

## Physician 8781

### Chapter 8781

However, due to any extraordinary breakthrough and the arrival of the source emperor, the giant did not dare to rush into action at dusk, and turned a blind eye to his magic.

He and demon Zu Wutian felt any extraordinary eyes, and Tao's heart immediately trembled violently. An innate fear surged up uncontrollably, like a sad insect facing the tiger Tianlong.

Ren Feifan holds the hilt of the sword and wants to kill.

"Brother Ren, you can't disturb the cause and effect of reality anymore. You must go with me!"

Yuan Tiandi also knows that Ren Fanfan wants to kill people. As a protector of reincarnation, if he can kill the demon ancestor Wutian and dusk giant, no one can stop Ye Chen from breaking through today.

However, Yuantian emperor must not stand by and let extraordinary disturb the cause and effect of reality. It is too expensive to do so, and the rules are destroyed, which may even affect the whole wuwuwuspacetime in the end.

At present, Yuan Tiandi's big hand, a golden pillar of light, will cover any extraordinary cage.

Ren extraordinary's body slowly rose into the sky.

Ye Chen, ye Yishen, Wu Yao, xuanhanyu, Ji Siqing and others, as well as the ancient emperor Yu Huang, magic ancestor Wutian, dusk giant and others, saw Ren extraordinary rise in the daytime, which was extremely shocking.

Boom!

Nine days above, there was a void crack.

Behind the void crack is the mysterious and unpredictable time and space.

Ren Feifan's rise did not cause any disaster, because he was connected by the active emperor of heaven.

Ren Feifan looked up at the void crack, and his eyes were very deep.

He had been to wuwuwuspacetime, but at that time, he was just a intruder.

Today, he is really a strong man who is qualified to fly.

"Ye Chen, I'm leaving."

"I will continue to guard reincarnation in wuwuwuspacetime. Don't worry."

Ren Feifan looked back at Ye Chen, his eyes were very firm, and soon he looked at Wu Yao again, saying:

"When you ascend to the mysterious realm of heaven, you can combine with Wu Yao. At that time, you should have enough inside information to bear the cause and effect of the combination."

"The combination of reincarnation and compassion is enough to make your cultivation and Qi luck go up another level!"

Hearing Ren Feifan's words, ye Chen and Wu Yao looked at each other, and both of them blushed.

Is it finally time to combine?

Ren Feifan also showed a smile, but the smile soon cooled down. His eyes swept over the ancient emperor, the demon ancestor Wutian, the dusk giant and others, saying:

"Even if I soar, I will defend the path of reincarnation in the absence of time and space. Who dares to disturb Ye Chen's flight today? I want you to be broken into pieces!"

After these fierce words, Ren Feifan and Yuan Tiandi passed through the void crack, left the real world, and directly soared into the void space-time.

Woo

The void cracks closed, and the breath of Ren Feifan and Yuan Tiandi completely disappeared.

"Senior Ren!"

Ye Chen was shocked in his heart, and subconsciously wanted to chase Ren extraordinary's steps, but at this time, thunder surged on the nine days, and the star thunder robbed again.

This time, there were both the vast power of the starry sky and the dark energy of time and space. One by one, the thunder fell and blasted Ye Chen.

Ye Chen shouted "ah", his eyes were torn, and he only felt that the power of Lei Jie was much stronger than before.

"Feathering and rising!"

Ye Chen immediately offered a volume of Taoist Scripture, which is the book of miracles praising the world, and can assist in promotion and breakthrough.

After ye Chen offered the feathered Taoist book, he felt light and floating all over. If he was in the clouds, he clattered behind him, and the wings of freedom also spread.

He was bathed in the thunder robbery. Although the thunder robbery was powerful, his martial arts background was very strong and enough to bear.

"As long as no one bothers me, I can make a smooth breakthrough!"

Ye Chen clenched his teeth and became stronger and stronger under the hardening of Lei Jie.

The sky seemed to echo Ren Feifang's warning.

Whoever dares to disturb Ye Chen's breakthrough, he will let whoever is broken into pieces!

The demon ancestor was dignified and his eyes flickered, as if he were thinking about something.

At dusk, the giant said indifferently, "demon ancestor Wutian, won't you be scared by Ren extraordinary?"

He has soared and is no longer in this world. What are you afraid of him for? "

"Without any extraordinary guard, the reincarnation camp is just a mess!"

Mo Zu Wutian snorted and said, "are you teaching me to do things?"

"I will give Ren Feifan a face today and will not disturb the reincarnation breakthrough."

With that, Mo Zu Wutian glanced at Ye Chen, and then at Ye Mu Fengyu Ying, ye Yishen, Wu Yao, Xuan Hanyu, Shen Tu Wan'er and others. Finally, he flew up into the air and flew away directly.

Seeing that the demon ancestor left without a day, the dusk giant was surprised. He didn't expect that he actually left, thinking, "is Ren extraordinary so terrible?"

On the side of the reincarnation camp, everyone was also very surprised to see that the demon ancestor had left.

Seeing this, Ye Chen thought, "demon Zu Wutian left like this?

It can't be so easy. What is he planning? "

After Mo Zu Wutian left, on the side of Wanxu, Yu Huang Aoxue, Xiao Xinghe and Yu Huang Ye also hurriedly left with the seriously injured Yu Huang ancient emperor.

Although Ren Feifan is no longer in the reincarnation camp, there are many masters in the reincarnation camp, such as Night Mother Wind Whispering Ying, Ye Evil God, Wu Yao and so on. Obviously, they can't deal with them.

The ancient emperor Yu Huang was once again severely injured by Ren extraordinary, and his spirit seemed to have been a little abnormal. His eyes were bleeding, and he shouted at the sky:

"Ren Feifan, today's humiliation, when I soar without time and space, I want you to return it a hundred times!"

He stared at Ye Chen again: "Ren Feifan is no longer there, boy, next time I summon the ancient sword of sin, I see what you can do to resist!"

The ancient emperor Yu Huang escaped in a panic today, but his foundation was not damaged.

He still has the possibility of summoning the ancient sword of sin again!

Ren Feifan is no longer in this world. If he calls again, he is afraid that no one can stop him in the whole world.

Once the ancient sword of sin comes, no force can resist the edge of the sword.

"Master, I wish you a smooth breakthrough. I'm sorry for you..."

Yu Huangye also looked back at Ye Chen, his eyes full of guilt and gloom.

If it weren't for him, the feather emperor couldn't have successfully forged the scabbard.

"Let's go."

The feather emperor Aoxue glanced coldly at the feather emperor wild, and flew away like a fairy.

Yuhuangye looked at her graceful back and was stunned. His face was red again. He didn't know what he was thinking. He immediately sighed and followed Yuhuang Aoxue.

In the blink of an eye, only the dusk giant was left in the sky, as well as his mount, the eight wild virtual beast.

"Dusk giant, are you still going?"

If Ren Feifan is absent, I will temporarily replace him and guard reincarnation. I hope you don't force me to do it. "

Chapter 8782

The night mother whispered that the warbler took a step and suddenly filled her body with boundless darkness.

This dark breath is very pure, without any fluctuation of sin and filth.

Under the cover of this dark breath, even the sky turned into a black crystal casting, with a monstrous light. The sun was branded on the black crystal sky, as if it were some ancient and mysterious totem.

In the past, the night mother whispering warbler was the closest person to the power of death!

Many gods fell in the past war, but she still retains her intact body and soul. She is a great person who is really close to the emperor of heaven.

If Ren Feifan is still there, she won't rush to take action, because her action cost too much.

But at this moment, Ren Feifan has soared, and she is the only one who can compete with the dusk giant.

"Night mother, do you really want to fight?"

The dusk giant rode on the eight barren virtual beasts, standing high in the sky, surrounded by the boundless breath of dusk, filled with the energy fluctuations of decay, terror and obliteration.

His magic, the gods, has been concluded at dusk, and now it is ignored.

Under the black crystal sky, the twilight kingdom of the gods around him showed an inviolable power, and even the purest darkness could not swallow up this twilight breath.

"The dusk of my gods is enough to kill people at the level of the emperor of heaven. Can you stop it?"

At dusk, the giant's eyes flashed over the killing machine. Of course, the killing he said was not completely obliterated.

The God level figure of the emperor of heaven is intertwined with fate, time, cause and effect.

Even if they are killed, as long as there are other timelines, they can be resurrected.

Even if all their time lines are erased, they can be revived as long as there are traces of their existence in the world.

This is the terror of the emperor of heaven. It is almost impossible to completely erase it.

Just like the chaos of hegemony in the age of the nine gods, the supreme fortune of the nine gods was ended by the ancient god of Tuodi. They just lost their qualification to continue to compete for hegemony, but no one was completely wiped out.

It's too difficult to completely wipe out the emperor and God of heaven.

Of course, the dusk giant also knows that he cannot completely erase the whispering warbler, but he is sure to kill the whispering warbler at this moment.

In her current state, if she wants to revive, it will take at least a few days.

At that time, the giant at dusk had already washed the whole star moon realm with blood, and even buried reincarnation.

His divine skill, the gods at dusk, is really too powerful. This door divine skill is especially prepared for killing gods.

Even though there is a gap between his cultivation and the wind whispering warbler, relying on the power of divine skill, he is confident to fight against the LORD God!

"Well, let me see if your gods can bury me at dusk!"

The whispering warbler's beautiful eyes are concise, her posture is absolutely arrogant, and her aura surges all over her. Nightingales fly behind her, flying all over the sky.

"Divine tomb death sword!"

At the next moment, the dark breath gathered in the wind whispering warbler's hand and turned into a long sword made of black crystal. The sword body was filled with a dead breath like a tomb, cutting the sky against the sky and straight to the dusk giant.

"Hey, the sword of Yuying girl is somewhat similar to the sword of the great tomb."

When ye Chen saw the sword of the wind whispering warbler, he felt that the sword spirit fluctuated, which was very similar to the sword of the great tomb, but also with a terrible burial atmosphere.

This should be the wind whispering warbler himself, watching the great tomb sword, and understanding the sword technique created.

Her self-made sword technique actually has the essence of the great tomb sword.

And because of her strong strength, the power of this sword is much more ferocious than the spirit ancestor of beacon fire.

"The gods, the kingdom of dusk, bury the gods; the will of dusk, destroy heaven and earth!"

The dusk giant sang, and the dusk kingdom of the gods, which attracted no attention, burst out in an instant.

Boom!

I saw the magnificent atmosphere of dusk, suddenly exploded, sweeping the world, a terrible Twilight country, born from the sky, slowly came down.

Click click!

The earth vein of the whole star moon circle made an unbearable sound, as if it was going to be forcibly crushed.

In the reincarnation camp, everyone saw this scene, which was also extremely thrilling.

If the twilight kingdom is suppressed, I'm afraid the whole star moon realm will be directly destroyed.

The smell of dusk has been frantically overflowing, and the entire star moon circle has been affected. Flowers, plants and trees have withered down. Mountains and rivers seem to have been eroded by thousands of years, and they also collapsed.

Among the strong players in the reincarnation camp, Shen Tu Wan'er, Xuan Hanyu, ye Yishen, and the second demon girl have all been injured.

Xia Ruoxue, Ji Siqing, ye Luo'er, Zhetian demon emperor and others worked hard to maintain a large array to resist the erosion of the dusk atmosphere.

Wu Yao guarded Ye Chen. She was very tired now, but she still clenched her teeth to fight the attack of dusk for Ye Chen.

These Twilight energy breath, just a trace of leakage in the twilight kingdom of the gods, is already so terrible.

If the whole Twilight country is suppressed, there is no doubt that the star and moon worlds will definitely be destroyed, and there can be no hope of survival.

Hiss!

The whispering warbler wielded her sword and cut the sky. Her dead sword in the God's tomb burst into a long sword, which ran through the kingdom of the gods at dusk like a pillar of light.

Under the resistance of this sword, the twilight country remained in the air, but it could not be suppressed.

"Impossible!"

Chapter 8783

"Night mother, you can't be so strong!"

"You're just a sword, blocking my magic?"

This is impossible! "

The dusk giant tried his best to stimulate the aura, but the dusk country under his feet could not be reduced any more, and was blocked by the God tomb death sword of the wind whispering warbler.

He only felt his scalp numb. He didn't expect the wind whispering warbler to become so powerful.

You know, the kingdom of the gods at dusk has a terrifying restraining effect on gods, and even the LORD God of heaven can be killed.

However, the cultivation of the wind whispering warbler, before the emperor of heaven, blocked the power of the gods at dusk.

"Sorry, I have become the third star of the seven stars of reincarnation. I have reincarnation protection. You gods, twilight magic, can't kill me!"

The whispering warbler's beautiful eyes were bright and bright. Indeed, in the dark tomb death sword, there was a faint golden awn of reincarnation.

Ye Chen promised her to be the third star of the seven stars of reincarnation.

From the moment Ye Chen promised, she was blessed by the law of reincarnation.

Therefore, even in the face of the gods at dusk, she dared to stand up.

On the one hand, it is confidence in one's own strength.

On the other hand, it is also to repay and protect Ye Chen!

"Is this the power of reincarnation?"

At dusk, the giant was completely shocked and looked back at Ye Chen.

Ye Chen is still on the altar to survive the robbery. He relies on Qinglian to separate himself, and uses two things at one time. While surviving the robbery, he watches the external struggle, which is not affected at all.

Even ye Chen was shocked when he saw the night mother whispering warbler blocking the magic of the dusk giant.

"My third life star has not yet awakened, and the night mother has broken through and degenerated. If I really awakened, how far will she and I degenerate?"

Ye Chen deeply felt the power of the seven stars of reincarnation.

"When I step into the celestial realm, I may be able to wake up the third life star, the scorching sun life star!"

Ye Chen made a decision in his heart, immediately restrained his mind and concentrated on the breakthrough of the disaster.

Under the baptism of endless stars and thunder, ye Chen's muscles, bones and flesh have been washed out, becoming extremely clear and pure, and his whole body has shown a superior spirit.

He is very close to the legendary Tianxuan realm.

The door of the revealed emperor has been completely opened, and behind the door is a bright world.

Through this door, you can become the king of heaven!

"I'm finally going to be the king of heaven!"

Ye Chen's heart was burning, and he strode towards the door of the king that day.

Today, he can be promoted thanks to the protection of all people in the reincarnation camp.

Especially Ren Feifan, he didn't even know what cards he had used. Maybe it was the power of reincarnation book to rob ash, which modified the past.

The cost of revising the past like this is bound to be huge.

Ye Chen faintly felt that today's Ren extraordinary should want to burn himself, be a martyr, and protect his breakthrough.

Fortunately, yuantiandi came and took him to wuwuwuspacetime.

Now, ye Chen just wants to step into the realm of heaven and xuanjing, and then forge ahead bravely to achieve the brilliance of the infinite Immortal Emperor, go to wuwuwuspacetime as soon as possible, and be reunited with Ren Feifan.

At the moment when ye Chen stepped into the door of the emperor of heaven, the night mother wind whispering warbler also waved the death sword of the divine tomb, and with a flash, she killed the kingdom of the gods at dusk.

It is not enough to resist the threat completely.

She must kill the dusk giant and disintegrate the threat of this dusk country!

Stepping into the kingdom of the gods at dusk, the whispering warbler immediately felt the boundless pressure, all around was the corrosive smell of decay and terror, which madly attacked every inch of her skin.

Even if she has reincarnation protection, she will only be eroded into ashes if she directly steps into the kingdom of the gods at dusk.

Whispering warbler knows that she has only three breathing times.

Within three breathing times, she must kill the dusk giant, otherwise she is in danger of falling.

Although she fell here, she will be able to resurrect in a few days, the experience of death will form a huge wear and shadow, and eventually affect the heart of the Tao.

So in wuwu spacetime, even if most of the strong have the ability of infinite resurrection, no one will waste their lives. Everyone cherishes the existence of life in all timelines.

Because the disappearance of life and the accumulation of wear and tear do great harm to the Tao heart.

Naturally, the whispering warbler is no exception. She doesn't want to die.

The first breath, she took out the sword.

The sword light surged like the black tide, directly breaking through the heavy void and killing the giant at dusk.

The self cultivation of the dusk giant is far from that of the wind whispering warbler, and the front cannot resist it.

"Damn it!"

Seeing the wind whispering warbler cut with a sword, the giant jumped up from the back of the eight wild virtual beast at dusk, and narrowly avoided the wind whispering warbler's cutting.

The eight wasteland virtual beast was also extremely embarrassed and dodged away.

The second breath, the wind whispering warbler stabbed again.

The sword was so powerful that the dark explosion made it impossible for the giant to resist at dusk.

"Elder witch, please protect!"

At the critical moment of life and death, the giant shouted loudly at dusk, and the black magic gas behind him was intertwined and woven like silk threads. Finally, a mysterious totem was spun.

That's the totem of the witch!

At the critical moment, he asked the witch for help.

Hiss!

The wind whispering warbler slashed the past with a sword, and the sword Qi tore apart, killing the witch totem.

But her sword power, also completely dissipated, and could not hurt the dusk giant.

Another sword failed, and the whispering warbler's eyes sank, but he was not discouraged.

She has another mobile phone meeting.

"The witch can only protect you once. I see how you can take my third sword!"

On the third breath, the whispering warbler's eyes were cold, and he was ready to assassinate again.

Roar!

But at this time, a startling roar reached the ears of the whispering warbler.

She was stunned and saw that the roar was made by the eight wild virtual beast.

While she was breathing, the eight wasteland virtual beast suddenly shot out, but instead of attacking her, it swooped at Ye Chen in the air.

Woo woo

The breath of the whole Twilight country poured into the body of the eight barren virtual beast like a waterfall.

The eight wasteland virtual beast was infused with the breath of endless magic. With a twist of its body, it turned into a human shape, holding a huge Twilight sword in its hand.

He rushed down to the altar.

Ye Yishen, Xuan Hanyu, Shen Tu Wan'er and others were injured and could not be stopped at all.

Wu Yao wanted to stop it, but he couldn't stop it at all.

On the eight wasteland virtual beast, the breath of the whole Twilight country has gathered, and it is incomparable.

Although in the twilight kingdom of the gods, the energy and breath converge on the human body, and the power decreases by at least 70%, it is impossible to crush the stars and moon.

But the remaining 30% of the power is enough to force Wu Yao back and even kill Ye Chen.

This is the power of the thirty-three divine arts, the power of the energy and law of non space and time.

"Not good!"

The wind whispering warbler saw this scene, and his face was terrified. The third sword he was going to stab suddenly became weak. In fear, the long sword fell out of his hand.

Chapter 8784

"Hahaha..."

At dusk, the giant laughed up and flew back a distance.

It turned out that just before breathing, he had made a decision.

He knew that he was not the enemy of the whispering warbler, but today he came, not to fight with the whispering warbler, but to prevent Ye Chen from breaking through and even burying reincarnation.

Just before breathing, he had communicated with the eight wasteland virtual beast. He came to hold the wind whispering warbler, and the eight wasteland virtual beast used the energy of the gods at dusk to kill Ye Chen.

The whispering warbler's face became extremely frightened. She didn't expect that the giant decided so quickly at dusk, and she had no time to stop it.

On the altar, ye Chen had already crossed the gate of the emperor of heaven, and he was promoted smoothly. At the moment of crossing the gate of the emperor of heaven, he felt countless mysterious laws and mysteries pouring into his mind.

He closed his eyes and realized that that was the law of the superior.

When he opened his eyes and was ready to integrate this law with his martial arts, he saw the eight wasteland virtual beast in human form, carrying the twilight sword, rushing over with a grim smile.

"Boy, die!"

The eight wasteland virtual beast looked fierce and stabbed Ye Chen in the abdomen with a sword.

This sword, with the power of the gods at dusk, was terrible enough to kill the Immortal Emperor.

Ye Chen just ascended to the mysterious realm of heaven, and he couldn't stop the power of this sword.

"No!"

A scream rang out.

A girl also rushed into the altar and stood in front of Ye Chen.

It's Wu Yao.

The eight wasteland virtual beast saw Wu Yao stand up and block, hehe gave a ferocious smile, but it was not at all soft hearted, and stabbed it with a sword.

A puff.

The bodies of Wu Yao and ye Chen were immediately penetrated.

That dusk war sword, silently turned into energy, and the breath collapsed.

The terrible decay breath, like the end of the evening, rushed into Wu Yao and ye Chen.

Without a snort, they fell to the ground and died on the spot, with a layer of Twilight light on their bodies.

"No!"

Seeing ye Chen and Wu Yao dead, everyone in the audience screamed, and then seemed to have been cut off their throats, falling into dead silence.

The breath of the gods' Twilight magic was really terrible. When the twilight sword stabbed Wu Yao and ye Chen, they died instantly.

The sudden death made everyone can't believe their eyes.

The Lord of reincarnation and the Lord of mercy have both fallen.

The thunder in the sky dissipated. I don't know whether it was because ye Chen broke through and ended, or because of his death.

Because the accident was too sudden, ye Yishen, Xuan Hanyu, Shen Tu Waner, the second demon girl, Xia Ruoxue, and ye Mu Fengyu Ying were stunned and stunned, and their brains were blank.

Hiss!

At this time, a red sword like sky fire, wrapped in the purple awn of fate, and even showed a little fluctuation of the law of cause and effect, breaking through the air and killing, directly cutting the eight barren virtual beasts.

Poof!

The eight wasteland virtual beast turned into a human was beheaded on the spot.

"Lord of fate, Ho, Ho, what can you do if you kill me?"

The Lord of reincarnation is dead, and the Lord of mercy is also dead. With my life, bury reincarnation. It's great worth, hahaha... "

After the eight wasteland virtual beast was beheaded, it was not dead for a time. The upper half of its body wriggled, and its eyes looked at the figure of a woman in the distance.

That's jisiqing.

When she saw Ye Chen dead, her heart was afraid and hesitant, and she was angry. She directly erupted into her strongest strength. Even the law of cause and effect was used, and her hair turned white. With a sword, she cut the eight wasteland virtual beast in half.

Bang!

In the two parts of the body of the eight wasteland virtual beast, the fierce light of the sky fire blew up again, burning it completely to ashes.

At dusk, the giant saw the death of the eight wasteland virtual beast. He laughed and didn't care. He looked at the bodies of Ye Chen and Wu Yao, and couldn't help laughing again: "the Lord of reincarnation is dead, and my God of death sect has finally eliminated the greatest threat!"

With laughter, he tore the void and left.

When the wind whispering warbler came back, the giant had completely left at dusk.

Only the bodies of Ye Chen and Wu Yao, as well as the whimpering wind, witnessed the just terrible shock.

"Lord, is he dead?"

"This... This is impossible!"

"Miss Wu Yao is also dead?"

Does the heaven want me to reincarnate? "

"As soon as the extraordinary Immortal Emperor left, the LORD was killed. Is this the only end without the protection of the protector?"

Many disciples of the reincarnation camp looked at the bodies of Ye Chen and Wu Yao on the altar, and their hearts collapsed, and many people burst into tears.

Hum!

But at this time, a bright blue light appeared on the altar.

The blue light floated, vaguely turning into the weather of the fairyland world, and green lotus emerged one after another.

Seeing this weather, everyone was stunned.

Isn't Ye Chen dead yet?

Soon, in the fairyland world, waves of beautiful voices came out faintly, which made people tremble after listening.

"Brother Ye Chen..."

That charming voice, intermittent, if there is nothing, is like a dream, but also like a gentle breeze.

All the people were stunned and looked at each other when they heard the vague voice.

After the sound gradually subsided, the weather of the green lotus fairyland also dispersed.

Ye Chen and Wu Yao reappeared on the altar.

But this time, they were not corpses, but living people, standing on the altar hand in hand.

Ye Chen is energetic, like a spring breeze, with bright eyes.

Wu Yao held his hand, his cheeks flushed, his hair and clothes were a little messy, and his breath was much different from that of the past.

Chapter 8785

Wu Yao used to be green and astringent like a peach.

But at the moment, she is a little more watery.

The people present with fierce eyes can already see that something must have happened between Wu Yao and ye Chen.

Reincarnation and compassion are combined at this moment!

The breath of Ye Chen and Wu Yao is perfect and harmonious.

"Brother Ye Chen..."

Wu Yao blushed and embarrassed under the watchful eyes of the public.

"It's okay."

Ye Chen smiled, her eyes with infinite tenderness.

Time has just returned

The eight wasteland virtual beast stabbed him with a sword. Seeing the irresistible, ye Chen immediately urged Qinglian to separate herself to resist the fatal blow for herself.

But he didn't expect Wu Yao to stand up for her.

The sword of the eight wasteland virtual beast pierced Ye Chen's Qinglian separation, and also hit Wu Yao hard.

Outsiders thought Wu Yao was dead, but in fact, he hasn't.

She is the Lord of mercy, retaining the last trace of compassion, and has not been eroded by the dusk breath of the gods.

Ye Chen thought of Ren Feifan's words. After he ascended to the celestial realm, he could practice with Wu Yao.

Seeing that Wu Yao was badly hurt, ye Chen was also very anxious. He had no time to think about it, so he had to instill his reincarnation essence into Wu Yao in the way of double cultivation.

Only in this way can Wu Yao be saved!

He has no choice!

The blending of this day and the earth, the lingering of reincarnation and compassion, is really a mandarin duck dream, gentle and affectionate.

After getting the power of Ye Chen's reincarnation blood, Wu Yao also recovered smoothly, and even made a rapid breakthrough in cultivation.

At this moment, she can fully control the power in her body. She is the real Immortal Emperor, and she is protected by reincarnation.

The combination of Ye Chen and Wu Yao is naturally very refreshing.

"You guys, I'm not dead yet. I've successfully ascended to the mysterious realm of heaven."

Ye Chen smiled, walked down from the altar and looked around at the disciples of many reincarnation camps.

Everyone in the audience, staring at Ye Chen, was stunned.

"This guy, almost forgot, he also has a green lotus."

The wind whispering warbler saw that ye Chen had survived, and immediately breathed a sigh of relief, and then remembered that ye Chen had practiced the holy method of green lotus casting, and had a green lotus separation, which could replace the body death at the critical moment.

After the mood relaxed, the wind whispering Ying felt boundless fatigue, and her whole body fell off for a while.

Just after the battle with the dusk giant, she also consumed a lot, and with a divine body, she had to bear the pressure and backfire in the real world.

Boom!

Above the ground, ye Chen's body burst into a dazzling golden light, which was full of the majesty of the emperor.

At this moment, he finally became the superior of the level of Tianxuan realm.

Nine Xuan steles of reincarnation emerged from ye Chen's body, and all kinds of gods were blooming, lingering around him and turning constantly.

The metempsychosis soared to the sky, forming a magnificent metempsychosis of heaven, which spread all over the heavens.

In that great atmosphere of reincarnation, the laws of countless heavenly kings and superiors turned into the Runes of the avenue, flashing constantly, which was very spectacular.

At the center of the reincarnation kingdom of heaven is an ancient stone tablet, which is the legendary monument of the emperor of heaven.

After ye Chen ascended to the celestial realm, his control over the tablet of the God of the heavenly monarch was also more perfect.

At the moment, the tablet of the emperor of heaven, which is as brilliant as the sun, is blooming with unprecedented brilliance.

Ye Chen's body and the tablet of the God of the king reflect on each other and complement each other.

Now his comprehensive combat effectiveness, killing some weak masters in the later stage of immeasurable realm, is no problem.

It is not impossible to attack the weak Immortal Emperor by relying on many magic weapons, such as the tablet of the emperor of heaven, the star of hope, the holy cup of human slaughter, the Iron Throne and so on.

Of course, the more backward the realm is, the deeper the foundation is, the more terrible the enemy will be.

Ye Chen was pleasantly surprised when his cultivation strength reached this level.

"Elder Ren, have you seen it?"

"I made a breakthrough!"

"One day, I will see you at wuwuwu time and space!"

Ye Chen looked up at the sky and imagined infinitely.

Feng Yu Ying, ye Yishen, Xuan Hanyu, Shen Tu Wan'er, Ji Siqing, Xia Ruoxue, Wei Ying, ye Luo'er, Zhetian demon emperor, the second demon girl and others, as well as the king of hell, the Buddha of truth, Yunjin, Shanrou and others, were very happy to see ye Chen's resurrection and even a successful breakthrough.

The only fly in the ointment is that there is still a little shadow on the tablet of the emperor of heaven.

That is the shadow of the reincarnation book.

Ren extraordinary's name is still submerged by the dark ashes.

Even ye Chen couldn't erase the shadow of the ashes, as if he was born.

Ye Chen knew that what Ren Feifan had to bear must be much more terrifying than he imagined.

But no matter what, he continued to forge ahead bravely, hoping that one day, he could go to wuwu spacetime and reunite with Ren Feifan.

Now Ren Feifan has risen, and the reincarnation camp has lost the most critical master, but ye Chen is not flustered.

Because now he has been promoted to the top of the emperor of heaven and has the qualification to be alone.

And in the reincarnation camp, there are many strong ones who can continue to defend Ye Chen.

"I make a wish that I will be reincarnated together, safe and happy, and enjoy immortal blessings forever."

Ye Chen recited softly, and as soon as he kneaded the formula, he put the wish star into the tablet of the emperor of heaven.

I hope the heavenly star and the heavenly monarch gods are integrated. On the stone tablet, there is an additional totem emblem of the stars, which is very gorgeous.

Chapter 8786

This totem emblem of the stars happens to be on Ren extraordinary's name.

Ye Chen knew that with his current strength, it was impossible to erase the shadow of the book of reincarnation, but he also wanted to place his wishes on it.

He hopes that Ren Feifan can listen to his voice and wishes, and enjoy peace and happiness forever.

As ye Chen's wish voice fell, the star totem on the Tianjun Fengshen tablet burst into a bright light, covering the entire star moon world.

In the star moon circle, there are flashes of magic everywhere, the mist is thin, and layers of Fairy Light surround it. The flowers, plants, trees, mountains and rivers that have just fallen into decay have regained their vitality.

The negative effects of the gods at dusk have all dissipated.

The whole reincarnation camp, all disciples, are bathed in the brilliance of reincarnation. They have been blessed by heaven, their Qi has been improved, and even many people's cultivation levels have broken through on the spot.

Ye Chen is in charge of the tablet of the emperor of heaven, surrounded by layers of light circles behind him, and the metempsychosis is soaring, brilliant and vast.

Unfortunately, ye Chen's reincarnation Seven Star pulse, the second scorching sun life star, has never shown signs of awakening.

"This reincarnation of the seven stars is really difficult to wake up. I have already stepped into the mysterious realm of heaven, and I can't even wake up the new life star."

Ye Chen saw this, and the corners of his mouth also pulled slightly.

Immediately, he shook his head, and his heart was calm.

The seven stars of reincarnation are invincible. Every star of life has towering power. It is much more difficult to wake up than Jin Shengtian xuanjing.

Although Ye Chen is not awake now, he is still very satisfied.

Because his current cultivation has reached a level of heaven in the Tianxuan realm. It is easy to attack the strong in the later stage of the ordinary boundless realm. If it is in the star moon realm, he is invincible.

With the blessing of that local Qi, even if the ancient emperor Yu Huang came, it was impossible to hurt Ye Chen again.

With Ren Feifan's rise and ye Chen's breakthrough, the earth and Qi of the star moon realm have soared a lot, and all the disciples of the reincarnation camp have received Tianda's help.

In the dark, ye Chen even felt that he had mastered some means of no time and space, and he had glimpsed the existence of some fantasy concepts.

Generally speaking, such peeping means can only be mastered by the peak Immortal Emperor strong who is close to Wuwu.

But now, it's incredible that ye Chen can explore the fantasy with the body of Tianxuan realm.

At the beginning of the tomb palace, there was a fantasy concept left on him, which is said to be inherited from the tomb palace.

Now ye Chen can explore the dream, and immediately found that the fantasy concept is actually related to the reincarnation book!

"Is it... A container?"

Ye Chen was stunned for a moment, and his palm pinched the formula. The mysterious fantasy concept immediately collapsed under the influence of the law of reality, and showed the real body. It was a golden box, with many mysterious seal runes carved on it, and a totem shaped like the appearance of the original emperor of heaven.

"Emperor of heaven's spiritual suitcase..."

Fantasy and reality run through, and ye Chen immediately knows the name of the golden box, which is called "Heavenly Emperor Lingxiang", a container created from fantasy to hold the book of reincarnation.

The energy of the reincarnation book is very terrible. Once it comes, there is no place in the heavens and space-time to accommodate it.

Therefore, in order to control the reincarnation book, we must have a suitable container.

This Heavenly Emperor Lingxiang is the container made by the reincarnation Lord of the tomb palace.

In those years, although the reincarnation book failed to be made, this container was successfully forged.

This Heavenly Emperor's spiritual suitcase has a very terrible sealing power, and is even enough to seal the reincarnation book.

"Heaven and earth give me the holy suitcase of the emperor of heaven, to ask me to take this magic weapon and seal the ancestor of the heart of heaven?"

Ye Chen looked at the golden box in his hand and suddenly realized the meaning of the old days.

Today's Tianxin ancestors only have a timeline. If they are killed, there is no possibility of resurrection.

But after all, he is in charge of Tianbei, and the background is very terrible. It is not easy to kill him.

However, it would be much easier to seal it with the holy suitcase of the emperor of heaven.

The inner part of the Heavenly Emperor's spiritual suitcase is the destruction space of fantasy. Even if the Immortal Emperor's strong, even the non stepless strong, are sealed in, they will only end up being crushed by destruction, and there is no possibility of survival.

The only thing that can be preserved in the holy chest of the emperor of heaven is the legendary book of reincarnation.

Ye Chen, holding the holy suitcase of the emperor of heaven in his hand, can clearly feel the powerful breath of this magic weapon, as well as the terrible breath from the internal space.

This holy suitcase of the emperor of heaven, which was inherited from the tomb palace, now smoothly fell into his hands. His aura burst out, and his cultivation soared rapidly, reaching the peak of a layer of heaven in the realm of heavenly mystery.

Originally, ye Chen had just been promoted, and his cultivation was just the beginning of the first level of heaven in the Tianxuan realm, but he got the spiritual suitcase of the emperor of heaven, and was blessed by the inheritance of the tomb palace. Unexpectedly, he broke through to this point, and was only one step away from the second level of heaven in the Tianxuan realm.

Such a breakthrough made Ye Chen ecstatic.

His metempsychosis has also become more vast.

Crash, crash, crash!

In the majestic metempsychosis, golden light surges, green lotus blooms, stars are shining, and hundreds of millions of believers in the kingdom of heaven sing in unison, like thunder, which is extremely spectacular.

The whole world, thousands of regions, are clearly see this weather.

Chapter 8787

Everyone was shocked. The legendary Lord of reincarnation finally stepped into the realm of heaven and became the real ruler of heaven.

From then on, I'm afraid the name of the world's first master will be changed.

In many regions, I do not know how many people kneel down in the face of the metempsychosis in the sky, praise the greatness of metempsychosis, and sincerely submit.

With Ye Chen's breakthrough, the fortunes of his hostile camp also declined. The light of the Yu Huang heaven and the Jianmen world was much dimmed.

Even the purple fairy palace showed a trace of depression.

The purple fairy palace is on the top of the mountains.

The moral God stood with his hands in his hands, and the Duobao emperor followed him.

The two men looked at the spectacular weather in the sky, and their faces became more and more dignified.

"Master, you shouldn't help him practice the holy method of green lotus casting."

Duobao Tianjun's face was distorted, and there was a trace of fear in his eyes.

Through this metempsychosis, he had clearly peeped into the mystery of heaven and saw what had just happened in the star moon realm.

Ye Chen used the green lotus to resist the fatal blow, and finally confused the dusk giant.

When the giant left at dusk, ye Chen made a smooth breakthrough, which was simply a step to the sky.

The former Duobao heavenly king can also rely on the forces of evil sects to implicitly restrict Ye Chen.

But now, ye Chen ascends to the sky step by step and rises against the sky. He and his evil sect can no longer restrict Ye Chen, let alone suppress it.

"Let him make a breakthrough. His ascent to heaven and his cultivation soared against the sky is also a good thing for us. We can use him to fight against the death cult."

The moral God's eyes narrowed slightly, and he didn't feel any fear because of Ye Chen's breakthrough, but was very happy.

Duobao Tianjun looked still dignified and said, "Master Zhang, if we and the Death Cult can't hold that boy down, sooner or later he will crush my purple fairy palace gate!"

"Don't forget that Hongjun ancestor has broken with him. If he wants revenge, he will kill the grass and root and won't let us go."

"Besides, the fire source, legend is also a part of reincarnation blood..."

Tao de Tian Zun looked calm, but when he heard Duobao Tian Jun mention the fire, his face suddenly changed and he shouted, "enough!"

Duobao Tianjun was thrilled, silently lowered his head and stood aside with his hands down.

The moral God thought for a long time, and finally sighed a long sigh. A sharp light flashed in his eyes. He pinched his fingers and said, "I deduce the future. I vaguely see that ye Chen may go to the immortal kingdom in the near future. You go to the immortal kingdom first. If you have the opportunity to leave him there, you don't want to let him out."

Duobao Tianjun shivered and said, "immortal Kingdom, it is said that it was once a tribe in the age of the nine gods, and the God place of the rock god Tianzun?"

The moral God said, "yes, the immortal kingdom is the hometown of the former rock god God. I guess Ye Chen's next step is to go to the immortal kingdom. Wait for him there in advance."

Duobao Tianjun trembled again. Thinking of Ye Chen's power, he was very afraid and hesitated, "but..."

If it was before, he was confident to deal with Ye Chen.

But now, ye Chen has ascended to the mysterious realm of heaven and become the real emperor of heaven. Even he, who is infinitely close to the Immortal Emperor, dare not face Ye Chen alone.

The moral God also knew the inner thoughts of Duobao Tianjun, and said, "go to find Tianxin Laozu, you can't suppress Ye Chen alone, plus Tianxin Laozu, it should be OK."

Duobao Tianjun was shocked and said, "Master Zhang, do we... Do we want to cooperate with Tianxin Laozu?"

The moral God said, "hehe, in this world, there is no forever friend or forever enemy, only forever interests. You hold my talisman and go to find Tianxin Laozu. I should also talk to the witch."

He gathered his aura, turned into a talisman and handed it to Duobao Tianjun.

"Yes!"

Duobao Tianjun accepted the Fu imperial edict and respectfully withdrew.

.....

The metempsychosis in the sky is still vast.

Even, this weather has faintly spread to wuwuwuspacetime.

At dusk, the giant has returned to no time and space. Seeing this metempsychosis, he was immediately stunned.

"How can it be! Isn't the Lord of reincarnation dead?"

At dusk, the giant was terrified, and his eyes were full of magic light, penetrating time and space, peeping into the mystery of heaven, and suddenly saw all kinds of causal past.

"This boy has actually practiced the holy method of green lotus casting and created a green lotus body!"

The holy casting method of green lotus is notoriously difficult to practice in the thirty-three divine arts. No one has ever practiced it. Even the former God of light, Emperor Chongguang, was backfired because of practicing this divine art.

The dusk giant did not expect that ye Chen actually practiced the holy method of green lotus casting. Although it was not practiced in the body, it was a clever way to create a green lotus body.

But no matter what, it can be regarded as stepping into the threshold of the holy method of green lotus casting. With a green lotus body, ye Chen has two lives.

In the heart of the dusk giant, surprise, horror, fear, anger and so on are intertwined and mixed. He can't wait to rush back and kill Ye Chen.

However, he has returned to no time and space, and it is not easy for him to come to the Taishang world again?

Hiss!

Suddenly, a blood moon sword came out of nowhere like a ghost.

A puff.

At dusk, the giant's towering body was killed by a sword, with blood splashing. At least half of the timeline on his body was wiped out by this sword.

"Yes... Ren Feifan!?"

"No, he should be called the blood moon emperor!"

Void fantasy turbulence, dusk giant's body, resurrected, mouth spewing blood, face pale.

Although he was resurrected, he had just been wiped out half of the timeline. The trace of death was too serious, which backfired on his heart, and his vitality was greatly damaged.

He knows that this sword comes from Ren extraordinary!

It was an incredible breakthrough for Ren Feifan to ascend to the sky and become a big man at the level of God.

There is no doubt that this is the power blessing of the reincarnation book.

With the help of the ashes of the reincarnation book, Ren Feifan modified the past and made himself strong. He directly skipped countless difficult cultivation realms and stepped into the apex of the non space and time cultivation system, which is really too unimaginable.

However, wuwuwu is vast in space and time, and countless fantasy concepts are intertwined. Even a great man at the level of emperor of heaven cannot accurately lock a person's coordinates unless there are very complete clues.

The coordinates of the dusk giant were not locked by Ren Feifan, but vaguely captured.

Otherwise, Ren Feifan's sword has completely wiped him out, and it is impossible to give him a chance to revive.

Even so, the giant at dusk was extremely frightening. He immediately hid his breath and quickly fled back to the death cult.

Chapter 8788

When he returned to the death cult, he saw two figures in a forbidden area.

It's the Witch and the moral God!

.....

Among the stars and moons, ye Chen is worshipped by hundreds of millions of people, and the weather is extremely brilliant.

Ye Chen's eyes narrowed slightly, and her heart was also very happy.

However, ye Chen felt very sorry for the destruction of Qinglian's separation.

That's right. After the green lotus separated and helped him resist the attack of the gods at dusk, it had been destroyed, leaving no trace of reality, only a little fantasy concept, which had not completely dissipated.

Ye Chen naturally feels extremely sorry for the destruction of her separation.

After all, the separation of Qinglian is his second life. At the critical moment, being able to play a very important role.

"The separation of green lotus and the existence of a little fantasy concept, I wonder whether this concept can be recast into reality?"

Ye Chen thought in his heart that this holy method of green lotus casting was worthy of the thirty-three divine arts. Even if it was destroyed, a little concept remained.

It would be great if this concept could be recast into reality.

Ye Chen has now broken through to Tianxuan realm, and the situation he will face in the future is much more difficult than before.

The first is tiannv. He has stepped into Tianxuan. Tiannv can't let him go.

In the future, there will be a decisive battle between him and the goddess.

He must be prepared. If he can recast the green lotus and cast the holy method, he will be much more secure in the final battle.

Boom!

Just thinking like this, ye Chen's thoughts were suddenly interrupted by a huge roar of air flow.

I saw the dark demon gas surge above the sky, and the power of the Immortal Emperor was roaring, rolling between the explosion of the demon gas, but it turned out to be a black robed figure, with a cold face, eyes like electricity, surrounded by dark runes, it turned out to be the demon ancestor Wutian!

The demon ancestor Wu Tian hung high in the sky, and the majestic momentum, as well as the dark demon gas, made the samsara weather over the star and moon world be covered up.

"Ye Chen, I didn't expect you to break through."

"The separation of green lotus and golden cicada is really a good means and a good plan!"

Mo Zu Wutian looked down at Ye Chen, smiling and appreciating, but his eyes were full of ferocity and cruelty.

"Wutian, I knew it. You can't leave so easily. Do you want to do it?"

Ye Chen's eyes were cold, staring at the demon Zu Wutian, saying.

If it was in the past, the pressure would be enormous if he faced the devil ancestor Wutian alone.

But now, he has ascended to the mysterious realm of heaven. Even if the one faced demon ancestor has no heaven, he is also fearless.

You know, this is the astral and lunar realm, which is the core territory of the reincarnation camp. In this place, ye Chen has the advantage of earth and Qi. If he is here, he is even confident that he will directly kill Wutian!

Wu Yao took a step and said to Mo Zu Wutian, "Uncle Wutian, hurry up. In the star moon world, there are many strong people like me. You can't be the enemy of brother Ye Chen."

Although Mo Zu Wutian is the enemy of the reincarnation camp, Wu Yao is merciful after all, and he can't bear to see him die here.

Now ye Chen has made a breakthrough against the sky, and even if he has a positive confrontation with Mo Zu Wutian, he can still guarantee invincibility.

"Hehe, most people are injured. Can that boy beat me alone?"

Mo Zu Wutian listened to Wu Yao's persuasion, but he disdained to smile, and his eyes became more and more belligerent.

Now the entire reincarnation camp, ye evil god, Xuan Hanyu, Ji Siqing, the second demon girl, Shen Tu Wan'er, the king of hell, the Buddha of truth and others, are all injured.

The night mother wind whispering warbler also lost her vitality and lost the power to fight again.

Wu Yao has just recovered, his breath is still unstable, and there is no possibility of shooting.

In other words, now looking at the whole star and moon world, ye Chen is the only one who can compete with the magic ancestor Wutian.

This is a golden opportunity!

Even if ye Chen has the blessing of earth and Qi, the demon ancestor Wutian is confident that if he bursts out with all his strength, he may still kill Ye Chen!

He just left, just for his return at this moment!

In the audience, the perfect Saint originally wanted to go, but when he saw that the magic ancestor Wutian had gone and returned, he sat down again, with an expression of watching the good play, and said, "if you can kill the reincarnation, you will be the biggest winner today. Plundering the reincarnation

orthodoxy, you are enough to instantly demonstrate the Tao of Wuwu. Oh, when the time comes, I can take you to Wuwu time and space, so as not to suffer from the disaster of heaven."

Demon Zu Wutian snorted and stopped talking nonsense. A huge door appeared behind him, which turned out to be his former magic weapon, the gate of eternal life.

But the gate of eternal life is not as glorious as it used to be. Now it is full of dark waves, and even countless filthy and nameless beings breed.

Above the door, there are twisted moss, rotten muscles, smelly human skin, and many eyes with maggots, which is extremely horrible and disgusting.

At a glance, ye Chen can confirm that the gate of eternal life must have been soaked in the sea of demons and stars, and have been refined by the energy of the sea of demons and stars.

On that day, the magic star sea was one of the four Supreme artifacts. Even the magic ancestor Wutian could only control a small part of his power. If he wanted to display it, the consumption would be huge.

It was very wise for him to use the demon star sea to refine his magic weapon.

"Ye Chen, let me see if you can fight against me, the peak Immortal Emperor, with only a layer of sky in your Tianxuan realm!"

Demon Zu Wutian's eyes were exposed, and suddenly urged the gate of eternal life to blast away at Ye Chen.

Chapter 8789

The gate of eternal life, the dark atmosphere explodes, countless indescribable filth exists, crazy overflow, frightening.

Shrouded in the dark atmosphere of the gate of eternal life, the land around Ye Chen bred countless strange climates, and there were tentacles only stained with blood, winding towards him like demons.

Ye Chen saw that demon Zu didn't have naive hands, and his eyes immediately flashed a shadow.

If he was outside, he couldn't defeat Mozu Wutian. At most, he just guaranteed invincibility.

But here, he is confident to go against the sky and even kill!

"Emperor's holy knife, reincarnation sky sword!"

Ye Chen shouted violently, and without saying a word, he pulled out the reincarnation sword with his right hand and the emperor's holy knife with his left hand.

Boom!

Suddenly, the bright reincarnation sword light, as well as the golden emperor knife light, rose into the sky.

Reincarnation Heaven Sword is forged from the Heavenly Emperor bone of the reincarnation Lord in previous lives. The breath of this sword is closely related to Ye Chen's blood.

The more powerful Ye Chen's cultivation is, the more powerful this sword is.

With Ye Chen's promotion to the celestial realm, the ultimate power of reincarnation Tianjian is also transforming against the sky, which is not inferior to the emperor's holy knife.

The soaring reincarnation sword made layers of time and space burst, and the magic gas in the sky was penetrated through a big hole.

The emperor's holy knife in Ye Chen's left hand is also fierce.

Now ye Chen can pull out the emperor's holy knife completely.

When he pulled out his knife, the world trembled.

Even the strong in the later stage of wuliangjing can't resist the edge of the emperor's holy knife.

At the moment, ye Chen, with both swords and knives, even if the ordinary Immortal Emperor came, I'm afraid he would be killed by him in a flash.

Of course, only in the star and moon realm, with the blessing of the majestic earth vein, can ye Chen use the reincarnation Heavenly Sword and the emperor's holy knife at the same time.

If he was outside, he might not be able to do it together.

After all, whether it is the emperor's holy knife or reincarnation sky sword, the edge is too powerful.

Seeing ye Chen's knives and swords coming out together, Mo Zu Wutian's eyes also flashed a trace of heaviness, thinking, "I underestimate this boy, and I can use the Heavenly Sword holy knife at the same time."

But at this moment, he could not shrink back. With one hand, he urged the gate of eternal life, and with the other hand, he tore the void and grabbed a sword like obsidian, which was the dark star.

The demon ancestor Wutian urged the gate of eternal life and the dark star to blast down.

Ye Chen also showed no weakness, waving the reincarnation Heavenly Sword and the emperor's holy knife to fight back.

Boom!

If heaven and earth burst, the universe collapsed, and all ages of space and time were wiped out.

Ye Chen and Mo Zu Wutian collided madly.

The golden light of reincarnation and the dark and filthy magic gas, such as a golden starry sky, erupted into the most intense collision with a black universe.

This collision, almost in an instant, will determine the outcome.

Ye Chen's knives and swords came out together, and the golden light rushed to the sky. In just a moment, he severely defeated the demon gas pollution of the demon ancestor Wutian.

The gate of eternal life and the dark star were blown out.

The body of demon Zu Wutian was also hacked by countless swords and shadows. I don't know how much flesh and skin was crushed, and the wound even showed white bones, which was seriously injured.

"Puff!"

Demon Zu Wutian spat out blood, retreated in confusion, and his face was already pale.

He looked at his scarred body and felt incredible.

"Impossible!"

"How can your strength be so strong?"

Demon Zu Wutian looked at Ye Chen and was completely frightened.

He knew that ye Chen's cultivation strength was definitely advancing by leaps and bounds after he ascended to the celestial realm, but he never thought that ye Chen was so strong.

"I said, in the star and moon realm, I have endless luck. You are not my enemy."

"Even if the ancient emperor Yu Huang comes, I will only end up beheaded!"

Ye Chen's right hand reincarnation sky sword, left hand emperor holy knife, all over the emperor's majesty burst, aura surged, and the laws of countless superiors were entangled like divine chains.

His voice, like Tian Xian, brings people an extremely terrifying pressure.

His majestic momentum even reflected in the heavens, and everyone could see that ye Chen's move hit the demon ancestor Wutian hard.

"This guy is getting more and more terrible."

The night mother windy warbler looked at Ye Chen and was also extremely surprised, whispering.

She knew Ye Chen was powerful, but she didn't expect him to hit Wutian with one move.

In the star moon realm, ye Chen is simply invincible.

"Good, good, I underestimated you."

The demon ancestor had no heavenly eyes, but he was unwilling to lose.

"Guichen, do you see it?"

"I'm going to be killed by Ye Chen. Don't you help me? "

Demon Zu Wutian suddenly said coldly.

After his voice fell, the golden light of Buddhism loomed behind him, and a young figure appeared in the golden light, which was Guichen.

He already knew that ye Chen occupied the absolute advantage of earth and gas in the star and moon world. Even if he forcibly borrowed the energy of the demon Xinghai, he could not fight.

The only possibility to overturn is to devour the soul of the dust, integrate the Buddha and the devil, and make yourself perfect and powerful.

GUI Chen came out, looked at Ye Chen, and then looked at Mo Zu Wutian. His eyes were full of anxiety. "Alas" sighed and said, "Lao Zu, brother ye, why do you suffer?"

"Lao Zu, I think the extraordinary Immortal Emperor has soared. In the absence of time and space, he is called the blood moon emperor. Brother ye also made a smooth breakthrough. The Qi of the reincarnation camp is unstoppable."

"Why don't you just take refuge in him."

Hearing that Guichen advised him to surrender, Mo Zu Wutian couldn't help laughing and said, "Guichen, my heart of Tao, doesn't allow me to surrender. I'm going to devour you. You were my incarnation, and now you should be integrated with me."

The voice fell, and the magic ancestor Wutian suddenly urged the magic method, and his body became like a black hole vortex, and began to devour the dust crazily.

Guichen's soul was pulled in by the demon ancestor Wutian's body. He shouted in horror, "Lao Zu, what do you want to do?"

The demon ancestor was unmoved and continued to devour.

In fact, he only controls part of this body, and the other part is controlled by Guichen.

In the past, he had been afraid to swallow the fusion forcibly, just for fear that Guichen would resist and burn jade and stone.

But now, he didn't care so much, but he just began to devour it.

He is gambling.

Bet that Guichen won't resist.

Sure enough, Guichen was swallowed up, and his eyes showed a great color of fear. He wanted to resist but dared not, for fear of destroying the body.

"If you resist, we will all die."

Demon Zu wudian was fierce.

GUI Chen was stunned, struggling in his heart.

He doesn't want to die.

But just for such a hesitation, Mozu Wutian has swallowed up most of his spirit.

There was only a remnant soul left in Guichen. The intense pain of being swallowed was passed over, and he sent out a scream of tearing his heart and lungs.

Chapter 8790

"Enough!"

Ye Chen's face shook, and his swords came out together, and he cleaved straight to the demon ancestor Wutian.

At the same time, he also sacrificed the spirit chest of the emperor of heaven. As long as the demon ancestor Wutian was suppressed, he immediately sealed it in.

The inner space of the Heavenly Emperor's spiritual suitcase is full of destruction. Even if the strong at the peak of the Immortal Emperor is sealed, there is only a dead end.

"Hehe."

Demon Zu Wutian saw Ye Chen's arrival, but he showed a sneer and disdained.

After devouring more than half of the soul of Guichen, the benevolent Buddha heart of the past was perfectly integrated into his Tao heart.

Buddha and devil mingle. At this moment, the magic ancestor Wutian shows two rays of light behind him. One Buddha and one devil, like Yin and Yang intertwined, are magnificent.

Bang!

Demon Zu Wutian waved his palm, but the palm of the blending of Buddha and devil erupted into a shocking momentum.

Ye Chen was bombarded by Wutian's palm, and he only felt the overwhelming pressure coming, and his body retreated repeatedly.

Mo zu Wutian wanted to pursue, but found that his feet were out of control and he couldn't move forward half a step.

"Lao Zu, you are crazy!"

The ghost of returning to the dust sent out a heart rending cry.

"Our soul is still running in. You have no heart. If you forcibly devour me, it will only lead to backfire!"

The ghost of Guichen controls the feet of demon Zu Wutian, so that he can't take half a step.

There was a shadow in the eyes of demon Zu Wutian. This last ghost was the fate of Guichen consciousness, and he could not completely devour it in a short time.

"Get back!"

The demon ancestor had no intention of heaven, and immediately beat the ghost of Guichen back to his sea of knowledge and imprisoned him.

"Ye Chen, now I'm one of Buddha and devil, and I have no regrets about the Taoist heart. I want to see if you can fight me."

Demon Zu Wutian strode out, and the dark demon gas exploded behind him, pouring down the energy of the demon star sea.

This energy, compared with the demon star sea he summoned in the past, I don't know how much stronger its breath is.

There was a faint Golden Buddha light hovering over the dark magic gas.

That is the control of the Buddha's heart of the devil's heavenly goodness.

He devoured most of Guichen's soul, and the Taoist heart had the Buddha nature. His control over the demon star sea was much better than before.

The infinite energy of the demon star sea turned into hundreds of flying swords after the demon ancestor Wutian. Each flying sword was pure black, like obsidian, it was the dark star.

Demon Zu Wu Tian stared at Ye Chen, and hundreds of dark star flying swords were about to be cut out,

If it was just now, the energy of the demon star sea he borrowed was not enough to kill Ye Chen, but now, his Buddha demon integration, the power of the Tao heart soared, and the demon breath he could control also soared.

He has absolute confidence that he can reverse the situation and kill Ye Chen.

Ye Chen felt the strength of demon Zu Wutian, and his face was also heavy.

"Dragon life star, open!"

"The emperor of heaven sealed the monument and guarded it!"

At this juncture, ye Chen did not hesitate, immediately opened the Dragon life star, sacrificed the tablet of the heavenly king, released a guardian barrier, and was ready to fight with the demon ancestor Wutian.

After all, this is the star and moon world, and ye Chen's absolute territory. Even if the demon ancestor has no heaven, Buddha and demon integration, and the Taoist heart is close to perfection, ye Chen will never shrink back, and it is a fight to the death.

Hiss hiss!

With a wave of his hand, the demon ancestor Wutian chopped out hundreds of dark star magic swords, and blasted away fiercely towards Ye Chen.

Ye Chen urged the emperor to seal the monument, like a shield to resist.

Ding Ding!

The dark sword Qi was blocked by the tablet of the emperor of heaven.

However, ye Chen was also greatly impacted, and his steps retreated repeatedly. The blood in his chest and abdomen churned, and he was almost about to vomit blood.

Fortunately, he opened the Dragon life star, with the protection of the Seven Star pulse of reincarnation, and he was not injured.

Wutian, the demon ancestor, was shocked by the stone tablet of the emperor of heaven, and retreated a little two steps.

"The tablet of the God of heaven is indeed a bit of a doorway."

Mo Zu Wutian's eyes were cold, and he looked at the tablet of the king's gods that day, showing a trace of longing.

This tablet of God worship by the emperor of heaven was originally one of the most precious treasures of the town of tianwuxianmen in the past. With the growth of years, the aura of the tablet of God worship by the emperor of heaven has become more and more powerful.

Nowadays, the tablet of the God of the heavenly king is even more valuable than most of the non gods in terms of value.

Demon Zu Wutian originally thought that even if he could not kill Ye Chen with this blow, he could at least hit it hard.

But I didn't expect that ye Chen was unscathed under the protection of the tablet of the emperor of heaven.

The guardian power of the tablet of the God of heaven is simply incredibly powerful.

Ye Chen's face was dignified. Although he was not injured, he had already lost.

To urge the emperor of heaven to seal the monument, it takes a lot of aura.

If he continues to fight, he may not be the enemy of Mozu Wutian.

In fact, even if the demon ancestor has no heaven, Buddha and demon fusion, it is impossible to defeat Ye Chen in the star moon world.

But it happened that he could use the energy of the demon Xinghai, which was the supreme artifact of the demon God without time and space, enough to crush the whole real world.

The one who can defeat Ye Chen is not the magic ancestor Wutian, but the magic star sea on this day!

However, at this stage, he can never retreat.

"Master Tianquan, lend me a hand!"

Ye Chen drank in his heart, communicated with the reincarnation cemetery, and was ready to borrow the power of the great emperor of heaven.

Now he has been promoted to Tianxuan realm, and his martial arts heritage and cultivation strength have advanced by leaps and bounds. Even if he borrows the power of Tianquan emperor, he will not be backfired again.

"Yes, tomb owner!"

In the reincarnation cemetery, Emperor Tianquan emerged from the tombstone and was ready to lend Ye Chen the strength to fight to the death with the demon ancestor Wutian.
