Chapter 9111

Both Feng Taixu and Huang Qianxi released their own spiritual energy and poured it into Huang Tianqing's body, helping him activate the Phoenix Holy Grail.

"Phoenix Holy Flame, burn it!"

"Fate, bless me!"

Huang Tianqing's eyes were sharp, he bit the tip of his tongue, sprayed out the Immortal Emperor's true blood, and poured spiritual energy into the Holy Grail of Phoenix.

boom!

A monstrous fire burst out from the Holy Grail of the Phoenix immediately, rushing against the sky, burning the sky red like the wrath of the sky.

That is the sacred flame of the Phoenix, the power of faith accumulated by the lineage of the Phoenix since ancient times, burning in an instant, and bursting out into flames of the sacred flame.

The phoenix holy fire burned into the sky, and all kinds of flames and phoenix images emerged, the gods resonated, the galaxy fell, one universe and one world opened up, countless avenues were lavishly falling, the chains of laws intertwined, and the runes shone.

Ye Chen, Ji Siqing, Tiannv and the others all felt a burst of coercion descending after the phoenix holy flame ignited. This coercion even faintly carried the power of the Dao of Destiny.

Huang Tianqing ignited the sacred fire of the Phoenix, and burned all the power of faith accumulated by the Phoenix lineage, resonating with the supreme and great avenue of destiny, in order to attract the blessing of fate and suppress Ye Chen and others.

Rumble!

Kachacha!

The avenue roared, and long rivers of fate emerged in the sky, and immediately fell like waterfalls.

In the depths of the sky, there seemed to be the sound of the gears of fate turning again.

Everyone felt a shock from the bottom of their hearts, as if their own destiny was being slaughtered by others.

All the guests were terrified, they just came to the wedding banquet, and they didn't want to get involved in the battle between Ye Chen and Phoenix's lineage.

At this moment, Huang Tianqing burned his faith and enshrined the Dao of Fate, hoping to get the blessing of fate.

The Avenue of Destiny has responded, and the sky is full of the atmosphere of destiny manifesting.

As the holy fire in the Holy Grail of the Phoenix burned more and more fiercely, the fate atmosphere between the heaven and the earth became more and more intense. There were rivers and waterfalls of fate everywhere, and the light of fate everywhere.

Even, the statue of the Lord of Destiny without facial features also manifested a vision at this time, gradually appearing facial features.

Finally, the blessing of fate came.

Rumble!

Accompanied by the roar of a huge air current, a gray star emerged in the sky.

The surface of that star is gray and lifeless, but it still exudes a terrifying divine power, which cannot be underestimated.

The power of countless destiny poured into that star like a waterfall.

The dead and dark stars quickly regained their brilliance, buzzing, and in an instant, they bloomed with a thousand rays of light, and became brilliant again.

Brilliant stars, surrounded by colorful phoenixes, all kinds of gods and beasts running, and the long river of fate, presenting an incomparably spectacular scene.

"Ah, it's Phoenix Divine Star!"

"The lucky chance bestowed by the Dao of Destiny is actually the Phoenix Divine Star!"

Seeing this scene, Huang Tianqing was immediately horrified and joyful, and couldn't believe his eyes.

He lit the phoenix sacred fire, praying for the blessing and reward of fate, but he never expected that the reward that fate descended upon would be the Divine Phoenix Star.

The Phoenix God Star is one of the Seven Stars of Destiny, and its power is incomparably vast.

Whether it is the Purple Phoenix Fairy, the Scarlet Phoenix Fairy, or the lineage of the Phoenix, they are all creatures born from the Phoenix God Star.

As early as tens of thousands of years ago, the Divine Phoenix Star had already fallen in the catastrophe war, and it is unknown where it fell.

At this moment, fate brought the Phoenix Divine Star back to life, and restored it to its glory.

"Is the reward bestowed by fate actually the Phoenix God Star? If we can get the Phoenix God Star, our Phoenix lineage can regain our former glory!"

Feng Taixu was also very pleasantly surprised when he saw the appearance of Phoenix Divine Star.

Huang Qianxi on the side was also extremely surprised.

She came down today with Feng Taixu to witness Feng Qiu Huang's wedding, and to see what kind of opportunities the Avenue of Destiny will bestow after the Phoenix Holy Flame is lit.

But neither of them expected that the reward given by fate would be the long-fallen Phoenix Divine Star.

"It's really hard to find anywhere. It doesn't take much effort to get it. Our family has been looking for the Phoenix God Star, but we didn't expect to meet it here."

Huang Qianxi's beautiful eyes stared at the Phoenix Divine Star, full of joy and longing.

Huang Tianqing's complexion changed, and he said: "What do you want to do, this Divine Phoenix Star, but the Dao of Destiny bestowed it on us as a reward for the Holy Land, and it's not your turn to get your hands on it!"

Feng Taixu chuckled, and said: "This branch of yours, do you still want to kill the master? The Phoenix God Star belongs to our clan, if you dare to snatch it, you are courting death!"

Huang Qianxi said: "Exactly, Huang Tianqing, I hope you can recognize your identity."

Just now, the two of them wanted to join forces with Huang Tianqing to deal with Ye Chen and Tiannv.

But now, seeing the Phoenix Divine Star appear, they immediately turned their faces.

Ye Chen, Tiannv and others, as well as all the guests, were very surprised to see the infighting in the Phoenix lineage.

Everyone thought in their hearts that the Divine Phoenix Star must be very, very precious, otherwise, the Phoenix lineage would not be fighting among themselves at the moment of the enemy.

Thanks to Ye Chen and Tiannv, the relationship is not as close as before, and there is a lot of estrangement between the two sides, otherwise, the two of them would have joined forces long ago, taking advantage of the internal strife in the Phoenix line, to wash this land with blood.

"Ye Chen, I want this phoenix star! This is one of the seven stars of destiny. If we can get the seven stars of destiny, I can become the real master of destiny!"

Ji Siqing stared at Phoenix Divine Star, eyes full of longing.

She wanted that Phoenix Divine Star, and she firmly believed in her heart that it must be her chance!

Because, she had listened to the guidance of fate a long time ago, and sneaked into the Holy Land of Phoenix secretly, just to steal the Holy Grail and ignite the holy fire in advance, but unfortunately she was discovered.

At this moment, Phoenix Divine Star hummed, faintly resonating with Ji Siqing.

In the center of the square, the statue of the Lord of Destiny without facial features finally showed facial features at this moment.

It was exactly what Ji Siqing looked like!

"Sister Siqing, look, you are indeed the real master of destiny!"

Fairy Zihuang pointed at the statue and said with joy.

She is Ji Siqing's disciple, seeing Ji Siqing's approval of fate, she is naturally extremely happy.

There are many timelines in the future, and the master of fate may be Ji Siqing, or someone else, or even Ji Siqing's sister Ji Lin.

But at this moment, the phoenix descended, and Ji Siqing's beautiful and suffocating appearance appeared on the faceless statue. All the signs showed that Ji Siqing was the most likely master of fate!

Everyone saw the vision of the withered statue, as well as the resonance between Ji Siqing and the Phoenix God Star.

Chapter 9112

Feng Taixu was furious, and said: "Ji Siqing, you sinful girl, don't even try to get your hands on the Phoenix Divine Star, that is a gift that fate bestowed on me from the Phoenix lineage!"

After finishing speaking, Feng Taixu grasped it from the air with his big hand, and released the majestic spiritual energy, intending to grab the brilliant Phoenix God Star in his hand.

"Hey, Sister Siqing has been approved by the Dao of Destiny, why don't you kneel down and kowtow obediently, do you still want to resist?"

Fairy Zihuang snorted, and immediately manifested the real body of Begonia Zihuang, raised her head to the sky and screamed, releasing a vast divine power, blocking Feng Taixu's grasp, and flew up with wings, intending to take the Phoenix God Star, Take it down and give it to Ji Siqing.

"Naughty beast, how dare you! Phoenix Holy Grail, Heavenly Fire Sword Flow, suppress it for me!"

Huang Tianqing was furious, the Divine Phoenix Star is so precious, he absolutely cannot let it fall into the hands of outsiders.

Chi Chi Chi!

Huang Tianqing burned the Immortal Emperor's Qi and blood, and frantically activated the Holy Grail of the Phoenix. Countless holy flames turned into flying swords, soaring into the sky, and slashed towards Fairy Zihuang.

"careful!"

Ye Chen spread out his wings of freedom, soared into the sky, rotated the Tianjun Conferred God Monument, resisted all the flying swords that Huang Tianqing shot, and then rode on Zihuang Fairy, flew towards the Phoenix God Star, to kill this Pick off a star and give it to Ji Siqing.

"Stop him!"

Feng Taixu and Huang Qianxi looked at each other, their bodies exploded, and mysterious laws exploded from their bodies, it was the special laws of no time and space, with the fluctuation of the law of causality.

Before the two of them could kill, Ye Chen felt an inexplicable force, like an air wall, blocking him, preventing him from getting an inch.

Ye Chen knew that it was the obstruction of the law of cause and effect.

Feng Taixu and Huang Qianxi jointly used the law of cause and effect to prevent him from collecting the Phoenix God Star.

"Want to stop me? You are not qualified!"

Ye Chen snorted, and punched out violently, opening the sky with every inch of strength.

Violent and savage power exploded from Ye Chen's fist, blowing up the air wall in front of him in an instant.

After all, Feng Taixu and Huang Qianxi didn't come from their bodies. If they only had avatars, even if they used the law of cause and effect, it would be difficult to stop Ye Chen.

Ye Chen broke through and blocked, and with a big hand, he was about to take down the Phoenix God Star.

"Boy, stop it!"

Feng Taixu was extremely annoyed, he sacrificed his flying sword, a sword swept across the air like a galaxy, and rolled straight towards Ye Chen, vowing to prevent Ye Chen from capturing the Phoenix God Star.

Ye Chen swung the Samsara Heavenly Sword to fight, and Feng Taixu charged in front of him, and the two immediately fought fiercely.

On the ground, Tiannv frowned when she saw Ye Chen was in a fight.

"Junior Sister, if the Divine Phoenix Star falls into Ye Chen's hands, you will be in danger."

"The reincarnation camp has the blessing of the Phoenix God Star, and you will be at a disadvantage in a decisive battle with Ye Chen."

Li Jueyun gritted his teeth, feeling very worried in his heart.

Tiannv Zhen nodded lightly, knowing that this matter was no small matter.

Although she loves Ye Chen, she doesn't want to see Ye Chen being hurt by outsiders, but she can't let Ye Chen get this phoenix star for nothing.

Li Jueyun is right, the Phoenix God Star is extremely precious, and it is one of the Seven Stars of Destiny. If Ye Chen gets it, her luck will definitely skyrocket, and she is likely to lose in the future decisive battle.

"We will also take action to snatch the Phoenix God Star."

The celestial girl flew up, and also grabbed the Phoenix God Star.

Li Jueyun was overjoyed and hurriedly followed.

"My junior sister Tiannv wants the Divine Phoenix Star, if any of you dare to snatch it, I will tear him to pieces!"

Li Jueyun roared ferociously, his blood was completely burned, Zhou Guang's aura bloomed, and the laws of time were manifested.

Then, he stretched out his big hand and grabbed Phoenix Divine Star.

Ye Chen was fighting fiercely with Feng Taixu, and Huang Qianxi also joined the battle just now, so Ye Chen was one against two.

However, when the three of them saw Li Jueyun making a move to capture the Phoenix God Star, they immediately stopped fighting, turned their heads, and attacked Li Jueyun.

When Li Jueyun was attacked by three people, he felt infinite pressure and attack. He was a little suffocated for breathing, so he hurriedly backed away.

Seeing this, the celestial girl took action herself and went to get the Phoenix Divine Star.

But at this time, Huang Tianqing also came up to kill, his old palm was like a hell shrouded in heaven, blocking the celestial girl.

Suddenly, the scene fell into chaos.

All the guests were shocked when they saw the battle in the sky.

They did not expect that such a chaotic battle would erupt in the Fengqiu Huang wedding banquet.

Ye Chen, Tiannv, Li Jueyun, Zihuang Fairy, Huang Tianqing, Feng Taixu, Huang Qianxi and others fought in a melee, not knowing who was whose enemy.

Seeing the situation, Fang Fang Haitang Spirit Mother and Ji Siqing also wanted to join the battle, but the scene was so chaotic that they couldn't intervene.

Ye Chen and the others fought in a scuffle, all for the purpose of snatching the Phoenix God Star.

The fierce battle scene shook the heavens and the earth, swept the wind and clouds, shook the sky, all kinds of laws and energies surged and roared, and the power of spiritual energy fell like a galaxy.

The phoenix god star is surrounded by countless auspicious clouds, and colorful phoenixes fly into the sky, floating quietly in the sky.

Ye Chen and the others all wanted to take off the Phoenix God Star, but in the scuffle, no one could escape.

"Or, I can try to steal it!"

With a thought in his mind, Ye Chen immediately vibrated his wings of freedom, and flew back a long distance, avoiding someone's attack.

He collected himself and thought of stealing stars.

"Dahuang steals the sky art, steal it for me!"

Ye Chen grasped the palm of his hand, and cast a mysterious technique, wisps of desolate aura permeated around his body, faintly resonating with the phoenix god star.

Chapter 9113

He actually wanted to use the Great Desolation Stealing Heaven Technique, steal the stars, and steal the Phoenix Divine Star!

As soon as the Great Desolation Stealing Sky technique was cast, a miraculous scene appeared. The Phoenix God Star in the sky seemed to be caught by an invisible big hand, then fell down, and quickly flew to Ye Chen's side.

As soon as Ye Chen used the technique of stealing the sky, it really had a miraculous effect, and immediately stole the Phoenix God Star.

"Great, this Destiny Star is mine!"

Ye Chen was overjoyed, his body shook, and he immediately rushed into the Phoenix God Star and landed on the land of God Star.

As long as the blood is dripped into the earth and fused with the veins of the earth, you can recognize the Lord by dripping blood and successfully capture this star.

Tiannv, Li Jueyun, Huang Tianqing, Feng Taixu, Huang Qianxi and others were in a melee, and suddenly saw Ye Chen making a move, successfully stealing the star, and even stepped into the land of the Phoenix god star, and they had to prepare to recognize the master with blood. All were shocked.

"This kid, when did you steal the Phoenix Divine Star?"

Huang Tianqing was terrified, and hurriedly activated the Holy Grail of Phoenix. The flames on the Holy Grail burst and gushed out like magma, turning into a blazing stream of flaming swords, pouring down towards Ye Chen on the Phoenix God Star.

"Ye Chen, your method is really ignorant, unnoticed, and shocking."

Tiannv's beautiful eyes moved, but she never thought that Ye Chen would suddenly succeed in stealing stars.

She couldn't let Ye Chen control the Phoenix God Star, otherwise she would be in danger.

Scoff!

The Celestial Ice Phoenix Sword slashed out, and a cold sword energy mixed into Huang Tianqing's flaming sword flow, melting ice and fire, rolling towards Ye Chen.

"Boy, you are so brave. In front of this young master, you also want to steal stars?"

Feng Taixu's eyes were completely cracked, and the law fluctuations without time and space burst out immediately. The mysterious law energy converged into dark iron chains, and the black phoenix brand was carved on the iron chains. It was very strange, and swept across the sky. Ye Chen.

Ye Chen had just set foot on the surface of Phoenix God Star, and he was under such a fierce attack, and he felt tremendous pressure immediately.

"Brother Ye Chen, be careful!"

Fairy Zihuang turned pale with fright, and flew over with fluttering wings, full of worries in her heart, and wanted to help Ye Chen.

She had fought side by side with Ye Chen just now, and the estrangement in the past was much less.

"The law of cause and effect, no thoughts, no thoughts, no self, severance!"

Seeing the terrifying attack of Tiannv, Feng Taixu, Huang Tianqing and others approaching, Ye Chen immediately mobilized the spiritual energy on the Phoenix god star, and the law energy surged, displaying the supernatural power of the law of cause and effect.

The law of cause and effect is a special law without time and space, which can define cause and effect and change all outcomes of reality.

If it was in the past, it would have been very difficult and almost impossible for Ye Chen to use the magic power of the law of karma.

Because the law of causality is the mystery of time and space, it is extremely difficult to implement it in the real world.

However, now that Ye Chen is on the Phoenix God Star, he can feel that this star is flowing everywhere with spiritual fluctuations without time and space, and even has many secret laws of cause and effect.

Ye Chen used the aura on the Phoenix God Star to display the law of cause and effect.

The cause and effect he defined is the word "severe", which is to isolate all the fluctuations of the outside world.

As soon as the law of cause and effect came out, a mysterious, miraculous, miracle-like, unfathomable law energy immediately enveloped the entire Phoenix Divine Star.

The entire Phoenix Star seemed to be blocked by walls of air. No attack method, anyone, or any breath could invade the Phoenix Star.

woo woo woo...

Tiannv, Feng Taixu, Huang Tianqing and the others just displayed shocking attack methods. When they touched the Phoenix God Star, it was like a mud cow entering the sea, and disappeared without a sound, and did not hurt the Phoenix God Star at all. , and failed to hurt Ye Chen.

"Junior sister, it's the law of karma! This kid actually used the law of karma!"

Li Jueyun's expression changed drastically, and he immediately felt that the Phoenix God Star was surrounded by an air wall, and no one could get in.

That wall of air is invisible to the naked eye, even invisible to the mind, but it does exist. It is a special law of cause and effect, a special law, like the great way of heaven and earth.

The face of the celestial girl also changed color, and she tried to get close to the Phoenix god star, but was blocked by an invisible force, that is, an air wall, which could not be seen or touched, but she couldn't break through.

"Is this the law of no time and space? The mystery of the law of cause and effect is really amazing!"

The pretty face of the celestial girl sank. She is a top immortal emperor. It is easy to destroy billions of stars in the universe with a single gesture, but she cannot break through this small air wall.

Because this air wall is actually the manifestation of the law of cause and effect, which cannot be broken through by ordinary means.

Huang Tianqing also tried to break through, but it was useless at all, instead, his nose was swollen and his face was blue from being hit by the air wall.

"Damn it!"

Huang Tianqing couldn't help cursing, he used to come from Wuwu time and space, so he naturally knows the magic of the law of cause and effect.

In the real world, the law of causality exists against the sky, and it cannot be reversed by any means.

Even Feng Taixu and Huang Qianxi, because they are only avatars and restricted by the laws of reality, it is difficult to break through the air wall of the law of cause and effect.

Seeing that the law of cause and effect took effect and everyone was isolated, Ye Chen was overjoyed and immediately bit his fingertips, wanting to drip his own blood into the Phoenix God Star's veins, to recognize the Lord by dripping blood.

"Qixi, help me break through!"

Seeing that Ye Chen was about to subdue the Phoenix God Star, Feng Taixu felt anxious and shouted at Huang Qianxi.

Huang Qianxi's eyes were serious, and she felt that the situation was serious.

If the Phoenix Divine Star falls into Ye Chen's hands, then their Phoenix lineage will completely lose the foundation of their survival through the ages, and the consequences will be disastrous.

At that moment, Huang Qianxi placed her slender hand on Feng Taixu's back, poured all the spiritual energy into it, and pushed Feng Taixu towards the Phoenix God Star with a hard push.

"Boy, you want to collect the Phoenix Divine Star, that's just a dream!"

Feng Taixu waited for Huang Qianxi's help, his aura exploded in an instant, his hair swelled, his eyes were like thunder, and the galaxy fell, his aura was very wild.

He slammed forward, broke through the restriction of Ye Chen's air wall, landed on the Phoenix God Star, and killed Ye Chen with a sword.

Ye Chen's law of cause and effect can stop Tiannv and Li Jueyun and others, but it is not easy to resist Feng Taixu.

Because Feng Taixu is a strong man from no time and space, he has a very profound study of the law of cause and effect.

Of course, if the goddess is willing to spend her time, she may also break through the air wall of the law of cause and effect, but she cannot have this time.

At this moment, Feng Taixu was the only one, relying on Huang Qianxi's help, to break through and enter.

laugh!

Feng Taixu's sword energy was like a tide, forcing Ye Chen to retreat step by step.

"Hey, why is your aura suddenly so strong?"

As soon as Ye Chen's face darkened, he felt that Feng Taixu's aura was much stronger than the outside world just now.

"Hey, I can't think of it, boy, this Phoenix god star can be regarded as my territory!"

Chapter 9114

Feng Taixu looked around at the surrounding mountains and rivers, as if looking at his own home, and sneered.

The terrestrial veins of the Phoenix God Star actually resonated faintly with him, bringing him the help of the right time, place and luck.

Ye Chen suddenly realized that the lineage of Phoenix was born from the Phoenix God Star, which was their original home.

Feng Taixu is a member of the Phoenix lineage. When he landed on the Phoenix God Star, it was as if he was returning home. With the help of the earth's veins, his power naturally surged.

"You are a robber who wants to seize my home."

Feng Taixu's eyes were full of anger and hatred, and as soon as he held his hand, a long river of phoenixes swept across from the distance of the Phoenix god star. Countless heavenly phoenixes, countless delicate phoenixes, and countless vast and mysterious auras surrounded Feng Taixu's whole body. .

He swung his sword, and with the help of the Earth Vein Meteorology of Phoenix Divine Star, the sword energy swept towards Ye Chen like a frenzy.

Ye Chen's face sank, feeling the horror of Feng Taixu's power, he hurriedly swung the Samsara Heavenly Sword, the Heavenly Thunder Divine Vessel was opened, and thunderstorms exploded out, resisting Feng Taixu's wave of sword energy.

The sword energy of the two swept across and collided, causing the mountains and rivers of the Phoenix God Star to shatter everywhere, and the sky and the earth turned pale.

"What robbers, this Phoenix god star is the star of destiny, belonging to the master of destiny. If you want to defy destiny, you will be punished by heaven!"

Ye Chen's eyes were sharp, and he was not provoked by Feng Taixu's words, because he knew that this Phoenix star should belong to Ji Siqing.

Today, there are weather manifestations of the Dao of Destiny in the world, and the supreme and great Dao of Destiny recognizes Ji Siqing's identity, but Feng Taixu is not willing to bow his head.

"What masters of fate, you are nothing but a group of usurpers!"

Feng Taixu snorted, his eyes were full of hatred, but he didn't have much confidence in his words.

He also saw the change in the outside weather just now.

The statue of the Lord of Destiny without facial features showed Ji Siqing's appearance.

Destiny has already signaled that Ji Siqing is the real master of destiny!

However, even if he knew the truth, Feng Taixu still couldn't accept it.

Once accepted, it means that it is absolutely impossible for the Phoenix lineage to serve outsiders as masters.

The Lord of Destiny must be born from the lineage of the Phoenix!

The one who really defies fate is Feng Taixu, not Ye Chen.

But this point, it is impossible for Feng Taixu to admit it, this is related to the entire Phoenix lineage, the future life and death power.

"Hundred birds face the phoenix, the law of karma kills, break it for me!"

Feng Taixu yelled violently, his whole body was filled with spiritual energy, sword energy shot up to the sky behind him, like a hundred birds facing a phoenix, ten thousand swords return to their ancestors, tearing apart the void, bursting out a shocking sonic boom.

The billowing sword energy flew towards Ye Chen.

In this sword flow, Feng Taixu gathered the ultimate power of causality, and the aura of the Phoenix God Star's Earth Vein, its power is extremely terrifying.

"not good!"

Ye Chen felt a shocking pressure, if it was just a simple killing with flying sword airflow, he could block it.

But Feng Taixu's move mixed the law of cause and effect and the power of the earth's veins, it is extremely terrifying, it is enough to destroy billions of time and space, and shatter the stars in the sky, which makes people tremble.

"Longteng Fate Star, open!"

"Tianjun Fengshen Monument, block it for me!"

Ye Chen yelled violently, opened the Dragon Fate Star, and sacrificed the Tianjun Fengshen Monument.

hum!

The Tianjun Conferring God Monument hummed violently, blooming thousands of auspicious rays of light, surrounded by countless dragons, and the starlight of the dragon's life star shone brightly, guarding Ye Chen.

boom!

Feng Taixu's shocking flying sword airflow, with the power of the law of cause and effect and the power of the earth's veins, ruthlessly bombarded the Tianjun God Conferring Stele.

"Puchi!"

Ye Chen vomited blood on the spot, even with the resistance of the Tianjun Fengshen Monument, he still suffered a huge shock, and his internal organs were almost smashed to pieces.

It has to be said that Feng Taixu's all-out attack just now put Ye Chen into a mess and was injured on the spot.

small book booth

"What's the use of stubborn struggle? This Phoenix God Star is my home, and I'm on my home territory. If I can't beat you, it's a joke!"

Feng Taixu sneered again and again, if he was outside, he wouldn't be sure to kill Ye Chen.

But here, he has the advantage of the right time and place, and his grasp is very huge.

The stronger the state and strength of an existence, the more important it is to control the right time and place!

This is his confidence!

Scoff!

Feng Taixu slashed out with a sword again, a hundred birds turned to the phoenix, ten thousand swords returned to their ancestors, one sword transformed into thousands of sword qi, and he talked endlessly.

Ye Chen was quite embarrassed, and quickly retreated to avoid it.

Apart from Phoenix Divine Star, Tiannu, Li Jueyun, Huang Tianqing, Zihuang Fairy, Huang Qianxi, Begonia Spirit Mother, Ji Siqing, Ye Lan and others were all watching the battle.

Seeing Ye Chen's distressed appearance, everyone had different moods.

Ji Siqing, Haitang Spirit Mother and the others were naturally full of worries.

Huang Qianxi was full of joy, thinking that the Divine Phoenix Star could finally be obtained by members of their clan.

As for Huang Tianqing, his old face trembled.

He knew that no matter whether the Phoenix Divine Star fell into the hands of the Zong family or Ye Chen, he would not feel better.

"This kid is going to be killed."

"This is also his retribution, he wants to take everything, haha!"

Li Jueyun folded his arms, with an expression of watching the show, wishing Ye Chen would die immediately.

The heavenly girl Liu Mei frowned slightly, but she didn't know what she was thinking.

Within Phoenix God Star, facing Feng Taixu's pressing step by step, Ye Chen's situation is getting worse and worse.

"Looks like it's time to activate the Sun Fate Star!"

Chapter 9115

Ye Chen gritted his teeth. At this juncture, if he wanted to turn defeat into victory and kill Feng Taixu, he could only activate the Scorching Sun Fate Star.

Moreover, the general opening may not be very effective. It must be like how it dealt with Demon Ancestor Wutian at the beginning, regardless of all costs, to bloom the brilliance of the scorching sun and life star to the most brilliant and extreme level, and then it is possible to turn the Phoenix Taixu kills.

But if he did so, Ye Chen would have to pay a huge price.

"Lord tomb owner, don't be impulsive."

"If you activate the Lie Sun Fate Star, the price will be too high."

At this moment, Fairy Scarlet Phoenix's voice came out from the cemetery of reincarnation.

"Fairy Scarlet Phoenix, what can you do? I don't want to borrow your power."

Ye Chen asked, he didn't want to rely too much on the power of the reincarnation cemetery.

"No, no need, you don't need to borrow my power, but I have a Thirty-Three Heavenly Art that I can teach you."

"If you can master it, it will be enough to kill this Feng Taixu!"

Fairy Scarlet Phoenix said.

"Thirty-Three Heavens Divine Art? Scarlet Phoenix Fairy, you actually control the Thirty-Three Heavens Divine Art?"

Ye Chen was taken aback, he naturally knew the power of the Thirty-three Heavenly Art.

"Yes, my soul can be included in the cemetery of reincarnation, so there is something unusual about it."

"On the surface, my talent may not be comparable to that of little sister Xiao Zi."

"However, since I was born, I have been blessed by fate. I have been accompanied by a Thirty-Three Heavens Divine Art, called the World-Defying Nine Heavens, which is the source of your Great Thousand Layers Palm."

Fairy Scarlet Phoenix's voice was clear and mysterious, and she sacrificed a scroll.

On this scroll, the aura of divine art lingers, and the power of destiny vibrates, manifesting an incomparably vast power.

"The source of the Daqianzhonglou Palm, the World-Defying Ninth Heaven?"

Ye Chen Tong Kong shrank, his Daqianzhonglou Palm ranked first in the Nine Heavens Divine Art.

This world-defying Nine Heavens is the source of the Daqianzhonglou Palm, and its power must be very terrifying.

"The World-Defying Ninth Heaven is not only a magical technique, but also a magic weapon, similar to the Throne of Thorns."

"This divine technique, after practice, can evolve into a world-defying heavenly palace."

"Once upon a time, there was a great ancient god named Aoshi Tianzun who created the magic art of Aoshi Nine Heavens. The Aoshi Tiangong he built once dominated an era."

"That proud Heavenly Venerable is also a follower of fate. In order to enshrine fate, he actually burned his body and sacrificed everything he had."

"This divine art has since belonged to the Dao of Destiny. I was blessed by fate when I was born, and I obtained this divine art. Unfortunately, I only understood a little bit of it, but I couldn't really practice it. I was killed by the Phoenix lineage. It was Huang Tianqing who killed me. kill me!"

Fairy Scarlet Phoenix told Ye Chen the mystery of the origin of this volume of world-defying nine-fold heavenly magic.

At the end, there was a hint of hatred in her voice.

Even with the passage of time and vicissitudes, she still bears a grudge against Huang Tianqing.

Because, when she cultivated the world-defying Ninth Heaven, she had the possibility of proving the Tao and becoming a god, but in the end she was killed by Huang Tianqing, and she fell down with regret.

To this day, she has not been able to truly become the world-defying Ninth Heaven, but only grasped a little bit of superficiality.

She knew that Ye Chen was very talented and had the foundation of Da Qian Chong Lou Zhang, so she wanted to pass this magical technique to Ye Chen, hoping that Ye Chen could practice it.

If Ye Chen can become the world-defying ninth level, he can make up the gap with Feng Taixu, and even fight back!

Because, when Fairy Scarlet Phoenix was cultivating the world-defying Ninth Heaven, she was on this Phoenix Divine Star.

If Ye Chen succeeds in practicing, he can also get the blessing of the Phoenix Divine Star.

In this way, there is no gap between him and Feng Taixu, whoever wins depends on their physical strength.

Feng Taixu is just a doppelgänger, without the blessing of the earth's veins, Ye Chen has great confidence and can kill him.

"Fairy, then I will cultivate this world-defying Ninth Heaven!"

Ye Chen's gaze was fixed, and his mental power was released, penetrating into the magical scroll of the world-defying Nine Heavens.

boom!

The scroll opened, and a mysterious and vast picture scroll emerged from Ye Chen's eyes.

He saw an incomparably spectacular scene, tens of thousands of floating clouds piled up between the sky and the earth, the clouds and mists were transpiring, surrounded by immortal energy, a huge heavenly palace was suspended above the top of the clouds, overlooking the mortal world.

That Heavenly Palace is almost like the residence of the god kings and god emperors. Whoever can control the Heavenly Palace will be able to dominate the whole life and be invincible in the world.

This is the magical atmosphere of the world-defying nine heavens, truly looking down on the world, overlooking the common people, dominating and invincible, ruling the supreme way, and dominating the universe.

Ye Chen's talent is extremely high, and he has the foundation of Daqianzhonglou Palm, and he is on the Phoenix God Star. All kinds of favorable conditions and places are intertwined, and he comprehends all the magic techniques that are proud of the world in an instant.

hum!

Ye Chen opened his eyes, his mental strength returned to reality, his eyes burst out with golden light, rushing up against the sky, if he wanted to penetrate the stars, it was extremely fierce.

He communicated with Fairy Chihuang just now, relying on his divine sense, comprehending the world-defying Nine Heavens, and it was also like an enlightenment, between lightning and flint.

The time in the outside world is only a few breaths past.

Feng Taixu's breath was like madness, and he continued to chase and cut Ye Chen with his sword.

However, Ye Chen has no fear.

In his heart, there are various wonderful methods that defy the world and the Nine Heavens.

His body also secretly brewed an arrogance and power that looked down on the world.

"Huh?"

When Feng Taixu saw this, his heart shuddered, and he felt that Ye Chen seemed to be a different person, which made him feel very dangerous, so he subconsciously took a few steps back.

Chapter 9116

"Feng Taixu, after fighting for so long, it's my turn to fight back."

"World-Proud Ninth Heaven, World-Proud Heavenly Palace, come!"

With a loud shout, Ye Chen completely exploded the world-defying Nine Layers of Heaven Secret Technique. A shocking airflow of divine magic shot up into the sky, piercing through the sky of the Phoenix Divine Star. Countless laminar clouds piled up. A phantom of a palace appeared.

That palace is a real palace in the sky, majestic and majestic, surrounded by countless laws, the gods sing blessings, golden light spreads, the galaxy revolves, and there is a shadow of heaven and earth on the palace.

That is Ye Chen's heaven and earth dharma. It is ten thousand feet high and full of brilliance, like a supreme being who looks down on the world and is extremely domineering.

Rumble!

The entire Proud World Heavenly Palace made a huge thunderous vibration, which resonated with Ye Chen, and all kinds of great power came to Ye Chen.

"This is... the world-defying Ninth Heaven! You...you actually practiced this divine technique? It's impossible!"

Seeing the appearance of the World-Defying Heavenly Palace, Feng Taixu fell into a state of horror, and felt a huge pressure enveloping him, even suffocating his breath.

The world-defying Ninth Heaven is the existence of the Thirty-Three Heavens Divine Art, which ranks among the top, and its power is very terrifying.

In his impression, even the Scarlet Phoenix Fairy back then couldn't really practice it.

But at this moment, Ye Chen was completely in control. As soon as the Aoshi Tiangong came out, he seemed to be the supreme ruler who looked down on the heaven, earth, and universe.

"Proud World Nine Heavens? Isn't this the supernatural power of Sister Chihuang? Brother Ye Chen actually managed it?"

Outside the Phoenix God Star, Zihuang Fairy saw Ye Chen's shocking appearance, and her beautiful eyes were full of shock.

She remembered that Fairy Scarlet Phoenix had lost countless gray hairs in order to practice this supernatural power, but she was never able to really practice it, but only grasped a little bit of superficial power.

If Fairy Scarlet Phoenix could really become the World-Defying Ninth Heaven, she might be able to prove the Dao and become a god without being killed by Huang Tianqing.

But now, Ye Chen easily exploded into the terror of the World-Defying Heavenly Palace. His talent is so high and his cultivation is so powerful, it is simply unbelievable.

Fairy Zihuang's eyes were shocked, but also worshiped.

Tiannv and Li Jueyun also changed their expressions when they saw the majestic atmosphere of Liuyun Tiangong, feeling the terror of Ye Chen's strength.

On the other side, Huang Tianqing and Huang Qianxi were extremely shocked.

Huang Qianxi thought to herself: "Oops, Senior Brother Taixu is about to lose."

Huang Tianqing's heart tightened for a while, and he looked at Fairy Zihuang again, thinking: "Begonia Zihuang is here, Fairy Chihuang must be by that kid's side, and even taught him the supernatural power of the Ninth Heaven."

"The Town Demon Museum"

"Oops, old man, I killed Fairy Scarlet Phoenix with my own hands back then, and severely injured Haitang Zihuang. If that kid blamed me for revenge, wouldn't I die?"

Seeing Ye Chen's domineering appearance, he thought to himself that even if he gave up his old life, he could not be Ye Chen's opponent. He only hoped that Feng Taixu would show his might and resist the power of Aoshi Tiangong, and then kill Ye Chen. Chen Zhen killed.

However, Huang Tianqing was unable to fulfill his wish.

Facing the power of Ye Chen's Aoshi Tiangong, Feng Taixu was trembling all over, his bones were cracking, as if his muscles and bones were about to burst, and he couldn't stop the coercion of Aoshi Tiangong at all.

"Boy, you are amazing!"

Feng Taixu felt the danger, so he immediately turned around and flew away, not daring to fight Ye Chen again.

"At this time, do you still want to run?"

"Daqian Aoshizhang, suppress it for me!"

Ye Chen stared at Feng Taixu's back, yelled violently, and roared out with a palm.

This palm, mixed with the power of the divine art that overwhelms the world, is unbelievably ferocious, as if it contains the foundation of the universe, and it is like the arrival of a king, arrogantly looking down on the world, oppressing the common people, and invincible.

Feng Taixu was terrified, seeing Ye Chen hit him with a palm, he had no choice but to turn around and block with a palm.

However, his palm couldn't stop Ye Chen's palm at all.

With one palm, Ye Chen pressed his palm against his chest, and spat out violent palm force, blasting all his muscles and bones, blood flowing from his internal organs, and flying out in embarrassment.

"Brother Taixu!"

Huang Qianxi was terrified, she hurriedly caught Feng Taixu's body.

I saw that Feng Taixu was seriously injured, and there was a trace of death in his eyes.

Ye Chen's palm just now actually killed him, but he is a strong man without time and space, as long as there is a timeline, there is a possibility of resurrection.

"Junior Sister, let's go, let's go."

Feng Taixu was completely panicked and frightened. Although he was resurrected, Ye Chen's palm destroyed at least half of his timeline.

At that moment just now, he experienced at least a million deaths and the destruction of a million timelines, which brought huge wear and shock to his Dao heart, and his eyes were already dead.

Seeing Feng Taixu's appearance like this, Huang Qianxi knew that her senior brother's future future was completely ruined, and her Taoist heart was worn out too much.

A strong man without time and space, although everyone has many timelines, theoretically they can be resurrected infinitely.

But in fact, no one can achieve infinite resurrection, because every death will bring a huge impact and wear to the heart.

If too much wear and tear accumulates, the Dao heart will be broken, the spirit will collapse, and the person will die.

Therefore, every strong man who has no time and space cherishes his life very much, and he doesn't even want to die once, because it will affect his heart.

Chapter 9117

Ye Chen used the World-Defying Nine Heavens, the power of that palm just now was too terrifying, it exploded Feng Taixu's million timelines and killed him a million times.

Feng Taixu's Dao heart is on the verge of collapse, and it is impossible to make any progress in the future.

Huang Qianxi stared at Ye Chen's figure with great shock and horror in her eyes.

She never expected that Ye Chen would be so powerful, just one slap made Feng Taixu so embarrassed.

She was also deeply terrified, and she didn't dare to confront Ye Chen anymore, so she hurriedly took Feng Taixu, who was seriously injured, and fled from here, and fled back to Wu Wu time and space.

"pity....."

Ye Chen felt a little regretful when he saw that his shocking palm failed to kill Feng Taixu completely, but only seriously injured him.

He also felt that it is not easy to completely kill the strong man without time and space, with many timelines and tenacious vitality.

Moreover, after Feng Taixu returns to Wuwu Time and Space, he will definitely not let it go, and maybe he will find a way to take revenge.

Of course, Ye Chen is not afraid.

Seeing Ye Chen defeating Feng Taixu and destroying millions of timelines of the opponent, Tiannv, Li Jueyun, Huang Tianqing, Ji Siqing, Haitang Lingmu and others were all extremely shocked.

"Brother Ye Chen, you are really amazing!"

Fairy Zihuang's heart was surging, and she couldn't help cheering for Ye Chen.

She hated Ye Chen very much at first, but now seeing Ye Chen being so fierce, her mood changed greatly.

Perhaps, such a strong person does have the qualifications to match the Lord of Destiny.

"Lord tomb owner, your innate understanding is indeed extraordinary and refined. I have been cultivating tens of thousands of years, but I can't comprehend the divine art, but you can comprehend it thoroughly in an instant!"

In the cemetery of reincarnation, Fairy Chihuang saw Ye Chen showing his supernatural power, and she was extremely happy and gratified in her heart, and she worshiped Ye Chen again.

Ye Chen's talent was so strong that it completely exceeded her expectations.

"It's nothing, it's because I have practiced Daqianzhonglou Palm a long time ago, and I have the basic foundation, so I can comprehend it so quickly."

Ye Chen waved his hand and let out a sigh of relief, not complacent.

His eyes once again fell on the land of Phoenix Divine Star, Feng Taixu has already been defeated, no one can stop him now.

Ye Chen bit his fingertips and dripped blood onto the veins of the Phoenix God Star.

In an instant, the entire land of the Phoenix god star burst out with blood and red light, violently vibrated and hummed, all kinds of phoenix atmosphere intertwined, the law runes shuttled like a divine chain, and the vast spiritual energy hung upside down like a waterfall, which was extremely spectacular.

Ye Chen felt that this phoenix god star had established a close connection with him, and it was equivalent to a part of his body organs.

Of course, he has many magic weapons, not bad for this Phoenix Divine Star.

He planned to give this phoenix star to Ji Siqing.

In fact, Ye Chen and Ji Siqing have no distinction between each other, and their reincarnation lives side by side. Even if the Phoenix God Star is given to Ji Siqing, Ye Chen can still borrow its power.

It doesn't matter who is in charge of this star, if it is given to Ji Siqing, it will improve her luck and the effect will be better.

"Damn boy, this divine star cannot fall into his hands!"

Li Jueyun's eyes were shattered, and when he saw Ye Chen recognize the phoenix star with blood, boundless anger exploded in his eyes, and he wanted to fight Ye Chen desperately.

He knew that if Ye Chen controlled the Phoenix God Star, the reincarnation camp would have an extra hole card, and it would be very disadvantageous for Tiannv to fight Ye Chen in the future.

"Forget it, let's go."

Tiannv sighed, but shook her head, stopped Li Jueyun, not wanting to fight any more.

"Junior Sister, why?"

Li Jueyun's face trembled, but he was unwilling to let it go.

"This time, Ye Chen won, and fate is on his side."

"If we continue to fight, we will be no match."

"Come with me to Zihuang Immortal Palace, I will talk to Daode Tianzun."

Tiannv spoke calmly, then turned around and flew away.

When Li Jueyun heard that he was going to see Daode Tianzun, he felt a chill in his heart, and shouted: "Wait for me, Junior Sister." He chased after him.

Ye Chen's heart sank when he saw Tiannv leave, even going to see Daode Tianzun.

He knew that the decisive battle between himself and the goddess was definitely not as simple as two people fighting, and all forces might be involved.

It's hard to say who wins and who loses.

Ye Chen flew out of the phoenix god star, especially with the majestic aura of the world-defying nine heavens, and the aura of the phoenix in the sky, so domineering and ferocious that people dare not look up.

All the guests did not dare to look directly at Ye Chen, and all admired:

"The lord of reincarnation is really invincible by luck."

"This Divine Phoenix Star finally fell into his hands."

"I would like to be a believer in reincarnation, please grant the Lord of reincarnation!"

Many warriors, seeing Ye Chen's astonishing power and luck, were overwhelmed on the spot, knelt down, and wanted to join the reincarnation camp and become Ye Chen's followers.

Many experts in Phoenix Holy Land looked at each other in blank dismay, not knowing what to do.

This Phoenix God Star can be said to be a thousand times more precious than the Phoenix Holy Grail, but now it has fallen into Ye Chen's hands.

Even the Tianjiao of the Phoenix family was severely injured by Ye Chen.

Their Phoenix Holy Land is just a branch, so what should they do?

Seeing Ye Chen come out, Huang Tianqing, the ruler of the Phoenix Holy Land, trembled all over. Even though he is an immortal emperor, he is just an ant-like existence in front of Ye Chen.

"Lord of reincarnation, please spare my life, I am willing to surrender."

Huang Tianqing immediately knelt down, begging for mercy in fear.

Seeing Huang Tianqing knelt down, many strong men in the Holy Land of Phoenix, as well as the bride and groom at the Fengqiu Huang Banquet today also knelt down one after another and said in unison:

"I am willing to submit to reincarnation and respect reincarnation!"

Seeing Huang Tianqing begging for mercy on his knees, Ye Chen sneered and said, "Holy Master Huang, you have killed too many people before, so it is not up to me whether I can spare you."

After all, Ye Chen looked at Zihuang Fairy and Begonia Spirit Mother, and communicated with Scarlet Phoenix Fairy again.

Scarlet Phoenix Fairy looked disgusted and said: "Kill him, I don't want to see him again."

Fairy Zihuang transformed from a phoenix into a human form, fell to the ground, stomped Huang Tianqing on the ground, crushed his old face with her foot, snorted, and said:

"You old bastard, you were so hateful back then, now you just kowtow and forget about it?"

Huang Tianqing's eyes were full of horror, his heart was broken, and he kowtowed to Ye Chen: "Forgive me, spare me!"

Haitang Lingmother stepped forward and said, "When my Haitang family was destroyed, you also had a share of the credit, right? Ye Chen, kill him, stop talking nonsense."

Ye Chen nodded, and said to Huang Tianqing: "You can cut yourself off, I can protect you from the Phoenix Holy Land."

Ye Chen's bottom line is that Huang Tianqing must die.

As for the Phoenix Holy Land, if he was sincerely willing to surrender, he would also be willing to accept it.

After all, in the final analysis, the Phoenix lineage is also a subject of the Lord of Destiny.

However, they were still unwilling to recognize Ji Siqing.

Chapter 9118

"Thank you, Lord of Reincarnation, Ron."

Hearing this, Huang Tianqing gave a wry smile. If he was at his peak, how could he be like this? Unfortunately, his strength is bound to be difficult against Ye Chen now, and he knows that he has committed a serious crime and death is inevitable. a way out.

The people in the Holy Land of Phoenix, seeing Huang Tianqing's death, were all sad and thankful.

At least, they don't have to be implicated, and they can be brought under Ye Chen's command in the future.

The turmoil at the Fengqiu Huang Banquet officially ended here.

The wedding banquet can't be done, so it can only be postponed.

The Holy Land of Phoenix surrendered to Ye Chen, offering many treasures from heaven and earth.

Ye Chen despises ordinary treasures of heaven and earth, but only the Holy Grail of the Phoenix can attract his attention.

The Holy Grail of the Phoenix is a magic weapon created by the Supreme Apocalypse himself. It is not only a sacrificial instrument, but also an extremely powerful magic weapon itself.

Ye Chen thought for a while, and gave the Holy Grail of Phoenix to Haitang Lingmother.

"You want to give me the Holy Grail?"

Begonia Lingmother was very surprised, she didn't expect Ye Chen to be so generous and give such a precious thing as a reward.

"Well, take it, you help me repair Qinglian's clone, and Floating Life and Jue Ming, the cost is also huge, I can't accept your kindness in vain."

Ye Chen said with a smile.

Although Haitang Lingmother helped him to repay Xiaocao God, but no matter what, Ye Chen didn't want to owe others too much.

This Phoenix Holy Grail is his compensation to Haitang Lingmother.

"Thank you very much."

Begonia Lingmother smiled and was very grateful, so she accepted the Holy Grail of Phoenix.

As for the Phoenix Star, Ye Chen naturally gave it to Ji Siqing.

Ji Siqing was very happy to get this god star, and said: "Ye Chen, we got the Phoenix god star, and the strength of luck has improved. In the future, it will be much easier for you to fight against the goddess."

Ye Chen smiled wryly, and said, "I hope."

However, he knew that the current situation was complicated, and it would not be easy to defeat the goddess.

"Sister Siqing, congratulations, one day, you will be able to gather all seven Destiny Stars!"

Fairy Zihuang held Ji Siqing's hand and said with a smile.

Now she has completely surrendered to Ji Siqing, and will be Ji Siqing's pet beast from now on.

Ji Siqing touched her head and said, "You are much older than me, and you still call me sister?"

Fairy Zihuang shut her mouth, shook Ji Siqing's arm, and said, "I don't care, you are my good sister."

Ye Chen, Haitang Lingmu, Ji Siqing and others all laughed when they heard this.

Ye Chen asked Ye Lang and Zang Hai to stay and arrange the affairs of the Phoenix Holy Land, and then returned to Haitang Fairy Island with Haitang Lingmother and Ji Siqing on the Zihuang fairy who had turned into a phoenix.

God Xiaocao was recuperating on Haitang Fairy Island. When he saw Ye Chen and the others coming back, he had figured out the secret. Knowing that the group of people had a lot of luck, he said with a smile: "Congratulations, you have gained such a great opportunity."

Begonia Spirit Mother smiled and said, "Little Grass God, are you still used to living on my fairy island?"

Xiaocao said: "I'm fine here. I heard that you want to restore the aura of Floating Life and Jue Ming. I also helped a little. After about three days, that weapon can be completely restored."

Ye Chen's eyes lit up, and he said, "Oh? Sister Qingyan, are you here to help too? That's really great."

If the weapon of Floating Life and Jue Ming was to be recovered, it might need to be stored in the Purple Phoenix Blood River for a month.

However, now with the help of the God of Grass, three days will be enough.

Ye Chen was overjoyed to be able to recover so quickly.

With this weapon, he has the qualifications to fight against the Demon Ancestor Wutian!

For the next three days, Ye Chen waited on Haitang Xiandao.

Ji Siqing also took advantage of these three days to fuse the phoenix god star, and integrated this star into his dantian, turning it into a life star, connected with life.

She inherited the Vulcan Taoism, and her own cultivation has the aura of the Skyfire Suzaku. Now that she has merged with the Phoenix God Star, she is like a fish in water, her Taoism cultivation has been greatly improved, and all kinds of auras are bursting out.

small book booth

During these three days, Haitang Xiandao was filled with the atmosphere of thousands of phoenixes, the gods sang everywhere, the auspicious clouds were transpiring, the celestial flames and red birds were flying, the auspicious clouds were floating, and there were faint rivers of fate flowing around the fairy island circulation,

That was Ji Siqing's weather.

Ji Siqing's metamorphosis has greatly improved the background of the reincarnation camp.

When Ji Siqing made a breakthrough, a golden dragon of luck appeared on Ye Chen's body, which meant that he also benefited.

Ye Chen followed Haitang Lingmother and Xiaocao God to the underground blood river.

I saw Floating Life and Jue Ming, soaking in the blood river, and his aura was gradually recovering.

The environment around this blood river was originally a very dark and desolate underground cave, but at this moment, rare flowers and auspicious grasses are blooming everywhere in the cave, the green vegetation is spreading, and pieces of spiritual core flowers are flourishing.

The essence of all kinds of plants, along the veins of the earth, gathers in the blood river, nourishing the floating life.

Under the nourishment of such essence, the aura that Fushengjueming lost at the beginning also quickly recovered, and the blood brand of Demon Ancestor Wutian on it had already dissipated.

Ye Chen knew that this was Xiaocao God's help.

With the help of Xiaocao God, Floating Life and Jue Ming will recover soon.

Ye Chen could clearly see that Floating Life soaked in the river of blood had revealed an extremely cold aura, which was even sharper than before.

Once Floating Life and Jue Ming is fully recovered, its lethality may be even stronger than before!

Chapter 9119

...

In the distance, Qiancao Villa.

Wutian the Demon Ancestor and Mang Tianluo, the lord of Miluo Palace, occupy this villa, waiting for Ye Chen to return.

In their hearts, they were sure of winning, but they were shocked by the shocking changes that came from Phoenix Holy Land.

"Sword Comes"

Also, on Haitang Xiandao, the weather of Ji Siqing's phoenix god star, and the sharp edge of life and death lurking in the dark, also made them feel extremely afraid.

"Palace Master, Patriarch Wutian, it's not good."

At this time, Li Jueyun flew over from a distance, his face was gloomy and worried:

"That kid Ye Chen has already got the Phoenix God Star..."

Li Jueyun briefly explained what happened in Phoenix Holy Land.

Actually, needless to say, Mang Tianluo and Demon Ancestor Wutian have already figured it out.

"I didn't expect this kid to have such deep luck. It seems that I, Mi Luo Palace, can't compete with reincarnation at all."

Mang Tianluo was deeply terrified. He originally wanted to suppress Ye Chen and share the reincarnation blood with Demon Ancestor Wutian.

However, now it seems that Ye Chen's arrogance is too strong, it is simply unstoppable.

He Miluo Palace, I am afraid it will be difficult to resist reincarnation.

"Palace Master, what should we do?"

Li Jueyun was also a little panicked, Ye Chen's strength was completely beyond his expectations.

"Let's go back first, Mozu Wutian, I'm sorry, I don't dare to go into this muddy water in Miluo Palace anymore, so I'll take my leave first."

Mang Tianluo bowed his hands to the demon ancestor Wutian, but wanted to leave directly and withdraw from the fight.

"You want to go?"

Demon Ancestor Wutian's face trembled, and a glint of gloom flashed in his eyes.

"Before I got the authority of the god of death, I didn't dare to come out of Miluo Palace again. I underestimated the lord of reincarnation. I'm sorry."

Mang Tianluo calculated the secret, knowing that Huang Tianqing, the master of the Phoenix Holy Land, was dead, fearing that he would be the next to die, so he immediately led the strong men from Miluo Palace to evacuate Qiancao Villa.

"Patriarch Wutian, I also bid farewell."

Li Jueyun had no choice but to leave with Mang Tianluo.

After suffering repeated blows and twists and turns, this former high-ranking holy son is now showing signs of fatigue. In addition to hating Ye Chen in his heart, he is also fearful and horrified.

If he hadn't seen it with his own eyes, how could he have imagined that a mere cultivator at the fifth level of the Sky Profound Realm would be able to defy the sky to this extent.

In the blink of an eye, all the people in Miro Palace were evacuated.

In the entire Thousand Grass Villa, only the Demon Ancestor Wutian and his disciples from the Abyss Temple remained.

Everyone in the Abyss Temple looked at each other in blank dismay, several golden demon gods came over, and one of them said to Demon Ancestor Wutian:

"Old Ancestor, I have seen the secret of heaven, the big killer of Floating Life and Jue Ming will soon recover its aura."

"When the time comes, the Lord of Reincarnation will bring Floating Life Desperate to kill, we may not be able to stop it."

If Ye Chen was still injured, they would naturally have the upper hand.

But the problem is that now Ye Chen has recovered from his injuries long ago, and he has also gained a huge opportunity in the Holy Land of Phoenix, and now even Floating Life and Destiny are recovering soon.

Once he is at his peak, carrying the magic weapon and killing him, no one will be able to stop him.

Many golden demon gods have the idea of avoiding the edge temporarily in their hearts, and they don't want to be enemies with Ye Chen.

"Hmph, who am I, Demon Ancestor Wutian? How can I be afraid of that kid?"

"Even if he has a life and death, it is not easy to restrain me."

"I have a hole card that can deal with the Lord of Reincarnation, but I need your help..."

A trace of murderous intent flashed across Mozu Wutian's eyes, and he looked at those few golden demon god powerhouses.

Those strong men suddenly felt terrified, feeling something was wrong.

The murderous intent in Mo Zu Wutian's eyes was not only aimed at Ye Chen, but also seemed to be aimed at them!

...

When Ye Chen and Demon Ancestor Wutian were preparing for battle, there was also an undercurrent brewing in Wuwu Time and Space.

Huang Qianxi brought Feng Taixu, who was seriously injured, back to Wuwu time and space, and returned to the residence of the Phoenix lineage.

When the phoenix star fell, the phoenix lineage fled. Many high-level experts used their own supernatural powers to create a new phoenix star in fantasy.

Now the Phoenix lineage still resides on the Divine Phoenix Star.

However, this phoenix god star is not real, but illusory, a creation of fantasy, only an empty shell, without the special weather of destiny blessing.

Huang Qianxi took Feng Taixu with her, and set foot on this illusory Phoenix Divine Star.

A patrolling elder was shocked when he saw the distressed appearance of the two, and said, "Two true biologists, what happened, why did you become like this?"

Huang Qianxi's hair was disheveled, while Feng Taixu's body was covered in scars, and he couldn't even speak.

Because there is no time and space and the real world, there is a dimensional wall, and the secrets are not connected to each other, so many high-level powerhouses on this Phoenix virtual star are still unaware of the shocking changes at the Fengqiu Huang banquet.

"Elder, something serious happened..."

Huang Qianxi clenched her silver teeth, her eyes seemed to be bleeding.

...

After half an hour.

Phoenix Void Star, in the family hall of the Phoenix lineage.

Many senior officials of the Phoenix lineage sat on the throne of the main hall, while Huang Qianxi and Feng Taixu stood below.

"Elders, this is how it happened. Ji Siqing overstepped his destiny and joined forces with the Lord of Reincarnation to take away the most treasured Phoenix God Star of our family."

"Senior Brother Taixu was severely injured by the Lord of Reincarnation."

Huang Qianxi lowered her head and said, her voice was like weeping like blood.

Who would have thought that their coming of the powerhouse without time and space would end up in such a field.

Chapter 9120

The entire hall, many high-level elders, and the powerhouses of the Phoenix lineage around them were all extremely shaken.

They didn't expect that at the Fengqiu Huang banquet, the reward from the Dao of Destiny was actually the Phoenix God Star.

They didn't even expect that Ye Chen would snatch away the Divine Phoenix Star, and even Feng Taixu was seriously injured, and many timelines were wiped out. The loss was very serious.

"This lord of reincarnation is so arrogant that he even dares to snatch my family's most treasured phoenix star."

An elder with white beard and hair was so angry that his beard trembled with anger.

Feng Taixu said: "Elder Elder, you must avenge me! Lord of Reincarnation, you must kill him as soon as possible, his potential is too terrifying."

Today's Feng Taixu's face is rather pale and weak. He has been wiped out of many timelines, and not only his avatar was injured, but his own body was also severely traumatized.

When he thought of Ye Chen in his heart, it was like thinking of a poisonous snake, the pores all over his body were shrinking, fear, shock, and anxiety.

His dao heart has been completely influenced by Ye Chen. If Ye Chen is not killed, the demonic obstacle of his dao heart cannot be eliminated in this life.

"The Great Era of Rebirth"

The Great Elder snorted, his gaze was like a torch, and he said: "The Lord of Reincarnation makes enemies everywhere, and sooner or later, he will lead to destruction! After he enters Wuwu time and space, I will join forces with Gu Xingmen, Hongjun Patriarch, Tuodi Gu God and other forces will kill them and avenge you, you don't have to worry."

The other elders also nodded in agreement.

They are very cautious in character, knowing that Ye Chen is powerful, they dare not say that they will take revenge immediately, because the success rate is too low.

After all, it is not easy to break through the dimension wall and go to the real world to trouble Ye Chen.

Therefore, they wanted to wait for Ye Chen to step into Wuwu time and space, and then unite with other forces to kill him.

When Feng Taixu heard this, he immediately became unwilling, and quickly said:

"Great Elder, the boy Lord of Reincarnation, his potential is too terrifying. If he enters Wuwu Time and Space, no one will be able to hold him back."

"We must kill him before he ascends to the ascension, and eradicate future troubles!"

He hated Ye Chen in his heart, and he just wanted to kill Ye Chen quickly.

Only by killing Ye Chen can he solve his inner demons.

Listening to Feng Taixu's words, many high-level elders looked at each other. In fact, they also wanted to take revenge on Ye Chen immediately, but the reality was too restrictive.

The Great Elder looked at Feng Taixu and said: "Taixu, I know you are eager to take revenge, but now is not the time to take revenge, and you also know that the luck of reincarnation is strong, and it is impossible to destroy reincarnation only by relying on our Phoenix lineage Yes, we must unite with other forces."

Feng Taixu gritted his teeth and said: "If you don't kill the lord of reincarnation, my Phoenix lineage may be in danger of being destroyed in the future! The growth of reincarnation is too fast, and the breakthrough is too fast. If he really steps into Wu Wu time and space, no one will I can stop him! Please elders be aware!"

The elders looked at each other in blank dismay, and they could vaguely see the secret of the future. If Ye Chen was really promoted, it might be the end of their phoenix lineage.

"This lord of reincarnation is really tricky."

The Great Elder stroked his beard, his eyes were flickering, and many thoughts flashed through his mind.

In the end, the Great Elder's eyes narrowed, and he said resolutely: "Forget it, then go and ask the killer of the Black Blood Sect to come forward and take revenge on the Lord of Reincarnation. Even if you can't kill him, you must not make him feel better! We must fight against the arrogance of reincarnation." !"

Hearing that the Great Elder was going to invite the Black Blood Sect killer, many strong people from the Phoenix lineage were shocked and terrified.

Feng Taixu was overjoyed and said: "Thank you Great Elder, if you can ask the Black Blood Cult to help, then the Lord of Reincarnation will shed a layer of skin even if he is not dead!"

There are many killer organizations in Wuwu Time and Space, among which there are four most famous ones, namely: Deep Underworld Domain, Heavenly Moat Palace, Remnant Dream God Sect, and Black Blood Sect!

Among the four major killer organizations, the Black Blood Cult is the weakest one.

But this is the weakest, only relatively speaking.

In terms of killing methods, the ferocity of the Black Blood Cult is also a frightening existence in the infinite time and space.

The leader of the Black Blood Sect, named Black Blood Demon Venerable, is the head of the top ten guardian yakshas of Tuodi Tianzong.

Among the top ten guardians of Tuodi Tianzong, many people believe in the ancient emperor Yuhuang, like Futuxuan and Jiang Xiaoyun, and they even think that there is no difference between the ancient emperor Yuhuang and the ancient god Tuodi. They even went to the Supreme World to help Emperor Yuhuang.

However, the Black Blood Demon Venerable was different, he only believed in the ancient god Tuodi, and he tried his best to reject the ancient emperor Yuhuang.

The killer organization of the Black Blood Sect was actually established under the instruction of the ancient god Tuo Di, and it was mainly used to eradicate dissidents, just like the Thunder God Tianzun established a secret pavilion.

However, the Black Blood Cult is also open to the outside world, they are willing to do almost anything for you as long as they are paid enough.

The Black Blood Sect is inextricably linked with the ancient god Tuodi.

And Ye Chen happened to be the enemy of Ancient God Tuodi.

Ask the Black Blood Sect to take action, they will definitely do their best and kill Ye Chen at all costs.

After the agreement was made, the Great Elder prepared Yuan Yu, and took Feng Taixu to the Black Blood Dimension to meet the Black Blood Demon Lord.

Since the fall of the Phoenix god star, the Phoenix lineage has declined greatly, but what has declined is only luck, all kinds of natural materials and earth treasures, and source jade resources are still very rich.

Now, there is still a large amount of source jade in the Phoenix lineage, enough to ask the Black Blood Sect to make a move.

What the Phoenix lineage lacks is the Paradise, the Dojo for cultivation, and a solid base!

If there is not a sufficiently stable base, there will not be enough support from the earth's veins and luck, and no matter how many natural treasures and source jade resources there are, it will not be able to develop.

The Great Elder brought Feng Taixu to the Black Blood Dimension.

The Black Blood Time and Space is the territory of the Black Blood Cult.

Wuwu time and space is actually a general term, constructed from billions of time and space worlds.

Most of these billions of time-space worlds are created from fantasy.

In Wuwu time and space, almost every strong person can create a fantasy time and space in a single thought, and can also change many treasures of heaven and earth out of thin air.

Of course, this kind of change and creation requires a price.

The greater the time and space, the greater the creation, the greater the price.

In this black blood time and space, black blood flows everywhere, and the dark blood converges into a river, bubbling, and there are many white bones and strange things churning in the dark blood river.

When Defeng Taixu saw this weird and dark scene, his scalp felt a little numb.

"Heir of the Great Way of Destiny, of the Phoenix lineage, please see His Excellency the Black Blood Demon Venerable."

The Great Elder remained calm, and after stepping into this time and space, he shouted loudly.

The dark river of black blood churned, and there were bursts of ferocious laughter in the void.
