

## Physician 9031

### Chapter 9031

To be precise, it is not a human being, but some kind of powerful and terrifying demon god. Its body is distorted, as if it was put together from rotting corpses, its head seems to be made of mud, and its skin is like a melted candle. , Every hair, every vellus hair is entwined with an extremely terrifying and mysterious evil spirit.

This mysterious and lonely demon god sat quietly on the roof of the palace.

His appearance is so weird and hideous, even uglier than the ugliest Chaos Demon.

In his hands, he was holding a strangely shaped weapon.

This weapon has a sword at one end and a spear at the other end, both of which are extremely sharp, and that's exactly what Ye Chen wants!

The breath of this demon god also gave Ye Chen a very familiar feeling.

After a little deduction, he immediately discovered the extremely terrifying truth.

This demon god is actually the rock god Tianzun!

To be precise, it is a phantom body created by the remaining will of the Rock God Tianzun.

This fantasy body is not the body of the Rock God Tianzun, but represents a fantasy.

At the peak of Yanshen Tianzun, he not only controlled the power of the earth and rock, but also controlled the power of darkness and death.

You must know that the darkest thing in this world is not the night sky, but the earth!

In the depths of the earth, there is a rich darkness, filth, filth, and decay.

Even the Rock God Tianzun cannot safely control these extreme dark forces.

So, he stripped the darkness out and created Death.

If you don't let go of the darkness, you will definitely be backlashed, tainted with unknown, and become a monster.

The demon god monster Ye Chen sees now is actually the rock god Tianzun in the demonized state.

However, in the past years, Yanshen Tianzun gave up in time, stripped the authority of the god of death from his body, and kept his mind awake, and he was not contaminated by the unknown.

Therefore, the one who is sitting alone on the roof is actually the demonized fantasy body of the rock god Tianzun.

This phantom body is just a little remaining will of the Rock God Tianzun. Although the strength is far inferior to the rock god Tianzun's body, the dark and mysterious aura it emits is enough to make people horrified.

"I didn't expect Fushengjueming to be controlled by this demonized rock god."

Ye Chen's face darkened. Looking at the current situation, if he wants to win the Floating Life, he must first kill the demonized rock god.

The aura emanating from the demonized rock god was extremely formidable and terrifying. If Ye Chen was in his prime, he might be able to fight against it.

But now, he was injured by the ancient god Tuodi, and his internal organs are still being torn and painful. If he is forced to attack, I am afraid that he will not get any benefits.

Besides, Li Jueyun was about to kill him, if Ye Chen fought hard and was finally taken advantage of by him, it would be very bad.

"It's better to heal the wound first."

Ye Chen calmed down, practiced the mustard seed Dharma, turned his body into a mustard seed dust, completely concealed himself, then refined some pills and source jade, combined with the gossip elixir, slowly healed the internal organs internal injury.

It has to be said that the ancient god Tuodi is worthy of being the pinnacle god of the heavenly emperor, even if it is just a trace of will power, it can bring huge damage to Ye Chen.

...

While Ye Chen was healing slowly and waiting for the opportunity, Li Jueyun also figured out most of the cause and effect.

"Hehe, Ye Chen, this kid, got such a big advantage from Hei Prison Crystal, yet he still doesn't leave, he dares to stay, and wants to snatch Floating Life and Destiny from me."

"This kid is really not afraid of death! He has been injured by the ancient god Tuodi, I don't believe that he still has the ability to be an enemy of this holy son!"

Li Jueyun's expression was stern, his face was full of murderous intent, Zhou Guang's blood was fluctuating, and the laws of time were like divine chains, like golden seals, and the light was constantly blooming.

"My lord, the luck of reincarnation is very important. Now that he is injured, why don't you ask the palace master to come out and come down in person to see if he can be killed."

More than a dozen Miluo Palace elders stood behind Li Jueyun with their hands down. One of the elders suggested in a low voice with a respectful expression.

This elder actually wanted to invite Mang Tianluo, the lord of Miluo Palace, to go out and kill Ye Chen himself.

"No, there is no need to bother the Palace Mistress."

"That kid Ye Chen has already been injured by the ancient god Tuodi, and I have a good chance of killing him."

Li Jueyun's eyes were full of self-confidence and arrogance. If it was normal, he would not dare to say that he could kill Ye Chen.

But now, Ye Chen is injured, he has the advantage, and there is really no reason to ask the Palace Master to leave the customs.

"Follow me!"

At the moment, Li Jueyun didn't talk nonsense, and directly took the elders under him, and set off to the location of Fushengjueming.

Slaying monsters all the way, breaking the evil spirit, when Li Jueyun and his party arrived at the location of Fusheng Jueming, an hour had passed.

What caught everyone's eyes was an ancient and mysterious palace.

On the roof of the palace, a solitary and mysterious figure was sitting alone, with his twisted and deformed palm like a branch, and his rotten palm like mud, was rubbing a strange weapon.

It was the demonized rock god, stroking Floating Life and Jue Ming.

The mysterious aura on this demonized rock god is so strong that if it is released to the outside world, it may be enough to corrupt the starry sky.

However, the Floating Life Jue Ming in his hand was still shining sharply, without any appearance of being polluted, it was always bright and clean.

It is conceivable how excellent the quality of this life-threatening weapon is, and even such a strong mysterious evil spirit cannot be corroded.

Chapter 9032

At this time, Ye Chen was quietly healing his wounds in a corner of the palace.

"Li Jueyun, finally here."

Seeing Li Jueyun and his group arrive, Ye Chen's heart moved slightly. He wanted to see how Li Jueyun would deal with this demonized rock god.

It's best to lose both sides, so that he can reap the benefits.

"Ah, what kind of monster is that! So mysterious, so evil!"

Beside Li Jueyun, there was an elder of Miluo Palace, seeing the terrifying figure of the demonized rock god, he was so frightened that his spirit collapsed on the spot, and he screamed crazily.

In Wuwu time and space, the powerful demon gods and monsters all carry a strong mysterious evil spirit, which can affect people's spirits.

If the Dao heart is not stable, it will be frightened insane in an instant.

Li Jueyun frowned when he heard the elder screaming so frantically, flicked his fingers, and shot out a sword of time.

The sword of time pierced into the elder's body, and the elder let out a muffled groan, and immediately aged and decayed at a speed visible to the naked eye, and finally turned into a dry bone without making any sound.

The other elders and strong men around were all terrified when they saw Li Jueyun's fierce methods, and wanted to retreat, but they didn't dare to move, for fear of offending and angering the Holy Son.

"snort."

After Li Jueyun killed the elder, he snorted impatiently.

With the blood of Zhou Guang, he can cast the forbidden time technique anytime and anywhere, making the world barren, everything decaying, and living beings turning into bones.

However, even his Zhouguang bloodline cannot be compared with Ye Chen's reincarnation bloodline, the quality is too different.

"That kid Ye Chen must be here too!"

Li Jueyun's eyes were sharp, looking around, he could vaguely catch Ye Chen's reincarnation breath, but he couldn't pinpoint the position precisely.

He can only be sure that Ye Chen is hiding around, and he is healing!

"Ye Chen, when did you become a shrinking turtle? Get the hell out of here!"

Li Jueyun yelled violently, his palm trembled in the air, and the white energy of the law of time burst out suddenly, bursting into radiant light, sweeping the audience.

Click!

Suddenly, everywhere in the palace collapsed, and smoke and dust billowed.

The demonized rock god was still hugging Floating Life Jue Ming alone, sitting alone on the roof, ignoring and turning a deaf ear to the changes around him.

Since his birth, he seems to have been entrusted with eternal loneliness.

Ye Chen shrunk into a mustard seed, hiding in the dark, no matter how stimulated by Li Jueyun, he would not come out easily, and continued to adjust his breath to heal his injuries.

Seeing Ye Chen's refusal to show up, Li Jueyun faintly guessed his thoughts and said with a sneer:

"Hehe, your Mustard Seed Dharma practice is indeed advanced, and I can't even see where you are hiding."

"You want to hide in a sneaky way, and wait for me and that demon god to beat you to death before you come out to reap the benefits?"

"However, it's useless. My holy son's Zhouguang supernatural power can easily kill that demon god, so just watch!"

Li Jueyun's eyes looked at Floating Life Jue Ming in the hands of the demonized rock god, and a blaze flashed in his eyes.

As long as he got this weapon, he believed that Ye Chen would not be able to bear it anymore and show up.

When the time comes, it will be the time for him to slaughter reincarnation!

"Woo..."

Li Jueyun's voice finally caught the attention of the demonized rock god.

Demonic Rock God's eyes, like will-o'-the-wisp's fire, flickered slightly, staring at Li Jueyun, and uttered an indistinct hoarse voice, full of loneliness and loneliness.

Darkness is always lonely, the ultimate darkness is the ultimate loneliness.

Li Jueyun saw the eyes of the demonized rock god, and heard his cry. He had a sudden insight and knew the true identity of this monster.

"Ah, it's actually the demonized fantasy body of the Rock God Tianzun!"

Li Jueyun was very surprised. He originally thought that the one guarding Floating Life and Jue Ming was just an ordinary and powerful demon god monster, but he never thought that it was actually the demonized fantasy body of the Rock God Tianzun.

The demonized rock god had already been startled by Li Jueyun, and suddenly raised Fushengjueming, and stabbed Li Jueyun wildly with the tip of the spear.

Click!

The ground split open, and countless auras of rock and earth gathered on the tip of the spear, bringing enormous coercion to people.

"Holy Son be careful!"

The elders of Miluo Palace immediately exclaimed when they saw the demonized rock god attacking.

They wanted to help, but they didn't dare at all.

Because, on the body of the demonized rock god, there are countless mysterious evil spirits, sometimes twisted like thousands of poisonous snakes, and sometimes exploded like bloody eyeballs. Ordinary people, let alone fighting with them, will have mental breakdown just by looking at them. Danger of madness.

"Since it is the phantom body of Yanshen Tianzun, then the Holy Son has to deal with it seriously."

"No matter what, that thing definitely belongs to me!"

Li Jueyun's eyes were fixed, and when he saw the demonized rock god approaching with a gun, he didn't panic at all, his hands formed thousands of seals in an instant, and countless laws of time flowed out.

Buzz buzz!

A huge hourglass totem emerged in the void.

The hourglass is crystal clear, showing an extremely pure breath, but the sand inside is not dripping downwards, but is strangely reversed, rushing upwards, and the law of time seems to be completely reversed.

When the hourglass totem appeared, a huge time formation with Li Jueyun as the core burst out in an instant.

Under the cover of this time formation, a strange scene appeared.

I saw the demonized rock god walking in place.

He walked on the spot for a while, then retreated step by step.

Demonized Rock God showed a shocked expression, unable to believe it.

He roared from his throat, holding on to Floating Life, constantly wanting to attack Li Jueyun.

But under the shroud of the time formation, he was still standing still, and even retreated.

"The Holy Son is mighty! What a powerful Zhouguang supernatural power!"

"The Holy Son used the law of time to reset the time on this monster continuously, making it stand still and unable to attack. It's really wonderful!"

"If the lord of reincarnation dares to come out, I'm afraid he will be teased by the Holy Son, hehe..."

The elders of the surrounding Miluo Palace, seeing the scene of the demonized rock god walking in place, were all shocked and praised Li Jueyun's supernatural power.

The supernatural power displayed by Li Jueyun originated from his Zhouguang bloodline, and it has an incomparably mysterious effect of the law of time.

The time formation he set up can reset the time on the enemy, making all his attack methods abolished halfway, and returning to the original point, everything is reset.

Ye Chen hid in the dark and watched the battle, seeing such a mysterious and powerful demonized rock god, who actually met face to face, was played by Li Jueyun, and was shocked.

"This Li Jueyun, the supernatural power of the law of time is really powerful!"

"This method of resetting time is not something ordinary people can use."

Reset time, this is a superb method, it can be called a god.

Chapter 9033

Li Jueyun was able to rebel against the Immortal Emperor with the body of the third-level heaven of the immeasurable realm, precisely because of his supernatural powers of the laws of time and the secret method of Zhouguang, which are extremely mysterious and powerful.

Ye Chen estimated that even if he was himself, facing Li Jueyun's time magic would be very difficult.

"Roar!"

The demonized rock god was played with, and all attack methods were abolished halfway because of the time reset, and they had to recharge to start again.

After so many times, the demonized rock god's brain, which had been eroded by the evil spirit and lost its wisdom, finally felt something was wrong.

"You, don't talk about Wude..."

In the throat of the demonized rock god, a human word came out with difficulty.

boom!

Then, the demonized rock god raised his head, let out a long cry, his eyes became deep, all kinds of evil aura receded, and the sun and moon flowed, and the star river disappeared in his eyes, which was the godlike image of the rock god Tianzun!

He was transformed by the residual will of the Rock God Tianzun. At this moment, he finally showed the power of the Rock God, and his eyes shot out two bright lights. The runes were intertwined and densely packed, running through the surroundings.

Scoff!

The time formation formed by Li Jueyun was broken in an instant, completely unable to withstand the power of the demonized rock god.

Click!

The next moment, the demonized rock god raised his hand, and the earth's rock and soil energy gathered in his hand, and the dragon energy exploded, condensing a rock gun, which was the dragon fighting gun.

"break!"

The demonized rock god came out with a spear, with a fierce power, like the wrath of the supreme god, rebelling against the laws of heaven and earth, and the ten thousand golden waves burst and swept all directions.

Seeing that the demonized rock god finally showed his power, the elders of the Miluo Palace around him were terrified and retreated one after another.

Li Jueyun did not retreat, his expression remained calm, even with a sneer.

"The god of death, the nightmare heavenly slash!"

Li Jueyun sacrificed a sword, and actually performed the death method. The endless dark devil energy gathered, surging like a nightmare, and the sword energy flowed like a waterfall, shattering the void, singing with the gods, blasting down.

This move of Nightmare Heavenly Slash is an extremely powerful death technique. Li Jueyun was born in Miluo Palace, and Miluo Palace believed in Death God, so he also mastered this ultimate move.

Seeing this scene, Ye Chen was a little surprised. He didn't expect that Li Jueyun would go head-to-head with the demonized rock god.

Li Jueyun's Nightmare Demon Sword ruthlessly clashed with the Demonized Rock God's Dragon Dou Spear, the blazing light burst and the amulet shattered.

"Puchi!"

"Puchi!"

Both of them retreated, vomited blood wildly, and both suffered losses.

The demonized rock god was slashed by the endless sword energy, as if he had fallen into a nightmare, all kinds of evil aura boiled on his body, and he let out a scream from his throat, as if falling into an abyss, and his expression was extremely painful.

Li Jueyun's move of Nightmare Heavenly Flow Slash is not only as simple as killing with sword energy, but also carries the majesty of the god of death.

This demonized rock god was only transformed by the insignificant residual will of the rock god Tianzun. Naturally, he couldn't stop the impact of the nightmare of the god of death, and was seriously injured on the spot.

Li Jueyun was also seriously injured, his bones were broken, but an astonishing scene appeared. On his body, the laws of time flowed, and the weather of Zhou Guang Taixu manifested. There was an hourglass sundial, and the scene of the sun, moon and stars floating.

"Zhonguang Divine Art, time reversal, restore it to me!"

Li Jueyun squeezed a hand formula, and his body went back in time. From the state of serious injury, he recovered in an instant, and all injuries were healed.

"Holy Son is mighty!"

The surrounding elders praised and praised Li Jueyun's supernatural power.

It turned out that Li Jueyun dared to confront the demonized rock god head-on because he relied on his own bloodline, even if he was seriously injured, he could turn back time and return to the state before he was injured.

Seeing this, Ye Chen's face suddenly changed, and he was extremely solemn.

"This guy, the bloodline power is so powerful."

Li Jueyun's Zhouguang bloodline is worthy of being one of the top ten powerful bloodlines in the heavens, and the subtle changes in all kinds of magical powers are shocking.

Not only is it as simple as recovering from a serious injury, even the state of death can be reversed.

Ye Chen felt that even if he killed Li Jueyun, the other party could rely on Zhou Guang's bloodline to reverse the time, return to the state before he died, and be resurrected.

In other words, it would be extremely difficult to kill Li Jueyun completely. His bloodline must be cut off first, otherwise, time would flow backwards on his body, and he would be resurrected no matter how many times he died.

Seeing Li Jueyun recovering, the Demonic Rock God was also stunned and lost in thought.

"Eternal years, the long sky, the vicissitudes of life, and the rotten light of the universe!"

Li Jueyun uttered a huge chant, waved his hands, and the bright time surged like a sea tide, forming a great universe of light, suppress it.

This great world of Zhouguang is shrouded in the demonized rock god.

In an instant, the time on the demonized rock god was sped up strangely, superimposing the ages and countless epochs at once.

The wear and tear of the ages is enough to turn the sea into mulberry fields and rocks into dust.

Under the severe injury of the demonized rock god, Li Jueyun could not stop Li Jueyun's time erosion method.

His whole body creaked, and under the erosion of Li Jueyun's years, his body quickly cracked, collapsed, aged, and finally turned into a pile of gravel and dust, and then died.

The Floating Life Jue Ming fell to the ground with a bang.

From Li Jueyun's attack to the death of the demonized rock god, everything happened between lightning and flint.

Li Jueyun didn't expend much effort to kill the demonized rock god, and the time supernatural power displayed was simply unbelievable and powerful.

Chapter 9034

In fact, in terms of combat effectiveness, Li Jueyun can't overwhelm the demonized rock god. Even if he breaks out at the peak, he can only lose to the demonized rock god at best.

However, his Zhouguang bloodline is too powerful, and the changes are too subtle.

After he was seriously injured, he could turn back time and return to the way he was before he was injured.

He can use the supernatural power of Zhouguang to speed up the time on the demonized rock god, making him decay and die.

With the help of Zhou Guang's blood, Li Jueyun killed the demonized rock god with ease.

Ye Chen witnessed the whole process, and deeply felt the power of Li Jueyun's blood.

"Hehe, Ye Chen, if you don't get out, this weapon will be mine."

Li Jueyun sneered and killed the demonized rock god, he was full of confidence.

With a grasp of the palm of his hand, he was about to grab Fushengjueming.

"stop!"

Seeing this, Ye Chen naturally couldn't hide any longer, and immediately appeared, the Samsara Heavenly Sword was sacrificed, and a golden sword light seemed to cut through the sky, and slashed towards Li Jueyun.

Ye Chen's sword has a strong reincarnation pressure on it, and it has a certain suppression effect on Li Jueyun's Zhouguang bloodline.

If Li Jueyun was hit by the sword, even if he had the blood of Zhou Guang, he would not be able to recover from his injuries so easily as he did when he faced the demonized rock god just now.

"You boy, finally come out."

Seeing that Ye Chen finally appeared, Li Jueyun smiled coldly, swung his sword to meet each other, and with a bang, blocked Ye Chen's Samsara Heavenly Sword, Floating Life and Jue Ming fell to the ground again.

With a glance at Ye Chen, he knew that if he wanted to win Floating Life and Jue Ming, he had to defeat Li Jueyun first.

Li Jueyun had the same thoughts in his heart, he was not in a hurry to snatch it, he just wanted to kill Ye Chen.

Ye Chen stood still and confronted Li Jueyun, feeling faint pressure.

His internal injuries have not yet healed, and now he is suppressing the injuries in his body first, and going out forcibly.

Li Jueyun noticed that Ye Chen was in a bad state, smiled and said, "Did you disappoint me? It didn't take much effort for me to demonize the rock god, but you were injured, how could you fight me? "

While speaking, Li Jueyun waved his hand, and more than a dozen Miluo Palace elders surrounded him, forming a faint formation, surrounding Ye Chen in the center.

"Since I dare to show up, I want to fight you to the death!"

"I want to see if your Zhouguang bloodline is stronger, or my Samsara bloodline is stronger."

Ye Chen grinned, showing a ferocious expression like a beast. The blood of reincarnation was running. First, the Heavenly Thunder God Vessel was activated. Thunder and lightning flashed out of his body like dragons and snakes, with radiant light.

Ye Chen never wanted to be exposed, he just didn't want to have a decisive battle with Li Jueyun, because he was not sure of winning.

But now that he has shown up, there is nothing to talk about, just a fight to the death.

Feeling Ye Chen's sharp fighting spirit, the smile on Li Jueyun's face became a little stiff.

Because he discovered that when Ye Chen's reincarnation bloodline was blooming, his Zhouguang bloodline shrank for a while, and was actually suppressed.

"Wuji world, open the sky with every inch of strength!"

Ye Chen took the lead, without the slightest fancy, just a pure punch, punching through the air.

This punch is the pinnacle of the Martial Ancestor's Taoism, with the brilliant runes of the Wuji Taoist script shining on it.

With the help of the Wuji Dao book and the power of the blood of reincarnation, Ye Chen swung this punch extremely fiercely, smashing mountains and seas, and the fist smashed the sky and destroyed the earth, smashing at Li Jueyun.

He knew that Li Jueyun had the blood of Zhou Guang, and after being injured, he could turn back time and restore it to its original state.

Therefore, he poured the power of Samsara's bloodline into his fist, which was enough to slightly suppress Li Jueyun's bloodline, making it impossible for him to heal instantly even if he was injured.

"Damn it!"

Li Jueyun felt the ferocity of Ye Chen's punch, but he didn't dare to touch it head-on.

Ye Chen's real combat power is already comparable to that of the Immortal Emperor, extremely terrifying and powerful, and unbelievably powerful.

Li Jueyun would never be able to touch it head-on, and he would be crushed if he touched it head-on.

"Zhou Guang Tongtian, time ruins, block it for me!"

Seeing the ferocity of Ye Chen's fist, Li Jueyun took two steps back and repeatedly squeezed the formula. Zhou Guang's blood flowed to the extreme, a void universe enveloped the four directions, and countless laws of time flowed like a golden waterfall.

Then, in this big universe, the endless years and endless time were all turned into ruins, and a piece of ancient ruins appeared in front of Ye Chen.

Those are the ruins of time, the dead years.

Ye Chen's fist crashed into the ruins of time, and suddenly it seemed to be blocked by an extremely sticky thing. The fierce fist became soft, and even his body seemed to be frozen, unable to move forward half a step.

Ye Chen knew that he had crashed into the ruins of time, and the time on his body would be stopped, which was equivalent to being immobilized.

"kill him!"

Li Jueyun shouted violently, at this time Ye Chen crashed into his time ruins, his body stiffened, it was a good time for him to fight back.

As Li Jueyun shouted violently, the elders of the Miluo Palace around him immediately unleashed swords and magic weapons, their immeasurable aura shocked the sky, and their divine light was like a surging wave, blasting towards Ye Chen.

Ye Chen wanted to move his body, but his body was trapped in the ruins of time, making it difficult for him to move.

Moreover, the injuries in his body couldn't be suppressed, he kept churning, tearing the viscera, tendons and bones, which was quite tormenting.

"Tianjun Fengshen Monument, block it for me!"

Ye Chen was in a dangerous situation, and he was not chaotic in the face of danger, so he sacrificed the stele of the god of heaven first.

Chapter 9035

hum!

The Heavenly Monarch's Conferred God Monument is radiant, and the white sky shines brightly, guarding Ye Chen, and blocking all the attacks of the surrounding elders of the Miluo Palace.

"Samsara Heavenly Sword, smash time, break it for me!"

Ye Chen stabilized his position, and in the next moment, regardless of consumption, he burned the blood of Samsara, boiling blood all over his body, and poured it into the Samsara Heavenly Sword.

The reincarnation sky sword was radiant, and the sword energy exploded, shattering the ruins of time, and all the suppression of time and space light around it was also broken.

Ye Chen's body regained his freedom, his left fist exploded, and he continued to attack Li Jueyun.

At this time, Ye Chen's reincarnation blood was burning, and his divine power was very fierce.

Of course, his own consumption is also very huge.

He knew that if he wanted to defeat Li Jueyun, he had to pay a price, so he didn't care.

Li Jueyun just took advantage of the ruins of time to drag Ye Chen back, but now he was calm and dodged away.

There were two elders of Miluo Palace who came to protect him and sacrificed magic weapons, trying to block Ye Chen's fist.

boom!

Ye Chen's fist was fierce, and with just one blow, the two elders, including their magic weapons, were smashed to pieces, causing blood and flesh to splatter all over the sky.

Everyone was terrified when they saw this scene.

Ye Chen's cultivation was only at the fifth level of the Profound Sky Realm, but the power he erupted was like that of an immortal emperor. His power was vast, and his power was shocking and earth-shattering.

"Stop him for me and buy time, this Holy Son is going to use his ultimate move."

Li Jueyun's eyes showed a look of incomparable fear, and he deeply felt Ye Chen's power. If he wanted to win, he had to use the ultimate killer move.

He retreated a certain distance, Zhou Guang's blood was burning, and a glorious kingdom of time and a vast atmosphere slowly emerged from above his head.

It is a paradise of time full of the laws of time. In this paradise, everyone can perfectly control their own time, and can switch forms at will between birth and old age, and experience the vicissitudes of life in the world of mortals.

Countless believers in time chanted, praising Li Jueyun's greatness, and respecting Li Jueyun as the master of time and the god of Zhouguang.

That is the grand atmosphere contained in Zhouguang's bloodline itself, which can create a heaven of time and create a kingdom of time, transcending the world.

Li Jueyun's eyes were slightly closed, and he chanted an ancient and obscure incantation. All kinds of auras of the Dao of Time were added to his body, and it seemed that there was some terrifying ultimate move brewing.

Ye Chen's eyes froze, knowing that if Li Jueyun used his trick, he would be in danger.

"Longteng Fate Star, Dragon Dou's Spear, break it for me!"

Ye Chen suddenly turned on the Dragon Fate Star, the radiant divine light exploded, and the ancient blood dragon soared up, shining like the sun, surrounded by turbulent rock and soil atmosphere, and behind him, an ancient battle spear condensed, it was the dragon fighting spirit. gun.

Dragon Dou's Spear is the pinnacle of Yanshin Taoism.

This place is exactly the place where the remaining will of the Rock God Tianzun is the strongest in the underground.

Here, the power of Ye Chen's Dragon Fighting Spear can be greatly improved.

Moreover, his Dragon Fate star was activated, and the Dragon Dou's spear was covered with layers of reincarnation runes, flowing like a galaxy, which was extremely spectacular.

Scoff!

Long Dou's Spear crushed the void, and with a terrifying sharp edge, it stabbed at Li Jueyun.

"Protect the Holy Son!"

The elders of the surrounding Miluo Palace deeply felt that Ye Chen was powerful, but at this juncture, they must not shrink back. Even if they died, they must stop Ye Chen and buy time for Li Jueyun to cast spells.

Even if they are dead, Li Jueyun will prove that there is nothing in the future, and he will be in charge of the law of peak time, and it is possible to reverse the long river of time and bring them back to life.

But if Li Jueyun died, it would be completely over.

All the elders were burning with energy and blood, and their vitality was crazily consumed. They all had the determination to protect Li Jueyun.

Their immeasurable aura gathered together to form a barrier like thousands of crystal walls, to resist Ye Chen's Dragon Fighting Spear.

Click!

With Ye Chen's Longteng Fate Star activated, the Dragon Dou's spear was like a broken bamboo, crushing all the layers of barriers.

Many elders were terrified, they never expected Ye Chen to be so powerful, so ferocious, he was like a god.

In desperation, all the elders of Miluo Palace present could only use their bodies to forcibly resist Ye Chen's Dragon Fighting Spear.

Puchi!

An elder stepped forward, his body pierced by the Dragon Dou's spear, and blood spattered.

Then, the second elder, the third, the fourth...

More than a dozen elders present, one after another, desperately resisted Ye Chen.

This scene was extremely tragic, bloody and tragic.

Ye Chen's Dragon Fighting Spear is extremely sharp and fierce, whoever dares to come out to resist will be pierced and killed.

In an instant, more than a dozen Miluo Palace elders were all dead.

And they risked their lives to finally reduce the power of Ye Chen's Dragon Fighting Spear.

"cough....."

Ye Chen coughed, and his face turned pale.

He was suppressing the injuries in his body and forced to fight, but now he can't bear it.

He didn't expect that those Miluo Palace elders were so vicious that they sacrificed all of them to buy time for Li Jueyun.

At this moment, Li Jueyun finally finished singing, and the vast and bright light of time turned into rounds of stars, sun and moon, floating in the sky, which was extremely spectacular.

"Ye Chen, you dare to kill so many people in Miluo Palace, I want you to die! I want you to pay for it with your life!"

"Your Excellency Death, respond to me! Give me the power of darkness and death!"

Li Jueyun opened his arms and roared towards the sky.

Rumble!

Chapter 9036

Time reversed, the void split open, and the infinite dark breath roared out, carrying the coercion of the emperor and god.

A pitch-black, terrifying, mysterious, and extremely deep phantom emerged from the void, holding a huge scythe soaked in blood.

It turned out to be the phantom of the legendary Death God Sea King Demon Venerable!

At this moment, Li Jueyun actually summoned the god of death to merge with him.

The phantom of the god of death gradually merged into Li Jueyun's body, his clothes turned into a black robe, a huge scythe emerged in his hand, his eyes were full of death intent, as if he wanted to slaughter all living things in the world.

Summoning the god of death, the general believer of the god of death, if enough sacrifices are prepared, can also be done.

But because the Death God Sea King Demon Venerable was sealed under the Heavenly Demon Star Sea, even if he was summoned, his power would be extremely limited.

But at this moment, the god of death summoned by Li Jueyun was extremely powerful. After merging with him, his cultivation level rushed forward, his bones creaked, and he suddenly soared to the late stage of the immeasurable state. fear.

"not good!"

Ye Chen's pupils contracted, feeling Li Jueyun's terrifying aura, and suddenly felt a shocking crisis.

It turned out that Li Jueyun had just burned Zhouguang's bloodline to reverse time and summon the god of death in the most peak state.

Today's God of Death is sealed in the Omen Star Sea, even if he summons his will to descend, it will not be too powerful to fight against Ye Chen.

After all, this is the real world. After the will of the gods comes, the power will be greatly reduced.

However, Li Jueyun reversed the time. The god of death he summoned was not the god of death now, but the god of death in the past. It was the will of the god of death that had not been sealed in the peak state!

"Boy, I know you are the Lord of Reincarnation, you are very powerful."

"But, no matter how powerful you are, can you be stronger than the Lord God?"

"I summoned the Lord God of Heaven to join me, you must die today!"

Li Jueyun showed a stern expression. He, who has merged with the will of the god of death, seems to be the master of darkness and death now. Holding a huge blood-colored sickle, he swung it through the air and killed Xiang Ye Chen's body.

Ye Chen's heart was shaken, and he felt that Li Jueyun's aura was terrifying, like a god of death.

However, after a brief shock, Ye Chenfu saw the way to break the situation.

"So what if you are the god of death? The so-called god of death is just the godhead stripped from the rock god Tianzun."

"I'll let you see it today, the Rock God Tianzun is amazing!"

"Jin Zhang Divine Seal, suppress it for me!"

Ye Chen shouted violently, and suddenly sacrificed a seal.

On that seal, the Jinzhang rune flashed, and the light of the Rock God Emperor exploded, and as soon as it emerged, there were all the heavens, sun, moon and stars surrounding it, and thousands of golden waves surged, presenting an incomparably spectacular scene.

That is the seal of Jin Zhang, the magic weapon of the former rock god Tianzun!

This Jinzhang Divine Seal is the ancestor of the Rock God, which has been immortal for thousands of years, and is still blooming with incomparably bright brilliance today.

For Ye Chen, this Jinzhang God Seal is also a huge hole card, very powerful.

As soon as he summoned the Jinzhang Divine Seal, he felt his spiritual energy being consumed rapidly, his meridians were torn apart, and his bones creaked, as if they were about to burst.

However, Ye Chen gritted his teeth and held back, regardless of his physical condition, he urged Jin Zhang's divine seal to suppress Li Jueyun fiercely.

"What, you kid, you still have the Ancestral Rock Artifact!"

Seeing this, Li Jueyun was immediately horrified.

The Ancestral Artifact of the Rock God can restrain the existence of the God of Death.

After all, in the beginning, the god of death was just a subordinate of the rock god Tianzun.

clang!

Li Jueyun swung the bloody sickle and chopped it at Ye Chen's Jin Zhang divine seal.

The two collided, and there was a huge sound.

The evil spirit of darkness and death, as well as the light of the rock god Jinzhang Emperor, shone fiercely and tore apart, soaring into the sky, shaking the surrounding world.

Both Ye Chen and Li Jueyun felt their palms vibrating, and their blood was churning.

However, neither of them flinched, they shot like fearless, attacking each other frantically.

The fierce fighting weather caused the underground palace to be flattened and turned into ruins.

Even, the shocking fighting spirit of the two broke through the underground world, piercing the surface and the ground, and the endless fighting blood rushed to the sky, which was extremely spectacular.

Just above the surface is the main hall of the Miro Palace branch.

The disciples in the branch of Miluo Palace were all terrified when they witnessed the shocking duel between Ye Chen and Li Jueyun.

"Zhouguang Great World, suppress it for me!"

Li Jueyun saw the terrifying power of Ye Chen's Jinzhang God Seal, and he burned his blood crazily regardless of his own consumption.

A magnificent time heaven emerged from the top of Li Jueyun's head.

In the kingdom of heaven, all kinds of laws of time are intertwined like a net, but each of the laws of time is a dark color, mixed with the evil spirit of the god of death, which is extremely terrifying.

Rumble!

Li Jueyun swung the bloody sickle again, slashing at Ye Chen extremely fiercely, and the Zhouguang Heavenly Kingdom above his head also screamed and suppressed it.

"Emperor Jinzhang Sword, break!"

Ye Chen is still urging the seal of Jinzhang, and the seal blooms thousands of golden lights, rushing up against the sky, and the golden lights turn into emperor swords, with the killing power of the supreme emperor, like the tide like the sea Like swept out.

Scoff!

Emperor Jinzhang's mighty swordsman slashed before Li Jueyun.

Ding ding ding!

Li Jueyun swung his sickle and blocked all the divine lights of the Emperor Sword.

Chapter 9037

With his blood burning, his strength has been greatly improved, and he is fearless even in the face of the ancestor artifacts of the rock gods such as the Jinzhang Divine Seal.

boom!

At the same time, Li Jueyun's Zhouguang Heavenly Kingdom crashed down.

The coercion of countless laws of time, mixed with the evil spirit of death, blasted onto Ye Chen's body in an instant.

Ye Chen only felt an unmatched pressure coming towards him, but he didn't panic, the reincarnation blood poured in, urged the Tianjun Conferred God Monument, and firmly guarded himself.

Under the guardianship of the Tianjun Fengshen Monument, Ye Chen's body is as stable as a mountain, and has not been eroded by any law of time or the evil spirit of death.

The protective effect of the Tianjun Conferring God Monument is very powerful. Even Li Jueyun's secret time method and the will of the god of death summoned by him can be defended.

"Damn it, Tianjun Fengshen Monument?"

Li Jueyun's face trembled, he did not expect that the protective effect of the Tianjun Fengshen Monument would be so powerful.

He burned the blood of Zhou Guang, reversed the time, and summoned the will of the god of death in the peak state to descend. With the addition of all kinds of magic, even ordinary immortal emperors would be beheaded by him.

But facing Ye Chen, he was a little helpless.

Ye Chen's samsara blood is strong, driven by the samsara blood, the protective effect of the Tianjun Conferring God Monument is simply terrifying to the point of indescribable, even the immortal emperor can't shake it.

Ye Chen also has Jin Zhang Shenyin, the ancestor of the rock god, and Li Jueyun couldn't be arrogant in front of him.

However, it is not easy for Ye Chen to defeat Li Jueyun.

Li Jueyun merged with the will of the god of death, just like the god of death. Although he couldn't suppress Ye Chen, Ye Chen couldn't suppress him either.

The two were evenly matched, and the battle was at a stalemate.

The disciples of Mi Luo Palace did not dare to approach. Seeing Ye Chen's fierce momentum, someone sent a message to the headquarters of Mi Luo Yinyu.

Ye Chen was not worried that someone would come from Miluo Palace headquarters, on the contrary, he was worried that the Demon Ancestor Wutian.

In the dark, Ye Chen caught a huge crisis.

Demon Ancestor Wutian is likely to come soon!

Demon Ancestor Wutian also wanted to snatch that life and death, so it was impossible to give up easily.

After all, this weapon has a huge restraint effect on his golden blood.

If Mozu Wutian came, then Ye Chen would be in danger.

"Boy, quick battle and quick decision, Mozu Wutian is coming soon, don't you feel it?"

In the cemetery of reincarnation, Venerable Fahua saw that Ye Chen and Li Jueyun were in a stalemate, unable to solve each other, and suddenly became anxious.

"Forget it, quickly borrow my strength, quickly defeat this Li Jueyun, and then take Fushengjueming and leave."

Venerable Fahua suggested.

Ye Chen's heart moved when he heard Venerable Fahua's words.

He didn't want to rely too much on the power of the reincarnation cemetery, but at this moment, the situation was very chaotic and dangerous, and it was a last resort.

"Senior, I will trouble you then."

Ye Chen nodded, agreeing to borrow the power of Venerable Fahua.

"Okay, hahaha, your Dharma, combined with my Immortal Emperor's cultivation, is invincible in the world!"

Venerable Fahua laughed, and his soul immediately merged with Ye Chen.

Ye Chen has already comprehended the Lotus Flower of the Wonderful Dharma, and his Dharma practice is even higher than that of Venerable Fahua.

boom!

Venerable Fahua's soul merged into his body, and Ye Chen instantly felt that his aura soared wildly, and Buddha lights exploded all over his body, surging like a tide, surging golden waves, and auspicious clouds.

"Um?"

Li Jueyun, who was fighting fiercely with Ye Chen, suddenly felt Ye Chen's soaring aura, and his face changed wildly.

"Why did your aura suddenly become so powerful?"

Li Jueyun backed away in horror, and looked at Ye Chen with incredible eyes.

"Li Jueyun, I want you to die!"

"Buddha Sutra, Wonderful Lotus Flower!"

Ye Chen's eyes were sharp, without any nonsense, he immediately gathered the Buddha's light, and transformed into a huge seven-color lotus platform in the sky.

This seven-color lotus platform is so huge that even the sky seems to be unable to hold it. Countless radiant Buddha lights permeate the sky, bursting out golden dragons and phoenixes, lions and kui oxen, Buddhas and Bodhisattvas, and various arhats.

On the lotus platform, there are all kinds of totems, the fragrance of the treasure house, the strict Danta, the light of Buddhism, the auspicious red clouds, etc., dancing the sky light, it is very spectacular.

Rumble!

With a wave of Ye Chen's hand, the huge seven-color lotus platform that covered the sky came down fiercely with the majestic power of Buddhism.

With the help of Venerable Fahua, Ye Chen's seven-color lotus platform is terrifyingly powerful enough to crush high-level immortal emperors, shatter billions of universes, and present an immeasurable atmosphere.

Before the lotus platform was pressed down, the world of Hades was collapsing everywhere.

The entire palace of the Miro Palace branch was also destroyed in an instant.

The huge palace suddenly collapsed and turned into ashes. I don't know how many warriors were crushed to death, like ants, completely unable to stop Ye Chen's power.

"This kid is crazy."

Li Jueyun was horrified, the power that Ye Chen erupted was completely beyond his expectation, it was too powerful.

The seven-color lotus platform slowly descending from the sky seems to be slow, but in fact it is just an illusion compared with its huge size.

Such a ferocious Buddhist lotus platform supernatural power can crush high-ranking immortal emperors, and Li Jueyun also feels deeply in danger.

Even if he has the blood of Zhou Guang, he might be crushed by Ye Chen.

"Zhouguang Avenue, time stops! Stop it for me!"

Li Jueyun yelled violently, pinched the formula with his fingers, and the law of time on his body glowed, and then the time in the surrounding environment came to a standstill.

Chapter 9038

Ye Chen's seven-color lotus platform fell down and fell into the space where time stopped, and it also froze instantly, as if under some spell, and remained motionless.

"Hey, time stopped?"

Seeing this scene, Ye Chen was surprised.

Li Jueyun's control over the law of time is indeed incomparably subtle, and he can actually stop time for one party.

When time stopped, no weapon, magic weapon, or supernatural power could harm Li Jueyun.

Because time has stopped, all means of attack and killing have also stopped.

"Hmph, your time-stop method can't stop me!"

Ye Chen's eyes were sharp, he bit his fingertips, and the samsara blood spurted out, pouring it on the seven-color lotus platform like capital.

The seven-color lotus platform, infused with Ye Chen's reincarnation blood, seemed to become a reality in an instant, buzzing, and violently vibrated, and the ten thousand Buddha lights burst, crushing all the time laws arranged by Li Jueyun, and finally ruthlessly It hit Li Jueyun hard.

"Master Holy Son!"

The disciples of the Miluo Palace in the distance saw Li Jueyun being bombarded, and they were frightened out of their wits. They were afraid that he would be crushed to death by Ye Chen.

The seven-color lotus platform exploded, the infinite Buddha light surged, the red lotus karmic fire flowed out like magma, burning everything, all kinds of phenomena floated, and even the kingdom of reincarnation appeared faintly. All the power, all the lethality, and all the raging fire poured into Li On Jueyun's body, the sky exploded, the law shattered, and smoke and dust billowed.

"do you died?"

Ye Chen stared at the cloud of smoke and dust. He borrowed the power of the Venerable Fahua for this trick of the lotus flower, and burned the essence of reincarnation himself, which was extremely costly.

Now, Ye Chen's face is completely pale, and his spiritual energy is very consumed. The injury caused by the ancient god Tuodi before can't be suppressed anymore, and the meridians are constantly being torn, causing abnormal pain.

Under Ye Chen's condensed gaze, the cloud of smoke and dust in front of him slowly dissipated, revealing Li Jueyun's figure.

"Not dead yet?"

Ye Chen's eyes tightened, and he saw that Li Jueyun was still standing, not lying down.

Li Jueyun was out of breath, covered in scars and blood all over his body, and his injuries were very serious, but he was only injured, and was not killed by Ye Chen.

"That's impossible. Why isn't this guy dead yet? If I join forces with you, we should be able to cut off his bloodline and not give him any chance to come back."

When Venerable Fahua saw that Li Jueyun was still alive, he couldn't help shouting, he was also surprised.

He and Ye Chen joined forces to strike very fiercely. Logically speaking, even if Li Jueyun had the blood of Zhou Guang, he couldn't resist it.

Zhouguang's bloodline is very strong, but Li Jueyun's cultivation base is only the third level of the Infinite Realm, so it is impossible to exert the full power of this bloodline.

Ye Chen's blow just now could crush even a high-level immortal emperor, and it was enough to shatter the blood power in Li Jueyun's body.

But unfortunately, Li Jueyun is not dead, he is still alive.

"Boy, you want to kill me, but your strength is not enough, hehe, have you exhausted all your spiritual energy?"

Li Jueyun wiped the blood from the corner of his mouth, sneered, and time laws emerged from his body.

The bloody sickle in his hand slowly dissipated into smoke, and all the aura of the god of death's will on his body also dissipated.

"It's the guardian of death."

Ye Chen glanced over a glimmer of gloom, and he could see it.

It turned out that Li Jueyun blocked his shocking blow with the protection of the god of death.

I saw Li Jueyun operating the law of time, turning back time on his body, and slowly returning to the state before he was injured.

But Ye Chen, after performing such a violent attack, his aura was severely consumed, and his whole body was tired and achy.

"Run, kid, you're finished!"

Venerable Fahua yelled and urged Ye Chen to run away.

Ye Chen couldn't kill Li Jueyun with one blow, and his spiritual energy was almost exhausted. If he continued to fight, it would be very dangerous.

"Now it's my turn."

The corner of Li Jueyun's mouth showed a sinister smile, and his injury had not fully recovered. Even his Zhouguang supernatural power couldn't make up for the injury Ye Chen caused him just now.

However, his current state is much better than Ye Chen.

hum!

Li Jueyun grasped it with the palm of his hand, and the floating life in the depths of the ground flew towards him with a buzzing sound, and landed in his palm.

Holding Fushengjueming, he twisted and dismantled it from the middle, and disassembled it into two weapons, one is a short spear and the other is a sword, both of which are extremely sharp.

With a gun in his left hand and a sword in his right, Li Jueyun strode forward, the tip of the gun and the blade of the sword shot out, pointing directly at Ye Chen.

Ye Chen's face darkened, and he was ready to fight desperately.

But at this time, above the sky, the devilish energy was billowing, and the dark breath swept across.

A figure as majestic as a god, blooming bone lotus, filled with all kinds of magic runes, descended from the sky.

It turned out to be Demon Ancestor Wutian!

"Li Jueyun, this Floating Life and Destiny is my weapon, but it's not your turn to wield it."

As soon as Demon Ancestor Wutian arrived, he looked at Li Jueyun with a stern look in his eyes, and his palm trembled in the air.

Li Jueyun's injuries had not recovered, he was invincible, he hurriedly retreated, and the sword and spear in both hands fell down.

Demon Ancestor Wutian snorted, grabbed the sword with his big hand, and combined it with a click.

After merging, Fushengjueming made a huge buzzing sound and kept shaking, as if it was resisting Mozu Wutian, struggling to fly out.

"How dare you resist me with a small weapon?"

Demon Ancestor Wutian's face sank, he grabbed the blade with his left hand, pulled it slowly, cut his palm, and poured blood onto the blade of Floating Life and Jue Ming, wanting to recognize the master with a drop of blood.

Under the infusion of the blood of Demon Ancestor Wutian, Fushengjueming sent out a bigger buzzing vibration, desperately resisting.

But the blood of Mozu Wutian desperately wanted to infiltrate, and the two fell into confrontation.

"Mozu Wutian, why are you here?"

When Li Jueyun saw Mozu Wutian coming, he was very afraid. He was injured at this time, but he was not Mozu Wutian's opponent.

"Hehe, you Miluo Palace, you want to hide from me to find Floating Life and Jue Ming, and then use it to threaten me. If I don't come, will I be suppressed by you?"

Demon Ancestor Wutian sneered, although Li Jueyun recruited Taoist protectors and said that he would go underground to hunt for treasures, but he did not explain the truth about life and death.

However, under the touch of a heavenly secret, the Demon Ancestor Wutian also figured it out, and descended immediately.

He absolutely does not allow it to fall into the hands of others.

He wants to handle this weapon himself!

Li Jueyun knew he was wrong, so he said: "Forget it, since you have broken the secret, then I have nothing to say."

"Hehe, but even if there is no Floating Life and Destiny, I, the Miluo Palace and the Death God Sect, can still beat you."

"There will be no new God of Death, and the authority of God of Death will always belong to the Demon King of the Sea!"

Miluo Palace believes in the previous god of death, and Li Jueyun also believes in the same belief, and wants to revive the previous god of death.

Chapter 9039

Their Miluo Palace has been enshrining the God of Death for many years. If the God of Death revives, they will be able to give great blessings and great benefits.

Demon Ancestor Wutian sneered, "Then let's wait and see."

Then, he looked at Ye Chen with a murderous intent in his eyes.

Li Jueyun said: "Then it's up to you to kill this kid, hehe, no matter how much we fight for each other, reincarnation must be eliminated!"

Miro Palace supports the Reaper Cult and competes with Demon Ancestor Wutian for the Reaper's power, and the two families must fight.

But before the decisive battle.

The reincarnation camp must be out, this is the consensus of the two.

laugh!

Demon Ancestor Wutian turned Floating Life and Jue Ming, and then used the tip of the sword to stab Ye Chen through the air.

The billowing demonic energy was poured into the Jueming Sword, which burst out with vast demonic power, but also let out bursts of mournful and unyielding sword cries, trembling uncontrollably.

The whole Floating Life and Jue Ming is fiercely resisting Mozu Wutian, unwilling to be controlled by him.

However, Demon Ancestor Wutian forcibly suppressed this weapon with the will of an immortal emperor, and raised his sword to stab Ye Chen's heart.

He knew that if this weapon could not be suppressed, it would hurt him back.

Ye Chen had already exhausted his spiritual energy at this time, and when he saw the Demon Ancestor Wutian stabbing him with his sword, he hurriedly withdrew and flew back to dodge, looking a bit embarrassed.

"Hehe, the majestic master of reincarnation is actually in such a mess. Now that your aura is exhausted, you can't use the seven stars of reincarnation, right?"

"If I kill you like this, the victory is useless."

"However, if you win without fighting, you will be killed. You are really a serious problem in my confidant, and the most I can do is give you a happy ending!"

Demon Ancestor Wutian saw that Ye Chen was completely unable to fight back, he was happy and pitiful in his heart, the energy of the Heavenly Demon Star Sea gathered, and the blade of Floating Life and Destiny erupted with thick dark power and dazzling runes, wanting to kill Ye Chen in one fell swoop .

Ye Chen's expression changed wildly. Mozu Wutian was right, he was indeed in a bad state, and he couldn't even use the Seven Stars of Reincarnation.

Wanting to fight against the Demon Ancestor Wutian, Ye Chen had no choice but to summon the Scorching Sun Star.

However, in his current state, if he summoned the Lie Sun Fate Star, he might not be able to bear the pressure, and would be the first to collapse and perish.

"A green lotus supporting the sky, the green lotus clone, come out!"

At the juncture of life and death, Ye Chen's head was running at high speed, constantly calculating the way to break the situation, and then suddenly summoned Qinglian's avatar from the cemetery of reincarnation.

Crash!

In the void, a vast atmosphere erupted.

I saw a green lotus totem emerge, with the aura of breaking through the chaos and opening up the sky, and the endless divine light surged, the celestial light was gushing, and the sky was full of auspicious clouds.

That is the appearance of the Creation Qinglian in the legend!

Ye Chen's Qinglian avatar emerged from the atmosphere of the creation of Qinglian.

"Qinglian casting holy method?"

Seeing this, Demon Ancestor Wutian's expression changed slightly, and he couldn't help but retreat a certain distance under the shock of the atmosphere of Chuangshi Qinglian.

Ye Chen's Qinglian avatar has absorbed a large amount of energy from the black prison Shalan before, and its quality and power have been greatly improved. When it is summoned at this moment, it manifests the atmosphere of the creation Qinglian.

This means that Ye Chenqinglian's practice of casting the holy law is quite promising.

The physique of this Qinglian avatar is also a special Qinglian sacred body, which is almost comparable to Ye Chen's reincarnation body, and is extremely powerful.

The strength of Qinglian's avatar is also 40% of Ye Chen's level, and it can display many supernatural powers.

Ye Chen separated a ray of consciousness and poured it into Qinglian's avatar.

Crash!

The Qinglian avatar opened its eyes, its black hair fluttered, and two golden lights shot out from its eyes, as bright as the sun, unparalleled in brilliance.

"Wutian, it's not that easy for you to kill me!"

"Scorching sun and life star, come down to me!"

Ye Chen's spiritual consciousness plunged into Qinglian's avatar, and he suddenly felt refreshed and extremely happy.

This avatar is currently not injured, and its condition is still perfect.

With a loud shout, he directly resonated with the reincarnation blood of the main body, and summoned the scorching sun and life star.

His main body is not in good condition and cannot summon the scorching sun star, but he can summon it with the help of his avatar.

Rumble!

The vast void, the ten directions of the universe, the explosion of samsara, the vast golden light covering the sky, bursting out with a thunderous loud noise, and it was like the gods singing in the sky.

A round of golden sun, more brilliant than the golden wheel of the emperor of heaven, slowly emerged from the sky, bringing with it a terrifying storm of flames.

That is the atmosphere of the Seven Stars of Reincarnation, the Scorching Sun and Fate Star!

As soon as the scorching sun star came out, time and space trembled, the world trembled, and the bright golden light of the scorching sun penetrated all around. There were tens of thousands of golden lights, each of which had the terrifying power of crushing and killing.

With the appearance of Ye Chen's scorching sun and destiny star, the entire underworld world was shattered all of a sudden, the veins of the earth cracked into ruins, and pieces of rocks were suspended.

Even in the forbidden area of purgatory, the surviving Yanshen tribe clearly felt Ye Chen's power and terror.

The people of the Yanshen tribe stared blankly at the figure of Ye Chen in the distance.

The world of Hades was completely destroyed. This is a place guarded by the will of the Rock God Tianzun.

Back then, Li Jueyun led countless masters of the Miluo Palace to bloodbath the Underworld, but they failed to shatter this world.

But Ye Chen, as soon as the scorching sun and stars came out, the world of Hades would be completely shattered.

Even the will guarding behind the rock god Tianzun can't stop Ye Chen's supernatural power.

The terror of the reincarnation bloodline and the terror of the scorching sun and fate star can be seen.

"Damn it, it's Qinglian's avatar!"

Demon Ancestor Wutian was shocked when he saw this.

Chapter 9040

He didn't expect that Ye Chen actually summoned Qinglian's avatar, and even borrowed the avatar to summon the scorching sun star.

After summoning the scorching sun star, Ye Chen's avatar and main body paled instantly, and fell into tremendous pressure.

However, Ye Chen can still hold on and won't collapse.

Even if it breaks down or is seriously injured, it's worth it!

"Samsara scorching sun, myriad sacred flames, burning wrath, let's explode!"

Ye Chen looked up at the scorching sun and fate star in the sky, and chanted a loud mantra.

He had absorbed the energy of Wuxin Patriarch's Buddha bone relic before, and the aura of the scorching sun and life star had stabilized and even grown a lot.

Today's scorching sun is no longer a rising sun, but a real, rising scorching sun. Although the breath has not yet reached the brightest peak, it is almost the same.

Ye Chen could be summoned, and exploded with a mighty power that could destroy some immortal emperors.

Rumble!

The scorching sun and life star erupted with thousands of holy flames, and the scarlet waves spread across the sky, humming continuously, bursting out with burning wrath, countless golden holy flames, red flames, falling like turbulent rain, trying to destroy this world, He even wanted to burn Wutian and Li Jueyun with him!

Feeling the supernatural power of the scorching sun and fate star, both Mo Zu Wutian and Li Jueyun completely changed their expressions.

It's too terrifying, it's really too terrifying. The power of this scorching sun star has gone beyond the scope of the real world, as if it has the coercion of the avenue of time and space.

If this round of scorching sun and life star is placed in Wuwu time and space, it can destroy the darkness and filth of one side, open up a pure land world, shine for eternity, and shelter hundreds of millions of living beings.

Demon Ancestor Wutian and Li Jueyun are both in danger of being directly killed or injured.

In fact, if Ye Chen's strength can rise a few more realms, and the scorching sun star can be completely lit, and his aura reaches its peak, he can dominate the real world and be invincible.

Even the former celestial girl couldn't stop the scorching sun and life star.

However, today's goddess, who is in charge of the supreme artifact Yan Emperor Seal, has the qualifications to resist the scorching sun and life star.

But at this moment, Demon Ancestor Wutian, in this land boundary, was a little bit unable to resist.

With his current power of the Immortal Emperor, he can't compete with the scorching sun and life star. It is conceivable how outrageous the power of this round of scorching sun is.

"The scorching sun and life star are so powerful, this kid won't last long, so stabilize your position first!"

In the midst of the crisis, Demon Ancestor Wutian didn't panic, he yelled at Li Jueyun, pinching his own handprints again and again, summoning the energy of the endless sky demon star sea, forming a dark ocean, and then inserting Floating Life Jueming upside down in the Black Sea Among them, form a formation to protect itself.

He clearly saw that Lie Sun Fate Star was so powerful, even with the aura of a peak-level Immortal Emperor, it couldn't last for too long.

Ye Chen's summoning of the scorching sun and life star can only last for a short while at most.

For a short while, he may be an invincible existence who dominates the world. Looking at the real world, there are hardly many people who can defeat Lieyang Mingxing. Even if the Emperor Yuhuang comes, he may not be able to match.

This is the supreme power of reincarnation. Compared with it, the warriors and monks in the starry sky in this world are all like ants, and even the emperor is an ant.

However, if Ye Chen couldn't deal with the enemy during this time, he would be the one who died.

Because the scorching sun star consumes a lot of spiritual energy and blood, after the summoning is over, Ye Chen must fall into weakness or even be seriously injured.

Li Jueyun also deeply felt the horror of the scorching sun and fate, his face turned pale, and his body trembled uncontrollably.

"Is this the power of the blood of reincarnation? It's just that Li Jueyun felt that something was wrong, so he hurriedly raised his hand and chanted into the distance, which was actually calling for the will of the goddess.
