

Physician 9171

Chapter 9171

In terms of beauty, Yin Suzhen did not surpass Zilan, Wu Linghua, Feng Yuying, Luo Qingli and other women.

They are all equally beautiful.

However, because Yin Suzhen's strength is the strongest, the strong temperament she exudes is awe-inspiring.

Therefore, every frown and smile of her is uniquely charming, making people feel fascinated after just one glance, and want to bow down under her skirt.

"Miss Yin, don't come here without any problems, your strength has improved again."

Ye Chen smiled, bowed his hands and saluted.

He is well-informed, so naturally he will not be easily overwhelmed by Yin Suzhen.

Seeing Ye Chen's calm and indifferent posture, Yin Suzhen froze for a moment, quite surprised.

She didn't seem to expect that with her current aura, she couldn't suppress Ye Chen.

After a pause, Yin Suzhen chuckled, shook her head and said, "Ye Chen, I'm sorry."

"You have a decisive battle with Demon Ancestor Wutian. I am inconvenient to be contaminated with karma. I am sorry that I did not come to help you."

Thunder God Tianzun Yin Suzhen, her strength can recover so quickly because she has never been contaminated by karma, and always retreats to adjust her breath. Even if the outside world is turned upside down, she will not be disturbed.

Now that she heard Ye Chen calling again, she left the level.

Because, she also knows that if she wants to form an alliance with reincarnation, she must pay something.

It's not that Ye Chen needs her, it's that she needs Ye Chen.

If she wanted to rise again, if she could gain a firm foothold in Wuwu Time and Space in the future, she would not be able to rely on herself alone, she must have a strong force as her backing.

And the reincarnation camp is the most suitable backing for her!

"Miss Yin, I summoned you, and you must know why."

Ye Chen smiled.

"oh?"

Yin Suzhen frowned lightly, then caught the secret, nodded and said: "I know, I can help you, go ask Wen Tian out of the mountain."

"However, I don't want to expose the cause and effect, so I will pretend to be your maid and go with you."

After all, Yin Suzhen restrained all the power of thunder in her body, disguised herself as an ordinary and beautiful maid, followed Ye Chen, and gently held Ye Chen's arm, as if she was really Ye Chen's personal servant.

The powerhouses in the surrounding star-moon world were all stunned when they saw the majestic Thunder God Tianzun condescending to be Ye Chen's maidservants, and they admired Ye Chen even more in their hearts.

The lord of reincarnation is indeed powerful, even such a noble person as Thunder God Tianzun is willing to be a "servant".

Ye Chen felt the softness on his arm, smiled wryly, and said, "Miss Yin, you really upset me."

Yin Suzhen said calmly: "It's okay, you can bear it, let's go."

At that moment, Yin Suzhen and Ye Chen left Xingyue Realm and went to Tianwaitian, preparing to invite Master Wentian to come out of the mountain.

Wen Tian lived in seclusion in a certain place, Ye Chen and Yin Suzhen locked the coordinates and wanted to look for it.

However, when the two came to Master Wentian's territory, they saw that there was no one there. In front of a thatched hut, on the table, there was a pot of hot tea that was steaming, but there was no one in sight.

"Master Wentian is gone?"

Ye Chen was taken aback, counted his fingers, and sensed that Master Wen Tian had left.

"Hehe, it seems that he knew we were coming, so he left early."

"However, Lei Tianque, my former favorite, is in his hands, even if he goes to the ends of the world, he still can't hide it from me."

Yin Suzhen flicked her fingers, her eyes flickered, and she caught Master Wentian's position again, and said, "Follow me!"

She took Ye Chen, shattered the void, and chased Master Wentian.

However, unexpectedly, Master Wentian was one step ahead, sensing the change, and left early.

Ye Chen and Yin Suzhen ran into nothing again.

"Hehe, it's pretty fast."

Yin Suzhen sneered, continued to lock on Master Wentian's position, and chased him again.

However, Master Wentian, who is also supernaturally powerful, once again sensed something strange and escaped ahead of time.

After chasing and fleeing like this more than ten times, Ye Chen and Yin Suzhen never gained anything.

Master Wen Tian seems to be able to predict the future, knowing that Ye Chen is coming to find him, he avoids it in advance every time.

After chasing for a whole day, Ye Chen found nothing.

At night, he was a little tired, so he and Yin Suzhen rested in an abandoned cave.

Ye Chen lit a bonfire, recalled what happened today, smiled helplessly, and said, "It seems that Master Wentian is avoiding us."

Yin Suzhen said: "To be precise, he is avoiding you, he still doesn't know my identity."

"I am his god, if I come, how dare he run away?"

At the end, Yin Suzhen's eyes flashed a trace of coldness, she was extremely proud.

After a pause, she continued: "That Wentian, you have raised my Lei Tianque well, otherwise, he wouldn't have been able to run so fast and escape our pursuit every time."

Ye Chen picked the fire, and subconsciously asked: "What thunder bird?"

Yin Suzhen said: "It was my favorite god back then, the top ten beings on the list of beasts, and I brought them out from the Ten Thousand Swords God Star."

"Myriad Sword God Star?"

Ye Chen's eyes froze, and when he heard the words "Wan Jian Shen Xing", he vaguely caught a thread related to fate.

"Yes, Myriad Sword God Star is one of the Seven Destiny Stars, and is as famous as the Phoenix God Star."

"Legends say that this star was born in the age of the ancient gods by a strong man named Emperor Jiantian who sacrificed his body and soul to enshrine the Dao of Destiny."

"That Heavenly Sword Emperor is the most top-notch swordsman since hundreds of millions of centuries ago. He also almost practiced the Heavenly Dou Massacre Sword. He is much stronger than Ji Shen."

Yin Suzhen told Ye Chen an ancient secret, which was an ancient legend that Ye Chen had never heard of.

"Sword Heaven Emperor, Heaven Dou Massacre Sword?"

Ye Chen's heart trembled, the secret book of fighting Da Tu sword that day was still in his Blood Palace of Reincarnation in the Xing-Moon Realm, it was very complicated.

So far, Ye Chen has not been able to comprehend the Heaven Dou Massacre Sword.

However, with the help of the Six Forms of Jishen, I can feel a trace of it, but it is not real, like thousands of fogs.

With his savvy, he couldn't comprehend it. It can be seen how broad and profound he was fighting the Da Tu Sword that day.

Among the Thirty Three Heavenly Swords, the Heaven Dou Massacre Sword is the third existence. Its power is extremely powerful. It is said that after it is practiced, combined with its extremely strong realm, it can kill the Heavenly Emperor and Lord God with a single sword!

However, since ancient times, no one has been able to practice the Heaven Dou Massacre Sword.

This sword technique is really too complicated and profound.

"That Heavenly Sword Emperor, he practiced the Heaven Dou Sword?"

Ye Chen asked curiously.

"No."

Yin Suzhen shook his head, and said: "He almost practiced it. He has practiced hard for an unknown number of epochs, and he has always been a little bit of the charm of swordsmanship."

"In the end, Emperor Jiantian sacrificed his life to enshrine the Dao of Fate. He prayed to Fate, hoping that before he died, he would receive enlightenment and unravel the mystery of the Heaven Dou Massacre Sword."

Chapter 9172

Ye Chen's heart tightened, and he said, "Did he get it?"

Yin Suzhen shook her head again and said: "I don't know, I only know that Emperor Jiantian sacrificed himself to enshrine fate, and finally condensed into the Ten Thousand Sword God Star among the Seven Stars of Destiny."

"I once controlled that Myriad Sword God Star."

"That god star, like the Phoenix god star, is very full of aura, and countless spirit beasts are bred on it."

"Among them, the most powerful spirit beast is called Thunder Sky Sparrow."

"That Lei Tianque is unruly and unruly. Even when I was at my peak, I couldn't tame it. That beast would rather die than surrender. Hehe, I had a believer later. He said he could be tamed, so I gave it to him to try. It really made him a success."

Ye Chen was stunned, and said, "That believer of yours is Master Wentian?"

Yin Suzhen nodded and said: "Yes, he tamed the thunder bird. It is a congenital thunder spirit beast with great power. After I got the thunder bird, my strength skyrocketed. Zeng Xiong dominated an era."

"After I fell, Lei Tianque survived by luck and returned to Wen Tian's side."

"Hehe, this Wentian was able to escape our pursuit many times today because of Lei Tianque's help."

"Lei Tianque's perception is extremely keen. You can't hide your samsara breath, but I haven't exposed it yet."

Ye Chen's heart moved, and he asked again: "What about Wan Jian Shen Xing?"

Wanjianshenxing is one of the Seven Stars of Destiny. Yin Suzhen's favorite Lei Tianque is a divine bird born from Wanjianshenxing.

Being able to give birth to the Thunder Sky Sparrow, one can imagine how abundant the aura of the Ten Thousand Sword God Star is.

Ye Chen is also very interested in the Ten Thousand Sword God Star, after all, it is one of the Seven Stars of Destiny.

Yin Suzhen shook her head and said: "After I fell back then, Myriad Sword God Star also disappeared, and I don't know where I fell."

After a pause, she said to Ye Chen again: "Stretch out your hand."

Ye Chen froze for a moment, but still stretched out his hand.

Yin Suzhen's slender and fair hand gently held Ye Chen's palm, brought it to her cheek, rubbed it lightly a few times, then brought it to her lips, and kissed it lightly.

In this abandoned cave, there are lonely men and widows, her actions like this are very provocative.

Ye Chen's palms were itchy, and he couldn't help but feel dizzy.

Yin Suzhen chuckled, put Ye Chen's palm down, and said, "Okay, your hand is contaminated with my breath, and if you get close to Wanjian God Star in the future, special runes will manifest in your palm."

"The Myriad Sword God Star is one of the Seven Stars of Destiny. I hope you can find it soon."

Ye Chen withdrew his palm and could feel Yin Suzhen's aura on it. He laughed dumbfounded, and said vaguely, "Are you teasing me just now?"

Yin Suzhen blinked. In front of outsiders, she was the noble and supreme Thunder God, but in front of Ye Chen, she had a playful look, and said, "No, it's just a joke."

"Just kidding?"

Ye Chen smiled, noncommittal.

It has to be said that Yin Suzhen's strength is stronger than Yemu Fengyuying, Xuanhanyu, Wuyao and other women, which inspired Ye Chen's heart to conquer.

Of course, Ye Chen just smiled, kept restraint, and didn't do anything too extreme.

He and Yin Suzhen are both very clear that the cause and effect between the two of them should not be too deep.

Perhaps in the future, the two will have a story.

But at this moment, the two still need to keep a distance.

After one night, in the morning of the next day, Ye Chen and Yin Suzhen came out of the cave and went to look for Master Wentian again.

"If you want to chase down that Wentian, either I will reveal my identity, or I will teach you a magic trick to stop him from escaping."

"Are you interested in learning?"

After another failed chase, Yin Suzhen didn't chase anymore, because it was all futile.

She stared at Ye Chen with beautiful eyes, intending to teach Ye Chen a magical power to prevent Master Wen Tian from escaping.

"Since you have magical powers, you should have passed them on to me yesterday."

Ye Chen heard that Yin Su really had a solution, so he said.

"No, there are thorns growing in your bloodline, so it's not suitable for you to get in touch with new supernatural powers, otherwise the changes in aura will make you very painful."

Yin Suzhen shook her head. She didn't teach Ye Chen supernatural powers because she was worried that Ye Chen's body would not be able to hold on.

Now the Throne of Thorns is in Ye Chen's body, a little spiritual fluctuation may touch the thorns and bring Ye Chen endless pain.

This is Ye Chen's price for seizing the Throne of Thorns!

Even Yin Suzhen would not dare to snatch the Throne of Thorns. It is a thing of belief of the Reaper's Cult, which gathers too much dark energy and has countless sharp killing auras.

Only Ye Chen was so bold, dared to stuff the Throne of Thorns into his body, most people would have exploded and died long ago.

"It's okay, what magical powers do you have, first pass it on to me."

Ye Chen didn't mind, he just wanted to find Master Wentian as soon as possible and complete the deal with Chongyang Daoist.

Seeing Ye Chen's decisive appearance, Yin Suzhen also had a hint of appreciation in his eyes, nodded and said: "Very good, you are very courageous, then I will pass it on to you."

She pointed a little, and a purple electric light shot out, imprinting on the center of Ye Chen's eyebrows.

"My supernatural power is called Divine Sword Yu Lei Jue. It is a thunder-type swordsmanship created by my comprehension of the Heaven Dou Great Slaughter Sword, combined with my own thunder technique. It is extremely powerful. If you are not afraid of the backlash of thorns You can try to practice and see."

boom!

Chapter 9173

Following Yin Suzhen's fingers, a vast secret of swordsmanship and supernatural powers poured into Ye Chen's mind.

This kendo supernatural power is called Divine Sword Yu Lei Jue. It uses the sword to attract thunder and uses thunder to show the power of heaven. Its lethality is extremely terrifying, and it is not even weaker than ordinary thirty-three days.

Yin Suzhen is a master of both swords and swords, and her strongest sword is Kuang Lei Tian Jue Slash.

The strongest sword technique is this divine sword Yu Lei Jue!

"Have you comprehended the Heaven Dou Massacre Sword?"

Ye Chen was very surprised and asked.

He pondered the mystery of the Divine Sword Yu Lei Jue, and he really felt that this sword technique had something in common with the Heaven Dou Sword.

"No, the Heaven Dou Massacre Sword is so profound, how could I comprehend it? I just observed it."

"Back then, I got the Myriad Swords God Star, and on that star, there were the thoughts left by Emperor Jiantian, and in those thoughts of the way of the sword, there were some secret methods of the Heaven Dou Great Massacre Sword."

"I observed those secret techniques, combined with my own lightning techniques, and created this divine sword to control thunder."

"This sword technique can kill people in the air. You don't need to see the enemy's real body. As long as you lock the enemy's breath and coordinates, and slash out with one sword, you can travel through tens of thousands of time and space, killing and destroying the enemy."

"Just like the legendary Heaven Dou Massacre Sword, after it is practiced, a sword energy can penetrate the heavens and time and space, and kill whoever it wants, and no one can stop it."

Yin Suzhen told Ye Chen the mystery of the origin of the Divine Sword Yu Lei Jue.

Ye Chen suddenly realized that this is not the case with Master Jishen. He created the six postures of Jishen after observing it.

The Six Forms of Jishen is also very powerful, but the further you go, the more difficult it becomes.

The sword technique created by Thunder God is very fierce.

Ye Chen concentrated on comprehending it, and felt countless mysteries of swordsmanship circulating in his heart.

He was gifted with a very high level of comprehension, and quickly comprehended all the secrets of the Divine Sword Yu Lei Jue.

However, at the same time Ye Chen comprehended.

The spiritual energy in his body was indeed touched, and it stirred up and stirred the blood vessels.

Hidden in the depths of his blood, the Throne of Thorns in the world of Scorching Sun and Fate Star was also touched immediately, all kinds of blood exploded, and the thorns grew wildly.

Read it for free

"It hurts..."

Ye Chen only felt an extremely sharp pain coming from deep in his blood. It was the Throne of Thorns, and the stinging pain caused by the raging breath was like a thousand arrows piercing the heart.

"How, can you bear it?"

Yin Suzhen saw cold sweat breaking out on Ye Chen's forehead, and smiled.

"good."

Ye Chen grinned, took a deep breath, mobilized the power of the Tianjun Conferred God Stele, protected the blood, and relieved the pain of thorns.

"Forget it, seeing you are so uncomfortable, let me help you relieve it."

A hint of helplessness flashed across Yin Suzhen's beautiful eyes, then she walked lightly to Ye Chen, raised his chin, moved her warm red lips together, and kissed Ye Chen.

With this kiss, Ye Chen felt bursts of fragrance and aura coming from Yin Suzhen's sandalwood mouth.

In an instant, like the spring breeze turning into rain, he was bathed in the light of the sky, and his whole body was warm and harmonious.

Under the nourishment of Yin Suzhen's spiritual energy, the pain in Ye Chen's blood was relieved quickly, and his body was light.

"alright."

Yin Suzhen let go of her lips, exhaled like blue, and stared at Ye Chen somewhat ambiguously, with a smile that was not a smile.

"Thank you."

Ye Chen also smiled.

"No, hurry up and find that Wentian, I also want to see Lei Tianque again."

Yin Suzhen said.

In the eyes of others, Master Wen Tian is a top animal trainer, but in her eyes, the other party is just a small disciple of hers.

She cares more about Lei Tianque than Master Wentian.

"good."

Ye Chen's eyes were fixed, and with the help of Yin Suzhen's aura, he locked onto the coordinates of Master Wentian again, then tore apart the void and left.

At this time, Master Wentian was in a barren mountain, with a giant bird hovering beside him.

That giant bird was the legendary Lei Tianque. Its feathers were like swords, its purple light was floating, its eyes were like silver moons, and its breath was fierce.

Ye Chen came after him, and Lei Tianque sensed it immediately, and shouted: "No, the Lord of Reincarnation is chasing and killing him again!"

Its voice is old, like a dying old man.

Master Wen Tian also has gray hair, wrinkled face, a kindly and kind posture, wearing a moon-white robe.

After hearing Lei Tianque's words, Master Wentian's expression changed, and he said, "Then the Lord of Reincarnation, why won't you let me go?"

He was full of helplessness, knowing Ye Chen's strength, and he didn't want to fight head-on, so he wanted to continue to escape.

"Master Wentian, stay!"

But at this time, a thunderous shout exploded from the void in the distance, it was Ye Chen's voice.

Before Ye Chen arrived, the voice had arrived.

"Divine Sword and Thunder Control Technique!"

Immediately afterwards, the thunder shook in the void, the thunder rolled, and the purple electric light leaped wildly like a python dragon. The originally clear sky became dark and oppressive.

Dark clouds cover the top, and in the dense dark clouds, there are infinite thunder swords and infinite electric lights, crazily smashing down.

The rolling thunder sword fell from the sky, like a natural disaster of the end, covering the entire barren mountain, and all space was blocked by lightning, making it impossible for people to escape.

"Excalibur Yu Lei Jue? The sword technique of Thunder God Tianzun?"

Master Wen Tian's face was pale, he didn't expect Ye Chen to display Thor's unique swordsmanship.

Under the blockade of the Divine Sword Yu Lei Jue, he could no longer escape, and Ye Chen didn't hurt him, but just blocked this barren mountain.

Surrounding Master Wentian, there are all raging thunder and lightning sword qi, he dare not move rashly, otherwise, if he touches those sword qi, he can only die.

Chapter 9174

Amidst the rolling thunder in the sky, Ye Chen brought Yin Suzhen down from the sky.

Yin Suzhen's aura was restrained, and she looked ordinary, just like Ye Chen's maid and servant. Neither Master Wentian nor Lei Tianque could see through her identity.

Master Wen Tian and Lei Tianque only focused on Ye Chen.

At this moment, Ye Chen's body was full of thunder, as if he was the supreme master of thunder, extremely domineering.

"Master Wentian, it's a pleasure to meet you."

Ye Chen landed, neither humble nor overbearing, bowed his hands to Master Wentian, and said hello.

Master Wentian's cultivation is probably the seventh level of the infinite realm, which is not very powerful.

With Ye Chen's current strength, he can instantly kill the opponent with one move.

It was the thunder bird that made Ye Chen feel a little dangerous.

Lei Tianque's feathers are like swords, surrounded by thunder and lightning, and his breath is extremely fierce.

After Ye Chen unleashed the Excalibur Sword of Controlling Thunder, the surroundings were surrounded by leaping lightning swords and lights, but Lei Tianque didn't seem to care. He even absorbed those raging thunder swords into his body between breaths, as if nourishing his body.

Ye Chen reckoned in his heart that if a fight really broke out, he might have to spend a lot of effort to suppress this thunder bird.

"Worthy of being the godly favorite of Thunder God Tianzun."

Ye Chen thought to himself, and subconsciously glanced at Yin Suzhen.

Yin Suzhen, on the other hand, had a humble and submissive attitude, pretending to be very good, as if she was really Ye Chen's maid, standing beside him rather cautiously.

Master Wentian looked at Ye Chen and said with a wry smile: "Lord of reincarnation, you and I have no grievances or enmity, you worked so hard to pursue me, why bother?"

Ye Chen said with a smile: "Master Wentian, I am ordered by Master Chongyang to invite you out of the mountain, and invite you to Tianyang Domain for a gathering."

Master Wen Tian shook his head and said: "The world is chaotic, I have been in seclusion for a long time, and I don't want to touch any karma anymore, I will not come out of the mountain."

Ye Chen looked at Yin Suzhen, and really wanted to tell her to speak, and directly ordered Master Wentian.

However, Yin Su really didn't want to reveal her identity easily, and Ye Chen naturally wouldn't expose her identity indiscriminately, so she smiled and said to Master Wentian: "Master Wentian, you should come with me."

Master Wen Tian shook his head and said: "No, I know, you invited me out of the mountain because you want me to help tame Yiwei, but Yiwei beast is too cruel, even if I am not sure of taming it, it may even be killed."

"Besides, I'm going to fly into the infinite time and space, and I don't want to miss the cause and effect in the world."

Ye Chen was surprised, and said: "Master Wentian, you want to ascend to Wuwu Time and Space? Judging by your cultivation, it seems that you haven't reached the realm yet, right?"

If you want to ascend to Wuwu Time and Space, you must at least have the level of a peak Immortal Emperor.

However, Master Wentian's cultivation is only the seventh level of the infinite realm.

Master Wentian said: "You don't need to worry about this, I have my own master to do it, so please go back."

Ye Chen's eyes froze. Although he didn't want to make things difficult for others, this matter is of great importance, and even the real world will be affected.

More importantly, Wen Tian seemed to have a plan.

Ye Chen had some doubts, so he tentatively said: "Master Wentian, I'm really sorry, even if I use strong methods today, I will take you away to see the real Chongyang."

Master Wentian sighed, and said: "Lord of Reincarnation, why are you doing this? I said, I will not leave the mountain, I will ascend to Wuwu soon, you can go."

"Apricot"

After a pause, he said to Lei Tianque again: "Old Lei, help me block the Lord of Reincarnation, don't let him disturb my ascension."

Lei Tianque said: "Yes."

Master Wen Tian nodded, then ignored Ye Chen, bit his fingertips, dripped blood, and then formed a mysterious blood array under his feet, buzzing, faint and invisible. No time and space resonates.

Ye Chen was surprised for a while. He didn't expect that Master Wentian, the mere seventh-level heaven of the immeasurable realm, could resonate with Wuwu time and space.

Could it be that he is really qualified to ascend?

The next moment, Master Wentian murmured a mantra, and sacrificed a magic weapon, which was a seal, the whole body was blooming with golden light, surrounded by auspicious mist, and nine golden dragons were carved on the seal, exuding an ancient and profound aura, and full of domineering.

"This is....."

Ye Chen was shocked when he saw the seal.

He only felt that the power of that seal was more ferocious than his golden seal.

This is simply incredible.

You know, Ye Chen's golden seal is the ancestor of the rock god, and it is an extremely ancient and powerful existence.

But now, the aura emanating from Master Wentian's seal is even older and stronger than the golden seal.

"That's one of the top ten ancient artifacts, the Nine Heavens Fulong Seal."

Yin Suzhen's eyes were condensed, looking at the seal offered by Master Wentian, she quietly transmitted voice to Ye Chen.

"The ancient artifact, the nine-day crouching dragon seal?"

Ye Chen's heart was in turmoil.

"Yes, the so-called ancient artifacts are magic treasures passed down from the age of the ancient gods. They are more precious and ancient than the ancestor artifacts."

"There are only ten ancient artifacts handed down in this world, and each one is earth-shattering."

"The top ten ancient artifacts are also the most powerful weapons and magic weapons other than the four supreme artifacts. The Nine Heavens Fulong Seal in Wentian's hand has the world's most suppressive power."

"He can become a top animal trainer and suppress many fierce beasts because he holds the Nine Heavens Fulong Seal."

Yin Suzhen continued to transmit the voice, telling the ancient secret.

The ancient artifact is an existence older than the ancestor artifact, and there are only ten pieces in the sky and space.

These ten ancient artifacts are the most precious and most lethal existences other than the four supreme artifacts, and each one has the power to destroy the world.

The Nine Heavens Fulong Seal in the hands of Master Wentian is one of the top ten ancient artifacts!

Relying on the Nine Heavens Fulong Seal, Master Wentian once suppressed many fierce beasts and became a legend.

"Nine Heavens Crouching Dragon, the void is shattered, my body soars, and I become a god in the daytime!"

Master Wentian sang softly, pouring all the spiritual energy into the Nine Heavens Fulong Seal.

The entire seal of the Nine Heavens Subduing Dragons shined with splendor and aura, and the nine divine dragons engraved on the seal unexpectedly all came to life, raised their heads to the sky, roared in filial piety, burst out a shocking dragon chant, and flew together into the sky.

Ye Chen had just performed the Excalibur Sword Controlling Thunder Jue, the sky was dark, dark clouds were billowing, and thunder and lightning were brewing.

However, when these nine dragons flew into the sky, all the darkness and thunder and lightning scenes were completely broken.

The whole sky is full of golden light, myriads of rosy clouds, red neon billowing, filled with a shocking dragon power.

In the next moment, the Nine Dragons broke through the sky, and the dragon claws struck out, smashing the sky and creating a path to the sky.

This heavenly road leads directly to no time and space.

At the end of the celestial road, there is a dark and deep time and space full of mysterious and fantasy atmosphere, completely beyond reality, it is the legendary Wuwu world!

Master Wen Tian looked up at the nothingness world, his eyes full of anticipation.

Chapter 9175

At this moment, Wentian's body, surrounded by dragon aura, slowly rises to the sky, and he wants to step into the heavenly road and go to Wu Wu time and space.

"Master Wentian, this is your so-called ascension? You are clearly a smuggled immigrant!"

Ye Chen's face changed, he thought that Master Wentian wanted to ascend to Wuwu, to break through the catastrophe to prove the way and ascend with strength, but he didn't expect that he would use such a method.

Master Wentian used the Nine Heavens Subduing Dragon Seal to shatter the void, shatter the dimension wall, and open up a celestial path.

What he did was tantamount to smuggling. If he was discovered by some strong men from No Time and Space, he would definitely be killed.

"What smuggling, I am from Wuwu time and space. I used to be a warrior in the Nine Gods Era. I want to go to Wuwu, just to return home!"

Master Wentian opened his arms and looked up at the sky.

His eyes were full of piety like a pilgrim.

His determination to go to Wuwu is very firm.

Even if it is smuggling, he will not hesitate.

In other words, he wants to return home!

Even smuggling!

"This madman."

Yin Suzhen glanced at it, and was quite shocked and surprised. She didn't expect such a crazy idea to be hidden under the calm appearance of Master Wentian.

Both she and Ye Chen have only heard of smuggling into the Supreme World, but they have never heard of smuggling into Wuwu Time and Space.

There is no time and space, that is the ultimate world, where the water is deep and full of dangers.

Even a normal ascension through calamity still has to face boundless slaughter and danger. If it is a smuggling, it may trigger the secret of heaven in an instant and attract countless powerful people to chase and kill.

"Stop him!"

Yin Suzhen sent a voice transmission to Ye Chen.

She knew that Master Wentian was crazy, and he wanted to smuggle into Wuwu Time and Space, which was almost like courting death.

Even though Master Wentian once came from Wuwu, if he is not strong enough, he is not qualified to go back.

"Um!"

Ye Chen's eyes froze, and he immediately pulled out the Samsara Heavenly Sword, which exploded without air, and slashed towards Tianlu with one sword.

He wants to cut off the road to heaven and prevent Master Wentian from ascending.

"Lord of Reincarnation, don't disturb Master Wentian Feisheng, otherwise, don't blame me for being rude."

At this time, Lei Tianque soared up, flapping its wings, and blowing a fierce wind.

As the gang wind whizzed, its claws leaped with lightning, and it attacked brazenly, and with a chirp, it crushed Ye Chen's sword energy.

Ye Chen's face darkened, and he could only feel Lei Tianque's breath, which was extremely fierce, as powerful as an immortal emperor.

"Use the Excalibur Yu Lei Jue to attack the three inches of its left wing, that's its door, and it's the weakest place in its body."

Yin Suzhen quietly transmitted her voice, revealing Lei Tianque's weakness to Ye Chen.

Ye Chen's eyes lit up, and he immediately sacrificed the Samsara Heavenly Sword, and slashed out like a flying sword.

"Divine Sword and Thunder Control Technique!"

Ye Chen once again used the Excalibur Sword to Control Thunder, and the sword light exploded, attracting thunder from the nine heavens, and purple thunder came down, surrounding the Samsara Heavenly Sword, with a vast brilliance and boundless thunder and lightning power.

With a domineering sword, he slashed towards Lei Tianque's left wing.

Three inches from Lei Tianque's left wing is exactly where its door is, and it is the weakest part of its aura. When it saw Ye Chen slashing at its door with a sword, it exclaimed loudly:

"How do you know my cover door? My master Lei Shen Tianzun told you? Where is she?"

Lei Tianque's voice was filled with great urgency, and he really wanted to know the whereabouts of Thunder God Tianzun.

However, Yin Suzhen stood beside Ye Chen, still hiding her aura, without showing the slightest sign.

Lei Tianque didn't know that Thunder God was here. When it saw Ye Chen's Tianjian slash, it hurriedly flapped its wings to avoid it.

Ye Chen's sword energy swept over with Rolling Lei Wei, making its feathers messy and looking very embarrassed.

"Old Lei, delay me for a while, I'm about to step into Wuwu time and space."

"When the time comes, I will escort you back to Wuwu!"

Seeing that Lei Tianque was defeated, Master Wentian was also quite anxious. He took a deep breath, stabilized his mind, stepped on the road to heaven, and walked towards Wuwu time and space at the end of the road.

As long as he is given another incense stick of time, he will be able to ascend successfully.

In other words, it was a successful smuggling!

He is going back to his homeland!

Lei Tianque's eyes froze, and then flashed a trace of determination, staring fixedly at Ye Chen, fanning his wings wildly, bringing a torrential wind, rolling up barren mountains and forests, rumbling, like a doomsday natural disaster, towards Ye Chen. Ye Chen swept away.

The monstrous wind swept across the sky, and even burst out the sound of rolling thunder. In the strong wind, there were countless lightning flashes, as if to destroy the sky.

The Thunder Sky Sparrow wept blood and cried, its supernatural powers had been used to the extreme, the thunder and lightning killing of this monstrous wind was not even weaker than Ye Chen's divine sword Yu Lei Jue.

"Tianlei Divine Vein, open!"

With a loud shout, Ye Chen directly activated the Heavenly Thunder Divine Vessel, the thunder energy burst all over his body, and the purple lightning flashed, and then he cut out the Samsara Heavenly Sword in his hand, the divine sword attracted thunder, and the shocking lightning rolled, colliding fiercely with the Thunder Sky Sparrow's thunder and lightning wind .

boom!

The collision of the divine sword Yu Lei Jue and the thunder and lightning gale immediately created a shocking wave of air, shattering time and space, causing the entire barren mountain to collapse instantly, the earth was shaken away, and the underground magma rushed out.

Countless raging thunder and lightning danced wildly across the world like dragons and snakes, tearing apart the storm, and the sound of thunder rolled.

The world with a radius of thousands of miles was crushed by lightning and reduced to ruins.

Only the formation laid down by Master Wentian can remain intact.

In the formation, Master Wentian added Nine Dragons to his body, and the breath of aging was gone. His whole body revealed a domineering aura, like a supreme king, who is ascending to the sky step by step, and wants to walk all the way to the sky and become a legend.

Chapter 9176

Ye Chen fought fiercely with Lei Tianque, which made Master Wentian very worried.

However, he also believed in Lei Tianque's strength. Although Ye Chen was strong, if Lei Tianque wanted to delay for a while, he should still be able to do it.

"Lei Tianque, it's over."

However, at this moment, an astonishing scene appeared.

On Lei Tianque's left wing, a figure suddenly appeared, clenched a fist in his hand, opened the sky inch by inch, and smashed hard at the weak point of its left wing with unparalleled strength.

"not good!"

Lei Tianque was shocked, the sudden figure was actually Ye Chen!

No, to be precise, it's Ye Chen's clone!

Ye Chen's body was fortunately standing opposite to it.

It was Ye Chen's Qinglian clone who attacked it!

Click!

Lei Tianque's left wing was hit hard, his bones were broken, and he let out a mournful cry, falling from the sky on the spot.

Ye Chen defeated Lei Tianque with one punch, and a smile could not help showing on the corner of his mouth.

He had just fought fiercely with Lei Tianque, seemingly trying his best, but in fact it was just a cover.

When Lei Tianque was unprepared, he had already released Qinglian's avatar, attacked in one fell swoop, and successfully defeated it.

Lei Tianque's body fell, his eyes were full of sadness and shock.

It didn't expect Ye Chen to be so powerful that he could use his avatar to sneak attack.

"Master Wentian, don't think about smuggling, come back."

After Ye Chen defeated Lei Tianque, his eyes were on Master Wentian, and his body flew out, intending to catch Master Wentian back and prevent him from soaring.

Master Wen Tian was terrified, he didn't expect Lei Tianque to be defeated by Ye Chen so quickly.

Since he didn't want to look back, he plundered all the way on the sky road, vowing to step into the infinite time and space.

Crash!

However, at this time, a shocking change was born.

At the end of the celestial road, a divine light suddenly appeared, and an ancient book of Taoism emerged.

This book of Taoism manifests a perfect world, with beautiful mountains and clear waters, without any darkness pollution, and without any disputes.

It turned out to be a perfect Taoist book.

A fierce figure appeared on the Taoist book of Perfect World. It is the messenger of the Truth Society, the Great Sage of Perfection!

The Great Sage Perfect appeared, staring at Master Wentian with indifference in his eyes.

Master Wentian wanted to step into Wuwu Time and Space, but he ran headlong towards the Perfect Sage.

"Usurper, enough is enough."

"There is no time and space, it is not a place where you can sneak in."

"Even if you came from nothing, but your cultivation is not enough, you are not qualified to return!"

With a wave of the perfect sage's hand, a fierce force burst out and blasted towards Master Wentian.

boom!

If Master Wentian was struck by lightning, he would be blown away on the spot, his chest would be sunken, blood would spurt wildly, and he would be seriously injured.

"Master Wentian!"

Ye Chen was taken aback, and hurried up to catch Master Wentian, and then performed Bagua Tiandan and Miaofa Lianhua to heal his injuries.

The strike of the Perfect Sage was very ferocious, aimed at killing people.

If Ye Chen didn't come to the rescue, Master Wen Tian would definitely die from serious injuries.

"The lord of reincarnation is you."

Seeing Ye Chen's figure, the Great Sage of Perfection frowned immediately, and seeing Yin Suzhen beside Ye Chen, the look on his brows became shocked.

"Perfect Saint, why did you kill someone?"

Ye Chen's eyes turned cold, he didn't expect the Perfect Sage's methods to be so cruel.

"hehe."

The Great Sage of Perfection sneered and said: "The mission of my Truth Society is to maintain the order of Wuwu time and space. Any strong person who is qualified to ascend to Wuwu will be taken care of by my Truth Society..."

Ye Chen nodded. That's true. When Ren Feifan was strong enough to be qualified to ascend, the Great Sage of Perfection landed and wanted to take Ren Feifan away and provide him with shelter, but he was rejected.

"...On the contrary, if you don't have enough strength, but you want to forcibly ascend, and use heretical means to smuggle into Wuwu time and space, you will be chased and killed by my Truth Society."

"All stowaways will be killed without mercy, this is the rule set by Lord Yuantian!"

A trace of coldness flashed across the eyes of the Perfect Sage, staring at Master Wentian.

The Emperor Yuantian he was talking about was the president of the Truth Society!

Stowaways, kill without mercy, this is the rule set by Emperor Yuantian!

Master Wentian wanted to smuggle away, and he had already violated the taboo of the Truth Society, so the Great Sage Perfect came down to kill him.

Master Wen Tian's face was pale, he naturally knew this rule, but he still wanted to hide it, but unfortunately failed, he was directly discovered by the Perfect Sage.

"Great Sage Perfect, Master Wentian is indeed reckless, but you, the Truth Society, don't have the right to kill people indiscriminately, right?"

Ye Chen supported Master Wentian, his eyes were cold.

The Truth Society claims to be the orthodox Dao and the defender of the truth, but in Ye Chen's eyes, no one can represent the truth.

If the Perfect Sage insisted on killing someone, he would definitely stop him.

"Lord of Reincarnation, please don't make it difficult for me."

The Perfect Sage's face darkened. He didn't want to conflict with Ye Chen, because Ye Chen's power was too strong. Under the constraints of reality, if he really fought, he would not be Ye Chen's opponent.

"On one condition, how can you let Master Wentian go?"

Ye Chen also didn't want to fight with the Perfect Sage, after all, behind the Truth Society was the mysterious Emperor Yuantian, who was also the real master of the tomb.

Hearing Ye Chen's tone of discussion, the perfect sage flickered slightly, pondered for a while, and then said: "If you can give me ten thousand gold source jade, I will pretend nothing happened."

Ye Chen frowned: "Ten thousand? Gold source jade?"

Chapter 9177

Perfect Great Sage said: "Yes, golden source jade is the most precious source jade, even more precious than high-grade source jade. One piece of gold source jade can be exchanged for ten top-grade source jade."

"If you don't have golden source jade, you can give me high-grade source jade, but it will cost a hundred thousand."

Yuanyu is the hard currency in Wuwu time and space.

Gold Origin Jade is the purest and most precious existence.

Ten thousand gold source jade is equivalent to one hundred thousand high-grade source jade, which is undoubtedly a huge sum.

The wealth of Ye Chen's whole body is only about 10,000 high-grade source jade at most, which is not enough to pay.

"The perfect sage, ten thousand golden source jade, I don't have..."

Ye Chen's face darkened, and he wanted to bargain.

But at this time, Yin Suzhen stepped out, and calmly said to Ye Chen: "Master, we have Yuanyu, just give it to him."

After all, Yin Suzhen threw out a storage bag and threw it to the Perfect Sage.

The perfect sage took the storage bag, opened it, and saw that there were pieces of golden source jade inside, which happened to be in the number of ten thousand.

He laughed loudly, bowed his hands to Yin Suzhen, and said: "Thunder God Tianzun, you are really generous, thank you."

He directly called Yin Suzhen by the name of Thunder God, and immediately exposed the secret.

Yin Suzhen's identity was exposed, but she was not flustered and annoyed, her expression was still calm, and she said: "Say hello to Emperor Yuantian for me, let's go."

The perfect sage smiled, put away the origin jade bag in satisfaction, and said: "Okay, Lord of Reincarnation, Thunder God Tianzun, then I will take my leave first, and when you come to Wuwu Time and Space, you can tell me the truth. I will make it easier for you."

After finishing speaking, the Perfect Sage turned and left.

Yin Suzhen's secret was exposed, so she stopped covering it up and directly revealed the majesty of Thor.

Her costume changed from that of an ordinary maid to an elegant and dignified purple dress.

Her skin is radiant, supple and flawless, like creamy white walls.

Streaks of purple electric light erupted from her body, and the thunder light surged into the sky, bringing people a huge sense of oppression.

Her figure has also become a lot more proud, and her whole person's temperament is very noble, like the light of thunder in the sky, so people can't look directly at it.

"Thunder... God of Thunder, you... are you God of Thunder?"

Master Wen Tian stared blankly at Yin Suzhen, never expecting that Thunder God was by his side.

"Kneel down."

Yin Suzhen said indifferently, her voice carried an ancient majesty.

Master Wentian knelt down tremblingly, his eyes were full of respect and fear, kowtowed like garlic and said, "See Thunder God!"

When Lei Tianque saw Yin Suzhen's identity revealed, he was shocked and ashamed, bowed his head hastily and saluted:

"Master, it turns out that you are by my side. It's because I have blind eyes that I can't recognize you."

Yin Suzhen calmly said: "It's okay, I hid the cause and effect, it's normal that you didn't recognize me."

Lei Tianque stared at Yin Suzhen with admiration, and said: "Master, congratulations on your recovery. Your current strength, although not as good as when you were at your peak, is almost the same."

Yin Suzhen flicked her fingers, and said indifferently: "It's still far away. If I want to recover to the peak, I still need the help of reincarnation."

Having said that, she looked at Ye Chen with a trace of tenderness in her eyes.

Both Master Wentian and Lei Tianque were shocked in their hearts.

They know that Thunder God Tianzun is the most honorable existence in the world. At his peak, he dominated an era and established a glorious eternal kingdom.

In their eyes, Thunder God Tianzun will always look noble and invincible.

They never thought that Thunder God Tianzun would show such gentle eyes.

However, thinking about Ye Chen's identity, they were relieved.

In this world, if there is anyone who can be worthy of Thunder God, it is only Ye Chen.

"Your hair is messed up."

Ye Chen smiled, and stretched out his hand to caress Yin Suzhen's hair that was somewhat messy due to the explosion of the thunder.

Yin Suzhen took it calmly, and also accepted Ye Chen's touch, which shocked Master Wentian and Lei Tianque even more.

"Wen Tian, the Lord of Reincarnation is my ally, you can do whatever he tells you to do."

Yin Suzhen looked at Master Wentian and said.

"yes."

Master Wen Tian knelt on the ground, dripping with cold sweat, not daring to breathe, and nodded in agreement.

"Miss Yin, thank you very much."

Ye Chen cupped his fists to express his gratitude. In the end, he still had to borrow Yin Suzhen's power to invite Master Wentian out of the mountain.

"Um."

Yin Suzhen nodded, and said to Master Wentian: "Get up."

"yes."

Master Wen Tian hurriedly got up and stood respectfully with his hands down.

Ye Chen settled down, and said: "Master Wentian, Master Chongyang entrusted me to take you back to meet him. I wonder if it's convenient for you?"

Master Wentian hurriedly said: "Convenience, convenience! We can set off right away!"

Seeing that Master Tian's attitude changed so quickly, Ye Chen couldn't help laughing a little.

It seems that Yin Su's majesty is indeed terrifying, making Master Dewentian dare not resist at all.

At the moment, Ye Chen is taking Master Wentian back to Tianyang Domain to meet Chongyang Daoist.

He, Master Wentian, and Yin Suzhen rode on Lei Tianque's back, piercing the sky and passing through the clouds, traveling at extreme speed.

"By the way, Master Wentian, I would like to ask, how did you get the Nine Heavens Fulong Seal?"

Ye Chen looked at Master Wentian and asked curiously.

The Nine Heavens Fulong Seal is one of the top ten ancient artifacts. It is incredible that such a precious magic weapon was obtained by Master Wentian.

Master Wen Tian shook his head and said, "I forgot."

Ye Chen was stunned and said, "Did you forget?"

Master Wentian said: "Yes, I am actually a martial artist in the age of the Nine Gods. Later, due to the fall of the Thunder God Tianzun, I fled to the real world and was active in the prehistoric era. In fact, the days of my existence are farther away than the prehistoric era."

"It's just that I'm not the God of Heaven. Under the vicissitudes of time, my memory has worn out too much, and I can't remember many things."

The wear and tear of the years is fatal to many warriors.

Although in theory, the average strong person has an endless lifespan, but in reality, very few people can live forever, because the years wear and tear.

The accumulation of years of wear and tear is the greatest catastrophe, and even the emperor of heaven is in danger of perishing.

Master Wen Tian only lost part of his memory, and he is still alive, which is already extremely lucky.

"All right."

Ye Chen shrugged helplessly. Unexpectedly, Master Wentian lost his memory. He asked Yin Suzhen again: "Miss Yin, do you know the secret of the Nine Heavens Fulong Seal?"

Yin Suzhen shook her head and said, "I'm not the first God of Grass, I never pry into the hearts of my believers and people."

The implication is that she doesn't know about Master Wentian's past, nor where he got the Nine Heavens Fulong Seal.

Chapter 9178

Master Wentian said gratefully: "Thanks to the protection of Thunder God Tianzun, otherwise, my Nine Heavens Fulong Seal would have been snatched away, and I might die too."

The Nine Heavens Fulong Seal is so precious, and Master Wentian holds it in his hands, which naturally arouses the covetousness of all parties.

It's just that he is a believer in the God of Thunder, and he is guarded by the God of Thunder behind him, and no one dares to touch him in all time and space.

Later, when he came to the real world, he would not be in any danger with Lei Tianque guarding him.

Ye Chen nodded, feeling more and more that Yin Su was really powerful.

Being able to form an alliance with Yin Suzhen is naturally a great thing for his reincarnation camp.

Yin Suzhen has shown the greatest sincerity by exposing cause and effect this time, and looking for Master Wentian together with him, and she also wants to form an alliance.

Ye Chen, Yin Suzhen, and Master Wentian rode the thunder sparrow, shattered the void, and soon came to the Tianyang domain.

When Yin Suzhen descended to the Tianyang Region, the entire Tianyang Region shook, countless thunders exploded, and thunderbolts rolled.

The many strong men in the Tianyang domain were all shocked. Everyone looked at the sky and saw two figures gushing with divine light.

It was Ye Chen and Yin Suzhen!

The weather erupting from the two of them could be described as monstrous. Under the cover of their aura, Master Wen Tian was as humble as an ant.

"Hehe, Lord of Reincarnation, you are finally here."

A laugh sounded.

I saw an old man in a red robe striding towards Ye Chen and Yin Suzhen on the Hongqiao. It was Chongyang Daoist.

"Thunder God Tianzun, you are here, I am sorry to welcome you."

"Master Wentian, long time no see."

Master Chongyang saluted Yin Suzhen and Master Wentian again, the courtesy was quite thoughtful.

He saw that the relationship between Yin Suzhen and Ye Chen seemed to be quite close, and countless thoughts flashed in his heart.

If Yin Suzhen forms an alliance with Ye Chen, then Ye Chen's power may expand further.

Master Wen Tian didn't speak, because Thunder God was right next to him, so he was not qualified to speak.

Yin Suzhen nodded, and said to Chongyang Master: "Chongyang Master, I heard that you want to summon my followers?"

Master Chongyang chuckled and said, "Yes, Master Wentian is the best beast tamer in the world. I have a ferocious beast and I want him to tame it."

Yin Suzhen's eyes moved slightly, and said, "Yiwei?"

Chongyang real person said: "Exactly, if Master Wentian is willing to make a move, I will give him enough reward."

Yin Suzhen said indifferently: "No need, even if you tame the tail, if there is a chance in the future, Ye Chen and I will still take it back."

"Your tame is just to make a wedding dress for us."

These words are very explicit, and the sword is on the verge of breaking out.

Real Chongyang's face trembled. He actually said that even if he made a deal with Ye Chen, if Ye Chen had the ability in the future, he would still be able to snatch one back.

However, these words, spoken from Yin Suzhen's mouth, brought incomparable coercion.

Daoist Chongyang laughed and said, "It's okay, if you have the heart, you can take it back now."

Yin Suzhen said indifferently: "This is your territory, we don't want to fight with you, it's too bad."

Of course she wanted to take back Yiwei, but not now.

After all, this is Tianyang Domain, the real estate of Chongyang. If they fight here, she and Ye Chen will be at a disadvantage, and there is no certainty of victory.

Daoist Chongyang is not an ordinary person, he has a future body, he must not be underestimated.

Master Chongyang saw that Yin Suzhen had no intention of fighting, so he smiled and made an invitation gesture, saying: "Thunder God Tianzun, Lord of Reincarnation, Master Wentian, please."

He brought the three of Ye Chen and landed in the holy fire hall.

On the open space in front of the Holy Fire Hall, a huge mountain-like beast was imprisoned and sealed off by thousands of iron chains.

That ferocious beast is none other than a Chi Mo poisonous scorpion!

Chimo Poison Scorpion was covered in wounds, as if he had been tortured terribly by Daoist Chongyang, he was panting, with black blood flowing all over his body, he looked very embarrassed.

"Using brute force, it is impossible to tame a tail."

Master Wen Tian shook his head when he saw this.

He is an animal trainer, proficient in all kinds of secret methods of animal taming, so he is naturally quite critical of the brutal methods of Chongyang Daoist.

Master Chongyang laughed and said, "I don't know how to tame beasts, so I still need to ask Master Wentian to do it."

Master Wen Tian glanced at Yin Suzhen with awe.

He didn't dare to make up his mind whether he wanted to make a move, he wanted to ask Yin Suzhen for his opinion.

Yin Suzhen said: "You just have to do it and tame this divine beast. Anyway, this divine beast will belong to our reincarnation camp sooner or later."

Master Wentian said: "Yes."

After a pause, he showed a trace of hesitation again, and said, "Thunder God Tianzun, a beast with a tail is extremely ferocious, I'm afraid it will take a lot of hard work to tame it, and even, I'm in danger of falling..."

Yin Suzhen said: "If you die, I will join hands with the Lord of Reincarnation to reverse the time and space and bring you back to life. In short, you will tame this beast for me at all costs!"

Master Wentian said: "Yes! I would like to follow the instructions of Thunder God Tianzun."

Seeing that Yin Suzhen gave the death order, Master Chongyang was overjoyed.

Although both Ye Chen and Yin Suzhen had the idea of snatching Yiwei, Daoist Chongyang didn't care.

He believes that with his own strength, he is enough to control a tail.

Ye Chen said: "Realist Chongyang, I have already brought Master Wentian, where is Vulcan Tianzun?"

The deal between him and Chongyang Immortal is that he will bring Master Wentian here, and then Chongyang Immortal will hand over Su Nishang, the god of fire, to him.

Chapter 9179

Master Chongyang smiled and said: "Don't worry, Huoshen Tianzun is very good, you can take her away."

After finishing speaking, Master Chongyang clapped his hands.

In the depths of the Holy Fire Hall, Fan Xingyan walked out slowly supporting a woman.

The woman was dressed in red, her skin was white, her breath was a little weak, but her temperament was elegant and dignified, and there was a Suzaku behind her.

It is the legendary god of fire, Su Nishang!

Su Nishang can be regarded as half of Ji Siqing's master, and her Vulcan orthodoxy has been passed on to Ji Siqing.

In other words, she is also an ally of the reincarnation camp!

When Ye Chen saw Su Nishang, his heart was shocked, and he called out: "Vulcan Tianzun."

Su Nishang smiled gently, and said, "Lord of Reincarnation, you can call me by my name, thank you for saving me."

Back then, after she was beheaded by Daode Tianzun, her remnant soul has been trapped in the fire.

Daode Tianzun used her bones to cast a torch, and used her remnant soul as fuel to burn all the time to strengthen the fire.

In the past tens of thousands of years, Su Nishang has been trapped in the fire, her remnant soul has been burning, and she has suffered a lot. It was not until Ye Chen rescued her today that she escaped from the sea of suffering.

Ye Chen was overjoyed and said, "Miss Su, then you can call me by my name too."

He thought about taking Su Nishang back, Ji Siqing must be very happy.

Moreover, with Su Nishang joining, the power of the reincarnation camp can be raised to a higher level.

"Yin Suzhen, long time no see."

Su Nishang's beautiful eyes flickered, and she looked at Yin Suzhen again, and said hello calmly.

"Su Nishang, congratulations on getting out of trouble. From now on, we are all allies of reincarnation."

Yin Suzhen nodded and said.

Ye Chen was overjoyed, and said: "Miss Yin, Miss Su, thank you for joining my reincarnation camp, then let's go back to the Star-Moon Realm and celebrate."

He thought that the joining of the two gods, such a great joyous event, should be celebrated with a big feast in the Star-Moon Realm.

Su Nishang smiled, then walked to Ye Chen's side, left and right with Yin Suzhen, ready to return to the Star-Moon Realm.

Ye Chen cupped his hands to bid farewell to Master Chongyang, but at this moment, a cold voice suddenly came from the sky:

"What are you going to celebrate, have you asked me?"

I saw the celestial light billowing in the sky, and the phantom shadow of Zihuang fairy mountain floating.

On the top of the Zihuang Immortal Mountain, a figure of immortal demeanor stands facing the wind, with a fierce and transcendent majesty, it is the moral deity.

Daode Tianzun's eyes were full of anger, descending from the sky, and his eyes flicked over Ye Chen, Yin Suzhen, Su Nishang, Chongyang Zhenren and others one by one.

Ye Chen's expression sank when he saw the Daode Tianzun coming.

Yin Suzhen still looked plain, while Su Nishang looked wary.

When she was beheaded by Daode Tianzun, she was actually led to death voluntarily.

Because, at the end of the Nine Gods Era, she was severely traumatized and tortured with great pain, and she could only be relieved by death.

Daode Tianzun killed her, but plunged her into a new sea of suffering. Her remnant soul continued to burn, becoming the fuel for a powerful fire.

Her younger sister, Fairy Moon Soul, was also suppressed by Daode Tianzun and became his wife.

However, Su Nishang doesn't hate Daode Tianzun.

In other words, in the age of Nine Gods, she has experienced too much torture and suffering, her heart is almost numb, and she will no longer have the intense emotion of "hatred".

Among the Nine Gods, whoever wears the most is Su Nishang, the Vulcan God.

Her state of mind, under the torment of countless pains and abrasions, even hatred will not be born, it has become numb.

Of course, the ferocious aura of Daode Tianzun still put her on guard, which is the instinct of a warrior to face danger.

Seeing Daode Tianzun coming, Chongyang Master saw a gloomy look in his eyes, and said, "Dao Dao Tianzun, what are you doing in my land?"

Daode Tianzun felt sad, and said: "Reverend Chongyang, you don't even want to ask me to teach you, you have your future body, full of wings, and you want to betray me."

Chongyang real person said: "No, it's not a betrayal, everything I do is just to maintain the fire."

Daode Tianzun's eyes were cold, and he said: "You let go of Vulcan, this is called protecting the fire? Also, you want to tame Yiwei, but you don't pass it on to me, do you still have me as the head teacher in your eyes!?"

His eyes flicked over Su Nishang and Yiwei's body, carrying a huge chill.

Whether it's subduing Yiwei or releasing Vulcan Tianzun, Chongyang's actions have already violated his taboo!

"Dao De Tianzun, you have occupied the fire for too long, and your Dao heart has been lost."

"What's more, now that the world is too high, there are undercurrents surging, and many forces from all time and space are intervening. You can no longer hold on to the situation."

"It's better, you pass on the fire to me, and I will protect the Taoist foundation of Zihuang Immortal Palace for you."

Daoist Chongyang opened his mouth and expressed his heart, which seemed a bit forced.

He wants to inherit the fire seed and become the new master of Zihuang Immortal Palace.

He believes that only he has this strength!

"Hahaha, Chongyang, are you trying to force the palace?"

"Do you really think that you can compete with me if you have a future body?"

Daode Tianzun laughed, waved his hand, and the Zihuang fairy mountain suspended in the sky suddenly burst into streams of light.

One by one, the strong men of Zihuang Immortal Palace flew out from Zihuang Immortal Mountain. The leader was the former leader of the evil sect, and he was willing to leave.

May Liren and many Zihuang Immortal Palace powerhouses surround the Holy Fire Palace with murderous aura.

Chapter 9180

On the side of the Holy Fire Hall, many masters also appeared, confronting Yuan Liren and others, and the two sides were at war.

"Dao De Tianzun, do you want to fight with me here?"

Seeing Daode Tianzun bring so many people over, Master Chongyang's face suddenly sank.

Daode Tianzun snorted and said: "Didn't you say that I don't have the strength to suppress the scene? Then I want to see how much strength you have."

As soon as the words fell, Daode Tianzun made a bold move, and slapped Chongyang real person with his palm.

With this palm, a mighty golden light exploded, faintly revealing divine power.

Daoist Chongyang's expression changed drastically, and he exclaimed, "It's Hongjun's power!"

From the palm of Daode Tianzun, he felt the power of blessing from the ancestor Hongjun.

Ancestor Hongjun actually bestowed power to help Daode Tianzun.

"Yes, Hongjun has not forgotten his roots, he still remembers my cultivation back then."

"Now that he has become the Lord of Heaven, he has not forgotten me as the head of the sect."

"Can your future body compete with Hongjun?"

Daode Tianzun shot out his palms in a row, and the golden light exploded, shaking the heavens and the earth, and the power was extremely ferocious, as if it was about to split the sky and the earth.

The situation in the real world is becoming more and more complicated, but he still has the confidence to suppress the scene.

Because, he is not alone.

Behind him, there is another ancestor Hongjun!

That is the most amazing and powerful genius born in Zihuang Immortal Palace since all ages!

With the help of Ancestor Hongjun, the Daode Tianzun at this moment is simply like a god of killing, and every palm he swings is earth-shattering.

Faced with the oppression of Daode Tianzun, real person Chongyang was terrified and retreated repeatedly.

Under the aura of Daode Tianzun, even Yin Suzhen's thunderous aura was suppressed.

Ye Chen was taken aback. He didn't expect Daode Tianzun to get the help of Hongjun Patriarch.

Although Chongyang Daoist's future body is Sanshen Tianzun, compared with Hongjun ancestor, there is still a lot of gap in strength.

You know, in terms of strength rankings, Patriarch Hongjun's strength is enough to rank among the top three in Wuwu time and space!

"Heavenly Fire War Blade, Chaos Rain Slash!"

Daoist Chongyang stepped back quickly, communicated with the holy fire hall, and pinched the formula with his right hand to mobilize the energy of the fire.

Wisps of fire aura roared out, turning into handfuls of Heavenly Fire War Blades, and slashed towards Daode Tianzun like chaotic rain.

Chongyang real person becomes the salary queen, guarding the fire, and can borrow the power of the fire.

With his means, the energy of the fire seed is displayed in his hands, which is simply superb.

I saw flames all over the sky slashing with blades randomly, and the scene was like meteors raining down, sweeping the world, it was very spectacular.

"Hehe, Chongyang, my fire seed, it's not your turn to get involved!"

Daode Tianzun sneered, and with a palm of his hand, he also mobilized the energy of the fire, which also turned into a series of skyfire war blades.

The flames slashed wildly in the sky, collided fiercely and roared violently, bursting out a shocking stream of flames, rushing straight into the sky, turning the sky into a fiery red, and roaring like magma everywhere, like the end of the world.

Many powerhouses from Zihuang Immortal Palace and Tianyang Domain, as well as Master Wentian, Lei Tianque, and Fan Xingyan, were all shocked.

Only Yin Suzhen and Su Nishang could maintain a calm look.

At this moment, Ye Chen was also very surprised.

He watched the battle between Daode Tianzun and Chongyang Daoist, the scene of the turbulent fire in the sky, and vaguely caught the secret of the sky, caught a trace of the mystery of the reincarnation star!

"It's the energy of tinder."

"The legendary fire seed is indeed part of my reincarnation blood!"

"The fourth life star in the blood of reincarnation is related to fire!"

Ye Chen's heart was in turmoil, and under the insight of heaven, he further glimpsed the mystery of the seven stars of reincarnation.

The seven life stars of Samsara's bloodline, the first is called Longteng, the second is called Lieyang, the third is nameless, and the fourth is called "Skyfire"!

Tianhuo Mingxing is the fourth star of the seven stars of reincarnation.

The fire in the real world was originally conceived from the fire star in the sky.

This day, Huo Mingxing has transcended reality, is a fantasy existence, and is very mysterious.

If Ye Chen can seize the fire and devour it to refine it, he may awaken the fire star and make this fantasy star a real existence.

Of course, this step is very difficult.

Because, the current Ye Chen has only awakened to the second scorching sun star, and he has not even awakened the third star, let alone the fourth.

However, to be able to see the mystery of the fourth star, Ye Chen is also considered talented.

At least, he knew that the legendary fire seed was really a part of his blood.

The tinder was bred by the fire star!

The energy of the tinder is so vast and great that it maintains the operation of the real world. Even if the universe is destroyed, a new universe can be born from the ashes of the ruins.

As long as the fire is not extinguished, the real world can last forever and be reborn continuously in the cycle of reincarnation.

Such a precious kindling is actually only a part of Tianhuo Mingxing!

One can imagine how terrifying the energy of the Seven Stars of Reincarnation is.

Tianhuo Mingxing is only the fourth star, a part of the energy, which gave birth to the fire.

How terrifying it would be if it was a complete Tianhuo Mingxing.

And on top of Tianhuo's life star, how strong will the fifth, sixth, and seventh life stars be.

Ye Chen's heart was full of passion, and he looked at Daode Tianzun and Chongyang Daoist.

I saw two supreme powerhouses, borrowing the energy of the fire, transforming into various supernatural powers, fighting each other, fighting until the sky was dark.

The energy of the tinder, in their hands, turned into swords, ferocious beasts, stars and vast universe, and turbulent magma flow, with thousands of changes, killing and cutting, dazzling people's eyes.

Although Chongyang Daoist has the advantage of earth veins and luck, the core god of Tianyang domain, that is, the fire seed, the real master, is the moral god after all.

Although Daoist Chongyang is the master of the Holy Fire Hall, he is only a guardian after all, not the real master of the fire.

The real master is the Moral Heavenly Sovereign!

Daode Tianzun borrowed the power of the fire seed, and also smoothed the gap with Chongyang real person.

Moreover, he also has the help of Hongjun Patriarch.

Even Daoist Chongyang borrowed the power of the future body, but gradually he was no match and fell into a disadvantage.

The situation of the battle was unfavorable, and Chongyang Master's complexion suddenly became very ugly.

"Chongyang, today I'm going to clean up the door, I am the Taoist Tianzun, and I am the real master of the fire!"

"Tianbei, suppress it for me!"

Daode Tianzun suddenly yelled, murderous intent was revealed in his eyes, and with a wave of his hand, he gathered the spiritual energy of all the powerful men under his command, and summoned an ancient stone tablet.

This ancient stone tablet has the word "Heaven" engraved on it.

It is the legendary Tianbei!

It is also the Tianbei that Ye Chen has always wanted!
