

## Physician 9201

### Chapter 9201

Ye Chen was dumbfounded, but he didn't expect Luo Qingli to come up with this idea.

"Yes."

Luo Qingli's voice softened, and she looked at Ye Chen with starry eyes, full of admiration and love.

Ye Chen looked at her eyes, and her gentle and sweet posture, and his mind was also in turmoil.

Since this is a dreamland in fantasy, the restrictions and constraints in the real world can be completely abandoned.

Ye Chen and Luo Qingli hugged each other in the Crystal Palace, and the two had a very pleasant night.

In the early morning of the next day, in the room, Ye Chen opened his eyes and woke up, only to feel comfortable and indescribably happy.

The sun came in from the window, and Luo Qingli woke up at the same time, with a joyful and shy smile, looked at Ye Chen with a smile, and called: "Brother Ye Chen."

Ye Chen felt very at ease in his heart, only felt that life was like this, and it was not in vain, and said with a smile: "Sister Qingli, thank you very much."

Last night, he and Luo Qingli combined in a dream. Although it was a dream, Ye Chen also received a trace of water god's aura.

Under the nourishment of this trace of the spirit of the water god, Ye Chen's previous injury, which was severely injured by Bai Yu's self-explosion, also healed quickly.

Only those space fragments remained in his body like a gangrene.

Ye Chen's blood of reincarnation could not be bestowed on Luo Qingli in the dream.

Therefore, Luo Qingli did not get any benefits from the combination last night, only Ye Chen benefited.

However, when she saw Ye Chen's income, she felt very happy, and said, "Brother Ye Chen, you should try to comprehend the mother's nest of the talisman ghost, and you should be able to succeed."

"Um."

Ye Chen nodded, and once again sacrificed the scroll of the ghost's mother's nest, concentrating on comprehending it.

This time, Ye Chen's comprehension went very smoothly, he comprehended part of the mysteries of the mother's nest of talisman ghosts, and mastered some of the changes in the supernatural powers and talismans, but for some reason, there was a faint dark area that he was not allowed to explore.

Can't this dark place learn?

Or is it because your realm is too low?

Ye Chen shook his head, and faintly saw the secret.

The secret points to the phantom door.

It seems that this magic door must go.

But this part of enlightenment is strong enough!

In fact, at the time of comprehension, although there was an extremely terrifying dark breath, it came back.

However, within Ye Chen's body, there was a trace of Luo Qingli's natal aura guarding him, and he easily resisted the darkness, and successfully comprehended all the comprehensible secrets of the ghost's nest.

After the mother nest of rune ghosts comprehended most of them, traces of mysterious dark laws, as well as various runes of evil spirits, floated out of Ye Chen's body, manifesting an incomparably formidable atmosphere.

Seeing this scene, Luo Qingli was delighted, and said: "Great, brother Ye Chen, you can finally use this method, but it seems that there is still an important part that has not been mastered, but it is already very powerful."

Ye Chen was also overjoyed in his heart, and said with a smile: "Sister Qingli, it's all thanks to you."

"As for the rest, I should be able to master it successfully when I go to the Magic Gate."

The two laughed and hugged each other, because they had been combined in a dream last night, so there was no longer any gap between them.

Luo Qingli took Ye Chen's arm and walked out of the room together.

Zuoqiu Yun and many warriors from Yongfu Tiangong had already been waiting in the main hall, seeing Ye Chen and Luo Qingli coming out with such an intimate appearance, they were all shocked.

Ye Chen and Luo Qingli's faces were full of spring breeze, full of joy, even blind people knew what happened to them.

"Senior, I have already comprehended most of the secrets of the rune ghost brood. Although there is still a part of the dark area that has not been cracked, I must have the strength to fight against the female devil of the Fairy Rune Sect."

Ye Chen smiled and returned the scroll to Zuo Qiuyun.

Zuo Qiuyun and all the warriors in the audience were immediately shocked.

"What! Lord of reincarnation, you...you really became a brood of rune ghosts?"

Zuoqiu Yun's eyes widened, he felt incredible, even a part of it.

This is the most powerful talisman of the Rune Holy Land. It is more powerful than the general 33-day magic. Ye Chen has actually practiced it. Such a gifted comprehension is simply unprecedented!

"It's all under the protection of sister Qingli."

Ye Chen smiled, and gave Luo Qingli an approving look.

Luo Qingli was very happy, and said: "Elder Zuoqiu, from now on, you will set up another statue in Yongfu Tiangong, which is the statue of brother Ye Chen."

Zuoqiu Yun was full of admiration, and said: "That's nature. After I have entered the Heavenly Palace forever, I will worship the Lord of Reincarnation and praise the greatness of Reincarnation from generation to generation!"

"By the way, Lord of Reincarnation, you actually said it was most of it, so you must have touched the dark and uncontrollable part of it. It is estimated that you can only crack this part by going to the magic gate. By then, you will be considered to have completely mastered the ghost mother. The power of the nest."

Ye Chen can comprehend most of the nests of rune ghosts, such a heaven-defying talent, has completely convinced everyone in Yongfu Tiangong.

At noon, a group of men and horses flew from outside, all of them had a strong aura, and they were the people from the Xiefu Temple.

Ye Chen, Luo Qingli, Zuo Qiuyun, and many experts from Yongfu Tiangong went out to meet them.

The two sides met in the square, but Ye Chen felt a little danger in the dark.

Ye Chen stared forward, and saw over a hundred people from the Xiefu Temple, all of them looked at an old man in the middle with fear on their faces.

The old man was the Hall Master of the Temple of Evil Talisman, his aura was extremely gloomy and strange, his face was like a zombie, he had no expression at all, and even exuded a dead air from his body.

"Hallmaster Xie Talisman, why do you look like this?"

Seeing this, Zuo Qiuyun immediately frowned, he felt that today's Hall Master of the Xiefu had an extremely evil and strange aura, and it was really strange that he didn't have any anger from a living person.

Could it be that he practiced evil talisman supernatural powers and has gone mad?

"Zuo Qiuyun, are we going to join forces today to deal with the Fairy Talisman?"

The Lord of the Xiefu Hall spoke, and his voice was also very strange, with a hint of hoarseness, mixed with some noise, like the low growl of a wild wolf.

Zuoqiuyun felt even more strange, and said: "Yes, but how did you become like this?"

The master of Xiefu hall said: "Hehe, something went wrong in the cultivation, it's okay, let's go."

After speaking, the master of Xie Talisman wanted to turn around and leave.

"Wait, you are not the master of the evil talisman, you are a beast!"

Suddenly, Luo Qingli took a step, stared at the master of Xiefu Palace, and shouted.

She is a god, with a very keen eye.

At this moment, she caught the mysterious breath.

The master of the evil talisman in front of him is likely to be dead, and his body has been taken over by a ferocious beast.

The master of Xiefu Hall turned his head, two blood-stained fangs were exposed at the corner of his mouth, he looked very ferocious, and said: "Little girl, what are you talking about."

Chapter 9202

Zuoqiu Yun said: "Bold, this is the water god Tianzun, the master of the evil talisman, you must not be presumptuous."

The master of the Xiefu Palace had strong fangs, and there were low and dull roars from his throat, like howling wolves.

He suddenly stretched out his hand and tore it off, tearing off his skin and flesh, the whole body was completely torn apart, and a ferocious, terrifying wolf beast with bursting dark breath was exposed from inside.

"Forget it, I'm really not used to the human body, hehe."

This wolf beast, with two long tails dragging behind it, is covered in fluffy hair, and every hair reveals the evil spirit of a mountain of corpses and a sea of blood. Its eyes are like ink that has been solidified for thousands of years, and it is terribly dark.

The most frightening thing is its fangs, which are stained with ancient blood, drops of blood fall down, and the strong and formidable magic energy bursts, which is shocking.

This wolf beast is exactly the legendary two-tailed beast, the blood-fanged wolf!

As soon as the blood-fanged wolf's real body emerged, the storm swelled and swelled countless times, and it suddenly turned into a huge mountain.

Its huge body, when the soles of its feet stepped on it, the ground collapsed, and countless blood burst out.

The more than one hundred warriors in the Xiefu Temple exclaimed and knelt down tremblingly, kowtowing continuously.

It seems that they have known for a long time that the Lord of the Evil Talisman Temple has been killed by the Bloodfang Wolf and his body has also been taken.

Frightened by the Bloodfang Wolf, they dared not resist at all, and they all surrendered.

Ye Chen, Zuo Qiuyun, and Luo Qingli were shocked when they saw the huge body of the Bloodfang Wolf.

Under the insight of Tianji, Ye Chen saw everything in an instant.

"Did the Ancient God Tuodi send you here?"

Ye Chen narrowed his eyes, never expecting that Ancient God Tuodi would cooperate with Ancient Emperor Yuhuang to send Erwei to kill him.

The Bloodfang Wolf had already descended on the Rune Holy Land last night, and entered the Temple of Evil Runes first to take control of everything.

It wanted to lure Ye Chen out and slaughter him again, but now, it didn't care about so much, it was directly exposed, and the magic power was raging.

boom!

With a wave of the bloodfang wolf's claws, violent power burst out, completely destroying a palace in the Rune Tiangong.

Countless warriors in the Rune Tiangong suddenly exclaimed, and the strong men from all directions quickly gathered and flew to the blood tooth wolf.

However, seeing the ferocious figure of the blood-fanged wolf and the blood-stained fierce magic power, all the strong men were shocked, and they dared not approach.

After all, the Bloodfang Wolf is a two-tailed beast, and its appearance is enough to intimidate people.

The dark aura emanating from it made many weak warriors vomit blood on the spot, their Dao heart collapsed, and they screamed.

"Lord of Reincarnation, everyone says that you have great luck and cannot kill you, but I want to see if you are really so powerful."

"The law of heaven, the magic eye of death and darkness!"

The blood-toothed wolf roared, and after its figure was exposed, it didn't talk nonsense, and directly launched the most ferocious attack on Ye Chen.

boom!

The violent devil energy and blood energy erupted from the blood tooth wolf, resonating with the ultimate truth.

The avenue oscillated, manifesting a scene of heaven and law, which was a huge eye, a thousand feet long.

The thousand-foot-long giant eye split open from the sky, as if it wanted to collapse the entire sky of the Rune Holy Land.

It was a pitch-black magic eye, filled with the smell of darkness and death, and it was a symbol of death.

The blood-fanged wolf is Erwei, and the devilish energy in his blood is so strong that he can use the way of the god of death.

In fact, the so-called ten-tailed beast is a mass of energy, which contains the orthodox power of many gods, not only the god of death, but also the power of light god, rock god, wind god, etc., are contained in the blood of the ten-tailed beast .

This is the strength of the ten-tailed beast. It was born from the darkness and filth, but it surpassed the darkness and surpassed the nine gods.

As soon as the Dark Demon Eye came out, the terrifying breath of death shook the world and turned into a pitch-black rainstorm, rolling down.

Rumble!

The death torrential rain rolled down, and many warriors of Yongfu Tiangong were caught off guard by the impact of the torrential rain, and died on the spot, unable to even resist.

"Quickly open the guardian array!"

Zuoqiu Yun yelled violently and was completely shocked. He never thought that the power of the Blood Fang Wolf would be so terrifying. It is worthy of Erwei.

He hastily joined forces with many experts in Yongfu Tiangong to open a protective formation to resist the blood tooth wolf's dark slaughter.

"Wan Shui Shen Jue, Liuli Qingtian."

Luo Qingli made a move, and the Wanshui God Art was cast, and blue water vapor, as pure as glass, and like a dragon, rose from her delicate body to fight against the death rainstorm summoned by the blood tooth wolf.

However, such a confrontation is at best a barely defensive one.

Even Luo Qingli, the water god Tianzun, is struggling to face the blood tooth wolf now.

The Bloodfang Wolf didn't care about the others, and stared at Ye Chen. After the dark magic eye was opened, the terrifying dark magic light, mixed with all kinds of death rain, rolled towards Ye Chen to kill.

"Holy book, dispel it for me!"

Ye Chen shouted violently, and immediately activated the light magic method, summoned the sacred book, and the vast and sacred brilliance burst out, trying to dispel the darkness with light.

As soon as the sacred book came out, the strong power of light caused the darkness between the heaven and the earth to dissipate a lot.

"Hehe, the dark weather in this seat may not be dispelled by you with a single book."

The blood-fanged wolf grinned grimly, and the devilish energy spurted out crazily, and the aura it released was even more powerful than the Chimo poisonous scorpion.

Chapter 9203

The Chimo poisonous scorpion is still limited by the laws of reality, but the blood tooth wolf, nourished by the veins of the Wanxu Earth, has greatly weakened the limit, and its dark magic power can explode to an extremely terrifying level.

"Dark starry sky, myriad worlds have fallen, reincarnation, you should also fall for me!"

The blood-fanged wolf sang to the sky, and the howling of the wolf shook Xiaoyu, summoning an extremely dark starry sky.

That is the weather on the other side of the starry sky, but it has been completely polluted and depraved, everywhere is full of darkness and filth, and all the existing sun, moon and stars have died.

The stars are dead, the corpses of the dead stars are floating on this dark starry sky, as if it symbolizes the fall of the myriad worlds.

Such depraved weather can seriously affect people's Dao heart, bringing people a feeling of darkness, despair, and suffocation.

When this dark starry sky and the corpses of the stars landed down, even Ye Chen felt desperate and suffocated, his heart shook for a while, as if he was about to fall in the next moment.

The light of the sacred book he summoned dimmed in an instant, completely unable to compete with this dark starry sky.

It has to be said that the dark magic power of the Blood Fang Wolf is much stronger than the Chi Mo Poisonous Scorpion.

Luo Qingli, Zuoqiu Yun, and the warriors from Yongfu Tiangong, when they saw the dark starry sky descending, thoughts of despair appeared in their hearts, and they stopped their movements one after another, giving up their resistance.

This is the power of the darkness, this is the power of the tailed beast, even the Dao Heart of the gods can be suppressed.

"Excalibur Thunder Control Art, break it!"

Ye Chen yelled violently, the blood of reincarnation was running, and he kept awake, and immediately slashed out with a sword, attracting the thunder of the Nine Heavens, and the glory of heaven descended.

Rumble!

The unparalleled thunder exploded crazily on Ye Chen's Samsara Heavenly Sword.

Thousands of flashes of thunder and sword light erupted from his sword body, briefly opening a crack in the dark starry sky, allowing the sun to shine down.

Under the sunlight, Luo Qingli, Zuo Qiuyun and the others regained consciousness, all of them were scared out of their wits, deeply feeling the strength of the Blood Fang Wolf.

"Water god Tianzun, I pray for your protection!"

Zuo Qiuyun and many other warriors hurriedly prayed to Luo Qingli and burned their own power of faith.

Luo Qingli gained the faith of the believers, her spirits were lifted immediately, her aura soared, and she hurriedly released a water formation to protect the warriors of Yongfu Tiangong.

But such protection may not last long.

The power of the blood-fanged wolf is too terrifying. The ferocious power of the tailed beast has already crushed reality, even overshadowing the current Luo Qingli.

In that dark starry sky, the cracks created by Ye Chen's cuts quickly closed together.

The darkness fell again, and the light of Ye Chen's Divine Sword Yu Lei Jue was also crushed.

Ye Chen's eyes narrowed slightly, being suppressed by the real world, he has such terrifying power, if in Wu Wu time and space, would this kind of guy be able to kill himself with one breath?

"Hey, Lord of Reincarnation, it's useless."

"The power of this seat is not something that you can contend with, even the Immortal Emperor can't fight against this seat."

"This seat is very curious. You are only in the Sky Profound Realm. Are you really so hard to kill? Demon Ancestor Wutian shouldn't be defeated by an ant like you."

"Hahaha, I am going to make you fall today and perish in the darkness!"

The blood-fanged wolf laughed wildly, and the howl of the wolf shook the sky. Under the spurt of demonic energy, he suppressed the dark starry sky again. He wanted to suppress Ye Chen and make him a corpse in the starry sky just like those dead stars.

The boundless darkness enveloped Ye Chen, and Ye Chen felt suffocated.

However, he was not flustered.

At the absolute juncture of life and death, he caught a glimpse of the dawn of breaking the situation.

"Nest of rune ghosts, absorbed by me!"

Ye Chen shouted wildly, and intertwined pieces of dark runes with his hands.

The ultimate rune mystery burst out from Ye Chen's hands.

Pieces of dark runes, mixed with billowing dark demon energy, and all kinds of weird and twisted filthy breaths, finally formed a huge nest, which seemed to be a nest of some kind of bug, and seemed to be a real hell, where the Countless mysterious things.

"This is....."

The Bloodfang Wolf looked at the lair that Ye Chen had woven, and a look of surprise flashed across the wolf's eyes.

I saw that lair, flowing with dark filth and pus, as well as various viscous and indescribable strange liquids. The breath was extremely dark and oppressive, extremely terrifying and strange, no less than the dark starry sky it summoned.

The blood-fanged wolf recognized it, and it turned out to be the legendary mother nest of rune ghosts, which is said to be able to breed thousands of demons and thousands of rune ghosts and evil spirits.

Although it is not perfect, it is already an extremely terrifying existence in the real world.

When the ten-tailed cub was born, the ancient god Tuodi wanted to borrow the mother's nest of rune ghosts and use it as the ten-tailed lair.

Now, Ye Chen actually summoned the legendary talisman ghost nest.

When they saw the appearance of the nest of talisman ghosts, the warriors of Yongfu Tiangong and Xiefu Temple all showed a deep look of horror in their eyes.

They practiced Talisman Dao intensively, so they naturally knew how difficult it would be for the Talisman Ghost Nest to practice.

"Praise reincarnation, it's incredible!"

"The rune ghost nest he summoned seems a bit special, but it is powerful enough! How long has it been! If you go to the magic gate, what a terrifying existence this rune ghost nest will be!"

Zuoqiu Yun admired, his eyes full of admiration.

At this moment, the mother's nest of rune ghosts summoned by Ye Chen has a terrifying and vast aura. Because of the power value of this land, it is even faintly close to the palace master of Yongfu Tiangong in the past, and also surpassed the leader of Xianfu Nu Sect.

After Ye Chen summoned the nest of rune ghosts, he didn't summon any more rune ghosts.

Because he knew that it was impossible for all the summoned creatures to compete with the Bloodfang Wolf.

The Bloodfang Wolf is a tailed beast, and its power is too terrifying. If you want to defeat it, you can't do it head-on.

Ye Chen took a deep breath, frantically mobilized the brood, and absorbed the dark energy around him.

In the dark starry sky summoned by the blood fang wolf, the energy breath leaked out crazily and was absorbed by the brood.

In an instant, the starry sky that was originally as black as ink became dim, and the corpses of the stars collapsed and turned into dust.

Many dark, distorted and mysterious scenes were all absorbed by Ye Chen's brood.

Ye Chen's brood is like a black hole, a bottomless abyss, a container that can never be filled.

All the dark aura around it poured into the mother's nest and was absorbed.

The mother's nest rapidly swelled and turned into an unknown number of ten thousand feet high. It seemed that even the sky, the sun and the moon could absorb and devour it.

"How can it be!"

"Your lair is really not enough to fill it?"

Chapter 9204

"I don't believe it!"

The Bloodfang Wolf was shocked and couldn't believe his eyes.

It was covered in blood, its qi and blood burned crazily, and boundless terrifying devilish energy erupted, and then, like a wave, it poured fiercely towards Ye Chen's talisman ghost nest.

It doesn't believe in evil, and wants to use its majestic devilish energy to explode the brood!

However, Ye Chen's talisman ghost mother's nest is really like a black hole abyss, which can swallow everything in the world and never fill it up.

Ye Chen absorbed as much devilish energy as the blood tooth wolf erupted.

Such a terrifying absorption, even Zuo Qiuyun and Luo Qingli were stunned.

This scene is really outrageous.

Even if it is an immortal emperor, if he absorbs so much magic energy, he will only end up exploding and dying.

But Ye Chen looked completely fine.

No one knew that after absorbing the devilish energy, Ye Chen directly guided it into his own reincarnation blood, and poured it into the night star.

Heiye Fate Star, named after the night mother Fengyu Ying, is Ye Chen's third Fate Star.

Because it is dark night, if you want to awaken this life star, you need a lot of magic energy infusion.

Ye Chen's brood, after absorbing the magic energy, poured it all into the space of the star of the night, hoping to light up the star.

However, after pouring into the space of Heiye Mingxing, the devilish energy that was enough to blow up the immortal emperor, it was a muddy cow into the sea, without bringing the slightest abnormal fluctuation.

The night star was still extremely silent, showing no signs of being lit up.

"The awakening of the reincarnation star is really difficult."

"It seems that if I want to awaken the star of the night, I have to swallow more magic energy and more energy."

Ye Chen licked his lips, looked at the Blood Fang Wolf, thinking in his heart, if he swallowed the Blood Fang Wolf directly, there might be a chance to light up the Dark Night Star.

The blood-toothed wolf, who was still fierce and fierce just now, shivered all over after meeting Ye Chen's sinister eyes, and his eyes showed a look of horror.

"Lord of reincarnation, you madman, you are a devil!"

The Bloodfang Wolf made an extremely frightening sound. It burned its blood and burst out endless demon energy, but it couldn't fill Ye Chen's lair, and it was about to be squeezed dry.

Naturally, it doesn't know that Ye Chen actually guides those demonic energy into the world of the star of the night.

"This talisman ghost nest is really a supernatural power tailored for me."

Ye Chen licked his lips and smiled, feeling very happy and satisfied.

The magic energy absorbed by the brood can be directly guided into Ye Chen's life star.

With the help of the brood to absorb, Ye Chen doesn't have to face the impact of the devil energy directly, and his body won't suffer any damage, making him invincible.

He had to sigh that his luck was really good.

If he hadn't controlled the mother nest of rune ghosts, he would definitely be in a very embarrassing situation when facing the blood fang wolf today.

The majestic magic power erupted by the blood tooth wolf is comparable to the god of death, but it is not something Ye Chen can easily contend with.

"Run ghosts and monsters, come to the world, kill the world, go!"

Ye Chen shouted, pinched a formula, and directly summoned a talisman ghost from the brood.

Those talisman ghosts, shaped like distorted monsters, were covered with ancient runes, like the killing gods from hell. As soon as they appeared, they immediately held the swords gathered by the demonic energy, and slashed towards the blood-fanged wolf fiercely.

Just now, the bloodfang wolf was so powerful that Ye Chen couldn't fight head-on.

But now, the blood-fanged wolf's breath has been consumed a lot, and it has gradually fallen into weakness. It is time for Ye Chen to fight back.

A talisman ghost, like a ruthless killing god, slashed at the blood-fanged wolf overwhelmingly. This scene was extremely spectacular.

Luo Qingli, Zuo Qiuyun, and all the warriors from Yongfu Tiangong and Xiefu Temple were stunned. They couldn't believe their eyes, and they were deeply shocked by Ye Chen's strength.

You know, the Bloodfang Wolf is a tailed beast, an existence capable of crushing reality, and its power is extremely powerful.

But now, the Blood Fang Wolf will be counter-killed by Ye Chen.

Ye Chen's strength is simply invincible, terrifying, and too violent.

"madman!"

The Bloodfang Wolf roared, completely unexpected that Ye Chen could actually kill it.

Countless talisman ghosts, ghostly shadows danced wildly, roaring with evil aura, and with the power of the Yongfu Heavenly Palace and Earth Vein, they were fierce and unparalleled, and quickly rushed to the blood tooth wolf.

In the Yongfu Heavenly Palace, Ye Chen has the blessing of the earth's veins, and the power of the mother's nest of rune ghosts that erupts is also extremely fierce.

What's more, in the real world, the strength of the Blood Fang Wolf is limited after all. Now facing Ye Chen's astonishing methods and killing countless rune ghosts, even it can't stand it.

Puchi, puchi!

A talisman ghost came up, and the devilish sword in his hand slashed wildly, causing the blood tooth wolf to be covered in scars, many wounds were deep enough to show bones, fur splattered, and blood flowed.

"Lord of reincarnation, I underestimated you, there will be a period later!"

The Bloodfang Wolf had a ferocious face, and stared at Ye Chen fiercely, his body turned into a wisp of black air, and fled away, but he didn't dare to fight any more.

Ye Chen saw the blood-fanged wolf running away, but he didn't chase after him.

He was already very satisfied to be able to temporarily repel the Bloodfang Wolf.

It is useless to chase and kill a tailed beast of this level. Ye Chen's current strength is not enough to kill a tailed beast, even though most of this guy's strength is suppressed by the real world.

However, he has already glimpsed the secret, knowing the deal between the Blood Fang Wolf and the Ancient God Tuodi.

Regardless of the success or failure of the Blood Fang Wolf attacking and killing him this time, Ancient God Tuo Di must set it free.

In other words, the current Blood Fang Wolf is free, and will no longer serve the Ancient God Tuo Di.

When Ye Chen defeated it, it was equivalent to cutting off the right arm of the ancient God Tuodi!

Chapter 9205

Of course, in this fight, Ye Chen and the Blood Fang Wolf have formed a bridge, and if they go to Nowhere in the future, they may be retaliated by the other party!

In Wuwu time and space, the strength of the blood tooth wolf will not be restricted, and it must be a very terrifying existence.

However, Ye Chen was not worried.

Because, if he has the strength to ascend Wuwu, even if he faces the tailed beast, he will not have the slightest fear.

More importantly, Wuwu has his guardian, Ren Feifan!

I don't know what the current senior Ren's strength is.

At the end of the battle, everyone in the audience looked at Ye Chen with incomparably shocked and admiring eyes.

Zuo Qiuyun deeply admired: "Lord of Reincarnation, you are indeed powerful and invincible!"

Although in this battle, Ye Chen was able to defeat the Blood Fang Wolf because he borrowed the advantage of Yongfu Tiangong's land veins and did not rely entirely on himself, but no matter what, Ye Chen's astonishing combat power was still extremely shocking.

"Brother Ye Chen, you can defeat even tailed beasts, you can really be said to be unparalleled in the world, who else in the real world can compare with you?"

Luo Qingli's eyes were blurred, and her eyes were full of admiration and joy. Recalling the union with Ye Chen in the dream last night, she felt even more regretless and excited.

Even, she wanted to go one step further, to be with Ye Chen in reality.

"It's just a fluke. He has been suppressed too much in the real world. If it is in Wuwu time and space, I can't hold it."

Ye Chen smiled wryly, feeling his body was a little hollowed out, it seemed that he had to go to the Magic Gate as soon as possible to grasp the complete nest of rune ghosts.

Perhaps only by truly mastering it can it display its full power, and there will be no such big side effects.

Afterwards, he took many talisman ghosts back into the mother's nest, and put away this strange nest full of mysterious aura and filled with viscous dark liquid.

Looking at the nest of rune ghosts, whether it was Zuoqiu Yun, Luo Qingli, or many experts from Yongfu Tiangong, there was a hint of surprise in their eyes.

If there is really any hell in this world, then the nest of rune ghosts is the darkest hell, from which all kinds of rune ghosts can be summoned.

And Ye Chen is the one who suppresses and controls the hell lair!

"Master of Reincarnation, the supernatural power of your talisman ghost brood is so powerful that it can even defeat the bloodfang wolf. Maybe you should go to the magic gate as soon as possible to master it thoroughly, and then you can try to control the koi talisman."

Zuoqiu Yun said.

"Koi Carp Talisman?"

Ye Chen's heart moved slightly, and he vaguely caught a trace of a vast holy breath.

Zuoqiu Yundao: "Yes, the koi talisman is the legendary talisman of the God of Light, the ancestral weapon of the God of Light."

"Our Rune Holy Land originally believed in the God of Light, not the God of Water."

"After the fall of the God of Light Tianzun, his koi talisman was handed over to our Rune Holy Land, but the koi talisman, the breath of sacred light, is too vast and blazing, even more blazing than the sun."

"In my rune holy land, no one can handle the koi talisman. Anyone who wants to handle it will be penetrated by the endless power of light and evaporated into ashes."

"The bright profound power emanating from the koi talisman even brought disaster to many masters in my rune holy land, causing them to be burnt to ashes by the supreme brilliance."

"In the Holy Land of Runes, I was extremely resentful towards the koi celestial talisman. In the end, I even gave up my belief in the God of Light and converted to the God of Water, Tianzun."

"Lord of reincarnation, your talisman ghost brood is so powerful, maybe you can handle the koi talisman and accomplish an unprecedented feat!"

When mentioning the koi talisman, Zuoqiu Yun's tone was mixed with love and hate, and his emotions were complicated.

Ye Chen asked: "Is there any connection between the ghost's nest and the koi talisman?"

Zuoqiu Yundao: "The bright breath of the koi talisman is too great and vast. It is extremely difficult for ordinary people to control it. In my rune holy land, no one has been able to control it for hundreds of millions of centuries."

"However, the three forces of my Rune Holy Land, the Yongfu Tiangong, the Xiefu Temple, and the rulers of the Xianfu Nvjiao, have thought of a solution."

"That is, use the power of the rune ghost brood!"

"The mother's nest of rune ghosts is a symbol of darkness. It contains terrifying dark devilish energy. It is a dark lair."

"This nest can also be used as a container to hold koi talismans!"

"Among the ancestral artifacts left in the Nine Gods Era, the koi talisman is the most powerful existence. Whoever can hold it will be able to reproduce the glory of the Guangshen Tianzun at its peak!"

In Zuoqiu Yun's tone, there was a trace of excitement, wanting Ye Chen to use the talisman ghost's nest to accommodate the koi talisman, so as to control this ancestral artifact and achieve a peerless achievement.

Among the many ancestral treasures left by the Nine Gods, the koi talisman is the most powerful existence, and it is a symbol of the authority of the God of Light.

At the peak of Guangshen Tianzun, he even almost became the supreme of the gods, but because he failed to practice the Qinglian Casting Sacred Method, he suffered backlash and lost the possibility of competing for the supreme.

The God of Light Tianzun can compete for the supremacy, one is because he is a former servant of Emperor Yuantian, and he has been instructed by Emperor Yuantian, and the second reason is because he has a koi talisman, which is an extremely powerful magic weapon that represents light. extreme.

The power of the koi talisman is so strong that even the three major forces of the rune holy land can't control the refining process after spending hundreds of millions of centuries.

Chapter 9206

"Where is the koi talisman? Is it in the Yongfu Tiangong?"

Ye Chen was also interested and asked.

He faintly grasped the secret of the sky. Behind this koi talisman is not only the karma of the God of Light, but also the clue of Emperor Yuantian!

Zuo Qiuyun shook his head and said, "No, the koi talisman is in the real rune sanctuary that is boundless in time and space."

"Our place is just a small area that fell from the infinite time and space, and it cannot be regarded as a real holy place."

"The real holy land is much bigger than this place. The koi talisman is also sealed in the leylines. It is considered a hot potato. The people in the holy land can't refine it, but they are reluctant to discard it, so they have been sealed."

Ye Chen frowned, and said, "The koi talisman, since it is in Wuwu time and space, how can I control it?"

He also knew that the rune holy land here in Tianwaitian was not the real rune holy land.

The real holy land of runes is in Wuwu time and space.

The rune sanctuary here in Tianwaitian was cut and dropped because of the fall of Wanjianshenxing.

The legendary koi talisman is naturally not here, but in the headquarters of the holy land without time and space.

Zuoqiu Yundao: "I can arrange a ceremony, communicate with the headquarters of my Yongfu Tiangong, and ask them to open the seal, so that you can personally touch the Koi Tianfu."

"Lord of Reincarnation, if you have the strength, you can use the talisman ghost nest as a container to control the koi celestial talisman, to reproduce the former glory of the God of Light Tianzun, and by the way, solve an eternal problem for my rune holy land."

The koi talisman is really a hot potato for the rune holy land, neither can it be discarded, nor can it be controlled.

If Ye Chen can manage the koi talisman, it will naturally solve the troubles of the holy land of runes. The three forces of Yongfu Tiangong, Xiefu Temple, and Xianfu Nvjiao may regard him as a guest of honor.

Ye Chen frowned slightly. This koi talisman has been controlled by no one in the rune holy land for hundreds of millions of centuries. It is conceivable how difficult it is to control it.

If he wants to control it, it will definitely not be easy.

Borrowing the dark power of the talisman ghost's mother's nest to contain the bright artifact such as the koi talisman is after all just an idea, and no one knows the real effect.

"I will think about it."

Ye Chen said.

Zuoqiu Yundao: "Lord of Reincarnation, it will take a long time to set up the ceremony. I will communicate with the headquarters of Yongfu Tiangong for you first. If you are interested, you can try to contact the Koi Tianfu."

Ye Chen made a "hmm" and said, "That's fine, but the most urgent thing is that I still want to get the Ten Thousand Sword God Star first."

Ye Chen didn't forget the purpose of his trip.

The koi talisman is still a bit illusory to him.

What he wants most now is the Myriad Sword God Star!

As long as he gets the Myriad Sword God Star, he can use the sword energy of the Myriad Sword God Star to chop up the space debris in his body, completely recover his body, and even control the power of Taiyu's bloodline!

Luo Qingli smiled brightly and said, "Elder Zuoqiu, brother Ye Chen is so powerful, even the female devil of the Fairy Talisman Sect is no match for him."

"Hurry up and send a flying sword letter to tell that female devil to surrender obediently and hand over Wanjian Shenxing. Otherwise, brother Ye Chen will come to her Fairy Talisman Sect in person, and she will only be destroyed."

Ye Chen had just defeated the Blood Fang Wolf, and the fighting power he demonstrated was simply domineering and invincible.

Looking at the entire rune holy land in this world, no one can compete with him.

Even the leader of the Immortal Talisman Sect can't resist.

In terms of the cultivation base of the Fu Ghost Nest, even though Ye Chen still hadn't mastered a part of it, he was stronger than anyone else in the real world.

It is said that the nest of ghosts is a supernatural power spread from the other side of the starry sky, and Ye Chen has seen the Taoist scriptures of the starry sky, and there is a trace of mystery in that world.

The talisman ghost nest he has mastered is also much more powerful than others.

Zuoqiu Yun said: "Yes, Water God Tianzun, the villain will immediately send a letter to the Xianfu Nujiao."

Ye Chen's heart trembled slightly, if the Fairy Talisman would bow his head and obediently hand over the Myriad Sword God Star, it would save him a lot of trouble.

At that moment, Zuo Qiuyun repaired a book and sent it to Xianfu Nvjiao, waiting for a reply.

...

At this time, the outside world, whether it is the world of the outer world, the world of the upper world, or even the time and space of Wuwu, is full of horror.

Ye Chen's defeat of the Blood Fang Wolf, this matter has already touched the secret of the heavens and the general trend of the world, and the current of the universe has been sensed by countless people.

Everyone can feel the dark, mysterious and terrifying aura of Ye Chen's talisman ghost nest.

In the Temple of Ten Thousand Ruins, Emperor Yuhuang knew that the Bloodfang Wolf had been defeated, and he was shocked immediately, showing an inconceivable expression.

"This kid can defeat even Erwei. Even though Erwei's strength is mostly limited, it should be enough to crush that kid in the real world. Impossible!"

Emperor Yu Huang gasped, feeling a bit chilly inexplicably, as if his whole body, including his soul, would be swallowed up by Ye Chen's talisman ghost nest, and the hair on his back stood up.

Although in Yongfu Tiangong, Ye Chen got the help of the earth veins, but no matter what, he was able to defeat Erwei by himself, which was too terrifying and unbelievable.

...

In Wuwu Time and Space, Ancient God Tuodi sensed this scene and vomited blood on the spot.

"Erwei actually lost, how is this possible!"

At this time, layers of corpse spots appeared on the pale dead face of the ancient god Tuodi, which was extremely ferocious.

Chapter 9207

He originally expected that Erwei would attack and kill Ye Chen, and even if he couldn't kill him, at least he could seriously injure him.

However, he never expected that Ye Chen was unscathed, and Erwei was even defeated and fled.

He has an agreement with Erwei, no matter what the outcome of the battle, he will allow Erwei to be free.

Today's two-tailed beast, the blood-fanged wolf, has gone to nowhere, and will never return to Emperor Tuo Tianzong.

Ancient God Tuo Di spent countless efforts to get Erwei back. Now that he lost it, he failed to cause the slightest harm to Ye Chen. He was so angry that he vomited blood directly. It was unbearable for such a huge loss.

"The luck of the lord of reincarnation is so majestic."

"In this real world, who else can suppress him?"

The ancient god Tuodi was deeply enraged, and terrified again, he was at a loss what to do for a while.

In hesitation, he thought of a person.

Nintendo!

The decisive battle between Ye Chen and Ren Tiannv is imminent.

The person who can end reincarnation is likely to be a goddess.

"Forget it, before the decisive battle begins, any means to fight against reincarnation will be futile. Let's wait for the result of the decisive battle."

The ancient God Tuodi's eyes were cloudy, and he also knew that the power of time and space, if it came to the real world, would be subject to many restrictions, and it was almost impossible to bury reincarnation.

Now, he calculated that the only possibility of breaking the game was Tiannv.

The decisive battle between Tiannv and Ye Chen is absolutely earth-shattering, and it will have an unpredictable impact on the future situation.

Before that decisive battle came, the actions of others to bury the reincarnation were all futile.

At that moment, the ancient god Tuodi sent out his will, ordering the people of Tuodi Tianzong to restrain their breath and temporarily stop all plans for reincarnation.

He even ordered the Black Blood Demon Venerable to return all the large amount of source jade he received to Fenghuang's lineage, and give up chasing and killing Ye Chen, because it was useless at all.

Even Erwei couldn't suppress Ye Chen, Ye Chen's luck and strength were too terrifying, plotting to assassinate him would not be useful.

...

After a day.

Tianwaitian, rune holy land, in Yongfu Tiangong.

Zuo Qiuyun is arranging the ceremony and communicating with the headquarters of Yongfu Tiangong, hoping to let Ye Chen get in touch with the Koi Tianfu.

Of course, compared with the koi talisman and the complete talisman ghost nest, what Ye Chen cares more about now is the Ten Thousand Sword God Star!

Yesterday Zuoqiu Yun sent a letter to the Immortal Fu Nu Sect to ask them to surrender and hand over the Ten Thousand Sword God Star.

Today, the Fairy Talisman Sect sent a letter back.

It's just that their reply was a bit special, and they actually sent an hourglass.

This hourglass is as delicate and beautiful as a work of art. Inside the hourglass, dots of golden light float like fireflies, forming characters one by one.

These golden words constitute a reply letter.

The content of the reply letter did not say whether he would hand over the Myriad Sword God Star, but only said one thing.

That is, yesterday a young girl came to the Immortal Fu Nu Sect, killed the leader, and took over the Immortal Fu Nu Sect herself.

This young girl has no name, and even she has forgotten her name, because the years of her existence are too long, so long that even she herself has forgotten how far away it is.

Her memory has been worn out too much, she only remembers that she has been chasing the mystery of time, the secret of years from the very beginning.

She has a fantasy bloodline, which does not exist in reality, that bloodline is just her fantasy and wish, called Zhouguang bloodline.

She has no name, only a code name called "Hourglass", which is a symbol of the passage of time.

Her current status is the third protector of the Death God Order.

Codename, Hourglass!

This hourglass girl has existed for a long time, even farther away than the Reaper's Cult.

The Hourglass Girl already existed before the Reaper Sect was born, before the Apocalypse Supreme and the Witch were born, and even before the Nine Gods existed.

No one knew her origin, even she herself forgot.

She has existed for too long, her memory has worn out too much, and her strength is also constantly wearing out.

In the end, she was so weak that she could no longer survive alone, so she could only join the Death Order and become the witch's subordinate.

The witch was full of curiosity about this subordinate at first, and even had a hint of awe.

But later, she found that the accumulation of wear and tear of the hourglass girl was too serious, and there was no possibility of recovering her strength, so she gradually changed her attitude and only treated her as a servant.

The hourglass girl didn't mind. After the wear and tear of the infinite years, her state of mind seemed to have been numb. She would do whatever the witch told her to do.

Now, the witch asked her to come down to deal with Ye Chen and take back the Throne of Thorns.

Yesterday, the hourglass girl came to the Fairy Talisman Sect, killed the original leader, and took charge of the entire sect herself.

She originally wanted to attack directly and take back the Throne of Thorns from Ye Chen.

However, when Ye Chen defeated the Bloodfang Wolf, the shocking fluctuations in the killing completely shook the hourglass girl's numb heart.

She felt the terror of Ye Chen. If she really wanted to fight decisively, she would definitely not be Ye Chen's opponent. After all, there are restrictions on the laws of reality. Right now, she can only exert one-tenth, or one-ten-thousandth of the power of Wu Wu Wu Wu Wu Wu. .

Now, the hourglass girl sent a letter back. She didn't say that she would hand over the Ten Thousand Swords God Star, but that she would invite Ye Chen to gather in the territory of the Fairy Talisman Sect.

"The witch actually sent someone down to take back the Throne of Thorns?"

Ye Chen looked at the hourglass in front of him, and there were dots of golden characters floating inside, his expression changed suddenly, and he could see all the secrets.

"Hourglass Guardian? The third-ranked existence of the Death Order? Did she kill that female devil?"

Zuo Qiuyun took a deep breath, he had naturally heard of the name of Death's Hourglass.

It's just that he didn't expect that the high-ranking hourglass protector of the Death God Sect would come here and even kill the leader of the Fairy Talisman Sect.

In Zuoqiu Yun's heart, the leader of the Immortal Talisman Sect can be said to be a female devil head, extremely powerful. Back then, she killed the palace master of Yongfu Tiangong, took away the Ten Thousand Swords God Star, and trained her to become the mother nest of Talisman Ghosts. The existence, the strength is terrifying.

But such a terrifying existence was already killed by the hourglass girl without making a sound.

One can imagine how terrifying that hourglass girl's strength is.

However, such a frightening hourglass girl did not dare to fight Ye Chen head-on. To invite Ye Chen to the Fairy Talisman School was a bit of a negotiation.

Ye Chen frowned, thinking about whether to go there.

Luo Qingli said: "Brother Ye Chen, do you want to go there?"

Ye Chen groaned, calculating the secret, but he didn't see any signs of traps.

The hourglass girl obviously didn't plan to set any traps, because it was useless.

At Ye Chen's level, he can detect ordinary traps at a glance, predict good or bad, and detect in advance, so that others can't murder him.

Chapter 9208

Now Ye Chen can be sure that the hourglass girl really wants to negotiate.

"Hehe, it's okay to talk in the past."

"I'd like to see what that legendary hourglass wants to discuss with me."

Ye Chen made up his mind and decided to take a look.

After all, Wanjian Shenxing is in the territory of Xianfu Nujiao, and the other party refuses to hand it over, so he has to go there no matter what.

At that moment, Ye Chen gathered his men, took many experts from Yongfu Tiangong, and Luo Qingli, and walked towards the territory of the Fairy Fu Nu Sect.

Although there should be no traps, it is always right to be cautious.

As for Zuoqiu Yun, he stayed in the Yongfu Tiangong, while continuing to prepare for the ceremony, communicating with each other in time and space, and preparing for Ye Chen's future contact with the koi talisman.

Ye Chen and Luo Qingli brought people to the Fairy Talisman School.

On the side of the Xianfu Nujiao, they had sensed the fluctuation of the heavenly secrets and sent people out to meet them in advance.

On both sides of the mountain road, there are beautiful women.

In Xianfu Nujiao, there are only female disciples.

When Ye Chen saw those female disciples, everyone had a look of fear and sadness, as well as fear.

This fear is not about Ye Chen, but about that hourglass girl!

The hourglass girl killed their leader, and the supreme leader in their hearts was just an ant under the hands of the hourglass girl, who was crushed to death.

The impact of this killing is extremely huge, so in the Xianfu Nu Cult, all the congregants are fearful.

Ye Chen stepped into the mountain gate of the Fairy Talisman Sect, and what shocked him the most was that there was a huge stone ball standing in the mountain gate of the Fairy Talisman Girl Sect.

That stone ball, full of craters and craters, was unbelievably huge, with a diameter of tens of thousands of feet. It was not a thing in the world, but a star in the sky.

Compared with this huge stone ball, the majestic mountain gate and many mountain forests of the Fairy Talisman Girl Sect have become extremely small existences, and people are also set off to be extremely small, worse than ants.

Ye Chen knew that that huge stone ball was the legendary Myriad Sword God Star.

Today's Myriad Sword God Star has dim aura, so it presents the posture of a stone ball. As long as the aura is restored, it will be able to bloom with endless brilliance again, and the endless sword aura is enough to smash through the world.

"Lord of reincarnation, welcome to you."

At this time, an ethereal sound came from the void, like smoke and dust in a dream, or like the quicksand of time.

In the void, an elegant fragrance came, and then I saw a young girl wearing a plain dress, bare feet, and an ancient indifference in her eyes, as if she had seen through the vicissitudes of time and years, slowly It slowly emerged, surrounded by divine light, and the hourglass totem faintly manifested behind it.

The girl stared at Ye Chen, and only looked at Ye Chen alone, as if everyone else was empty, and she didn't even pay attention to Luo Qingli, the water god.

"Girl, what should I call you?"

Ye Chen smiled calmly, looked at the girl, and said.

"My name, I have forgotten, you can call me Hourglass."

The girl's voice is neither happy nor sad, she is the third protector of the Death Cult, and the witch's most reliable subordinate, Hourglass!

Ye Chen looked at the mysterious hourglass totem behind the hourglass girl, and felt the vast fluctuation of the law of time.

This hourglass girl's control of the law of time is definitely not inferior to Ye Chen, and even better.

However, Ye Chen was not afraid.

In addition to the means of the law of time, he also has many supernatural powers and martial arts. If there is a real fight, he has great confidence that he can win and smash the hourglass.

"Girl Hourglass, do you want to return to the Throne of Thorns?"

Ye Chen asked with a smile.

"That's right, the Throne of Thorns originally belonged to my Death Cult, and you should return it to its original owner."

The hourglass girl stared at Ye Chen, and although she urged him to return it, her eyes were still neither happy nor sad, with an indifferent and calm look.

"What if I don't give it? Do you want to grab it?"

Ye Chen said with a smile.

The hourglass girl shook her head and said, "No, in the real world, I can't beat you."

"I hope we can discuss it. I will give you the Ten Thousand Swords God Star, and you will return the Throne of Thorns to me, so that I can go back and deal with the Witch."

It turned out that the hourglass girl asked Ye Chen to come here to discuss with him, and use the Myriad Sword God Star to return to the Throne of Thorns.

Ye Chen couldn't help laughing out loud when he heard the hourglass girl's words, and said, "Wan Jian Shen Xing, originally belonged to Thunder God Tianzun, but not yours. You are not qualified to trade it."

The hourglass girl shook her head and said, "Lord of Reincarnation, it's useless to say these things. Anyway, now Myriad Sword God Star is in my hands. If you want it, you can exchange it for the Throne of Thorns."

"As long as you are willing to change it, I can refine this god star for you."

Ye Chen's eyes turned cold, revealing a trace of coldness, and said: "What if I want to take this Myriad Sword God Star away? Can you stop me?"

After saying these words, behind Ye Chen, all the strong men of Yongfu Tiangong pulled out their swords and sacrificed their magic weapons in unison. Luo Qingli also released his blessings, looking like their swords were on the verge of breaking out.

As long as Ye Chen gives an order, they will start to snatch Wanjiانشenxing.

This star does not belong to the Fairy Talisman Sect, let alone the Hourglass Girl.

The hourglass girl wanted to trade, but she treated Ye Chen as a fool, how could Ye Chen agree?

## Chapter 9209

Seeing that Ye Chen's camp was on the verge of swords and swords, the Fairy Talisman Girl Sect's side also became tense. All the disciples sacrificed their weapons and magic weapons, and an hourglass totem appeared between their eyebrows.

Judging from their appearance, it is obvious that they are all controlled by the hourglass girl, and their souls have been branded, so they can only absolutely obey the order of the hourglass girl.

The hourglass girl shook her head and sighed, "Lord of Reincarnation, I don't want to fight with you."

Ye Chen said: "I don't want to fight with you either, just give me the Myriad Sword God Star."

In fact, Ye Chen doesn't want to start a war with the hourglass girl whose strength is too limited nowadays, because he doesn't want to kill her yet.

Preserving the life of the hourglass girl can preserve the strength of the witch camp and compete against the apocalypse supreme.

In this way, the Reaper's Order will fall into a protracted civil war, which is beneficial to Ye Chen.

But if the hourglass girl dies, the power of the witch camp declines and is annexed by the Supreme Apocalypse, that is not a good thing.

Once the apocalypse is supreme and the family dominates, he will definitely settle accounts with Ye Chen and regain the throne of thorns at any cost.

The hourglass girl said: "It's useless for me to give it to you, you can't control this star."

The girl turned her head and looked at the huge stone ball that shocked the sky:

"This Myriad Sword God Star is a great star that Emperor Jiantian sacrificed himself to enshrine his destiny. There are three tests on it, all left by Emperor Jiantian."

"Only by passing those three tests can we truly control the Myriad Sword God Star."

"Even the Thunder God Tianzun back then spent a lot of effort in order to pass these three tests."

"As for the leader of the Immortal Talisman that I killed yesterday, she couldn't even pass a test."

"Lord of Reincarnation, your cultivation is, in the final analysis, only the sixth level of the Sky Profound Realm. It is almost impossible to pass the three tests left by Emperor Jiantian."

"As long as you promise me to return the Throne of Thorns to me, I can help you pass the three tests and help you control the Myriad Sword God Star."

The hourglass girl made a condition, as long as Ye Chen returns the Throne of Thorns, she is willing to assist Ye Chen to pass the three tests left by Emperor Jiantian and take control of the Ten Thousand Sword God Star.

"There are three more tests?"

Ye Chen frowned, looked at Wan Jian Shen Xing, and then looked back at Luo Qingli.

Luo Qingli nodded and said: "Yes, on the Ten Thousand Sword God Star, there are indeed three tests left by Emperor Jian Tian, and they are all very difficult."

"But, brother Ye Chen, I believe in you, you can definitely pass without anyone's assistance."

At the end, Luo Qingli also clenched her small fists, and looked at Ye Chen with eyes full of admiration.

She believes in Ye Chen's strength, even if it is the test left by Emperor Jian Tian, Ye Chen can pass the test.

The hourglass girl smiled indifferently, and said: "Master of Reincarnation, why don't we make a bet, you go through the level alone, if you can pass the three tests left by Emperor Jiantian, I can let you take Wanjianshenxing with you." Walk."

"But if you can't break through, you must return the Throne of Thorns to me! You can't take this Myriad Swords God Star away."

When Ye Chen heard the hourglass girl propose a bet, his eyes narrowed and he thought about it.

He was considering whether to agree, or to forcefully snatch it.

The hourglass girl said: "This is my final bottom line. If you still refuse, then we will only meet each other in life and death. If you kill me, you will naturally be able to take away the Ten Thousand Sword God Star!"

After all, the hourglass girl took a step forward, her whole body bursting with aura, and all the laws of time flowed. Her usually indifferent and quiet voice also revealed a fierce meaning at this time.

Seeing the girl's fierce posture, Ye Chen shrugged his shoulders slightly, and said, "Just bet, I want to see if those three tests can stump me."

Compared with the decisive battle with the hourglass girl, it is obviously much easier to challenge the test left by Emperor Jiantian.

After all, this hourglass girl is the third protector of the Death Sect, and she is extremely powerful.

Even if Ye Chen could defeat her, he would have to pay a considerable price.

The hourglass girl nodded and said, "Okay, if you fail to pass the level, you must return the Throne of Thorns to me."

Ye Chen said, "No problem."

Since Ye Chen agreed to the gambling, he naturally accepted the condition of the hourglass girl.

If he does lose, he will surrender the Throne of Thorns.

But he believes that he can win!

At that moment, under the focus of countless gazes, Ye Chenfei stepped onto the Myriad Sword God Star.

When Ye Chen's footsteps stepped on the Myriad Sword God Star, this dim and huge stone ball suddenly burst into a ray of light, as if the ancient secret was touched, manifesting the weather from ancient times.

On the Ten Thousand Swords God Star, there emerged the giant gates of heaven and earth, the vast forest, the great starry sky, etc., and a stream of light swirled, making the gloomy stone ball appear a little bit of life.

"Brother Ye Chen, you must win..."

Luo Qingli clenched her fists and looked nervously at Ye Chen's figure.

The people of Yongfu Tiangong and Xianfu Nujiao also stared at Ye Chen.

The hourglass girl's eyes returned to calmness, and she looked neither happy nor sad, waiting for Ye Chen to break through.

After Ye Chen stepped onto the Myriad Sword God Star, the heavenly secret was triggered, the airflow swirled, and strands of divine light burst out in front of his eyes. Amid the intertwined wind and clouds, a huge portal appeared in front of him.

The ancient secret was projected into Ye Chen's mind.

He immediately knew that the content of the first test was to break through this door.

And only kendo can be used!

The sword opens the gate of heaven!

This is the test of the Sword Heaven Emperor. It requires the challenger to have extremely strong swordsmanship attainments in order to break through this door, gain his approval, and then take charge of the Myriad Sword God Star.

Ye Chen caught a glimpse of the ancient picture, and even saw the great image of the thunder god Tianzun back then, with a cold and arrogant posture, and a sword splitting open the gate of heaven.

Back then, Thunder God Tianzun was already the main god of the Heavenly Emperor when he challenged the Sword Heavenly Emperor.

It is not difficult for her to open the gate of heaven with her sword.

But for Ye Chen, opening the gate of heaven with this sword is not an easy task.

"Excalibur Thunder Control Jue, break it for me!"

Ye Chen shouted violently, without hesitation too much, immediately sacrificed the Samsara Heavenly Sword, summoned the Nine Heavens God Thunder, and the billowing thunder light exploded on the Ten Thousand Swords God Planet, and purple lightning lights jumped everywhere on the planet's surface, countless thunderbolts The prestige is vast and turbulent.

In addition to Wanjian Shenxing, Luo Qingli, the hourglass girl, and many warriors secretly admired Ye Chen's fierce sword power.

With Ye Chen's strength at the sixth level of the Sky Profound Realm, it is an incredible miracle to be able to unleash such a ferocious sword force.

boom!

Ye Chen slashed out with a sword, and slashed fiercely on the Tianmen with the momentum of the sword with endless thunderous majesty.

However, unexpectedly, the Tianmen didn't move at all. Even after enduring the endless thunder and sword light, there was still no sign of shaking, let alone being broken or destroyed.

Chapter 9210

"It's so strong?"

Ye Chen's eyes shrank, he didn't expect this gate of heaven to be so difficult to break through.

When he slashed down with his sword, Tianmen not only didn't shake, but there was an anti-shock, which made his wrist go numb.

"The test left by Emperor Jiantian is really not easy."

Ye Chen restrained his contempt and began to think seriously.

Even the leader of the Immortal Talisman Sect failed the first test. The difficulty of opening the gate of heaven with this sword is definitely much more difficult than Ye Chen imagined.

If you rely solely on brute force, you may not have any good results.

"Nine Heaven-Slashing Swords!"

Ye Chen made another sword strike, this time using the power of Samsara's bloodline, and exploded the Nine Swords of Zhantian to the extreme, as if trying to cut through the sky, the sword energy raged violently.

boom!

Under the bombardment of Ye Chen's heaven-shaking reincarnation sword energy, the heavenly gate vibrated violently, a crack opened slightly, and a mysterious light overflowed.

But after the crack was opened, it quickly closed again, and everything returned to its original state.

"really....."

Ye Chen relied on brute force to shake the Tianmen, but still failed to break through it completely.

"Lord of reincarnation, you can't even pass the first level, can you?"

Seeing this, the hourglass girl smiled faintly:

"If it really doesn't work, you immediately hand over the Throne of Thorns, and I can help you pass the test of Emperor Jiantian."

Ye Chen smiled and said, "No need, a mere door won't trouble me."

Although brute force is useless, Ye Chen still has many ways to change supernatural powers.

"The sword of time, worn by the years, eternally desolate, broken!"

Ye Chen didn't talk nonsense, and made another sword strike.

This sword is no longer a sword of barbaric killing, but a sword that is white, full of the mystery of the law of time, and full of the aura of the avenue of time, the sword of time!

The Zhouguang blood in his body burned violently, and the energy of the law of time was released, converging into the sword of time, and with the erosion of the years, the sword energy swept forward like a torrent.

The most terrifying thing in the world is time and years.

The power of time is enough to turn the sea into mulberry fields, and the starry sky of the universe into dry ruins.

Time and age are the most murderous.

Even the God of Heaven, facing endless time, is in danger of being corroded and worn out if he does not cultivate his mind diligently.

Under the burning of Ye Chen Zhouguang's blood, the sword of time bloomed, shaking the world.

The sky and the earth were pale, and the outside sky became dim, as if shrouded by the vicissitudes of time.

Many warriors of Yongfu Tiangong and Xianfu Nvjiao felt the terrifying fluctuations of this time law, and they were all horrified.

Amidst countless horrified gazes, Ye Chen's sword of time slammed into the gate of heaven.

Katsa!

The gate of heaven is broken.

Under the impact of time and years, the gate of heaven was completely unbearable, and it was broken through and completely shattered.

Strands of mysterious light came from behind the door.

Relying on the sword of time, Ye Chen opened the gate of heaven and directly passed the first test.

"Brother Ye Chen is really amazing!"

Below, Luo Qingli applauded and cheered, her face was full of joy, and her eyes were filled with admiration.

As expected, Ye Chen did not disappoint her, and passed the first level without spending much effort.

"This guy....."

When the hourglass girl saw Ye Chen pass the level, the majestic power of the sword of time also touched her a little bit, she murmured:

"The mystery of time is truly great."

"I don't know when my Zhouguang bloodline will change from fantasy to reality..."

Under the eyes of the hourglass girl, there was a faint murderous look.

There is only one way for the Zhou Guang bloodline in her fantasy to become real.

That is, kill Ye Chen and directly devour Ye Chen's blood!

At this moment, after Ye Chen broke through the Heavenly Gate, he passed through and was teleported into a forest.

This forest is shrouded in mist everywhere, which seems real and unreal, and it is impossible to see through the real and the false.

When Ye Chen's figure stepped into the forest, people outside couldn't see him.

"here it is....."

Ye Chen paused, looked around, and felt that there was a hint of mystery in this forest.

That trace of mysterious aura invaded his mind, and immediately caused all kinds of desires and thoughts in his heart to churn, like a surging tide, which could not be calmed down.

"Forest of Desire! This is the second test of Emperor Jiantian!"

Ye Chen shrank his eyes, and he had a deep insight into the secret, and immediately caught the cause and effect.

It turns out that this forest is called the Forest of Desire, and there are many mysterious atmospheres in it, which can arouse people's desire.

When a person is lost in desire, he will completely sink, like being stuck in a swamp, unable to extricate himself.

This second test is a test of one's state of mind.

Only by overcoming desires and seeing one's nature clearly can one get out of this forest and pass the test.

If you can't get out, you can only be trapped in this forest, struggling in the quagmire of desire.

As Ye Chen walked forward, he saw white bones appearing on both sides of the forest road from time to time.

That was the Challenger.

For hundreds of millions of centuries, besides Thunder God Tianzun, there are also many strong people who also want to control the Myriad Sword God Star.

But it is a pity that in the end, there are very few people who can really control Wanjianshenxing.

Most of the challengers, they died here, failed to pass the test of Emperor Jiantian, lost in desire, and their bones remained in the forest of desire forever.
