Chapter 9211

Outside, the hourglass girl, Luo Qingli, and the warriors from Yongfu Tiangong and Xianfu Nvjiao saw a magnificent scene appearing in the forest of desire above Wanjianshenxing, and patches of pink mist emerged. There was a restless breath in the mist.

That is the breath of desire!

Even though many warriors did not visit the Forest of Desire in person, when they saw the pink mist, their inner desires were faintly seduced, and their hearts were shaken.

Many people looked horrified. Just looking at the pink mist, they felt turmoil in their hearts and intertwined desires.

It is conceivable that Ye Chen, who was in it, was tempted by desire.

Ye Chen walked in the misty forest, and kept moving forward, only to feel that this forest is not a forest, but a paradise of desire.

In this piece of heaven, there are many beautiful things, supreme power, endless treasures of heaven and earth, countless beauties, countless magic weapons, magical secrets and so on.

When people are in it, all the desires in their hearts are aroused and satisfied, and they are reluctant to leave.

Ye Chen's footsteps stopped again.

The scene of desires in front of him caused his Dao heart to shake a bit.

In his heart, he felt an unprecedented level of comfort and joy. He had completely reached the peak of comfort, and all his desires were satisfied.

"No, this is an illusion!"

Ye Chen's heart suddenly became vigilant, and he soon woke up.

He knew that the countless heavenly pictures in front of him were just illusory scenes.

This forest of desires can satisfy people's desires with all kinds of dreamlike scenes, and then make people indulge in it, reluctant to leave, and finally sink and lose completely.

"Martial Ancestor Dao Xin, Miao Dharma Lotus Flower!"

Ye Chen turned the martial ancestor's Taoist mind to the extreme, and displayed the Buddhist mystery of the Miaofa Lotus Flower, as if a lotus flower bloomed in his heart, dispelling all the illusions of desire and illusion.

In the next moment, Ye Chen's state of mind returned to clarity.

His eyes, looking around, found that the forest is still a forest, not a paradise.

If you want to satisfy your inner desires and make your wishes come true, you have to fight for them yourself. If you sink into fantasy dreams, you will only be stuck in the mud, unable to extricate yourself, and exhausted.

Ye Chen kept his heart clear and continued to move forward, gradually seeing the dawn at the end of the forest.

As long as he walks out, he will pass the second test.

WOO WOO WOO...

However, at this moment, the air flow in the void swirled, the mist surged, and a beautiful and slender figure slowly emerged from the void.

It was a very delicate and bright young girl, wearing a plain dress, with bare feet, with an expression neither happy nor sad, her eyes seemed to reveal the desolation of years and time, making people look at her and feel Moved by it.

It turned out to be the hourglass girl.

Ye Chen's heart trembled, and he immediately became vigilant. He didn't expect that hourglass girl to come here.

"Lord of Reincarnation, why leave in such a hurry?"

"This forest is the most dreamy paradise, or we can do something interesting."

The hourglass girl smiled, and there was an ambiguous expression on her pure and bright face, her beautiful eyes stared at Ye Chen like the stars, her thin dress was blown by the wind, her graceful figure was faintly visible.

"What do you want to do?"

Ye Chen pulled out the Samsara Heavenly Sword, his gaze still vigilant.

"I also have the blood of Zhou Guang. Although it is a fantasy existence, I am even above you in controlling the law of time. If we combine, it will be beneficial to everyone."

The hourglass girl smiled sweetly, and looked at Ye Chen like a lover.

Ye Chen's heart skipped a beat, and he inexplicably felt an evil fire surge up in his lower abdomen.

He knew that this hourglass girl was tempting him, wanting him to degenerate, sinking into this forest of desire, and never getting out again.

In this way, Ye Chen's test was a failure, he couldn't get the Myriad Sword God Star, and even wanted to stay here with his life!

"Hehe, you still want to confuse me with this trick?"

Ye Chen sneered, his mood quickly recovered, his eyes were sharp, he stared at the hourglass girl, and he was not bewitched by the other party.

laugh!

The next moment, Ye Chen's reincarnation sword slashed out, with a sharp sword energy that could break the sky, smashing through the void, without any intention of pity, and directly slashed at the hourglass girl.

"you!"

The hourglass girl was shocked. She didn't expect her charm to be useless, and even attracted Ye Chen's counterattack.

Ye Chen's sword energy was extremely powerful, and the hourglass girl couldn't resist, so she hurriedly unfolded the laws of time, and the laws of time were intertwined to form a big net.

Ye Chen's sword energy of reincarnation fell into this big net of time, and it was like being caught in the long river of time. All the power of the sword energy was wiped out by time.

"Well....."

The hourglass girl's pretty face turned pale. Obviously, in order to resist Ye Chen's sword, she expended a lot of energy.

Ye Chen's combat power is simply invincible.

If it was in Wuwu time and space, the hourglass girl would certainly be able to defeat Ye Chen, but this is the real world, restricted by laws, and she is no match for Ye Chen in a head-to-head encounter.

"The years to come, the long river of time, come!"

The hourglass girl felt the danger, and she pinched the formula with her slender hands, and the blood of Zhou Guang in her fantasy burned, and the picture of the future years emerged, and the long rivers of time intertwined in the void like galaxies, and seemed to be rainbows from ancient times, which was very spectacular.

Chapter 9212

There are tens of thousands of timelines in the future, and among those tens of thousands of times, there are only a few. Ye Chen was bewitched by the hourglass girl, and his feet got stuck in the mud.

At this moment, the hourglass girl actually summoned the timeline of the future, and accurately captured a few existences that were unfavorable to Ye Chen from the thousands of complicated timelines, and summoned them down.

Ye Chen's heart was shocked, and beautiful pictures appeared in front of his eyes. The timeline of the future rushed into his heart, and he even saw the picture of himself and the hourglass girl, who were completely confused by the other party and fell into this world. A piece of Desire Forest inside.

Although these pictures do not exist in reality, nor have they ever happened, but at this moment, Ye Chen also received a huge shock.

The hourglass girl's method of time law is really ingenious. She can extract the future timeline, find an existence that is beneficial to her, and attack Ye Chen.

"Lord of reincarnation, why do we bother fighting each other? We should be able to enjoy together and enjoy the supreme joy."

The hourglass girl smiled, and with a sweep of her delicate body, she flew to Ye Chen's side, caressing Ye Chen's chest with her slender hands, her eyes were full of ecstasy.

Ye Chen was in a daze, for a moment, he couldn't tell the present from the future, and couldn't tell which timeline was real.

Seeing that Ye Chen was confused, the hourglass girl sneered in her heart, hooked Ye Chen's head and neck, stood on tiptoe and kissed him, wanting to make him fall completely.

When her soft and greasy lips touched Ye Chen's lips, Ye Chen felt as if he was getting an electric shock, but he suddenly woke up.

Ye Chen's Dao heart is extremely high. Although he was confused, at this moment, after realizing the danger of falling, he immediately woke up.

"Witch, do you want to confuse me?"

Ye Chen's eyes were sullen, and he punched out, opening the sky with every inch of strength.

The hourglass girl was astonished, she didn't expect Ye Chen to wake up at the last moment.

The punch that was enough to open the sky was violent and domineering, and contained the most primitive and savage power, the hourglass girl couldn't compete at all.

bang.

The hourglass girl's body broke and dissipated like smoke.

The entire Forest of Desire, all the pink mist, also dispersed.

Seeing the dawn of the exit, Ye Chen strode forward, his body was slightly sweating, the game with the hourglass girl just now cost him a lot.

Beyond Wanjianshenxing, the warriors of Yongfu Tiangong and Xianfu Nvjiao were all shocked when they saw Ye Chen walk out of the Forest of Desire and reappear.

"Did you pass the test so quickly?"

"After passing another level, then as long as one more level is passed, this Myriad Sword God Star will fall into the hands of the Lord of Reincarnation!"

"The Lord of Reincarnation is indeed unparalleled in the world!"

Many discussions and praises sounded, and the warriors of Yongfu Tiangong were naturally rejoiced, while many congregants of the Xianfu Nu Sect were extremely worried.

Wan Jian Shen Xing is extremely valuable, and they naturally don't want to be taken away by Ye Chen.

"Puff!"

But at this time, the hourglass girl on the side suddenly vomited blood and her face was pale, as if she had just experienced a big battle.

Everyone was very surprised to see her like this.

"Sister, is your health alright?"

Luo Qingli looked at the hourglass girl with a half-smile, and said.

The hourglass girl's expression was slightly distorted, and Ye Chen passed another level. If he passed another level, then Ye Chen would be able to pass the test of Emperor Jiantian and get the Myriad Sword God Star.

Once Ye Chen gets the Ten Thousand Sword God Star, she will lose the bet, and it will be impossible for her to regain the Throne of Thorns.

On the Ten Thousand Swords Star, Ye Chen continued to walk deep into the Ten Thousand Swords Star after walking out of the Forest of Desire.

The surrounding world gradually collapsed, and Ye Chen gradually walked out of the starry sky from the earth. He was in a vast and great starry sky.

Ye Chen looked at the starry sky, and vaguely saw the outline of the kingdom of reincarnation from above the starry sky, and there were many, many outlines of fantasy kingdoms.

This turned out to be the weather on the other side of the starry sky!

"The other side of the starry sky? It seems that the former Emperor Sword Heaven has also seen the mysteries of the other side of the starry sky, and he also wants to go to that world."

Ye Chen's heart moved slightly. The legendary other side of the starry sky can be said to be the ultimate world pursued by countless powerful people. The Emperor Jiantian back then was no exception.

At this moment, the scene on the other side of the starry sky that Ye Chen saw was the memory of the former Emperor Jiantian.

Jian Tiandi peered into the other side of the starry sky, and was greatly shocked in his heart. Even if he perishes, the shocking images in his memory will always be preserved on Wanjianshenxing.

Outside Wanjianshen Star, many warriors from Yongfu Tiangong and Xianfu Nvjiao were shocked after seeing the great starry sky.

Many warriors knelt down and bowed to the stars in the sky.

The hourglass girl and Luo Qingli, after seeing the scroll of the starry sky, their eyes also became confused.

Ye Chen was in the starry sky, stepping on nothingness, vague and indistinct, and caught the secret in an instant, knowing that the test of the last level was the test of the starry sky.

To be precise, it is the test of the starry sky's depravity! A Disorienting Test!

What Ye Chen saw with his eyes was that above the starry sky, the kingdom of reincarnation had become dark, as if it had been entangled by some evil obstacle, and the thousands of imaginary kingdoms had also gradually become dark, as if they had been eaten away by nightmares.

woo woo woo...

Chapter 9213

In the starry sky, air currents whine everywhere, and the dark breath rolls around. The originally vast and bright starry sky gradually becomes dark and decayed, heading for degeneration.

Kachacha!

The kingdom of reincarnation in the other shore soon collapsed, and countless fantasy kingdoms also collapsed.

The universe collapsed, the starry sky fell, and the kingdom of heaven was about to be reduced to ashes. In the heaven of reincarnation above the sky, there were countless sharp screams, roars, and angry wailing.

Above the kingdom of heaven, there used to be many starry sky gods. They have smooth wings, surrounded by divine light, and they are glorious and great.

But at this moment, all the starry sky gods have fallen, stained with darkness and filth, and turned into chaos demons.

A head of Chaos Heavenly Demon spread out its long dark wings, circled the starry sky, and let out sharp laughter.

The horrific sight of countless heavenly demons circling around made many warriors besides Wanjianshen star feel suffocated and trembling when they saw it.

This is not a real scene, but a memory left by Emperor Jiantian.

Back then, Emperor Jiantian peeped at the scene of the other side of the starry sky, and saw the scene of the starry sky falling, and the chaotic sky demon covering the sky.

These scenes became the most terrifying and unforgettable memories of Emperor Jiantian's life, projected from the long river of time.

"Peeping into the starry sky is taboo!"

"Master, leave quickly!"

At this moment, a loud and majestic voice came into Ye Chen's ears.

In the sky above Ye Chen, there were countless Chaos Heavenly Demons, screaming and killing them.

At the head is a heavenly demon, with a particularly large body, blood-red eyes, and a majestic and desolate voice.

He stared at Ye Chen with murderous intent in his eyes, as if if Ye Chen didn't leave, he would kill him.

Ye Chen knew that these were all memories of Emperor Jiantian.

Emperor Jiantian was peeking into the other side of the starry sky back then, but was blocked by the Chaos Heavenly Demon.

The test of this third level is precisely to defeat these chaotic demons!

"Aren't you going to leave, right? You violated a taboo, even if you are Emperor Jiantian, I, the Star God Clan, will not allow you to live!"

The leader of the Chaos Heavenly Demon, staring at Ye Chen, regarded him as the Sword Heaven Emperor. With a wave of his big hand, he led many powerful Heavenly Demons under him to kill Ye Chen overwhelmingly.

Ye Chen suddenly suffocated, feeling the boundless pressure roaring.

This third test is the most difficult one.

These chaotic heavenly demons are extremely powerful. When Emperor Jiantian fought with them, he had a narrow escape from death.

You know, Emperor Jiantian is a figure at the level of the main god of the emperor of heaven, and he almost fell into the hands of the Chaos Heavenly Demon.

Ye Chen's cultivation is naturally far behind that of the Lord of Heaven.

One can imagine the pressure for him to face the attacks of these chaotic demons alone.

Fortunately, these chaotic demons are just the memory projections of Emperor Jian Tian.

With Ye Chen's strength, it is enough to contend!

"Excalibur Thunder Control Jue, break it for me!"

Ye Chen sacrificed the Heavenly Sword of Reincarnation, the sword light exploded, and thunderstorms rolled in, and violent thunderstorm sword energy slashed out, and immediately tore apart the powerful Chaos Heavenly Demons rushing around.

"As expected of Emperor Jiantian, he really has some skills."

The demon leader that day, after witnessing Ye Chen's shocking thunder swordsmanship, also had a trace of jealousy in his eyes, and waved his palms again and again, blasting away all the thundering sword energy coming from him.

"However, that's all for now, the rune ghost brood, I devoured it!"

The demon leader's murderous eyes were exposed, and he suddenly waved out a series of dark laws. Countless demonic energy gathered, and actually built a huge dark lair in the starry sky.

That dark lair, full of slime and dirty dark things, seems to be breeding some kind of monster inside, it is the nest of rune ghosts!

The mother nest of rune ghosts is a secret method passed down from the other side of the starry sky.

This Heavenly Demon leader actually possesses the supernatural power of the mother nest of rune ghosts.

Ye Chen's eyes flashed, and he suddenly understood, no wonder in the Rune Holy Land, the Yongfu Tiangong, Xiefu Temple, and Xianfu Nvjiao all wanted to snatch Wanjianshenxing.

It turns out that on the Myriad Sword God Star, in the memory left by Emperor Jiantian, there is the mystery of the nest of rune ghosts.

Whoever can get this star will be able to further grasp the secrets of the ghost's brood.

Whoooo!

The huge dark lair made a strange whirling sound of air flow, like a black hole, emitting a huge suction force.

Ye Chen felt that his body was about to be attracted, and then swallowed.

This is the power of the mother nest of rune ghosts.

Even Ye Chen can feel that Emperor Jiantian is a complete mother nest of rune ghosts, how powerful it is!

However, with the passage of time, it has weakened a lot. If it has not weakened, I will definitely be killed in seconds!

It seems that the trip to the magic gate is a must.

The rune ghost mother nest right now can not only summon rune ghosts and monsters, but also devour enemies and turn enemies into rune ghost puppets.

"Want to devour me?"

"Hehe, I also have the Nest of Talisman Ghosts!"

Ye Chen sneered, without any fear, a terrifying wave of darkness exploded all over his body, thousands of runes intertwined, and finally evolved into a nest of rune ghosts.

"This is impossible!"

That day, the demon leader couldn't help being surprised when he saw that Ye Chen could actually grasp the secret of the Fu ghost's nest.

"Damn it, how can you outsiders control the supernatural powers of my starry sky gods?"

"You must die! Die under that endless darkness!"

The leader of the Heavenly Demon was furious, and with a wave of his twisted giant hand, endless power erupted completely. The rune ghost brood he summoned was like a falling dark star, and it ruthlessly suppressed towards Ye Chen.

Ye Chen was fearless, and with a wave of his hand, the nest of rune ghosts flew out behind him, trying to collide fiercely with the nest of rune ghosts led by the demon leader.

boom!

The collision of two dark lairs was like the collision of two huge black holes. In the starry sky, a shocking explosion of darkness was set off. Countless strange slime and dark source matter flew everywhere.

The demon powerhouses around, after coming into contact with these bursting dark sources, immediately screamed and died, their bodies groaning, and they were all riddled with darkness and corrosion.

Even ordinary Chaos Heavenly Demons cannot withstand the terrifying darkness of the rune ghost brood.

The dark killing of this rune ghost nest is simply terrifying.

At the moment when the two dark lairs collided and exploded, Ye Chen used the power of Zhou Guang's blood to set up time barriers, and rivers of time flowed around him.

At this time, Ye Chen's control over the law of time is a little more subtle than before.

This is because, when he just broke through the second level, he had seen the method of the hourglass girl's law of time, the stone from another mountain can be used to attack jade, and he himself realized a lot, the power of the law of time has increased.

But, even so, when the dark energy emitted by the collision and explosion of the two talisman ghost broods hit, Ye Chen also received a huge shock.

Chapter 9214

A lot of dark energy was annihilated in the long river of time and time, but a small part still bombarded Ye Chen.

This small impact made Ye Chen's viscera twitch and he almost vomited blood.

Compared with Ye Chen, the leader of the demon that day screamed again and again, covering the corroded part of his head and face, his face was completely distorted.

Countless sources of darkness, as well as filthy and mucus-filled things, flew towards him. He was like a mouse that fell into boiling water, jumping around, and his body was quickly corroded into bones.

Many powerful demons around him were also destroyed in the explosion.

"Miaofa Lianhua, break!"

Ye Chen sacrificed a seven-color lotus flower, the air was elegant, and the Buddha's light was dense, driving away all the dark breath and filth around him.

The Heavenly Demon disappeared, and the starry sky returned to its purity.

Looking at the clean starry sky, Ye Chen was overjoyed and thought: "This third test, has it passed?"

Beyond Wanjian Shenxing, the warriors of Yongfu Tiangong and Xianfu Nvjiao were shocked when they saw such terrifying supernatural powers of Ye Chenfu's ghost nest, and such a vast Buddhist atmosphere of Miaofalianhua.

Ye Chen's supernatural power realm is simply invincible. Immortals and Buddhas have all kinds of supernatural powers, and they can come at their fingertips. Even the test of the fallen starry sky and the rampant chaos of heavenly demons has been passed by Ye Chen.

Although it cannot be said how easy it is, at least it is not difficult.

"Great, the three tests have passed, and the Myriad Sword God Star belongs to Brother Ye Chen!"

Luo Qingli was overjoyed and jumped up for joy.

The hourglass girl on the side, with an indifferent smile, folded her arms and looked up at Wanjian Shenxing.

Seeing the Ten Thousand Sword God Star, Ye Chen originally thought that the test was over.

But in the next moment, a scene beyond his expectations appeared.

I saw that the starry sky that had just recovered was now becoming dark again.

In the dark starry sky, there are countless chaotic demons flying down.

The leader was a demon with blood-red eyes and murderous intent, but it was the leader of the demon just now.

"Peeping into the starry sky is taboo!"

"Master, leave quickly!"

The leader of the demon that day shouted and issued a warning to Ye Chen.

Ye Chen seemed to have heard the words of warning just now!

"Aren't you going to leave, right? You violated a taboo, even if you are Emperor Jiantian, I, the Star God Clan, will not allow you to live!"

Then, the leader of the Heavenly Demon uttered more severe words, with murderous intent in his eyes, leading countless Heavenly Demon experts to kill him.

This scene happened just now!

"Time reincarnation?"

"This is what I just experienced!"

Ye Chen was terrified, the leader of the demon, who had turned into bones just now, appeared in front of him again, time obviously looped, and everything started again.

Seeing countless demons approaching, Ye Chen hurriedly spread his wings of freedom and dodged quickly.

At this moment, Ye Chen felt something was wrong.

Relying on the keen sensitivity of Zhou Guang's blood, he caught the time law around him, and there was a change.

Time is actually looping, and the things he has just experienced will continue to repeat the cycle, and the cycle will continue until his energy is exhausted and he dies from exhaustion.

Ye Chen has just finished the battle, and now he is going to fight again, no matter how abundant the aura in his dantian is, it is impossible to support it.

"Witch, is it your fault?"

Ye Chen's eyes turned cold, and he looked back at the hourglass girl standing on the ground.

Time is reincarnating, and it must be this hourglass girl who is making trouble.

She didn't want Ye Chen to pass the test, and even wanted to consume Ye Chen to death on this Myriad Swords God Star, relying on the method of time loop.

If it is a general time loop dilemma, Ye Chen can easily break it out.

But the time loop laid out by the hourglass girl, which incorporates the memory of Emperor Jiantian, is extremely difficult to break.

"Hehe, I didn't, don't talk nonsense."

"Maybe it's because I boarded the Myriad Swords Star yesterday, and left behind some breath of the law of time."

The hourglass girl smiled calmly, and did not admit that she set up a trap to frame Ye Chen.

"Damn it!"

Facing the attacks of countless chaotic celestial demons, Ye Chen used the power of the mother nest of rune ghosts to defeat all the celestial demons as before.

But after defeating the celestial demon, time looped again. The celestial demon killed by Ye Chen came down again, and the starry sky fell into darkness again.

The warriors of Yongfu Tiangong and Xianfu Nvjiao saw Ye Chen caught in a time loop, everyone was horrified, and looked at the hourglass girl with a trace of fear in their eyes.

This hourglass girl is worthy of being the third-ranked protector of the Reaper's Cult. Let alone her combat prowess, the mere means of supernatural transformation is enough to make people frightened.

The means of the time cycle, I am afraid that even the Immortal Emperor can hardly compete.

Ye Chen was caught in a time loop again, his aura had been exhausted, and facing countless demon attacks, his situation suddenly became very dangerous.

Seeing that Ye Chen was in danger, Luo Qingli immediately panicked. She glared at the hourglass girl angrily, and said, "Damn! You bad woman, you want to entrap brother Ye Chen?"

She was only worried about Ye Chen's accident, so she flew up in a hurry, trying to rush into the Ten Thousand Sword God Star and rescue Ye Chen.

However, there seemed to be layers of air walls on Wanjian Shenxing, blocking Luo Qingli's footsteps. She bumped heavily into the air walls and was completely unable to break through.

"It's useless, Water God Tenzun."

"There are many things in this world that you can't do anything about, even if you are one of the Nine Gods."

Chapter 9215

"The test of Emperor Jiantian is still going on. Unless the challenger passes the level or dies, outsiders will not be able to enter."

The hourglass girl smiled indifferently.

This Myriad Sword God Star itself was transformed by the Sword Heaven Emperor sacrificed himself, and it carried the law of cause and effect left by him before his death.

These laws of cause and effect are connected to the avenue of destiny, and even the emperor and the gods cannot break through.

In other words, even if Ren Feifei came, it would be impossible to rescue Ye Chen.

If Ye Chen wants to break through, he can only rely on his own strength.

"Then I will kill you!"

Luo Qingli was furious, and she cast the Wanshui Divine Art, and a layer of water vapor exploded, covering the hourglass girl and many disciples of the Immortal Talisman Sect behind her.

"Ahhh..."

Many disciples of the Immortal Talisman Sect screamed on the spot, blood boiling in their bodies.

Wanshuishen Jue is the pinnacle of the water god's Taoism. It is said that it can control all water sources in the world.

The blood and body fluids in the human body can also be regarded as water.

Therefore, when Luo Qingli used the peak mysteries of Wanshui Shenjue, she could manipulate the water in the human body to make people's blood boil, or drain the water source of the human body, turning people into corpses.

Luo Qingli was really angry at this time, and wanted to kill the hourglass girl, break the predicament of the time loop, and let Ye Chen get out of trouble.

The hourglass girl felt the water in her body boil violently, and was about to break through her skin and fly out, and was drawn by Luo Qingli.

Once this happens, she turns into a corpse.

Even, she will not have the possibility of resurrection.

Because, Luo Qingli's Wanshui Shenjue can control all water sources, and the river will also contain water for a long time.

She can drain the timeline from the hourglass girl, drain all the river of time from her body, thus cutting off the possibility of her resurrection.

As the god of water, Luo Qingli is very kind, but for hundreds of millions of centuries, she has also killed many evil spirits and crooked ways.

Anyone who was killed by her has never had the possibility of being resurrected, because the timeline has been drained by her.

When Ye Chen saw Luo Qingli attack in anger, he also felt her terror.

"Sure enough, the nine gods can become the supreme gods, and none of them are mediocre."

Ye Chen was quite shocked. Luo Qingli, who usually looks cute and pure, harmless to humans and animals, is quite terrifying once she goes berserk.

"Water god Tianzun, it's really amazing!"

"However, your strength seems to have declined a lot, and you still can't kill me!"

The hourglass girl felt the horror of Luo Qingli's supernatural power, and her face was solemn, but she was not flustered.

Because, she could clearly feel that Luo Qingli's strength had declined a lot compared to its peak.

"Time stands still, set!"

A series of wonderful seals were struck from the hands of the hourglass girl, manifesting the hourglass, sundial, sun, moon, stars and other vast time phenomena.

Laws of time are bound to Luo Qingli's body like silk threads.

The hourglass girl did not think of a way to decipher Luo Qingli's Wanshui Shenjue, because it is not so easy to decipher the magical power of the Nine Gods.

She was attacking Luo Qingli directly.

Bound by the silk threads of the law of time, Luo Qingli's body suddenly became rigid, as if she had been fixed in place.

Her time was stopped, and although she could barely move, it was already very difficult, and the power of the Wanshui Divine Art also ceased instantly.

The water in the hourglass girl's delicate body was about to fly out and be drained by Luo Qingli, but at the last moment, she made Luo Qingli stop, terminated the effect of the Wanshui God Art, and saved herself, It can be described as dangerous and dangerous.

Looking at Luo Qingli's stiff body, the hourglass girl didn't chase after her, she stopped when she saw a deal, she retreated far away, and her eyes fell on Wanjian Shenxing again.

On the Ten Thousand Sword God Star, Ye Chen was caught in a time loop, being attacked and killed by countless Chaos Heavenly Demons, and his situation became more and more dangerous.

"Wuuu, Brother Ye Chen, I'm sorry, I can't beat this woman."

Luo Qingli whimpered, her eye circles were red, and she was about to cry.

She felt that her strength had declined too much, and she was actually held by the hourglass girl, and she felt deeply guilty.

Ye Chen didn't mind, or in other words, he didn't have time to think about it, and he was facing the attacks of countless heavenly demons all the time, and he would be consumed to death sooner or later.

"No, I must kill it as soon as possible, otherwise, I will really fall here."

Ye Chen gritted his teeth, turned his eyes, kept peeking at the secrets, and calculated the way to break the situation.

In the dark, Ye Chen saw a ray of dawn to break the situation.

The time loop laid down by the hourglass girl is constantly reincarnating.

If you want to break this reincarnation, then use stronger reincarnation power!

"Reincarnation Heaven, come!"

Ye Chenfu went to his heart, shouted violently, and burned his own samsara blood, and the samsara qi gushed out, and the remaining dantian aura also burned crazily at this moment, summoning a great and sacred holy land of heaven.

That is the legendary kingdom of reincarnation!

Rumble!

As soon as the kingdom of reincarnation appeared, it was packed with unparalleled power and descended from the sky. Countless sacred reincarnation brilliance was a hundred times more dazzling than the sacred book, and it was extremely blazing, crushing all the chaotic demons around.

Kachacha!

Under the suppression of Ye Chen's reincarnation heaven, the hidden law of time also showed signs of breaking.

The law broke, causing a huge vortex of airflow, whistling.

But Ye Chen felt that the laws of time around him were only broken, not completely shattered.

Chapter 9216

His reincarnation heaven is not strong enough to crush the law of time laid down by the hourglass girl.

That is to say, Ye Chen still can't jump out of the time loop.

It won't be long before those chaotic sky demons will make a comeback again.

"Zhaowu Lingyu, sacrifice to me!"

In the midst of a crisis, Ye Chen didn't care so much anymore, and sacrificed a magic weapon, which was the ancestral artifact of the God of Rock, Zhaowu Lingyu.

boom!

Ye Chen directly sacrificed Zhaowu Lingyu, and immediately, the aura of Rolling Rock surged out, causing the entire Kingdom of Samsara, the light to soar a lot, the power was surging, and the singing of countless samsaras was earth-shattering.

Seeing Zhaowu Lingyu being sacrificed, Ye Chen also felt a little distressed.

Although he has a more powerful Ancestral Rock God Artifact, the Golden Seal of God.

But Zhaowu Lingyu, after all, is also a magic weapon handed down from the Nine Gods era. If one of this kind of treasure is used, there will be one less in the world, and it may even implicate the Rock God Tianzun, causing its aura to be depleted.

Ye Chen felt a little regretful.

Fortunately, the power unleashed by sacrificing Zhaowu Lingyu did not disappoint him.

The Kingdom of Samsara absorbed Zhaowu Lingyu's sacrificial energy, and its power soared violently, crushing all the surrounding laws of heaven and earth, whether it was the laws of time or the laws of space.

The law was shattered, and the starry sky disappeared. In Ye Chen's eyes, there was no starry sky anymore, only the desolate surface of Wanjiانشenxing.

"Congratulations, Lord of Reincarnation, you have passed the three tests left by this Emperor. From now on, this Myriad Sword God Star will be yours."

In the void, a voice from ancient times suddenly resounded. It was old and sharp, as if it contained sword energy.

That was obviously the voice of Emperor Jiantian!

Ye Chen passed the three tests, and was also recognized by Emperor Jiantian in the dark.

Ye Chen's Reincarnation Heaven still stands on the desolate Myriad Sword God Star, which is very spectacular and shocking.

Many warriors from Yongfu Tiangong and Xianfu Nvjiao knelt down one after another after witnessing the great scene of Reincarnation Heaven.

"What!"

The hourglass girl was shocked when she saw this, she could no longer maintain a calm expression, her face was full of shock and terror.

She never expected that Ye Chen could break her time loop, passed the test of Emperor Jiantian, and even got the approval of Emperor Jiantian.

From now on, Ye Chen is the master of this Myriad Sword God Star!

Ye Chen took a deep breath, biting his fingertips, dripping his own blood on the ground of Wanjian Shenxing as if he was blessed to his soul.

hum!

The blood of reincarnation dripped, and the entire Myriad Sword God Star was nourished, and established a connection with Ye Chen, as if it had become a part of Ye Chen's organ.

Deep in the veins of Wanjianshenxing, the accumulated energy was released and fed back to Ye Chen.

Ye Chen was nourished by the veins of the Myriad Swords God Star, and quickly recovered from the consumption of fighting the Chaos Heavenly Demon just now.

His only loss was Zhaowu Lingyu, the ancestor of the rock god.

It has to be said that this loss is not small!

However, being able to get the Myriad Sword God Star, Ye Chen's loss was completely made up for.

Buzz buzz!

The entire Myriad Sword God Star buzzed, its aura was restored, and it emitted thousands of rays of light. One after another, fierce giant swords burst out from the ground and pointed directly at the sky. Countless sword qi danced freely. rattle.

In an instant, the atmosphere of Wanjianshenxing changed completely, and there was no desolate and decadent atmosphere anymore, only brilliant sword energy, fierce killing, and endless coldness.

There are tens of thousands of divine swords, pointing directly at the sky, the majesty of the scene is enough to shock the viewers.

Ye Chen's body was suspended above the Myriad Sword God Star, like the greatest sword god in the world.

"Master Witch, I'm defeated..."

The hourglass girl looked at Ye Chen's figure, vomited blood on the spot, her face was pale.

She vomited blood. First, because the law of time loop was broken, she had serious backlash.

The second reason is that she lost this gambling fight, and the Myriad Sword God Star fell into Ye Chen's hands, and she could no longer regain the Throne of Thorns, and her heart was full of sadness.

Thousand Sword God Star, on the planet, hundreds of millions of swords point to the sky, the picture is very spectacular.

This star complements Ye Chen perfectly.

Ye Chen's cultivation is also improving rapidly, breaking through from the elementary level of the sixth level of the Sky Profound Realm to the middle level.

"Great, Brother Ye Chen won!"

Luo Qingli struggled to break away from the time silk thread on her body, and ran to Ye Chen as if flying, and threw herself into his arms, her face full of joy.

"Reincarnation is mighty!"

The warriors of Yongfu Tiangong also cheered and were excited.

Ye Chen put his arms around Luo Qingli's slender waist, and was in a very happy mood. He walked up to the hourglass girl and said, "Demon girl, you lost."

Today's hourglass girl is severely backlashed and her vitality is seriously injured.

As for Ye Chen, who just got the Myriad Swords Star, his breath soared.

Under the ebb and flow, if Ye Chen wants to make a move, the hourglass girl will die.

The hourglass girl naturally knew this, she said with a desolate face, "Yes, you won, kill if you want."

Ye Chen smiled, lifted her white and tender chin, stared into her eyes, and said, "I won't kill you, you can go back, but I can't give you the Throne of Thorns."

The hourglass girl was stunned, she couldn't believe her ears, and said in a trembling voice, "Will you let me go?"

Ye Chen said with a smile: "Before I change my mind, you'd better get out immediately."

Ye Chen didn't use the killer to plan for the future.

If the hourglass girl is killed, the witch camp will be weakened, and it will definitely not be able to stop the attack of the Supreme Apocalypse.

Ye Chen also needs the existence of the Witch camp to fight against the Apocalypse Supreme camp.

Chapter 9217

In this way, the Reaper's Cult fell into a protracted civil war and consumed energy, which was of great benefit to his reincarnation camp.

The hourglass girl looked into Ye Chen's eyes, and vaguely glimpsed Ye Chen's thoughts.

"You are so ruthless, Lord of Reincarnation, you are so calculating, you want to use me and Mrs. Witch as pawns?"

"Then do you want to leave, or do you want to die by my hands?"

Ye Chen smiled.

The hourglass girl fell silent, then turned around silently, tearing apart the void with trembling hands, and finally left silently.

She knew that going back would cause the civil war to continue, but she couldn't die here in vain.

Seeing the hourglass girl leave, the warriors of Yongfu Tiangong and Xianfu Nvjiao had different expressions.

Luo Qingli said: "Brother Ye Chen, why did you let her go?"

Ye Chen touched Luo Qingli's head with a smile, and said, "Let's talk about it when we go back."

Wan Jian Shen Xing had already succeeded, and Ye Chen was in a very happy mood, so he returned to Yongfu Tiangong with Luo Qingli.

In the past two days, Ye Chen first defeated the two-tailed blood-fanged wolf with the help of realistic rules, and then passed the test of Emperor Jiantian, obtained the Ten Thousand Sword God Star, defeated the hourglass girl, and shocked the entire Rune Holy Land.

Both the Xiefu Temple and the Fairy Talisman Sect came to seek refuge and were willing to merge into the Yongfu Tiangong, and from then on they honored reincarnation.

In Yongfu Tiangong, in addition to Luo Qingli's withered statue, there is also a withered statue of Ye Chen.

Elder Zuoqiuyun was overjoyed, and sent good news to Ye Chen. He had successfully communicated with the headquarters of Yongfu Tiangong, and the headquarters was using some means to open the seal of the koi talisman.

But because there is no time and space and the rules of the real world, it will take some time.

It is estimated that after a while, the seal will be opened, and Ye Chen will be able to officially contact the koi talisman.

This koi talisman has never been able to be controlled by anyone since ancient times. Anyone who wants to control the koi talisman will be vaporized into ashes by the majestic and terrifying light breath.

However, Yongfu Tiangong is very confident in Ye Chen.

Ye Chen's fighting power and supernatural power changes these days are really too powerful.

He is very likely to become the only one below the Light God Tianzun who holds the koi talisman!

Of course, before touching the koi talisman, Ye Chen still needs to solve his own problems.

Inside his body, there are still pieces of space fragments nested, which are the huge hidden dangers left by Bai Yu's self-destructed Taiyu bloodline.

If you want to solve these space debris, you must rely on Wanjianshenxing.

Borrowing the sword energy of Myriad Sword God Star, you can crush those space debris!

"Senior Zuoqiu, I'll go back to the Star-Moon Realm and let me know when you will open the seal of the koi talisman in the Yongfu Tiangong."

Ye Chen said to Zuo Qiuyun that he was going to leave this place and return to the Star-Moon Realm to solve the problem of space debris in his body.

These space fragments were left after the explosion of Taiyu's bloodline, nested in Ye Chen's body like a gangrene.

If you want to solve it, you will naturally have to go back to the territory of the reincarnation camp. With the help of the right time, place and people, you can be sure that nothing will go wrong.

Zuoqiu Yundao: "The seal is opened, it should be during this time, Lord of Reincarnation, then, you can try to touch the koi talisman!"

Zuo Qiuyun's voice was full of excitement, he also wanted to see if Ye Chen could hold the koi talisman.

This koi talisman, to Yongfu Tiangong, is like a hot potato, which can neither be controlled nor discarded.

It would be great if Ye Chen could take charge.

After the discussion was made, Ye Chen returned to the Star-Moon Realm alone, while Luo Qingli stayed in Yongfu Tiangong, accepting offerings from believers, and slowly recovering her previous strength.

When Ye Chen returned to the Star-Moon Realm, Su Nishang, the God of Fire, came out of the Star-Moon Realm.

At this time, Ye Chen is in charge of the Ten Thousand Swords Star, and with the help of the coercion of the Ten Thousand Swords Star, he can also suppress the Throne of Thorns and prevent it from growing wildly.

As soon as Su Nishang came out, the aura of heavenly fire on her body immediately permeated the entire Star-Moon Realm.

The unique majesty of Vulcan Tianzun shakes all directions.

In the sky of the Star-Moon Realm, red fire clouds were burning, and all kinds of phoenixes and vermilion birds were singing, making the scene quite spectacular.

In the Star-Moon Realm, people from many reincarnation camps were shocked after witnessing the weather in the sky. Countless people had a thought in their hearts:

Vulcan Tianzun has also joined the reincarnation camp! ?

This is the existence of the Nine Gods Era!

Any god of the Nine Gods Era cannot be ignored!

Ye Chen took Su Nishang back to the Aoshi Tiangong.

Ji Si sensed Su Nishang's aura early in the morning, and came out to greet him, with a face full of surprise, bowed and said, "Vulcan Tianzun, welcome you, you have finally escaped from the sea of suffering!"

She obtained the Vulcan Taoist lineage, and Su Nishang was considered her half master, and now she was delighted to see Su Nishang out of trouble.

"Siqing, stay safe."

Su Nishang smiled gently, feeling very satisfied in her heart, and said: "After I got out of trouble this time, I can finally teach you all of my life's cultivation. From now on, you will be the god of fire."

Ji Siqing was stunned, knowing that this was a great opportunity, but if it was true, everything that Vulcan Tianzun used to be would disappear!

Ji Siqing hesitated for a long time, but still said: "Tianzun, what about you?"

Su Nishang shook her head and said: "My era is over, and the Nine Gods of my generation are desperately trying to restore their former strength, but I'm not interested. I just want to be an ordinary person now." She said looking back Ye Chen took a look.

At this moment, she believed in Ye Chen and the reincarnation camp without hesitation.

Chapter 9218

Ye Chen understood in his heart, so he nodded and said, "Miss Su, don't worry, I will protect you for the rest of my life."

"Whoever dares to touch you must step over my dead body."

If Su Nishang really passed on all the strength of her cultivation to Ji Siqing, then Ye Chen would naturally remember her kindness and protect her comprehensively.

Su Nishang was very pleased to hear Ye Chen's promise, and smiled lightly: "Then I can rest assured."

After a pause, she asked again: "Ye Chen, can you give me a drop of reincarnation blood?"

"Can."

Without hesitation, Ye Chen scratched his fingertips, and a drop of reincarnation blood popped out from his fingers.

Su Nishang grasped it with a slender hand, melted the blood into the formation, and manifested a large formation of sky fire, chanting in a low voice, all the laws around were turbulent, and time was reversing.

Then, in the big fire formation that day, a pure and graceful figure gradually emerged, it turned out to be Fairy Moon Soul!

"Miss Su, have you resurrected the Moon Soul Fairy?"

Ye Chen was taken aback. He still remembered that the Moon Soul Fairy back then was pushed into the fire and burned to death by the Daode Tianzun. She died a terrible death.

Now, Su Nishang reversed the time and brought her back to life.

"Yes, Ye Chen, thank you for your reincarnation blood, otherwise, it would be difficult for me to revive my sister."

Su Nishang's eyes were full of gratitude, reversing time and resurrecting the dead, in the infinite time and space, is a common thing, but in the real world, it is like a taboo existence, very difficult to do.

Under normal circumstances, Su Nishang would not be able to revive her sister.

However, by borrowing Ye Chen's reincarnation blood and relying on the power of reincarnation, she was able to resurrect Fairy Moon Soul.

Fairy Moon Soul was revived at the beginning, looked around blankly, and then gained insight into everything, and threw herself into Su Nishang's arms excitedly, crying, "Sister!"

The person she relies on the most is her sister Su Nishang.

Now that she is resurrected and the sisters are reunited, this scene is quite warm.

Seeing the resurrection of Fairy Moon Soul, Ye Chen felt very relieved.

From the outside, Fairy Moon Soul is very pure and young, with the same temperament as Wu Yao, with a touch of green onion, it is difficult to associate her with the word "mother".

But she is indeed the mother of the Second Enchantress.

Now that she is resurrected, the second enchantress will be very happy too.

"Ye Chen, thank you for resurrecting me."

Fairy Yuehun hugged Su Nishang and thanked Ye Chen gratefully.

The two sisters are embracing each other, both of them are stunning beauties, this picture looks very seductive.

"You are welcome."

Ye Chen smiled.

"Um... well, can you help me call the enchantress over here?"

Moon Soul Fairy asked softly, now that she is resurrected, she misses the Second Enchantress again.

Ye Chen pondered for a moment, then nodded and said, "Yes, I will try."

The second demon girl is in Zihuang Immortal Palace, and she is likely to be under the supervision of Daode Tianzun. Ye Chen doesn't know if he can call her out, so he can only say try.

At that moment, Ye Chen sent out his will to inform the second enchantress of cause and effect, but after waiting for a while, he did not receive a response. It was inconvenient for the second enchantress to leave Zihuang Immortal Palace at this time.

"She may come back later."

Ye Chen couldn't bear to disappoint Fairy Moon Soul, and said with a smile.

"Okay, then I will accompany my sister first."

Fairy Yuehun looked at Su Nishang, full of attachment.

Arm in arm, the two sisters left Aoshi Tiangong together and played around in the Star-Moon Realm.

Ye Chen smiled, and after spending some time with Ji Siqing, he retreated alone, preparing to solve the hidden danger of space debris in his body.

In the retreat room, Ye Chen calmed down, restrained his breath, and looked inside his body.

At this moment, in Ye Chen's body, there are pieces of space fragments nested between various organs.

Each of these space fragments is a vast void, as vast and endless as the light years of the universe.

Ye Chen's body organs are completely isolated by these vast spaces and become isolated islands. His brain cannot reach him, and he cannot control his body. He has to rely on the special channel established by Fairy Scarlet Phoenix to burn his soul to communicate.

However, with the passage of time, the passage established by Fairy Scarlet Phoenix's sacrifice is rapidly disappearing.

Once these passages are all wiped out, Ye Chen will become a living dead. No matter how active his brain is, he will not be able to control his body, hands and feet, because the distance between them is too far away, farther than the light years of the universe.

Ye Chen needs to crush all the space fragments in his body, so that his body can return to normal.

And the Myriad Sword God Star is the artifact that crushes the space!

At this time, Wanjian Shenxing is hanging in Ye Chen's world of scorching sun and life star, shining and shining with that scorching sun and life star.

"Myriad Sword God Star, Heaven Punishing Sword Qi, kill me, break!"

With a thought in Ye Chen's mind, he immediately activated Wanjian Shenxing.

Rumble!

The entire Myriad Sword God Star broke away from Ye Chen's Fate Star World, sank into his dantian, and was infused with countless spiritual energy. Suddenly, there was a shocking sound, and sharp sword energy exploded from it. out.

Every sword qi carries the terrifying Gengjin aura, its sharpness is compelling, and there is a trace of the majesty of the emperor and god behind it, as well as the coercion of the Dao of Destiny.

This Myriad Swords God Star was transformed by Sword Heaven Emperor's sacrifice to his own destiny. Therefore, the sword energy emanating from the Myriad Swords God Star is extremely lethal. Supreme coercion.

With the help of Myriad Sword God Star, Ye Chen would be like butchering pigs and dogs if he wanted to kill ordinary immortal emperors.

Chapter 9219

Strips of sword energy burst out from Wanjian Shenxing, broke through Ye Chen's dantian, and slashed out towards Ye Chen's meridians.

Countless strands of sword energy shuttled through his meridians, blood vessels, and nerves, causing him great pain, as if tearing his whole body apart.

However, Ye Chen gritted his teeth and endured, and did not back down.

He kept urging the Myriad Swords God Star, bursting out sword energy, and the sword energy roared and surged, beheading the space fragments nested in his body layer by layer.

These space fragments are remnants of Taiyu's bloodline, and the laws of space are extremely firm and difficult to shake.

But at this moment, under the beheading impact of Wanjian Shenxing's sword energy, the pieces of space fragments quickly collapsed and shattered, unable to block the sharp edge of Wanjian Shenxing's sword energy.

"Very good, it really works!"

Ye Chen was overjoyed to see Wanjianshenxing working.

After those space fragments were shattered, traces of warm blood flowed out from them, which were absorbed by Ye Chen.

Those blood qi are the purest energy of Taiyu's blood!

Ye Chen's absorption of those blood energy is equivalent to devouring Taiyu's blood.

In the constant devouring, Ye Chen's head was buzzing, and he gained a lot of insight.

That is a clear understanding of the laws of space!

The Taiyu bloodline is opposite to the Zhouguang bloodline.

The universe is time, and the universe is empty.

The blood of Taiyu is the ultimate blood of the law of space.

Along with Wanjian Shenxing, the sword qi continued to burst out, and the space fragments in Ye Chen's body were also continuously crushed, shattered, collapsed, and the blood qi was dissolved and absorbed by him.

Ye Chen's body had a strange change.

He continuously absorbed the blood energy in space, and gradually mastered the energy of Taiyu's blood, and a great atmosphere emerged from his body.

Pieces of void, vaster than the light years of the universe, emerged around Ye Chen, forming a magnificent space barrier.

If someone walked into the retreat room at this time and wanted to get close to Ye Chen, it would be impossible to get close no matter what.

Because Ye Chen's body was surrounded by layers of void, he seemed to be in front of him, but in fact he was far away in the sky, jumping out of the world, and no one could touch his body.

What is even more astonishing is that the energy of Zhouguang's bloodline began to merge with Taiyu's bloodline.

Time and space are merging.

The laws of the avenue of time appeared in the void around Ye Chen.

Buzz buzz!

Ye Chen felt many wonderful realizations in his mind.

After the fusion of time and space, his control over the law of time has obviously improved to a higher level than before.

Now, Ye Chen can clearly see that between the sky and the earth, there are tiny threads, and these threads are timelines.

Zooming in, these timelines are actually rivers of time.

Things that happened in the past, things that are happening now, and things that will happen in the future can all be captured in images in this long river of time.

Ye Chen saw the former dead, like the dead of the Yin Yang Temple, and many people who died for the reincarnation camp.

"I'm going to bring them back to life!"

A thought came to Ye Chen's mind. Under the restrictions of the laws of reality, it is very difficult for the dead to be resurrected, but he has the blood of reincarnation and controls the mystery of life and death, but he can break this restriction!

In the next moment, Ye Chen fished out many dead people from the long river of time in the past, and let them appear in this timeline, thus bringing them back to life.

Now Ye Chen controls the blood of Taiyu, merges with the blood of Zhouguang, the fusion of space and time, the two major laws merge into the law of time and space.

Ye Chen controls the law of time and space, and with the help of the blood of reincarnation, he actually reversed the years, fished out countless dead from the long river of time in the past, and resurrected them.

The limitations of reality were directly broken by Ye Chen.

The taboo of life and death was reversed by Ye Chen.

This is the greatness of reincarnation, the power of the blood of reincarnation!

There are tens of thousands of dead who have been resurrected. After they were resurrected, they stared blankly at Ye Chen, their expressions gradually changed from bewildered to shocked, and finally turned into admiration and excitement.

"Praise reincarnation!"

Then, everyone knelt down and worshiped Ye Chen.

Ye Chen was overjoyed, it was his first attempt to revive so many people.

Most of the people who had a good relationship with him and died unfortunately were resurrected by him.

There are also some people, because of their strong cultivation, such as Emperor Feng, Ye Chen cannot be resurrected.

Now Ye Chen can only resurrect people below the immeasurable realm. As for the dead above the immeasurable realm, he still cannot resurrect them.

After all, the martial artist of the infinite realm has a strong cultivation base, and his weight in the long river of time is also very heavy. It is difficult to fish for it, and it is also very difficult to resurrect.

The taboo of life and death was broken, the river of time was reversed, and countless dead were resurrected, which directly shocked the world.

In the entire Supreme World, the sky and the earth vibrated violently, there were reincarnation golden lights floating everywhere, bursts of singing resounded through the sky, and runes were intertwined.

This vast weather symbolizes the power of Ye Chen's reincarnation blood, which has broken the limit of heaven and earth!

Countless people witnessed this scene and were all shocked and astonished.

...

In the Temple of Ten Thousand Ruins, Emperor Yuhuang's face was completely distorted when he witnessed the golden light blooming in layers of samsara.

"This kid actually broke the taboo of life and death. His strength has improved so rapidly, who else can hold him back?"

"Goddess, it's up to you now."

Yuhuang Gudi's eyes were full of gloom. In fact, if he broke out with all his strength and no matter what the cost, there was still a possibility of suppressing Ye Chen.

After all, he has managed Wanxu for an era and has a strong foundation.

But if he doesn't care about the price, even if he can suppress Ye Chen, his own losses will be very heavy, and the gains outweigh the losses.

Now, he can only wait for the day when the decisive battle between Tiannv and Ye Chen will come.

Once the decisive battle starts, with the strength of the goddess, even if Ye Chen cannot be killed, it can greatly weaken Ye Chen's strength.

At that time, it was time for Wanxu to fight back.

...

Zihuang Immortal Palace, Tianyang Domain, Tianwaitian Miluo Palace and other forces all captured the earth-shattering scenes of Ye Chen breaking the taboo of life and death. Many forces have different mentalities, but they all have the same idea.

At this moment, Ye Chen is too powerful, no one dares to confront him head-on, and they are all waiting for the day when the decisive battle between Tiannv and Ye Chen will start.

...

Two days later, Ye Chen crushed all the space fragments in his body, completely controlled the power of Taiyu's bloodline, and fused with Zhouguang's bloodline, controlled the laws of time and space, and possessed a powerful means to reverse time and space.

Ye Chen's cultivation has broken through again, and he has been promoted from the middle level of the sixth floor of the Sky Profound Realm to a high level.

"In a few days, I broke through again, and it really is a huge leap!"

Ye Chen was very pleasantly surprised, breaking through to the high level of the sixth heaven so quickly, the benefit brought to him by Taiyu's blood was indeed incomparably huge.

Chapter 9220

Ye Chen broke through and came out, only to see that the entire Xingyue Realm was full of brilliance, auspiciousness filled the sky, golden dragons of good fortune leaped, and the scene was very spectacular.

His reincarnation bloodline is now so powerful that it surpasses the heaven and the earth, and the entire star-moon world has also been blessed and sheltered.

"Ye Chen, congratulations."

At this time, I saw two graceful and graceful figures descending from the void, they were the second enchantress and concubine Chi Xue.

"Young lady, you're here."

Ye Chen was overjoyed to see the second enchantress coming.

With a smile in her eyes, the second enchantress, as charming as ever, landed next to Ye Chen and hugged his arm, accompanied by Concubine Chi Xuexue.

"I received a message from your will, saying that my mother is resurrected and wants to see me, but I am in Zihuang Immortal Palace, so I have many constraints, and it is inconvenient to leave. It is only today that I get rid of my father's eyeliner and come to see you."

The second enchantress was quite helpless. She had already violated the taboo of the moral god by taking Ye Chen to Zihuangyuan before.

These days, she has been under strict supervision, and it is very difficult for her to come out.

"Thanks a lot."

Ye Chen touched the cheek of the second enchantress, and then called Fairy Moon Soul to bring their mother and daughter together.

The reunion of mother and daughter, the Second Demon Girl and Fairy Moon Soul were all overjoyed.

Moon Soul Fairy held the second Yaoji's hand, and said softly: "Yaoji, you will stay here from now on, don't go back, we will live with Ye Chen."

The second enchantress shook her head secretly, as if she had some scruples, said: "No, mother, now is not the time, I have a friend who is dying, and I am here now, in fact, I want to ask Ye Chen to help."

Ye Chen was slightly startled when he heard this, and said, "Who is it? Miss Fan?"

He faintly grasped the secret, the friend that the second enchantress mentioned seemed to be Fan Xingyan!

The second demon girl nodded and said, "Yes, do you still remember Yiwei?"

"Xingyan, she cured Master Wentian with the Divine Spring of the Starry Sky, and asked Master Wentian to tame Yiwei."

"However, One Tail is too strong, taming is not smooth, and even struggling to escape."

"Realist Chongyang saw that the situation was unfavorable, he had already left the customs, and discussed with Master Wentian that he would sacrifice Xingyan and use her life as a sacrifice to suppress Yiwei."

"She didn't want to die, so she asked me for help."

The tone of the second enchantress was full of worry. She had a close relationship with Fan Xingyan and was a close friend. Naturally, she didn't want to see her die, so she asked Ye Chen for help.

"Realist Chongyang wants to sacrifice Miss Fan to suppress Yiwei?"

Ye Chen frowned, he didn't expect Master Chongyang to be so ruthless.

You know, Fan Xingyan is his only apprentice, and he is willing to sacrifice.

It seems that in order to tame Yiwei, Chongyang real person is also a little crazy, regardless of all costs, without thinking of love.

The second enchantress held Ye Chen's hand and said, "Yes, Xingyan is in danger now, Ye Chen, the only person who can save her is you!"

Ye Chen is a person who values love and righteousness. Hearing what the second Yaoji said, he naturally didn't hesitate too much, and said boldly and simply: "Don't worry, Yaoji, Miss Fan is also my friend. Now that something happened to her, I will Will not sit idly by."

Seeing that Ye Chen was willing to save someone, the second enchantress was overjoyed and said, "Thank you, Ye Chen."

Time is urgent, and Fan Xingyan may have an accident at any time. Ye Chen simply entrusted the affairs of the Star-Moon Realm, and together with the second enchantress and Concubine Chixue, he tore through the void and went directly to the Tianyang Realm.

When the three of them came to Tianyang Domain, they were immediately discovered by several powerful guardians.

The guards, who knew Ye Chen and the second enchantress, didn't dare to offend them, so they stepped forward and asked:

"Lord of reincarnation, Miss Yaoji, I welcome you, I don't know what you are doing when you come to Tianyang Realm?"

The second enchantress shot a cold look from her eyes, and said: "If you don't want to die, get out of here!"

Then he took Ye Chen and strode towards the center of Tianyang Domain, in the direction of the Holy Fire Hall.

The few guards looked at each other in blank dismay, not daring to stop them at all.

Even if they were not afraid of the Second Enchantress, they were still afraid of Ye Chen.

Ye Chen, the Second Demon Girl, and Concubine Chixue flew to the Holy Fire Hall. The closer they got to the Holy Fire Hall, the more mysterious aura could be felt, full of horror, sinister, killing, and cruelty. It was a chimo poisonous scorpion, emitting the breath.

In the sky, there are layers of dark clouds condensed, the calamity is billowing, and the evil spirit is gloomy. It is all the accumulation of a tail of hostility.

It seems that taming a tail is indeed not going well.

In addition, Ye Chen also discovered that the aura of the Tianyang domain has weakened a lot compared to before, and the sky and the ground veins do not have the temperature of the flame, as if the fire is no longer there.

"Did your father take the tinder back?"

Ye Chen curiously asked the second enchantress.

"Yes, my father and Daoist Chongyang have broken up, and he has summoned the fire back."

The second enchantress replied.

Originally, the fire seed was enshrined in the holy fire hall, but with the break between Daode Tianzun and Chongyang real person, the fire seed has been summoned back.

Now Daoist Chongyang can no longer touch the fire, and it is completely controlled by the Taoist Tianzun.

Ye Chen's eyes flickered slightly. In this way, real Chongyang can't borrow the power of Tinder, and his strength must be greatly reduced.

This is naturally a good thing for Ye Chen.

In this way, it would be much easier for him to save Fan Xingyan from Chongyang Daoist.

The three of them moved forward quickly and soon came to the Holy Fire Hall.

All around the Holy Fire Hall was densely packed and crowded with powerful warriors everywhere.
