

Physician 8831

Chapter 8831

All the strong people in the Tianyang domain felt Ye Chen's terrifying aura fluctuation, and they were surprised and scared, and retreated one after another.

At the moment, ye Chen, the terror of Reiki killing, can kill a strong man in ordinary immeasurable territory with one look.

"The Lord of reincarnation really deserves his reputation!"

Double Ninth immortal felt Ye Chen's breath fluctuation, and nodded with appreciation.

Ye Chen didn't speak, and his body slowly rose up, suspended in the air, staring at the elder Chen.

"Lord of reincarnation, I've heard of you for a long time. Today I'll learn your skill."

Elder Chen offered a sword, and the flying sword soared into the sky. The posture was quite free and easy, confronting Ye Chen in the air from a distance.

The spirit pressure of the quasi Immortal Emperor erupted from elder Chen and swept the wind and cloud.

Ye Chen was unmoved and thought, "it's not easy to defeat the quasi Immortal Emperor in one incense burning time. I must come up with the strongest killing moves."

Thinking like this, the sword in Ye Chen's hand was full of aura and filled with a breath of burying the world.

All kinds of magic methods of the great tomb sword passed in Ye Chen's heart.

Ye Chen has already practiced this thirty-three divine skill, the tenth terror sword technique, and he is going to directly perform it today.

"Eh?"

Feeling Ye Chen's sword Qi fluctuation, elder Chen showed a trace of surprise.

The double ninth immortal on the high sky also showed a little surprise and thought, "the sword of the tomb is a super first-class sword technique. When did this boy practice it?"

You know, even in wuwuwuspacetime, the Dagū divine sword is also a first-class sword technique, which can be said to be second only to Tiandou datu sword.

This sword technique has a very high threshold of cultivation. Once it is practiced, it can kill the heavens and bury time and space. Its power is extremely terrifying.

The double ninth immortal didn't expect that ye Chen had been trained into a great tomb sword.

Many of the strong people in the Tianyang region below were also stunned and shocked.

In fact, even ye Chen was very confused.

He can practice the sword of the great tomb because he is very familiar with this sword technique, as if he had practiced it.

Not in the past, but in the future.

The feeling of future swordsmanship was reflected in reality, so ye Chen suddenly understood this profound and mysterious swordsmanship.

"Big tomb sword, give me suppression!"

Ye Chen took a deep breath, and his aura completely gathered on the sword body. The terrifying smell of celestial burial erupted, as if he were burying the heavens and space.

Hiss!

The strong sword spirit of the celestial burial tomb, with the divine power of killing everything, fiercely chopped towards Chen Changlao in front of him.

When the sword was cut out, ye Chen's aura seemed to be evacuated, and the whole person fell into weakness and breathed heavily.

Although the great tomb divine sword is beneficial, the consumption of aura is also extremely terrible, and the body burden is great.

With Ye Chen's cultivation at the peak of the second level of heaven in the xuanjing realm, he can only use a sword, and he is unable to continue.

Boom!

The majestic and terrifying sword Qi broke through the void, buried the wind and cloud, and went to kill elder Chen.

Looking at this sword, elder Chen was stunned and completely dumbfounded.

This sword is so terrible, as if it is no longer a sword move, but a whole tomb, burying gods and demons, burying the graves of the stars.

Seeing this sword, everyone had an illusion in their hearts, as if they were going to be buried and swallowed.

"Zihuang heavenly sword cut!"

At the critical moment of life and death, Chen Changlao shouted violently, and the spirit of the quasi Immortal Emperor burst out. The long sword rushed out, and the purple sword light rose like a flame, and fiercely cut off the sword Qi towards Ye Chen's celestial burial tomb.

Elder Chen's sword is the unique sword technique of Zihuang fairy palace. The killing is very fierce.

Moreover, in this sword, he also mixed the energy of no time and space, with a faint fluctuation of causality.

This Law of cause and effect is that he fights with Ye Chen. He will win and ye Chen will lose!

Boom!

When the two swordsmanship collided, there was a huge bang and the air burst.

Ye Chen's sword Qi was like destroying the withered and decaying. God blocked and killed God, and Buddha blocked and killed Buddha. At once, elder Chen's sword power was crushed, and the sword Qi exploded forward like a dragon.

Elder Chen's Zihuang heavenly sword cut, even if mixed with the energy of the law of cause and effect, can't stop Ye Chen at all.

The sword of the great tomb erupted. Even the law of cause and effect can be buried, which is extremely terrifying and powerful.

Elder Chen couldn't resist Ye Chen's sword.

"No!"

Elder Chen sent out a frightened call, and saw the sword of the tomb, rushing like a sea, and drowning him in a flash.

The sword Qi of destruction tore, and elder Chen's body was torn to pieces by the great tomb sword on the spot, and then turned into robbery ashes in the rolling sword power, and dispersed with the wind.

silent.

Dead silence.

Seeing this scene, all the strong men in the Tianyang area were silent.

The double ninth immortal was also quite impolite and uttered an "ah" exclamation. Fan Xingyan, who was beside him, covered her mouth and shook her face.

Everyone thought that it must be difficult for ye Chen to defeat elder Chen in one incense burning time. Unexpectedly, he just killed elder Chen with one sword.

"The power of the great tomb sword is really terrible."

Ye Chen was gasping for breath. Looking at elder Chen, who had been extinguished, he was also very surprised.

He originally thought that there would be a fierce battle, and he couldn't think of a sword to solve the battle.

It can only be said that the power of the great tomb divine sword is really too terrible. Killing the quasi Immortal Emperor is also like chopping grass. Its lethality is unbelievably strong. It is worthy of the legendary thirty-three heaven divine skill, which is inherited from the heaven emperor's anti Heaven Sword technique.

However, the consumption of using this great tomb sword is also very huge.

At least now ye Chen, aura and physical strength, has been completely evacuated, and he is tired all over.

Now, any one of the strong players in the Tianyang domain can kill Ye Chen.

Of course, no one dared to come forward, and everyone was stunned by Ye Chen's terrible sword Qi of the celestial burial tomb just now.

Immortal Chongyang sighed and said, "Lord of reincarnation, you can go."

He was once a decent leader and now a salary king. Naturally, he will not break his promise.

Ye Chen can defeat elder Chen in a incense burning time and successfully complete the challenge. According to the agreement, now he can leave.

"Thank you."

Ye Chen took back the reincarnation Heavenly Sword, bowed his hand to the double ninth immortal, and immediately called the bleeding dragon.

The surrounding void blockade has been completely lifted.

Ye Chen was ready to resist the dragon and leave, but at this time, the sky suddenly shook, the purple flame burst, and a strong and invincible will of the Immortal Emperor came out.

"Double ninth, you can't let him leave!"

A sulky voice, loud and clear, resounded through the audience.

It turned out to be the voice of the moral God.

His will came to the realm of the sun.

"Master teacher."

Immortal Chongyang felt this will and saluted in awe.

"Double Ninth Festival, ye Chen, this boy, is a big trouble in my purple fairy palace. Kill him. This is a once-in-a-lifetime opportunity!"

The moral deity murmured.

Chapter 8832

"No, I can't break my promise."

Immortal Chongyang didn't even think about it and shook his head directly.

"Are you going to disobey my orders?"

The voice of the moral God became severe.

"Master, I have my own discretion. You don't have to worry."

"I've seen that in the future, the Lord of reincarnation will be killed by the goddess of heaven. This game of chess, we can just wait and see."

Immortal Chongyang lowered his eyebrows and hands, looking modest, but everyone could feel that his unyielding will, even the moral God, could not make him yield.

With a gentle wave of his hand, the immortal Chongyang suppressed the will of the moral God, making it impossible for him to appear in the Tianyang domain.

Later, the double ninth immortal said to Ye Chen, "hurry up, Lord of reincarnation, otherwise the master of palm education will do it himself, and you won't be able to leave."

Ye Chen said, "yes!"

He said goodbye to the double ninth immortal, and Yulong left, heading for the ancient fantasy world, while adjusting his breath to restore his aura.

"Master, I estimate that in seven days, we can completely devour the immortal keel. At that time, our dragon destiny star will be able to transform, break through and evolve in one fell swoop!"

The blood dragon carried Ye Chen back to the ancient fantasy world and said to him again.

"That's good."

Ye Chen smiled and looked forward to it. I don't know how powerful the dragon will be after the evolution of the destiny star.

All the way smoothly, ye Chen soon returned to the ancient fantasy world, and his aura was completely restored.

After he ascended to the mysterious realm of heaven, his physique and aura became extremely powerful.

Even if you use the great tomb sword, your aura and physical strength will be evacuated. After a short rest, you can recover.

Gu yongxiao was waiting for him between the mountains and rivers. Seeing that he came back, he felt the secret of heaven and was very happy in his heart. He said, "Lord of reincarnation, you are back."

Ye Chen arched his hand to Gu yongxiao, offered the Xuanshi Tianpan, and said with a smile, "elder, fortunately, I have brought back the Xuanshi Tianpan."

Gu yongxiao took over the Xuanshi Tianpan, and his eyes showed many complex emotions. He sighed and said, "I didn't expect that I would take back the Xuanshi Tianpan one day. This is my life magic weapon. With this magic weapon, I can keep my foundation and return to the peak in the future, which is also very possible."

He bit his fingertips, and a drop of blood fell into the mysterious sky.

In an instant, the whole compass burst into dazzling blue brilliance, as pure as the sky, and showed all kinds of illusions, as if the rainbow were intertwined, which was very magnificent.

Gu yongxiao's breath resonated with Xuanshi Tianpan, and his martial arts foundation quickly became solid.

Once he left the ancient fantasy world, his life was in danger.

Any strong man in the later stage of limitless realm can kill him.

But now, with the Xuanshi Tianpan, Gu yongxiao's martial arts are stable. Even the strong man at the Immortal Emperor level, it is not easy to kill him.

Ye Chen said, "senior, are you willing to leave the mountain?"

Gu yongxiao nodded and said, "naturally, I promised you."

"From then on, I will return to the reincarnation camp."

"Lord, I am willing to work for you and conspire to establish the great cause of reincarnation in heaven!"

"The order of reincarnation is the ultimate order, and it is also the only possibility to end the chaos of no time and space."

"In those days, the God of thunder also wanted to establish real order. I follow you, and I must be able to fulfill the last wish of the God of thunder."

Ye Chen said with a smile, "do you want to see the God of thunder?"

Ye Chen once saw the God of thunder and planted good causes. As long as he sincerely calls, it is possible to call the will of the God of thunder to come and let her meet Gu yongxiao.

Gu yongxiao listened to Ye Chen's words, and his heart was greatly shocked. He trembled, and his eyes showed guilt, cowardice, sadness, shame and many other expressions. Finally, he shook his head with a wry smile and said, "forget it, let's talk about it later."

Ye Chen knew that Gu yongxiao had not put down his inner hatred. He shrugged his shoulders and said, "OK."

Gu yongxiao said, "Lord, we need to leave quickly. The people of the Death Cult will come soon. They also want to invite me out of the mountain."

At this time, he surrendered to the reincarnation camp and called Ye Chen the Lord to show his respect.

Ye Chen felt a chill in his heart. If Gu yongxiao was robbed by the death cult, the consequences would be unimaginable.

Then he nodded and was ready to take Gu yongxiao away.

Now Gu yongxiao submits to the reincarnation camp. The reincarnation camp has a general, and there will be a big enemy in the future. This is naturally a great good thing. Ye Chen will never be disturbed by the death cult.

"Kill the emperor of heaven, how dare you betray my Death Cult and turn to the way of reincarnation?"

Suddenly, a solemn female voice sounded in the sky, and the magic gas burst around, and the red fog rolled.

A scarlet moon appeared in the sky.

In the red moon, a woman in a gauze dress with an incomparably enchanting figure and appearance, with an endless breath of authority, fell from the sky.

It turned out to be the fifth Dharma protector of the death cult, the red moon witch!

Code, red moon!

The fifth Dharma protector of the death cult is ten times stronger than the dusk giant. It is extremely powerful. Its code name is "Red Moon", also known as the red moon witch.

This red moon demon girl was actually born in response to Ren Feifan. Her goal is to kill Ren Feifan and end the blood moon with the red moon.

Ye Chen did not expect that the strong man of the death cult, as Gu yongxiao said, was actually the red moon demon girl.

Although under the limitation of the law of reality, the red moon demon girl who came down is not a real body, but a separate body, the pressure it emits is not trivial and shocking.

Chapter 8833

The "Killing Heavenly Emperor" in the mouth of the Red Moon Demon Girl is naturally Gu Yongxiao.

In the past, Gu Yongxiao was the master of the dark pavilion, the number one killer of Wuwu time and space, and his honorary title was the Emperor of Killing Heaven.

The Emperor of Heaven is known as the overlord of the timeless cultivation system, such as the Immortal Emperor of the Supreme World.

There are also strong and weak points between the Heavenly Emperor and the Heavenly Emperor.

The most powerful Heavenly Emperor, also called the Lord God, is like the Nine Gods Supreme, Tuodi Ancient God and so on.

At the peak of Gu Yongxiao's strength, he was the Emperor of Heaven. Although he couldn't compare with the Nine Gods Supreme, his divine might was also extremely terrifying.

Ninety percent of his cultivation base was washed away, and he left Wuwu Time and Space, and further declined, but no matter what, he used to be a powerhouse at the level of Heavenly Emperor, and he was in charge of the world's strongest illusion "Kaleidoscope Blood Eye". He has the possibility to rise again. .

The Death God Religion invited him because they saw his potential, and even sent the Crimson Moon Demon Girl to personally invite him.

The red moon demon girl came down, and seeing that Gu Yongxiao had followed Ye Chen, her enchanting eyes also shot out a sharp light with murderous intent.

Gu Yongxiao's face sank, and he said, "Red Moon Protector, thank you for your kind invitation from the Death God Religion, but I have decided to rely on Samsara. Please come back."

The red moon demon girl laughed and said: "I am ordered by the leader of Tianqi to condescend to ask you to come out of the mountain, but you still push three and four, do you really think that my death cult is easy to bully?"

"I tell you, you must come with me today, otherwise don't blame me for being ruthless!"

Hearing the threat of the Red Moon Demon Girl, Gu Yongxiao's face suddenly became extremely ugly.

Ye Chen smiled, took a step, and said to the red moon demon girl, "Senior Gu Yongxiao is a member of my reincarnation camp, do you want to dig a foot in the sect of the god of death?"

After saying this, Ye Chen drew out the Heavenly Sword of Samsara, and a simple war spear appeared behind him. The dragon was magnificent.

If the red moon demon girl wants to rob someone, Ye Chen will never give up, just a decisive battle.

This red moon demon girl is not the real body, but a clone. If it really fights, Ye Chen has the confidence to fight against it.

"You want to start with me?"

The red moon demon girl's eyes froze, her hair fluttering like a red moon infection, and it was constantly twisted, turning into all kinds of indescribable strange atmosphere, which made people suffocate.

Those strange sights, such as maggots twisting, poisonous snakes churning, mud falling, blood-colored hair growing blood-colored eyeballs, all kinds of evil and mysterious visions, are enough to scare ordinary cultivators in the Sky Profound Realm.

"How about doing it?"

Ye Chen's hand holding the sword, his blue veins protruded, his whole body was full of spiritual energy, and he was ready to shoot.

He wanted to see how powerful this Crimson Moon Demon Girl clone was.

"My lord, let me come."

Gu Yongxiao stopped Ye Chen, and took a step forward, fighting intent appeared in his eyes, and the atmosphere of Xuan Shi Tianpan appeared behind him.

In order to show his loyalty, he actually wanted to take the initiative.

"Gu Yongxiao, do you want to do it yourself?"

The red moon demon girl was very surprised: "You are the person that Tianqi sect master likes, I don't want to fight you, you don't know what's good or bad."

"As long as you submit to my Death God Religion, we can give you endless resources to restore your previous strength, and even revive Thunder God Tianzun!"

Restoring strength, or even resuscitating Thor Tianzun, is so tempting, Gu Yongxiao listened to his ears, but he was not moved at all, and said coldly: "No need!"

While speaking, he glanced at Ye Chen again, obviously saying that he believed in Ye Chen.

There is no need for the Reaper Religion, he follows Ye Chen, and he can restore his strength and revive Thor in the future.

"Stubborn, give me death!"

The Crimson Moon Demon Girl was instantly furious, her beautiful eyes surging with murderous aura, her hair fluttering and bursting, each strand of hair was like the tentacles of a devil, like a strange poisonous snake, breaking the air and killing Gu Yongxiao.

She knows that Gu Yongxiao's illusion is powerful, and this is the ancient illusion world. The latter occupies the right time and place. She is just a clone. If you want to win, you must have a thunder tentacle, and immediately kill the opponent before the illusion is used.

If you can't get it, kill it!

Chi Chi Chi!

I saw countless strands of red moon hair, smashing through the void, almost in an instant, before Gu Yongxiao.

"not good!"

Ye Chen's face changed slightly, and he wanted to help, but Gu Yongxiao waved his hand, indicating that Ye Chen didn't need to worry.

"Respected lord, this red moon demon girl is just a clone, it can't hurt me!"

When the voice fell, Gu Yongxiao swung his sword out, and his spiritual energy resonated with the Xuanshi Tianpan behind him.

boom!

Violent purple thunder light exploded on his sword. With one sword, he wrapped the thunder, and the force was like an explosion. With just one sword, all the hairs shot by the red moon demon girl were cut off.

"what!"

The Crimson Moon Demon Girl retreated in horror, but she did not expect that Gu Yongxiao was not only an illusionist, but also not weak in martial arts.

"Very good, very good, but I underestimated you. You were the pavilion master of the dark pavilion and the number one killer. I thought you were only good at illusions. It turns out that the martial arts are also first-class, and it seems that you have obtained the inheritance of Thor."

The red moon demon goddess became serious and did not dare to be careless any more. The demonic energy behind her floated, and the billowing demonic energy turned into a volume of secret tome. It was the dark divine tome of the Death God Religion, and it contained the supreme dark energy.

boom!

The Dark God Tome unfolded, and the monstrous demonic energy burst and gathered on the body of the Red Moon Demon Girl. She seemed to be wearing a black gauze, which further outlined her enchanting and plump figure.

Chapter 8834

"Kaleidoscope blood eye, open!"

Gu Yongxiao saw the red moon demon girl unfold the dark divine tome, and immediately performed the illusion without hesitation.

His eyes suddenly turned blood red, and a kaleidoscope of weather appeared in his pupils, and all kinds of illusions were intertwined, very strange.

Ye Chen stood behind Gu Yongxiao, and saw the surrounding sky, which was also cut into pieces, like pieces of mirrors. Countless mirrors were intertwined, and they also changed into a kaleidoscope, which was magnificent and spectacular.

From those mirrors, Ye Chen saw countless illusions, the killing of Apocalypse Supreme, the killing of witches, and even the killing of the ancient sea king Demon Venerable, the killing of Rock God Tianzun, etc., all related to the Religion of Death.

These pictures are all illusions, but they are intertwined with the time line of the past, the time line of the present, and the time line of the future.

Seeing Gu Yongxiao's eyes, the red moon demon girl suddenly fell into countless illusions, as if she had fallen into a kaleidoscope world.

Gu Yongxiao's illusion is the strongest illusion in the world, it is called the kaleidoscope blood eye, when the eye is opened, the sky-defying illusion is created, enough to make the emperor and the gods fall into it, unable to escape, and can only be tortured by endless illusions. lethal.

Ye Chen had personally experienced it. The illusion was indeed terrifying, and it could even be transformed into Ren Feifei's image, and let him kill Ren Feihan with his own hands in the illusion.

Although he knew it was an illusion, Ye Chen still had lingering fears when he recalled it at the moment, and his heart was shaken for a while.

He slashed all the shackles, and the Martial Ancestor's Taoism was firm, but even so, in the face of Gu Yongxiao's sky-defying illusion, his Taoism was shaken, let alone an ordinary person.

Looking at the red moon demon girl, her body was stiff and her expression was sluggish, she was obviously trapped in an illusion, suffering from all kinds of slaughter and torture, and she couldn't escape at all.

It seems that an era has passed, and it seems that it is only a moment in the past, Gu Yongxiao put away his bloody eyes, his eyes returned to normal, and the kaleidoscope of atmosphere also dissipated.

The pieces of lenses suspended in the void were all shattered.

"Pfft!"

The Red Moon Demon Girl spit out a mouthful of blood, her body fell to her knees, her eyes slackened for a while, and then she regained her radiance. She finally got out of the illusion, woke up, and gasped for breath.

"Go away, I am determined to follow the reincarnation, and I will never join your Death God Religion!"

Gu Yongxiao stared at the Red Moon Demon Girl and said coldly.

On the face of the red moon demon girl, there was a huge shock and anger, and she said: "Kaleidoscope blood eye, the most powerful illusion in the world according to legend, it is really extraordinary!"

"However, if you dare to rebel against the will of my Reaper Order, you will regret it!"

"Wait for the leader of the Apocalypse, to revive the god of death, that is the day of your reincarnation camp's demise!"

After all, the Red Moon Demon Girl turned and flew away with extreme unwillingness.

Gu Yongxiao didn't chase, and Ye Chen didn't do anything.

After all, that Crimson Moon Demon Girl is just a clone, and it is useless to kill her.

After the Red Moon Demon Girl left, Gu Yongxiao's face suddenly paled, and he also fell to his knees, looking weak and panting.

"Senior, how is it?"

Ye Chen was taken aback and quickly helped Gu Yongxiao up.

"It's okay, it's just too much spiritual energy consumption, just take a rest."

Gu Yongxiao waved his hand: "The red moon demon girl, after all, is a powerhouse with no time and space. I use the kaleidoscope blood eye to suppress her. It is not an easy task, and my burden is also extremely heavy."

"Fortunately, their Death God Religion Group has been busy with the Demon Ancestor Wutian recently, vying for the power of the Death God. There are many strong people who can't get away."

"Otherwise, with a few more people, we won't be able to support it any longer."

Ye Chen froze in his heart, and remembered the layout of the night mother Feng Yuying again.

"Girl Yuying returned Mozu Wutian's heart, is it really that the advantages outweigh the disadvantages?"

Now that the Demon Ancestor has no heaven, he has regained his heart, and his physical body has recovered to perfection.

If not, he would not be able to compete with the entire Death God Religion for the authority of the Death God by himself.

"Respected lord, the situation in the future is very dangerous. You only have the cultivation of the second layer of the Sky Profound Realm, which is far from enough. We must improve our strength as soon as possible."

Gu Yongxiao Road.

"What does the senior have to teach you?"

Ye Chen asked quickly.

"The most urgent task is to collect the monument as soon as possible, and I can help you deal with the ancestors of Tianxin."

Gu Yongxiao pondered for a while, then said.

He also knew the importance of the stele. If Ye Chen could conquer the stele, the blood of reincarnation would be restored to perfection, and the power would be absolutely earth-shattering.

"Senior, can you use your illusion to kill the ancestor of Tianxin?"

Ye Chen asked.

"Ancestor Tianxin has a stele in his hand. It's not that easy to kill him by illusion. After all, my strength is far worse than when I was at the peak."

"If you really want to kill the ancestor of Tianxin, you still have to rely on you to take action."

Gu Yongxiao Road.

Ye Chen was silent, killing the ancestor of Tianxin was indeed much more difficult than he imagined.

In fact, when Ren Feihan revised the past, all the flails were cut off, and his strength broke through against the sky. At that time, the ancestor of Tianxin was almost killed.

However, because Ye Chunjun, the ancestor of the Ye family, took refuge in the ancestor of Tianxin, and finally relied on Ye Chunjun's breath of reincarnation, the ancestor of Tianxin also escaped death by luck, and is still Ye Chen's confidant.

"I wonder if your lord has heard of the reincarnation of the stars?"

Gu Yongxiao asked.

Chapter 8835

"what?"

Ye Chen was at a loss.

"The reincarnation star is the day of belief in reincarnation. Every master of reincarnation will hold a ceremony on the reincarnation star to obtain luck and blessings in the name of the monument of reincarnation."

"I calculate the date. After seven days, it will be the reincarnation star that will be once a long time. Now this day is not too important to you, because your luck is already very majestic, and you don't need to rely on the reincarnation star. be blessed."

"But no matter what, it is an important festival of reincarnation after all. If you can spend it successfully, it will also benefit a lot."

"When the reincarnation stars come, the ten reincarnation monuments will all feel something."

"You don't need the blessings of the reincarnation stars, but I think the ancestor of Tianxin, he needs it."

"He doesn't have a real physical body, just a spiritual body. If he can survive the reincarnation of the stars, he can obtain blessings and obtain a physical body."

Gu Yongxiao unfolded the Xuanshi Tianpan and kept deducing it.

This Xuanshi Tianpan has many wonderful uses. It is not only the foundation of his martial arts, but also the storage treasure of his illusions. It can also be used to deduce the secrets of the sky.

Relying on this Xuanshi Tianpan, Gu Yongxiao has already calculated many future fates.

Seven days later, it will be the day of the reincarnation of the stars.

This day is not too important for Ye Chen at the moment, because he made breakthroughs too fast, progressed too fast, and his luck improved too fast. none.

But for the ancestors of Tianxin, this day is too important, and it is the key to obtaining blessings and casting the flesh.

The ancestors of Tianxin have no real physical body, and many wonderful methods of Tianbei cannot be used.

At the beginning, he took great pains to compete with Ye Chen for the holy method of green lotus casting, in order to cast the flesh, ascend to the sky in one step, and achieve the unparalleled green lotus holy body.

However, he failed.

Today's ancestor of Tianxin, if he wants to forge a physical body, he can only rely on the blessings of the reincarnation stars.

"Senior, do you want to say that we plan ahead, and when the reincarnation stars come, we will kill the ancestors of Tianxin in one fell swoop?"

Ye Chen's eyes lit up and said.

"Yes, when the reincarnation stars come, I want the ancestors of the heart to be unable to fly!"

In Gu Yongxiao's eyes, there is a strong murderous intention. The former dark pavilion pavilion master has no time and space. Now, the last page of the heavenly book of annihilation in the world is in Ye Chen's hands.

Moreover, after the explosion of the Book of Reincarnation that year, the remaining robbery ashes were all in Ye Chen's hands.

Chapter 8836

He devoured the bones of the Immortal Zunlong, and inherited many of the Immortal Zunlong's insights.

Back then, the Immortal Zunlong tried to refine the Heavenly Tome of Desolation. Although it failed, the comprehension of the Heavenly Tome of Desolation was extremely deep.

This enlightenment, Ye Chen has already inherited, and now he wants to control that page of the Book of Destruction, and the ashes of the Book of Destruction, which is naturally easy.

With a thought, Ye Chen restrained all the weather of Longteng Mingxing, and the blood dragon also returned to his body.

At this moment, Ye Chen only felt that his whole body was full of energy and energy, as if he could push all enemies in the world horizontally, and he was invincible across the world.

In this world, there are not many people who can threaten him.

Of course, those who could threaten his existence were very fatal, and he did not dare to despise them in the slightest.

"Your Highness, congratulations on the breakthrough."

At this time, Gu Yongxiao's figure flew from afar, bowed and bowed to Ye Chen, congratulating him on his breakthrough in cultivation.

"Senior, is today the day of the reincarnation of the stars?"

Ye Chen asked.

"Yes, you can feel it when you call out the Reincarnation Profound Monument."

Gu Yongxiao Road.

Ye Chen nodded, and immediately summoned all the nine reincarnation monuments in his body.

hum!

The nine reincarnation monuments vibrated in unison, blooming with dazzling splendor, faintly resonating with some kind of power in distant time and space.

In an instant, Ye Chen felt that the nine reincarnation monuments all pointed to the same place.

Under the insight of Tianji, Ye Chen instantly discovered that the place was actually in Yuhuang Tianjie, and it was also the highest peak in Yuhuang Tianjie, leading to Wushen Mountain!

"Yinwu Shenshan, is the place where Yuhuang Ancient Emperor will soar in the future?"

Ye Chen's eyes moved, and he also felt the mystery of the Wushen Mountain.

It is said that a long, long time ago, Emperor Yu was ready to prove the Tao.

That Yinwushen Mountain is said to be able to lead people to Wuwu time and space. Over the years, Yuhuang Ancient Emperor has accumulated countless treasures of heaven and earth in Yinwu God Mountain to improve his luck and fortune.

That place is also the forbidden area of Yuhuang Tianjie, and it is the place where the Wanxu Temple strictly prohibits people from stepping into it.

Ye Chen didn't expect that the place guided by the breath of the nine reincarnation monuments turned out to be Yinwu Mountain, which was the place where Yuhuang Ancient Emperor regarded it as the lifeblood, and the gathering place of the spiritual energy of the earth's veins in the Taishang world.

"Yinwu Shenshan, it seems that the place where the blessings of the reincarnation of the stars come, is there."

Gu Yongxiao stared at Ye Chen, and also spied the secret.

The reincarnation of the stars is once every hundred years, and blessings will come down every time.

This year's blessing location is Yinwu Mountain.

If you want to get blessings, you have to go to Yinwu Mountain and wait.

"The place of blessing is actually in the territory of Emperor Yu, that's tricky."

Ye Chen frowned, Yinwu Mountain is the core forbidden area of the Wanxu Temple. Not only are there many restrictions on the periphery, but there are countless powerhouses stationed there. If you want to break through, it will not be easy.

The blessing of the reincarnation of the stars is actually of little use to Ye Chen, because his luck is too strong, and ordinary blessings are useless to him.

If it was an ordinary time, Ye Chen would never take the risk and step into the territory of Emperor Yu Huang.

But this time, Ye Chen faintly felt that the ancestor of Tianxin could not miss this opportunity.

The blessing of the reincarnation of the stars, the ancestor of Tianxin will never miss it, that is his hope of casting the flesh.

"Respected lord, we can sneak into Yuhuang Tianjie quietly, don't scare the snake, wait for the ancestors of Tianxin and Wanxu Temple to fight with each other, and then we will sit and reap the benefits."

Gu Yongxiao suggested that he also saw that the ancestor of Tianxin would definitely go to the Wushen Mountain, which is the forbidden place of the Wanxu Temple.

Emperor Yuhuang would never allow it. Ancestor Tianxin breaking into his forbidden area would be like stepping into his heart with one foot, and he would never accept it.

Once the ancestor of Tianxin competes with the ancient emperor Yuhuang, then Ye Chen's opportunity will come.

"Can the ancestor of Tianxin beat the ancient emperor Yu Huang?"

Ye Chen changed his mind and thought of this question again.

Yuhuang Tianjie, after all, is the territory of Yuhuang Ancient Emperor. In that place, Yuhuang Ancient Emperor is an invincible existence, and no one can beat him.

"Relax, venerable lord, you broke through the Sky Profound Realm before, Yuhuang Ancient Emperor was severely injured by Feifei Immortal Emperor, and he is still injured, and it is impossible to suppress Tianxin Ancestor. If the two sides tear their faces, it is estimated that both sides will suffer."

Gu Yongxiao Road.

Ye Chen thought the same thing, when he attacked the Sky Profound Realm, Ren Feifei made a big difference, modified the past, cut off all the flails, and severely damaged the ancient emperor Yuhuang with one sword.

Today's Yuhuang Ancient Emperor is estimated to be still healing, and even if he relies on the earth's veins and luck of Yuhuang Tianjie, it is probably difficult to kill Tianxin's ancestors.

The decisive battle between the two is mostly the end of the jade and the stone, and Ye Chen can completely reap the profit.

"Okay, senior, we will go to Yuhuang Tianjie, but we must not disturb others."

Ye Chen's eyes flashed, and he also decided.

Although Emperor Yu's Heavenly Realm is dangerous, no matter what, he has to go for it. If it goes well, he will be able to kill the ancestor of Tianxin in one fell swoop and capture the Heavenly Monument.

"Please rest assured, Lord, I control the strongest illusion in the world. With my illusion techniques, as long as we don't expose our breath, even if Emperor Yu Huang stood in front of us, he might not be able to find us."

Gu Yongxiao Road.

"it is good!"

Ye Chen nodded, feeling both nervous and excited.

After everything was negotiated, Ye Chen took Gu Yongxiao, directly tore the void, broke through the numerous spaces, and went directly to Yuhuang Tianjie.

Chapter 8837

Ye Xie Shen, Xuan Hanyu, Wu Yao, Ji Siqing and others, as well as the night mother Feng Yuying, stayed in the Xingyue Realm to guard against unexpected events.

The enemies that the Samsara camp is now facing, even including the powerful beings that have no time and space, if not for them, I am afraid that the entire Xingyue Realm will be destroyed.

...

Ye Chen and Gu Yongxiao broke through the void and came outside Yuhuang Tianjie.

At a glance, Ye Chen saw that the defense of Yuhuang Tianjie was much tighter than before. There were patrolling powerhouses everywhere, as well as many guardian beasts, guardian stone sculptures, fighting puppets, etc. The weather was very spectacular. .

Such a tight defense is due to the fact that Emperor Yu Huang was injured and needs to be heavily guarded.

Second, because today is the day of reincarnation, the blessings of reincarnation will appear in Yinwu Mountain, so strict protection is required.

Many of the powerhouses defending and patrolling actually do not know the mystery of Reincarnation Xingri. They only feel that there are unusual fluctuations in the aura of good fortune on the side of Yinwu Mountain, which is disturbing.

Everyone can feel that today's day seems to be different from the past.

Seeing such a tight defense, Ye Chen also felt a little tricky, and glanced at Gu Yongxiao.

Gu Yongxiao calmed down and said, "Respected lord, let's go in."

After speaking, he changed his body and turned into a crow and flew forward.

Ye Chen was taken aback, and when he looked carefully, he saw that the crow transformed by Gu Yongxiao was actually just an illusion, and his body had not changed.

But under the cover of the illusion, no one except Ye Chen could see the existence of his body.

Ye Chen looked down and found that he was also shrouded in illusion and turned into a crow.

He fluttered his wings and flew into the Yuhuang Heaven Realm with Gu Yongxiao.

It has to be said that Gu Yongxiao's illusion is indeed incomparably subtle, and it is simply overshadowing the sky.

The two crows flew through the layers of the Wanxu powerhouse defense, without disturbing anyone.

Those powerful people in Wanxu didn't find anything different about Ye Chen and Gu Yongxiao.

The two easily broke through the defense and flew into the Yuhuang Heavenly Realm. From a distance, they could see the end of the Heavenly Realm. There was a majestic mountain, which was the highest peak in the Heavenly Realm.

At ordinary times, Yinwu Mountain is shrouded in countless restrictions, and outsiders can't see it at all.

Before Ye Chen came to Yuhuang Tianjie, he never saw this mountain.

But today is the day of reincarnation, and the blessing of reincarnation will appear in Yinwu Mountain.

The atmosphere of the Wushen Mountain also emerged.

It is a huge and majestic peak, the clouds are steaming, the runes are lingering, the atmospheric transport energy is floating, countless fairy beasts and birds are flying around the mountain, waterfalls are hanging upside down, ancient trees are towering, lush green, capture the creation of heaven and earth, invade the sun and moon Xuanji, Zhong Lingyuxiu, seems to have gathered the most intense essence in the world, which is shocking.

Ye Chen and Gu Yongxiao landed in a secluded place, returned to human form, and looked at the Yinwu Mountain from a distance.

"Honored lord, let's wait a moment, the ancestor of Tianxin should be here soon."

Gu Yongxiao Road.

Ye Chen gave a "hmm" and waited in place, watching the changes.

In less than a moment, outside Yuhuang Tianjie, there was a majestic wave of spiritual energy, which was the coercion of the Immortal Emperor.

Feeling this coercion, all the Wanxu powerhouses guarding the heavenly realm showed great shock and fear.

I saw the aura of the sky burst, and a figure stepped through the void and descended, it was the ancestor of Tianxin.

Behind the ancestor of Tianxin, another old man followed. It was Ye Chunjun, the ancestor of the Ye family in the past, and now he is the servant of the ancestor of Tianxin.

Ye Chen and Gu Yongxiao released their divine senses. Seeing this scene from a distance, they all cried out in their hearts:

"Ancestor Tianxin is here!"

Previously in the Immortal Kingdom of God, Ye Chen borrowed the power of the Rock God Tianzun to activate the Jinzhang Divine Seal and severely inflict heavy damage on the ancestor of Tianxin.

But at this moment, looking at the calm appearance of Tianxin Ancestor, he obviously recovered completely.

With the Heaven Stele, his recovery ability is even stronger than Ye Chen!

The appearance of the ancestors of Tianxin made the entire Wanxu Temple, and even the entire Yuhuang Heavenly Realm, like a formidable enemy.

Powerhouses from all sides rushed over from all directions.

Ancestor Tianxin looked around and saw this scene, but he was not in a hurry and said with a smile:
"Where is the ancient emperor of Yuhuang?"

Call him out to meet me. "

These words were very rude and arrogant, but no one in the audience dared to speak out against it, everyone was silent and only focused on alertness.

Whoa!

After a while, there was a stream of ice and snow coming from the gate of Wanxu Temple, and a beautiful ice and snow woman came down, with an ancient ice cloud lantern suspended behind her, it was Yuhuang Aoxue.

Immediately afterwards, two more figures flew over and followed behind Yuhuang Aoxue.

One of them is Yu Huangye, Ye Chen's former apprentice.

The other person is actually Futu Xuan, a strong man from time and space, one of the ten guardian Yaksas of Tuo Di Tianzong, and the master of the Taoist book "Wu Ji Tian Xia".

Ye Chen saw Yu Huangye from a distance, and when he saw his gaze, he always lingered on Yu Huang Aoxue's delicate body, with infinite nostalgia, he couldn't help but sigh.

He never imagined that his apprentice would betray him because of a woman.

In this world, the most difficult thing to break is love.

"Your Highness, is that your apprentice?"

Gu Yongxiao also saw some clues, and under the insight of Tianji, he felt a little strange.

Ye Chen was silent, just nodded.

"Do you want me to kill him for you?"

Gu Yongxiao asked again, with sharp murderous intent in his eyes, and his face as ruthless and cold as a sculpture.

Ye Chen was stunned for a moment, nodded, and shook his head again.

Gu Yongxiao was silent and stopped talking.

I saw the sky over there, the ancestor of Tianxin stood proudly, facing Yu Huang Aoxue, Futu Xuan, Yu Huangye and others, without the slightest fear, said indifferently: "Yu Huang Aoxue, where is your foster father?"

Emperor Yu Aoxue said calmly: "Foster father was seriously injured, and he is still recuperating now. I don't know if the ancestor of Tianxin is here, why is he so precious?"

Ancestor Tianxin laughed, pointed to Yinwu Shenshan in the distance, and said, "You Yuhuang Heavenly Realm, there will be a good fortune coming, that good fortune is useless to you, but it is very important to me."

"I want to go to that mountain and take the chance, you all get out of the way."

These words are even more arrogant, and they don't take Wanxu Temple in their eyes.

Many of the powerhouses in the Wanxu Temple were all furious, and many people sacrificed weapons and magic weapons, ready to do it at any time.

No matter how powerful the ancestor of Tianxin is, he is only alone. Even if Ye Chunjun is added, it is absolutely impossible to fight against the entire Wanxu Temple.

If he dares to push hard, there is only one way to die.

Chapter 8838

The ancestor of Tianxin obviously knew this, but he didn't speak politely, he was extremely arrogant and presumptuous, obviously he was confident that he had the stele in hand and was not afraid of anyone.

Yuhuang Aoxue's beautiful eyes narrowed, looked at Yinwushen Mountain, and then looked at Tianxin Patriarch, and said: "Sorry, Tianxin Patriarch, that Yinwushen Mountain is a forbidden place for my Wanxu, except for my adoptive father, No one is allowed to approach, and I can't let you go."

Ancestor Tianxin said coldly, "What if I want to go there?"

Yu Huang Aoxue's eyes froze and said, "Then I have to offend me."

When her voice fell, all the surrounding Wanxu Temple powerhouses were overwhelming, densely packed, all roared and surrounded the ancestors of Tianxin.

As long as she gave an order, all the powerhouses of Wanxu shot, enough to smash the ancestors of Tianxin into ten thousand pieces.

Of course, doing so would come at a price.

The ancestor of Tianxin is in charge of the Tianxin. Even if he is killed, the power he has is enough to destroy most of the Wanxu Temple.

At that time, even if the Temple of Ten Thousand Ruins gets the Heaven Stele, it will not be able to hold it, and it will only be a wedding dress for others.

But no matter what, Yuhuang Aoxue can't let Tianxin ancestors enter, otherwise, what will the face of Wanxu Temple be?

What's more, that Yinwu Mountain is so important, if the spiritual energy is disturbed by the ancestors of Tianxin, it will be extremely troublesome.

"Hehe, that's to tear your face off?"

"I have no intention of fighting with you Wanxu, as long as you let me in, I will only take a chance."

"After it's done, I can give you a Heaven Tablet Pill."

Ancestor Tianxin flipped the palm of his hand, and an ancient elixir appeared in the palm of his hand. The special rune of the Tianxin tablet was engraved on it, and the spiritual energy was extremely abundant.

Emperor Yu Aoxue saw this Heavenly Tablet Pill, and his eyes moved slightly.

Ancestor Tianxin said: "This stele pill contains the spiritual energy of the stele, which can help the ancient emperor Yu Huang to heal his wounds. As long as you put me in, this pill will be yours."

Although his temper is arrogant, he is not stupid. If he can negotiate properly to enter, he naturally doesn't want to die.

After all, this is the site of Wanxu, and if we really want to fight, there will only be a lose-lose end.

Seeing the medicinal pill of the ancestor of Tianxin, the powerhouses of Wanxu suddenly burst into commotion.

Yuhuang Aoxue was also a little hesitant, unsure of what to do.

At this time, Buddha Xuan approached her and whispered a few words.

Yu Huang Aoxue's eyes lit up, nodded, and said to the ancestor of Tianxin: "Ancestor Tianxin, how about we set up a battle?"

Ancestor Tianxin said, "What kind of battle?"

Yuhuang Aoxue said: "If you take action, I will take you three moves. If you can defeat me within three moves, I will let you in."

"If you lose, you leave immediately."

"But, no matter whether you win or lose, you must give me your Heavenly Tablet Pill."

Hearing this, the ancestor of Tianxin laughed and said: "Little girl does not know how high the sky is, do you think you are the master of reincarnation?"

With your strength alone, if you take my three moves, you will surely die. "

Yuhuang Aoxue raised his chest, with a proud posture, he threw out a long sword in his hand, and the ancient Bingyun lantern behind him urged him, "Then you can do it, if you can really kill me, then it's because I'm not as good as others. , Wanxu will not avenge you, you can go in and take your chance."

The ancestor of Tianxin laughed and said: "Okay, very good! Little girl, you have the demeanor of the Ice God Tianzun back then, and I will discuss with you. Whether it is a victory or a defeat, I will give you the Heaven Tablet Pill."

After all, the ancestor of Tianxin drew a sword and threw the Tianstele Pill in his hand directly to Yuhuang Aoxue.

Emperor Yu Aoxue took the Heaven Tablet Pill, and seeing him speak so well, he didn't think it was different.

Because she knew that this celestial tablet contains countless traces of cause and effect from the stele. If Emperor Yu Huang really took it, even if he could heal his wounds quickly, it would definitely be planted with cause and effect, and there would be endless trouble in the future.

However, she believed that Yuhuang Ancient Emperor must have a solution, and immediately handed over the Tianstele Pill to Yuhuangye, asking: "Take it to my foster father."

When Yu Huangye listened to Yu Huang Aoxue's instructions, it was as if he could hear the sounds of heaven, his whole body trembled, and he nodded respectfully: "Yes, Miss Aoxue!"

Immediately, he took the Tianbei Pill and turned to leave.

Ancestor Tianxin smiled slightly and thought to himself, "If Yuhuang Ancient Emperor really dared to eat my pill, and I planted countless traces of karma, he would be in trouble in the future."

Yuhuang Aoxue held the long sword diagonally, confronted the ancestor Tianxin from a distance, and said, "Ancestor Tianxin, please."

The ancestor of Tianxin held the sword in his hand and smiled: "Okay, let me see if you, the descendant of the ice god, are qualified to take my three moves!"

The battle between the two is imminent.

Ye Chen and Gu Yongxiao saw this scene from a distance.

Gu Yongxiao said: "Respected lord, it's time, let's go to the Wushen Mountain immediately, set up a large array of traps, and wait for the old ancestor to step in that day."

Ye Chen said: "I'm afraid he won't be able to get in."

Gu Yongxiao said: "No, the ancestor of Tianxin has a fierce temper. No matter what, he will rush in at any cost."

"He is a heavenly tablet spirit body. It is too difficult and too difficult to cast a physical body. Without the Qinglian casting holy method, he can only rely on the blessings of the reincarnation stars. If he misses today, he will have to wait another hundred years."

Ye Chen nodded and said, "Okay, then we'll go to lead Wushen Mountain."

At the moment, Ye Chen and Gu Yongxiao turned into crows again and flew towards Yinwu Mountain.

The change of this crow is naturally an illusion.

Chapter 8839

Flying all the way through the sky, the two soon came to the end of Yuhuang Tianjie, the majestic and tall Yinwu Shenshan appeared in front of them at close range, and the scene of all kinds of immortal energy gushing out, clouds steaming and clouds, was refreshing.

I saw that outside Yinwu Mountain, there were layers of forbidden runes surrounding it.

These prohibitions converged into a huge eggshell, covering the entire Yinwu Mountain.

On the periphery of Yinwu Mountain, there are also strong men wearing heavy armor, guarding, and there are many battle puppets, rune puppets, boulder puppets, etc., all of which are guarding the mountain and flying. Yes, the defense is very tight.

Ye Chen and Gu Yongxiao, incarnated as crows, flew out of Yinwu Mountain without a sound, without attracting the attention of those guards.

"Hey, it's actually him."

Suddenly, Gu Yongxiao made a sound of surprise, and looked at a guardian below.

Ye Chen also followed Gu Yongxiao's gaze, and saw a guard below, which was particularly eye-catching.

The other guards were all wearing heavy armor and holding heavy spears and halberds in their hands, but the guard was dressed in coarse cloth, with strong and steady muscles, showing like a sculpture. There were no weapons in his hands. Carrying a bow behind him.

Compared with his simple clothes, the bow behind him is dazzling and dazzling, as if it was cast from stars and meteorites. It is heavy and heavy. A rune seems to be some ancient totem, which makes people feel shocked at a glance.

What's more special is that the guardian of this commoner with a bow on his back wears a Yaksha mask on his face, and does not show his true appearance.

"Who is that person?"

Ye Chen was taken aback and felt that the guard was extraordinary.

"He is one of the ten guardian yakshas of the Emperor Tuo Tianzong. His name is Jiang Xiaoyun. He is known as King Dayi. His cultivation base has been infinitely close to the Emperor of Heaven. I never thought that he would actually come to the real world to help the ancient Emperor Yu Huang."

Gu Yongxiao's face sank, and he was deeply afraid.

"So this person is also one of the top ten Yaksha?"

There are ten guardian yaksas in Tuodi Tianzong, and Ye Chen has seen one before, that is Futu Xuan, who is in charge of the book of martial arts.

This Jiang Xiaoyun is also one of the top ten Yakshas, and his breath is much more powerful than that of Futu Xuan.

A powerhouse without time and space, even if it is a powerful being close to the Heavenly Emperor, will be subject to various constraints after coming to the real world. The cultivation base cannot be fully exerted, and at most it can only reach the level of the Immortal Emperor.

Because the Immortal Emperor is the pinnacle of the cultivation system in the Taishang World, generally speaking, there cannot be a more powerful existence in the real world than the Immortal Emperor.

If it is more powerful, it will be guided by timeless and spaceless, and it will not be able to stay in this world anymore if it wants to break through the sky and soar.

Therefore, ordinary powerhouses with no time and space will not come to reality unless there are very important things.

One is that they will be sanctioned by the Dao of Truth, and the Dao Heart will be backfired.

Second, when it comes to reality, the cultivation base is greatly limited, and its own strength cannot be exerted. It is like a rich man who is rich to rival a country. He is thrown into a remote rural area, and many methods cannot be used. It is really uncomfortable.

However, this Jiang Xiaoyun, like the previous Futu Xuan, also came to Wanxu to serve the Emperor Yu Huang. He obviously had an absolutely loyal belief.

That is the belief in the ancient emperor Yu Huang, the belief in the future master of the ancient gods.

If it weren't for this belief, strong men like Futu Xuan and Jiang Xiaoyun would not have given up on the world of flowers and flowers without time and space, and came to the boring world of reality.

There is only one time line in reality, and there are countless possibilities without time and space. Putting aside the cultivation system, there is no time and space fun, and it is not comparable to the real world. That is the real flower world, with endless fun.

"Honorable Lord, let's be careful not to be discovered by this Jiang Xiaoyun."

"This Jiang Xiaoyun controls a thirty-three-day divine art called Yi Luotian Archery. One-handed archery can almost be ranked first in Wuwu Time and Space, and it is very beneficial."

"The bow on his back is called the Big Yi Bow. It is also a companion artifact of Yi Luotian's archery. The killing is also extremely terrifying. He even shot the Emperor of Heaven by leaps and bounds!"

"If he finds out, we are in danger."

In Gu Yongxiao's tone, there is deep fear.

Jiang Xiaoyun is called King Dayi, although he is not the Emperor of Heaven, but relying on Dayi Bow and Yi Luotian Archery, he can even leapfrog and kill the Emperor of Heaven, and his strength can be imagined.

Even in the real world, his cultivation base is greatly restricted, but he is definitely an extremely terrifying existence.

Otherwise, Yuhuang Ancient Emperor would not have sent him to guard Yinwu Mountain.

Gu Yongxiao was afraid of being exposed, so he quickly strengthened his illusion, and then flew to Yinwu Mountain with Ye Chen.

There is a forbidden guard in Yinwu Mountain, but Ye Chen has mastered the technique of stealing the sky from the Great Wilderness, and can steal those forbidden runes, so as to sneak in silently without disturbing others.

"Um?"

But just as the two approached Yinwu Mountain and wanted to sneak in, Jiang Xiaoyun below frowned and made a nasal sound.

He looked up at the sky and saw the crow transformed by Ye Chen and Gu Yongxiao.

Gu Yongxiao's illusion technique is very clever, even Jiang Xiaoyun can't see anything out of the ordinary.

There are many birds and immortals in Yinwu Mountain, and the appearance of two crows is not surprising.

Chapter 8840

However, there was a hint of doubt in Jiang Xiaoyun's eyes.

Out of the intuition of the timeless powerhouse, he seemed to sense something.

I saw that he took down the big Yi bow behind him, put his fingers on the bowstring, and pulled it with his hands, the aura gathered, and with a bang, a spiritual arrow shot into the sky.

This aura arrow splits light into shadows, and then splits into two halfway, shooting towards Ye Chen and Gu Yongxiao respectively.

"not good!"

Ye Chen's face changed, this Jiang Xiaoyun, who is worthy of being the so-called King Dayi, shot an arrow at will, with terrifying energy, he wanted to penetrate the starry sky, and his lethality was extremely sharp.

This is a pure arrow, without the slightest bells and whistles, only the power to smash, the power to penetrate, and the vigor to pierce through.

If you want to take this arrow, Ye Chen must use a sword.

As long as he uses the sword, the illusion form cannot be maintained, and his true body is bound to be exposed, and the consequences are unimaginable.

"Your Highness, you go first!"

At this critical moment, Gu Yongxiao roared at Ye Chen, and with a wave of his hand, a gentle force pushed Ye Chen to the ground.

Ye Chen saw that where he was just now, there was still the illusion of a crow, which was pierced by an arrow, blood and feathers splashed, and he was shot on the spot.

The crow's corpse also fell from the sky and transformed into a human-shaped corpse, as if the illusion had been shot through.

But Ye Chen knew that what kind of crow and what kind of corpse was still an illusion.

This is Gu Yongxiao's method, the two-layer illusion changes, like a dream in a dream, it seems to be trying to deceive Jiang Xiaoyun.

His body, already shrouded in a layer of dreamy light, merged with the surrounding sky and fell to the ground, like a chameleon merging into the sky and the earth, and no one noticed his existence.

In the sky, Gu Yongxiao saw Jiang Xiaoyun's spiritual arrow shot, and as a last resort, he could only urge Xuanshi Tianpan to resist.

Ding sound.

The spiritual arrow shot on the Xuanshi Tianpan and was bounced off.

However, Gu Yongxiao used spiritual energy and could no longer maintain the illusion form, and his figure was directly exposed.

"Kill Heaven, it's you."

Jiang Xiaoyun saw Gu Yongxiao's figure, a huge shock filled his eyes, and he looked at the body that was shot and fell. He just thought it was Gu Yongxiao's entourage who was shot to death by him, and he didn't notice it at all. This is Li Dai's peach stiff and Jin Chan's method to escape.

Ye Chen, the real body behind the illusion, had already fallen to the ground.

Many guards around, seeing that there was an enemy invading, suddenly turned pale with anger, and hurriedly surrounded and killed with weapons.

"Don't move yet."

Jiang Xiaoyun raised his hand, and the guards immediately stopped.

Ye Chen was on the ground, and when he saw such a forbidden scene, he knew that Jiang Xiaoyun, the King of Yi, must have a very high status in the Wanxu Temple.

"Kill Heavenly Emperor, aren't you retreating in the ancient fantasy world?"

What are you doing here? "

Jiang Xiaoyun stared at Gu Yongxiao and questioned loudly, but he didn't do it the first time.

After all, Gu Yongxiao's identity is very special. If it is not a last resort, he does not want to tear his face.

Gu Yongxiao said indifferently: "I heard that there will be a great opportunity to come to this Yinwu Mountain. I just want to come and see."

As he spoke, he transmitted a voice to Ye Chen:

"Respected lord, hurry up and enter the mountain, the ancestor of Tianxin will be here soon. You are ready for a big trap, and you must catch the ancestor of Tianxin!"

Ye Chen was worried when he saw Gu Yongxiao and Jiang Xiaoyun facing each other away.

But seeing that Jiang Xiaoyun, he seemed to have all the scruples and didn't dare to tear his face off easily, and his heart was a little calmer.

At the moment, Ye Chen used the Great Wilderness Stealing Technique, stole a few forbidden runes in front of him, solved the forbidden blockade, and quietly sneaked into the mountain.

If it is an ordinary person, or even the ancestors of Tianxin, Mozu Wutian, Tiannv, etc., in the face of the ban on attracting Wushen Mountain, they can only use strong means to directly break through.

But Ye Chen was different. He mastered the art of stealing the sky from the wilderness, but he could easily sneak in without disturbing the snake.

After sneaking into the mountain, Ye Chen felt that the nine reincarnation monuments in his body resonated with the aura on the top of the mountain.

Obviously, the reincarnation of the stars today, there is indeed a blessing, and it is about to descend on the mountain.

Ye Chen ran towards the top of the mountain while looking back at the outside.

I saw Jiang Xiaoyun holding the big bow, his breath became deeper and terrifying, staring straight at Gu Yongxiao, and said, "Kill Heaven Emperor, tell me the truth, what are you trying to do, why am I on you, smell it? A faint breath is very annoying, it seems to be... the breath of reincarnation?"

Jiang Xiaoyun took a breath and seemed to sense something, and there was a look of disgust in his eyes, and even a hint of murderous intent.

"What are you talking about, I just want to see if there is any chance on that mountain, if you don't give it, forget it."

Gu Yongxiao looked at the top of Yinwushen Mountain, and immediately showed some disappointment, and then wanted to turn around and leave.

"Hehe, you're guilty, aren't you?"

"The site of His Majesty the Ancient God, you can come and leave if you want, what do you think this place is?"

"Catch him first."

Jiang Xiaoyun sneered and waved his hand, and all the surrounding guards waved their spears and halberds and slashed towards Gu Yongxiao.

"Kaleidoscope blood eye, open!"

Gu Yongxiao's left eye suddenly turned blood red, and a kaleidoscope of atmosphere appeared inside, but his right eye did not change at all.
