

Physician 8871

Chapter 8871

"Miss Linghua, you are really ruthless."

Ye Chen smiled and pinched Wu Ling Hua's tender and tender face, but his heart was very solemn.

"Otherwise, do you really think that the authority of my ice god has fallen from the sky?"

Wu Linghua smiled charmingly.

Ye Chen nodded, knowing that she could become an ice god, and thinking that she had experienced many hardships and twists and turns back then.

As soon as he succeeds, his bones will die, and he wants to become the supreme god, but he doesn't know how many bones he has to crush.

"Xiao Yinan, are you going to take the test with the Lord of Reincarnation?"

"I have seen the future. You will save Martial Ancestor with him in the future. Do you plan to betray me and return to the Samsara camp?"

Wu Linghua looked back at Xiao Yinan and smiled.

Xiao Yinan was so frightened that he fell to his knees and shivered: "Don't dare, don't dare, the sinner is willing to follow the Queen of Ice for eternity and establish a supreme achievement and hegemony."

Wu Linghua said with a smile: "Forget it, get up, you will follow the Lord of Reincarnation, otherwise, if the world is so big, he doesn't know where to flee for his life, isn't it bad?"

I can't be too bullying. "

The palm of his hand caressed the white deer, and the white deer stopped.

She said to Ye Chen again: "Ye Chen, let's go, as long as you can survive for seven days, you will win."

The void was turbulent, and behind Ye Chen and Xiao Yinan, a door of space appeared.

Ye Chen thought to himself: "Dun Tianshan, the sect master of the Shield Sect, said that the Ice God Tianzun may use me as a pawn to eradicate the tumor of the Demon Emperor, but she didn't mention it, so I don't know what her plan is."

He had many questions in his heart, but it was naturally inconvenient to ask more at this time, so he nodded and said goodbye to Wu Linghua: "Miss Linghua, then I'm leaving, if I can survive for seven days, I want you to join my reincarnation. camp, become my ally."

Wu Linghua rode on the white deer, her appearance was gentle and pure, with the ice and snow behind her, she looked even more spotless, listening to Ye Chen's words, she smiled coquettishly: "If you can pass the test, let alone become your ally. , I can be your cauldron."

After speaking, he winked at Ye Chen again, looking rather playful.

Ye Chen's mind was swayed, but he shook his head immediately, and without saying anything, took Xiao Yinan, passed through the gate of space, and left directly.

The two left the Ice God World and returned to the ancestral hall.

woohoo...

The sky was snowing, and it was stern.

In the sky above the Temple of Winter Solstice, a huge phantom is suspended, it is the figure of the Ice God Tianzun, majestic, vast, invincible, surrounded by thousands of ice and snow, behind him a pair of ice and snow wings fluttering slightly, the world trembles, the universe seems to be space-time. all freeze.

The phantom of the Ice God Tianzun can be seen in the entire Destiny World.

Everyone can feel the will of the Ice God Tianzun.

Heavenly mystery pervades, everyone knows, Ye Chen and the ice god Tianzun's agreement.

If Ye Chen passes the test, the Ice God Tianzun will return to the Samsara camp and become Ye Chen's ally, or even a cauldron.

If Ye Chen fails, he will die in reincarnation, and Ji Siqing, Xiao Yinan, Jiang Mingxin and others will all suffer implicated and die.

Outside the ancestral hall, the shield sect powerhouses silently surrounded Ye Chen and Xiao Yinan.

Tread, step, step.

Throughout the Winter Solstice Temple, all the shield sect powerhouses also rushed over from all directions.

The people of Jianzong looked at each other in dismay and walked away silently.

The Ice God Tianzun wanted to kill Ye Chen, so they naturally did not dare to disobey the will of the Ice God, even Xiao Yinan was on Ye Chen's side.

In an instant, the sky and the ground were densely packed, and there were shield sect powerhouses everywhere. They completely blocked Ye Chen's retreat.

Even Ye Chen felt that even the entire space of Destiny World was blocked and could not escape.

This is obviously the handwriting of the Ice God Tianzun.

She wants Ye Chen to stay in this world of destiny and accept her test.

"Lord of Reincarnation, don't wait for seven days, I want you to be buried here today!"

A burly man with a golden beard on his face stepped out, his eyes looking straight at Ye Chen like electricity.

It is the suzerain of the Shield Sect, Shield Tianshan.

He slowly took out the ice shield he was carrying, and with a bang, the shield fell into an array, and a strict ice shield formation enveloped Ye Chen and Xiao Yanan.

This ice shield formation resonated faintly with the illusory shadow of the ice god Tianzun in the sky, the weather was dazzling, and the cold was piercing.

"Lord of Reincarnation, we may not be able to leave..."

Under the stimulation of this extreme cold, Xiao Yanan also calmed down, gritted his teeth, pulled out the heavy ruler behind him, and looked at Shield Tianshan and the densely packed Shield Sect powerhouses around him.

If he can still command the people of Jianzong, he may be able to break through.

But the powerhouses of Sword Sect obviously dare not venture into this muddy water.

An elder of the sword sect said: "Young sect master, the master of reincarnation is already mortal, come back quickly, don't be buried with him!"

Duntianshan said: "Sect Master Xiao, you step aside, I only kill the Lord of Samsara, not you."

Xiao Yinan's eyes turned cold and he said, "No! In this test, I will live and die together with the Lord of Reincarnation!"

As soon as the words fell, he suddenly waved the heavy ruler, used the "Sword Technique with the Cloak of Chaos", and slashed towards the Shield Tianshan.

At the moment when he made the sword, Ye Chen was also very tacit, offering up the Heavenly Sword of Samsara, surrounded by the book of martial arts, and slashed wildly with a sword.

Both of them could see that in the Shield Sect's encirclement, Shield Tianshan was the strongest link and the key to breakthrough.

As long as you can repel Shield Tianshan, you can escape from this place.

Chapter 8872

What Ye Chen and Xiao Yinan used were all the unique skills of Martial Ancestor, especially Ye Chen's sword, which also carried the majesty of Wuji Daoshu.

"I have the protection of the Queen of Ice, and I'm afraid you won't hurt me with this cultivation."

Dun Tianshan snorted, raised the ice shield in his hand, and blocked it in front of him.

Zheng!

Ye Chen and Xiao Yinan's sword qi slashed on the ice shield, leaving two extremely deep traces, like a ravine, with ice chips splashing around, but they didn't really break the ice shield, let alone hurt them. To Shield Tianshan in the slightest.

If it was a normal situation, Ye Chen and Xiao Yinan would work together enough to kill an ordinary immortal emperor.

But now, Duntian Mountain has the supreme blessing of the Ice God Tianzun, and his body is full of spiritual energy. His ice shield protection is not something that two people can break through.

"Damn!"

Ye Chen gritted his teeth and felt very troublesome.

The protective aura on Duntianshan is obviously more powerful than before. This is obviously the handwriting of the Ice God Tianzun. She just wants to kill Ye Chen, and does not want Ye Chen to pass the test easily.

"The grace of the Queen of Ice cannot be overstepped, the Lord of Reincarnation, the Sect Master Xiao Shao, all of you must pay the price for your recklessness!"

Dun Tianshan's eyes were sharp, as firm as the most devout believer. He strode out, the huge ice shield in his hand, the patterns on the shield bloomed with light, the aura burst, and the immortal emperor surged with majesty, fiercely towards Ye Chen and Xiao Yinan shoot.

Looking at his domineering power, if this ice shield is real, I am afraid that Ye Chen and Xiao Yinan can be directly photographed into meat sauce.

"Longteng Mingxing, open!"

"Reincarnation Dragon Fist!"

In the crisis, Ye Chen suddenly turned on the Dragon Life Star, the dragon energy exploded all over his body, and the blood dragon roared and covered his fist.

He punched out with a punch, with the power of reincarnation, fierce and ruthless, and slammed into the ice shield of Shield Tianshan.

Click!

Click!

The ice shield is broken.

At the same time, Ye Chen's fist cracked, his bones shattered, blood penetrated, dyeing the ice shield red, and he stumbled back two steps.

Dun Tianshan took three steps back and praised: "As expected of the Lord of Samsara, he is indeed fierce!"

In this collision, it turned out that Ye Chen had the upper hand.

The surrounding shield sect powerhouses, as well as the sword sect people, were all horrified when they saw this scene.

Ye Chen's power is indeed fierce and unparalleled. With the activation of Longteng Mingxing, he can even suppress the Immortal Emperor.

If Duntian Mountain had not been sheltered by the Ice God, he would have been beaten to death by Ye Chen long ago.

"However, this is the end of it. Although your power is fierce, it cannot last."

Duntianshan clenched the ice shield tightly and took a step forward. The ice shield that had been broken was repaired again, and he swung the shield towards Ye Chen.

Ye Chen looked dignified and turned sideways to avoid it.

Dun Tianshan was right. His Dragon Life Star was activated. Although it was ferocious, it could not last. If it continued like this, he would lose sooner or later.

Boom!

At this moment, a ferocious aura surged from the sky, and I saw a middle-aged man in black robe, tearing through the void, and descending from the sky.

It turned out to be the Sect Master of Sword Sect, Xiao Xuanting!

"Dun Tianshan, you are making a fortune, but have you asked me?"

Xiao Xuanting sneered, his sword energy exploded, like a falcon, shooting down from the sky, killing Duntian Mountain.

"father!"

Xiao Yinan was shocked when he saw Xiao Xuanting coming.

"Xiao Xuanting, why are you here?"

Are you going to go against the will of the Ice Queen? "

Dun Tianshan's face sank, looking directly at Xiao Xuanting, feeling faintly wrong.

The Ice God Tianzun wanted to kill Ye Chen, but Xiao Xuanning had no reason to stop him.

Ye Chen was also very surprised, looking at Xiao Xuanning, suddenly, his heart skipped a beat, feeling that there was a special causal fluctuation in Xiao Xuanning.

It is actually related to Gu Yongxiao!

"No, this is not Xiao Xuanning, this may be an illusion created by Senior Gu Yongxiao!"

A thought popped into Ye Chen's heart, and he was instantly horrified.

Xiao Xuanning laughed and said, "I'm not going to go against the will of the queen, I'm going to kill you first, and then kill Samsara, haha, the great credit for killing Samsara cannot be taken away by your Shield Sect. It's gone!"

The words fell, Xiao Xuanning swung his sword and slashed, and the sword qi of the Immortal Emperor rushed out wildly, slashing towards the Dengtian Mountain like a wave.

Duntianshan had no choice but to raise the ice shield to resist.

"It's your chance, let's go!"

Ye Chen saw that Duntianshan was being held back, and it was the time to leave, so he immediately took Xiao Yinan and flew out.

The strong men of Shield Sect wanted to stop him, but without Shield Tianshan, no one could stop Ye Chen.

"Don't let them run away!"

Shield Tianshan was furious, he started drinking wildly, and sacrificed another magic weapon, which was a bead called the Ice God Dzi, which was surrounded by the blessings of all kinds of ice gods.

As soon as the Ice God Dzi came out, the magnificent blessing aura enveloped the audience, making many shield sect powerhouses more powerful.

Shield Tianshan's face was slightly pale, obviously urging the ice god dzi to consume a huge amount of himself.

Under the blessing of the Ice God Dzi, the shield sect powerhouses were like wolves and tigers, shouting and chasing them out.

Dun Tianshan took a deep breath and slapped the ice shield in his hand, hitting Xiao Xuanning in front of him.

Unexpectedly, this shot actually hit, but there was no touch of flesh and blood, but it seemed to hit the air.

I saw Xiao Xuanning's body, which became illusory on the spot, and immediately dissipated like a bubble.

"This is... illusion!?"

"Damn it, killing the Heavenly Emperor!"

When Duntianshan saw this scene, he was suddenly furious and frightened.

He knew that the Xiao Xuanning he had just faced was not his body, but an illusion.

An illusion, so real, this can only be the handwriting of the killing emperor Gu Yongxiao.

In this world, apart from Gu Yongxiao, there is no second person who can create such a real illusion.

...

In the distance, next to the Tianchi of Destiny.

Gu Yongxiao had already come out of the pool, standing under a big tree, pinching a tactic with one hand, one left eye had turned blood red, the pupil shape was like a kaleidoscope, and the weather was grim.

It was he who used illusion to create the appearance of Xiao Xuanning and projected it into the Temple of Winter Solstice, dragging Shield Tianshan for Ye Chen.

The real Xiao Xuanning was standing beside him.

After coming into contact with the will of the Ice God Tianzun, Xiao Xuanning has stopped any hurtful actions, just guarding Gu Yongxiao and preventing him from escaping.

Everything, we have to wait seven days before Ye Chen can pass the test of the Ice God Tianzun before making a decision.

"Kill Heavenly Emperor, are you using me?"

Xiao Xuanning looked at the vision in Gu Yongxiao's left eye, and suddenly felt everything, and his face was filled with unparalleled solemnity.

Gu Yongxiao only recovered one eye, and the right eye has not recovered, but only one eye can create such a terrifying illusion.

Chapter 8873

"I'm helping you, and you don't want your son to be killed by the shield sect, right?"

Gu Yongxiao looked indifferent, put away the illusion, and said calmly.

"Hmph, after seven days, if that kid fails the test, it will be your death."

Xiao Xuanting snorted coldly, noncommittal, with a slight movement of his palm, a sword formation appeared under Gu Yongxiao's feet.

He had trapped Gu Yongxiao for a long time, just waiting for the final result of the test.

If Ye Chen fails, he will kill Gu Yongxiao without hesitation.

Gu Yongxiao's face was calm, as if he had put his life and death aside.

Xiao Xuanting looked at his calm expression, and his heart was inexplicably a little hairy. He always felt that if Ye Chen failed and died, this Gu Yongxiao would explode and drag him to death.

...

At this time, Ye Chen and Xiao Yinan fled outside the Temple of Winter Solstice, and many powerhouses of the Shield Sect chased after them.

There is also Duntian Mountain. After breaking the illusion, he also chased after him with extreme anger. The situation is very critical.

"Marven Ye, I'm here to help you!"

At this time, there was a shout from the sky, and the flames burst.

I saw Ji Siqing flying from the sky like a fire god descended.

Her body is surrounded by the breath of Vulcan Heavenly Venerate, as well as the majesty of the law of destiny.

A trace of the spiritual energy of the law of fate turned into a chain of gods, flashing around her, very spectacular, she was like the master of fate, the supreme goddess of fate.

On her back, the flames gathered and turned into a pair of huge and fiery Suzaku wings. With a slight wave, it covered the sky and the sun, which was extremely spectacular.

boom!

Ji Siqing flapped his wings, and the overwhelming flames roared down like a meteor shower.

"Ahhh!"

On the ground, many shield sect powerhouses were slaughtered by Ji Siqing's flames, and suddenly screamed.

The shield sect worships the Ice God and also practices ice magic, which is just restrained by Ji Siqing's flame magic.

Under the roaring fire of the sky, many shield sect powerhouses were burned to ashes on the spot.

However, the masters of the Shield Sect were like clouds, and after sacrificing some people, there were still a dense crowd, chasing them like a tide like the sea.

hum!

In the sky, an icy star rose up, which was the core magic weapon of the Shield Sect, the Ice God Dzi!

Under the illumination of this Ice God Dzi, Ji Siqing's flames were instantly suppressed.

"The tyrant of fate, if you dare to guard the reincarnation, I will kill you too!"

A mighty figure stepped out of the void and came out, it was Shield Tianshan.

He stared at Ji Siqing with infinite murderous aura.

Ji Siqing is known as the master of destiny, but in his eyes, he is just a tyrant.

The real Lord of Destiny, the Goddess of Destiny, should be the Ice God Tianzun!

Under the pressure of the violent Immortal Emperor of Duntian Mountain, Ji Siqing's breath was further suppressed.

"Sister Siqing!"

At this time, behind Ji Siqing, another divine light shot out.

The first person was Jiang Mingxin, the Miss Jiang family.

Behind Jiang Mingxin, there are hundreds of people, all of whom are the core elites of the Jiang family.

"Little girl, how many people are left in your Jiang family, how dare you come to die?"

When Duntianshan saw the arrival of Jiang Mingxin's crowd, his face suddenly sank.

"Guard your destiny, even if you die!"

Jiang Mingxin gritted his teeth and stood in front of Ji Siqing.

"Guard your destiny, even if you die!"

All the strong Jiang family in the audience also shouted and shouted, guarding Ji Siqing.

What Jiang Mingxin wanted to protect was Ji Siqing, but he also helped Ye Chen indirectly.

Ji Siqing said to Ye Chen, "Ye Chen, you go first, I'll stop them!"

Ye Chen said: "No, let's go together."

"The Book of Destruction, suppressed me!"

Ye Chen didn't leave Ji Siqing to escape alone, but suddenly sacrificed a page.

That page, in a dim color, was surrounded by the aura of countless catastrophe, filled with energy fluctuations of destruction, it was the Heavenly Book of Destruction!

This book of annihilation is the last page of the book of annihilation not long ago, and Ye Chen of the world of miracles melded and refined all the ashes.

It's just that this annihilation scripture is close to the end, and the aura of destruction is extremely terrifying. After he refined it, he never used it, because he was worried that it would consume too much and backlash.

At this moment, Ye Chen couldn't care about so much, and directly sacrificed the book of silence.

As soon as the Book of Destruction came out, in an instant, the violent aura of destruction exploded, and in the calamity of rolling destruction, another ray of Buddha light was revealed.

The Buddha's light soared into the sky, with the coercion of warding off all demons, annihilating the heavens, and immediately poured down like a waterfall.

The waterfall's Buddha's light hangs down from the sky, like a rolling star river falling, so that the shield sect powerhouses in the audience all feel a terrifying coercion.

"It's actually... The Book of Death!?"

Dun Tianshan also felt an unprecedented horror when he looked at the page where the Buddha's light and disaster converged.

He has long heard that Ye Chen has many magical treasures, but he did not expect that Ye Chen actually controls the Book of Destruction.

As soon as the page came out, the terrifying pressure of annihilation made even Shield Tianshan feel the danger, and retreated again and again, urging the Ice God Dzi to protect the body.

Click!

Under the pressure of the Heavenly Book of Desolation, there was a slight crack in his Ice God Dzi.

It seems that even the supreme ice god cannot stop the killing of the book of silence.

"Walk!"

Ye Chen suppressed the audience with a single page of the Heavenly Book of Destruction, but he did not fall in love, and immediately retreated with Ji Siqing, Xiao Yinan, Jiang Mingxin, and many other strong people from the Jiang family.

Chapter 8874

The coercion of the Heavenly Book of Desolation dissipated, but the people of the Shield Sect present were all terrified and lost.

"Damn, is it just relying on a page of the Heavenly Book of Destruction to be chased by that kid who escaped my Shield Sect?"

Dun Tianshan gritted his teeth, resentful.

Boom!

At this time, the golden light in the sky was thin, and a phantom of the palace hall appeared faintly.

That is the atmosphere of Wanxu Temple!

Immediately afterwards, a masked Dharma Protector Yaksha, wearing thousands of strong men of Wanxu, slowly descended from the sky.

"The people from Wanxu have arrived!"

Shield Tianshan was pleasantly surprised when he saw the many ten thousand ruins powerhouses.

In the distance, Ye Chen and his party escaped from the pursuit of Duntian Mountain, and they felt joy in their hearts, but when they saw the atmosphere of Wanxu in the sky, everyone was shocked.

"This person is... Futu Xuan?"

No, wasn't he killed by me? "

Ye Chen's pupils shrank, looking at the headed Dharma Protector Yaksha in the sky, it turned out to be Futu Xuan.

He remembered that Futu Xuan had already been killed by himself, and even the martial arts book was robbed by him.

He never imagined that at this moment, Futu Xuan actually led many strong men of Wanxu to descend from the sky.

"By the way, Futu Xuan is a powerhouse without time and space, and even one of the top ten Yakshas of Tuo Di Tianzong. Such characters cannot be killed unless all his timelines are obliterated."

Ye Chen thought about it and understood.

The powerhouses without time and space have very tenacious vitality, and they can be resurrected indefinitely, as long as there is still a timeline.

This Futu Xuan is no exception. He was killed by Ye Chen, but now this timeline is dead.

He still has tens of thousands of timelines, and it is impossible to die so easily.

Originally, after the ordinary powerhouse without time and space came to the real world, it was restricted by the laws of reality. Once he died, he could not be resurrected, which was very dangerous.

For example, the next six guardians of the Death God Religion will die completely after they fall, and there is almost no possibility of resurrection, unless they have the power to reach the sky, reverse the long river of time, and fish them out from the long river of time in the past. But the cost is huge.

However, behind Futu Xuan is the Wanxu Temple, the ancient emperor Yuhuang, and the breath of the future ancient god Tuodi is connected.

Under the protection of the ancient god bloodline of Emperor Yu Emperor, even if he is in the real world, he has the possibility of infinite resurrection, which is very powerful.

Of course, such an infinite resurrection is not without cost.

Every time you die, it will bring serious trauma to your own Dao heart.

These Dao Heart wounds, accumulated continuously, will form huge wear and tear.

Under the accumulation of wear and tear, it is enough to make people suffer and die.

Therefore, the so-called infinite resurrection is only a theory after all.

In fact, no one can achieve infinite resurrection, and every death has a serious price.

Futu Xuan landed down, took off his mask, revealing a stern face, his expression more gloomy than before, that was the wear and tear brought by death.

He came to Duntian Mountain and said, "In the Xiawan Ruins, Futu Xuan, inspired by the Ice God Tianzun, I came here to help your sect and hunt down the Lord of Samsara."

Dun Tianshan said happily: "Thank you, thank you!"

He asked again, "Where is Miss Aoxue?"

He knew that Futu Xuan was only the subordinate of Emperor Yu Aoxue.

Only Yuhuang Aoxue was the true successor of the Ice God Tianzun.

In the outside world, Yuhuang Aoxue is not Ye Chen's rival.

But here, she can get the supreme blessing of the Ice God Tianzun, which is enough to suppress Ye Chen.

Buddha Xuan said: "Ms. Aoxue has a special bloodline. She still needs some time to prepare. It will take about two days before she will really come down."

Dun Tianshan frowned and nodded again: "Alright, let's attack together, it's best to kill that kid Ye Chen before Miss Aoxue arrives."

Futu Xuan nodded, his divine sense was released, quickly spreading for thousands of miles, and he immediately captured Ye Chen's location, he sneered, and said: "That kid took my martial arts book, I will let him regret!"

While speaking, Futu Xuan waved his hand, and the many powerful people in the Wanxu Temple in the sky immediately locked on Ye Chen's breath, turned into streaks of divine light, and flew towards Ye Chen like a shooting star.

"Go!"

Shield Tianshan waved his hand and ordered the people of the Shield Sect to come out.

With the assistance of Wanxu, he has absolute confidence to suppress Ye Chen.

laugh! laugh!

The next moment, Duntianshan and Futuxuan also dispatched in person and stormed away in the direction of Ye Chen.

...

In the distance, Ye Chen's face was slightly pale. He had just used the Heavenly Book of Silentness, and his spiritual energy was consumed very seriously. At this time, facing the joint siege of Wanxu and Shield Sect, he was in danger.

I saw the sky and the ground, in all directions, the powerhouses of the Wanxu Temple and the Shield Sect, with a fierce breath, chased and killed like a tide like the sea.

The void is shaking, the surrounding spiritual energy explodes, and the laws are shaken.

"Guard the reincarnation!"

Ji Siqing shouted, the Suzaku sword was sacrificed, and the flames exploded, and a pair of flame wings appeared behind him again.

"Fight side by side with Sister Siqing!"

Jiang Mingxin didn't talk nonsense, and took the people of the Jiang family to stand beside Ji Siqing to fight against the enemy.

"Lord of Reincarnation, you should go first. As long as we survive for seven days, we will be considered to have won."

Xiao Yinan glanced at Ye Chen, then decided to step out with his sword, and fought fiercely with the strong men of the Wanxu Shield Sect who rushed forward.

Chapter 8875

In an instant, the battle peaked.

Wanxu, Dunzong, Ji Siqing, Jiang Family, Xiao Yinan and others all fought together completely, and the scene was quite chaotic.

Ye Chen was protected at the center by Ji Siqing and others.

He now has two options, either stay where he is, wait for his breath to recover, and then join the fight.

Either leave immediately, avoid the pursuit, and wait for the seven days to pass.

Just as they were weighing, in the distant void, there were suddenly two divine lights, killing Ye Chenguang like thunder.

It's Duntian Mountain and Futu Xuan!

Both of them are first-class powerhouses, but at this moment, they attacked together, killing Ye Chen in unison.

Around Ye Chen, there were many strong people from the Jiang family, but they couldn't stop Duntianshan and Futuxuan at all.

Duntianshan and Futuxuan are like two sharp swords, they are as powerful as bamboos, destroying the dead and breaking through the protection of many powerful people, and they are killed in front of Ye Chen in an instant.

"Boy, dare to rob my martial arts book, I want you to pay for it with your life!"

Futu Xuan looked extremely ferocious, and slammed Ye Chen's head with a palm.

"Lord of Reincarnation, accept your fate, the Queen of Ice wants to kill you, where can you escape to?"

Dun Tianshan's face was indifferent, and he held a huge and heavy ice shield in his hand, which also slammed into Ye Chen's body.

"Marven Ye!"

Ji Siqing was shocked and wanted to rescue, but it was too late.

Duntianshan and Futuxuan's joint slaughter, even ordinary immortal emperors, would have been killed by them in one blow, not to mention Ye Chen who was at the third level of the Sky Profound Realm.

"The Great Wilderness Stealing Technique!"

Ye Chen knew that he couldn't touch it head-on. In a crisis, he used the Great Wilderness Stealing Technique to steal all the space of a hundred miles behind him at once, and people appeared a hundred miles away.

boom!

Duntianshan and Futuxuan's attack and kill suddenly failed, and the violent offensive all hit the ground, the ground shook, the plate cracked, but Ye Chen was injured in the slightest.

"what!"

Dun Tianshan's face was shaking, and he looked at Ye Chen who was hundreds of miles away, but he didn't expect Ye Chen to have such a dodging technique.

Originally, his and Futu Xuan's attack was ferocious, blocking the space of heaven and earth, and Ye Chen could not escape.

However, Ye Chen used the Great Wilderness Stealing Technique to break through the blockade and escape their attack.

"The Great Wilderness Stealing Technique, such a secret technique, I think you can use it a few times."

Futu Xuan snorted, but he was not in a hurry, and immediately flew in big strides, chasing and killing Ye Chen.

Duntianshan also quickly followed.

Ye Chen's face sank, and he could only fly forward.

His Great Wilderness Stealing Technique can teleport in a small range, but it is absolutely impossible to break through the blockade of the entire destiny world and escape to the outside world.

After all, the blockade of the world of destiny was arranged by the Ice God Tianzun herself. She really wanted to trap Ye Chen here.

The pursuit of Duntianshan and Futuxuan, the two powerhouses, made Ye Chen feel a lot of pressure.

Under huge pressure, Ye Chen deduced the secret, hoping to find a way to break the game. In the dark, he really saw a hint of vitality.

"what?"

Ye Chen was a little surprised, and flew forward along the breath of vitality.

Flying all the way, Ye Chen felt that the surrounding air was gradually becoming oppressive, the environment became dark, the sky appeared haze, and the wind whistled in all directions.

After flying for a while, a deep valley, filled with the breath of death and darkness, filled with magical fog, shrouded in a mysterious breath, appeared in front of Ye Chen.

At the entrance of the valley, stands a stone tablet, and on the stone tablet, three bloody characters are engraved:

The Valley of the Dead!

"The Valley of the Dead?

The most terrifying Jedi in the world of destiny? "

Ye Chen was stunned. He thought that the place of vitality would be a paradise, but he thought it would be a valley of extraordinary people.

Could it be said that when you step into the Valley of the Unparalleled, you can get rid of the pursuit and successfully break the game?

But the problem is that the Valley of the Dead, but the most terrifying place in the world of destiny, is the burial place of the bones of the former Demon Emperor.

The legendary source of the devil's way, the world's first great devil, originated from the ancient devil, and his bones were buried here.

Even the Ice God Heavenly Venerate, after beheading the Demon Heavenly Emperor back then, couldn't crush the Demon Heavenly Emperor's skeleton, and could only seal it in the Valley of Incomparable People.

This valley of absolute despair is also an absolute place of death. There is no existence of life and spiritual energy, only death and depression.

Since eternity, in the world of destiny, all those who have accidentally stepped into the Valley of Judgment have never come out again. It is said that they were all swallowed up by the Demon Emperor.

The Demon Emperor, also known as the God of Curse, is said to be the first cancer born in the world. He may have evolved into the God of Demons, but he was killed by the Ice God Tianzun before he evolved.

The Lord of Heart Demons born in later generations lives between reincarnation and the law of destiny, and is also a big tumor.

If the master of inner demons becomes a god, then he is the god of inner demons.

Ye Chen stared at the Valley of the Dead, and suddenly felt a terrifying aura of curse, which roared like a poisonous mist, and his Dao heart even shook a little, as if he was attacked by a demon.

Fortunately, the shackles of Ye Chen's heart had already been cut off, and he would no longer be affected by the demons in his heart. He took a deep breath and calmed down.

"This place is really evil."

Ye Chen took two steps back and muttered.

"Boy, where else can you escape?"

At the rear, Futu Xuan's eyebrows stood upright, and he chased after him with a mad momentum.

"Lord of Reincarnation, there is the Valley of Jueren in front of you, there is no way for you to escape!"

Duntianshan also shot in stride, staring at Ye Chen, as if looking at a corpse.

Chapter 8876

Behind Ye Chen is the Valley of Juren. It is said that if the powerhouses in the later stage of the Infinite Realm entered, they would only end up being reduced to the food of the Demon Emperor. If they were to be swallowed and minced alive, life would be better than death.

In his eyes, Ye Chen has no way out, he can only face death.

Ye Chen looked at the arrival of Futu Xuan and Duntianshan, and his face suddenly sank.

If confronted with these two people, he will only die.

If you step into the Valley of the Dead, you will probably die, even worse than death.

"Hey, if you want to kill me, come in!"

Ye Chen sneered, turned around abruptly, and strode into the Valley of Incomparable People.

He deduced the secret, and vaguely saw that there was still a chance of life in the valley of the absolute, and he might not really die.

"what!"

Seeing Ye Chen entering the Valley of the Unbelievable, both Duntianshan and Futuxuan were shocked.

"Isn't this kid really afraid of death?"

Shield Tianshan was greatly shaken. He has been living in the world of destiny, and he naturally knows the horror of this valley.

Even the Ice God Tianzun dared not enter the Valley of the Dead now, for fear of being polluted by the Devil Emperor's breath.

This place can be said to be an absolute place of death, a place where even gods have to retreat.

But Ye Chen actually went in like this.

"Let's chase!"

Futu Xuan gritted his teeth. Although he had heard the legend of the Valley of Jueren, he was unwilling to give up, so he wanted to chase and kill him.

"You can chase if you want, I don't want to go, I don't want to die."

Dun Tianshan shook his head, took back the ice shield in his hand, and had no intention of chasing Ye Chen again.

When Futu Xuan saw the appearance of Duntian Mountain, he was inexplicably horrified, and felt even more terrifying in this Valley of the Unbelievable.

He snorted and had to stop, thinking, "When Miss Aoxue comes, she will naturally have a way to get in."

Immediately, Futu Xuan and Duntianshan were guarding outside.

...

At the same time, Ye Chen is here.

Ye Chen entered the Valley of the Unbelievable, and immediately felt gusts of gloomy wind, blowing like a knife, the air was full of gloomy smog, the surrounding environment was hazy, as if it was covered with a layer of dust, and no flowers, plants and trees could be seen. The traces are only a piece of jagged and twisted strange rocks.

"This is the Valley of the Dead..."

Ye Chen's heartbeat accelerated inexplicably, and faintly, he could capture the waves of magical energy in the depths of the valley, which was suffocating.

The surrounding fog was blocked, and he could no longer see the way when he came in, and he could not see the road ahead.

After calming down, Ye Chen sat down with his knees crossed, adjusted his breath, and planned to restore his aura first.

There is haze and magic fog everywhere in this valley of absolute despair, and the spiritual energy of heaven and earth is full of filth and impurities, which cannot be absorbed.

However, Ye Chen's reincarnation bloodline can automatically restore energy, and he does not need the replenishment of heaven and earth aura. After a short rest, his aura recovered a lot.

In order to prevent the erosion of demonic energy and filth, Ye Chen sacrificed the golden seal to protect himself.

This golden seal is an ancestral magic weapon left by the Rock God Tianzun, and there is no sign of wear and tear, which is very powerful.

With Ye Chen's current strength, he can't fully utilize the power of the Jinzhang Divine Seal, but it is naturally easy to use it to protect himself.

Under the protection of Jinzhang Divine Seal, the surrounding demonic energy did not contaminate Ye Chen.

Ye Chen thought to himself, "As long as I stay here for seven days, won't I win?"

But then I thought: "This place is blocked by fog and filled with demonic energy. Even if I win, how can I get out?"

roar... roar...

While thinking about it, Ye Chen suddenly heard distant roars that were vague, low and intermittent.

"what?"

As soon as Ye Chen's eyes narrowed, he felt the ground shaking, and an ancient and fierce aura was brewing continuously.

boom!

The next moment, the ground cracked.

A roar full of ancient meaning suddenly exploded, followed by a monstrous blood-colored light that rose into the sky.

scoff!

The blood-colored rays of light soared into the sky, and the space was torn apart, and a little bloody water poured down like a torrential rain, showing a terrifying aura.

Ye Chen looked up and saw a huge monster across the sky.

That monster was a hundred feet huge, with the head of a wolf and the fleshy wings like bat wings on the back. With a slight movement, a fierce wind blew up, smashed the clouds and mist, and flew sand and rocks. It was very terrifying.

"This is... a gargoyle!?"

Ye Chen looked at this monster, his pupils shrank slightly, and he recognized it immediately. It turned out to be the former mount of the Demon Emperor, the gargoyle!

The gargoyle originally occupied the Tianchi of Destiny, but was later killed by the Sword Sect of the Winter Temple and the Jiang family.

However, even if this powerful monster is killed, it will not disappear completely, and there will always be a trace of will left behind.

What Ye Chen is facing now should be the incarnation of the gargoyle's will.

But even if it is an incarnation of will, under the blessing of the earth veins of the Valley of the Dead, the aura of this incarnation is extremely powerful.

"Lord of Reincarnation, you actually dare to break into the Valley of Judgment."

The gargoyle looked down at Ye Chen, with fierce gleams in his eyes, which seemed a little incredible.

"Master, the incarnation of this gargoyle's will is a great tonic for me, swallow it up for me!"

At this time, Ye Chen heard the voice of the blood dragon, full of longing.

Previously, the blood dragon devoured the keel of the Immortal Venerable Dragon, and the Long Teng Mingxing evolved, and its strength was greatly improved.

With the help of the power of Longteng Mingxing and Blood Dragon, Ye Chen can even fight against immortal emperors.

Chapter 8877

Knowing the taste of the marrow, the blood dragon is also full of hunger and thirst for those powerful beings.

"Devouring gargoyles..."

The corner of Ye Chen's mouth twitched, the breath of this gargoyle was extremely terrifying, and it might not be easy to swallow it.

"You want to devour me?"

Seeing Ye Chen's expression, the gargoyle immediately noticed something, and his eyes swept over the murderous intent:

"Beyond your own power! If you are outside, you may still have a chance to suppress me."

"But in the Valley of the Dead, you are not my opponent."

"You still want to devour me?"

Hehe, I should be the one who devoured you! "

"You will become my sacrifice and the nutrient for the recovery of Lord Devil Heaven!"

The voice fell, and the gargoyle waved its sharp claws like wolf claws, and volleyed it towards Ye Chen's head.

The bloody light of the claws burst, and the momentum was fierce. Each sharp claws were like swords, smashing through the void, and the breath was sharp and unparalleled, as if it could penetrate the stars.

"Tianjun Fengshen tablet, block me!"

Ye Chen was in no hurry, and immediately sacrificed the Tianjun Fengshen tablet, blocking him like a shield.

Ding!

The sharp claws of the gargoyle, swiped down, were immediately blocked by the Tianjun Fengshen tablet, and even received a shock, flying back into the air.

"what?"

The gargoyle was stunned for a while, but he didn't expect Ye Chen to have such an artifact.

Its one blow is enough to penetrate the stars. I originally thought that even if Ye Chen could not be killed, at least it could be seriously injured, but it was easily blocked by Ye Chen.

"Nine swords to cut the sky, kill without trace!"

Ye Chen waved the Sword of Samsara and stabbed out from behind the Tianjun Fengshen Monument. The sword energy was billowing, but no murderous aura was revealed.

This is the eighth sword in the Nine Swords of Zhantian. There is no trace of killing intent and no trace of killing.

The gargoyle couldn't feel the murderous aura, couldn't pinpoint what Ye Chen's sword energy was pointing at, and hurriedly flew back into the sky again.

Ye Chen's reincarnation blood was running, and the sword qi was violently long, and with a puff, he hit the gargoyle's shoulder, a sword pierced through, and blood splattered.

"what!"

The gargoyle let out a scream, and immediately felt Ye Chen's strength.

"Damn boy, if I have a complete body, can you hurt me?"

The gargoyle was extremely angry, and now it is just an incarnation of will after all. It is okay to deal with ordinary people, but it is absolutely impossible to deal with Ye Chen.

Even if it is blessed by the leylines of the Valley of the Dead, it is not Ye Chen's rival.

"What's the use of making noise?"

The Nine Swords of Slaying the Heavens, kill me! "

Ye Chen snorted, and slashed out again with his sword. The nine swords of Zhantian returned to one, the phoenix dance broke out, and the rolling sword light was like a tide, like a phoenix, beheading the gargoyle.

"Lord Demon Emperor, lend me your strength!"

The gargoyle felt the terror of Ye Chen's sword qi, roared wildly in the sky, and made a loud chant, it was actually summoning the power of the Demon Emperor.

Boom!

Immediately, dark clouds brewed in the sky, thunder roared, and a pair of dark pupils split in the sky.

Those eyes were filled with terrifying magic power, as if they had the strongest and most serious murderous aura in the world, and they seemed to contain the ultimate aura of death, which was suffocating.

These are the eyes of the Demon Emperor!

The eyes of the Demon Heavenly Emperor appeared, and Ye Chen suddenly felt the magic power falling down, took a breath and suffocated, and the sword power also weakened.

At the same time, the gargoyle was like a god, its arrogance skyrocketed, the muscles all over its body cracked, and pieces of the gargoyle protruded violently, full of explosive power, and all kinds of mysterious dark runes appeared on the skin.

"Kid, die!"

The gargoyle clenched his fist with one hand, and slammed it down with a punch. If it was the punishment of the devil, the fist wind was agitated, and the void was blasted.

Ye Chen took a deep breath and felt a huge pressure.

"I didn't expect this Devil Heaven Emperor to have such a fierce will."

The dark magic eye in the sky is terrifying.

Under the aura of the Demon Heavenly Emperor, Ye Chen's martial arts was greatly restricted, and strange black mist shackles appeared on his body, which was the will of the Demon Heavenly Emperor.

Under this blockade, 100% of Ye Chen's strength could not exert 50% of his strength, and even Longteng Mingxing was faintly blocked.

It seems that the Demon Emperor also knew that Ye Chen Longteng Mingxing was powerful, so he set up a blockade directly, not giving Ye Chen a chance to break out.

Even Ye Chen's reincarnation bloodline was restricted.

Facing the ferocious punch of the gargoyle, Ye Chen was suddenly in danger.

"Scorching Sun Devil Star, break it for me!"

In the crisis, Ye Chen shouted violently, the scorching sun star space opened, and a dark magic star rose slowly.

Among the seven stars of reincarnation, Ye Chen's second scorching sun star has not yet been lit.

But before in the Immortal Kingdom of God, he killed Immortal Emperor Jiuyang of the Scorching Sun Demon Clan, devoured the opponent's blood, and robbed the opponent's Scorching Sun Demon Star.

Now in Ye Chen's scorching sun and life star space, although there is no real life star, there is a magic star!

Boom!

The scorching sun and demon star rose up, like a dark sun, breaking through the blockades of many fogs, rising into the sky, and casting infinite brilliance.

Under the scorching sun and the magic star, Ye Chen's reincarnation blood was also driven up, running rapidly, with qi and blood like a rainbow, destroying all the blockades of the Demon Emperor, and all the chains on his body were broken.

The violent reincarnation breath turned into golden light and rose into the sky.

"what!"

The gargoyle felt Ye Chen's soaring breath, and was immediately startled, and even the power of his fists weakened.

"Reincarnation Heavenly Sword, the ultimate killing!"

Ye Chen's eyes froze, the reincarnation qi and blood were poured into the reincarnation sword, and the whole reincarnation sword erupted with unprecedented brilliance. .

Under Ye Chen's full force, the edge of the Samsara Heavenly Sword has even surpassed the Holy Sword of the Human Emperor, and the killing breath is earth-shattering. It is very terrifying to destroy the starry sky.

This is the ultimate sword, enough to instantly kill the late-stage powerhouse of the Infinite Realm.

"Do not!"

The gargoyle let out an exclamation and wanted to avoid it, but it was too late.

Puff!

Ye Chen slashed through the sword light, cut the gargoyle in half on the spot, and killed it directly.

After the gargoyle was killed, wisps of spiritual energy emanated and floated around.

"Do you still want to run?"

Ye Chen snorted, knowing that monsters of this level will be reborn as long as they have a little spiritual energy.

"Blood dragon, swallow it!"

Ye Chen turned on the Dragon Life Star and released the blood dragon.

The blood dragon roared wildly in the sky, opened its mouth, and swallowed all the remaining spiritual energy of the gargoyle like a wind and a cloud.

"Hey, master, thank you very much, it's best if you can kill the Demon Emperor and let me devour it, so that I can evolve again."

The blood dragon swallowed the aura of the gargoyle, as if he had eaten a big tonic, smack his lips, smiled very satisfied, and said to Ye Chen again.

Chapter 8878

"Devouring the Demon Emperor?"

You still don't dream. "

Ye Chen shook his head and looked up at the sky.

The eyes of the Demon Heavenly Emperor have gradually dissipated, but the pressure of the Demon Heavenly Emperor still makes Ye Chen linger in fear.

He estimated that even his own Longteng Mingxing could not contain the corpse of the Demon Heavenly Emperor, because the power of the Demon Heavenly Emperor was too terrifying.

If you want to contain the corpse of the Demon Emperor, or even refine it, you need to rely on the scorching sun.

The accommodating capacity of Lie Sun Ming Star is much larger than that of Longteng Ming Star, and even the bones of the Supreme Demon God can be accommodated and absorbed.

"If I absorb the bones of the Demon Emperor, I will be nourished by the great spiritual energy of the sky, and the scorching sun may be able to awaken, but if the absorption fails, I will be backlashed."

Many thoughts flashed in Ye Chen's heart. Now that the monument has fallen into the hands of Zihuang Immortal Palace, it is difficult to get it back. He wants to rely on the scorching sun to defeat the goddess in the decisive battle half a year later.

It is extremely difficult for Lie Mingxing to awaken, and I don't know how much resources it needs to spend.

But if there is the skeleton of the Demon Emperor, as a supplement, Ye Chen, the star of life, has the possibility to light up.

After all, the strength of the Demon Emperor at his peak was comparable to that of the Nine Gods Supreme, and the energy of the bones he left behind was naturally terrifying.

"Forget it, let's think of a way first and leave here."

Ye Chen shook his head again and continued to move forward.

The power of the Demon Emperor is so terrifying, let alone refining his bones, with Ye Chen's strength at the moment, I am afraid that even fighting against his will is extremely difficult.

Even today's Ice God Tianzun is extremely afraid of the Devil Heavenly Emperor, afraid of being polluted by the Devil Heavenly Emperor's breath.

Ye Chen wanted to fight against the Demon Emperor, but one could imagine how difficult it was.

Going all the way, Ye Chen turned around, but he never found a way out. The surroundings were still surrounded by clouds and fog, and there was a haze everywhere. Occasionally, some monsters appeared, but they did not hurt Ye Chen.

The Demon Emperor that Ye Chen was worried about never appeared.

But he knew that the Demon Emperor must be dormant in the dark, waiting for the opportunity to strike.

It is very likely that the Devil Heaven Emperor wanted to wait for the people from Wanxu and Shield Sect to come in and fight Ye Chen, so he hid behind to gain the benefits of the fisherman.

Time passed bit by bit, and Ye Chen walked around for two days, but never found a way out.

"Two days have passed. I think now, Yuhuang Aoxue has also arrived, right?"

Ye Chen calculated with his fingers and wanted to spy on the secrets outside, but the magic fog in the Valley of Jueren was severely blocked, and he could not see the situation outside.

Answer, answer, answer.

In the midst of confusion, Ye Chen suddenly heard a brisk hoof sound coming from the front, as if a wild deer was walking in the mountains, with an active breath of life, which was very different from the lifeless environment around him.

"what?"

Ye Chen was startled for a while, his heart moved slightly, and he strode forward, walking in the direction of the hoof sound.

After a while, he saw that the surrounding mist was gradually fading, and he heard the sound of waterfalls in his ears. He took a few steps forward and suddenly opened up, and a fairyland-like blessed land appeared in front of him.

It was a land of lush flowers and plants, birds flying, verdant trees, mountains standing, a waterfall like a white dragon pouring down from the mountain, and the fragrance of life permeated everywhere.

In this silent valley shrouded in demonic fog, filled with dead aura, the land in front of Ye Chen's eyes is simply a holy land of immortals, a paradise where immortals live.

A young girl, riding a white deer, strolled in that blessed land.

She wears a headband woven from petals, she wears plain white clothes, her long hair is loose, her eyes are bright and her teeth are bright, her skin is tender and tender, white and pure, she is very cute, and her facial features are like pink and jade.

The long wind blows, and the fresh fragrance of her virgin is in the air, which makes people feel relaxed and happy when they take a breath.

"Ice God Tianzun..."

Ye Chen was stunned, the girl was the Ice God Tianzun.

He just felt incredible, and he didn't expect to see the Ice God Tianzun here, so he took steps to get closer.

However, when he approached the paradise in front of him, he was blocked by a layer of forbidden crystal wall system and almost hit his nose.

It turns out that this blessed land has a layer of forbidden protection, which isolates the erosion of the outside world, and isolates all the nuisances of filth and darkness.

"Oh, this big brother, are you alright?"

When the girl saw Ye Chen and saw that he was almost injured by the ban, she cried with a worried look.

Ye Chen was stunned for a moment, then looked at the girl again, and found that the girl's appearance, although exactly the same as the Ice God Tianzun, was much younger and simpler.

The appearance of the Ice God Tianzun seems to be at least eighteen years old.

But this girl, at most thirteen or fourteen years old, is much more immature and petite.

"Aren't you the Ice God Tianzun?"

Ye Chen frowned slightly.

"What Ice God Tianzun?"

My name is Wu Linghua, and everyone in my family calls me Xiao Wu. "

The girl laughed, jumped off the back of the deer, waved her hand to open the restriction, and pulled Ye Chen in without any scheming and vigilance.

"Little dance?"

Ye Chen was shocked, and the name of the Ice God Tianzun was Wu Linghua.

This girl is obviously the Ice God Tianzun, but looking at her ignorant and immature appearance, she doesn't seem to know her identity.

Countless thoughts flashed through Ye Chen's mind, and under the insight of the secret, he vaguely guessed something, thinking:

"By the way, this girl is the past body of the Ice God Tianzun."

Chapter 8879

"I think that after the Ice God Tianzun became a god, in order to stabilize the Taoist heart, he cut off his past body and sealed it here. It means to cut off the past and face the future."

Severing the past is equivalent to severing the cause and effect of the past. This is a big decision and a bold move. If you are not careful, your own Dao heart will collapse.

Ye Chen didn't expect that the Ice God Tianzun would have such great courage to cut down his own past and seal it completely.

"Xiao Wu, what about your family?"

Ye Chen looked at the past body of the Ice God Tianzun, and didn't know what to say for a while. This past body obviously had no memory of the future Ice God Tianzun, just a young and ignorant girl, so he asked casually.

"Anyone in my family?"

There was a hint of sadness in Xiao Wu's clear eyes, she shook her head and said:

"I don't know either. When I woke up, I appeared here. This cave is not big. I am the only one, and all my family members are gone."

"I tried to go out, but it was all dark and foggy outside, and there were many monsters running rampant, so I could only retreat back."

"I've been stuck here for years."

Ye Chen thought to himself: "Ice God Tianzun is really ruthless, to actually seal his past body here, so ruthless to himself, let alone outsiders."

Ye Chen looked at Xiao Wu's weak and pitiful appearance, and couldn't help but patted her little head as a sign of comfort, and said with a smile, "Xiao Wu, then why did you directly pull me in?"

Aren't you afraid I'm a bad guy? "

Xiao Wu smiled and said, "Don't be afraid, my mother said that you can see whether a person is a good person or a bad person by looking in the eyes, and I can see whether you are a good person by looking in your eyes."

Ye Chen laughed and looked at the outside world again. Seeing that outside the blessed land of the cave, the mist was blocked, the demonic energy was shrouded, and the sun was not visible, and his face became solemn.

Xiao Wu said, "Big brother, what's your name?"

Do you know the way out? "

Marven Ye said: "My name is Marven Ye, as for the way out... I don't know either."

Xiao Wu's eyes flashed, and she said, "Ye Chen?"

You, you, are you the Lord of Reincarnation? "

Ye Chen said: "Yes, do you know me?"

Xiao Wu said: "My family used to be in charge of the Taoist Book of Era. I have seen the future era. After the universe is destroyed and reborn for billions and billions of generations, the new Lord of Reincarnation will be born from the ashes. His real name is Ye Chen."

"Ouch, I'm stuck here, has it been billions and billions of lifetimes?"

It's...it's..."

There was a huge fear in her eyes. The era of billions and billions of generations is too long. It is even more vicissitudes than the vicissitudes of life, and it is unbelievably long.

Ye Chen's heart sank, Xiao Wu was the past body of the Ice God Tianzun. The age she was in at the beginning was indeed hundreds of millions of lives in the past, and the time was terrifyingly long.

"It's okay, we'll figure out a way to get out."

Ye Chen touched her little head again and said with a smile.

Xiao Wu said, "Well, big brother, I actually know there is a way out, but..."

Ye Chen asked in surprise: "Do you know there is a way out?"

Xiao Wuzhen nodded lightly and said, "Yes, but... that way out is actually the throat of the Devil Heaven Emperor. His bones are buried here. I don't dare to run out along his throat, or I will be slapped by him. If you swallow it, you don't know how to die."

At the end, Xiao Wu stuck out her tongue, full of fear.

Ye Chen was surprised when Ye Chen heard that the way out of Jurengu was actually the throat of the Demon Heavenly Emperor, and asked, "Do you know how the Demon Heavenly Emperor died?"

Xiao Wu shook her head and said, "I don't know, I remember my mother said that the Demon Heavenly Emperor is a very terrifying Lord God and the source of the fantasy of the Heavenly Demon Star Sea. I really can't think of anyone in this world who can kill the Demon Heavenly Emperor, that person. Must be great, right?"

Ye Chen didn't know whether to laugh or cry, it seemed that Xiao Wu really had no memory of the future.

In fact, it was the future she who killed the Demon Heavenly Emperor, the Ice God Heavenly Venerate!

"Forget it, Xiao Wu, take me out to see."

Ye Chen said.

"Do you want to go that way?"

That was where the Demon Heavenly Emperor's bones were buried, and the demonic energy was terrifying. "

Xiao Wu was shocked.

"Well, you take me to see it first, and if you can't go out, we'll go back."

Ye Chen said.

"Okay, but, big brother, you have to take my hand and be careful not to be eroded by the devilish energy."

After thinking about it for a while, Xiao Wu nodded in agreement, then raised her eyes and said to Ye Chen.

Ye Chen looked at her so innocent and lovely appearance, thinking of the fierceness of the Ice God Tianzun, very dreamy in his heart, and nodded with a wry smile.

"Let's go."

Xiao Wu smiled and took Ye Chen's hand, opened the restriction, and walked out.

Although she knew that the road ahead was dangerous, she was no longer alone with Ye Chen accompanying her, and she was very happy.

Ye Chen held her hand and felt a special energy aura coming from her, protecting herself like a blessing.

Under careful induction, that special energy is actually related to the ancient star gate!

Even, it is related to the Heavenly Emperor's Life Star!

"Your bloodline, Gu Xingmen?"

Ye Chen looked at Xiao Wu in astonishment, and his heart was greatly shaken. Who would have thought that Xiao Wu's bloodline was actually related to the Ancient Star Gate.

"Hey, big brother, have you seen the origin of my bloodline?"

"Hee hee, you are indeed the master of reincarnation, your knowledge is really broad."

"My bloodline is called the bloodline of the Heavenly Emperor. My mother is the highest Heavenly Emperor of the Ancient Star Gate, known as the Wutian Emperor. You should have heard of it, right?"

Xiao Wu smiled, with pride in her tone.

"Supreme Heavenly Emperor, Wutian Emperor?"

Ye Chen's face trembled.

"Yes, there are five heavenly emperors in the ancient star gate, and my mother is the most beneficial one."

"Our ancient star gate was originally born from the dream of the stele."

"The last life star of the Seven Stars of your reincarnation is called the Heavenly Emperor's Life Star. This life star is on the stele."

"The person who was first blessed by the Heavenly Stele was my mother. Her bloodline was transformed by the Heavenly Stele, from the bloodline of an ordinary person to the bloodline of the Heavenly Emperor."

"She said that reincarnation is kind to our family and to the ancient star gate, and in the future, we must repay with all our heart."

Xiao Wu's eyes sparkled, and she looked at Ye Chen with a look of gratitude and admiration.

The blood of reincarnation surpasses the heavens, and the Heavenly Emperor's Life Star in the seven stars of reincarnation has made her family and the ancient star gate.

"Repay with all your heart..."

Hearing Xiao Wu's words, Ye Chen felt infinite irony.

He also knew that there were five great heavenly emperors in the ancient star gate, and he had already seen the Bone Heavenly Emperor among them.

It was just that he did not expect that Xiao Wu's mother, Wu Tiandi, had a higher status than the Bone Tiandi. He was the head of the five heavenly emperors, and should also be the head of the Ancient Star Sect.

From the past actions of Gu Tiandi, Ye Chen could not see the slightest sign of repayment, only hostility and killing.

Chapter 8880

Even his ancestor Wu Shizun was imprisoned by the ancient star gate.

"Big brother, what's wrong with you?"

Seeing that Ye Chen's expression was different, Xiao Wu murmured somewhat suspiciously and asked.

"fine."

Ye Chen smiled bitterly, looking at Xiao Wu's clear and pure eyes, he knew that the many ambitions of Gu Xingmen had nothing to do with her.

The Ancient Star Sect forced the four demon ancestors away and imprisoned the Martial Ancestor. Xiao Wu didn't even know about these things.

"Then let's go."

Xiao Wu looked like she was heartless and innocent, so she dragged Ye Chen forward.

Ye Chen nodded and followed her forward, also trying to find a way out of the Valley of the Unbelievable.

The two of them walked all the way, and all kinds of demonic energy invaded the road, and the darkness and filth filled the air, but under the protection of Xiao Wu's bloodline, neither of them were injured.

Those filthy demonic energy failed to break through the protection of Xiao Wu's bloodline.

Xiao Wu's bloodline of the Heavenly Emperor originated from the Heavenly Emperor Star in the Seven Stars of Reincarnation.

This Heavenly Emperor Star is the strongest of the Seven Stars of Reincarnation. It is still imprinted on the Heavenly Monument. No one has ever awakened since the beginning of Chaos.

Xiao Wu's family had been blessed by the Heaven Monument and the Heavenly Emperor Star, and their bloodlines had transformed and evolved, becoming extremely powerful.

Under the protection of such bloodlines, Ye Chen and her will naturally not suffer from the invasion of demonic energy.

"Just by being blessed by the Heavenly Emperor Star, the bloodline has such a powerful power. If you can directly awaken the Heavenly Emperor Star, wouldn't it be against the sky?"

Ye Chen was quite warm in his heart, and deeply felt the power of the Seven Stars of Reincarnation.

The last Heavenly Emperor's Life Star of the Seven Reincarnation Stars directly created the Ancient Star Gate and indirectly created the Ice God Heavenly Venerate. One can imagine how powerful the energy is.

The power of this last Heavenly Emperor's Life Star is a billion times stronger than the previous six Life Stars combined. The terrifying energy cannot be described in words.

Ye Chen didn't expect to be able to wake up, but just wanted to get the stele and see the power of Tiandi Mingxing.

Because, the legendary Heavenly Emperor Mingxing was inlaid and branded on the stele.

If you want to awaken the Heavenly Emperor's Life Star, you must completely refine the Heavenly Monument and completely control it.

It is obviously not an easy task to completely control the monument, Ye Chen just wanted to get it first.

It's a pity that now the Heaven Monument has fallen into the hands of Zihuang Immortal Palace, even if you just want to get it, it is extremely difficult.

Shaking his head, Ye Chen restrained the distracting thoughts in his heart, and took Xiao Wu's hand to continue walking.

The most important thing right now is naturally to find a way out of the Valley of the Unparalleled. After a few more days, pass the test of the Ice God Tianzun.

If he can't pass the test, he may even die here, and there is no need to talk about the future.

This way, under the leadership of Xiao Wu, Ye Chen passed through the fog, as well as many fantasy barriers, all kinds of monster traps and so on.

In the end, Ye Chen came to an extremely desolate place.

This is a barren stony ground, and there is a huge human-shaped corpse across the empty and dead land.

I don't know how long this corpse is. At least Ye Chen stood at the foot of the corpse. Looking at it, he couldn't see the head of the corpse, only the throat.

This surprisingly large corpse, with straight throat bones, leads into the distance, and there is a faint light coming from the end.

"Is this the burial place of the Demon Emperor?"

Ye Chen was shocked, and felt that the corpse's demonic energy was extremely terrifying, forming wisps of mist, surrounding in the void, forming chains at times, and mysterious things at times, full of terrifying breath.

The aura emanating from this corpse alone is enough to kill ordinary powerhouses in the Infinite Realm.

This place is obviously the burial place of the Demon Emperor.

If it wasn't for Xiao Wu's leadership, Ye Chen would never have come to such a secret place.

The corpse in front of him is exactly the remains of the Demon Emperor!

There is light coming from the end of the remains, and it seems to be the exit.

But to get to that exit, you need to cross the throat of the Demon Emperor's skeleton first.

The white bone throat channel is particularly strong with demonic energy, giving people a creepy feeling, as if they would be swallowed directly if they stepped into it.

"Big brother, I'm a little scared. Let's go there and take a rest first."

Xiao Wu looked at the skeleton of the Demon Emperor, with a hint of fear in her clear eyes, she took Ye Chen's hand and walked under a statue in the distance.

Ye Chen's attention just now was completely attracted by the skeleton of the Demon Emperor. Only at this time did he realize that there was a statue not far from the skeleton of the Demon Emperor.

This statue exudes a hazy purple light, with the breath of destiny, like a supreme shelter.

When Ye Chen and Xiao Wu came under the statue, they seemed to have received some kind of blessing, and their hearts were much calmer.

However, Ye Chen's inner peace did not last long.

Because, when he looked up at the appearance of the statue, he found a very terrifying thing.

This statue is of a woman.

That woman's appearance was exactly the same as Ji Lin's!

That's right, it's Ji Lin, Ji Siqing's younger sister!

"This statue..."

Ye Chen's eyes widened with a look of astonishment, shouldn't the master of fate be Ji Siqing?

What the hell happened in the future!

"This is a statue of the future Lord of Destiny."

Xiao Wu explained.

"The future Lord of Destiny?"

Ye Chen was even more stunned.

"Yes, I have deduced the cause and effect of heaven's secrets. It seems that the Demon Emperor was killed by an almighty. That almighty, from the future time and space, summoned the statue of the Lord of Destiny to assist in the battle, borrowing the fate of the future. force, killed the Demon Emperor."
