Chapter 8951

"When they were fighting, they exposed their original form. Chaos demonic energy erupted, and they were fierce and unparalleled. I don't know where they were born. The horror of demonic energy is even comparable to that of Tianmo Xinghai, which is really incredible."

"They wanted to kill my senior brother, and they also took away his Buddha's bone relic, saying that they wanted to prevent him from going to the other side of the starry sky. My senior brother used his great magical powers and the mighty power of Sakyamuni to finally eradicate those chaotic demons."

"That war caused my ancient Buddhist holy place to be damaged and destroyed everywhere. Now, although most of the places have been repaired, there are still a few remnants of ancient battlefields, which are the taboos of my ancient Buddhist holy place."

"Now, after my senior brother passed away, his Buddha bone relic is falling somewhere in the ancient Buddhist and demon battlefield."

"The ruins of the battlefield still have the slaughter of the ancient times, and even the remaining power of Sakyamuni Buddha, who fought with the Supreme Chaos Heavenly Demon. Even if the warrior monks in the late immeasurable realm enter, they are in danger of falling."

"Everyone, if you want to get the Buddha's bone relic, you must personally step into the ancient battlefield of Buddha and Demon and find it yourself."

Hearing the words of Master Duxin, the audience was in an uproar.

When listening to Master Du Xin speak, everyone faintly glimpsed the secret and saw the horror of the ancient battlefield of Buddha and Demon.

In Ye Chen's mind, an ancient scene of secrets also appeared.

He first saw that thousands of figures appeared in the sky, with holy white light blooming all over their bodies, with white wings behind them, and the wings were covered with noble runes.

Their appearance, the men are handsome, the women are beautiful, and their bodies are incomparably well-proportioned. They seem to be the most noble race in the world, such as natural gods.

Ye Chen knew that these noble races with white wings were the chaotic demons mentioned by Master Du Xin.

However, these chaotic demons do not consider themselves to be demons, but claim to be the gods of the starry sky, claiming to be from the world beyond the starry sky.

They descended to the Holy Land of the Ancient Buddha, with great power and white light, and they wanted to kill Wuxin Patriarch.

Fighting broke out.

Just now, the noble and sacred "Star God Race", in the blink of an eye, endless demonic energy erupted, showing an extremely ferocious and ugly appearance like Shura, revealing the original shape of the Chaos Heavenly Demon.

The Wuxin Patriarch fought with the chaotic demons in the sky.

The Wuxin Patriarch summoned the Buddha to come, and the Chaos Heavenly Demon summoned the Supreme Being of the Demon Race.

The Buddha and the Heavenly Demons were fighting against each other, and the weather was even more explosive and earth-shattering. Countless lawless fluctuations without time and space ripped apart the void, and the starry worlds were constantly disillusioned.

At the end of the battle, it was Wuxin Patriarch, relying on the advantage of the leylines, and was lucky enough to win.

All the chaotic demons who came, all fell to their death.

"The other side of the starry sky is not Elysium, don't go, don't go!"

"Don't go to that world, it's a nightmare!"

The last Chaos Demon, before he died, let out a piercing cry.

After the Chaos Heavenly Demon died, the demonic energy dissipated, and it returned to its smooth and holy appearance, with smooth skin, beautiful face, and white wings.

Their entire army was destroyed, their white wings were broken, and countless feathers were like a dream, floating over the ancient Buddhist holy land, as if they were going to weave some magnificent dream.

"Hmph, a group of demons, trying to confuse my Buddha's heart and block my way to the other side of the starry sky?"

wishful thinking! "

Wuxin Patriarch sneered, but his faith did not waver.

On the other side of the starry sky, that is the ultimate world that countless timeless powerhouses pursue.

It was a world that Lianyuan Heavenly Emperor, and many other Heavenly Emperors and Gods, had never set foot in before.

Patriarch Wuxin wants to go to that world, achieve great achievements unparalleled in ages, and realize the ultimate bliss.

Ye Chen, Gui Chen, Yu Huangye and others, as well as the warriors and monks present, can glimpse these ancient pictures.

They could clearly feel the strong will of the Wuxin Patriarch and the residual power of the Buddha and Demon fighting.

In the battlefield of ancient Buddhas and Demons, what awaits them must be an extremely terrifying scene.

"That ancient Buddhist and demon battlefield ruins are so dangerous."

"In those days, the ancestor Wuxin fought against the demons, and the Buddha fought against the supreme demons. In that place, the residual power and energy left are probably enough to crush people thousands of times."

"The battlefield is so dangerous, I still won't go."

Among the people present, many of them caught a glimpse of the horror of the battlefield of Buddha and Demon, and they retreated on the spot, not daring to step in.

Ye Chen frowned slightly and asked Master Du Xin, "Master, that Buddha's bone relic is in the ruins of the battlefield. Don't you look for the holy place of ancient Buddha?"

Master Du Xin gave a wry smile and said, "I have sent many experts to the Holy Land of Ancient Buddha to look for it, but they all came back without success, and even damaged a lot of people."

"I think it may be my senior brother who thinks that we are all a group of ignorant people who are not worthy of inheriting his Buddha bone relic."

"Therefore, at this year's Taishang Buddhist Association, I would like to invite everyone to enter the battlefield and find my brother's relic in person, but his inheritance cannot be cut off."

"Whoever can find it will inherit the mantle of my senior brother, and will be the honored guest of my ancient Buddhist holy place in the future."

"Moreover, the person who finds the Buddha's bone relic must be the destined person that the brother wants. I will sing and pray for him in the ancient Buddhist holy place, and pray for the Buddha to bring down the opportunity and create good for him."

Chapter 8952

After listening to Master Du Xin's words, there was a commotion in the audience.

The value of the Buddha bone relic is even more precious than everyone imagined.

Among the relics, there is even the inheritance of Wuxin Patriarch!

Whoever gets it will be able to inherit the mantle of the Wuxin Patriarch and become a guest of the ancient Buddhist holy land.

Moreover, after getting the Buddha bone relic, you can also get the help of the ancient Buddha holy land, and then get the blessing of the Buddha, which is a great benefit.

"This Buddha bone relic is so precious, it must not be handed over to others!"

"If I got it, wouldn't it fly into the sky?"

There were a lot of people who had retreated just now, but now they are excited again, knowing that the battlefield of the Buddha and the devil is dangerous, but the temptation of the Buddha bone relic is too great, and no one wants to give up.

Master Du Xin said slowly: "I will give you two sticks of incense time to think about it. Anyone who wants to go to the battlefield of the Buddha and Demons to find the Buddha's bone relic should step into this door."

While speaking, Master Du Xin gathered the laws of space and formed a door of space.

The door of space is locked and will open after two sticks of incense.

"If you feel that the battlefield is too dangerous and dare not go, I will not embarrass you."

"In order to allow you to adapt to the battlefield, and to avoid unnecessary casualties, I, the Holy Land of the Ancient Buddha, have arranged three tests on the periphery of the battlefield."

"These three tests, the first one is to screen out the Taoist mind, the second one is to screen out the Buddha Dharma, and the third one is the celestial illusion. In that illusion, you will come to the real battlefield of the past."

"Only by passing these three tests can we truly enter the core area of the battlefield of Buddha and Demon."

"My brother's Buddha bone relic is also in that core area."

Master Du Xin told everyone some rules.

When everyone heard that there were so many rules, and they even had to pass three tests first, they all felt dignified.

It seems that the ruins of the Buddha and Demon battlefield are much more dangerous than people imagined.

"The portal will open after two sticks of incense, please consider carefully."

After Du Xinfu finished speaking, his eyes suddenly turned to Ye Chen:

"Lord of Reincarnation, the poor monk has something to talk about with you, please take a step to speak."

When everyone saw Master Du Xin, they were going to chat privately with Ye Chen alone, and they suddenly became agitated.

But after a commotion, the field returned to calm.

Because everyone knows that the ancient Buddhist holy place has strict rules and regulations, and it is impossible to favor Ye Chen in public.

Ye Chen's identity is special, so Master Du Xin wants to meet him alone, and it is normal to discuss other important matters, so everyone didn't think about it any more, and they all considered whether to go to the battlefield to hunt for treasure.

Ye Chen's heart froze, but he didn't know what Master Du Xin wanted to talk about with him.

He followed Master Du Xin to the north side of the square, under a linden tree.

"The poor monk crossed his mind and saw the Lord of Reincarnation."

Master Du Xin first saluted Ye Chen with a respectful attitude.

"Master smashed me too."

Ye Chen hurriedly bowed in return and said.

Master Du Xin said: "When my senior brother Wuxin Patriarch fought against the Chaos Heavenly Demon, the fierceness of that battle must have been seen by the Lord of Reincarnation."

Ye Chen nodded and said, "A glimpse or two, the magical power of Wuxin Patriarch is really admirable."

Master Du Xin said: "My brother has amazing powers, but that battle caused a huge hidden danger."

Ye Chen condensed in his heart and said, "I don't know what the hidden danger is?"

Master Du Xin said: "Between the real world and Wuwu time and space, there are heavy barriers, called the wall of time and space, it can also be called the wall of the dimension, the wall of the plane."

"The powerhouse without time and space, if you want to come to the real world, you must break the wall of time and space."

"The wall of time and space has extremely strong resistance. The higher the cultivation base, the greater the resistance to breaking the wall of time and space, and the higher the backlash damage."

"Therefore, it is very difficult for a strong person from no time and space to come to the world. It needs to be laid out in advance, and enough traces of cause and effect are laid in the world to reduce the resistance of the wall of time and space."

"There is another way, which is to cut one's own cultivation, and let one's own cultivation fall to the level that the laws of reality are enough to accommodate, and then you can come over the wall of time and space, but the cost is too high."

"Of course, there are still some people who suffer misfortunes in Wuwu Time and Space, and are favored by the heavens and the earth. When they cross the wall of time and space, they will not be hindered."

Ye Chen nodded, indicating that he understood.

He naturally also knows that there is a huge barrier between Wuwu Time and Space and the real world, that is, the wall of time and space that Master Du Xin said.

Master Du Xin sighed and said: "In those days, my senior brother fought with the Chaos Heavenly Demon, and the Buddha and the Heavenly Demon Supreme Wills came to fight each other, and the sky was torn apart. At that time, there was also a crack in the wall of space."

Hearing this, Ye Chen was taken aback and said, "What, there are cracks in the wall of time and space?"

Master Du Xin nodded and said: "Yes, since the ancient times, my ancient Buddhist holy land has always sealed the crack with some kind of divine object, lest the powers without time and space, as well as the laws of chaos and madness, come to the real world. , causing unforeseen disasters."

"But now, with the passage of time, the seal of the crack is constantly loosening, and it is about to burst."

"Once the seal is broken, the energy of no time and space will pour out, and the consequences will be unimaginable."

Ye Chen also guessed something and said, "Master, do you want to ask me to help and strengthen the seal?"

Master Du Xin said ashamedly: "Exactly! Lord of reincarnation, you have great powers, and only you can help me in the Holy Land of Ancient Buddha!"

Chapter 8953

Ye Chen frowned slightly, but he did not expect Master Du Xin to ask him to help strengthen the seal of the crack in the wall of time and space.

"Master, this matter will be discussed later. Now it is still the most important thing to enter the battlefield and find the Buddha's bone relic."

Ye Chen neither agreed nor refused, said.

Master Du Xin sighed again and said, "Lord of Reincarnation, I advise you not to step into the battlefield."

Ye Chen was stunned and said, "Why?"

Master Du Xin said: "The poor monk has deduced the future, and the person most likely to win the Buddha's bone relic is the Demon Ancestor Wutian! He will get the Buddha's bone relic, and then successfully seize the power of the God of Death, and finally lead the Abyss Temple and the Golden Family. , reach the other side of the starry sky."

"The person my brother wants to look for should be him."

Ye Chen was stunned and said, "The destined person that the ancestor Wuxin wanted is the ancestor of the devil, Wutian?"

Master Du Xin said: "Yes, the person with fate is actually a magic cultivator. Although it is a bit strange, maybe this is my brother's true thoughts."

"He... his obsession is too deep, he wants to go to the other side of the starry sky all his life."

"And in the legend of the Golden Family, if the demon ancestor Wutian became the master of the abyss, he would be able to lead them to the world on the other side."

"My senior brother may want to use the eyes of Mozu Wutian to see what that world looks like."

Ye Chen's eyes flashed sharply, and he said, "No! Buddha bone relics must not fall into the hands of the demon ancestor Wutian!"

"If anyone in this world can go to the other side of the starry sky, that person is me!"

Ye Chen believes in his luck and his future strength.

If someone really can go to the other side of the starry sky, he is sure that that person is him!

Master Du Xin felt Ye Chen's arrogance, and his heart was also turbulent, and immediately shook his head and said, "Alas, Lord of Reincarnation, you can't fight the Demon Ancestor without Heaven, that Guichen is actually not Guichen. Dust, behind it is the Demon Ancestor Wutian controlling it."

"It's just that I didn't dare to go against my brother's will, so I put him in."

The destined person that Wuxin Patriarch wants is Mozu Wutian.

He was obsessed and wanted to go to the other side of the starry sky.

And Demon Ancestor Wutian is the sustenance of his hope!

Because of this, Master Du Xin knew that Demon Ancestor Wutian was a demon cultivator, so he should let him enter the ancient Buddhist holy land and participate in this supreme Buddhist meeting.

With the Demon Ancestor and No Heaven here, the final attribution of the Buddha's bone relic is almost certain.

"Lord of reincarnation, you should give up. If Buddha had eyes, he would definitely not let the demon rise without heaven, you can rest assured."

"Now, you are still with me to strengthen the seal of the crack in the wall of time and space."

"As a reward, the poor monk can give you the cultivation techniques from the fourth to sixth layers of the Buddha's true scripture."

Master Du Xin made a condition that he wanted Ye Chen to directly give up the fight for the Buddha's bone relic, and instead follow him to reinforce the seal of the crack in the wall of time and space.

He wouldn't let Ye Chenbai be busy either. The secret of the fourth to sixth layers of the Buddhist scriptures was the reward he gave.

"No, Master, that Buddha bone relic, I will never give up!"

"Master Wuxin believes that Mozu Wutian is a destined person. It may be just a moment of confusion. I will let him see clearly who is the one who is really likely to step into the other side of the starry sky!"

Ye Chen clenched his fists, his eyes were full of fighting spirit, and he didn't mean to back down.

This Buddha bone relic is too important, how could he hand it over to Mozu Wutian?

Seeing Ye Chen's resolute appearance, Master Du Xin was helpless and fell silent.

"Master, when the Taishang Buddha meeting is over, I will go to you to see the cracks in the wall of space."

Ye Chen bowed his hands, first promised to remember this incident, and then returned to the square.

The time for two sticks of incense has passed.

The portal opens.

When everyone saw Ye Chen coming back, they whispered and were very curious, not knowing what Master Du Xin said to Ye Chen.

Some people want to deduce cause and effect, but what Master Du Xin said just now is very secret and no one can infer.

Although everyone was curious, they did not delve into it, because the most important thing now is to snatch the Buddha's bone relic!

Seeing that the portal was opened, everyone passed through the portal one after another and teleported directly to the ancient battlefield of Buddha and Demon.

"Brother Ye, I am waiting for you on the battlefield."

Gui Chen smiled at Ye Chen, but behind that smile, there was a strong demonic murderous intent.

He took Yu Huang Yafei and Yuwen Ji and teleported to the battlefield.

At the Wanxu side, Yu Huangye and Yu Huang Aoxue glanced at Ye Chen with complicated eyes, and then teleported over.

"Hehe, Lord of Reincarnation, let's go too."

Ye Lan smiled at Ye Chen and said.

"After teleporting to the battlefield, there are still three tests, we have to be careful."

Zanghai raised one palm and twisted the Buddha beads, saying.

Ye Chen nodded, then flew up with Yelan, Zanghai, and Master Chifeng, and passed through the portal together.

He could clearly feel that the power in it was a bit dignified and weird.

Whoa!

The light flickered in the space, and after the three passed through the portal, they had come to an unfamiliar place.

This place is still inside the Holy Land of the Ancient Buddha. You can see the golden light outside, and you can also faintly see the illusory image of Sakyamuni Buddha.

It's just that in this place, there is no sign of a god or Buddha, only demonic energy and darkness. There is a haze and mist everywhere, and the roaring demonic wind makes one's heart tremble.

"Is this the ancient battlefield of Buddha and Demon?"

Chapter 8954

Ye Chen looked around a little curiously. This is a vast field. There are many fragments of rocks on the field, as well as a piece of broken wings, which fell into the dust. After years of vicissitudes, those broken wings, There is still a trace of divine brilliance.

Ye Chen could feel that this place was the place where the former Wuxin ancestors fought against the Chaos Demons.

There used to be mountains here, but in the ancient war, the mountains burst into pieces and were razed to the ground, so this battlefield looks so flat now, like a wilderness.

The broken wings buried in the soil were left by those Chaos Heavenly Demons.

When those chaotic demons were not in battle, their splendor and sacredness were like gods, their appearance was beautiful, and the wings behind them were like Ye Chen's wings of freedom, floating with glorious runes.

They call themselves the "Star God Race" and come from the world beyond the starry sky. If you just look at the surface, it is easy to be confused by them.

Whether it is a demon or a god, there is no doubt that the bloodline energy of those chaotic demons is absolutely terrifying.

It's been so long, and the wings left by their corpses are still glowing with divine light to this day.

Looking around, more than 200 warriors and monks stood in front of this battlefield ruins. Everyone saw the ruined world in front of them, and the broken wings buried in the mud, and they all sighed in admiration.

This time, when looking for the Buddha's bone relic, no one left. Everyone knew that the battlefield was dangerous, but they still took the risk.

Because the temptation of the Buddha bone relic is too great, and no one wants to give up.

Gui Chen, Yu Huangye and others were all not far from Ye Chen.

In addition, there are several elders of the ancient Buddhist holy places, maintaining order.

"Amitabha....."

The first elder, named "Xuanbei", stood up, looked around the audience, and said slowly:

"Everyone, we are now on the periphery of the battlefield ruins, but the Buddha's bone relic of the ancestor is in the core of the battlefield."

"Because the core of the battlefield is too dangerous, in order to avoid unnecessary casualties, you must first pass three tests."

"Only those who pass the test are qualified to step into the core of the battlefield."

"If you fail the test, you must not go in, lest you die."

These rules, everyone has heard Master Du Xin mention them, and they all nodded.

Someone asked: "What are these three tests?"

Master Xuanbei said: "These three tests are to test Taoism, Buddhism, and your true fighting ability."

"See those wings buried in the dirt?"

It was left by the Chaos Heavenly Demon, and it contained an extremely terrifying suffocating energy, enough to obliterate people's Taoism. "

"You pick up those wings and hold them in your hands. As long as you don't lose them for ten breaths, you will pass the first test."

Hearing the content of this test, everyone felt very new.

"Are these wings so powerful?"

Can you disturb my mind? "

Someone murmured, but did not believe in evil, took a few steps forward, and picked up a wing buried in the soil.

Those chaotic demons in the past were all killed by Wuxin Patriarch, their bodies and souls were destroyed, and their bones were turned into ashes. Only their wings were preserved forever.

However, an astonishing scene appeared. After the man picked up the wings, he held them in his hands. In less than a breath of time, he screamed miserably, as if he had caught some hot coal, and immediately threw the wings out.

The wings fell into the dust again, and there seemed to be some law that was triggered in the void, and there was a scream, but it seemed to be an illusion.

"These wings are weird! Are they cursed?"

The man bared his teeth and cracked his eyes, his face distorted, showing a look of extreme pain.

I saw him touch the palm of the wing, and at this time it was actually rotting and pus, like being cursed by a highly poisonous, and giving birth to corpse worms and maggots, which is extremely terrifying.

Ye Chen, Gui Chen, Yu Huangye and others, as well as other warriors in the audience, were all horrified when they saw this scene.

"Are the wings of this chaotic demon so terrifying?"

Ye Chen's heart sank.

Master Xuanbei said to the man, "You failed the test and couldn't bear the suffocating power of the Chaos Heavenly Demon. If you step into the core area of the battlefield, there is only one dead end. Get out!"

After speaking, Master Xuanbei waved his hand, tore through the void, and sent the man out of the battlefield.

Everyone swallowed their saliva and felt the severity of this test, and no one dared to pick up those wings for a while.

Seeing everyone cringing, Master Xuanbei said to Ye Chen: "Master of Reincarnation, you have the most correct mind, you will definitely pass the test, please show your magical powers, and let me open my eyes."

When Ye Chen heard Master Xuanbei's invitation, he shook his head slightly, but he still stepped forward, walked to the front, bent down and picked up half of the broken wings, and said, "I'll try."

hum!

The moment he held the wings in his hand, Ye Chen suddenly felt a terrifying evil spirit rushing frantically into his mind.

This evil spirit, compared to the filth of the Heavenly Demon Star Sea, is actually not weak at all, enough to erode people's Dao Heart, causing people to fall into nightmares and madness.

Under the impact of the suffocating energy, Ye Chen seemed to hear the roaring of billions of demon souls, the cry of billions of evil spirits, all kinds of illusions appeared in front of him, countless limbs were twisted, and scarlet eyeballs emerged from the void, rotting. Muddy flesh and grey bones sprouted from under the feet.

Chapter 8955

Such a nightmare scene made Ye Chen subconsciously want to lose the half of his wings to avoid erosion.

But fortunately, Ye Chen was mentally prepared, and immediately opened up the Taoist mind of Martial Ancestor, and summoned the Saint Soul Heaven of Samsara to stabilize his mind.

Under the guard of his strong will, those suffocating attacks did not shake his Dao heart.

The nightmare image brought by the evil spirit quickly faded like a tide.

After the nightmare faded, a sacred and clean scene appeared in Ye Chen's mind.

It was a magnificent starry sky. In the starry sky, a young girl stood alone, her eyes were slightly closed, her hands were folded, and she seemed to be praying for something.

The girl's posture is quiet, her appearance is pure and beautiful, and her figure is slender, but she has all the curves she should have.

The most strange thing is that behind her, a pair of white wings grows, and on each feather, there are ancient and magnificent runes floating.

"This is... the Star God Race?"

"No, it should be said, is the Chaos Demon?"

Ye Chen felt this scene and frowned slightly.

He knew that this girl should be the owner of the broken wings. As early as the time when the ancient Buddhas and Demons fought, she had already died.

Up to now, this girl has only half of her wings left.

In a trance, the picture in Ye Chen's mind changed again, and the scene of the old battle between Buddha and Demon reappeared.

Countless Star God Races, or Chaos Demons, they killed the ancient Buddha Holy Land.

Ye Chen saw at a glance that the slender girl fluttered her wings and flew at the back of the team.

All the chaotic demons are either high-spirited, indignant, or resolute, and have the courage to put life and death aside.

But that slender girl, in her eyes, showed panic, helplessness, sadness and many other emotions, and her expression was very different from those around her.

The war broke out, and she only hid behind the team, and would never kill anyone.

When the monks of the Holy Land of Ancient Buddha came to attack her, she hurriedly avoided and did not fight back, her eyes were always filled with sympathy and sadness.

Therefore, when all her clansmen turned into ugly demons, she always maintained a holy, clean, beautiful and weak appearance, like a white mandala blooming in the dark soil. pity.

Finally, the Wuxin Patriarch broke out and summoned the Buddha to come.

The vast Buddha light sweeps away everything and crushes everything.

That slender girl, although she did nothing, was also affected, killed by Buddha Light, her body and soul turned into ashes, only half of her wings fell off and fell into the soil, until today, she was picked up by Ye Chen.

Witnessing this scene, Ye Chen was also quite touched and opened his eyes.

When he opened his eyes, he found that everyone around him, Gui Chen, Yu Huangye, Yu Huang Aoxue, Ye Lan, etc., as well as Master Xuan Bei, were all looking at him with astonishment.

Because, Ye Chen has been holding his wings for more than ten breaths!

"The Lord of Reincarnation really deserves his reputation!"

"You have resisted the evil spirit of the Chaos Demon, and it has been a stick of incense, far more than ten breaths."

"It seems that this evil spirit can't hurt you at all."

Master Xuan Bei exclaimed in admiration and admiration.

Ye Chen suddenly realized, looking down at the half wing in his hand.

In his mind, the girl's slender posture and the pitiful expression seemed to emerge again.

It turned out that he was holding the wings, and he had already passed the test of Taoism in this level.

Seeing that Ye Chen passed so smoothly, the surrounding warriors, while being amazed, also rekindled their confidence.

"I'll try it too."

From Qiancao Villa, the girl named Yelan looked excited and wanted to pick up a wing buried in the soil.

"Junior sister, don't be impulsive, let me come first."

Zang Hai hurriedly stopped Ye Lan, grabbed the wing, and held it in his hand.

As soon as he picked up his wings, a look of great pain appeared on his face, and obviously he also suffered a strong suffocating impact.

Under this terrible shock, Zanghai was also extremely tormented. He twisted the Buddha beads with his other hand and sang various scriptures in his mouth.

In his hands, the Buddha's light filled with light, covering his wings.

The suffocating impact of the Chaos Heavenly Demon's broken wings seemed to have weakened, and he breathed a sigh of relief.

In the end, Zanghai successfully survived the ten-breath time and passed the test.

"Brother, it's not bad."

Ye Lan laughed.

"The evil spirit of this chaotic demon is indeed terrifying, but as long as the Buddha's heart is upright, he will not be harmed."

Zanghai said with a straight face.

"Then let me try it too."

Yelan picked up a broken wing for himself, just like playing with a toy. He squeezed it with his left hand, then flipped it to his right, and tried to pull the feathers off the broken wing, but unfortunately he couldn't pull it off.

"Well... these wings are weird. They are so bright and holy, but the evil spirit contained in them is so strong. Fortunately, this girl is blessed by the grass god, otherwise, she would have been hurt by this ghost."

Ye Lan muttered, and saw the brilliance of the grass and trees in her hands, full of greenness and vitality.

This brilliance of grass and trees protected her from the evil spirits of the Chaos Heavenly Demons.

Everyone was shocked when they saw this scene.

"This little girl is amazing."

"Is she a descendant of the God of Grass?"

There was also a commotion in the crowd, and many people were amazed by Ye Lan's methods, and they were completely unafraid of the Heavenly Demon's broken wings.

"Okay, I passed the test."

After the ten breaths time passed, Ye Lan threw the broken wing in his hand on the ground and looked at Master Xuanbei.

"The girl is amazing, please send my regards to the grass god Tianzun on behalf of the poor monk. I heard that she is the highest wisdom in the world, and the Buddha has mentioned her many times."

Master Xuanbei put his hands together and said respectfully.

"Hee hee, don't worry, I don't need to say, the grass god Tianzun and your Buddha are good friends."

Ye Lan clapped his palms, smiled again, and returned to Ye Chen.

"Miss Yelan is the descendant of the God of Grass?"

Seeing that she was sheltered by the grass god, Ye Chen asked.

"certainly."

Ye Lan smiled.

Zanghai hurriedly said: "Lord of Samsara, don't listen to my junior sister's nonsense. Although she is blessed by the God of Grass, she is not a descendant of the God of Grass. She is just a listener who can communicate with God of Grass."

"After all, she's just the shadow of Miss Sun Yi, the grass god Tianzun created her to pass the boring time."

This statement is very straightforward and very hurtful.

Ye Lan's smile suddenly solidified, and she said angrily: "Senior brother, what are you talking about! I said it, I'm not anyone's shadow!"

Ye Chen hurriedly said: "Don't be angry, girl, I know you are a special person and not someone's substitute."

Ye Lan snorted, still annoyed, while Zang Hai shook his head slightly, lowered his head and twisted the beads, and stopped talking.

Chapter 8956

Next, the Wutian camp also began to try.

Gui Chen, Yuhuang Yafei, and Yuwenji all persisted for ten breaths.

In particular, Gui Chen, with a calm and relaxed appearance, was not affected by the evil spirits of the devil in the slightest.

Even, he seemed to have absorbed the demonic suffocation, and transformed into a pair of dark and pure wings behind him, and the light of the broken wings in his hand dimmed a bit.

Seeing this scene, Ye Chen froze in his heart and thought, "This heavenless devil cultivation is really getting deeper and deeper."

On the side of the Wanxu camp, Yuhuangye and Yuhuang Aoxue naturally passed smoothly.

As for Ye Chen's camp, Master Chi Feng finally managed to pass the test, his face was already very ugly, his eyes were cloudy and covered with haze, and he was obviously severely impacted by the evil spirit of the devil.

"Senior, are you alright?"

Ye Chen looked at Master Chi Feng worriedly, and knew that his mind was unstable.

"fine."

Master Chi Feng shook his head, but looking at his expression, he was already very reluctant.

"Today, the Monarch Conferred God Monument, you take it first, and there are two more levels to come."

Ye Chen sacrificed the monument of Tianjun's conferring gods and temporarily lent it to Master Chi Feng.

He knew that the next two levels would definitely be more difficult than the other.

With Master Chi Feng in such a state, it would not be easy to pass the test.

Therefore, Ye Chen temporarily lent him the Tianjun Fengshen tablet to help him.

"This....."

Master Chi Feng was stunned for a moment. He naturally knew the value of the Tianjun Fengshen tablet, but he didn't expect Ye Chen to be so generous and even willing to lend him such a precious magic weapon.

"Take it."

As soon as Ye Chen waved his hand, the monument of Tianjun Fengshen turned into a stream of light and escaped into the body of Chi Fengshangren.

At the end of the first level, half of the people were eliminated, leaving only a hundred people.

Everyone was shocked to see such a terrifying elimination rate.

It seems that I want to go to the core area of the battlefield and find the Buddha's bone relic, but I don't know how difficult it will be.

"Next is the second level."

Master Xuanbei did not talk nonsense, and directly announced the content of the second level:

"The second test is to test your Buddhist practice."

"Pick up the broken wings of the demon on the ground again, and use your Buddhism to suppress the evil spirit inside and maintain it for ten breaths, even if you pass the customs."

Hearing the content of the test, the audience was in an uproar.

The test of this level is obviously much more difficult than the first level, and it actually has to suppress the evil spirit of the devil.

Just resisting the impact of the devil's suffocation, many people are already exhausted, and now they have to suppress it, it is too strong.

"Lord of Reincarnation, you should come first."

Master Xuanbei didn't want to waste time, and called Ye Chen to start.

Ye Chen nodded, and then picked up the half of the broken wings of the demon again.

He closed his eyes slightly, his consciousness penetrated into the broken wing, and sure enough, he saw a dark seed from the broken wing.

This dark seed, like a tumor, is parasitic on the wing bones.

All the evil spirits of the gods are emitted from this dark seed.

This dark seed is the source of all evil spirits!

The test of the second level is to suppress the breath of this dark seed and prevent it from erupting.

"God Emperor Tianyin, purify me!"

Ye Chen didn't choose to suppress anything, but went straight to purification.

He runs the blood of reincarnation, resonates with the void, and bursts out an ancient Qingyue, like the breeze and the moon.

The melodious sound of the piano flowed out of Ye Chen's body. When all the warriors in the audience heard it, they were all surprised and astonished, and they felt refreshed and exhausted.

Under the purification of Ye Chen God Emperor Tianyin, the dark seeds parasitic on the wing bones were also severely impacted, the dark breath dissipated, the seeds shattered and shattered on the spot, and were completely crushed.

"Thank you, brother..."

"My name is... Zi Chuanfei, can you remember my name?"

In the dark, a slender figure appeared in Ye Chen's mind.

It was the slender chaotic demon girl, who actually showed a smile that crossed time and space and appeared in front of Ye Chen.

Ye Chen was stunned, and the picture in his mind flashed away, as if it was just an illusion.

He opened his eyes, only to see the broken wings of the demon in his hand, bursting out more dazzling and sacred light than before, and the holy runes were lingering, magnificent and magnificent.

"Your name is... Zi Chuan Fei?"

Ye Chen recalled the picture in his mind just now, and felt like a dream.

"Look, the Lord of Reincarnation actually purifies the evil spirit!"

"Oh my God, he is not simply suppressing, but directly purifying!"

"As expected of the Lord of Reincarnation!"

The surrounding warriors were shocked when they saw the holy weather of the Demon Broken Wing that day.

The content of the assessment is to suppress the evil spirits of the demons.

But Ye Chen went further and purifies it directly.

"Lord of Reincarnation, you are still so powerful, the poor monk admires you."

Master Xuanbei folded his body and bowed, also full of admiration.

"Hey, Master Xuanbei, are you saying that those chaotic demons are really evil?"

Suddenly, Ye Lan stood up and asked Master Xuanbei.

Master Xuanbei was suspicious for a while, and said: "This is natural, the Chaos Heavenly Demon has a slaughtering nature, burning, killing, looting, and doing all kinds of evil. Except for my Wuxin Patriarch, I heard that Lianyuan Heavenly Emperor was attacked and killed by them."

Ye Lan pointed to the broken wing in Ye Chen's hand, and said, "Look at this wing, how can it look like a magic way with such a sacred and clean atmosphere?"

Their evil spirits can be purified, maybe they are good people? "

Master Xuanbei hurriedly said: "Girl, this can't be a joke. Chaos demons do all kinds of evil. Everyone gets them and punishes them. Their bright and beautiful appearances are just an appearance that confuses people's hearts."

Chapter 8957

Ye Lan wanted to talk again, but Zang Hai stopped her and said, "Okay, Junior Sister, don't say any more."

Ye Lan pouted and snorted, but asked Ye Chen, "Lord of Samsara, what do you think?"

Ye Chen shook his head and said, "I don't know."

Master Xuanbei said: "In short, the Chaos Heavenly Demons are the most vicious and brutal race, and all those who dream of going to the other side of the starry sky will be chased and killed by them. You must not be careless, let alone be fooled by their beautiful appearance. ."

When everyone heard the words, they were all solemn and nodded in agreement.

Everyone could clearly feel the impact of the demonic suffocation just now.

The horror of the Chaos Demons, everyone naturally understands.

In this second test, half of the people were eliminated.

It is far more difficult to suppress the evil spirits of the demons than simply resisting.

If the suppression fails, it will suffer backlash.

Those losers were seriously injured and vomited blood, full of evil spirits.

Fortunately, the Holy Land of the Ancient Buddha was prepared to send the losers out for treatment.

The Wutian faction and the Wanxu faction both successfully passed the assessment.

On Ye Chen's side, Zanghai Buddha's heart is upright, and Yelan has the protection of the grass god Tianzun, so it is easy to pass.

As for Master Chi Feng, he had Ye Chen's Heavenly Monarch Conferred God Stele in his hand, and borrowed the Heavenly Sovereign Conferred God Stele, he also successfully suppressed the evil spirits of heaven and passed the test.

"Lord of Reincarnation, thank you very much, if it wasn't for you, I would have failed."

Chi Feng said gratefully.

"It's okay, senior, don't thank you, everyone is a friend."

Ye Chen laughed.

Master Chi Feng looked rather struggling, and finally gritted his teeth and said decisively: "I know, you want to inquire about the whereabouts of Fu Sheng's death. When the Taishang Buddha meeting is over, I will tell you the truth about this weapon."

Ye Chen helped him so much, and finally moved the Master Chi Feng, and he was willing to tell the truth about Floating Life.

"Oh?"

Well, let's talk about it after the Taishang Buddha meeting is over. "

Ye Chen's heart was agitated, and he really wanted to know the whereabouts of the Floating Life, but now is not the time to talk.

After the elimination of the two levels, there are only more than 50 participants left.

"Congratulations, everyone, you have passed the first two levels, it's really not easy."

"However, if you want to go to the core area of the battlefield, you must pass the third test again!"

"Because the core area of the battlefield is much more dangerous than you think. If you can't pass the test of my ancient Buddhist holy land and step into it rashly, you will only have to die."

"Next, it's the third level..."

Master Xuanbei didn't have any polite nonsense, and directly announced the content of the third level:

"The test of the third pass requires you to enter an illusion."

"This illusion is constructed based on the information of the ley lines. It is a real illusion and will repeat the scene of the old battle between Buddha and Demon."

"You will come to the battle of ancient Buddhas and Demons in person. In the battlefield of illusion, you need to kill ten Chaos Heavenly Demons."

"The fantasy world will be open for one day. In one day, if you can kill ten Chaos Heavenly Demons, it will be considered a clearance."

"If the number of kills is not enough, or it will be killed by the Chaos Heavenly Demon, it will be a failure."

"I have to tell you that this is a real illusion, a replay of the Earth Vessel Heavenly Mystery. If you die in it, you will really die."

...

After listening to Master Xuanbei's words, all the people present were shocked.

Challenge the real illusion, return to the ancient battlefield, and kill the chaotic demon, this is the assessment content of the third level.

If you die in a fantasy world, you are really dead.

Such a terrifying end naturally made many people feel nervous.

However, it has come this far, and naturally no one will back down.

"Anyone want to quit?"

Master Xuanbei asked.

No one responded.

"Very good, the illusion will come after a stick of incense, and you will randomly appear somewhere in the illusion, I wish you good luck."

After Master Xuan Bei said this, he left with his monks.

Everyone waited on the spot, whispering, but they didn't know how dangerous the illusion was.

Ye Chen was also waiting, looked at the half-piece of wings in his hand, and wanted to throw it away, but in the end he silently took it to the reincarnation cemetery.

"Is it actually the broken wings of the Star God Race?"

In the reincarnation cemetery, there seemed to be a desolate voice, but it seemed to be an illusion.

"Who?"

Ye Chen was taken aback, and returned to the reincarnation cemetery. He clearly saw a new tombstone, and shook a bit, it was obvious that the new power was about to be born.

It's just that the shaking just lasted for a while and then stopped, as if it had never happened.

"I don't know which senior wants to wake up, please show up and meet."

Ye Chen said loudly.

In the reincarnation cemetery, it was silent.

After a long time, there was a mysterious and mysterious voice, saying: "When the old man wants to show up, he will show up naturally, you don't have to be impatient."

Hearing this, Ye Chen was overjoyed immediately, knowing that the new power had actually awakened, but he had been lurking in the tombstone and did not show up.

"Then don't disturb the seniors to rest."

Ye Chen's spirit was extracted from the reincarnation cemetery, and his heart was naturally joy.

Although the new power has not yet appeared, he has awakened after all.

That is to say, he has one more hole card and one more protection.

A stick of incense time passed, and Ye Chen felt the surrounding world vibrate violently.

The environment around him is also changing rapidly.

Chapter 8958

Just now, it was still a desolate and ruined wilderness. At this moment, the mountains are uplifted. Above the mountains, the auspicious light swaying all day, the five-colored auspicious clouds are flying endlessly, the white cranes are roaring Jiugao, the purple turquoise color is beautiful, and the auspiciousness is colorful. The treasure pavilion is scattered with smoke, phoenixes are soaring, purple neon flutters, surrounded by golden lights, and the Buddhist singing is solemn. It is a solemn and prosperous Buddhist holy place.

There are also many monks, reciting scriptures in the temple on the mountain, in a blazing atmosphere.

"Here is... a picture of the ancient Buddha Holy Land!"

As soon as Ye Chen's eyes were fixed, he knew that the illusion had come, and he had appeared in the ancient mountain gate of the ancient Buddhist holy land.

Looking around, Master Chifeng, Yelan, and Zanghai were all gone.

The people from the Wutian camp and the Wanxu camp, as well as other warriors, don't know where they went.

Sure enough, Master Xuanbei was right, when the illusion came, everyone randomly appeared somewhere and did not see each other.

Ye Chen tried to capture the breath of Master Chi Feng and others, and he could vaguely catch it, but he was not quite sure of the location.

Because this place is an illusion, and the atmosphere of heaven is very different from the outside world, Ye Chen has not yet adapted.

"I don't know where those Chaos Demons are."

Ye Chen is not in a hurry, he is confident that his strength is enough to kill the Chaos Demon and pass the assessment.

However, when Ye Chen looked around, he only felt the breath of Buddha's light, and there was no atmosphere of chaotic demons.

Boom!

While suspicious, Ye Chen heard a huge roar from the sky in the distance. Pieces of pure white and sacred brilliance filled the sky, and immediately swept in like a horse.

Ye Chen looked at the sky, and saw the dense chaotic demons, roaring from the sky and covering the sky.

"The Chaos Demon is here!"

Ye Chen's pupils shrank.

At this time, those Chaos Heavenly Demons had not yet erupted into battle, and did not reveal their demonic energy.

Their appearance is the appearance of the Star God Race. They are noble, holy, handsome in appearance, white in skin, surrounded by holy light, all gods sing like thunder, and behind them are a pair of white wings, runes flowing, as brilliant as the wings of freedom.

In the dark, Ye Chen caught a special breath of heaven.

The former Fengshen Tianzun created the Wings of Freedom. The original inspiration for this magical power probably came from these starry sky gods.

The sudden arrival of the Starry Sky God Clan made the entire ancient Buddhist holy land, all the monks and disciples, as if they were facing the enemy.

In the Taishang world and the outer world, there are many forces who have heard the legends of the Star God Race.

The Star God Race is the Chaos Heavenly Demon, and the purpose of their existence is to kill all those who try to peep at the other side of the starry sky.

"Tell Wuxin Patriarch to get out!"

Many warriors of the Star God Race descended into the sky above the ancient Buddha Holy Land, and one of the high-level leaders, his eyes were like torches, murderous, and made a thunderous voice.

"Chaos Heavenly Demon, how dare you step into my ancient Buddhist holy place."

"My Buddha is merciful, but if you encounter demons like you, you must eradicate them!"

In the ancient Buddhist holy land, a golden radiance rose into the sky, and I saw an old monk, wearing a golden rainbow cassock, covered with precious trees and pagodas. He was the master of the legendary ancient Buddhist holy land, a strange man born without the shackles of the heart. , Unintentional Patriarch!

"Master Wuxin, you dare to covet the other side of the starry sky, you are courting death!"

"On the other side of the starry sky, it is a nightmare world, not the bliss you imagined."

"That world, only the precipitation of filth and sin, is the dirtiest and most evil place. Compared with the Heavenly Demon Star Sea, it is as pure as a fairy pond."

"I advise you not to seek death by yourself and cut off the idea of reaching the other side. I am the Star God Race, this is also for your own good."

The leader of the Starry Sky God Clan said with every word like thunder and his voice like a divine sing.

"Hahaha, you evil demons, you know nonsense."

"Countless gods and gods, deducing the secrets of the sky, all say that the other side of the starry sky is the ultimate blissful world. When it comes to you, it becomes a nightmare."

"Even if it's a nightmare, I want to take a look at the old monk. It's not your turn to point out the evil demons."

Wuxin Patriarch's eyes were like diamonds, and murderous intent burst out.

"Hmph, if you go to the other side of the starry sky, there are traces of the secret, the passage is established, and all the people who have no time and space will flock here."

"At that time, everyone will be degenerate, polluted by the most filthy and filthy things, and the entire time and space will be destroyed in one fell swoop."

"I can't let you ruin the world, since you're obsessed, then die!"

The leader of the Starry Sky God Race, no longer talking nonsense, suddenly burst into a fighting atmosphere.

His body, from a smooth and sacred appearance, suddenly turned black, as if it had been soaked in ink for thousands of years.

In that dark body, vipers, maggots, corpse turtles, centipedes, pus, poisonous juices and other terrible and dirty things were born.

The wings behind him also turned into a dark and pure color, like night falling.

His hands and nails swelled wildly, becoming as sharp as swords, and each meridian burst like a dragon.

He brazenly shot, like a nightmare, attacking the Wuxin Patriarch.

"Hahaha, you Chaos Demons, have you finally revealed your true form?"

Wuxin Patriarch laughed, watching the starry sky god clan leader come to kill, not panic at all, a palm shot out, the Buddha's light is mighty, resisting it.

Many Star God Race warriors, at this moment, are also incarnations of Chaos Demons, exposing dirty, evil, filthy, terrifying, and mysterious images, and rushing into the ancient Buddha Holy Land below.

Chapter 8959

The disciples of the Holy Land of the Ancient Buddha were in chaos, hurriedly facing the enemy.

This battle between the Buddha and the devil broke out.

Among the many chaotic demons, Ye Chen suddenly saw a slender figure in the distance. She has not exposed the appearance of the chaotic demons, and still maintains the clean appearance of the star gods.

She is that Zi Chuan Fei.

Ye Chen was taken aback and wanted to contact Zichuanfei in the past, but when the war broke out, her figure was quickly overwhelmed by endless beacon smoke, and she didn't know where she went.

"Starry Sky God Race, Chaos Demon, which is their truth?"

"Are they good or bad?"

Ye Chen couldn't understand, maybe in this world, many things only have positions, not good or bad.

But now, countless chaotic demons have invaded the ancient Buddhist holy land for no reason and slaughtered them. This is naturally an evil act.

Ye Chen didn't talk nonsense, and flew up to a temple on the mountain.

This temple is being slaughtered by the three Chaos Heavenly Demons, and the monks in the temple are completely unable to resist.

"Hehe, these monks, I heard that they are followers of Shakyamuni Buddha, why are they so weak?"

I can't stop a knife. "

"Hey, it seems that Shakyamuni Buddha is not as good as our supreme Demon Venerable."

The three-headed chaotic celestial demons looked hideous, their bodies were covered in black energy, and the filthy aura was flowing. Holding a ghost tooth knife, they slashed and slaughtered, killing monks in the temple one by one.

"enough!"

Ye Chen's eyes were furious, and with a wave of his hand, the holy light gathered, displaying the ultimate Taoist method of the God of Light, the sacred book.

Whoa!

The dazzling holy book suddenly emerged from Ye Chen's body, shooting out countless arrow-like holy lights, shooting at the three chaotic demons.

With the improvement of Ye Chen's cultivation, his magical powers and powers in all aspects have also been greatly improved.

This sacred book is no exception.

Under the penetration of the powerful divine power of the sacred book, the three chaotic demons screamed and were killed by Ye Chen on the spot, their body and soul were destroyed, only the wings were not destroyed, and they fell to the ground.

The black air swirling around the wings dissipated, showing a bright and clean atmosphere again.

The monks in the temple were saved and hurriedly thanked Ye Chen:

"Many thanks to the donor for your help! Is the donor a descendant of the God of Light?"

Ye Chen shook his head, did not speak, and rushed to the next temple.

In fact, he knew that this was an illusion, and the monks he had just rescued were actually killed by the Chaos Heavenly Demon in the real past.

Those chaotic demons are extremely powerful, and ordinary people face them, like ants, and have no resistance at all.

Even a master of the Infinite Realm level can fight against the Chaos Heavenly Demon on the surface, but in fact, he can't beat it.

Because of those chaotic demons, the filth and evil spirits on their bodies are too terrifying, and they can easily destroy people's Dao Heart, making people lose the power to resist, and finally let them be slaughtered.

Of course, Ye Chen is more powerful, and ordinary Chaos Demons are not his opponents at all.

In several temples, Ye Chen killed the demons and rescued the monks. He quickly killed ten chaotic demons and was qualified to pass the test.

However, Ye Chen didn't leave, this fantasy could repeat the old secrets, and he also wanted to see the peak showdown between Buddha and Demon.

Ye Chen came to a secluded barren mountain. At this time, he had gradually become familiar with the changes in the qi of this fantasy realm, so he released his will and summoned Master Chi Feng, Ye Lan, Zang Hai and others to come over.

Although he passed the assessment with ease, he quickly killed ten demons. Master Chifeng, Yelan, Zanghai, and the others were not easy, and the situation was very stalemate against the chaos demons.

Ye Chen planned to call them over and help them, so that they could also pass the assessment smoothly.

While waiting, Ye Chen saw a woman with a panic-stricken face, stumbled, fled into the barren mountains, and ran towards him.

It was actually Emperor Yu Aoxue.

"Aoxue..."

Ye Chen was taken aback when he saw Yu Huang Aoxue coming.

I saw Yu Huang Aoxue's hair was messy, and there were some torn marks on his clothes, and he looked quite embarrassed.

Ye Chen's face sank, he knew that Emperor Yu Aoxue was not weak, and even if he faced the Chaos Heavenly Demon, he would not be so embarrassed.

"Ye Chen, you really are here, save me."

Yu Huang Aoxue panicked a little, ran to Ye Chen's side, and threw himself into his arms.

Ye Chen subconsciously hugged her tight waist, his mind swayed slightly, and said, "What's wrong?"

Yuhuang Aoxue said: "Yuhuangye is crazy. He killed the Chaos Heavenly Demon and was attacked by the demonic energy. He has lost his mind and wants to...want to violate me."

Ye Chen said: "What?"

Boom!

There was a huge roar of airflow from outside the mountain, and I saw a figure that burst out quickly.

That is Yu Huangye.

I saw Yu Huangye, his face was hideous, his eyes were completely cracked, his hair was scattered, and his body was surrounded by demonic energy. He was already looking crazy.

When he saw Ye Chen and Emperor Yu Aoxue, they hugged each other, blood flashed in their eyes, and he hissed:

"Miss Aoxue, come back to me, you are my woman!"

The voice fell, and he offered a sword in his hand, which was the Apocalypse Demon Sword built by the Supreme Apocalypse in the past.

He waved the Apocalypse Demon Sword and assassinated Ye Chen.

As soon as Ye Chen's heart sank, he felt that Yu Huangye's sword had a particularly fierce aura, much stronger than before. He didn't know whether he was sheltered by Tianqi Supreme, or because he was backlashed by demonic energy and fell into madness, he became so fierce.

Chapter 8960

However, Ye Chen was not a fuel-efficient lamp either. Seeing Yu Huangye wielding his sword to kill him, he took out the Sword of Samsara and raised his sword to meet him.

Ye Chen's sword contains the Daoist atmosphere of the sacred book. The infinite sacred runes exploded on the sword, and the bright aura soared into the sky.

The two swords collided, and Yu Huangye was instantly knocked back by Ye Chen.

At the moment when the two swords clashed, Ye Chen was very keen and caught a trace of strangeness.

If Yu Huangye was really devoured by demonic energy and lost his mind, then his swordsmanship should be chaotic and maddening.

But just now, the two swords clashed, but Ye Chen felt that his sword stance was crazy on the surface, but in fact it was very methodical and serious.

"You're not crazy, you're still awake."

Ye Chen's eyes were like torches, staring at Yu Huangye, and his words were broken.

"what?"

Yu Huang Aoxue was stunned for a moment, she thought Yu Huangye was crazy.

Ye Chen said to Yuhuang Aoxue: "He is not crazy, he is just deliberately crazy, and wants to take the opportunity to harm your body."

Yu Huang Aoxue might not yet be able to see Yu Huangye's trick, but Ye Chen's mind was sharp and he saw it at a glance.

From the very beginning, Yu Huangye had fantasized about Yu Huang Aoxue, but he didn't have the guts to mess around.

At this time, he used the excuse that he was being attacked by demonic energy and lost his mind, just to take this opportunity to forcibly invade Yu Huang Aoxue.

If it was in the past, Yu Huangye was not a rival of Yu Huang Aoxue.

But now, he is not what he used to be, and he is sheltered by the Supreme Apocalypse. On the surface, he looks ordinary, but in fact, he has made great progress.

In terms of combat power, he had already surpassed Yu Huang Aoxue.

It was also thanks to Emperor Yu Aoxue, who had both cultivated spiritually with Ye Chen. In the dark, he caught a trace of Ye Chen's energy and rushed to ask for help.

Otherwise, she might have been defiled by Yu Huangye now.

"Lord of Reincarnation, what are you talking about."

Yu Huangye was distracted by Ye Chen, his eyes suddenly panicked, and he wanted to cover up.

But when he said these words, he pretended to be crazy, but he actually violated Yu Huang Aoxue's mind, and it was already exposed.

"Yu Huangye, you are so despicable and shameless!"

Yu Huang Aoxue came to his senses and was instantly furious. He looked at Yu Huangye extremely angrily. He never imagined that this person who used to follow behind him, timid, like a dog with a wagging tail, has become so bold today.

"Wait, how did your strength become so powerful?"

Yu Huang Aoxue suddenly realized that something was wrong. If Yu Huangye hadn't gone mad and had not gone crazy, how could his strength be so terrifying, and even she was not a rival.

"Because he has become a pawn of Apocalypse Supreme."

"Behind him, there is the protection of Tianqi Supreme, and his strength is naturally strong."

Ye Chen took a step and looked at Yu Huangye coldly, as if penetrating everything in him.

"Apocalypse Supreme?"

Yuhuang Aoxue was stunned. She had naturally heard the prestige of Tianqi Supreme, who was the creator of the Human Emperor's Holy Sword, the leader of the Death God Religion, and the god-level figure of the Emperor of Heaven.

If there is the blessing of the Supreme Apocalypse, even an ant can transform into a dragon!

When Yu Huangye heard Ye Chen breaking his secret, he was greatly stunned and shocked, and then lowered his head, showing a bitter and indifferent smile, and said, "Master, so you already know."

Ye Chen shook his head and said, "You don't need to call me master, I don't have your apprentice. Are you going to kill yourself, or do I do it myself?"

He already had the idea of clearing the door in his mind.

Yu Huangye felt the murderous intent in Ye Chen's words, but he didn't panic at all. Instead, he sneered and said, "Master, since you know that I have the protection of Tianqi Supreme, why do you still want to kill me?"

"In this fantasy world, the will of the Apocalypse Supreme can descend to the maximum."

"If I get his help, I can even kill you!"

"However, I don't want to go too far in our apprenticeship."

"Give Miss Aoxue back to me, and I'll let you go."

Ye Chen glanced at Yuhuang Aoxue and said, "She is not a cargo, I have no right to decide her where to stay, she can go wherever she wants, but I'm afraid she won't be with you anymore."

Yu Huang Aoxue stared at Yu Huangye, very angry, and said: "Yu Huangye, you despicable and shameless slut, you are still colluding with the Death God Religion, I want to report to my adoptive father and kill you!"

The words fell, Yu Huang Aoxue sacrificed a snow sword and stabbed towards Yu Huangye.

The existence of the Reaper Order may threaten the real world, and they have always wanted to plot fire.

Therefore, even the Wanxu Temple is extremely hostile to the Death God Religion.

Yu Huangye's collusion with Tianqi Supreme has touched the ban of Wanxu Temple, which is very serious.

When Yu Huangye saw Yu Huang Aoxue's long sword stabbed, he just smiled and didn't care at all, he waved the Apocalypse Demon Sword, and with a ding, he fluttered and blocked it.

"Puff!"

Yuhuang Aoxue felt a huge force backlash, and he vomited blood on the spot.

The strength gap between the two is actually so big.

"Miss Aoxue, I did betray Wan Xu, but I did it for you, why can't you understand my intentions?"

There was a look of pain and helplessness in Yu Huangye's eyes, and this look quickly turned into a morbid coldness.

He waved his hand towards Yu Huang Aoxue's neck and grabbed her, trying to snatch her to his side.

At this time, his breath has revealed a trace of lawless fluctuations, and he has obviously received the help of Apocalypse Supreme, which is very powerful.
