### Chapter 9181

As soon as the monument came out, in an instant, wind and thunder billowed, and the majestic coercion shook the audience, even the breath of the fire was suppressed.

No matter how powerful the fire is, it is not as powerful as the Tianbei.

This celestial tablet is the most powerful reincarnation black tablet, and it even contains the mystery of the last star of the seven stars of reincarnation.

The last star of the Seven Stars of Reincarnation, named the Heavenly Emperor's Fate Star, was originally inlaid on the Tianbei.

The reason why the Tianbei is so powerful is because it was illuminated by the Heavenly Emperor's Fate Star in the first place!

At the beginning, when the goddess got the stele and handed it over to the Zihuang Immortal Palace, it was under the control of Daode Tianzun.

At this moment, Daode Tianzun released the stele, and there were infinite stars of the emperor, blooming, and each ray of starlight seemed to be able to shatter the world, and the killing was so fierce that it was simply unimaginable.

"Not good! My life is over!"

When Master Chongyang saw the Tianbei descending, his expression changed drastically, and he felt that his life was in danger.

He never expected that Daode Tianzun could use the power of Tianbei.

The energy of the Tianbei is fierce, but it is also difficult to subdue.

After Daode Tianzun got the Tianbei, he has been researching the method of surrender, but unfortunately he has never gained anything.

But at this moment, he borrowed the power of Hongjun Patriarch, and the aura of many Zihuang Immortal Palace powerhouses under him, he actually controlled the Tianbei for a short time, and he could explode the supernatural power of the Tianbei.

This kind of control is also very difficult for the moral Tianzun, the burden is huge, and the price is also huge.

His face was already gray and blood was seeping from his seven orifices, obviously under great pressure.

However, in order to kill Chongyang Daoist and clean up the sect, he didn't care too much.

The starlight of the Emperor of Heaven bursting out from the Tianbei pierced through the void, and blatantly smashed towards Chongyang Daoist.

"Ye Chen, hurry up and help!"

Yin Suzhen shouted, she didn't want to watch Chongyang Daoist die.

If Daoist Chongyang dies, there will be no one in Zihuang Immortal Palace who can restrain the Daoist Heavenly Venerable.

Daodetianzun's family dominates, which is extremely unfavorable to the reincarnation camp.

Therefore, because of the matter of a divine beast, although there was a gap between her and Daoist Chongyang, she still wanted to save his life and use it to restrain the Daoist Tianzun.

Now her strength is still recovering at a critical juncture, it is not suitable to make a move, so Ye Chen can only be asked to make a move.

Ye Chen's eyes moved, and he understood the reason.

Daoist Chongyang can't die yet!

Moreover, if Chongyang Daoist is dead and Daode Tianzun occupies the fire, he will definitely continue to enslave Su Nishang, the god of fire, and it is impossible to give her freedom.

"The Book of Nirvana, the Divine Sword and Thunder Control Art!"

Ye Chen shouted violently, his body flew out, and with a wave of his hand, he directly sacrificed a page of the Book of Nirvana.

At the moment when the Book of Nirvana was sacrificed, Ye Chen used the Divine Sword Yu Lei Jue.

Chi Chi Chi!

In the Book of Nirvana, thunder and sword energy exploded one after another, as if to destroy the sky, the light of thunder gushed out.

Each thunderbolt sword energy carries the destructive waves of the Nirvana Heavenly Book, and its power is very terrifying.

Ye Chen pointed his finger, and the divine sword Yu Lei Jue was used to the extreme, and the thunderous sword energy filled the sky, and chopped towards Daode Tianzun.

He didn't attack the Tianbei, because it was useless, the power of the Tianbei was too terrifying, no one could resist it.

He is directly attacking Daode Tianzun, and he is forced to defend. He can no longer use the Tianbei to kill people. This is to attack him and save him.

Daode Tianzun saw the thunder and sword energy coming from the sky, and his eyes suddenly shrank.

Although he could continue to activate the Tianbei and kill Chongyang Daoist, if he didn't do any defense, he would also be killed by Ye Chen.

"Damn it!"

In the crisis, Daode Tianzun had no choice but to give up killing Chongyang Daoist and urge the Tianbei to return to defend.

Boom, boom, boom!

Ye Chen's thunderous sword energy bombarded the top of the sky tablet, and every time the sword energy fell, a thunderous thunder burst out, shaking the sky, the earth and the sky.

Under the protection of the Tianbei, Daode Tianzun was not injured, but he was also seriously shaken, and his breath was quite scattered.

"Ye Chen, very good, very good, your strength has improved again."

Daode Tianzun stared at Ye Chen with fierce and vicious eyes. He didn't expect Ye Chen's strength to improve so fast. Compared with the past, I don't know how much stronger.

Everyone in the audience, Chongyang Daoist, Fan Xingyan, Master Wentian, Yuan Liren, etc., were also completely shocked when they saw Ye Chen's attack and the lightning-shattering majesty.

Obviously, Ye Chen's strength has exceeded their imagination.

"Jeyun died unjustly."

May Li Ren sigh, her apprentice Li Jueyun died in the hands of Ye Chen, and even Zhou Guang's blood was swallowed.

Seeing Ye Chen's mighty aura now, she knew that Li Jueyun's death was not wronged.

Ye Chen is too strong, looking at the whole world of Taishang, there are very few so-called geniuses who can suppress him.

If luck and hole cards are taken into consideration, no matter if it is Yuhuanggudi, Daodetianzun, or Tiannv, it is impossible to suppress Ye Chen anymore. They are evenly matched, evenly matched, and they are all equally powerful.

Daode Tianzun blocked Ye Chen's attack and wanted to move the stele again, but he didn't have enough spiritual energy, his face became paler, but the majesty and sternness in his eyes remained undiminished, and he said: "Ye Chen, this is me and I You don't want to interfere with Chongyang real person's grievances."

"After I have killed Master Chongyang, I can give you a divine beast."

"But, you have to keep this woman."

In the end, the eyes of the Taoist Tianzun fell on the Vulcan Tianzun Su Nishang.

It is impossible for him to let Su Nishang go.

His philosophy is different from Chongyang real person.

Chapter 9182

Chongyang real people want to maintain the absolute purity of the fire, and do not need anyone to burn it.

But in the eyes of Daode Tianzun, the burning of gods can help the fire grow stronger and is indispensable.

He also wanted to use Su Nishang as fuel.

"Dao De Tian Zun, I'm sorry, I have to take Vulcan away today."

Ye Chen glanced at Su Nishang.

Su Nishang's expression was indifferent. The gentle smile she showed in front of Ye Chen before was actually just forced.

Her heart was already numb.

Seeing her numb appearance, Ye Chen couldn't bear it very much, naturally he didn't want to see her continue to burn.

Daode Tianzun saw that Ye Chen was determined to stand on Chongyang's side, and his eyes became darker.

He thought to himself, if Ye Chen joins forces with Chongyang Immortal, it will be impossible for him to suppress it anymore.

What's more, there is still a Thunder God Tianzun here, and he didn't make a move.

If Thunder God Tianzun also makes a move, whether he can retreat completely is still a question.

"If I leave today, Chongyang Daoist will tame Yiwei, and I won't be able to suppress him in the future."

Daode Tianzun's thoughts turned, and he felt that the situation was difficult, and his eyes finally fell on Master Wentian, with murderous intent in his eyes.

"Ye Chen, you insist on helping Chongyang Master, I have nothing to say."

"However, if you want to tame a tail, that is absolutely impossible!"

Daode Tianzun yelled loudly, waved his big hand, and the energy of the fire exploded, turning into more than a dozen skyfire war blades, smashing through the void, and slashed towards Master Wentian frantically.

He actually wanted to kill Master Wentian, in this way, he could cut off Chongyang Daoist and tame Yiwei's hope.

One tail is wild and hard to tame, in this world, the only person who can subdue one tail is Master Wen Tian.

In other words, as long as Master Wentian dies, Chongyang Master's taming plan will come to naught.

Seeing Daode Tianzun's attack, actually intending to kill Master Wentian, Ye Chen, Master Chongyang, Yin Suzhen and others were all shocked.

Master Wentian was even more horrified. He didn't expect Daode Tianzun to kill him.

Daode Tianzun shot very quickly, and the dozen or so Heavenly Fire War Blades slashed towards him in an instant.

Puchi, puchi, puchi!

Master Wentian couldn't resist, and a dozen or so Heavenly Fire War Blades slashed on his body, leaving scorched black wounds that were bloody and ferocious.

Master Wentian screamed, fell to the ground and wailed on the spot, the dozens of Heavenly Fire War Blades even pierced into his meridian viscera, turning into terrifying flame energy, rushing through his meridian like magma.

If you look inside Master Wentian's body, you can see that all the meridians and blood vessels in his body are filled with the intense energy of the fire. The meridians and blood vessels, as well as his viscera, are rapidly charred under high temperature.

"let's go!"

After severely injuring Master Wentian, Daode Tianzun had gloomy eyes, and left with his subordinates.

In his eyes, Master Wentian is already a corpse.

Master Wentian's beast taming skills are powerful, but his cultivation base is only the seventh level of the infinite realm, and it is impossible to block the attack of fire seeds.

With fire and poison attacking the heart, Master Wentian has only one dead end.

"Master Wentian!"

Seeing how Master Tian fell to the ground and howling, Ye Chen hurriedly used the Bagua Tiandan and Miaofa Lotus Flower, and all kinds of divine light shrouded him to heal his injuries.

Master Wentian's injury, under Ye Chen's treatment, healed quickly.

However, the fire energy in his body has evolved into fire poison.

The fire poison hadn't been cleaned out, and it had completely fused with his meridians.

Under the torment of the fire poison, Master Wentian had just recovered from his injuries, when the fire poison broke out again, and the intense heat raged, severely burning him again.

Ye Chen still wanted to heal, but Yin Suzhen held his hand and stopped him, saying: "It's useless, the fire poison in his body won't go away, no matter how many times you treat him, he will relapse, and he will be burned to death by the high temperature of the fire." , turned into coke."

Ye Chen was silent, so he had no choice but to stop. For a while, he didn't know how to save Master Wentian.

"Dao De Tianzun, what a good way!"

Master Chongyang sneered again and again, he naturally knew that Daode Tianzun's plan was to kill Master Wentian, so that he would fail to tame a tail.

"Miss Su, you are the god of fire, and you have been in harmony with the fire all year round. Do you have a way to get rid of the fire poison in Master Wentian's body?"

Ye Chen looked at Su Nishang and asked hurriedly.

The existence of Master Wentian is extremely important, and Ye Chen also needs him to tame Yiwei.

Forget about a divine beast, whose hands it will eventually fall into, in short, it must be tamed first.

If it is not tamed, it is all talk.

Therefore, Master Wentian must not die.

Su Nishang listened to Ye Chen's words, hesitated for a moment, and said, "I can solve it, but the price is huge."

Ye Chen asked: "What price?"

Su Nishang didn't speak, just lowered her head.

Seeing her appearance, Ye Chen immediately understood.

Now Su Nishang's strength has not recovered much.

If she was asked to take action to heal Master Wentian, she might be seriously injured, or even completely destroyed.

"Feel sorry."

Ye Chen apologized, and seeing Master Wentian suffering from the torment of fire and poison, he also frowned tightly.

"My Qingyun Chamber of Commerce has a fetish called Xingkong Shenquan, which may be able to heal him."

Yin Suzhen's beautiful eyes flickered, and she suddenly spoke.

"Qingyun Chamber of Commerce, Xingkong Shenquan?"

Ye Chen's eyes lit up immediately.

Yin Suzhen nodded and said: "Yes, there are six major chambers of commerce in Wuwu Time and Space, and my Qingyun Chamber of Commerce is one of them. I followed the example of Yemu Fengyuying and established a chamber of commerce to collect rare treasures from all over the world."

## Chapter 9183

"Although I have fallen, my Chamber of Commerce is still there. They have collected a lot of treasures from heaven and earth, and they also want to enshrine me and provide resources for my recovery, but the time has not yet come."

"In my Qingyun Chamber of Commerce, there is a kind of fetish called Xingkong Shenquan. It is said that it flows from the world on the other side of the starry sky."

"Xingkong Shenquan is extremely rich in aura. If we borrow the energy of Xingkong Shenquan, it should be able to heal Wentian's injuries and help him dispel the fire poison."

Ye Chen said: "Shenquan in the starry sky, is it a god flowing from the other side of the starry sky? I'm afraid it's worth a lot?"

Yin Suzhen said: "It's indeed worth a lot, but in order to save people and tame a tail, that's too much."

After a pause, she said to Reverend Chongyang: "Reverend Chongyang, you go to Wuwu Time and Space, take my talisman, go to Qingyun Chamber of Commerce, take out the Xingkong Shenquan, and you can save Wentian."

While speaking, Yin Suzhen's slender hands gathered aura and turned into a talisman surrounded by thunder, which was about to be handed over to Chongyang Daoist.

Daoist Chongyang gave a wry smile and didn't answer, saying: "It can't be done, my vitality is too depleted, so I can't go to No Time and Space for the time being."

He had just fought against Daode Tianzun, and his spiritual energy was consumed a lot. Now his face is quite gloomy, and he needs to retreat to recover.

Yin Suzhen frowned and said, "It's inconvenient for me to be contaminated with cause and effect, and it's also inconvenient for me to go to Wuwu Time and Space. Who can go?"

She looked at Su Nishang and Ye Chen.

Su Nishang shook her head lightly, she still needs to recover her strength, so naturally she can't rashly step into Wuwu Time and Space.

Ye Chen thought of his grandfather, Feng Yuying, and Shentu Wan'er, and said, "Someone in my reincarnation camp can go to No Time and Space."

Master Chongyang waved his hand and said, "No need, Lord of Reincarnation, I don't want to trouble you anymore."

"If you want to go to No Time and Space, I think of one person."

After a pause, she turned towards the direction of the Holy Fire Hall, and shouted, "Miss Charm, come out."

As soon as his voice fell, he saw a woman walking out of the holy fire hall. She had a beautiful appearance, but her face was slightly pale, she was Meixin.

Meixin is the apprentice of the ancient god Tuodi, so she can go to Wuwu time and space naturally.

For the past few days, she has been trapped in the holy fire hall.

She has a special status, Chongyang real person wants to put her under house arrest, and keep her as a bargaining chip in the future.

However, it is obviously more important to go to Wuwu Time and Space now, get the Starry Sky Divine Spring, and treat Master Wentian.

Chongyang real person didn't want to fake Ye Chen, so as not to owe karma, so he said to Meixin:

"Miss Meixin, please go to Wuwu Time and Space for me, go to Qingyun Chamber of Commerce, and bring down the Xingkong Shenquan. After the matter is completed, I can let you leave."

In the past few days, Master Chongyang has intentionally or unintentionally placed a restraint with the law of cause and effect on Meixin.

Without his release, Meixin can't leave Tianyang Domain, otherwise she may die suddenly at any time.

Meixin was placed under house arrest, but she didn't say how bad her mood was.

Because, even if she is free, going back to Emperor Tuo Tianzong may be a dead end.

Ancient God Tuodi's temper was even more vicious than that of Ancient Emperor Yuhuang.

The so-called master-student friendship, in his eyes, is also a bullshit existence, not worth mentioning.

Disciples such as Meixin and Yehan have been punished by the ancient God Tuodi from time to time since they were young.

As long as the Ancient God Tuo Di didn't go his way, he would take out his anger on them.

They have actually died many times, and most of the timeline has been erased, and it was all done by the ancient god Tuodi.

Meixin was ordered to approach Ye Chen this time, but she was completely exposed, and the mission failed. If she returns to Tuodi Tianzong, she will definitely suffer inhuman torture and punishment.

She was terrified in her heart, and she was imprisoned in the Tianyang domain. She was protected by the Chongyang real person, but she would not be injured.

"Do you... want me to go to the Qingyun Chamber of Commerce?"

Meixin looked at the injured Master Wentian, and said in a rather cramped voice.

"Yes, as long as you bring back the Xingkong Shenquan, I will set you free."

The true Tao of Chongyang.

Meixin's heart tightened, thinking that if she went back to Emperor Tuo Tianzong, she might suffer a painful punishment, but if she stayed in Tianyang Region, it was not a solution.

"You are free, you can go wherever you want." Chongyang Daoist said again.

Meixin gritted her teeth, thinking that this is true, no matter what, the most important thing is to regain her freedom now.

"Okay, then I'll go to the Qingyun Chamber of Commerce and bring your things down for you."

Charm Heart immediately nodded in agreement.

Daoist Chongyang was overjoyed and said: "Miss Meixin, thank you very much."

After a pause, he said to Fan Xingyan: "Xingyan, Master is going to retreat. I will leave it to you to manage the Holy Fire Hall, treat Master Wentian, and tame Yiwei."

Fan Xingyan was frightened, and said: "Master, I...I can't do it."

Managing the Sacred Fire Palace, treating Master Wentian, and taming Yiwei, these are all important matters. Fan Xingyan is afraid that she can't handle it by herself, and she can't take care of it alone.

Master Chongyang said: "It's okay, believe in yourself, Master's energy loss is too serious, he must retreat for a period of time, and I will leave everything to you."

"Thunder God Tianzun, the Lord of Reincarnation, Master Wentian's life and death, I ask you to help take care of it."

After he greeted Ye Chen and Yin Suzhen, he flew away and went to retreat to recuperate.

Ye Chen's face darkened, and he looked at Meixin.

If you want to treat Master Wentian now, you can only wait for Meixin to go to Wuwu Time and Space and bring down the Xingkong Shenquan.

"Give me a day."

Charming didn't dare to look directly into Ye Chen's eyes, she tore through the void silently, took Yin Suzhen's amulet, and went to Nowhere.

Yin Suzhen took Ye Chen's arm lightly, and said: "Ye Chen, it's almost time for me to go. I have too much karma to go out this time, so I must go back to retreat as soon as possible." The voice was quite reluctant.

In the short two days of getting along, the relationship between her and Ye Chen has rapidly warmed up. She has already sprouted ideas in her heart, but now she still needs to exercise restraint.

"Well, Miss Yin, thank you for the past two days."

Ye Chen smiled. In the past two days, Yin Suzhen taught him the Divine Sword Yu Lei Jue, helped him find Master Wentian, and the alliance was formally confirmed. He was grateful in his heart.

"I'm leaving. If you have any difficulties in the future, you can call my name again."

There was a trace of tenderness in Yin Suzhen's eyes, and she restrained the sprouting in her heart, but before leaving, she still kissed Ye Chen's cheek lightly, touching it as far as it could go, and then stepped on the thunder bird and left Yufeng.

Master Wentian wanted to bid farewell, but his injuries were too serious, the fire was poisonous, and the intense energy of the fire flowed crazily in his meridians. He was burned everywhere, and many places of his flesh were turned into coke.

Under such a serious injury, he groaned and hummed in a low voice, unable to get up to bid farewell to Thor.

With such serious injuries, he may not live for a few days.

Chapter 9184

Ye Chen was full of worry in his heart, trying to use the Zhouguang Divine Art, trying to reverse time and restore Master Wentian to his uninjured appearance.

However, the energy of fire poison, stretching across time and space, actually eroded all the timelines of Master Wentian, regardless of the past and future.

Even if Ye Chen reversed the time, Master Wentian was still seriously injured, and there was no possibility of recovery at all.

"The power of the tinder is indeed terrifying."

Ye Chen was shocked in his heart, he had seen the horror of Tinder, which could erode all timelines.

"Ye Chen, if you want to treat Master Wentian, you may really need the Starry Sky Spring."

Su Nishang silently stood beside Ye Chen and said softly.

The Divine Spring of the Starry Sky is a special divine object originating from the other side of the starry sky.

Perhaps only that kind of fetish can dispel the fire poison of the fire seed.

Ye Chen nodded, and waited silently for Meixin's return with Su Nishang and Fan Xingyan.

...

at the same time.

Charming heart returned to Wuwu time and space, and immediately borrowed the power of Thunder God's talisman to cover up the secrets so as not to be exposed.

Now she dare not go back to Emperor Tuo Tianzong.

If she fails in her mission, the punishment she will face must be very severe.

Even if you want to go back, you must first inquire about the attitude of Ancient God Tuodi!

Gathering her mind, Meixin went to Qingyun Chamber of Commerce following the guidance of the Thunder God Talisman.

The Qingyun Chamber of Commerce is one of the six major chambers of commerce in Wuwu Time and Space, which was founded by Lei Shen Tianzun himself.

The headquarters of the Qingyun Chamber of Commerce is very mysterious, no one knows where it is, only the existence of the branch is known to the outside world.

Relying on the guidance of the talisman, Meixin soon came to the headquarters of the Qingyun Chamber of Commerce.

The headquarters of Qingyun Chamber of Commerce is located in Qingyun Time and Space.

In this blue cloud space-time, clouds and smoke are everywhere, green air is pervasive, fairy light is gushing, and colorful treasures are flying in the sky. Many treasures of heaven and earth, exotic flowers and plants, gold source jade, magical weapons, mineral materials, etc., are all Placed in the open air, the light is dazzling.

"Is this the headquarters of Qingyun Chamber of Commerce?"

Meixin was taken aback, it was the first time she came to Qingyun Time and Space, and she was dazzled by all the treasures in front of her.

Although there are countless treasures in the Tuodi Tianzong, those treasures are all Tuodi ancient gods, not Meixin.

On the contrary, in order to guard against his disciples and imitate Yehan's rebellion, Ancient God Tuodi has very strict management of each disciple.

Although Meixin is the direct disciple of the ancient god Tuodi, the treasure resources that he can touch on a daily basis are greatly restricted.

"Miss Charm, you are here, did God of Thunder ask you to come?"

As soon as Meixin arrived, she touched a secret. A fat businessman with a friendly attitude and wearing a royal blue robe came out to greet her with a smile.

"Exactly."

Meixin handed over the Thunder God Talisman in her hand.

The fat businessman was obviously the manager of the Qingyun Chamber of Commerce. He took the talisman and looked it over. His face immediately changed, and his smile froze.

"Does Thunder God Tianzun want the Starry Sky Spring?"

The fat businessman was sweating slightly on his forehead. It was obvious that the Starry Sky Divine Spring was extremely valuable and could not be taken out casually.

"yes."

Charm Heart nodded.

The fat businessman hesitated for a moment, and finally looked at the statue of the god of thunder enshrined in the sky high in Qingyun Time and Space, gritted his teeth and said, "Okay, since it is the god of thunder who wants it, the villain will not dare to disobey it, please wait a moment."

After finishing speaking, the fat businessman entered, and after a while, he came out with a bottle.

The bottle was crystal clear, and contained a touch of psychic liquid.

That smear of spiritual liquid, with starlight flowing little by little, full of vast and mysterious atmosphere, is exactly the legendary star spring.

Meixin has heard of the fame of the Starry Sky Divine Spring. This kind of divine object can revive the dead, flesh and bones, and has a very abundant aura.

To treat Master Wentian, in her eyes, it would be a bit reckless.

However, how the Xingkong Shenquan is used has nothing to do with her, she doesn't care.

As long as she takes the Xingkong Shenquan back, she can complete the task and regain her freedom.

"Miss Meixin, this is the Divine Spring of the Starry Sky, take it carefully."

The fat businessman handed over the bottle in his hand to Mei Xin as a treasure, with a pained look on his face.

Then, he called a sturdy man in black and said:

"Chen Hufa, you escort Miss Meixin back, and deliver the Xingkong Shenquan to Lei Shen Tianzun."

The Star Spring is so precious, and the Qingyun Chamber of Commerce is also afraid of losing it, so it has to send someone to protect it.

"Yes, my lord."

Protector Chen responded with a respectful and serious expression.

At that moment, Meixin and Chen Hufa left Qingyun Chamber of Commerce and rushed to Tianyang Region again.

The two of them shuttled back and forth between pieces of time and space, constantly traveling through space. Logically speaking, if they want to go to Tianyang Domain, they will arrive there in an instant, and it doesn't take much time. After all, Charm Heart knows the coordinates.

But the strange thing is that the two of them traveled for a long time, but they still couldn't reach the Tianyang Territory. There was a lot of time and space in front of them, as if there was no end. No matter how long they flew, they would never see the end.

"It's weird!"

Chen Hufa's face darkened, and he suddenly felt strange.

When he released his consciousness, he felt that countless spaces were stacked in front of him, layer after layer, like a box, with no end or end at all.

No matter how he shattered the void, he could only keep spinning in this layer of space boxes.

"Someone set up a space maze! Who is it?"

Charm Heart also felt weird, and felt a chill.

Such an exquisite space maze, nested layer by layer, reminded her of a person.

Chapter 9185

"Hehe, Junior Sister, apart from me, who else can cast such a wonderful space secret technique in the entire infinite time and space?"

Just when Meixin was in doubt, a clear and handsome laugh came.

I saw that many spaces were shattered, and a tall and straight figure appeared. It was a young talent with a handsome appearance and a chic temperament. He was wearing a white robe, surrounded by tens of thousands of layers of space, layer after layer of space, It shows the trajectory of the sky, the sun rises and the moon sets, and the magnificent scene of floating stars.

"Brother Bai Yu, it's you!"

When Meixin saw this young man, she immediately exclaimed, her pretty face turned pale.

"Master White Feather!"

Protector Chen was also shocked, his scalp felt numb.

This young man, named Bai Yu, is a legendary Tianjiao who knows no time and space, and is also Meixin's senior brother.

Ancient God Tuodi has four disciples, Meixin is the youngest, and Baiyu is the third.

In terms of cultivation and strength, Bai Yu is not very strong, but his blood and physique are very special.

His bloodline, named Taiyu bloodline, has gathered the ultimate spatial mysteries, and it is a relatively high-ranked existence in the heavens.

The Taiyu bloodline is opposite to the Zhouguang bloodline.

From ancient times to the present, it is called the universe, and the four directions of heaven and earth are called the universe.

If it is said that Zhou Guang's bloodline is the acme of time.

Then, the Taiyu bloodline is the acme of space!

People with the blood of Taiyu can perfectly control the space, and their control over the laws of space can be regarded as the forefront of the world.

This kind of bloodline is a very ancient and mysterious existence. Looking at the entire time and space, there is only one person who can inherit and awaken the bloodline of Taiyu, and that is Baiyu!

Chen Hufa didn't know that Bai Yu was the direct disciple of the ancient god Tuodi, because the ancient god Tuodi hid it very deeply, except for Yehan, outsiders didn't know how many disciples he had.

It was even rumored that the ancient god had many unbelievable apprentices hiding in the darkness.

Any one of them is enough to destroy a space-time!

This is also the trump card of the ancient gods!

Right now, no matter whether it is Meixin or Baiyu, in front of outsiders, they all regard themselves as the arrogance of Emperor Tuo Tianzong, and they will not reveal their identities easily.

Even so, Chen Hufa also knew that Bai Yu's authority and grandeur in Tuodi Tianzong was an extremely true inheritance, and his supernatural powers changed very dramatically.

His control over the laws of space is incomparable even to ordinary gods and gods!

"Junior Sister, have you completed all the tasks entrusted to you by the suzerain?"

Bai Yu looked at Mei Xin with a smile and asked.

Meixin's face turned pale, she didn't expect that she tried her best to hide her aura, but she was still discovered.

Her heart was in chaos, thinking of all the cruel and cruel methods of the ancient god Tuodi, her scalp became numb again.

"Senior brother, you... you want to take me back? Master... the suzerain, how do you want to punish me?"

Meixin asked tremblingly.

"You failed in your mission and even exposed your identity. According to the rules of our Emperor Tuo Tianzong, you will naturally be sentenced to death!"

"However, the suzerain thinks that your cultivation is not easy, and I can't bear to kill you. You go back with me. From then on, as my blood slave, I will not kill you. It is enough for you to contribute some blood and vitality to me every day. "

Bai Yu's eyes showed a sinister look, and he sized up Mei Xinjiao's figure a few times, not hiding his covetousness at all.

Meixin felt a chill in her heart, if she were to become Bai Yu's blood slave and be squeezed by him day and night, then life would be worse than death.

"No, brother, I can't go back with you! Give me another chance, and I will definitely be able to complete the task."

Meixin said hurriedly.

"Hehe, you have no chance, come with me."

"You have been placed under house arrest by Chongyang Daoist, and you have been imprisoned by the law of karma. You cannot escape, but don't worry, I am a master, and I can rescue you from the sea of suffering."

Bai Yu looked confident, with a smile on his face, with a wave of his palm, layers of space laws landed on Mei Xin.

On Meixin's body, there was originally the karmic prohibition law laid down by real Chongyang, which existed like a concept, restricting her freedom.

But now, Bai Yu uses the law of space to seal those concepts of causality with layers of space, cut off Chongyang real person's thoughts, and indirectly restore Meixin to freedom.

Meixin regained her freedom, but she didn't look happy at all, her face was terribly pale.

She knew that if she was taken away by Bai Yu, it would be much more terrifying than being imprisoned by Daoist Chongyang.

"Junior Sister, give me the Divine Spring of the Starry Sky on your body too, hehe, as long as you follow me obediently in the future, I won't treat you badly."

With a grasp of Bai Yu's palm, she grabbed the bottle of Starry Sky Divine Spring on Mei Xin's body.

Looking at the crystal-clear Starry Sky Divine Spring with dots of starlight shining, Bai Yu's eyes also showed a fiery look.

There are not many divine objects like the Starry Sky Divine Spring in the entire time and space. It is a very precious existence, something that originated from the other side of the starry sky.

"Master Baiyu, you brothers and sisters are fighting, you can't take away the things from my Qingyun Chamber of Commerce!"

Seeing that the Xingkong Shenquan fell into Bai Yu's hands, Chen Hufa immediately changed his face and argued.

"Hehe, what are you? You are not qualified to speak in front of me!"

Bai Yu's eyes turned cold, the spiritual energy in his palm exploded, and layers of space roared out.

That is a picture that people in the real world can never imagine.

Layers of space, each layer of space is like the universe, with the sun, moon and stars circulating, and the trajectory of the sky suspended.

A single layer of space is enough to accommodate hundreds of millions of people, to breed hundreds of millions of creatures, and countless suns, moons, mountains and rivers.

But now, with a wave of Bai Yu's hand, thousands of layers of space are created, and countless layers of universes are stacked, forming a raging wave, roaring and killing.

Chapter 9186

Not to mention people in the real world, even powerful men without time and space have rarely seen such a spectacular scene.

Tens of thousands of cosmic spaces were stacked and pressed, and Hufa Chen's eyes shrank, completely unable to resist.

Rumble!

Chen Hufa screamed, layer after layer of space was pressed, and exploded, like a big explosion of thousands of big universes, completely blew up his body at once, and all timelines were obliterated.

He is considered a master in the Qingyun Chamber of Commerce, but in terms of combat power, he is not inferior to Bai Yu.

However, in front of Bai Yu, he didn't even resist at all, and was directly crushed to death.

It's all because of Bai Yu's supernatural powers, which are excellent, and his use of the laws of space is already proficient.

As soon as his Taiyu bloodline is activated, the profound meaning of space explodes, and thousands of layers of space roar out, which is something that even some strong people are afraid of.

He didn't go head-to-head with Chen Hufa at all, but used the means of space magic to crush and kill the opponent, which can be called a dimensionality reduction blow.

"Brother, you... your magical powers are getting stronger and stronger."

Meixin was dripping with cold sweat, and her heart was terrified to the extreme.

Bai Yu smiled and said: "Junior Sister, come with me, Master has given me the task of burying reincarnation, I will handle it, you don't have to worry."

Meixin looked at Bai Yu's handsome face, but her smile was extremely sinister, and she knew that if she went with him, it would be forever!

"No, senior brother, I will not go with you even if I die!"

Charming Xin gritted her silver teeth, and suddenly drew her sword across her neck, saying:

"If you force me, I will die!"

Seeing that Meixin wanted to commit suicide, Bai Yu didn't panic, and said with a smile: "Junior Sister, do you want to kill yourself? Well, you can kill yourself, and I can take your body back."

Meixin was stunned, the hand holding the sword trembled violently, but she still didn't dare to cut it off, and didn't have the courage to cut off her own vitality.

Bai Yu smiled and said, "Why, don't you dare?"

Charm Xin trembled all over, recalling the pictures of hard work and progress since countless epochs, she still couldn't bear to cut herself off.

Suicide, such a heavy concept, may be something that ordinary people can do by gritting their teeth.

But for the strong who have no time and space, suicide is almost impossible.

Because every Wuwu expert has gone through countless tribulations, and his cultivation is not easy to come by. He knows the preciousness of life better than ordinary mortals.

Death is like a lamp being extinguished. Once a person dies, there is nothing left.

In Wu Wu time and space, even ordinary gods and gods dare not commit suicide, they do not have the courage.

Only those who can truly break through the laws of life and death and understand the avenue of life and death have the courage to commit suicide.

This kind of character will only be born once in ten thousand century yuan.

For example, Emperor Jiantian sacrificed himself in the past, enshrined the Dao of Destiny, and gave birth to the existence of the Myriad Sword God Star.

However, Meixin at this moment obviously has not been able to explore the road of life and death. She does not have the courage and courage to end her own life.

The stronger a person is, the more afraid of death he is.

How easy is it for a strong man with no rank to end himself?

Bai Yu smiled and said: "Since you dare not kill yourself, then obediently be my blood slave, don't worry, I will take good care of you and not squeeze you too much, hahaha..."

Mei Xin looked sad, not knowing what to do.

Bai Yu laughed, seemingly not hiding her desire and evil thoughts.

Only desire can make people progress and become stronger.

If you have no desires or desires, you are just a walking dead.

"Okay, come with me to Tianyang Domain, I will personally kill the Lord of Reincarnation."

"After reincarnation is destroyed, I will bring you back to the sect, and you will obediently be my slave."

Bai Yu smiled and said, looking very high-spirited.

He wanted to personally kill Ye Chen.

Of course, he also knew that Ye Chen was not easy to kill.

Therefore, he still needs the cooperation of Charm Heart.

At that moment, Bai Yu's body flickered, disguised as Protector Chen, to cover up the secret, and said:  
"Let's go, Junior Sister, take me to Tianyang Domain, hehe..."

The heavens are vast in time and space, without a lighthouse, Bai Yu would not know the coordinates of the Heavenly Sun Realm, and he would not even be able to find it in the Supreme World, so he needed Charm Heart to lead the way.

He took over the task of Meixin, but Ancient God Tuodi seemed to be too angry because of Meixin's failure, and didn't tell him the coordinates, and he didn't dare to ask more. Now he needs Meixin's help.

Meixin was in a state of confusion, she didn't want to die, and she didn't want to become Bai Yu's blood slave, but right now she had no good solution, only walking.

"Brother, come with me."

At that moment, Meixin was leading the way, and together with Bai Yu, they went to Tianyang Domain.

...

At this time, in the Tianyang Domain, Chongyang Daoist is still retreating, and Fan Xingyan is temporarily in control of the situation.

Fortunately, Daode Tianzun was also seriously injured and needed to retreat and recuperate.

Zihuang Immortal Palace did not invade again, and the two sides temporarily ceased fighting.

On the square in front of the Holy Fire Hall, the Chi Mo Poisonous Scorpion was blocked by thousands of iron chains, bleeding continuously, and humming in a low voice.

Compared with Chimo Poisonous Scorpion's muffled snort, Master Wentian's voice was simply the most miserable scream in the world.

Master Wen Tian was scorched black all over, and was about to be scorched into coke by the fire poison of the tinder.

He was lying on the ground, screaming and wailing, heartbroken.

Ye Chen and Su Nishang, guarding Master Wentian's side, all looked dignified.

Master Wentian was too injured to move and touch him, and if he touched him, he would scream even more terribly, in extreme pain, so he could only lie on the spot and wait for Charm Heart to bring back the Xingkong Shenquan.

"The power of the fire seed is so terrifying, if I awaken the fire star, what will happen?"

Ye Chen thought to himself, the so-called fire seed is just something conceived from the fire star of heaven.

The complete Tianhuo Mingxing has much more energy than the fire.

Seeing Master Wentian in such pain, one can know how fierce the power of the fire is.

With a complete Tianhuo Mingxing, its power must be even more terrifying.

Ye Chen's heart is hot, and he is imagining the future of Tianhuo Mingxing, but he also knows that in the real world, if he awakens one more Mingxing, it may be the limit.

If you want to light up the fire and life star, it is possible unless you go to the infinite time and space and break through the limitations.

While thinking about it, the space was broken, and two figures fell from the sky.

It was Meixin, and there was also a "Guardian" of the Qingyun Chamber of Commerce.

The protector of the Qingyun Chamber of Commerce was naturally Bai Yu in disguise, but he was covering up the secret, and Ye Chen and Su Nishang couldn't see it for a while.

"Girl Charm, you're back."

Seeing that Meixin had returned, Ye Chen was overjoyed.

Mei Xin nodded, and landed with Bai Yu.

Without changing her expression, she said to Bai Yu: "Chen Hufa, take out the Xingkong Shenquan."

Bai Yu said: "Yes."

Then he took out the star spring, handed it to Ye Chen, and said, "Lord of reincarnation, please accept it."

Chapter 9187

Ye Chen nodded, and wanted to reach out to pick up the Xingkong Shenquan, but at this moment, a huge sense of danger suddenly appeared in his heart.

This is his intuition tempered by continuous risk-taking training and killing, which is as keen as a wild beast.

Ye Chen immediately withdrew his hand, frowned, stared at Bai Yu, and said, "Who are you?"

Bai Yu said: "The villain is the protector of the Qingyun Chamber of Commerce. He was ordered to escort the Starry Sky Spring and present it to the Lord of Reincarnation."

Seeing Bai Yu's respectful appearance, Ye Chen still felt a strong sense of uneasiness and danger, and said, "Your Qingyun Chamber of Commerce was founded by Tianzun Leishen himself, so are you a follower of Tianzun Leishen?"

With firm eyes, Bai Yu said, "Yes, the villain is a believer of Thunder God Tianzun."

Ye Chen looked at his firm eyes, but felt a little strange, always felt that there was something wrong with his eyes.

To be precise, Bai Yu's eyes were a little tasteless, a little devout, completely different from Master Wentian's eyes of worship and respect, without fanatical emotion.

Eyes are not deceiving, Ye Chen caught the weirdness, and shouted: "No, you are not a believer in Thunder God, who are you?"

Hearing Ye Chen's scolding, Bai Yu's face suddenly sank.

Meixin hurriedly said: "The Lord of Reincarnation, he is the messenger of Qingyun Chamber of Commerce."

Ye Chen chuckled, and said, "The messenger of the Qingyun Chamber of Commerce? Have you ever mastered the Thunder God's way? Show it to me."

While speaking, Ye Chen struck a lightning sword towards Bai Yu's shoulder.

Bai Yu was terrified, only felt that Ye Chen's thunder sword was sharp, and wanted to tear himself apart.

He flicked his fingers subconsciously, the law of space exploded, and the void in front of him collapsed like a black hole, directly swallowing Ye Chen's thunder sword.

The law of space changes in this hand, showing a wonderful magical power.

But with his move, he has leaked the secret.

Ye Chen immediately caught the secret, understood everything, and shouted: "What envoy of the Qingyun Chamber of Commerce, you are the disciple of the ancient god Tuodi, the awakener of Taiyu's blood, Bai Yu!"

He captured all the scenes in an instant, Bai Yu killed Qingyun Chamber of Commerce's protector, disguised himself, threatened Meixin, asked her to be a blood slave, and so on.

"Damn it!"

Seeing that his identity was exposed, Bai Yu's heart was shocked, and his face trembled violently.

Ye Chen snorted, and shot very quickly, punching out with a blatant punch, opening the sky with every inch of strength.

Bai Yu's supernatural powers have changed dramatically, but his melee combat power is mediocre. Coupled with the restrictions of the rules here, seeing Ye Chen coming with a punch, he is completely unable to resist.

After all, this is the real world, and his cultivation is subject to huge restrictions. If there is no one out of ten, he cannot be Ye Chen's opponent in close combat.

In the midst of a crisis, Bai Yu threw out the bottle of Xingkong Shenquan and retreated.

Ye Chen was startled, and couldn't bear to smash the bottle, so he retracted his fist and grabbed the bottle in his hand.

Bai Yu escaped, but the Xingkong Shenquan was lost and fell into Ye Chen's hands, and he lost the initiative.

"Lord of reincarnation, you really have good vision and good means, I underestimated you!"

Bai Yu gritted her teeth, she didn't expect to be in such a mess after meeting each other.

Ye Chen chuckled, and conveniently tossed the Starry Sky Divine Spring bottle to Su Nishang for safekeeping, then stared at Bai Yu, then at Mei Xin, and said:

"You two brothers and sisters, do you come together, or come one by one?"

"I want to see how capable you are, and you still want to kill me?"

Meixin's face turned pale, seeing Ye Chen's fierce appearance, how could he dare to fight?

Bai Yu laughed loudly, and said: "Lord of Reincarnation, you are indeed powerful, but that's all for now. Since I dared to descend, I was certainly suppressed by the rules of the real world, and my strength is not one in ten, but I am naturally sure of suppressing you. "

"I'll let you see it today, my Taiyu bloodline is powerful!"

As soon as the words fell, Bai Yu's body's aura exploded, and all the camouflage was washed away, revealing the original appearance.

Mysterious laws of space bloomed from him, hanging like a waterfall of divine chains, and then those laws of space began to expand, evolving into a truly vast void, stacked layer upon layer, overwhelming, and quickly enveloped the entire sky. Yang domain.

The original appearance of the Tianyang domain world is no longer visible.

The entire world is enveloped by countless layers of stacked spaces.

Layers of space are stacked, and the sun, moon, and stars in each layer of space collide and bomb each other, forming an extremely spectacular picture that cannot be described with realistic words at all.

"Taixu Shengguang, suppress it for me!"

Bai Yu shouted violently, and the countless layers of stacked space suddenly condensed again, compressing into a dark and deep singularity.

This singularity of space emits a terrifying black light, and its weight is unbelievably heavy. It seems that tens of millions of layers of space universe and billions of stars have been compressed inside.

Because this spatial singularity is too heavy, once it is born, it collapses into a black hole, devouring everything around it madly.

The mountains, rivers and land in the Tianyang Region, where the protection of the forbidden law was weak, were swallowed up immediately. Countless mountains and trees rose up, madly falling into the spatial singularity in Bai Yu's hands, and were swallowed up.

Many warriors in the Tianyang Region, those with weaker cultivation bases, were captured and swallowed even if they were thousands of miles away, screaming in pain.

Master Wentian, who was seriously injured and lying on the ground, was almost swallowed. Fortunately, Su Nishang had quick eyesight and quick hands, and waved a forbidden method to protect Master Wentian.

Chapter 9188

The shocking weather fluctuations and the strange light of the black hole's collapse shocked the entire Tianyang domain.

Fan Xingyan hurried over to check with many strong men.

Daoist Chongyang who was in retreat, his complexion sank, he opened his eyes, saw the changes in the outside world, and murmured in a low voice: "Master Baiyu is here... Lord of Reincarnation, don't let me down..."

He wanted to go out, but in the end he held back and chose to believe in Ye Chen's strength.

At this time, Ye Chen was facing terrifying pressure.

With a big wave of Bai Yu's hand, that spatial singularity, with a destructive divine light, was suppressed rumblingly, intending to swallow Ye Chen's whole body.

"Is this the supernatural power change of Taiyu's bloodline? It's really wonderful."

Ye Chen's eyes moved, and he had never seen such a mysterious space magic power. Compressing space, collapsing into a void, and devouring the enemy is indeed an extremely clever method.

This is still the result of being suppressed.

If it is in Wuwu time and space, I am afraid that I will lose with one move.

However, he is not a weak person, so naturally he cannot be swallowed so easily.

"Tianlei Shenmai, Divine Sword Thunder Control Art, break it for me!"

Ye Chen yelled violently, the Heavenly Thunder Divine Vessel was opened directly, and the thunder exploded all over his body, and then he sacrificed the Samsara Heavenly Sword, summoning the Nine Heavens Divine Thunder, brilliant Tianwei, and using the sword to induce it.

Rolling thunder and lightning, falling down like a waterfall, merged with the Samsara Heavenly Sword.

hum!

The Heavenly Sword of Reincarnation vibrated violently, its brilliance bloomed, it split light into shadows, and burst out thousands of thunderous sword energy, blatantly slashing towards that spatial singularity.

Rumble!

Tens of thousands of thunder and sword qi exploded, shattering all the tens of thousands of compressed spaces in that spatial singularity.

The singularity shattered, the pressure of the black hole disappeared, and there was only Ye Chen's thunderous sword aura and brilliant heavenly power between the heaven and the earth.

"What!"

Seeing this scene, Bai Yu was horrified. He never expected that Ye Chen's combat power would be so ferocious, breaking his spatial magic power with a single strike.

"Damn it, Lord of Reincarnation, it seems that I underestimated you! If I hadn't been suppressed, you would have died long ago! Junior sister, why are you still standing there, why don't you help me!"

Bai Yu roared and shouted at Mei Xin.

He felt Ye Chen's strength, and now that he was suppressed by the rules, if he was alone, he might not be able to match Ye Chen.

He needed Meixin's help, but Meixin was dumbstruck, froze in place, as if shocked by Ye Chen's domineering, and did not dare to make a move at all.

"Bai Yu, it seems that your Taiyu bloodline can't exert much power under the starry sky of this world."

Ye Chen sneered again and again, the real world is his dojo, with a wave of his hand, thousands of thunder sword qi, like a rainstorm rushing backwards, swept towards Bai Yu with rumbling thunder.

After all, this is the real world, and Bai Yu's blood and strength are restricted by the laws of reality.

For Ye Chen, this is naturally a great thing.

Under such restrictions, he has a chance to kill Bai Yu directly!

Seeing Ye Chen's lightning strike, Bai Yu's eyes narrowed, but he didn't panic, and said coldly:

"Lord of Reincarnation, even if my bloodline is restricted, the mysteries of my space laws are not something you can compete with."

As the voice fell, Bai Yu made handprints one after another, and the silk threads of the law of space swelled and turned into a vast void, spreading layer by layer in front of him.

Ye Chen's thunderous sword energy, slashing wildly, could not break through the distance between layers of space, and could not get close to Bai Yu at all, so he was exhausted by the boundless space and disappeared invisible.

This is Bai Yu's method.

He has the blood of the universe, and he controls the ultimate space mystery. In the face of the enemy's attack, he can create tens of millions of layers of space, which is farther and farther than the universe, exhausting all the enemy's offensives.

Ye Chen's Divine Sword Yu Lei Jue can kill people across the air, across the distance of light-years in the universe, and kill enemies.

However, this kind of killing is also limited.

The space released by Bai Yu is vaster than the light years of the universe, and even Ye Chen's divine sword Yu Lei Jue cannot break through.

If you want to break through, there is only the legendary Heaven Dou Massacre Sword.

The Heaven Dou Massacre Sword is the most powerful sword technique in the world. With a single strike, it can break through the limitations of time and space in the sky, and even span time and time. It can kill whoever it wants.

However, no one in the world can practice such a superb swordsmanship.

Ye Chen's Divine Sword Yulei burst out thousands of thunder and lightning sword energy again, roaring and beheading, but still failed to break through the limitation of the long space, and all means could not harm Bai Yu itself.

"Hahaha, Lord of Reincarnation, how about it? Unless you can get close to my body, you won't be able to hurt me."

Bai Yu laughed loudly, and slashed out with a sword across the air.

A beam of sword light continued to project and grow in the tens of thousands of spaces, and finally wrapped in the shocking power of space, it smashed towards Ye Chen.

"Great Tomb Excalibur, break it!"

Facing such a shocking sword, Ye Chen even needed to use the Great Tomb Sword to resist it.

However, Ye Chen's spiritual energy was also consumed a lot after casting the Great Tomb Excalibur.

Su Nishang, Fan Xingyan, and many strong men in Tianyang Region were deeply worried when they saw such a battle.

If this continues, Ye Chen will also be consumed by Bai Yu to death.

"Hahaha, Lord of Reincarnation, your fighting power is indeed strong, I am not your opponent."

"However, my supernatural powers are ten thousand times more subtle than yours, so you just wait to be played to death by me!"

Bai Yu laughed wildly, his body was suspended in the sky, and it seemed that he was not far from Ye Chen, but in fact, there was a distance of tens of millions of spaces between the two of them.

## Chapter 9189

There are tens of millions of spaces, each of which is a cosmic starry sky. If Ye Chen wants to break through, he will have to cross a distance longer than the light years of the universe, which is almost impossible.

If he wanted to defeat Bai Yu, he had to get close to Bai Yu's body and fight in close quarters.

But at such a long and hopeless spatial distance, how could he get close?

"Hehe, do you really think I can't get close to you? Dahuang steals the heavenly art, break it for me!"

Ye Chen looked at Bai Yu's arrogant appearance, but he didn't panic at all. Instead, he sneered, and when he shook his palm, there was an ancient aura in his hand, and the Great Desolation Stealing Heaven technique was cast instantly.

As soon as the Great Desolation Stealing Heaven Art was cast, Ye Chen stole the space, and the layers of space collapsed, making a rumbling sound of explosion.

In the blink of an eye, all the space was stolen by Ye Chen.

The distance between Ye Chen and Bai Yu was suddenly shortened.

Amidst countless pairs of horrified gazes, Ye Chen flashed and appeared in front of Bai Yu, reaching out and grabbing Bai Yu's collar, like pinching a chick.

Bai Yu was stunned, looking at Ye Chen's face close to Chi Chi, he was stunned and couldn't believe his eyes.

"you you you you....."

Bai Yu trembled all over, feeling that under Ye Chen's control, she couldn't exert any strength.

"Laugh, keep laughing, why don't you laugh?"

The corner of Ye Chen's mouth curled up into a stern smile, staring at Bai Yu and said.

At this moment, Bai Yu couldn't be arrogant at all, her whole body was trembling.

He never expected that Ye Chen would break his space law and kill him in an instant.

His Taiyu bloodline and all kinds of space means are indeed exquisite.

However, Ye Chen's Great Desolation Stealing Heaven Technique, which can just steal the space, restrained him faintly.

"You are alone, and you want to come down and kill me. You don't think much of me."

Ye Chen's voice was cold. In fact, when Meixin came, he just wanted to get close to him, plotting slowly, and didn't dare to disturb the killer at all.

Because of the luck and strength of reincarnation, all heavens can see it, and no one dares to act rashly.

But Ancient God Tuodi, probably because of his charming heart revealed, disappointed and furious, actually wanted Bai Yu to do it directly.

It's just that, just a white feather, when it came to reality, its strength was suppressed, and there was no one in strength. It was impossible to fight against Ye Chen, and he was easily manipulated by Ye Chen.

"Die to me!"

Ye Chen pinched Bai Yu's neck, opening the sky with every inch of strength, the violent force burst out, mixed with the power of the divine sword Yu Lei Jue, the thunder burst out, and Bai Yu was about to be pinched to death.

Bai Yu's face was flushed, the bones in his neck were cracking, and he couldn't breathe.

Under the pressure of Ye Chen's power, he felt that his timeline was collapsing and dissipating one by one.

Ye Chen discovered that the timeline on Bai Yu's body was much rarer than that of Feng Taixu of the Phoenix lineage.

This is because, in the past years, Bai Yu has often been punished by the ancient god Tuodi, and has died many times, and the timeline left on his body is much rarer than that of ordinary Wu Wuqiang.

This means that if Ye Chen explodes with all his strength, there is a possibility of completely obliterating him!

Feeling the danger of death, Bai Yu was panicked and shaken in his heart. Under Ye Chen's strangulation, he uttered with difficulty: "Reincarnation... Lord of reincarnation, spare me once, I am willing to surrender..."

The stronger the person, the more afraid of death, Bai Yu knows the preciousness of life, and he doesn't want to die just like that, so he immediately begged Ye Chen for mercy, hoping to survive.

"Hehe, you are a strong man without time and space, I dare not accept you, you should die for me!"

Ye Chen sneered, he didn't mean to subdue Bai Yu, he just wanted to kill him directly.

He increased the strength in his hand, and exerted the power of Zhou Guang's bloodline, searching for the timeline existing on Bai Yu's body, making sure to wipe out all his existence.

Bai Yu was terrified, seeing that Ye Chen refused to surrender, he was already doomed.

The fear in his heart turned into anger.

"Lord of reincarnation, you...you want to kill me, then we will die together!"

"Blood of Taiyu, explode for me!"

With a loud cry, Bai Yu's body swelled up, and it turned out to be a self-exploding bloodline.

His Taiyu bloodline exploded in an instant, and countless space fragments shot out.

Billions of space debris shot into Ye Chen's body like chaotic rain.

Ye Chen let out a muffled snort, and felt fragments of space being shot into his body. His brain was suddenly empty, blank, and he couldn't feel anything.

His brain could have easily controlled his body.

But now, his body is full of space fragments, and countless spaces are deeply integrated into his blood, completely isolating every organ in his body.

On the surface, Ye Chen is still a complete person.

But in fact, his brain, his hands and feet, and his body are all isolated by countless vast spaces like isolated islands.

His brain sends out ideas, but it can't break through the limitation of space, and the nerves can't be transmitted to the hands, feet and body.

His body, hands and feet were suddenly stiff and motionless, unable to receive instructions from the brain.

This is an extremely mysterious state, and no one should have experienced it in the real world.

After Bai Yu blew her own blood, her body also exploded, and all timelines were destroyed, and she died completely.

There was a shocking explosion, flesh and blood flew everywhere, and the air waves were ferocious.

Ye Chen's hands and feet were stiff, and he couldn't dodge at all. He was severely injured by the explosion and fell to the ground, making a big hole.

"Brother!"

Seeing that Bai Yu blew himself up and Ye Chen was seriously injured, Meixin panicked.

On Tianyangyu's side, Su Nishang, Fan Xingyan and the others saw Ye Chen falling to the ground with serious injuries, so they hurried over to check.

Meixin was afraid and hesitant, not knowing what to do, so she took advantage of the chaos and fled away.

Ye Chen's condition was very bad, Bai Yu's Taiyu bloodline exploded, the lethality was too great, and the negative effects were too mysterious.

All the organs of Ye Chen's body were isolated by layers of space, and he couldn't even blink his eyes.

Because, when his brain sent out the idea of blinking, before it reached the eyes, the energy was exhausted by the boundless space.

"Oops, his body!"

Su Nishang held Ye Chen's hand, and instantly felt the weirdness of Ye Chen's body.

"Vulcan Tianzun, what happened to Brother Ye? Why is he motionless?"

Fan Xingyan panicked, now Ye Chen was as stiff as a zombie, his wounds were bleeding all over his body, he looked very scary.

What's even more frightening is that thorns and barbs grew on Ye Chen's skin, and each thorn barbed pierced his skin, growing wildly, as if to explode his body.

That is the power of the Throne of Thorns.

Ye Chen's current state is very bad. The Throne of Thorns lost control and began to grow wildly, trying to explode Ye Chen.

"No, Throne of Thorns!"

Chapter 9190

Su Nishang gritted her teeth, before she had time to think about it, she stuffed the Xingkong Shenquan bottle into Fan Xingyan's hand, and then hugged Ye Chen's body.

Crash!

In the next moment, Su Nishang's body turned into a stream of red light, merged into Ye Chen's body, and entered the scorching sun and star space.

After entering the scorching sun and star space, Su Nishang saw an astonishing scene.

Countless thorns grow crazily in this space world, piled up into a jungle, piled up to the sky, and even the sky seems to be pierced.

"Suzaku Lie Yan, suppress it!"

Su Nishang knew that if this continued, Ye Chen's life might be in danger.

As soon as she gritted her silver teeth, she immediately burned her body, turning into a plume of Suzaku flames, sweeping across the sky and earth, burning and suppressing all the savagely growing thorns.

She burned herself, just like she burned in the fire.

But at that time, she was passively burning.

Now she is taking the initiative to save Ye Chen!

Under the burning of Su Nishang, the savage and raging energy of the Throne of Thorns was finally suppressed.

However, Ye Chen's physical condition is still bad.

Inside the blood vessels of his body, there are pieces of space that isolate all his organs into isolated islands in the sea, not connected to each other.

These spaces have been deeply embedded in his blood, and even the Great Desolation Stealing Heaven Art cannot solve it.

Outside, seeing Su Nishang disappearing and merging into Ye Chen's body, Fan Xingyan was even more flustered.

She was alone and had no idea how to control the situation.

She tried to pinch the formula, trying to heal Ye Chen, but it didn't work at all.

"Master, get out of the customs quickly!"

Fan Xingyan yelled, trying to call Chongyang Daoist to go out, but she didn't get a response.

Obviously, at this moment, Daoist Chongyang doesn't want to leave the customs so quickly, and he is still recovering.

Ye Chen felt that his state was bad, and his heart was heavy.

However, he did not panic and remained calm.

"It seems that if I want to return to normal, I can only burn the blood of Zhou Guang."

Ye Chen smiled wryly in his heart, and somehow saw a way to break the situation.

As long as he burns out Zhou Guang's blood, he can reverse time and restore his body to its original normal appearance.

But this method comes at a huge cost.

The Zhou Guang bloodline that he had just devoured not long ago may be about to disappear from now on.

However, at this juncture, Ye Chen had no choice.

"Master tomb owner, I don't need to pay such a big price, I can help you ease the situation."

At this moment, Fairy Scarlet Phoenix's voice came from the cemetery of reincarnation.

"Oh, Scarlet Phoenix Fairy, do you have a solution?"

Ye Chen's heart moved and he asked.

"Well, I can make your body, reconnect."

"Master Tomb Master, let's meet again when you go to Wuwu Time and Space in the future."

There was a trace of determination in Fairy Scarlet Phoenix's voice.

The next moment, she closed her eyes and burned her soul.

She turned into a red phoenix and burned in the cemetery of reincarnation. The scene was quite magnificent.

As Fairy Scarlet Phoenix burned, the energy of her soul spread throughout Ye Chen's body, forming special veins.

These passages reconnect Ye Chen's isolated organs.

Ye Chen's brain thoughts can re-communicate with the body along these channels.

"Fairy Scarlet Phoenix..."

Ye Chen was moved for a while, but he didn't expect that the method that Fairy Chihuang said was to burn his own soul and bring him vitality.

With the help of Fairy Scarlet Phoenix, Ye Chen was finally able to regain control of his body.

However, the pieces of space fragments in his body have not been eliminated, and are still deeply imprinted in his blood like tarsal maggots.

Under the nest of countless space fragments, all the organs of Ye Chen's body were isolated into isolated islands.

Fairy Scarlet Phoenix's soul was burning, and a passage was established between these isolated islands.

However, once her soul power completely dissipated, the channel would be broken, and Ye Chen would lose control of her body again.

It is estimated that the channel established by her divine soul burning can last for seven days.

During these seven days, Ye Chen had to find a way to get rid of the space debris in his body.

"If I can refine these space fragments, I can even control the power of the Taiyu bloodline!"

Ye Chen's eyes froze. For him, these space fragments are a great disaster and a great opportunity.

Every piece of space debris contains the pure energy of Baiyu Taiyu's bloodline.

If Ye Chen could refine all of them, it would be equivalent to devouring the blood of Taiyu and controlling the ultimate power of space.

At that time, he will control Zhouguang's bloodline and Taiyu's bloodline at the same time, and the mysteries of time and space will complement each other, and his strength will advance by leaps and bounds!

However, those space fragments, each fragment, presents a vast world, as incredible as the light years of the universe, so it is not easy to refine it?

"Ye Chen, if you can find the Myriad Sword God Star, maybe you can break through the sky with your sword and refine these space debris."

"Myriad Sword God Star? Miss Su, do you know where this star is?"

However, since the fall of Thunder God Tianzun, the Ten Thousand Sword God Star has also disappeared, and it is unknown where it fell.
