

Physician 9011

Chapter 9011

Among the nine gods, the grass god is the weakest, but looking at the magical means of creating the quasi-immortal emperor, she knows that her power of the grass god is not a vain name.

Xiaocao Shen's immature face is slightly pale, and it is obvious that creating a quasi-immortal emperor is still a bit difficult with her current strength.

"Well...you will be called King Aoki in the future, you are the owner of Qiancao Villa."

"You go to be Li Jueyun's guardian."

The God of Grass looked at the old man and ordered.

The old man had a name, and from then on, he was called King Aoki.

King Aoki said respectfully, "Yes, I respectfully follow the law of Lord Xiaocao Shen."

Xiaocao Shen nodded, and said to Ye Chen: "Brother Ye Chen, you are with King Aoki, disguised as his disciple, if he becomes Li Jueyun's guardian, you can also follow him. , enter the underground of the Underworld, and look for the floating life."

Ye Chen was overjoyed and said, "Sister Qingyan, you have a good way. You really have the highest wisdom in the world, and suddenly thought of a way to break the game!"

It is not suitable for Ye Chen to be a daoist, because he needs to swear to sacrifice for Li Jueyun.

But let King Aoki go, and Ye Chen pretends to be King Aoki's disciple again, which saves a lot of trouble and doesn't have to reveal his identity.

Xiaocao Shen shook his head and said, "No, I am not in charge of the highest wisdom in the world."

"Book of Wisdom, I still have the last page that I can't read."

"The last page is mainly a word 'love'."

"The word love is still too confusing for me. Alas, I... I don't understand this."

At the end of the day, Xiaocao looked very troubled, and a little blushing and helpless.

She is a little girl after all, and she can't solve the word "love".

This was the only confusion she couldn't solve.

"So... so it is."

Ye Chen was a little dumbfounded. He didn't expect that what Xiaocao Shen couldn't understand turned out to be the word "love".

Xiaocao Shendao: "Okay, let's not talk about this, I will help you change your face and hide your breath. As long as you don't expose the magical powers of reincarnation, no one will be able to see your true identity."

She tapped her fingers, and a green radiance enveloped Ye Chen.

In an instant, Ye Chen's appearance completely changed, becoming the appearance of an ordinary person.

His reincarnation breath was also hidden.

Instead, the aura of Qiancao Villa fluctuated.

If there are outsiders here, they will definitely not be able to see Ye Chen's identity, and only think that he is a disciple of Qiancao Villa.

Ye Chen thought to himself, "If I become like this, Li Jueyun will definitely not recognize me!"

At the moment, I thanked Xiaocao Shen: "Thank you, Sister Qingyan."

Xiaocao Shen smiled and said, "No, we are friends."

"By the way, in the abyss of the Underworld, a precious material is likely to be born, called Black Prison Crystal, you can pay attention."

Ye Chen was stunned and said, "Black Prison Crystal?"

Xiaocao Shendao: "Yes, black hell crystal, is a very rare mineral, the crystallization of darkness and the earth."

"Back then, when Apocalypse Supreme, created the Emperor's Sword and Floating Life, they all used this mineral crystal."

"If you can get the Black Prison Crystal and cast it into your Reincarnation Heavenly Sword, it will be enough to upgrade your Reincarnation Heavenly Sword to Wuwu Divine Artifact!"

Ye Chen was taken aback and said, "This Black Prison Crystal is so powerful."

Xiaocao Shen said: "Yes, even in the world of the Supreme, this black prison crystal is also a very precious material."

"I can vaguely see that in the underground abyss of Mingdu, this kind of mineral has been born by chance. Although the number is not large, it is enough to upgrade your Samsara Heavenly Sword. Don't miss it."

Ye Chen nodded and said, "Okay, sister Qingyan, thank you for reminding me!"

Xiaocao Shen smiled and said, "Okay, brother Ye Chen, go ahead and be careful in everything."

"The abyss of the Underworld is extremely dark, and there are many powerful monsters running rampant. If you don't have to, don't expose the magical powers of reincarnation, or you will be discovered by Li Jueyun."

"That Li Jueyun is the senior brother of the goddess. He has the blood of Zhouguang. It is very difficult to deal with. If you do not have absolute certainty, you must not take action."

Ye Chen said: "Well, I see."

At the moment, Ye Chen and King Aoki came out of the grass god world and returned to Qiancao Villa.

Ye Chen briefly explained what had just happened to Yelan and Zanghai.

The two of them were shocked when they heard that Xiaocaoshen had created a quasi-immortal emperor out of thin air, and wanted to help Ye Chen break the game, and they were both shocked and sighed at the great power of Xiaocaoshen.

From then on, Qiancao Villa had its owner, the King Aoki.

At this time, the news that Li Jueyun was going to recruit three guardians also spread to Qiancao Villa.

King Aoki immediately set off with Ye Chen.

Ye Chen had already changed his face, concealed his breath, pretended to be the disciple of King Aoki, and assumed the pseudonym Chen Ye.

The two shattered the void and came to the Underworld.

Ye Chen can clearly feel that this world of the Underworld is full of heavy forbidden laws that are specifically aimed at him.

However, with the help of Xiaocao Shen, he has already hidden his breath, and no one can see through his identity, and he has not touched the forbidden law.

The two went very smoothly, and they entered the Mingdu and came to the main hall of the Miluo Palace in the center of the ruins of the Mingdu.

Li Jueyun spent a lot of money to recruit Taoist guardians, which has already shocked the world outside the sky. Many strong people have come to hear the wind, and even some hidden old monsters have also been dispatched.

After all, five thousand top-grade Yuanyu, this reward is enough to make the masters of the immeasurable realm all tempted.

Chapter 9012

In the square of the Miluo Palace, it was already crowded with people.

Ye Chen's eyes narrowed slightly, watching the crowded scene.

He looked at the people around him and caught a lot of powerful auras.

There were two men with a particularly fierce breath, which caught Ye Chen's attention.

One of them looks very handsome, with a thin body. He looks like a man, but his gestures and actions are as weak as a woman, and he exudes an evil spirit.

This demonic aura actually made Ye Chen palpitate.

"It's a master of the Ten Thousand Demon Realm, most likely the realm king of the Ten Thousand Demon Realm!"

Ye Chen captured a very familiar cause and effect, which is related to the six realms of reincarnation!

The Ten Thousand Demon Realm is one of the six realms of reincarnation.

Among the six realms of reincarnation, Ye Chen has seen the realm kings of the hell realm, the realm of living beings, and the realm of gods, and he has also been to the realm of ghost kings.

Ye Chen has never seen the king of the world of ten thousand demons.

That coquettish and charismatic man is likely to be the realm king of the Myriad Demon Realm. His cultivation is at the peak of the quasi-immortal emperor, and he is infinitely close to the real immortal emperor.

"The peak of the quasi-immortal emperor, with my current strength, it is enough to kill him!"

Ye Chen pondered in his heart, if it was in the past, he might only be able to look up to the realm kings of the six realms of reincarnation.

But now, he already has the ability to kill easily.

In his eyes, the master of the quasi-immortal emperor peak is nothing.

The Six Realms of Reincarnation, founded by the will of the highest ancient gods, once took it as their mission to destroy reincarnation.

But now, even if the six realm kings add up, they are not Ye Chen's rivals.

Ye Chen is so powerful now that he has reached this point.

Another man, with a sturdy body, exuded the evil spirit of hell Shura.

"Is it the king of the Shura world?"

Ye Chen's eyes narrowed, and under the insight of Tianji, he felt that this man was probably the king of the Shura world.

"The realm kings of the Ten Thousand Demon Realm and the Shura Realm have all been dispatched. Are they just coming for the five thousand Yuanyu?"

Ye Chen pondered in his heart, and faintly felt that it was not simple.

He remembered the words of Xiaocao Shen, in the underground abyss, there is a special mineral material, that is black prison crystal.

This kind of material is very precious, and even Yuanyu cannot buy it.

Could it be that the realm kings of the Myriad Demon Realm and the Shura Realm came for the Black Prison Crystal?

While thinking about it, I suddenly heard someone in the crowd shout:

"Saint Son Jueyun is here!"

Ye Chen looked up and saw a man in white striding out in the main hall of Mi Luo Palace.

The man in white, handsome and handsome, exuded an air of honor and glory, and at first glance he looked like a big man in a high position.

He is the brother of the goddess, the holy son of the Miluo Palace, Li Jueyun!

Li Jueyun's cultivation realm is only the third layer of the boundless realm, but the blood pressure he exudes is heaven-piercing, shocking the starry sky, and giving people a huge sense of coercion.

That is the divine power of Zhou Guang's bloodline!

Zhouguang's bloodline, even if one looks at the time and space of the heavens, is a terrifying physique that is enough to rank among the top ten.

Ye Chen glanced at Li Jueyun, and he was sure that this person was by no means easy to deal with, and he was much stronger than ordinary immortal emperors.

"This Li Jueyun's situation is a bit similar to mine. It is also because the bloodline is too strong, so the upgrade is very slow, and the realm breakthrough is much more difficult than ordinary people."

Ye Chen thought to himself, Li Jueyun, as the senior brother of the goddess, has excellent talent. Under normal circumstances, he may have cultivated to the Immortal Emperor now.

However, his bloodline is too strong.

The powerful bloodline has led to his breakthrough in the realm, which is far more difficult than ordinary people. So far, there is only the third layer of the immeasurable realm.

However, like Ye Chen, he also has the ability to leapfrog combat.

Relying on the divine power of Zhou Guang's bloodline, this Li Jueyun could even defeat the Immortal Emperor!

Of course, compared with Ye Chen's reincarnation bloodline, Li Jueyun's bloodline is not of sufficient quality.

It is also a leapfrog battle, only Ye Chen, who is at the fifth level of the Sky Profound Realm, can defeat ordinary Immortal Emperors.

If Ye Chen reaches the boundless realm, he may be invincible in the real world.

"Thank you all for visiting my Miluo Palace not far from thousands of miles away. This Holy Son is very honored."

Li Jueyun strode out, with a smile on his face, and bowed his hands to the warriors in the square.

Hong Xin and several elders of Mi Luo Palace followed behind Li Jueyun.

Everyone in the square greeted each other for a while, and many people had a trace of awe in their eyes.

Today's Li Jueyun is not only the holy son of the Miluo Palace, but also has innumerable connections with the Zihuang Immortal Palace.

Because, his master is willing to leave, and has returned to the Zihuang Immortal Palace to become a high-ranking figure.

Li Jueyun didn't talk too much nonsense, and said lightly: "Today, this holy son wants to recruit three Taoist guardians and go into the underground treasure hunt with me."

"The reward for the protector is five thousand top-grade Yuanyu."

Listening to Li Jueyun's words, there was also a commotion in the crowd.

Many warriors came today, all for the five thousand Yuanyu.

"If you want to be my guardian, the rules are very simple, as long as you can break through my time barrier."

Li Jueyun's spiritual energy suddenly surged out, the law energy was turbulent, all the laws of time, the power of time, rolling in from the wild, gathered around him, forming a white time barrier.

This layer of time barrier is filled with the ultimate time law power, and the ancient runes of time flicker, faintly transformed into totems such as hourglasses, sundials, moon instruments, stars, etc., which are very spectacular.

When the people present saw this time barrier, they were in an uproar.

Chapter 9013

Everyone can feel that the tightness and firmness of this layer of time barrier also implies the killing of various time laws. If you want to break through, it will not be easy.

"This Li Jueyun is really not easy."

"If I want to break through his time barrier, unless it is to use the magical power of reincarnation."

Ye Chen also felt troubled when he looked at the time barrier covering Li Jueyun's body.

Among the many powerhouses present, an old man came out first and said indifferently:

"I heard that the Holy Son of Jueyun is in charge of the most peak time law in the world. Today, this old man will experience the magical powers of the Holy Son."

After speaking, the old man strode out, took out a sharp flying sword, and slashed towards the time barrier on Li Jueyun.

With a smile on his face, Li Jueyun carried his hands on his back, neither dodging nor avoiding.

Zheng!

The old man's flying sword slashed on the time barrier, but it was like slashing on a copper wall and an iron wall, and it made a sound of gold and iron.

In the next moment, an astonishing scene appeared.

I saw that the old man's flying sword quickly withered away at a speed visible to the naked eye, and turned into scrap iron in the blink of an eye.

"Ouch!"

The old man was astonished. He never thought that Li Jueyun's erosion of the law of time would be so powerful.

What's even more terrifying is that the layer of time barrier, the backlash of the law of time emanating, has eroded the body of this old man.

The old man screamed "Ah" and was slaughtered by the law of time. In an instant, the flesh disappeared, turned into a dead bone, and it turned out to be alive and dying.

Seeing that the old man's flying sword was reduced to scrap metal, and the man turned to withered bones, everyone in the audience was horrified.

The power of Li Jueyun's law of time is enough to rot the ordinary powerhouses of Infinite Realm directly into dead bones, which is really too terrifying.

That is the divine power of Zhou Guang's bloodline.

Li Jueyun, who has the blood of Zhouguang, is like the master of time, and he is incomparably powerful.

"This holy son's cultivation base is weaker, but he has a lot of research on the law of time. Don't underestimate it."

Li Jueyun smiled faintly, looking at the old man who had turned into a dead bone, but there was a hint of pride and disdain in his eyes.

Everyone saw that Li Jueyun's time law cultivation was so powerful, but no one dared to go forward for a while.

"I'll try it."

At this time, a man with a charming temperament and a handsome appearance walked out with a smile.

Li Jueyun's eyes narrowed slightly, feeling the breath of this man, it seemed a little complicated, and asked: "Your Excellency is..."

The man picked up an orchid finger and said with a smile, "My name is Yao Ye, I am the realm king of the Myriad Demon Realm, and I have met the Son of Jueyun."

Li Jueyun said: "It turned out to be the realm king of Wan Yaojie, Your Excellency Yaoye, do you want to be my guardian?"

Yao Ye smiled, with a very charming smile, and said, "Exactly, that five thousand Yuanyu, I am also very greedy."

Li Jueyun laughed and said: "It is said that the Ten Thousand Demon Realm is one of the six realms of reincarnation. It was born in accordance with the will of the ancient god Tuo Di, and the mere five thousand Yuan jade can actually lead to the great driver under the demon night seat?"

He secretly thought to himself: "This demon night is definitely not as simple as Yuanyu."

Yao Ye smiled and said: "In short, I swear that if I can become the guardian of the Son of God, I will sacrifice for the Son of God when necessary."

Li Jueyun said: "If Yao Ye is seated, you can become my Taoist protector, this holy son is also very honored."

Yao Ye smiled again, and then the immortal emperor's spiritual energy exploded, the demonic energy soared into the sky, the slender palm waved out, and with a click, Li Jueyun's time barrier was shaken open by a gap.

Seeing this, Li Jueyun nodded and said, "Under Yaoye, you really have amazing magical powers, you can break through my time rule, and you are qualified to be my guardian."

Yao Ye smiled and said, "Then I will refuse Saint Son Yun, hehe, but don't forget the five thousand Yuanyu."

Li Jueyun said: "Of course, I will give you half of it first, and then give you the other half after the underground treasure hunt is over."

After speaking, he sacrificed 2,500 source jades, all of which were top grade, and handed them over to Yao Ye.

"Thank you."

Yao Ye took Yuanyu and thanked him with a smile.

When everyone saw the abundant amount of Yuanyu, they were all heartbroken.

After Yao Ye retired, many people tried one after another, but none of them could break through Li Jueyun's time barrier. Some people were even killed by the law of time and eroded into a pile of dead bones.

Seeing this, Ye Chen wanted to try it out in person, and to feel how powerful Li Jueyun's magical powers were, but he finally held back.

"It's all a bunch of trash, let this uncle come!"

At this time, a man with a blood-soaked body, a sturdy figure, and a burst of Asura's suffocation strode out.

"Your Excellency is... the realm king of the Asura world, the king of Asura?"

Li Jueyun's eyes moved, and he faintly glimpsed the secret, and knew the identity of this man.

"Hey, it's the uncle that's right!"

"Saint Son Jueyun, if you want to recruit Taoist guardians, then this uncle will protect you."

"Five thousand top-grade Yuanyu, not one of them!"

King Asura grinned and strode forward.

Li Jueyun frowned slightly, thinking to himself, "The realm kings of the Ten Thousand Demon Realm and the Shura Realm appear at the same time, what do they want to do?"

Naturally, he would not think that just relying on five thousand top-grade Yuanyu jades could lead to the realm king of the six realms of reincarnation.

The realm kings of the Ten Thousand Demon Realm and the Shura Realm must have other plans to appear here.

Click!

I saw King Asura, striding forward, punched hard, and blasted a hole in Li Jueyun's time barrier.

Chapter 9014

"King Asura has such magical powers, and this Son of God admires it."

Li Jueyun took two steps back, his aura turned, repaired the gap in the time barrier, and bowed his hands to King Asura.

"Hehe, Holy Son Jueyun, is this uncle qualified to protect you?"

King Asura laughed.

"Can."

Li Jueyun nodded, carefully deduced the good and bad luck, and felt that King Asura and Yao Ye might have other plans, but they were not aimed at him.

The two of them, as his guardians, could protect him and save him a lot of trouble.

Even if there is another plan, it has nothing to do with him.

At the moment, Li Jueyun also gave half of Yuanyu's reward to King Asura first.

Three guardians, the last place left.

"Senior, it's your turn to take action."

Ye Chen whispered to King Aoki.

King Aoki nodded, strode out, and said in a loud voice, "Sacred Son Jueyun, this old man is the owner of Qiancao Villa, King Aoki, and he also wants to protect the Son of God."

Hearing this, Li Jueyun frowned, looked at King Aoki, and said, "When did Qiancao Villa have a villa owner?"

He had never heard of the name of King Aoki.

King Aoki looked calm, and said, "This old man has been in seclusion, and it is normal that the Holy Son has never heard of it. This old man also wants the five thousand Yuan Jade to improve his cultivation."

"If you can protect the way for the Son, the old man can sacrifice for the Son when necessary."

Li Jueyun pinched his fingers and peeped at the secret, and sure enough, he clearly captured that there is indeed a villa owner in Qiancao Villa, and that is the King Aoki in front of him.

"Ashamed, this holy son is ignorant and has never heard the name of the predecessor before."

Li Jueyun said.

"It's okay."

King Aoki smiled slightly, stepped forward, pointed out, a green light, with the coercion of a quasi-immortal emperor, and a trace of the will power of the grass god Tianzun, penetrated Li Jueyun's time barrier on the spot. , and almost attacked him.

Li Jueyun was taken aback, turned sideways to dodge, and said, "Senior's supernatural powers are amazing, and this Saint Son admires it."

King Aoki smiled and said, "Is this old man qualified to be the guardian of the Son of God?"

Li Jueyun nodded and gave half of Yuanyu's reward to King Aoki.

The quota of the three guardians has been determined, namely King Aoki, Yao Ye, and King Asura.

The three of them all swore that if they encountered any danger underground, they would swear to protect Li Jueyun to the death and sacrifice for him if necessary.

Of course, this kind of protection is actually only a short-term transaction.

When the underground treasure hunt is over, the cause and effect between them and Li Jueyun will end.

The number of guardians was confirmed, and those who were not selected left with a little dejection.

Li Jueyun also summoned more than a dozen powerhouses from the Miluo Palace to set out to the underground abyss together, and Hong Xin was among them.

As a disciple of King Aoki, Ye Chen was mixed in the team, and no one cared about him.

A group of people set off in a mighty way and stepped into the underground world.

In the underground world of Mingdu, the dark aura pervades, the evil spirit rushes between the leylines, and the environment is very harsh.

This underground world still retains a trace of the original dark will of the Rock God Tianzun, so it is particularly dangerous.

The most extreme darkness in this world is actually not in the sky, but in the ground.

At the beginning of the Rock God Tianzun, he controlled the ultimate law of the earth and darkness. This power was very powerful, so powerful that even the Rock God Tianzun himself could not completely control it.

Later, the Rock God Tianzun had no choice but to strip off part of the godhead, separate the darkness and the filth, and condense it into the original death god authority.

Before the darkness was separated, the Heavenly Lord of the Rock God was the top lord of the Heavenly Emperor. He oppressed Sakyamuni Buddha and was invincible. Only the most mysterious Yuan Heavenly Emperor in the legend could compete with him.

However, with such a powerful force, he could not control it himself, and could only strip away part of his godhead.

The so-called Death God's authority was stripped from the Rock God Tianzun.

Now in the underground abyss of Mingdu, the original dark will of the Rock God Tianzun is still preserved, and the evil spirit is extremely terrifying.

"Master Chi Feng buried his life in this place back then. I'm afraid he didn't think about digging it up again."

Ye Chen muttered as he walked in the dark underground, and there were bursts of suffocation around him, which made him a little suffocated.

Back then, Master Chi Feng was going to die and was buried here, and he probably didn't plan to dig it out again.

Because this place is too dangerous, burying things here is equivalent to directly discarding and destroying.

"This place, such a strong dark evil spirit, protects the Son."

More than a dozen powerhouses of the Miluo Palace surrounded Li Jueyun in the middle, lest he suffer an accident.

King Aoki, Yao Ye, and King Asura, as guardians of the Tao, are naturally vigilant and guard around them.

Ye Chen also remained vigilant and moved forward step by step.

His divine sense was released quietly, and he could faintly capture two secret auras.

A breath, is a floating life.

But it seems to be hidden so deeply that he needs to feel it carefully before he can barely feel a trace.

Another breath is the black prison crystal.

If there is a chance, he must get this thing.

But these two things, Ye Chen vaguely felt that it was not easy.

These two breaths are deep in the abyss, and they are quite far from where Ye Chen is.

In the darkness, there are many strange plants growing, huge mushrooms covered with spots, twisted flowers taller than people, dark green vines flashing with ghosts and so on.

"Ow!"

Suddenly, a huge flower on the side of the road twisted like a wild beast, and the petals opened one by one.

The man exclaimed "ah" and hurriedly dodged, but his arm was bitten, and with a click, the entire arm was eaten by the flower.

"Be careful!"

King Asura shouted and took the lead, his hands burst with blood and aura, grabbed the flower fiercely, and ripped it with force, tearing the strange flower into pieces.

The arm that was swallowed by the elder of the Miluo Palace also fell out, and it has been contaminated by the dark evil energy, which breeds maggots and all kinds of weird and weird things, which is disgusting.

Seeing this scene, everyone was horrified.

This subterranean abyss is indeed dangerous and full of all kinds of weirdness.

"Aoki Dafa, Giant Wood Art!"

King Aoki made a bold move, his hands were sealed, and the majestic green blossoms bloomed, covering all the surrounding flowers and plants.

Those twisted and mysterious flowers and plants, under the cover of King Aoki's magic technique, turned into giant trees, and the material structure was completely reorganized.

"This is the secret technique passed down by the Grass God Tianzun?

Really great. "

Li Jueyun saw this, his eyes narrowed slightly, and he praised.

The magical power of King Aoki is the secret method of the grass god Tianzun, called Aoki Dafa.

Chapter 9015

Aoki Dafa has the power of creation against the sky, it can easily change the material structure and turn everything into a giant tree.

Even the powerhouses in the late stage of the Infinite Realm are in danger of becoming a wooden man when they are attacked by Aoki Dafa's "Giant Wood Jue".

Seeing the magical power of King Aoki, Ye Chen nodded secretly and thought, "Sister Qingyan's magical power is indeed unique. If Sun Yi can inherit her Taoism, it would be great."

"The Son praised."

King Aoki put away his magical powers and said with a smile.

"Stay vigilant and keep going."

Li Jueyun ordered to go.

The crowd proceeded cautiously.

This subterranean abyss is filled with evil spirits, dark filth breeds, and there are many monsters.

After everyone traveled a distance, they were attacked by several underground demons.

Those underground demons are humanoid monsters born in this underground world, and their appearance is very terrifying.

Their appearance is enough to make people mad, their bodies are extremely thin humanoids, their faces fall to their shoulders, and their bodies are covered with indescribable strange sarcomas. They look like a pool of rotten mud, hanging on bamboo poles.

If it is a person with a weak mind, just seeing the appearance of these underground demons will directly go crazy and collapse.

These subterranean demons attacked extremely fiercely, waving their deformed palms, and the dark aura swept through like a wave, specializing in the heart and throat of people.

Fortunately, there are many masters on Ye Chen's side. Yao Ye, King Asura, and King Aoki are the three guardians of the road, and they did not spend much effort to kill those underground demons.

Those subterranean demons, before dying, made extremely sharp and pitiful screams, which were terrifying.

After killing the underground demon, Ye Chen and others walked for a while, and then had to stop and rest.

Because, this subterranean abyss, the dark evil spirit is too rich.

The dark evil spirit continues to erode the human body and accumulates in the human body. If it is not resolved, it is likely to be fatal.

Ye Chen and others set up camp in an open space, everyone rested and exercised, dispelled the evil energy accumulated in the body, and recovered their spirits.

The elders of the Miluo Palace set up a purification formation around them to dispel the evil spirits.

Ye Chen looked around without a trace, and saw that Li Jueyun was sitting cross-legged, offering divination objects such as a compass, amulet, bronze mirror, tortoise shell, and copper coins in front of him.

Li Jueyun frowned deeply, playing with these fortune-telling objects, pinching his fingers, and making calculations again and again, obviously calculating the whereabouts of the floating life.

With his heavenly insight, he can roughly judge the direction of the breath of the floating life, but he has not yet figured out where it is, and he needs to continue to deduce it.

"It seems that this Li Jueyun still doesn't know where he is."

Ye Chen's heart moved slightly, and unlike Li Jueyun, he had already specifically captured the position of the floating life.

This means that he has a greater advantage!

"Saint Son Jueyun, have you found out the exact location of the treasure?"

Beside Li Jueyun, a beautiful woman asked in a low voice.

She is Hong Xin.

"Not yet, I'm afraid it's not easy to hunt for treasures, and Mozu Wutian is likely to intervene."

Li Jueyun shook his head, his expression full of worry, obviously he just calculated the secret, and calculated something terrible.

"Oh, really?"

When Hong Xin heard that Mozu Wutian might also intervene, he didn't show any expression, still indifferent.

She has cooperated with the Miluo Palace. Rationally, she hopes that Li Jueyun can get the death of the floating life, so that he can suppress the demon ancestor and take the initiative.

But psychologically speaking, she didn't like Li Jueyun, and even with a hint of disgust, she didn't want to see him do everything he wanted.

roar, roar...

Suddenly at this moment, in the underground darkness in the distance, there were bursts of shrill whistling sounds, such as the roar of beasts, and the screams of people before they died.

"what?"

Ye Chen felt inexplicably terrified for a while, his pores shrank for a while, and when he looked into his eyes, he could clearly see that a series of strange figures came flooding in from all directions, with bursts of demonic energy and murderous aura.

Taking a closer look, it turned out to be a human-shaped monster, with a twisted and mysterious appearance, full of dark and filthy evil energy, it turned out to be an underground demon, and the number was densely packed, I don't know how many.

Seeing so many subterranean demons killing like a tide, except Ye Chen, Li Jueyun, Hong Xin, King Asura, Yao Ye, King Aoki, and others all showed expressions of surprise and fear.

Obviously, the screams of the subterranean demon they killed not long ago attracted their companions.

These underground demons came out of their nests and came to seek revenge.

Among the subterranean demon team, there are many powerful beings, their bodies are as cold and hard as mountains, their skin is glowing with cold glow, and their physiques are particularly tall and mighty, giving people a huge sense of oppression.

In the blink of an eye, the dense subterranean demons rushed in like a wave.

They roared and shouted, like wolves like tigers, and the dark aura in their hands exploded, converging into various twisted and weird weapons, and stabbed them into people's bodies.

"Devil Slayer Sword!"

Ye Chen was attacked by several demons. He quickly took out a flying sword and used the Dharma door in the Buddhist scriptures. The Buddha's light surged from the sword and killed the demons.

In order not to reveal his identity, Ye Chen did not use the magical power of reincarnation, but only used Buddhism to fight the enemy.

Chapter 9016

In the world beyond heaven, the Buddhist scriptures are very popular, and in Qiancao Villa, there are also many people who are proficient in Buddhism, such as Zanghai.

Therefore, Ye Chen's practice of Dharma will naturally not arouse suspicion from others.

"This place is too outrageous, why are there so many monsters!"

King Asura scolded angrily, and there were thousands of underground demons rushing around, and the number was too many.

This subterranean abyss can actually breed so many monsters, which shows the depth of darkness and the horror of the accumulation of evil spirits.

If there are only a few underground demons, it is naturally not a problem, but with such a large number, it makes people feel difficult.

"Asura Burning Heaven!"

"Demon River Sword Flow!"

"Aoki Dafa!"

King Asura, Yao Ye, and King Aoki, the three guardians, each showed their magical powers, and the quasi-immortal emperor's aura exploded, killing all the underground demons.

On Li Jueyun's side, the elders of the Miluo Palace under his command took action one after another to kill the underground demons.

However, Li Jueyun did not take action, he just watched silently, protected by his elders.

He obviously wanted to save the spiritual energy and prepare for the death of the floating life.

However, the number of subterranean demons is simply too many to kill.

"Damn!"

In the end, Li Jueyun had no choice but to take action.

I saw him throwing out a flying sword, surrounded by the mysterious law of time, and the fluctuation of Zhouguang's blood.

The flying sword whirled and spun, and the sword qi strangled, and all the underground demons were cut off, turning into the most primitive black mist and dispersing.

Ye Chen saw Li Jueyun's methods from a distance, and also clearly felt his strength, thinking: "If I burst out with all my strength, I can kill him, but the price is huge."

"If you want to kill him easily, unless you suppress his Zhouguang blood first."

Ye Chen could see that what Li Jueyun was powerful at was his bloodline and his cultivation realm was not high, only the three-layered sky of the immeasurable realm.

If Li Jueyun's blood can be suppressed, Ye Chen can easily kill him!

Thinking like this, Ye Chen was also a little distracted. A demon leader, seeing the opportunity, punched his head with a fist.

"Da Xumi Palm!"

Ye Chen's reaction was also very fast, and he recovered immediately, the Buddha Dharma blossomed, and with a palm with the coercion of the ancient Mount Sumeru, he fought back fiercely.

bang.

With a palm of Ye Chen's palm, the latter came first, hitting the body of the demon leader, and immediately smashed the latter to pieces.

"Xumi Buddhism?

This dusty night, actually practiced the Buddhist scriptures to the fifth level? "

Over there, Hong Xin felt Ye Chen's Dharma breath, and his heart froze, feeling a little familiar inexplicably.

Sumeru Dharma is the fifth level in the Buddhist scriptures. Looking at the whole world outside the heavens, there are not many people who can practice Sumeru Dharma.

She only knew that Ye Chen had practiced it.

However, at this time, Ye Chen, whose name was Chen Ye, was completely hidden, and Hong Xin did not recognize it.

She frowned slightly, but felt a little strange.

Under the impact of the underground demon, the team was scattered.

Ye Chen and Hong Xin gradually got closer together.

"Chen Ye, your Buddhism is good, let's back to back together!"

Hong Xin glanced at Ye Chen, out of intuition, she felt that this "dusty night" was not simple.

Ye Chen's heart froze, afraid that Hong Xin would recognize him, and nodded calmly, back to back with her, and killed the devil together.

After Hong Xin was given the bloodline of the Star God Race, her strength was much stronger than before, but this was the power of the bloodline, not her own cultivation, and the foundation was not stable.

In the constant battle with the underground demons, Hong Xin was gradually injured, but fortunately, his bloodline was strong, and he was able to support it.

In order to conceal his identity, Ye Chen also deliberately released water to let the underground devil hurt himself, of course, it was only a skin injury, and he grasped the proportions extremely well.

Under the constant killing of Ye Chen, Hong Xin, and the three guardians of Aoki, Ashura, and Yao Ye, the number of underground demons that were originally densely packed finally decreased.

A head of demons, constantly turning into darkness and suffocating.

"Hey, little guy, it's a waste to let the evil spirits of these underground demons dissipate. Why don't you just absorb them directly."

In the reincarnation cemetery, Venerable Fahua kept watching the battle, and suddenly said to Ye Chen that he actually asked him to absorb the evil spirits.

"Senior, stop joking, you want me to die."

Ye Chen twitched the corner of his mouth. The evil spirit contained in these underground demons was full of dark filth, as dirty as the sea of stars.

He couldn't avoid it, how could he absorb it?

If you absorb those evil spirits, I am afraid that the blood of the body, the soul and the heart will be affected, and there is a danger of being polluted.

"Hey, you don't understand this."

"Those dark evil spirits are terrifying, but they can also temper your Buddha's heart."

"If you can withstand the impact of darkness, the Buddha's heart can become strong, and you can even realize the Dharma Lotus Flower!"

Venerable Fahua said with a smile.

"Those dark evil spirits can temper my Buddha's heart?"

Ye Chen was stunned for a moment.

The Miaofa Lotus is the seventh layer of the Buddha's true scriptures, which is very profound and powerful.

Generally speaking, in the real world, limited by the laws, it is difficult to cultivate the Buddhist scriptures to the seventh level.

From time immemorial, the only people who can certify the Dao Wonderful Lotus Flower, except for Venerable Lotus, have only been the Wuxin Patriarch of the Holy Land of the Ancient Buddha.

Even with Ye Chen's talent and understanding, he has not yet succeeded in proving the Dao.

One can imagine how profound and profound this wonderful Dharma Lotus Dharma is.

Chapter 9017

But now, Venerable Fahua said that by borrowing the dark suffocating energy contained in those subterranean demons, it is possible to temper the Buddha's heart and prove the Taoist Lotus Flower.

"Hey, if you don't believe me, you can try it, can I still lie to you?"

Venerable Fahua said.

Ye Chen's heart moved, and after killing another underground demon, he tried to absorb a trace of evil spirit left by the demon.

When the suffocation entered his body, Ye Chen immediately felt that the terrifying darkness and filth constantly impacted his internal organs.

"Buddha Mantra!"

Ye Chen immediately ran the Buddhist scriptures, the Buddha's heart blossomed in his body, and all those dark evil spirits were gathered together.

boom!

All kinds of dark evil spirits gathered together, like a heavy hammer, slamming Ye Chen's Buddha's heart.

Ye Chen groaned, under the impact of such a dark evil spirit, he also felt nauseated for a while, and his chest and abdomen were very tight.

But in the next moment, Ye Chen found that his Buddha heart, withstanding the impact of the dark evil spirit, really became stronger.

The powerful Buddha's heart blooms with infinite Buddha's light, which in turn evaporates all the evil spirits.

"effective!"

Seeing this, Ye Chen suddenly showed a look of surprise.

The dark evil spirit of the underground devil can really temper his Buddha's heart!

If the Buddha's mind is continuously tempered, it is very possible for him to realize the Lotus Flower of the Wonderful Dharma.

Ye Chen rejoiced in his heart, the Demon Slayer Sword kept slashing out, killing all the subterranean demons, and then absorbing their dark evil spirits.

The ferocious dark suffocation entered the body, constantly tempering Ye Chen's Buddha heart, and Ye Chen was getting closer and closer to the Lotus Flower.

"If I can prove the Dao Wonderful Lotus Flower, my cultivation will definitely be able to break through!"

Ye Chen thought to himself that his current cultivation base is the peak of the fifth layer of the Sky Profound Realm, and he can reach the level of the sixth layer by just a little bit.

If you can practice the Wonderful Lotus Flower, this little barrier can be completely broken!

Hong Xin on the side was surprised to see Ye Chen constantly beheading demons, even absorbing the evil spirits, and the continuous blooming of Buddha's light.

Finally, all the underground demons were cleaned up.

Ye Chen's eyes flashed, and he looked a little unfinished.

If he can continue to absorb the dark suffocating energy, his Buddha heart can be tempered even more, and he may really be able to realize the Dao Wonderful Lotus Flower.

"Little guy, how are you?

I didn't lie to you, hehe. "

Venerable Fahua smiled.

"Yeah! Senior, thank you for your pointers. I guess it won't take long before I can be like you, proving the Dao Wonderful Lotus Flower."

Ye Chen glanced at Li Jueyun without a trace, if he could master the wonderful Lotus Dharma and deal with Li Jueyun, it might be a lot easier.

At the end of the battle, beside Li Jueyun, several elders of the Miluo Palace died in the battle.

The remaining elders who have not died are all mournful and fearful.

Now that I have just stepped into the underground world, it has not been long before I encountered such a terrifying danger. If I go to the depths, I am afraid it will be even more dangerous.

"What, are you scared?

If you are afraid, you can go back. "

Li Jueyun looked at the elders around him, quite disdainful.

"Don't dare."

The elders responded hurriedly, and did not dare to go against Li Jueyun's will.

Li Jueyun is the holy son of the Miluo Palace. If he offends him and makes him unhappy, the end will be worse than death.

King Asura said: "Hey, Jueyun Saint Son, don't worry, I and the Demon Night Realm King will protect you."

At this time, King Asura was standing with Yao Ye, and the two were obviously acquainted.

In the battle just now, they also killed the most underground demons.

"With the protection of two seniors, this Holy Son can rest assured."

Li Jueyun smiled a little, and after a short rest, he led people to move on, in the direction of the breath of the floating life.

Until night, everyone set up camp again to rest and recuperate.

King Aoki, King Asura, and Yao Ye, three guardians, guarded three directions outside the camp to prevent monsters from attacking.

Ye Chen was beside King Aoki, sitting cross-legged, and released his consciousness to visit the underground world.

At present, the location of Ye Chen's camp is quite delicate.

This camp is the same distance as Black Prison Crystal and Floating Life.

"On the other side of Fusheng Destiny, the breath coming from it is very dangerous, and I don't know what monsters are guarding it."

Ye Chen's heart froze, but he felt that it was not easy to take the life of the floating life, because there might be some powerful monsters guarding him.

Moreover, there was an inexplicable murderous intent, which made Ye Chen's heart tremble.

This murderous intention seems to come from Demon Ancestor Wutian!

Obviously, the aura of Floating Life and Destiny was definitely detected by Mozu Wutian.

Demon ancestor Wutian may come at any time.

"This floating life is desperate, but I'm not in a hurry to capture it. It's better to wait for the demon ancestors to come."

Ye Chen didn't act rashly, and planned to wait and see what happened.

"The Black Prison Crystal should be obtained as soon as possible."

The rain is about to come, the current situation is very dangerous, Ye Chen needs more powerful strength.

If he can get the Black Prison Crystal, he can make the Samsara Heavenly Sword evolve into the Wuwu Divine Tool. In this way, even if the Demon Ancestor Wu innocent comes, he will have the confidence to deal with it.

Thinking like this, Ye Chen whispered to King Aoki: "Senior, I plan to go out to find Black Prison Crystal."

Hearing this, King Aoki looked back at the camp with a hint of vigilance. Seeing that no one was paying attention, he relaxed a little and said, "Go, Mr. Ye, be careful, but don't let anything happen."

Chapter 9018

"If something happens to you, Lord Xiaocao Shen is to blame, and I will die without redemption."

Ye Chen is a very valued friend of the God of Grass. If something happens to Ye Chen, King Aoki is only afraid that the God of Grass will be angry.

This underground world is full of dangers, and King Aoki doesn't want Ye Chen to venture out alone.

But he also knew that the black prison crystal was very important to Ye Chen, and he naturally wouldn't stop Ye Chen.

Ye Chen nodded, and quietly left the camp even in the dark.

His departure did not alarm anyone, because King Aoki was still guarding the place.

After leaving the camp, Ye Chen ran directly in the direction of Black Prison Crystal.

This underground world is full of darkness, and many monsters are rampant.

Ye Chen didn't want to cause extravagance. After encountering a monster, he would avoid it directly. If he couldn't avoid it, he would take action to solve it.

Walking all the way, halfway through, Ye Chen caught a glimpse of a red light in the darkness.

I saw that there was a red plant growing on a cliff in front of me. There was no dark and twisted strange appearance. Instead, it was filled with immortal energy, surrounded by mist, and the spiritual light was overflowing, and it was faintly forming a red cloud. For magnificent.

"Hey, this dark underground world actually has this kind of spiritual material?"

Ye Chen was a little surprised, that red plant was obviously a precious spiritual material, with a lot of spiritual energy, and the breath it exuded made people feel relaxed and happy when they took a breath.

"Is it weird?"

Although this place is full of darkness, the most extreme darkness can also give birth to the most lush life. "

Venerable Fahua said.

In this world, whether it is a towering tree or a green grass and flowers, the roots are connected to the darkest earth.

The darkest places in the world can often breed the most vigorous life.

Ye Chen listened to the words of Venerable Fahua, his eyes moved slightly, and he was thoughtful.

Then, Ye Chen flew to the cliff and reached out to pick off the red spirit tree.

This red spirit material is so rich in spiritual energy that if you take it, it will be more or less beneficial to your cultivation.

Just when Ye Chen was about to pick the spiritual material, in the darkness on the other side of the cliff, a slender and fair palm stretched out, also wanting to pick the spiritual material.

That white hand just grabbed Ye Chen's hand.

After a slight delay, the jade hand shrank back with a hint of panic, and then on the other side of the cliff, a face with beautiful eyebrows was revealed, it was Hong Xin.

"Miss Hong, it's you."

Ye Chen was taken aback when he saw Hong Xin here.

"Chen Ye, why did you come out?"

Seeing Ye Chen, Hong Xin frowned slightly and looked at him curiously.

Ye Chen naturally did not reveal his identity, shrugged his shoulders, and said lightly, "I want to go out alone to experience the experience, how about you, Miss Hong?"

Hong Xin looked at the red spiritual material and said, "I was injured by the underground demon during the day, and even inhaled a lot of evil spirits. I want to find some medicinal materials to heal my wounds. This red cloud spiritual core is just right for me."

Ye Chen said: "Miss Hong is from the Miluo Palace, don't you even have something to heal her wounds?"

Hong Xin shook his head and said, "Yes, but the effect is not so good."

Ye Chen said: "Okay, I will give this Hongyun Lingrui to Miss Hong."

Hong Xinmei narrowed her eyes slightly, and looked at Ye Chen with some interest, then she took off the red cloud core with a smile, and finally took out a small bag of Yuanyu, and said, "Then thank you, Mr. Chenye, for this. Yuanyu is for you."

Ye Chen smiled and shook his head and said, "No need."

The two came down from the cliff, Hong Xin held the red cloud lingam, Liu Mei frowned lightly, and said, "However, this red cloud lingam, the healing effect seems to be not enough, I deduced the secret, and vaguely glimpsed, not far from here, There is a special medicinal material called Black Prison Shalan, which can make my injury recover quickly, and even dispel all evil spirits."

"Young Master Chen Ye, you are profound in Buddhism. If you don't mind, I wonder if it is convenient for you to accompany me to find that Black Prison Shalan, or have someone to take care of you."

"After we find the medicinal materials, we will return to the camp immediately."

When Ye Chen heard Hong Xin's invitation to accompany him to find medicinal materials, he shuddered and thought: "This Hong Xin may have discovered that my identity is strange and wants to test me."

Now Ye Chen doesn't want to reveal his identity, otherwise Li Jueyun will find out so quickly, the trouble is definitely not small.

At the moment, Ye Chen politely declined Hong Xin and said, "Miss Hong, it may not be convenient. I just want to experience the experience alone and take the first step."

After all, Ye Chen bid farewell to Hong Xin and walked forward quickly.

After walking for a while, Ye Chen discovered that Hong Xin had been following him.

"Miss Hong, what do you mean?"

Ye Chen frowned.

"Young Master Chen Ye, don't get me wrong, I'm not following you."

"It's just that the Black Prison Shalan I'm looking for is right in front of me."

Hong Xin smiled and pointed to the front.

Ye Chen's heart froze, because he found out that the direction Hong Xin was pointing was exactly the direction where Black Prison Crystal was.

Could it be that the Black Prison Shalan that Hong Xin wanted was in the same place as the Black Prison Crystal?

"That's really a coincidence, I also want to go to the front to experience the experience."

Ye Chen smiled calmly, then suddenly stepped up and walked forward, leaving Hong Xin behind.

After getting rid of Hong Xin, Ye Chen performed the Great Wilderness Stealing Technique again, stealing away the spatial distance, and instantly came to the place where Black Prison Crystal was.

Chapter 9019

It was a huge cave, and there was a dark light in the cave, and all kinds of dark and terrifying auras continued to permeate from it.

The black prison crystal that Ye Chen wanted was in this cave!

But at the entrance of the cave, there was a huge beast lying on the ground, sleeping soundly, making a shocking snoring sound.

That giant beast was actually a gigantic rock dragon lizard with a body as huge as a mountain.

But different from ordinary dragon lizards, that earth core rock dragon lizard has a series of dark runes on its body. It is obvious that it has lived in a dark place for a long time and has been endowed with the power of darkness.

If a conflict breaks out, it is definitely not something that can be easily resolved.

"This beast should not be underestimated."

Ye Chen's face sank, but he didn't expect that there was a giant dragon lizard guarding the place where Hei Prison Crystal was.

This giant dragon lizard has been sleeping all the time, so Ye Chen hadn't caught its mysterious aura before.

It wasn't until now, when Ye Chen saw it with his own eyes, that he felt tricky.

There is no doubt that if he dared to get close to the cave, he would definitely wake up the rock lizard.

The geocentric rock dragon lizard was originally a powerful beast created from the core of the rocky earth. Now it is contaminated with the dark atmosphere, and I am afraid it will become even more ferocious.

If Ye Chen wants to win easily, he must use his own magical power of reincarnation.

If he didn't use the reincarnation aura, it would be very difficult for him to kill the rock dragon lizard. Even if he could do it, the price would be huge.

"Now that Hong Xin is here, if we join hands with her, we may be able to easily defeat that beast."

Ye Chen smiled wryly. Now that he is standing here, he can clearly grasp the secret. In that cave, there are not only black prison crystals, but also a special kind of spiritual material, which is exactly the black prison Shalan that Hong Xin wanted.

The aura exuded by that kind of spiritual material is much richer than the Hongyun Spirit Core that Ye Chen saw just now.

Ye Chen even felt a special fluctuation coming from the Qinglian avatar he stored in the cemetery of reincarnation.

The green lotus avatar is cast with the holy method of green lotus, and it has possessed the divinity of vegetation since its birth.

At this moment, Ye Chen's Qinglian avatar actually resonated with the black prison Shalan in the cave.

The black prison Shalan obviously has a very strong vitality of plant essence, so it can arouse the resonance of Qinglian's avatar.

"If my Qinglian avatar can absorb the essence of the black prison Shalan, maybe it can upgrade and evolve!"

Ye Chen's heart moved, the black prison Shalan that Hong Xin wanted seemed to be of great value to him!

Qinglian avatar is an important trump card for Ye Chen. If he can grow stronger, he will have a strong support.

Thinking like this, Ye Chen wanted to rush straight into the cave to pick Shalan from the black prison.

However, at the entrance of the cave, the towering and ferocious body of the rock dragon lizard made Ye Chen calm down.

He knew that if he dared to approach rashly, the dragon lizard would definitely be alarmed.

While thinking about it, a burst of clear and pleasant laughter reached Ye Chen's ears:

"Master Chen Ye, we meet again."

Ye Chen heard the laughter, turned around, and saw a graceful figure approaching, it was Hong Xin.

"This woman actually caught up so quickly."

Ye Chen's face darkened slightly. It seems that after Hong Xin was endowed with the blood of the starry sky gods, his magical powers were indeed unique.

Ye Chen just threw her off, but she caught up so quickly.

"You want to practice here? This is not a good place."

Hong Xin came to Ye Chen lightly, with a half-smile expression on her beautiful face, staring at Ye Chen, as if she wanted to see through everything about him.

After she has the blood of the starry sky, her appearance is much more beautiful than before. In this dark underground, she looks even more beautiful, like a goddess.

Of course, Ye Chen didn't have any other ideas. He even thought about making a move to Hong Xin, but he was worried that he would be exposed and alert Li Jueyun, so he didn't make a move.

Hearing Hong Xin's words now, Ye Chen just smiled and said: "I heard the guidance of fate. In this place, I may not be able to get some good fortune."

Hong Xin's eyes narrowed slightly, and he looked at the rock lizard not far away, and the cave behind.

"Master Chen Ye, do you also want the black prison Shalan?"

From the cave, Hong Xin also clearly felt the aura fluctuations of the black prison Shalan.

Ye Chen pointed to the rock dragon lizard, and said with a smile: "Miss Hong, maybe we can work together to get rid of this beast first."

Ye Chen didn't want to reveal the aura of reincarnation, if he could join forces with Hong Xin, it would save a lot of trouble.

What he wants is not as simple as Hei Prison Shalan, but also Hei Prison Crystal!

Hong Xin smiled and said, "I also have that intention."

She always felt in her heart that the identity of this Chen Ye was not simple.

If you can watch this Chen Ye fight, maybe you can get a glimpse of his true identity!

Hearing that Hong Xin agreed to join forces, Ye Chen nodded and said, "Then we will fight together."

After all, Ye Chen gathered the aura of heaven and earth, sacrificed a Buddha sword, and the Buddha scriptures circulated in his body, and the six-color Buddha light floated out, turning into a lotus platform, floating above Ye Chen's head, which was quite spectacular.

"Mr. Chen Ye, your Buddha scriptures have been cultivated to the point where Hong Xin saw the six-color lotus platform above Ye Chen's head, his pretty face was moved, and he couldn't believe his eyes.

Chapter 9020

The weather of the six-color lotus platform means that Ye Chen's Buddhist scriptures have been cultivated to the point that the rock dragon lizard in the center of the earth has just defended against Ye Chen's attack. At this time, it is too late to resist Hong Xin's sword glow.

Click!

Hong Xin's sword energy from the starry sky severed a gap in the body of the Geocentric Rock Dragon Lizard.

Seeing this, Hong Xin showed joy on his face, and wanted to strike again.

But at this time, a terrifying scene appeared.

I saw countless dark and filthy things flowing out from the wound of the Geocentric Rock Dragon Lizard. These filthy things contained the most primitive and darkest evil energy fluctuations, filled with all kinds of mysterious and inexplicable auras.

As soon as Hong Xin's face changed, he was hit by those evil spirits on the spot.

Buzz buzz!

There were bursts of strange resonance sounds in her body, and it seemed that there was something terrible in her body, which was drawn out by these evil spirits.

Ye Chen looked at Hong Xin in astonishment, and saw a pair of wings emerging from her back, but those wings were not the clean appearance of the starry sky, but a pure black color, as if containing extreme darkness.

Hong Xin's skin also began to become demonic, and a mysterious demonic energy permeated his whole body.

She was about to degenerate into a chaotic demon!

"Chaos Heavenly Demon... what's going on?"

Ye Chen was taken aback. He had seen Hong Xin make a move before. Even if she entered the fighting state, she would not turn into a chaotic demon, and always maintained the clean appearance of the starry sky gods.

But at this moment, Hong Xin actually started to become demonized!

Apparently, the evil spirit of darkness in the rock dragon lizard resonated with the dark demon seed hidden in Hong Xin's body, which directly led to her demonization.

Hong Xin, who fell into demonization, showed an expression of extreme pain and struggle on his face, obviously trying to maintain a clear consciousness.

"Roar!"

The Rock Dragon Lizard roared, its claws pierced through the air, and slapped Hong Xin hard.

Its claws are covered with dark runes.

Many dark runes are permeated with mysterious evil energy fluctuations. Surrounded by this evil energy, the rock-like thick claws of the geocentric rock dragon actually breed all kinds of weird, rotten and scarlet weird things that are twisting .

boom!

This claw full of darkness and filth hit Hong Xin hard.

Hong Xin was hit hard and fell to the ground in a state of embarrassment. He vomited blood and was seriously injured on the spot.

The blood she spit out was also dark in color, and it was filled with all kinds of filth. Compared with it, even the mud that had rotted for thousands of years in the swamp could be regarded as holy and clean.

Originally, with Hong Xin's cultivation base, she could avoid the attack of the rock dragon lizard, but she was troubled by demonization, but she was powerless to resist.

"Xingkong, rejected me..."
