

Physician 9191

Chapter 9191

On Ye Chen's palm, there is the remnant breath of Thunder God Tianzun. If he gets close to Wanjian God Star, it will manifest a special atmosphere.

It's just that Ye Chen doesn't know where the Myriad Sword God Star is.

Looking at Su Nishang's appearance, she seems to know the whereabouts of Wan Jian Shen Xing!

"Ok, I know."

Su Nishang nodded lightly, and said: "When the Wanjian God star fell, it fell in a place called the Rune Holy Land."

Ye Chen said, "Sacred Runes?"

Su Nishang said: "Yes, the Rune Holy Land is a place dedicated to cultivating talismans in Wuwu Time and Space. A long time ago, the Wanjian God Star fell, and the sword energy cut it, cutting a small piece of the Rune Holy Land."

"This small piece of holy land should have fallen in the real world, and the Myriad Sword God Star is also on it."

"Wait, I'll help you deduce the coordinates of the holy land now."

Su Nishang twitched her slender fingers, and calculated the coordinates of that small piece of holy land based on the ancient clues.

Ye Chen watched nervously. After calculating for a while, Su Nishang revealed a painful and helpless expression, shook his head and said:

"No, my strength has declined too much, and my aura is not enough, so I can't calculate it."

"Ye Chen, please help me."

Ye Chen said, "How can I help?"

Su Nishang said: "Come here, pour your aura into me."

Ye Chen said "Oh", and his divine sense was projected into the scorching sun and life star world, and a figure transformed into a figure, walking to Su Nishang's side.

Su Nishang was floating above the Throne of Thorns, suppressing the savage growth of the thorns. Under her suppression, the Throne of Thorns couldn't wreak havoc, and Ye Chen was very grateful.

He walked up behind Su Nishang, stretched out his palm, pressed it against her back, poured his spiritual energy into it, and said, "Is that enough?"

Su Nishang was infused with Ye Chen's aura, and her spirits were greatly lifted, but she still shook her head and said, "Not enough, just get closer to me."

Ye Chen nodded, and moved his body close to her. The other palm also rested on Su Nishang's back, transmitting spiritual energy.

"Come closer."

Su Nishang said softly.

Ye Chen was stunned, but he didn't know how to get closer.

Su Nishang suddenly turned her head, and there was a trace of flame-like heat in her pure and quiet eyes.

She hugged Ye Chen, and her delicate body was close to Ye Chen.

Ye Chen could feel that her skin was burning like fire.

Then, Su Nishang put her arms around Ye Chen's neck, and the two of them unexpectedly touched a trace of lips.

"Miss Su..."

Ye Chen was completely stunned, only feeling a little sudden.

Su Nishang's kiss was really like fire.

Ye Chen felt that his whole body was being burned by infinite flames.

Su Nishang kept absorbing the aura from Ye Chen's body.

Ye Chen felt a little empty all of a sudden, Su Nishang let go of Ye Chen after absorbing a lot of spiritual energy, with a hint of surprise and apology in his eyes, he said, "Okay, I'm sorry."

Ye Chen was a little taken aback, and said, "No...it's okay."

Su Nishang smiled gently, this smile was not a disguise, but a joy from the heart.

Her Dao heart was already numb, but with this kiss, many feelings seemed to be revived.

Then, Su Nishang used Ye Chen's aura to deduce the coordinates of the Rune Holy Land again.

This time, she deduced it, and there was a mysterious weather in the void, and an ancient picture emerged.

In the picture, there is a vast territory, stretched like a picture scroll in the void world of the outer world, covered with all kinds of ancient and mysterious runes, hidden by the secrets of heaven, extremely hidden.

If it weren't for Su Nishang, who had the clues, it would be impossible to deduce the coordinates of the rune holy land.

Because of the cover of the many runes, few people in Tianwaitian knew the whereabouts of the rune holy land.

"It turns out that the rune holy land is in Tianwaitian!"

Ye Chen looked at the screen of that day, and he caught a trace of the breath of Wanjian Shenxing.

hum!

There was a wave in his palm, and thunder light emerged, forming a thunder character glyph.

The aura left by Thunder God Tianzun has also changed at this moment, resonating with the distant Wanjian God Star.

The legendary Myriad Sword God Star is indeed located on the Rune Holy Land.

As long as he finds the Myriad Sword God Star, Ye Chen can use his sword to crush and crush the space fragments in his body, so as to refine all those fragments, solve the abnormality of the body, and even go a step further, control the power of Taiyu's blood!

Seeing that the whereabouts of the Rune Holy Land had been found, Su Nishang also smiled softly, and said, "That's good, you go to the Rune Holy Land, maybe you can find the Wanjian God Star."

She believed that Ye Chen's great luck, a chance that belonged to Ye Chen, would definitely not fail.

"Thank you, Miss Su."

Ye Chen smiled gratefully, seeing Su Nishang's gentle and calm posture, his heart was also slightly shaken.

Then, both of them had a tacit understanding and gave each other a hug.

The hug was wordless, but it surpassed everything else.

After the hug was over, Su Nishang bit Ye Chen's earlobe lightly, and said in a low voice, "Don't let Siqing know about the matter between us."

Ye Chen was taken aback, and said, "Why?"

Su Nishang blushed and said, "Anyway, don't let her know."

Ye Chen coughed and said, "Okay."

He thought to himself that Su Nishang was considered half of Ji Siqing's master, probably to maintain his image, so he didn't want Ji Siqing to know about her.

Ye Chen thanked Su Nishang a few more words, and then left the life star world, returned to reality, and stood up.

Chapter 9192

Outside, Fan Xingyan saw that Ye Chen, who was frozen like a zombie just now, suddenly resumed his activities. He was shocked and overjoyed, and said, "Brother Ye, are you alright?"

Ye Chen smiled wryly, but felt a tearing pain in his body.

When Bai Yu blew himself up just now, Ye Chen was also hit by a huge explosion, and his injuries were quite serious.

"I can't die for now."

Ye Chen took a deep breath and suppressed the injury first.

He has no time to heal his wounds, the channel established by Fairy Scarlet Phoenix will last up to seven days.

In these seven days, he must find the Myriad Sword God Star and refine the space debris in his body.

"Brother Ye, where are you going?"

Seeing that Ye Chen seemed to be leaving, Fan Xingyan became worried.

Now the entire Tianyang Territory is in chaos, and she doesn't know how to deal with it.

"I'm leaving, Miss Fan. I'll leave it to you to treat Master Wentian and tame Yiwei."

Ye Chen looked at Master Wentian, and then at the end.

Just now when he fought with Bai Yu, Bai Yu blew himself up in the end. The horrific damage caused caused Tianyang Domain to collapse everywhere.

However, fortunately, there are various large formations guarding the Sacred Fire Hall.

Therefore, even if the Holy Fire Palace is at the center of the battle vortex, the damage it suffers is the smallest.

Neither Master Wentian nor Yiwei suffered any harm.

Master Wen Tian's injury from the fire poison is still serious, but luckily he has obtained the Star Spring.

"You have this star spring in your hand, don't be afraid." Ye Chen comforted.

"But....."

Fan Xingyan looked at the bottle in her hand, still feeling uneasy.

Healing Master Wentian and taming Yiwei, these things are too important, and the cause and effect involved are too huge, she is worried that she will not be able to handle them.

"Believe in yourself, Miss Fan, I'll go first."

Ye Chen smiled, touched Fan Xingyan's head, encouraged her, and then left Tianyang Domain.

"Brother Ye!"

Seeing Ye Chen leaving, Fan Xingyan felt very anxious, and wanted to catch up and persuade him to stay.

However, Ye Chen had more important things to do, so naturally it was impossible to stay any longer.

Ye Chen left Tianyang Domain, locked on the coordinates of the Rune Holy Land, and rushed away through the air.

...

But when Ye Chen rushed to the rune holy land, in the infinite time and space, in the center of Tuodi Tianzong, on the top of the sword of the ancient Tiansin sword, the ancient god Tuodi was extremely furious and horrified.

"Bai Yu is dead, how is this possible!"

"That kid Ye Chen can actually kill Bai Yu! Even if Bai Yu's strength is suppressed, he can only play one level, so it shouldn't be possible for him to die in the real world!"

"

The ancient god Tuodi almost vomited blood, he had captured the secret and knew everything.

He never expected that Bai Yu would die in Ye Chen's hands, and even died so miserably that even Taiyu's bloodline blew up.

Like Samsara bloodline, Zhouguang bloodline, Taiyu bloodline, etc., the existence of the top ten bloodlines in the heavens is unique and can only be controlled by one person, which is very precious.

Bai Yu blew himself up, and Emperor Tuo Tianzong lost the blood of Taiyu, and the loss was very heavy.

"That girl Meixin, I definitely want her to die!"

Ancient God Tuodi thought of Meixin and was furious again.

Beside him, several Dharma Guardian Yakshas accompanied him, and the Black Blood Demon Venerable was also among them. Seeing his enraged posture, he didn't dare to make a sound, and silently lowered his head.

After the anger passed, Ancient God Tuo Di took a few deep breaths, barely calmed down, and said gloomily:

"I was careless. Burying reincarnation is really not that simple."

He settled down, thinking about gains and losses.

Ye Chen's progress is getting faster and faster. Looking at this trend, if Ye Chen ascends to Nowhere in Time and Space in the future, he will reach the sky in one step and become the Lord God of Heaven.

When the time comes, it will be the end of Ancient God Tuodi!

Even if reincarnation cannot be destroyed, Ye Chen's arrogance must be suppressed, and he cannot be allowed to continue to progress!

Thinking this way, Ancient God Tuodi calmed down completely, his eyes flickered, and he kept thinking about countermeasures.

Several dharma guardian yakshas around, seeing such a stern appearance of the ancient god Tuodi, were all silent, not knowing what he would do.

"Looks like it's time to go to the Temple of Ten Thousand Ruins."

Ancient God Tuodi opened his mouth softly and murmured.

All the yakshas couldn't help being surprised when they heard that the ancient god Tuodi was going to the Wanxu Temple, so he thought he was going to meet the ancient emperor Yuhuang.

But when they thought that they would not have to deal with Ye Chen next, they breathed a sigh of relief.

In the next moment, the figure of the ancient god Tuodi disappeared from the spot.

...

It is also in the world of no time and space, the god of death.

The Death God World is the world where the Death God Order is located.

Today, the world has been divided into two halves.

Half of them are controlled by the Apocalypse Supreme.

The other half is controlled by the witch.

The civil war between the Witch and the Supreme Apocalypse has been going on for several days. The casualties on both sides have been horrific, which has shocked the entire Wuwu time and space. Many forces have been involved, and hundreds of millions of people die every day.

In the Witch's Realm, in a steamy pool.

The witch is taking a bath, enjoying this moment of joy and tranquility during the tense battle.

"Apocalypse Supreme has a wide network of people. In this civil war, he can invite countless experts to help him fight. I will lose to him sooner or later."

The witch thought calmly, deeply worried.

If she can still control the Throne of Thorns, she will naturally not be afraid.

But now, the Throne of Thorns has been lost and occupied by Ye Chen. She is very struggling to face the Supreme Apocalypse.

"Damn boy, how dare you occupy my Throne of Thorns, I must kill you!"

A hint of ferocity flashed across the witch's eyes. If she wanted to win the civil war, she had to take back the Throne of Thorns first.

After thinking for a while, the witch called out, "Hourglass, come here."

When her voice fell, she saw a young girl who stepped through the void and came to the pool, bowed to her and said, "Master Witch, did you summon me?"

This young girl was wearing a plain gauze dress, her skin was tender and white, her feet were bare, she had a gentle and tender posture, and she looked very pure on the surface.

But behind her, there is a faint weather manifestation of an hourglass.

That hourglass shows the mystery of time flow, full of vast, great and mysterious atmosphere, as if it contains the ultimate vicissitudes of time and the philosophy of time.

This girl is the third-ranked existence among the twelve guardians of the Death God Order, code-named: Hourglass!

Chapter 9193

The hourglass, the sand of time, is a symbol of the flow of time.

If Ye Chen were here, he would definitely be surprised.

Because the aura emanating from this hourglass girl is very similar to Zhou Guang's bloodline.

Even, she seems to have mastered the mystery of Zhou Guang's bloodline!

This is impossible.

Because the Zhouguang bloodline is an extremely special bloodline, and it is also a unique existence.

Once one has it, no one else will.

In this era, the first awakener of Zhou Guang's bloodline was Li Jueyun.

Later, Li Jueyun was killed by Ye Chen, and Zhou Guang's blood was also swallowed by Ye Chen.

If you look carefully, this hourglass girl does control the supreme mystery of Zhou Guang's bloodline. Although she does not have a real bloodline, she has an imaginary bloodline!

There is no time and space, and the laws are very magical. Real things cannot be possessed, but they can be manifested through fantasy.

Now this hourglass girl has a phantom Zhouguang bloodline in her body, which is not real, but just a concept.

But this concept has been cultivated by her to a superb level, revealing the mysteries of all the avenues of time, and the great meteorological manifestation of the sand of time.

"Hourglass, I want to send you to deal with Ye Chen."

"If you can kill him, you can take back the Throne of Thorns, and even make your fantasy blood of Zhou Guang a reality."

The witch slowly said that she must take back the Throne of Thorns, otherwise, she would not be able to fight against the Supreme Apocalypse.

The hourglass girl's face was calm, and her state of mind seemed to be as vast as time and years, without the slightest disturbance. When she heard the task assigned by the witch, she did not show the slightest surprise, and she remained calm, saying:

"Master Witch, if I go to deal with Ye Chen, our side may not be able to stop the attack of Supreme Apocalypse."

Now the Reaper's Order is in the midst of a civil war, and the Hourglass Girl is the third-ranked protector. She is very powerful and can be said to be the witch's right-hand man.

If she left, the witch camp would lose a general, and it would be difficult to fight against the Supreme Apocalypse.

"It's okay, I can last a few days."

"Well, I'll give you seven days. You go down and deal with Ye Chen. After seven days, you will come back regardless of success or failure."

The witch pondered for a while, then said.

The hourglass girl said: "The reincarnation luck is strong, I guess I can't kill him, but, Mrs. Witch, don't worry, I will try my best to take back the Throne of Thorns."

The witch said: "Very well, I will give you the coordinates, you can go."

With a wave of her finger, a flash of spiritual light hit the hourglass girl's forehead, which was the coordinates of the Throne of Thorns.

The Throne of Thorns has been swallowed by Ye Chen.

As long as you lock the coordinates of the Throne of Thorns, you can naturally find Ye Chen.

"Yes, Mrs. Witch, I'm leaving."

The hourglass girl bowed again, then turned and left.

The witch looked at the girl's leaving figure with serious eyes.

Now, she pinned all her hopes on this young girl.

If the hourglass girl cannot take back the Throne of Thorns, what awaits her will be a fate of destruction!

...

At this time, in the Taishang World, the Yuhuang Heaven Realm, and the Ten Thousand Ruins Temple.

Emperor Yuhuang is currently practicing in closed doors. During this time, the outside world has undergone drastic changes and undercurrents.

Ye Chen's brilliance was unleashed, and he defeated the demon ancestor Wutian, and the arrogance of the reincarnation camp was blazing.

However, the battle between Ye Chen and Chongyang Daoist, Daode Tianzun, Meixin, Baiyu and others touched the secret of heaven, and was also noticed by Emperor Yuhuang.

"Bai Yu blew himself up, this kid was injured by space debris, where is he going?"

Emperor Yuhuang frowned, and calculated with his fingers, trying to gain insight into Ye Chen's next move, so as to make arrangements in advance.

It's just that Ye Chen is going to the Rune Holy Land to find the Myriad Sword God Star. The secret is very hidden, and the Emperor Yuhuang can't figure it out.

Just as he was wondering, the ancient Emperor Yuhuang suddenly smelled a strange smell.

This smell can only be emitted from dead people. It is a mixture of corpse smell and death breath, making people creepy.

The void in front of his eyes trembled, and something mysterious and inexplicable was about to be born.

"Where is the monster?"

Emperor Yuhuang was shocked and wanted to suppress it.

"It's me, Ancient Emperor Yuhuang."

An extremely desolate voice sounded from the void, it was the voice of the ancient god Tuodi.

"Hehe, Ancient God Tuodi, it's you."

Ancient Emperor Yuhuang sneered and withdrew his palm.

In the void, dark and mysterious energy surged like a tide.

Immediately afterwards, a dead face emerged from the void, it was the face of the ancient god Tuodi.

Ancient Emperor Yuhuang didn't panic when he saw Ancient God Tuodi, because this is the real world, limited by laws.

Moreover, this is still the Yuhuang Heaven Realm, the territory of Wanxu. If there is a fight, he will be able to suppress the ancient god Tuodi with the help of Wanxu's land veins.

"Gudi Yuhuang, long time no see."

The dead face of the ancient god Tuodi floated in the void, looking quite terrifying.

"Ancient God Tuodi, what are you doing here? Have you finally figured it out and want to return all my power to me?"

Ancient Emperor Yuhuang sneered again and again, he had actually communicated with Ancient God Tuodi many times.

He has even stolen the power of the ancient God Tuodi many times!

In the eyes of Ancient Emperor Yuhuang, Ancient God Tuodi is his future body, and his power belongs to him.

Hearing such domineering and unreasonable words from Emperor Yuhuang, Ancient God Tuodi just chuckled and said: "The gods saw through the future and created me to end the fate of the Nine Gods. My realm is not something you can understand. "

Chapter 9194

"There's really nothing to talk about between us."

"I came down here just to discuss one thing with you."

Emperor Yuhuang said indifferently: "What's the matter? You want to kill reincarnation?"

He didn't even need to guess, he already knew what the Ancient God Tuodi was thinking, that he wanted to use his hand to eradicate reincarnation.

But, if you want to kill Ye Chen, how can it be so easy?

The demon ancestor Wutian was aggressive and tyrannical, holding the authority of the god of death, shaking the world, but he was still defeated by Ye Chen.

Emperor Yuhuang was deeply afraid, and he didn't dare to make any moves recently.

He wanted to wait until a few months later, when Ye Chen and Tiannv had a decisive battle.

He had to wait for the result of the decisive battle before planning his next move.

Tuo Di Gu Shen said: "Yes, that kid Ye Chen is getting more and more arrogant, and his progress is getting faster and faster. If we don't suppress him, we will all die."

Emperor Yuhuang laughed loudly, and said: "If you want to destroy reincarnation, then go by yourself. I'm not interested. I don't want to be reduced to the end of Demon Ancestor Wutian."

The ancient god Tuodi said in a deep voice: "Pull the reincarnation, I already have a manpower, I don't need you to send someone out, I just want to borrow your Wanxu earth veins to increase Erwei's strength."

The ancient Emperor Yuhuang was terrified, and said: "What Erwei?"

Tuo Di Gu Shen said: "It is a clone of the ten-tailed beast, the two-tailed beast, the blood-fanged wolf."

While speaking, Ancient God Tuo Di stretched out his hand, and blood bubbles burst out of his palm, mysterious blood flowed out, and the fishy smell spread in the void.

A deep howling of wolves, as if from ancient times, seemed to come from the depths of hell, reaching the ears of Emperor Yuhuang.

Then, a wolf beast as huge as a mountain, extremely ferocious, with blood-stained fangs, emerged from the billowing blood, broke through the void, and appeared in front of Ancient Emperor Yuhuang.

This wolf beast is so huge and ferocious, compared with its huge body, the ancient emperor Yuhuang and the ancient god Tuodi are very small.

Emperor Yuhuang saw the two long tails dragging behind this wolf beast, his eyes suddenly became terrified, and he said: "This is... the second tail?"

He knew that the ten-tailed beast had been taken away by Yehan back then, and had already been divided into one-tailed, two-tailed, three-tailed and so on.

It's just that he didn't expect that the ancient god Tuodi had recovered one of the clones, and even suppressed it.

Ancient God Tuodi nodded and said, "Yes, that traitor Yehan took away the ten tails back then, and I have been trying to find them since my Wanshiyuan."

"I worked hard, and finally found one of the clones for me, which is this two-tailed blood-fanged wolf."

"The first and second tails are rebellious, and they have always refused to submit to me. I just used barbaric means to temporarily suppress them."

While speaking, Ancient God Tuo Di looked at the two-tailed blood-fanged wolf with a little helplessness in his eyes.

In the eyes of the Blood Fang Wolf, there was a huge look of unyielding and resentment. It obviously did not submit to the ancient god Tuo Di, but only bowed its head temporarily under the strong oppression of the ancient god Tuo Di.

Emperor Yuhuang looked at the blood-fanged wolf and felt a burst of terror.

The aura of this ferocious beast fluctuates, even too ferocious and terrifying. Every hair seems to contain the atmosphere of a mountain of corpses and a sea of blood. If one looks at it, one will fall into endless madness.

Fortunately, Emperor Yuhuang had a strong Dao heart, otherwise, his spirit would have collapsed long ago.

He thought in his heart that if Erwei made a move, it would really be possible to crush Ye Chen.

After all, Erwei is the clone of Ten Tails, and the power behind it even surpasses the Ancient Sword of Heaven's Sin, and is enough to keep pace with the Samsara Puranas. Once it explodes, the power is unimaginable.

In the beginning, Ye Chen borrowed Yiwei's power to fight back and kill Demon Ancestor Wutian.

It is conceivable how terrifying the power of these tailed beasts is.

"Blood Fang Wolf, as long as you help me destroy reincarnation, I will allow you to be free, how about it?"

Ancient God Tuo Di spoke and discussed with the Blood Fang Wolf.

The blood-fanged wolf's eyes were gloomy, and it bit its bloody fangs tightly. It was full of blood, showing that it was quite excited, and said:

"Extermination of reincarnation, how can it be so simple? This is the real world, and the power of this seat must be greatly restricted, and there is no one in ten."

Tuo Di Gu Shen said: "As long as the Emperor Yu Huang takes action and borrows the breath of the Wanxu Earth Vein to warm and nourish your blood, the restrictions you are subject to will be reduced to the lightest, and you can also get a lot of benefits."

"At that time, if you make another move, you will definitely crush Samsara!"

"You are the greatest terror in the heavens, I believe in your strength."

It turns out that the ancient god Tuodi came to use the earth veins of Wanxu to nourish Erwei.

Bloodfang Wolf grinned, eyes full of disdain, and said: "I don't need you to believe me, if you really want to destroy reincarnation, I can take action, but, regardless of success or failure, you must allow me to be free!"

Hearing the conditions offered by the Blood Fang Wolf, Ancient God Tuodi's face trembled.

Regardless of success or failure, he must release the Bloodfang Wolf and let it go free. For him, the risk is undoubtedly enormous.

"Why, you won't?"

A ferocious light flashed across the eyes of the Bloodfang Wolf, and the hairs all over his body burst out with all kinds of mysterious blood light, and the ferocious hell-like atmosphere was constantly boiling and rumbling.

Ancient God Tuodi chuckled, turned his gaze, and said, "Yes, Ancient Emperor Yuhuang, what do you think?"

Emperor Yuhuang looked the Bloodfang Wolf up and down, his eyes filled with a very fiery look.

This blood-fanged wolf's aura is too ferocious and ferocious, it is simply a great masterpiece of darkness in the world, full of extreme mysteries and dark fluctuations.

Chapter 9195

In the heart of Emperor Yuhuang, he wanted to subdue the blood tooth wolf, so that he could dominate the real world.

Just imagine, Ye Chen, with a body in the Profound Sky Realm, can control Yiwei and kill Demon Ancestor Wutian.

If Ancient Emperor Yuhuang, as the peak immortal emperor, controlled Erwei, who would be his opponent in the real world?

"No problem! I can mobilize the energy of the earth veins of my Wanxu to nourish the two-tailed beast."

Emperor Yuhuang grinned, thinking to himself, if the blood tooth wolf absorbed the energy of Wanxu's earth veins, he would be able to lock the coordinates of the blood tooth wolf in the future, and he could find the other party at any time.

The Blood Fang Wolf's move to kill Samsara would probably fail, and Emperor Yuhuang didn't think he could succeed.

Once the Bloodfang Wolf fails, it must be a serious injury and escapes. At that time, he can make a move, take advantage of the gap, suppress the Bloodfang Wolf, or even surrender, control the power of this beast, and dominate it.

Ancient God Tuodi was overjoyed when he heard that Ancient Emperor Yuhuang agreed, and said: "It's very good."

After the agreement was completed, Emperor Yuhuang was to mobilize the vigorous spiritual energy accumulated in the ten thousand xu earth veins through the ages to nourish the body of the blood tooth wolf.

The Bloodfang Wolf was nourished by the aura of the Wanxu Earth Vein, and the power of the bloodline increased greatly, and the restrictions imposed on it by the laws of reality were also minimized.

Rumble!

A dark breath shot up from the world of Wanxu, shaking the world.

The entire Supreme World felt this wave of darkness, and everyone's expressions changed wildly. I don't know what kind of opportunity the Emperor Yuhuang got, and such a terrifying darkness erupted.

Ancient God Tuodi was very satisfied, next, it's time to destroy reincarnation!

In Ye Chen's body, there are space fragments left by Bai Yu's self-explosion. This is also a coordinate that allows Ancient God Tuodi to lock Ye Chen's position.

...

At this time, Ye Chen, Shattering the Void, has come to the top of the Rune Holy Land.

"Someone is trying to kill me."

Ye Chen's face darkened, and he caught the murderous intent in the dark, which was very strong.

Ye Chen also vaguely glimpsed the dark fluctuations and ferocious weather coming from the world of Wanxu even to the outer sky.

"What kind of monster is about to be born, such a terrifying dark weather."

Ye Chen frowned, knowing that the Emperor Yuhuang was going to make a move, which might be bad for him.

"Ye Chen, don't worry about it so much, let's enter the Rune Holy Land and find the Myriad Sword God Star first."

"As long as you can control the Myriad Sword God Star, refine the space fragments in your body, and control the Taiyu bloodline, it will be very difficult for the ancient Emperor Yuhuang to kill you."

Su Nishang said.

She knew that the rain was about to come, and the slaughter was coming.

But now, it's useless to think too much.

Soldiers come to block, water comes to cover, as long as Ye Chen can find Wanjian Shenxing, all problems can be solved easily.

"good."

Ye Chen nodded, his eyes were on the rune holy land below.

This rune sanctuary is surrounded by layers of ancient runes.

These runes, with all kinds of great aura, not only have the spirit of killing and suppressing, but also have the spirit of healing and recuperation, as if they cover everything in the world.

In Ye Chen's palm, thunder flashed and buzzed.

There is no doubt that the Ten Thousand Sword God Star, in the holy land below, has already resonated with Ye Chen.

"Great Tomb Excalibur, break it!"

The runes outside the Holy Land are like a blockade, and it is difficult for ordinary people to break through.

However, Ye Chen didn't panic, he directly used the Great Tomb Sword, a sword light with the ultimate burial aura, slashed out, hissing, sweeping everything.

The many blockade runes in front were immediately crushed by the sword glow of the tomb, dissipated invisible, and a gap was pierced.

With a flash of Ye Chen's body, he immediately flew in along the gap.

After entering the Rune Holy Land, Ye Chen saw an incomparably magnificent scene.

What he saw in his eyes, surrounded by fairy mountains, clear water and blue sky, layers of mist, thousands of auspicious auras, floating celestial clouds, birds and beasts rushing, flowing clouds and bamboos, sun shadows and Yaoguang, is a blessed land like a fairy palace.

"Is this the Holy Land of Runes? It's so full of aura!"

When Ye Chen took a breath, he felt relaxed and happy, and his whole body was indescribably happy.

This rune holy land is full of aura, if you practice here, you can get twice the result with half the effort.

"Can you capture the location of the Myriad Sword God Star?"

Su Nishang asked.

Ye Chen lowered his head, looked at the Lei character glyph in his hand, carefully sensed and captured it, and faintly caught the direction of Wanjian Shenxing, which was just to the north.

"Here."

Ye Chen pointed to the direction to the north, but at the same time, he felt a familiar aura coming from the direction to the south.

That breath, gentle and soft, moist and clear, turned out to be the breath of the water god Tianzun, Luo Qingli.

Su Nishang also sensed it, and was surprised for a while, and said: "Wait, it seems that the water god Tianzun is also here."

Ye Chen was very surprised, and said: "Sister Qingli is also there, what a coincidence, does she also want to look for Wanjian Shenxing?"

Su Nishang said: "Go to visit the water god Tianzun first, so as not to cause any misunderstanding."

Ye Chen also had the same meaning, nodded and said, "That's right."

At that moment, his body turned back, flew towards the direction where Luo Qingli's breath was coming from to the south, and flew away, and at the same time sent out his will, the prophet would meet Luo Qingli.

Flying all the way to the south, after running for hundreds of miles, Ye Chen saw a magnificent palace appearing in front of him.

This piece of palace stretches from the ground to the sky, suspended among the clouds, and there are four words printed on the forehead: Yongfu Tiangong. There are tens of thousands of auspicious spirits, white cranes flying, flying dragons and phoenixes, and the weather is very spectacular.

Chapter 9196

"Yongfu Tiangong, this is the power of the Rune Holy Land."

Ye Chen's eyes narrowed slightly, and he caught the secret, knowing that there are three forces in this rune holy land.

The Yongfu Tiangong in front of him is one of the three major forces!

On the square of Yongfu Tiangong, there is a statue enshrined, which is the statue of Luo Qingli, the god of water.

It turns out that Yongfu Tiangong believes in the god of water.

Ye Chen could clearly capture the breath of Luo Qingli, the god of water, in the Yongfu Tiangong.

Chi Chi Chi!

One after another divine light flew out, and inside the Yongfu Tiangong, many true biography experts flew out, respectfully welcoming Ye Chen's arrival.

The first warrior bowed his hands to Ye Chen and said, "Welcome to the Lord of Reincarnation, we are here to welcome you under the order of the water god Tianzun."

Just now Ye Chen had already sent out his will first, so the people of Yongfu Tiangong knew that Ye Chen was coming.

"It's time to work."

Ye Chen nodded, and followed these warriors into Yongfu Tiangong.

"Water god Tianzun is treating the great elder, Lord of reincarnation, this way please."

A warrior invited Ye Chen to walk towards a hall deep in Yongfu Tiangong.

Ye Chen walked all the way and stepped into the hall.

In the main hall, an old man was sitting on a seat that was blooming with precious light, and beside him was a young girl who was using water techniques to nourish the old man's body.

That girl was Luo Qingli.

"Brother Ye Chen, long time no see!"

When Luo Qingli saw Ye Chen coming, she was overjoyed and cheered for joy. She ran up to Ye Chen's side and hugged Ye Chen tightly as if no one else was around.

Ye Chen hugged her soft waist subconsciously, and he was overjoyed, and said, "Sister Qingli, long time no see."

The old man in the main hall, as well as many strong men from Yongfu Tiangong, were shocked to see such an intimate gesture between Luo Qingli and Ye Chen.

They knew that Luo Qingli had a good temper and didn't put on airs like a god, but she was the Lord God after all, and it was not something ordinary people could get close to.

But now, she is so close to Ye Chen, which makes many people feel shocked and envious.

"Little brother, I'm sorry, you are fighting the demon ancestor Wutian, my cultivation base is too weak, I... I dare not intervene."

Luo Qingli's cheeks flushed, she looked quite ashamed and helpless.

Among the nine gods, Thunder God Tianzun recovered the fastest.

As for Luo Qingli, the recovery of strength is still very slow at present, and she didn't even dare to intervene in the decisive battle between Ye Chen and Demon Ancestor Wutian.

"It's okay, I won anyway."

Ye Chen smiled, touched Luo Qingli's head, and didn't mind too much.

He can understand Luo Qingli's difficulties. Luo Qingli's strength has not yet recovered, so it is understandable not to dare to make a move. When her strength recovers in the future, she will be an important ally of the reincarnation camp.

Seeing that Ye Chen didn't blame him, Luo Qingli breathed a sigh of relief, and said, "Little brother, it's good that you can forgive me."

Ye Chen nodded, and asked curiously: "By the way, sister Qingli, why are you also in the Rune Holy Land? Are you looking for the Ten Thousand Sword God Star?"

The aura of the Ten Thousand Swords God Star is so fierce that all warriors in the Rune Holy Land can catch it.

Back then, this rune holy land was originally in Wuwu time and space, but because of the fall of the Ten Thousand Sword God Star and the cutting of the sword energy, it fell to the outer sky.

Luo Qingli said: "No, Myriad Sword God Star has been taken away by the Immortal Talisman Sect. I'm not strong enough to take it back. I'm here to help Elder Zuoqiu heal."

As he spoke, he pointed to the old man sitting on the seat.

The old man's breath was quite weak, obviously he was injured, but under Luo Qingli's treatment, the old man was already recovering quickly.

"Fairy Talisman?"

Ye Chen looked at the old man.

The old man hurriedly got up, cupped his hands and said: "Old man Zuoqiu Yun, is the Great Elder of Yongfu Tiangong, he has seen the Lord of Reincarnation."

Ye Chen cupped his hands to return the salute, and said, "Senior, you don't need to be too polite."

Zuoqiu Yundao: "Lord of Reincarnation, are you looking for the Myriad Sword God Star?"

Ye Chen said: "Exactly."

Zuoqiu Yun pondered for a while, and said: "The Ten Thousand Swords God Star is now in the Xianfu Nu Sect, if you want to take it, I'm afraid it will not be easy."

He stretched out his old palm, grabbed it in the void, and the smoke gathered, manifesting a mysterious picture.

In the picture is the sect gate of the Immortal Fu Nu Sect, which is as majestic as the Yongfu Tiangong, with beautiful mountains and clear waters, and floating auspicious clouds.

In this magnificent mountain gate, there is a huge stone ball covered with craters, standing abruptly among the mountains.

This stone ball is really too huge, unbelievably huge. Compared with it, many mountains below are as small as dust.

This stone ball is actually a star, which is the legendary Myriad Sword God Star, but the aura on the surface is dim and there is no brilliance blooming, so it looks like a huge stone ball.

"Is this the Myriad Sword God Star?"

Ye Chen looked at the huge stone ball, and also vaguely captured the terrifying energy fluctuations behind the stone ball.

"Exactly, back then, my rune holy land, Yongfu Tiangong, Xiefu Temple, and Xianfu Nvjiao, the three major forces, killed each other in order to compete for the Ten Thousand Sword God Star, and the three parties suffered heavy casualties."

"Later, I, the owner of the Yongfu Tiangong, joined forces with the Xianfu Nvjiao to suppress the Xiefu Temple first, and won the Myriad Sword God Star."

"Later, I, the Palace Master of Yongfu Tiangong, won a duel with the leader of the Xianfu Nvjiao. My Palace Master was lucky enough to win, and finally won the Ten Thousand Sword God Star."

"Even, that leader said he was willing to surrender and marry the palace master as his wife. From then on, the two families put aside their previous grievances and moved forward hand in hand."

"It's just that I never expected that on the wedding night, the leader of the Immortal Talisman Sect would actually plot to assassinate my palace lord. My palace lord was brutally murdered, and Wanjian Shenxing was also taken away!"

When Zuo Qiuyun talked about the past, his voice was full of grief and indignation.

Ye Chen was stunned, he didn't expect that there was such a turbulent past behind Wanjian Shenxing.

The leader of the Fairy Talisman Sect, assassinated the owner of Yongfu Palace on the wedding night, and took away the Wanjian God Star. The method is not cruel, and it reminds Ye Chen of Xuan Jiyue...

Zuo Qiuyun continued:

"At that time, I saw Wanjian Shenxing being snatched away, and I tried my best to stop it, but I was also seriously injured by the female devil, and the foundation of martial arts was cut off."

"For tens of thousands of years, I have been praying to the water god Tianzun, hoping that she will show mercy, bestow blessings, and help me restore my martial arts foundation and heal my injuries."

"My God, see you, until today, her dharma has finally come."

At the end, Zuoqi Yun looked at Luo Qingli with great gratitude and admiration in his eyes.

If Luo Qingli hadn't acted to heal him, it would be impossible for him to recover his martial arts foundation.

Luo Qingli said guiltily: "Elder Zuoqi, I'm sorry, in fact, I have heard your prayers a long time ago, but the number of believers who prayed to me is too many, I can't help them, and I didn't come to help you until today." You, I really made you suffer."

Chapter 9197

The gods have troubles of the gods, there are too many believers, and there are too many people who pray.

There are a lot of believers who want to ask Luo Qingli to take action to solve their troubles, and her strength cannot be compared with that at her peak, so she cannot solve all of them.

Therefore, she took the time to come down to help Zuo Qiuyun until today.

Ye Chen happened to be here today too, and in the dark, the two of them still had a fate, which was extremely ingenious.

Hearing Luo Qingli's apology to him, Zuoqiu Yun was immediately flattered, knelt down hastily, and said: "Water God Tianzun, you are supreme, you don't need to apologize to me, it is my great blessing that you can restore the foundation of martial arts for me."

"My martial arts foundation has been restored, and I can stand up after being broken. Now I can almost return to the infinite time and space."

Zuo Qiuyun was originally a strong man without time and space, but after the rune holy land was cut off, he also fell off.

Now that his martial arts have recovered and his strength has greatly improved, he naturally wants to go back to Wuwu Time and Space.

"After you go back to No Time and Space, you must join the reincarnation camp."

Luo Qingli exhorted.

"sure."

Zuo Qiuyun hurriedly agreed, he was favored by Luo Qingli, and he would naturally stand on the side of reincarnation in the future.

Ye Chen got another ally, and he was very happy in his heart, but when he thought about the matter of Wanjian Shenxing, he couldn't help but frowned, and said:

"Myriad Sword God Star was taken away by the Immortal Talisman Sect, Elder Zuoqiu, what can you do to get it back?"

Zuo Qiuyun thought for a while, and said: "The female devil, the leader of the fairy talisman, has a strong cultivation base, cruel methods, and has practiced the ultimate rune mystery. It is very difficult to deal with her."

"In our Rune Holy Land, the magical powers are open to the public internally. The three sects all practice the same magical powers."

"Among the supernatural powers of the talisman, the ultimate esoteric meaning of the runes is called the "Nest of Rune Ghosts". It is said that it is a secret technique passed down from the other side of the starry sky, and it is more powerful than the general thirty-three days of magic. "

Ye Chen's heart trembled, and he said, "The mother's nest of the talisman ghost?"

The name of this supernatural power is really a bit weird.

Zuoqiu Yundao: "Yes, this talisman ghost nest is both supernatural power and a magic weapon. It is similar to the Throne of Thorns. After training, it can evolve into a brood, from which countless talisman ghosts can be summoned. The killing breath is very terrifying."

Ye Chen's face trembled, and he said, "I feel terrified when I hear it."

Zuoqiu Yun narrowed his eyes and said: "Yes, don't look at our Rune Holy Land, which looks glamorous on the outside, but in fact, it's just an appearance. In the infinite time and space, only darkness, chaos, killing, and cruelty are the real elements. Eternal existence, the external celestial energy and celestial light, are just appearances."

Ye Chen's heart was slightly trembling, and he said, "Is the supernatural power of the mother's nest of the talisman only mastered by the teacher of the fairy talisman nun?"

Zuoqiu Yun said: "Exactly, the Nest of Talisman Ghosts, this supernatural power is very profound and complicated. No one in Yongfu Tiangong and Xiefu Temple can practice it, only the female devil can do it."

"Actually, back then, the palace master of my family also practiced as a nest of talisman ghosts. Unfortunately, on the wedding night, she was killed by that female devil. Now that female devil dominates her family. I, Yongfu Tiangong and Xiefu Temple, both Rely on the breath of her Fairy Talisman."

Ye Chen was worried about Wan Jian Shen Xing, and asked: "The Wan Jian Shen Xing has already been refined by that female devil?"

Zuoqiu Yun shook his head and said, "Not yet. Myriad Sword God Star is one of the Seven Stars of Destiny. It is extremely difficult to refine. After the female devil took away the God Star, she still couldn't control it. Instead, she wasted a lot of energy."

Ye Chen breathed a sigh of relief when he heard that the Ten Thousand Swords Star hadn't been refined yet, his eyes flickered slightly, and said, "Then if we want to take back the Ten Thousand Swords Star, we must first defeat that female devil."

Speaking of this, Ye Chen vaguely felt an inexplicable premonition in his heart.

In this rune holy land, the enemy he will face is probably not the female devil, but someone else!

Zuo Qiuyun didn't know what Ye Chen was thinking, the only thing he was afraid of was the female devil, and said:

"That's right, but the female devil's cultivation is strong, and she has the supernatural power of the rune ghost's nest, so it is not easy to deal with."

"I, Yongfu Tiangong, have been cooperating with the Xiefu Temple for many years, and I want to kill that female devil and destroy the Immortal Talisman Sect."

The Temple of Evil Runes is one of the three major forces in the Rune Holy Land.

The former Yongfu Tiangong united with the Xianfu Nvjiao to defeat the Xiefu Temple and win the Myriad Sword God Star.

But now, time has passed, Wanjian Shenxing is occupied by the Xianfu Nvjiao, and the Yongfu Tiangong and Xiefu Temple, who are in a weak position, abandon their previous suspicions, cooperate and form alliances, and fight against the Xianfu Nvjiao.

"Thanks to the water god Tianzun's action, my martial arts foundation has been restored, and my strength has been greatly improved. If I join forces with the Xiefu Temple, I may be able to suppress the Immortal Talisman Sect, kill the female devil, and take back the Ten Thousand Sword God Star!"

Zuoqiu Yun's eyes were sharp and sharp, and he had already made up his mind.

Ye Chen was overjoyed, and said: "Senior, I just need the Myriad Sword God Star. If you can take back the Wanjian God Star to me, I will be very grateful. I can exchange it with you for heaven, material and earth treasures of the same value."

Zuo Qiuyun waved his hand and said, "No need, we are all allies, the Lord of Reincarnation, I will contact the Xie Talisman Temple first, and the two of us will unite to ensure nothing goes wrong."

Ye Chen nodded and said, "Then there will be senior Lao."

After the agreement was completed, Zuo Qiuyun sent out a flying sword letter to the Xiefu Temple to discuss how to deal with the Immortal Talisman Sect and seize the Myriad Sword God Star.

Chapter 9198

From the Evil Talisman Temple, a reply came soon.

The two parties agreed to meet tomorrow to jointly suppress the Xianfu Nvjiao.

As for the affiliation of Wanjian Shenxing, it will be a decisive battle.

Zuo Qiuyun believed in Ye Chen's strength, and if there was a decisive victory in the martial arts competition, Ye Chen would definitely win.

In the real world, there are not many people who can beat Ye Chen.

At least, in this rune holy land, no one can win Ye Chen!

Everything was discussed, but Ye Chen felt a little uneasy.

This uneasiness is an intuition he has cultivated through years of fighting.

He always felt that things would not be so simple.

Luo Qingli, the god of water, also vaguely caught the strangeness, and said to Ye Chen, "Little brother, do you feel that it looks a little weird?"

Ye Chen said, "Yes, I always feel that capturing the Myriad Sword God Star this time will not go so smoothly."

"Even joining forces with the Temple of Evil Talismans won't be so simple."

Luo Qingli murmured, "Well... I think so too, it seems we should be more careful."

Zuoqiu Yun, who was at the side, was very surprised when he saw the appearance of the two of them, and said, "The lord of reincarnation, the water god Tianzun, what's the matter, what's so weird?"

Luo Qingli said, "Forget it, Elder Zuoqiu, you haven't reached the realm yet, and it's normal that you can't sense some things."

Zuo Qiuyun was embarrassed for a while. He knew that although his superficial cultivation was much higher than Ye Chen's, his state of mind and his sense of secrets and dangers were not comparable to Ye Chen's.

Luo Qingli tilted her head, thought for a while, and said, "That's right, Elder Zuoqiu, brother Ye Chen is very gifted and understanding, why don't you take out the cultivation secret of the Fu Ghost Nest and let him refer to it in detail. "

"Maybe, Brother Ye Chen can practice this supernatural power."

Luo Qingli thought to herself, there might be some danger coming, and she must improve her own strength.

If Ye Chen could become the nest of rune ghosts, his strength would be greatly improved, and he would not be afraid even in the face of danger.

Zuoqiu Yun's expression changed drastically, and he trembled all over, and said, "Water God Tianzun, this is not a joke, the supernatural power of the mother nest of talisman ghosts is very dark and terrifying, and its power is stronger than that of ordinary thirty-three-three magic arts."

"It is not easy to cultivate this supernatural power. Once it is unfortunately contaminated with darkness, it will be lost forever!"

"You may not know that after the ancient god Tuo Di created the ten-tailed cub, he wanted to ask us in the Rune Holy Land for the magical power of the mother's nest of rune ghosts. He wanted to treat the mother's nest of rune ghosts as a ten-tailed cub. The lair of the cubs!"

The supernatural power of the mother nest of rune ghosts is also a magic weapon. After practice, its power is very terrifying.

The dark brood that can summon rune ghosts has extremely vast energy, even enough to accommodate the existence of ten-tailed cubs!

It is conceivable how powerful the rune ghost mother's nest is, it can even accommodate ten-tailed cubs.

This supernatural power is said to have originated from the other side of the starry sky, so it is not for nothing.

Such a terrifying supernatural power, if you want to practice it, it is naturally difficult to compare it to the sky.

Since ancient times in the Holy Land of Runes, the only people who have been able to master it are the palace masters of the Yongfu Tiangong in the past, and the current leader of the Immortal Fu Nu Sect.

Luo Qingli giggled and said, "Don't worry, brother Ye Chen is very talented, I believe he will be able to practice it."

Zuo Qiuyun shook his head, but still refused, saying, "The Martial Arts of the Lord of Reincarnation is indeed powerful, but if one wants to become a mother nest of talisman ghosts, one must have a solid foundation of talisman dao."

"Lord of Reincarnation, I'm afraid your talisman cultivation base is not that strong, is it?"

Ye Chen said, "I'm really not very good at Fu Dao."

Luo Qingli smiled and said, "It doesn't matter, the source of Taoism is interlinked. Brother Ye Chen, you should try to cultivate the mother nest of talisman ghosts. This is a secret method handed down from the other side of the starry sky."

Ye Chen's heart moved, the secret technique spread from the other side of the starry sky was so rare, he naturally didn't want to miss it.

Moreover, if the talisman ghost mother's nest is really as magical as Zuo Qiuyun said, then after Ye Chen is trained, there will be a nest in the future, which can be used to accommodate the tailed beast.

"Senior, if you don't mind, let me see the secret of the talisman ghost nest, I will try to practice a little bit."

At that moment, Ye Chen cupped his hands to Zuo Qiuyun and begged.

He also wanted to see the magic of the talisman ghost nest.

Seeing that Ye Chen insisted on this, Zuo Qiuyun sighed and said, "I can give it to you, but if you are unfortunate enough to be contaminated with darkness and fall into the brood hell, I don't care."

After a pause, he said to Luo Qingli, "Water god Tianzun, you can't blame me."

Luo Qingli said, "I don't blame you, just take it out."

Hearing this, Zuoqiuyun nodded, and sacrificed a scroll.

The scroll unfolded, and pieces of dark runes emerged.

Countless runes were woven into a mysterious formula.

The atmosphere of this secret method is very mysterious, revealing boundless dark fluctuations, even darker than the ordinary land boundary without time and space, permeating an extremely depraved, extremely filthy atmosphere.

All kinds of dark weather are intertwined, and a huge, gloomy, and weird lair has evolved.

This lair seems to be giving birth to thousands of monsters and countless evil spirits, which brings a strong sense of oppression and is frightening.

That is the mother nest of rune ghosts.

Ye Chen looked at the training scroll of the talisman ghost nest, feeling inexplicably horrified in his heart.

With the tenacity of his Dao heart, after seeing the nest of talisman ghosts, he will still feel horrified and fearful. One can imagine how terrifying this technique is.

Mysterious darkness, indescribable strange things, distorted existence, hoarse singing, constantly permeating from the cultivation scroll, let alone cultivation, just observing this scroll will bring huge pressure to the spirit .

In the main hall, many warriors of Yongfu Tiangong, after seeing the training scrolls in the mother's nest of Fu ghosts, all of them changed their faces in shock, and everyone was trembling and full of fear.

The martial artist with a slightly weaker cultivation base bent over and vomited on the spot, his facial features were distorted and painful, and he couldn't bear the mysterious atmosphere of the ghost's nest at all.

Zuo Qiuyun was right, the dark power of the mother's nest of talisman ghosts was indeed much more powerful than the general thirty-three heavenly spells.

"How, Lord of Reincarnation, can you practice?"

Zuo Qiuyun looked at Ye Chen and asked nervously.

"Let me try."

Ye Chen settled down, and the Holy Soul of Samsara and the Martial Ancestor Daoxin were released to protect the mind, and the consciousness was released and penetrated into the scroll.

boom!

As soon as Ye Chen's spirit penetrated into the scroll, he immediately felt that there were countless dark and dirty auras, sweeping towards him madly.

The boundless darkness, the rune explosion, and the distorted rune after rune created the appearance of a group of strange monsters.

Those twisted and weird monsters, whose bodies are covered with ancient runes, are exactly "rune ghosts".

Chapter 9199

Thousands of rune ghosts came out of a dark lair and roared towards Ye Chen.

Ye Chen's ears were full of roars and howls of talisman ghosts, and what he saw in his eyes was a dark and terrifying scene, and he was suffocating even for breathing.

"No, it's too dangerous!"

Ye Chen took a breath, and immediately withdrew his energy, his face was already pale.

"Brother Ye Chen, can't you?"

Seeing this, Luo Qingli hurried up and supported Ye Chen.

Ye Chen shook his head with a wry smile, and said: "This talisman ghost nest is indeed extremely powerful, extremely mysterious and profound. I am not in a good state now, and I may not be able to comprehend it."

Now Ye Chen's body is sealed with the Throne of Thorns, and the injury caused by Bai Yu's self-explosion is being suppressed again, and in the blood, countless pieces of space fragments are still deeply embedded.

His condition is very bad.

In this state, it was difficult for Ye Chen to fight against the darkness, unable to comprehend the mystery of the rune ghost's nest.

If he was in his prime, it shouldn't be difficult to comprehend and practice, but now, it probably won't work.

"Yeah?"

Luo Qingli was a little disappointed at once, thinking that Ye Chen could become a mother nest of talisman ghosts, so that even if he encountered any danger next, he would have more confidence.

Zuoqiu Yun breathed a sigh of relief, and said, "Master of Reincarnation, if you are not in good condition, you should stop touching this talisman ghost mother's nest supernatural power."

Ye Chen's eyes froze, but he put the scroll in his hand, and said: "Senior, I want to try again, give me another night, if I still can't comprehend it tomorrow, I will return the scroll to you."

When he first came into contact with the scroll, Ye Chen could also clearly feel the power and ingenuity of this talisman ghost nest.

He didn't want to give up easily, let alone miss it.

Although he was in a bad state, he still wanted to try again.

If he can be trained into the mother nest of talisman ghosts, his strength will also be greatly improved.

Zuoqiu Yun was horrified, and said, "Lord of Reincarnation, do you still want to try? What if something unexpected happens..."

Ye Chen said with a smile: "It's okay, please rest assured, senior, even if I am unfortunately contaminated with darkness, sister Qingli and I will not blame you."

Hearing what Ye Chen said, Zuo Qiuyun felt helpless, and said: "Okay, Lord of Reincarnation, then be careful, the dark aura of the ghost's mother's nest is very terrifying. Once it falls, even the emperor may be destroyed."

"By the way, if you have a chance, you can go to the magic door. There seems to be a Taoism related to the ghost's nest in the magic door. Maybe there can help you practice this method. I went there back then. Unfortunately, the attitude of the magic door Be firm and don't let me come any closer."

"Oh?" Ye Chen was a little surprised.

Unexpectedly, there is a slight connection between the mother's nest of rune ghosts and the magic door.

Ting Yueru is a member of the Illusory Gate, and even invited herself to go to the Illusory Gate before.

It seems that we can go there when the matter is resolved now.

Unfortunately, he can't go now.

"Senior, I have a friend in the Illusory Gate, and I can try one or two at that time." Ye Chen said, "It's a pity that the time is not suitable for going there."

Zuoqiu Yun was startled, and suddenly said: "The lord of reincarnation is indeed invincible in luck, maybe this is cause and effect."

Luo Qingli also said: "Brother Ye Chen, since you can't go to the Magic Gate now, I will accompany you tonight and protect the law for you."

Seeing that Ye Chen was not in good condition, she was also afraid that something would happen to Ye Chen, so she wanted to stay by Ye Chen's side.

Ye Chen nodded.

After the discussion, at night, he and Luo Qingli lived in the same room.

"Wan Shui Shen Jue, protect!"

Luo Qingli used the Wanshui God Art, which is the ultimate water god's Taoism, and can control Wanshui.

A trace of the essence of Guishui and the essence of spiritual water gathered from the void of the Eight Desolation, lingering around Ye Chen.

Ye Chen was nourished by the Wanshui God Art, and his heart suddenly calmed down a lot, and his limbs felt comfortable and transparent.

"Sister Qingli, thank you very much."

Ye Chen thanked Luo Qingli with a smile, then sacrificed the scroll of the talisman ghost's nest, and tried to practice again.

hum!

Ye Chen's spiritual consciousness was released, and his spiritual power penetrated into the scroll, and he began to perceive the nest of rune ghosts again.

The vast, magnificent, broad, and miraculous aura of darkness kept pouring into Ye Chen's mind.

All the wonderful methods of the ghost's mother's nest passed through Ye Chen's heart one by one.

Although his talisman cultivation base is weak, what Luo Qingli said is correct, the source of Taoism in this world is all connected.

Relying on his super-high talent and comprehension, Ye Chen kept comprehending the nest of talisman ghosts, and gradually comprehended all the profound meanings of this dark secret method.

At the time of comprehension, the aura in Ye Chen's body was touched, and the Throne of Thorns was about to wreak havoc again.

Fortunately, with Su Nishang's suppression, the Throne of Thorns couldn't wreak havoc. Ye Chen didn't have to worry about the future, and continued to feel at ease.

He kept feeling the mother's nest of talisman ghosts, and all kinds of dark aura roared towards him. Fortunately, with Luo Qingli's protection, he was not infected with the unknown.

However, Luo Qingli guarded Ye Chen and used the Wanshui Divine Art, but her aura was rapidly depleting.

She turned pale for a while, and shouted: "Brother Ye Chen, are you still okay? I can't hold it anymore."

When Ye Chen heard Luo Qingli's voice, he wanted to stop, but the formula of Fu Ghost's Nest was too subtle and profound, he was completely attracted, and he couldn't bear to stop.

"Sister Qingli, hold on for a while longer."

Ye Chen continued to comprehend, the boundless waves of darkness and the boundless mysterious runes whizzed towards his mind.

Chapter 9200

"No, I can't hold it anymore, Brother Ye Chen, you must stop immediately!"

Luo Qingli yelled, unable to maintain the Wanshui Shenjue any longer, she gasped violently, her body became weak, and she almost fell to the ground.

Without the protection of Wanshuishenjue, Ye Chen suddenly felt that the intense darkness began to crazily attack his whole body.

"not good!"

Ye Chen hastily pulled his spirit out of the scroll.

Although he really wanted to continue to comprehend the talisman ghost's nest, his reason told him that if he continued to comprehend, he would definitely be tainted with ominousness, fall into darkness, and the consequences would be disastrous.

Therefore, Ye Chen was very sensible and immediately pulled out.

He has a tenacious heart, so naturally he will not be easily tempted.

"What's the matter, brother Ye Chen, did you succeed in enlightenment?"

Luo Qingli asked hurriedly.

"Oh, it's a pity, I only comprehend part of it, and it's still far behind."

Ye Chen sighed and said helplessly.

"Really? It's all my fault."

Luo Qingli bowed her head guiltily.

"It's okay, sister Qingli, you've done a good job."

Ye Chen touched her head and said with a smile.

In fact, if you want to comprehend the final secret of the mother nest of rune ghosts, the pressure of darkness you have to face is much more terrifying than the previous ones.

Even with Luo Qingli's protection, Ye Chen may not be able to succeed, because he is currently in a bad state.

Ye Chen estimated that if he wanted to fully comprehend, he would have to wait for his state to fully recover and go to the magic door.

There was a huge apology in Luo Qingli's eyes, and she looked at Ye Chen with guilt, thinking that she did not do well.

"Brother Ye Chen, why don't we double cultivate?"

"If we are dual cultivators, I will be nourished by your blood of samsara, and you will be nourished by my water god aura, and we can both progress."

"In this way, you will be nourished by my water god's aura, and you won't have to fear the backlash of darkness."

Luo Qingli suddenly grabbed Ye Chen's hand, blinked her eyes, and said very frankly and gently.

She is not as reserved as a secular girl, she directly expresses her heart, and wants to double cultivate with Ye Chen.

"Cough... are you sure?"

Ye Chen was a little confused, he didn't expect Luo Qingli to be so direct.

In fact, at this time, Ye Chen won't avoid anything, if it's really beneficial to him, it doesn't hurt to combine the two cultivations.

After all, Luo Qingli's identity is the water god, her status is lofty enough to be compatible with his reincarnation blood.

"yes, I'm sure."

Luo Qingli looked at Ye Chen with burning eyes, and her soft and fragrant body came closer.

Ye Chen could clearly feel the moisture and smoothness of her skin.

After thinking for a while, Ye Chen shook his head and said, "No way, your aura is not stable enough, we haven't reached the time of dual cultivation, or wait until you have advanced to the level of Thunder God."

Although Ye Chen didn't mind double cultivating with Luo Qingli, he could also see that Luo Qingli's strength was weak now and couldn't compare to when she was at her peak. If she was contaminated with too much karma, it might harm her.

She and Ye Chen are dual cultivators, nourished by the blood of reincarnation, and within a short period of time, of course, they can greatly improve their strength.

But the strength improvement brought about by the blood of reincarnation is not her strength after all, and there will be no good results if the seedlings are encouraged.

If she wants to double cultivate, at least she has to wait for her strength to return to the level of Thunder God Tianzun, otherwise, her breath will be too unstable, and she cannot afford to be contaminated with such a huge karma of reincarnation.

"Okay, let's talk about it later."

Luo Qingli pouted helplessly and said.

That night, Ye Chen and Luo Qingli slept in the same room, but kept a distance.

Luo Qingli rested on the bed, while Ye Chen sat cross-legged on the ground, adjusting his breath silently.

Luo Qingli lay on the bed, looked at Ye Chen with a trace of sorrow in her eyes, and whispered: "Brother Ye Chen, we must be together..."

A trace of fantasy breath was released from Luo Qingli's body, and quietly surrounded Ye Chen's body.

Time passed bit by bit, and Ye Chen suddenly found himself in the underwater world. There is a crystal palace in the sea, like the palace where a dragon girl lives, surrounded by many mermaids singing.

A young girl walked out of the Crystal Palace, but it was Luo Qingli.

"Sister Qingli."

Ye Chen was taken aback, and looked around blankly, completely unable to remember when he came to this underwater world.

"where is this place?"

Ye Chen was very curious. He remembered that he was clearly in the Holy Land of Runes, Yongfu Tiangong.

"Hee hee, brother Ye Chen, this is the fantasy dream world I wove."

Luo Qingli came over and took Ye Chen's hand, and said with a smile.

Ye Chen was taken aback for a moment, and then suddenly realized that this place was a dream.

Now that he knew it was a dream, he immediately understood the secrets of the heavens, and his spiritual consciousness penetrated, and he saw that outside the dream, in the real world, he and Luo Qingli were both in the room, one sleeping on the bed and the other meditating on the ground, maintaining restraint and distance.

However, in this dream world, the two are very close.

"Brother Ye Chen, I still want to double cultivate with you. In the real world, you are afraid that I will be contaminated with karma and it will be bad for my health, but in the dream, you don't have to worry about it so much."

With a slight smile in her eyes, Luo Qingli showed her heart very straightforwardly, took Ye Chen's hand, and walked into the Crystal Palace.

In the Crystal Palace, there has long been a large pearl bed, surrounded by jewels, which is extremely luxurious and dreamy.

"Did the power of the bloodline be conveyed in the dream?"
