### Chapter 8931

After killing Ji Siqing's illusion, Ye Chen also successfully passed the ban and came to the second floor.

At the entrance from the second floor to the third floor, the restriction was even more severe. When Ye Chen passed through the restriction, another shadow appeared, it was Xuan Hanyu.

This mysterious cold jade is naturally an illusion.

Ye Chen was prepared in his heart, his eyes were sharp, he killed the illusion directly, and moved on.

The ban on the third floor still has illusions manifested, this time it was Luo Qingli, the water god, and Ye Chen beheaded Tongxing again.

"It turns out that the biggest test of this Great Power Tianlong Pagoda is not a ban, but an illusion."

Ye Chen understands that if he wants to climb the tower and reach the top, his own strength is important, but the toughness of the Taoist heart is more important.

If the Dao Xin cultivation base is almost, I am afraid that I would have fallen into the illusion long ago, and dare not shoot to kill.

Ye Chen broke through the tower all the way, and the next few floors, the ban became stronger and stronger, and the phantom figures that appeared were Feng Yuying, Wu Linghua, Wu Yao, and Ye Xie Shen.

Ye Chen passed through one by one, before and after, an hour passed, and finally came to the eighth floor.

"I'm also on the eighth floor."

Ye Chen exhaled and sat down to rest in a corner of the eighth floor.

At this time, he was covered in scars, panting, and his spiritual energy was extremely depleted.

In front of the tower, Ye Chen was not easy, but very difficult.

The tower room on the eighth floor is full of prohibitions, and the laws of prohibition are intertwined with each other, converging into a storm, whistling and rolling.

The entire tower room, as if there was a hurricane explosion, rumbling, and violent storms and thunder and lightning are everywhere. If the doomsday comes, it is suffocating.

Ye Chen could only curl up in the corner and rest for a while.

However, the surrounding forbidden law exploded, and he couldn't rest at ease, and he had to bear the impact and killing of the forbidden law all the time.

Countless forbidden laws, like swords, fiercely attacked Ye Chen.

"Forget it, let's do it."

"Longteng Mingxing, open!"

"Wu Ji world!"

Ye Chen gritted his teeth and simply stood up without resting, and strode towards the entrance of the ninth floor.

He wants to go straight to the top in one go.

The Dragon Life Star opened, and the violent reincarnation divine power and the breath of the Dragon surrounded Ye Chen's whole body.

At the same time, the martial arts book was also released, and the rays of light bloomed to the extreme, making Ye Chen's martial arts aura explode to the extreme.

He disregarded his physical state and rushed to the top, which would inevitably bring a huge burden to his body.

However, as long as you reach the top and surpass the Demon Ancestor Wutian, everything is worth it!

Under the protection of Longteng Mingxing and Wuji Daoshu, Ye Chen rushed to the entrance of the ninth floor. The forbidden atmosphere here was even more severe, and it even seemed to tear everything apart.

Ye Chen felt pain all over his body, as if his whole body was about to be torn apart.

At the same time, he also felt the reincarnation cemetery vibrate, as if a new power was about to awaken, but the timing was almost there.

Ye Chen gritted his teeth, forcibly withstood the forbidden law, rushed to the entrance, and wanted to reach the top in one step.

Countless forbidden methods tore his flesh and flesh, but fortunately, the myriad spiritual veins in his body exerted their effect and kept healing him.

The energy of the spirit tablet is surging, and the breath of the gods and spirits will burst to the extreme, constantly releasing abundant vitality and healing Ye Chen.

Ye Chen's eyes could already vaguely see the appearance of the ninth-floor tower room. The golden light filled the air, and the Buddha's spirit was gushing out, as if there was some great fortune in Buddhism that was waiting for him.

"If I reach the top, the legacy of the ancient Buddha Shakyamuni will also be mine!"

Ye Chen was determined, and he had to forcibly withstand the impact of the ban to reach the ninth floor.

"Go back, this is not where you can come."

At this moment, a cold sigh reached Ye Chen's ears.

As soon as Ye Chen's eyes flashed, he saw Ren Feifei's figure appear.

This figure seems to be an illusion, but also seems to be real.

Ren Feifei swung his long sword, and a burst of sword energy came like a shooting star.

This sword energy seems to be light, but the slaughtering divine might behind it seems to be able to annihilate the starry sky.

"Great Tomb Divine Sword!"

Ye Chen didn't dare to despise, and regardless of his poor physical condition, he directly used the Tomb Divine Sword, which was equivalent to desperate.

His tomb divine sword qi collided with Ren Fei's sword qi.

A huge anti-shock force was transmitted to Ye Chen.

Ye Chen vomited blood on the spot, and was shocked and flew out, his head was buzzing, his eyes were black, and he almost fainted.

When Ye Chen opened his eyes with difficulty, he found that he had left the Dawei Tianlong Pagoda and returned to the Shenwu Temple.

In front of them are Venerable Spirit Devourer, Mozu Wutian, Yuhuang Yafei, Wu Yao and others.

"Brother Ye Chen, are you alright?"

Wu Yao was startled when she saw Ye Chen was covered in blood and pale, she hurriedly came to support him, and held his hand tightly to infuse her spiritual energy.

Ye Chen was infused with Wu Yao's spiritual energy, and his spirit recovered a little, but his physical condition was still bad.

Master Devouring Spirit hurriedly asked, "Lord of Reincarnation, which floor have you reached?"

Ye Chen said: "The first...cough...the eighth floor."

Master Devouring Spirit said "Ah" and was very surprised. He didn't expect Ye Chen's record to be so sturdy, and he broke into the eighth floor.

Mozu Wutian's face sank. He knew how difficult it was to break into the tower, and he spent a lot of effort to get to the eighth floor. It took two hours before and after.

As for Ye Chen, his record in breaking the tower was comparable to his, but it only took one hour.

"Master Devourer, this kid and I have both made it to the eighth floor, so who wins?"

He was injured much more than me, so I won! "

Mo zu Wutian looked at Ye Chen's wounded appearance, and said.

Ye Chen smiled, wiped the blood oozing from the corner of his mouth, and said, "It only took me an hour to get to the eighth floor, but it took you two hours, and I have less time. Of course, I won."

"Your cultivation realm is far superior to mine, and you are an Immortal Emperor. I am only a fourth-level sky in the Sky Profound Realm, and my injury is more serious than yours. Isn't that what it should be?"

When Mo zu Wutian heard this, he was speechless and could not argue.

Venerable Spirit Devourer turned his gaze on the two of them, and finally made a decision, sighing:

"Wutian, this match is considered a loser, so let's go."

When Mo zu Wutian heard the final result, his eyes suddenly flashed a cold light, and said, "Master Spirit Devourer, do you dare to say that I lost?"

Wu Yao said: "What?"

Wutian, are you not convinced?

Want to fight? "

Demon Ancestor Wutian's face was gloomy, his eyes flashed, and he really meant a decisive battle.

If he bursts out with all his strength, using the energy of the Heavenly Demon Xinghai, he also has a lot of confidence that he can directly kill Ye Chen, Wu Yao, and Master Soul Devourer.

However, in such a decisive battle, even if he can win, it must be a tragic victory, and the gain will outweigh the loss.

In the end, the goddess, Yuhuang Gudi and others will definitely take the fishing profits and make wedding dresses for others.

Chapter 8932

Thinking of this, Mozu Wutian was also resentful and helpless, hehe sneered, and said: "Very good, very good, you won."

"Ye Chen, then I wish you a prosperous martial arts, and awaken the scorching sun and destiny star at an early date."

"In this way, it will be interesting when I am promoted to Death God and then kill you."

After all, Mozu Wutian waved his hand, took Yuhuang Yafei, turned and left.

Seeing that Mozu Wutian didn't make trouble, but chose to leave, Ye Chen, Wu Yao, and Master Devourer were all relieved.

Wu Yao said happily: "Brother Ye Chen, congratulations, you won."

"Um."

Ye Chen nodded with a smile, and sat up. The injury on his body, under the treatment of Wanling Divine Vessel, was quickly healed, and white smoke was steaming up.

"Master Devourer, please take action and cast a great formation to kill the Demon Emperor for me."

Ye Chen said.

"Emperor Demon is the main god of the demonic way in the past, known as the god of curses. Even if there is only a wisp of will left, his power is extremely powerful."

"My King Kong Slaughtering Demon Array, I don't know if I can really kill him, I have to go and see first."

Venerable Spirit Devourer said, he didn't dare to say it all.

"No problem, senior, please take a look."

Ye Chen ran the blood of reincarnation, and immediately released the scorching sun's life star space.

Boom!

The magnificent space world of Lie Mingxing appeared in the hall.

In this space world, a huge fragmented skeleton is particularly eye-catching.

That is the skeleton of the Demon Emperor, and Ye Chen hasn't fully refined it yet.

In this piece of bones, there are strands of dark energy flowing, which is the essence of the Godhead of the Demon Emperor, like black paste, and it seems to be some kind of glue, showing a strange aura.

The figure of the Demon Heavenly Emperor was sealed inside.

The Heavenly Sovereign Monument was suspended above his head, preventing him from struggling.

However, his strong cursing suffocation also polluted the Tianjun Fengshen tablet, making the entire stone tablet look bleak and mysterious.

It can be said that the Tianjun Fengshen Stele and the Demon Emperor are invading and killing each other.

If this situation continues, the Demon Heavenly Emperor will die, and the Heavenly Sovereign Monument will also be destroyed.

Ye Chen didn't want to see this ending, because he didn't want to sacrifice the Tianjun Fengshen tablet, which was the coordinates of his contact with Ren Feifei, and it was an extremely important beacon.

"Master Soul Eater, how?"

Ye Chen looked at Master Soul Devourer.

Master Devouring Spirit stared at the Demon Heavenly Emperor, feeling the breath of the Demon Heavenly Emperor, frowning slightly, and said, "This Demon Heavenly Emperor's will still possesses extremely powerful divine power, I can kill him, but it will take a lot of effort. "

Ye Chen said: "Then I will trouble the seniors, and I am grateful."

Master Soul Eater said: "Lord of Reincarnation, can you promise me one thing?"

Ye Chen asked, "What's the matter?"

Devouring Spirit said: "If you can step into the infinite time and space in the future, can you take me with you?"

Ye Chen was stunned, a little surprised, and said, "Senior, do you want to go to Wuwu Time and Space?"

Venerable Spirit Devourer showed a hint of yearning and said, "Yes, I want to see the ancient Buddha Shakyamuni, but unfortunately my cultivation base is not enough, and I am not qualified to ascend."

The ancient Buddha Shakyamuni is the God of Heaven without time and space, the supreme ruler of Buddhism, and the person most worshipped by Venerable Spirit Devourer.

His belief is Shakyamuni Buddha.

Ye Chen pondered for a while, nodded and said: "Senior, I can promise you, if I have the ability, I can take you to Wuwu Time and Space, but I am afraid that the dimensional barrier will block you and your cultivation base is not high enough, so I can't take it. you."

Venerable Spirit Devourer smiled and said, "Others can't do it, but you can. You are the master of reincarnation, and I believe in your ability."

Ye Chen smiled bitterly, and said, "Thank you for your praise, senior, in short, I will try my best."

"Now, please take action and kill the Demon Emperor for me."

Venerable Spirit Devourer nodded and said, "No problem."

After the two agreed, they were ready to take action.

At this time, the Demon Heavenly Emperor, who was blocked under the Heavenly Monarch's Conferred God Monument, also caught a dangerous aura, and looked at Ye Chen, Master Spirit Devourer, and Wu Yao.

"Hey, why, Lord of Reincarnation, want to call someone to kill me?"

"I tell you, my demonic will is the best in the world. In the real world, no one can kill me, even if Emperor Yu Huang comes."

"Unless you sacrifice the Heavenly Monarch Conferred God Monument and pay the price of blood, otherwise, you can't even think about killing me. I'm dead and can be resurrected again."

The Devil Heavenly Emperor sneered, not thinking that Ye Chen had the ability to kill himself.

"Senior, please take action."

Ye Chen didn't talk nonsense with the Demon Emperor, and handed over the invitation to Lord Devourer.

"Um."

Master Devourer nodded and flew to the sky above the Demon Emperor.

"Emperor Devil, we can't kill you, but what if Buddha Shakyamuni shot?"

Venerable Spirit Devourer's voice was like thunder, loudly.

"Shakyamuni Buddha?"

When the Demon Heavenly Emperor heard this name, his pupils shrank and his whole body trembled.

The ancient Buddha Shakyamuni is the legendary Shakyamuni Emperor, the supreme ruler of Buddhism, and his cultivation strength is very terrifying. It is said that even the Yuantian Emperor will give him three points.

Even at the peak of the Demon Emperor's strength, he did not dare to provoke Sakyamuni Buddha.

The legendary Shakyamuni Buddha, with a grand and vast Buddha heart, is the supreme of the heavens, and he is also the person closest to the other side of the starry sky.

Now when I heard Venerable Spirit Devourer mentioning the ancient Buddha Shakyamuni, the Demon Heavenly Emperor couldn't keep calm.

"The King Kong Slaughtering Demon Array, suppressed me!"

Chapter 8933

Master Devouring Spirit did not say a word, squeezed his hand gestures, and lines of Buddha light arrays bloomed, and a magnificent Sanskrit chant reverberated in the void, such as big-winged golden rocs, Arhats, Bodhisattvas, monks, Buddhist temples, whirling immeasurable, and so on. bloom out.

In the void of the nine heavens, the sound of thunder rumbled, manifesting a great, sacred, golden light, and infinitely auspicious figure of the Buddha.

That Buddha, compared to the truth Buddha Ye Chen has seen, has a breath that is thousands of times vast. It is simply supreme and majestic.

That Buddha is obviously the legend of the ancient Buddha Shakyamuni!

A vast golden Buddha formation fell from the sky and fell on the Demon Emperor.

This golden Buddha formation, with the grandeur of purifying all demons, is the great formation of King Kong Slaughtering Demons.

Displaying this great formation of King Kong Slaughtering Demons, the aura of Venerable Spirit Devourer was quickly evacuated, his face was pale, and he had to burn his blood to maintain the operation of the formation.

"The most holy and majestic, the supreme of Buddhism, the ruler of the heavens, the immeasurable dharma, Sakyamuni Buddha, please lower your coercion!"

Master Devouring Spirit began to sing, and the Brahma chants of the heavens echoed. Numerous Bodhisattvas, Arhats, and Jinpeng monks responded together. The sky was full of golden light, and the sky was full of flowers. The atmosphere was vast.

Stripes of Buddha light, with the momentum of killing evil and beheading demons, slayed the Demon Heavenly Emperor ruthlessly.

In the great formation of the Vajra Slaying Demons, countless Buddhist righteousness erupted, swept away the demons, and washed the body of the Demon Emperor.

The Demon Emperor was blocked by the Great Array and was completely unable to move.

"Ahhh!"

The Demon Heavenly Emperor screamed loudly, tearing his heart and lungs. Under the impact of the Buddha's light, his entire body was continuously dissolved and twisted, extremely terrifying.

"Buddha, I was wrong, I was wrong!"

"I would like to take refuge, please forgive me!"

The Demon Heavenly Emperor was completely panicked, his eyes were full of fear and fear, and he was no longer arrogant.

He looked at the Buddha in the sky with incomparable fear, facing the figure of Sakyamuni Buddha, constantly kowtow to admit his mistakes, and asked for forgiveness.

However, the Buddha was speechless.

The atmosphere of the ancient Buddha of Sakyamuni seems to be just a phantom, and there will be no response.

The Brahma of the heavens sang like thunder, and the great array of Vajra Slaughtering Demons was magnificent.

"Emperor Devil, you want to convert now, it's too late!"

Master Devouring Spirit kept activating the formation and shouted.

Under the suppression of the King Kong Slaughtering Demon Array, the Demon Heavenly Emperor couldn't stop wailing and screaming, his body twisted and dissolved, and gradually turned into ashes.

This formation has the will of Buddha Shakyamuni and the killing of the law of cause and effect.

This law of cause and effect is to annihilate all demons and purify evil, and it is extremely fierce.

With surprise and shock in Ye Chen's eyes, he saw that the Demon Emperor had turned into ashes, and there was no possibility of recovery.

His Heavenly Monarch Conferred God Stele, which was originally eroded by demonic energy, was bleak. At this time, it also bloomed again, and it was full of radiance.

"Very good, the Tianjun Fengshen tablet has been preserved."

Ye Chen was delighted in his heart, and if the Tianjun Fengshen tablet was kept, he and Ren Feifan would be able to continue to keep in touch.

Moreover, this Heavenly Monarch Conferred God Stele is still a very good foundation, and it is the foundation for him to refine the Heavenly Stele in the future.

With the Heavenly Monarch Conferred God Stele as the foundation, it would be much simpler to refine the Heavenly Stele.

Master Devouring Spirit successfully crushed the Demon Emperor, and he was relieved, and said to Ye Chen: "Lord of Reincarnation, luckily not humiliated."

He slowly restrained his spiritual energy, the atmosphere of the Vajra Demon Slaughtering Formation dissipated, and the Buddha's Light of the Heavens slowly disappeared.

"Senior, thank you!"

Ye Chen bowed his hands gratefully.

Wu Yao was also full of joy, and said, "Brother Ye Chen, you can now refine the bones of the Demon Emperor."

Ye Chen let out a "um", and saw that Master Devourer's face was pale and his whole body was shaking slightly. Obviously, he had just used the Vajra Demon Slaying Formation, and he was not lightly consumed.

"Senior, are you alright?"

Ye Chen frowned and asked.

"It doesn't matter, it's just a little consumption, you can refine the bones of the Demon Emperor with peace of mind."

Master Devouring Spirit waved his hand lightly, not taking his own situation to heart.

Ye Chen nodded, and his attention returned to the skeleton of the Demon Emperor.

The skeleton of this Demon Emperor is still surrounded by layers of cursed aura, and the essence of Godhead is quite rich.

However, Ye Chen doesn't have to worry anymore, the Demon Emperor will be resurrected again.

Because, just now, the suppression of the King Kong Slaughtering Demon Array was the suppression of the law of karma, and behind it was the will of the legendary Buddha, the supreme ruler of Buddhism, Sakyamuni.

Under the crushing of Buddha Shakyamuni, even the Demon Heaven Emperor at his peak would only end in ashes, let alone a remnant of his soul now.

"Heaven Transformation Dafa, melt it for me!"

Ye Chen took a deep breath. First, he performed the Heaven Transformation Dafa to the extreme, melting all the remaining bones of the Demon Emperor.

Gollum!

The Demon Heavenly Emperor's bones melted completely, and strands of abundant energy and spiritual energy flowed out.

Ye Chen runs the blood of reincarnation, and absorbs all the essence of spiritual energy into his own scorching sun.

Boom!

In an instant, the entire life star world became dark and turbulent, filled with demonic energy, and there was a strong demonic aura everywhere, with strong curse fluctuations.

This strong and repressed demonic energy made both Master Spirit Devourer and Wu Yao feel a little shocked and shocked.

"Scorching Sun Life Star, wake me up!"

## Chapter 8934

Ye Chen shouted violently, and the rich magic energy gathered. In the dark and boundless world of magic energy, there was a humming sound, and a sun broke through the dark magic energy and slowly rose up.

This sun is neither dazzling nor brilliant, just with the morning light of birth, with a breath of life and gentleness.

This nascent morning light shone, and the boundless dark magic energy dissipated like a tide.

Even the scorching sun and magic star that Ye Chen had condensed before disappeared silently.

The space world of the scorching sun, the sky above the zenith, was soon occupied by this newborn sun.

boom!

Along with the rising of this morning sun, Ye Chen's aura of cultivation is also soaring wildly, from the fourth level of the Sky Profound Realm, the first level, to the middle level, high level, and peak!

In the end, it was a direct breakthrough, one step into the ranks of the fifth layer of the Sky Profound Realm!

"Brother Ye Chen, your scorching sun has awakened!"

"Also, your cultivation has also improved!"

Seeing this, Wu Yao was ecstatic, happy for Ye Chen.

At this moment, Ye Chen finally lit up the scorching sun.

And with the awakening of the scorching sun, Ye Chen's cultivation level also rose, and he successfully broke through to the fifth level of the Sky Profound Realm.

Click!

As soon as Ye Chen clenched his fist, he felt infinite surging power, surging in his body.

He really wanted to fight the goddess immediately, and he even had an inexplicable confidence, as if he could easily kill the goddess.

However, after thinking about it, Ye Chen knew that this confidence was actually just an illusion and a misjudgment.

Under normal circumstances, he actually already has the qualifications to defeat the Immortal Emperor.

In other words, he is qualified to kill the goddess!

But the problem is that the goddess is not an ordinary immortal emperor. She holds the seal of the Emperor Yan, which is very difficult to deal with.

Without the seal of the Emperor Yan, Ye Chen could actually kill the goddess when his two life stars were awakened.

But unfortunately, he can't.

Because there are too many variables in reality.

Emperor Yan's seal, the existence of this supreme artifact, made this decisive battle extremely dangerous.

"Lord of Reincarnation, congratulations on your breakthrough, you are one step closer to the full opening of the Seven Stars."

Master Soul Devourer smiled and congratulated.

Ye Chen was only in the Sky Profound Realm, so he lit up two stars of life. It is really possible in this life to light up all the seven stars of reincarnation!

Once the seven stars are fully opened, Samsara will become the supreme of the heavens, or even truly surpass the heavens, reaching the other side of the starry sky.

"This is only the second life star, and it is too far away from the seven stars."

Ye Chen shook his head, not too ambitious.

"It's a matter of human beings. In this life, it is really possible for you to reach the top."

Venerable Spirit Devourer smiled and glanced at the scorching sun and fate star hanging in the sky again, saying:

"However, your scorching sun star has just awakened, and there is no brilliant and blazing sun. It is just a rising sun. It still needs to be cultivated and consolidated. Don't be careless."

"Before the scorching sun and life star, before the breath has stabilized, don't release it to fight easily."

Hearing Master Devourer's reminder, Ye Chen nodded in agreement.

The awakening of the scorching sun, the star of life, is full of weather. It was born from the endless demonic energy, but it is not contaminated with the slightest demonic energy.

But this round of the sun, after all, is just rising, and its aura is still quite immature. There is still a lot of gap between the legendary great realm that shines through the ages and shines in the heavens.

Ye Chen wants Lie Sun Mingxing to truly become brilliant and invincible, and it takes some time to cultivate.

But fortunately, the decisive battle between him and the goddess was half a year later.

This half year is enough for him to nurture the scorching sun and raise the power of the sun to the highest level.

"It's a pity that I, the scorching sun, is not suitable for summoning battles, otherwise, I will swear to kill the demon ancestors!"

Ye Chen sighed and felt a little regretful.

Demon Ancestor Wutian is vying for the authority of the god of death, and the outcome of life and death will soon be decided.

If his Scorching Sun Life Star can reach the most brilliant realm, he will have the opportunity to suppress Demon Ancestor Wutian and completely cut off his idea of vying for the authority of Death God.

"How can things in the world go smoothly?"

"Lord of reincarnation, you have been able to get to this day, and you have already won the favor of heaven and earth. Don't be too greedy."

Venerable Spirit Devourer said, there is a lot of Zen in his words.

"Yes, senior, thank you for the point, then I'll take my leave."

Ye Chen bowed his hands to Master Devourer, and then said goodbye.

"Walk slowly."

Master Devouring Spirit smiled slightly, and then sent someone to see Ye Chen off.

Ye Chen took Wu Yao and left Shenwu Realm with satisfaction and returned to Xingyue Realm.

"I don't know if the Night Mother has investigated the whereabouts of Fu Sheng's death."

Ye Chen thought to himself.

Now his scorching sun star still needs to be cultivated and is not suitable for summoning battles, but this does not mean that he does not have the possibility of suppressing Demon Ancestor Wutian.

Moze Wutian merged with the golden bloodline, and his strength became stronger, but it also came at a price.

That is, he has one more weakness!

This golden bloodline just happened to be restrained by "Floating Life Destiny"!

That Floating Life Destiny was a weapon specially created by Tianqi Supreme for the golden family back then.

If Ye Chen can find the fate of floating life, he will have more confidence to fight against the demon ancestors.

Ye Chen and Wu Yao, when they returned to the Xingyue Realm, saw an elder hurriedly flying over to Fengyuyingdongtian with a solemn expression, and said to Ye Chen:

"Honored lord, the matter you want to investigate has come to an end."

Chapter 8935

Ye Chen froze in his heart and asked, "Have you found the whereabouts of Fu Sheng's death?"

The elder said: "No, but I found specific clues."

"In this world, the last time I saw Fu Sheng's fateful whereabouts was Venerable Chi Feng."

Ye Chen was stunned and said, "Master Chi Feng?"

The elder said, "Yes, Master Chi Feng and Master Spirit Devourer are from the same sect, and they are the Junior Brother of Master Soul Devourer."

"It is said that when Master Chi Feng wanted to ascend to Wuwu, he failed unexpectedly. Later, he did not give up and tried many times, but unfortunately all failed."

"Being disheartened, Master Chi Feng has given up on his cultivation and doesn't care about world affairs."

"We found out from our investigation that Master Chi Feng almost succeeded in his last ascension. That time, he was in charge of Floating Life Destiny, and with the edge of Floating Life Destiny, he smashed through the void, and he was extremely fierce."

"Unfortunately, his sharpness has attracted the attention of Apocalypse Supreme."

"The Sovereign Apocalypse lowered his anger and interrupted his ascension, and he has been at a loss since then."

Ye Chen's eyes sank, feeling that there are too many coincidences in the world's cause and effect, and said, "Master Chi Feng, the junior brother of Master Devouring Spirit?"

Apocalypse Supreme, don't you want him to soar? "

The elder said: "It's possible, but more likely, you don't want the weapons you built to fall into the hands of Master Chi Feng."

"After all, Master Chi Feng is also from Tianwu Immortal Sect, so he is a potential ally of our Samsara camp."

"Apocalypse Supreme deduces the past and the future. I know that this Master Chi Feng may be related to the Samsara camp, so I don't want to see my weapons being controlled by our camp."

Fusheng's desperate edge is extremely sharp, enough to suppress the blood of the Golden Family, Jiang Fusheng used this to kill tens of millions of Golden Demon Gods.

If the reincarnation camp can get this weapon, then the power will soar and the luck will soar, which is what the Apocalypse Supreme does not want to see.

Ye Chen said: "So that's the case, where did Master Chi Feng go after his ascension failed?"

The elder shook his head and said, "We have investigated many times, but have not found any results. Your Honor, you may be able to turn around and ask the Master Spirit Devourer."

"Master Devouring Spirit is the senior brother of Master Chi Feng, he may know."

Ye Chen was stunned for a moment, he just came back from Master Spirit Devourer, and now he wants to go back again, which is a bit inappropriate.

However, in order to find out the whereabouts of Fusheng, this is the only way.

"Okay, I'll go back and ask him."

Ye Chen said helplessly, and then let Wu Yao stay in the Xingyue Realm and returned to the Shenwu Realm alone.

At this time in the Xingyue Realm, Ji Siqing and Ye Luoer went out to find opportunities.

Ye Chen returned to the Shenwu Domain, but what caught his eye was a bleak picture of desolation and blood.

I saw the entire Divine Martial Realm, the sky was shrouded in demonic energy, the energy aura of the Demonic Star Sea was flowing on the ground, and endless filth was raging.

The warriors, cultivators and ordinary people in the Divine Martial Realm were all slaughtered tragically.

The bloody smell soaring to the sky made Ye Chen feel a little dizzy.

He never expected that not long after he left, the Shenwu Territory was actually massacred!

"Who did it!"

"Is the Demon Ancestor Wutian!?"

Ye Chen's face trembled, and when he pinched his fingers, the secret retraced, and he saw a dark figure.

That is the Demon Ancestor Wutian!

Mozu Wutian took advantage of Ye Chen and Wu Yao's departure, and immediately returned to Shenwuyu and started to kill.

"Wutian, I am half your master, you are deceiving your master and destroying your ancestors!"

Venerable Spirit Devourer scolded furiously, but he couldn't stop it.

"Master Devourer, I won't kill you. If you drowned yourself, then you can't blame me."

The Demon Ancestor Wutian smiled coldly, and at one thought the demon bones blossomed, blooming the world, killing all the people in the Divine Martial Realm, leaving only the Master Soul Devourer.

He mobilized the energy of the Heavenly Demon Star Sea and gathered it into a black sea lake, drowning the Master Spirit Devourer, and then turned around and flew away.

Master Devouring Spirit had previously used the King Kong Demon Slaying Formation to kill the Demon Heavenly Emperor for Ye Chen, and he had exhausted his spiritual energy. At this time, he was suppressed by Demon Ancestor Wutian and was completely unable to resist. He could only sink in the Black Sea Lake. , in the end only drowned.

"senior!"

Ye Chen was in a hurry, locked in the position of Master Devouring Spirit, and immediately dodged away, splitting away.

In the earth, the black sea air rushes, and the filth of the demon star sea is constantly tumbling and raging, distorting all kinds of indescribable strange scenes.

"The Holy Book, break it for me!"

Ye Chen was worried about the safety of Venerable Devourer, and immediately gathered light and profound energy to summon the sacred book.

The splendid sacred book evaporated all the black sea air currents running on the earth.

That day, the energy of the Demon Star Sea was all evaporated, and the dry land was exposed.

On the cracked ground, Venerable Spirit Devourer was lying on the last breath.

"Senior, how are you?"

Ye Chen was in a hurry, flew down, and landed next to Master Devouring Spirit, and saw that he was entangled in filth, and the devilish energy lingered.

The dark aura of the Heavenly Demon Star Sea had already invaded his heart, lungs and blood vessels.

As the supreme artifact of the Demon Dao, the filthy energy of the Heavenly Demon Star Sea is enough to destroy the Immortal Emperor, which is extremely terrifying.

"The Lord of Reincarnation, it's you..."

When Master Devouring Spirit saw Ye Chen coming back, he gave a slightly wry smile. He knew that he was tainted by the filth of the Heavenly Demon Star Sea and was bound to die.

"Senior, I'll treat you first."

Ye Chen didn't dare to neglect, and immediately summoned the scorching sun.

hum!

I saw behind Ye Chen, a rising sun appeared, bursting with morning light full of vitality and hope.

Chapter 8936

Under the light of this morning light, the filthy aura on Venerable Spirit Devourer's body actually receded like a tide.

Ye Chen performed the gossip Tiandan technique again, and quickly brought the Master Devourer to life.

Venerable Spirit Devourer's gray face recovered a touch of blood. He looked at Ye Chen in surprise and said, "Master of Reincarnation, you...you actually..."

He knew that Ye Chen's scorching sun star was just lit up, and the light was still quite weak, far from being brilliant and dazzling, reflecting the heavens.

However, in order to save him, Ye Chen disregarded the danger and released the scorching sun.

Master Devouring Spirit was so grateful, he was speechless.

Ye Chen said with relief: "It's okay, senior, it's fine if you're okay."

"When I awaken the third Star of Life, I will resurrect your disciples for you."

The disciples of Master Devourer, the entire Shenwu Realm, were all killed by Demon Ancestor Wutian. If he wanted to be resurrected, unless Ye Chen could light up the third star of life.

In the Seven Stars of Reincarnation, the awakening of each Star of Destiny will bring about great progress.

If Ye Chen's cultivation level can reach the point of lighting up the third star, his strength will increase by leaps and bounds, and he will initially master the peak of the law of reincarnation and life and death,

which can reverse the long river of time, from the past time line, fish out the soul of the deceased come out and be resurrected.

Of course, this is only for ordinary people.

If the cultivation base is too strong, it will be much more difficult to resurrect.

When Master Devourer heard that Ye Chen had this thought, he was even more grateful, and said, "Thank you!"

Ye Chen nodded and said, "Don't worry, senior, I will kill Mozu Wutian and avenge you."

After a pause, he asked again: "Also, I came back this time to inquire about a person's whereabouts with you."

When Master Devourer heard Ye Chen's words, he seemed to have glimpsed something, and said, "Is it my junior brother?"

Ye Chen said: "Exactly, I want to meet your junior brother, the Master Chi Feng, and ask about the whereabouts of Fusheng Destiny, which is an important artifact against the demon ancestor Wutian!"

Master Devouring Spirit fell silent. Looking at his appearance, he obviously didn't want to tell Ye Chen the whereabouts of his junior brother.

However, Ye Chen had just summoned the scorching sun, and he was very grateful to sacrifice himself to save him.

After some hesitation and weighing, Venerable Spirit Devourer finally opened his mouth and said, "My junior brother has given up cultivation after his ascension failed, and he doesn't care about world affairs. He is now in retreat under the seat of the Buddha of Truth in the Realm of All Living Beings."

"If you want to find him, you can go to the world of sentient beings and ask the Buddha."

"But, if you want to investigate the whereabouts of Fusheng, I advise you not to speak."

"That floating life is the greatest pain of my junior brother's life."

"On the day he was in charge of Fusheng, he thought that he had obtained a great opportunity, but he didn't expect that he was in trouble and was targeted by Tianqi Supreme."

"Actually, it wasn't his intention to give up his practice and retreat to Buddhahood."

"It's just that if he doesn't retreat, he will be chased and killed by the Supreme Apocalypse, and he will surely die."

"He is infected with the cause and effect of floating life, and it is impossible for the Supreme Apocalypse to let him go."

When Ye Chen heard these words, his heart froze.

He also thought that Master Chi Feng was disheartened, so he gave up practicing and retreated.

But now it seems that this matter has another hidden meaning!

The Master Chi Feng did not want to give up cultivation.

However, being targeted by Apocalypse Supreme, if he wants to soar again, there will only be a dead end.

Even if he lives in this world, he may be troubled by the Supreme Apocalypse and eventually suffer bad luck.

Out of desperation, Venerable Chi Feng had to rely on the Buddha of Truth to sit down and retreat to the Buddha.

This is to avoid disaster, not the intention.

"Senior, is that lifeless death still in the hands of your junior brother?"

Ye Chen asked quickly, this is the most crucial question.

"Years and years have passed, and I don't know. You can go to the world of sentient beings and ask the Buddha, but it's best not to disturb my junior brother's cultivation, unless you are sure to kill Tianqi Supreme and solve his troubles."

Spirit Devourer said.

Ye Chen smiled bitterly, speechless.

Apocalypse Supreme is the leader of the Death God Religion, the most powerful refiner in all time and space.

Even Wanxu was able to cast the scabbard of the ancient sword of sin, thanks to a trace of causal energy from Apocalypse Supreme.

Today's Apocalypse Supreme is also a strong competitor for the authority of the Death God.

He is the real God of Heaven, and it is easier said than done to kill him.

"Senior, then I'll go to the realm of sentient beings first."

"If you are still in danger, you can call my name."

Ye Chen bowed slightly to Venerable Spirit Devourer, then said goodbye and left.

The realm of sentient beings is one of the six realms of reincarnation and is governed by the Buddha of Truth.

All beings and the Buddha of Truth belong to the reincarnation camp and are Ye Chen's absolute allies.

Ye Chen first conveyed his will and informed the Buddha that he was about to visit.

When he tore through the void and came to the realm of all beings, many of the first elders of the Great Truth Temple came out to greet him, with extremely respectful attitudes, surrounded Ye Chen and came to the Great Truth Temple.

Ye Chen came to the Dazheng Temple and saw the Buddha on the Daxiong Hall.

The Buddha's demeanor remains the same. Thanks to the luck of the Samsara camp, his cultivation base has made a breakthrough, and now he has truly stepped into the realm of the Immortal Emperor.

"Buddha, stay safe."

"Congratulations, you have finally proved the Dao Immortal Emperor."

Ye Chen smiled slightly and said to the Buddha saluting.

Chapter 8937

Buddha Nianhua smiled and said: "Master of reincarnation, Lao Na's shallow cultivation is worthless, far less than the grandeur of your Taoism, if you and I fight for life and death, Lao Na is under your hands, and I can't support it. Ten moves."

In the past, Ye Chen, facing the Buddha, could only look up.

But now, it is the Buddha who looks up to him.

In a life-and-death duel, if Ye Chen uses all his cards regardless of the cost, he can kill the Buddha within ten moves. Even if he has been promoted to the Immortal Emperor, Ye Chen is qualified to go back!

This is the horror of reincarnation, the growth is too fast.

Especially after lighting up the scorching sun, ordinary immortal emperors are no longer Ye Chen's opponents, unless they are characters of the level of Demon Ancestor Wutian, Tiannv, Yuhuang Ancient Emperor, who can communicate with Wuwu in time and space, and borrow more high-level power.

Otherwise, Ye Chen could no longer be suppressed by the power of the world alone.

"The Buddha was joking."

Ye Chen said humbly, not complacent.

The Buddha smiled slightly and said, "By the way, you don't need to call Lao Na the Buddha in the future."

"The real Buddha is not the old man, but the master of Sakyamuni Buddhism without time and space, the highest sacred of Buddhism, Sakyamuni, who is also called Sakyamuni Buddha, is the real Buddha."

"In the beginning of Lao Na, it was just a wick under the seat of Buddha Sakyamuni. It was the blessing of the Buddha and granted Lao Na his magical powers of art."

"The old man's name is burning the lamp, if you don't dislike it, you can call me the ancestor of burning the lamp."

"Lao Na has been honored as Buddha by the world for many years, but it is actually an act of arrogance."

Ye Chen was shocked, but he did not expect that there was also a relationship between the Buddha of Truth and the Emperor Sakyamuni.

Ye Chen had seen the power of Sakyamuni with his own eyes, and even the Demon Emperor was afraid of it.

It is also thanks to the divine power of Shakyamuni's will that Ye Chen was able to finally eradicate the Demon Emperor, absorb his bones, and light up the scorching sun.

"Yes, Patriarch Burning Lamp."

Ye Chen changed his name and saluted again.

The Patriarch Ran Deng nodded, and he had already seen the secret, and asked, "Are you here to find some space?"

Ye Chen was stunned for a moment.

The Patriarch of Burning Lamp said, "Liaokong is the name of the Master Chifeng."

Ye Chen suddenly said, "Yes, this junior came here because he wanted to meet Master Chifeng."

The ancestor of Ran Deng frowned lightly, and said: "When you see Kong, you must be looking for the whereabouts of Fusheng's death, and the four characters of Fusheng's death are his inner demon and the biggest pain in his life, but you are absolutely Don't mention it in front of him, otherwise it will touch his inner demons, and his tens of thousands of years of penance will be ruined."

Ye Chen's heart froze, it seems that the surviving life is indeed a nightmare existence for Master Chi Feng, and it is a scar that cannot be mentioned.

"Buddha... Patriarch Burning Lamp, then do you know the whereabouts of Fu Sheng's fate?"

This weapon is very important to me. If this weapon is still in the hands of Master Chi Feng, can you ask him to take it out for me?"

I can pay enough. "

Ye Chen said quickly.

This floating life is a big killer to restrain the demon ancestors, and he must not miss it.

"Floating life is desperate, it is still in Kong's hands, and Lao Na can't be sure."

"These four words must never be mentioned in front of him."

"Well... if you want to fight the demon ancestor Wutian, you don't necessarily have to rely on floating life to die."

Patriarch Ran Deng pondered for a while, and seemed to think of another way.

"Patriarch Burning Lamp, do you have a solution?"

Ye Chen asked.

Demon Ancestor Wutian's magical cultivation base is so powerful that he has even communicated with Wuwu Time and Space Tianmo Xinghai, and it is difficult for anything in the real world to suppress him.

Even if the Patriarch of Burning Lamp made a move, sacrificed himself, and suppressed it with the supreme Dharma, it was impossible to suppress the Demon Ancestor Wutian.

The weather of the demon ancestors has become, and it is even close to the god of death. It is no longer a reality that can be suppressed by any means, and it must be done with the help of things that have no time and space.

This surviving life is a divine weapon created by Tianqi Supreme, and it is a great killer to restrain the demon ancestors.

Apart from the Floating Life, Ye Chen really couldn't think of anything else.

The Patriarch of Burning Lamp said, "Have you ever heard of the Taishang Buddhist Association?"

Ye Chen said: "The Supreme Buddhist Association?"

The ancestor of the lamp said: "Well, the Taishang Buddhist meeting, once a thousand years, is the most important event in the Buddhist world."

"Every time the Taishang Buddha meets, the Buddha's light without time and space will come to the Taishang world."

"Those Buddha lights have supreme blessing and power, and they contain the good fortune of Sakyamuni Buddha."

"It is said that when the Buddha's light shines, one's own Buddhist practice can be greatly improved."

"Even, there is still a chance to step into the infinite time and space with Buddhism."

Ye Chen's heart moved slightly and said, "This Buddha's light creation of the Supreme Buddhist Association can kill the demon ancestor Wutian?"

The Patriarch of Burning Lamp said: "No, but this time, there may be a special reward for the Taishang Buddhist Association. It is the Buddha's bone relic of the Patriarch of the Holy Land of the Ancient Buddha. He has passed away."

"In the past Taishang Buddhist Associations, the final winners of each session, and those who could finally receive the Buddha's light from Sakyamuni Buddha, were almost all the ancestors of the ancient Buddhist holy land."

"But a hundred years ago, he passed away."

"His Buddha's bone relic is likely to be given to someone who is destined as a reward in this session of the Taishang Buddhist Association."

"The Patriarch of the Holy Land of the Ancient Buddha received the Buddha's blessing and good fortune. His relics of the Buddha's bones are incredibly powerful."

"If you can get his Buddha's bone relic and use the Buddha's heart to slay the devil, it will be much easier for you to fight against the ancestors of the devil."

Ye Chen's eyes lit up, he had seen the interests of the Sakyamuni Emperor with his own eyes.

The patriarch of the ancient Buddha Holy Land was blessed by Sakyamuni in the world, and the power of his Buddha bone relic can be imagined.

If it can be obtained and refined, it is equivalent to receiving the blessing of the Sakyamuni Emperor. It is indeed possible to destroy the ancestors of the devil, just like the emperor of the devil.

"By the way, Patriarch Burning Lamp, Patriarch of the Holy Land of Ancient Buddha, how did he die?"

Ye Chen was very curious again. Hearing what Patriarch Ran Deng said, the Patriarch of the Ancient Buddha Holy Land must be very powerful in cultivation. I am afraid that he is a top immortal emperor who is deeply hidden, and it is impossible for him to fall and die so easily.

If such a big man passes away, there will be earth-shattering changes, and the turbulent weather may even continue for eternity, but Ye Chen has never sensed it.

The ancestor of Ran Deng sighed and said: "Because he wanted to go to the other side of the starry sky, but he failed, so he passed away."

Ye Chen's heart tightened and said, "The other side of the starry sky?"

The ancestor of Ran Deng nodded and said: "Yes, the other side of the starry sky is the world that all the powerhouses without time and space dream of going to. It is the ultimate world of the avenue. It is said that after reaching the other side of the starry sky, you can get eternal bliss. A glimpse of the ultimate truth."

"The Patriarch of the Holy Land of the Ancient Buddha, the Dharma is profound, he actually already has the qualifications to ascend."

"But, he refuses to soar."

Chapter 8938

"Because, he feels, no time and space is full of chaos and killing. If you step into that place, it is very likely that you will not ascend, but fall! You will suffer bad luck and misfortune."

"So, he wanted to jump directly over time and space to reach the other side of the starry sky, but he failed, and he was attacked by some terrible force, and finally passed away, leaving only a Buddha bone relic."

Ye Chen's eyes widened, and he said, "Skip directly across Wuwu and go to the other side of the starry sky?"

This... the patriarch of the ancient Buddha Holy Land is really crazy. "

The ancestor of the lamp nodded and said: "Yes, he is too whimsical."

"If you want to go to the other side of the starry sky, you must first cross the sea of suffering, and there is no time and space, it is this sea of suffering."

"If you haven't crossed the sea of suffering, how can you achieve a positive result?"

"Furthermore, the other side of the starry sky is hidden in time and space, but I just don't know where it is."

"Wuwu time and space is the last world of the heavens and myriad worlds. There is no deeper time and space than Wuwu time and space. This is the ultimate."

"And the other side of the starry sky is the ultimate in the ultimate."

Ye Chen was in a trance, these great and mysterious propositions were actually quite far away for him, but he also wanted to know very much in his heart.

"Does the world beyond the starry sky really exist?"

Ye Chen raised a question.

The ancestor of Ran Deng said: "Of course it exists. The legendary Taoist book "The Other Side of the Starry Sky" actually evolved from the world on the other side of the starry sky. The world on the other side of the starry sky has also shown many miracles since ancient times. It is the real paradise of bliss, and many of the great figures of the gods and gods have already glimpsed the outline of the world on the other side."

"However, they can only watch from a distance, yearning for it, but they can't reach it. Anyone who tries to get close to the other side of the starry sky will be punished by the heavens and will eventually turn into ashes."

"The Patriarch of the Holy Land of the Ancient Buddha was killed by divine punishment. Before he died, he only left eight words."

Ye Chen hurriedly asked, "Which eight characters?"

The ancestor of the lamp said: "Reincarnation in heaven, the flowers on the other side bloom."

Ye Chen was shocked in his heart, and murmured these eight words: "Reincarnation in heaven, flowers on the other side bloom..."

Could it be that the ultimate and final truth of the legendary Dao, the world beyond the starry sky, is actually related to reincarnation?

Seeing that Ye Chen was lost in thought, Patriarch Ran Deng said, "Okay, don't think too much about it, three days later, it will be the day when the Taishang Buddha Meeting will begin."

"This Taishang Buddhist Association is organized by the Holy Land of Ancient Buddhas."

"Whenever the day of the Taishang Buddha's meeting comes, many Buddhist practitioners in the Taishang world will gather at the ancient Buddhist holy place."

"This year's Taishang Buddhist meeting is definitely the most lively, because the ancestor of the ancient Buddha Holy Land passed away, and others can compete for the blessing of the Buddha."

"Furthermore, the Buddhist bone relic of the ancient Buddha Holy Land Patriarch may also be used as a reward this year. It really attracted a lot of people. Many Buddhist supreme beings who are hidden from the world have been moved this year, hehe..."

In the past Taishang Buddhist Associations, there was often only the patriarch of the ancient Buddha Holy Land who could finally receive the blessings of Sakyamuni.

Others, can only share the leftovers.

And this year, the Patriarch of the Holy Land of the Ancient Buddha died, and the opportunity to accept the blessing was given up, which naturally attracted countless people to fight for it.

Moreover, the Buddha bone relic of the ancient Buddha Holy Land Patriarch is also a great reward.

The Patriarch of the Holy Land, since ancient times, has been deeply blessed by Sakyamuni Buddha, and his Buddha bone relics, I do not know how much Dharma essence and good fortune energy have been accumulated.

If you can get it, it is not impossible to reach the sky in one step, and prove that there is no such thing as nothing.

Naturally, Ye Chen didn't want to miss such a grand event.

"Is this Taishang Buddhist meeting going to start in three days?"

Ye Chen asked.

"Yes, hehe, Lord of Reincarnation, you are a person with great luck. Your luck is always so good, and you can always meet a grand event at the right time."

The Lantern Patriarch laughed.

"The ancestor was joking."

Ye Chen shook his head and asked again, "Will Master Chi Feng go?"

He knew that Master Chi Feng was not really willing to escape into the empty door, but only to avoid the wrath of Tianqi Supreme, he had to rely on the ancestor of the lamp.

If there is a chance, Master Chi Feng definitely wants to return to the outside world, or even fight again, to hit the realm of no time and space.

This year's Taishang Buddhist Association is an excellent opportunity.

When the ancestor of the ancient Buddha Holy Land died, outsiders would have the opportunity to compete for the creation of the Sakyamuni Emperor, and they would also have the opportunity to obtain the Buddha's bone relic of the Holy Land Patriarch.

It's hard not to be moved by the double good fortune reward.

The Patriarch of Ran Deng nodded and said, "He will also go when he is empty. After all, he has never broken his heart and can't help this huge temptation."

"If he leaves the world of sentient beings and takes the risk to participate in the Taishang Buddhist Association, he is likely to be targeted by the Supreme Apocalypse, and the Supreme Apocalypse will not let him go."

"However, Apocalypse Supreme has recently been competing for the authority of the God of Death, and may not be able to get away."

"Langkong also calculated this point, so he took the risk."

Ye Chen asked, "Patriarch, will you go then?"

The Patriarch of Ran Deng said: "I will take you there, but I am inconvenient to participate. After all, I am just a wick under the Buddha's seat. My identity is too humble to accept the blessing of the Buddha."

Ye Chen said: "The ancestor is joking, the strong do not ask about your background, you don't have to be too obsessed."

After listening to Ye Chen's words, the ancestor of Ran Deng was stunned for a while, and then he smiled bitterly and said, "Forget it, in short, after three days, I will take you and Kong to the Holy Land of Ancient Buddha together."

Chapter 8939

Ye Chen nodded and said, "Then I will trouble the ancestors."

For the next three days, Ye Chen stayed at the Dazheng Temple, talked about Buddhism with Patriarch Ran Deng, and consolidated his own cultivation, which was quite rewarding.

So three days passed, and finally, the Taishang Buddha Association was about to begin.

On this day, Ye Chen clearly felt that the entire Taishang world was filled with a special atmosphere.

This breath, the auspicious atmosphere is colorful, the auspicious atmosphere is colorful, the dragon and the phoenix are mingling, and the weather is quite magnificent.

This is the weather that there is a great blessing of good fortune that is about to come.

Ye Chen thought to himself: "This is a great Buddhist meeting, and it really has a great chance and great fortune."

"If I can get the Buddha's light and receive the blessings of the Sakyamuni Emperor, my cultivation will be improved to a higher level, right?"

Thinking of this, Ye Chen's spirit was also lifted a lot, and he was full of expectations for the Taishang Buddhist meeting in his heart.

"Lord of Reincarnation, we should go."

The ancestor of the burning lamp sent an invitation to Ye Chen, and it was time to set off.

Ye Chen took a closer look, and saw the ancestor of Ran Deng, followed by an old monk with low eyebrows and drooping eyes. His appearance was quite vicissitudes, but his physique was particularly burly and strong, and his temples were raised high. Monks are very different.

"He is the Master Chi Feng!"

Ye Chen's heart froze, and under the insight of Tianji, he knew the identity of this old monk, it was the junior brother of Lord Devourer, the last person in charge of Floating Life, Lord Chifeng!

"Grandfather."

Ye Chen put his hands together, first greeted the ancestor of the lamp, and then looked at Master Chi Feng.

He really wanted to know the whereabouts of Fusheng Destiny, but he also remembered yesterday's warning from Patriarch Ran Deng that the words "Floating Life Despair" should never be mentioned in front of Master Chi Feng.

That's his demon!

Patriarch Ran Deng smiled slightly and said, "Lord of Reincarnation, Lao Na will lead the way today and take you to the Holy Land of Ancient Buddha."

After a pause, he turned his head to the Master Chi Feng and said, "Lee Kong, this is the famous Lord of Reincarnation."

Venerable Chi Feng put his hands together and said, "The poor monk is empty, I have seen the Lord of Reincarnation."

The sound was rather desolate.

Ye Chen bowed back and said, "Master, you don't need to be too polite. It's fate to meet you today."

He never said anything about the past of Chifeng, only that he was really a monk who escaped into the void.

Master Chi Feng was very surprised, he breathed a sigh of relief, and there was a hint of gratitude in his eyes.

Ye Chen smiled without saying a word, he knew that if he wanted to inquire about the whereabouts of Fu Sheng's death from the mouth of Chi Feng, he must not be in a hurry, and let him slowly untie the knot.

Anyway, Ye Chen is also quite interested in this great Buddhist meeting.

He also wanted to see how powerful the blessings of the legendary Sakyamuni Emperor were.

Now that his scorching sun has just awakened, it is the time when he needs spiritual energy.

If he can get the blessing of Sakyamuni, his scorching sun will be able to stabilize and truly exert his fighting power.

"Lord of Reincarnation, let's go."

Lantern Patriarch said.

"Um."

Ye Chen nodded. He planned to have a good relationship with Master Chi Feng during the Taishang Buddhist meeting, and then inquired about the whereabouts of Fusheng.

The Patriarch of Burning Lamp tore apart the void, and took Ye Chen and Master Chi Feng to the ancient Buddhist holy land.

Ye Chen was in a trance, and in the next instant, he had come to an unfamiliar place.

This is a vast void of the universe, with no end in sight, with an air of emptiness, desolation, and even death.

In this void of the universe, there are billions of billions of planets floating around.

These planets are slowly rotating in irregular trajectories.

Generally speaking, the universe in the real world and the trajectory of the planet's movement have rules to follow.

However, the planets in this universe run erratically, showing a chaotic posture.

Even, Ye Chen could clearly capture that in this void, there was a trace of breathless energy fluctuations, which was thicker than anywhere in the outside world.

"This is... the sky outside the sky?"

Ye Chen was a little surprised, he recognized this place.

This place is the world outside the real sky, called Tianwaitian.

In the past, he also followed his grandfather and came to the outer world.

The sky outside the sky is a special area that lies between the real world and the timeless space.

In the immeasurable realm, the third layer of heaven is called "Flying Immortal Outside the Sky". If you want to become a flying immortal outside the sky, you must practice in the Heaven and Outer Heaven and understand the special laws of the Heaven and Beyond.

"Patriarch, is that ancient Buddhist holy place just outside the sky?"

Ye Chen looked at the ancestor of the lamp and asked.

"Yes, the Taoism of the ancient Buddhist holy land is inherited from the timeless Sakyamuni Buddhism. They are respected by Sakyamuni Buddha. The territory of their holy land is in the sky."

"Let's go, let's go to the Holy Land of Ancient Buddha quickly, otherwise if we go too late and the blessing of the Buddha is taken away by others, it will be bad."

Patriarch Ran Deng smiled faintly, then walked in the air, leading the way in front.

Ye Chen and Master Chi Feng followed behind him and flew rapidly in the sky beyond the sky.

The three flew extremely fast, and the stars passed by behind them.

After flying for half an hour, Ye Chen suddenly saw a picture scroll in this chaotic and disorderly starry sky world.

It is not actually a picture scroll, but a vast territory, like a picture scroll unfolding in the starry sky.

In that territory, countless Ruili Xianguang gathers together, seven-colored auspicious clouds are surging in the world, and you can even hear the chirping of cranes, surrounded by golden lights, and solemn Sanskrit singing. It is really a solemn and prosperous Buddhist holy place.

Chapter 8940

"Is this the Holy Land of the Ancient Buddha?"

Ye Chen's eyes lit up. Generally speaking, in the outer sky, the existence of the world is mostly in the form of stars, because stars are round, and this shape can best adapt to chaotic changes.

But this ancient Buddhist holy place spreads out like a vast picture scroll.

It is obvious that there is a great supernatural power, who exerts great power to stabilize this world and is not affected by the surrounding chaotic laws.

Ye Chen could see that streaks of divine light were flying from all directions, obviously those who wanted to participate in the Taishang Buddhist Association.

The Taishang Buddhist Association has already started today, and the entire ancient Buddhist holy place is very lively with lanterns and lanterns everywhere.

In the sky above the ancient Buddhist holy place, you can vaguely see a huge phantom of the Buddha.

That is exactly the dharma of Sakyamuni in the legend!

The dharma of Sakyamuni had already manifested in the Holy Land of Ancient Buddha, but the eyes of that dharma were closed, and they had not opened, nor had any blessings descended.

Many Buddhist practitioners who came to the conference stared at the Dharma of Sakyamuni, pointed and whispered.

Everyone knows that when Sakyamuni opens his eyes, his blessings will come.

"Buddha bless..."

Venerable Chi Feng looked at the dharma of the Sakyamuni Emperor, his dull and calm face also showed an excited look, he murmured in his mouth, and moved the rosary.

"Lord of reincarnation, look at it, that is the real Buddha, Lao Na is just a wick under the Buddha's seat."

Patriarch Ran Deng pointed to the phantom of the dharma in the sky, sighed, and his voice was rather lonely, as if he was self-pity for his life.

Ye Chen nodded and said nothing.

Soon, among the ancient Buddhist holy places, there were several little monks responsible for welcoming guests, leading Ye Chen, the ancestor of the lamp, and the master of Chi Feng to gather at the entrance of the holy place.

In order to keep a low profile, the three of Ye Chen had already restrained their breath and did not reveal their identities, just like ordinary monks.

The entrance to the Holy Land was already crowded with people, all of whom wanted to enter the Holy Land of Ancient Buddhas and receive the blessings of Sakyamuni.

The guardian monks of the ancient Buddhist holy place, and some elders, maintained order at the scene.

An elder shouted:

"You laymen have come from afar, but I am not well received at the Holy Land of the Ancient Buddha. I hope you forgive me."

Among the crowd, someone said loudly, "Since you know that the reception is not good, why don't you let us in quickly?"

Could it be that you, the holy land of ancient Buddhas, still want to devour the blessings of the Sakyamuni Emperor alone as before? "

In the previous Taishang Buddhist Association, almost every time the Buddha blessed, it was the master of the ancient Buddhist holy land, and the Wuxin Patriarch accepted it.

That is to say, every time the Taishang Buddha meets, the Wuxin Patriarch is the biggest beneficiary.

In the outside world, there have long been rumors and rumors that the ancient Buddhist holy land is bullying others and embezzling the creation of the Buddha.

It's just that the Wuxin Patriarch's cultivation base is extremely powerful, and he has long been qualified to ascend Wuwu, but his ambition is too great, and he wants to jump directly over Wuwu time and space to reach the other side of the starry sky, but he does not soar.

Because of Wuxin Patriarch's magical powers of Buddhism, outsiders dare not say much.

But now, Wuxin Patriarch is dead, and he failed to set foot on the other side of the starry sky, leaving only a Buddha bone relic.

The monks in the ancient Buddhist holy places have no heads, and many Buddhist practitioners from other places will not be as polite as before.

The elder of the holy place said: "Laymen, please rest assured, this year's Taishang Buddhist meeting has the same rules as the previous ones. If you want to enter my ancient Buddhist holy place and receive the blessing of the Buddha, you must first practice the "Buddha's True Sutra", and at least Get to the first level."

After that, the Holy Land Elder pointed to a huge jade tablet standing at the entrance.

The jade tablet is crystal clear and surrounded by precious incense. It is engraved with Buddhist scripture characters, and it seems to be engraved with the truth of magic and magic.

"This is....."

Ye Chen looked at the characters on the jade tablet, and his heart moved slightly.

The ancestor of Ran Deng said: "It is the "Buddha Sutra", a Buddhist scripture written by Sakyamuni Buddha himself, and it is also one of the thirty-three divine arts. In terms of power, it is enough to rank in the top five. It is a very beneficial Buddhist divine art."

"One of the nine-day divine arts created by the ancestor Hongjun in the past, the Great Brahma Nine-fold Supreme Gong, is the source of this "Buddha's True Sutra"."

When Ye Chen listened to the origin of the "Buddha Mantra", he was surprised that it was so vast.

Among the Nine Heavens Divine Art, the Great Brahma Heaven Nine-layer Supreme Art, also known as the Brahma Heaven Divine Art, has the nine-character formula of "all those who are fighting in front of the army march forward in formation", which is very complicated, mysterious, and extremely profound.

This "Buddha's Mantra" is the source of Brahma's divine power, and the power is not known how powerful it is.

"The Emperor Shakya is really amazing. The scriptures he wrote are the thirty-three days of divine arts, and even the top five existences!"

Ye Chen was amazed. In the thirty-three days of magic, the first and second magic skills only existed in fantasy and were not born.

The third place is Tiandou Datujian, and the fourth place is Kaleidoscope Blood Eyes. I don't know who made them, because they are too old.

However, the fifth-ranked "Buddha Sutra" has its roots and can be verified, and it was written by the Emperor Shakyamuni himself.

Patriarch Ran Deng looked at Ye Chen's surprised appearance, smiled slightly, and said, "Buddha Shakyamuni has a vast heart, he wrote the "Buddha's True Sutra" in order to make everyone in this world like a dragon, everyone can be Be a Buddha."

"The "Buddha Mantra" is divided into nine levels. As long as you practice according to the Buddhist principles in this scripture, you can become a Buddha after you reach the ninth level."
