

Physician 9001

Chapter 9001

"In the past, Venerable Master Gu Xuan disappeared into the world for no reason, and no one knew the inside story, even the powerhouse without time and space was greatly shocked."

"So far, there are some people who don't believe the fact that he has fallen. After all, that person is too terrifying, and he has never seen it with his own eyes, and no one dares to make a judgment."

"But he seems to have evaporated from the world, and there is no trace to be found."

"This secret realm of Venerable Ancient Xuan is opened every hundred years. As the right-hand man of Heavenly Venerate Rock God in the past, many forces are eyeing his burial place!"

Ye Chen asked, "Every hundred years?"

"Then in this secret realm, countless people have already set foot there, so how can you wait until now?"

Taishen sighed softly and continued:

"How can it be that easy?"

It is no exaggeration that the secret realm of Venerable Master Gu Xuan can be called another small world. "

"But there are also countless formations. If you are not careful, you will die and disappear. For so many years, no one has been able to penetrate the mystery, and the chance has naturally been preserved until now."

"However, there have been a lot of actions in Tianwaitian and Taishang World recently. I guess they are all aimed at the ancient mysterious realm."

"By the way, you have obtained the inheritance of Silent God, and you should have met Jiang Meiyin a few times. Jiang Meiyin had approached me before, and also mentioned the Ancient Mysterious Secret Realm. It is estimated that you will be back soon. She probably also knows that you are here. "

Ye Chen's eyes narrowed slightly, Jiang Meiyin naturally knew that there was some cause and effect between the two.

After the death of Jishen, I am afraid Jiang Meiyin is not feeling well.

Could this Ancient Profound Secret Realm be entrusted by Jishen before his death?

Also, he remembered that Jiang Meiyin and Jishen both mentioned a name, Zhou Tianqing.

Zhou Tianqing should also be the apprentice of Jingshen, but this apprentice seems to have become a thorn in Jingshen's heart.

He faintly felt that this time the Ancient Profound Secret Realm would encounter this so-called Zhou Tianqing.

Ye Chen thought about everything, and said curiously: "Senior, you and Zhu Yuan were here very early, is the ancient mysterious realm important to you?"

Taishen nodded heavily: "The memory of the emperor's seal is very vague, but it is pointed out that there are things our family needs!"

"I have to go."

"More importantly, I feel that people with the blood of the emperor will also do it."

Ye Chen was startled: "You mean Emperor Luo and them?"

Taishen shook his head: "No, you know the glory of the Emperor's family, when the glory was declining, there was actually a lineage that left the Emperor's family long ago. The lineage is alive."

Ye Chen looked at Taishen's eyes and faintly felt that things were not simple.

"But everyone knows that the Ancient Profound Secret Realm will be opened, but when will it be opened, there is no news, there will be a vision before it is opened."

Ye Chen frowned, if this ancient mysterious realm doesn't open for a long time, what will happen to his poison?

However, this poison can be resolved even if he doesn't use the secret realm, if he is given enough time, it's just that the time is too long, and it will have a negative impact on him looking for the floating life, or the ancient mysterious secret realm.

At this moment, Ye Chen and Taishen obviously found that someone was approaching.

Ye Chen was worried that it was the Miluo Palace, so he stopped talking nonsense and quickly turned into a mustard seed.

And the gods are also solemnly waiting.

"Lord of Reincarnation, are you here?"

Just as Ye Chen was contemplating, several figures appeared nearby, calling his name in a low voice.

Those figures are all wearing heavy rock armor, but their steps are extraordinarily light.

Ye Chen turned into a mustard seed at this time, hiding in the void, and no one saw him.

The gods obviously didn't know these people either.

The other party did not have the aura of the Milo Palace.

"These people are..."

Ye Chen looked at the heavily armored figures, his eyes condensed slightly.

Those people were obviously not from the Milo Palace.

"God, we know that the Lord of Reincarnation is here, please let him appear."

"We are the believers of the Rock God Tianzun, the survivors after the destruction of the Mingdu in the past."

Having said that, a figure looked at another place and cupped his hands:

"Lord of Reincarnation, are you here?"

My name is Yang Zhan, and I can feel the aura of the Ancient Rock God Artifact on your body. "

"We are not malicious, we want to help you out of trouble!"

Among those people, the leader was a burly middle-aged man who reported his identity and showed his goodwill.

Under Ye Chentian's insight, he knew that this middle-aged man named Yang Zhan did not lie.

They are indeed believers of the God of the Rock, and they vaguely captured the breath of Ye Chen, the ancestor of the God of Rock, and wanted to help Ye Chen.

"I am here."

Ye Chen appeared, but still used the mustard seed Dharma to hide his qi so that he would not be discovered by the Milo Palace.

At this time, the ancient evil poison in Ye Chen's body has been dispelled, but more than half of it is not suitable for fighting.

But there is a god, he is naturally not afraid.

.....

At the same time, there is a world outside the sky.

The purple air is coming from the east, and between the peace and harmony, the green bamboos are covered with hazy purple clouds. In the depths of this fairyland, countless magnificent buildings towering into the sky, gathering a faint chaotic atmosphere.

"By the way, what do you think about the secret realm of the ancient and mysterious world outside the sky?"

The middle-aged man in purple robe, who was somewhat similar to Taishen between his eyebrows, looked at the youth and teenagers under the steps and asked softly.

"Father, it's all about time and space. Don't take it lightly. It has lost the reputation of my emperor. After all, our ancestors were also brilliant."

"But I don't think the gain from this trip will be great. The Lord Gu Xuan follows the Rock God Tianzun, and he is a strange person. His inheritance is not so easy to find."

Chapter 9002

The young man's eyes looked vaguely at the man beside him who kept winking at him. He also smiled and said:

"Besides, our goal is always to have no time and space, not the so-called heaven and the sky, the land of barbarians."

Between the lines, it is also full of disdain.

The young man then continued to speak:

"It's also time to let the junior go to the trial. Isn't Zunyu always clamoring for the invincibility of his peers? Why don't my father let this kid go and have a try."

"Let the bloodline of the direct line go to investigate and try, and it shows that my emperor attaches great importance to this trip and does not fall into the limelight. If Zunyu really has the opportunity to obtain inheritance, it is also God bless my emperor."

"The second time, it doesn't affect the changes in the overall situation. Most of those guys have also come out of the proving ground, and I have to prepare in advance."

The middle-aged man's eyes lit up, and he nodded lightly: "That's fine, presumably those old foxes also planned this way."

"I heard that Chu Lan of Tianmen has a chance and is likely to inherit it, and I heard that he is carrying an ancestral coffin!"

"And the Lord of Reincarnation, I don't know if he will intervene this time."

Hearing this, the young man's original smile was also restrained, and he said lightly: "Some things, if you don't see it with your own eyes, you can't fully believe it."

"Even so, it's not my enemy!"

The innate arrogance was not concealed at all, and the man called Emperor Zunyu also clapped his hands and shouted:

"Big brother is mighty, even if he is too high, he is the first person!"

"What Tianmen Chu Lan, what is the Lord of Reincarnation, bah bah bah."

The young man looked at Emperor Zunyu with a smile, and also warned: "Although there won't be too many obstacles, you must not be careless, the ancient mysterious secret realm is extremely dangerous, be very careful."

The middle-aged man on the throne also waved his hand: "Then it's decided, Zunyu, after you take that Heavenly Pill and refine it, you're ready to leave."

"Although I don't know when it will open, it should be soon."

.....

At the same time, in another place, the world of Tianmen and Huanmen.

"Oh, brother Chu Lan, just tell me about it!"

"You finally got out of the customs, I've been waiting for you for a long time."

The girl elf is well-behaved, with big round eyes and blue pupils looking hopefully at the man in front of her.

The figure of the man and Ye Chen are somewhat similar, but the face is a little colder.

The girl stretched out her hand and pulled at the corner of her clothes, looking pitiful, with ancient runes exuding in her pupils.

Chu Lan looked at the little ancestor who was entangled in her eyes, and was almost inadvertently affected by the illusion.

"Um?

You girl, even I dare to calculate! How many times have I said, do not use those tactics against me! "

When Chu Lan saw this, a powerful breath surged and went straight towards the girl.

boom!

With a muffled sound, the cute girl was blasted out dozens of meters by the energy, smashing the cyan gate made of pure jade, and there was silence under the ruins.

"Hey, I won't play with you anymore!"

At this moment, the girl who was supposed to be under the ruins outside the door suddenly appeared in front of the table in Chu Lan's room, holding the purple-gold kettle in her small hand, lifted the lid and poured out the wine entrance.

Don't forget to make a weird face at the former.

"It seems that during the time I was in retreat, the elders of the Magic Gate didn't let you idle, and even I almost didn't see it."

Chu Lan glanced at the girl and smiled.

"After you came out of Xiu Xuan Yu, you have been in seclusion for so long, and you didn't say anything about what happened in Xiu Xuan Yu. I heard that you lost to Jishen's successor in Xiu Xuan Yu?"

The girl's eyes kept rolling, and the wine stains in her mouth were never wiped away, her eyes were full of curiosity.

Chu Lan's face was ashen for a while, but there was nothing to do with this little ancestor.

This girl, the means of treating people are hard to prevent. Several elders of Tianmen have been given a headache by her. The little girl's illusion talent is extremely terrifying, and even the elders of the magic door are all caring for her.

You can't beat or scold, and you have to pamper. After all, as soon as the princess gets angry, it is a common thing to not practice for ten or eight years.

"I also heard that you have an ancestor coffin?"

"I heard that you got the inheritance of the Xuanxuan God?"

After a few questions from the soul, even Chu Lan was speechless. He couldn't say that he was really placed in the Xuanxuan Realm, and he almost died?

"Yueru, I can tell you that the person who got the inheritance and the ancestral coffin is not me. His name is Ye Chen, the so-called Lord of Reincarnation. He is very interested. If you want to know more, you can find it yourself. The Lord of Reincarnation."

"That guy will definitely satisfy you. By the way, I heard that the Ancient Profound Secret Realm is about to be opened, it seems to be in the sky, reincarnation..."

Before he finished speaking, the little girl's shadow had already disappeared in place, but Chu Lan smiled helplessly: "The baby bump of the Magic Gate, it seems that this time it's going to pierce the sky!"

"Chu Lan!"

Suddenly, an old figure slowly emerged.

Chu Lan's expression changed, and he said in a serious tone, "Master!"

"You, let the girl who is afraid of being in a mess run around. When your uncle jumps, I won't protect you!"

The old man glared at Chu Lan and said angrily.

"Master, the situation in Taishang is staring at him, and I really can't get away from it. There are rumors that I have control of the ancestral coffin, and I am afraid that it will be the target of public criticism."

"Girl Yueru will take a look for us. It's also very good. After all, no one can see through her methods. It's just a matter of experience."

Chu Lan smiled, he knew nothing about the girl's methods.

Chapter 9003

...

The screen turned around, Ye Chen was here.

Yang Zhan and the few rock god believers were overjoyed when they saw Ye Chen appearing, and they all knelt down to Ye Chen with a very humble attitude.

Yang Zhan said: "I'm waiting to listen to the oracle of the God of Reincarnation. The God of Reincarnation said that the Lord of Reincarnation is the first-class hero in the world. It is a great honor to meet the Lord of Reincarnation today!"

Ye Chen nodded and said: "Senior praised, I don't know if the power under the senior's command can resist the Miluo Palace?"

Yang Zhan was silent for a while, then shook his head helplessly and said: "The power of the Miluo Palace in the sky is very large, but not me can resist."

Ye Chen said: "I'm not talking about their headquarters, but their stronghold here."

The headquarters of the Miluo Palace is far away in the Miluo Yin realm.

Looking at the entire outer world, there are not many forces that can compete with the Miluo Palace.

According to legend, Mang Tianluo, the lord of the Miluo Palace, was already qualified for ascension, but he was suppressed by the Death God Religion, so he could not soar for a long time.

Even the Death God Religion is afraid of this Mang Tianluo, lest he will disrupt the existing power and position structure of the Death God Religion after his ascension.

After Ye Chen came to this world of the Underworld, he gradually got a glimpse of the secrets of the sky, knowing that the power of the Miluo Palace was by no means easy.

But now, he didn't plan to confront the entire Miro Palace head-on, he just wanted to deal with the Miro Palace's stronghold in the Underworld.

If he wants to get the Floating Life, he must first smash the power of the Miluo Palace here!

Yang Zhan said embarrassedly: "It is the stronghold here, and our tribe can't compete."

"Alas, in our Underworld, there was once a queen who was the listener of the Heavenly Venerate of the Rock God."

"We are under the protection of the Queen, although not as powerful as the Milo Palace, but enough to protect ourselves."

"But tens of thousands of years ago, our queen suddenly disappeared mysteriously, causing me to lose my asylum."

"Li Jueyun, the holy son of the Miluo Palace, took this opportunity to bring blood to the Underworld. Nineteen of the people of my Underworld were killed and injured. Only a small number of survivors were left, lingering in the forbidden area of purgatory."

Mentioning the past, Yang Zhan sighed and felt very sad.

This piece of the Underworld was destroyed by the Miluo Palace in the beginning.

To be precise, the person who destroyed the world of the Underworld was the Holy Son of the Miluo Palace, Li Jueyun!

When Ye Chen heard Li Jueyun's name, his heart jumped wildly, and he actually caught a trace of cause and effect related to the goddess.

"That Li Jueyun is a goddess..."

"He is the second senior brother of Taishang Tiannv."

Yang Zhan said.

"Second brother of the goddess?"

Ye Chen's heart was shocked, and he also saw the secret.

Tiannv's master is willing to leave people. She has accepted four apprentices in her life, and Tiannv ranks third.

And the second person is Li Jueyun!

Holy Son of Milo Palace!

"Well, Lord of Reincarnation, this is not the place to talk, I will take you back to our tribe first."

Yang Zhan looked quite vigilant, and looked around, lest he would touch the secret and be discovered by the people of Miluo Palace.

Ye Chen nodded, now that he still has poison in his body, it is not suitable for him to fight.

"Then can I take my friends with me?"

Ye Chen hopes to bring Taishen and Zhu Yuan.

But soon, Yang Zhan's expression became a little embarrassed. Just as he was about to say something, Taishen said immediately:

"Ye Chen, the ancient mysterious realm has not yet been opened, and Zhu Yuan and I have to prepare, so I won't go with you."

"Besides, the Miluo Palace is chasing you, it is not suitable for you to stay with me and Zhu Yuan at this moment."

"When the Ancient Profound Secret Realm opens, I will definitely find you as soon as possible."

Ye Chen glanced at the god, and had no choice but to nod in agreement.

At the moment, Yang Zhan leads the way, and Ye Chen follows him.

The two walked all the way and came to a very desolate corner among the ruins of Mingdu.

In this place, magma is flowing everywhere, the laws are disordered, the aura of heaven and earth has a hot and violent smell, the environment is very harsh, and the temperature is extremely high.

When Ye Chen came here, it was like stepping into a purgatory world, with hot skin and floating breath.

"Lord of Reincarnation, this is our tribe."

With a wry smile on his face, Yang Zhan led Ye Chen into this purgatory-like world.

In this magma world, large rocks stand on the magma, and simple houses are built on the rocks, and there are people living in them.

Ye Chen thought to himself that living in such a harsh place must be very painful.

"This place is called the Forbidden Land of Purgatory. It used to be our Underworld Capital, where criminals were exiled and imprisoned. Later, our Underworld Capital was slaughtered by Li Jueyun. We survivors had to hide in this forbidden land, establish tribes, and survive. ."

Yang Zhan looked very sad, and told Ye Chen some past stories of Mingdu.

Now Mingdu has turned into ruins, and this ruin is also occupied by the Miluo Palace.

The survivors of the Underworld could not survive outside at all. As long as they dared to emerge, they would be killed by the Miluo Palace.

They can only hide in this forbidden area of purgatory, struggling to survive.

Ye Chen's arrival made the rock god believers in this tribe come out to watch.

The expressions of everyone were a little surprised.

Because they can clearly feel that on Ye Chen, there is the breath of the ancestors of the rock god, and the energy fluctuations of the blood of the rock god!

"He is the Lord of Reincarnation?"

He is also a descendant of the Heavenly Venerate Rock God? "

"Could he be the Rock God Tianzun, sent to save us?"

"Hey, stop dreaming, look at his aura, only the fifth-level sky of the Sky Profound Realm, how could it be comparable to the Miluo Palace?"

"Let alone fight against Mang Tianluo, the master of the Miluo Palace, it is Li Jueyun, the holy son of the Miluo Palace, and he is not able to compete."

There were whispers coming from all directions. Many people caught the secret and knew that Ye Chen was a descendant of the rock god.

"Lord of Reincarnation, don't care what they say."

"We are in the capital, and we don't expect you to save us. We only hope that Her Lady Queen will return one day."

"You are in the blood of the Rock God and have a relationship with the God of the Rock. I brought you back today, just to help you, and I don't think so."

"The people of Miluo Palace are chasing you. Our tribe has a passage that allows you to leave secretly without disturbing anyone."

Yang Zhan's eyes were kind and mellow, and he didn't ask Ye Chen to do anything.

He helped Ye Chen because Ye Chen had a relationship with Tianzun Yanshen, and he just talked about his heart.

Ye Chen said: "Senior, since you have a passage to leave, why don't you go out?"

He saw that the environment in this forbidden area of purgatory was too harsh, and it was not a place to live, and he was quite puzzled.

Yang Zhan shook his head and said: "We are the people of the Rock God Tianzun. We have lived in the world of the Underworld, and our lives are connected to the earth. It is impossible to leave. We only hope that Lady Queen will come back one day and save us."

Chapter 9004

Ye Chen said: "Your queen is missing. After I go out, I can help you find it."

Yang Zhan said: "No need, Her Lady Queen must know that we are suffering. She didn't come back, she must have a last resort. When she wants to come back, she will come back naturally. Forcibly looking for it is useless."

Ye Chen had to give up and sighed, "That's fine."

Yang Zhan said: "Come with me, the way out is right in front, under the statue of the Rock God Tianzun."

Said and led the way.

Ye Chen nodded, followed Yang Zhan all the way, and soon came to the depths of the forbidden area.

The magma here is even more fiery and boiling, whistling and roaring, turning into a vision like a fire dragon and a snake, which is quite terrifying.

In the long river of rolling magma, a huge rock statue stands, which is the statue of the rock god Tianzun.

Ye Chen saw from a distance that on the base of the statue, two lines of characters were engraved:

Rock God Tianzun!

Emperor Qiankun!

Emperor Qiankun is the name of the Rock God Tianzun.

Several old men dressed as priests were sitting around the statue, silently praying and singing something.

Looking at their appearance, it seems that they want to communicate with the Rock God Tianzun and listen to the oracle.

Unfortunately, they did not get any response, and all the old men were frowning.

Seeing Yang Zhan coming, the old men looked over and shook their heads helplessly.

Seeing this, Yang Zhan also sighed.

Ye Chen asked, "Do you want to communicate with the Rock God Tianzun?"

Yang Zhan said: "Yes, but unfortunately there is no response. Since Her Lady Queen left, we have lost the only listener, and the contact with the Rock God Tianzun has been completely cut off."

"If we can get a response from the God of the Rock, we will definitely not be so embarrassed."

Ye Chen stared at the statue of the God of the Rock, remembering that he had seen the God of the Rock before, so he said to Yang Zhan, "I'll try it."

Having said that, Ye Chen strode forward, crossed the magma river, came to the front of the God of Rock, stretched out his palm, and pressed lightly on the statue of the God of Rock.

Yang Zhan and many priests were shocked when they saw Ye Chen's actions.

Could it be that Ye Chen can actually communicate with the Rock God Tianzun?

Ye Chen took a deep breath, closed his eyes, and ran the blood of the gods in his body, calling out in his heart:

"Rock God Tianzun, respond to me!"

boom!

In Ye Chen's heart, the moment he made the call, in the depths of distant time and space, endless golden light rolled in, like a waterfall in the sky, rumbling down.

The entire forbidden area of purgatory was immediately bathed in a golden light.

Above the nine heavens, there appeared a majestic and dreary divine dharma.

That is the phantom image of the rock god Tianzun!

Endless divine light surrounds the Heavenly Venerate Rock God, making it impossible to see his face.

But everyone can feel the violent aura fluctuations of the Rock God Tianzun.

The spiritual energy of the God of the Rock turned into a flaming blessing, and the ceiling of the God of Rock fell down, like a heaven-shattering creation.

The rock god ceiling floats in the sky, and there is an ancient chant in the void, washing people's hearts and souls.

The majestic rock god blesses the power and fills the audience.

Bathed in this blessed light, Ye Chen felt that the toxins in his body were quickly dissipated, and some of them dissipated in the blink of an eye.

And the last part, the most stubborn poison, was absorbed by his ancient poisonous veins.

As a result, the ancient poisonous veins grew, and the spiritual energy in Ye Chen's dantian also grew because of the blessing of the Rock God.

His cultivation realm has suddenly risen from the fifth level of the Sky Profound Realm to the peak level.

It is only one step away from the sixth floor!

He didn't expect this poison to be resolved so easily.

"Blessed by the Rock God, it actually made my cultivation progress!"

Ye Chen was amazed, he not only eliminated the poison, but also improved his cultivation.

Even Ye Chen felt that his control over the Law of Rock had improved to a higher level.

On his hand, he has a complete rock god ancestor, that is the golden seal!

This golden seal was the treasure used by the God of the Rock in those days, and it suppressed the divine might very fiercely.

Before, even with Ye Chen's cultivation, it was difficult to mobilize this magic weapon.

But now, after being blessed by the God of Rock, Ye Chen feels that he can already activate the seal of Jinzhang!

With the lethality of the Jinzhang Divine Seal, it is enough to suppress ordinary Immortal Emperors with one blow!

"Oh my God, the Lord of Reincarnation actually communicated with the Heavenly Venerate Rock God, and even let Heavenly Venerate the Rock God bestow the blessing of good fortune!"

"I am waiting for the believers of the Rock God, how lucky I am! Many thanks to the Lord of Reincarnation!"

Several old priests present, with tears in their eyes, knelt down for Ye Chen on the spot.

In the forbidden area of purgatory, many people of the Rock God also received blessings. They were surprised and surprised. Knowing that it was Ye Chen's favor, they all knelt down and thanked them.

They lived in this magma forbidden area, and they had suffered a lot, but at this time, they were blessed by the rock god, and the pain and suffering were greatly relieved.

In this forbidden area of purgatory, a piece of rock grows, suppressing the magma.

The law of disorder in the air, all kinds of miscellaneous air, also quickly calmed down.

The great power of creation of the rock god has changed the world, and it actually happened to him.

Moreover, such mighty power was only confined to the forbidden area, and did not disturb the outside world.

It can be seen that the magical power of the Rock God Tianzun has reached the point where it can be freely retracted.

"Lord of Reincarnation, I will give you a little spiritual energy to help you take charge of the Jinzhang Divine Seal. That is my former magic weapon, which is extremely lethal."

Chapter 9005

"You have this magic weapon to protect your body, and your strength has improved by leaps and bounds."

"But, if you want to kill the demon ancestor Wutian, it's not enough."

"You have to get Floating Life, which is a weapon to restrain his golden blood."

"Kill him as soon as possible, he is also a huge threat to me."

...

In Ye Chen's ears, he heard a desolate and low voice.

That is the voice of the God of the Rock, the Emperor Qiankun.

"Rock God Tianzun..."

Ye Chen wanted to chat with Tianzun Yanshen, but got no response.

In the void, the phantom of the rock god Tianzun quickly faded and eventually dissipated.

The Rock God Tianzun also seemed to have scruples and did not have much contact with Ye Chen.

He gave the good fortune to help Ye Chen control the Jinzhang Divine Seal and use it to deal with the Demon Ancestor Wutian.

Ye Chen lowered his head and pondered, and from the tone of Yanshen Tianzun, he could also hear that the other party had a deep fear of the demon ancestor.

The Rock God Tianzun also wants to kill the Demon Ancestor Wutian!

However, relying on the Jinzhang Divine Seal alone is not enough to kill Mozu Wutian.

You must get the Floating Life!

Ye Chen pondered that currently relying on his strength alone is not enough to smash the Miluo Palace and get the Floating Life, he must seek foreign aid.

Taishen has just broken through and his foundation is unstable, so naturally he can't trouble Taishen.

"It seems that I still have to go to Qiancao Villa."

Ye Chen thought to himself, there were two helpers he thought of.

One is the Holy Land of Ancient Buddha, and the other is Qiancao Villa.

The Holy Land of Ancient Buddha rarely intervenes in reality, and it is estimated that it will not help him.

Looking at the world outside the sky, it seems that the only one left to rely on is Qiancao Villa.

"Lord of Reincarnation, thank you! Unexpectedly, you can communicate with the Rock God Tianzun. We Rock God believers can obtain such good fortune because of your light."

At this time, Yang Zhan stepped forward and thanked Ye Chen ecstatically.

Under the blessing of the God of the Rock, the believers of the Rock God in the forbidden area are all reborn and their strength has improved greatly.

"If you want to fight against the Miluo Palace, my Rock God Tribe can also help!"

Yang Zhan said decisively after thanking him.

In the past, the survivors of their tribe never dared to compete with the Miluo Palace, but now that they have been blessed by the God of the Rock, their background has greatly increased, and they already have a bit of qualifications for confrontation.

"If the seniors are willing to help, it would be great. Now I want to go to Qiancao Villa to seek the support of the people of the God of Grass."

Ye Chen thanked Yang Zhan and planned to go to Qiancao Villa first.

"No problem, I'll take you out first!"

Yang Zhan pushed away the statue of the Rock God Tianzun, and a space channel was exposed.

This space channel can lead to the outside world.

"Thank you, senior, I'll go first."

Ye Chen cupped his hands again, fled into the space passage, left the forbidden area of purgatory directly, left this ruined world of the Underworld, and went outside.

After going outside, Ye Chen locked the coordinates of Qiancao Villa and left.

...

While Ye Chen went to Qiancao Villa, more than a dozen powerful figures descended into the center of the ruined world of Mingdu and landed directly in the palace of Miluo Palace.

The leader was a handsome young man dressed in white with a face like a crown of jade.

His cultivation aura is only the third layer of the Infinite Realm, but the power he exudes is even more ferocious than the average Immortal Emperor.

Around his body, all kinds of time and space are distorted, and the laws are flowing like a galaxy, and the weather is very spectacular.

The followers around him did not dare to get too close to him, with respectful expressions on their faces.

In the Miluo Palace, Hong Xin and many senior elders were planning to hunt down Ye Chen.

Seeing the coming of the white-robed son, Hong Xin and the elders showed a deep sense of surprise.

"Miss, Young Master Jueyun is here!"

With only a wisp of remnant left, Hong Xuan floated beside Hong Xin, looking up at the figure in white slowly descending from the sky, a trace of disgust flashed in her eyes, and there was a hint of fear that could not be hidden.

That young man in white is the Holy Son of the Milo Palace Headquarters!

The second senior brother of the goddess, Li Jueyun!

Li Jueyun's superficial cultivation level is only the third layer of the Infinite Realm. By Hong Xin's side, the senior elders are better than him.

However, no one dared to despise Li Jueyun.

Because Li Jueyun's bloodline is very special, it is an extremely ancient old god bloodline, called Zhouguang bloodline.

Eternal light is the meaning of time, time, and time.

In all directions, it is called the universe, and from ancient times to the present, it is called the universe.

Eternal Light Eternal Light means to encompass all time and time, including the past and present, and even the future time and space.

In the prehistoric era, there was a spell called Eternal Light Divine Art, which was listed as a forbidden art because it could reverse time.

Li Jueyun has the blood of Eternal Light, but he can easily reverse the long river of time and control the most peak time law.

His cultivation base is only the third layer of the Infinite Realm. It is not that his talent is not good, but because his talent is too powerful, his bloodline is too deep, and it is far more difficult than ordinary people to be promoted.

Just like Ye Chen's reincarnation bloodline, he has a deep accumulation of heritage, and it is very difficult for him to upgrade himself.

Although Li Jueyun's Zhouguang bloodline is not comparable to Ye Chen's reincarnation bloodline, but looking at the heavens, it is also a terrifying physique that can rank among the top ten, and its power is extremely powerful. If others despise it, it will definitely die!

On the surface of his cultivation, although he only has the third layer of the Infinite Realm, he is much more powerful than the average Immortal Emperor when it comes to the background of Taoism.

Chapter 9006

When his junior sister Ren Tiannv had not yet been promoted to Immortal Emperor, but only quasi Immortal Emperor, he could stabilize Tiannv.

He can be the brother of the girl of the day, it is not a vain name.

Today's goddess has become a master of the Immortal Emperor level, but it may not be able to steadily counter pressure Li Jueyun.

All because Li Jueyun's Eternal Light bloodline is too special and too powerful, representing the world's most peak time law, the most extreme state, which can reverse the time of the heavens and destroy all things, which is very terrifying.

Even if a powerful Immortal Emperor made a move, it would be difficult to suppress him.

He is only in the third layer of the Boundless Realm, but he has the qualifications to defeat the Immortal Emperor!

Back then, it was also Li Jueyun who took action and destroyed the Ming Capital, allowing the power of the Miluo Palace to extend to this place.

Many elders rushed out to greet them, knelt down and kowtowed and shouted, "Welcome to the Holy Son Jueyun!"

Hong Xin frowned slightly. As a member of the Starry Sky God Race, she is not a subordinate of the Miluo Palace, but after all, she has cooperation with the Miluo Palace, so she can only go out to greet her, and she lowered her head and shouted:

"I have seen the Holy Son Jueyun."

Li Jueyun gave a soft "um", his eyes looked around the audience, and he had an awe-inspiring power that made people shudder.

"I don't know why the Holy Son is here, why?"

Hong Xin asked lightly, she has the bloodline of the Star God Race, but she is not afraid of Li Jueyun's bloodline pressure, only those elders, kneeling on the ground shivering, sweaty.

"Miss Hong, I caught the secret and knew that the Lord of Reincarnation was making trouble here, so I came to see it specially."

"My junior sister Ren Tiannv, and the master of reincarnation will have a decisive battle in half a year. I can't wait to kill the master of reincarnation with my own hands and share the worries for my junior sister!"

There was a trace of murderous intent in Li Jueyun's eyes. When he mentioned the goddess, he did not hide his pity at all, obviously he liked the goddess very much.

"I'm chasing the Lord of Samsara."

Hong Xin said.

"No, he's gone."

Li Jueyun pinched his fingers and looked into the secret, as if he had seen everything.

"Has he gone already?"

Hong Xin was taken aback and felt a little secretly glad in his heart.

When Ye Chen left, he didn't have to face Li Jueyun.

If he was still here and discovered by Li Jueyun, it would be a disaster.

Li Jueyun smiled coldly and said, "However, don't worry, he will come back."

"Hehe, he wants to find the ultimate fate, the weapon is buried under this palace, he can't give up!"

Hong Xin's pretty face changed slightly, and said, "Floating life is desperate, buried here?"

She has also heard that Floating Life is a weapon to restrain the demon ancestors.

Before that, there was no heaven for the ancestors, and Yuwen Ji was also dispatched to come over and ask for it.

However, in the Miluo Palace, no one knew the whereabouts of the floating life.

Li Jueyun sneered and said, "That's right! That floating life is desperate, buried in the underground abyss, and the breath is closed, and no one will notice that."

"Fortunately, the Lord of Reincarnation made trouble this time, touched the secret, and was caught by me."

"We must rush ahead of him and dig out that floating life!"

Hong Xin recalled the legend of Fusheng Destiny, his heart moved slightly, and said, "If you get Fusheng Destiny, wouldn't you be able to... restrain the demon ancestor without heaven?"

She knew that the Miluo Palace was also cooperating with the demon ancestor Wutian, and they were working together to seize the power of the god of death.

If you get the Floating Life Death, the Milo Palace and the Death God Religion can take the absolute initiative!

Li Jueyun waved his hand and said, "You don't need to pay attention to these things. I'm going to go down to the abyss myself to find the floating life."

"You sent me a message, saying that I need three guardians to dig for treasures underground, and the reward is five thousand top-grade Yuanyu."

Hong Xin said: "Holy Son, do you still need a guardian?"

Li Jueyun smiled, and there was a trace of fear in his eyes, and said: "Competing with the Lord of Reincarnation for treasures, what if you are not careful?"

"In the past years, I don't know how many masters, because they underestimated the enemy, they fell into the hands of that kid."

"This Holy Son will not repeat the same mistakes!"

"What's more, this place was originally the territory of the Rock God Tianzun."

"The underworld is destroyed, and the abyss beneath the ruins will surely breed endless dark evil spirits and monsters."

"The most extreme darkness in this world is not the God of Death, but the God of Rock! He is the true Lord of Darkness."

"This holy son is careful, there is nothing wrong in the end. The reward of five thousand top-grade Yuanyu can lead to many old monsters."

"My condition is only one, when my guardian, when necessary, must sacrifice for me!"

Li Jueyun is very cautious. He knows that under the abyss, dark evil spirits and monsters are rampant, and he has to guard against it.

And more importantly, the master of reincarnation is a lucky person, and fighting for treasures with reincarnation often will not end well.

Therefore, he needs the protection of Taoist guardians, and even the protection of three Taoist guardians to ensure his own safety.

In order to recruit Taoist guardians, he even offered an astounding price of 5,000 top-grade Yuanyu!

Origin Jade is the hard currency of the Supreme World and no time and space. It can be directly absorbed to obtain the purest Origin Qi and improve the cultivation base.

Generally speaking, the source jade that circulates in the world is inferior.

The top-grade Yuanyu is of excellent quality. It is generally used for personal use and rarely circulated.

A high-grade Yuanyu can be exchanged for at least a hundred low-grade Yuanyu, and sometimes even higher.

If Ye Chen was here, he might be surprised to hear the reward offered by Li Jueyun.

Because of his full net worth, he only has 10,000 top-grade Yuanyu.

Five thousand top-grade Origin Jade can be exchanged for at least 500,000 low-grade Origin Jade, which is definitely an astronomical sum.

Chapter 9007

500,000 Yuanyu, such a generous reward, is enough for some hidden old monsters to be dispatched for it.

Li Jueyun needs three guardians, that is, it will cost three times the price.

Such a shocking handwriting made Hong Xin and the surrounding elders feel shocked.

"Holy Son, do you have so many Yuanyu?"

Hong Xin expressed doubts.

Li Jueyun's eyes turned cold and he said, "Miss Hong, are you looking down on me?"

Hong Xin said: "No, just a little curious."

Li Jueyun smiled and said, "I'm not afraid to tell you, my master Qianzhu Tianjun is willing to leave, and has returned to the Zihuang Immortal Palace, and became the guardian elder of the Holy Fire Hall, inheriting the inheritance of Duobao Tianjun. ."

"The amount of Yuanyu required to recruit Taoist guardians is large, but this Holy Son can still afford it."

Hong Xin was shocked when she heard that Yuan Liren returned to the Zihuang Immortal Palace, and murmured, "So it is."

Li Jueyun said: "You can spread the news to me, saying that this Holy Son needs to recruit Taoist guardians."

Hong Xin frowned lightly. Although he didn't want to do anything for Li Jueyun, but after all, he wanted to continue to cooperate with the Milo Palace, so he had to nod and say, "Yes."

Immediately, Hong Xin and the elders of the Miluo Palace released a message in the sky outside the sky, saying that Li Jueyun wanted to recruit Taoist guardians and go underground to find treasures.

Suddenly, the sky shook.

After all, the remuneration offered by Li Jueyun was too generous.

Five thousand high-grade Yuanyu is enough for ordinary low-level warrior monks in the immeasurable realm to be promoted directly to the first layer of heaven!

...

At this time, Ye Chen was rushing to Qiancao Villa, and when he was halfway, he caught the secret and knew everything.

"Li Jueyun is here, and he is also looking for the Floating Life!?"

Ye Chen's heart froze, and he knew that the news of Fusheng's death had been exposed, attracting Li Jueyun's attention.

It is still too difficult for a divine weapon of this level to hide the secret aura. It is a miracle that he can hide it until this time.

"Qianzhu Tianjun returned to Zihuang Immortal Palace, inherited the inheritance of Duobao Tianjun, and gave Li Jueyun the confidence and capital to recruit Taoist guardians."

Ye Chen's eyes are clear, and he understands all causes and conditions.

Qianzhu Tianjun is willing to leave people, is the former master of Tiannv, and the leader of the evil sect in Zihuang Immortal Palace.

After she abdicated, it was Duobao Tianjun's turn.

Now that Duobao Tianjun is dead, Daode Tianzun personally invited Yiliren to come back and serve as the patriarch of the Holy Fire Temple.

The decent and evil factions of Zihuang Immortal Palace have long been linked together and merged into the "Holy Fire Hall", which is responsible for guarding the fire.

The owner of the Holy Fire Hall is the former decent leader Chongyang Zhenren, who is also known as the "Xin Wang".

Chongyang Zhenren has a future body, and he is the supreme being of no time and space.

The title of "Xin Wang" was also consecrated by the real people of Chongyang, who forced the Taoist Heavenly Venerate.

Once Daode Tianzun falls, he, the "Xin Wang", will inherit the fire and inherit the headmaster of Zihuang Immortal Palace.

Daode Tianzun was deeply threatened, and invited Liren to return and stationed in the Holy Fire Hall, which was meant to contain the real person of Chongyang.

The inheritance accumulated by Duobao Tianjun over the years has also all fallen into the hands of the people who wish to leave.

Ye Chen saw through these causal fights at a glance, and felt deeply bad.

Because Qianzhu Tianjun is willing to leave people and is the master of the goddess, she can regain her power and strengthen the luck of the goddess, which is very unfavorable to Ye Chen.

Now Li Jueyun, by virtue of the wealth of the willing Liren, is also recruiting Taoist guardians, and he wants to snatch the life of life with Ye Chen.

Li Jueyun made such a big fanfare and spread the news, and he also wanted to lure Ye Chen back.

Of course Ye Chen wouldn't be so stupid. He estimated that the net of heaven and earth had already been set up in the world of Mingdu, and he was waiting for him to go back and die.

If he is not fully prepared, he will go back hastily, only to be shattered.

Ye Chen guessed right. While Li Jueyun sent people to spread the news, he also laid down a lot of bans in the ruined world of Mingdu.

These forbidden laws have a trace of causality. As long as they catch the fluctuation of Ye Chen's blood, they will be activated immediately, but they will not hurt others, which is extremely mysterious.

If Ye Chen was not absolutely sure, he would not go back easily.

He walked through the air and soon came to Qiancao Villa.

Qiancao Villa, in the world outside the sky, is a hidden force and rarely fights with the outside world.

This place believes in the god of grass, and yearns for the highest wisdom in the world.

In Taishang World and Tianwaitian, all those who are eager to glimpse the highest wisdom can join Qiancao Villa.

The rules of Qiancao Villa are also very relaxed. Whether it is a monk, a Taoist priest, a female streamer, or a ranger, as long as they are willing to believe in the God of Grass and pursue the highest wisdom, they can join.

I saw this Qiancao Villa, located in a lush mountain forest.

There are lush mountains and trees, and many quaint buildings are built on the trees.

The largest building, a manor, is also built on trees.

There is an artificial lake in the manor, which actually floats on the leaves, reflecting the sunlight and turning into a rainbow, which is very magnificent and strange.

All over Qiancao Villa, many practitioners, burning incense and curling up, are comprehending an ancient book, which is the book of wisdom left by the first generation of grass gods.

Legend has it that by thoroughly comprehending the Book of Wisdom, one can master the highest wisdom in the world and become the God of Heaven.

All the questions and confusions in the world can be answered in the book of wisdom.

Chapter 9008

The only problem that the book of wisdom cannot solve is the problem of how to reach the other side of the starry sky.

Ye Chen came to Qiancao Villa, and asked the boy guarding the mountain to go in and pass the news, saying that he was a friend of Yelan and Zanghai.

After a while, two figures walked out of the villa, a man and a woman, Yelan and Zanghai.

The mysterious breath of Fu Sheng Jue Ming and Li Jue Yun hadn't spread here yet, and the two of them didn't know the changes in the outside world. They were overjoyed when they saw Ye Chen coming.

Ye Lan smiled and said, "Brother Ye Chen, are you visiting us so soon?"

Zanghai recited "Amitabha" and said happily, "Master of Samsara, you are here, and my Qiancao Villa is full of brilliance."

Qiancao Villa is different from the general forces. There is no master here, and no one is the leader. Everyone has an equal status. They are all followers of the grass god and pursue the highest wisdom.

If she insisted on saying who was the leader, it would be Ye Lan, because she was the listener and could hear the divine oracle of the Grass God, and her status was the most special.

So Zanghai and Yelan, coming out to see Ye Chen in person, was the highest standard of reception.

Ye Chen said: "Ashamed, I have something to ask for when I visit your land..."

At the moment, Ye Chen briefly explained the fact that he wanted to find the Floating Life, but ended up enmity with the Miluo Palace.

Zanghai was taken aback and said, "Lord of Reincarnation, do you want to borrow the power of my Qiancao Villa to fight against the Miluo Palace?"

Ye Lan said: "Oh, even the Holy Son of Jueyun has come?"

This is tricky, the Son of Cloud Jueyun is very powerful. "

Ye Chen said: "It's really a bit tricky. If Guizhuang is willing to help me break the game, I can give you five thousand top-grade Yuanyu."

Ye Chen knew that it would not be easy to fight against the Milo Palace, so he directly offered a bargaining chip.

He is willing to give out five thousand top-grade Yuanyu, which is already a huge number.

Zanghai's face sank, and he said, "Lord of Reincarnation, don't say such words, we are friends, you have a fate with Lord Xiaocao Shen, you need help, I, Qiancao Villa, will definitely help!"

Ye Lan said: "Senior brother, the power of the Miluo Palace is no trivial matter, and with the Jueyun Holy Son in charge, if we want to fight, I am afraid it will be very difficult, let's listen to the opinion of the Lord Xiaocao Shen first."

She is the listener of the grass god Tianzun. Whenever she encounters any difficulties, she will pray to the grass god and ask for the guidance of the grass god.

It is no small matter to fight against the Miluo Palace now, she just wants to hear the opinion of the grass god first.

Ye Chen was grateful and said, "Thank you for your help. In the future, if anything happens to you Qiancao Villa, my Samsara camp will do my best to help."

Ye Lan said, "Okay, Brother Ye Chen, let's listen to the oracle of Lord Xiaocao Shen first."

After speaking, she returned to Qiancao Villa.

Ye Chen and Zanghai also strode into the villa.

I saw a statue standing in the open space in the center of the villa.

That statue is the statue of the God of Grass.

The appearance of the grass god Tianzun looks very immature, but it is actually the image of a little girl of seven or eight years old.

Ye Chen was taken aback. He didn't expect that the grass god Tianzun of this generation was so young in appearance.

Under the statue of the God of Grass, there is a table and a small stool woven with vines.

I saw a woman shrouded in a black robe, sitting on a stool, holding an ancient book, reading under the statue of the God of Grass.

The woman was wearing a mask and couldn't see her face clearly.

However, she shouldn't be malicious.

Because, if she is malicious, the statue of the grass god Tianzun will have a special atmosphere and will not let any enemy go.

"This female benefactor, my junior sister needs the book of wisdom to communicate with the God of Grass. Please put down the book for now."

Zanghai put his hands together and said to the black-robed woman.

"who is she?"

Ye Chen asked in a low voice.

"It's a seeker from afar, saying that he wants to comprehend the mystery of the Book of Wisdom."

Zang Hai said, in fact, he didn't know the true identity of the black-robed woman.

However, Qiancao Villa, like the Holy Land of Ancient Buddhas, has the most precious books open to the outside world.

Anyone who wants to pursue wisdom can come to Qiancao Villa and read the book of wisdom, as long as there is no malice.

However, this book of wisdom is as profound as the Buddhist scriptures. Few people can comprehend it, and most people only comprehend a little bit.

If you forcibly comprehend, you will only suffer the backlash of wisdom.

The Book of Wisdom is a celestial book left by the first generation of grass gods, and is now kept by Qiancao Villa.

Ye Lan wants to communicate the words of the god of grass, and also needs the book of wisdom as a medium.

The black-robed woman turned her head back, her eyes were cold and clear, she looked at Zanghai and Yelan, her eyes finally fell on Ye Chen, showing a hint of surprise, but in a flash, she quickly returned to her indifferent appearance.

Ye Chen saw the black-robed woman's gaze, and his heart was shocked, and he caught a familiar celestial secret, which was related to Mingdu.

"Are you the Queen of the Underworld?"

Ye Chen blurted out, his face changed slightly.

He heard Yang Zhan say that there was once a queen in Mingdu, who was the listener of the Rock God Tianzun.

Later, the queen disappeared mysteriously, which led to the slaughter of Mingdu by Li Jueyun.

If the Queen is still there, the Underworld may not be destroyed.

Everything, everything, came to the fore in an instant.

At this moment, when Ye Chen saw this black-robed woman, the secrets of the sky were instantly revealed, and he knew the identity of the other party, it was the Queen of the Underworld.

Chapter 9009

The black-robed woman heard Ye Chen reveal her identity, her eyes showed huge shock, and she denied coldly: "What nonsense are you talking about, what is the Queen of the Underworld, I have never heard of it."

Ye Chen frowned, not knowing why she refused to admit it, and said, "I don't know why you left Mingdu back then, but your people are waiting for you to go back."

The black-robed woman said, "If you talk nonsense again, don't blame me for being rude!"

The voice fell, and a majestic spiritual pressure exploded on her body. It turned out to be the spiritual pressure of the Immortal Emperor, which was shocking.

Zanghai said: "This female benefactor, fighting is not allowed in my Qiancao Villa."

His eyes turned on Ye Chen and the black-robed woman, and he was suspicious.

He has naturally heard of the name of the Queen of the Underworld, but seeing that black-robed woman, she can actually burst out with an Immortal Emperor-level spiritual pressure. Is she really the Queen of the Underworld?

The black-robed woman snorted, closed the book of wisdom, and said, "Forget it, you Qiancao Villa, you offended the Immortal Emperor today, lend me this book of wisdom for a few days, and it should be an apology."

As she said that, she took the book of wisdom into her arms, intending to take it away.

Zanghai was taken aback and said, "This female benefactor, the book of wisdom, must not be borrowed. This is a rule. You can learn from my Qiancao Villa, but you cannot take it out."

Ye Lan shouted: "Hey, stinky mother-in-law, what do you want to do, you dare to take away the book of wisdom, Lord Xiaocao Shen can't spare you!"

When her voice fell, the statue of the Grass God Tianzun burst out with a crimson light, as if there was a response.

The grass god Tianzun manifested this red awn vision, which also proved that this black-robed woman was hostile!

This red awn vision, with the coercion of the gods, shot and killed the black-robed woman.

The black-robed woman's Immortal Emperor's spiritual energy exploded, forming a guardian, actually resisting the coercion of the grass god, taking two steps back, hehe smiled: "I'm just borrowing for a few days, I don't want to steal it, wait a few days, I'll see When it's over, I'll return the book naturally."

"I advise you not to act rashly, this Immortal Emperor wants to take this book away, who can stop me?"

"Even if the grass god Tianzun's will comes, hehe, she is the weakest existence among the nine gods, and her will probably won't hurt this Immortal Emperor."

The black-robed woman looked at the statue of the God of Grass, with a hint of disdain in her eyes.

There is no doubt that the authority of the first-generation grass god is extremely terrifying and powerful. It cultivated the world tree, connected the heavens, time and space, and created a stable world.

In the era when the first generation of grass gods dominated, the time and space of the heavens were extremely stable, without any disputes and killings, and it was stable to the point of becoming a pool of stagnant water.

But after the death of the first generation of grass gods, her authority has been passed down to this day, and her power has been greatly weakened.

On the one hand, it is the weakening of her authority and luck, and on the other hand, there is no suitable successor.

The Grass God of the Nine Gods Era was the only child in the Nine Gods, and she couldn't actually exert the power of the Grass God's authority.

In the battle of the Nine Gods hegemony, the grass god was the first to be eliminated.

To this day, she also desperately wants a successor to replace the weak, and restore the glory of the first generation of grass gods.

Although the grass god is weak, but after all, it is the representative of wisdom and life, and there are countless believers.

Yelan and Zanghai, who were followers of the grass god, were furious when they heard that the black-robed woman insulted the grass god so lightly.

"Smelly woman, dare to insult Lord Xiaocao Shen, World Tree, suppress me..."

Under Ye Lan's anger, he wanted to summon the phantom of the World Tree.

The black-robed woman laughed, and before Ye Lan was summoned successfully, she slapped her with a palm, and the violent immortal emperor's coercion suddenly interrupted Ye Lan's breath and knocked her flying.

"Junior Sister!"

Zang Hai was shocked and hurried over to rescue him.

The black-robed woman sneered and wanted to fly away with the book of wisdom.

"You can go, but leave the things for me!"

Ye Chen's eyes froze, and when he saw that the black-robed woman wanted to leave, he immediately slapped it with a palm.

The golden light exploded, and the atmosphere of Da Xumi's Dharma exploded to the extreme in Ye Chen's palm, which was unparalleled.

The woman in black robe felt Ye Chen Daxumi's palm and her eyes narrowed, thinking, "What a terrifying power! As expected of the Lord of Reincarnation."

She hurriedly turned around with a palm, and the Immortal Emperor's aura surged, blocking Ye Chen's palm.

boom!

The palms clashed, and Ye Chen's body remained motionless.

The black-robed woman made a "puff", vomited blood, her face was pale, and her body flew back in a mess.

"Lord of Reincarnation, count you ruthless!"

"Today's revenge, I have written it down!"

The black-robed woman took out the book of wisdom, threw it on the ground, turned around and flew away with resentment on her face.

Yelan and Zanghai were shocked when they saw Ye Chen's palm, beat the black-robed woman to the point of vomiting blood, and fled in embarrassment.

"Brother Ye Chen, you are really amazing, that's the Immortal Emperor!"

Ye Lan was in awe, she wouldn't believe it if she hadn't seen it with her own eyes.

That was a powerhouse of the Immortal Emperor level, and was actually repelled by Ye Chen's palm.

Ye Chen's strength is obviously much stronger than when he was at the Taishang Buddhist Association.

"It's nothing, just a fluke."

Ye Chen clapped his hands, picked up the book of wisdom, and handed it to Yelan.

Although Ye Chen's current strength can suppress ordinary immortal emperors, it is not so easy to deal with Li Jueyun.

Li Jueyun's superficial cultivation is only the third layer of the Infinite Realm, which looks far inferior to the Immortal Emperor.

But in fact, this person's situation is similar to Ye Chen's, and he has strong bloodlines, so he can't look at the superficial cultivation.

Ye Chen can leapfrog battles, and so can Li Jueyun.

This person has the blood of Eternal Light, and has control over the law of time. It can be said that he is the number one in the real world, and he is definitely not a fuel-efficient lamp.

Ye Chen had never encountered such an opponent before.

Because the enemies he had encountered before were not as special and powerful as Li Jueyun.

To deal with Li Jueyun and the Miluo Palace behind him, it would be too dangerous to rely on Ye Chen alone. He wanted the help of Qiancao Villa.

Ye Lan took back the book of wisdom, gently brushed off the dust on it, and said with a smile: "Okay, Brother Ye Chen, then I will communicate with the God of Grass now and hear what oracles she has that can be used to deal with Li Jueyun. "

Ye Chen nodded and said, "Thank you."

Ye Lan's slender hand pressed on the book of wisdom, took a deep breath, closed his eyes slightly, released his own spiritual energy, and merged into the book of wisdom.

Ye Chen waited quietly, but he didn't know what kind of oracle would come down from the god of grass.

After waiting for a while, there was no vision, but Ye Lan opened her eyes with a look of astonishment.

Ye Chen said, "Miss Yelan, how is it?"

Ye Lan said dumbly: "Brother Ye Chen, Lord Xiaocao Shen said that she... she wants to chat with you in person."

Ye Chen pointed to himself, also stunned, and said, "She wants to see me?"

Chapter 9010

Ye Lan handed the book of wisdom to Ye Chen, and warned: "Yes, but, you have to be careful, Lord Xiaocao Shen, it is not as powerful as you think, the breath of your reincarnation blood is likely to hurt to her."

Ye Chen frowned, but he didn't expect the God of Grass to see him.

This Book of Wisdom is the medium that communicates with the God of Grass. The whole volume is made of green leaves, with the juice of purple petals on it, with ancient characters written on it.

Ye Chen couldn't understand those characters, but when he held the book of wisdom, he felt that the book was very mysterious, as if it really contained the highest wisdom in the world, and could answer all questions.

He had a glimpse of the ancient secrets, and saw the past of the long river. Apart from the first generation of grass gods, the only person who could fully comprehend the Book of Wisdom was Sakyamuni Buddha.

Therefore, the person who controls the highest wisdom today is actually Shakyamuni Buddha.

As for this generation of Grass God Tianzun, even she has not been able to fully understand the book of wisdom, which shows the profoundness of this book of wisdom.

"Well, I will be careful, then I will see the grass god."

Ye Chen held the book of wisdom, closed his eyes, and his spirit penetrated.

At the moment when his spirit infiltrated the book of wisdom, the whole person seemed to be transported into a mysterious world.

This is a garden with green grass and flowers blooming, birds flying in the sky, white clouds floating, and the blue sky is clear.

A little girl is swinging in the garden.

The little girl, wearing an emerald green skirt and blouse, her skin was fair and pink, her facial features were carved like jade, and she looked only seven or eight years old.

But her eyes were full of infinite vicissitudes and desolation, as if she had been tortured for endless years, and the expression on her face was also dim and condescending, revealing a deep loneliness and loneliness.

Ye Chen never expected that there would be such a desolate look in the eyes of a little girl.

"You are... Grass God Tianzun?"

Ye Chen looked at the little girl and felt a little distressed for no reason.

"It's me, hello, Lord of Reincarnation."

The little girl smiled slightly, and this smile showed on her lonely face, which made her look particularly desolate.

"I'm sorry, my cultivation is too weak, maybe I'm not worthy of being a god, I'll make you laugh."

The little girl apologized again.

"No need to say sorry....."

For a moment, Ye Chen didn't know what to say.

The strength of the grass god Tianzun is actually not weak, but it is weak compared to other gods.

Xiaocao Shen said: "Actually, the authority of the grass god is very powerful, but I can't exert its power. My virtue is not suitable, so I need a new successor to inherit the authority of the grass god and reproduce the elder sister of the first generation grass god. Glory, I can't do it anymore."

Ye Chen said: "Grass God Tianzun, you are serious, you can become one of the nine gods, you must have something special."

Xiaocao Shen shook his head and said, "That's just the power left by the first-generation Grass God sister. It has nothing to do with me. You don't need to call me Tianzun. My name is Qingyan."

Ye Chen said: "Qingyan... Well, I wrote it down."

Xiaocao Shen smiled and said: "Okay, then I'll call you brother Ye Chen, hehe, although my cultivation base is a little weak, my understanding of the book of wisdom has almost reached the point of great perfection, only the last page is missing. failed to understand."

"If you have any questions, just ask me, I can answer."

Ye Chen calmed down and said straight to the point: "I want to fight against Li Jueyun, get the Floating Life Death, and even kill the palace master of the Miluo Palace, Mang Tianluo!"

Ye Chen still remembered the entrustment of Venerable Fahua.

What Venerable Fahua wanted most was to kill Mang Tianluo for revenge.

Back then, he could almost ascend to Wuwu, but was interrupted by Mang Tianluo. This hatred has always been in his heart.

Ye Chen naturally would not forget, and also wanted to avenge the Venerable Fahua.

Xiaocao Shen lowered his head and pondered for a while, and said, "Well... these things are not easy. If you want to snatch the life from Li Jueyun, you can't fight it head-on."

Ye Chen nodded after listening to Xiaocao Shen's words.

He also knows that Li Jueyun is powerful, and it is not a good strategy to confront hardship.

"Sister Qingyan, what can you do?"

Ye Chen asked.

Since head-to-head is not enough, he wants to hear what Xiaocao Shen can do.

Xiaocao Shendao: "That Li Jueyun, isn't he recruiting three Taoist guardians?"

This could be a breakthrough. "

Ye Chen asked: "How to break through?"

Don't you want me to change my face, hide my breath, be his guardian, and get close to him quietly? "

Xiaocao Shen shook his head and said, "As his guardian, you need to swear to sacrifice for him. You definitely can't go in person, but I can help you."

Ye Chen wondered in his heart, "How to help?"

Xiaocao Shen said: "Well... I can create a quasi-immortal emperor from my fantasy and let him be Li Jueyun's guardian."

Saying that, Xiaocao Shen's slender and tender hand gently squeezed a magic formula.

In the void, green light suddenly filled the air, vigorous vitality was released, and countless grasses and life breaths gathered in the earth, quickly sketching a silhouette.

In the blink of an eye, the grass god created a person out of thin air.

It was an old man, exuding a quasi-immortal emperor-level aura, very powerful.

"I have seen Lord Xiaocao Shen."

As soon as the old man was born, he respectfully saluted the God of Grass.

When Ye Chen saw Xiaocao Shen breathing, he created a quasi-immortal emperor out of thin air, and was immediately horrified.
