

## Physician 8741

### Chapter 8741

They bowed down and thanked each other very much.

"Two predecessors don't have to do this. This is what I should do."

Ye Chen lifted them up and said.

The end of heaven sighed and said, "Lord of reincarnation, our two division brothers, are ready to shut up and never deal with world affairs again."

Ye Chen hurriedly said, "Why are you so, two elders? You are the former reincarnation protector. It's better to continue to guard reincarnation."

Tianhuang shook his head and said, "no, the person we used to protect is dead."

"The reincarnation Lord of that life has already turned into nothingness, and even the ashes of robbery have not been left."

"You are the reincarnation inheritor of this life, and your protector is the extraordinary Immortal Emperor, not us."

"The person we protect has been dead for a long time."

After these words, I looked at the old man with a gloomy look.

They were the guardians of samsara, but what they guarded was the Lord of samsara in previous generations, not ye Chen.

Although reincarnation comes down in one continuous line, in the eyes of many people, ye Chen and the Lord of reincarnation in previous generations are the same person.

But obviously, I don't think so.

They don't recognize Ye Chen as their master.

"Two elders, do you really want to shut up?"

Ye Chen felt helpless and sorry.

Tianhuang said with a smile, "yes, this chess game is too messy and complicated. We don't want to die."

"In fact, we are also a little selfish. We want to live until we see the day of reincarnation to the world."

"We believe you can create a reincarnation book!"

"At that time, it will be the time for our two division brothers to witness the exit."

At that time, they took great pains to assist the Lord of reincarnation in that life and create a reincarnation book.

Unfortunately, it failed in the end.

It can be said that the reincarnation book is their biggest knot.

They want to be born that day.

The old man also laughed and said, "yes, Lord of reincarnation, please forgive our selfishness. Fortunately, the spirit of Tianquan emperor is immortal. He was once a strong man in the tomb palace, and he can also help you."

Tianhuang looked at the earth and said, "younger martial brother, before closing, why don't we give the Lord of reincarnation a gift?"

As long as we keep a little divine consciousness and live to witness the birth of the reincarnation book, we can give up everything else. "

The old man was stunned, hesitated, and finally nodded: "yes, before leaving, send the Lord of reincarnation a blessing."

The two people looked at each other tacitly, and immediately closed their eyes and kneaded the formula, gently singing the ancient mantra.

With the singing of the spell, they were filled with a rich golden light of reincarnation.

This golden light of reincarnation, surging and blazing, even with the brilliance of life burning, runs through the sky and startles the whole god heaven.

Thousands of regions in the divine heaven were shaken, and countless monks hidden in the dark were surprised and vigilant, quietly released their divine consciousness, and carefully peeped into the magnificent weather.

The golden light soared into the sky, the reincarnation gas burst, and hundreds of millions of loud and clear chants echoed in the void, shaking people's minds.

"Huh?"

Yan Xingtian, who was drinking outside, couldn't keep calm when he witnessed this scene, and stared at the soaring golden light of reincarnation.

The aura and life of the two people were burning madly. Their bodies were soon burned out in the blazing golden light, and even a little residue and ashes were not left.

They sacrificed themselves, and all the energy of life and reincarnation was sacrificed, shaking the world.

Hum!

Under the sacrifice of eternity, the law of reincarnation, the ultimate truth, came a resonant response.

Thousands of miles of golden light float, thousands of miles of Ruixia spray, golden dragons and Phoenix fly, and the atmosphere is myriad.

In the myriad weather, there are five brocade bags, as if with eternal blessings, falling slowly from the sky and into Ye Chen's hands.

"Lord of reincarnation, this is our gift to you."

The voice of the end of the world came out of the void.

He and the earth old man, the flesh and soul have all gone up in smoke, but there is actually a voice will come out.

That is the will of fantasy!

They did not completely dissipate, but retained the concept of a little fantasy.

This fantasy concept can make the day they were born.

If one day.

"Master, these five brocade bags..."

Ye Chen looked at the five brocade bags in his hand and felt that the five brocade bags were empty and there was nothing in them.

Tianhuang said, "this is the great fortune that I and my local teacher brother sacrificed ourselves and prayed for the law of reincarnation."

"Lord of reincarnation, every time you encounter a crisis or strength bottleneck, you can open the brocade bag. Maybe you can get the guidance of truth and ultimate help, but you must open it at a special time."

"You can open this first brocade bag now."

Ye Chen opened the brocade bag according to the words, and saw that the first brocade bag was originally empty, but as soon as he opened it, a piece of paper changed out of thin air, on which a coordinate was recorded.

"What is this?"

One coordinate? "

Ye Chen was stunned for a moment. Looking at this coordinate, he felt that the position of the coordinate was actually in the divine heaven.

Tianhuang said, "I don't know. This is the ultimate law of reincarnation, and the ultimate truth. The enlightenment and guidance given to you may be useful to you."

"It's time for me to go. Oh, by the way, don't forget the fantasy concept I gave you earlier. It's the fantasy inherited from the tomb palace, and it's also the key to kill the ancestors of Tianxin."

"When you enter the mysterious realm of heaven, you will naturally be able to solve this concept."

After saying this, the voice of the end of the world dissipated completely.

Ye Chen frowned slightly, inheriting the fantasy concept of tomb palace. He didn't know what it was.

And the coordinates recorded in the first brocade bag also made Ye Chen confused.

This coordinate is actually somewhere in God's heaven.

Is it possible that what is hidden behind the coordinates is actually related to his impact on the Tianxuan realm or his capture of the Tianbei?

"This seems to be the coordinates of the jade lotus forbidden area."

At this time, Yan Xingtian appeared behind Ye Chen. Seeing the coordinates on the note in his hand, he was immediately surprised.

Ye Chen: "jade lotus forbidden area?"

Yan Xingtian nodded and said, "yes, the forbidden area of jade lotus is the holy land of jade lotus in the heaven of my God. The leader of the sect is the legendary female emperor of jade lotus, as I told you."

Ye Chen: "ah, yes, the jade lotus lady!"

He also remembered that Yan Xingtian once said that the jade lotus female emperor of the jade lotus Holy Land in the divine world had brought back a thirty-three heavenly divination, called the holy casting method of green lotus, from somewhere.

This holy casting method of green lotus allows people to cast the holy body of green lotus. Once the holy body is completed, it can rise in the daytime and be reincarnated into gods.

The appearance of this holy Dharma directly made the whole god heaven fall into madness and chaos.

Chapter 8742

Countless holy places and gate forces began to compete frantically at all costs.

What Supreme will, what reincarnation, what belief dispute, are all too illusory. Under the great temptation of the thirty-three divine arts, everyone gave up the struggle of faith, just to snatch this green lotus casting holy method.

The fierce competition led to the flames of war in the divine heaven, the sun and moon sinking, the earth falling, and the whole world falling apart into thousands of fragmented regions.

The holy land of jade lotus, which used to be glorious, has now become a forbidden area, full of ancient signs of war, as well as strange demons bred from the darkness after the collapse of time and space.

"Is the holy method of green lotus still in the realm of God?"

Ye Chen asked.

"Hey, of course, it is, and it's in the jade lotus forbidden area. In those days, the jade lotus Holy Land fought with countless holy places, and was finally destroyed. Time and space collapsed, breeding darkness."

"That place has become a dark restricted area, and it is extremely difficult for outsiders to enter."

"Only the children who once lived in the jade lotus holy land can survive in it, but they can't get out and are completely isolated from the world."

"The holy casting method of green lotus has always remained in the forbidden area of jade lotus, and has never been robbed."

Yan Xingtian Dao.

Ye Chen frowned slightly, looked at the coordinates on the note in his hand, traced the mystery, and immediately caught bursts of great danger.

The jade lotus forbidden area is absolutely dangerous. If you step into it rashly, I'm afraid even the strong in the later stage of Wuliang are in danger of falling.

"Your coordinates actually guide you to the jade lotus forbidden area. This is to make you die! That place, even I, the king of the world, dare not go."

Yan Xingtian sighed and drank a mouthful of wine, and his tone was full of deep fear.

The terror of the jade lotus forbidden area, obviously even he was afraid of, dare not approach casually.

That is a dark forbidden area, which is the place where the darkness of God's heaven grows most seriously. There are countless demons from no time and space, which run rampant among them, blocking outsiders from entering, and also isolating the steps of those inside.

Ye Chen frowned deeper. This coordinate is the indication of the first brocade bag.

The five brocade bags given to him by heaven and earth contain the supreme mystery behind them. The instructions given by the brocade bag are absolutely very important to Ye Chen.

"The jade lotus forbidden area may be the key for me to win the Tianbei!"

Ye Chen thought in his heart that he was also ready to move.

"Boy, you don't want to go to the jade lotus forbidden area, do you?"

Yan Xingtian felt numb on his scalp and said.

"Well, master, I want to go over and have a look. Can you make it convenient?"

Ye chendao.

Yan Xingtian seemed to hear the most terrible thing in the world, and his face changed. He said, "if you want to go, go by yourself. I won't accompany you. I tell you, the jade lotus forbidden area is a dark forbidden area. If you dare to go, be ready to die without a burial place!"

"Forget it, take your time. My wife seems to have called me. I'll go out and have a look and say goodbye."

With these words, he said goodbye to Ye Chen directly, and even went to the place where he wished to leave.

He had a deep contradiction with willing to leave, but at the moment, in order to avoid the cause and effect of the jade lotus forbidden area, he actually wanted to run directly to willing to leave.

Ye Chen saw that Yan Xingtian reacted so much, and he deeply felt the danger of the jade lotus forbidden area.

"Is this jade lotus forbidden area really so dangerous?"

Ye Chen muttered in his heart, but at this time, there was no reason to shrink back.

After thinking for a while, he flew directly to the jade lotus forbidden area according to the instructions of the brocade bag coordinates.

After flying for half a day, ye Chen also smoothly came to the outside of the jade lotus forbidden area.

When he arrived, he was shocked.

Because the world in front of him is very strange.

The core of this world region is like a blue lotus, full of vitality and immortality, and even ancient and refreshing fragrance.

But outside the green lotus world, there is a thick transparent shell.

This transparent shell is pure black, as if it were made of black crystal.

And on this layer of black crystal transparent shell, crawling with maggots and lice.

The maggots, together with lice, looked close. In fact, they were demons from no time and space. They grew on this dark shell and constantly wanted to erode the blue lotus inside.

There are also many blood stains, twisted mud, and unspeakable mysteries, crawling and spreading on the dark shell, like totems and patterns representing evil, making this dark shell even more dirty and filthy.

Under the blockade of dirt and filth, the blue lotus is so noble and sacred, full of the breath of immortality, vast and glorious.

The fairyland atmosphere is incompatible with the dark atmosphere.

Both appeared in front of Ye Chen at the same time, which brought him an extremely huge impact.

"Is this the forbidden area of jade lotus?"

Ye Chen was surprised, and with a flick of his fingers, a drop of blood popped out. The blood turned into an alien, trying to attack the dark shell.

Roar!

However, as soon as ye Chen's blood melted the beast, it approached the past, and in the dark shell, countless twisted demons immediately exploded, devouring his blood beast.

"What a terrible smell of darkness!"

With this attempt, ye Chen felt the terror of the darkness outside the jade lotus forbidden area, which was strong enough to be beyond reality.

Chapter 8743

Today's jade lotus forbidden area, even if the strong in the later period of Wuliang fell into it, may also be contaminated, corroded into scum, or directly swallowed up.

No wonder Yan Xingtian was so nervous that he would rather run to be away from others than avoid cause and effect, and didn't want to be involved in the holy land of jade lotus.

It turned out that the dark smell of this jade lotus holy land was so terrible.

"How to resolve it?"

Ye Chen frowned, such a terrible dark breath, even if he showed the sacred book, I'm afraid it would be difficult to resolve.

If you burn reincarnation blood regardless of the cost, you may have a chance to rush in, but the cost is too high.

Before the last step, ye Chen will not easily use this card.

He sat cross legged in the void outside the jade lotus forbidden area, frowning and thinking about countermeasures.

After thinking for two days, ye Chen was helpless.

At this time, he heard Ji Siqing's voice in the dark:

"Ye Chen, where are you?

Can I come and see you?

Something happened. "

Ye Chen heard Ji Siqing's voice, and immediately felt very surprised, so he sent back his will and said, "Siqing, I'm in the jade lotus forbidden area of God's heaven, you come."

Ye Chen transmitted the cause and effect of God's heaven and the cause and effect of the jade lotus forbidden area along his own will at the same time.

After a while, the void was torn, and two beautiful shadows came down to Ye Chen.

One of them is Ji Siqing.

The other person, Xiao Jing, is actually the daughter of Fenghuo lingzu.

"Miss Xiao..."

Ye Chen saw Xiao Jing and was suddenly surprised.

Because he felt that Xiao Jing's breath had been perfectly integrated with the real world, and there was no barrier at all.

On her neck, there is a pendant carved from spar, which is actually a pendant carved from pre Tianshi.

"Did you get xiantianshi?"

Ye Chen was very surprised.

You know, the congenital stone is a trace of energy released from the Tianbei, which is gathered. It is very precious and has always been in the hands of Tianxin Laozu.

Now this xiantianshi actually appears on Xiao Jing's neck, which is really incredible.

Xiao Jing hesitated and looked at Ji Siqing.

Ji Siqing said, "Ye Chen, Miss Xiao, I have something to tell you."

Ye Chen said, "Oh, Miss Xiao, please."

Xiao Jing took a deep breath and bit her teeth. It seemed that she was worried, but she still said:

"Brother ye, i... I doubt that my father may have any cooperation with Tianxin Laozu."

"Cooperation?"

Ye Chen's heart suddenly tightened. Xiao Jing's father, Fenghuo lingzu, was the number two figure in Zihuang fairy palace, and was in charge of the great tomb sword, which was powerful and powerful.

If he cooperates with Tianxin, it will be a big trouble for ye Chen.

Xiao Jing touched the pendant of xiantianshi on her neck and said, "my father didn't know where to find xiantianshi. I asked him, but he wouldn't say it. He just said it was a coincidence."

"But, in this world, in addition to the father of the heart of heaven, who else has the first stone?"

"My father's recent behavior is also strange everywhere. For a moment, he looks very upset, for a moment, he is out of his mind, and for a moment, he doesn't know what to say."

"Even, even, one night, I saw with my own eyes the portrait of him worshipping Tianxin Laozu, and later tore it up."

"In short, he behaved very strangely, as if he had been possessed..."

After hearing Xiao Jing's words, ye Chen was also greatly surprised and said, "master beacon has turned into this look?"

Xiao Jing said, "yes, I feel very strange. I can't believe the people in Zihuang fairy palace. I can only come to discuss with you. My father suddenly went out yesterday. He said he was going to look for what kind of green lotus casting holy method and left for a while."

"Green lotus casting holy method?"

Ye Chen was even more stunned when he heard this.

Xiao Jing felt that ye Chen's expression was wrong and hurriedly asked, "brother ye, what's the matter?"

Ye Chen smiled bitterly, pointed to the Green Lotus World blocked by the dark shell in front of him, and said, "the green lotus casting holy method your father wants is in this jade lotus forbidden area."

Xiao Jing's eyes, looking at the jade lotus forbidden area, were immediately shocked.

This jade lotus forbidden area is really too secretive.

At the core of the land, the immortal spirit is soaring, the auspicious light is thousands of ways, and the green lotus is vibrant, as if it could nourish all things.

But in the outer layer of this world, there are layers of darkness.

These dark smells are so strong that they have even formed a black crystal like form, like a big cover, blocking the world.

On this dark cover and dark shell, there are traces of distortion and filth everywhere, and creeping demons everywhere, which is extremely strange.

"What a strong smell of darkness."

Ji Siqing felt the fluctuation of the jade lotus forbidden area, and his willow eyebrows wrinkled slightly.

If you combine the breath of her and ye Chen, you may be able to block this darkness and make a complete breakthrough, but the cost is bound to be huge.

"What does your father want green lotus to cast holy law for?"

Ye Chen asked, vaguely feeling something wrong in his heart.

The holy casting method of green lotus is one of the thirty-three divine arts.

The spirit ancestor of the beacon fire has mastered a thirty-three God skill, which is the legendary sword of the great tomb.

His whole life's effort and energy have been poured into the sword of the tomb. He can't have the energy to practice the holy method of green lotus casting.

People's energy is limited after all, and their luck is also limited.

Chapter 8744

Being able to master a thirty-three divine arts is already an unnatural creation.

It's hard to control two doors.

Xiao Jing said, "my father and I have a deep connection. I vaguely feel that he wants to find the holy method of green lotus casting, not to practice by himself, but to give it to Tianxin Laozu."

"Father Tianxin?"

Ye Chen's scalp tingled inexplicably when he heard the name of Tianxin Laozu.

He remembered that Yinsheng once said, never let the ancestor of Tianxin have a realistic body.

Today's Tianxin ancestor, in fact, is just a spiritual body, with no real flesh and blood.

He has no real body, and his combat effectiveness will be subject to many restrictions. Even if he can be infinitely resurrected, his attack and killing capabilities will not exceed the scope of the Immortal Emperor.

However, if the ancestor of Tianxin gets the body, he will be invincible and can further play the power of Tianbei.

At that time, no one can stop him in the whole real world.

The holy casting method of green lotus is a supreme body refining divine skill. Once it is practiced, it can cultivate the holy body of green lotus. A green lotus stretches the chaos of heaven and earth, and half of the lotus leaves nourish eternal space and time. Its power is so vast that it is enough to get the guidance of the road of truth out of thin air and fly into infinite space and time.

If Tianxin Laozu got the holy method of green lotus casting and successfully practiced it, ye Chen would be in trouble.

At that time, ye Chen's chance of getting the Tianbei will be even more slim when the holy body of the father of Tianxin is cast.

Ji Si's beautiful eyes slightly coagulated, looking at the jade lotus forbidden area in front of him, said: "is the green lotus casting holy method inside?"

Doesn't that mean that the spirit ancestor of beacon fire will come at any time? "

Ye Chen thought so, and said, "let's hide first."

He immediately and jisiqing, Xiao Jing, hidden in the dark void, gathered his breath and waited silently.

If the spirit ancestor of beacon fire really wants to capture Qinglian to cast holy Dharma, he must come to the heaven of God and the forbidden area of Yulian!

"Brother ye, if my father really cooperates with Tianxin, will you kill him?"

Xiao Jing subconsciously grabbed Ye Chen's arm, and her eyes were slightly red, asking.

"Your father and Tianxin Laozu are so powerful that I can't fight. You worry too much."

Ye Chen shook his head and said nothing more.

Ji Siqing also patted Xiao Jing on the shoulder and said, "wait, if your father really comes, we will question him face to face."

Xiao Jing had no choice but to nod.

The three men hid their breath and waited only for a long time, but they felt the void in the sky burst, and a terrible breath, like trying to bury heaven and earth, crushed the void and came down.

That's the spirit ancestor of beacon fire!

Ye Chen, Ji Siqing and Xiao Jing were all surprised and dignified when they saw the spirit ancestor of the beacon coming.

I saw the spirit ancestor of the beacon fire, striding forward, his eyes as sharp as electricity, looking at the dark ravaged jade lotus forbidden area, and his eyebrows frowned tightly.

"This is where the green lotus casting holy method is hidden?"

"Well, god heaven, jade lotus lady, ancient struggle..."

The spirit ancestor of the beacon pinched his finger, and instantly peeped into the mystery of heaven, and he also knew all the causes and consequences of the jade lotus lady emperor in the past.

"The flames of war and chaos in this place for many years, the collapse of time and space, led to the breeding of darkness and countless demons."

"Big tomb sword, break it for me!"

The spirit ancestor of the beacon fire suddenly offered a sword and chopped away towards the jade lotus forbidden area in front of him.

This sword, with all his strength and power, was even more fierce than when ye Chen was buried under the curse of causality in the past.

With such a fierce sword, the spirit of the beacon fire ancestor was still calm and did not consume much physical strength.

Ye Chen, Ji Siqing and Xiao Jing saw this scene, and all of them were extremely shocked.

Is there any big man behind the spirit ancestor of beacon fire?

I saw the great tomb sword, cut out, the violent and turbulent sword momentum, with the terror and majesty of burying heaven and earth, fiercely cut on the dark shell of the jade lotus forbidden area.

Bang.

That dark crystal like shell was cut to pieces by the spirit ancestor of the beacon fire on the spot, and countless demons and twisted existence on it sent out a sharp scream. Under the power of the great tomb sword, it was swept like snow under the scorching sun, and instantly vanished into nothingness.

When ye Chen saw this sword, he was shocked.

This great tomb divine sword is worthy of the legendary thirty-three heaven magic. Its power is too overbearing and fierce. It can bury the heavens, not the people of the world, and can fight.

The dark smell of the jade lotus forbidden area was completely wiped out on the spot by the sword of the tomb.

Ye Chen couldn't believe it if he hadn't seen it with his own eyes.

In the forbidden area of jade lotus, there was a violent shock in the green lotus world, and the immortal gas was blowing up and buzzing.

The strong who lived in this forbidden area seemed to be shocked on the spot by the terrible sword of the spirit ancestor of the beacon fire.

Feng Huo lingzu cleared his throat and just wanted to say something.

"Dad!"

At this time, Xiao Jing strode out and came to the spirit ancestor of beacon fire.

Ye Chen and Ji Siqing looked at each other and also appeared, standing behind Xiao Jing.

"Jing'er, it's you."

"And you, you."

"Lord of reincarnation, Lord of destiny."

Seeing the appearance of the three people, Fenghuo lingzu was surprised: "Why are you here?"

Xiao Jing said, "Dad, why are you here?"

Beacon fire lingzu's face sank and said, "didn't dad tell you?"

I want to find the holy method of green lotus casting. This door god skill is in this world. "

Chapter 8745

"Lord of reincarnation, Lord of destiny, do you want to rob me?"

Xiao Jing said, "Dad, why do you want Qinglian to cast a holy law?"

Have you already mastered a magic skill? "

"You want this green lotus to cast holy Dharma, is it for Tianxin Laozu?"

"Do you cooperate with him to give him the holy method of green lotus casting?"

The spirit ancestor of the beacon fire listened to Xiao Jing's questioning, his face changed greatly, a cold light flashed in his eyes, his facial features trembled, and showed an extremely painful look, shouting: "jing'er, don't say any more, dad has his own discretion, you just go back!"

The voice fell, the spirit ancestor of the beacon fire waved his hand, and the color of pain on his face was more intense. It seemed that there was something difficult to hide, so he turned and strode into the jade lotus forbidden area.

"Dad!"

Xiao Jing's voice was crying and wanted to catch up, but she was bounced back by an invisible force and fell to the ground, looking very embarrassed.

In the blink of an eye, the figure of the beacon fire lingzu completely disappeared into the jade lotus forbidden area.

"I'm afraid it's not a simple cooperation between Fenghuo lingzu and Tianxin Laozu."

Ye Chen glanced at Ji Siqing and faintly felt bad, saying.

Looking at the expression of Fenghuo lingzu just now, he is so painful that the relationship between him and Tianxin Laozu is absolutely impossible to be equal, nor can it be a cooperative relationship, and it is likely to be intimidated.

Ji Siqing also saw this and said, "is the spirit ancestor of the beacon fire coerced by the father of the heavenly heart?"

Ye Chen said, "I don't think it's as simple as coercion. The spirit ancestor of the beacon fire used the great tomb sword, which was more powerful than before, but consumed less. There may be the support of the old ancestor Tianxin behind it."

Ji Siqing said, "what are you trying to say?"

Ye Chen's eyes were slightly coagulated and said, "I don't know. In short, since it is related to the heavenly heart ancestor, we must not watch the green lotus casting holy law fall into the hands of the beacon fire spirit ancestor!"

If the spirit ancestor of the beacon fire, after receiving the holy casting method of Qinglian, gives it to the father of Tianxin, who thus casts the holy body and further controls the power of the Tianbei, ye Chen will be completely ruined.

He must stop the beacon fire lingzu.

We must cast the green lotus into a holy method and seize it!

Those five brocade bags are really wonderful.

The instructions given by the first brocade bag are closely related to Ye Chen's future destiny.

I just don't know, what's the secret of the remaining four brocade bags.

"Brother ye, Miss Siqing, what happened to my father?"

Xiao Jing's eyes are red and asks Ye Chen and Ji Siqing.

Ye Chen said, "I don't know, but your father must be weird. Let's go in and talk about it."

Stride forward.

Xiao Jing had no idea, so she had to follow Ye Chen and Ji Siqing into the jade lotus forbidden area.

It has to be said that the great tomb divine sword of the spirit ancestor of the beacon fire was too terrifying. When it was cut out, it was really buried in the sky. All the dark breath and strange weather were buried by him.

There was no dark wave in the whole jade lotus forbidden area.

When the three of Ye Chen stepped into the forbidden area of jade lotus, they saw the continuous mountains, gloomy and green, the immortal gas gushing, the waterfalls flying, the yellow cranes flying, and the atmosphere of the holy land of the immortal family.

"Your father wants to find Qinglian to cast the holy method, so we'll take him first and seize the holy method!"

"We will act separately. If there is any news, we will communicate."

Ye Chen thought for a while and made a plan.

Ji Siqing nodded in favor, separated from ye Chen, and set out on his own to find the holy method of green lotus casting.

Xiao Jing hesitated for a moment and also set off.

It goes without saying that Ji Siqing's strength.

Xiao Jing, the descendant of the God of water, is also quite strong. Walking in the jade lotus forbidden area is enough to protect herself.

Ye Chen took a deep breath and looked at the world of the jade lotus forbidden area in the distance. He only felt that the heaven and earth were vast and clear, and there seemed to be a voice from afar.

It seems that there are many people living in the jade lotus forbidden area. They should be the children of the former jade lotus female emperor. Later, they were trapped here because of the collapse of time and space.

Although they can't get out, the people outside, even the dark smell, can't erode in, and they are also enough to live and work in peace and contentment.

This jade lotus forbidden area is undoubtedly a paradise for the children of the past.

But the calm atmosphere of this Xanadu was cut by the sword of the spirit ancestor of the beacon fire.

The magic power of the great tomb sword is far beyond imagination.

This sword not only killed all the darkness, but even made the whole jade lotus forbidden area and all over the world sound like an earthquake, which made people panic.

Ye Chen gathered her breath and walked all the way. Sure enough, she saw that there were many Sanshou and Terrans living in the mountains.

Their expressions, all with consternation, pointed to the outside world.

Because all the dark breath was cut off by the sword of the spirit ancestor of the beacon fire, the jade lotus was forbidden outside the earth, and the dark and filthy weather that lingered throughout the ages was completely dispersed, and the heaven and earth returned to Qingming, which shocked everyone.

"I don't know where the spirit ancestor of beacon fire is."

"Also, where is the green lotus casting holy method?"

Ye Chen murmured in his heart, and pinched his palm again, trying to spy on the mystery behind him.

He didn't spy on the location of the spirit ancestor of the beacon fire, but vaguely, it seemed that he had figured out a bright way.

He kept flying forward in the direction of revelation.

Along the way, ye Chen saw many statues, all carved with the appearance of the jade lotus female emperor.

The jade lotus lady emperor is the Supreme Master of the world. It is said that she died to protect the jade lotus holy land.

Even after the holy land of jade lotus has become a dark forbidden area, the will of the female jade lotus emperor is also guarding the world, preventing the invasion of darkness and filth, and protecting the survival of her people.

Ye Chen kept flying and running all the way. Gradually, it was dark.

From a distance, he saw a shabby temple in front of him.

In the square in front of the temple, a statue is enshrined.

It was not the statue of the jade lotus lady emperor. When you look carefully, it was a man, full of light and holy breath, and the majesty of the gods was everywhere, making the dilapidated temple seem to become brilliant.

"Is it a statue of the God of light?"

Ye Chen was shocked when he saw the statue of the man.

He recognized at a glance that it was a statue of the God of light.

The secular name of the God of light is Huang Chongguang. It is said that the origin of his identity is very mysterious. No one knows what he experienced before he became a God.

Ye Chen saw that the temple in front of him did not worship the jade lotus female emperor, but the statue of the God of light. In surprise, he accelerated his pace and quickly walked over.

In the temple, there were some priests praying and some servants.

The arrival of Ye Chen made the priests show a trace of surprise.

One of the oldest old priests stood up silently and asked Ye Chen, "who is it?"

Chapter 8746

Ye Chen said, "passing passengers want to spend the night at your place."

He looked at the statue of the God of light, and faintly caught a special breath.

This breath is actually related to the tomb palace!

"Is there any connection between the God of light and the tomb palace?"

Ye Chen was very curious and just wanted to stay and find out.

Although he inherited the Taoist tradition of the God of light, he knew little about the life origin of the God of light.

The old priest heard Ye Chen's words, and his face was silent. He frowned and said, "may I have your name?"

Ye Chen was speechless for a moment and couldn't answer.

The old priest said, "I heard the oracle of the God of light, is it Ye Chen?"

Ye Chen was still hesitant to say his name. Now he was surprised when he heard the old priest point out, but he calmed down a lot and said, "exactly."

The old priest's expression was still silent and solemn, and there was no fluctuation. He slowly said, "originally, your excellency is the reincarnation inheritor of this life. I have heard of you for a long time, and the dark trap outside was killed by you."

Ye Chen said, "no, I don't have such strong strength."

The old priest frowned, pinched his fingers and said, "really?"

Then he said, "you are here to cast the holy Dharma of green lotus?"

Ye Chen said, "no, I'm here for Qinglian to cast the holy Dharma. If you know the whereabouts of that Dharma, please let me know."

The old priest nodded, shook his head and said, "if you want to rob the green lotus casting holy method, I advise you not to waste your efforts. It's useless for you to rob it, because it's impossible to practice."

Ye Chen was stunned: "why?"

The old priest said, "when practicing the holy method of casting green lotus, you can't have any thoughts and desires in your heart. As long as there are a little thoughts, this holy method can't be practiced, or even backfire on yourself."

"In those days, the God of light also wanted to practice the holy method of green lotus casting, but he failed."

"Originally, he was the servant of Yuan Tiandi and the first disciple of the tomb palace. He was the first person in the world to get the guidance of Yuan Tiandi."

"He is qualified to be the strongest of the nine gods, but because he failed to cultivate the holy method of green lotus casting, he was severely backfired and weakened, and finally his fate was ended by the ancient god of Tuodi."

"In the final analysis, it is because he failed to cultivate the holy method of green lotus casting."

"This skill is the existence that even the light God Tianzun cannot practice successfully, and no one in the world has ever been able to practice it, except the source Tiandi."

"Because no matter people or gods, demons or demons, there will be miscellaneous thoughts and desires."

"As long as there are miscellaneous thoughts and desires, it is impossible to practice the holy method of green lotus casting."

"Unless it is the legendary Yuantian emperor, he is said to be the first wisp of wisdom born in the world, and even it is said that he is the embodiment of truth and the ultimate."

"Perhaps only he can truly achieve no desire and no desire, and his heart is as pure as a green lotus."

After hearing the words of the old priest, ye Chen was stunned for a moment, and his eyes immediately contracted, with a look of consternation.

"The God of light, Tianzun, was once a servant of Yuantian emperor, or the original disciple of the tomb palace?"

"Green lotus casts holy Dharma, and the God of light has also practiced it?"

Ye Chen was shocked. He had never heard of these ancient secrets.

Is it true that the God of light is related to the tomb palace?

The old priest said, "yes, Yuan Tiandi created the tomb palace. When the tomb palace was first born, it was already very, very far away from now, even farther than the age of the nine gods, and even the nine gods had not been born at that time."

"That era was an era of old gods competing for hegemony. Countless ancient gods fought in chaotic space-time."

"Yuan Tiandi walked in the chaos of time and space. He witnessed the fall of countless gods. The tomb palace he created was originally the tomb of gods and demons."

"At that time, there was a servant beside him, which was the later God of light."

"However, at that time, the God of light, Tianzun, had not yet become a God. He was just a servant named Huang Chongguang."

"He followed Yuantian emperor and witnessed the killing and madness of the gods of the heavens, as well as the birth of time and space. Finally, he got the guidance of Yuantian emperor and became a God, named God of light."

"The so-called age of nine gods was initially started from the light God Tianzun."

"He has unlimited potential, and even the possibility of unifying the whole non space and time."

"Unfortunately, he came into contact with the holy method of green lotus casting and wanted to practice it, but he regretted that he failed and suffered backfire."

"As a result, his vitality was greatly damaged, and he lost the possibility of dominating the heavens. Finally, he was ended by the ancient god of Tuodi."

After hearing the source secret of the God of light, ye Chen's eyes were a little trance, stunned.

He didn't expect that the God of light was once a servant of Yuantian emperor, and even the original disciple of the tomb palace.

Even more, the God of light has the possibility of reaching the highest, dominating the heavens, and unifying time and space.

However, due to the failure of cultivating Qinglian casting holy method, the God of light lost this opportunity.

The holy casting method of green lotus is an existence that even the God of light can't practice. You can imagine how terrible it is.

"Master, I don't want to practice it myself, but I don't want others to get it."

Ye Chen said to the old priest.

If the holy method of green lotus is really so difficult to practice, it doesn't matter if ye Chen doesn't practice it.

However, he must not let Qinglian cast the holy method and fall into the hands of Tianxin Laozu!

Although even the light God Tianzun can't practice the skill, the ancestor of Tianxin may not be able to practice it.

But what if?

Chapter 8747

What if Tianxin Laozu practices it?

Ye Chen absolutely doesn't want to see any accidents happen.

He only wants to cast the green lotus into the holy law and grab it into his own hands, so that he can completely take the initiative.

The old priest said, "so you still want to capture the green lotus casting holy method?"

Ye Chen said, "yes!"

The old priest was silent for a while, sighed for a while, pointed to the statue of the God of light, and said, "if you want to know the whereabouts of the holy method of green lotus casting, press your palm on it."

Ye Chen said, "yes!"

Press your palm on the base of the statue.

Hum!

When ye Chen pressed his palm on it, the whole statue of the God of light burst into a bright and sacred white light.

White light shrouded Ye Chen.

In an instant, ye Chen felt the distortion of time and space around him, and the mystery of heaven went back.

In a trance, he saw an ancient picture.

In the picture, a lonely man is carrying a sarcophagus full of ancient inscriptions, moving slowly between heaven and earth.

This man seems to be the God of light.

The sarcophagus, I do not know what is inside, ye Chen only looked at it, there is a very familiar feeling, the reincarnation blood in the body, actually faintly resonates with the sarcophagus.

The heaven and earth where the God of light walked should be the heaven of God, but it has not been damaged by the war.

The picture lasted only a few seconds and disappeared.

"This picture..."

"What is that sarcophagus?"

Ye Chen was very surprised.

"Lord of reincarnation, do you see it?"

The old priest asked.

Ye Chen's eyes coagulated, but vaguely, he caught a special breath in the distance of this heaven and earth.

That seems to be the breath of green lotus casting holy Dharma!

The picture Ye Chen just peeped is the picture of the God of light carrying the coffin alone.

Although I don't know the origin of that sarcophagus.

However, the picture of the former Sun God is a causal clue.

The God of light has practiced the holy casting method of green lotus. With this clue, ye Chen clearly captured the holy casting method of green lotus in the dark!

"See!"

Ye Chen looked at the sky outside the temple and instantly broke through many spaces. He saw that in the center of the jade lotus forbidden area, there was a huge city called Jade lotus city.

The legendary holy casting method of green lotus is in the jade lotus city.

"Well, you go."

The old priest nodded slightly, and said with a sigh: "in fact, the person who cast the holy method of green lotus and brought it to the divine heaven was not the female jade lotus emperor, but the God of light."

Ye Chen: "what?"

The old priest said, "long, long ago, the God of light, the God of heaven, carried a sarcophagus and stepped into God's heaven alone."

"The burial place of the sarcophagus has become a forbidden area in the divine heaven. Few people in the divine heaven know the existence of the forbidden area."

"Later, the jade lotus lady emperor was in my place and saw the picture you just saw."

"She traced the secret of heaven, found the location of the forbidden area, and cast the holy method of green lotus from the forbidden area, which later led to chaos in God's heaven."

"Many outsiders speculate that the jade lotus lady emperor stepped into time and space and brought back the green lotus to cast the holy Dharma."

"In fact, it's not. The holy method of green lotus casting has always been in the divine heaven, but hidden in the forbidden area of the sarcophagus. No one has ever touched it. The female emperor of jade lotus is the first contact."

Ye Chen said, "is that what the sarcophagus contains, the holy method of green lotus casting?"

The old priest said, "no, the things in the sarcophagus... Are very mysterious. Forget it, I dare not talk nonsense. If you have the chance to see the sarcophagus, you will naturally know."

"Now that sarcophagus should be in the same place as Qinglian casting the holy Dharma. Go."

Ye Chen was full of thoughts in his heart. He bowed to the old priest and said, "yes, thank you for your advice. I'm leaving."

With that, ye Chen turned and left the temple, flying forward in the direction of the cause and effect breath.

Woo

Suddenly, ye Chen heard the whimpering wind behind him.

He looked back and saw an amazing scene.

The temple dedicated to the God of light just now has disappeared!

The place behind him was empty. There were no temples, let alone statues of gods of light and worshippers.

What he just saw and experienced seemed to be the existence of fantasy.

"Is it an illusion?"

"But why is it so true?"

Ye Chen had some dreams in his heart, and was silent for a long time, recalling what had just happened.

He didn't know whether it was true or illusion, but he couldn't be wrong in capturing the breath of Qinglian casting holy Dharma.

Shaking her head, ye Chen restrained her inner thoughts and ran away against the wind.

The urgent task is to cast the green lotus into a holy method as soon as possible and seize it.

While flying, ye Chen also sent out his will, calling Ji Siqing and Xiao Jing to come and gather.

Flying all the way, ye Chen soon saw a huge and prosperous city in the distance of the earth.

That is the main city of the jade lotus forbidden area, jade lotus city!

The forbidden area of jade lotus is isolated from the world, but under the protection of the female jade lotus emperor, there are abundant products and resources, such as Xanadu.

The monks living in this place have multiplied for many years, and the weather is also very prosperous.

There are at least ten million people in Yulian city.

When ye Chen entered the city, he saw the monks in the whole city, panicked, talking about the dark blockade in the outer layer and being cut off by others.

That's the masterpiece of the spirit ancestor of beacon fire, but naturally no one knows it in Yulian city.

The dark blockade was lifted, and no one went out to the outside world. After all, they had been isolated from the world for too long. Now they suddenly opened up, and people were in turmoil and chaos. They didn't know what to do.

"Although the darkness and filth have dispersed, we have been isolated from the world for so long, but we don't know the cause and effect of the outside world."

"It's a pity that the jade lotus female emperor has already fallen, otherwise, we don't need to be so panic with her as the master."

"Now I can only pray to the jade lotus lady emperor and ask for her guidance."

Many monks talked in perplexity and went to a place one after another.

The place where the monks went was in the center of Yulian City, which was called the destruction area!

At the beginning, the jade lotus lady emperor had not fallen yet, guarding the jade lotus city.

But later, with the dark smell outside the holy land of jade lotus, it became more and more intense, and even threatened to erode the city of jade lotus.

The jade lotus lady emperor had no choice but to explode and sacrifice herself to protect the peace of the jade lotus city.

The place where she blew herself up was in the middle of Yulian city.

Now, this central place has become a terrible abyss ruins, full of destruction and death, known as the destruction zone.

It was here that the jade lotus lady exploded and perished with those powerful demons bred in darkness.

Up to now, the jade lotus female emperor still has a trace of will to survive and still silently protects the jade lotus City, but that trace of will has been very weak, and it is difficult to say whether there is a sense of autonomy.

Chapter 8748

Every time the will of the jade lotus female emperor appears, it can be called an epiphany, which is enough to cause shocking fluctuations in the jade lotus city.

Now, the jade lotus holy land has encountered such changes. Many monks kneel beside the destruction area and silently pray, hoping that the jade lotus lady emperor can show her spirit and guide them again.

Ye Chen also came to the destruction area, and saw the whole destruction area, with crowds of people kneeling and praying. Incense curled and crowded.

However, the jade lotus female emperor has never appeared.

The core of the destruction zone is a whirlpool abyss as terrible as a black hole. It is dark and dark. I can't see the scene under the abyss at all. I only vaguely hear that under the abyss, there is a roar of demons from time to time.

In those days, the jade lotus lady died together with the demon here, wiping out the darkness.

Over the years, darkness has bred again in the land of destruction of the abyss, but under the residual power of the jade lotus female emperor, these darkness can not be rampant, and they are sealed under the abyss.

"The holy method of green lotus casting I want is under the abyss of destruction!"

Ye Chen's eyes coagulated and looked into the abyss of destruction, which also captured a strong sense of cause and effect.

The holy method of green lotus casting he wants is inside!

This abyss of destruction, the bottom space distortion, the actual space, I'm afraid there are thousands of miles around.

However, with a keen sense of cause and effect, ye Chen accurately captured the specific location of the green lotus casting holy method!

He is confident that as long as he jumps down the abyss, he can immediately bring out the holy method of green lotus casting!

However, around the destruction area, there are many strong men of Yulian City guarding and maintaining order.

If ye Chen acts rashly, there may be conflict.

"Wait a minute."

Ye Chen didn't want to get involved, so he endured and waited silently, looking for an opportunity to enter the abyss of destruction.

However, those strong guards have never left.

Many monks from Yulian city came in droves, kneeling beside the destruction area, burning incense and praying constantly. From day to night, the number did not decrease at all, and it was still a crowded scene.

Ye Chen frowned when he saw this scene. He never found a chance.

At this time, Ji Siqing and Xiao Jing also heard his call and rushed to meet him.

Beside Ji Siqing, there is a girl with broken arms and disfigured face.

The girl's left arm had been cut off by sword gas. She covered the gap of the broken arm, but it was bleeding, and the blood was dripping from her fingers.

Her face was pale and painful.

"Siqing, who is this?"

Ye Chen was surprised to see the broken arm disfigured girl.

"It was a girl I met on the road. She was injured by the sword of the tomb. Because her appearance was too ugly, no one around treated her. I saw her poor, so I took her with me."

Ji Siqing took the girl's hand, with a gentle voice, and said to the girl:

"Xiaolian, don't be afraid, this big brother will treat you."

Pointed to Ye Chen.

"Well."

The girl named Xiaolian nodded gently, her eyes full of inferiority and cowardice, did not dare to look up at Ye Chen, and whispered:

"Elder brother, I'm sorry, I accidentally fell into the destruction area when I was a child. Although I was rescued later, my appearance has been destroyed by the demon. I... my appearance is very ugly, I hope I don't scare you..."

Ye Chen saw that Xiaolian's face was full of pitted corrosion marks. It was really very ugly. It should be hurt by the acid corrosion of the demon.

However, she was only disfigured and lucky to survive from the demon.

"It's all right. At least you're still alive. I'll treat you."

Ye Chen smiled and looked at Xiaolian's broken arm.

From the broken arm wound, ye Chen felt a familiar wave of sword spirit, which was the breath of the great tomb sword, enough to bury everything.

He has seen everything under the insight of heaven.

It turned out that the spirit ancestor of the beacon fire summoned the great tomb sword to break through the darkness and filth of the jade lotus forbidden area.

The tomb sword, after breaking the darkness, still had a trace of divine power, and killed it in the jade lotus forbidden area.

In the jade lotus forbidden area, the mountains were broken, and at least hundreds of thousands of people were killed and injured.

Many doctors in Yulian city have already dispatched to other places to treat the wounded.

Fortunately, the jade lotus forbidden area is guarded by the will of the jade lotus female emperor, and the sword of the tomb has only a trace of magic power, which is not too fierce.

Those who were injured may still be saved.

However, Xiaolian was so ugly that no one treated her.

Ji Siqing was also kind. Seeing her poor, he brought her back and wanted to ask Ye Chen to help with the treatment.

Now ye Chen's eight trigrams heaven elixir is much more powerful than before. It is naturally easy to treat Xiaolian.

Hearing that ye Chen was willing to treat her, Xiaolian was grateful and happy in her heart, and said, "thank you, big brother."

Seeing that her arm was bleeding, ye Chen knew that she was seriously injured and could not be dragged any longer, so he wanted to treat her immediately.

But at this time, a breath of terror suddenly came from the distant sky, as if to bury heaven and earth.

The entire destruction area, the entire friars, and those who are strong in guarding, feel this breath, and all look changed.

Boom!

Accompanied by a burst of startling thunder, an old man who was as sharp as a king with his sword burst all over came down from the sky. This man's spiritual power surged and his momentum was overwhelming!

It's no one else, it's the spirit ancestor of beacon fire!

Chapter 8749

Beacon fire lingzu's eyes, staring at the black hole abyss in the center of the destruction area, said to himself, "the green lotus casting holy method that the master wants must be right below."

The voice fell, and he flew toward the abyss.

The strong defenders around the destruction area, seeing the spirit ancestor of the beacon fire, were afraid that he would disturb the rest of the jade lotus lady emperor, and shouted:

"Destroy the abyss and important places, and no one is allowed to approach!"

Dozens of strong defenders pulled out their swords and killed them together. The light and shadow of the swords danced in the air, weaving into a sharp blade and big net to block the body of the beacon fire spirit ancestor.

"Hahahaha, you ants want to stop me?"

The spirit ancestor of the beacon fire laughed and pulled out his sword. The sword was as powerful as the tomb of heaven. The gods and Demons changed. With only one sword, all the dozens of strong defenders were repulsed.

Poof!

Poof!

Poof!

The dozens of strong defenders, many of whom vomited blood on the spot, died and injured, were not rivals of the spirit ancestor of beacon fire at all.

The spirit ancestor of the beacon fire looked up to the sky and laughed, his hair was crazy, and his momentum was like a rainbow.

All the monks in the audience were shocked.

At this moment, everyone felt the mystery of heaven and knew that the person who broke through the darkness and filth was the ancestor of beacon fire!

Hiss hiss!

On all sides of the destruction zone, thousands of defenders came flying, their eyes all with vigilance and determination to die.

Although the beacon fire lingzu is strong, they would rather die in battle than allow him to make trouble here.

"Dare to die?"

"Can you afford to disturb my master's plan?"

The spirit ancestor of the beacon fire flashed a shadow in his eyes and swept wildly with his sword.

Those defenders who rushed up, such as grass in the wind, and ants and insects, could not stop the sword of the spirit ancestor of the beacon fire. They were killed as soon as they met, with blood splattering and flying all over the sky. The whole destruction area soon began to rain with blood.

"Is this man the leader of the righteous sect of the purple fairy palace in the past, the ancestor of the beacon fire?"

"He... He is the master of the sword of the tomb?"

"This man's sword is so fierce that I'm afraid he can kill an ordinary Immortal Emperor with one sword!"

Seeing this, all the monks in the audience were shocked with fear. Under the resonance of the secret of heaven, they had peeped into the identity of the spirit ancestor of beacon fire.

"If you dare to disturb the layout of my master, you will all die!"

The spirit ancestor of the beacon fire did not hide, laughing, slashing and killing with his sword, and his momentum was very arrogant.

"Dad..."

Among the crowd, Xiao Jing saw the spirit ancestor of the beacon fire so crazy, her delicate body trembled, her mind was blank, and she didn't know what to do.

Ye Chen and Ji Siqing looked at each other, and their hearts were also shocked.

Under the insight of the secret of heaven, they have spied that the master of the spirit ancestor of beacon fire is the ancestor of the heart of heaven!

"The spirit ancestor of beacon fire actually surrendered to the father of Tianxin and became his servant?"

Ji Siqing only felt incredible.

"It's impossible. Who is the spirit ancestor of beacon fire? Even if he dies, he can't be a slave."

Ye Chen was also shocked. He thought about it again and said, "is it the effect of Tianbei?"

Tianbei distorts the will of the spirit ancestor of beacon fire, and actually suppresses his Tao heart, making him a slave? "

"Dad, enough!"

Xiao Jing also felt bad, and her heart was sad. She rushed out and stood in front of the beacon lingzu sword, crying and shouting.

The spirit ancestor of the beacon fire was killing like a demon. Suddenly, he saw Xiao Jing appear. His murderous eyes appeared dull, and his sword was frozen in the air.

"Jing... Jing'er, it's you."

The voice of the spirit ancestor of the beacon trembled, looking at Xiao Jing, and saw Ye Chen and others not far behind Xiao Jing.

Xiao Jing cried, "Dad, you are an indomitable great master. How can you recognize Tianxin as your master?"

"I... I didn't, just..."

He wanted to explain, but his facial features suddenly twisted, showing an extremely painful look. He covered his head with his left hand, threw the sword on the ground with his right hand, and shouted at Ye Chen:

"Lord of reincarnation, kill me quickly!"

"I have indeed become a servant of the father of Tianxin. My consciousness has gradually lost. Kill me!"

Hearing the words of lingzu of beacon fire, ye Chen's heart shook.

The monks in the audience were also stunned, and their eyes fell on Ye Chen.

The legendary Lord of reincarnation actually came to Yulian city?

After a short shock, ye Chen immediately returned to his senses. After struggling in his heart for an instant, he had made a decision, took out the reincarnation Heavenly Sword, and killed the spirit ancestor of the beacon with a sword.

Fenghuo lingzu has become a servant of Tianxin Laozu, and his consciousness is gradually lost. When he is completely lost, he will become a walking corpse and a killing machine. He will no longer remember the previous things, but will only work for Tianxin Laozu.

Ye Chen didn't want to hurt the spirit ancestor of beacon fire, but at this moment, he had no time to hesitate.

"Don't kill my father!"

Xiao Jing, with tears in her eyes, stood up to block Ye Chen's sword.

Ye Chen was shocked and hurriedly withdrew his sword and retreated.

Hiss!

But at this time, an old palm broke Xiao Jing's body and pierced out in front of her heart.

Her heart was caught out by that palm.

Poof.

The palm crushed her heart.

Xiao Jing only had time to look back and saw the ferocious face of the spirit ancestor of the beacon fire, just like a beast.

"Dad..."

Xiao Jing gently called, and immediately the vitality dispersed, falling to the ground into a corpse.

She's dead.

The palm of Fenghuo lingzu ran through her body from her back and pinched her heart out. The means were extremely bloody and ferocious.

"Miss Xiao!"

Chapter 8750

Ye Chen screamed with horror at the sight of this human relations tragedy.

The spirit ancestor of the beacon fire stepped back two steps. First, he looked at his hand full of blood, and then looked at Xiao Jing's body. The beast like ferocity in his eyes suddenly vibrated violently.

Then, a whimper came out of his throat, which soon turned into a heart rending cry.

"Hahaha, I killed jing'er, I killed jing'er!"

"I killed my daughter, I killed my daughter, hahaha!"

The spirit ancestor of the beacon fire laughed and cried like a madman. He rushed like a beast, knocked the crowd apart, and jumped into the abyss of destruction. The cry came up from the abyss again, which was very frightening and lasted for a long time.

No one dared to stop him. When the monks heard his howling, they knew that the man he killed was his daughter.

Everyone looked at each other face to face, both shocked and at a loss, but they didn't know why the beacon spirit ancestor had fallen to such a state.

At a glance, dozens of elite defenders in Yulian city also jumped into the abyss to pursue the ancestors of beacon fire.

Ye Chen, Ji Siqing and Xiaolian were shocked to see such a sudden change.

Ye Chen rushed to Xiao Jing's body and wanted to treat it, but no matter how powerful his medical skills were, how could he save a body?

Gulu, Gulu, Gulu.

However, at this time, a burst of water came from Xiao Jing's body.

Then, an amazing scene appeared, and Xiao Jing's body turned into bubbles, rose into the sky, dispersed in the moonlight in the night sky, and gradually disappeared.

That is, after a few breaths, the bodies in Ye Chen's arms all turned into blisters and lifted off.

"Is it the protection of the God of water?"

Ye Chen saw this scene, and his heart was uncertain.

He knew that Luo Qingli, the God of water, had been protecting Xiao Jing behind her. Now that Xiao Jing died, she might not really die. Luo Qingli would give her a new life.

"Did the God of water pick her up?"

Ji Siqing walked to Ye Chen and looked at the bubbles gradually dispersing in the night sky, with a trace of confusion in his eyes.

"I don't know. I hope she can live."

Ye Chen sighed and tried to communicate with the God of water, but there was no response.

Ji Siqing said, "I didn't expect that the spirit ancestor of beacon fire was so fierce that he even killed his own daughter. It seems that he has been lost too deeply and is really about to become a killing machine."

Ye Chen said angrily, "it's not his fault. It's all the fault of the father of Tianxin!"

Ji Siqing said, "well, I'll go to the bottom of the abyss and have a look. You cure Xiaolian first, and then come down to meet me."

After that, Ji Siqing jumped directly into the abyss of destruction without waiting for ye Chen to respond.

"Think clearly!"

Ye Chen shouted.

"Big brother."

Xiaolian gently pulled Ye Chen's hand, and her eyes were full of sadness and pain.

Ye Chen looked back and saw her broken arm. The Dagu sword gas left on it had begun to attack, and might even erode her heart.

Once the heart vein is eroded, she will be completely buried and will die.

"It's OK. I'm not afraid. I'll treat you first."

Ye Chen saw Xiaolian's appearance and had to treat her first.

Ji Siqing jumped into the abyss and was alone. He didn't know what danger he would encounter.

Ye Chen was very worried, but he thought that Ji Siqing was the master of fate. If he even broke out with all his strength, he could mobilize a trace of the power of the law of cause and effect. Even ye Linyuan, a quasi Immortal Emperor, could be killed. Presumably, it was enough to protect himself under the abyss.

Ye Chen calmed down a little and took Xiaolian to treatment.

His identity as the Lord of reincarnation has been revealed.

In the jade lotus City, several elders on the top floor came out to meet Ye Chen in person, and prepared a room for ye Chen in the dojo near the destruction area.

Ye Chen took Xiaolian to the room of the ashram, and the two sat cross legged.

His palm was against Xiaolian's back vest, and the light of the eight trigrams heaven elixir was blooming and poured into Xiaolian's body.

Hum!

Under the perfusion of this light, Xiaolian's wound immediately stopped bleeding and alleviated pain.

"Thank you, big brother."

Xiaolian breathed a sigh of relief, and her pale face also recovered a trace of ruddy. She turned back and thanked Ye Chen with a smile.

Because of her disfigurement, this smile was very ugly and terrifying, but ye Chen didn't mind, and didn't show a look of disgust. She responded with a warm smile: "it's all right, it's just a little effort, you're welcome."

He continued to use the eight trigrams heaven elixir to heal Xiaolian.

It's very quiet outside the room.

The destruction area has started a warning, and all the monks who offer sacrifices and prayers have been driven out. There is no one around.

At the same time, the high-level people of Yulian City, from all directions, mobilized elite and strong people to come over, ready to fight to the death with the beacon lingzu at any time.

The spirit ancestor of the beacon fire is a strong man at the Immortal Emperor level, and he is also in charge of the sword of the tomb. His cultivation is too terrible. Many high-level people in Yulian city are nervous and completely unsure.

Many high-level figures, the top-level elders, are guarding outside Ye Chen's room.

Now, ye Chen is their only hope.

The Lord of reincarnation can always create miracles.

They also hope that ye Chen can create miracles again and kill the spirit ancestor of beacon fire.

Otherwise, the spirit ancestor of beacon fire is so crazy that if he continues to stay in Yulian City, it will definitely be a disaster for Yulian city.

In the room, ye Chen treated Xiaolian. It took only half an hour to heal her arm injury.

Xiaolian's broken arm wound scabbed and soon healed and fell off, but the broken arm could not regenerate and grow out.
