

Physician 9091

Chapter 9091

"Lord of Reincarnation, you have broken the shackles of your heart, maybe you can learn from my lessons and build a more perfect world."

At the end, Zi Lan showed a relieved and pure smile to Ye Chen.

Zilan once built a wrong world, and she was killed by her people in the end. She didn't want Ye Chen to repeat her mistakes.

Ye Chen also glimpsed the secret of the sky and saw the ancient picture.

In the picture, a girl with pure appearance and glorious clothes was pulled down from the throne by a group of thugs, and then trampled to death alive.

That girl was none other than Zi Lan, the God of Grass.

Zilan was sheltered by Chuangshi Qinglian. After the riot, she was lucky enough to leave a remnant soul, which has survived to this day.

It's just that after experiencing such an accident, she has completely given up, no longer involved in disputes in the world, and passed on her authority to this day.

"Okay, Lord of Reincarnation, thank you for chatting with me so much. In fact, I have almost let go of these things. After all, it has been so long."

"If you are free in the future, you can come to my territory again and chat with me."

"However, let me tell you in advance that I will never get involved in the karma of the human world again. This time, I will help you heal your wounds because of the request of Sister Qingyan."

"Besides, you are the only one in the world who has practiced the Qinglian casting holy method, and I don't want to see you die."

Zilan smiled gently, and looked at Ye Chen with appreciation.

Because, Ye Chen did something that even she couldn't do, that is, practiced the Qinglian casting method, and cast a Qinglian avatar with it.

She saved Ye Chen because Ye Chen had mastered the Qinglian casting method, and she didn't want to see Ye Chen die.

"However, your Qinglian avatar has been severely damaged. It may not be easy to repair it. You should ask Sister Qingyan."

Zilan said.

Ye Chen's heart trembled, and when he searched Qinglian's avatar with his spiritual sense, he saw that Qinglian's avatar was covered with scorched and burnt marks, and the damage was very serious.

"Five Dynasties, Rivers, Mountains, Wind and Moon"

Previously, Ye Chen used the Qinglian avatar to summon the scorching sun star, which also caused the Qinglian avatar to suffer huge side effects.

He is nourished by Zilan's body, and his own vitality has recovered from his injuries, but the Qinglian clone is still in a very bad state.

"Okay, you go out, sister Qingyan will help you."

With tenderness in her eyes, Zi Lan gently stroked Ye Chen's cheek.

The next moment, Ye Chen felt that the surrounding space was distorted, his head was spinning, and he left Zilan's territory and returned to the little grass god Qingyan's territory.

It turns out that Zilan's territory is inside the territory of the little grass god Qingyan, which is the realm within the realm.

"Brother Ye Chen, are you recovering from your injury?"

Seeing Ye Chen coming out, Qingyan's face immediately beamed with joy.

"Well, everything is fine, thank you."

Ye Chen said with a smile, thinking of Zi Lan's satin-like smooth skin and her naked white body, he still felt a little dreamy in his heart.

Then, Ye Chen suddenly caught another huge crisis.

The territory of the little grass god Qingyan is connected to the Qiancao Villa. From her territory, the scene of Qiancao Villa can be clearly seen.

Ye Chen saw that outside the Thousand Grass Villa, the thunder was rumbling, the air flow was boiling and roaring, and powerful figures, with monstrous devilish aura, overwhelming the sky and roaring towards them.

There are three people at the head, one is Demon Ancestor Wutian, and the other is Li Jueyun.

There is another one, a strange old man covered with skulls, who is Mang Tianluo, the lord of Miluo Palace.

"Demon Ancestor Wutian and the others are here, they are coming to hunt and kill me!"

As soon as Ye Chen's expression changed, he saw Mo Zu Wutian, Mang Tianluo, and Li Jueyun, leading a dense crowd of strong men behind them, with a crowd of ten thousand people, surrounding Qiancao Villa.

It seems that they still didn't give up when they were in the Ancient Mysterious Secret Realm!

Many disciples of Qiancao Villa felt the changes in the outside world, and they were all shocked.

"Ye Chen, get out and die!"

The Demon Ancestor Wutian descended over Qiancao Villa, and the majestic magic power shrouded it, shaking people's minds.

"I'll go out and meet them!"

Ye Chen's face sank, and he immediately sacrificed his life.

This Floating Life and Destiny is a weapon to restrain the blood of the Demon Ancestor Wutian. It is currently in Ye Chen's hands, and even before that, he was regarded as the master as if he had spirituality.

But now, Ye Chen discovered that the aura of Floating Life and Jue Ming had been seriously depleted, and its sharpness had dimmed a lot.

There is even a trace of special blood imprint inside Floating Life and Jue Ming, carrying a strong devilish energy.

That is the blood brand of Demon Ancestor Wutian!

When Demon Ancestor Wutian got the Floating Life Jue Ming before, he always wanted to recognize the master with a drop of blood, but he was strongly resisted by this weapon.

Fushengjueming was still resisting the blood brand of Demon Ancestor Wutian, and his aura was seriously depleted, so he couldn't use it at this time.

Seeing this, Qingyan, the God of Grass, said: "The aura of this weapon seems to be seriously depleted, and it cannot be used anymore, otherwise it may be completely destroyed."

"And, brother Ye Chen, you have just recovered from your injury, so it is not appropriate to fight right now, otherwise it will be bad for your health."

Ye Chen looked fearlessly, and said: "But the enemy has already killed the door, how can we back down?"

Since Floating Life and Jue Ming could not be used for the time being, Ye Chen first put away the weapon and took out the Samsara Heavenly Sword, his brows were full of fighting intent.

Qingyan, the God of Grass, quickly took his hand and said, "Brother Yechen, don't be impulsive. I can stop them and prevent them from entering the villa."

Chapter 9092

After finishing speaking, the Little Grass God's gaze pierced the void, and emerald green radiance emerged from his whole body, and a trace of divine will came down to Qiancao Villa.

Crash!

Immediately, the entire Qiancao Villa was shrouded in a green divine light, and a miraculous scene appeared, towering trees rose from the ground, turned into ten thousand feet high, and pierced into the sky.

Countless towering trees, showing the majesty of the gods, protect Qiancao Villa.

"Master Little Grass God has appeared!"

The disciples of Qiancao Villa shouted in surprise when they saw the giant trees rising from the ground.

Demon Ancestor Wutian, Li Jueyun, Mang Tianluo and others all changed their expressions when they saw the giant tree guarding in front of them.

laugh!

Demon Ancestor Wutian swung his sword, enough to shatter the dark sword energy of the starry sky, and slashed forward, but failed to cut off any big tree, leaving only shallow white marks on the trunk.

"It is the blessing of the World Tree."

Demon Ancestor Wutian's face sank, and he struck out another sword, which even mixed with the filthy aura of the Heavenly Demon Star Sea, but it still had no effect, neither cutting off the trees nor polluting them.

"Is this the power of the grass god Tianzun?"

Li Jueyun also tried to slash out with his sword, and the law of time exploded, as if trying to obliterate the starry sky, but he failed to cut off any tree.

He deeply felt the power of the God of Grass.

Although the grass god Tianzun is the weakest existence among the nine gods, it is still an unattainable existence for people in the real world like them.

Mang Tianluo said coldly: "Don't panic, this is the real world after all, the God of Grass will not last long, let's continue to besiege this Zhuangzi, I don't believe that the Lord of Reincarnation will not come out."

At the moment, Mang Tianluo, Mozu Wutian, and Li Jueyun continued to lead people to besiege Qiancao Villa, and blocked the surrounding void to prevent anyone from escaping.

"Sister Qingyan, you can't stop them for a long time, right? I'm going out to fight, leave it to me!"

Ye Chen saw that although Qingyan had set up a special prohibition method, using giant trees as an array, to block the footsteps of Demon Ancestor Wutian and others, such blocking obviously cannot last for too long.

Ye Chen's vitality has recovered from his injury, so he wants to go out to fight.

After all, this is Qiancao Villa, he has the advantage of good luck, and in a decisive battle, he has a huge chance of winning!

"No, brother Yechen, you just recovered, so you can't do anything."

"Besides, if you really want to deal with Demon Ancestor Wutian, it's best to rely on Floating Life and Jue Ming."

Qingyan held Ye Chen's arm tightly, not letting him go out to fight, because it was too dangerous.

If you want to fight against Demon Ancestor Wutian, it is best to use Floating Life and Jue Ming.

"The aura of Floating Life and Jue Ming is depleted, and it may be difficult to use it now."

Ye Chen frowned.

"Well... you go to a place and find a person named Haitang Spirit Mother. She has been taken care of by me. She has a way to restore the aura of life and death, and dispel the remaining demon ancestor Wutian in this weapon. will."

"Also, your Qinglian avatar was seriously injured, if you ask Haitang Lingmother to help, it might be able to recover."

Qingyan, the God of Grass, pondered for a while, and asked Ye Chen to find a person named "Begonia Spiritual Mother".

"Who is this Begonia spirit mother, who has such a great ability?"

Ye Chen was taken aback. It was extremely difficult to restore Fushengjueming or Qinglian's avatar.

But Qingyan, the God of Grass, said that the Lingmother Begonia can do these two things.

Whether it is Fushengjueming or Qinglian's avatar, for Ye Chen, it has a huge effect, and he must not give it up.

"I'll give you the coordinates, you go to Haitang Xiandao to find her."

Qingyan, the God of Grass, stretched out her immature little hand, and shot a flash of light into Ye Chen's head.

A secret coordinate came into Ye Chen's mind.

That is the location of Haitang Lingmother, and the coordinates of Haitang Xiandao are also in Tianwaitian.

"No, Sister Qingyan, the enemy is in front of me, how can I abandon you?"

Ye Chen shook his head, his eyes were firm, but he refused to leave easily.

Because, he knew that none of the enemies outside was easy to deal with.

In addition to Demon Ancestor Wutian and Li Jueyun, there is also Mang Tianluo, the Miluo Palace's lord, who once blocked Venerable Fahua's ascension, and is very powerful.

Although Qingyan, the God of Grass, is one of the Nine Gods, under the restriction of the laws of reality, it is impossible for her to suppress Demon Ancestor Wutian and others.

"Brother Ye Chen, don't worry about me, you can go, wait for you to recover from Floating Life and Jue Ming, and then restore Qinglian's avatar, it won't be too late for you to come back."

Qingyan, the grass god, tore through the void, and a space crack appeared. She pushed Ye Chen in, determined to send him away.

Although Demon Ancestor Wutian and others sealed off the space of Qiancao Villa, they obviously couldn't restrict Qingyan.

"Sister Qingyan!"

Ye Chen yelled, wanting to stay and fight, but Qingyan, the God of Grass, insisted on sending him away, so he had no choice.

Traveling through space, after a while of spinning around, Ye Chen has been transported into a void without darkness.

After counting his fingers, Ye Chen found that he was still in the world of Tianwaitian and could clearly capture the coordinates of Haitang Xiandao.

That's where the little grass god Qingyan said, the Begonia Lingmother's place.

"Who is that Begonia spirit mother, who has such supernatural powers?"

"Why is there a faint change in the cemetery of reincarnation when I think of her name?"

Ye Chen frowned, and felt that when he was thinking about Haitang Spirit Mother, there was a slight change in the cemetery of reincarnation, as if a new tombstone was about to be opened.

"Forget it, then I will go to Haitang Xiandao first."

"If this Begonia spirit mother can really restore Fushengjueming and Qinglian clones for me, that would be great."

With that in mind, Ye Chen immediately tore apart the void, locked the coordinates, and headed to Haitang Fairy Island.

Crash.

Traveling through the void, Ye Chen soon came to a place filled with aura.

This is a huge island in the sky, suspended in the void, blooming with fairy light, surrounded by countless auspicious mist, and mysterious laws are like waterfalls hanging down, the island is covered with crabapple flowers, reflecting the sun, the dense water vaporizes into a rainbow, magnificent Incomparable.

In the sky above the island, there is a purple phoenix floating faintly, screaming upwards, the sound of the phoenix is extremely clear, piercing the clouds and cracking rocks, like ringing rings, cleansing people's hearts.

"Is this the Begonia Immortal Island?"

Ye Chen narrowed his eyes slightly, looking at the island, inexplicably, he once again felt a strange movement in the cemetery of reincarnation, a new tombstone trembling.

"A new great talent is about to be born?"

"Is there some kind of causal connection between this new great power and this Begonia Immortal Island?"

Ye Chen's heart moved, he was very curious, and immediately flew towards Haitang Xiandao.

When he approached Haitang Xiandao, several fairies-like bright women flew out, and one of them shouted:

"Stop, Haitang Fairy Island is the most important place, no one else can come near."

Chapter 9093

Ye Chen settled down, cupped his hands and said, "My next Ye Chen, by the order of the God of Grass Tianzun, I want to ask to see Haitang Lingmother."

The women were all shocked when they heard Ye Chen's name, and they were the first to speak and said, "Are you the Lord of Reincarnation?"

Ye Chen said: "Yes."

The woman said: "Come in quickly." She took Ye Chen into the island.

Ye Chen nodded, and strode into the Begonia fairy island, a maid went back to inform the master.

After a while, the crabapple flowers were flying, the fragrant wind was blowing, the phoenix was ringing and the ring was worn, and the fairy emperor's light was blooming in the distance. A graceful and

magnificent figure floated over. It looked like the master of the fairy island of Begonia, the spirit mother of Begonia.

This begonia spirit mother has a graceful figure, exquisite and eminent appearance, and a dignified appearance, but her eyes are slightly clouded, giving people a feeling of being unkind and repelling others thousands of miles away.

When Ye Chen saw this Begonia spirit mother, she felt that her eyes were very familiar, as if she had seen it somewhere before.

"Ah, you are the queen of Hades!?"

Ye Chen's face darkened, and he recognized it immediately.

Previously in Qiancao Villa, there was a woman in black robe who wanted to snatch the book of wisdom, but was repelled by Ye Chen.

The black-robed woman was none other than the Queen of Hades. She was covered with a veil at the time, with only a pair of eyes showing.

Now that Ye Chen sees the eyes of Begonia Spirit Mother, she can immediately confirm that she is the woman in black robe at that time, who used to be a follower of the Rock God Tianzun, and the Queen of the Underworld.

Ye Chen did not expect that the Begonia spirit mother that the grass god Qingyan told him to look for was the queen of the underworld.

"Hehe, it's me, Ye Chen, I never thought we'd meet again."

Haitang Spirit Mother smiled coldly, her expression was very indifferent.

In other words, her temperament might just be her withdrawn and indifferent appearance, unreasonable.

The surrounding maids all lowered their heads in front of Haitang Lingmother, not daring to breathe.

"The Little Grass God called you here?"

Haitang Lingmother stared at Ye Chen, flicked her fingers, and calculated the secret of him.

"yes."

Ye Chen nodded.

"Hehe, Lord Xiaocao really thinks highly of me. He actually asked me to help you restore Qinglian's avatar, as well as Floating Life and Destiny. I'm afraid it will exhaust my savings from the ages of Begonia Immortal Island."

Haitang Lingmother had calculated everything, her face suddenly sank.

Her Begonia Immortal Island has been isolated from the world since ancient times, full of aura, and has accumulated many natural resources and treasures. It is not impossible to restore Ye Chen's green lotus avatar and floating life, but the cost is extremely huge.

"Yes, the queen is here."

Ye Chen cupped his hands, and his attitude was quite polite.

Whether it is Qinglian clone or Floating Life Jue Ming, they are all extremely important to him and must be recovered as soon as possible.

Now Qiancao Villa is being besieged by Demon Ancestor Wutian and others, and I don't know how long Xiaocao God can last, Ye Chen just wants to go back as soon as possible.

To fight against Demon Ancestor Wutian and others, Qinglian clone and Floating Life Jue Ming are the key.

"Don't call me queen, I am no longer the queen of Hades, that rock god Tianzun, damn it!"

Begonia Spirit Mother gritted her silver teeth, her eyes became darker, and she even cursed the rock god Tianzun directly.

"What happened to the Rock God Tianzun?"

Ye Chen was stunned for a moment. It stands to reason that Haitang Spirit Mother ruled the underworld back then and was a follower of the Rock God Tianzun, but now she speaks rudely, which is really unbelievable.

"Hehe, that Rock God Heavenly Venerable, I have enshrined him for so many years, but in the end he didn't give me any benefits, no blessings. I prayed to him and said that I wanted an Ancestral Rock God Artifact, but he never gave it to me. Say I'm too selfish."

"Hehe, is it true that I can't ask for anything in return when I enshrine him?"

"If I had known this, I would have believed in the God of Grass back then."

Haitang Spirit Mother sneered again and again, her expression was full of grievances and anger, and she was quite resentful towards the Rock God Tianzun.

When Ye Chen saw Haitang Lingmother's appearance, he was suddenly stunned, and probably guessed the reason why she left Hades.

She didn't get the blessing of the God of Rock, and she was angry, so she simply abandoned her belief, left the capital, and watched the people of the capital be slaughtered by Li Jueyun of the Miluo palace.

It was not convenient for Ye Chen to comment on these issues of belief, so he remained silent at the moment, just listening quietly.

"The God of Grass saved me back then. Eternally ago, my family was ruined. It was the God of Grass who saved me. She asked me to be her believer, but I think she is the weakest existence among the Nine Gods, and she is not worthy of my belief. , and politely rejected her."

Begonia Spirit Mother sighed and told about the cause and effect of the past. It turned out that she owed her life to the God of Grass.

Ye Chen smiled wryly, thinking that the little grass god Qingyan was too pitiful, she personally tried to win over believers, but was rejected.

Haitang Spiritual Mother sighed and said: "I thought that among the nine gods, the Rock God Tianzun is the most powerful, so I worshiped the Rock God, but I didn't think that the Rock God Tianzun was so stingy and didn't give me any treasures. It was a waste of years for me to worship."

Beep Pavilion

Ye Chen shook his head and said, "If you believe in God for the benefit, it's better not to believe in God."

Haitang Spirit Mother snorted and said: "You are noble, you are amazing!"

"In other words, your samsara bloodline is the number one bloodline in the heavens, and you are the God of Heaven. Not now, but you will definitely be able to prove it in the future."

"Of course you big people who are high above you don't understand the difficulties of us little people."

Seeing that Haitang Spirit Mother was angry, Ye Chen couldn't help but smiled wryly, and said, "Senior, you are joking, I am just a small person now, and I still need your help."

Chapter 9094

Begonia Spirit Mother snorted again, and said: "Forget it, God of Grass was kind to me back then, so it's not impossible for her to ask me to help you."

"However, to recover Floating Life and Jue Ming and your Qinglian avatar, it will take a lot of natural resources and treasures, and the loss to me is also very huge. I can't bear it. I need you to give me some compensation."

Ye Chen said: "What compensation?"

Begonia Spirit Mother looked at Ye Chen, with a trace of jealousy in her eyes, and said: "I want the golden seal on your body, which is the ancestor of the rock god, and I need you to compensate me with the golden seal."

Ye Chen was taken aback. The golden seal of God can be said to be the most lethal magic weapon in his hand at present, with the ancient majesty of the rock god Tianzun, enough to crush ordinary emperors.

"No, the Golden Seal cannot be given to you."

Now, as soon as Haitang Spirit Mother opened her mouth, she asked for the golden seal, which was completely unacceptable to Ye Chen.

Because the value of the Golden Seal of God is not much inferior to that of Qinglian Clone and Floating Life.

This is a complete Yanshen ancestor tool without any wear and tear, which is rare in the world.

"You won't give it to me?"

Haitang Lingmother's pupils turned cold, and said solemnly.

"This magic weapon won't work, let's change it to something else."

Ye Chen shook his head and said.

Haitang Lingmother said: "Other magic weapons can't suppress Haitang Zihuang. It is a divine beast from the infinite time and space. Among the treasures on your body, only the golden seal can suppress Haitang Zihuang."

Ye Chen said: "Begonia Zihuang?"

Haitang Spirit Mother said: "Yes, there is a divine beast imprisoned on my fairy island, called Haitang Zihuang. It fell into the outer sky during the war without time and space, and was obtained by my Zihuang lineage. For years, I have been trying to tame this divine beast, but unfortunately all failed."

"This divine beast is rebellious and unruly. Only with the golden seal and the coercion of the supreme god can it be suppressed."

Ye Chen's heart moved slightly, and he vaguely guessed something, and said: "The family of the seniors was ruined, and it was also because of this Begonia Zihuang?"

Haitang Lingmother said: "Yes, Haitang Zihuang, ranked in the list of beasts in Wuwu time and space, Haitang Lingmother said: "Yes, I believed in the rock god Tianzun back then, in fact, it was to obtain blessings and suppress that purple phoenix beast . "

"For tens of thousands of years, I have tried all kinds of methods, treated and cared for it for tens of thousands of years, and invested many precious medicinal materials, but it is a pity that the purple phoenix beast is still wild and difficult to tame."

Ye Chen's eyes moved, and he said, "Senior, why don't you let me try?"

Haitang Lingmother was stunned for a moment, and said, "Do you want to try to tame Haitang Zihuang?"

Ye Chen said: "Yes."

He thought that he has the blood of reincarnation, and the power of the blood is so powerful that it has a strong suppression effect on the gods and beasts of the heavens.

If he makes a move, maybe he can really tame Haitang Zihuang, so that he doesn't have to sacrifice the golden seal.

Haitang Spirit Mother heard that Ye Chen wanted to try, she smiled disdainfully, and said: "Although your combat power is against the sky, but your main body cultivation is, after all, only the fifth level of the Profound Sky Realm."

"With your cultivation level, I'm afraid it's even difficult to get close to Haitang Zihuang. You still want to tame it? It's just a dream!"

Ye Chen said with a smile: "Senior, let me try, if it really doesn't work, I'll give you the golden seal again."

Seeing Ye Chen's confident appearance, Begonia Lingmother's heart was also moved, thinking that there might be something special about the reincarnation blood, and maybe it might not be possible to really tame Haitang Zihuang.

"Well, this is what you said yourself. If you fail to tame and you suffer backlash, don't blame me."

Ye Chen nodded and said: "Naturally, before taming Haitang Zihuang, please ask the senior to help me recover the Qinglian avatar first. In this way, I will be more confident."

Haitang Spirit Mother's beautiful eyes turned cold, and she said coldly, "Are you negotiating terms with me?"

Ye Chen said with a smile: "I just want to tame the beast."

The corners of Haitang Lingmother's eyes twitched, and finally she said indifferently: "Come with me!" She turned and flew to the depths of Haitang Fairy Island.

Ye Chen smiled, and followed Begonia Spirit Mother, flew to the depths of the fairy island, and came to a vast and magnificent flower forest.

Those flower trees are exactly crabapple trees, and the crabapple flowers growing on the trees are quite different from the crabapple flowers elsewhere in Xiandao.

Here, each crabapple flower has seven petals, and the petals are filled with purple light, which is actually a purple phoenix totem, which is very spectacular.

Chapter 9095

Ye Chen stepped into this flower forest, smelled the fragrance of flowers in his nose, and could hear the sound of Fengming Peihuan in his ears, it was very pleasant.

"These flowers are called Seven Heart Begonias, which I carefully planted."

"Every Seven Heart Begonia flower tree is nourished by the blood of the purple phoenix beast, so its spiritual energy is very abundant."

"Your Qinglian avatar is damaged, relying on the herbal essence of the Seven Heart Begonia is enough to repair it, sacrifice the avatar."

The Begonia spirit mother looked at the flowering trees around her, and at the seven-heart crabapple flowers above, stretched out her hand to gently caress the petals, her eyes showed a loving expression.

She obviously likes these seven-heart begonias very much, and asking her to use them to help Ye Chen restore Qinglian's avatar is really equivalent to cutting out her heart.

However, she is a person with clear grievances and grievances.

Back then, she had received the Grass God's life-saving grace, and now it's time to repay her.

"Then there will be Senior Lao."

Ye Chen immediately sacrificed Qinglian's avatar.

I saw that Qinglian's avatar was covered with scorched and burnt marks on the outside, and the inside was also severely burned, all of which were side effects of summoning the scorching sun and life star.

Begonia Spirit Mother looked at this Qinglian clone, and she could also trace back to the secrets of the past, and faintly glimpsed the vast atmosphere of the scorching sun and fate star.

"Your scorching sun star, the power is really terrifying. If it is released on my site, it will destroy my fairy island in an instant."

Haitang Lingmother was amazed, and also deeply felt the strength of the reincarnation blood.

Originally on Haitang Xiandao, she had the advantage of earth veins and luck, and she was not afraid of Ye Chen.

But if Ye Chen summons the scorching sun and life star, the world will collapse, even if she has the advantage of earth vein luck, she will be completely unable to resist, and even the people and the island will be destroyed.

The blood of reincarnation is so powerful, Begonia Spirit Mother was amazed, but also full of anticipation.

Perhaps, if Ye Chen makes a move, it is really possible to tame Haitang Zihuang and accomplish what her family has always wanted to do since ancient times.

"Senior joked."

Ye Chen shook his head, he and Haitang Spirit Mother are now in the same camp, so naturally they won't fight.

"Well, then I'll help you repair Qinglian's clone first."

Haitang Lingmother didn't talk nonsense at the moment, she gently waved her white palm and squeezed the formula.

call.

The breeze blows, blowing down pieces of seven-heart crabapple in the flower forest.

I saw the pieces of seven-heart begonias falling with the wind to the surroundings of Ye Chen's Qinglian avatar, filled with purple air and melted with aura.

Pieces of seven-heart begonias were all integrated into Ye Chen's Qinglian avatar, and the abundant plant essence and vitality were all poured into it.

Begonia spirit mother's tactic is pinched, and the aura of Qixin Begonia is constantly nourishing Ye Chen's green lotus avatar.

The scorched black marks on Qinglian's avatar were rapidly fading away at a speed visible to the physical body.

In an instant, under the nourishment of the seven-heart begonias, Ye Chen's Qinglian avatar recovered from the burn damage it suffered.

The whole Qinglian avatar has become smooth again, with divine light blooming, and the fairy air flowing, obviously exuding a vigorous vitality, and there is no sign of damage or decay.

"Okay, your Qinglian avatar has been repaired."

Begonia Lingmother's face was slightly pale. In order to restore Ye Chen's Qinglian avatar, she obviously spent a lot of spiritual energy.

In this seven-heart crabapple forest, many flower trees have become bare, and most of the crabapple flowers have been used to nourish and restore Ye Chen's green lotus avatar.

It was a magnificent and magnificent flower forest just now, but now it has become desolate and deserted.

"Thank you senior!"

Ye Chen cupped his hands, feeling very grateful in his heart.

He knew that this forest of Begonias with Seven Hearts was of great value to the Spirit Mother of Begonias. She had carefully planted them for many years, but now that they withered because of herself, she had paid a lot.

"You don't need to thank me, I'm just repaying the karma of God Little Grass."

"Besides, I'm not helping you in vain. I need you to help me tame the purple phoenix beast."

"Speaking of which, the Haitang Zihuang is related to fate, and you are the man of Ji Siqing, the master of fate, so maybe you can really tame it."

"Come with me."

Haitang Lingmother beckoned and took Ye Chen to the place where Haitang Zihuang was imprisoned.

Ye Chen followed her and asked curiously, "Is the Begonia Zihuang related to the Dao of Destiny?"

Haitang Spiritual Mother nodded and said, "Yes, the legendary avenue of destiny is surrounded by seven divine stars, and those seven stars complement each other with the Seven Stars of Reincarnation."

"Each Destiny Star carries the unpredictable power of Destiny, which is boundless and boundless."

"There is a star among them, named Phoenix Divine Star."

"The Begonia Purple Phoenix is a divine beast born from the Phoenix Divine Star. It is born with the blessing of fate, so its bloodline is particularly strong. Whoever can tame it will be able to obtain the protection of the supreme destiny."

Ye Chen's eyes lit up, and he said, "So that's how it is."

When he was listening to Haitang Spirit Mother telling these secrets, he also caught a clear clue of the heavenly secret, and he saw the mystery of the ancient time and space at once, and saw a dazzling star, which was blooming with brilliance.

That star is exactly the legendary phoenix god star, revolving around the avenue of destiny. The star is filled with celestial glow and auspicious mist, and the spiritual energy gushes out into a phoenix in the sky.

On the phoenix god star, there are rivers of fate flowing again and again, and the purple air is coming from the east, which is magnificent.

One of the rivers of fate, the banks of the river are covered with beautiful crabapple flowers, which is very beautiful.

Chapter 9096

Hey!

Accompanied by a clear cry, a phoenix with flowing wings and surrounded by purple aura rushed out from this long river of fate. .

Begonia Zihuang, born from the phoenix god star, was born in response to fate, with the supreme and majestic destiny and heavenly power in her blood, so her wild nature is difficult to tame.

Because fate is always difficult to control.

Ye Chen's glimpse of these ancient pictures also shocked Haitang Zihuang's vastness and power.

He followed Haitang Lingmother, and soon came to a huge palace.

The gate of this palace was closed tightly, and there was a disturbing scorching heat coming from inside. The intense heat wave roared out like magma. The surrounding temperature was terrifying enough to melt steel, and even the air turned a strange purple-red color.

Standing in front of the palace, Ye Chen could occasionally hear the sound of a phoenix singing from inside the palace, full of anger.

"Begonia Zihuang is being imprisoned in this Phoenix Palace. Go in by yourself and see if you can tame it. I will wait for you here. That divine beast hates me deeply, so it is inconvenient for me to accompany you in."

Haitang Lingmother looked at the palace in front of her, with helplessness in her eyes.

For tens of thousands of years, she spent countless treasures from heaven and earth to feed Begonia Zihuang, and used various tough methods to try to tame it.

But no matter whether she acts hard or softly, the purple phoenix beast just refuses to obey her, always showing a rebellious appearance.

Now, she can only pin her hopes on Ye Chen.

If Haitang Zihuang was not tamed again, this divine beast would probably break free and fly away, which would be an unbearable loss for her.

"Let me try."

Ye Chen nodded, with a trace of solemnity on his face. The Tianjun Fengshen Monument was sacrificed to protect his body, and then he pushed open the gate of the Phoenix Palace and stepped in.

boom!

As soon as Ye Chen entered the Phoenix Palace, the gate automatically closed behind him.

What appeared in front of Ye Chen was an incomparably spectacular scene.

In the Phoenix Palace, on a huge open space, an Immortal Emperor Array was set up, with countless chains of restraint hanging down from the void.

These countless chains of restraint were binding a purple phoenix beast.

Between the eyebrows of the phoenix beast, there is a imprint of a crabapple flower, like some kind of mysterious totem, with bright plumage and feathers, surrounded by purple aura, and all kinds of purple aura of destiny, like a long river of stars, floats and entangles on it, endlessly.

"This is Haitang Zihuang, the existence that ranks fifth in Wuwu Time and Space Divine Beast List!"

Ye Chen looked at this purple phoenix, and immediately felt a majestic coercion. If it weren't for his strong Dao heart, the coercion of the blood of the Begonia purple phoenix would have crushed him.

In the blood of Haitang Zihuang, there is an extremely violent destiny and heavenly power. Ordinary people are completely unable to resist this power of fate.

Ye Chen also finally understood why so many people wanted to subdue Haitang Zihuang back then.

This Begonia Zihuang is connected to the supreme and great avenue of destiny. If it can be subdued, it is equivalent to controlling part of the law of destiny, which will have great benefits.

Begonia Zihuang was blocked by the Immortal Emperor's magic circle and imprisoned by countless forbidden iron chains. There was an ancient anger in its eyes, and it kept struggling, but it was a pity that it couldn't break free.

Under the restrictions of the laws of the real world, its strength naturally cannot be compared with that at its peak, and for tens of thousands of years, it has been unable to break free from the formation set up by Haitang Lingmother.

However, Ye Chen found that the pattern of the formation was worn out a lot, and the restraining iron chain used for the seal also cracked a lot.

If it continues like this, it is really possible that Haitang Zihuang breaks free from the ban and flies out.

Sensing Ye Chen's coming in, Haitang Zihuang's pupils shot out shocking anger, raised her head to the sky and uttered an angry phoenix cry, and struggled more violently.

It flapped its wings desperately, and a terrifying wave of fire comparable to the fire of the red lotus swept towards Ye Chen roaringly.

"Tianjun Fengshen Monument, block it for me!"

Ye Chen had been prepared for a long time, and immediately activated the Tianjun Fengshen Monument to resist the anger of Haitang Zihuang.

The purple phoenix flames were blocked, but Ye Chen still felt a trace of intense heat, and even a trace of crushing from the avenue of fate.

This Begonia Zihuang is really not simple, its aura carries the power of destiny, and it is extremely fierce.

"Baitang Zihuang, I am the Lord of Reincarnation, submit to me, the Lord of Destiny is my friend, as long as you are willing to surrender, I can let you out."

Ye Chen's eyes narrowed slightly, and he didn't use force immediately, but hoped to persuade Haitang Zihuang to submit.

"Master of destiny, Ji Siqing?"

Haitang Zihuang uttered human words, and uttered a cold and delicate female voice. Although it has been imprisoned and sealed, it has a clear insight into the changes in the outside world.

"Sword Comes"

"Yes, you surrender to me, and I can take you to see her."

Seeing that Haitang Zihuang knew about Ji Siqing, Ye Chen was overjoyed.

"The Dao of Destiny finally has an inheritor. This girl is very pleased."

Begonia Zihuang suddenly transformed into a human form, extremely glamorous, a pair of peach blossom eyes, with a coldness, and a begonia totem between the eyebrows, containing ancient mysteries.

After she transformed into a human form, her delicate body was still imprisoned by countless iron chains, unable to break free.

However, the look in her eyes was extremely cold and unruly, wild and unruly, and she didn't mean to give in at all.

She stared at Ye Chen, with disdain, and said: "I recognize Ji Siqing, she is the real master of destiny in the future, but I don't like you!"

"Everyone in the world says that the law of fate is a vassal. What kind of order does it depend on to exist? What a fart! The Dao of Destiny is the highest among the heavens and will not be attached to anyone. You, the lord of reincarnation, try to trample fate under your feet."

"You are the enemy of fate!"

"Goddess Ji Siqing is bewitched by you, I want to kill you for her, she is the real supreme throne, you are just a cancer!"

Haitang Zihuang's beautiful eyes were full of anger. She liked Ji Siqing, but she didn't like Ye Chen very much, even hated him.

Furious murderous intent emerged from the depths of her eyes, and with a wave of her hand, the majestic law of fate, mixed with purple flames, caused chains of forbidden chains to fly out, like divine punishment from the sky, sweeping towards Ye Chen.

Ye Chen was taken aback, he didn't expect Haitang Zihuang to attack him.

Although the strength of Begonia Zihuang is limited, the power it erupts, with the power of destiny, is extremely terrifying, and Ye Chen dare not underestimate it.

Ye Chen stepped back while urging the Tianjun Fengshen Monument to resist.

However, Haitang Zihuang's offensive was too fierce, and the Tianjun Conferred God Stele could not block all of them. A restraining iron chain, with the power of Tianwei with the purple flame of fate, hit Ye Chen hard.

With a bang, Ye Chen's skin was ripped apart, and there was a burst of burning pain.

"This beast, it's a tough shot."

Ye Chen gritted his teeth, knowing that if he wanted to tame Haitang Zihuang, he could not use soft methods, but had to use strong methods.

"Since you refuse to submit, I will beat you to submit!"

Chapter 9097

Ye Chen was furious, the reincarnation sword was sacrificed, and the sky-slashing nine-sword slammed out, and the sharp and sharp sword energy slashed towards Haitang Zihuang like a waterfall.

Haitang Zihuang turned into a human form, shouted, and resonated with the supreme avenue of fate, the air of fate burst out from her body, the infinite spiritual energy concentrated and gathered, and she slashed out with a sword.

"Fate Purple Sword Slash!"

A sword with the power of fate, fiercely clashed with Ye Chen's nine swords, bursting out infinite sword energy.

Ye Chen suddenly felt the majestic coercion of the sword, sweeping over, and his face sank.

Although the strength of this Begonia Zihuang was restricted and banned here, the power that erupted was still like the tide and the sea, which was frightening.

With Ye Chen's strength, it was a little difficult to compete.

It is conceivable how powerful this Begonia Zihuang is.

This is still in a restricted state. If there is no restriction, the peak period will be even more unimaginable.

Haitang Zihuang can be on the top of the list of gods and beasts in no time and space. Ye Chen shouted loudly, sacrificed the golden seal, and ruthlessly suppressed Haitang Zihuang.

"The Ancestral Rock Artifact?"

When Haitang Spirit Mother saw this, a look of shock suddenly appeared in her eyes.

This golden seal is the ancestral tool of the God of Rock, with extremely ferocious suppressive force.

As soon as the golden seal of God came out, the majestic rock and earth exploded with golden light, and countless rock god runes intertwined, shining like a galaxy, the avenue roared, and the voices of the gods chanted burst out in the void.

"The way of fate, let this girl block it!"

Haitang Zihuang looked dignified, pinched a formula, and runes of the law of fate emerged around her body, like purple chains of the avenue, surrounding her delicate body.

The laws of purple destiny are intertwined, forming an eggshell-like protection, firmly protecting her.

Katsa!

Ye Chen's golden seal was smashed down, and it hit the eggshell-like guardian of fate, and immediately opened a crack in that layer of guardian.

Haitang Zihuang was shocked, her pretty face turned pale for a while.

However, Ye Chen was also shocked, and felt an unpredictable force of fate rushing into his viscera.

His internal organs suddenly felt a heart-piercing colic, and at the same time he had hallucinations, as if he saw himself dying and falling into the long river of fate.

"Want to mess with my mind?"

Ye Chen knew that this was Haitang Zihuang's mental shock method, trying to disturb his Dao heart and make him think that he would die in the future, in the long river of fate.

There is even a hint of the meaning of Huanmen Tingyueru's previous creation.

In fact, the relationship between reincarnation and destiny is not a confrontation at all, nor is anyone attached to the other, but cooperation.

Naturally, there can be no disputes between Ye Chen and Ji Siqing, they love each other very much.

However, Haitang Zihuang didn't think so, she felt that Ji Siqing was bewitched, so she wanted to bury reincarnation and make Ji Siqing the only supreme in the heavens.

Ye Chen quickly calmed down, the blood of Samsara burned, and the majestic power of Samsara was released, turning into a grand starry sky, covering this world.

Under the shroud of the samsara starry sky, Haitang Zihuang's face became even paler, and she felt shocked.

This panic came from within her blood, it was instinctive fear.

Any bloodline that tries to challenge the supreme will have this fear after feeling the divine power of reincarnation.

The law of reincarnation cannot be desecrated, and no bloodline can challenge its supremacy.

Outside the Phoenix Palace, Haitang Lingmother showed a hint of surprise and joy when she saw the reincarnation starry sky rising.

"This kid, can he really tame Haitang Zihuang?"

Although Haitang Lingmother didn't go in, she could clearly see everything that happened inside under the prying eyes of her divine sense.

In fact, in terms of strength, Ye Chen may not be able to suppress Haitang Zihuang, even if he uses the Golden Seal, it will be very difficult, after all, his cultivation is only the fifth level of the Profound Sky Realm.

However, with the help of the power of Samsara's bloodline, Ye Chen has the possibility to suppress Haitang Zihuang.

Sure enough, under the pressure of the samsara starry sky, Haitang Zihuang's delicate body couldn't help shaking, her knees softened, and she fell to her knees.

"Submit to me, I can take you to see Ji Siqing, there may be some misunderstanding between us."

Ye Chen looked sharply at Haitang Zihuang and said.

"No, you are the biggest cancer in the heavens, and I will not submit to you even if I die!"

Haitang Zihuang gritted her teeth and struggled to get up from the ground, refusing to kneel down to Ye Chen, forcibly resisting his reincarnation pressure.

Kachacha.

All the bones in her body were shaking, as if she was going to be unable to bear the coercion at any time, and she was completely shattered. The beautiful facial features on her face were also distorted, obviously suffering from great pain.

Her current strength is not weaker than Ye Chen, but unfortunately, her blood has been restrained too much.

Under the pressure of Ye Chen's reincarnation blood, she was completely unable to fight.

However, she is also stubborn, and she refuses to obey Ye Chen even if she dies.

Seeing Haitang Zihuang's stubborn appearance, Ye Chen also frowned, and said, "You always say that I am the biggest cancer in the heavens, why is that?"

Haitang Zihuang gritted her teeth and said: "You are the biggest cancer, I can't submit to you! You kill me!"

She didn't explain why Ye Chen was a cancer, his eyes were full of stubbornness, he would rather die than surrender.

Outside the Phoenix Palace, Haitang Lingmother also sighed deeply when she saw this, and murmured: "Is it still untamable after all?"

Chapter 9098

What Ye Chen is experiencing now, she has encountered it countless times in the past tens of thousands of years.

In order to tame Haitang Zihuang, she used countless means, even some cruel and indifferent existence.

She once invited some expert friends over to suppress Haitang Zihuang together, hoping to use force to make him submit, but Haitang Zihuang has a very rebellious temper, and would rather die than bow her head.

The spirit mother was naturally reluctant to kill her, so she had to continue to imprison her until today.

Facing Ye Chen now, Haitang Zihuang is still as unruly as before, she would rather die than surrender.

When Ye Chen saw that she refused to obey, she was so unyielding, and he was inexplicably angry in his heart. He stepped up quickly, grabbed her slender and tender neck with his palm, and said, "You really don't want to submit?"

Haitang Zihuang's neck was pinched, as long as Ye Chen exerted a little force, she would die.

But even so, there was no trace of fear in her eyes, and she said resolutely: "You just kill me, and you can help me to be free. I have been banned for tens of thousands of years, and I suffer endless suffering every day. It is best to die."

"When I die, my soul will return to the original fate. I will always rise again in the future, and you, I will remember you. I will seek revenge on you sooner or later!"

Haitang Zihuang's stubborn and cold eyes stared at Ye Chen, not at all afraid, but full of hatred. Even if he died, he would try to resurrect him in the future and seek revenge from Ye Chen.

Seeing this, Ye Chen felt a little helpless.

Haitang Zihuang's stubbornness and rebelliousness were beyond his expectation.

This is the divine beast that Haitang Lingmother regards as her lifeblood, so it is naturally impossible for him to kill it.

"My lord, or let me talk to her?"

Just when Ye Chen was helpless, there was a sudden huge shock in the cemetery of reincarnation, and a tombstone was revealed, and a new power had awakened.

The new Da Neng is an extremely beautiful woman with a graceful figure and wearing a red dress, slowly emerging from the tombstone, with a slight smile in her eyes, communicating with Ye Chen.

"Who are you....."

The awakening of Xin Da Neng made Ye Chen very surprised, and his heart was full of joy.

The birth of this new power may turn things around!

"You can call me Scarlet Phoenix Fairy. I come from Wuwu time and space, and I was born from the Phoenix God Star. I belonged to the same vein as that Begonia Zihuang, and we knew each other a thousand years ago."

Scarlet Phoenix Fairy said with a smile.

"You guys still know each other? You were also born from the Phoenix God Star?"

Ye Chen was very surprised.

The Phoenix God Star is one of the Seven Destiny Stars, and Haitang Zihuang was born from the Phoenix God Star.

Now Scarlet Phoenix Fairy also said that she also came from the Phoenix God Star, and even knew Haitang Zihuang.

"Yes, but my strength at the peak, only the Immortal Emperor, is a little weaker, please don't be offended."

"The Point Guard Is Here"

Scarlet Phoenix Fairy said with a smile.

She comes from Wu Wu time and space, in Wu Wu time and space, there are many strong people, and there are even many heavenly emperors and gods.

If she only has the cultivation base of the Immortal Emperor, she is indeed weaker.

There is no time and space, not to say that everyone is a god, there are some existences who have not become gods, such as Fairy Scarlet Phoenix, who failed to become a god back then, and at the highest level, she was an immortal emperor.

"I encountered a little accident, which caused me to fall before I became a god."

Fairy Chihuang explained again that she seemed to be very concerned about her own strength, and felt that her cultivation base was too low to be worthy of her Wuwu status.

"It doesn't matter, the fairy has the cultivation base of the immortal emperor, that is also very powerful."

Ye Chen didn't mind, it was the first time that so many powers had been awakened in the cemetery of reincarnation, and it was the first time that someone from Wu Wu time and space appeared.

"Let me talk to this Begonia Zihuang."

Scarlet Phoenix Fairy said with a smile.

"Well, then please leave the fairy."

Ye Chen nodded, let go of Haitang Zihuang's neck, and took two steps back.

Right now, he has nothing to do. If Fairy Scarlet Phoenix could tame Haitang Zihuang, that would be great.

At that moment, Fairy Chihuang used Ye Chen's body to convey her own will, resonate with the world, and made a voice:

"Xiao Zi, the Lord of Reincarnation is a good person, you just submit to him, don't lose your temper."

The voice came out and reached Haitang Zihuang's ears, her delicate body trembled suddenly, revealing a huge vibration, and shouted: "Sister Chihuang, is it you?"

Fairy Scarlet Phoenix said: "It's me."

Haitang Zihuang asked anxiously: "Where are you?" The voice was a little crying, and it was wronged again.

Fairy Scarlet Phoenix said: "You don't need to worry about where I am, you just submit to the Lord of Reincarnation."

Haitang Zihuang gritted her teeth and said: "No, no one is qualified to be my master except the Lord of Destiny! Moreover, reincarnation is the biggest cancer in the heavens. All creatures, the universe, the stars and the sky, the sun, the moon and the universe, because of the existence of the law of reincarnation, has been suffering from birth and death."

"The Lord of Reincarnation was born in the sky and is the greatest enemy of all living beings. How can I submit to him?"

When Ye Chen heard Haitang Zihuang's words, his face darkened, and he was very unhappy.

This Begonia Zihuang always said that he was a big cancer, so naturally he would not be happy.

Fairy Chihuang said: "Oh, Xiao Zi, you misunderstood, you misunderstood reincarnation too deeply,"

Haitang Zihuang said with tears: "Anyway, I won't submit to him! Sister Chihuang, could it be that you are also bewitched by him?"

Scarlet Phoenix Fairy said: "Don't talk nonsense, you look like my sister is bewitched? Well...you refuse to surrender to him, and I won't force you, but if you follow him, you can see the fate of fate. Lord, you just follow him for a while."

Chapter 9099

"You said that the Lord of Destiny was deceived, then you should go to see her and explain clearly to her. If she really agrees with you and leaves with you, you can be together in the future. Didn't you worship the Lord of Destiny since you were young? "

Hearing these words, Haitang Zihuang's mind was suddenly shaken, inexplicably thinking of being able to be with Ji Siqing, her cheeks became hot again and again, and she couldn't hold it back.

When she was very young, she had a glimpse of the long river of years to come, and knew that the master of future destiny was Ji Siqing.

Although there are tens of thousands of timelines in the future, Ji Siqing is not necessarily the one who can be the master of destiny in the end.

But in her heart, she only knew Ji Siqing.

"Okay, Lord of Reincarnation, I can follow you, but I won't surrender to you, I only recognize Siqing sister!"

Haitang Zihuang gritted her silver teeth, and finally nodded in agreement. She was willing to follow Ye Chen, but she didn't surrender, she just wanted to see Ji Siqing.

Ye Chen was overjoyed, he and Ji Siqing had no distinction between each other, Haitang Zihuang surrendered to Ji Siqing, it was the same as surrendering to him.

"I'll let you out first."

Ye Chen swung the Heavenly Sword, cut off all the restraining iron chains on Haitang Zihuang, and released her.

After being released, Begonia Zihuang really looked obedient, and there was no longer any sign of violence and riots. She stood obediently beside Ye Chen, but there was still great resistance in her eyes, and she said in a cold voice:

"Then take me to see Sister Siqing."

Begonia Zihuang, born from the Phoenix god star, can be said to be Ji Siqing's disciple.

Before Ji Siqing was born, she had already had a glimpse of the future, knowing that Ji Siqing was the master of future destiny, and her heart was full of longing and admiration.

"Um."

Ye Chen nodded, counted with his fingers, and caught Ji Siqing's cause and effect.

In an instant, Ye Chen caught a crisis.

This breath of crisis came from Ji Siqing.

"Siqing is in danger?"

Ye Chen frowned, guessing the secret, and vaguely saw that Ji Siqing might appear at a banquet called "Feng Qiu Huang" in the near future.

Ye Chen only vaguely calculated that this "Phoenix Seeking Phoenix" banquet will be held in Tianwaitian, but the exact location is still unclear.

"Hey, where is sister Siqing?"

Seeing Ye Chen's expression changed, Haitang Zihuang felt a little uneasy and asked.

"Don't worry, I will take you to see her these few days, you go out with me first."

Ye Chen settled down, and walked out of the Phoenix Palace with Begonia Zihuang.

When Haitang Zihuang stepped out of the Phoenix Palace, all the restraints on her body were dissipated, and the whole body was filled with a brilliant purple light. In the distant sky, the vast purple energy came from the east like a waterfall, like a river of stars falling down, The sky is full of colorful flowers and rain, and all kinds of auspicious clouds are presented, which is very spectacular.

This is the vision of Haitang Zihuang's bloodline. She has not been imprisoned and banned, and the shocking scene deep in her bloodline has been revealed, which is shocking.

Seeing this scene, Ye Chen was also secretly surprised, thinking: "With the help of Begonia Zihuang, it might be able to break the crisis of Qiancao Villa."

Now Qiancao Villa is under siege by Demon Ancestor Wutian and Miluo Palace, Xiaocao God may not be able to last long, after all, this place is not without time and space, her strength is greatly restricted.

Begonia Lingmother saw Haitang Zihuang come out. Although her eyes still had an unruly and wild aura, she obediently followed Ye Chen's side without losing her temper. She couldn't help being overjoyed and said to Ye Chen: :

"Lord of reincarnation, have you tamed this purple phoenix beast?"

Haitang Zihuang didn't wait for Ye Chen to speak, and said displeasedly: "Call me Zihuang Fairy, I will never obey anyone except the Lord of Destiny."

Hearing what Haitang Zihuang said, Haitang Lingmother smiled slightly and didn't mind.

Because she knew that Haitang Zihuang was willing to come out with Ye Chen, and she had already taken a crucial step, and it was only a matter of time before she completely surrendered.

Ye Chen said: "Senior Spiritual Mother, I want to bring Haitang Zihuang..."

Haitang Zihuang interrupted him and said, "It's Fairy Zihuang!"

Back then when she was on the Phoenix God Star, she was known as Fairy Chihuang and her sister, Fairy Zihuang.

Later, she made a breakthrough in cultivation, and her bloodline transformed into a god, but Fairy Chihuang suffered an accidental fall and stopped in the realm of Immortal Emperor, and is currently in Ye Chen's reincarnation cemetery.

"Yes, Fairy Purple Phoenix."

Ye Chen nodded, then changed his name, and said to Haitang Lingmother: "I want to take Fairy Zihuang to see Ji Siqing. I figured out a secret. Siqing may appear at a banquet called Fengqiu Huang soon. I wonder if the seniors have heard of this feast?"

Haitang Spiritual Mother's face changed slightly when she heard the words "Feng Qiu Huang", and she said, "This banquet is a wedding banquet for two families of the Phoenix lineage, will the Lord of Destiny appear at that banquet?"

Ye Chen said: "Phoenix lineage? Is it also related to fate?"

Haitang Spiritual Mother said: "Yes, the Phoenix lineage was born from the Phoenix God Star, and Tianwaitian has their branches. Their Feng family and Huang family are planning to marry recently. They are all believers of the Lord of Destiny, don't they? Miss Ji Siqing, are you invited by them to have a wedding?"

Drink wedding wine?

Ye Chen's heart trembled, but he faintly sensed a crisis. If Ji Siqing appeared at Feng Qiu Huang's banquet, it might not be as simple as drinking wedding wine.

"When will the wedding banquet be held?"

Ye Chen asked.

"About three days from now."

Haitang Lingmother said.

Fairy Zihuang said happily: "In three days, can I see sister Siqing?"

Haitang Lingmother said softly: "Fairy Zihuang, in three days, I will take you to a banquet."

Fairy Zihuang was overjoyed and said, "That's great!"

When she thought of seeing Ji Siqing soon, she was so excited and cheered like a little girl.

Ye Chen thought of the crisis in Qiancao Villa, his eyes narrowed slightly, and said, "However, before we go to the banquet, we have to solve some troubles first."

Haitang Spirit Mother also knew that the Thousand Grass Villa was trapped, and that the Little Grass God might not be able to hold on, so she nodded immediately and said, "I will accompany you to the Thousand Grass Villa to meet the Little Grass God."

Ye Chen sacrificed his life and said, "Senior Lingmu, before we set off, please help me recover this weapon first."

The aura of Floating Life and Jue Ming was damaged, and there was still the blood mark of the demon ancestor Wutian on it, so Ye Chen couldn't use it at all.

He just wanted to let Fu Sheng die and return to its original state as soon as possible, so that he could rely on this weapon to restrain the Demon Ancestor Wutian.

Haitang Lingmother took the Fushengjueming from Ye Chen, stroked the weapon lightly, feeling the hidden sharpness of this weapon, she showed a hint of surprise.

"The forging process of this weapon is really the best in the past and present. The Supreme Apocalypse deserves to be the number one refiner in time and space."

Chapter 9100

"You come with me."

After a pause, he said to Fairy Zihuang, "Fairy Zihuang, you come too."

Begonia Spirit Mother led the way, Ye Chen and Zihuang Fairy followed behind her.

The three of them marched all the way, but they came to a cave deep in the fairy island.

Inside the cave, an underground river of blood flows.

In that blood river, the fresh blood flowing in it, the scarlet color actually contains a trace of purple source quality, and the blood mist with purple light is churning, and in a vague way, it is actually transformed into a purple phoenix. Shadows, floating and dancing on the river, are extremely spectacular.

"here it is....."

Ye Chen looked at the surrounding environment, a little surprised.

Fairy Zihuang snorted and said, "This is the river of blood brewed by their Haitang family, who harvested my blood!"

It turned out that this underground river of blood was formed by gathering the blood of Fairy Zihuang.

Begonia Spirit Mother smiled helplessly, and said: "Fairy Zihuang, I am also doing it for your own good. Your bloodline is too rich to hold in the real world. If I don't bleed for you, you may explode and die."

After Zihuang Fairy became a god, her bloodline transformed and became extremely powerful, so powerful that even the real world could hardly contain it.

Her overflowing blood was harvested by the Begonia Lingmother, brewing this river of blood.

This underground river of blood is so rich in aura that people feel refreshed and refreshed after taking a breath.

Ye Chen narrowed his eyes slightly, looking at Fairy Zihuang.

The purple phoenix fairy in human form, wearing a purple dress, has a graceful and petite figure, and her appearance is as beautiful as a phoenix, but her eyes are pure like a girl, with unyielding wildness.

The energy of her overflowing blood is so terrifying, which shows how powerful her blood is.

Ye Chen thought to himself, if he could really tame her, the reincarnation camp would have a huge boost.

Judging by Fairy Zihuang's appearance, it is impossible for her to submit to Ye Chen, but she worships Ji Siqing. If she submits to Ji Siqing, it is similar to submitting to Ye Chen.

"Lord of reincarnation, I will put your weapon in this purple phoenix blood river and soak it for a month."

"Relying on the energy of Zihuang Fairy's blood, after a month of accumulation, your weapon should be able to recover, and you can also erase the mark of Demon Ancestor Wutian."

With a wave of Haitang Lingmother's hand, she threw Floating Life into the Zihuang Blood River with a plop.

Fairy Zihuang snorted, stared at Ye Chen and said, "I helped you, how can you thank me?"

Ye Chen said with a smile: "I'll take you to see Siqing as soon as possible, but before we go to the Fengqiu Huang banquet, you have to accompany us to a place."

Fairy Zihuang counted and said: "I know, Qiancao Villa, right? The Little Grass God was besieged, and that girl showed her might and rescued her."

Her tone was full of haughty self-confidence, even with a wild arrogance, as if even Jiushen was not in her eyes.

"The Point Guard Is Here"

She just wanted to get rid of the cause and effect in front of her as soon as possible, and then go to see Ji Siqing.

"Let's go, Little Grass God came to the Phoenix God Star and planted the Begonia God Core. I was born, and I also have her blessing. She is in danger, and this girl can't sit idly by."

Fairy Zihuang flew out of the cave, transformed into the true form of Begonia Zihuang.

call!

The atmosphere exploded.

The purple phoenix occupies the nine heavens, sweeping the wind and clouds, shaking the universe, thousands of auspicious clouds covering the sky, and the purple air hanging down like a waterfall.

It turns out that she and Xiaocao God also have a causal relationship.

It is even said that her birth is also related to Xiaocao God.

A long time ago, God Xiaocao went to the Phoenix God Star, and planted the heart of Begonia on the side of the long river of fate, spreading a vigorous breath of life.

As soon as Haitang Zihuang was born, she was blessed with fate and the God of Grass at the same time, so her bloodline grew rapidly and she finally broke through to become a god.

As for the Scarlet Phoenix Fairy in Ye Chen's reincarnation cemetery, she was simply born from the long river of fate and did not receive the blessing of the God of Grass.

Her luck was not as good as that of Haitang Zihuang, and she suffered an accidental fall in the end, losing her qualification to become a god.

Ye Chen and Begonia Lingmother walked out of the cave, took the Begonia Purple Phoenix, directly broke through the void, and flew to Qiancao Villa.

...

At this time, Qiancao Villa is facing an extremely dangerous situation.

Demon ancestor Wutian, Mang Tianluo, and Li Jueyun, three masters, led the powerhouses of Abyss Temple and Miluo Palace, a total of ten thousand people, surrounded the villa.

The ferocious evil spirit and demonic energy reverberated between the heaven and the earth, and even disturbed the void, triggering all kinds of mysterious singing, which made people suffocate.

The disciples of Thousand Grass Villa all looked dignified, maintaining the guardian formation.

The giant tree array planted by the Little Grass God earlier, those towering giant trees, are gradually showing signs of withering at this moment.

This shows that the will of the Little Grass God is weakening.

After all, this is the real world, and even gods are subject to many laws.

Little Grass God's strength is the weakest among the Nine Gods, and her restrictions are even more serious.

"Grass God Tianzun, get out, tell me, where did Ye Chen go?"

Demon Ancestor Wutian sat high in the sky and said with a loud shout.

He had calculated that Ye Chen was probably not in Qiancao Villa, and was sent away by the God of Grass.

However, he didn't know where Ye Chen went.

He just wanted to find out Ye Chen's whereabouts as soon as possible, and then directly hunt and kill him.

Ye Chen suffered such a serious injury, and he hadn't recovered yet, so it was a good time to hunt and kill.
