Chapter 8841

Seven days ago, in order to repel the Red Moon Demon Girl, he used the Kaleidoscope Blood Eye.

This divine technique consumes a huge amount of energy on the human body. Now, only seven days have passed, and Gu Yongxiao has not fully recovered, so he can only open one eye.

But the power of opening one eye is also terrifying.

I saw the surrounding void, suddenly distorted and changed, as if shrouded in countless illusions.

In the void, there were tentacles of demons, poisonous snakes, and all kinds of indescribable dark monsters.

The guards who rushed over were suddenly entangled by countless illusions, and made a sharp scream, like moths hitting the fire, and their bodies fell from the air.

And Gu Yongxiao's bloody eyes also flowed out blood, obviously the consumption is extremely huge.

"senior....."

When Ye Chen saw Gu Yongxiao like this from a distance, he became more and more worried.

"Very good, as expected of the number one illusionist in the world, but unfortunately, killing the Heavenly Emperor, your cultivation has fallen too much, you are not my opponent."

Jiang Xiaoyun's eyes showed admiration, but he was more confident and determined.

Gu Yongxiao had already opened a kaleidoscope blood eye, but all the illusions did not affect Jiang Xiaoyun.

Jiang Xiaoyun's eyes were firm, and from his eyes, he could see his Dao heart and will, which was definitely not something that ordinary illusions could shake.

If Gu Yongxiao's strength can be restored to the level of no time and space, he may be afraid, but today's Gu Yongxiao, his cultivation has fallen too much, he is not afraid.

Boom!

I saw Jiang Xiaoyun pulling a bow and shooting an arrow, a dragon-like aura arrow shot out, piercing through many illusions, and shooting towards Gu Yongxiao.

Gu Yongxiao's face sank, and he immediately cast an illusion, leaving a phantom in place, and his true body was hidden, hiding in the clouds beside him.

But unexpectedly, Jiang Xiaoyun's arrow shot halfway, suddenly turned, shifted its trajectory, and shot at his real body.

"Oops!"

Gu Yongxiao's expression changed greatly, but he didn't expect that the phantom he left behind could not confuse the other party.

Puff!

Jiang Xiaoyun pierced through the sky with an arrow and shot at Gu Yongxiao, who was pierced through his chest, splattered with blood, fell to the ground, and was seriously injured all at once.

"I said, your illusions today still can't confuse me."

Jiang Xiaoyun's eyes were as sharp as a falcon, and he gathered the aura of Gengjin between the heavens and the earth, turning it into four golden arrows, which shot out in succession, piercing Gu Yongxiao's limbs and pinning him to the ground.

Gu Yongxiao screamed and fainted.

"senior!"

When Ye Chen saw this, he was anxious and wanted to rush out to save people, but at this time, a voice came from the reincarnation cemetery.

"Don't be impulsive, it's important to deal with the ancestors of Tianxin."

It was the voice of Emperor Tianquan, who was discouraging Ye Chen.

"The King Dayi doesn't seem to want to kill Gu Yongxiao directly. You don't have to worry too much."

"Also, since Gu Yongxiao is proficient in illusion, he must have a way to escape."

"You'd better go to the top of the mountain to prepare, it's important to capture the ancestor of Tianxin."

In fact, whether Gu Yongxiao will be killed and whether he can get out of trouble, Emperor Tianquan is not sure.

He just didn't want Ye Chen to go out and die.

There are many guards outside, all of them are not fuel-efficient lamps, especially that Jiang Xiaoyun, who is one of the ten guardian yaksa of Tuo Di Tianzong.

If Ye Chen went out, I'm afraid he wouldn't be able to compete with Jiang Xiaoyun's bow and arrow.

"Come here, take the Killing Emperor down and take good care of it."

Just listening to Jiang Xiaoyun shouting and ordering to go down, many guards around him will be pinned to the ground, and the fainted Gu Yongxiao will be lifted up and escorted down.

These guardians have just been entangled in countless illusions, and the pain is inexplicable. Although Gu Yongxiao is dizzy, there are still huge residues of the erosion of those illusions.

However, they were not afraid at all, they all came to their senses, or carried out their tasks, or continued to guard the sacred mountain, which shows that their Taoism is tough and not easy.

Ye Chen was even more anxious when he saw Gu Yongxiao being taken away.

"Lord Tomb Master, it's important to arrest the ancestor of Tianxin!"

Emperor Tianquan reminded him again that he estimated that Gu Yongxiao was more fortunate, but he didn't want Ye Chen to go out and die.

The establishment of the reincarnation heaven order will inevitably be accompanied by countless sacrifices. Gu Yongxiao is not the first, nor will it be the last.

Ye Chen's heart is sad, could it be that the general who he just recruited will fall so soon?

He wanted to go to the rescue, but he also knew that Jiang Xiaoyun, the King of Dayi, was standing outside, and he could not have the chance to save people.

Helpless and angry in his heart, Ye Chen's desire for power became more and more intense.

If he has enough strength, he can kill Jiang Xiaoyun directly, why does he need to sacrifice Gu Yongxiao?

But now, his strength is not enough.

At least, to get the Heaven Stele, there is a possibility of breaking through against the sky.

"Ancestor Tianxin, I want you to die, the monument is mine!"

Ye Chen's eyes showed a fierce look like a beast, and he flew to the top of the mountain step by step.

After coming to the top of the mountain, I saw the surrounding haze scattered with color, and the immortal energy was filled, which was very magnificent.

Above the sky, there is a faint aura of good fortune, brewing.

Ye Chen knew that this good fortune was a blessing from the reincarnation of the sun, and it didn't have much effect on him, but it was extremely important to the ancestor of Tianxin.

This blessing and good fortune is the only hope for the ancestors of Tianxin to shape the flesh!

It is certain that no matter what the price is, the ancestor of Tianxin will be killed.

Ye Chen took a deep breath, settled down, took out a map, and buried it silently.

This array was created by him and Gu Yongxiao in the past seven days, and it contained many great arrays of illusion and killing.

The array map is arranged, like a trap, as long as Ye Chen's spiritual energy moves, it can be triggered.

Ye Chen hid his breath and hid in a nearby wood. With the help of the morning breeze, he was like a breeze, surrounded by the branches and leaves, and no one could see his figure.

The consciousness was released, Ye Chen looked at the sky, and saw that the sparring between ancestor Tianxin and Emperor Yu Aoxue had ended.

Yuhuang Aoxue stood in the same place, surrounded by ancient lanterns of ice and clouds. Under the snow-white light, her face was not stained with dust, and she was as beautiful as a fairy.

On the other hand, the ancestor of Tianxin was shocked and stunned, inconceivable.

"It seems that this Yuhuang Aoxue has already taken over the three moves of the ancestor of Tianxin. This gambling battle is won by Yuhuang Aoxue."

When Ye Chen saw the expressions of the two, he knew the result of the battle.

"Ancestor Tianxin, let it go."

Yuhuang Aoxue put away the long sword and said calmly.

Futu Xuan, who was on the side, smiled and complimented and said, "Congratulations, Miss, your cultivation has improved faster and faster. You can even easily endure the three-stroke slaughter of the ancestors of Tianxin."

Chapter 8842

Yuhuang Aoxue nodded slightly, but stopped talking, she was afraid that if she spoke, she would vomit blood.

In the gambling battle just now, although she took over the three moves of the ancestor of Tianxin, she also suffered a huge impact, and it was not easy.

Yuhuang Aoxue thought to himself, "If it's Ye Chen, he should be able to take it easily, right?"

"He's improving so fast, I have to catch up with him as soon as possible."

"Only someone like him can match me well, so what is Yu Huangye?"

Inexplicably, Yu Huang Aoxue thought of Yu Huangye again, and he felt even more disgusted, and inexplicably liked Ye Chen.

"Miss Aoxue is mighty!"

The powerhouses of the Wanxu Temple also cheered and cheered loudly.

Ancestor Tianxin and Ye Chunjun's faces became very ugly.

"Ancestor..."

Ye Chunjun didn't know what to do, he obviously didn't expect Tianxin Patriarch to lose.

If it was an ordinary young man, it would never be possible to take over the three moves of the ancestor of Tianxin, but Yu Huang Aoxue took it.

Futu Xuan said loudly: "Ancestor Tianxin, you lose, get out of my Yuhuang Tianjie, you are not welcome here."

Ancestor Tianxin's face was distorted, but he refused to leave, and said, "I gave you a Heavenly Tablet Pill, and you just drove me away like this?"

Buddha Xuandao: "You gave the tablet pill voluntarily that day, and you have a bad heart. I don't know how many forbidden karma are arranged in that pill, do you want me to thank you if you want to murder His Majesty the ancient god? "

The ancestor of Tianxin gritted his teeth and said: "You guys get out of the way, today I have to go to the Yinwu Mountain, whoever dares to stop me will die!"

After all, the ancestors of Tianxin sacrificed the stele, and the majestic and terrifying divine power of the stele poured down from the sky like a waterfall. The surrounding void suddenly burst, and layers of time and space were distorted, as if the entire Yuhuang Heaven Realm could not accommodate the stele. power.

The powerhouses in the Wanxu Temple were all shocked when they saw the Heaven Monument descending.

No one would have thought that the ancestor of Tianxin really wanted to tear his face, wouldn't he be afraid of burning jade and stone?

boom!

With the help of the Heavenly Stele, the ancestor of Tianxin rushed forward, sweeping the sky like a tidal torrent.

Many of the powerhouses of the Temple of Ten Thousand Ruins did not dare to stop them, and they retreated one after another.

Some people retreated a little slowly, and they were hit by the energy of Tianxin's ancestors, and their bodies were torn to pieces on the spot, turning into a rain of blood, and screams sounded one after another.

"Damn!"

"Ancestor Tianxin, do you really think that you will be invincible with the Heaven Stele?"

"Wu Ji Dao Shu, suppressed me!"

When Futu Xuan saw this, he was furious and immediately brought out the book of martial arts.

"This old guy, do you really think that I have no one in Wanxu?"

Yuhuang Aoxue's beautiful eyes froze, and he also sacrificed the ancient Frozen Cloud Lantern, and together with Futu Xuan, chased and killed the ancestor of Tianxin.

"Ye Chunjun, stop them for me!"

"Don't worry, I will kill that kid Ye Chen in the future to avenge you and Ye Linyuan!"

The ancestor of Tianxin looked back at Ye Chunjun and shouted violently.

Ye Chunjun's body trembled, and a hint of determination flashed in those old and turbid eyes.

"The way of reincarnation surpasses the heavens, burns my blood, and explodes in one body!"

The next moment, Ye Chunjun's body rushed out, burning his blood, and exploded.

Boom.

Ye Chunjun's body and soul instantly exploded in this sky, causing a fierce and unparalleled air wave, and even a mushroom cloud appeared in the void.

He actually wanted to blow himself up, sacrifice himself, and buy time for the ancestor of Tianxin.

Ye Chunjun was one of the top ten ancestors of the old heaven, and his own cultivation was quite strong, and unlike other ancestors, he was the ancestor of the Ye family, and he was closely related to Ye Chen, and he also received a trace of reincarnation power.

This reincarnation power, mixed with his blood and spirit, exploded at once, and the power was too terrifying.

There were at least thousands of strong people in the Wanxu near Ye Chunjun, who were suddenly bombed into ashes, and countless injured.

Under the impact of Ye Chunjun's blast, the mountains and land below were razed to the ground on the spot, and countless buildings turned to dust.

Clang, clang, clang.

I don't know if it was because of the impact of the blast wave, or what. From the mountain gate of the Wanxu Temple in the distance, there was a burst of bells, which were the bells of the emperor's ancient bell, mixed with the sound of the explosion, like a song of doomsday. Movement.

Under Ye Chunjun's self-destruction, Yuhuang Aoxue and Futu Xuan were both hit hard and hurriedly activated their spiritual energy to protect themselves from harm.

Yuhuang Aoxue looked at the terrifying blast of air behind her, her beautiful eyes shrank, and she was horrified, thinking to herself:

"This Ye Chunjun only has the power of reincarnation. The power of self-destruction is so terrifying. If that fellow Ye Chen blew himself up, how terrifying would it be?"

She was deeply worried that in the future, Wan Xu and Ye Chen would have a decisive battle, and even if they could win, it would not be easy.

Ye Chunjun's self-exploding air wave even hit the side of Yinwu Mountain, and even Ye Chen felt a little turbulent.

"Is this the power of Samsara's self-destruction?"

Ye Chen stared blankly at the distant sky. The sky had been dyed red with blood, and was also plated with a layer of golden light of reincarnation, which looked very spectacular.

Ye Chen really felt the divine power of Samsara's self-destruction, and a thought popped into his mind: "If I am defeated by the goddess in the future, I will try my best to explode and die with her, and I cannot let her kill my relatives and friends in the Samsara camp."

At this time, Ye Chen heard the laughter of the ancestor Tianxin from afar.

Chapter 8843

"Hahaha, how can you stop my footsteps in the Temple of Ten Thousand Ruins?"

"When I cast my body, I will bloodbath Wan Ruins, I am the number one person in the world, not your Yuhuang ancient emperor."

The ancestor of Tianxin laughed and flew towards the direction of Yinwushan Mountain.

He knew that he was alone and forced to break through the ruins, which was bound to be dangerous, and it was even possible that both jade and stones would be burned, and both would be hurt.

However, the temptation to attract Wushen Mountain was too great, and he couldn't keep calm.

As long as you climb the mountain of no gods, you can get the blessing of the reincarnation star and cast a real body.

Ancestor Tianxin knew that if he had a physical body, he would be able to go a step further and exert the power of the stele.

The power of the stele is very terrifying and powerful, even more powerful than the legendary four supreme artifacts.

If he can completely control the heaven monument, the ancestor of Tianxin has the confidence to directly wash the ruins, crush the ancient emperor Yuhuang, dominate the world, and even go a step further, enter the infinite time and space, and achieve a great cause that is unprecedented in the heavens and ages. .

All of this must require him to have a physical body.

If you don't even have a physical body, you can't control the many powers of the Heavenly Monument at all.

In an instant, the ancestor of Tianxin flew under the Yinwu Mountain. He wanted to break through the ban and enter, but his back was inexplicably cold.

When he looked down, he saw a man in commoner clothes, holding an extremely gorgeous longbow in his hand, his expression was as cold and silent as a sculpture.

It was King Dayi, Jiang Xiaoyun.

"King Dayi, it's you!"

Ancestor Tianxin shivered when he saw Jiang Xiaoyun.

He obviously did not expect that Jiang Xiaoyun would guard here.

Jiang Xiaoyun, known as the King of Dayi, is a first-class master who has no time and space. Even the ancestor of Tianxin, facing this person, is extremely difficult.

"Ancestor Tianxin, if you want to get the chance to guide Wushen Mountain, please pass me first."

Jiang Xiaoyun looked indifferent, pulled up the big bow, gathered the dark energy of time and space, and burst out three dark arrows, like a black dragon shooting through the sky, directly at the eyebrows, throat, and heart of the ancestors of Tianxin.

The ancestor of Tianxin was terrified. He only felt that the three arrows were so powerful that they seemed to be able to penetrate the starry sky, and they were very domineering.

Jiang Xiaoyun can be called King Dayi. In terms of archery, he is the number one in no time and space, and is the most famous marksman.

The ancestors of Tianxin were unable to resist, and hurriedly summoned the stele.

With a bang, the Heavenly Monument's spiritual energy exploded, creating a violent wave of air, and all the arrows shot by Jiang Xiaoyun were blown away on the spot.

"The opportunity on the mountain is useless to your Wanxu Temple, why not give it to me directly?

I can cooperate with you Wanxu to form an alliance and fight against reincarnation together! "

Although the ancestor of Tianxin blasted Jiang Xiaoyun's arrows, he also moved the monument.

Boom!

The golden light of reincarnation is brewing in the sky above Yinwushen Mountain, and the legendary blessing of reincarnation is about to come.

That is the ancestor of Tianxin, the only hope for casting the flesh!

"Even if the opportunity of Shenshan is useless, I can't give it to you, and I, Wanxu, will not cooperate with a poisonous snake."

Jiang Xiaoyun's tone was cold, he took a deep breath, and took a step with his bow.

boom!

As he took this step, the sky, the earth and the sky seemed to collapse, the ground cracked, and pieces of gravel collapsed.

He draws a bow.

The muscles on his arms burst out like a horned dragon, as tough and cold as a sculpture made of steel.

A vast, mighty, terrifying energy aura like crushing the setting sun converged on his bow, the spiritual energy exploded, and gradually turned into a red arrow like a flame.

The laws of no time and space surround the arrow.

"No, he's going to use Yi Luotian Archery!"

When the ancestor of Tianxin saw this, his pupils suddenly shrank, and his heart was horrified.

Yi Luotian's archery is one of the legendary thirty-three days of magic, and it is also the strongest archery in the world.

Ye Chen was on the top of the mountain and saw the flaming arrows condensed by Jiang Xiaoyun, and there was an inexplicable horror in his heart.

In an instant, he glimpsed the secrets of heaven and saw ancient legends.

Legend has it that a long, long time ago, the scorching sun of the seven stars of reincarnation hung in the sky, illuminating the world in the ten directions, spreading light and truth.

But later, a great power appeared, and shot down the scorching sun and the star with Yi Luotian archery.

It is said that that great power is the legendary Emperor Yuantian.

The Emperor Yuan Tian shot down the scorching sun and life star, so that the reincarnation stars in the sky would fall to the human world and become part of the reincarnation bloodline.

Whether this legend is true or not, no one knows.

Ye Chen only knew that the person who now controls Yi Luotian's archery is the King of Yi, Jiang Xiaoyun.

"Yi Luotian Archery, break it for me!"

Jiang Xiaoyun's muscles were knotted, the bowstring in his hand was extremely tight, and the flaming arrows on the bowstring were even more brilliant than the scorching sun, dazzling.

When the flaming arrow radiated to the extreme, he loosened his finger, and with a bang, the flaming arrow burst out.

This arrow is the pinnacle of Yi Luotian's archery skills, representing the highest archery power in the world. Even if it is limited by the laws of reality, the power of this arrow is enough to penetrate the starry sky and kill the Immortal Emperor.

Ancestor Tianxin saw that the flaming arrow was shot, and only felt a terrifying and sharp breath coming through, it was simply unstoppable.

"Heaven Monument, block me!"

At the juncture of life and death, the ancestor of Tianxin burned his blood and urged the monument.

The stele vibrated and turned into a hundred zhang tall, with countless ancient and mysterious reincarnation runes on it, blooming with dazzling brilliance.

bang.

Jiang Xiaoyun's flaming arrows shot to kill him, and slammed into the sky monument, the violent divine energy energy, and all kinds of timeless laws and auras exploded in an instant.

Above the stele, a shallow pothole was actually shot.

The legendary stele is even more powerful than the four supreme artifacts.

The book of reincarnation does not come out, and the stele reigns supreme.

It can be said that, looking at the entire time and space of the heavens, the stele is the most precious, the most powerful, and the most invincible magic weapon.

Such a powerful and invincible magic weapon was actually damaged by Jiang Xiaoyun's arrow.

Although the trace of damage is only a shallow pothole, if you don't look carefully, you can't see it at all.

But no matter what, Jiang Xiaoyun did damage the stele, and the power of the Yi Luotian Archery can be imagined.

"Pfft!"

Ancestor Tianxin vomited blood on the spot, and with the help of the Heaven Stele, he blocked most of Jiang Xiaoyun's archery power, but the remaining small part still hit him.

He was seriously injured on the spot, and was almost crushed to death. His heart was full of grief and anger:

"I don't have a physical body, so I'm still at a disadvantage."

Chapter 8844

"Also, Ren Feifei, blame him. If it wasn't for him, who crushed all my timelines, how could I be so embarrassed?"

Originally, the ancestor of Tianxin had thousands of timelines, which could be resurrected infinitely and freely.

However, before his ascension, Ren Feifei cut off all his timelines and made him lose the possibility of resurrection.

Today, in the face of ordinary Immortal Emperor-level powerhouses, there is still the possibility of making a fortune, but in the face of Jiang Xiaoyun's level of masters, he can only end in a mess.

Jiang Xiaoyun, known as the King of Dayi, is one of the ten yaksas in the legendary Tuo Emperor Tianzong, and the ancestor of Tianxin is not his opponent.

"Um?"

Jiang Xiaoyun frowned when he saw that the ancestor of Tianxin was only seriously injured and did not die.

His Yi Luotian Archery, as long as he shoots, there is no possibility of making people survive.

It is the strongest archery in the world, and legend has it that it once shot down the scorching sun.

With Jiang Xiaoyun's cultivation, although he still can't reach the point of shooting down the star of reincarnation, it is not difficult to shoot down an Immortal Emperor level powerhouse.

"The guardian power of the stele is really powerful."

Jiang Xiaoyun's eyes turned to the monument.

He knew that the ancestor of Tianxin was only seriously injured and did not die. It was entirely because of the protection of Tianxin.

At the moment, Jiang Xiaoyun pulled the bow and arrow again, ready to shoot another arrow to kill the ancestor of Tianxin.

"King Dayi, very good, very good, when I cast my body, I will let you see the power of my heavenly monument!"

Ancestor Tianxin's eyes were completely split, but he didn't sit still. He looked at Yinwu Mountain in front of him, and immediately moved the monument, and countless energy and spiritual energy gathered in him.

"Transformation of true and false, interweaving of reality and reality!"

Under the blessing of the power of the Tianxin, the body of the ancestor of Tianxin suddenly changed from real existence to illusory, and then even illusory no longer existed, leaving only a fantasy concept, which disappeared in place.

"not good!"

Jiang Xiaoyun's face changed, and he wanted to shoot with an arrow, but where can he see the figure of Tianxin's ancestor.

The most powerful thing about the ancestor of Tianxin is that he can easily control the law of no time and space, and control the change between reality and fantasy.

In terms of attacking and killing power, he is not the best in the world, but in terms of his ability to defend and escape, looking at the entire world, no one is better than him.

Because, once his body is transformed into fantasy and concepts, any attack in the real world can no longer hurt him.

Jiang Xiaoyun naturally grasps the changes in the laws of fantasy, which is the most basic means of time and space.

But here is the real world, not without time and space.

In this world, many fantasy methods cannot be used, and the laws are too restrictive.

Under the constraints of reality, Jiang Xiaoyun could not control fantasy.

But unfortunately, the ancestor of Tianxin can easily use such means through the Tianstele.

The body of the ancestor of Tianxin, transformed into a fantasy, escaped Jiang Xiaoyun's tracking at once, and even went silently, passed the prohibition on the outer layer of Yinwu Mountain, and flew in directly.

The prohibition of citing Wushen Mountain can block outsiders, but it cannot block the air.

And the concept of fantasy, which is even more nihilistic than air, will not touch the ban at all.

After passing through the ban, the ancestor of Tianxin quickly flew to the top of the mountain, and with a flick of his body, he showed a realistic form.

"cough....."

After the appearance, the old ancestor of Tianxin coughed violently for a while, and then gasped for breath, his face was pale.

Borrowing the power of the stele to transform between reality and fantasy is not without cost to him.

"coming!"

Ye Chen, who was hiding in the dark, saw Patriarch Tianxin appear, and his heart jumped wildly.

Ye Chen was hiding very well, and the ancestor Tianxin didn't find him.

The most important thing is that the blessing of the reincarnation stars is about to come, the infinite golden light is brewing in the sky, the sound of the gods is roaring, and the entire Yinwu Mountain is filled with the breath of the law of reincarnation.

Under the shadow of this law of reincarnation, even if Emperor Yu Huang came in person, it was impossible to discover the existence of Ye Chen, let alone the ancestor of Tianxin.

The ancestor of Tianxin strode to the center of the mountain, and he stepped into the trap array set up by Ye Chen.

Ye Chen held his breath and didn't trigger the big formation immediately, but waited for the opportunity.

The ancestor of Tianxin took a deep breath, but did not find the existence of the big formation. He looked up at the sky, watching the golden light brewing in the sky, and his eyes filled with endless fiery colors.

"The supreme law of reincarnation, the ultimate truth in legends, please grant me the power of creation!"

The ancestor of Tianxin sacrificed the stele and sang in the sky.

The breath of the stele and the golden light of reincarnation brewing in the sky resonated with each other, and a violent whistling exploded in the air.

hum!

A golden rune slowly descended from the sky. It was the rune of reincarnation, symbolizing the blessing of reincarnation.

Ancestor Tianxin watched the reincarnation rune descend, and the burning desire in his eyes became even stronger.

At this time, Jiang Xiaoyun also saw the vision on the top of the mountain, and was shocked. He did not expect that the ancestor of Tianxin rushed to the top of the mountain so quickly, and even prepared to receive the blessing of reincarnation.

"Have to stop him!"

Jiang Xiaoyun's heart is cold, he knows that once the ancestor of Tianxin casts his body, he will rise against the sky, and even Wanxu can't stop his edge.

Thinking of this, Jiang Xiaoyun opened the restriction and quickly rushed to the top of the mountain to stop the ancestor of Tianxin.

Chapter 8845

At the same time, Yuhuang Aoxue and Futu Xuan, as well as many elites from Wanxu, also broke through Ye Chunjun's self-exploding air wave and chased to this place.

When they saw that the ancestor of Tianxin was ready to accept the opportunity, they were also shocked, and they flew towards the top of the Wushen Mountain.

At the top of Wushen Mountain, the reincarnation rune slowly fell from the sky, the golden light bloomed, and the endless opportunity and good fortune breath were coveted.

Ancestor Tianxin opened his arms, ready to receive this opportunity.

His eyes narrowed slightly, and he looked quite intoxicated. Although Jiang Xiaoyun, Futu Xuan, Yuhuang Aoxue and others were all rushing to kill him, he was confident that before the enemy arrived, he would be able to fully accept the fate and forge his body.

The reincarnation rune has not completely fallen, but the breath of reincarnation has already enveloped the ancestor of Tianxin.

With the blessing of reincarnation, the stele shook, and the ancestors of Tianxin began to cast the flesh.

The first thing he was cast out was the heart.

A strong, pulsing heart full of blood and muscles, taking shape in an instant.

Feeling the tyrannical heartbeat, the ancestor of Tianxin was extremely excited, his face flushed like a drunk, and he was shaking all over.

"it's time!"

Seeing this, Ye Chen's eyes filled with fierce murderous intent, and he immediately activated his spiritual energy to directly detonate the big trap.

boom!

At the foot of the ancestor of Tianxin, a hidden large formation, the aura exploded, and immediately activated.

Countless mysterious illusions, like a kaleidoscope world intertwined, surged up in an instant.

"Oops!"

The ancestor of Tianxin was terrified. He was completely immersed in the wonderful feeling of the physical body. His spirit was relaxed and his defense was negligent. He was suddenly attacked by countless illusions, and he fell into a hell of endless illusions.

In the layers of illusions, he saw countless dark and mysterious visions, octopuses with bat wings were roaring, and the ruler of hell in yellow was walking on the rotten flesh pool, with giant eyes full of rust. Stars, staring at him in the night sky, countless monsters covered with viscous green liquid and pus, crawling all over his body.

These strange and intertwined illusions are enough to make Immortal Emperor-level powerhouses cry and scream in madness.

This is the big formation arranged in advance by Gu Yongxiao using the kaleidoscope blood eye.

The ancestor of Tianxin was hit by countless illusions, his heart thumped violently, and then he couldn't bear the pressure, and it exploded with a slap, and blood and minced flesh splattered out.

The heart that had just been cast was crushed like this, the ancestor of Tianxin was severely injured on the spot, and the spiritual body became illusory, as if it would dissipate at any time.

The severe pain of the bursting heart also woke him up. He saw Ye Chen at a glance, and his eyes showed great shock, anger, and fear.

"Boy, when did you come!"

The ancestor of Tianxin stared at Ye Chen, unable to believe it, knowing that he was in the game and stepped on Ye Chen's trap. Under the grief and anger, he did not care about the consumption of his spiritual body, and directly urged the Tianbei to fight back.

After Ye Chen detonated the big trap, his spiritual energy was released, and his figure was already exposed, and he could no longer hide.

Seeing that the ancestor of Tianxin wanted to fight back, Ye Chen took it easy and squeezed a magic formula.

"Dragon Fighting Gun, break it for me!"

A quaint war gun, with the slaughtering fluctuations of the great rock, broke out from the depths of the big formation, and shot straight towards the body of Tianxin ancestors.

That was the method that Ye Chen had arranged for a long time. The killing speed was extremely fast, and it was unstoppable.

Ancestor Tianxin felt the sound of the breaking wind behind him, his eyes shrank suddenly, and he didn't care to fight back against Ye Chen, and immediately urged the Tianbei to protect his body.

With a bang, the Dragon Fighting Spear shot on the Tianbei. Although it did not directly kill the ancestor of Tianxin, the violent power of the spear still made him suffer a huge impact, and he spat out a mouthful of blood.

"Damn!"

Ancestor Tianxin gritted his teeth, looked at Ye Chen, and looked at Jiang Xiaoyun, Futuxuan, Yuhuang Aoxue and others who were about to chase him. He knew the situation today, and he was completely defeated and extremely dangerous. Escape as soon as possible, there is only one dead end.

"The way of fantasy, real change!"

In the crisis, the ancestor of Tianxin squeezed a handprint, and wanted to transform it into a fantasy concept and run away directly.

"Ancestor Tianxin, you can't run away today."

"Heavenly Emperor Lingqiang, suppressed me!"

Ye Chen's eyes were cold, and he immediately sacrificed the emperor's spirit.

With a bang, the Heavenly Emperor's Lingqiang opened, and a dark and ruined space emerged, and a destructive black light shot out, shooting towards the ancestor of Tianxin.

"This is... the Heavenly Emperor Spirit Box!?"

Seeing this, the ancestor of Tianxin was horrified and couldn't believe his eyes.

He had heard the legend of the Heavenly Emperor's Lingqiang. It was said that it was the container for the reincarnation book, and its power was very terrifying. Once it was sealed inside, even a powerhouse of the Heavenly Emperor's main god level would only have to die without a burial.

He never imagined that Ye Chen would actually get the Heavenly Emperor's Spirit Box.

Once entangled by the black light of the destruction of the Heavenly Emperor's Lingjing, he will be dragged into the Lingjing, crushed to death alive, dissolved, and turned into ashes.

In panic, the ancestor of Tianxin wanted to dodge, but he was seriously injured and had no ability to dodge.

Moreover, his qi machine was also locked, and even if it was turned into a fantasy concept, it was impossible to escape the pursuit of the Heavenly Emperor Lingqiang.

Boom!

Seeing that the ancestor of Tianxin was about to be entangled by the black light of destruction, but at this time, a cloud-piercing arrow shot through the air, with unparalleled power, with just one arrow, the black light of destruction was shot directly. broken.

Chapter 8846

"Um?"

Ye Chen's face changed, and the Emperor of Heaven also received a slight shock. He looked at the direction where the arrow was shot, and saw Jiang Xiaoyun, the King of Dayi, coming.

Yuhuang Aoxue and Futu Xuan also flew over.

The three formed a triangular formation, vaguely surrounding Ye Chen in the center.

Immediately afterwards, the powerhouses of the Wanxu Temple also flew from all directions, surrounding the top of the mountain.

Jiang Xiaoyun first shot an arrow, pierced through the thigh of the ancestor of Tianxin, and pinned him to the ground.

Ancestor Tianxin screamed "Ah" and was pinned to the ground, unable to move.

Jiang Xiaoyun's arrow has a very strong blocking power, and the ancestor of Tianxin can't use any means and can't escape.

Ye Chen's face sank, his original plan was to kill the ancestor of Tianxin, capture the Tianxin, and then escape.

Although Yuhuang Tianjie is a Longtan Tiger Den, after all, Yuhuang Ancient Emperor is still in retreat to heal his wounds.

As long as Emperor Yu does not appear, Ye Chen has the confidence to retreat.

Even at this moment, surrounded by Jiang Xiaoyun, Futu Xuan, and Emperor Yu Aoxue, Ye Chen still had the confidence to retreat.

However, if you can't kill the ancestor of Tianxin, and you can't grab the monument, what's the point of retreating and leaving? Isn't it a waste of time?

"Lord of Reincarnation, I never thought you would dare to break into my Wanxu site."

Yuhuang Aoxue stared at Ye Chen, the blood of the ice god was burning at this moment, the ancient ice cloud lamp burst into a cold light, and the temperature of the surrounding air dropped rapidly.

"Surrender, Lord of Reincarnation, if you dare to break in alone, you are courting death."

Futu Xuan also stared at Ye Chen, and the Taoist book "The World of Martial Arts" emerged from behind him.

"Killing Heaven has already taken refuge with you?"

Jiang Xiaoyun stared at Ye Chen, caught a glimpse of the secret, and guessed that Gu Yongxiao had taken refuge in Ye Chen.

In fact, Ye Chen broke into Wanxu today, not alone, but also accompanied by Gu Yongxiao.

"If I'm not here, maybe your conspiracy today has succeeded."

Jiang Xiaoyun glanced at the ancestor of Tianxin again, and naturally knew that Ye Chen's purpose today was to kill the ancestor of Tianxin and seize the monument.

But he stayed here and would never let Ye Chen's plan come true.

The ancestor of Tianxin was nailed to the side, unable to move, and he was angry and fearful in his heart. He knew that his life was hanging by a thread today. No matter what happened to Ye Chen and Wanxu's battle, he might not be able to escape.

"Lord Tomb Master, what should I do?"

In the reincarnation cemetery, Emperor Tianquan saw this scene, and his eyes were full of worry.

"Don't worry, senior, I want to leave, no one can stop me, unless Emperor Yu Huang comes in person."

"But we can't just leave."

"Senior, you give me a hand. We will use the power of thunder to kill Jiang Xiaoyun, Futu Xuan, Yuhuang Aoxue, and then kill Tianxin ancestors. There is still a chance to snatch the heavenly monument!"

Ye Chen's eyes became extremely stern and cold.

If he was alone, he could at most retreat completely, unable to defeat Jiang Xiaoyun, Futu Xuan, and Yuhuang Aoxue.

But if he borrows the power of Emperor Tianquan, he has the opportunity to fight against everyone present.

In this game of chess, there is still a chance for a comeback!

"Lord Tomb Master, is it enough to just borrow my strength?"

Emperor Tianquan was shocked and also expressed doubts.

"enough."

Ye Chen nodded.

Emperor Tianquan had a special status. He was the former great protector of the tomb palace and was closely related to the tomb palace.

If he borrows his power, the causal connection between Ye Chen and the tomb palace will be closer.

His Great Tomb Divine Sword and the Heavenly Emperor's Spirit Box can exert extreme power, enough to crush the audience.

"Scream, Lord of Reincarnation, this is your burial place!"

At this time, Jiang Xiaoyun took a step, Dayi's bow exploded, and the arrow was like a dragon, killing Ye Chen's head.

This arrow is fierce and fierce, as if it can penetrate the starry sky and kill the Immortal Emperor.

Emperor Tianquan was horrified, fearing that Ye Chen would not be able to resist, and said, "Lord Tomb Master, I will lend you my strength, run away!"

He immediately disregarded the cost, burned his soul, and poured all the spiritual energy into Ye Chen's body.

With a bang, Ye Chen was full of spiritual energy, and suddenly exploded. The violent power was rushing.

Click!

Ye Chen clenched his fist, and his bones made a ferocious cracking sound. With the help of Emperor Tianquan, he felt his own strength soared ten times and a hundred times in an instant, which was too explosive.

laugh!

Ye Chen swung out the Heavenly Sword of Samsara, and with a single sword, he directly cut off the arrow shot by Jiang Xiaoyun.

"what!"

Jiang Xiaoyun was startled, took two steps back, and felt the breath of Ye Chen's hurricane, his face changed.

Yuhuang Aoxue and Futu Xuan on the side were also shocked.

Just now, Ye Chen's cultivation base was only at the third level of the Sky Profound Realm, but at this moment, he had already rushed to an unbelievable level, and the ferocity of his spiritual energy was shocking.

The powerhouses of the Wanxu Temple on the periphery were also terrified, and they retreated one after another, and they did not even have the courage to approach.

The violent aura that erupted from Ye Chen's body was enough to crush ordinary powerhouses from the Sky Profound Realm to life, making them extremely domineering and invincible.

"Senior Tianquan, don't run away."

"I will use your power to kill the audience."

"Unless Emperor Yu Huang comes in person, no one can stop me in the entire Ten Thousand Ruins!"

Ye Chen's eyes were sharp, his fighting spirit was high, he stepped out and shouted:

"Longteng Mingxing, open!"

Chapter 8847

Starry sky.

The breath of reincarnation suddenly exploded.

The weather of Longteng Mingxing appeared in the sky like an ancient totem.

Roar!

The blood dragon roared, rose into the sky, and immediately fell on Ye Chen, merging with Ye Chen.

Ye Chen's arm grew dragon scales, and his whole body burst with dragon energy, like a king in the world.

After swallowing the Immortal Venerable Dragon Bone, Longteng Mingxing evolved and transformed, and its power was further enhanced.

At this moment, Ye Chen borrowed the power of Emperor Tianquan, and the power of Longteng Mingxing erupted even more earth-shattering.

The Samsara Heavenly Sword in Ye Chen's hand, surrounded by the breath of countless ancestral dragons, turned into the Samsara Dragon Sword, intertwined with runes, shining like a supreme and holy artifact.

Feeling Ye Chen's explosive power, Jiang Xiaoyun, Futu Xuan, and Emperor Yu Aoxue all changed their faces greatly, and they only felt incredible.

If they hadn't seen it with their own eyes, they wouldn't have believed that in the real world, there would actually be someone's power that would explode to such a degree.

"Reincarnation Absolute Slash!"

Ye Chen swung his sword out, golden light and dragon energy surged, and the energy of reincarnation surged into the sky, and the sword first slashed towards Futu Xuan.

The legendary Wuji Taoist book is in the hands of Futu Xuan.

The Taoist book "Wu Ji Tian Xia" was born in response to Wu Zu, and it contains all the unique skills of Wu Zu.

The birth of Martial Ancestor also set off a frenzy of martial arts in Wuwu Time and Space.

Ye Chen is a descendant of Martial Ancestor. If he can get the martial arts book, he can inherit all the unique skills of Martial Ancestor and become the real supreme martial arts.

"In the world of martial arts, the idol collapses!"

Futu Xuan was also shocked when he saw Ye Chen wielding his sword to kill, and hurriedly urged the martial arts book, a huge idol phantom, manifested, and roared up to the sky, like a mountain, rushing straight towards Ye Chen .

That is the unique skill of Martial Ancestor, the weather of the gods collapsing into the sky.

"break!"

Ye Chen's eyes were like electricity, he shouted, and the sword of reincarnation in his hand was like breaking the sky, destroying the dead.

With a snort, Ye Chen broke Futuxuan's Daoist atmosphere with just one strike, and the power of the sword was undiminished, and with another puff, it penetrated Futuxuan's heart.

Futu Xuan's pupils widened, in fact, when he saw Ye Chenjian's sharp stab, he wanted to dodge.

However, Ye Chen borrowed the power of Emperor Tianquan and broke out the Dragon Life Star. The power is too powerful, too domineering, and too invincible. He can't avoid it at all, and he can't compete.

With just one sword, Ye Chen pierced through the heart of Futu Xuan, and then the sword energy tore apart, tearing the latter's body and soul to shreds on the spot, turning it into a rain of blood that exploded all over the sky, and killed him directly.

"Senior brother!"

Seeing this scene, Jiang Xiaoyun was so frightened that he was so scared that he would lose his mind. Who would have thought that Ye Chen would be so invincible, and he would kill his junior brother Futu Xuan with one sword.

That was one of the ten guardian yaksa of Tuo Di Tianzong. What a powerful master, he was killed by Ye Chen like that.

Buddha Xuan's body and soul exploded, and only one volume of books remained.

The volume of books, simple and dense, contains the supreme martial arts rhyme, the pages of the book are flipping with the wind, and each page shows all kinds of vast martial arts profound meanings.

That is the Taoist book of the legendary "Wu Ji Tianxia", the supreme way of truth, commemorating the birth and creation of the ancestors of Wu.

"receive!"

Ye Chen didn't say a word, and with a big move, he accepted the martial arts book.

boom!

The moment he received the book of martial arts, Ye Chen's blood was integrated with the book of martial arts, and it was completely refined.

He is a descendant of Martial Ancestor, and he does not need to be deliberately refined. This Martial Art Book has already recognized him and has become a part of his body.

In charge of the martial arts book, Ye Chen's body was full of martial arts, like a tidal wave.

His cultivation level also soared rapidly, from the third level of the Sky Profound Realm, the first level, to the high level.

"Dare to kill my junior brother, I want you to take your life to fill it!"

Jiang Xiaoyun was furious and could no longer remain calm, Dayi pulled up his bow, radiant brilliance, and Yi Luo's magic was ready to explode.

"The idol is crashing into the sky!"

But at this time, Ye Chen punched out fiercely.

Under the blessing of Wuji Daoshu, Ye Chen's punch was extremely powerful, the space and time of heaven and earth exploded, the air roared, and the wind was surging.

Jiang Xiaoyun's magic bow and arrow technique was suppressed by Ye Chen before he could break out.

"Pfft!"

Under the suppression of Ye Chen's violent fist style, Jiang Xiaoyun even vomited blood and retreated again and again, looking extremely embarrassed.

"Lord Tomb Master, you really have a strong fusion of my power, but will you...!"

When Emperor Tianquan saw Ye Chen's killing of the Quartet, it was both worship and surprise, and he was even more desperate, burning his soul, and helping Ye Chen.

Ye Chen killed Futu Xuan and defeated Jiang Xiaoyun between the electric light and flint.

The ancestor of Tianxin was also extremely shocked, thinking: "Why is this kid so powerful, this can't be his power, who gave him the power?"

Ye Chen's eyes fell on Yu Huang Aoxue.

Yuhuang Aoxue's delicate body trembled, and under Ye Chen's violent and mighty martial will, her Dao heart collapsed, she knelt down in fear, and kowtowed to Ye Chen:

"Lord of reincarnation, praise your greatness, I am willing to submit, please don't kill me."

"I will serve you as a slave for the rest of my life, and serve you as your cauldron for the rest of my life."

Under the collapse of her Dao heart, she no longer has the majesty and bearing of the former high-ranking, like a humble bitch.

The surrounding Ten Thousand Ruins powerhouses were all stunned when they saw this.

Chapter 8848

"Miss Aoxue..."

In the distance, there was a trembling voice.

It is Yuhuangye.

Yu Huangye was stunned when he saw Aoxue kneeling down, begging Ye Chen to spare his life, and even saying that he was willing to be a slave and a maid, and he was disillusioned.

"Aoxue, stand up, don't kneel!"

An old angry voice exploded from behind Yu Huangye.

I saw Yu Huangye behind him, the mysterious yellow aura was shocking to the sky, and the figure of Yu Huang Ancient Emperor, tearing through the void, emerged.

Earlier, Emperor Yu Huang was seriously injured by Ren Feifei, and he has been in retreat to heal his injuries.

But not long ago, Yu Huangye brought him the Heaven Tablet Pill, and under the treatment of the Heaven Tablet Pill, the Yuhuang Ancient Emperor at this moment has fully recovered.

The majestic majesty of the Immortal Emperor, as well as the supreme aura of the blood of the ancient gods, swept the audience, shocking.

"Congratulations to His Majesty Emperor Yu!"

The powerful people in the entire Wanxu were overjoyed when they saw the Yuhuang Ancient Emperor leaving the customs, and they all knelt down to greet him.

"Father..."

The appearance of Yuhuang Ancient Emperor also made Yuhuang Aoxue's broken Dao Heart regain a little composure.

Aware of her gaffe, she hurriedly stood up from the ground and looked at Ye Chen with embarrassment, resentment, and a hint of inexplicable emotion.

Yuhuang Ancient Emperor stared at Yuhuang Aoxue, his face was already very ugly.

Yu Huang Aoxue knelt down to Ye Chen and begged for mercy, which had already lost all his face.

"Marven Ye, I want you to die!"

"You still dare to break into my territory, if you can still run away today, I will be in vain as Emperor Yuhuang!"

Emperor Yu was furious, and his eyes shot at Ye Chen like electricity.

In the next moment, the ancient emperor Yu Huang waved his hand, and the ancient emperor's bell burst into the air, mixed with monstrous power, as well as the celestial fate of the entire Yu Huang Tianjie, and suppressed it towards Ye Chen.

This is the ultimate blow of Emperor Yu Huang, looking at the entire Taishang world, no one can stop it.

Ye Chen's eyes narrowed, and he also felt a huge pressure.

Even if he borrows the power of Emperor Tianquan, even if he activates the Dragon Life Star, and has the protection of the martial arts book, he still can't resist the ultimate blow from Emperor Yuhuang.

If it was outside, Ye Chen might be able to barely resist a blow.

But in Yuhuang Tianjie, on the core territory of Yuhuang Ancient Emperor, he couldn't even block a single blow.

This is the divine might of the Yuhuang Ancient Emperor, and it is the pinnacle of the majesty of the ancient god's bloodline.

"Lord Tomb Master, run!"

Emperor Tianquan burned his soul crazily, pouring all the energy and spiritual energy into Ye Chen.

Ye Chen also wanted to run, but couldn't run away at all.

All of his Qi machines were locked by Yuhuang Ancient Emperor.

Under the pressure of the ancient emperor's bell, Ye Chen couldn't even move a finger, and could only stiffen in place until he was smashed to death by the ancient emperor's bell.

"Do not!"

"Master!"

At this time, Yu Huangye yelled, rushed to Ye Chen's side, and took out a scabbard.

This scabbard turned out to be the scabbard of the Ancient Sword of Heavenly Sin!

After the scabbard of the Ancient Sword of Heavenly Sin was built, it was usually kept by Yu Huangye, because he contributed the most to build the scabbard, and he had the cause and effect of the Supreme Apocalypse on him, and only he could control the scabbard without any pressure.

The sword scabbard was sacrificed, and strands of sword shadows carrying the punishment of the gods and sins also burst out from the scabbard. The sword fell into an array, and instantly turned into a huge sword array, filled with terrifying sword power. Yes, enveloping Ye Chen and Yu Huangye's bodies.

boom!

The emperor's ancient bell was suppressed, but it could not break the sword formation.

Because of this sword formation, with the divine power of the ancient sword of Heaven's Sin, even the ancient bell of the emperor could not break it.

"Yuhuangye, what are you doing!"

When Emperor Yuhuang saw this scene, he was immediately furious and surprised.

"Master, let's go!"

Yu Huangye clenched his teeth tightly, blood oozing from the corners of his mouth, obviously using the scabbard of Heavenly Sin, for him, the price was also huge.

He turned around and urged Ye Chen to leave. From his eyes, Ye Chen saw great pain and contradiction.

"Apprentice, you don't want to betray me..."

Ye Chen murmured, he knew that Yu Huangye didn't want to betray him, but the word love was the most murderous.

Yu Huangye fell in love with Yu Huang Aoxue, and this love affair was always slashed no matter what.

He betrayed Ye Chen because of a woman, but after all, he felt guilt and pain in his heart, which was extremely contradictory.

Now that Ye Chen was in danger, he tried desperately to save him.

"Master, let's go!"

Yuhuang Wild Road.

Ye Chen took a deep breath, knowing that the entanglement of cause and effect is really complicated.

But no matter what, the situation is too dangerous now, and he must leave as soon as possible.

At the moment, Ye Chen dodged and fled outside.

"Leave me alone!"

Seeing that Ye Chen was about to leave, Emperor Yu immediately shouted furiously and wanted to leave Ye Chen, but he just activated the ancient bell of the Emperor, and the consumption was too great. At this time, the breath had not turned slowly, so he could only watch Ye Chen escaped.

Seeing that Ye Chen was about to leave, at this time, a palm suddenly penetrated Ye Chen's heart.

For a moment, Ye Chen felt a sharp pain in his heart, his life was passing by rapidly, and the world was rapidly becoming dark.

He looked back with difficulty, and saw the ancestor of Tianxin, who was looking at him with a smile.

The palm of the ancestor of Tianxin is so solid and old, with the temperature of flesh and blood on it.

He didn't know when, he actually forged the flesh.

Ye Chen looked at the center of his eyebrows and saw a reincarnation rune imprint. Under the insight of Tianji, he understood everything.

It turned out that just now, he was fighting with Futu Xuan, Jiang Xiaoyun and others, and he didn't pay attention to the ancestor of Tianxin.

The blessing of reincarnation fell, and that reincarnation rune was no one vying for it, and finally it was absorbed by the ancestors of Tianxin.

The ancestor of Tianxin was silent, received the blessing of reincarnation, and successfully cast the flesh.

And Ye Chen was still fighting with Futu Xuan, Jiang Xiaoyun and others, and no one noticed his changes at all.

The ancestor of Tianxin, who forged the physical body, although the foundation is not stable, but the injury and vitality have completely recovered. Seeing that Ye Chen was going to leave, he used the means of fantasy and the law of karma to attack and kill, and as soon as he succeeded, he pierced Ye Chen's heart. .

"what!"

Emperor Yu was shocked when he saw this scene.

Yuhuang Aoxue, Yuhuangye, Jiang Xiaoyun, and many other experts from Wanxu were also terrified and couldn't believe their eyes.

The master of reincarnation, who has always been invincible, was actually penetrated by the ancestor of Tianxin.

Could it be that Ye Chen is really going to die this time?

Ye Chen in the sky only felt his own life, and it quickly passed away. The vitality of his body had actually been cut off, and only the blood of reincarnation was left with a trace of life.

Ancestor Tianxin took action too quickly and suddenly, Ye Chen didn't even have time to use Qinglian's clone.

This time, the heart pierced through, and it was his body, which was fatally attacked.

"Am I going to die?"

Ye Chen was at a loss, and the light in his eyes was quickly dissipating.

Chapter 8849

"Ancestor Tianxin, you dare to kill my people?"

Just at this time.

Above the sky, there was a loud and angry shouting.

The wind and snow stormed, the ice phoenix danced, the sword of the sky burst with vigor, and a beautiful and graceful shadow appeared in the sky.

It turned out to be a Nintendo girl!

Ye Chen was hit by a fatal blow, and the goddess felt that the void was torn apart and descended.

She saw the ancestor of Tianxin, running through Ye Chen's heart, and there was a huge shock, horror, and disbelief in her eyes.

laugh!

The goddess waved the Ice Phoenix Heavenly Sword and slashed down with one sword. The atmosphere of the Wishing Immortal Pond behind her floated, and this sword carried the heavy imposing manner of the Rock God, which was overwhelming.

Since the fusion of the rock god bone and the control of the book of the gods of the earth emperor, the strength of the goddess' cultivation has reached the peak of the martial arts in the world.

Ancestor Tianxin saw Tiannv Jianfeng slaying, and hurriedly withdrew his hand, ejected a sword, and fought against it.

Zheng!

When the two swords clashed, the ancestor of Tianxin groaned, and his body sank slightly, but he finally took over the sword of the goddess and did not lose.

His brows showed joy, knowing that after casting the flesh, even if he did not borrow the power of the Heavenly Stele, he could be regarded as a top immortal emperor only by his apparent strength.

A transparent hole appeared in Ye Chen's heart, and his body fell from the sky. When he saw the goddess standing up for him, he was very grateful and wanted to say something, but under the rapid passing of life force, he couldn't say anything. .

When the goddess saw this, she was angry and saddened in her heart, staring at the ancestor of Tianxin with anger in her eyes: "I want you to die!"

Boom!

The goddess' will exploded, and a huge seal appeared behind her. The whole body was surrounded by red awns. The emperor's energy was soaring to the sky.

As soon as Emperor Yan's seal came out, the entire Yuhuang Heavenly Realm seemed to collapse, completely unable to withstand the power of this magic weapon.

This is the supreme artifact, an existence on a par with treasures such as the Golden Wheel of the Emperor of Heaven, the Ancient Sword of Heavenly Sin, and the Sea of Heavenly Demons.

In the past, the reputation of Emperor Yan's seal was not as prominent as the other three treasures.

This is because the person in charge of the Emperor Yan's seal is the ancestor of Hongjun.

The divine might of the ancestor of Hongjun is too powerful, and his strength is enough to rank among the top three in the absence of time and space.

His radiance covered the radiance of Emperor Yan's seal.

Therefore, Emperor Yan's seal was not well-known.

But in fact, this magic weapon, as the supreme artifact, its power is also earth-shattering, crushing billions of stars in the universe, and a little turbulence can destroy countless time and space.

The goddess urged the Emperor Yan Yin to suppress the ancestors of Tianxin ruthlessly.

At this time, the ancestor of Tianxin had just cast his body, and his foundation was very vain and unstable. In the face of the suppression of the Emperor Yan's seal, his face was suddenly horrified and terrified.

"Heaven Monument, block me!"

At a critical juncture, the ancestor of Tianxin sacrificed the stele and stood in front of him.

boom!

The Emperor Yan's seal smashed hard on the stele, and the two collided, stagnating for a while.

The ancestor of Tianxin was drenched in cold sweat, and the goddess also groaned.

Such a stalemate confrontation, both of them feel uncomfortable.

"Aoxue, bring back the corpse of the Lord of Samsara."

At this time, the breath of the ancient emperor Yu Huang had turned slightly, took a deep breath, and ordered Yu Huang Aoxue.

In his eyes, Ye Chen was already a corpse.

Along the way, after so many battles and killings, the one who finally penetrated Ye Chen's heart turned out to be the ancestor of Tianxin, which made him feel infinitely embarrassed.

But no matter what, Ye Chen died on his territory, and he was the biggest beneficiary.

As long as Ye Chen is caught, his blood is drawn, and all the magic weapons of reincarnation are captured, Wanxu is enough to surpass the world of Taishang and destroy all enemies.

"Yes, foster father!"

Emperor Yu Aoxue flew out and was about to arrest Ye Chen.

"Master..."

Yu Huangye was full of fear, who would have thought that Ye Chen would be killed.

"Don't touch my people!"

Just when Yuhuang Aoxue wanted to get close to Ye Chen, the goddess shouted violently. When confronting the ancestor of Tianxin, her will burst, and a spear of dragon fighting was shot in the void. proud snow.

"Father..."

Yuhuang Aoxue was forced to retreat, and looked back at Yuhuang Ancient Emperor.

Emperor Yu Huang's face sank and said, "Very good, Goddess, I originally planned to deal with you slowly after capturing the blood of Samsara."

"But, if you are so eager to find death, I will fulfill you."

After speaking, Yuhuang Ancient Emperor stopped talking nonsense, and with a big move, the aura exploded, and the ancient Emperor Bell was activated again.

The ancient bell of the emperor rumbled and rose, bursting with brilliance, and countless ancient runes shone, with the power of suppressing heaven and earth, smashing down towards the goddess and the ancestors of Tianxin.

At this moment, the void beside Ye Chen suddenly distorted, and a figure appeared.

It turned out to be Gu Yongxiao!

Gu Yongxiao grabbed Ye Chen, his body swayed, like a phantom, he took Ye Chen and disappeared from the place.

The timing of his shot was very good. The goddess was confronting the ancestor of Tianxin, and the ancient emperor Yuhuang was also urging the ancient bell of the emperor, and he couldn't get out.

He shot to save Ye Chen, and no one could stop him.

"what!"

When Emperor Yu Huang saw this scene, he was suddenly surprised and angry, his spiritual energy was stagnant, and the ancient emperor bell also stopped in mid-air.

When the goddess saw this, there was a hint of surprise in her beautiful eyes, but knowing that Gu Yongxiao was Ye Chen's person, she felt a lot more stable inside.

Chapter 8850

"This kid is about to escape again?"

Ancestor Tianxin was horrified when he saw Ye Chen being rescued. He had a deep insight into the secret, and he felt that Ye Chen might not die.

Although he penetrated Ye Chen's heart, Ye Chen is a person of great luck. Now he was rescued by Gu Yongxiao, and he is likely to come back to life again.

Thinking of this, the ancestor of Tianxin suddenly became furious, angry and frightened.

"Old Momo, Ye Chen is not something you can kill!"

The goddess snorted coldly, her eyes revealing the murderous intent, she was actually burning her own blood, and the magnificent Immortal Emperor aura was poured into the seal of the Emperor Yan.

Emperor Yan's Yin Wei energy exploded, and with a bang, it broke through the defense of the Heaven Monument and slammed into the ancestor of Tian Xin.

Although the stele is powerful, the ancestor of Tianxin could not fully exert its power. Moreover, he had just cast his body, and his foundation was unstable. He was hit hard by the goddess at all costs, and he couldn't stand it immediately. He was severely injured by the seal of the Emperor Yan on the spot. The stele also fell.

rumbling...

The Yinwushen Mountain under the two of them also suffered a huge impact.

"Walk!"

With a thought in Tiannv's heart, she rolled her palms, took away the ancestors of Tianxin and the stele, and quickly flew out.

After all, this is Yuhuang Ancient Emperor's territory. If you stay here for a long time, it will definitely be dangerous.

"Damn!"

When Emperor Yuhuang saw that the goddess was leaving, and even took away the ancestors of Tianxin and the monument, he was instantly furious, and with a big wave of his hand, he turned into a thousand feet, blocking the time and space, and he would leave the goddess behind.

However, Tian Nu is a top Immortal Emperor expert. If she wants to leave, no one in the world can keep her.

I saw that the goddess urged the book of the gods of the earth, and a rock gun with a length of ten thousand meters exploded, piercing the void, and flying away in the wind.

Emperor Yu Huang was so angry that he was so angry that the goddess would come when she said it, and she would leave when she said it. He didn't take him seriously at all.

Moreover, the battle between Tiannv and Tianxin ancestors just now caused huge damage.

The rocks of Yinwu Mountain were cracked, the earth veins were broken, and the spiritual energy and luck that had been accumulated for many years were lost in large quantities.

This is the place where Yuhuang Ancient Emperor will ascend in the future. Now that the spiritual energy is scattered and the ascending place has been destroyed, he has suffered heavy losses.

More seriously, even Ye Chen was rescued.

"Heavenly girl, Ye Chen, I want you to die!"

"You guys want to fight in a fake and decisive battle, and it's good to have a secret relationship, that's treating me as an idiot!"

"I want to kill all of you before your decisive battle, but not a single one!"

Ancient Emperor Yu Huang was furious, and countless murderous and vicious thoughts flashed through his heart.

Yuhuang Aoxue, Jiang Xiaoyun, Yuhuangye, and many other powerful people in Wanxu lowered their heads and did not dare to answer.

They know that things are about to change.

...

At the same time, there is no time and space.

In a world wrapped in a scarlet blood moon.

A man sitting on top of a giant whale suddenly opened his eyes.

What kind of eyes are those.

Like a dark messenger who controls hell!

There seemed to be a flame burning in the black pupils.

Among the endless flames, is his burning anger.

"Do you really think that I have stepped into the infinite time and space, and you can do this to my people?"

"I'll let him be extraordinary today, I need him to bury every future!"

Ren Feifei hadn't been so angry for a long time.

At least after he stepped into the void, he was never so angry.

He is unwilling, he regrets, he is determined.

He knew what to do next.

The chess of the Taishang World is important, but there is another game of chess that is more important.

In this game of chess, he must play it well before Ye Chen comes.

Otherwise, all Ye Chen's efforts will be in vain.

...

At this time, Ye Chen was rescued by Gu Yongxiao, and the two appeared in the void outside Yuhuang Tianjie.

Ye Chen only had the last bit of life left, he looked up in a daze, and saw Gu Yongxiao's eyes, blood was flowing, and the eyeballs appeared to be broken, which was very terrifying.

"Senior, you...Aren't you imprisoned?"

Ye Chen was a little confused. He remembered that Gu Yongxiao was severely injured by Jiang Xiaoyun and was taken to prison. Logically speaking, there should be no possibility of escape.

But now, Gu Yongxiao not only escaped, but even saved him from leaving, and the injuries on Gu Yongxiao's body have been completely healed, only his eyes were severely damaged, and one eyeball was shattered into a dozen pieces, which was extremely terrifying.

This seems to be a sequelae caused by excessive use of kaleidoscope blood eye.

"Honored lord, don't say these things first, I will save you first, you must not have an accident, I can die, but you can't, because...because this world needs you, and the world needs you..."

Gu Yongxiao closed his eyes, his eyes were full of firmness, and he gently recited the incantation, and there were countless illusions intertwined between heaven and earth.

Even Ye Chen felt as if his real body had become part of the illusion.

This is an extremely strange and mysterious feeling that cannot be told, but it seems to have some kind of special power.

Then, Gu Yongxiao opened his eyes, and the blood-stained eyes showed a kaleidoscope vision again, dazzling people's eyes.

Ye Chen felt confused and dizzy again.

In a daze, his consciousness gradually woke up again. When he opened his eyes again, he found that the world, the time and space were much clearer than before.

His heart that was penetrated was much better at this moment.

At least it won't fall.

His own spiritual energy is also constantly recovering, and it doesn't look like someone who is about to die.

"senior!"

Ye Chen was greatly surprised, he clenched his fist, and felt that his injury was much better. Although his strength is currently only half of his peak, he will definitely be able to return with enough time.

What the hell just happened?
