked demon God made it clear, he touched the taboo of the bone emperor and was directly killed.

"Well, even if I know the detention point of master Wuzu, I can't go to rescue now."

Ye Chen shook his head and felt helpless in his heart.

Woo

The bodies of the masked demon God and the black sheep demon God slowly dissolved and turned into black gas, but two small crystals remained on the ground.

It is the crystal of no laws, the energy core of the masked demon God and the black sheep demon God, and contains the essence of their cultivation in this life.

From that crystal, ye Chen even captured the mystery of fantasy.

All the strong without time and space control the secret of the law of fantasy, but in the real world, it is difficult to display it.

"Close!"

Ye Chen waved and immediately absorbed the two demon crystals into his body.

These two magic crystals are like Tianda's tonics. As soon as ye Chen absorbed them, he immediately felt refreshed, and many wonderful rules came into his mind.

That is not the law of the real world, but the mystery of the fantasy law without time and space, which is difficult to describe in words.

Restricted by the laws of reality, these fantasy mysteries are also difficult to be transformed into means of attack and killing.

Ye Chen's blessing reached his heart and silently fused the two demon crystals, all the mysteries of fantasy, with his eight trigrams heaven elixir.

These fantasy mysteries are difficult to turn into means of killing, but they can be used as AIDS.

Ye Chen fantasized that the eight trigrams heaven elixir would become powerful. Indeed, wisps of blue eight trigrams Dao Yun brilliance burst out of his body.

Those two magic crystals have been completely integrated with the eight trigrams heaven elixir, which has been infused with the law of fantasy without time and space, and the therapeutic effect has also improved by leaps and bounds.

Ye Chen waved his palm, and the light of the eight trigrams heaven elixir shrouded the earth old man.

Di Lao's injury was extremely serious, but under Ye Chen's surgical treatment, he also recovered quickly at the moment, and his life was no longer in danger.

If it had been in the past, ye Chen would not have been so easy and could cure the aging.

But now, his eight trigrams heaven elixir has made a great breakthrough, and has the foundation of reincarnation of blood. The therapeutic effect has been improved a lot, and the earth old man has been saved all at once.

"Zhang Qingyu, can I go now?"

Ye Chen looked at Zhang Qingyu and said indifferently.

Zhang Qingyu looked dull. After looking at the two demon gods with only a little dark ashes, his face became extremely depressed and he bowed his head in silence.

Even if he wanted to stop Ye Chen, he couldn't stop it.

Although on the surface, his cultivation is much higher than ye Chen, but when it comes to fighting, he is by no means an enemy of Ye Chen.

Ye Chen saw that Zhang Qingyu didn't speak, and the blockade around him was weakened. At present, he didn't talk nonsense, so he took the old man directly and tore the void away.

He didn't fight with Zhang Qingyu anymore, because it was meaningless. He just wanted to save people.

Although he was sure to kill Zhang Qingyu if he really fought, the other party was also a strong one in the later stage of immeasurable territory. Even if he could kill him, he might not be able to retreat completely.

Now the rescue of the old man can be said to be a complete success.

"Lord of reincarnation, thank you."

The old man regained his freedom and recovered from his injury. He was grateful and thanked Ye Chen.

"Elder Di, how could you be caught by the demon ancestor Wutian?"

Ye Chen was very confused. You know, Di is always one of the reincarnation protectors in the past. His strength is certainly not weak, but he was actually imprisoned. It's really surprising.

"Ashamed to say..."

The old man sighed, and then he briefly said what he had found in the reincarnation book, which was backfired, and finally caught by the demon ancestor Wutian.

"What, did you find the ashes of the reincarnation book?"

Ye Chen was shocked, and his heart was hot: "where is the ashes of the reincarnation book?"

The power of the reincarnation book is extremely terrifying. It is the fifth highest artifact, even the strongest artifact. If you get it, you can dominate the heavens and control everyone's life and death destiny.

The old man said, "Lord of reincarnation, what I found is only a piece of robbery ash, not all of it. Moreover, the coordinates of that piece of robbery ash are not fixed, and the position changes constantly with the air flow of heaven and earth."

"Now I don't know the whereabouts of the robbery ash. You can ask Ye mu. She should also be investigating."

"Really..."

Ye Chen was helpless and nodded again. Then he restrained his mind and returned to God's heaven with the earth.

He also knows that the horror of the reincarnation book is not so easy to find.

Now the most important thing is to break through the realm of heavenly mystery, fight against the ancestor of heavenly heart and seize the celestial monument.

If you can't make a breakthrough, ye Chen can't control it even if he gets the reincarnation book and robs ashes by relying on this realm alone.

After all, even strong people like Di Lao, facing the ashes of the reincarnation Book robbery, were badly hurt by the backfire, not to mention Ye Chen.

He took the earth with him, broke through the void, and returned to the realm of God and heaven.

At this time, the devil ancestor Wutian was fighting fiercely with the emperor of heaven and the famine of heaven.

The demon ancestor wudian fought against two with one, and did not lose the slightest, but gradually gained the upper hand.

After all, Tianquan the great is a wisp of spirit. After a long war, it has gradually become unsustainable.

At this time, ye Chen and di Lao came back, but it made magic ancestor Wutian stunned.

"Lord of reincarnation, you boy..."

The demon ancestor Wu Tian saw Ye Chen and di Lao, and his body trembled for a moment.

He knew that the famine deliberately exposed the coordinates to lead him out and divert the tiger from the mountain, but relying on his strength, he came down directly.

However, the change of things was beyond the expectation of the devil ancestor.

The awakening of emperor Tianquan made him fall into a scuffle and couldn't get away.

And ye Chen directly killed the world of Jianmen, and unexpectedly came out unharmed with di Lao, which also shocked him.

Chapter 8740

"A group of waste people were actually saved by this boy!"

Demon Zu Wutian was furious and wanted to rush back to the sword gate immediately and kill all the guards.

"Teacher brother!"

It was also a great joy and a great cheer to see the old earth coming back.

"Elder martial brother Tianhuang!"

The old man shouted, also excited, flew into the battle, and fought side by side with the famine.

He has recovered a lot from his injury and is likely to play.

Seeing this, ye Chen didn't talk nonsense and directly pulled out his sword.

"Sky orange inflammation!"

I saw a burning orange red flame, which was like a startling wave overturning, rolling out of Ye Chen's sword, stirring the wind and cloud of heaven and earth, and even the sword gas was with the terrible majesty of nine heaven punishment.

After getting Yan Xingtian's Kendo seed, ye Chen's move Cangtian orange inflammation, the power has been advancing by leaps and bounds.

Mo Zu Wutian's face sank and waved the dark star to fight.

The confrontation between the sky orange flame and the dark star immediately aroused the billows of sword Qi.

When ye Chen and the demon ancestor fought against each other, the heaven and the earth, as well as the emperor of heaven, also attacked and killed like beasts.

"Hahahaha, very good, very good, today is your win."

Mo Zu Wutian hissed and laughed, fighting one against four. Even he felt hard.

"When I am promoted to the God of death, it is your time to die. Wait for me!"

The demon ancestor wudian put away the long sword, and all the weather of the demon star sea also gathered up.

The next moment, he tore the void directly, dodged away, and did not love war at all.

Ye Chen and others were also relieved to see that Mo Zu Wutian had left.

In fact, if they really work hard, they won't feel good if the demon ancestor Wu Tian detonates the demon star sea.

However, today's demon ancestor Wutian obviously has no intention of fighting hard.

"I've seen the tomb owner in xiatianquan."

At the end of the battle, Emperor Tianquan smiled and bowed to Ye Chen.

He was still arrogant in front of demon Zu Wutian just now, but now he is very polite to Ye Chen.

"Don't be too polite, elder."

Ye Chen bowed back and smiled.

"I used to be a member of the tomb palace. I died because of the failure to create the lunhuishu and was implicated in the backfire. I didn't expect to have a chance to see the sun again today."

The great emperor of heaven sighed and sighed again.

"The elder also mastered the ability to change the past?"

Ye Chen fretted and asked.

"It's just a trivial change. Compared with the extraordinary Immortal Emperor, it's not worth mentioning."

Emperor Tianquan sighed, which seemed to be an insight into the mystery of heaven and a glimpse of Ren extraordinary power.

The same is to change the past. Ren extraordinary's ability to change is much stronger than him.

If Ren Feifan is here, at any cost, and uses his ability to change the past, I'm afraid that magic ancestor Wutian will really die.

However, the words of the emperor Tianquan only suppressed the devil ancestor Wutian for a short time, and could not really be wiped out from the root.

This is the gap between the two.

"Is part of the book of reincarnation really in the hands of predecessors?"

Ye Chen asked.

"I... I'm not sure. The cause and effect behind the extraordinary Immortal Emperor is too mysterious and complex. I only know his cards. It's not just a little bit of reincarnation Book robbery ash. Now he is not only a protector of reincarnation, but also a martyr."

Emperor Tianquan said.

"Martyrs?"

This... What does this mean? "

Ye Chen was stunned.

"The price behind his ultimate card is huge. This price was supposed to come to you, but the extraordinary Immortal Emperor bore it for you. He is likely to die. If he dies, he will die for reincarnation. He will help you reach the top of reincarnation with his own life."

"I believe that one day, you can inherit the unfinished fantasy and create the reincarnation book."

"But before that, you must win the Tianbei!"

"If you can't even get the Tianbei, your reincarnation blood hasn't been restored completely, and there is no hope of creating a reincarnation book."

Emperor Tianquan said.

Ye Chen's heart vibrated and he was speechless.

Ren Fanfan is not only a protector, but also a martyr. He has even made sacrifices for ye Chen.

This news naturally shocked Ye Chen. He never allowed extraordinary to say it.

However, he will not let Ren Feifan become a so-called martyr.

"Well, tomb owner, that's all I can see."

"I don't know anything else."

"Maybe you can ask the extraordinary Immortal Emperor in person."

After speaking, Tianquan returned to the reincarnation cemetery and slept for a while.

He obviously consumed a lot in the battle with Mozu Wutian.

Ye Chen was silent. He knew that even if he asked Ren Feifan, the other party would not say it.

Perhaps, all the causes and effects will not be solved until he gets the Tianbei.

If you can't even get the Tianbei, it proves that ye Chen is not qualified to continue on this road.

"Father Tianxin, must die!"

"Tianbei, you must seize it!"

"That's what belongs to my reincarnation blood!"

Ye Chen's eyes are concise, and her heart's desire for Tianbei is also getting stronger and stronger.

"Lord of reincarnation, thank you."

After the emperor Tianquan returned to the reincarnation cemetery, the two of them also bowed down to thank Ye Chen.

Tianhuang said, "thank you for saving my teacher brother. Our two brothers can finally be reunited."

The earth said, "Lord of reincarnation, please accept my worship."
