Chapter 9251

The second enchantress trembled, and called out: "Father..."

Daode Tianzun sighed, and said in a more gloomy tone: "You and the Lord of Reincarnation are in ecstasy, it seems that you don't see me as a father anymore."

The second enchantress hurriedly said: "No, father..."

She wanted to justify, but she didn't know how to justify.

Daode Tianzun said: "You have too many distracting thoughts in your mind, come with me, I will take you to a place where you can practice hard." He said and walked towards the inner hall.

The second enchantress followed Daode Tianzun into the inner hall.

Daode Tianzun activated the mechanism again, and the wall of the inner hall vibrated and turned over, revealing a corridor.

He took the second demon girl along the corridor to the ground.

In the dark underground world, there is a ray of flame that is slowly burning.

The flames were slightly dim, but the surging energy fluctuations emanating from inside were still shocking.

This is exactly tinder!

The fire is suspended in the void, burning continuously, as if even if the universe collapses, this fire will not be extinguished.

Around the fire, there are rules and runes intertwined.

These laws and runes, with great power beyond reality, obviously come from no time and space.

Seeing this, the second enchantress trembled slightly in her heart, guessing that her father had communicated with each other, and borrowed the power of Hongjun's ancestor to protect the fire.

It's just that the light of today's fire is much dimmer than before, because Su Nishang, the god of fire, has been taken away by Ye Chen.

Without Su Nishang's support, the fire also became dim.

"Father, what did you bring me here for?"

The second enchantress looked at the burning fire, feeling faintly uneasy in her heart.

Daode Tianzun turned his head, his gaze was like a torch, and said: "Yaoji, you have too many distracting thoughts in your heart, you should guard the fire well, and treat it as training."

After all, when Daode Tianzun grabbed the palm of his hand, the second enchantress felt a huge force, covering her from the air, sealing off her meridians, making her unable to move for an instant.

"Father!"

The second enchantress yelled in horror.

But Daode Tianzun, with a cruel and decisive look in his eyes, threw the second demon girl's body into the fire with a wave of his hand.

boom!

The body of the second enchantress fell into the fire, and in an instant, the fire burned violently.

It was as if she had become fuel, helping to ignite the fire, just like Su Nishang in the past.

"Father!"

The second demon girl felt burning pain all over her body, as if falling into magma, strands of flames wrapped around her, and the intense heat brought her incomparable torment.

Daode Tianzun looked at the second enchantress, struggling and howling in the fire, but his eyes were terribly stern, and said: "The power of the fire will slowly burn away the distracting thoughts in your heart. When will you forget the meaning of reincarnation?" Lord, I will let you out."

The second enchantress panicked and wanted to say something, but her body was entangled in fire, the pain was unbearable, and she was in so much pain that she couldn't say anything.

She knew in her heart that Daode Tianzun threw her into the fire not only to temper her, but also to use her as bait to lure Ye Chen over!

She was trapped in the fire, and endured such severe torture, it must have touched the secret, and Ye Chen would definitely know.

She is already Ye Chen's woman, and Ye Chen values love and righteousness, it is impossible to watch her suffer.

"...Or, you can pray, pray to the Lord of Reincarnation to rescue you, hehe, I'm afraid he won't dare to come."

Daode Tianzun smiled indifferently.

He was indeed using the second demon girl as a bait to lure Ye Chen over.

From the outside world, he couldn't suppress Ye Chen.

Ye Chen is too strong, looking at the real world, no one can say that he can be beheaded with absolute certainty.

If he wants to defeat Ye Chen, unless he lures Ye Chen to Zihuang Immortal Palace, with the help of Zihuang Immortal Palace Wan Shiyuan's accumulation of ground veins and many killing arrays, there is a possibility of crushing him.

The second enchantress looked at the indifferent expression of Daode Tianzun, and felt desolate in her heart.

She knew that her father had already gone mad, almost insane, and in order to control the fire for eternity, even her daughter would not be spared.

"Ye Chen, don't come, don't come..."

The second enchantress prayed in her heart, she didn't want to see Ye Chen come to die.

No matter how powerful Ye Chen is, it is absolutely impossible for him to fight against the entire Zihuang Immortal Palace alone.

In the Zihuang Immortal Palace, the Moral Heavenly Venerable occupies an absolute advantage, and the ancient Emperor Yuhuang will die if he comes.

You know, today's Taoist Tianzun has the help of Hongjun's ancestor behind him, so how can Ye Chen be his opponent?

...

In the Star-Moon Realm, in the World-Proud Heavenly Palace, Ye Chen was waiting for the seal of the koi talisman to be released. Suddenly, his heart twitched violently, as if he had caught something unexpected.

"Something happened to the enchantress..."

Ye Chen counted with his fingers, and in an instant, he saw the scene of the second enchantress suffering in the fire.

Daode Tianzun is so vicious that he used the second enchantress as bait to lure him to Zihuang Immortal Palace.

"This Daode Tianzun is really crazy!"

Ye Chen was frightened and furious. After further calculations, he saw that Daode Tianzun had already laid a net in Zihuang Immortal Palace. Countless killing arrays were opened, and he summoned the power of Hongjun Patriarch to descend, just waiting for him to go to die.

In Wuwu time and space, Hongjun Patriarch has his own power, named "Heavenly Emperor Ancestral Court".

This Heavenly Emperor's Ancestral Court is a holy land left over from the ancient times. According to legend, it was created by thirty-six Heavenly Emperors and Gods.

Chapter 9252

In that ancient era, the avenue collapsed, the laws collapsed, the truth declined, and natural disasters and riots were everywhere, which was called the "chaotic era".

This chaotic era, the specific age, is impossible to test because it is too long ago.

It is said that the beginning of the chaos in the Chaotic Era was Emperor Yuantian.

Emperor Yuantian wanted to set foot on the other side of the starry sky, but failed, was seriously injured, and fell into a deep sleep.

When he hit the other side of the starry sky, the heaven, earth, time and space collapsed, and the avenue was smashed by him.

The avenue collapsed, the laws of time and space collapsed, chaos and natural disasters raged, and countless strong people died.

In the midst of the chaos, the thirty-six main gods of the Heavenly Emperor established the Heavenly Emperor's Ancestral Court to provide shelter for the world, and at the same time, they worked hard to restore the Dao and held the sky.

Among the thirty-six gods, there are those familiar to Ye Chen, such as Sakyamuni Buddha, Emperor Jiantian, Xuanhanyu's ancestor Cangxuan, and so on.

Thirty-six heavenly emperors, holding Tianqing in their arms, completed the Dao, and paid a great price, and many heavenly emperors died.

The holy land of the emperor's ancestral court also lost all its brilliance and was covered by the dust of the years.

Until the ancestor Hongjun ascended, he stepped into the ancestral court of the Heavenly Emperor alone, restored the brilliance of the ancestral court, and attracted countless strong men to join him.

Today's ancestor Hongjun is one of the top three masters in Wuwu Time and Space, and the master of the Heavenly Emperor's Ancestral Court, and his Heavenly Emperor's Ancestral Court is also one of the top forces in Wuwu Time and Space.

The moral Tianzun communicates without time and space, borrowing the power of the ancestral court of the emperor of heaven.

In the ancestral court of the Heavenly Emperor, many strong men came down and set up a killing array, waiting for Ye Chen to throw himself into the trap.

This is a trap.

If Ye Chen stepped into the Zihuang Immortal Palace, he would step into this trap and be surrounded and killed by countless strong men from the Zihuang Immortal Palace, as well as those from the Heavenly Emperor's Ancestral Court.

Daode Tianzun did not conceal the secrets of heaven, because there is no time and space that cannot be concealed. How can the power of the emperor's ancestral court and the blessings of Hongjun's ancestors be hidden?

Now, the initiative is in Ye Chen's hands.

If Ye Chen doesn't go to Zihuang Immortal Palace, then Daode Tianzun has nothing to do.

However, if Ye Chen doesn't go, then the second demon girl will suffer endless torture.

Even Su Nishang, the god of fire, couldn't bear the torture of burning fire, and was tortured to the point of numbness.

How can the second enchantress bear it?

Ye Chen's heart was suddenly confused, and he fell into a dilemma.

"Ye Chen, don't go!"

At this time, a thunderclap sounded.

But Ye Xieshen came out of the gate and flew in the air.

Previously, Ye Xieshen took Shentu Wan'er to fight for the power of the God of Death in Wuwu time and space, and was seriously injured and has been in retreat.

Now that he has recovered from his injuries, he caught the hidden secret and felt the danger. He knew that Daode Tianzun had set up a trap to lure Ye Chen to die, so he immediately came out to stop it.

Seeing Ye Xieshen, Ye Chen called out, "Grandpa!"

Ye Xieshen's face was serious, and he said: "Tao Dao Tian Zun is trying to lure you to die, you must not fall into the trap."

Ye Chen said: "The demon girl is in trouble, I can't ignore it."

Ye Xie said divinely: "Even if she dies, you can bring her back to life in the future, so don't step into other people's traps."

Ye Chen said: "If she is burned to death by the fire, all the timelines will be wiped out. If she wants to be resurrected, how can it be so easy?"

After a pause, Ye Chen took a deep breath, made up his mind, and said, "I'm going to save her!"

He is a person who values love and righteousness. If he does not go to the rescue, the second enchantress will be burned to death, and he will feel guilty for the rest of his life.

Ye Xieshen became anxious immediately, and said, "If you never come back..."

Ye Chen said: "Then go and never come back!"

After all, Ye Chen directly tore the void and left the Star-Moon Realm.

He didn't want to regret it, even if he never came back, he couldn't watch the second demon girl be burned to death.

Ye Chen's departure shocked the entire Star-Moon Realm.

Fan Xingyan, Chi Feixue, Xia Ruoxue, Wei Ying, Ji Siqing, Wu Yao, Shentu Wan'er and other women were all touched in their hearts.

They did not pay wrongly. Ye Chen valued love and righteousness, and would never abandon any woman.

Emphasis on love and righteousness, clear grievances and grievances, this is Ye Chen's way!

...

After leaving the Star-Moon Realm, Ye Chen didn't go to Zihuang Immortal Palace immediately.

Because, he knew that if he stepped into Zihuang Immortal Palace now, it would be almost like sending him to death.

Daode Tianzun has already set up a net of heaven and earth, and many strong men from the ancestral court of the Heavenly Emperor have also set up a supreme killing array, waiting for him to come.

Although Ye Chen was concerned about the safety of the second enchantress, he was not reckless.

"If my cultivation base can be promoted to the seventh level of the Sky Profound Realm, I can be more confident in saving people."

Thinking in his mind, Ye Chen stepped directly through the void and came to the holy land of runes, the Yongfu Tiangong.

The warriors of Yongfu Tiangong came out to greet Ye Chen when they saw Ye Chen coming.

Luo Qingli is also in Yongfu Tiangong, but she has already retreated.

Elder Zuoqiuyun came out to greet Ye Chen in person, bowed to Ye Chen, and said, "Lord of reincarnation, welcome you."

Ye Chen nodded and said, "Senior Zuoqiu, is the koi talisman seal open?"

He came here this time just to get in touch with the koi talisman.

The koi talisman is known as the strongest magic weapon of light in the world, and the ancestral artifact of the nine gods was once the supreme treasure of the god of light.

It is said that this koi talisman has also been tempered by the blood essence of Emperor Yuantian, so its power is very powerful.

Since the fall of the God of Light, Tianzun, no one has been able to handle this koi talisman.

Ye Chen knew that going to Zihuang Immortal Palace would be dangerous, and the existing means were not enough to save his life.

He needs new opportunities.

This koi talisman is the best opportunity!

Chapter 9253

If Ye Chen can get the koi talisman, then he can go to the Illusory Dao Pagoda of the Illusory Gate, maybe he can step into the seventh heaven of the Profound Sky Realm in one fell swoop, and then he can cultivate the Sword of Destruction, his strength will improve by leaps and bounds, and he will be sure of saving people Much more.

Zuo Qiuyun was taken aback when Ye Chen asked about the koi talisman, and said, "Lord of Reincarnation, the seal will be opened in these two days, didn't I tell you? It's not the time to open it yet."
"

Ye Chen said: "I want to get in touch with the koi talisman as soon as possible. Please pray to Wuwu Time and Space to see if you can open the seal in advance."

Zuoqiu Yun said: "Let me try."

At that moment, Zuoqiu Yun set up a ceremony to communicate with the headquarters of Yongfu Tiangong.

However, the seal of the koi talisman is not so easy to open, and the Yongfu Tiangong headquarters also needs time to prepare.

"No, we still have to wait another two days."

Zuo Qiuyun said helplessly to Ye Chen.

"All right."

Ye Chen sighed, thinking about the second demon girl in his heart, but now he can only wait.

Finally, two days later, there was an echo from Wuwu time and space, that the koi talisman seal had been opened, and Ye Chen could try to contact it.

Zuo Qiuyun arranged a rune formation and let Ye Chen enter it.

Ye Chen sat down in the formation, calmed down, and began to communicate with each other.

boom!

It didn't take long for Ye Chen to feel that his spirit had established a wonderful connection with Wuwu time and space.

His spirit and soul seemed to have been separated from reality, and he soared into the infinite time and space, seeing a vast and boundless holy land.

This holy land is exactly the rune holy land.

The rune holy land in Wuwu time and space is hundreds of millions of times vaster than that in the outer sky, and its territory is terrifyingly huge, even more vast than the light years of the universe. It is difficult to describe it in realistic words.

The rune holy land of Tianwaitian is actually just a small bump that fell from this huge holy land.

In this huge rune holy land, there are many sects and forces, the most powerful of which are Yongfu Tiangong, Xiefu Temple, and Xianfu Nujiao.

These many sectarian forces are fighting each other openly and secretly.

However, all forces have a consensus.

That is, the hidden dangers of the koi talisman must be resolved!

No one can handle this koi talisman, and the light is too blazing. A little divine light can obliterate the Immortal Emperor and turn the Immortal Emperor into ashes, which is very terrifying.

As a last resort, all families and factions of the Rune Holy Land joined forces to seal the koi talisman underground.

Now that Ye Chen wants to take charge, all the schools and factions in the Rune Holy Land are naturally overjoyed.

If Ye Chen could control the koi talisman, it would solve one of their worries.

They formed a good relationship with Ye Chen, and there will be infinite benefits in the future.

Yongfu Tiangong wants to unlock the underground seal and let Ye Chen touch the koi talisman. All families and factions fully support it. Everyone hopes that Ye Chen can be in charge of the koi talisman.

However, the bright power of the koi talisman is terrifying, and the divine light is extremely blazing. They worry that even Ye Chen will not be able to control this magic weapon.

hum!

Ye Chen's spirit communicated with the rune holy land, and he saw a spiritual talisman floating on the ground in the center of the holy land.

This magic talisman is composed of thousands of runes, and the white light of the gods shines for thousands of miles, covering up the brilliance of the sky, the earth, the sun and the moon.

A strip of fairy koi hovers around the talisman, the picture is very magnificent, and there are countless mysterious laws flowing out of it.

These flowing laws form all kinds of supernatural powers and secrets, such as Ye Chen's fairy koi copy, which has a lot to do with this koi talisman.

This koi talisman, the light is too blazing, the law of light is rolling, the might of the sky is vast, shining on the world.

The intense and dazzling light penetrated, evaporated, burned, smelted, and turned into ashes of the surrounding mountains, forests, and palace buildings.

All the warrior monks in the Rune Holy Land retreated to the edge of the Holy Land, not daring to get close to the koi talisman for fear of being harmed.

When Ye Chen's spirit came into contact with the koi talisman, he immediately felt thousands of sacred rays of light piercing through, even penetrating his spirit, crossing the wall of time and space, trying to penetrate his physical body.

"What a terrifying power of light!"

Ye Chen was taken aback. Although he was mentally prepared, the bright power of the koi talisman was far beyond his imagination.

Fortunately, Ye Chen's bloodline is strong, and immediately activated the power of Samsara's bloodline to protect his spirit and body, lest he be burned to ashes by the power of the koi talisman.

I saw that Ye Chen's body and spirit were protected by a faint film of blood.

This blood film contains the power of reincarnation blood.

Ye Chen reckoned that relying on the blood of reincarnation, he might be able to withstand the light of the koi talisman for a stick of incense.

During this time, if he cannot control the koi talisman, he must give up, otherwise he will only end up in ashes.

"Lord of Reincarnation, how is it?"

Zuo Qiuyun stood not far from Ye Chen, his eyes were full of horror.

Ye Chen's spirit, after coming into contact with the koi talisman, exploded into an astonishing atmosphere.

Above Ye Chen's body, the sky split open, and billows of white light poured down, reflecting the sky, and the koi fish rolled up and down, which was spectacular and even made people feel sacred.

The rune sanctuary of Tianwaitian is also completely bathed in the vast white light. Fortunately, the barrier of time and space and the law of reality, the power of this white light is still within the range of the rune sanctuary.

Chapter 9254

Otherwise, if the power of the koi talisman really comes down without reservation, then this rune holy land will only end in ashes, and the vast expanse of time and space in the sky may also be reduced to white ruins.

Ye Chen heard Zuo Qiuyun's call, but did not respond.

His mind was completely focused on the koi talisman.

He knew that if he could not handle the koi talisman within a stick of incense, he would probably suffer backlash, and even if he gave up, he would have to bear a huge price.

"Nest of Rune Ghosts, appear!"

"Dahuang steals the sky art, steal it for me!"

Ye Chen took a deep breath, and immediately cast the supernatural power of the mother's nest of runes and ghosts. Pieces of dark runes were intertwined, forming a terrifying darkness, a dark lair flowing with viscous dark green liquid.

Rune Holy Land Since ancient times, countless masters have worked hard to master the koi talisman.

In the end, they came up with a way to rely on the mother nest of the talisman ghost to accommodate the koi celestial talisman.

The darkness of the ghost rune's nest can offset the terrifying light impact of the koi sky rune.

However, no one has been able to realize this idea since ancient times.

It is all because of the radiance and power of the koi talisman, which is too terrifying. The nest of talisman ghosts summoned by ordinary people is completely incapable of containing it. As long as it touches it, it will be crushed and exploded by the bright power of the koi talisman.

Ye Chen also knew very well that if he collected the koi talisman directly, the talisman ghost brood would definitely not be able to bear it. If it exploded on the spot, he would be seriously injured if he didn't die.

Therefore, he used the Great Desolation Stealing Heaven Technique to steal the power of the koi talisman bit by bit, and slowly digested it step by step.

Compared with those who tried to collect koi talismans before, Ye Chen's advantage is that he can take it step by step, relying on the Great Desolation Stealing Heaven Technique, step by step, without swallowing them all at once.

Under the theft of Ye Chen's stealth technique, the energy of the koi talisman flowed into the mother's nest of the talisman ghost little by little.

In the huge dark lair, the power of light runes gradually increased, and the koi with fairy energy jumped up in the dark lair. The picture is quite strange.

In the past, the dark lair that could only breed talismans, ghosts and monsters now leaps out of the celestial koi, all kinds of auspicious lights burst out, yin and yang blend, and the atmosphere is myriad.

"effective!"

Ye Chen was very pleasantly surprised. Step by step, he mastered the power of the koi talisman step by step, without much impact.

There is no time and space, and in the rune holy land, many warriors witnessed this scene, and they were pleasantly surprised.

"The Lord of Reincarnation's method is really brilliant!"

"Hahaha, this koi talisman can finally be sent away."

"From now on, we and the reincarnation camp will be friends."

"With the care of the reincarnation camp, my rune holy land, in the infinite time and space, must be like a tiger with wings."

Many praises sounded, and countless warriors paid homage to Ye Chen, admiring Ye Chen's means.

This koi talisman has plagued the rune holy land for countless epochs, and countless powerful people have worked hard, but they can't solve it. Now that Ye Chen has solved their troubles, everyone's hearts are full of joy and admiration.

Buzz buzz!

Ye Chen's head was shaking, and he kept stealing the energy of the koi talisman. He seemed to have glimpsed the ancient secret, and saw the scene of the koi talisman's first birth.

One picture after another flashed before Ye Chen's eyes.

He saw a pool, a pool that was extremely pure and filled with the original aura of heaven and earth.

Beside the pool, stands a stone tablet, engraved with the four characters "Origin Immortal Pond" on it.

In the Immortal Pond of Origin, koi are jumping, sparkling, soaking in a magic talisman.

That magic talisman is the koi celestial talisman.

There was an old man, sitting beside the Origin Immortal Pond, with gray hair and wrinkled face, but he did not look old. Every wrinkle seemed to carry ancient wisdom, and his eyes were deep and sharp.

It turned out to be Emperor Yuantian!

Behind Yuantian Emperor, stood a young man with his hands down, dressed as a servant, it was Guangshen Tianzun Huang Chongguang.

At this time, Huang Chongguang was not yet the God of Light, Tianzun, he was just a servant who followed Yuantian Emperor.

Emperor Yuantian narrowed his eyes, looked at the talisman in Yuanyuan Immortal Pond, smiled slightly, fished out the talisman, handed it to Huang Chongguang, and said, "Okay, Chongguang, you take this koi talisman, it should be a My gift to you, you failed to cultivate the Qinglian Casting Sacred Technique, and your meridians have been damaged, so don't practice it again, and slowly use my koi talisman to restore your body."

Huang Chongguang took the koi talisman and responded respectfully: "Yes, Lord Yuantian."

Emperor Yuantian sighed, calculated with his fingers, and said: "Oh, but I think that you will not be able to bear it in the future, and you may still want to practice the Qinglian Casting Sacred Method, but if you can't practice it, this technique contains With the karma of creating the world Qinglian, the threshold for cultivation is extremely high, and you will be delayed by this practice sooner or later."

Huang Chongguang said: "Please rest assured, my lord, I will not practice anymore."

Emperor Yuantian shook his head noncommittally, sighed again, and said: "I am going to attack the other side of the starry sky, no matter what the success or failure is, it will cause the collapse of heaven, earth, time and space, and the shattering of the avenue. My power is still too strong for this world. "

Huang Chongguang's body shook, and he said, "Master, are you really going to the other side of the starry sky?"

Emperor Yuantian nodded and said: "Yes, that world contains the ultimate secret, I must go and see, even if I die, I will not regret it."

Huang Chongguang said: "But, my lord, your power is so strong, if you forcibly hit the other side of the starry sky, the avenue of heaven and earth will definitely be shattered. At that time, the heavens, time and space will fall into chaos, and endless natural disasters will be born. , will suffer from charcoal."

Emperor Yuantian nodded again, and said: "Yes, if I hit the other side of the starry sky, I may smash the Dao and bring the end of the Dharma era. I have sinned a lot, but I don't care about so much. In order to see the ultimate secret, even if I have to bear the end of the Dharma I will not hesitate even the sins that befall me."

His voice is very calm, and behind the calmness is an extremely firm belief that even if the living beings are devastated, the end of the Dharma comes, and the world collapses, he will go to the other side of the starry sky.

Huang Chongguang's body trembled, but he was speechless.

Emperor Yuantian said: "Bringing this koi talisman, you can survive the doomed age and step into a new era."

"In the new era, if you see someone called the Lord of Reincarnation, then surrender to him."

"Hehe, I want to go to the other side of the starry sky. Apart from seeing the ultimate secret, I also want to avoid the Lord of Reincarnation."

Huang Chongguang was stunned for a moment, and said, "The Lord of Reincarnation?"

Emperor Yuantian said: "Yes, the lord of reincarnation, he will be the only ruler in this world in the future, above the heavens, even above me, I will submit to him."

"But, you know my temper, I can't bow to anyone."

Chapter 9255

"If I can go to the other side of the starry sky, maybe I can get real bliss and freedom, and I don't have to surrender to anyone."

Huang Chongguang was greatly shocked, and said: "What kind of lord of reincarnation is this, who is so powerful that he can surpass you, Lord Yuantian?"

Emperor Yuantian said: "Yes, I was born from the origin, which is the side of life, Emperor Huntian is the side of death, the intersection of life and death, yin and yang, is the original law of truth."

"But the so-called life and death are only conceived from the law of reincarnation. Reincarnation is above me and above the Emperor Huntian. He will become the supreme ruler in the future."

Huang Chongguang was dumbfounded, his lips moved, but he didn't know what to say.

Because the words of Emperor Yuantian have exceeded his comprehension.

He couldn't believe that in this world, there are people who are more powerful than Emperor Yuantian, this is impossible.

Ancient gods are rampant in this world, and those powerful ancient gods can create tens of thousands of universes in a single thought.

Their bodies are immortal.

Their souls shake the starry sky.

But they are all like ants in front of Emperor Yuantian.

Huang Chongguang really couldn't believe that someone could surpass Emperor Yuantian.

There used to be an extremely powerful Emperor of Heaven who, together with Emperor Yuan, was born from the original origin of truth.

That Heavenly Emperor is named Soul Heavenly Emperor.

Emperor Yuantian is the side of life, and Emperor Huntian is the side of death.

But that Emperor Huntian had already been killed by Emperor Yuantian.

Since the death of Emperor Huntian, there is no one in this world who can threaten Emperor Yuantian's strongest status.

But now, Emperor Yuantian said that in the future, a strong man will be born, called the Lord of Reincarnation, who will surpass him, also surpass Emperor Huntian, surpass the heavens, and become the only ruler.

Huang Chongguang felt unbelievable and couldn't believe it.

Emperor Yuantian smiled warmly, stroked his beard, and said: "The lord of reincarnation should look a little like me, like me when I was young, but I actually overstepped."

"The original me was the first ray of wisdom born in the world. I didn't have a physical body. I was just a ray of wisdom. The physical body was a stinky skin and a set of shackles to me."

"Alas, but later, I fought with the Emperor Huntian. Although I killed him, I was seriously injured and degenerated. I bred flesh and blood, and I could no longer maintain the form of pure wisdom. The flesh body was about to be born."

"As a last resort, I peeked into the future, stole a bit of the power of reincarnation, and cast this body. I am only the original side of the Dao, and even death does not belong to me, but I stole the reincarnation, and I have overstepped."

"In the future, if you meet someone who looks like me, then you will know that that person is the Lord of Reincarnation."

After a pause, Emperor Yuantian sighed again, patted Huang Chongguang on the shoulder, and said, "But, I'm afraid, you won't live until that time."

"The birth of the Master of Reincarnation is very far away. I hope that by then, you will still be alive."

After finishing speaking, Emperor Yuantian leaned on a cane and left silently.

Holding the koi talisman in his hand, Huang Chongguang stood beside Yuanyuan Immortal Pond, dazed.

When the picture reaches here, it completely dissipates.

Ye Chen witnessed this scene, his heart was shocked, and he was also dumbfounded.

"Emperor Yuan, Emperor Soul, the origin of life and death..."

"Steal reincarnation, cast flesh..."

Ye Chen's head was buzzing, he felt that there were many doubts in his heart, and they were all solved, but new doubts were born.

He didn't expect that this koi talisman actually contained such an ancient secret, allowing him to see the former figure of Emperor Yuan Tian, and also solved part of the truth.

In the past, Ye Chen had seen the appearance of Emperor Yuantian, and that was his old self. He was still wondering what the connection between himself and Emperor Yuantian was.

Now, he understands, it turns out that Emperor Yuantian stole the breath of reincarnation in the future and cast a physical body. Because of the manifestation of reincarnation, Emperor Yuantian's body looks very similar to Ye Chen.

The original Emperor Yuantian was not a human being, he was just a ray of wisdom, representing the wisdom of "birth".

Later, he seemed to be fighting with a man named Hun Tiandi. Although he killed the opponent, he was severely injured and degenerated, breeding blood and flesh, and could no longer maintain the purity of wisdom.

To Emperor Yuantian, flesh and blood are naturally a stinky skin.

In order to make this stinky skin less dirty, he overstepped, stole the power of reincarnation, and cast a body similar to Ye Chen.

He is a usurper!

After Yuan Tiandi was born in the physical body, many supernatural powers and secret methods that he had practiced would be reflected in the supreme law of reincarnation, leaving traces.

Ye Chen is the master of reincarnation, so when he practiced the exercises that Emperor Yuantian had practiced, or came into contact with things that Emperor Yuantian had touched, he would have a strong sense of familiarity.

This sense of familiarity is not familiarity with the past, but familiarity with the future.

Because the time Ye Chen is in is in the future of Emperor Yuantian.

The Great Tomb Excalibur and God Emperor Tianyin that he had cultivated before were all cultivated by Emperor Yuantian, so he was very familiar with it and mastered it instantly.

"It turns out that Emperor Yuantian is not my future body, nor my past body. He and I are unique existences. He just stole the power of reincarnation, which is regarded as arrogance."

"No wonder many things are so familiar."

Ye Chen wanted to understand, the doubts that had plagued his heart once, knowing the truth, his spirit was greatly lifted.

Chapter 9256

However, he has a new question, who is that Soul Emperor.

If Emperor Huntian, corresponding to Emperor Yuantian, is the dead side, and was really killed, then why, when Ye Chen thought of the word Huntiandi, he felt inexplicably horrified, as if he had captured something shocking. The danger is about to come at any time.

Is that soul emperor really dead?

"Forget it, what Yuantian Emperor, Huntian Emperor, is too far away from me, I'd better collect the koi talisman first."

Ye Chen collected himself, opened his eyes, put away the distracting thoughts in his heart, and continued to steal the energy of the koi talisman.

This koi talisman was once tempered by Emperor Yuantian, and it has the breath of Emperor Yuantian.

Therefore, Ye Chen received the koi talisman without any backlash, and it went much smoother than he imagined.

Soon, all the runes of the koi talisman fell from no time and space, and fell into Ye Chen's nest of rune ghosts.

Ye Chen narrowed his eyes slightly, and saw a magic talisman floating in the mother's nest of the talisman ghost, surrounded by koi, filled with immortal energy and auspicious, it was the koi celestial talisman.

"receive!"

With a thought in his mind, Ye Chen immediately put the talisman ghost's nest, including the koi talisman, into his dantian.

boom!

Following the koi talisman entering Ye Chen's dantian, a vast force of light exploded suddenly.

The violent light and divine power, like a wave, penetrated Ye Chen's limbs and bones.

This wave of light has an extremely terrifying power. Even though its power has been weakened a lot under the restriction of the law of reality, it is still enough to crush the general masters of the late stage of the infinite realm.

Fortunately, Ye Chen has a strong physique and even stronger blood. Taking a deep breath, he withstood the impact of the wave of light, and brought all the light power of the koi talisman back into his dantian.

boom!

In Ye Chen's dantian, the spiritual energy soared, and the realm of cultivation also broke through.

His cultivation was originally at the sixth level of the Sky Profound Realm.

But after getting the koi talisman, his cultivation broke through to the peak of the sixth level of the Sky Profound Realm!

The rune holy land of Tianwaitian, and the rune holy land without time and space, countless warriors were shocked to see Ye Chen collecting the koi talisman, surrounded by the divine light runes.

"Reincarnation is mighty!"

"This koi talisman, the most powerful ancestor weapon of the Nine Gods in the legend, is actually in his hands!"

"With control of the koi talisman, the cultivation of the Lord of Reincarnation may surpass that of the God of Light in the future."

"What surpasses the God of Light, I think with the talent of the Lord of Reincarnation, he may even surpass Emperor Yuantian in the future!"

Countless voices of admiration sounded, and no one expected that Ye Chen would successfully collect the koi talisman so smoothly.

"Is it just the peak of the sixth heaven?"

Ye Chen was not very happy when he heard the praise from the outside world, his brows were tightly frowned.

Although he successfully collected the koi talisman and broke through his cultivation base, he only broke through a small level and was still in the category of the sixth heaven, not the seventh heaven.

Although the difference between the sixth heaven and the seventh heaven is only one level, it is actually the difference between the middle stage and the later stage, and the gap is very large.

"pity....."

Ye Chen sighed secretly, it seems that his martial arts background is still too powerful, and it is much more difficult than ordinary people to break through and be promoted.

On the other hand, due to the limitation of the law of reality, after the koi talisman came down, the energy was somewhat restrained, and the energy that Ye Chen really absorbed was less than one percent.

If the energy of the koi talisman was completely absorbed by him, it would be enough for him to hit the Boundless Realm.

Of course, this is impossible.

After all, the koi talisman is the strongest ancestor weapon of the Nine Gods, and its energy is extremely terrifying. With Ye Chen's current cultivation level, he can't fully absorb it.

"Forget it, it's a great opportunity to be able to control the koi talisman."

Ye Chen settled down and was not too greedy.

Although his cultivation base has not been promoted to the seventh heaven, Ye Chen is quite satisfied with being able to handle the koi talisman smoothly and knowing many truths about Emperor Yuantian.

With the koi celestial talisman, combined with the upper talisman ghost's nest, where yin and yang meet, Ye Chen's confidence in rescuing the second enchantress will be greatly improved.

"Lord of reincarnation, congratulations! I never thought that this koi talisman would go so smoothly, and you will be in charge."

Zuo Qiuyun's face was full of excitement and joy, and his eyes were filled with admiration, congratulating Ye Chen.

At this time, Ye Chen was surrounded by runes, and the laws of light shone brightly, shaking the void, faintly hidden in the void, building bright temples one after another, and the vastness of the great temple was very spectacular.

In the bright temples and the great temples, there are celestial koi flying soaring, surrounded by auspicious clouds and mists, and God Emperor Tianyin soothes the soul and attracts people's daydreams.

Although Ye Chen's cultivation was still at the sixth level of the Profound Sky Realm, the supernatural powers he emanated had already surpassed ordinary immortal emperors, and he was simply invincible.

"Thank you, Senior Zuoqiu, in the future, if you need me in Rune Holy Land, please feel free to ask."

Ye Chen calmed down his whole body, cupped his fists at Zuo Qiuyun and smiled.

If the Rune Holy Land is willing to give him the koi talisman, he will naturally reciprocate, and the two will be friends from now on.

"Thank you Lord of Reincarnation for your protection."

Zuo Qiuyun thanked him with great joy, stroked his beard again, and said with a smile: "I'm going to go back to Wuwu Time and Space, Lord of Reincarnation, and I'll see you later when you ascend to Wuwu."

He himself is a martial artist from Wuwu time and space, but later the foundation of martial arts was damaged, and he was unable to go back.

Luo Qingli, the god of water, had healed the damage to his martial arts foundation before, and now he helped Ye Chen win the koi talisman, with great merit and virtue, he has the qualifications to return to Wuwu time and space.

Ye Chen said: "Congratulations senior, you can finally return to nothing."

Zuo Qiuyun nodded, then suddenly lowered his voice, and said, "Lord of Reincarnation, I think with your strength, it is enough to sneak into Wuwu Time and Space, how about..."

Ye Chen's strength is really too strong, he is almost the top group of people in the real world.

For such a character, only when there is no time and space, can there be a wide enough world to accommodate it.

"Smuggling?"

Ye Chen's heart trembled, remembering that when he first entered the Supreme World, he also used the method of smuggling.

However, the method of smuggling is dangerous after all.

In the infinite time and space, there are countless gods watching. Once Ye Chen sneaks out and is discovered by those heavenly emperors and gods, I am afraid that even Ren Feifei will not be able to protect him.

"Forget it, let's talk about it later."

Ye Chen shook his head, for the time being, he has no idea of smuggling into Wuwu Time and Space.

After all, in the real world, he still has many things that have not been resolved.

If he went to Wuwu time and space and was blocked by the dimensional wall, it would be difficult for him to come back.

Chapter 9257

"All right."

Zuoqiu Yun sighed, but did not force it.

"Senior, I will take my leave first."

Ye Chen bowed his hands to say goodbye, the koi talisman had already been obtained, and the matter was over, he was thinking about the second demon girl in his heart, and he just wanted to go to Zihuang Immortal Palace immediately to rescue the second demon girl.

"Well, Lord of Reincarnation, be careful in everything."

Zuoqiu Yun's face was quite solemn, and he knew that Ye Chen was going to Zihuang Immortal Palace, but he didn't discourage anything, he believed in Ye Chen's choice.

Ye Chen bid farewell to Zuo Qiuyun and left the Rune Holy Land, then locked the coordinates of Zihuang Immortal Palace, and directly tore the void away.

Ye Chen stayed in the Rune Holy Land for two days. Thinking of how much the second enchantress had suffered during these two days, he felt sorry for her and just wanted to save her as soon as possible.

Going to Zihuang Immortal Palace this time, Ye Chen was alone, and he didn't summon the strong men from the reincarnation camp.

Because, he was going to save people, not to fight to the death with Zihuang Immortal Palace.

Crash!

The void was shattered, and Ye Chen came to the boundary of Zihuang Immortal Palace.

The boundary of Zihuang Immortal Palace is called Daodetianjie, named after Daodetianzun.

In the Supreme World, there are not many people who dare to use the word "heaven" to name their own land. This is an act of covetousness.

At this time, Ye Chen descended to the border of the moral heaven, and when he looked up, he saw that the entire moral heaven was blocked by a layer of crystal wall system.

The top of the crystal wall system is covered with all kinds of forbidden law runes, obviously to prevent outsiders from breaking in.

"Inch strength, open the sky!"

Without the slightest hesitation, Ye Chen immediately threw out a punch, which was like overwhelming mountains and seas, shattering the sky and earth.

boom!

The violent fist strength, blasting forward, pierced through a hole in the crystal wall system at once.

brush!

With a flash of Ye Chen's body, he flew from this hole into the moral heaven.

Rumble!

As soon as Ye Chen's figure stepped into the moral heaven, the world shook violently, and the golden light of reincarnation exploded everywhere.

Ye Chen's fighting spirit disturbed the universe, causing turmoil in the four fields, the situation turned pale, thousands of beasts ran, and birds sang.

This piece of heaven and earth is surrounded by deserts, and they are all in chaos.

"The Lord of Reincarnation is here!"

The warriors guarding all over the moral heaven saw the golden light of reincarnation and felt Ye Chen's shocking fighting spirit. Everyone was shocked and shouted.

In the center of the moral heaven, the gates of the Zihuang Immortal Palace and the palaces are stretched into stretches. The strong guards guarding the Immortal Palace, when they saw the golden fire of reincarnation floating in the sky, everyone was also in great shock.

"The Lord of Reincarnation dares to break into the territory of my Zihuang Immortal Palace by himself?"

"Does he want to court death?"

"My God, did he really come here alone?"

Countless surprised and shocking voices sounded, no one could believe that Ye Chen dared to come alone.

They set up a net to guard against many strong men from the reincarnation camp, such as Shentu Wan'er, Wu Yao, Xuanhanyu, Yemu Fengyuying, Ye Xieshen and so on.

Everyone was ready for a bloody battle, but they didn't want to fight, Ye Chen didn't bring anyone, he was alone.

Chi Chi Chi!

Rays of divine light rose from the Zihuang Immortal Palace, pierced the sky, and shot towards Ye Chen quickly.

Although it shocked Ye Chen's courage, since Ye Chen came, the many strong men in Zihuang Immortal Palace would naturally not let him go easily.

Ye Chen was suspended in the air, and he saw beams of divine light coming from all directions, all of them were experts from Zihuang Immortal Palace, and they quickly surrounded him.

Among these powerhouses, some even come from the existence of no time and space.

"A person from the ancestral court of the Heavenly Emperor?"

Ye Chen's eyes turned cold, and he immediately caught the secret.

Among the warriors around, more than a dozen are from the ancestral court of the Emperor of Heaven. They wear heavy armored stomachs with many patterns engraved on them, and they have lawless power. Palace disciples, it is obviously different.

The Ancestral Court of the Emperor of Heaven is a force under the command of Patriarch Hongjun.

The former ancestral court of the heavenly emperors was composed of thirty-six heavenly emperors. During the Dharma-ending Era, they suppressed the riots in the ten directions, held the heavens in their hands, repaired the broken avenues, and quelled the disasters of the heavens.

These thirty-six heavenly emperors, after the end of the Dharma-ending Era, seven or eight out of ten fell, with heavy casualties, and the ancestral court of the heavenly emperors was also submerged in the dust of the years.

After Patriarch Hongjun ascended, he washed away the dust and reappeared the glory of the Heavenly Emperor's Ancestral Court. He is now the master of the Heavenly Emperor's Ancestral Court, with countless strong men under his command, and his power is extremely strong.

This time, in order to fight against Ye Chen, Daode Tianzun borrowed the power of the ancestral court of the emperor of heaven, and many celestial soldiers and generals from the ancestral court came to help him.

Ye Chen is powerful, even when faced with the siege of the powerful ancestral court of the Heavenly Emperor, he is not afraid at all. After all, they are all suppressed by the rules of the real world.

Ye Chen glanced around.

All the warriors around, including those from the ancestral court of the Heavenly Emperor, did not dare to look directly into Ye Chen's eyes, and lowered their heads one after another.

Ye Chen said loudly: "Tell Daode Tianzun to come out and see me."

Hearing his words, everyone looked at each other in blank dismay.

"Master Headmaster's face is not something you can see when you say you want to."

At this moment, another divine light flew from a distance, it was a young man in light armor, dressed as a general.

However, this young man looked very weak, his face was sallow, he looked weak, and his eyes were quite cloudy.

Chapter 9258

"who?"

Ye Chen was inexplicably vigilant. This weak-looking young man was also a figure from the ancestral court of the Emperor of Heaven. Even if his strength was suppressed by the rules of the real world, he might not be easy to deal with.

"Heavenly Emperor Ancestral Court One Star General, Huang Binghu, Lord of Reincarnation, meeting for the first time, it's a pleasure to meet you."

The young man coughed twice, as if he was seriously ill, he bowed his hands to Ye Chen.

In the ancestral court of the Heavenly Emperor, there are Heavenly Soldiers, Heavenly Generals, Fenghou, Fengwang, etc., and Heavenly Generals are divided into five stars.

Although this young man named Huang Binghu is only a one-star general, he can be named a general. In the ancestral court of the Heavenly Emperor, his strength and status cannot be underestimated.

Ye Chen's heart trembled, and he caught the secret, knowing that the strong men who came down from the ancestral court of the Heavenly Emperor this time were led by Huang Binghu.

This yellow sick tiger is also the most powerful one.

"General Huang, it's a pleasure to meet you."

Ye Chen clasped his fists in return, with a cold look on his face, without much nonsense, he said:

"You want to use Miss Yaoji as a bait to lure me here. Now that I'm here, do you have the confidence to kill me?"

Huang Binghu took a look at Ye Chen. On the surface, Ye Chen's cultivation was only at the peak of the sixth level of the Profound Sky Realm, but the terrifying martial arts background revealed inside was enough to shock even the emperor.

"Hehe, it can be killed, but those of us who came from the ancestral court of the Heavenly Emperor will probably all die, and Zihuang Immortal Palace will also have to pay a huge price."

Huang Binghu smiled and said.

There is no doubt that Ye Chen is very strong, very powerful.

However, this is the Zihuang Immortal Palace after all, and the earth veins have accumulated hundreds of millions of luck.

Moreover, these fighters from the ancestral court of the Heavenly Emperor, and with the blessing of the ancestor Hongjun, it is not impossible for them to kill Ye Chen.

Ye Chen was alone, after all, it would be difficult for him to fight against the ground veins of Zihuang Immortal Palace, and the power of Patriarch Hongjun.

If there was a real fight, Ye Chen would die 90% of the time.

Of course, with Ye Chen's fighting power, even if he dies, the entire Zihuang Immortal Palace will pay an extremely tragic price!

"If you don't want to burn jade and stone together, you'd better ask Daode Tianzun to come out and talk to me."

Ye Chen said indifferently, knowing that he would die in a decisive battle, he didn't have the slightest fear or shrink back.

Huang Binghu was quite moved, he admired Ye Chen's courage.

He sent out a talisman and reported it to the Daode Tianzun.

It didn't take long, and in the void, there was a celestial light and auspicious clouds floating.

Amidst the auspicious clouds floating, the Daode Tianzun came down with many elder guardians of the Zihuang Immortal Palace and many elite powerhouses.

"Ye Chen, what else do you want to say?"

Daode Tianzun stared at Ye Chen with a voice like a bell. Surrounded by countless strong men, he was very domineering and immortal.

"Heavenly Virtue, you and I fight, but the enchantress is innocent..."

Ye Chen spoke calmly, negotiating with Daode Tianzun.

During the negotiations, no one noticed that a speck of dust had drifted into the Zihuang Immortal Palace without a sound.

That grain of dust, with a hint of indifferent golden Buddha light, was actually transformed by mustard seed Buddhism.

That's Ye Chen's avatar!

When Ye Chen was negotiating with Daode Tianzun, he had already quietly released Qinglian's avatar, and using the cover of Mustard Seed Buddhism, he quietly floated into Zihuang Immortal Palace.

He knew that Daode Tianzun was crazy. In order to occupy the fire, he would sacrifice his daughter at all costs.

If you negotiate with him, there will be no good results.

Therefore, Ye Chen kept a hand.

He had two purposes at once, the main body negotiated with the Daode Tianzun, and his clone sneaked into the Zihuang Immortal Palace.

Ye Chen's avatar sneaked into Zihuang Immortal Palace quietly under the cover of Mustard Seed Buddhism, but was not discovered by anyone.

He had already caught the breath of the second enchantress, so he hurried away.

Along the way, Ye Chen saw that in the Zihuang Immortal Palace, there were strong men patrolling everywhere, and the defense was very strict.

Fortunately, Daode Tianzun was outside and was delayed by his body.

Without a moral god, it would be difficult for ordinary people to find Ye Chen's trace.

Ye Chen was flying all the way, but saw a familiar figure sitting cross-legged in front of a big tripod of sandalwood birds in the central square of Zihuang Immortal Palace, with his eyes closed, as if he was calling for something .

This figure is exactly Qianzhu Tianjun Wishing to Liren.

May Liren be surrounded by various formations, and beside her, there are more than a dozen elders sitting in a circle around her, transmitting the spiritual energy to her.

"Wan Liren, what is she doing? Who does she want to summon?"

When Ye Chen saw this scene, his eyes shrank slightly, he vaguely caught the secret, and saw a name.

Gusu rain!

It is the great disciple of Yuanren, the senior sister of Tiannv!

In an instant, all kinds of Gusu Yu's past, the source of bitterness, leaving the teacher's school, traveling abroad, etc., were reflected in Ye Chen's heart one by one.

"She wants to summon Gusu Yu back?"

Ye Chen's heart beat violently, and he felt an extremely strong sense of crisis in his heart.

This Gusu Yu, the owner of the Kuhai source body, is likely to bring him a huge threat!

Ye Chen subconsciously wanted to make a move, to interrupt Yuan's call.

But the next moment, Ye Chen still held back.

If he made a move now, he would definitely be exposed, and the consequences would be disastrous.

"Gusu Yu, the senior sister of the heavenly girl, does this woman have the source body of the sea of bitterness?"

"The source body of the sea of bitterness is known as the most useless source body, but if it can survive the sea of suffering, this most useless source body can also erupt extremely terrifying power, which should not be underestimated."

Ye Chen was secretly careful that this Gusu Yu might become his rival in the future.

After passing Yuanyuan, Ye Chen continued to float, heading for the place where the second enchantress was.

Chapter 9259

"Um?"

Yuan Liren, who was sitting cross-legged, seemed to have caught something, opened his eyes, scanned his surroundings vigilantly, then shook his head, closed his eyes again, and continued to try to communicate with Gusu Yu.

Ye Chen's Mustard Seed Dharma has a very good concealment effect, even if he is willing to leave people, he can't see through it.

Flying along the way, Ye Chen came to the depths of Zihuang Immortal Palace, penetrated the earth, and came under the ground.

In the ground, a flame was burning fiercely, erupting with an extremely hot temperature, like the scorching sun of magma, making the entire underground world in a terrifyingly high temperature.

That flame is exactly the kindling seed!

Around the fire, there are many powerful warriors guarding them, and their eyes are filled with a trace of unbearable.

Because, inside the kindling seed, there is a woman wrapped in high-temperature flames, burning violently.

That woman is the second enchantress.

It has been two or three days since the second enchantress was burned by the fire. Her facial features were distorted, her delicate body trembled, and she howled and cried from time to time. The tears shed from the pain were instantly evaporated by the flames.

The temperature of the fire seed was extremely terrifying, and with the Dao Heart of the Second Enchantress, it was completely unbearable.

Let alone her, Su Nishang, the god of fire, was the god of fire in his own right, and was tortured to the point of numbness by the high temperature of the fire.

The fire seed originates from the fire and life star, and is part of the blood of reincarnation.

The power of reincarnation, even the emperor and the gods can't stop it, it's extremely terrifying.

The guards around, seeing the pained appearance of the second enchantress, and hearing her cry, couldn't bear it in their hearts.

Seeing how pitiful the second demon girl was, Ye Chen felt even more pity in his heart, and immediately appeared in shape with a flash.

"who?"

The guards around were shocked when they saw Ye Chen appearing suddenly.

"Heaven and Earth Mother Origin Palm, suppress it for me!"

Before they could see Ye Chen's appearance clearly, Ye Chen slapped out a palm, and the violent palm wind swept the audience.

All the guards let out a muffled grunt, and immediately fell to the ground injured and passed out.

This Heaven and Earth Mother Origin Palm is a magic technique of the Thirty-Three Heavens. When Ye Chen used it before, it was quite restrictive, but when he uses it now, it is handy and does not consume a lot of spiritual energy. It is easy to hit all the guards. fall.

Ye Chen was merciful, he only knocked them out, and did not kill anyone.

"Ye Chen, it's...it's you..."

The second bewitching girl who was trapped in Tinder couldn't believe her eyes when she saw Ye Chen coming.

She never expected that Ye Chen would really come to rescue her.

"Yaoji, let me rescue you first."

When Ye Chen saw the suffering second enchantress, he couldn't bear it, so he wanted to rescue her.

"No, don't touch me."

"My father has laid down layers of forbidden laws in this kind of fire. Once you touch it, you will touch the forbidden laws and be backlashed by the fire."

The second enchantress said with a miserable expression on her face.

"Yeah?"

Ye Chen took a closer look, and sure enough, he saw that there were various rune restrictions in the flames of the tinder, which were connected to the earth veins.

As soon as outsiders touch the fire, they will suffer backlash.

"Don't panic, this restriction can't stop me."

"Dahuang steals the sky art, steal it for me!"

Ye Chen didn't panic, and with a movement of his palm, the aura of desolation exploded, and he used the technique of stealing the sky from the wilderness to steal the second enchantress from the fire without touching the restriction.

The Great Desolation Stealing Heaven Technique is a very magical technique that can steal everything, even "people".

Ye Chen's current attainments in the art of stealing the sky in the wild are comparable to that of the old man in the wild.

The second enchantress was right in front of him, so if he wanted to "steal" the second enchantress from the fire, it would be easy.

The second enchantress got out of trouble and fell into Ye Chen's arms. She was in a daze and couldn't believe it.

The severe high temperature that had tortured her for several days suddenly disappeared at this time, and the torment was completely relieved. She was held in Ye Chen's arms, and she felt light and light all over her body, as if she was in a cloud, and she was indescribably comfortable. carefree.

"Ye Chen, you..."

The second enchantress looked at Ye Chen with tears in her beautiful eyes.

Ye Chen hugged her soft waist, moved in his heart, and kissed her cherry lips.

But at this moment, the second demon girl trembled all over, suddenly noticed something, pushed Ye Chen away abruptly, and said loudly: "You are not Ye Chen!"

Ye Chen was taken aback for a moment, then laughed dumbly, and said, "This is my Qinglian avatar, which is me."

This Qinglian avatar is exactly the same as Ye Chen in appearance and breath, and even Ren Feifei couldn't tell them apart.

The second enchantress has a close relationship with Ye Chen, and at this time she discovered the clue and noticed something strange.

In fact, this Qinglian avatar has no consciousness, just an empty shell.

Ye Chen projected his own spirit onto this body, only Qinglian's avatar could move.

Therefore, this Qinglian avatar is actually Ye Chen, yes, the soul is the same.

The second demon girl understood, and breathed a sigh of relief, she stepped forward to embrace Ye Chen, and the two kissed fiercely.

After kissing for a while, the second enchantress breathed heavily, her cheeks were flushed, and she said, "Ye Chen, how do we get out?"

She has insight into the secrets of the sky, knows Ye Chen's real body, and is negotiating with the Daode Tianzun.

But even so, there are still blockades everywhere in Zihuang Immortal Palace.

Ye Chen's avatar, if he was alone, would naturally be able to escape without anyone noticing, but it would not be easy if he wanted to leave with her.

"Don't worry, I have a solution."

Ye Chen took his time and returned his attention to the main body.

Chapter 9260

His body is negotiating with Daode Tianzun, surrounded by densely packed strong men, many guardians of the Zihuang Immortal Palace, and many heavenly soldiers from the Ancestral Court of the Heavenly Emperor, all suspended in the surrounding void.

A series of powerful auras rushed straight into the sky, making the sky and the earth sway with light, the mountains and rivers were turbulent, and the weather was very spectacular.

All the strong men had vigilance on their faces, as soon as the negotiation broke down, they would immediately attack and surround and kill Ye Chen.

"The Lord of Reincarnation... Ye Chen, Yao Ji is my daughter, and I don't want to kill her either."

"I know, you already have skin-to-skin relationship with her."

"Forget it, as long as you promise me that you will never get involved in Tinder again, I will entrust the enchantress to you."

Daode Tianzun made a condition, as long as Ye Chen would not get involved in the fire seed in the future, he was willing to release the second enchantress, and entrusted it to Ye Chen.

"What do you mean? The fire itself is part of my bloodline of reincarnation. Only by returning to my bloodline of reincarnation can the fire be kept alive!"

"The Enchantress is my woman, I want her."

"The tinder is mine too, I want it all!"

Ye Chen clenched his fists, his joints creaked, and he didn't flinch in the slightest.

He wants both the second enchantress and the fire seed!

The fire must not be extinguished. Once the fire is extinguished, the real world will be destroyed, and the consequences will be disastrous.

Only when Ye Chen is in charge of the fire, and let the fire return to his reincarnation blood, can it burn forever and protect the peace of the real world.

Hearing Ye Chen's words, Daode Tianzun's face suddenly turned pale, he never expected Ye Chen to be so domineering.

Huang Binghu and many other powerful people around were also shocked.

Surrounded by so many strong men on the territory of Zihuang Immortal Palace, Ye Chen dared to be so wild and arrogant, so domineering, it was beyond their expectations.

"Okay, very good, Ye Chen, you are the first person who dares to talk to me like that!"

"Huang Binghu, take him down for me!"

Daode Tianzun was furious and immediately waved his hands to order.

"Yes, Master Headmaster!"

Huang Binghu got the order and immediately pulled out the long sword around his waist. All the warriors from the Zihuang Immortal Palace and the powerful people from the Heavenly Emperor's Ancestral Court all moved out at the same time, and rushed towards Ye Chen like a tsunami.

When the war broke out, Ye Chen was alone, but he was not afraid at all.

"The mother's nest of rune ghosts, demons are born and descend!"

Ye Chen shouted loudly, waved his big hand, and sacrificed the mother nest of the talisman ghost.

A huge dark lair suddenly appeared in the air, and countless dark and mysterious auras erupted instantly.

woo woo woo...

Between the sky and the earth, the wind howled.

A group of monsters surrounded by dark runes and flowing with foul-smelling corpse water rushed out of the nest of rune ghosts, grinning ferociously, and killed the strong men in the surrounding Zihuang Immortal Palace.

These monsters are exactly the ghosts!

At this moment, Ye Chen used the nest of talisman ghosts to summon thousands of talisman ghosts, the number of which was even larger than the powerhouses in the surrounding Zihuang Immortal Palace!

Countless talisman ghosts, with terrifying dark magic power, fought with the surrounding strongmen of Zihuang Immortal Palace, and the scene fell into chaos.

When Daode Tianzun saw this, his old eyes suddenly shrank violently, and he snorted and said, "The devil is crooked!"

He didn't make a move and watched the battle calmly.

He knew that Ye Chen's supernatural powers were strong, and if he missed a hit, Ye Chen would fight back.

He is waiting for his opportunity.

Ye Chen urged the talisman ghost's mother's nest, and constantly summoned the talisman ghosts to fight, but he didn't use all his strength, restrained his attention, and guarded against the attack and killing of the moral god.

"Sword of Decay, break!"

At this time, a sudden sword light, with a strong aura of decay, tore through the barriers of layers of rune ghosts, swept through the wind and clouds, shattered the void, and stabbed at Ye Chen's heart.

The person who cast the sword is the general of the Heavenly Emperor's ancestral court, Huang Binghu!

His face was still sallow and sickly.

However, his eyes were as sharp as washing water at this moment, and the tip of his sword pointed directly at Ye Chen.

The terrifying, strong, and chilling sword aura almost suffocated Ye Chen.

That sword energy was full of decaying breath, like the autumn wind blowing the fallen leaves, killing one by one.

"The Heavenly Emperor's Five Fading Swords?"

As soon as Ye Chen's face changed, he immediately recognized that the sword technique used by Huang Binghu was actually the sword of decay in the Heavenly Emperor's Five Decay Swords!

The five decline swords of the emperor of heaven have five changes of destruction, decline, decay, destruction, and death, which are called "five declines of the emperor of heaven".

The power of every sword technique is earth-shattering.

If all the five swords are mastered, the power of the Heavenly Emperor's Five Fading Swords will even be comparable to the Tiandou Massacre Sword!

This Heavenly Emperor's Five Decay Sword is also extremely difficult to practice. Huang Binghu's Decay Sword doesn't have much heat, even if it has just touched the threshold, it can't be considered a real practice.

But just touching the threshold, the burst of sword energy and divine power is already earth-shattering, like the autumn wind sweeping the fallen leaves, killing everyone, and the chill is rolling.

Ye Chen also finally understood that Huang Binghu was a strong man without time and space, but he looked sickly, presumably it was the sequelae left by practicing the sword of decay.

This Heavenly Emperor's Five Decay Sword is very difficult to cultivate, so it is not easy to master it.

Seeing Huang Binghu's decaying sword energy sweeping over, the situation in the world turned pale, as if the whole world had suddenly fallen into the late autumn weather, and there were scenes of Xiaosha everywhere.

Above the ground, many forests withered in an instant, the rivers were evaporated, and vitality withered everywhere.

Huang Binghu's sword tip hadn't pierced yet, Ye Chen was intimidated by the sword energy, and already felt that the vitality in his body was about to decline and wither, and he couldn't exert all his strength.

All the talisman ghosts around him were wiped out in an instant, completely unable to stop Huang Sick Tiger's sword energy.

"Good swordsmanship!"

"The koi talisman, break it for me!"

Ye Chen didn't rush, and with a pinch of his fingers, the spiritual energy in his body was poured into the mother's nest of the talisman ghost.

hum!

In the dark and huge lair, a magic talisman rose slowly.

That magical talisman, surrounded by the law of light, the koi carps leaping, exuding a myriad of sacred brilliance, is the koi carp celestial talisman.

As soon as the koi talisman came out, the sacred light immediately penetrated everything.

Under the light of the vast brilliance, Huang Sick Tiger's decaying sword energy was shattered in an instant.

"What!"

Huang Binghu was shocked when he saw the appearance of the koi talisman.

The koi talisman, the light is too dazzling, even more dazzling than the sun, after Huang Binghu glanced at it, his eyes were almost stabbed out, and he hurriedly poured his breath into his eyes to protect his eyes, but he couldn't look directly at it anymore. Can only squint.

The entire boundary of Zihuang Immortal Palace is also completely bathed in a glorious holy light, everything around is completely white, and nothing can be seen clearly.

Many screams came from all directions.

The light of Ye Chen's koi talisman was too dazzling. After seeing the koi talisman, many warriors' eyes were pierced, screamed and wailed, and fell to the ground twitching with their eyes covered.
