

Physician 8811

Chapter 8811

This move is called "annihilation soul poison palm", which is a unique skill inherited by the evil sect of Zihuang fairy palace. It is very powerful.

"Reincarnation to heaven, coming!"

Ye Chen saw the father of Tianxin and the emperor of Duobao, both of whom were killed, and immediately called out reincarnation to heaven.

The majestic breath of reincarnation burst out in an instant, and the weather of reincarnation emerged.

However, under the suppression of thousands of powerful people in the surrounding annihilation temple, ye Chen's Qi was also affected, and the called reincarnation heaven, the weather was not as good as before.

"Tianya magic sword, broken!"

Wu Yao waved the epee and rushed out fearlessly to take over the killing of Tianxin Laozu and Duobao Tianjun alone.

The father of Tianxin snorted, but he didn't take care of Wu Yao. The track of the long sword was biased, so he passed by Wu Yao's side and stabbed Ye Chen fiercely.

Wu Yao only blocked Duobao Tianjun, and the Epee in her hand collided with the poison palm of Duobao Tianjun. While the Epee was polluted by poison gas, she also struck Duobao Tianjun with a sword.

"Puff!"

The emperor of Duobao spewed blood and looked very embarrassed.

His accomplishments are only infinitely close to the Immortal Emperor, but Wu Yao is the real Immortal Emperor.

If the two fight head-on, he will naturally lose out.

On the other hand, ye Chen was under great pressure in the face of Tianxin Laozu.

Tianxin ancestor killed with a sword, which was extremely fierce with the authority of Tianbei.

Hiss.

Ye Chen's reincarnation to heaven was cut through by the father of the heavenly heart on the spot, and turned into streamer and scattered.

Ye Chen also received a huge shock, and a mouthful of blood gushed out.

The father of Tianxin was stunned, and he felt that his sword had just been cut at the weak point of the Qi mechanism of reincarnation, so he easily killed it, and his luck was really good to the extreme.

No, to be exact, ye Chen's luck was suppressed, so he was killed by a sword.

Hiss!

Father Tianxin stabbed his sword again, pointing directly at Ye Chen's heart.

"The tablet of the God of heaven is blocked by me!"

In the midst of crisis, ye Chen offered a tablet to the emperor of heaven, and with a Ding, he blocked the sword of Tianxin Laozu.

"Eh?"

Tianxin Laozu's sword was blocked, showing a burst of surprise.

He obviously felt that as ye Chen broke through the realm of heaven and mystery, the energy inside the tablet of King Feng Shen on that day also became strong, which could stop him from stabbing with a sword.

"Brother Ye Chen!"

After Wu Yao hit the Duobao emperor, the Immortal Emperor's aura was shocked, and all the poison gas on the sword was dispelled. Immediately, he flew back to Ye Chen and guarded him.

"Father Tianxin, if you deal with them, don't use the Tianbei quickly?"

Duobao Tianjun is very angry. Neither ye Chen nor Wu Yao can resist him now.

In desperation, he burned his blood essence, released all his aura, and gathered it on Tianxin Laozu.

He only hoped that Tianxin ancestor would show his divine power, kill Ye Chen and Wu Yao, and solve the biggest hidden danger of Zihuang fairy palace.

The ancestor of Tianxin snorted and saw Ye Chen and Wu Yao unite, reincarnation and compassion blend, and the divine light burst out. It was really a big deal. Even if he summoned Tianxin to come, he might not be able to suppress it.

"Make a quick decision!"

"Tianbei, come!"

Father Tianxin stopped talking nonsense and immediately summoned Tianbei to come.

The void vibrated and rumbled. An ancient stone tablet came down with terrifying majesty. It was the Tianbei.

As soon as the Tianbei came out, the void suddenly exploded, and the majestic pressure made Ye Chen and Wu Yao feel all over the body pressure, almost breaking their bones.

"This is the stone tablet of heaven, the last stone tablet of my reincarnation!"

Ye Chen looked at the monument this day. In addition to the boundless pressure, he also felt a familiar resonance.

His reincarnation blood echoes with the monument in the distance.

"What's your Tianbei? It's my thing. It's not your turn!"

The ancestor of Tianxin snorted coldly, waved his sword and cut it out. This sword unexpectedly took the power of Tianbei and shocked the world, directly cutting Ye Chen and Wu Yao.

"Tianwu Kendo!"

Wu Yao clenched her silver teeth and fought with her sword.

"Reincarnation Tianjian, cut the sky!"

Ye Chen's eyes were sharp, directly burning the reincarnation blood, and the sword power of reincarnation Sky Sword exploded to the extreme.

The extremely explosive reincarnation sky sword, coupled with the burning of Ye Chen's reincarnation blood, burst out the power of killing, even more powerful than the emperor's holy knife!

Ye Chen used the strongest blow of the nine swords of chopping the sky, and the golden light in his eyes burst out, combined with Wu Yao's double swords, and broke out.

Reincarnation and compassion, the combination of two swords, the prestige is simply amazing.

Ye Chen was confident that even if the demon ancestor Wutian came, he could not take the edge of this sword directly.

However, the old ancestor of Tianxin was not afraid, and the Tianbei energy was extremely stimulated. The long sword in his hand was fierce, like a dragon, like a tide. It was a combination of two swords facing Ye Chen and Wu Yao.

Boom!

The shocking collision exploded, and the terrifying sword Qi tore through the void, as if reversing the long river of time and space, erasing the road, and the power was extremely strong.

Ye Chen and Wu Yao both felt the majestic pressure roaring.

The combination of the two swords was instantly broken.

Tianxin's fierce sword might even crush the two people and kill them.

"Zhaowu Lingyu, protect!"

In danger, ye Chen offered Zhaowu Lingyu, turning into a shield of rock to resist the sword of Tianxin.

But even so, he and Wu Yao were repulsed, retreating more than a dozen steps in a row, before they could stand still, and the blood in their bodies had surged and turbulent.

Tianxin just took a step back and stood firm, with a cold look on his face, saying:

"If you can force me to use Tianbei noumenon, you will be proud even if you die."

If it is not a last resort, the ancestor of Tianxin never wants to use the Tianbei body.

Because the power of Tianbei is really terrible.

The appearance of Tianbei itself will touch the mystery of heaven, disturb countless causes and effects, and cause unexpected chaos.

If some old monsters without time and space find the existence of Tianbei, they may come down to rob it at any cost.

Therefore, if it is not the last moment, the ancestor of Tianxin will not use the Tianbei ontology.

Now the battle has just begun, he directly exposed his cards. In order to kill Ye Chen, he can't care so much.

"Tianbei is really invincible."

Duobao Tianjun was shocked when he saw the divine power of Tianbei from a distance.

Ye Chen and Wu Yao's double swords are combined. How powerful they are. Even ordinary immortal emperors can easily kill them.

But now, in the face of the pressure of Tianbei, they were instantly defeated and completely unable to resist.

"Brother Ye Chen, you go first, and I'll stop them first."

Wu Yao stood up with a trace of determination in her eyes, holding the epee. The blood of compassion burned, and an ancient singing voice appeared in the void, as if there were hundreds of millions of believers singing the greatness of compassion.

Under the burning blood, Wu Yao's immortal spirit also soared, shaking the void, and even the shadow of the former tianwuxianmen appeared in the void.

Chapter 8812

She knew that Tianxin Laozu was powerful, and it was almost impossible to defeat each other.

Therefore, she is ready to fight hard for ye Chen to escape.

As long as ye Chen can return to the immortal god tower, become a listener and communicate with the God of rock, there is a possibility of breaking the situation.

"No, we can't separate."

Ye Chen's eyes were sharp and stood beside Wu Yao. He looked at the ancestors of Tianxin, Duobao Tianjun and others. Countless thoughts flashed in his heart, but suddenly he was blessed to his heart and thought of a way to break the situation.

Hum!

Ye Chen offered a seal, which was the seal of the golden Zhang God.

As soon as the golden Zhang God seal came out, the surrounding space seemed to become heavy and suffocating.

When Tianxin saw the golden seal, he was also surprised: "rock god ancestor, golden seal?"

The seal of the God of rock! It is the ultimate symbol of the power of the rock god! "

This golden Zhang God seal, in the nine gods era, I don't know how many gods were killed in the town. The God of death, the sea king demon, was also suppressed by the golden Zhang God seal and is still trapped in the demon star sea until today.

When Tianxin saw the appearance of the golden seal, he was naturally shocked.

But the next moment, he found that ye Chen could not completely urge the seal.

The power of Jin Zhang's divine seal is so powerful that it is not the friar of Tianxuan realm who can urge it.

Even ye Chen couldn't completely urge him.

"Originally, you are not qualified to urge, hehe, then die!"

A trace of malevolence flashed in the eyes of Tianxin Laozu, and with the power of Tianbei again, he cut out with a sword.

"Jiwu overlord!"

Wu Yao stepped out with one step, but her petite body burst out with fierce power. The breath of Wu Dao in her hand burst, resisting the sword of Tianxin Laozu.

Dang!

When the two swords hit each other, Tianxin Lao Zu's feet stood still, and Wu Yao only stepped back a little.

Nowadays, Wu Yao's blood is burning, and his cultivation breath has soared compared with that just now. The divine power of Wu Dao is vast, such as the arrival of the former master of tianwu Xianmen.

Of course, such a powerful appearance is at the cost of burning blood. I'm afraid it won't last long, and the cost is huge.

"Sister Wu Yao, help me delay ten minutes!"

Ye Chen bit his teeth, holding the golden seal in his hand, and stepped back a few steps.

"Good!"

Wu Yao's eyes glowed with gold, her compassionate blood burned to the extreme, and even her hair was excited. She could not see the delicate and gentle appearance before, but only the majesty of a very martial female emperor.

She doesn't know what ye Chen wants to do to delay time, but even if she kills herself, she doesn't want to see ye Chen get hurt.

"What does this boy want to do?"

Seeing this, Tianxin Lao Zu's heart was also tight, and he stabbed Ye Chen with his sword.

Since ye Chen wants to delay time, he must make a quick decision.

"Your opponent is me!"

With a bang, Wu Yao waved his Epee to resist the sword of Tianxin Laozu and protect Ye Chen.

Ye Chen was very grateful, so he held the golden seal and concentrated on feeling and communicating.

This golden Zhang God seal has the causal traces of many rock gods in the past. Ye Chen just wants to communicate with the rock gods and ask them to show their spirit and solve the current crisis.

The emperor Tianxin is in charge of the Tianbei. His power is too terrible. Ye Chen is naturally not his opponent. Even if he borrows the power of the great emperor Tianquan in the reincarnation cemetery, it is difficult to compete.

As for Huang Lao, he will not help easily.

Therefore, ye Chen wants to invite the God of rock to show his spirit. This is the only way!

Boom!

Ye Chenyan's divine blood burned violently, and wisps of Qi and blood energy poured into the Jinzhang divine seal.

"Rock god, respond to me!"

Ye Chen drank wildly in his heart, and his divine consciousness also completely penetrated into the Jin Zhang divine seal. He just wanted to communicate with the God of rock.

Under his constant call and cry, a response came from somewhere in the distance.

That should be the response of the God of rock, but ye Chen is not sure.

Because this response was blocked by a dark fog.

This layer of dark fog is filled with the strict smell of the devil's way, as well as a trace of the fluctuation of Qi and blood.

That little bit of blood twisted and gathered into an ancient totem, which turned out to be the totem of the witch.

"Witch, it's really her!"

Ye Chen's heart beat wildly, and the immortal god kingdom could not communicate with the rock god Tianzun, and he could not communicate, because there was the isolation of the witch in the middle.

The witch used her magic to block the will of the rock god and prohibit anyone from communicating with him.

The layers of darkness and fog in front of Ye Chen are all obstacles of the demon girl's will.

"The gun of dragon fight, break it!"

Ye Chen was urged by his mind, and immediately burst out the gun of dragon fight. The violent dragon gas burst, and the ancient war gun broke out to break the dark fog.

Boom!

The dragon's gun plunged into the darkness and fog, blowing up startling waves.

But the dark fog is so thick that it cannot be broken or torn.

However, ye Chen's dragon fight gun, broken into it, seemed to be blessed by some force on the other side of the dark fog.

His dragon fighting gun, whose killing breath faded, became calm and thick, and the aura of the rock kept surging. Finally, it turned into an ancient stone bridge, on which were carved reliefs of rock dragons and totems of rock gods, which showed the meaning of vicissitudes.

In the boundless dark fog, this rock dragon stone bridge shows a calm idea.

Ye Chen seemed to hear the response from the distance, and the God of rock was calling him.

"Great, the God of rock responded to me!"

Ye Chen was surprised and immediately stepped on the stone bridge and walked to the other end of the stone bridge.

Chapter 8813

Along the stone bridge, he stepped into the dark fog. He only felt that there were countless demons roaring in the darkness around him, and the sharp roar was going to pierce people's eardrums.

What ye Chen saw in his eyes were all dark and filthy things, rotten meat pieces, blood red eyes, swinging tentacles and so on.

These darkness and filth are far more terrifying than what ye Chen has seen before, and there is obviously the support of the demon girl's will behind them.

"Wuzu Daoxin, guard!"

Ye Chen Ran Wu Zu's heart, guarded his spirit, and walked forward step by step.

In such a dark and strange place, there is even a demon girl with active will. Even if he uses the reincarnation holy soul heaven, he may not be able to stop it.

After all, the reincarnation holy soul heaven is the first artifact in the real world. It guards invincible in the real world, but it may not be able to guard perfectly in the face of the darkness and filth without time and space.

Fortunately, ye Chen's Wu Zu Dao heart is extremely strong enough to resist all darkness.

"Tianya, have you come to see me?"

In the dark, a strange voice suddenly came out.

I saw a beautiful woman in black, emerging from the dark fog. It was the witch.

At this moment, ye Chen showed Wu Zu's heart, with Wu Zu's cause and effect on his body.

Seeing this scene, the witch didn't know whether it was insanity or something, but she mistook Ye Chen for Wu Zu.

Ye Chen saw the appearance of the witch, and he didn't know whether she was an illusion or a body. He just felt very dangerous. If he continued to stay here, he would be dragged into the abyss by the witch at any time.

"The wind of dawn, disease!"

Without saying a word, ye Chen immediately sacrificed the wind of the morning light. The atmosphere around him increased, closed his eyes, and quickly walked along the stone bridge, flying forward.

He closed his eyes and could not see the darkness and filth around him, nor the figure of the witch. His mind was much clearer at once.

"Tianya, why did you leave me?"

The voice of the witch, such as silk and charm, kept coming into Ye Chen's ears.

Ye Chen's hair was creepy, and he never dared to open his eyes, but just flew forward all the way.

He felt that many filthy and sticky things appeared on the stone bridge under his feet, like tentacles, like rotten meat, and like stepping on pools of sewage and maggots.

All kinds of horrible and strange things make people shudder.

Ye Chen always ran with Wu Zu's heart, regardless, running all the way.

Then, he suddenly felt that all the dark and filthy energy around him had dissipated.

The soles of his feet, as if stepping on a solid land, are very thick, and there is a deep breath of mountains and the earth in all directions.

Ye Chen opened her eyes, but found that she had walked out of the dark fog.

The dark fog and countless filth were suspended in the space behind him.

Where he stood, there was no trace of filth, only the massiness of mountains and the earth.

This is a rocky world, with towering peaks and stone forests everywhere.

On the earth, there are ancient palaces made of gold and rocks, magnificent and magnificent.

There seemed to be many people practicing life in those palaces, but ye Chen blinked, and those people disappeared again. All palaces were empty, showing a sadness of years.

"Lord of reincarnation, you are here."

A bleak voice came from the distance, and the traces of years were very thick.

Ye Chen's heart was shocked, and he saw a young man slowly coming from the palace in the distance.

The figure of the young man was even more desolate against the backdrop of desolate palaces.

The young man was wearing a robe of rock color, with white skin and clear facial features like knives, axes and chisels. There was a calm and elegance between his hands and feet.

"Are you... The God of rock?"

Ye Chen was shocked when he saw the young man.

From the young man, he saw the vicissitudes of the years, the history, the massiness of the rocks, and the calm breath like heaven and earth, as if everything in the heavens could not shake his body.

At a glance, ye Chen can be sure that the young man is the legendary rock god Tianzun, the most powerful God in the age of the nine gods!

"It's me. Brother Ren asked me to take care of you. Unfortunately, my will was covered by the witch. If it weren't for your desperate call, I couldn't capture your existence."

The God of rock sighed and said.

"Is it me, an extraordinary elder, who asked you to take care of me?"

You know him? "

Ye Chen was shocked.

"I didn't know him before, but he changed the past. Now he and I are close friends."

The God of rock smiled and said.

In his memory, there was originally no extraordinary existence, but some time ago, when ye Chen broke through the mysterious realm of heaven, he suddenly had a memory in his memory.

It's a memory of making friends with Ren Feifan and having fun with wine.

The God of rock knew that it was Ren Feifan who changed the past and became his friend.

Ren Feifan is a reincarnation protector with a great reputation.

The reincarnation Lord of previous generations, all fell.

Only Ye Chen of this life can reach this stage.

Behind this, Ren extraordinary contributed a lot.

Therefore, in no time and space, countless strong people admire Ren Feifan very much.

If you can make friends with Ren Feifan, the rock god Tianzun is naturally very happy.

"Senior rock god, I came here to ask you to show your spirit and come to the immortal kingdom."

"Your people have been slaughtered and need your help to revive."

"The demon clan is rampant, and the invasion of foreign enemies also needs your suppression!"

Ye Chen arched his hand and murmured.

The face of the rock god Tianzun was also heavy. Staring at Ye Chen, he had seen all the heavenly secrets and knew everything that happened in the immortal kingdom.

"The witch cut off my will at all costs, and I couldn't come to the immortal kingdom."

The God of rock looked at the dark fog brewing in the void, and there was also a trace of helplessness in Gu jingbubo's eyes.

"You are the supreme power of the nine gods. Can a mere witch isolate your will?"

Ye Chen felt incredible.

Although the witch is very powerful, it obviously cannot be compared with the God of rock.

The rock god Tianzun sighed again and said, "it was the moral Tianzun who deceived me."

Ye Chen was stunned: "moral God?"

The rock god God said, "yes, the moral God, who was once a guest of my immortal Kingdom, is also my friend. A few days ago, he found me and said he wanted to fight against the Death Cult or something."

"When he left, I found that my rock country had been isolated by the will of the witch, surrounded by darkness and fog, and I couldn't see where my hometown was."

"I know that the moral God deliberately deceived me and helped the witch hold me down."

"Once the dark blockade is formed, it will take a lot of time to crack it."

His words were very calm. Even if he was cheated and betrayed, his voice did not fluctuate. It seemed that he had experienced too much. Now nothing could touch his state of mind.

Chapter 8814

"It's the moral God who is making trouble!"

Ye Chen was quite shocked.

The God of rock said, "the temperament of the moral God is much more fierce than before. In other words, he has always been like this, but he hasn't shown it before."

"Now that you pose a threat to him, he will certainly get rid of you at all costs."

Ye Chen was silent and knew that it was difficult to resolve the gratitude and resentment between himself and the moral God.

As his cultivation became higher and higher, ye Chen also felt that the legendary source of fire was actually a part of reincarnation blood.

The seven stars of reincarnation should also be related to fire.

If one of the seven stars wants to light up, it must rely on fire!

In other words, ye Chen will go to seize the fire sooner or later.

Between him and the moral God, he is doomed to never die.

"You have become my dragon fight gun, and you can run through the fog and communicate with me at any time."

"But I can't come at will. The price is too high. You know, I actually died a long time ago."

The God of rock stared at Ye Chen and said.

Ye Chen stood with his hands down and nodded silently.

As soon as the rock god God waved his hand, he first shot an immortal gas, like a rock dragon, around Ye Chen's body.

Then he gave another rune, which was covered with runes of rock.

"I give you an immortal Qi, which can help you activate the Jin Zhang divine seal, explode the maximum power of the divine seal, and defeat the heavenly heart ancestor, but the cost is huge, and it can only be used once."

"And take this talisman, too."

"With my talisman, you can mobilize the power of my rock god's eye, exterminate the scorching sun demon clan, and restore my dead believers."

The God of rock gave Ye Chen the rune full of runes of rock.

Ye Chen's immortal Qi added to his body, and the rock magic talisman was in his hand. He immediately felt boundless power, really like God's help.

"Go back. I hope you can collect the Tianbei as soon as possible."

The God of rock rarely showed a smile, and with a wave of his hand, he sent Ye Chen into the dark fog.

Ye Chen entered the dark fog and stepped on the stone bridge again, but this time, there was no darkness and filth, and he dared to approach his body.

Because his body is surrounded by an immortal Qi, which is the aura given to him by the God of rock. It is very powerful.

Moreover, in his hands, he also held the rock god talisman, which was enough to dispel all evil spirits.

Ye Chen went very smoothly, and without any obstruction, he went back to the immortal kingdom along the stone bridge.

Bang.

Ye Chen opened her eyes, and her divine consciousness came to her senses.

Wu Yao was holding a epee and was still fighting with Tianxin.

What ye Chen has just experienced seems to be just a dream.

From holding the golden seal, trying to communicate with the God of rock, to successfully communicating, passing through the dark fog, meeting with the God of rock, and being blessed, and finally returning safely, everything actually happened in the fantasy world.

Everything happened between electricity, light and flint, and the time of the outside world passed with no interest.

"Huh?"

Father Tianxin was fighting with Wu Yao. Suddenly, he felt Ye Chen's breath soar wildly.

When you look carefully, you can see that ye Chen is surrounded by an immortal spirit, full of the majesty of the emperor of heaven and the LORD God. It is vast and invincible.

"Eh?"

Wu Yao felt the change of Ye Chen's breath, and was also extremely surprised. She drew her sword back and returned to Ye Chen.

Because she knows that ye Chen doesn't need her to protect at the moment.

The immortal Qi on Ye Chen's body, the energy fluctuation is so terrible that it simply threatens the space and time of the heavens. If the emperor of heaven and the LORD God come personally, it is incredibly powerful.

"What's going on?"

Duobao Tianjun in the distance was also shocked.

He was not ye Chen's enemy at first. Now when he went to see ye Chen, he felt that he was an ant.

Don't say it's him, even the ordinary Immortal Emperor is like an ant against the backdrop of that immortal gas.

That immortal Qi is the blessing of the God of rock. Like a rock dragon, it surrounds Ye Chen's body, showing a powerful and domineering momentum.

With the blessing of this immortal spirit, ye Chen also felt his strength, which was unprecedented expansion and frenzy. It was simply God blocking God and Buddha blocking Buddha.

"Annihilate the holy palace, I suppressed it!"

Father Tianxin's eyes were exposed, and he made a quick decision. With a wave of his big hand, he summoned the whole annihilation temple from between Tianxin domains, and smashed it at Ye Chen.

Even, he pinched his handprint, sacrificed and killed all the silent Temple disciples in the audience, gathered into violent energy, and severely suppressed Ye Chen.

He felt the terror of Ye Chen's immortal spirit and wanted to strike first.

"Jin Zhang is extremely powerful and dominates all directions!"

Ye Chen was not afraid at all, and immediately urged Jin Zhang's divine seal to inject immortal Qi and kill out.

This golden Zhang God seal is the ancestor of the rock god, which is very thick.

Before that, ye Chen had been difficult to drive, and it was very difficult to use, and he could not give play to the power of the golden seal.

But at this moment, with the blessing of immortality, his strength exploded, and he immediately urged the golden seal to hit the heavenly heart and ancestor fiercely.

Under the infusion of the immortal spirit, the golden Zhang God seal erupted into a golden light, just like the extreme of the emperor, the presence of the king, and the power and terror.

Countless golden lights burst, and even turned into hundreds of millions of gas golden dragons, roaring up to the sky, the weather is very spectacular.

Chapter 8815

Under the bombardment of the golden Zhang God seal, the silence Temple suppressed by the father of Tianxin was like paper paste, which broke up and completely collapsed.

In this world, it seems that nothing can block the divine power of the golden seal.

Ye Chen, who is in charge of the seal of the golden Zhang God, is simply the incarnation of the God of rock. He is extremely powerful.

Under the impact of the energy of the golden Zhang God seal, the mountains and earth thousands of miles around were flattened and turned into powder.

"Ah ah!"

Duobao Tianjun screamed bitterly. He released spiritual shields to block the impact of the divine seal energy, but it was useless.

The energy of Jin Zhang's divine seal exploded, broke through all shields, and finally hit him severely. His body was penetrated, crushed, destroyed, and turned into ashes on the spot.

Only a ghost survived, and loneliness and fear floated in the air.

If it weren't for the blessing of Zihuang fairy palace behind him, he couldn't even have a ghost left.

"Tianbei guard, block it for me!"

Tianxin ancestor also felt the terror of the golden Zhang God seal, and had no choice but to use the Tianbei body again to fight to block it.

If he didn't use the tablet, he would face the energy impact of the Jin Zhang God seal, but it was just a paper paste like existence, which could not be blocked.

Boom!

The golden Zhang God seal burst, and countless golden light energy impacted on the monument on that day.

The guardian force of Tianbei is very powerful, blocking all the energy impact.

However, behind the golden Zhang God seal, there is the infusion of the immortal breath of the rock god.

Ye Chen urged Jin Zhang's God seal, and the rock god Tianzun's strong will to kill directly bypassed the Tianbei and killed Tianxin Laozu.

"Puff!"

Father Tianxin vomited blood on the spot and was seriously injured.

"The power of the God of rock is really terrible!"

When ye Chen saw this scene, his heart was also pleasantly surprised, and he wanted to urge Jin Zhang's divine seal to directly kill Tianxin's ancestor.

But at this time, he felt Dantian sharp pain, and his body meridians also came bursts of tingling, and his head was buzzing.

Using immortal Qi to urge Jin Zhang's divine seal is powerful, but the price is also huge.

Ye Chen suffered a huge backfire, which was not his power after all, but the power of the God of rock.

Father Tianxin vomited blood seriously, and his eyes were full of unwilling expression. He roared, "this is not your strength, this is the power of the rock god! When did you get the blessing of the rock god!"

Ye Chen snorted, did not speak, and motioned to Wu Yao.

At this moment, Wu Yao's compassionate blood is still burning, and his body is full of Immortal Emperor's spiritual light, and his power is very strong.

Feeling Ye Chen's eyes, Wu Yaozhen nodded lightly, immediately holding a epee and wielding a sword to kill the father Tianxin.

Tianxin ancestor was frightened. Now he was seriously injured, but he was no longer Wu Yao's enemy. His body flashed, and the reality changed. He immediately turned into a fantasy concept, floating into the Tianxin domain, and then disappeared with the whole Tianxin domain.

Wu Yao's sword failed, and a trace of helplessness flashed in her eyes.

Although in terms of attacking and killing combat effectiveness, Tianxin ancestor is not too outrageous, and it is not comparable to the ancient emperor Yu, the demon ancestor Wutian and others.

But in terms of the change of the law of fantasy, he has surpassed everyone in the real world.

In charge of Tianbei, he can easily control the power of the law of space and time, and constantly transform between illusion and reality.

When he encounters danger, he can directly incarnate into the concept of fantasy, so as to avoid the pursuit and escape.

"This God's heart ancestor, the means is really strange."

"If you want to kill him, you may have to rely on the Heavenly Emperor's Lingxiang."

Ye Chen thought in her heart.

The spirit chest of the emperor of heaven is a magic weapon inherited from the tomb palace. It was originally created to contain the book of reincarnation.

This holy suitcase of the emperor of heaven has an extremely terrifying sealing effect.

The means of Tianxin ancestor is so mysterious that it is difficult to kill him with any magical skills.

If ye Chen wants to really kill him, he may need to rely on the Heavenly Emperor's Lingxiang.

If you can seal the ancestor of Tianxin into the spiritual suitcase of the emperor of heaven, relying on the powerful destructive breath of the spiritual suitcase of the emperor of heaven, it is enough to kill the ancestor of Tianxin.

Even if the ancestor of Tianxin incarnates into a concept, it is impossible to stop the destruction and hanging of the Heavenly Emperor's Lingxiang.

Wu Yao saw that the father of Tianxin ran away, so he took his sword and flew to the emperor of Duobao.

Duobao Tianjun only had a remnant soul. He wanted to run for his life, but he was stopped by Wu Yao, but he couldn't escape.

"Brother Ye Chen, do you want to kill him?"

Wu Yao raised his sword and pressed the ghost of Duobao Tianjun, asking Ye Chen.

Although she is the Lord of mercy, she is not blindly weak and foolish. When it is time to kill, she will not be soft hearted.

Duobao Tianjun is the leader of the evil sect of Zihuang fairy palace. He has made Ye Chen difficult for many times before, and Wu Yao also knows this.

Ye Chen calmly waved his hand and said, "kill it."

He and Zihuang fairy Palace are doomed to break up, so there is no need to leave Duobao Tianjun.

Killing Duobao Tianjun can also slightly disturb the layout of Zihuang fairy palace.

"Yes!"

When Wu Yao's aura pours into the sword body, it is necessary to cut off the ghost of Duobao Tianjun.

Duobao Tianjun was shocked and hurriedly said, "Ye Chen, are you going to kill me?"

Do you know who I am? If you kill me, there will be no turning back! "

Ye Chen didn't speak, but waved to Wu Yao.

Wu Yao nodded and cut off with a sword.

With a scream of "ah", the remnant soul turned into fly ash and completely annihilated.

Chapter 8816

The leader of the evil sect in Zihuang fairy palace died under Wu Yao's sword.

Wu Yao breathed a sigh of relief and broke away from the burning state of Qi and blood, but her face was pale and her consumption was huge.

The immortal breath on Ye Chen also dissipated.

Without the support of immortal breath, he even couldn't resist the golden seal.

Jin Zhang's divine seal sobbed, turned into streamer, and flew back to Ye Chen.

"Sister Wu Yao, we should go back."

Ye Chen greeted Wu Yao, and immediately took out the rune given to him by the God of rock, and returned to the immortal tower with Wu Yao.

Yan Shenfu Zhao was in his hand, and ye Chen, with the help of God, met many disciples of the fiery Sun Demon clan along the way, but those disciples of the demon clan, seeing ye Chen, were frightened, dared not approach, and retreated one after another.

Because everyone felt that the energy of the talisman in Ye Chen's hand was extremely terrible, which contained the majesty of the rock god.

Whoever dares to approach will only be crushed by the will of the God of rock.

Ye Chen and Wu Yao returned to the dark abyss.

The demon in the abyss did not dare to approach them.

They went back to the immortal tower with great success.

As soon as they came back, Duan Qiusheng, Zhong Chen, and many immortal Terran survivors had come out to meet them.

Duan Qiusheng's vitality was restored a lot, and his majesty of the Immortal Emperor was revealed, like an emperor.

However, when he saw Ye Chen, he immediately knelt down.

Zhong Chen and the immortal people around him also kneel down one after another.

Everyone shouted in unison, "see the God of rock!"

Under the insight of heaven, everyone knows that ye Chen has successfully communicated with the God of rock, and has become a new listener, and has been blessed by the God of rock.

Ye Chen knew that the people were paying homage to the God of rock, not himself, so he held up the sign of rock god to show his respect.

After kneeling down for a long time, they got up one after another.

Duan Qiusheng looked up and said, "Lord Ye, you are indeed invincible. You can communicate with the God of rock by relying on yourself."

Originally, he planned to arrange a ceremony after ye Chen took the golden seal back, so that ye Chen could become a listener.

However, he did not expect that ye Chen, relying on his own strength, successfully established communication with the God of rock.

Ye Chen said, "don't mention this first. The most important thing now is to exterminate the scorching sun demon clan and revive the dead."

"I got the rock god talisman, and the scorching sun demon clan already knows that they must want to attack us while I am weak and injured."

"Duan supreme, I'll borrow your iron throne, rentu holy cup, Zhaowu Lingyu, you resist the enemy first, and I need some time to rest."

Ye Chen offered the iron throne, the holy cup of human slaughter, and Zhao Wu Lingyu, all of which were lent to Duan Qisheng.

Duan Qisheng took the magic weapon and felt the seriousness of the situation, saying, "well, Lord Ye, I will fight for time for you."

Ye Chen nodded and found a quiet room to rest in the immortal tower.

Wu Yao had fought before, burning her life, and the consumption was also very huge. She also needed to rest.

If the scorching sun demon clan kills, it can only rely on Duan Qisheng to resist.

Duan Qisheng also knew that the situation was serious, so he took Ye Chen's magic weapon and began to arrange defense.

On the way back, Ye Chen's weakness was exposed.

Therefore, the scorching sun demon clan will definitely invade on a large scale, and it is impossible to leave the immortal Kingdom obediently because of the appearance of the rock god talisman.

In fact, even if Ye Chen doesn't expose it, he can't hide it.

He fought with Tianxin Laozu, and the weather alarm was too great, which would certainly attract the attention of the high-level of the scorching sun demon clan.

Those strong people of the scorching sun demon clan can see everything as long as they deduce it a little.

After all, when the God of rock gave the imperial edict, he didn't deliberately hide the secret of heaven, but he couldn't hide it, because there was a demon girl staring behind him.

In that case, ye Chen has no need to hide.

The stone talisman is in his hand.

There are only two ways in front of the scorching sun demon clan.

One is to leave the immortal Kingdom and give up everything.

The other is to take advantage of Ye Chen's weakness and take risks to invade and seize the rock god's talisman.

If they can succeed, they can get everything in the immortal Kingdom, and even everything in Ye Chen.

Ye Chen knows that those demon people will definitely take risks.

In the room, ye Chen uses the six samsara method and the eight trigrams heaven elixir to regulate breathing and recuperate.

At the same time, he used the treasure of the rock god Tianzun and began to recast the Qinglian separation.

The treasure of the God of rock, Tiancai and Dibao are numerous and rich in resources.

Ye Chen plans to consume 50% of the treasure and recast her body.

He plans to leave the other 50% of the resources to Duan Qiusheng.

Although Duan Qiusheng said that he could be given 70%, he didn't need so much.

Fifty percent of the resources are enough to recast a part.

In the room, ye Chen continued to consume resources, and the green lotus was gradually recast.

Under the perfusion of countless Tiancai and Dibao, Qinglian separation has changed from a concept to a real existence.

In the room, there are two Ye Chen.

One is noumenon, the other is separation.

"Well, my part has finally been recast."

Ye Chen was surprised to see that her separation recovered, and even her breath was much stronger than before.

He put his body away and continued to regulate his breath and heal his wounds.

Although previously, relying on the immortal Qi, Jin Zhang's divine seal was stimulated, which brought Ye Chen a huge backfire.

But now ye Chen's cultivation has reached the second level of the heaven Xuan realm. His physique and martial arts are very strong. He estimates that it will take only two hours to completely recover.

Chapter 8817

Boom!

But at this time, out of the dark abyss, there were waves of terrible breath.

I saw the strong of the scorching sun demon clan, overwhelming, I do not know how many, it is simply pouring out, flying from all directions, appeared in this dark abyss.

Many strong people of the scorching sun demon clan burst out with sun like brilliance, blazing and dazzling, directly shining the whole dark abyss like day, and countless demons in the dark were evaporated on the spot.

The terrible smell of the sun reverberated throughout the abyss.

The immortal pagoda was also completely exposed.

"Coming!"

In the immortal pagoda, Duan Qiusheng has preliminarily arranged his defense. Seeing the arrival of many powerful people of the scorching sun demon clan, he also shows a dignified color.

Inside the pagoda, thousands of immortal Terran survivors are also in formation defense.

Duan Qiusheng urged Zhaowu Lingyu, and saw that Zhaowu Lingyu, divided into light and shadow, turned into thousands of hairs and streamers, and fell into the hands of each immortal clansman, turning into Zhaowu sword.

The three magic weapons that ye Chen lent duanqiusheng are iron throne, rentu holy cup and Zhaowu Lingyu.

Among the three magic weapons, Duan Qiusheng is the most skillful in using the Zhao Wu Lingyu, because it is the ancestor of the rock god, and it has the same breath with his descendants of the rock god.

Many immortal clansmen, all of whom are descendants of the rock god Tianzun, hold Zhaowu swords in their hands, and their breath is soaring. Their momentum is like a rainbow. They look up to the sky and shout. Even if they face the scorching sun demon clan, they are not afraid at all.

In an instant, the sky above the immortal god tower was full of demons, as if there were a round of scorching sun shining, and the sky and earth were full of blazing breath.

"Lord ye will soon recover, hold this tower and buy time for him!"

Duan Qiusheng, holding a Zhaowu Tiandao, shouted.

"Promise!"

All the immortal people around us shouted in unison, determined to protect Ye Chen to the death.

"Hahaha, duanqiusheng, I didn't expect you to recover from my sword."

At this time, a loud laugh sounded.

I saw a brilliant figure on the nine sky sky, like the scorching sun shining on the heavens, holding a fiery long sword, came down, and it was the Nine Yang Immortal Emperor.

"The Immortal Emperor is mighty!"

Many powerful demons around, seeing the arrival of the Nine Yang Immortal Emperor, immediately issued a burst of mountain cries and tsunami like cries.

In the eyes of these powerful demons, Jiuyang Immortal Emperor is the absolute master.

At the beginning, they were able to come to the immortal Kingdom, which was also entirely dependent on the Nine Yang Immortal Emperor.

The immortal kingdom is guarded by many runes of rock. Among the scorching sun demon clan, only the Nine Yang Immortal Emperor can rely on the powerful scorching sun to break the rune guard and lead them to rush down.

Duan Qiusheng's face sank when he saw the Immortal Emperor of Jiuyang coming.

Previously, he was injured by the Immortal Emperor of Jiuyang, and his body was eroded by the smell of the scorching sun. He almost died. It was Ye Chen who saved him.

Now seeing the arrival of Jiuyang Immortal Emperor, Duan Qiusheng only felt great pressure.

"Well, even if I die today, I will protect Lord Ye."

Duan Qiusheng thought, and his eyes flashed a trace of determination, guarding in front of the immortal tower.

Jiuyang Immortal Emperor looked at Duan Qiusheng's resolute appearance, gave a cold smile, and said, "what about ye Chen?"

Isn't he very good?

Tell him to get out! "

Duan Qiusheng clenched the handle of the sword, and the Immortal Emperor's aura exploded, filling the immortal tower, saying, "you want to see Lord Ye, unless you step over my body."

Hearing this, Jiuyang Immortal Emperor's face twitched slightly and said, "what a big tone! Do you think you can stop the majesty of my scorching sun demon clan?"

As the words fell, the Immortal Emperor of Jiuyang waved his long sword and took many powerful demons with him. His momentum was as brilliant as the scorching sun, and he fiercely rushed to the immortal tower.

He knows that Ye Chen is regulating his breath and recovering. Once Ye Chen recovers, it will be the end of their scorching sun demon clan.

Therefore, he must take advantage of Ye Chen's recovery to seize the rock god talisman, and must not let the rock god heaven have any possibility of spiritual manifestation.

"Iron Throne, guard!"

Duan Qiusheng felt extremely pressured to see the Jiuyang Immortal Emperor fight down, and immediately borrowed the energy of the iron throne to turn into many steel shields to guard the immortal pagoda.

Bang bang!

Those powerful demons, caught off guard, hit the steel shield, and were bruised on the spot, unable to get close to the immortal tower.

"Scorching sun demon star, burn it for me!"

The Immortal Emperor of Jiuyang shouted violently, but a star emerged behind him.

That star, shining like the scorching sun, but with a strange magic gas, and its breath is somewhat similar to the legendary reincarnation scorching sun star, which is called "scorching sun demon star".

This scorching sun demon star is the top magic power of the scorching sun demon clan. It is a great magic power created by countless ancestors of the scorching sun demon clan, who have watched the scorching sun star and imitated it for hundreds of millions of years.

In the scorching sun demon family, there are few people who can understand the magic power of "scorching sun demon star", and each one is a person with extreme talent.

The strength of Jiuyang Immortal Emperor, put into the whole scorching sun demon clan, is naturally not worth mentioning, but his talent is extremely terrible, and he has long understood the mystery of the scorching sun demon star. In the demon clan, he is also a leader and high-ranking power.

As soon as the Sun Demon star came out, the terrible smell of the sun, mixed with the majesty of the demon way, shone out.

The terrible high temperature burst in an instant.

Many steel shields released by Duan Qiusheng sizzled and melted on the spot.

The terrible high temperature of the scorching sun and magic star even passed to the Iron Throne body, which was also burned into molten iron dregs.

"Jiuyang Immortal Emperor, you... You have become a scorching sun demon star!"

Duan Qiusheng was terrified and hurriedly put away the Iron Throne. Looking at the scorching sun demon star behind the Nine Yang Immortal Emperor, he also felt great pressure.

This scorching sun demon star is the supreme magic power of the scorching sun demon family, but he didn't expect that the Nine Yang Immortal Emperor actually practiced it.

"Hey hey, Duan Qiusheng, use your Immortal Emperor blood to quench my scorching sun demon star, and die!"

The Immortal Emperor of Jiuyang laughed grimly and cut down with a sword.

This sword has the blessing of the scorching sun and demon stars. The killing is very terrible, with the heat of the scorching sun and the heavenly power of the devil.

"The holy cup of human slaughter, stop it for me!"

Duan Qiusheng didn't dare to confront him head-on, so he offered Tu Shengbei, the man Ye Chen lent him, as a shield to resist the sword of the Nine Yang Immortal Emperor.

Ding!

Jiuyang Immortal Emperor's long sword hit the holy cup of human slaughter, but the sword gas was blocked.

Even the soul devouring beads inlaid on the Holy Grail, in turn, devoured the spirit of the Nine Yang Immortal Emperor.

"Eh?"

The Immortal Emperor of Jiuyang felt the wave of phagocytosis, and immediately stepped back, looking at the man Tu Shengbei offered by Duan Qiusheng with some surprise.

Chapter 8818

"Is this the magic weapon of the Lord of reincarnation?"

Hey, hey, it's said that the Lord of reincarnation has rich treasures. It's true. When I kill him, all his treasures will be mine! "

In the eyes of the Nine Yang Immortal Emperor, there was a greedy color, and with a big hand, he immediately led many powerful demons, the elders of the demons, to kill duanqiu again.

At the same time, the overwhelming strong of the scorching sun demon clan also launched a total attack on the immortal tower.

Immortal pagoda is a magic weapon inherited from ancient times, and it has a strong protective power.

But those strong people of the scorching sun demon clan, fearless of death, are fighting to burn their lives and also want to rush to the tower.

Jiuyang Immortal Emperor also took many powerful demons and killed Duan Qiusheng.

"Burn my Immortal Emperor's blood and guard reincarnation!"

Duan Qiusheng's eyes were sharp, and he burned all his blood essence regardless of the cost, and fought with his sword to resist the attack of Jiuyang Immortal Emperor.

"Duan Qiusheng, you are crazy!"

Seeing this scene, the Immortal Emperor of Jiuyang immediately shook.

At this moment, Duan Qiusheng is actually burning all the Immortal Emperor's blood, which is going to be desperately.

No matter what the result of guarding the tower is, his Immortal Emperor's blood is so burning, and there is only a dead end.

"Since you want to die, I will help you!"

The Nine Yang Immortal Emperor's face twitched slightly, and he also frantically urged the scorching sun demon star to bombard Duan Qiusheng with many powerful demons.

The great war broke out outside the immortal tower.

Ye Chen was in the room. Seeing the fierce battle outside, his heart was also slightly turbulent.

However, his vitality has not recovered, and now even if he wants to go out to fight, he can't do it.

"Wait, depending on the separation of Qinglian, I may be able to use the Fuzhao of the God of rock to exterminate all demon families!"

Ye Chen moved in his heart and looked out at the sun hanging in the sky. It was not the sun transformed by the scorching sun demon clan, but the eyes of the God of rock!

If ye Chen can use the rock god's talisman, he can use the power of the rock god's eye. If the rock god's God comes personally, he can kill all enemies.

The eye of the rock god in the sky is not a fantasy or weather, but the eye of the God of rock.

The eye of the rock god, if all its power erupts, is enough to kill the Immortal Emperor instantly, and its power is extremely terrifying.

However, if you use Qinglian to fight separately, it is too risky for ye Chen.

After all, his green lotus separation has just been recast. If there is any accident, he can't afford the price.

However, Duan Qiusheng and the immortal people fought outside, desperately guarding the tower and blocking the invasion of the scorching sun demon clan.

Looking at their difficult appearance, I'm afraid they won't last long.

If they procrastinate further, I'm afraid they will also be unstoppable, and will be killed by the scorching sun demon clan, and the immortal god tower will also be broken.

"Qinglian separate, go!"

Seeing this, ye Chen no longer hesitated, released a wisp of divine consciousness, projected it onto Qinglian Fen, and flew out with a rock magic talisman.

Boom!

This green lotus separation is exactly the same as ye Chen's breath, and because it has absorbed 50% of the resources of rock god's treasure, the power it can exert is much stronger than before.

"Lord Ye, you!"

Duan Qiusheng was surprised to see ye Chen appear, and he was still full of breath.

But he didn't know that what appeared in front of him was only a part of Ye Chen.

Ye Chen's body is still breathing and healing in a room of the God tower.

However, no one could see that even all the people of the scorching sun demon clan in the audience thought that this separation was Ye Chen himself.

"It's you, Lord of reincarnation!"

"This... This is impossible. Aren't you weak?"

Seeing ye Chen's appearance, the Immortal Emperor of Jiuyang even held the talisman of the God of rock in his hand, and immediately felt his scalp numb and tremble all over.

He poured out and attacked the clan. Seeing that ye Chen was weak, he wanted to take advantage of the weakness, attack unprepared, and seize the rock god talisman.

However, seeing ye Chen's appearance at the moment, where is there any sign of weakness?

Even Duan Qiusheng was extremely shocked and wondered why Ye Chen recovered so quickly.

"Jiuyang Immortal Emperor, you demon clan, all become the nourishment of my scorching sun star!"

"Rock god's talisman, power manifest, such as the presence of rock god's God, dominate the ten directions, and I am the master!"

Ye Chen sent out a huge chant and directly burned the rock god's amulet.

Boom!

The rock god's talisman was burning, and ye Chen's body was instantly blessed with a shocking blessing, blooming with gold, and resonating and communicating with the rock god's eye suspended in the sky.

At this moment, he seemed to really incarnate into the God of rock, and his momentum was fierce and invincible.

"What!"

Feeling Ye Chen's soaring momentum, the Immortal Emperor of Jiuyang was immediately shocked.

"Eye of rock god, open!"

Ye Chen shouted violently, prompting the eyes of the God of rock in the sky.

The eye of the rock god had already opened, but with Ye Chen's urging, it was in the pupil of the eye again. When it opened again, it turned into a double pupil!

Yan Shen's heavy pupils burst, and the majestic Yan Shen's heavenly power poured down from the sky.

The sky began to petrify, becoming a curtain of rock texture.

The power of the rock god is so terrible that it seems that even the stars in the universe can be petrified.

Under the light of this rock god's heavy pupil, the strong men of the scorching sun demon clan in the audience successively screamed bitterly.

Their bodies also began to petrify, completely unable to resist, and in the blink of an eye turned into stone sculptures, falling down from the air.

Chapter 8819

Ye Chen glanced at the falling stone sculptures, which exploded in the air and turned into ashes.

Among the ashes, there was a little bit of hot sun streamer, which diffused out and was finally absorbed by his hot sun life star.

Those scorching suns and streamers are the essence of the lives of those powerful demons.

Ye Chen's absorption of these life essence is also of great benefit to his awakening to the sun and stars.

"The God of rock has appeared! Go quickly!"

The Immortal Emperor of Jiuyang looked at the eyes of the rock god in the air, and saw the terrible scene of the demons' disciples being petrified. He was completely shocked, knew that the general trend was gone, and immediately flew out to escape.

The petrified smell of the eye of the rock god also surged to the Nine Yang Immortal Emperor.

However, Jiuyang Immortal Emperor's cultivation is strong, but he will not be directly petrified like the ordinary demon clan strongmen around him.

"Want to go?"

Dragon fighting gun! "

Ye Chen saw that the Immortal Emperor of Jiuyang wanted to go, and immediately burst out the gun of dragon fight, and a gun ran through the other side.

This dragon fighting gun is the extreme of the Taoist tradition of the rock god, and represents the strongest killing of the rock god.

In the immortal Kingdom, the orthodoxy of the rock god Tianzun can get the greatest power blessing.

Moreover, ye Chen at the moment also burned the rock god talisman, and even controlled the power of the rock god's eye.

This dragon fighting gun has extremely great lethality.

The Immortal Emperor of Jiuyang wanted to go, but the gun of dragon fight broke through the void, and the speed was too fast, and it suddenly burst behind him.

"Sun Demon star, block it for me!"

In the crisis, Jiuyang Immortal Emperor couldn't escape, and hurriedly summoned the scorching sun demon star to try to stop Ye Chen's longdou gun.

Boom!

However, the gun of the dragon fight has a shocking momentum. With just one hit, it completely penetrates the scorching sun and the demon star.

Under the pressure of the dragon's gun, the scorching sun demon star of Jiuyang Immortal Emperor also exists like paper paste.

After ye Chen shot through his magic star, the power of the dragon's gun did not diminish, and with a bang, he stabbed the Nine Yang Immortal Emperor into the opposite.

"No... impossible."

Jiuyang Immortal Emperor's body was penetrated, and his flesh and soul suddenly burst out, turning into a ray of scorching sun, which was absorbed by Ye Chen.

He couldn't believe that his immortal emperor would be killed by Ye Chen.

Ye Chen killed the Immortal Emperor of Jiuyang. His power was invincible, and he simply existed like a God.

"Hoo..."

Ye Chen breathed a sigh of relief. He knew that he could kill the Nine Yang Immortal Emperor, which had nothing to do with himself. It was entirely because of the power of the God of rock.

With the rock god talisman, he can borrow the divine power of the rock god heaven, and even use the eye of the rock god. The gain is too great. Even the Immortal Emperor is not his enemy.

If only I could have this power all the time.

Unfortunately, I can only think about it in my heart. It's better to climb to the top by myself.

"The power of the gods is indeed great. I don't know when I can reach this state."

Ye Chen thought so.

"Lord Jiuyang is dead, go quickly!"

The remaining disciples of the demon clan around saw that the Immortal Emperor of Jiuyang was killed, issued a cry of panic, and fled in confusion.

"Rock god's eyes, all petrified to me, burst!"

Ye Chen didn't hurry, urged the eye of the rock god, and the terrifying rock god's heavenly power shrouded all sides, directly crushing all the demon disciples.

All demon disciples, after being crushed and exploded, all the sun aura in their blood was absorbed by Ye Chen.

After absorbing the aura of Jiuyang Immortal Emperor and countless demon clan disciples, ye Chen felt that his dim Sun Star finally gave birth to a little weak light.

From the space of the sun and the stars, a round of sun rose, but it was surrounded by magic gas, which was very strange.

"Is my sun star awakened?"

"No, it's not the sun star, it's the magic star!"

When ye Chen saw the rising sun, he subconsciously thought that the scorching sun and the destiny star had awakened.

But look carefully, the magic gas surrounded by the sun is very strong, and there is no metempsychosis.

He knew that he had absorbed the aura of the Nine Yang Immortal Emperor and inherited the magic power of the other party's scorching sun demon star.

This scorching sun demon star slowly rose up from behind Ye Chen, and reflected with the eye of the God of rock in the sky, setting him off with brilliance and invincible power.

Duan Qiusheng, Zhong Chen, and the immortal people in the audience were shocked by Ye Chen's invincible appearance.

The forces of the Nine Yang Immortal Emperor and the demon clan were so terrible, but ye Chen crushed and killed them all as soon as he made a move, which was simply earth shattering.

Although Ye Chen borrowed the power of the God of rock, his combat effectiveness is admirable enough to bring the power of the God of rock to such an extent.

"Praise reincarnation!"

"The Lord of reincarnation is on the top, please accept my worship!"

Duan Qiusheng led the whole clan to kneel down to Ye Chen respectfully.

Ye Chen smiled and burst out the last energy of the rock talisman.

The power of the rock god Tianzun envelops the entire immortal kingdom.

The immortal people who died in the past are resurrected one by one.

After their resurrection, they looked at everything around them blankly, and some couldn't return to God.

Ye Chen also breathed a sigh of relief when he saw Su Sheng, the deceased, with complete merits and virtues.

These dead people are descendants and believers of the rock god Tianzun, and have been living in the immortal kingdom. The trace of cause and effect is very pure.

Therefore, they can be revived by using the power of the rock god Tianzun.

If it is outside, cause and effect are complex, and resurrection is not easy.

With the resurrection of the dead, the rock god talisman in Ye Chen's hand also exhausted all auras and dissipated.

The petrified sky was restored to its original state, and the sun shone down, and the whole immortal kingdom was bathed in the sun, as if it had been reborn.

All the immortal people in the audience were silent for a while, and then erupted into a tsunami of cheers and cries, praising Ye Chen and reincarnation.

In the immortal pagoda room, ye Chen saw the scene of complete merit and virtue, smiled, and was ready to take back Qinglian.

The man who just killed everyone outside and turned the tide is actually just his part.

His body is still healing in the room.

Woo woo

However, just when ye Chen was ready to take back his separation, there was a billowing demon gas burst in the sky, with blood surging, faintly converging into an ancient and mysterious totem.

That's the totem of the witch!

As soon as the witch totem came out, the terrifying dark evil spirit shrouded the heaven and earth, and even the sun melted by the eye of the rock god was covered.

The demon gas covered the sky, and the terrible dark energy shocked the immortal people in the audience.

"It's the witch!"

Ye Chen was shocked when he saw this scene.

I saw a crack in time and space over the immortal kingdom.

From the crack of time and space, a pale and slender palm dragged a magic knife horizontally and exploded.

That's the killing manifestation of the witch!

At this last moment, the witch's killing appeared, and she cut down with a knife in the air.

Chapter 8820

This knife, not only the killing of the witch, the knife body is even surrounded by a purple flame, but also the will of the moral God!

"The Witch and the moral God joined hands to kill me?"

Ye Chen was stunned.

See this knife cut down, directly to the immortal tower.

The demon girl's will is very sharp, and she can see that ye Chen outside the God tower is just a green lotus.

Ye Chen's body is still in the God tower room!

The terror of this knife killing also carries the power of the purple flame of the moral God. Even in Ye Chen's heyday, it is difficult to resist.

What's more, ye Chen has not recovered yet, with injuries.

Duan Qiusheng and all the immortal people in the audience were extremely shocked when they looked at the magic knife killed in the air. Everyone exclaimed, and they only felt that the end was coming.

"Guardian reincarnation!"

Duan Qiusheng drank violently, burned his blood and killed with a sword.

All immortal clansmen in the audience also released their own blood and gathered on Duan Qiusheng to jointly block the magic knife cut from the sky.

However, the power of that magic knife was too terrible. With only one knife, it broke through the defense of Duan Qiusheng and others, and cut straight towards the immortal tower.

Ye Chen's eyes contracted, and he saw that the magic knife was about to kill. Suddenly at this time, the sky outside became dark.

Ten blood moons appeared in the dark sky.

The blood moon soared in the sky, with a supreme majesty, reflected from the distant space and time.

Ye Chen even saw Ren extraordinary's shadow from behind the blood moon.

"Witch, my man, how dare you kill?"

A startling rage burst from the void.

That's Ren extraordinary voice!

Hiss.

The monstrous blood moon sword gas, exploded and killed. With one blow, the witch's magic knife was completely crushed.

"Ah ah ah!"

Deep in the distant space and time, there came a burst of heartrending screams.

That was the scream of the witch.

This scream contains the meaning of pain, struggle, distortion, unwillingness, sadness and fear. All kinds of emotions are mixed, heart-rending and shocking.

Ye Chen was also moved when he heard the demon girl scream like this.

"The witch can't kill me. Why should she be so miserable?"

He couldn't figure it out.

Ren's extraordinary and majestic blood moon heavenly power shrouded the whole immortal kingdom. The terror of the power was even more fierce and domineering than the power of the rock god God just now.

"Let the elder soar to no time and space. Is the cultivation breakthrough so terrible?"

Is it more powerful than the God of rock!?"

Ye Chen only felt incredible. Under the pressure of Ren extraordinary, the will of the witch completely dispersed.

"Brother Ren, thank you."

In the void, another thick voice came out, which was the voice of the God of rock.

His will was covered by the witch, and now Ren Feifan killed the Witch and let him recover.

The will of the rock God once again enveloped the immortal kingdom of God, and the brilliance of the gods appeared everywhere.

Ren Fanfan didn't speak, or he might respond, but ye Chen couldn't hear it.

Ye Chen only saw that the ten blood moons in the sky slowly dissipated.

Ren extraordinary's awesome power gradually disappeared.

"Senior Ren!"

Ye Chen's heart moved greatly, and he hurried out of the immortal tower, calling Ren Feifan.

He was very moved in his heart and knew that it was Ren Feifan who guarded him.

Otherwise, he would be very difficult to deal with the witch.

Unfortunately, ye Chen's call was not answered.

He only saw a leaf falling from the high sky.

"Is it what elder Ren left me?"

Ye Chen hurriedly caught the leaf, but saw three words written on it, which were a person's name and three words "Gu yongxiao".

"Gu yongxiao?"

Who is this? "

"What is the meaning of this clue left by elder Ren?"

Ye Chen frowned slightly, trying to deduce the trace of Gu yongxiao's mystery, but found that nothing could be predicted. This person seemed to have never existed, which was very mysterious.

Ye Chen was also surprised to feel this scene.

After he ascended to the celestial realm, his abilities in all aspects improved by leaps and bounds. Naturally, his ability to deduce the secrets of heaven also improved a lot.

But even so, he couldn't pry into the trace of Gu yongxiao's existence.

One can imagine the mystery of this person.

"Lord Ye..."

Duan Qiusheng stared at Ye Chen blankly, a little confused.

Because at the moment, there are two Ye Chen on the court, and he can't tell who is who.

Ye Chen smiled, put away his green lotus and said to Duan Qiusheng, "Duan supreme, are you all right?"

Duan Qiusheng hurriedly said, "it's all right. My immortal Kingdom has been reborn. Thank you Lord Ye for saving. You can turn the tide, and we will remember your achievements!"

Ye Chen waved his hand and said, "it doesn't matter, it's all the protection of the God of rock."

He also handed over the treasure of the rock god Tianzun and the remaining 50% of the resources to Duan Qiusheng, but the other party still refused to accept it.

Duan Qiusheng said, "Lord Ye, no, take it."

Seeing this, ye Chen had to reluctantly accept all these treasure resources.

Then, he filled these treasure resources, many natural and earth treasures, into the scorching sun star, trying to light up the star.

However, this huge amount of natural materials and earth treasures are sent into the sea, all of which are clay cows.

The scorching sun and destiny star still showed no signs of awakening and lighting up. There was only a magic star suspended in it, which was absorbed by him when he killed Jiuyang Immortal Emperor.
