

## Physician 9151

### Chapter 9151

When the ten-tailed cubs were born, Emperor Tuo Tianzong lost many masters.

Later, Ye Han took the ten-tailed cubs away.

Yehan could barely be regarded as the main god of the emperor of heaven, the top killer in Wuwu time and space, but even he couldn't subdue the cub.

Zilan, the first God of Grass, calculated that Yehan might have cut up the ten-tailed cubs. He couldn't control the complete ten-tails, but he could still control a clone.

Now, Ye Chen has captured the truth of the secret in the dark.

What is hidden in that giant egg is probably a clone of the ten-tailed cub!

Back then, many timeless and space-time powerhouses broke into Zihuangyuan, and what they wanted to find was the clone of the ten-tailed cub!

"What ten-tailed beast?"

The second enchantress was surprised when she heard Ye Chen's words.

The legend of the ten-tailed beast is very secret, and she has never heard of it.

But when she heard the word "Ten Tails", she felt inexplicably terrified inside, which was more stressful and terrifying than hearing the real name of any god.

"It is the greatest horror in the world, an unspeakable beast against the sky..."

Ye Chen's eyes were full of shock. Looking at the giant egg, he never expected that the opportunity hidden under Zihuangyuan was actually the clone of the ten-tailed cub!

Seeing Ye Chen's expression, the second demon girl also felt shocked and horrified.

The eyes of the two focused on the giant egg, and under the acceleration of Li Jueyun's time law, the giant egg gradually cracked and was about to break its shell.

Daode Tianzun invited Li Jueyun to take action, apparently because of his Zhouguang bloodline.

Li Jueyun used the secret technique of speeding up time, which can hatch giant eggs and make ten-tailed cubs come out as clones!

A trace of indescribable and extremely mysterious aura seeped out from the cracked eggshell.

The surrounding space was suddenly shrouded in a terrifying atmosphere, and countless mysterious atmospheres were born, such as mountains of corpses and seas of blood, mountains of swords and purgatory, dense bones, roaring ghosts, hundreds of millions of demons and so on.

The boundless horror is frightening.

The chaotic magic energy is terrifying.

The second enchantress leaked sweat, and her clothes were drenched. She felt that her heart was about to collapse, and her whole body seemed to be tightly grasped by a big nightmare hand, and she couldn't breathe.

"Ye Chen, I feel so uncomfortable."

The second enchantress held Ye Chen's hand, showing a painful expression.

Ye Chen felt her hand was icy cold, without any heat, and knew that the avatar of the ten-tailed beast was about to be born, and the terrifying breath made the second enchantress almost unable to bear it.

"Master Shengzi, what is inside this giant egg?"

"It's such a terrifying atmosphere, we can't hold it anymore."

"My lord, are you alright?"

Not only the second enchantress, but the ten strong men of the evil sect under Li Jueyun were also sweating, trembling all over, and full of horror.

They didn't know what was inside the dome.

They just came to assist Li Jueyun under the orders of Daode Tianzun and Yuan Liren. They only knew that they were going to subdue some monster, but no one knew what that monster was.

Only now did they feel the horror of that monster, before it was born out of its shell, the terrifying aura it emitted made people feel as if they had fallen into a nightmare, making it difficult to even breathe.

Even if they have the amulets of protection given by the Taoist Heavenly Venerable, they are still difficult to resist.

Among the audience, only Ye Chen and Li Jueyun could keep calm.

Because the bloodlines of both of them are first-class existences in the heavens.

"What are you panicking about? Shut up. With the protective amulet bestowed by the Daode Tianzun, even if you see the greatest horror in the world, at least you can keep your Dao heart alive."

Li Jueyun gritted his teeth. Although he was able to maintain his composure, he was also very nervous and broke out in a cold sweat under the erosion of the monster energy of the giant egg.

romance

"Master said that as long as I help the Daode Tianzun to subdue the ten-tailed beast, she will betroth the Celestial Girl to me."

"Junior Sister Tiannu will most likely not marry me, but Master and Daodetianzun can use strong means to force her to submit. Sooner or later, she will understand my intentions."

Li Jueyun thought of Tiannu in his heart, and his heart was slightly shaken, and he didn't feel that the horror in front of him was horror anymore.

He bit his fingertips and dripped the essence of his own Zhou Guang blood on the giant egg.

Kachacha!

The crack in the giant egg is getting bigger and bigger, and the boundless magic energy and darkness flow out from it.

Katsa!

Finally, a ferocious beast broke the eggshell, roared to the sky, and was born.

It was a monster with a strange shape. It looked like a huge scarlet scorpion. Its skin was like an iron shell, with patches of ancient dark red runes branded on it. There was a long scorpion tail dragging behind it, and the sharp barbs were shiny. Cold.

On the head of the scorpion, there was a human face with complete facial features, which was extremely strange. It was opening its mouth to roar, and there was a human head with facial features in its mouthparts, which was very permeating.

Also, on the body of the scorpion, colorful eyeballs burst out from time to time, opening and closing, every time they open and close, there is a shocking demonic energy, which is very terrifying.

All the evil faction powerhouses in the audience, as well as Ye Chen, the second demon girl, Li Jueyun and others, all felt hairy after witnessing such a hideous and terrifying appearance of this scorpion.

Such a twisted and terrifying ferocious beast has never existed in the current world, and it can only be a monster without time and space.

Thanks to the restrictions of the laws of reality, this monster without time and space, at least has a shape that Ye Chen and others can understand. It is a huge scorpion with shiny barbs on its tail, which seems to be highly poisonous.

Chapter 9152

"Is this the ten-tailed beast? Why only one tail?"

Li Jueyun kept his Dao heart and looked at this huge scorpion. He saw that this scorpion only had one tail behind it, and there was no second tail, let alone ten tails.

"Chi Mo Poison Scorpion, the clone of the ten-tailed beast, not ten tails, but one!"

Ye Chen's eyes were like a torch, and he had insight into the sky, but he saw all the truth.

This huge scorpion, named Chi Mo Poisonous Scorpion, is one of the clones of the Ten Tails.

To be precise, it is not called ten tails, but "one tail"!

Fortunately, this is the real world, which is restricted and protected by the laws of reality, so Ye Chen can look directly at the Chimo Poisonous Scorpion.

If it is in Wu Wu time and space, the existence of Chi Mo Poison Scorpion's appearance is enough to make ordinary strong people have a mental breakdown, and they cannot look directly at it.

The Chi Mo poisonous scorpion is just one tail!

Ye Chen could perceive the truth, but Li Jueyun obviously didn't.

It seems that he only knows the ten-tailed beast, but he doesn't know that the ten-tails have been cut up and transformed into a form of avatars.

Roar!

As soon as the Chimo Poisonous Scorpion was born, it roared crazily, constantly absorbing the devilish energy between the heaven and the earth.

Reckless and wild, nine days and ten lands, countless demonic energy gathered on its body, making its body grow continuously, and soon became as huge as a mountain.

The Chimo poisonous scorpion as huge as a mountain couldn't even accommodate Zihuangyuan. The dome was smashed, huge boulders fell rumbling down, the rocks flew horizontally, and the dust stirred up. The scene was extremely spectacular.

"Ten-tailed beast, I conceived you, submit to me!"

Li Jueyun roared loudly, sacrificed a sealing talisman, and shot towards the Chimo poisonous scorpion.

This seal talisman was obviously given to him by Daode Tianzun, and it even surrounded the energy fluctuations of the fire source.

"Aw!"

The Chi Mo poisonous scorpion was enraged, its eyes were fierce, but it refused to surrender, with a sweep of its tail, it completely smashed the talisman that Li Jueyun had shot.

"Damn it, this beast is really fierce."

Li Jueyun took a few steps back, apparently he didn't expect the Chimo Poisonous Scorpion to be so ferocious just after it was born, even he felt suffocated.

"This beast is too ferocious, you sacrifice your blood, suppress it first!"

Li Jueyun turned his gaze, and said to the surrounding strong men of the evil faction.

The powerhouses were startled, and before they came back to their senses, they were caught by Li Jueyun's magic chain of the law of time.

Li Jueyun waved the divine chain, and threw all the strong men of the evil sect in the audience towards the Chimo Poisonous Scorpion.

Bang, bang, bang!

The bodies of the evil faction powerhouses exploded and turned into rain of blood.

All the blood and spiritual energy on their bodies exploded, causing the Chi Mo Poisonous Scorpion to be shaken tremendously and let out a muffled groan.

Li Jueyun was overjoyed, taking advantage of the shock of the Chimo poisonous scorpion, he flew out, and the laws of time turned into iron chains and stars, falling down from the sky, entangled the Chimo poisonous scorpion, and wanted to forcibly suppress and subdue it.

"Roar!"

The face of Chi Mo Poisonous Scorpion let out a sharp and angry roar, the berserk devil energy exploded, and a nightmarish and mysterious atmosphere erupted like a dark tide.

Li Jueyun's law chains wrapped around its body were all broken.

"not good!"

Li Jueyun's expression changed drastically, he did not expect that the Chimo Poisonous Scorpion was so powerful that he could not suppress it at all.

I saw Chi Mo's poisonous scorpion's mountain-like body, which rushed over at once, and in turn pressed Li Jueyun severely under his body.

Kachacha!

Li Jueyun's bones shattered and he was about to be crushed to death.

The Chi Mo Poisonous Scorpion roared loudly, its posture was like a madman, its whole body was filled with demon energy, and it was killing and cutting.

"Ye Chen, I can't take it anymore..."

The second demon concubine Liu frowned tightly, covering her heart, showing an extremely tormented expression.

The appearance, sound, and breath of the Chi Mo poisonous scorpion all have huge terrifying fluctuations, which can affect people's Taoist spirit.

Even the second demon girl now showed signs of mental breakdown, completely unable to bear the breath of the Chi Mo poisonous scorpion.

"Yao Ji, you go back first, this beast is too dangerous, don't stay here anymore."

Seeing the appearance of the second demon girl, Ye Chen was also very worried.

He has the blood of reincarnation and can withstand the terrifying aura of the Chimo poisonous scorpion, but the second enchantress can't bear it.

"Then I'll go first, this ferocious beast is too terrifying, if you can subdue it, it will be enough to kill Demon Ancestor Wutian!"

The second enchantress gritted her teeth, and there was another glint of expectation in her eyes.

Opportunities are in front of us, as long as Ye Chen can subdue the Chimo poisonous scorpion and fight against the demon ancestor Wutian, there is great hope.

It's just that she can't help Ye Chen anymore, and if she stays here, she may even die.

"Well, I know, you go back quickly!"

Ye Chen saw that the face of the second enchantress was getting paler, and he was even more worried in his heart, so he helped her to go outside.

The second enchantress couldn't stay any longer, Ye Chen sent her away from Zihuang Yuan, and quickly returned to her original place.

I saw that Chi Mo poisonous scorpion, with a body as huge as a mountain, still firmly suppressed Li Jueyun.

Li Jueyun sacrificed a protective talisman, and with the flashes of brilliance, he struggled out from under the body of the Chimo Poisonous Scorpion.

"So you are the clone of the ten-tailed beast, is it one tail?"

At this moment, Li Jueyun finally caught the secret and stared at the Chimo poisonous scorpion.

This Chimo poisonous scorpion is one of the clones of the ten-tailed beast.

It's just a doppelgänger, and the energy is so terrifying, it's even enough to bury a heaven-defying existence at the level of an immortal emperor.

"Apricot"

If it were a complete ten-tailed beast, I really don't know how terrifying it would be.

"Roar!"

Chapter 9153

The Chimo poisonous scorpion roared filial piety, always maintaining the posture of a madman and madman, without the slightest calm and obedient appearance. After seeing Li Jueyun struggling out, it immediately swung its scorpion tail, with a highly poisonous scorpion tail, a barb, a hook To Li Jueyun's heart.

"Time Avenue, suppress it for me!"

With a loud shout, Li Jueyun immediately burned Zhou Guang's blood, and countless turbulent time law energies surged out like a galaxy, rolling down on the body of Chi Mo Poison Scorpion.

He wants to use the method of time acceleration to make the Chimo Poison Scorpion fall into a state of decay.

However, the energy of the Chi Mo poisonous scorpion is really terrifying, completely ignoring Li Jueyun's time killing, still showing a ferocious look, the scorpion's tail fiercely swept towards Li Jueyun's body like a thunderbolt.

Li Jueyun's expression changed drastically, and he hurriedly backed away, looking very embarrassed.

When Ye Chen saw this, he was also deeply shocked by the power of the Chimo Poison Scorpion, as expected of the clone of the ten-tailed beast.

Li Jueyun is also a character, capable of reversing the existence of an immortal emperor, but facing the Chimo poisonous scorpion, he is suppressed everywhere.

Ye Chen reckoned that even if he took action himself, it might be difficult to suppress this beast.

"Bastard, do you really think I don't have the means to subdue you?"

"Nine Heavens Flame Seal, give me..."

Li Jueyun yelled violently, and pressed his palm in the air, red flames exploded from each finger, and ancient runes emerged, and the aura of the source of fire was actually permeating!

He seemed to want to explode the power of the fire seed, and use it to suppress the Chimo poisonous scorpion.

The power of this fire was naturally lent to him by Daode Tianzun.

However, before Li Jueyun broke out completely, suddenly, the void shattered, and the surrounding air turbulence, a man in black broke out abruptly and rushed towards the Chimo poisonous scorpion.

The man in black was masked, but judging from his figure, graceful and graceful, with curvy curves, he seemed to be a woman.

The woman in black is very mysterious, and her aura is extremely powerful. As soon as she landed, she immediately rushed ahead of Li Jueyun, waving her slender hands, and the laws and threads intertwined.

Countless silk threads of law bound the Chimo Poisonous Scorpion in an instant.

"seal up!"

The woman in black let out a sound, and the dark aura exploded under her feet, gathering into a formation. There were many ancient runes on the formation. Block it, trap the Chi Mo poisonous scorpion.

Looking at the appearance of the woman in black, it was obvious that she wanted to seal the Chimo Poisonous Scorpion and surrender directly.

"who!"

Li Jueyun was shocked. He didn't know the origin of the woman in black. He only felt that the other party's aura was extremely powerful, and the laws and formations released all had fluctuations in time and space, and there was even a trace of killing from the punishment of heaven. The taste seems to be the power of the Heavenly Sin Ancient Sword!

Under the deterrence of this force, even he couldn't get close, and was forced to retreat step by step.

Ye Chen, who was not far away, also felt the fierce pressure to kill.

At the same time, he felt that the woman in black gave him a very familiar feeling.

"Who is this woman, and why is she so familiar to me?"

Ye Chen was secretly surprised.

At this moment, Chi Mo Poisonous Scorpion roared wildly, obviously unwilling to be blocked by the woman in black, let alone suppressed.

The Chimo poisonous scorpion roared and blew out terrifying poisonous gas all over the body. The two scorpion claws were like pincers. Seeing the blocking formation of the woman in black.

"Puchi!"

Under the fierce impact of the Chi Mo poisonous scorpion, the woman in black vomited blood and received a huge shock.

However, she did not flinch, and murmured in her mouth:

"Heaven's crimes and punishments should be punished in the world, and heaven's crimes and sword qi should be suppressed by me!"

Her essence and blood burned, the void around her exploded, and space gaps opened one after another. From the space cracks, countless sword qi burst out, each with the divine power of the ancient sword of heavenly sin, chi chi sound, cut Kill the Chi Mo poisonous scorpion.

When Ye Chen saw this scene, he was even more surprised, thinking: "This woman is from Wuwu time and space, or even a person from Tuodi Tianzong?"

Emperor Tuo Tianzong originally created the existence of the ten-tailed beast with his own hands.

When the ten-tailed beast is born, the people of Emperor Tuo Tianzong will definitely feel it.

Countless Heavenly Sin sword qi descended, and even the Immortal Emperor might be wiped out.

However, that Chimo poisonous scorpion was very tenacious, roaring recklessly, covered with devil energy, resisting the slashing blows of the Heavenly Sin sword energy, and mobilized mysterious and supreme laws one after another.

These laws even surpassed the general laws of no time and space, with the power of the collapse of the starry sky, full of unimaginable darkness, filth, killing, madness, and sin.

Even the filth of the Heavenly Demon Star Sea is as pure as a mountain stream compared to these dark laws.

At the moment when these dark laws erupted, both Ye Chen and Li Jueyun felt unbearable, backed away repeatedly, and were suffocating.

"That is the law of the other side of the starry sky!"

Ye Chen's face was horrified, and he saw the clue.

The power of law released by that Chimo poisonous scorpion actually came from the other side of the starry sky, the ultimate world in legends!

Those powers of law on the other side of the starry sky cannot be mobilized even by the Lord God.

However, this Chimo poisonous scorpion is the avatar of the ten-tailed beast. The power of its bloodline has reached an unimaginable level. It transcends time and space, is as powerful as the reincarnation Purana, and can directly use the great law of the other side of the starry sky.

Although under the constraints of the real world, the power of the laws on the other side of the starry sky is also restricted, but they are still extremely ferocious, and it is easy to bury the immortal emperor.

Under the impact of Chi Mo Poison Scorpion's starry sky law, the woman in black vomited blood wildly, her face was pale, and her aura collapsed.

"Your Majesty the Ancient God, help me!"

The woman in black gritted her teeth and offered a rosary.

This rosary seems to be some kind of divine weapon, with the appearance of the ancient god Tuo Di engraved on it, just like a dead face, extremely terrifying.

When the rosary was sacrificed, great power erupted, immediately blocking the Chimo Poison Scorpion's starry sky law, but it was only blocking, and could not fight back.

The woman in black and the Chi Mo poisonous scorpion immediately fell into a stalemate, and within a short period of time, neither could do anything to the other.

One person and one beast, under the stalemate, they all fell into dead silence, without a single sound, like two withered sculptures confronting each other.

The entire Zihuangyuan world fell into dead silence, only the sound of magma flowing.

Ye Chen and Li Jueyun gradually came to their senses and subconsciously looked at each other.

At this moment, the distance between the two was very close.

"who are you?"

Li Jueyun looked at Ye Chen warily. Ye Chen was still dressed as a servant.

However, even the second demon girl ran away, unable to bear the coercion of the Chimo poisonous scorpion, but Ye Chen could bear it, and she didn't look like an ordinary person no matter what.

Chapter 9154

Ye Chen listened to Li Jueyun's questioning, but there was a trace of murderous edge in his eyes, and he wanted to kill in his heart.

The current Li Jueyun had just fought against the Chi Mo Poison Scorpion, and his breath was not small.

If Ye Chen makes a move, there is a great chance to kill him!

Killing Li Jueyun can also eliminate an enemy and avoid future troubles.

More importantly, the Zhouguang blood in Li Jueyun's body is a first-class existence in the heavens.

If Ye Chen can seize it, with Zhou Guang's blood in his body, his strength will definitely improve by leaps and bounds.

"Inch strength, open the sky!"

Thinking in this way, Ye Chen immediately punched out, and the fist brought incomparably fierce force, hitting Li Jueyun's head.

He did not use the power of reincarnation blood, so as not to be discovered by Daode Tianzun.

"Ye Chen, it's you!"

Li Jueyun screamed, although Ye Chen didn't use the power of reincarnation, but this move "opens the sky with one inch of strength", the power is so fierce, Li Jueyun also recognizes it.

Besides Ye Chen, who else in this world can unleash such a terrifying punch?

Li Jueyun was terrified when an unparalleled punch came, and he hurriedly retreated, dodging Ye Chen's punch in a very embarrassing manner.

Ye Chen punched the place where Li Jueyun was standing just now, the force of the fist exploded, the void shattered, the surrounding mountain walls and the ground were cracked, and the magma billowed, making Ye Chen's power even more terrifying.

The woman in black in the distance was confronting the Chi Mo Poisonous Scorpion. After knowing Ye Chen's identity, there was a hint of surprise in her eyes. She was almost about to be bitten by the Chi Mo Poisonous Scorpion when she was absent-minded. .

"Dragon Fighting Spear, break it for me!"

Ye Chen held his big hand, and the energy of the surrounding lava gathered and turned into a rock gun wrapped in magma. The gun was surrounded by real dragons, which was extremely powerful.

With a wave of his hand, Long Dou's spear shot out, shooting at Li Jueyun from the air.

Li Jueyun was terrified, and hurriedly cast the Dao of Time, forming a solid time barrier in front of him, resisting Ye Chen's Dragon Fighting Spear.

However, just when he resisted Long Dou's spear, he felt the sound of sword energy breaking through the air behind him, which was extremely sharp.

Li Jueyun looked back and was shocked.

I saw another Ye Chen, holding the Samsara Heavenly Sword, with sword energy like a rainbow, stabbing towards Li Jueyun's back.

"It's a clone!"

Li Jueyun was terrified, there were two Ye Chens in the field, one was holding the Dragon Fighting Spear, and the other was holding the Samsara Heavenly Sword tightly.

Ye Chen holding the sword is exactly Ye Chen's Qinglian avatar!

Just now Ye Chen used the Dragon Fighting Spear, but it was just to confuse him. The real killing move is his avatar!

Ye Chen held a sword in his body, like a thunderbolt, a sword pierced Li Jueyun's back and pierced his heart.

"puff!"

Li Jueyun vomited blood on the spot, his face pale.

If it is an ordinary person who is pierced through the heart by Ye Chen, there is only one dead end.

However, Li Jueyun has the blood of Zhou Guang, which has the effect of protecting himself.

The moment his heart was pierced, the power of his Zhouguang bloodline was activated, turning back time, restoring the heart to its state before it was pierced, and coming alive again.

"Damn it!"

Li Jueyun was furious, and he slammed at Ye Chen's avatar with a huge power.

Ye Chen's avatar has only about 40% of the strength of the main body, so naturally it can't bear it.

However, Ye Chen reacted very quickly. The moment a sword pierced through Li Jueyun's heart, he had already controlled his clone to retreat, avoiding Li Jueyun's counterattack.

"Zhouguang's bloodline is indeed miraculous."

Ye Chen looked at Li Jueyun with a smile on the corner of his mouth.

Li Jueyun was pierced through the heart and survived, and Ye Chen even recovered from his injuries instantly, which was expected by Ye Chen.

However, the current Li Jueyun is out of breath and pale. Obviously, using the power of Zhou Guang's blood has also brought him huge consumption.

Ye Chen can't kill him with one sword, but as long as he kills a few more times, his bloodline will not be able to bear it sooner or later, and there is only one way to die.

"That's it."

Ye Chen smiled lightly, the main body and the avatar came out at the same time, and the two figures were extremely fierce, attacking Li Jueyun together.

Although his avatar is not as powerful as the main body, it holds the reincarnation sword in its hand, which is already an upgraded Wuwu artifact, and its killing is quite ferocious, enough to pose an incomparable threat to Li Jueyun.

Faced with Ye Chen's combined left and right attacks, Li Jueyun immediately fell into a panic, quickly retreated a dozen steps, then suddenly stood still, with a glint of gloom in his eyes, and said:

"Ye Chen, do you think you can kill me?"

"This is Zihuang Immortal Palace, I have the blessing of Daode Tianzun, you are not my opponent!"

After all, Li Jueyun opened his hands, and from each finger, an incomparably blazing flame burst out, with ancient runes on it, which is the power of the source of fire.

The energy aura from the fire seed source surrounded Li Jueyun's body, and the surrounding magma was attracted, flowing over, circling under his feet, with extremely scorching power.

"Give you a chance, get out of here immediately!"

"You want to fight, we will fight again in the future, but today, the Chimo Poisonous Scorpion was born, it's not time for a decisive battle, so get out!"

"Otherwise, if my Holy Son's Nine Heavens Fire Seal is cast, you will end up dead!"

On Li Jueyun's hands, raging flames surged, setting off his whole body, his power was incomparably blazing, and his tone was quite arrogant.

However, Ye Chen felt his lack of confidence from his arrogant tone.

"What is the Nine Heavens Flame Seal? Just use it and let me see how powerful it is."

"Hehe, even if you have the blessing of the Virtuous Heavenly Venerable, you are not my opponent now."

Chapter 9155

"In today's world, the only people who can compete with me are those guys. What are you?"

Ye Chen sneered, his tone was crazier than Li Jueyun's, completely ignoring Li Jueyun's threats, the main body and the avatar merged, and the Lord of Reincarnation was tightly held in his hand, bursting out a terrifying edge of evil spirit, as if to bury the heavens.

"Great Tomb Excalibur, break it for me!"

Ye Chen slashed out with a sword, but this sword was the magic technique of the thirty-three days, the sword of the tomb!

As soon as the Great Tomb Excalibur came out, it was fierce, ferocious, and austere. It was like a terrifying sword aura that would bury the sky and destroy the earth. It surged towards Li Jueyun like a wave of darkness.

Li Jueyun was horrified, he only felt that the power of Ye Chen's sword had surpassed that of the former Fenghuo Spirit Ancestor.

Ye Chen is right, his strength is extremely powerful, looking at the entire world of the Supreme Being, there are people who can compete with him, but definitely not too many.

And Li Jueyun was obviously not among them!

"Nine Heavens Fire Seal, break!"

Li Jueyun gritted his teeth, Zhou Guang's blood was burning to the extreme, the Dao law around him was like thunder roaring, flames rushed out of his hands, and the imprints of heavenly fire shot towards Ye Chen like meteors.

Although he knew that Ye Chen was powerful, he would not sit still and wait for death. Now he was going all out to explode the blessing power of the Daode Tianzun.

The fire seal of the Nine Heavens, the power comes from the fire. In this Zihuangyuan world, it is blessed with Fengshui luck, and its power is even more terrifying. It is like a meteor fire rain, which will destroy the world.

However, Ye Chen was not afraid at all.

Ye Chen's strength is too strong, even the Nine Heavens Fire Seal cannot compete with him.

His divine sword from the tomb was earth-shattering, as if it was about to bury the heavens and time and space. The appearance of a cemetery of gods and demons floated behind him, as if all gods and demons born in the eternal era would be buried by his sword.

Scoff!

The sword energy of the Tomb God Sword smashed and killed, like a burial to the sky, it wiped out the meteor fire rain and the sky fire mark that Li Jueyun burst out with a single sword.

Wisps of flames whimpered and disappeared in the air, completely unable to stop Ye Chen's sword aura.

Under the power of the Great Tomb Excalibur, everything in the heavens seems to be as fragile as a castle made of quicksand, which will collapse at the touch of a touch.

"impossible!"

Li Jueyun saw that his supernatural power, which exploded with all his strength, was crushed by Ye Chen's sword, and his face turned pale with fright on the spot.

He knew that Ye Chen was powerful, but he didn't expect that Ye Chen was so powerful that even his Nine Heavens Fire Seal could be broken easily.

That was the blessing power of the Daode Tianzun, which he originally intended to use to suppress the Chimo Poison Scorpion.

Ye Chen, who finished casting the Great Tomb Excalibur, still had a lot of aura and didn't seem to be consuming much.

"Damn boy, I don't believe that you can still kill me today?"

Li Jueyun's face twitched, and he roared wildly, Zhou Guang's blood was burning to the extreme, and the laws of time were shot out crazily, like silk threads intertwined, entangled towards Ye Chen.

"Back in time, I will turn you into an ant!"

Li Jueyun roared filial piety, the law of time was constantly mobilizing, and he wanted the time on Ye Chen to flow back to the past, back to the appearance before he ascended and became a superior.

Once he succeeds, the time on Ye Chen's body will be reversed, and he will return to his past appearance, as small as an ant, and will no longer be as powerful as he is now.

"Hehe, you can't control the time on me."

Ye Chen smiled, completely fearless, the aura in his dantian gushed out, and auspicious clouds floated all over his body, and the aura burst out like a sword, cutting off all the time threads entwined by Li Jueyun at once.

With Ye Chen's current strength, Li Jueyun can no longer influence him.

The law of time in him is extremely strong, connected with the blood of reincarnation, and even the gods cannot shake it, let alone Li Jueyun.

"Puchi!"

The thread of time was cut off, and Li Jueyun was severely injured. He vomited blood on the spot, and his face became even paler.

"Your Zhouguang bloodline can reverse time. I heard that even if you die, you can turn back time and return to the state before you died."

"I'm very curious, if I crush you to ashes, can you still recover?"

Ye Chen stared at Li Jueyun with a fierce beast-like sharpness in his eyes and said with a smile.

Li Jueyun was terrified in his heart, trembling all over, and tremblingly said: "Ye Chen, I...I warn you, I am the guest of Daode Tianzun, and I am invited by him today, you... If you kill me, Daode Tianzun will not let you go!"

Ye Chen said: "Well, I'll kill you and see how Daode Tianzun will retaliate against me."

After the words fell, Ye Chen didn't talk nonsense, and immediately sacrificed the Samsara Heavenly Sword, and flew out through the air, carrying the terrifying edge of the Great Tomb Sword, as if to bury the starry sky, and slashed towards Li Jueyun fiercely.

It is impossible for him to let Li Jueyun go, killing the opponent and devouring Zhou Guang's blood is enough to make his strength greatly improved.

Now that the Demon Ancestor Wutian is still raging in the Star-Moon Realm, Ye Chen must do everything possible to improve his strength and fight against the Demon Ancestor Wutian.

Li Jueyun's bloodline is a great opportunity, and he will naturally not miss it.

"No!"

"Junior Sister Tiannu, hurry...save me!"

Li Jueyun was terrified when he saw Ye Chen hit him with a sword, and he was completely unable to resist.

At the moment of life and death, he called out the name of the goddess again, wanting to get shelter.

Buzz buzz!

In the void, there is really a will, violently shaking, it is the will of the goddess.

The will of the goddess wants to protect Li Jueyun.

Chapter 9156

However, Ye Chen's Great Tomb Excalibur was too powerful. Before the will of the goddess came down completely, he beheaded it. With a bang, the terrifying sword energy of the mausoleum of gods and demons slashed down fiercely. To Li Jueyun.

With a snort, Li Jueyun's body was crushed by the sword energy on the spot, and perished along with his soul. Blood rained all over the sky, and his bones and ashes were scattered on the spot.

Even though he has the blood of Zhou Guang, he can no longer turn back time and revive himself in a state of being devastated.

Li Jueyun was completely beheaded!

As soon as he died, the power of his Zhouguang bloodline turned into primitive blood energy, and he wanted to return to heaven and earth.

"Dahuang steals the sky art, steal it for me!"

Naturally, Ye Chen would not miss such pure blood power, he immediately cast the Great Desolation Stealing Heaven Art, and drew from the palm of his hand.

Crash!

In an instant, all the energy of the surrounding blood rain gathered in Ye Chen's hands.

The energy of Li Jueyun Zhouguang's bloodline also flowed wildly back into Ye Chen's body, circulating around his meridians.

Ye Chen's whole body was full of limbs, warm and very comfortable.

On his body, there are various phenomena of the avenue of time, such as hourglass, sundial, sun, moon and stars, the circulation of stars and sky in the universe, etc., which are very spectacular.

"Is this the energy of Zhou Guang's bloodline?"

Ye Chen was healthy all over, as if he had taken a big tonic.

He also understood why so many people wanted to kill themselves.

The reincarnation bloodline, quality and energy he possesses surpasses the Zhouguang bloodline by an unknown amount.

Even if others have no grievances or enmities with him, they want to kill him and devour his blood just like he devoured Li Jueyun because of the energy of his reincarnated blood.

boom!

Ye Chen's cultivation level also improved rapidly.

Originally, he was stuck at the peak of the fifth level of the Sky Profound Realm, and he hadn't broken through for a long time.

But at this moment, after devouring Li Jueyun's Zhouguang bloodline, Ye Chen's spiritual energy soared, his cultivation also broke through, and he directly stepped into the sixth level of the Profound Sky Realm!

"The sixth level of the Sky Profound Realm has finally improved again."

"Moreover, I also got the power of Zhou Guang's blood!"

Ye Chen clenched his fist, feeling his surging power, and was very happy in his heart.

However, when thinking of Mozu Wutian, Ye Chen felt dignified in his heart.

"The Demon Ancestor Wutian holds the authority of the God of Death, and his power is overwhelming. Even if my strength is greatly improved now, I am afraid that I will not be able to match him."

"If you want to kill him, you need to plunder other opportunities!"

Ye Chen fixed his eyes and looked forward.

The woman in black was still confronting the Chi Mo poisonous scorpion.

Ye Chen devoured Zhou Guang's blood, and the strange time and weather erupted caused the surrounding atmosphere to shake, and also alarmed the woman in black and the Chi Mo poisonous scorpion.

The black cloth covering the face of the woman in black fell off, revealing a delicate and beautiful face with tender and snow-white skin.

"Charm Heart, it's you!"

When Ye Chen saw that pretty face, his heart was shocked.

The woman in black was actually Meixin, who claimed to be his follower before, and led him to break through the blockade of Demon Ancestor Wutian and leave the Xingyue Realm.

In fact, when the woman in black descended, Ye Chen could sense it faintly.

However, seeing it with his own eyes now, he was still shocked and felt cheated.

"You are a member of Ancient God Tuodi! You pretend to be my follower, what do you want to do?"

Ye Chen's face trembled, extremely furious.

At this moment, he vaguely grasped the secret of heaven, and knew that this charming heart was one of the subordinates of Ancient God Tuodi.

It's just that there are too few clues, and Ye Chen doesn't know yet. In fact, this Meixin is Yehan's junior sister and one of the direct disciples of the ancient god Tuodi!

Seeing that the matter was brought to light, Meixin's face immediately turned pale, her heart flustered, and her breath was scattered.

"Roar!"

At this moment, Chi Mo Poison Scorpion took advantage of this opportunity, raised his head to the sky and roared in filial piety, exploding the law of the dark starry sky all over his body, breaking through the blockade of Meixin's law of sword energy.

Then, Chi Mo Poisonous Scorpion's double pincers, with a sharp aura, stabbed fiercely at Mei Xin's chest.

Charming heart was shocked, she hurriedly pulled away and flew back, looked at Ye Chen in a rather embarrassed manner, and said, "Lord of reincarnation, don't worry about my identity, let's work together to suppress this beast first!"

Her identity has been revealed, but she still subconsciously respects Ye Chen as God, and wants to join forces with Ye Chen to suppress the Chimo Poisonous Scorpion.

Ye Chen's expression darkened when he saw the Chi Mo poisonous scorpion wreaking havoc. He knew that this fierce beast was a clone of the ten-tailed beast. Once it went crazy, he couldn't stop it.

"Time Avenue, suppress me!"

With a wave of Ye Chen's hand, Zhou Guang's spiritual energy exploded, turning into a series of time avenues, like the trajectory of the sky, and suppressed towards the Chimo poisonous scorpion.

He is extremely talented and has the foundation of the Zhouguang Divine Art. The Zhouguang blood energy that had just devoured Li Jueyun can now be used perfectly.

A huge hourglass, the weather emerged behind Ye Chen, the sun rose and the moon set, representing the mystery of the law of time, shining like a totem.

At the moment when the hourglass totem emerged, the law of time that Ye Chen erupted became extremely powerful.

When the trajectories of the laws of time wound around the Chi Mo Poison Scorpion like silk threads, the Chi Mo Poison Scorpion's body suddenly became extremely stiff, and its movements were very slow.

This is because Ye Chen stopped the time on it to make it fall into stagnation.

The Chi Mo poisonous scorpion was fierce and resisted with all its strength, but it was still affected by the stagnation of time and became stiff and dull.

"good chance!"

Seeing this, Meixin's beautiful eyes lit up immediately, she never expected that Ye Chen's control over the law of time was so subtle that it even surpassed Li Jueyun back then.

"Heavenly Sin Sword Formation, block it!"

Meixin summoned the Heavenly Sin Sword Qi again, and wisps of Heavenly Sin Sword Qi formed a sword array, sealing the Chi Mo Poison Scorpion.

"Tuodi Guzhu, suppress it!"

Then, Mei Xin sacrificed the rosary in her hand, and slammed the head of Chi Mo Poisonous Scorpion.

This rosary of hers was bestowed by the ancient god Tuodi. It is called Tuodi ancient bead. It is a top-level Wuwu artifact with extremely powerful power, and it is also her natal magic weapon.

At this moment, she saw that Chimo Poison Scorpion's body was stiff, and it was a good time to suppress it, so she sacrificed Tuodi ancient beads regardless of the consequences.

boom!

A small Tuodi ancient bead hit the head of the Chimo poisonous scorpion, but it erupted with a loud noise.

Chi Mo Poison Scorpion was hit in the head, a hole was opened, and it howled sharply on the spot, severely injured.

"Time is stagnant, Heavenly Emperor's coffin, give it to me!"

Ye Chen took advantage of the injury of the Chi Mo Poison Scorpion, activated the law of time, and immediately made the Chi Mo Poison Scorpion fall into a state of time-stopping.

Afterwards, Ye Chen sacrificed the Heavenly Emperor's coffin, performed a formula, and put the huge body of the Chimo Poison Scorpion into the Heavenly Emperor's coffin.

Chapter 9157

The Celestial Emperor's Spirit Box is a container used to hold the Puranas of Reincarnation, and it contains a terrifying space of destruction. Except for the Puranas of Reincarnation, other ordinary magic treasures are put in, and they will only end up being destroyed.

However, the Chimo Poison Scorpion is the clone of the Ten-tailed Divine Beast, and its blood energy is extremely terrifying. The ten-tailed Divine Beast in its complete state is powerful enough to keep pace with the Reincarnation Purana.

Therefore, Ye Chen sealed the Chi Mo poisonous scorpion into the Heavenly Emperor's coffin, and it would not destroy the other party.

Even, with the ferocity of the Chi Mo Poison Scorpion, Ye Chen is only on the sixth level of the Profound Sky Realm, so he might not be able to seal it.

"Heavenly Emperor's Spirit Box? You sealed one?"

Seeing the appearance of the Heavenly Emperor's coffin, Meixin's eyes flickered with panic, and she glimpsed the secrets of heaven and the future.

Her future fate is quite miserable, and there is a high possibility that she will be sealed up in the Heavenly Emperor's coffin by Ye Chen!

"If it can't be sealed, it can only be sealed for a day at most."

Ye Chen shook his head, his face extremely solemn.

He activated the law of Zhouguang to the extreme, and borrowed the coffin of the emperor of heaven, but he still couldn't seal the Chimo poisonous scorpion, let alone tame it.

At this moment, the entire Heavenly Emperor's coffin was shaking violently, as if it was about to be torn open at any moment.

Ye Chen knew that it was the Chi Mo poisonous scorpion struggling.

The Chi Mo poisonous scorpion is too terrifying. Ye Chen estimates that it will be sealed for at most one day.

After one day, the Chi Mo Poisonous Scorpion will struggle out, and the consequences will be disastrous.

If he could tame the Chimo poisonous scorpion, Ye Chen would indeed have the possibility to fight against the demon ancestor Wutian.

But the problem is, this ferocious beast is too ferocious and brutal, not to mention taming, even sealing it is difficult.

"Yeah?"

Meixin looked at the Heavenly Emperor's Lingcasket, her eyes fascinated for a while.

Ye Chen sneered, put away the Heavenly Emperor's coffin, and said, "Why, do you want to snatch one?"

Meixin's eyes darkened, a fierce beast Chi Mo poisonous scorpion is the clone of the ten-tailed beast, and it was created by the ancient god Tuodi in the first place.

Somehow, this fierce beast actually ran into the real world. Of course she wanted to snatch it.

"The Great Era of Rebirth"

If she could get Yiwei back, she might even track down the secrets and find out the whereabouts of the traitor Yehan!

It's just that Ye Chen is so powerful, and Meixin also knows that under the restrictions of the laws of the real world, she is definitely not Ye Chen's opponent.

You can't grab it, if there is a fight, she will even be killed by Ye Chen!

"No, I can't grab you."

Charm Heart secretly shook her head.

"Hehe, you are smart."

"Are you a member of Ancient God Tuodi? Did Ancient God Tuodi send you down to lurk by my side as a spy?"

Ye Chen asked indifferently, holding the Samsara Heavenly Sword tightly in his hand, as long as Meixin's words were slightly inappropriate, he would immediately use the sword to kill people.

In the real world, Ye Chen is absolutely sure that he can kill Meixin.

Charming heart took a deep breath, her chest heaved, her eyes were condensed, and she said calmly: "I am Ye Han's junior sister, a disciple of the ancient god Tuodi, and I was indeed ordered to lurk by your side. There's more to talk about."

She is honest about her identity and does not hide it.

Because she knew that as long as Ye Chen calculated with his heart, he would be able to find out sooner or later. Since she had already been exposed, it was useless to hide it.

"Oh? So you are still the direct disciple of Ancient God Tuodi?"

Ye Chen's eyes flashed, and he didn't feel much surprise.

"Did you kill yourself, or did I kill you? You are a person without time and space. In the real world, your strength is probably limited too much."

Ye Chen asked in a cold voice, Meixin is a poisonous snake, lurking beside him, naturally he can't let it go.

In fact, if Meixin hadn't been alarmed by the Chi Mo poisonous scorpion and descended on her own initiative, Ye Chen would not have been able to see her identity in a short time.

Charm Heart has been cultivating hard for an unknown number of epochs, so she naturally knows that life is precious, and it is impossible to lead her to death, but she also knows that when she comes, her cultivation will be suppressed a lot. With too many restrictions, he is definitely not Ye Chen's opponent right now, and it is useless to resist.

If it is in Wuwu time and space, maybe Meixin can kill the Lord of Reincarnation in front of him.

"You can't kill me. I helped you just now. If it wasn't for me, you wouldn't be able to subdue the Chimo Poisonous Scorpion so easily."

Charming heart gritted her silver teeth and said.

Ye Chen was able to subdue the Chi Mo poisonous scorpion, and she also contributed a lot.

In other words, Ye Chen owed her a favor!

If this favor is not repaid, how can Ye Chen kill her?

Ye Chen's heart trembled, and he also knew that Meixin had indeed contributed a lot, if he killed someone directly, he would owe too much karma.

"Okay, I won't kill you this time, I will spare you once, but when I go outside, if I meet you again, you will definitely die!"

Ye Chen took back the Samsara Heavenly Sword and said coldly.

Due to cause and effect this time, it is inconvenient for him to kill Meixin.

But only this once.

When he goes outside in the future, it is impossible for him to be lenient again.

Looking at Ye Chen's cold posture, Meixin felt panic, helplessness, and fear in her heart.

She is obviously a strong man without time and space. I don't know how many eras she has cultivated and how many storms she has seen, but she still feels suffocated when facing Ye Chen.

"Okay, if you don't kill me this time, then we will clear the cause and effect. After I go out, I will return to Wuwu Time and Space immediately, and it is impossible to give you another chance to do it."

"Hehe, if you go to Wuwu time and space, without the restrictions of the laws of reality, then it's time for me to kill you!"

Chapter 9158

Meixin regained her composure, with a sneer on the corner of her mouth, thinking of Ye Chen's cultivation, saying that Potian was only on the sixth level of the Profound Sky Realm, so she really had no reason to be afraid.

Ye Chen knew that Meixin would indeed be a formidable enemy when he went to Wuwu Time and Space.

"We'll talk about the future, then let's just say goodbye."

Ye Chen shook his head, and wanted to part with Mei Xin and leave separately.

"I'm afraid you can't go out."

At this moment, a loud, majestic, and extremely old voice resounded in the void.

In the void, the sky fire exploded, all kinds of red flames roared, and the lava in the entire Zihuangyuan world boiled violently.

Amidst the billowing flames, a figure of immortal demeanor descended through the air.

It turned out to be the moral god!

"not good!"

When Ye Chen saw Daode Tianzun coming, his heart sank.

Daode Tianzun looked around the audience, calculated with his fingers, and already knew everything.

"Ye Chen, I never thought you could kill Li Jueyun. Your strength is beyond my imagination."

Daode Tianzun stared at Ye Chen with sharp eyes like a falcon.

Then, he looked at Meixin again, and said slowly: "Miss Meixin, and you, as the disciple of the ancient God Tuodi, with a high status, you came to my Zihuang Immortal Palace, why don't you tell me?"

Meixin's face was slightly pale, and she didn't make a sound, because she felt that under the seemingly calm appearance of Daode Tianzun, there was an extremely terrifying murderous intent hidden.

Obviously, Daode Tianzun has killing intent in his heart!

"Little girl Meixin, I have met the Daode Tianzun."

Charming heart bowed and saluted: "I have often heard Master say that Daodetian respects your reputation, seeing you today is really extraordinary."

However, with such an attitude, no corresponding reward was received!

Rumble!

The entire Zihuangyuan world began to collapse,

Huge formation, suppress it.

"Oops!"

Charming heart exclaimed, this formation, with the terrifying fire power, not only wanted to suppress Ye Chen, but also crushed her to death.

Obviously, Daode Tianzun does not intend to let her go!

"Tianjun Fengshen Monument, block it for me!"

Feeling the great danger, Ye Chen immediately sacrificed the Tianjun Fengshen Monument to protect himself and block the suppression of the moral Tianzun's heavenly fire formation.

hum!

The Tianjun Conferring God Monument vibrated, and divine lights shot out, forming a protective halo to protect Ye Chen inside.

"Lord of reincarnation, please protect me!"

With quick eyes and quick hands, Mei Xin flashed to Ye Chen's side, seeking the protection of the Tianjun Fengshen Monument.

The guardian power of Tianjun Fengshen Monument is very strong, directly blocking the formation of Daode Tianzun.

However, the entire Zihuang Yuan has completely collapsed and been reduced to ruins under the heavenly fire formation of Daode Tianzun.

Countless magma and raging fire rushed up from the ground, roaring like a dragon, pieces of lava and rocks fell down, piled up layer by layer, directly burying Ye Chen and Meixin.

Even though they were guarded by the Tianjun Fengshen Monument, both of them felt suffocated for a while.

"Ye Chen, I will use fire as my formation to suppress you here forever."

Daode Tianzun saw Ye Chen buried alive, his expression flashed a trace of gloom, and he didn't continue to pursue him. Instead, he laid a formation pattern around Ye Chen, connected with the fire, forming a sealing formation, to seal Ye Chen completely. .

tomato

He knew that reincarnation luck was strong and it was not easy to kill.

If forced to kill, it is likely to be counter-killed.

After all, Ye Chen still has a lot of hole cards, which haven't been revealed yet!

Daode Tianzun played one after another with both hands to form the sealing formation. He planned to seal it with the formation and slowly wear down Ye Chen's blood aura, and it would not be too late to seek to kill.

"Lord of reincarnation, we are going to die here!"

Meixin felt the seals around her, and she became anxious.

She didn't expect that she would be buried here, or even sealed forever.

"Shut up!"

Ye Chen glared at her, he didn't care about this woman's life or death, he only thought about the way to escape.

Hearing Ye Chen's scolding, Meixin closed her mouth a little aggrieved.

At this time, she subconsciously recognized Ye Chen as the master, like a believer in reincarnation.

Aware of her own appearance, Mei Xin shuddered in her heart, thinking: "Could it be that I have been deluded by reincarnation? This is very bad."

Thinking of this, she broke out in a cold sweat inexplicably.

Ye Chen's thoughts turned, and the sealing formation laid down by Daode Tianzun was extremely difficult to break through.

If he wants to break through, I'm afraid it will take a lot of time and energy.

And now, he has no time to waste.

Because the Demon Ancestor Wutian is still wreaking havoc in the Star-Moon Realm, he must rush back as soon as possible! Save the person he wants to protect!

If he wanted to break through the seal as soon as possible, Ye Chen only thought of one way, that is, to borrow the power of the Chi Mo Poison Scorpion!

The Chi Mo poisonous scorpion, in his Heavenly Emperor's coffin, will struggle to come out tomorrow.

When the time comes, the Chimo Poisonous Scorpion will have a chance to break the seal of the Moral Heavenly Venerable!

It's just that the Chimo poisonous scorpion is wild and hard to tame, and Ye Chen hasn't been able to tame it until now.

If Chi Mo Poisonous Scorpion struggled out, it might attack Ye Chen directly.

At that time, Ye Chen may even face the danger of falling!

"Ye Chen, I know what you're thinking."

Daode Tianzun said coldly: "You want to borrow the power of the Chimo Poison Scorpion to break through my seal, but it's useless. My sealing formation is connected to the Zihuang Immortal Palace's fire seed and earth veins. Can't break through!"

"The Chimo poisonous scorpion is indeed fierce, and even I cannot surrender it, but this is the Zihuang Immortal Palace. If I want to temporarily seal it, I can do it."

"You and the Chimo poisonous scorpion will both become my sacrifices for the fire seed!"

After saying these words, Daode Tianzun left indifferently.

He believed that neither Ye Chen, Mei Xin nor Chi Mo Du Scorpion could break through his sealing formation.

Ye Chen's heart sank, he didn't expect Daode Tianzun's sealing formation to be so powerful that even the Chi Mo poisonous scorpion couldn't break through.

If it was outside, no one could seal the Chi Mo Poisonous Scorpion.

But this is the Zihuang Immortal Palace after all, the territory of Daode Tianzun. The earth veins have accumulated an unknown amount of spiritual energy, as well as the power of faith in the dark.

With the gathering of all kinds of power, it is difficult for the Chi Mo poisonous scorpion to wreak havoc.

boom!

Ye Chen shattered all the falling rocks accumulated on his body, and when his vision widened, he saw Zihuangyuan collapsed, and the surrounding environment had become a magma-like ruin, like a purgatory.

On the boundary of the ruins, there is a crimson sealing formation, each formation is like the trajectory of the sky, with infinite mystery, sealing and trapping Ye Chen and Meixin.

With Ye Chen's attainments in the formation, he could see through the mystery of the sealing formation at once, but he couldn't crack it either.

Because behind the formation, there is the power of the Zihuang Immortal Palace's ground veins and fire seeds.

## Chapter 9159

If you want to break the formation, you must first interrupt the ground veins of Zihuang Immortal Palace and crush the fire, which is impossible.

"It seems that it is impossible to break the formation with strong means, and we have to find another way."

Ye Chen turned his eyes. At this critical juncture, he did not panic, but kept thinking about the way to break the situation.

Seeing Ye Chen's calm appearance, Meixin felt a lot more stable in her heart, and she felt admiration in her heart.

If it were an ordinary person, trapped here, I'm afraid it would have collapsed long ago.

Ye Chen frowned tightly, and kept deducing.

Time passed bit by bit, and after calculating for a long time, Ye Chen barely saw a little hope of breaking the situation.

"Burning out the blood of Zhou Guang should allow me to go out."

Ye Chen thought to himself, Zhou Guang's bloodline has an incomparably magical time mystery.

The way he saw to break the situation was to use the power of Zhou Guang's bloodline to turn back time and restore the state of his body to the state before it was sealed, so as to break through.

But this kind of method can be called against the sky. I am afraid that it will exhaust all the aura of Zhou Guang's blood, and it will also hurt Ye Chen's own reincarnation blood, which will cost a lot.

"Lord of Reincarnation, have you thought of a way to get out of trouble?"

Charm Heart asked in a low voice, but there was a hint of pity in her voice.

After being trapped for most of the day, she also panicked, fearing that she would be trapped here to death.

"Can you take me out with you?"

Charm Heart begged.

"No, I'm not sure I can go out either."

Ye Chen shook his head, burning out Zhou Guang's blood, the price is too high, if it is not the last moment, he naturally does not want to try.

Kachacha!

At this time, Ye Chen's Heavenly Emperor's coffin made a shaking sound, as if something was about to struggle out of it.

Hearing this voice, Ye Chen and Mei Xin looked at each other, feeling terrified.

Both of them knew that the Chi Mo poisonous scorpion was about to come out.

Once the Chi Mo Poison Scorpion breaks out, the situation for the two of them will probably be even more difficult.

"Lord of Reincarnation, if you are interested, maybe you can come to my holy fire hall to have a chat."

Just as Ye Chen and Meixin were hesitating, an old voice suddenly entered their ears.

It turned out to be the voice of Chongyang Daoist!

"Reverend Chongyang, is that you?"

Ye Chen was taken aback, and saw the large sealing formation in front of him, the flame formations dissolved one by one, and countless flames whizzed together to form a sky fire avenue, and he didn't know where it would lead.

"Lord of Reincarnation, you can come to see me along this Heavenly Fire Avenue, and I will give you some opportunities, but you will need to pay a huge price." Chongyang Daoist said.

He actually directly melted the sealing formation set by Daode Tianzun, released Ye Chen and Meixin, and wanted to see Ye Chen in person.

That sealing formation was constructed using the energy of the fire seed.

And Chongyang Daoist, who is currently in charge of the Holy Fire Hall, is guarding the fire seed. He is also qualified to control the energy of the fire seed just like Daode Tianzun!

"Isn't this Chongyang Daoist in the same group as Daode Tianzun?"

Meixin saw the clue, and was greatly surprised in her heart, vaguely guessing that there was a gap between Chongyang Daoist and Daodetianzun.

"Let's go out and talk."

Ye Chen's eyes froze, he didn't expect the real Chongyang to see him.

At that moment, he took a deep breath, calmed down a little, and strode forward along the Tianhuo Avenue, Meixin hurriedly followed.

The two of them followed the Tianhuo Avenue, passed through the void, and soon left Zihuangyuan, and came directly to the real world of Chongyang, the Tianyang domain!

Tianyang Domain is the site of Chongyang Daoist, and also the location of the Holy Fire Hall!

The righteous and evil sects of Zihuang Immortal Palace in the past merged long ago and became the Holy Fire Palace, responsible for guarding the fire.

And Daoist Chongyang is the lord of the Holy Fire Hall, known as the "Salary King"!

When Ye Chen and Meixin came to Tianyang Domain, they saw Chongyang Daoist standing in front of the Holy Fire Hall.

In the main hall behind him, there is enshrining the legendary fire seed, the sacred fire, burning blazingly, dazzling like the sun, and coating the body of Chongyang Daoist with a layer of red radiance.

Ye Chen looked around, and around the Holy Fire Hall, there seemed to be only Daoist Chongyang.

"Reverend Chongyang, don't come here unharmed."

Ye Chen bowed his hands to Chongyang real person, his tone was neither humble nor overbearing.

He knew that the other party's help must be due to shocking conditions, and it was impossible to help him in vain.

Master Chongyang narrowed his eyes slightly, looked at Ye Chen and said, "Lord of Reincarnation, Ming people don't speak dark words, I'll tell you directly, I want a tail."

Ye Chen said: "What?"

Daoist Chongyang said seriously: "I want the Chi Mo Poison Scorpion, you release that beast and give it to me."

Ye Chen's face darkened, and he refused directly: "Impossible!"

How precious is the Chi Mo poisonous scorpion, how could he give it up to Chongyang Daoist?

It seems that Daoist Chongyang also has selfish intentions, wanting to swallow the Chimo poisonous scorpion for himself.

Seeing Ye Chen's refusal, Master Chongyang seemed to be expecting it, he laughed and said, "You can't control the Chi Mo poisonous scorpion, so you might as well give it to me."

"You don't have much time. The Demon Ancestor Wutian is still raging in your homeland. Don't you want to go home and kill him?"

"But, in just one or two days, can you tame the Chi Mo poisonous scorpion?"

These words touched Ye Chen's heart.

Time is urgent, it is indeed impossible for him to tame the Chi Mo poisonous scorpion so quickly.

"Can you tame?"

Ye Chen asked subconsciously.

Master Chongyang smiled and said, "I can't, but I know someone who can."

Chapter 9160

"As long as you give me the Chi Mo poisonous scorpion, I will naturally have a solution."

Ye Chen also smiled hehe, and said, "Didn't you just say that you have any chance to give it to me?"

Daoist Chongyang nodded and said, "Yes, the chance I want to give you is this bottle of fire spirit liquid."

He took out a jade bottle, which contained a fiery red liquid, as pure as amber, faintly exuding a rich fire aura.

"This bottle of Fire Seed Spiritual Liquid is made up of the core energy of the Fire Seed Source. Its aura is extremely pure and abundant. If you take it back and feed it to Shentu Wan'er, it can revive her."

Master Chongyang laughed and said, he actually knew about Shentu Wan'er.

Shentu Wan'er failed to fight for the power of the god of death, was severely injured, and has now fallen into a deep sleep.

If you want to revive her, you need to borrow the energy of the tinder.

Ye Chen looked at the bottle of fire spirit liquid, and his heart was also moved.

He originally thought that it would take a long time to revive Shentu Wan'er.

But now, Chongyang real person directly gave the opportunity.

As long as he returns with this bottle of fire spirit liquid, Shentu Wan'er can be revived!

"This fire psychic liquid is indeed precious."

"However, it would be too whimsical for you to exchange Chimo Poisonous Scorpion just by relying on a bottle of Fire Seed Liquid."

Ye Chen shook his head. Although he really wanted the kindling liquid in his heart, he also knew that the value of the Chimo Poisonous Scorpion was far beyond that.

Seeing that Ye Chen still refused, Master Chongyang was not angry, and said with a smile: "Of course I know that the chips I offered are not enough, but how about adding these thirty-six Heavenly Fire Seals?"

While speaking, Chongyang Daoist waved his hand formula, and sky fire talismans shot out one after another, suspended in mid-air, there were as many as thirty-six.

These celestial fire talismans, with the energy breath of the fire seed behind them, are extremely pure, majestic, and have a strong sealing power.

"This is....."

Ye Chen's eyes shrunk, and he seemed to have seen the fire marks these days.

Previously, Li Jueyun had received the blessing of the Daode Tianzun, and he had the Nine Heavens Fire Seal, which was quite powerful.

But now, there are thirty-six heavenly fire seals bestowed by Chongyang Daoist!

"I can give you the thirty-six heavenly fire seals."

"Borrowing these sky fire seals, you can temporarily control the Chimo Poison Scorpion for a day."

"Of course, this is only temporary control, not taming."

"Even if the Chimo Poisonous Scorpion is forcibly controlled by you, it will hate you even more in its heart."

"However, if you can control the Chi Mo Poison Scorpion, one day is enough to kill Demon Ancestor Wutian."

Master Chongyang said with a smile.

He knew that the greatest danger facing Ye Chen now came from the Demon Ancestor Wutian!

It would be extremely difficult to counter-kill Demon Ancestor Wutian.

But if Ye Chen can borrow the power of the Chi Mo Poisonous Scorpion, he can fight back!

The Chimo Poisonous Scorpion is, after all, the clone of the ten-tailed divine beast. If its power erupts, even Demon Ancestor Wutian may not be able to stop it.

Even Daoist Chongyang may not be able to stop him from the outside world.

Only in this Tianyang domain, on his core territory, can he have the confidence to counter the fierce power of the Chimo poisonous scorpion.

"After I control the Chimo Poison Scorpion and fight back against Demon Ancestor Wutian, I will give that beast to you instead?"

A gleam of coldness flashed across Ye Chen's eyes, and he also understood Chongyang's thoughts.

It has to be said that the price offered by Chongyang real person is really generous.

Ye Chen urgently needs to revive Shentu Wan'er and fight back against Demon Ancestor Wutian.

However, for Ye Chen to send out the Chimo Poisonous Scorpion, the price would be too high.

"Yes, how, this deal, are you interested?"

Master Chongyang laughed.

Ye Chen's face was gloomy. For him, this deal was still a disadvantage.

The value of the Chi Mo poisonous scorpion is too great, and giving it up to the Chongyang real person is equivalent to asking Ye Chen to cut his flesh.

Chongyang real person said: "Lord of reincarnation, you don't have time to hesitate, give me an accurate answer."

"Or, after the Chimo poisonous scorpion is delivered to me, if you have the ability, you can snatch it back at any time."

Ye Chen gritted his teeth and said, "What do you want Chi Mo Poisonous Scorpion for?"

Master Chongyang smiled and said, "You don't have to worry about this, I just ask you, are you willing to trade?"

Ye Chen's thoughts turned, thinking of the demon ancestor Wutian wreaking havoc in the Star-Moon Realm, and thinking of Shentu Wan'er's sleeping appearance, he finally made up his mind and said:

"Okay, I'll make a deal with you!"

When Master Chongyang heard that Ye Chen finally agreed, he was overjoyed and said, "Very good, very good, but actually I have one more condition."

Ye Chen said angrily: "Don't push yourself too hard!"

Chongyang real person said: "It's not to make progress, it's just to let our transaction be completed smoothly."

"After you fight against Demon Ancestor Wutian, you need to help me go to Tianwaitian and bring back a man named 'Wentian'."

Ye Chen frowned and said, "Wen Tian?"

Chongyang real person said: "Yes, he is the top animal trainer in the prehistoric era. You should know why I want to find him."

"The transaction between us will soon touch the secret and be discovered by Daode Tianzun. I can't leave casually."

"Master Wentian, I can only entrust you to help me bring him back."

Ye Chen frowned even deeper, and he naturally understood that Chongyang Master wanted to find Master Wentian precisely to tame the Chi Mo poisonous scorpion.

That Master Wentian, if he is really a top animal tamer, maybe there is some way, it may not be possible to really tame the Chimo poisonous scorpion.

However, if the Chi Mo poisonous scorpion was really tamed, Ye Chen would have no chance to snatch it back.
