Chapter 9141

If it is necessary to borrow fire to wake up Shentu Wan'er, it will be troublesome.

After all, the legendary fire seed is also the lifeblood of Zihuang Immortal Palace, and it is impossible to lend it to Ye Chen.

"Let's settle her down first, it's not certain whether we can survive."

Ye Xieshen waved his hand and asked Wu Yao to take Shentu Wan'er down, carry her to the depths of Aoshi Tiangong, and temporarily settle down.

Compared with Shentu Wan'er's safety, the current fate of the entire reincarnation camp is more important.

The witch lent the throne of thorns and the power of death to the demon ancestor Wutian, and wanted to use Wutian's hand to destroy reincarnation.

This incident was too terrifying, and it had already touched the heavens. Ye Chen and others naturally felt it.

"In the past two days, Demon Ancestor Wutian may be killed. What we have to face is the Throne of Thorns and the power of Death God!"

Ye Xieshen's tone was full of worry. He was also seriously injured now, mainly due to being injured by Gu Tiandi.

He will not be able to participate in the upcoming decisive battle in these two days.

"Ye Chen, this is your sword, hold it carefully."

Ye Xieshen drew out a sword and handed it to Ye Chen.

This sword is the Samsara Heavenly Sword!

At this moment, the reincarnation sword is much sharper than before. The golden light of the sword flows, and countless avenue laws form runes, shining brightly.

The sword lights pierced through like a rainbow, penetrating the void and the wind and clouds, which was very spectacular.

Ye Chen held the Samsara Heavenly Sword, and instantly felt that this sword has become a real Wuwu artifact, and its lethality has been greatly improved.

"Samsara Heavenly Sword, has it really been upgraded?"

Ye Chen's eyes lit up, and he swung the sword, feeling that it was handy.

Ye Xieshen nodded and said: "Yes, I entrusted Supreme Master Tianqi to use the Black Prison Crystal to help you upgrade the Samsara Heavenly Sword, and it has now been completed."

Ye Chen said: "Is Supreme Qi the current leader of the Death Sect?"

Ye Xieshen shook his head and sighed: "No, the leader of the Death God Cult has become a witch."

"Originally, the Supreme Apocalypse wanted to revive the former God of Death, the Sea King Demon Venerable, but after the witch got the power of the God of Death, she directly swallowed it for herself, and she was promoted to become the new God of Death."

"Apocalypse Supreme is furious, but now he can no longer beat the witch, and is directly imprisoned."

"He's a poor man, too."

"Forget it, let's not talk about him, we will prepare well in the past two days, Mozu Wutian will kill him soon."

Ye Chen's heart trembled, Grandpa was right, the situation is critical now, the reincarnation camp is facing an unprecedented crisis, and there is no time to discuss other people's life and death.

Ye Chen arranged manpower to guard the Xing-Moon Realm, preparing to fight against the Demon Ancestor Wutian.

Fengyuying Town is east, Xuanhanyu Town is west, Wuyao Town is south, Little Grass God Qingyan Town is north, and Ye Chen is in the middle.

Ji Siqing sits in the northeast, Wei Ying sits in the southeast, Xia Ruoxue sits in the northwest, Ye Luoer sits in the southwest, and Zhetian Demon Emperor is in charge of logistics.

Zilan, the first God of Grass, has also left the customs. She is responsible for maintaining the guardian formation of the Star-Moon Realm and preparing to treat the wounded.

In addition, the ice god Tianzun Wu Linghua, after hearing of the danger, came riding a deer, ready to burn his own blood and strengthen the sky and earth of the star-moon realm after the battle began.

Patriarch Randeng, the king of the world of sentient beings, Daojun Yan Luo, the king of the realm of hell, Yun Jin Shanrou and others also rushed to help.

Everyone performs their duties and guards one side.

This is a battle of life and death. Once defeated, the reincarnation camp is in danger of being destroyed.

Now the entire Taishang World knows that Demon Ancestor Wutian borrows the power of the Witch and plans to encircle and suppress the Star-Moon Realm.

Many powerhouses released their spiritual consciousness, covering the sky above the Star-Moon Realm, and paying close attention to the battle situation.

Ye Chen could feel that Daode Tianzun, Chongyang Daoist, Tiannv, Yuhuang Gudi and others all had their spiritual consciousness suspended outside and were all watching the battle.

"Do you want to see how I die?"

Ye Chen laughed inwardly, and with so many people watching outside, it was naturally impossible for him to admit defeat.

When the devil ancestor Wutian comes, even if he dies in battle, Ye Chen will not back down!

In addition to the ice god Tianzun Wu Linghua, Ye Chen also wanted to invite Thor and Water God to help in the battle.

But unfortunately, Thor and Water God politely refused.

The reason for Thor is that he doesn't want to be contaminated with karma too quickly.

And Luo Qingli, the god of water, kept saying sorry, saying that his strength had declined too much, and he did not dare to face the throne of thorns and the killing of the god of death.

As for Yanshen Tianzun, he is not considered Ye Chen's ally.

Among the nine gods, only two Gods of Grass and God of Ice can stand beside Ye Chen.

Under the gaze of countless eyes from the outside world, finally, two days later, wisps of thick dark aura like a sea of clouds roared and oscillated, sweeping across the Star-Moon Realm.

The sky of the entire Star-Moon Realm suddenly became extremely dark.

In the darkness, tens of thousands of figures emerged, all believers of Death God, as well as experts from Sword Gate World and Abyss Temple!

Everyone, silently, just looked down at the Star-Moon Realm with extremely strict, extremely cold, and murderous gazes.

Surrounded by countless believers, the demon god chanted in the sky, and a huge throne of thorns slowly emerged.

The majestic and majestic body of the demon ancestor Wutian is sitting on the throne of thorns, overlooking the world.

"Ye Chen, we meet again."

Moze Wutian saw Ye Chen among the many guardians in the Star-Moon Realm with a single glance.

Ye Chen is guarding in the middle, and is the core of the entire reincarnation camp!

He is holding the Samsara Heavenly Sword, and the Tianjun Conferring God Monument is floating beside him, and all the laws of the Dao are constantly shining around him, which is extremely spectacular.

Previously, when Ye Chen was in Qiancao Villa, he fought a decisive battle with the demon ancestor Wutian, and the Tianjun Fengshen monument was even polluted.

However, with Zilan, the first God of Grass, and Qingyan, the little God of Grass, this filth is nothing. With the help of the two Gods of Grass, Ye Chen easily dispelled it.

"Demon Ancestor Wutian, I never imagined that the hero of your generation would be reduced to a witch's pawn!"

Ye Chen swung the Samsara Heavenly Sword, pointed the sword point at Demon Ancestor Wutian, and a golden sword energy pierced out, piercing towards Demon Ancestor Wutian.

"Hehe, it's not certain who is whose pawn."

The Demon Ancestor Wutian sat on the Throne of Thorns, not moving. Ye Chen's sword qi came, but was blocked by an invisible dark force, and disappeared directly.

Ye Chen's expression changed. The Demon Ancestor Wutian, who is in charge of the Throne of Thorns, is too powerful. Under the protection of the Throne of Thorns, it is impossible for ordinary attack methods to hurt him.

"I'm just a god of death. You invited the two gods of grass and the god of ice, Tianzun. Do you need such a big scene?"

Yawen Bar

"I thought that the first God of Grass had already perished, but I just found out today that she is still alive, haha."

Demon Ancestor Wutian narrowed his eyes slightly, and his eyes flicked over the three girls Qingyan, Zilan and Wu Linghua one by one.

The three gods are fighting against one god. If they are unaware, they would think that Ye Chen has the upper hand.

Chapter 9142

But in fact, the advantage is on Mozu Wutian's side!

Because, his death authority is a complete inheritance.

As for the three goddesses, Qingyan, Zilan, and Wu Linghua, their godheads are incomplete, and they cannot be compared with their peaks at all.

Moreover, Demon Ancestor Wutian also has the Throne of Thorns, which is even more advantageous.

"Stop talking nonsense, there is no sky, if you want to fight, fight!"

Ye Chen's eyes were sharp, and he was ready for a decisive battle in his heart.

"If you want to fight, then fight. I want to see if you can block the majesty of my god of death!"

Demon Ancestor Wutian's tone was indifferent, his eyes were full of pride, he seemed to be completely involved in the drama, he really regarded himself as the god of death, not a borrowed power.

I saw the demon ancestor Wutian waved his hand, and the energy of the demon star sea exploded in the sky immediately, and the dark tide surged. Thousands of death believers and abyss powerhouses around them all received the blessing of darkness and death.

On the foreheads of many strong men, a mark of death appeared, their eyes turned blood red, and their bodies were violently violent.

"Go ahead, kill all the believers in reincarnation first, and cut off the source of belief in the lord of reincarnation."

Demon Ancestor Wutian waved his hand indifferently to give orders, and countless dark powerhouses grinned, screamed, shouted, and rushed out.

When it comes to the duel between him and Ye Chen, the decision to win the battle is not as simple as looking at the superficial strength, there are many things to consider.

Like faith.

One by one, the dark powerhouses grinned and killed the believers of the surrounding reincarnation camp, the disciples of the Xingyue God Sect, etc., but did not directly attack Ye Chen.

They wanted to get rid of the bottom line, to kill reincarnation believers, cut off Ye Chen's source of belief, and suppress his luck.

The people brought by Demon Ancestor Wutian counted in tens of millions, densely packed, covering the sky and covering the earth, and the sky was covered by darkness. When the battle started, it was earth-shattering. Thousands of demons and followers of the god of death were slaughtered, and the scene was extremely spectacular.

In the outside world, the divine senses of Emperor Yuhuang, Tiannv, Daode Tianzun, Chongyang Zhenren, and many other powerhouses from the Supreme World are all watching the battle.

Everyone was shocked when they saw the dark and violent scenes of the demon ancestor Wutian launching an attack.

No one present can guarantee that they can withstand the attack of Demon Ancestor Wutian.

At this moment, Demon Ancestor Wutian is like a real god of death, controlling the supreme Heavenly Demon Star Sea.

Under the blessing of darkness and death, the strong men under him are extremely sturdy, like hell demons, which is frightening.

The formerly glorious Star-Moon Realm suddenly fell into darkness and chaos.

Countless dark powerhouses attacked the guardian formations of the Star-Moon Realm, and fought extremely fiercely with the reincarnation believers, blood flowing like rivers.

Ye Chen sits in the center, sends out his will, and directs his subordinates to fight.

Demon Ancestor Wutian also sits in the center, letting his disciples of death, abyssal powerhouses, etc., fight against the reincarnation camp.

Although he and Ye Chen said they wanted to fight, they didn't make it easy.

Because, they are the absolute coaches, if they don't make a move, they will implicate the life and death of the two camps, so they should not act rashly.

What Mozu Wutian wanted was to destroy some masters of the reincarnation camp first, to hit Ye Chen's luck, and then act.

Ye Chen's side is on the defensive side and has the upper hand. What he wants is to wait for the right opportunity to counterattack.

The right time and place are also in Ye Chen's advantage.

But in terms of the number of strong men, he is not as good as Demon Ancestor Wutian.

Because the Demon Ancestor Wutian holds the power of the God of Death, he can bestow the blessings of the God of Death, and the strength of his subordinates will improve by leaps and bounds in a short period of time, and many masters will be born out of thin air.

The number of masters on Ye Chen's side is not comparable to that of Demon Ancestor Wutian.

Moreover, under the shroud of the coercion of death, it is difficult for Yemu Fengyuying, Xuanhanyu, and Wu Yao to display their true strength.

This is the suppression of the realm,

They can't show their true strength, and facing the attacks of many dark and strong men, they are naturally restrained everywhere, which is very tormenting.

"Thousands of miles frozen, snow drifting around the world!"

Suddenly, the ice god Tianzun danced to Linghua, burning his own blood, and the energy of countless ice and snow reflected the heavens.

Pieces of snowflakes, carrying a severe cold air, fell from the sky, causing many dark devils to suffer from ice.

"Sister Zilan, please give me the power of the World Tree."

Qingyan, the God of Grass, also opened her hands, began to chant, and summoned the World Tree.

Boom!

The world tree town fell, and the vast aura exploded, immediately causing many dark powerhouses around to scream, and were blown away on the spot.

There are also many people who were crushed into meat sauce by the World Tree alive.

Under the offensive of Wu Linghua and Xiao Caoshen's supernatural powers, Ye Chen's side quickly dealt a heavy blow to those dark powerhouses.

"Chance!"

Seeing this, Ye Chen moved his gaze, and immediately grasped the Samsara Heavenly Sword tightly, ready to take this opportunity to attack the Demon Ancestor Wutian.

However, unexpectedly, Demon Ancestor Wutian also attacked Ye Chen at this moment.

He was still sitting on the throne of thorns, his big hands were suppressed from the air, the pressure of the god of death roared, all kinds of sharp cries exploded in the void, the devilish energy billowed, and the wind in his palms surged.

"Sword Comes"

"Um?"

Ye Chen didn't expect that the Demon Ancestor Wutian would also attack at the same time. He swung the Samsara Heavenly Sword, slashing with a sharp edge, and completely cut through the palm wind of the demonic energy that the Demon Ancestor Wutian had killed.

However, Mozu Wutian's palm was extremely powerful, but it shocked Ye Chen back two steps.

"Hehe, Ye Chen, it's your luck that Ice God and Grass God are willing to help you."

Chapter 9143

"However, their godheads are not as perfect as my Death Godhead."

"Their strength is limited after all. As long as they make a move, they will be consumed, and they won't be able to help you for long."

Demon Ancestor Wutian smiled indifferently. In his tone, he still highly respected the authority of the God of Death, and he also regarded himself as the real God of Death in his heart.

He made the move because he saw the God of Ice and the God of Grass, so he made a move.

The God of Ice and the God of Grass will consume their power as soon as they make a move, and once their power is consumed, the background of the reincarnation camp will also be consumed.

Therefore, this is also the opportunity for Demon Ancestor Wutian to make a move!

Now as soon as Mozu Wutian made a move, Ye Chen felt his strength.

The coercion of the god of death can only be described as horror.

"Qinglian clone, come out!"

Ye Chen immediately summoned Qinglian's avatar, which was exactly the same in appearance and shape as him, and it was difficult to distinguish each other.

However, what he held in his hand was the Heavenly Sword of Reincarnation.

And what the avatar holds in its hand is Floating Life and Desperate Life!

With a thought in Ye Chen's mind, the main body and the avatar rushed out one from the left and the other from the right. The Samsara Heavenly Sword and Floating Life Jue Ming exploded with sharp edges, and they all slashed towards the Demon Ancestor Wutian.

"Your sword has been upgraded to Wuwu artifact?"

Demon Ancestor Wutian's smile froze for a while, and he felt that Ye Chen's Samsara Heavenly Sword was much sharper than before, and his hair was twitching before the astonishing killing was done.

And that life and death also caused an inexplicable shock in his heart, which was the shock from the golden blood.

"Forget it, let's just divide life and death with one move, gods and demons, let me destroy them!"

Demon Ancestor Wutian yelled violently, and suddenly struck out with a palm. The dark energy of the endless sky demon star sea swept in, turning into a torrent capable of destroying the world of gods and demons, and ruthlessly charged towards Ye Chen and his clone.

Ye Chen flinched childishly, never expecting that Demon Ancestor Wutian directly displayed the Immortal Immortal Flow.

This God Demon Immortal Flow is an extremely terrifying divine art, and after it is cast, it may even devour itself.

But now, the Demon Ancestor Wutian borrowed the Throne of Thorns, and let the Throne of Thorns bear the backlash for him, directly unleashing the strongest killing move.

He wants to kill Ye Chen with one blow!

Under the backlash of the gods and demons, the Throne of Thorns first turned into darkness, contaminated by countless filth, and black twisted flowers bloomed on the thorns, which was very strange.

The endless torrent of darkness, with a destructive aura, killed Ye Chen and his clone in an instant.

"Damn it!"

Ye Chen hurriedly put away the avatar, and at the same time burned the Samsara's blood, and the Samsara Heavenly Sword in his hand slashed out with extreme brilliance.

"Slaying Heaven Nine Swords, break it for me!"

Ye Chen shouted violently, and under the burning blood of Samsara, the edge of Samsara Heavenly Sword bloomed to the extreme.

His Samsara Heavenly Sword has been upgraded to Wuwu Divine Weapon. Infused with the power of his Samsara Bloodline, the golden light exploded immediately, and the sword energy roared, tearing open a gap in the torrent of gods and demons.

Scoff!

Ye Chen made a dodge, used the Void Spirit Divine Meridian, traveled through the void, and smashed out along that gap, without being impacted by the Immortal Flow of God and Demon.

"What's the use of struggling in vain? I am the god of death, and you are nothing but an ant in my eyes!"

Demon Ancestor Wutian sneered, the dark energy of the God Demon Rotten Heavenly Flow gathered, solidified into a magic star, rumbled, and smashed towards Ye Chen fiercely.

"Sura Martial God"

The energy of this rotten demon star is so terrifying. Once solidified, it will illuminate the void, causing the sky in the star-moon world to fall into eternal night. The surrounding demonic energy explodes, enough to destroy the aura of gods and demons, constantly spreading from it .

Kachacha!

On the surface of the Star-Moon Realm, many mountains, rivers, forests, and cities were all obliterated into dust under the light of this rotten demon star.

Under the authority of the God of Death held by the Demon Ancestor Wutian, the dark magic power erupted was so terrifying.

The Yuhuanggudi, Daodetianzun, Chongyang Zhenren, Tiannv and others who were watching the battle from the outside world were all shocked.

Facing the Demon Ancestor Wutian in such a state, even they, no one dares to say that they are absolutely sure that they can win.

"Scorching Sun Fate Star, open!"

Ye Chen's eyes were shattered. At this juncture, he didn't care about so much anymore. He directly summoned the Sun Fate Star, and it was the strongest call, bringing the light of the Lie Sun Fate Star to the brightest, most brilliant, and extreme state .

hum!

As soon as the scorching sun and fate star came out, the strong and dazzling sunlight dispelled the darkness and made the world blazing.

"Mazu Wutian, I want to see if your death god is more powerful, or my scorching sun and fate star is more powerful."

Ye Chen yelled violently, mobilized the scorching sun and life star, and threw his head towards Demon Ancestor Wutian.

Kachacha!

Under the majestic and terrifying light of the scorching sun and fate star, the rotten demon star that the demon ancestor Wutian had just condensed was shattered in an instant, and all the dark and filthy aura was evaporated.

It seems that even if it is the Heavenly Demon Star Sea, it will only end up being evaporated in the face of the scorching sun and life star.

This star is the manifestation of the power of the seven stars of reincarnation, and the aura of scorching sun killing is extremely terrifying.

In the field, Ji Siqing, Feng Yuying, Wu Yao and others, as well as many strong outsiders watching the battle, were shocked when they saw Ye Chen summoning the scorching sun star.

No one expected that Ye Chen would use his hole cards so quickly.

It can only be said that the power of the Demon Ancestor Wutian is too terrifying now, forcing Ye Chen to directly summon the Burning Sun Star.

As soon as the scorching sun and fate star came out, it seemed as if the sun of hope had risen, and the darkness in the entire star-moon world was dispelled. All the believers in the reincarnation camp were blessed, their spirits were uplifted, and their strength doubled.

"Hehe, summoning the scorching sun and life star directly, can your aura hold it?"

Demon Ancestor Wutian laughed. He knew that although the scorching sun star was powerful, its consumption of spiritual energy was also extremely terrifying.

If it was a general summon, then that's fine, but Ye Chen is now extremely burning, extremely blooming, his aura is emptied almost instantly, and his face has turned pale.

If it was in the past, Demon Ancestor Wutian was really not sure about catching it. After all, this is the Xingyue Realm, Ye Chen's territory.

But at this moment, sitting on the throne of thorns, he is the god of death, even in the face of the scorching sun, he is not afraid at all.

"Throne of Thorns, Scepter of Death, break it for me!"

The Demon Ancestor Wutian let out a loud shout, and countless brambles were woven on the Throne of Thorns, surrounded by the law of darkness, and the runes flickered, turning into a mysterious scepter.

This scepter is a symbol of the majesty of the god of death and the gathering of darkness.

Demon Ancestor Wutian waved his scepter, and the aura of the Immortal Emperor and the power of the Godhead of Death erupted, and they blatantly collided with Ye Chen's scorching sun and star.

boom!

The moment the death scepter collided with the scorching sun and life star, a shocking explosion erupted.

Chapter 9144

The entire scorching sun exploded on the spot, and countless terrifying energies erupted. Compared with the explosion of the real sun in the starry sky, the power was many times more powerful.

Near the Demon Ancestor Wutian, there are many powerful demon gods. They were blown into ashes by the explosion of the scorching sun and life star in an instant, and not even their bones remained.

In the fierce explosion, the body of Demon Ancestor Wutian was also torn into pieces of flesh and blood.

However, his vitality is still vigorous, and there is no sign of dying.

The flesh and blood all over the sky floated on the Throne of Thorns, squirmed for a while, and gathered into the figure of Demon Ancestor Wutian again.

"Hehe, I am the god of death, I will never die, I am death itself!"

Mozu Wutian stared at Ye Chen and let out a cold laugh.

The scorching sun and life star exploded just now, and the powerful power actually killed him.

However, as the Grim Reaper, he himself is a part of death and will never die.

This is the terrible thing about death.

The god of death is itself the ultimate interpreter of the concept of "death".

Therefore, the god of death will not die, and death is the godhead of the god of death.

No matter how many times Reaper is killed, he always comes back to life.

This is not a timeline being wiped out, and then borrowing the resurrection of other timelines.

In other words, it is not resurrection at all, because the god of death cannot die.

If you want to really kill the god of death, you must truly override the concept of "death".

When Ye Chen saw Mozu Wutian recovering, his heart suddenly became cold.

He knows that today's Demon Ancestor Wutian is not a real god of death, and it is impossible to truly transcend life and death.

But no matter what, Demon Ancestor Wutian, who borrowed the power of the god of death, is also extremely tenacious in vitality, so tenacious that it is frighteningly tenacious. It is simply impossible to kill him.

Even if Ye Chen's scorching sun star exploded, it couldn't really kill him.

"Scythe of Death God, cut!"

Demon Ancestor Wutian waved his hand, the law of the Dao exploded, and the dark breath roared, and a huge death scythe emerged in the void, cutting towards Ye Chen through the air.

At this moment, Ye Chen had just finished casting the scorching sun life star, and his spiritual energy was almost exhausted. Facing the death scythe of Demon Ancestor Wutian, he suddenly felt his hairs stand on end, and he was in crisis.

"Body and sword unite, break!"

In a crisis, Ye Chen sacrificed the Heavenly Sword of Reincarnation, his own blood merged with the Heavenly Sword, and his body and sword became one. People are like swords, and swords are like dragons. He did not flinch, but slashed fiercely at the demon ancestor Wutian. Death Scythe.

Zheng!

The clash of swords caused shocking sparks and air waves.

Ye Chen was knocked back a distance, but he was not injured.

Fortunately, his Heavenly Sword of Reincarnation has been upgraded to Wuwu Divine Weapon, and its cutting edge has been greatly improved. When the body and sword are united, even if his aura is exhausted, he can use the sharpness of the Heavenly Sword to unleash fierce killings.

"Um?"

Demon Ancestor Wutian twitched his face, he didn't expect Ye Chen to have the means to resist.

"It's over, how long can you last?"

Demon Ancestor Wutian snorted coldly, sat on the throne of thorns, remained still, waved his palm, and once again urged the death scythe to cut out, wanting to harvest Ye Chen's life.

Ye Chen suddenly fell into a life-and-death crisis, but at this moment, in the void, colorful streamers suddenly exploded, filled with immortal energy, all kinds of auspicious clouds rose, and bursts of Buddhist singing were shocking.

In the ancient Sanskrit singing, a young girl with tender skin and bright appearance suddenly shattered the void and landed in front of Ye Chen, holding a simple long sword in her hand, and blocked the demon ancestor Wutian with a single stroke of the sword. The Death Scythe.

"who?"

The sudden appearance of the girl made Demozu Wutian's face change, and he felt a little mysterious.

The girl stood with a sword in her hand, auspicious clouds floated all over her body, she exuded a sense of immortality, and said loudly: "It's easy to say, my name is Meixin, and she is a loyal follower of the Lord of Reincarnation. I heard that Reincarnation is in trouble, and I am here to help."

She turned her head and smiled at Ye Chen again, and said, "God is above, God is sorry, you are still alive at last."

Ye Chen was taken aback for a moment, looking at the girl.

The young girl has a bright and attractive appearance, a graceful figure, and a particularly supple and fair skin, but it makes Ye Chen feel very strange.

He can be sure that he has never seen this girl before.

The strength of the young girl, my mother doubted, she was able to block the attack of the demon ancestor Wutian with a single sword, she was definitely a strong person.

However, the identity of the girl was unpredictable to Ye Chen.

"Your name is Meixin? Who are you?"

Ye Chen frowned, trying to deduce the cause and effect of Meixin, but found that he couldn't deduce it at all.

Charming Heart's identity is quite mysterious.

Naturally, Ye Chen didn't know that this charming heart was actually the direct disciple of Ancient God Tuodi, who wanted to get close to him under the order of Ancient God Tuodi.

The aura of cause and effect in Meixin's body had long been covered up by the ancient god Tuodi, and even Ye Chen couldn't detect it, and couldn't see through the veins of fate and omens of good and bad.

"I am your believer, Lord of Reincarnation, and I am here to help you."

Charm Heart smiled.

As she spoke, she approached Ye Chen, then knelt down for Ye Chen, stretched out her slender hand, and gently held Ye Chen's hand, with a humble and pious attitude.

Ye Chen felt that wisps of aura came from Meixin's hands, nourishing his own dantian, and instantly restored a lot of the energy he had lost just now.

"Are you my follower?"

Ye Chen was very surprised, but seeing Mei Xin's pious expression, he felt a bit strange.

He couldn't see the cause and effect of Charm Heart, so naturally he didn't dare to believe it easily.

Chapter 9145

"Hehe, Ye Chen, there are more women beside you than there are stars in the sky."

"Forget it, I'll send you on the road together!"

Demon Ancestor Wutian sneered, the energy of the Heavenly Demon Star Sea gathered and covered the Death God's sickle, and the evil spirit of the Death God's sickle surged, smashing through the void with a single blow, and directly cutting Ye Chen and Meixin.

This knife already carried the terrifying darkness of the Demonic Star Sea, and its power was so powerful that even the sky was cut open, and the laws were shattered.

Meixin was taken aback, she hurriedly took Ye Chen's hand, and retreated quickly, her slender hands squeezed the formula again and again, and actually opened a space passage in the void.

"Lord of Reincarnation, this place is too dangerous, and Demon Ancestor Wutian is too powerful, we'd better go first."

Meixin said that she wanted to escape with Ye Chen.

Because even Meixin can't fight against Demon Ancestor Wutian.

Today's Demon Ancestor Wutian, the majesty of the God of Death exploded to the extreme, the energy of the Heavenly Demon Star Sea boiled violently, the dark breath exploded, and the entire Star-Moon Realm presented an extremely terrifying scene.

The afterglow of the explosion of the scorching sun and life star just now has been covered up, and the entire star-moon world has once again plunged into darkness.

Among the dark clouds, black thunder and lightning danced, and a large dark ocean stretched across the sky.

That is the Heavenly Demon Star Sea, where countless mysterious phenomena are brewing.

Inside the Heavenly Demon Star Sea, there were white bones, corpses, broken pieces of meat, scarlet eyeballs, twisted tentacles, etc., floating continuously and then falling from the sky.

A majestic rain of corpses has already fallen in the entire Star-Moon Realm. The bones and dirty things have corroded the earth.

There are also demon gods and monsters, constantly brewing and being born from the Heavenly Demon Star Sea, crying ghosts and howling wolves, making sharp roars, and culling and killing many strong men in the reincarnation camp.

In fact, under the hands of the two Gods of Grass, Ice God, Xuan Hanyu, Wu Yao, Feng Yuying and others, many of the dark powerhouses brought by Mozu Wutian, the believers of Death God, have been killed.

However, the energy of the Omen Star Sea is continuous, and new demon gods and monsters are constantly being born to join the battle, making Ye Chen's side exhausted and exhausted.

tomato

Looking at it like this, the reincarnation camp will be dragged to death sooner or later, and consumption will also be exhausted.

The world of the Star-Moon Realm was also blocked by the darkness of the Demon Ancestor Wutian.

Such a blockade is difficult for even the Immortal Emperor to break through.

Obviously, Mozu Wutian wanted to completely seal off the Star-Moon Realm and slaughter all the reincarnated people in this world.

Meixin did not know what method she used, but she was able to open the space channel.

Seeing that the Demon Ancestor Wutian was powerful, she already knew that she couldn't fight against him today, so she wanted to take Ye Chen away.

"No, I can't go."

Ye Chen gritted his teeth, if he left, the reincarnation camp would definitely collapse.

Even if it is death, he will fight to the death, and he will never drag himself out!

"Ye Chen, you have a good backbone, then I will help you."

Demon Ancestor Wutian smiled, still sitting on the throne of thorns, showing a immovable, mighty and stern majesty, with a flick of his fingers, the energy of the Omen Star Sea exploded, bursting out thousands of black star magic swords, like a The doomsday sword rain slashed towards Ye Chen through the air.

Ye Chen was shocked. He has been seriously exhausted since the battle, but Demon Ancestor Wutian is still at his peak state, which is really unbelievable.

It can only be said that the demon ancestor Wutian, who holds the authority of the god of death, is really too powerful to be ridiculous.

This is just borrowed power.

If it were the real God of Death, then I really don't know how powerful it would be.

Seeing the thousands of dark star magic swords coming to kill, Ye Chen could only retreat with Meixin, avoiding in a bit of embarrassment.

Charm Xin used several seals to form a shield, barely resisting it.

Ye Chen saw that her technique was very mysterious and did not belong to the category of the real world. It seemed to be a means without time and space.

"Who the hell are you? Did you come down from no time and space?"

Ye Chen frowned, feeling even more strange, and asked.

"Lord of Reincarnation, I am your believer. You will know my identity sooner or later."

Meixin said, still not revealing her identity.

After a pause, she said again: "Lord of Reincarnation, I heard that you have a few kits, which are bestowed by the ultimate avenue, which can bring you vitality and enlightenment in times of desperation. Now that the situation is dangerous, why don't you open the kits?" Take a look and see if there are any instructions."

Ye Chen's heart trembled, he did have five kits, he had already used two of them, and there were still three left.

Now hearing Meixin's words, Ye Chen nodded and took out the kit.

Crash!

As soon as the kit was taken out, it burst into an unprecedented vast brilliance, brighter than the scorching sun, as if it symbolized some kind of omen of hope.

In the entire Star-Moon Realm, many reincarnation faction powerhouses who are fighting hard, seeing the brilliance of the kit, everyone was shocked, and then their spirits were lifted.

Such a weather may be a turning point!

When Ye Chen saw such a fiery atmosphere blooming from the kit, he also hurriedly opened the kit.

After opening the kit, a coordinate came into Ye Chen's eyes.

The coordinates were actually pointing directly at Zihuang Immortal Palace, pointing to a place called "Zihuangyuan".

"Zihuang Immortal Palace, Zihuangyuan?"

"Could it be that there is something hidden in that Zihuangyuan that can allow me to defeat Demon Ancestor Wutian? Or is there a big chess game that affects the situation?"

Seeing that coordinate, Ye Chen sensed the secret, and immediately had a strong premonition.

Chapter 9146

He had a premonition that as long as he entered Zihuang Yuan and looked for the opportunity hidden in it, he would be able to fight back and kill Mozu Wutian and end this fateful battle.

"Ye Chen, where do you want to go?"

"Didn't you say you would stay and fight to the end with me?"

Demon Ancestor Wutian saw the special enlightenment in the kit, and immediately felt fearful, fearing that he would be overthrown, couldn't sit still immediately, flew down from the Thorn Throne, and swung his palm through the air to kill Ye Chen.

The revelation coordinates of Zihuangyuan can only be seen by Ye Chen, but Demon Ancestor Wutian obviously felt that something was wrong, and the situation was originally good.

However, as Ye Chen opened the kit, he felt that his strength had come to an end and he was about to be turned over and killed by Ye Chen.

When Ye Chen saw Mozu Wutian, who was still calm and calm just now, his face turned pale at the moment, and he knew that the secret was correct, and there might indeed be a chance for a comeback hidden in that purple abyss!

"Tianjun Fengshen Monument, block it for me!"

When Ye Chen saw the Demon Ancestor Wutian approaching with a wave of his palm, he immediately blocked it with the Tianjun Conferred God Stele, and then retreated with Meixin.

"Charm heart, take me away."

Ye Chen said.

"Lord of Reincarnation, are you leaving?"

Charm Heart was taken aback.

"Well, I'm going out for a while."

Ye Chen originally wanted to fight to the end, but now that the kit was opened, his thinking changed.

The guidance of the kit guides him to Zihuangyuan, where the possibility of a comeback is hidden, and it is the dawn of hope.

If he continues to stay, Ye Chen can only be suppressed by the demon ancestor Wutian until he perishes.

He had to go out for a while before he could find a turning point.

"Okay, I'll take you out."

Charm immediately tore through the void and wanted to take Ye Chen away.

Ye Chen sent out his will to explain the situation to all the people in the reincarnation camp.

Everyone was shocked, but they all knew that Ye Chen didn't run away, but went out to find a turning point.

"Give me three days and I'll be back."

Ye Chen gritted his teeth and wanted to leave Meixin.

"Want to go?"

Demon Ancestor Wutian was furious. Knowing that Ye Chen was gone, with the great luck of reincarnation, he might get some new opportunity to turn the tables and kill him.

He absolutely can't see this kind of thing happen. With a wave of his palm, the throne of thorns changes, and countless thorns penetrate the void, trying to seal and entangle Ye Chen.

"Fairy Scarlet Phoenix, lend me your strength!"

Ye Chen yelled at the cemetery of reincarnation, and at this critical moment, he immediately borrowed the power of reincarnation.

Fairy Scarlet Phoenix came out at the call, pouring her spiritual energy into Ye Chen.

Crash!

Behind Ye Chen, a pair of red phoenix wings appeared. They were dazzling, and the aura exploded all over his body. He broke through the thorny blockade of the demon ancestor Wutian at once. Under the leadership of Meixin, he broke through the void and rushed out of the Star-Moon Realm .

"not good!"

As soon as Mozu Wutian saw Ye Chen rushing out, his expression changed drastically, and he felt unprecedented danger.

Many people from the reincarnation camp saw Ye Chen leave, and their hearts were full of anticipation and hope.

They were looking forward to the moment when Ye Chen returned.

"Damn boy, you really ran away, I will kill everyone in your reincarnation camp!"

Demon Ancestor Wutian was furious, frantically mobilized the evil spirit of the Heavenly Demon Star Sea, and rained a monstrous rain of corpses and blood. Countless monsters and demon gods fell from above, and then turned into cruel killing machines, attacking many people in the Star-Moon Realm. , launched the most violent attack.

"World Tree, guard!"

Zilan and Qingyan, seeing the Demon Ancestor Wutian run away, hastily joined forces to mobilize the power of the World Tree to protect the Star-Moon Realm and fight against the Demon Ancestor Wutian.

They gritted their teeth and waited for Ye Chen to return.

Ye Chen promised that he would come back within three days at most!

...

At this time, Ye Chen and Mei Xin had left the Star-Moon Realm and came outside.

Even in the sky outside, the two of them could clearly feel the terrifying and dark changes coming from the Star-Moon Realm.

Demon Ancestor Wutian encircled and suppressed the Star-Moon Realm, and the power of the God of Death shook the sky. The entire Supreme World was shaken, and darkness can be felt everywhere.

"Lord of Reincarnation, where are you going?"

Charm asked curiously, really wanting to know what instructions Ye Chen got in that kit.

"Don't worry about it, you're waiting for me here, I'm going to a place, but it's not convenient to take you with me."

Ye Chen said to Meixin, he thought to himself, the turning point might be in Zihuangyuan, and Zihuangyuan is in Zihuang Immortal Palace, even if he is alone, it is not convenient to go, let alone bring Meixin.

"All right."

Seeing that she has not yet gained Ye Chen's trust, Meixin spread her hands helplessly: "Master of Reincarnation, then I will wait here for your return."

"Well, thank you very much."

Ye Chen nodded, then hid his breath, tore through the void, and went to the boundary of Zihuang Immortal Palace.

Charming looked at Ye Chen's leaving figure, a complicated expression flashed in her eyes, and she muttered to herself: "If you are not the Lord of Reincarnation, how wonderful it would be..."

...

Ye Chen tore through the void, and soon came to the boundary of Zihuang Immortal Palace, and immediately sent out his will to contact the second enchantress.

"Empress, are you there?"

Now the entire Zihuang Immortal Palace, whether it is Daode Tianzun or Chongyang Daoist, wishing to leave people, can be said to be Ye Chen's enemy.

The only one who is trustworthy is the second enchantress.

Not long after Ye Chen's call fell, the void shattered, and a graceful figure landed, it was the second enchantress.

The second enchantress was wearing a black dress, and her figure was as hot as ever. When she saw Ye Chen, she was both surprised and happy. She rushed forward and hugged Ye Chen tightly, saying: "Ye Chen, why are you here? You... ...Aren't you in a decisive battle with Demon Ancestor Wutian?"

"God Comes"

Chapter 9147

Ye Chen put his arms around the waist of the second enchantress, warm and fragrant nephrite into his arms, which also made his tense mind relax a little.

"I feel the guidance of fate. Under Zihuangyuan, there may be some opportunity hidden, which can make me turn the tables and fight back to kill Demon Ancestor Wutian."

"Today's Demon Ancestor Wutian is too powerful. If there is no new turning point, it will be difficult for me to fight against it."

Ye Chen said.

The second enchantress suddenly realized that Ye Chen came out of the battle to find a chance to turn the tables.

And the opportunity that Ye Chen wants is likely to be under Zihuang Yuan!

"You want to go to Zihuangyuan?"

"Yes, can you take me there?"

Ye Chen asked, he sensed that Zihuangyuan might be a taboo place, not to mention him as an outsider, even ordinary disciples in Zihuang Immortal Palace are not qualified to step into it.

"Zihuangyuan is the forbidden area of my Zihuang Immortal Palace. It is rumored that it is full of dangers, and there are countless dark monsters rampant. It is an absolutely dangerous place, but there are no chances."

"Are you sure the place you're going to is Zihuangyuan?"

The second enchantress, Liu Mei, furrowed her eyebrows deeply, expressing her doubts.

She naturally knew that Zihuangyuan was the forbidden area of Zihuang Immortal Palace. Because there were too many dark monsters, it had been blocked long ago, and ordinary disciples were not allowed to approach it.

Only those who have obtained special permission are eligible to step into Zihuang Yuan to practice.

"Yes, the revelation on the kit is indeed Zihuangyuan."

Ye Chen said.

The second demon concubine Liu Mei frowned slightly, pondered for a while, and said: "If you really want to go, that's fine, but you should sleep with me for one night first."

Ye Chen was stunned, coughed, shook his head and said: "Yao Ji, it's already this time, why are you still..."

The second enchantress took Ye Chen's hand and said: "No, what are you thinking? No matter who enters the forbidden area of Zihuangyuan, it will touch the secret and be discovered by my father. If I take you there, you will be very happy." It might be exposed."

"So, you'd better sleep with me for one night first, and when our breath blends, you won't attract my father's attention."

Ye Chen coughed and said, "I see."

Although he wanted to go to Zihuangyuan impatiently, he also knew the truth that haste makes waste.

If it is discovered by Daode Tianzun, then there will be no chance.

In desperation, Ye Chen had no choice but to follow the second enchantress back to her palace, Wanhua Zhuang, and sleep with her for a night to mingle with each other.

In the early morning of the next day, Ye Chen was a servant disguised as the second demon girl, and followed her to Zihuang Immortal Palace.

Stepping into the Zihuang Immortal Palace, Ye Chen faintly caught a familiar breath.

That is the breath of the monument!

At the beginning, Tiannv suppressed Patriarch Tianxin and handed over the Tianbei to Zihuang Immortal Palace.

Today's Tianbei is inside the Zihuang Immortal Palace!

Ye Chen could feel the breath of the Tianbei, but he couldn't lock it precisely.

Obviously, Zihuang Immortal Palace also hides that piece of sky tablet very deeply.

"It seems that Zihuang Immortal Palace has not been able to control the Tianbei at present."

Ye Chen calmed down a little, knowing that he still had a chance.

The power of the Tianbei is extremely vast, and even Zihuang Immortal Palace currently has no possibility of refining it.

"Will Daode Tianzun bury the stele under Zihuangyuan?"

Ye Chen's heart moved. Under Zihuangyuan, there might be a shocking opportunity, which is enough for him to fight back and kill Demon Ancestor Wutian.

He subconsciously thought that the opportunity was the Tianbei.

However, after careful deduction, Ye Chen discovered that there is no causal context between the two.

The opportunity under Zihuang Yuan has nothing to do with the Tianbei.

"Forget it, when we go to Zihuangyuan, we will naturally know."

Ye Chen shook his head, didn't think about it any more, followed the second enchantress all the way, and soon came to the entrance of a forbidden area.

This forbidden area is filled with a gloomy atmosphere, a passage leads directly to the ground, and indescribable light seeps out from the ground, beating like will-o'-the-wisps, which makes one's heart shudder.

At the entrance of the forbidden area, several elders were guarding. They were all shocked when they saw the second enchantress coming, and shouted in unison: "Miss enchantress."

Their attention was completely on the second enchantress, and they didn't pay attention to Ye Chen.

At this moment, Ye Chen, disguised and remodeled, looks ordinary on the outside. He is the servant of the Second Enchantress, and no one knows his true identity.

The second Yaoji Zhen nodded lightly, and said to those elders: "Elders, I want to go to Zihuangyuan to practice, please make way."

All the elders were shocked when they heard that the second enchantress was going to Zihuangyuan.

An elder said: "Miss Yaoji, under Zihuangyuan, monsters are everywhere, darkness is rampant, and mysteries are full of secrets. It is very dangerous. You are a golden body, so don't take risks lightly."

The second enchantress said: "It's okay, I'm just going down for a stroll, to hone my supernatural powers, you guys get out of the way."

The elders looked at each other in blank dismay, showing embarrassment.

An elder said: "Miss Yaoji, if you want to go down to practice, it's not impossible, but it may take a few days, not today."

The second enchantress frowned and said, "Why?"

She knew that Ye Chen was running out of time and had to go down to Zihuangyuan today, but there was no delay.

The powerhouse of the Demon Ancestor Wutian camp is still wreaking havoc in the Star-Moon Realm, and Ye Chen has no time to waste.

The elder said: "Miss Yaoji, Young Master Jueyun is coming today. He has important things to do and cannot be disturbed by outsiders. Therefore, you'd better come back in a few days. I'm really sorry."

The second enchantress asked suspiciously: "Li Jueyun? What is he doing here?"

The elder said: "He was invited by the head teacher to come to Zihuangyuan specially. It seems that he has very important matters to deal with, maybe to dispel the darkness and secrets. In short, for the past few days, Master Jueyun will occupy Zihuangyuan Yuan, outsiders are not allowed to approach."

The second enchantress and Ye Chen looked at each other, neither of them expected that Li Jueyun would come, and he was invited by Daode Tianzun, and they didn't know why.

"Outsiders are not allowed to approach, am I also an outsider? I have to go down to Zihuangyuan today, who dares to stop me?"

The second enchantress snorted, took Ye Chen, and walked forward in big strides.

She didn't know what Li Jueyun wanted to do, she only knew that under Zihuangyuan, there might be a shocking opportunity hidden, which was very important to Ye Chen, and she must not miss it.

Those elders, when they saw that the second Yaoji was about to force their way in, they were startled, they all knelt down to stop them, and said, "Miss Yaoji, please don't make it difficult for us."

The second enchantress was stopped, she was furious, and wanted to break through forcefully.

"Miss Enchantress, please be safe and don't be impatient."

At this moment, a clear and handsome voice came from behind.

Ye Chen and the second enchantress looked back, and saw a young man walking over with a smile, waving a folding fan.

That young man, surrounded by the laws of the Dao of Time, each law is like a golden seal rune, very gorgeous, it is Li Jueyun.

Chapter 9148

Behind Li Jueyun, there were more than a dozen strong men with tough faces, all of whom looked like they were from the evil sect of Zihuang Immortal Palace in the past.

Li Jueyun's master is the former leader of the evil sect, who is willing to leave. Therefore, his status in the evil sect of Zihuang Immortal Palace is also very high, commanding all heroes.

"Li Jueyun, it's you."

The second enchantress raised her eyebrows and looked at Li Jueyun warily.

Li Jueyun, on the other hand, looked unrestrained, shook the fan, and said to the elders: "Since Miss Yaoji wants to go down to practice, then I will go with her."

When the elders heard Li Jueyun's permission, they were overjoyed and said, "It's very good."

Li Jueyun stared at the second Yaoji, and said with a smile: "Miss Yaoji, I am going to do a terrible thing today. If you see it, your Dao heart may collapse. Are you sure you want to come with me?"

The second enchantress said: "It's okay for you to say something terrible."

Li Jueyun smiled, but with a burning look in his eyes, he glanced at the plump figure of the second enchantress, and said: "Of course you will know when you go down, but let me tell you first, if you Dao Xin collapsed, what happened, I can't guarantee."

"But, don't worry, I promise you won't die."

Seeing Li Jueyun's eyes, the second enchantress thought to herself: "If my Dao heart collapses, this guy will probably take advantage of it and try to plot something wrong, but what exactly is he going to do, I can really bear it with my Dao heart." Can't you live? Why didn't father tell me?"

Li Jueyun was invited by Tianzun Daode, and what he is going to do must be instructed by Tianzun Daoda.

However, the second enchantress didn't get any news.

Her heart was inexplicably sad, and she knew that there was already a sad barrier between herself and her father.

"You're making a fuss, I'm sure I'll go down, but I won't be with you."

The second enchantress looked indifferent, but she didn't dare to take any risks.

What's more, she wanted to look for opportunities with Ye Chen, so naturally she couldn't be with Li Jueyun.

"Really? That's really a pity. I also want you to see how the real horror in this world is surrendered to the command of the Holy Son."

Li Jueyun shrugged, feeling somewhat regretful, but he did not insist.

He led the evil sect powerhouses under him, took the lead along the passage, and entered the underground Zihuangyuan world.

Before entering the passage, Li Jueyun seemed to sense something, turned around suddenly, frowned at Ye Chen, paused for a while, then shook his head and left.

Ye Chen's aura was completely hidden, disguised and modified, even Li Jueyun didn't see through it.

After practicing the Buddhist scriptures, Ye Chen comprehended the Mustard Seed Dharma, and could condense his own causal aura into a mustard seed, and ordinary people could not see through his details at all.

It's just that Li Jueyun is a strong man with the blood of Zhou Guang after all, and out of instinct, he still feels a little weird and strange.

Fortunately, Li Jueyun seemed to have an important task ahead of him, so he didn't get to the bottom of it.

After Li Jueyun left, Ye Chen followed the second enchantress and also followed the passage to enter the underground world of Zihuangyuan.

The world of Zihuangyuan was originally a place where the source of fire was active. The fire burned here and burned all the veins. The solid underground world turned into lava flow.

When Ye Chen and the second enchantress came to Zihuangyuan, they saw an extremely strange scene.

This is a dark red lava world, with magma flowing everywhere, the temperature is extremely high, and bursts of fiery air waves are constantly rushing towards us.

In the magma, there are many white bone corpses floating. Those white bone corpses are surrounded by a mysterious atmosphere, and indescribable weird phenomena are born.

For example, a white bone suddenly split open, and bloody eyeballs exploded from it.

A corpse suddenly emitted an extremely terrifying aura, covered with red hair, and the strange red hair stretched out like vines, trying to bind Ye Chen and the second enchantress.

There are also tentacles and dark liquid flowing out of the mountain wall next to it inexplicably, which is very strange.

All these scenes are never seen in the real world, and it makes one look at them and their spirits will collapse.

"What a weird smell."

Ye Chen was taken aback. It was obviously a lava world with extremely high temperature, but surrounded by all kinds of weird things around him, he felt creepy.

It wasn't the first time for the second enchantress to come to Zihuangyuan, but she was still so frightened that her face turned pale when she saw those terrifying scenes.

These weird things do not come from reality, but from nothing.

"This place has been eroded by darkness?"

Ye Chen frowned and asked.

The second enchantress nodded, then shook her head again, and said, "It has been eroded, but it seems that it is not as simple as it seems on the surface."

"In the past years, there have been many strong men from Wuwu time and space who broke into Zihuangyuan like crazy. They all looked extremely crazy, as if they were looking for something."

"None of those powerful men who have no time and space can get out alive. They all died here."

Ye Chen was taken aback, and said: "The thing those strong people are looking for is probably the opportunity I want. Do you know what it is?"

The second enchantress shook her head helplessly and said: "I don't know either, I asked my father, I think he has already investigated it clearly, but he refused to tell me."

"That thing, what exactly is it, can make so many Wuwu strong people crazy about it, it must be very precious."

Chapter 9149

"My father only told me that that thing is a great horror that the world cannot bear. Compared with that thing, the legendary Infernal Purgatory can be regarded as a holy place with beautiful mountains and rivers. No matter what kind of monsters and ghosts are in front of that thing, there is nothing hideous about it." Word."

Ye Chen felt strange in his heart, and murmured: "What the hell is that?"

He thought to himself that Li Jueyun was invited by Daode Tianzun to enter Zihuangyuan this time, which is probably related to that thing.

The second enchantress shook her head and said: "I don't know, Ye Chen, you are a lucky person, why don't you try and see if you can catch the whereabouts of that thing."

She thought, if there is any chance to talk about the world of Zihuangyuan, it is probably that thing.

She didn't know where that thing was hidden, she only hoped that Ye Chen could find it.

"Um."

Ye Chen nodded, then focused on deduction, trying to capture the hidden cause and effect.

With this capture, he saw an ancient picture.

In the past years, there were indeed many strong men without time and space who ventured to break through the dimensional wall and stepped into Zihuang Yuan, wanting to find something.

Each of them looks crazy, like a robber who is greedy for money, about to see the greatest treasure in the world, his eyes are full of greed, and he mutters to himself, expressing the same idea:

"As long as I find that thing, I will be invincible."

Under the search of many strong people, it seems that the thing has really been found.

However, the breath of that thing is too terrifying and too vast, no one can subdue it.

Moreover, everyone who approached that thing, without exception, was crushed by the powerful aura, and all of them perished!

Ye Chen traced back the old picture and heard countless screams and wailing.

Many strong men who hunted for treasure in the past have all died.

Ye Chen had never seen the specific appearance of that thing.

But, faintly, he also caught a ray of breath from that thing, scarlet like blood, dark like ink, weird and terrifying, indescribable, enough to bury an immortal emperor.

"It seems to be here."

Ye Chen opened his eyes and pointed in one direction.

After the deduction just now, he vaguely caught the whereabouts of that thing, which was in the direction to his left.

Even, under the coincidence of heaven, Ye Chen can be sure that the opportunity he wants to find is that thing.

As long as you can get it, you can fight back and kill Demon Ancestor Wutian!

Today's Demon Ancestor Wutian holds the power of the God of Death, how powerful it is.

However, as long as he finds that thing, Ye Chen may fight back!

It is conceivable how terrifying the power behind that thing is, Ye Chen just wanted to find out.

"Really?"

The second enchantress was inexplicably terrified, and she was also afraid, afraid that after seeing that thing, her Dao heart would not be able to bear it, and she would collapse on the spot.

"Well, let's go."

Ye Chen took the hand of the second enchantress and walked forward.

The two gradually went deep into Zihuangyuan. Along the way, they were attacked by countless strange monsters, and there were many indescribable existences that could not be described in words. In short, there are two words:

fear!

The strong men who were killed in the past were also contaminated with the terrifying aura of that thing before they died, and now they have become indescribably terrifying existences, which are creepy.

Ye Chen called out the sacred book, and with the help of the power of light, he smashed and killed all the way, advancing without any danger.

Along the way, he also saw a lot of crushed monsters, without exception, they all looked old.

Seeing this, Ye Chen knew it was Li Jueyun's handwriting.

Li Jueyun used the avenue of time to speed up time, causing those monsters to decay and die.

"Where Li Jueyun is going is exactly the same as where I am going!"

Ye Chen's heart trembled, and he was sure that Li Jueyun definitely knew the whereabouts of that thing, and knew the truth!

The truth about that thing must have been told to Li Jueyun by Daode Tianzun.

Ye Chen inexplicably felt a huge danger, he was fully on guard, and continued to move forward with the second enchantress.

woo woo woo...

Suddenly, the surrounding wind blew up, and the roar of the monster came out.

I saw a demon soul, with a ferocious killing aura, suddenly rushed out from the void, and rushed towards Ye Chen fiercely.

That demon soul, with black blood flowing from its body, gave Ye Chen a very familiar feeling.

"A killer from the Black Blood Cult?"

Ye Chen focused his eyes, took two steps back, and immediately saw it.

This demon soul should have been the killer of the Black Blood Sect during his lifetime.

Back then, the Black Blood Cult also wanted to seize that thing.

The demon soul of this Black Blood Sect killer has been contaminated with the terrifying aura of that thing, and his attacks are very fierce and venomous, with shocking mental fluctuations, enough to crush a person's Dao heart.

"Holy book, break!"

Ye Chen was fearless, calmed down, and activated the sacred book. Countless radiant holy light flowed out, gathering a sharp arrow of light, and with a sneer, it pierced through that demon soul and easily extinguished it. kill.

Although the monsters under Zihuangyuan are terrifying, Ye Chen's strength is also very strong, and ordinary monsters can't hurt him.

Ding.

After killing the monster, a token fell out.

Ye Chen picked it up and saw that there was a word "Han" engraved on the token, which was the extermination order issued by the ancient god Tuodi in the past, intending to kill Yehan.

"Mie Han Order... Could it be that that thing is related to Ye Han?"

Ye Chen took this cold-killing order and inexplicably caught a trace of an ancient secret.

Chapter 9150

He was surprised to find that the opportunity hidden in this Zihuangyuan world was probably related to Yehan!

When thinking of Ye Han, Ye Chen thought of the ten-tailed mythical beast, and felt horrified.

"What's wrong?"

Seeing Ye Chen's expression changed, the second demon girl gently held his hand and asked softly.

"It's okay, let's go on."

Ye Chen settled down, put away the cold-fighting order, and continued on with the second enchantress.

The two of them walked forward for a few miles, and then they heard bursts of strong roaring air currents, as well as waves of vast time law fluctuations. It seemed that someone was arranging some kind of formation in front of them.

"Li Jueyun is at the front."

The second bewitching girl's beautiful eyes narrowed, and she suddenly felt strange.

Li Jueyun must know the whereabouts of that thing, and even know the truth behind it.

"My father invited him over. Could it be that he wants to ask him to take action and subdue that thing?"

The second enchantress was very surprised, you know, that thing is very mysterious, and its energy is terrifying.

For so many years, even Daode Tianzun and Chongyang Daoist have not been able to surrender, they can only be suppressed in Zihuangyuan.

Could it be that Li Jueyun actually has the means to surrender?

Ye Chen and the second enchantress looked at each other, and they wanted to get closer.

However, when the two wanted to get closer, they saw a few strong men from the evil sect standing in front.

"Miss Yaoji, stop."

Seeing the second enchantress coming, those strong men from the evil faction immediately became vigilant.

"Where's Li Jueyun? I want to see him."

The second enchantress raised her eyebrows and said.

A strong man from the evil sect said: "Master Shengzi invited you before, but you refused to accompany him. Now he is busy. Miss Yaoji, you can't get any closer."

The second enchantress raised her eyes and saw the area in front of her, faintly emanating bursts of eerie red light, which made people feel terrified at a glance.

Those strong men of the evil faction wear special charms to resist strangeness.

The second enchantress sternly said: "The whereabouts of that thing, your holy son found it, didn't you?"

"That's right, my father has always suppressed and sealed that thing, so it won't run away, so he can find it naturally."

"What does he want to do, even my father can't subdue it, is he qualified to subdue it?"

After all, the second demon girl strode forward, wanting to force her way to see what Li Jueyun was doing.

"Miss Yaoji, if you are reckless again, don't blame us for being rude."

Those strong men from the evil sect immediately showed a fierce look in their eyes, drew their swords, and stopped the second enchantress with a murderous look.

"You guys dare to stop me?"

"Soul Devouring Orb, suppress it for me!"

Murderous intent flashed across the eyes of the second bewitching girl, and she couldn't help but say, inspired by her spiritual energy, she sacrificed a bead, which turned out to be a fragment of the Wuwu artifact, the Soul Devouring Bead.

As soon as the Soul Devouring Orb came out, immediately, a strong magic light exploded in the field, and a wave of energy that could obliterate the soul of a person, filled the air with an ancient ferocity.

Puchi, puchi, puchi!

Those strong men from the evil faction were attacked by the Soul Devouring Orb, and their souls were shattered on the spot, vomited blood, and fell to the ground to die.

The second demon girl snorted, put away the Soul-devouring Orb, winked at Ye Chen, and walked forward.

Ye Chen didn't expect that the second enchantress would actually kill someone.

However, those strong men are all members of the evil sect, and they are under Li Jueyun's subordinates, so death is not a pity.

Ye Chen followed the second demon girl and walked towards the area ahead.

After the two crossed a piece of lava, they saw ten strong men from the evil sect guarding the ten directions in the open space ahead, forming a faint formation.

At the center of the formation is Li Jueyun.

Li Jueyun's eyes, with great solemnity and tension, were staring at a giant egg in front of him.

The giant egg was dark red in color, covered with weird runes, and the shape of those runes was twisted like a corpse, extremely terrifying, making people want to gag just by looking at it.

Inside that gigantic egg, there seemed to be some terrible monster bred. The eggshell was translucent, and the inside of the giant egg could be faintly seen. There was a mysterious distorted weather, as if a troll was about to break out of its shell.

Li Jueyun arranged a large time formation, and the mysteries of countless time laws were entangled on the giant egg, and the white and golden chains of laws were intertwined, hanging the giant egg in mid-air.

Bang bang, bang bang, bang bang!

Li Jueyun was speeding up time, constantly hatching the giant egg, trying to let the things inside the giant egg be born.

His body trembled a bit, and he clearly felt the breath of the second enchantress, but now, he was about to hatch the giant egg, but he had no time to get away.

rice ball reading

"Miss Yaoji, I'm doing something for your father, so you must not disturb me."

Li Jueyun said in a cold voice, he still didn't see through Ye Chen's identity, he only noticed the existence of the second enchantress.

The second enchantress looked at the scene in front of her in surprise, and murmured, "Could it be that thing is this giant egg?"

Ye Chen looked at the strange scene in front of him, and was also secretly surprised. The thing inside the giant egg, an unknown level of monster, hadn't broken out of its shell, and he felt a burst of terror, and the hairs on his body stood on end.

Li Jueyun's expression was dignified, extremely nervous, he didn't even dare to breathe too loudly, lest he would alarm the mysterious existence in the dome.

He activated the formation, and the entire Zihuangyuan world resonated with his time formation.

Crash, clatter, clatter.

In the world of Zihuangyuan, magma boiled and surged, and countless magmas flowed into the giant egg with scalding energy.

Both Ye Chen and the second enchantress could feel that the magma flowing around them actually carried a trace of the source of fire!

"My father is helping him!"

The second enchantress said in surprise.

Li Jueyun was incubating the giant egg, but Daode Tianzun was also helping behind him, providing him with the energy of the fire.

For Daode Tianzun, the fire is his lifeblood.

But now, he actually provides the energy of the tinder to hatch giant eggs, regardless of consumption.

One can imagine how terrifying the value of that giant egg is.

"It's a ten-tailed beast..."

Ye Chen's scalp was numb, and he caught the secret inexplicably. He looked at the giant egg, and his mind went blank.

He finally grasped the truth, the opportunity hidden in Zihuangyuan was actually related to the ten-tailed beast!

The ten-tailed beast, the ancient god Tuo Di spent countless efforts to create a heaven-defying beast. The power is comparable to the reincarnation Purana, and it is a shocking existence that surpasses the four supreme artifacts!

The power of the ten-tailed beast is too terrifying, too powerful.

Back then, the ancient god Tuo Di exhausted his painstaking efforts to build it, but it was just a cub.

Even so, the divine power of that cub is not something ordinary people can bear.
