

Physician 8821

Chapter 8821

"The awakening of the sun and the stars is so difficult."

Ye Chen suddenly felt numb, and it seemed that it was much harder to light up the star than he had imagined.

"Dear Duan, thank you for your treasure. I should go, too."

"If you encounter any danger in the future, you can call my name."

After calming down, ye Chen converged and arched his hand at duanqiusheng.

He is the descendant of the God of rock, and can also be said to be a friend of the God of rock.

If the immortal kingdom is in trouble, he will not sit idly by.

"Thank you!"

Duan Qiusheng was very grateful and arched his hand at Ye Chen, returning the iron throne, the holy cup of human slaughter, Zhaowu Lingyu and other magic weapons to Ye Chen.

So far, the cause and effect of the immortal Kingdom have been completely solved, which can be said to be a perfect virtue.

Ye Chen successfully repaired the separation of green lotus and got the immortal keel. It is possible for the dragon to evolve.

He also saw the God of rock. Both sides planted good causes and will get good results in the future.

Only this time, ye Chen killed Duobao Tianjun and completely tore his face with Zihuang fairy palace.

The road ahead will be more dangerous.

After all the problems are solved, ye Chen leaves the immortal kingdom with Wu Yao and returns to the star moon realm again.

Wu Yao's problem seems to be more serious than ye Chen imagined.

Her compassionate blood was consumed too much, and she has not recovered yet.

She also needs to continue to rest when she returns to the star moon realm.

Among the stars and moons, the most powerful person currently in charge is the night mother wind whispering warbler.

She is Ye Chen's star and the third life star in the future. With such a close connection, she will naturally protect Ye Chen's growth at any cost.

Now Ren Feifan has left, and the whispering warbler has faintly become Ye Chen's first protector.

In the star moon realm, the wind whispering warbler established a dark night cave as its own Taoist field.

This dark night cave is full of bones and bones, and even flows some energy fluctuations of the demon star sea. The dark breath is very terrible.

Ye Chen came to the dark night cave and saw the night mother windy warbler.

He wants to talk to Feng Yuying and ask Gu yongxiao about it.

Ren Feifan specially left Gu yongxiao this clue, which must be meaningful.

This Gu yongxiao is likely to be related to the future layout!

Whispering warbler is taking a bath in a pool. Her skin is white and transparent, and the scenery is quite elegant.

Her elegant temperament is not commensurate with the white bones around her.

Ye Chen saw the wind whispering Ying taking a bath, turned his head and coughed.

The whispering warbler giggled and said, "why, do you come to see me take a bath?"

Ye Chen smiled awkwardly and said, "Yuying girl laughed. I came this time to ask about a person's whereabouts."

Then sacrifice the leaves left by him to the wind whispering warbler.

Seeing the words "Gu yongxiao" printed on the leaves, the wind whispering warbler couldn't help turning pale and said, "do you want to inquire about the whereabouts of Gu yongxiao?"

Ye Chen said, "yes, this leaf is left to me by my predecessors. I want to know who Gu yongxiao is?"

The whispering warbler said, "this Gu yongxiao, I advise you not to inquire too much. The cause and effect of this person is too mysterious and terrible, and I can't say."

Ye Chen said, "why not?"

Yuying girl, we are allies. Let the elder leave Gu yongxiao this clue, which must have deep meaning, and I must crack it! "

The whispering warbler was silent for a moment and murmured, "by the way, Ren Feifan left this clue. Does he really think that you are qualified to touch such a mystery on the second floor of Tianxuan realm?"

Ye Chen said, "who is Gu yongxiao?"

The whispering warbler pondered again, and finally sighed. She didn't hide any more, and slowly said:

"Have you ever heard of the legend of the dark pavilion?"

Ye Chen was stunned and said, "what dark pavilion?"

The whispering warbler said, "the dark pavilion was a force under the command of the God of thunder in those days. It was specially for the God of thunder to perform some difficult tasks, such as assassinating important enemy figures, spying, undercover spies, and so on."

"The leader of the dark pavilion was the most terrifying killer in the age of the nine gods."

"Legend has it that he is the first person under the nine gods. As long as he takes action, no one can escape his assassination."

"No one knows the name of the Lord of the dark attic, except that his last task is to assassinate the God of thunder."

"He succeeded, and the God of thunder died under his hand."

"It is said that he killed his master this time by following the order of the ancient god of Tuodi. I really don't know what conditions the ancient god of Tuodi offered him, which could make him rebel."

Ye Chen was shocked. He had seen Yin Suzhen, the God of thunder, but he didn't know that the God of thunder had been killed by his dark cabinet Lord.

"The master of the dark cabinet is Gu yongxiao?"

Ye Chen asked.

The whispering warbler shook her head and said, "I don't know. Maybe, maybe you can ask the God of water."

Ye Chen: "Water God?"

The whispering warbler said, "yes, I heard that the Lord of the dark pavilion was very painful after killing the Lord. He felt guilty, so he went to find the water god God and asked for her baptism."

Luo Qingli, the God of water, is in charge of the secret method of water system, which has an excellent purification effect.

The baptism of the God of water is enough to wash away the sins of people's hearts and restore the purity of human hearts.

Ye Chen thought for a while, then nodded and said, "OK, then I'll meet the God of water."

Ye Chen just wants to crack the clue of Gu yongxiao as soon as possible. If Luo Qingli, the God of water, can know the cause and effect behind it, it's naturally best.

Chapter 8822

Ye Chen also wants to go to the water god Tianzun and make sure how Xiao Jing is.

"You just came back. Don't be in such a hurry. It's better to have a rest for a few days."

"You must know that haste makes waste. Being too impatient is not a good thing."

The whispering warbler said.

Ye Chen felt a chill in his heart and nodded, "it's OK."

At that moment, ye Chen gathered his mind and returned to the reincarnation blood palace to rest, feeling the gains and losses of this trip to the immortal kingdom.

"In my current state, I should be able to practice the six movements of the silent God and the sword of the great tomb."

Ye Chen thought, now that his cultivation has reached the peak of the second level of Tianxuan realm, he can try to cultivate the six movements of the silent God and the sword of the great tomb.

His current perception of the six forms of silence is not very good.

And this great tomb divine sword, one of the thirty-three divine arts, is inherited from the tomb palace. It is very mysterious and powerful. It is said to be able to bury the heavens.

In terms of the power of sword technique, this great tomb divine sword can be said to be the most fierce and terrifying existence below the Tiandou datu sword.

Ye Chen offered the cultivation jade slips of the great tomb sword, calmed down and began to understand the secret of the great tomb sword.

"Big tomb celestial burial, burying the heavens, killing invincible, washing the sky with blood..."

This great tomb sword is extremely powerful in killing. Ye Chen tried to understand it, but unexpectedly, it was very fast, and he immediately touched the essence of the great tomb sword.

"I've practiced this sword before?"

Ye Chen had a strange feeling in his heart. He felt that he had practiced the great tomb sword before, and he knew all the mysterious changes of this sword technique.

So, when he went to comprehend the great tomb sword at this moment, he felt very smooth and understood it all at once.

You know, this is the magic of the thirty-three gods, and it is the existence of the top ten. The cultivation threshold is very high. In those days, the spirit ancestor of beacon fire was also successful because of the guidance of the active emperor of heaven.

If there is no guidance from the emperor of heaven, even if the God of beacon fire is a hundred times stronger, it is impossible to realize it.

But ye Chen, without anyone's advice, just easily understood all the mysteries of the great tomb sword.

Although he has extremely high natural intelligence, it is obvious that he can't explain it simply by natural talent.

"A little weird."

"It seems that I didn't practice the Dagu sword in the past, but in the future?"

"The timeline of the future is projected on me?"

Ye Chen faintly felt a trace of mystery, and her scalp was numb.

After thinking for a long time, he couldn't think of an answer, so he had to shake his head and stop thinking.

Anyway, now that he understands the sword of the tomb, he has an extra card, and his comprehensive combat effectiveness has been greatly improved, which is naturally a good thing.

As for the future chess game, let's wait for the future.

The most important thing now is to keep practicing and becoming stronger to prepare for the future.

In the reincarnation blood palace, ye Chen practiced and realized for three days.

In these three days, his dragon life star also recovered from the damage of the previous dragon soul explosion.

The blood dragon is still devouring the immortal keel. The progress is a little slow, but it is moving steadily.

As long as it is given enough time, it can completely devour the fusion, and use the power of the immortal keel to make the Dragon Teng life star degenerate.

When the state was adjusted to the peak, ye Chen estimated that it was time to start.

Gu yongxiao must investigate this clue.

"Qingli girl, can you hear my voice?"

Ye Chen called the name of the God of water in his heart.

According to legend, Luo Qingli, the God of water, was the last person to see Gu yongxiao.

It is also her who baptizes Gu yongxiao and cleanses her sins.

"Brother Ye Chen, are you calling me?"

Not long after ye Chen's call came, Luo Qingli's voice also came.

"Yes, Qingli girl, where are you?"

Ye Chen asked.

"I'm in the water moon cave. Are you coming?"

"I'll give you the coordinates. "

Luo Qingli sent a coordinate and said, "I'm with sister Xiao Jing."

Ye Chen said, "Miss Qingli, I'll go to see you and have something to ask you."

Luo Qingli said, "OK, little brother, come on."

Ye Chen "Hmm", nodded, spun and tore the void, and directly broke the void along the coordinates given by Luo Qingli.

Soon, he came to a beautiful place and stood in front of the entrance of a water cave.

This is Luo Qingli's territory, Shuiyue Dongtian.

Standing at the entrance of the water moon cave, ye Chen saw a cute girl in a water blue dress running out with a smile. It was Luo Qingli.

As soon as Luo Qingli came out, he smiled, ran over, hugged Ye Chen, and kissed him on the cheek.

Ye Chen was stunned and said, "what?"

Luo Qingli's eyes were full of nostalgia and said, "little brother, don't you like it?"

Ye Chen coughed, touched the place just kissed by Luo Qingli, and said, "either I don't like it, or... It's a little sudden."

Luo Qingli smiled and said, "it's nothing sudden. Didn't we kiss last time?"

I like you, it's that simple. "

Reincarnation blood has unique charm and great attraction to the opposite sex. Even gods will be affected.

Last time Luo Qingli healed Ye Chen and restored the foundation of Dantian. At that time, the two had a skin relationship. From that moment on, Luo Qingli liked Ye Chen.

Although she is the God of water, she has a simple temperament, but she won't hide anything, and she will express her love openly.

Chapter 8823

Although Ye Chen didn't want to mess with cause and effect, Luo Qingli liked him, and he was very happy and helpless in his heart. He said, "well, girl Qingli, thank you for your love. We may have a chance in the future, but not now."

Luo Qingli said with a smile, "I know. Do you come here now to ask me about Gu yongxiao?"

Come in and talk. "

She took Ye Chen's hand and entered the cave.

Ye Chen saw that she had sensed the secret of heaven and knew her purpose, so he nodded and followed her into the water moon cave.

Inside the water moon cave, the aura is pure and abundant. Stone tables, stone benches, stone beds and other furniture items are available. In the middle is a large pool, which is particularly pure.

Ye Chen saw the virtual shadow of a girl floating on the pool, hazy, eyes closed, like a fantasy, it was Xiao Jing.

Xiao Jing was killed by the spirit ancestor of the beacon fire before, and now she is resurrected in the territory of Luo Qingli.

"Is Miss Xiao Jing all right?"

Ye Chen asked.

Luo Qingli said, "sister Xiao Jing is fine. She just needs some time to recover. Don't worry."

Ye Chen nodded, calming down slightly,

"Little brother, sit down."

Luo Qingli invited Ye Chen to sit down at the stone table, staring at him with infinite nostalgia in his eyes.

Feeling Luo Qingli's blazing eyes, ye Chen felt a little flushed and his heart beat, coughed slightly, corrected his color, and asked:

"Qingli girl, I want to know all the secrets of Gu yongxiao."

Hearing Ye Chen ask Gu yongxiao, Luo Qingli's expression also became a little dignified, saying:

"Little brother, the cause and effect behind this ancient yongxiao is very complex. In fact, with your current strength, it is not suitable to contact."

"However, since Ren Feifan left you this clue, he may also want you to contact in advance."

"This Gu yongxiao may be the key to your future. In the future, you may be indirectly defeated by him."

Ye Chen felt incredible and said, "in the future, I and Ren will be defeated by Gu yongxiao?"

Luo Qingli said, "yes, there are thousands of timelines in the future, and in these timelines, you may lose to Gu yongxiao indirectly. Although you are not directly defeated by him, there is also a great causal connection."

Ye Chen said, "is this Gu yongxiao the leader of the dark Pavilion, the subordinate of the God of thunder?"

Luo Qingli said, "yes, he is the Lord of the dark Pavilion. He killed the God of thunder himself. He suffered great pain in his heart and was haunted by sins. Finally, he came to me and asked me to baptize him to wash away his sins."

Ye Chen said, "did you baptize him?"

Luo Qingli said, "yes, I thought he was poor, so I helped him, but after I baptized him, his cultivation was also washed away. From the former dark attic Lord in the age of nine gods, the first killer, he was reduced to an ordinary person, and now he is closed in the ancient fantasy world created by himself."

Ye Chen frowned and said, "90% of his accomplishments have been washed away, and it is possible to defeat me and elder Ren?"

Luo Qingli nodded and said, "although his cultivation fell, after all, he was once the first killer without time and space, the Lord of the dark cabinet, who personally killed the God of thunder. He was proficient in magic, and mastered the strongest magic in the world, kaleidoscope blood eye, which was the existence of 33 gods, ranking fourth."

"With this magic, he can rise again at any time."

"For hundreds of millions of years, there have been countless forces in wuwuwuspacetime. They all wanted to invite Gu yongxiao out of the mountain, but they were all rejected."

"I've seen the future. The future may be the Apocalypse supreme of the death order, or the ancient god of Tuodi Tianzong. Please ask him to come out of the mountain and use his magic to trap you and Ren Feifan."

"Then, the supreme Apocalypse or the ancient god of Tuodi will kill you."

"So in the future, you may die indirectly in the hands of Gu yongxiao and be trapped by his magic."

Ye Chen was shocked: "kaleidoscope blood eyes, thirty-three divine arts, ranked fourth, is the strongest magic in the world..."

After hearing Luo Qingli's words, he also felt dangerous.

This Gu yongxiao is indeed possible to indirectly kill him and Ren Feifan.

The change of magic is extremely strange.

Na Gu yongxiao, who also masters the strongest magic in the world, naturally cannot be underestimated.

Luo Qingli said, "in those days, Gu yongxiao was the Lord of the dark Pavilion. He never killed with blood. He used magic to make people struggle to die in the pain of dreams."

"In terms of surface combat effectiveness, of course, he can't be Ren Feifan's enemy with you, but his magic is extremely strange, and you may not be able to break it."

"Is there a way to break the game?"

Ye Chen asked.

Luo Qingli said, "the way to break the situation is not easy to say, nor difficult to say. As long as you can get ahead of others, invite Gu yongxiao out of the mountain and let him join your reincarnation camp, the crisis in the future will naturally break."

Hearing this, ye Chen suddenly realized.

Luo Qingli is right. Since Gu yongxiao is his future enemy, now he can turn the enemy into a friend by directly inviting Gu yongxiao out of the mountain.

Moreover, Gu yongxiao was the former subordinate of the God of thunder.

Ye Chen is friendly with the God of thunder. With the face of the God of thunder, maybe he can really invite Gu yongxiao out of the mountain.

Although Gu yongxiao personally assassinated Thor in that year, from his later performance, he was very painful and deeply guilty.

Otherwise, he would not ask Luo Qingli to wash away his sins.

"Where is Gu yongxiao?

Ancient fantasy world? "

Ye Chen asked.

Luo Qingli thought for a moment and said, "little brother, I can give you the coordinates of the ancient fantasy world, but are you sure you want to go so soon?

With your current strength, let alone invite Gu yongxiao out of the pass, even if you want to see him, it is very difficult. "

Ye Chen pondered for a moment and said, "girl Qingli, the coordinates of the ancient fantasy world you gave me is, I want to go and have a look."

Luo Qingli said, "OK, but you should be careful. Gu yongxiao has been closed for countless generations and has never seen anyone. He has arranged countless magic puzzles in his ancient fantasy world. If outsiders want to see him, they must first break through many magic puzzles. If they fail, they are in danger of falling at any time."

Ye Chen was awestruck in his heart and thought: "my heart has no shackles, and I have the heart of Wu Zu Dao. If I want to come to that magic maze, I can't be trapped. After all, today's Gu yongxiao has been washed away 90% of his accomplishments. Even if there is magic, how much power does it have without enough accomplishments?"

Thinking like this, ye Chen calmed down a lot, and asked Luo Qingli for the coordinates of Qing, and then said goodbye to her: "Qingli girl, I'm leaving."

Luo Qingli hurriedly said, "Hey, little brother, wait!"

Ye Chen said, "what?"

Chapter 8824

Luo Qingli smiled and said, "don't forget, I like you."

Ye Chen was stunned, dumbfounded, nodded and said, "I know."

Leave the water moon cave, tear the void directly, and rush to the ancient fantasy world.

The ancient fantasy world does not belong to the real world, nor does it belong to no time and space. It is the fantasy world created by Gu yongxiao himself.

Fortunately, ye Chen can already touch his fantasy after he ascended to the mysterious realm of heaven.

When he came to the ancient fantasy world, he saw that the world had no fixed shape, such as wisps of smoke, leaves, clouds and rain, floating in the chaotic void, like a dream in fantasy.

Ye Chen stood outside the ancient fantasy world, took a deep breath and shouted:

"I'm Xia yechen, the Lord of reincarnation in this world, and I'm here to visit elder Gu yongxiao. Please open a mountain and meet him!"

The sound came from afar, shaking the void, and even the dreamy world was slightly rippling.

However, ye Chen did not get any response after his voice came out.

It's quiet in the ancient fantasy world.

Ye Chen frowned and shouted, "I'm a friend of the God of thunder and the God of water. Please meet Master Gu yongxiao at the mountain!"

He carried out the Thor and the water god, but there was still no response from the ancient fantasy world.

Ye Chen frowned deeper. After thinking for a while, he shouted, "if it's inconvenient for you to leave the pass, I'll be offended."

Wait for a moment, and there is still no reply in the ancient fantasy world. Ye Chen calms down and flashes into the fantasy world of the ancient fantasy world.

After entering the ancient fantasy world, ye Chen saw pieces of lens like things floating in the void.

These lenses, interwoven with each other, look like a kaleidoscope, which is very magnificent.

"This is the magic of the thirty-three gods, the weather of kaleidoscope and blood eyes?"

Ye Chen was on guard secretly, and he saw the lenses floating in the void. Inside each lens, there were many pictures flashing.

Those pictures, I don't know whether they are real or illusory, are hazy. It seems that every picture is shrouded in fog and can't be seen clearly.

"Lord of reincarnation, you are not qualified to step into my territory. If you go out now, you still have a chance to live!"

Suddenly, a bleak voice reached Ye Chen's ears.

"Elder Gu yongxiao, is that you?"

Ye Chen was overjoyed and asked.

The voice snorted and said, "it's absolutely impossible for you to invite me out of the mountain. I won't see outsiders again. Besides, your cultivation is too poor, and you're not even qualified to see me."

"Don't say it's you. Once the emperor and the goddess wanted to invite me out of the mountain, but they couldn't break through my fantasy weather. They couldn't even see my face, and you were no exception."

Ye Chen said, "elder, as long as you can break through the illusion of your design, can you see you?"

Gu yongxiao was silent for a moment and said, "wait until you break through."

"Good!"

Hearing the hope of meeting, ye Chen was also excited, and immediately strode forward.

The lenses floating in the void are intertwined like kaleidoscopes. Inside each lens, there is a fantasy world.

Countless layers of fantasy world constitute this ancient fantasy world.

Ye Chen strode forward and suddenly heard the roar of the Dragon elephant in the void.

In the void, there were thousands of dragons and elephants, roaring and rushing over, as if to tear Ye Chen apart.

Ye Chen's heart was cold and he was trying to resist, but he thought, "this may be an illusion!"

He immediately opened Wu Zu's heart, reincarnation blood gathered in his eyes, reincarnation heaven's eyes opened, and he could see through it at a glance. Thousands of dragons and colossus were illusions.

Since it is an illusion, there is no need to resist. There may be many tests ahead, and we must save our strength.

Ye Chen closed his eyes, restrained his mind, and let the thousands of dragon elephants rush over.

Boom!

Thousands of dragon elephants rushed over, but suddenly changed, from illusion to reality.

"Not good!"

Ye Chen's face suddenly changed, and he hurried to turn his aura to resist. Zhao Wu Lingyu sacrificed and turned into a shield to protect himself.

However, in a hurry, ye Chen was still slow to deal with it. Under the impact of the dragon like torrent, he only felt sharp pain in his body, internal organs turbulence, and blood churning in his body.

"Hehe, do you really think my illusion is just an illusion?"

Gu yongxiao's indifferent voice came from the distant void.

Ye Chen's face sank, gritted his teeth, ran reincarnation blood, and slightly recuperated his breath, so he continued to move forward and set out.

Not far away again, ye Chen saw the mirror light shining in the void, and several beautiful figures reflected from the void, turned out to be Xia Ruoxue, Wei Ying and ye Luo'er.

Holding a long sword, the three women said nothing and stabbed Ye Chen with their swords.

Ye Chen was surprised, but knowing that it was an illusion, he immediately fought back with his sword.

"Cut the sky nine swords!"

Without saying a word, ye Chen killed Xia Ruoxue, Wei Ying and ye lu'o'er.

"Ye Chen, why?"

Xia Ruoxue's eyes showed a sad color, which was very sad.

Wei Ying and ye lu'o'er, also full of sadness, shed tears and questioned Ye Chen why they wanted to kill.

Ye Chenming knew it was an illusion, but looking at the real posture of the three women, his heart was still extremely turbulent. He simply closed his eyes, took a deep breath, and calmed his mind.

"Very good, Lord of reincarnation, you are really heartless!"

Gu yongxiao's voice came out again.

"It's not that I'm heartless, but that this is just an illusion. If the elder wants to disturb my heart of Tao, he may need a more clever means."

Ye Chen heaved a sigh and said.

Chapter 8825

He knew that walking in this illusion would inevitably encounter countless dangers. Once his Tao heart was disordered, he might fall into the illusion at any time and be trapped here all his life.

"Just keep moving forward. I'm waiting for you in front of me. I'm afraid you can't get through."

Gu yongxiao road.

"I'll see you soon!"

Ye Chen strode forward and continued to walk. On the way ahead, he really encountered many dangerous illusions, either the impact of ancient beasts, or the reappearance of former enemies, such as Xuanji moon, Emperor Shi Tian, etc., or the impact of dark monsters without time and space.

All kinds of killing, real and fantasy intertwined, dazzling.

Fortunately, with Wu Zu's heart and many cards, ye Chen broke through these fantasies one by one, and the distance with Gu yongxiao was getting closer and closer.

He could even hear Gu yongxiao's breath and feel the breath of the latter.

Moving on, in the chaotic void under Ye Chen's feet, a road gradually appeared, filled with golden light, which is the road of reincarnation.

The road of reincarnation unfolds, and many changes have taken place in the surrounding void. Palaces and temples appear, gradually building the atmosphere of reincarnation in heaven.

Ye Chen was stunned. He didn't expect that the dreamland he encountered at the moment was actually reincarnation to heaven.

Wow.

In the kingdom of heaven, suddenly there was a heavy rain.

In the heavy rain, there was a man in front, walking slowly with a sword, who turned out to be Ren extraordinary.

"Senior Ren!"

Ye Chen was surprised when he saw Ren Feifan. He didn't expect that Gu yongxiao's magic attainments were so powerful that his extraordinary image of reelection could be changed.

Ren Feifan's eyes were cold, looked directly at Ye Chen, and said, "why do you want to kill me?"

Ye Chen was stunned and said, "what?"

Ren Feifan said, "in order to cultivate Tiandou datu sword, you killed me with one sword. You failed me. I'm very disappointed."

Ye Chen hurriedly said, "master Ren, what are you talking about? I didn't kill you!"

Ren Feifan said, "if you don't kill me now, you will always kill me in the future. If you want to practice fighting the sword all day, you must have the determination to kill everything."

"In order to cultivate this sword, you killed me with one sword. I'm in vain to protect your way for thousands of years. You're so disappointing to me!"

Ye Chenda was terrified and uneasy, and said, "elder Ren, no, I never wanted to hurt you."

Ren Feifan snorted and said, "since you want to kill me in the future, it's better for me to kill you first!"

The voice fell, Ren Feifan stabbed with a sword, and the blood moon sword awn exploded, directly killing Ye Chen.

Ye Chen was shocked. Seeing Ren Feifan's death, he felt stiff and unable to resist. He thought, "if I really failed to live up to master Ren, it would be better if I was killed by him."

But at the same time, another voice in Ye Chen's heart said, "no, it's just an illusion, all false!"

Two thoughts intertwined, such as knife and sword cutting, ye Chen only felt the sharp pain of knowing the sea, ah ah, shout, roar like a wild beast, wield the reincarnation Heavenly Sword in his hand, and cut it out wildly.

"Die!"

The fierce reincarnation sword, cut forward, with only one sword, cut Ren extraordinary body into ashes.

"You are sure to kill me, ye Chen. Congratulations. With this determination, you will be able to practice fighting the sword all day and kill the ultimate enemy."

Ren Feifan showed a calm and relieved smile before turning into ashes.

He seems to be deliberately stimulating Ye Chen to kill him.

After killing him, ye Chen is no longer in trouble and has the determination to kill everything.

This determination is necessary for cultivating Tiandou datu sword.

With this determination, ye Chen can practice Tiandou datu sword and become extremely strong.

"Master Ren..."

Ye Chen stared at the scene in front of him. The ashes of the robbery dissipated, and all the weather of reincarnation in heaven also dissipated.

Everything just now turned out to be an illusion.

But ye Chen's heart was creepy.

Because he knew that this might not be an illusion, but something that would happen in the future.

In the future, if he practices Tiandou datu sword, he may really kill Ren Feifan.

Although this is not his original intention, Ren Feifan will definitely let him kill himself at all costs in order to help him.

Tiandou datu sword is impossible for him to learn now, but the six movements of silence God related to it is still no problem.

"Very good, Lord of reincarnation, you really have great determination, great courage, ruthless and ruthless, regardless of your feelings, you should be killed even if you are re elected. I really admire you."

Disillusionment, a real landscape world, emerged.

In the landscape world, a man in green robes stands with his hands behind his back, which is Gu yongxiao.

Gu yongxiao looked at Ye Chen, and the look in his eyes was not only appreciation or ridicule. He gently clapped his hands, but this applause made Ye Chen feel extremely ironic.

Yes, he killed Ren Feifan himself. Is there anything more ironic than this?

Ye Chen was gloomy, but turned to think, "no, this is not my idea. I never thought of hurting any elder. This is an illusion!"

He calmed down and said to Gu yongxiao in a deep voice, "elder, that's just an illusion. I can't hurt Ren elder."

Gu yongxiao laughed and said, "that's not an illusion, but something that may happen in the future."

"In order to cultivate Tiandou datu sword in the future, you will definitely kill Ren extraordinary."

"You think you have a good relationship?"

"I also thought that the relationship between me and the God of thunder was very good. I was her disciple, and I was willing to give everything for her, but I finally killed her."

Speaking of this, Gu yongxiao's eyes showed a great sadness and helplessness.

This sadness and helplessness, even across the ages, has not been diluted at all.

He always felt guilty and ashamed of the God of thunder.

"People are always involuntarily in this world."

"Colorful flowers are easy to disperse, and colored glasses are fragile. No matter what kind of feelings they are, they have no practical interests."

"If there are enough interests, such as being able to practice Tiandou datu sword, you will definitely do it. You will kill Ren Feifan, just as I assassinated the God of thunder in those days."

Ye Chen's heart vibrated, and he trembled inexplicably all over. He clenched his teeth and said, "no, it's impossible!"

"Elder Ren is my teacher and my best friend. He has paid so much for me that I can't hurt him!"

Gu yongxiao sighed and said, "once, I thought so."

After a pause, he was a little depressed and said, "it's all right. You will know the future."

"If you dare to kill Ren extraordinary, and you have enough determination, it is possible to establish a reincarnation heaven, end the chaos of time and space, and truly establish order."

"In those days, the God of thunder, in fact, has always been eager to establish order."

"You and I are connected. I witnessed your determination today. I can go out to help you."

Chapter 8826

Originally, Gu yongxiao would not go out of the mountain, but he also admired Ye Chen for daring to kill Ren Feifan.

He admired Ye Chen's ferocity and determination, and was willing to help at this moment.

"Senior, are you willing to leave the mountain?"

Ye Chen would never hurt Ren Feifan in his heart. Just now he began to kill, just because it was a fantasy. Gu yongxiao's appreciation for him was really unreasonable, but since the other party was willing to go out of the mountain, it was naturally a great good thing.

In the thirty-three divine arts, Gu yongxiao controls the kaleidoscope blood eye, which ranks fourth.

Because mastering this magic, there are countless forces in all time and space who want to invite him out of the mountain.

Once he defected to another camp, ye Chen was in danger. It was really possible to be killed indirectly by Gu yongxiao in the future.

Therefore, now, before the future comes, invite Gu yongxiao out of the mountain directly, and you can turn enemies into friends.

Gu yongxiao said, "before I leave the mountain, you'd better help me recapture the Xuanshi Tianpan."

"The mysterious heaven plate is the magic weapon given to me by the God of thunder at that time, and it is also my life magic weapon."

"After killing the God of thunder, I was baptized by the God of water and washed away my sins, but my accomplishments were also washed away."

"What's more helpless is that after I left wuwu spacetime, I was robbed by the moral God halfway. He took away my Xuanshi sky plate, causing my strength to decline further."

"My strength now is really too weak. Although I have anti heaven magic, I don't have enough foundation of Taoism. If I leave this ancient magic world, any monk in the later stage of immeasurable realm can kill me, which is too dangerous."

"If you help me recapture the Xuanshi Tianpan, I will go out of the mountain immediately, and I will follow you all my life. In order to establish the reincarnation heaven, I will throw my head and shed blood, even if I die!"

Ye Chen was surprised and said, "senior, did the moral God take away your life magic weapon?"

Gu yongxiao nodded and said, "yes, he stole my Xuanshi Tianpan and gave it to Chongyang immortal. Now my Xuanshi Tianpan is buried in the territory of Chongyang immortal, Tianyang domain."

"Go to the Tianyang region and help me get back the Xuanshi Tianpan. I'll be out of the mountain right away."

"Otherwise, my cultivation has no foundation. If I leave here rashly, there is only a dead end."

In this world, only one's own cultivation of Taoism is the most fundamental existence.

Other magic weapons, magical powers, and even the thirty-three heavenly gods are only external things.

If the fundamental cultivation is too weak, even if you are in charge of the anti God skill, your own background is very weak, and you may be killed at any time.

Now Gu yongxiao's fundamental cultivation is too weak. He needs to get back his life magic weapon, Xuanshi Tianpan, before he can recover his strength.

"Double Ninth immortal, Tianyang domain..."

Ye Chen pinched his fingers and immediately deduced the coordinates of the Tianyang domain.

That is the territory of the double ninth immortal, and also the core territory of the righteous purple fairy palace. The coordinates are not covered up. They are dignified and aboveboard, just like the decent style of acting.

In those days, the God of morality gave the Xuanshi Tianpan to immortal Chongyang, but immortal Chongyang believed that this fabolai road was not right, so it was never used, and it had been buried under the ground of Tianyang domain.

Ye Chen estimated that if he went to Tianyang domain, he would have a great chance to recapture the Xuanshi Tianpan.

Gu yongxiao said, "Lord of reincarnation, how about you? Will you help me?"?

If you want to, you'd better act quickly. The Death Cult also sent someone to invite me. I don't want to follow them, but if they use forcible means, I can't get rid of it. "

Hearing this, ye Chen felt a chill in his heart. If Gu yongxiao was robbed by the death cult, it would be dangerous.

"Master, don't be impatient. I'll go to Tianyang domain right away and try to help you get the magic weapon back!"

Gu yongxiao was overjoyed and said, "that's good. I'll wait for you to come back."

Ye Chen "Hmm", nodded heavily, and even locked the coordinates of the Tianyang domain, tearing the void away.

Gu yongxiao's identity is extremely important. Ye Chen naturally can't watch him being robbed by the death cult. He must fight for it!

.....

Tianyang domain is not far from the Mountain Gate of Zihuang fairy palace.

When ye Chen tore the void and came to the desolate land on the border of Tianyang domain, he could also see the weather of the purple fairy palace Mountain Gate outside the world.

Looking at the Tianyang region, ye Chen saw the whole Tianyang region, with white flags hanging everywhere and paper money floating everywhere. There were also many Taoists chanting sutras, blowing blows, burning incense, arranging rituals, and it seemed that a grand funeral was being held.

There are also many monks, dressed in chimera and with white belts wrapped around their arms, howling and recalling something.

Ye Chen pinched his fingers and immediately knew that after killing the Duobao emperor, he had shocked the whole purple fairy palace.

Duobao Tianjun died, and the moral Tianzun was furious and vowed to take revenge.

Nowadays, the righteous and evil sects under the command of Zihuang fairy palace have abandoned their past grievances, completely combined, and are in the charge of Chongyang immortal.

After the combination of righteous and evil sects, it was renamed as the "Temple of the holy fire", which was responsible for guarding the source of the fire.

The fire that was originally buried under the fire god world has been moved to the Tianyang region and enshrined in the holy fire temple.

The owner of the holy fire hall is the double ninth immortal, who is the guardian of the fire and is also honored as the "salary king" by the moral God.

The meaning of salary king is the successor of the fire, which is passed down from generation to generation.

Ye Chen deduces the secret of heaven, and faintly finds that there seems to be a gap between the moral God and the double ninth immortal!

Chapter 8827

This title of salary king is not the original intention of the moral God.

In fact, the moral God doesn't want to canonize anyone. He wants to occupy the fire forever, and he doesn't need others to replace him.

However, immortal Chongyang forced him with his identity, and finally forced the moral God to yield and canonize him as the king of wages, which means the successor of the fire.

Once the moral deity died, the fire was maintained by the Chongyang immortal and passed down from generation to generation.

Chongyang immortal has the future body, and his future body is the Supreme Master of the universe. In his identity, even the moral God, must give him enough courtesy.

Today, the double ninth immortal Jin Feng salary king, but the Tianyang domain, has not yet held a celebration ceremony.

Today's tianyangyu is not a celebration ceremony, but a funeral.

The funeral of Duobao Tianjun!

The strong men of the evil sect in the past are all under the command of Chongyang immortal.

The combination of evil sects and decent sects changed its name to the temple of the holy fire. Immortal Chongyang took charge of the main power of the temple and granted the salary king. The momentum is enormous.

"It turns out that so many great events have happened in the purple fairy palace."

Ye Chen thought deeply in his heart. For a moment, he couldn't see whether the future was a blessing or a curse.

After calming down, ye Chen converged on his inner thoughts. Now the most important thing is to recapture the Xuanshi Tianpan.

His divine consciousness was quietly released to spy on the whole Tianyang region.

Then, he saw that in the center of Tianyang domain, there was a sacred and magnificent hall, which was the temple of the holy fire.

On the square in the center of the temple of the holy fire, there is a huge white bone torch, in which there is a blazing fire, which is the fire.

As for the white bone torch, it is naturally the remains of Su nishang, the God of fire.

Ye Chen looked at the fire, and a crazy idea came out of his heart.

He wants to use the great wilderness to steal all the fire and torch!

However, the idea was only a flash, and ye Chen rejected it.

It's still too dangerous to steal kindling with his cultivation of the second floor of the heaven Xuan realm, and it can't be silent.

As long as he dares to steal, he will be immediately discovered by the double ninth immortal and the moral God, and the consequences are unimaginable.

"I can't steal the fire, or I can try to steal the Xuanshi Tianpan back."

Ye Chen thought, carefully comprehend and capture, and in the dark, he caught the breath of the mysterious heaven plate.

Ye Chen had never seen the magic weapon of Xuanshi Tianpan before, but it was given to Gu yongxiao by the God of thunder, and the smell of two people remained on it.

Therefore, ye Chen caught the location of Xuanshi Tianpan along this breath in an instant.

The mysterious celestial disk, which was a huge compass in shape, was buried under the ground.

At the bottom of Tianyang domain, there is an underground palace, and the Xuanshi Tianpan is the foundation of the underground palace.

When ye Chen's divine consciousness penetrated into the underground palace, he was surprised to find that above the Xuanshi heavenly plate, countless iron chains intertwined, bound and sealed a person.

It was a man as powerful as the God of war. When ye Chen looked carefully, he immediately recognized that it was the court guard of the former God of fire, the emperor of the war!

Previously, when ye Chen went to haotianyu, the territory of the ancestor god king, to seize the tablet of the God of heaven, he encountered the emperor of heaven robbery.

This God of war, who used to guard the God of fire, is very powerful.

The moral deity killed the God of fire to prove the truth, which made the emperor of the war hate it to the bone.

The emperor of heaven robbing war wanted to revenge on the moral God, but now, he was imprisoned here. Obviously, he failed to revenge and became a prisoner.

At the foot of the emperor of Jietian war is the Xuanshi heaven plate.

The Xuanshi heavenly disk shows a dark blue color. The whole compass magic weapon contains many illusions, which are constantly shuttle and intertwined like a dream.

The layers of illusion were released, but the eyes of the emperor of the war were as cold as mountains, and he seemed unmoved.

There are two elders, who are guarding the emperor of the war.

They all took whips with sharp spikes in their hands, and with a grim smile, they pulled down to the emperor of the war.

Under the flogging of the two elders, there were also strips of blood marks on the burly and strong body of the emperor of the war, which was shocking.

However, from beginning to end, the Emperor didn't hum, let alone plead for mercy.

"Rob the God of heaven, say quickly, where is the treasure of the God of fire!"

"Hey, hey, if you say it earlier, you'll get rid of it earlier."

The two elders, while flogging the emperor of the war, shouted.

Looking at their ferocious expressions, it is obvious that they are figures from evil sects. Now they are taken back to the holy fire temple and are responsible for guarding the emperor of the war of robbing heaven.

Moreover, they also want to interrogate the whereabouts of the Vulcan treasure from the mouth of the war emperor!

It is said that every deity in the age of nine gods has a treasure, which contains countless treasures.

Like the treasure of the God of rock, ye Chen has seen it. He also relies on the treasure of the God of rock to successfully repair the separation of green lotus. In addition, he has also obtained the seal of the golden Zhang God, and the harvest is not uncommon.

The treasure of Vulcan God is certainly of great value.

Under the torture of the two sect elders, the emperor of the war of heaven was still unmoved, silent as a mountain, and cold as a sculpture.

"No, right?"

I want to see how hard your bones are! "

"Xuanshi Tianpan, a vast expanse of everything, Qi!"

One of the two elders continued to torture and rob the emperor of heaven, while the other released aura and poured it into the Xuanshi heaven plate.

WOW!

The mysterious sky plate suddenly burst into a towering blue light, and the illusion breath was full.

Chapter 8828

With a dull snort, the originally calm and cold eyes suddenly became distorted and painful, and there was a huge emotional fluctuation, but I don't know what illusion he saw.

Ye Chen looked at this scene with no expression on his face.

He neither hated nor liked the emperor of heaven robbery.

"Dahuang steals the magic of heaven, steal it for me!"

Ye Chen's divine sense penetrated the void and shrouded the Xuanshi heaven plate. He directly performed the great wilderness sky stealing technique and began to steal.

Black void cracks appear silently around the Xuanshi sky plate.

Under the bright blue light from the Xuanshi Tianpan, the two sect elders did not find the existence of those void cracks.

A mysterious energy wave from the ancient times, with the breath of supreme theft, diffused from the cracks of the void, and penetrated into the whole mysterious heaven.

Ye Chen starts to steal. He wants to use the great wilderness to steal the sky and steal the whole Xuanshi sky plate!

Hum

The void around Ye Chen appeared an unusual shock.

Blue light spots, like fireflies, emerged and slowly converged behind him into the rudiment of a compass.

In an instant, a huge blue compass appeared behind Ye Chen, quietly suspended in the void.

That's the Xuanshi Tianpan!

Ye Chen used the great wilderness to steal the sky, and it took less than an incense time to steal the whole Xuanshi sky plate.

"Success!"

Ye Chen saw the Xuanshi Tianpan behind him, and his heart was also extremely excited.

He is becoming more and more skilled in the use of the great wilderness sky stealing technique. Although he can't steal the fire and the emperor's ancient clock, it's naturally easy to steal a mysterious sky dish.

In the underground palace, the two sect elders watched the Xuanshi Tianpan turn into a little blue light and dissipate.

"This is... What's going on?"

"Xuanshi Tianpan, how did it disappear?"

The two sect elders were stunned on the spot.

Then, they caught the mystery, and suddenly felt bad, and their faces changed greatly.

"It's the great wilderness stealing heaven!"

"Lord of reincarnation! Damn it, it's the boy of Lord of reincarnation who stole the Xuanshi Tianpan!"

"Hurry up!"

"If Xuanshi Tianpan is lost and immortal Chongyang blames it, it will be troublesome!"

The two evil sect elders were full of fear, and immediately locked the direction of the breath of heaven, tore the void, and chased Ye Chen.

In the underground palace, there is only one person left to rob heaven and fight the emperor.

He was still imprisoned by countless chains, but without the restriction of Xuanshi Tianpan, all the illusions in front of him dispersed, and the pressure was greatly reduced.

"Is that you?"

Lord of reincarnation... "

The emperor of the war of heaven murmured, and his eyes showed a trace of confusion.

.....

At the moment, ye Chen steals to Xuanshi Tianpan and immediately wants to leave.

But at this time, the void exploded, and the two evil sect elders had killed out of the underground palace and directly came to Ye Chen.

"Boy, how brave!"

"You killed Lord Duobao Tianjun, and dare to break into my territory of Zihuang fairy palace?"

The two sect elders, looking angry, immediately lit a talisman.

All of a sudden, the warning horn sounded everywhere in the whole sunny area.

Everywhere in the Tianyang region, all the strong men of decent and evil sects have insight into heaven's secrets. They know that ye Chen broke in and even wants to steal the Xuanshi Tianpan.

"Not good!"

Ye Chen's face changed when he saw that he was exposed.

This is Tianyang region, which is also the territory of Zihuang fairy palace. His activities here are greatly restricted by the earth's veins. If a battle breaks out, it will be extremely unfavorable.

Moreover, even if there are no restrictions, it is still too dangerous to face Chongyang immortal with his current strength.

After all, the double ninth immortal is a person with a future body. Although his superficial cultivation is only a quasi Immortal Emperor, he is actually much more powerful.

"Boy, die!"

The two evil sect elders, with their aura exploding, took the lead in shooting at Ye Chen, trying to suppress Ye Chen directly by relying on the advantage of the earth's Qi.

The furious limitless aura burst out from their palms and converged into two dragons, chopping down at Ye Chen in the air.

"The holy suitcase of the emperor of heaven, seal it for me!"

Seeing that the situation was critical, ye Chen had no time to think about it. He immediately sacrificed the Heavenly Emperor's spiritual trunk. The formula in his hand moved, and the Heavenly Emperor's spiritual trunk opened. The dark and destructive space inside emerged, and a terrible suction came out.

"Ah ah!"

The two elders were sucked into the spiritual trunk of the emperor of heaven, screamed, and were crushed into nothingness on the spot, not even the ashes of the robbery.

The holy chest of the emperor of heaven is the treasure inherited from the tomb palace, and it is the container for the book of reincarnation in the future. The killing power of the seal is extremely strong. Generally, monks in the boundless realm will only turn into nothingness if they are sucked into the holy chest of the Emperor of heaven.

The two sect elders, naturally, could not resist the power of the Heavenly Emperor's Lingxiang. As soon as they were sucked in, they were crushed and turned into nothingness on the spot.

"What terrible power!"

Ye Chen saw this, and his heart was also secretly impressed.

The power of the Heavenly Emperor's spirit chest is really terrible. I'm afraid even if the ancestor of the heavenly heart is sealed in, there is only a dead end.

Hiss hiss!

At this time, streamers of light came from all directions of the Tianyang region.

Ye Chen's breath has been completely exposed. Now the strong in the whole Tianyang domain, whether righteous or evil, are frantically chasing after him.

Ye Chen even felt the breath of the double ninth immortal behind him!

He wanted to tear the space away, but the void of the whole Tianyang domain was completely blocked, and it was difficult for him to break through for a time.

Chapter 8829

"No!"

Ye Chen's eyes sank and his thoughts turned. He immediately put away the Xuanshi sky plate, locked a coordinate in the distance, performed the great wilderness sky stealing technique, stole space, shrunk to an inch, and broke through the air.

The place he wants to go is the underground palace, where the emperor of heaven robbery is imprisoned!

Nowadays, the void in Tianyang domain is blocked, but ye Chen can break through the void briefly and shuttle in a blink by using the great wilderness to steal the sky.

Of course, such a blink can only be in a small range, with a maximum radius of thousands of miles.

The strong in the whole Tianyang region are chasing Ye Chen, and the most dangerous place is often the safest.

Ye Chen plans to go to the underground palace for shelter, and then wait for an opportunity to escape.

Hiss!

With the help of the great wilderness stealing heaven skill, ye Chen soon came to the underground palace and came to the emperor of heaven robbing war.

The emperor of Jietian war was bound and imprisoned by chains. His body was full of scars, but his expression was unyielding and cold.

At the beginning, ye Chen fought fiercely with him because of the competition for the tablet of the God of the heavenly king. Even in the end, ye Chen deceived him with a fake tablet of the God of the heavenly king. Unexpectedly, he would meet here today.

The two people looked at each other with silence.

"Lord of reincarnation, we meet again."

After a long silence, the emperor of the war of heaven took the lead in breaking the silence.

"Still hate us?"

Ye Chen asked.

Before that, the emperor of the war of heaven had a deep hatred for the reincarnation camp, and never recognized Ji Siqing, believing that she was a sinner and stole the orthodoxy of the God of fire.

Now, ye Chen sees his eyes indifferent, and seems to have no hatred of the past.

"I don't know. Maybe I don't hate it anymore. You can ascend to the mysterious realm of heaven. Your reincarnation camp may really be qualified to inherit the orthodoxy of Lord Vulcan."

Rob heaven and fight emperor road.

"I don't think we will let you down."

Ye Chen shrugged and smiled.

"Kill me."

The emperor suddenly said.

"What?"

Ye Chen doesn't know why.

"I feel the breath of Lord Vulcan. Her bones are here. I want to go with her."

"If I stay here again, I will only be tortured by the people in Zihuang fairy palace. They want to interrogate the whereabouts of the treasure of Lord Vulcan in my mouth."

"Hehe, in fact, my memory has been worn out too much, and I have forgotten the whereabouts of the treasure."

"I only remember that my mission is to protect Lord Vulcan. She is suffering from the burning seeds alone. It's time for me to go back and protect her."

There was endless desolation in the tone of Jietian Zhandi.

The holy fire temple is dedicated to kindling, and the container for kindling is made of the skeleton of the God of fire.

Now, what the emperor wants is to be free, end his life at the moment, and then return to the Vulcan God and continue to complete his mission of guarding.

Ye Chen listened to the words of the emperor of Jietian war and suddenly became silent.

"Go ahead and kill me."

The emperor said again.

Ye Chen was still silent and did not move.

The emperor of the war of heaven sighed and said, "then cut off the shackles for me."

Ye Chen thought for a moment and said, "OK!"

Pull out the reincarnation Heavenly Sword, and the light of the sword will cut off all the chains on the emperor of Jietian war.

These chains have prohibitions, but naturally it is not difficult for ye Chen.

After cutting off the chain, ye Chen subconsciously stepped back two steps and concentrated on alert.

Fortunately, however, after the emperor of the war of heaven was rescued, he didn't fight ye Chen. He still looked calm and said, "thank you."

This "thank you" said that his aura exploded, and with a wave of his hand, a halberd emerged from his palm.

Then, his blood and life burned violently, like a phoenix bathing in fire.

"Lord of reincarnation, thank you very much. I'm leaving. Lord Vulcan and I are waiting for you in the temple of the holy fire."

"I believe that one day, you can enter the temple of fire and take away the fire. It should be yours."

"Before I leave, I'll give you a gift. It's the crystallization of my martial arts all my life. We will meet again."

Accompanied by a rumble of burning sound, the body of the emperor of the war turned into ashes, and even the surrounding space was completely transpiration and distorted because of the intense heat he burned.

Under the distortion of space, a door of fire emerged, and the blazing flames continued to burn, just like ancient beasts roaring, shocking people.

There is also a red crystal, suspended in the void, in which the word "robbery" is branded.

This is the martial arts crystallization left by the emperor of Jietian war, which contains his lifelong martial arts perception.

This crystal slowly shoots into Ye Chen's eyebrows.

Ye Chen caught a breath of chance, and calmly stood in place to accept it.

PA!

In general, the crystal of martial arts was inlaid into Ye Chen's eyebrow heart, and immediately integrated with him. All kinds of martial arts feelings flooded into his heart.

The martial arts of the emperor of the war of robbing heaven is a word of "robbing", robbing all things in the world and turning them into their own use, which is very overbearing.

From a certain point of view, this martial art of robbing heaven is a little similar to the art of stealing heaven in the wilderness, but it is much more domineering.

The great wilderness steals heaven, is steals silently.

And Jietian Wudao is an unparalleled robbery, plundering, devouring and crushing, which is a very powerful and pure Taoist method.

Of course, from a comprehensive point of view, it is naturally that the great wilderness stealing is much more sophisticated. After all, everything in heaven and earth can be stolen.

Jietian Wudao is a kind of war method, killing, fighting, and pushing the stars across the world with the posture of dominating the world.

In those days, the war emperor robbed heaven and cultivated the martial arts of robbed heaven. He was the first guard under the God of fire. His power at the peak was very terrible.

Ye Chen inherited the crystallization of his martial arts. With the help of God, his aura exploded, and his cultivation improved a little. He was only one layer of window paper three days away from Tianxuan realm, and he was about to break through soon.

"Good, I'm breaking through again."

Ye Chen clenched his fist and felt the surging power in his body.

With the progress of cultivation, his sensitivity to the changes of aura around him became clearer.

He obviously felt that on the ground, in the center of the Tianyang domain, the magnificent temple of the holy fire was burning, emitting pure energy breath, which faintly resonated with his reincarnation blood.

"The fire source is indeed a part of my reincarnation blood..."

Ye Chen thought, and wanted to directly seize the fire and turn it into his own use.

But now, with his cultivation, he is obviously not qualified to touch the fire.

With a slight breath, ye Chen calmed down, looked at the door of fire in front of him, and strode in, ready to leave.

He has got the Xuanshi Tianpan. Next, it's time to go back to Gu yongxiao.

"Lord of reincarnation, since you are here, why are you in such a hurry?"

Just as ye Chen was about to leave, a powerful old voice was uploaded from jiutianzhi.

Click click!

At the next moment, the earth cracked and a crack opened.

The underground palace world where ye Chen is located is completely exposed, and the sun shines in, which is dazzling.

Chapter 8830

The door of fire in front of him was directly crushed by an invisible force, and the surrounding space was blocked, which was even stronger and extremely depressed.

Outside, the strong in all directions of the Tianyang domain are shooting like meteors, and countless powerful smells are suffocating.

In the blink of an eye, I don't know how many strong people appear in the outside world, vaguely surrounding Ye Chen.

Boom!

On the extremely high sky, the air turbulence, thunder roar, there is a dazzling star, which is the magic weapon of the double ninth immortal, the double ninth star!

Then, the figure of the double ninth immortal slowly descended from the sky star, next to his apprentice, fan Xingyan.

Today's Double Ninth immortal is the Lord of the holy fire hall, and has been canonized as the salary king. Once the moral God dies, he is the successor of the fire, and also the successor of the leader of the purple fairy palace.

The majestic, magnificent and invincible spirit of the Immortal Emperor burst on the double ninth immortal.

The former double ninth immortal can only have the strength of the Immortal Emperor level with the help of the future body.

But now, he doesn't need to rely on the future, and he has been promoted to Immortal Emperor himself.

The vast Immortal Emperor is majestic, blazing like the sun, enveloping the whole audience and depressing.

The eyes of immortal Chongyang looked directly at Ye Chen like two hot suns.

On one side, fan Xingyan, looking at Ye Chen, with a trace of pity in her eyes, gently pulled the sleeve of immortal Chongyang and shouted, "master..."

Now the situation is very dangerous. She doesn't want Ye Chen to have an accident.

Ye Chen's face sank when he saw the double ninth immortal appear.

He has got the Xuanshi Tianpan, but judging from the situation, I'm afraid it's not easy to leave.

Immortal Chongyang looked at Ye Chen, and then at fan Xingyan. Finally, he looked down at an old man in the holy fire temple and said, "elder Chen, come out."

The old man stepped out of the line and arched his hands and said, "I've seen Lord salary."

Today's Double Ninth immortal has many titles, including the Lord of the holy fire temple, the Lord of the future scattered gods, the former decent leader, the salary king, and so on.

Among these titles, the Lord of scattered gods is the most noble, but after all, it is the future.

Now, the most noble title is naturally the salary king, who is qualified to inherit the fire and hold the supreme power of Zihuang fairy palace.

Immortal Chongyang nodded and said to Ye Chen, "Lord of reincarnation, you have been kind to my disciple. I'll give you a chance. If you can defeat elder Chen in a incense burning time, you can leave today."

"Otherwise, you can stay and don't want to go out for the rest of your life."

The words fell, and the whole audience was in an uproar. Everyone's eyes focused on the elder Chen.

There are four elders in the holy fire hall, and elder Chen is one of them. He is wearing a sky blue Taoist robe and is full of immortal Qi. His cultivation has reached the peak of the quasi Immortal Emperor and is infinitely close to the Immortal Emperor.

Moreover, there are no time and space energy fluctuations in him.

He is not an ordinary quasi Immortal Emperor, but a quasi Immortal Emperor who understands a trace of no laws.

He is obviously the confidant of Chongyang immortal. He has been instructed by Chongyang immortal and is very powerful.

The elder Chen was also stunned when he heard the speech, and looked at Ye Chen.

Ye Chen has ascended to the realm of heaven and xuanjing, and he also killed Duobao Tianjun. His strength is earth shattering terror.

Elder Chen, even a strong man at the level of quasi Immortal Emperor, was not confident of defeating Ye Chen.

But he turned to think, "this is the Tianyang region. I have the advantage of earth and Qi. It is not impossible to suppress that boy."

"What's more, the salary king said that if I want that boy to beat me in one incense stick time, as long as I keep unbeaten and survive one incense stick time, I will win. Isn't that easy?"

Ye Chen's strength is too strong. Even if this elder Chen's cultivation is infinitely close to the Immortal Emperor, and even controls a little law energy without time and space, he has no confidence to defeat Ye Chen.

But now, as long as he holds on for a long time, he will win. He thought to himself that it was not difficult, and he could do it easily.

"A stick of incense..."

Ye Chen's eyes were cold. If he didn't limit the time, he was confident to kill any strong man at the level of quasi Immortal Emperor.

Looking at the whole real world, the only people who can suppress him are the legendary Immortal Emperor, which is a rare existence.

But now, if you limit the time of one incense stick, the situation will be much trickier.

It is not easy to defeat a quasi Immortal Emperor in one incense burning time.

"How?"

Or you can try to escape under my hand and see if you can escape. "

Immortal Chongyang looked at Ye Chen indifferently, and the time and space behind him cracked, faintly pouring down with or without energy.

Ye Chen's eyes narrowed. Immortal Chongyang could borrow the power of the future body. His divine power was extremely terrifying. He was even qualified to intimidate the moral God and get the title of salary king.

It's obviously not easy to escape under immortal Chongyang.

"Well, I'll challenge elder Chen."

Ye Chen shook his head, clenched the reincarnation Heavenly Sword, and arched his hand at elder Chen:

"Elder Chen, please."

This sound fell, and ye Chen didn't keep anything anymore. His aura burst out. If there was a flame burning in his eyes, he directly used the martial arts of robbing heaven.

Boom!

In a flash, ye Chen seemed to incarnate into a king who was powerful in the world, robbing everything, robbing everything, and being invincible.

The space-time of the heavens, countless auras, crazy to Ye Chen's body, majestic as the killing breath of the ancient god of war, shocking.
