Chapter 8961

"Apocalypse Supreme, what's the use of you taking this kind of person as a chess piece?"

He is a waste person, he has become your pawn, and he is also a waste chess. "

Ye Chen snorted coldly and appeared in front of Yu Huang Aoxue, looking directly at Yu Huangye.

But he did not say these words to Yu Huangye, but to the Supreme Apocalypse behind him.

"On my chessboard, there is no waste chess!"

An old and majestic voice suddenly burst out from the void, it was the voice of the Supreme Being of Apocalypse.

Boom!

In the void, the wind and clouds are surging, and the dark breath is whistling.

Endless demonic energy gathered crazily on Yu Huangye.

Yu Huangye's aura was also skyrocketing wildly.

The divine might of the will of the Apocalypse Supreme has come to him.

"Lord of Reincarnation, Ren Feihan's vitality is severely damaged now, and his will cannot come down to help you."

"Except for Ren Feihan, the rest of you in the reincarnation camp, in my eyes, are just chickens."

"I heard that you are lucky, and no one can kill you."

"But today, this sect leader will take a gamble to see if you can survive under my slaughtering sword."

Apocalypse Supreme's will shook the heaven and earth, bursting out a loud noise like the sound of thunder.

A murderous aura, like a butcher's knife filled with the blood of the world, broke through the void, descended, and fell into Yu Huangye's hands.

This knife is called "Slaughter God"!

From this knife, Ye Chen felt the strong aura of slaughter and reincarnation.

Obviously, this slaughtering knife is a weapon specially built by Tianqi Supreme in order to kill Ye Chen, and it is used to restrain the luck of Ye Chen's blood.

Just like a lifeless death, it is a divine weapon that restrains the golden bloodline.

This slaughtering knife is also specially designed to restrain Ye Chen.

In terms of sharpness, this divine slaughtering knife is not even half as precious as the Emperor's Sacred Sword, so it can easily break through the wall of time and space and descend from no time and space.

Although the edge is not earth-shattering, when he looked at the slaughtering sword, Ye Chen felt a chill in his heart.

It seems that this slaughtering knife does have the effect of restraining his bloodline.

"This Yuhuangye is not a waste of chess, but the winner of this leader!"

Apocalypse Supreme's will burst out to the extreme, and the power bestowed on Yu Huangye also skyrocketed wildly.

Yu Huangye's body creaked, and instantly became extremely burly and sturdy, his muscles exploded, his veins protruded, and ancient dark runes bloomed on every skin.

The slaughtering sword in his hand, the dark light is like solidified ink, reflecting the sunlight in the sky, shooting out a frightening cold light.

"Lord of Reincarnation, you are dead, and the Supreme Heaven Qi will kill you at any cost. Can you resist the majesty of the Emperor God?"

Yu Huangye felt the surging power in his body, and was overjoyed and excited. He had already fantasized about killing Ye Chen and then occupying Yu Huang Aoxue.

He could not have imagined that Tianqi Supreme would actually drop such a ferocious power, and he had never told him beforehand.

Think about it too, if you say it in advance, it is likely to touch the secret and be spied by Ye Chen.

"What about the Lord God of Heaven?"

There is not no time and space here, even if it is the emperor and the main god, how much power can it exert here? "

"Longteng Mingxing, Hongmeng Starry Sky, open!"

Ye Chen was not afraid at all, and directly opened the Longteng Mingxing star, and the Hongmeng starry sky bloomed again.

The magnificent starry sky, propped up from the top of Ye Chen's head, and the phantoms of hundreds of millions of dragons in the starry sky roar, which is extremely spectacular.

Countless dragon powers converged on the Heavenly Sword of Samsara in Ye Chen's hands, and the blood dragon also hovered above the Heavenly Sword.

Even though the power of Samsara's bloodline was suppressed a little by the Slaughtering Sword, the divine power of the life star that Ye Chen burst out was still earth-shattering.

"Apocalypse Supreme, you are gambling."

"If you want to bet, I, Ye Chen, will accompany you to the end!"

Ye Chen waved the sword of reincarnation, bursting out the ultimate sword energy of reincarnation, and slashed straight at Yuhuangye.

He knew that Apocalypse Sovereign was betting to drop such a ferocious power, and if he lost, he would also suffer a huge impact.

If he wins and can really kill Ye Chen, he will reap earth-shattering benefits.

"Haha, in this gambling fight, even if this sect master can't kill you, he can still injure you!"

Apocalypse Supreme sneered, having absolute confidence in his own willpower.

He knew that Ye Chen was so lucky that he might not be killed in this battle.

However, as long as he can seriously injure Ye Chen, he will be considered a winner.

If Ye Chen is severely injured, the fate of the reincarnation camp will also be greatly affected, and Shentu Wan'er will inevitably be implicated.

If Shentu Wan'er's luck declined, Apocalypse Supreme would not have a strong opponent, and it would be much easier to fight for the authority of the God of Death.

After this Taishang Buddhist meeting, if he gets the Buddha's bone relic, he will be able to defeat the demon ancestor and become the final winner.

Yu Huangye didn't think so much, he just wanted to kill Ye Chen, and then snatch Yu Huang Aoxue over.

hum!

Yu Huangye waved the slaughtering sword, beheaded out, and the magic edge exploded, colliding with Ye Chen's Samsara Heavenly Sword.

Under the will of Apocalypse Sovereign, the demonic qi bursting out of his slaughtering sword has a strong dark power, and behind it is even the luck accumulated by the Death God Religion for many years, and even the blessing of the previous generation of Death God.

The previous generation of Death God was the artifact spirit of the former Tianmo Xinghai, the Sea King Demon Venerable.

Apocalypse Supreme wants to compete for the authority of the Death God, not for himself, but to revive the Sea King Demon Venerable and help him break the seal.

There is a very close connection between him and the Sea King Demon Venerable.

Therefore, the slaughtering sword he cast contained the slaughter majesty of the previous god of death.

Zheng!

The swords struck each other, and the endless dark aura roared towards Ye Chen overwhelmingly.

His Reincarnation Heavenly Sword was also attacked by demonic energy, causing it to dim for a while.

"In addition to the will of Apocalypse Supreme, is there the blessing of the previous generation of Death God?"

Ye Chen's face sank, his footsteps swept back, and he stepped back quickly.

In this confrontation, he clearly felt that the Slaughtering Sword in Yu Huangye's hand actually had the dark blessing of the Sea King Demon Venerable, which was extremely powerful.

That is to say, what Ye Chen has to face is not only Tianqi Supreme, the God of Heaven, but also a previous generation of Death God, Sea King Demon!

Although under the restriction of laws, it is difficult for the power of the God of Heaven to truly be manifested in the world of the Supreme Being and the Heaven and Beyond, but the aura that permeates it is also powerful enough.

At the same time, even Ye Chen felt suffocated in the face of the will of the two god-level powers.

"Death God, Nightmare Heavenly Stream Slash!"

After Yu Huangye repulsed Ye Chen with one blade, he immediately pursued the victory and rushed out with his blade again.

The dark aura of this knife exploded and the void was turbulent, creating a ferocious, nightmare-like environment that was suffocating.

The majestic dark sword power, like a waterfall pouring down from the sky, rolled towards Ye Chen.

"Tomb Divine Sword, break it for me!"

Chapter 8962

Ye Chen shouted violently, feeling deeply threatened, and immediately mobilized all the blood energy in his body, as well as all the dantian aura, all poured into the Samsara Heavenly Sword.

hum!

The reincarnation Tianjian divine light bloomed, and the ultimate sword light erupted again, and then with the billowing heavenly burial sword qi, it roared towards Yu Huangye's nightmare Tianliu sword qi.

After a few moves just now, Ye Chen was forced to use the Tomb Divine Sword, which shows how outrageous Yu Huangye's strength was under the will of Tianqi's supreme will and the blessing of the previous god of death.

However, such a ferocious power is absolutely impossible to maintain for too long.

Because of Yu Huangye's body, it is impossible for him to bear the will of the god-level emperor for a long time.

Marven Ye estimated that as long as he could keep the two sticks of incense unbeaten, he would be able to win without a fight.

However, if you want to survive these two incense sticks, how easy is it to say?

boom!

Ye Chen's Tomb Sword Qi collided wildly with Yu Huangye's Nightmare Heavenly Stream Slash, and an earth-shattering roar of air erupted, tumbling down and annihilating sword Qi fluctuations, and the Dark Nightmare Sword Qi, soaring into the sky, unexpectedly it crushed the void of the sky, and even many Chaos Heavenly Demons were hit and perished on the spot.

In this ancient Buddhist holy land, countless Buddhist disciples, as well as the Chaos Heavenly Demons, have all noticed the fighting atmosphere here.

Many people were shocked. They didn't expect that at the juncture of the battle between Buddha and Demon, there would be such a fierce battlefield.

"Puff!"

Ye Chen vomited blood, only to feel the incomparably ferocious dark saber slashing.

It has to be said that the will of Apocalypse Supreme and the blessing of the previous generation of Death, the combined power that erupted, was difficult for even Ye Chen to resist.

If it wasn't for the fact that he had already awakened the Star of Lie Sun, and the energy of his bloodline had grown tremendously, this shock alone would have been enough to seriously injure him.

"Hehe, Lord of Reincarnation, it seems that you are going to lose."

Yu Huangye laughed, his eyes full of murderous intent.

At this time, his appearance was already very ferocious and terrifying.

Apocalypse Supreme and the previous generation of death, the dark breath poured into him, directly twisted his body, his movements were very uncoordinated, his hands and feet were a bit stiff, like a zombie, and he seemed to be some kind of weird arthropod, his arms were already dislocated, almost falling to the ground.

His skin was also cracked, and a lot of mysterious, dirty, indescribable things flowed out, such as pus, rotten bed bugs, corpse bugs, etc., as well as many strange poisonous insects, crawling out of his skull.

These are dark and filthy atmospheres.

Under such intense dark and filthy torture, Yu Huangye himself was extremely tormented, but he was in a very happy mood.

Because he thought that as soon as Ye Chen was killed, Emperor Yu Aoxue would be his.

"Ye Chen, are you alright?"

Seeing that Ye Chen was injured, Yuhuang Aoxue rushed to his side in a hurry and supported him.

"fine."

Ye Chen calmed down, took a deep breath, and recovered from his injuries.

Although Yu Huangye is powerful, it cannot last for a long time. As long as he delays for a while, the final winner must be him.

When Yu Huangye saw Yu Huang Aoxue's protruding front and back, his exquisite body, who was in close contact with Ye Chen, and looked so close, his heart was full of grief and jealousy, and he said angrily:

"Lord of Reincarnation, I want you to die!"

His demonic energy exploded, and the God-Slaughtering Sword in his hand slashed wildly.

This knife still carries the will of Apocalypse Supreme and the previous generation of Death God, and it is extremely fierce.

Even if Ye Chen just used the Tomb Divine Sword, it was difficult to resist.

"Aoxue, combine two swords!"

Ye Chen glanced at Yu Huang Aoxue and said.

"it is good!"

Yuhuang Aoxue also nodded tacitly and drew out the snow sword.

The two stared at each other, time seemed to stand still, only each other was in their eyes, and their spirits blended again.

The spirits of Ye Chen and Yuhuang Aoxue were like the last time when they cultivated together.

Just a glance, but it is like a thousand years.

When Yu Huangye saw the picture of the two getting close, he faintly seemed to hear the extravagant sound they made when they were both spiritually cultivating.

This extravagant sound was not transmitted to his ears, but directly to his spiritual world.

Ye Chen and Yu Huang Aoxue's double spiritual cultivation, the energy fluctuations that burst out, all kinds of beautiful and beautiful pictures, are all perceived by Yu Huangye through the spirit.

"Ah ah ah!"

Yu Huangye suddenly went crazy, screamed, and his eyes were completely split.

The double cultivation of Ye Chen and Yuhuang Aoxue, to him, is simply the most cruel torture in the world.

This torture is many times stronger than the erosion of darkness and filth.

"I'm going to kill you!"

Under the madness, Emperor Yu's wild sword qi skyrocketed, and his murderous aura was soaring, and he wanted to kill Ye Chen and Emperor Yu Aoxue together.

"It's a chance!"

"Ice and Snow Acacia Divine Sword Art!"

Ye Chen and Yuhuang Aoxue were very smart, they immediately combined their swords and fought back.

Under Yu Huangye's madness, although the sword stance was more violent and terrifying, there were also flaws.

Ye Chen and Yuhuang Aoxue immediately saw the flaw and fought back directly.

The two swords combined, and an ice and snow sword energy rose into the sky like a long river against the sky, and just hit the gap in Yu Huangye's blade.

hum!

The ice and snow sword qi burst, and all of Yu Huangye's dark sword qi was crushed and crushed.

"Puff!"

Yu Huangye suffered a severe backlash, vomited blood on the spot, mixed with some internal organs, and flew backwards in an extremely embarrassed manner, fell heavily to the ground, and the Slaughter Sword in his hand fell with a bang.

Chapter 8963

"Apocalypse Supreme, I said, your move is a waste of chess."

Ye Chen defeated Yu Huangye, took back his long sword, and said indifferently.

Yu Huang's wild path is too unstable, his obsessions are too heavy, and his thoughts are all on Yu Huang Aoxue alone, and the flaws are too great.

Because of this, it was possible for Ye Chen to defeat him.

Otherwise, in the face of the dual will oppression of the Supreme Apocalypse and the previous generation of Death God, it is almost impossible for Ye Chen to have a chance to reverse.

"Aoxue..."

Yu Huangye has been seriously injured and defeated, and his eyes are still unforgettable, deeply attached, staring at Yu Huang Aoxue.

Yu Huang Aoxue's mind was entirely on Ye Chen.

She looked at Ye Chen silently, and recalled that she had another spiritual double cultivation just now.

Ye Chen felt her fiery gaze and coughed. He never expected that he and Yuhuang Aoxue would develop to this point.

The two spiritual double cultivations were done as a last resort because they were faced with a powerful enemy.

But no matter what, with such a special relationship, it is difficult for Ye Chen to remain indifferent.

"Aoxue, come to my Samsara camp."

Ye Chen sent an invitation again, he wanted to draw Yuhuang Aoxue to his side, as a way to give her a home and end the cause and effect.

Yuhuang Aoxue's cheeks were drunk red, but there was a struggle in his eyes, he was silent and didn't speak, but he didn't know how to make a decision.

"Yuhuangye, you trash!"

In the void, Apocalypse Supreme burst out with an extremely angry voice.

Originally, it was very possible for him to defeat Ye Chen with his will and the blessing of the previous generation of Death.

But I never imagined that Yu Huangye was so unsatisfactory, because of a woman, he was completely messed up.

Yu Huangye was defeated, and Apocalypse Supreme was also severely backlashed. Hearing his voice, he felt that he was vomiting blood.

Boom!

In the next moment, an astonishing scene appeared.

I saw an incomparably brilliant and domineering figure in the void, full of dark aura, it turned out to be the Supreme Being of Apocalypse!

The figure of Apocalypse Supreme, hazy, is obviously not the body.

His body power is too strong to come to the real world.

What descends now is just a phantom.

But the drop of a phantom was already earth-shattering.

Yu Huangye was so unsatisfactory, he actually wanted to take action himself!

If you do it yourself, it will involve too much cause and effect. Once you touch the Dao Law, the consequences will be unimaginable.

But even so, the Apocalypse Supreme came down.

"Apocalypse sect master..."

"I'm hurt, save me..."

When Yu Huangye saw the arrival of the Supreme Being of Apocalypse, he was shocked and felt guilty for his defeat.

But at this moment, he was seriously injured, and he had just carried the dark will, which also brought a huge backlash. His skin was cracked, rotten and maggots, and he needed the treatment of Apocalypse Supreme.

"You bastard, die for me!"

Apocalypse Supreme was furious and did not intend to take action for treatment. With a backhand, Yu Huangye was smashed and turned into ashes.

Ye Chen saw that Yu Huangye was dead, and his heart was touched a little, but then he returned to silence.

This disobedient, even if Tianqi Supreme does not kill, he still has to clean up.

"Lord of Reincarnation, that's all, even if I try to do it myself, I will kill you today!"

Apocalypse Supreme's eyes are as sharp as an eagle, and he vows to kill Ye Chen at all costs.

With one move in his hand, the God-Slaughtering Sword returned to his hand, and the darkness of the sword soared thousands of feet, making it magnificent and invincible.

This is the sword of the Heavenly Emperor and the Lord God. Even if the main body is not present, the power of the phantom of the Heavenly Emperor and Lord God is enough to shake the starry sky and the universe.

When Ye Chen saw Apocalypse Supreme slashed, he felt unstoppable.

"Lord of Reincarnation, be careful!"

At this moment, outside the barren mountain, a figure flew quickly, but it was Master Chi Feng, who came first after feeling Ye Chen's previous call.

I saw Venerable Chi Feng, who sacrificed the Tianjun Fengshen tablet that Ye Chen lent him.

"Tianjun Fengshen monument, guard!"

When Ye Chen's mind moved, he immediately conferred the God Monument on Tianjun, summoned him again, and blocked himself.

Zheng!

Apocalypse Supreme's dark sword light slashed like killing the universe, and slashed on the Tianjun Fengshen monument.

On the Tianjun Fengshen tablet, a deep gully was cut out, but it was not broken, and it successfully blocked the sword of Tianqi Supreme.

Ye Chen clearly saw that the place to resist the apocalypse's supreme sword light was exactly the place where Ren Feihan's name was engraved.

As if in the dark, Ren Feihan was protecting him again.

Since the last time he fought with Ancestor Hongjun, Ren Feihan's name has dimmed a lot.

This time, his name was stabbed by Apocalypse Supreme, but the three words "Ren Feifei" were cut from the middle.

When Ye Chen saw this, he was greatly distressed and thought to himself, "Senior Ren is in Wuwu time and space, I don't know what's going on. He and Hongjun will definitely consume a lot of energy, he may be injured, and I don't know what crisis he will face."

"Um?"

Heavenly Monarch Conferred God Monument! ? "

Apocalypse Supreme was determined to get a knife, but was blocked, his face twitched suddenly, and his expression was very ugly.

A character of his level directly descends the phantom and does it himself. Every action will touch the secret and bring serious punishment to the body.

Ye Chen can't be killed with one knife, and if he hits another knife, the price will be even greater.

"Ouch, isn't this Apocalypse Supreme?"

How did you come?"

Outside the barren mountain, there was another exclamation.

Chapter 8964

I saw a woman with a hot body, flying across the sky, but it was Ye Lan.

She also felt the call of Ye Chen's will and rushed over.

Immediately afterwards, her senior brother Zang Hai also hurried over.

"Apocalypse Supreme, how is it possible!"

When Zanghai saw the figure of Tianqi Supreme, he was startled and took two steps back, thinking that he had an illusion.

"Senior brother, this Apocalypse Supreme wants to kill the Lord of Reincarnation, let's help, and summon the World Tree to come out!"

Ye Lan has captured the secret, sensed the murderous aura of Apocalypse Supreme, and hurriedly said.

"Exactly."

Without saying a word, Zang Hai immediately squeezed the hand tactic and chanted.

Ye Lan also sang the tactic, and strands of green brilliance, with ancient runes, flowed out from the two of them.

In the void, the voice of the gods burst out, and the phantom of a huge tree slowly emerged.

This tree is surprisingly huge. I don't know how many ten thousand feet high. It emerged from the void, and it stood upright and penetrated the clouds. Countless strong auras of life continued to bloom, which was shocking.

In the illusion, the disciples of the ancient Buddha Holy Land who were fighting fiercely, as well as the Chaos Heavenly Demon, were all shocked when they saw this tall tree rising from the ground.

"This is... the legendary World Tree?"

"It's the divine tree planted by the first generation of grass gods, the world tree!"

"It is said that the roots of this world tree can connect all corners of time and space, and every leaf can transform into three thousand worlds, which is very powerful."

"Before the four supreme artifacts were born, this world tree was the most powerful magic weapon other than the Creation Qinglian!"

"The World Tree has long been burned. Who reversed the long river of time and summoned the phantom of the World Tree from the ancient past?"

Many Buddhist and demon powerhouses looked up at this giant tree in shock.

That is the legendary world tree, which was planted by the first generation of grass gods.

Before the birth of the four highest artifacts, the World Tree already existed, and it was the most powerful creation in the world except for the creation of Qinglian.

As for the creation of Qinglian, it is the plant that opened up the chaos and created the first world between heaven and earth.

The first generation of grass gods was born from that original world.

The legendary Qinglian casting holy method, the source of inspiration is also the creation Qinglian, which entrusted the first generation of grass gods, and wanted to become as powerful as the creation Qinglian.

Later, the first generation of grass gods was brought out by Emperor Yuantian and went to the heavens.

The original world was lost, and no one could find a way to go.

Even the first generation of grass gods could not find the way back to their hometown.

The creation of Qinglian has also become one of the oldest legends, and no one has ever seen it with his own eyes.

But the World Tree is a great existence that many characters have seen with their own eyes.

It was a fetish planted by the first generation of grass gods!

When the World Tree was at its most prosperous, it was also when the first generation of grass gods dominated.

She relies on the world tree, whose roots extend to all time and space worlds, and controls every corner of the heavens.

She is the representative of authority and the supreme master, representing the supreme life and wisdom.

Later, countless old gods united, pulled her off the World Tree God Seat and trampled her to death, and completely burned the World Tree.

That is a very old thing, so ancient that the Nine Gods and the Ancient God Tuo Di have not yet been born.

At this moment, Zanghai and Yelan actually reversed the long river of time and used some kind of ancient secret technique to re-summon the phantom of the World Tree from the long river of the past.

"Are you from Qiancao Villa?"

Apocalypse Supreme was instantly furious, and his face kept shaking.

The divine power of the World Tree is extremely terrifying. Although it is a phantom, he is also a phantom.

Under the suppression of World Tree's breath, Apocalypse Supreme only felt that the mountains were suppressed, and even his breath was suffocated.

Yelan and Zanghai did not speak, because at the moment when the phantom of the World Tree was summoned, their spiritual energy was emptied, their faces were pale, and they had no strength to speak.

"Supreme Apocalypse, if you are sensible, go back to your world for this girl immediately, otherwise everyone will only end up in a lose-lose situation."

Ye Lan spoke with difficulty and squeezed out a sentence, not afraid of the majesty of Tianqi Supreme.

Apocalypse Supreme's eyes turned, but he didn't mean to back down. He looked up to the sky and laughed: "Hahaha, you are a little girl, still want to intimidate me?"

"Even if you lose both today, I can't make it easier for you."

The voice fell, and the phantom of Tianqi Supreme suddenly swelled with breath, and then with a bang, it even took the slaughtering knife in his hand and blew himself up on the spot.

He would rather detonate this phantom and fight to lose both, and not let Ye Chen have a better time.

The violent explosion suddenly caused a shocking air wave, with a rumbling sound, the surrounding mountains and the clouds in the sky were all torn apart.

Yelan and Zanghai, the world tree phantoms summoned by them were suddenly destroyed.

The two vomited blood and were also severely impacted by the explosion, and were injured on the spot.

Yu Huang Aoxue and Master Chi Feng were both injured.

Ye Chen was also hit by a huge shock, the qi and blood between the chest and abdomen were turbulent, the internal organs were cramped, and a mouthful of blood spurted out.

The explosion he suffered was much more severe than Ye Lan and others.

Because, Apocalypse Supreme self-destructed, and there was a God-Slaughtering knife!

The slaughtering sword was forged against Ye Chen's reincarnation bloodline.

This detonation naturally brought a huge impact to Ye Chen.

The air waves and haze of the explosion lingered in the sky.

On Ye Chen's side, he, Emperor Yu, Aoxue, Master Chi Feng, Yelan, and Zanghai were all injured and fell to the ground, and he was the most seriously injured.

Fortunately, they were only injured, and no one died.

Chapter 8965

The phantom of the World Tree just now also gave them a lot of protection, otherwise, someone would definitely have to sacrifice.

"Let's get out of here."

Ye Chen struggled to get up and walked out while using the gossip technique to treat himself and everyone else.

Such a big explosion will definitely attract the attention of countless eyes.

Now everyone is injured, and if they encounter any enemy, it will be dangerous.

If someone kills someone from the Wutian camp, the consequences will be unimaginable.

Ye Lan, Yuhuang Aoxue and the others nodded and said yes, all of them reluctantly got up and walked out.

"Hey, you don't have to go."

"Become the sacrifice of my Star God Race."

"Tsk tsk, what is your identity and origin? The aura on your body looks different from ordinary people."

But at this moment, a sneer sounded.

I saw more than a dozen dark and ferocious figures descending from the sky, it was the Chaos Heavenly Demon.

No one from the Heavenless camp has come yet, but the Chaos Heavenly Demon has come.

Of the dozen or so Chaos Heavenly Demons, two of them were high-level powerhouses, and their auras were particularly strong.

Seeing this, Ye Chen's face suddenly sank.

Under normal circumstances, he would naturally be able to defeat these chaotic demons.

But now, he is seriously injured and in a very bad state. He can fight one or two demons, but it is almost impossible to defeat a dozen demons.

Ye Lan, Zang Hai, Master Chi Feng, Emperor Yu Aoxue and the others were also shocked.

In their state, facing the Chaos Demon, there is only one dead end.

"Kill them, and use their blood to worship Lord Jidao Demon Venerable."

A demon who looked like a high-level leader, carried his hands on his back, and said in a cold tone.

"Yes!"

The five-headed demon warriors, armed with magic knives, walked towards Ye Chen and others respectively, wanting to kill them one by one.

The other demons were watching with arms crossed, laughing happily.

Ye Chen and others suddenly fell into a desperate situation.

"Hey, wait, don't kill them."

At this moment, a delicate female voice came from the sky.

I saw a girl from the starry sky, waving white and brilliant wings, and quickly descended from the sky.

This girl is quite slender, but she has all the curves she should have. She looks very beautiful, and her eyes are very pure, forming a sharp contrast with the dark and ferocious Chaos Heavenly Demon around her.

"Miss Zichuan."

The Chaos Heavenly Demon present, seeing the girl coming, hurriedly said hello.

Judging from the appearance, the status of that girl is obviously not low.

When Ye Chen saw this girl, his heart skipped a beat.

Because of this girl, he had seen it, it was Zichuanfei.

Zi Chuan Fei's half-split wing is still in his reincarnation cemetery.

It's just that he didn't expect that this Zi Chuanfei had such a high status.

"Don't kill them."

Zi Chuanfei put away her wings and said, looking at Ye Chen and his party, when she looked at Ye Chen, there was a strange emotion in her eyes that was difficult to detect.

Ye Chen's heart beat even harder, thinking, "She recognizes me."

The dark seeds on Zichuan Fei's broken wings were purified by Ye Chen, and there was a good relationship between the two.

However, this is an illusion, a reappearance of the ancient war between Buddhas and Demons. At this time, Zi Chuanfei was still alive.

"Miss Zichuan, are you going to let them go?"

"Also, why haven't you entered a fighting stance?"

The high-level leader of the Chaos Demons looked suspiciously at Zichuanfei.

All the protoss warriors of the starry sky have been transformed into the fighting stance of the chaotic demon, only Zi Chuanfei still maintains the holy glory and looks like a god.

"Are you teaching me what to do?"

My dad doesn't care about me. "

Zi Chuanfei snorted and said.

That day, the demon leader was in a cold sweat and hurriedly cupped his hands and said: "I don't dare, my subordinates are offended, but these people are full of spiritual energy, and their blood seems to be special, and their subordinates are also loyal. I want to kill them and sacrifice them to Supreme Demon Lord."

Zichuan Fei said: "If you kill the waste, you should take care of them first. After the war between the Buddha and the devil is over, they will be escorted back to the palace and used for blood sacrifice to the Star Taoist Book."

Hearing the words, the demon leader nodded yes and said, "That's right, Miss Zichuan is thoughtful."

Zichuan Feizhen nodded lightly and said: "Okay, you can call more people to come over and watch over them strictly, but you can't let him run away."

The devil leader said: "Yes!"

Zi Chuanfei suddenly pointed to Ye Chen and said, "This person has the most special bloodline, so he doesn't need to be brought back to the palace, I want to eat him."

That day, the demon leader showed a hint of embarrassment and said: "Miss, the rules of our Star God Race are to share blessings and share difficulties. If there is any food, it should be slaughtered and shared together, and it is not appropriate to take it personally."

Zi Chuan Fei said: "Why, there are five people here, I will eat one person, don't you agree?"

That day, the demon leader hurriedly said: "Don't dare, the lady is low-key, don't let others see it, otherwise things will be very troublesome."

Zi Chuanfei glanced at the devil lightly, and said impatiently, "Got it."

Then he strode to Ye Chen's side, put his arms around Ye Chen's waist, and took him outside.

Yu Huang Aoxue, Master Chi Feng, Ye Lan, Zang Hai, and others, when they heard Zi Chuan Fei and the leader of the day demon talking about cannibalism, their expressions were normal, as if they were talking about eating and drinking, and their expressions were horrified.

They all thought in their hearts, this Chaos Heavenly Demon really eats human flesh, drinks human blood, commits all evils, and is cruel by nature.

Chapter 8966

Although this Zichuan Fei had an unusually beautiful appearance and elegant temperament, they all believed that this was just a disguise.

Only the ugly posture of the Chaos Demon is the real appearance of these monsters.

When Yu Huang Aoxue saw that Ye Chen was going to be taken away, he really thought he was going to be eaten, and his heart was burning with anxiety, and he shouted: "Stop!"

With her little remaining strength, she swung her sword towards Zi Chuanfei to assassinate, trying to save Ye Chen.

The surrounding Chaos Heavenly Demons were very alert. As soon as they saw Yu Huang Aoxue making a move, they rushed up with a shout, knocked her long sword to the ground, subdued her, and wanted to punish her again.

"Don't beat her, keep it for now, wait until tomorrow to escort her back to the palace, it's not too late to torture her slowly."

Zi Chuanfei looked back at Yuhuang Aoxue and indifferently ordered.

"Yes, miss!"

The Chaos Heavenly Demons responded respectfully, took out the chains, and temporarily locked Yuhuang Aoxue and his party.

Zi Chuanfei put her arms around Ye Chen's waist, took him outside, fluttered her wings, and flew into a ruined temple.

This temple has been looted by the Chaos Heavenly Demon, and all the monks have been burned to ashes by a fire, and there are broken walls everywhere.

"Your name is... Zi Chuan Fei?"

Seeing that there was no one around, Ye Chen stared at Zi Chuanfei and asked.

"Yes, Lord of Reincarnation, you...you still remember my name."

Zi Chuanfei still hugged Ye Chen's waist and looked into his eyes, trembling with excitement, tears flashing in her eyes.

"Just call me by my name, my name is Ye Chen."

"Will you eat me?"

Ye Chen smiled and asked.

"How come, stop joking."

Zi Chuanfei shed a tear from the corner of her eye, and she wiped it away silently, showing a smile, saying:

"I know, I'm actually dead, this place is just an illusion."

"After a day, this illusion will disappear, right?"

"I just called those demon warriors to watch over your friends, they'll be fine."

"Wait until tomorrow, when the illusion dissipates, they will be able to regain their freedom."

In fact, Zi Chuanfei just called people to see Ye Yuhuang, Aoxue, Yelan, and the others, in order to protect them.

With the protection of the Chaos Heavenly Demon Warrior, even if Yuhuang Aoxue and others are injured, they don't have to worry about the Wutian faction taking advantage of the fire.

"You know it all?"

Ye Chen's eyes narrowed slightly, and he also felt Zi Chuanfei's intentions, so he asked.

"Well, after I die, my future broken wings will be purified by you, and my will will no longer be tortured by nightmares. I am very grateful. Thank you, Lord of Reincarnation."

Zi Chuanfei burst into tears again, which was quite sad, because she was going to die soon.

In other words, in the real world, she had long since died, and the corpse and soul had turned into ashes, leaving only half of her wings.

A trace of her will remained in the half of the wings, suffering from endless darkness and suffocation, and it was not until Ye Chen's purification that she was freed.

"You Chaos Demons, no, or rather, the Star God Race..."

"Are you good or bad?"

"You, are you really a race from the other side of the starry sky?"

Ye Chen stared at Zi Chuanfei's eyes, and there were many questions in his heart.

No matter how you look at it, Zi Chuanfei doesn't look like a bad person, but the actions of those chaotic demons are extremely cruel and cruel, which makes Ye Chen feel very conflicted.

"What should I say."

When Zi Chuanfei listened to Ye Chen's question, she showed a bitter smile, as if she didn't know how to explain it to Ye Chen.

Ye Chen stared into her eyes, waiting for her to sort out her thoughts.

"Well... Let's start from the beginning. In fact, the other side of the starry sky is a real world, hidden somewhere in no time and space, and it is the ultimate in the ultimate."

"In the beginning of this world..."

Zi Chuanfei seemed to clear her mind and wanted to tell Ye Chen the mystery of the other side of the starry sky.

Ye Chen also listened intently, he knew that this was the ultimate secret.

But suddenly, Zi Chuanfei showed a look of panic, as if some nightmare had been triggered, her facial features were slightly distorted, and she bent down and retched.

"What's wrong?"

Seeing this, Ye Chen quickly patted her back.

"Cough... I, I'm so uncomfortable, brother."

"The other side of the starry sky involves the ultimate mystery of the avenue. I, the starry sky god clan, have more truth than ordinary people."

"But these truths are the highest secrets and unspeakable taboos."

"The secret cannot be revealed. Anyone who dares to reveal the ultimate secret of the Great Dao will suffer a terrible punishment."

"I...my cultivation is not enough, I can't say too many secrets, I'm sorry."

Zi Chuanfei's face was full of panic and helplessness, her delicate body was trembling, as if she had been tortured by divine punishment.

Her beautiful eyes were full of fear, curled up in Ye Chen's arms, and held Ye Chen's hand.

Ye Chen only felt that her slender hands were cold and cold, and there was no heat at all. She was also a little worried, and sighed: "Okay, don't say it if you can't say it. Anyway, these things are quite far away from me, so I'm not in a hurry."

Zichuan Feizhen nodded slightly, regaining some vitality, and said: "Well, brother, then you can keep my broken wings, although I am dead, but relying on the power of your reincarnation blood, in the future, you may reverse the long river of time and resurrect me. ."

Ye Chen nodded and said, "I know, don't worry."

The reincarnation bloodline is immeasurable and powerful enough to reverse life and death.

Ye Chen estimates that when he awakens the third reincarnation star, he will initially have the ability to reverse life and death. He can reverse the long river of time and space, and fish out the dead Zi Chuanfei from the long river of time in the past, thereby resurrecting her.

Chapter 8967

Ye Chen knew that this Zi Chuanfei was a huge breakthrough. In the future, if he wanted to know the secrets of the other side of the starry sky, he had to rely on her.

"Thank you, brother, your injury seems to be quite serious, heal up quickly, I will protect the law for you."

Zi Chuanfei looked at Ye Chen, but saw that Ye Chen was seriously injured. He had just fought with Tianqi Supreme, and the impact Ye Chen suffered was very huge.

Hearing what Zi Chuanfei said, Ye Chen immediately felt that the scars all over his body were hurting, and he nodded immediately, wanting to calm down and rest.

However, at this time, outside the ruins of the temple, there was a sharp sound of breaking through the air, and three dark lights came flying like shooting stars, and quickly landed beside Ye Chen and Zi Chuanfei.

The majestic demonic power spread over the ruins, the color of the sky changed, the sky rumbled, and there was a dense dark cloud, as if there were hundreds of millions of monsters roaring.

The three figures that landed were Gui Chen, Yuhuang Yafei, and Yuwenji.

They caught Ye Chen's breath and came after them.

Gui Chen looked at Ye Chen, and then at Zi Chuanfei, seeing how close the two of them looked, he sneered, but that laughter was the voice of the demon ancestor.

"Ye Chen, I never thought that your reincarnation bloodline would also have an effect on the Chaos Heavenly Demon, and even the Chaos Heavenly Demon was confused by you."

Gui Chen sneered, and the voice he spoke was also the voice of the Demon Ancestor Wutian.

"There is no heaven for the ancestors, are you not pretending?"

Ye Chen's eyes were cold, and the person in front of him looked like Guichen on the surface, but he knew that the demon ancestor Wutian was in control behind him.

"Hehe, I finally found you. With your current state, even with this Chaos Heavenly Demon, facing me, there is only one dead end."

Gui Chen looked indifferent, with a wave of his hand, a majestic dark aura blocked the audience.

He blocked this place mainly because he was worried that Zi Chuanfei would summon other demons to come.

"Old Ancestor, when the reincarnation is annihilated, please give me Ye Luo'er from his harem. Luo'er is also bewildered by this kid."

Yuwenji said.

Reincarnation blood, has a special charm, can attract the opposite sex.

Now that Zi Chuanfei is close to Ye Chen, in the eyes of the Wutian camp, she is naturally bewildered by Ye Chen.

Even Yuwenji thought that even Ye Luoer was confused by Ye Chen.

Gui Chen heard Yuwenji say this, his eyes flashed with seriousness, and said: "Don't be too happy, the Lord of Reincarnation is not dead yet."

Yuwenji froze in his heart and said, "Yes!"

He also knew that Ye Chen had great luck and was not easy to kill.

Gui Chen said: "You shoot first and see how much combat power this kid still has."

Yuwenji said: "Yes."

Immediately, the spiritual energy erupted, the magic law rolled, and the thirty-three days of magic was displayed, the ancient dragon way of Taixu.

When he changed his body, he transformed into a Taixu ancient dragon, roared in the sky, and the majestic dragon vibrated.

scoff!

In the next moment, Yuwenji's dragon claws burst out, breaking the void, and the divine light exploded, killing Ye Chen and Zichuanfei with their heads covered.

Ye Chen was seriously injured, and when he faced Yuwenji's blow, he immediately felt extremely pressured.

"Brother be careful."

Zichuanfei clenched her silver teeth tightly, and seeing Yuwenji kill, she had to enter a fighting stance.

boom!

I saw Zi Chuanfei's body suddenly exploded with endless dark magic energy. On her white skin, many dark runes appeared, and even her pupils turned into pure black color.

A clatter.

Behind her, a pair of wings spread out, but those wings were no longer pure white and holy color, but turned into pure darkness, like ink that has been solidified for thousands of years, and the overflowing black magic energy turned into a trace Silk fog, very spectacular.

"Extremely Demonic Dao, Ten Thousand Demons Heavenly Enchantment!"

Zi Chuanfei shot out with one palm, and the infinite magic energy was like waterfalls, falling violently from the Nine Heavens Void, and the ferocious magic power gathered in her palm.

bang.

Her palm collided with Yuwenji, causing a shocking weather wave. Her delicate body remained motionless, but Yuwenji was shaken back a certain distance.

"Ancestor, this chick is a bit powerful, and you may have to do it yourself."

Yuwenji was taken aback. He didn't expect that after Zichuanfei entered the fighting stance, such a ferocious magic might erupted, and his combat power was even higher than his.

Ye Chen looked at Zi Chuanfei, and was also surprised.

At this moment, Zi Chuanfei is full of demonic aura, and she looks like a witch.

If he hadn't seen it with his own eyes, Ye Chen wouldn't have believed that the girl who was so pure and holy just now had turned into a chaotic demon at once.

However, Zi Chuanfei's demon posture is not ugly, and there is no filthy appearance. Compared with ordinary demons, it is much purer.

Ye Chen faintly glimpsed the secret, guessing that this is because Zi Chuanfei's Protoss bloodline is much nobler than the ordinary Star Protoss, so even if he incarnates into darkness, he still maintains a trace of Protoss's holy atmosphere, pure darkness, like eternal night, and Not dirty.

"It's not your power, it's the power of your bloodline."

"You chaotic demons, bloodline is a bit interesting."

"Unfortunately, this is an illusion. Otherwise, I really want to kill you, slowly dismantle your bones and blood, and study the mysteries."

Gui Chen's eyes were indifferent, staring at Zi Chuanfei, and also felt the speciality of her bloodline.

It's a pity that this is an illusion. Even if he dismembers Zi Chuanfei, he can't spy on the truth of her bloodline.

"Forget it, then I will kill you and the Lord of Reincarnation completely!"

"I want to see if you, the witch of chaos, can fight against me, the future god of death."

Gui Chen's face was distorted, his body changed, and the demonic energy was gushing out, and finally he showed the true appearance of the demon ancestor.

boom!

Demon Ancestor Wutian slammed out with one palm, and the monstrous demonic energy gathered on his palm, and there was a terrifying atmosphere of hundreds of millions of poisonous snake bites, countless demons wailing, and the mountains of knives and seas of fire were boiling.

With a violent and stern palm, it fiercely enveloped Zi Chuanfei and Ye Chen.

Ye Chen suddenly felt suffocated. Even in his heyday, the pressure of facing the Demon Ancestor was enormous, not to mention that he was seriously injured now.

"Go back!"

Zi Chuanfei also felt the terror of the Demon Ancestor Wutian's palm. He took Ye Chen's hand and stepped back quickly, avoiding the slaughter of the Demon Ancestor Wutian's palm rather awkwardly.

Ye Chen was agitated by a little palm wind, and only felt that his bones were about to be broken.

"This demon ancestor is invincible, and its strength is stronger than before."

Ye Chen could clearly feel that the magical power of the Demon Ancestor Wutian was stronger than before.

Although Wutian's cultivation base is still the peak of the Immortal Emperor, and there is no limit beyond reality, but when he moves his hands, there are dark and infinite law energy fluctuations, which radiate out and are extremely powerful.

This is obviously because he has further plundered the spiritual energy of the Heavenly Demon Star Sea compared to the past, so his own power is also advancing by leaps and bounds.

Chapter 8968

If he really became a god of death and completely controlled the Heavenly Demon Star Sea, it would be even more incredibly powerful.

"Brother, go ahead and hide here."

Zichuanfei felt the power of Wutian deeply, and immediately summoned a page of Taoism to let Ye Chen in.

"This is....."

When Ye Chen saw that page of Taoism, his eyes were suddenly blurred.

On the Taoist book, it was covered with ancient and mysterious characters, exuding the divine brilliance of starlight.

Those starlights are so ancient, so pure, so mysterious, as if they do not exist in this world, nor in any time and space, but only in the faraway shores of legends.

"This is the Star Dao Book!?"

Ye Chen was completely shocked, and recognized it at a glance, this is actually a page of the Taoist book!

Legend has it that this starry sky book contains the ultimate secret of the other side of the starry sky, and its power is extremely powerful.

When Ye Chen attacked the Sky Profound Realm, he had seen the Dao Book of the Starry Sky, and even suffered the bombardment of the Divine Thunder of the Starry Sky.

Compared with the previous eight volumes of Taoism, the power of this supreme star Taoist book is much, much more powerful. It is simply unbelievably powerful.

Ye Chen was naturally shocked when he saw the Taoist book of the stars sacrificed by Zi Chuanfei.

The Starry Sky Book that Zi Chuanfei summoned was only one page.

But on this page of Taoism, Wei Neng is even more powerful than the previous eight volumes of Taoism.

Such a powerful Taoist book, only the legendary God of Heaven can truly exert its power.

"Brother, I am the Star God Clan, I am in charge of half the Star Taoist book, and I own one page."

"You are too injured. Hurry up and hide. You can still heal."

Zichuan Fei waved her hand and hurriedly sent Ye Chen to the Taoist space.

She couldn't exert her power on this page of the Starry Dao Book, but as a refuge to provide shelter and blessings to Ye Chen, she could barely do it.

"Starry Sky Book?"

The ultimate Taoist book? "

"What is the origin of you Chaos Heavenly Demons, how can there be such a thing?"

The Demon Ancestor Wutian was also greatly surprised, and immediately summoned the energy of the Heavenly Demon Star Sea to transform a pitch-black star demon sword, and Yujian broke through the air and stabbed towards Zichuanfei.

He just wanted to kill Zi Chuanfei, and then snatch the Xingkong Daoshu.

Zi Chuan Fei nibbled his silver teeth lightly, waved his wings, and shot out like a bolt of darkness, fighting against the Demon Ancestor Wutian.

Yuwenji and Yuhuang Yafei also joined the battle.

Zi Chuan Fei was defeated by one enemy and three, but there was no sign of defeat, so she was able to support her.

Although she couldn't explode the slaughtering divine might of the Starry Sky Book, but with the blessings of this book, her own background was greatly improved.

With the blessing of the starry sky, she can remain undefeated even in the face of the demon ancestors!

At this time, Ye Chen had already entered the inner world of Xingkong Daoshu.

This is a chaotic void, with no sky, no earth, no laws and laws, just a hazy chaos, everything is unknown.

In this chaotic and unknown void, Ye Chen's head was a little dizzy, but suddenly, he saw a little starlight in the distance ahead.

Ye Chen was stunned, and then stepped forward.

He doesn't know how long he has been gone, it may be just a moment, or it may be as long as an era.

Finally, he crossed the chaos and saw a vast sky.

No, to be precise, it should be called the starry sky. The sky is full of bright stars, and the mysterious starlight shines down and falls on Ye Chen.

Ye Chen was bathed in starlight, as if nourished by infinite spiritual energy.

He was originally injured very badly, but at this moment, his injury was healed in an instant, the state of the whole person was better than ever before, and the spirit was suddenly enlightened. He couldn't help opening his arms, as if he wanted to embrace the entire starry sky .

"This is the world of the stars."

"What's that?"

Ye Chen narrowed his eyes slightly, looked at the starry sky, and saw the end of the starry sky, as if there was a magnificent heaven standing. In that heaven, there was a mighty and magnificent singing, and there was even some refreshing floral fragrance, which made people feel relaxed and happy.

"Could that be the world beyond the starry sky?"

Ye Chen's heart jumped wildly, he knew that this was the world inside the Starry Sky Book, and it was probably related to the legendary other side of the starry sky.

The other side of the starry sky is the ultimate in the ultimate. It is a world that even Yuantian Emperor and Sakyamuni Buddha have never set foot on.

Since hundreds of millions of epochs, no one has ever been able to reach the other side. Everyone struggles and competes in killing and chaos until they become the overlord of the epoch, or die and disappear.

Ye Chen knew that with his own cultivation, if he spied on the mysteries of the other side of the starry sky, he would likely suffer backlash.

But now, the world on the other side of the starry sky is probably right in front of him, how could he miss it?

Taking a deep breath, Ye Chen calmed down, then summoned the wings of freedom and flew towards the heavenly world at the end of the starry sky.

I don't know how long it took, Ye Chen finally flew to the end of the starry sky and saw the outline of the heaven.

Then he was stunned.

Because, he discovered that the heavenly world at the end of the starry sky turned out to be the reincarnation heaven.

In the world of that kingdom, there are statues of the Lord of Reincarnation, that is, Ye Chen's statue.

There is no chaos, no turmoil, no killing, no strife. In that kingdom, there is only peace and laughter, everything is full of order, and everyone lives in harmony.

Chapter 8969

This is the real blissful world, where hundreds of millions of reincarnation believers live happily without any worries.

In the kingdom of heaven, white flowers bloom everywhere, which are the legendary other side flowers, representing eternal bliss.

Ye Chen looked at this vast and peaceful scene of heaven, and his heart was shaken, thinking:

"Could it be that the world beyond the starry sky is my reincarnation heaven?"

At this moment, Ye Chen remembered Wuxin's ancestor.

Wuxin Patriarch wanted to skip the Wuwu time and space and directly reach the world beyond the starry sky.

He failed and eventually perished and died.

However, before he died, he also spied a glimpse of the mystery of the other side of the world.

Before he died, he left eight words: "Reincarnation in heaven, flowers bloom on the other side."

Perhaps, what he saw before he died was exactly the same as what Ye Chen saw.

The legendary other side of the starry sky is actually the world of reincarnation heaven that Ye Chen always wanted to construct!

Ye Chen stared blankly at this reincarnation heaven, and he didn't know how long it took. He found that in the heaven, the laughter and laughter disappeared, and everyone became dead.

This heaven, because there is no strife, no fighting, everyone is equal, and there is no existence of class and superiority. In the end, it has become lifeless, like a pool of stagnant water.

Everyone has lost the motivation to live.

All have lost desire.

Most of their desires can be satisfied, and the only desire that cannot be satisfied is power.

The power to oppress others, the power to stand at the top.

Because in this heavenly world, everyone is equal, and there is no hierarchy.

Since everyone is equal, it doesn't matter whether they are high or low, it doesn't matter if they climb up, and they won't fall down if they become the overlord of the superior. Everyone has the same identity.

The human heart is eager to fight and to be above others.

When all people become equal and the true kingdom of heaven on earth is established, the human heart also dies.

The world has become a pool of stagnant water, the kingdom of heaven is collapsing, and all beings in heaven and earth are gradually turning into ashes.

The glorious and vast kingdom of reincarnation in the past was reduced to ashes, ruins, and corpses piled up all over the ground in front of Ye Chen's eyes.

Something darker than darkness, something more filthy than filth, grew out of the wreckage of the kingdom of heaven, and eventually spread to the entire starry world.

The starry sky was polluted, countless distorted and evil things came out, and countless mysterious and indescribable monsters came to kill Ye Chen.

"Go away!"

Ye Chen gritted his teeth, his face was ashen, as if he was in a nightmare, he shouted.

With this shout, the world in front of Ye Chen was torn and twisted.

He escaped from the dark and filthy starry world and returned to the outside world.

I saw Zi Chuanfei, still fighting with the demon ancestor Wutian.

Ye Chen stayed for a while, his whole body was soaked with sweat, as if he had woken up from a nightmare.

When the wind blows, Ye Chen is also much more awake, and the infinite spiritual energy in his dantian surges up and transmits it to his limbs.

His injury has recovered, and his state has returned to its peak.

"Brother, you finally came out."

Zi Chuanfei was overjoyed when she saw Ye Chen coming out.

"Damn, this kid..."

When Mozu Wutian saw Ye Chen's recovery, his face suddenly became ugly, and he stepped back.

Ye Chen looked at it and found that Yuwenji and Yuhuang Yafei were both seriously injured and lost their combat effectiveness.

Zi Chuanfei was also injured, but she was still fighting.

Ye Chen pinched his fingers, but found that he had been in the world of Starry Sky Daoshu for almost a day.

And on this day, Zi Chuanfei was fighting the Demon Ancestor Wutian.

Her bloodline is strong, and she has used many trump cards of the Star God Race, but she has not failed until now, and even severely damaged Yuwenji and Yuhuang Yafei.

Mozu Wutian repeatedly attacked and killed, and almost killed Zichuanfei every time, but in the end, he was blocked by the Starry Sky Book.

Zi Chuanfei is guarded by the Starry Sky Book and is invincible.

The Demon Ancestor Wutian coveted the Starry Sky Dao Book, and did not leave, and actually fought Zichuanfei for a day.

He thought, when the illusion is shattered, Zi Chuanfei will dissipate, and the starry sky book is his.

Although after the phantom is shattered, the Starry Sky Dao Book is likely to dissipate, but there will definitely be traces of celestial secrets left.

As long as you can capture the secret, you can trace it back to the Star Road Book, the real place.

Mozi Wutian estimated that after Zi Chuanfei was killed, the Star Dao Book was likely to fall in the core area of the battlefield.

If he can see into the secret, he can find this Taoist book in the core area of the battlefield.

However, at this time, Ye Chen appeared and even recovered from the injury, but the demon ancestor was unexpected.

You know, Ye Chen was injured by the Supreme Apocalypse.

Logically speaking, it shouldn't be that easy to recover.

But at this moment, Ye Chen recovered successfully with the blessing of the Starry Sky Book.

"Brother, what did you see in the starry sky world?"

"Have you seen the other side?"

Seeing that Ye Chen was sweating, Zi Chuanfei knew that he must have seen something in the starry sky world, and asked nervously.

Ye Chen recalled what he had just seen, and he may indeed have seen the world beyond the starry sky, that is the kingdom of reincarnation.

However, because of the strict order, the equality of all living beings, the absence of classes, superiors and inferiors, and no disputes, the kingdom of reincarnation turned into a pool of stagnant water in the end. In the end, the kingdom of heaven was turned into ruins, all beings were reduced to ashes, and the starry sky was polluted. It's sad.

Chapter 8970

Those things that he saw and heard were both real and hallucinations, Ye Chen recalled them, they were all dreamy, and he didn't know what was right or wrong.

He shook his head and said, "It's nothing, let's deal with this demon ancestor first."

Ye Chen came back to his senses, his eyes became sharp and firm.

The world on the other side of the starry sky is still too far away from him now, and it is useless to think too much.

The most urgent task is to fight against the demon ancestors!

Clang.

The Samsara Heavenly Sword was pulled out, Ye Chen exploded the Dragon Life Star, the blood dragon circled on the sword, and the Samsara divine might exploded.

His state has completely recovered, and even if he faces the demon ancestor, he can still fight.

"very good."

"Boy, your cultivation strength has improved compared to the past."

"Let me see what your current strength is!"

Mo zu Wutian felt Ye Chen's soaring momentum, his eyes were cold, the pitch-black star's blade waved, and the majestic dark breath roared out.

He knew that Ye Chen's fighting power was strong, so this sword broke out with all his strength.

The dark sword energy was filled with terrifying filth karma, which was the breath from the Heavenly Demon Star Sea.

The Heavenly Demon Star Sea is the filthiest place in the world, filled with dark and filthy energy.

Those dark and filthy things, even the Heavenly Emperor and the Lord God, can be polluted, extremely terrifying.

Seeing that the demon ancestor Wutian's sword energy was slashed, Ye Chen hurriedly waved his sword to fight.

Zheng.

When the two swords clashed, Ye Chen only felt the mighty power of the Immortal Emperor passed over, and the evil spirits of all kinds of sins and filth roared.

His Reincarnation Heavenly Sword was instantly contaminated, creating darkness.

Under the shock of the immortal emperor's divine might, Ye Chen and Zi Chuanfei were also shaken back on the spot.

"Ouch, how did this demon ancestor suddenly become stronger?"

Zi Chuanfei was taken aback and felt that the power of the Demon Ancestor Wutian had increased a lot compared to when she had just fought against her.

"It's not that he becomes stronger, it's that when he fights you, he doesn't use all his strength at all."

Ye Chen shook his head, also knowing the power of the demon ancestor.

If Mozu Wutian broke out with all his strength, Zichuanfei would have been defeated long ago, and it is impossible to persist until now.

However, if you use all your strength, Mozu Wutian will also pay the price.

He didn't want to embarrass himself for a Zi Chuanfei.

Only in the face of Ye Chen, will he do whatever it takes to make the ultimate move.

"Boy, in this world, there are not many people who can force me to use all my strength."

"You can force me to this point, even if I die, it's enough to be proud of myself."

Mozu Wutian's eyes were gloomy, his right hand held a sword, his left hand squeezed a tactic, the void cracked open, and the majestic dark air waves poured out from the crack in the void, sweeping towards Ye Chen like a waterfall.

Those dark air waves contain the energy fluctuations of the Heavenly Demon Star Sea, and they are filled with the smell of filth and death. Just taking a breath will make people feel suffocated.

If you are contaminated with these filthy energies, there is only one dead end.

Zi Chuanfei was horrified, and hurriedly urged the starry sky to protect her body.

But when Demon Ancestor Wutian broke out with all his strength, the filthy energy of the Heavenly Demon Star Sea was also pervasive, like a poisonous snake, bypassing the guardianship of the Starry Sky Book and attacking her directly.

"Be careful!"

As soon as Ye Chen squeezed his hand, the reincarnation blood in his body burned, and a round of sun rose from behind him.

This round of the sun is not brilliant and dazzling, just like the rising sun, filled with the morning light of the morning glow, like a dream.

Under the light of the rising sun, the energy of all kinds of celestial beings evaporated, completely unable to harm Ye Chen and Zichuanfei.

Even the dark blockade that the Demon Ancestor had placed in the surrounding space quickly dissipated, completely unable to block the morning light of the sun.

Just as the sun rises, the darkness is about to dissipate, unable to shroud the world.

"This is... the scorching sun!"

"Boy, do you dare to release the scorching sun star?"

When Mozu Wutian saw the morning light of the sun, his face suddenly twisted.

That's exactly what the weather of the scorching sun is!

He knew that Ye Chen had awakened Lie Mingxing a long time ago, but just woken up, Lie Limingxing was very fragile, only the morning light, without the fiery brilliance, was not suitable for summoning battles.

But at this moment, Ye Chen didn't care, and directly summoned Lie Sun Mingxing.

The cost of doing so must be huge!

Under the scorching sun's bright star, even the filth of the sea of Devils will be instantly evaporated.

One can imagine how abundant, how bright, and how powerful this scorching sun is.

"Is this the star of reincarnation?"

Zi Chuanfei looked at the scorching sun behind Ye Chen, and was also dazed, like a dream.

This is only the second of the seven stars in the cycle of reincarnation. The radiance of the morning light that bursts out has the aura of warding off all demons, purging the evil spirits of the heavens, and even the filth of the sea of stars and demons can easily evaporate.

If Ye Chen awakens another life star, how powerful will it be?

Zichuan Fei's body was trembling a little, she thought to herself, when Ye Chen awakens another life star, she should be able to reverse the long river of time and space and resurrect herself, right?

"As long as I can defeat you, why would I dare not?"

There was a cold smile on the corner of Ye Chen's mouth. Under the shroud of the scorching sun, his aura was also skyrocketing, and the Samsara Heavenly Sword burst out with an unprecedented dazzling sword glow.

scoff!

Ye Chen swung his sword and slashed, the rising sun and morning light shone, and the sword energy of reincarnation exploded, as if he was about to smash the world, he slashed to the demon ancestor Wutian.

Demon Ancestor Wutian looked shocked, and his body hurriedly fled back to avoid, looking a little embarrassed.
