

Physician 9311

Chapter 9311

Ling Kong Tianzun said: "Yes, there is still half of it, and I have already given it to a woman named Gusu Yu."

Ye Chen was shocked: "Gusu Yu?"

Ling Kong Tianzun was silent, his eyes were low, as if he had fallen into a long memory. After a long silence, he just said:

"Yes, you must know who Gusu Yu is."

"She has the source body of the sea of bitterness. Hehe, in the real world, there are not many people who have the source body. After all, it is an extraordinary physique that involves the origin of heaven and earth."

"And her source body is so special. If she can't overcome the sea of suffering, it will be a waste body, but if she successfully overcomes the calamity, it will be enough to prove the God of Heaven."

Ye Chen said: "Senior, you gave half of the Nine Gods Record to Gusuyu?"

Ling Kong Tianzun nodded and said: "Yes, ten thousand years ago, this woman came to see me. She said she wanted to overcome the sea of suffering. She knelt down in front of the Rock God Tianzun for thousands of years, but unfortunately she didn't get a response."

"She came to beg me again, hoping that I could give her the Nine Gods Record and help her tide over the sea of suffering."

After a pause, Ling Kong Tianzun let out a long sigh, his eyes full of emotion:

"I saw the shadow of my daughter in her, and she is so stubborn."

"In the end, I couldn't bear it, so I gave up half of the Nine Gods Record to her."

"She wants the complete Nine Gods Record, but this is impossible, because I have already refined the Nine Gods Record with the essence of my life, and this heavenly book is connected with my life. Once I entrust it to others, I will definitely die."

Ye Chen said: "Senior, you gave up half your life to her, that's already a great deal!"

Ye Chen was a little confused. He didn't expect half of the Nine Gods Record to fall into the hands of Gusu Yu ten thousand years ago.

Tianzun Lingkong smiled wryly, then counted with his fingers, and said: "Thousands of years have passed, I don't know if that girl has survived the sea of suffering. Now I calculate the secret and find that she has gone to Zihuang Immortal Palace."

"Hehe, Lord of Reincarnation, maybe in the future, she will meet you in life or death."

Ye Chen said: "Has Gusuyu gone to Zihuang Immortal Palace?"

He suddenly felt a little bad. With the return of Gusu Yu, the strength of Zihuang Immortal Palace would definitely increase dramatically.

If Gusu Yu really relies on the Nine Gods Record to overcome the sea of suffering, then she will be Ye Chen's formidable enemy in the future!

After a pause, Ye Chen asked with some doubts: "Senior, you worked so hard to compete for the Nine Gods Record, didn't you want to resurrect your daughter? Why did you give it up to outsiders?"

Listening to Ye Chen's question, Heavenly Lord Ling Kong smiled wryly again, shook his head, and said, "Under normal circumstances, borrowing the power of Nine Gods Record can indeed bring the dead back to life."

"However, the timeline on my daughter has already been completely wiped out, and it is very difficult to resurrect."

"Moreover, what I didn't expect was that before she died, she actually evolved an ancient meteorite body. This physique is very terrifying, making it a thousand times more difficult for her to resurrect."

"Even if Zhuang Xiaoyao gave me the Nine Gods Record in the end, I can't bring her back to life."

Ye Chen said: "Meteor Sky Ancient Body?"

Lingkong Tianzun said: "Yes, the Wuque source body of our Wuque family is quite special among many extraordinary source bodies, and has the possibility of evolution."

"Once the Wuque source body evolves, it will be the legendary meteorite ancient body, which is a very ancient and powerful physique."

"During the billions of generations of my Wuque family, there are very few people who can evolve the Meteorite Ancient Body."

"Generally speaking, the Absolute Source Body absorbs the aura of heaven and earth. Although it is flawless, it has a limit after all. It's like eating alone, no matter how strong your digestion ability is, you can only eat one bowl, not ten bowls."

"However, the meteorite ancient body does not have this restriction, no matter how much heaven and earth spiritual energy it is, it can absorb all of it."

"A person who possesses the Meteorite Ancient Body has a huge space with no boundaries in his body. In theory, it can swallow up the entire Wuwu time and space. This is the horror of the Meteorite Ancient Body."

Ye Chen's heart was shocked, and he said: "If this is the case, this ancient meteorite body is indeed extremely terrifying."

The physique that can swallow the entire time and space, although it is only theoretical, is actually very terrifying.

Ling Kong Tianzun looked bitter, and said: "However, this physique was awakened by my daughter before she died, and this has become her burden, making it a thousand times more difficult for her to resurrect than ordinary people."

The stronger the person, the more difficult it is to resurrect.

Zhuang Xiaoyan, the daughter of Lingkong Tianzun, evolved the Meteorite Ancient Body before she died. Naturally, it is much more difficult for her to resurrect than ordinary people.

Ye Chen said: "So, even if you get the Nine Gods Record, you still can't bring Miss Zhuang Xiaoyan back to life?"

Ling Kong Tianzun said: "Yes, Lord of Reincarnation, I heard that your reincarnation blood has the effect of reversing life and death. Now I have to ask you to try it. If you can resurrect my daughter, I can give the remaining half of the Nine Gods to you." record, delivered to you."

Ye Chen moved slightly in his heart, and said: "Senior, you said that the Nine Gods Record, you have tempered it with the essence of your life, and it is connected with your life. If you give it to me, don't you want to..."

There is only half of the Nine Gods Record left. If Ye Chen takes it, the Lingkong Tianzun will lose this talisman and may die at any time.

Ling Kong Tianzun smiled freely and said: "It's okay, as long as I can save my daughter, I don't care if I live or die."

Ye Chen pondered for a while, and said: "Senior, don't worry, I won't let you die. After I get the Nine Gods Record, I won't swallow it for myself, but just borrow it."

Chapter 9312

Lingkong Tianzun shook his head and said: "I said, I don't care if I live or die, as long as you can resurrect my daughter."

After all, his eyes looked at the ice coffin under the waterfall, with infinite love in his eyes, which was the love of a father for a daughter.

Ye Chen nodded, and looked at the ice coffin, and saw a beautiful woman lying in the ice coffin, her face was extremely beautiful, even though the years had passed, she had not worn the slightest bit, as if she was just asleep, Not dying.

It seems that Ling Kong Tianzun also spent a lot of effort in order to preserve his daughter's body, and the price was huge.

Otherwise, he wouldn't be so worn out and old.

However, when Ye Chen looked at the woman in the ice coffin, his heart was shaken violently, and he felt that the woman's appearance was actually somewhat familiar.

This woman, Zhuang Xiaoyan, the daughter of Ling Kong Tianzun, has a similar appearance to the hourglass girl of the Death Sect.

"Senior, your daughter..."

Ye Chen was stunned, and looked back at Tianzun Lingkong.

"It's similar to the hourglass of the Reaper Order, isn't it?"

Ling Kong Tianzun smiled wryly.

Ye Chen said: "Exactly, I heard that you have two daughters..."

Ling Kong Tianzun said: "Yes, the hourglass is my youngest daughter, Zhuang Xiaoyue. She didn't die in the battle, but fell into the darkness and disappeared. I spent a lot of effort and calculated that she has entered the Death Sect. ."

"However, I have to take care of my eldest daughter all these years, and I can't leave even a single step, otherwise the ice coffin will lose its spiritual energy and will melt immediately."

"My little daughter, her memory has been worn out, so she probably doesn't remember me."

"Hehe, but, she still remembers her sister's life and death. She imagined a bloodline of Zhou Guang, hoping that she could have the power to reverse time and bring her sister back to life."

"You should have fought her before?"

Ye Chen's heart was shocked, and he said, "Yes."

He never expected that the hourglass girl of the Death God Cult was Zhuang Xiaoyue, the youngest daughter of the Ling Kong Tianzun, and Zhuang Xiaoyan's sister.

Hourglass has a bloodline of Zhou Guang in fantasy. Her first fantasy was to turn back time and resurrect her sister!

Ling Kong Tianzun waved his hand and sighed: "Oh, my little daughter has fallen into darkness, and I don't know if she will wake up. I am old and I can't handle many things. Now I just want to resurrect Xiaoyan first. Lord, please."

Ye Chen looked at Zhuang Xiaoyan who looked like a sleeping beauty in the ice coffin, nodded and said: "Senior, please rest assured, I will definitely do my best."

Zhuang Xiaoyan has already evolved the Meteorite Ancient Physique, and because her physique is too strong, it will not be easy to revive her.

Ye Chen didn't dare to be careless, and immediately, together with Lingkong Tianzun, arranged a formation on the top of Piaomiao Peak. Many laws of time, laws of reincarnation and so on were laid out in the formation.

In Piaomiao Peak, besides the Heavenly Lord Lingkong, there are many believers who are followers of the Heavenly Lord Lingkong.

Ye Chen wanted to use the power of reincarnation blood to revive Zhuang Xiaoyan, and many believers also came to protect her.

"Senior Lingkong Tianzun, when I revive your daughter, there will be a shocking reincarnation phenomenon, and when the time comes, my blood will be consumed violently, and I will become weak, which will definitely attract the attention of my enemies."

"Please also protect the law for me. If my enemies come to attack, they must be repelled."

Ye Chen stood in the center of the formation, and the ice coffin was placed beside him. He turned his head and asked the Heavenly Lord of the Sky.

He knew that if he wanted to revive Zhuang Xiaoyan, he would have to consume a lot of money, and the atmosphere of reincarnation might also attract enemies to kill him.

He needs the help of Lingkong Tianzun to ensure that he will not be disturbed.

Lingkong Tianzun nodded and said: "Lord of reincarnation, don't worry, with this old man here, no one can harm you."

Ye Chen calmed down and looked at the ice coffin. Zhuang Xiaoyan in the ice coffin was sleeping peacefully. The sunlight shone through the ice coffin and shone on her cheeks, showing a beautiful paleness.

"In my name, the law of reincarnation, reverse life and death!"

Ye Chen's eyes were sharp, he bit his fingertips, and the aura in his dantian circulated, forcing out his own essence and blood, which dripped on the ice coffin.

Drops of blood flowed out from Ye Chen's fingertips.

These blood essences showed a touch of golden color, showing incomparably majestic aura fluctuations, which contained various mysterious laws, which were shocking.

The weight of these essence and blood is also very heavy, heavier than the stars in the sky. It contains part of Ye Chen's life essence. He knows the difficulty of resurrecting Zhuang Xiaoyan, so he wastes his life essence at any cost.

Drops of samsara blood, with a golden luster, first dripped from Ye Chen's fingertips, landed on the ice coffin, then slid down from the ice coffin, flowed into the formation, and penetrated into a stripe of formation.

hum!

There was a buzzing sound from the entire formation, strips of golden light bloomed, surrounded by dragon aura, presenting the appearance of a dragon's life star, and many phantoms of dragons emerged.

Every dragon, the dragon scales on its body, showed the brilliance of the scorching sun again.

At this moment, the samsara blood essence dripped by Ye Chen was far more energetic than before, and even contained the power of Longteng Fate Star and Lie Sun Fate Star.

With the blessing of the formation, the energy of his samsara blood was greatly enhanced, and finally turned into strands of golden aura, wrapped around the ice coffin like dragon soaring, and all the samsara blood energy directly penetrated into it, nourishing the ice coffin. Zhuang Xiaoyan.

Rumble!

The sky and the earth vibrated, and the golden light reincarnated, with Ye Chen as the center, soaring into the sky, turning into thousands of dragons, roaring and roaring, the scene was very spectacular.

Chapter 9313

Many believers in Lingkong Tianzun and Piaomiao Peak were shocked when they saw this.

"The Lord of Reincarnation is indeed invincible, a drop of blood is enough to cover the starry sky, my daughter is saved!"

Ling Kong Tianzun was shocked, but also overjoyed. He only felt that Zhuang Xiaoyan was saved.

In the golden light of reincarnation soaring to the sky, there are also illusions such as sun rising and moon sinking, stars rising and setting, hourglass sundial, etc., which are the weather of Zhou Guang's blood.

Ye Chen has integrated the power of Zhouguang's blood into the blood of reincarnation, and the law of time flows, which can further increase the success rate of resurrection.

Time is reversing, life and death are reversing.

Inside the ice coffin, Zhuang Xiaoyan's face was originally pale, but now her face gradually returned to rosy.

Click!

The ice coffin also had cracks in the ice, as if it couldn't bear Ye Chen's strength.

boom!

In the end, the ice coffin shattered, and countless ice fragments flew around.

Zhuang Xiaoyan in the ice coffin was revealed, suspended in mid-air, her face was already rosy and shiny, her chest rose and fell slightly, and she even recovered her breathing.

"My daughter is alive?"

Ling Kong Tianzun was overjoyed when he saw his daughter recovering her breathing.

The warriors of the surrounding Piaomiao Peak also exclaimed with joy, unable to believe their eyes.

They didn't expect that Ye Chen would bring Zhuang Xiaoyan back to life so smoothly and so quickly.

But at this moment, Ye Chen's face was pale. In order to revive Zhuang Xiaoyan, his energy and blood wasted so badly that his whole body had fallen into weakness.

Moreover, Ye Chen felt that although Zhuang Xiaoyan had been resurrected, she couldn't wake up due to the restriction of the meteorite ancient body.

The meteoric ancient body is a rare physique in the ages, and must be evolved from the Wuque source body. In the Wuque family, people who can evolve have been rare since ancient times.

Even the Celestial Lord of the Lingkong and the Heavenly God of Fengshen failed to evolve the ancient meteorite body, which shows how precious the ancient meteorite body is.

People who have evolved the ancient body of Meteor Space have a boundless, vast and boundless space in their bodies, which can swallow and absorb everything.

Ye Chen clearly felt that after Zhuang Xiaoyan's resurrection, her soul was revived, but she was trapped in a vast space.

That is the space that comes with the meteorite ancient body, in the dantian.

After Zhuang Xiaoyan was resurrected, her soul was trapped in the dantian space, unable to return to her brain. Although the person was resurrected, she was still in a deep sleep and could not wake up.

This scene surprised Ye Chen, he had never encountered such a situation before, it was really too bizarre.

"Lord of Reincarnation, how is it?"

Seeing Ye Chen's expression was different, Tianzun Lingkong immediately sensed that something was wrong.

On the surface, Zhuang Xiaoyan was indeed resurrected, even her breathing recovered.

However, under the careful capture of Ling Kong Tianzun, he couldn't capture the breath of her soul.

Her soul doesn't seem to exist.

To be precise, it was trapped in the vast space of the meteorite ancient body.

After Zhuang Xiaoyan's resurrection, this meteoric ancient body became her prison!

"Senior, the situation is not very good. Although Miss Zhuang has been resurrected, she is still sleeping."

"You'd better give me the Nine Gods Record first, and I may be able to wake her up by borrowing the power of the Nine Gods Record."

Ye Chen's eyes were fixed, and in the dark, he glimpsed the way to break the situation, which is to borrow the power of Jiushenlu.

The Record of the Nine Gods was created by the heaven and the earth. It predicted the birth of the Nine Gods. It has the power of the heavens and the earth. It is not difficult to wake up Zhuang Xiaoyan.

"Okay, you take it!"

Ling Kong Tianzun didn't dare to neglect, hurriedly sacrificed the Nine Gods Record and handed it to Ye Chen.

This Nine Gods Record is a volume of heavenly scriptures, with runes intertwined on it, various totems floating, divine lights flickering, rosy clouds, and majestic atmosphere.

Ye Chen caught the Jiushenlu, on the surface, he couldn't see the traces of the Jiushenlu being divided.

But Lingkong Tianzun said that he had already given half of the Nine Gods Record to Gusuyu, so naturally there would be no fakes.

Ye Chen took a closer look and knew why.

It turns out that although the Nine Gods Record is a magic weapon of heavenly scriptures, it is essentially a group of energy bodies, created by the creation of heaven and earth, and can be divided like ten tails.

Lingkong Tianzun split half of the energy of Jiushenlu to Gusuyu.

What Ye Chen got now was the other half.

The two halves of the Nine Gods Recorded Heavenly Book have exactly the same content rules, and there are mysteries of the Nine Gods on them.

The energy of the Nine Gods is so majestic. After Ye Chen took over the Book of the Nine Gods, he felt that there were nine totems, nine auras of different attributes, and they came to his heart.

Ye Chen took a deep breath, circulated the blood of reincarnation, and withstood the energy impact of Jiushenlu. He looked at the many complicated and mysterious runes on the Nine Gods Record, and thought: "This Nine Gods Record is really broad and profound. I don't know how many powerful magical powers and spells are contained in it. Many changes in the Nine Gods Dao method are passed down from it.

out. "

"Senior, I will use the power of the Nine Gods Record to wake up Miss Zhuang. It will take about an hour. You must not let outsiders disturb me."

With a solemn face, Ye Chen said to the Lingkong Tianzun.

Lingkong Tianzun also knew that the matter had reached the most critical time, and said: "Lord of reincarnation, don't worry, this old man will protect you and my daughter even if I risk my life!"

Ye Chen nodded, and immediately sat cross-legged, silently comprehending the flow of energy in Jiushenlu, and wanted to borrow its power.

hum! Under Ye Chen's perception, the aura of Nine Gods Record also gathered on him, showing wind, fire, thunder, water, rock and other strange phenomena.

Chapter 9314

The golden light of reincarnation in the sky is even more vast and brilliant, spectacular and blazing.

This golden light of reincarnation breaks through the sky and runs through the starry sky. The weather is so fierce that if it wants to reflect the heavens, all warriors in the outer sky can clearly see it.

Even, this glorious reincarnation scene can be seen everywhere in the Supreme World.

Many martial artists in the Taishang World have experienced the blazing samsara weather, but today's reincarnation weather is much more magnificent than ever before.

In the golden light of reincarnation, there is the coercion of the true god, the wind, thunder, water and fire, the wings of freedom, the spear of the dragon fight, the sacred book and other great nine gods, which are dazzling.

Witnessing these phenomena, many warriors even realized something, and their cultivation was improving steadily. There were green lotuses of reincarnation blooming everywhere in the Supreme World.

Ye Chen revived Zhuang Xiaoyan, and the leaked aura could benefit the entire Supreme World, which shows the strength and vigor of his reincarnation blood.

...

The moral heaven, in the Zihuang Immortal Palace.

Many warriors witnessed this scene, and everyone was shocked.

Daode Tianzun, Yuan Liren, and several high-level elders are in the depths of Zihuang Immortal Palace, in a forbidden place.

Seeing this reincarnation scene, they were naturally astonished.

However, with sharp eyes, they saw Ye Chen's weakness from this samsara atmosphere.

"Lingkong Tianzun, Nine Gods Record, Zhuang Xiaoyan?"

"Ling Kong Tianzun, who claimed to be the existence of the tenth god back then, so he is not dead yet?"

"His daughter is dead, and he wants to ask the Lord of Reincarnation to take action and bring her back to life?"

"Ah, has the legendary Nine Gods Record also fallen into the hands of the Lord of Reincarnation?"

Those high-level elders calculated with their fingers, shocked again and again, their voices were filled with fear.

Originally, the causal past of Lingkong Tianzun, Jiushenlu, Zhuang Xiaoyan, etc. was very secretive, and looking at the entire real world, not many people knew about it.

However, at this moment, Ye Chen's reincarnation skyrocketed, and all the related causes and effects were also exposed. The secret leaked out, and many warriors could deduce it.

May Liren be terrified, his eyes are ready to move again, and he said to Daode Tianzun: "My lord, that kid Ye Chen seems to be weak now, why don't we send someone to kill him, maybe we can really bury the reincarnation!"

Daode Tianzun's face was calm, but he was unmoved, and said: "It's not that easy, let's wait until that kid has a decisive battle with the goddess."

"The most important thing now is to help Gusu Yu to tide over the sea of suffering."

In the very center of the forbidden area, surrounded by Daode Tianzun, Yuan Yuan, and many high-level elders, sat a woman cross-legged.

This woman was wearing a light white gauze dress, her face was shatterable, and her skin was very tender. She was closing her eyes and breathing continuously. Her appearance is so beautiful, but a pair of curved eyebrows are slightly furrowed. The slight frown of eyebrows is not caused by emotions, but as if she has experienced too much pain and pain, so she always frowns. show, won't

There is the slightest gesture of joy.

She is the big apprentice of Yuan Ren, the big sister of the goddess, the awakener of the source body of the sea of bitterness, Gusu Yu.

At this time, Gusu Yu had already come to Zihuang Immortal Palace under the inspiration of Yuan Liren.

Daode Tianzun, Yuan Liren, and many elders are forming a circle to help Gusu Yu through the sea of suffering.

However, the golden light of reincarnation in the sky reveals countless secrets behind it, including the Nine Gods Record.

Daode Tianzun shuddered, smiled sullenly, and said, "It turns out that Gusuyu holds half of the Jiushenlu in her hands. Why doesn't she say it? Is she afraid that I, the head of the sect, will rob her of her treasure?"

Yuan Yuan hurriedly said: "Yu'er has just returned, maybe I haven't had time to report it yet, please forgive me, Lord Headmaster."

Daode Tianzun said: "The power of the Nine Gods Record is extremely vast. If she could really control it, she would have overcome the sea of suffering, but she can't do it now. She is not qualified to control the Nine Gods Record, so she might as well dedicate it to me." ."

Gusu Yu, who was sitting cross-legged with her eyes closed, seemed to have heard the words of the Daode Tianzun, and her body trembled slightly.

Wish Liren was silent, she knew very well the truth that everyone is innocent, but she is guilty of a crime.

She never expected that such a precious treasure as Jiushenlu would be in Gusuyu's hands.

It is indeed inappropriate to leave it to Gusu Yu for safekeeping. Perhaps it is safe to leave it under the control of Daode Tianzun.

...

At the same time, the golden light of reincarnation also spread to Yuhuang's heaven.

In the depths of the Temple of Wanxu, Emperor Yuhuang saw the weather in the sky, had insight into the secrets of heaven, and naturally knew everything.

"The Record of the Nine Gods, the Heavenly Lord of the Spiritual Sky... unexpectedly has such a secret past."

"It really made this kid get the Nine Gods Record, so it's still worth it?"

Ancient Emperor Yuhuang was terrified and deeply worried.

Ye Chen's strength is extremely terrifying and powerful. Although he is only at the sixth level of the Profound Sky Realm, he already has the qualifications to rebel against the Immortal Emperor, and even he dare not underestimate it.

The last time the ancient god Tuodi made a move, even sent Erwei, but they couldn't hurt Ye Chen. It can be seen that Ye Chen's majestic luck is indeed astonishing from the past to the present.

Even the Ancient Emperor Yuhuang didn't dare to take action easily now, and has been retreating in Wanxu, waiting for an opportunity.

The upcoming decisive battle between Tiannv and Ye Chen is a huge opportunity.

Before this decisive battle started, he didn't dare to act rashly.

But now, Emperor Yuhuang clearly felt that Ye Chen was falling into weakness.

In order to revive Zhuang Xiaoyan, Ye Chen expended a lot.

Under his weakness, even an ordinary martial artist in the limitless realm could kill Ye Chen.

Although Emperor Yuhuang didn't want to take any risks, he had no choice but to be moved by the huge opportunity in front of him.

"Jiang Xiaoyun, Futuxuan, come here."

After pondering for a moment, Ancient Emperor Yuhuang summoned to the void.

Crash, clatter!

In a short while, two rays of divine light fell in front of the ancient Emperor Yuhuang, who were Yasha, Jiang Xiaoyun and Futuxuan, the protectors of Emperor Tuo Tianzong.

Jiang Xiaoyun is proficient in the art of bow and arrow, and Yi Luo Tian Archery is one of the thirty-three magic arts.

And Futuxuan was the master of the Wuji Daoshu in the past, and now his Wuji Daoshu has been snatched away by Ye Chen, and he hates it very much.

When the two of them heard the ancient emperor Yuhuang's call, they came down, feeling anxious in their hearts.

Because, they already had a premonition that Emperor Yuhuang had an important task to order.

"Have you seen the reincarnation weather in the sky?"

"That kid Ye Chen is very weak now, you go to Tianwaitian to see if there is a chance to kill him."

Emperor Yuhuang pointed to the sky outside, and the golden light of reincarnation reflected the entire Yuhuang Heaven Realm. People who didn't know thought Ye Chen was the ruler of Yuhuang Heaven Realm. All over the Yuhuang Heaven Realm, people were panic-stricken, and many people who believed in Wanxu felt shaken after witnessing Ye Chen's majestic appearance.

Chapter 9315

Futuxuan and Jiang Xiaoyun couldn't help being horrified when they heard that Ancient Emperor Yuhuang was really going to send them out to assassinate Ye Chen.

Futu Xuandao: "Your Majesty, Ye Chen is not easy to kill!"

Jiang Xiaoyun was also deeply aware of the danger of the situation, and said in a deep voice: "The Lord of Reincarnation is a man of great luck, even if he falls into weakness, I'm afraid we can't kill him."

If it was in the past, Futuxuan and Jiang Xiaoyun were not afraid of Ye Chen.

But during this time, Ye Chen made progress too fast and had too many opportunities.

Even Erwei can't kill Ye Chen, they dare not say that they can compare with Erwei.

After all, this is the real world, and the rules are extremely restrictive. They have many means, but they can't use them. They are not Ye Chen's opponents at all.

Emperor Yuhuang's eyes flashed brightly, and he kept calculating the good and bad luck in the future with his fingers, he smiled and said: "It's okay, you go for a walk, if you meet that kid Ye Chen, you can kill him if you can, but you can't kill him Just come back."

Futuxuan and Jiang Xiaoyun looked at each other with wry smiles.

Ye Chen is such a character, they kill and leave as they say, once they get into the quagmire of fighting, it's not their turn to decide.

Although they are strong people born without time and space, theoretically speaking, they have infinite timelines and infinite possibilities of resurrection.

But in fact, this is the real world after all, once something goes wrong, they can't be revived, and even if they can be revived, the shadow of death will always cover Dao Xin, and the price will be very high.

Jiang Xiaoyun said: "Your Majesty, the Lord of Reincarnation has great luck, it is impossible to kill him now, please take back your life." Futuxuan also said: "Yes, Your Majesty, don't be impatient about this matter. There is no time, space and reality recently. The rules and restrictions of the world are getting weaker and weaker. You may break through the immortal emperor and become a true god. It is better to wait for you to prove the true god before

It's not too late to kill reincarnation with your own hands. "

To prove the true God, that is to step into the realm of the divine way.

The Divine Dao Realm is a cultivation realm without time and space, far stronger than the Immortal Emperor.

In the real world, there are many strong people who are called god kings, god emperors, gods, and even in the real cultivation system, there is also a god realm.

But in fact, these are not true gods, because they have not mastered the law of omnipotence.

Only the strong who have stepped into the realm of the divine way in the infinite time and space are considered true gods.

The power of the true god can turn fantasies into reality, slaughter countless timelines, and create things out of thin air. The powerful and mysterious laws of supernatural powers are hard to describe in words.

If in the real world, a true God of the Divine Dao Realm really appeared and was not restricted by any rules, then Ye Chen would definitely not be able to deal with it.

The power of the Divine Dao Realm has surpassed reality.

Looking at the entire real world now, there is no one who is qualified to prove the true God.

Whoever can step into the Divine Dao Realm first can dominate the whole world!

"Hehe, how can it be so easy to prove the true God? In short, if you are really loyal to me, go to that place for me and try to kill that kid Ye Chen."

Emperor Yuhuang waved his hand, and in a short period of time, he was not interested in attacking the Divine Dao Realm.

Because the more he practiced, the more difficult he found it to be.

No matter what natural treasures he took and how many resources he spent, there was no sign of breaking through or loosening his realm. Perhaps with the weakening of the rules and restrictions now, he has the hope of stepping into the realm of the divine way, but it will take a very long, very long time, and it may have to wait until the stars in the sky are extinguished and the aura of the universe is exhausted.

It is only possible when the era comes to an end and a new cosmic era begins.

He couldn't wait for such a long time, he just wanted to see Ye Chen die.

As long as Ye Chen dies, even if he doesn't swallow the luck of reincarnation, the shadow covering his heart can be dissipated in an instant. With his Taoist mind clear, there is great hope for daytime ascension.

Futuxuan and Jiang Xiaoyun, listening to the words of the ancient Emperor Yuhuang, were silent.

Then, the two bowed to accept the order, and said: "Yes, I will follow His Majesty's order!"

They are Dharma Protector Yakshas, who were taken in by the ancient God Tuodi himself, raised and raised from childhood, loyal to the ancient God Tuodi, and have already decided to repay him with death.

Ancient Emperor Yuhuang is the future Ancient God Tuodi. In their eyes, these two people are the same person, and they are naturally loyal to Ancient Emperor Yuhuang.

At this time, Emperor Yuhuang issued an order, and they saw that the persuasion was fruitless, so they had no choice but to take the order and set off to Piaomiao Peak in Tianwaitian.

"Brother Jiang, going to kill reincarnation today, I'm afraid there will be more bad luck than good luck. I'm afraid you and I will have to confess."

Futu Xuan said.

"It doesn't matter, Your Majesty has treated us with such kindness as a mountain. Even if we die together today, we can't make the Lord of Reincarnation feel better!"

Jiang Xiaoyun took off the huge bow around his waist and said with sharp eyes.

"That's right!"

Futuxuan nodded, and together with Jiang Xiaoyun, they tore through the void and rushed towards the Piaomiao Peak of Tianwaitian.

...

At this time, Tianwaitian, the top of Piaomiao Peak. Ye Chen is already familiar with the aura of Jiushenlu, and he is gathering the aura of Jiushenlu in his palm, and then massages Zhuang Xiaoyan's body for a while, moving the palace through the blood, and guiding the aura of Jiushenlu into her in the body

.

The aura of Jiushenlu was like a lead wire, connecting Ye Chen's mind with Zhuang Xiaoyan's spirit.

Crash! Ye Chen felt his spirit go deep into Zhuang Xiaoyan's body, and then found a huge and boundless space in her body, which was the space created by the ancient meteorite body.

Chapter 9316

In this space, there is a lonely woman, lost in spirit, with a confused face, stumbling around.

But no matter how she walked, she still couldn't get out of this space.

Because this space is infinite, it cannot be described by common sense in reality, and it will never come to an end.

This lonely woman is Zhuang Xiaoyan's soul!

Her soul was covered in blood, as if she had just experienced a great battle.

Ye Chen's spirit descended into this space and appeared beside Zhuang Xiaoyan.

Zhuang Xiaoyan was walking forward alone, she didn't know where this place was, and she didn't know why she appeared here.

Ye Chen came to her side suddenly, but it made her extremely vigilant.

"Who?" Zhuang Xiaoyan's bewildered eyes became sharp and sharp in an instant, like a frightened female leopard, jumping away quickly, and then clenched her palms, each piece with lawless runes, condensed into one Rune sword, assassinate

Heart to Ye Chen.

Her attack was so vicious that she looked like a battle-tested killing god. Her two curved eyebrows were furrowed like sword eyebrows at this moment, without the slightest weakness of a woman. Her posture was heroic and her movements were crisp and neat.

The speed of this sword was also extremely fast, almost stabbing Ye Chen.

If Ye Chen was stabbed, his soul would definitely suffer severe injuries.

"Don't worry, I saved you."

Fortunately, Ye Chen reacted quickly, Lingfeng's divine veins turned, and the wind surrounded him, avoiding Zhuang Xiaoyan's sword assassination sideways.

Seeing Ye Chen's agility, Zhuang Xiaoyan's heart trembled, and she thought: "Who is this person, and why have I never seen him on the battlefield?"

She looked alert, took a few steps back, and said, "Who the hell are you, and what is this place?"

"Where's my father? And my uncle Xiaoyao?"

Ye Chen said: "Do you still remember who you are? Is your memory worn out?" Zhuang Xiaoyan said: "What wear and tear, I am Zhuang Xiaoyan, a true disciple of the Wuque family. Tianji, knowing everything immediately, was stunned.

"I... I'm already dead?"

"My father and Uncle Xiaoyao were still killing each other back then, are they all old now?"

"Have hundreds of millions of century yuan passed? The fate of the Nine Gods has been terminated? My sister also fell into darkness and became the guardian of the Death God Order?"

"You...you are the Lord of Reincarnation, you resurrected me?"

Zhuang Xiaoyan clutched her head, feeling very painful, her facial features were distorted.

This scene was so shocking that she couldn't accept it, let alone believe it.

Ye Chen was speechless and stood there silently.

Zhuang Xiaoyan suddenly began to cry again. Just now, she still had a fierce and fierce appearance, like a battlefield goddess, but now, with the passage of time and the shock of sudden changes in personnel, her heart was in turmoil, and she cried like a little girl.

Ye Chen was still speechless, silently accompanying her.

After half an hour, Zhuang Xiaoyan's mood stabilized slightly, and the tears evaporated from her cheeks.

"Thank you, Lord of Reincarnation."

Zhuang Xiaoyan's voice was still choked with sobs, she raised her head to stare at Ye Chen, her clear eyes turned red, and said:

"Don't kill my sister in the future, okay?"

She knew that her younger sister, Zhuang Xiaoyue, had fallen into darkness and became the protector of the Death Cult. She was Ye Chen's enemy, and the two of them would have a killing conflict at any time in the future.

Ye Chen's reincarnation bloodline is so powerful, she was afraid that her sister would die in his hands.

"Let's talk about it later, I'll take you out of this space first, and let your soul return to its place. @重量\书阁*First update~~"

Ye Chen shook his head, but did not give a definite answer. He silently sacrificed the power of the Nine Gods Record, and a nine-color rainbow light bloomed in his hand.

These nine colors of rainbow lights represent the totem colors of the Nine Gods, blue wind, purple thunder, blue water, red fire, golden rock and soil, green vegetation, pure white ice, dazzling light, Rich darkness.

Then, the nine-color rainbow light formed a nine-color rainbow bridge in this boundless space, leading directly to the Baihui acupoint on Zhuang Xiaoyan's head.

That is where her soul should be, where the "heaven" of the human body is located.

Where the dantian is located is where the "earth" of the human body is located.

Ye Chen borrowed the power of the Nine Gods Record to open up the world and build the Nine Colors Rainbow Bridge. If it is a bridge of heaven and earth, as long as you walk to the end of this bridge, Zhuang Xiaoyao's soul can be returned, and people can wake up.

Although the space where the two of them are, the vastness has no boundaries, it is an infinite existence.

But the aura of Jiushenlu is very abundant, and it contains the mystery of Jiushen Tianzhao, which fluctuates with the law of cause and effect.

Ye Chen defined a cause and effect in his heart, that is, walking down this bridge will lead to the end, from "earth" to "sky".

Zhuang Xiaoyan looked at the nine-color rainbow bridge, which was connected to the vast and endless void, and she couldn't see where it was going. She panicked inexplicably, and said:

"Will I die?"

Ye Chen laughed dumbly, and said: "You have been resurrected, and it took a lot of effort for me."

Zhuang Xiaoyan said: "Then will I fall asleep again?"

Ye Chen shook his head and said, "No, you should go home, your father is waiting for you."

Zhuang Xiaoyan said, "Do I still have a home?"

Ye Chen remained silent, and walked up the Nine Colors Hong Bridge silently by himself.

After a moment of silence, Zhuang Xiaoyan followed silently.

She walked slowly at first, but then she walked faster and faster, and soon caught up with Ye Chen.

After catching up with Ye Chen, she still followed silently. The two walked forward silently, all the way to the end of the Nine Colors Hongqiao. .

Chapter 9317

But at this moment, in the outside world, within the Piaomiao Peak formation, the physical bodies of Ye Chen and Zhuang Xiaoyan were as still as sculptures.

However, on Zhuang Xiaoyan's body, there was a nine-colored rainbow light shining, which was the light of the Nine Gods Record.

Tianzun Lingkong and many believers, seeing this scene and feeling the fiery soul fluctuations in Zhuang Xiaoyan's body, knew that Ye Chen was working hard to guide Zhuang Xiaoyan's soul back to its place.

This is the most critical step.

If the guidance fails, Zhuang Xiaoyan's soul will not be able to return to its place, and people will not be able to wake up. The soul will exhaust its spiritual energy in the boundless space and eventually perish.

Even Ye Chen may be implicated, and his soul will be wiped out!

"Protect the Lord of Reincarnation."

Ling Kong Tianzun sniffed his nose, inexplicably smelled a dangerous breath, and immediately waved his hand and ordered.

"Yes, Lord Tianzun!"

Many believers and warriors under his command also became nervous, and opened up the protective formations of Piaomiao Peak, and everyone was on guard.

Ling Kong Tianzun chanted in a low voice, releasing the laws of space one by one, and then suddenly expanded, turning into layers of space covers, covering the entire Piaomiao Peak.

Numerous layers of space cover intertwine to form a fog, and a large area of space fog emerges from the outside world, isolating the secrets of the sky and blocking the visitation of outsiders.

After all this was done, the eyes of the Celestial Lord Lingkong focused on Zhuang Xiaoyan nervously, fearing that something unexpected would happen.

Ye Chen's spirit is leading Zhuang Xiaoyan's soul to the "heaven".

The tense atmosphere from the outside world was transmitted here, causing a ripple in the space.

"Are there any enemies coming?"

Zhuang Xiaoyan turned her head, her eyes suddenly filled with coldness, and the rune in her hand appeared again, like a soldier about to fight, her eyes were full of killing intent.

Standing beside her, Ye Chen felt a chill. Back then, Zhuang Xiaoyan went through countless killings and battles in order to help the Wuque family win the Nine Gods Record, and now that fighting instinct has not disappeared.

As long as there is a little trouble, she will explode.

"It's okay, don't worry about it, your father will protect us, let's go on."

Ye Chen continued to walk towards the end of the Nine Colors Hongqiao.

Zhuang Xiaoyan was silent, she had a premonition that the enemy was coming, but at this juncture, she could do nothing but continue to follow Ye Chen, wanting to return her soul to its place as soon as possible.

outside world.

At this time, with a bang, a sharp sonic boom sounded suddenly.

A feathered arrow shot from hundreds of millions of miles away, pierced through the void, shattered the stars, and with a terrifying power to crush everything, it ruthlessly wiped out all the space fog in Piaomiao Peak.

The layers of space covers arranged by the Ling Kong Tianzun, like paper paste, were all crushed, shattered, and turned into nothingness by this arrow.

The sharp and sharp feather arrow finally shot at Ye Chen's body viciously.

Such a terrifying arrow, with the sound of wind, thunder and heavenly power, if it falls, it may be able to shoot through Ye Chen, and even the entire Piaomiao Peak is in danger of being shot through.

"who is it?"

Seeing this arrow, Tianzun Lingkong looked horrified, and immediately raised his hand, tens of thousands of layers of space condensed, turned into a space shield, and blocked Ye Chen in front.

clang!

The sharp feathered arrow hit the space shield fiercely, bursting out with a fierce sound, and was finally blocked by the space shield.

The huge force on the arrow bounced back to Tianzun Lingkong, causing his bones to shake and his body to shake.

In the entire Piaomiao Peak, many guard warriors pulled out their weapons and sacrificed magic weapons one after another, looking into the distance with fear and sternness in their eyes.

There were only two beams of light, flying from the distant starry sky and landing on Piaomiao Peak.

It was Jiang Xiaoyun and Futuxuan!

"Da Yi Wang, it turned out to be you."

"Hehe, you are the only person in this world who can possess such superb archery skills."

Ling Kong Tianzun's eyes fell on Jiang Xiaoyun, and sneered.

Jiang Xiaoyun's title is King Yi, the world's number one archer.

His archery skills are said to be able to break through the limit of the realm, and defeat the gods of the emperor of heaven, which is very powerful.

Jiang Xiaoyun looked around the audience, saw Ye Chen and Zhuang Xiaoyan who were motionless like sculptures, and the nine-colored rainbow light that filled Zhuang Xiaoyan's body. He knew everything in an instant, looked at the Heavenly Lord of the Sky indifferently, and said:

"Kongshen, you are going to resurrect your daughter today, I won't disturb you."

The word "Kongshen" is the title of God that Lingkong Tianzun used to stand on his own. He wants to become the God of the Sky after he becomes the tenth God, and keep pace with the Nine Gods.

It's a pity that the luck of heaven and earth is limited. His Wucui family has already given birth to a wind god, and it is impossible to give birth to another top-level main god.

He took the initiative to abdicate and did not compete with Fengshen Tianzun.

His fight with Fengshen Tianzun back then was mainly because of Nine Gods Record. He wanted to use Nine Gods Record to resurrect his daughter, but Fengshen refused to give it, and finally the brothers turned against each other.

As for the authority of the main god, Lingkong Tianzun doesn't care, he has no interest in world hegemony, he only cares about his family.

Now hearing Jiang Xiaoyun calling himself the Sky God, the Heavenly Lord Lingkong only smiled, shook his head and said, "Da Yi Wang, since you didn't want to disturb, then why did you come here?" His Majesty God has decreed that he is here to kill reincarnation, and I would like to ask Lord Kongshen to make it easier for you, and after the Lord of Reincarnation revives your daughter, he will be handed over to me for disposal, I am very grateful."

Chapter 9318

After the resurrection ceremony is over, Ye Chen will inevitably fall into weakness, and if he falls into his hands, he will definitely die.

When Lingkong Tianzun heard this, he couldn't help laughing, and said: "Da Yi Wang, you want me to cross the river and tear down the bridge, ungrateful, what if I say no?"

Jiang Xiaoyun said: "Then I can only offend you." Lingkong Tianzun's eyes turned cold, and said: "You dare to fight with me? Your cultivation base is only that if it is as good as the sky, but I am the emperor of heaven! More importantly, This is the sky outside the sky, you can't use your power in Wuwu time and space at all.

Such strength! "

Jiang Xiaoyun held up the longbow in his hand, and said: "It's not that the bow and arrow in my hand have never killed the God of Heaven, not to mention, Lord Kongshen, your current cultivation is not as good as before."

"Besides, this is the real world. Your cultivation and mine are restricted to the realm of the Immortal Emperor. If there is a war, it is unknown who will die."

Lingkong Tianzun laughed loudly, and said: "Very good, very good, you are a junior, you dare to do something to me, the emperor of heaven, and you are even on my territory! I want to see how capable you are!"

As soon as the words fell, the Lingkong Tianzun waved his hand, and the aura exploded, and a transparent knife cut out from the void, and slashed straight at Jiang Xiaoyun's neck.

He knows that Jiang Xiaoyun is good at archery, but archery also has a huge disadvantage, that is, it takes time to draw the bow and release the arrow, and it is not as straightforward as martial arts.

Therefore, he wanted to kill Jiang Xiaoyun before his arrow was shot.

However, at this time, Futu Xuan made a move.

Futuxuan stepped forward with a single step, and the divine light in his hand floated, manifesting a martial arts pagoda, and with a bang, it blocked the sword of Lingkong Tianzun.

"Ling Kong Tianzun, if you insist on guarding reincarnation today, then we will have to fight to the death!"

After blocking Tianzun Lingkong's saber, Futuxuan stepped on the seven stars, his body flew out, and the Martial Dao Futu Pagoda in his hand, with a fierce majesty of martial arts, smashed down on Tianzun Lingkong's head.

He used to be in charge of the "Wuji Tianxia" Taoist book, and he has studied martial arts very deeply, and even mastered a lot of martial arts. After all, the Wuji Taoist book was born in response to the martial ancestor.

Roar!

A sky-shattering roar resounded from inside the pagoda, and then, a gigantic elephant, with the power to smash the sky, struck out with a ferocious aura.

This is the aura of the gods crashing into the sky, and it is one of the martial arts.

Futuxuan's idol collided with the sky, although it was not as powerful as Ye Chen, it was still very fierce.

As soon as the giant elephant came out, the entire Piaomiao Peak shook violently, as if it was going to be smashed directly by this giant elephant.

Seeing the giant elephant crashing into him, the Celestial Lord of the Lingkong was unhurried, and threads of the law of space flowed out from his hands. These threads of space law exploded and expanded as soon as they appeared, just like the initial explosion of the universe, giving birth to the boundless starry sky.

The starry sky is like a sea, surrounding the body of Tianzun Lingkong. The giant elephant, under the barrier of many spaces, could not get close to the body of Tianzun Lingkong, and was exhausted by the boundless void.

"This old guy..."

Futuxuan's face changed, he only felt that Lingkong Tianzun's technique was mysterious and really elusive.

call out!

At this time, Jiang Xiaoyun pulled the bow and drew the arrow, and the arrow shot out like it was about to shoot down the scorching sun from nine days, and with a sharp and fierce wind, it shot at Tianzun in the sky.

The layers of space around the body of Ling Kong Tianzun were like paper paste, and they were constantly breaking and shattering under Jiang Xiaoyun's arrows.

Although his spatial technique was mysterious, it couldn't stop Jiang Xiaoyun's arrow.

"Misty mist, order!"

Seeing that the sharp arrow was about to hit the body, Lingkong Tianzun remained calm, and chanted, mobilizing the breath of the earth veins of the entire Piaomiao Peak, and applying it to the body.

Many warriors in Piaomiao Peak also sang, praying for the Celestial Lord of Lingkong.

The body of Ling Kong Tianzun turned into a cloud of smoke in an instant, ethereal, like a fantasy, without a real shape.

laugh!

Jiang Xiaoyun's arrow shot and passed through the smoke, but failed to cause the slightest damage to the Lingkong Tianzun.

Seeing this, Jiang Xiaoyun's expression darkened.

On the territory of Piaomiao Peak, the Lingkong Tianzun has the absolute advantage. He can borrow the aura of the earth veins to display all kinds of mysterious supernatural powers. When fighting, he is very disadvantaged.

"You two Yashas are not qualified to be arrogant in front of me, so die to me!" Ling Kong Tianzun shouted angrily, his body changed from the misty cloud state to the real one, and he clenched his fist tightly, crushing thousands of layers of space, the explosive force of space and space gathers on his fist, fiercely towards Futuxuan and Jiang Xiaoyun

Throwing it away, the power and influence are extremely fierce. Futuxuan and Jiang Xiaoyun's complexions sank, deeply feeling the strength of Lingkong Tianzun's fist, the two hurriedly stood side by side, the immortal emperor's aura bloomed, and various laws emerged, building a huge wall of laws, trying to resist the spirit null

Tianzun's fist.

boom!

However, the fist of Ling Kong Tianzun has terrifying space power and is very violent. With just one punch, it directly crushed the giant wall of laws they arranged.

Puchi!

Puchi!

Futuxuan and Jiang Xiaoyun both vomited blood, retreated in embarrassment, their faces turned pale.

"This old guy, although his strength has been greatly worn down, he still has some ability."

Futuxuan looked at Jiang Xiaoyun, wiped off the blood from the corner of his mouth, and said rather gloomily.

"Summon the Ancient Heavenly Sin Sword, and ask His Majesty the Ancient God to lower his sharpness and kill him." Jiang Xiaoyun was very calm, holding the longbow in one hand, and singing the formula with the other, the blood in his body burned, and strands of blood rushed from the top of his head. Soaring into the sky, resonating with Wuwu time and space.

Chapter 9319

Futuxuan didn't talk nonsense, he directly burned his own blood and communicated without time and space.

Buzz buzz!

The two of them ignored the cost, and under the burning energy and blood, Wuwu Time and Space was also touched, and a sharp, fierce, terrifying, and invincible aura was summoned.

That is the breath of Heavenly Sin Sword Qi! The sword energy of the Ancient Heavenly Sin Sword broke through ten thousand layers of time and space in an instant, descending on the sky above Piaomiao Peak. The sword energy was dark, deep, and full of killing fluctuations. ,

Instantly enveloped the entire Piaomiao Peak, and locked the aura of Lingkong Tianzun.

"go!"

With a wave of Futuxuan's hand, the Heavenly Sin Sword Qi, with fierce power, slashed towards the Heavenly Venerable Lingkong extremely fiercely.

The sharpness of this sword energy is so terrifying, it seems to contain the punishment of heaven, which is enough to destroy all things in the world.

Before the sword qi could reach him, the warriors near the Heavenly Lord of the Sky had already been greatly shocked, and all of them vomited blood and were seriously injured.

Even Ling Kong Tianzun himself is under enormous pressure.

Under the coercion of the Heavenly Sin Sword Qi, he couldn't even use any space spells or supernatural powers.

"Without leaks, with my divine blood, turn it into a heavenly knife, break it!"

Seeing the ancient sword of Heaven's Sin approaching, the Heavenly Lord Lingkong didn't panic, he yelled violently, his blood exploded and burned, and he also communicated with infinite time and space, as if he had summoned some great power.

Then, the boundless blood and the power of faith, one by one, condensed into a blood-colored heavenly knife, smashed out from the void, and slashed fiercely on the Heavenly Sin Sword Qi with a clang.

Swords collided, violent collisions and explosions exploded.

Ling Kong Tianzun was blown back more than ten steps and suffered some injuries.

However, that day, the sinful sword energy was also repelled by him, and there was a whining sound.

Futuxuan and Jiang Xiaoyun suffered a huge shock and vomited blood again. At the same time, they could no longer maintain the summoning posture, and the Heavenly Sin Sword Qi disappeared into the void.

Seeing this, Lingkong Tianzun couldn't help sneering, and said: "You are the only ones who can summon the power of Wuwu Time and Space? I can do it too. My Wuque family is not afraid of your ancient sword of heavenly sin."

Just now, Tianzun Lingkong burned Qi and blood, communicated with Wuwu time and space, borrowed the power of Wuwu family, gathered it into a blood knife, and successfully repelled the ancient sword of heavenly sin.

This is the strength of Wu Que's family background.

Although back then, after the battle between him and Fengshen Tianzun, the vitality of the Wuque family was severely injured, and it declined.

But no matter what, the Wuque family is an ancient family after all, with extremely profound heritage.

As the former arrogance of the Wuque family and qualified to prove the existence of the tenth god, the Lingkong Tianzun can naturally use the family's background energy to transform into the most fierce and ferocious killing.

Ye Chen and Zhuang Xiaoyan were a little shocked when they felt the battle outside.

Zhuang Xiaoyan's face was full of worry, and said: "No, father borrowed the power of the family, and his blood was burning. I'm afraid it will be seriously exhausted. We must go out to help the battle!"

Ye Chen said: "That's right."

Knowing that the situation was urgent, he hurriedly took Zhuang Xiaoyan's hand and ran wildly on the Nine Colors Hong Bridge, just wanting to get back outside as soon as possible.

But at this time, Futuxuan and Jiang Xiaoyun's expressions were already very ugly.

The strength of Ling Kong Tianzun is far beyond their imagination.

It is impossible for them to hurt Ye Chen if they don't get rid of Ling Kong Tianzun.

However, how can they deal with such domineering and mighty Ling Kong Tianzun?

Futuxuan let out a long sigh, a trace of determination flashed in his eyes, and he said to Jiang Xiaoyun: "Brother Jiang, this old guy is too strong, if you want to defeat him, maybe you can only rely on your tailed beast arrow."

Jiang Xiaoyun's expression changed, and he said, "Tailed Beast Arrow? It is impossible to shoot this arrow without the cultivation base of the Divine Dao Realm."

He has a hole card, and that is the Tailed Beast Arrow.

When the ancient god Tuodi created the ten-tailed beast, he used the blood of the ten-tailed beast to temper many weapons and magic weapons, and even tempered some special tailed beast blood puppets, which were very powerful.

Jiang Xiaoyun has an arrow that has been tempered with the blood of ten tails. It has a strange killing with great terror and is very fierce.

His cultivation base is not too terrifying, but he once rebelled against the Emperor of Heaven, and this beast arrow contributed a lot.

It's just that the power of the tailed beast's arrow is too terrifying. In the real world, even the strongest of the Immortal Emperor can't control it.

At least one must have a cultivation base of the Divine Dao Realm to shoot this arrow.

However, due to the limitations of the rules of reality, even a god-king powerhouse without time and space, after coming to reality, his cultivation base will be limited to the immortal emperor, which is very different from the power of the divine way.

Futu Xuandao: "I can help you break through the limitations in the real world in a short period of time and step into the realm of the divine way."

As soon as he finished speaking, the blood all over his body suddenly burned crazily. All the essence of life was burning, turning into strands of pure energy and pouring into Jiang Xiaoyun's body.

"Brother Futu!"

Jiang Xiaoyun was shocked, never expecting that Futuxuan would sacrifice himself. Before he could stop it, he saw Futuxuan burning crazily, with all his flesh and blood gone, leaving only a skeleton in an instant, and then this skeleton burned and collapsed, with the soul and the aura of all the timelines,

Also burnt out.

In an instant, Futu Xuan turned into ash.

All his essence of life was poured into Jiang Xiaoyun's body.

Click! Under the infusion of such a majestic life essence, Jiang Xiaoyun's body seemed to have some shackles that were broken.

Chapter 9320

The aura of his cultivation began to soar rapidly, and behind him emerged a ten thousand zhang tall Dharma image of heaven and earth, which was the Dharma image of a god, surrounded by many divine lights, as if high above the sky, countless suns, moons and stars, revolving around this Dharma image ,

very impressive.

"What!"

Tianzun Lingkong was taken aback, and felt that Jiang Xiaoyun's aura had broken through the restrictions of the Immortal Emperor and stepped into a realm that no one had ever stepped into in the real world.

That is the Divine Dao Realm, the legendary true god!

Although in Wuwu time and space, the true gods of the Divine Dao Realm are only lower gods, far from being able to compare with Jiang Xiaoyun's peak strength.

But this is the real world, and the lower gods are all incredible existences.

Jiang Xiaoyun is the first person in this world's starry sky to step into the realm of the divine way! Even if it is short! Even if the price is huge!

The aura of the Divine Dao Realm is really terrifying. As soon as his true god dharma was born, it shook the heavens, and countless great divine lights and chants of the gods were transmitted far away.

On the Nine Colors Hong Bridge, Ye Chen was running wildly with Zhuang Xiaoyan, both of them were shocked after feeling Jiang Xiaoyun's true spirit.

Zhuang Xiaoyan's delicate body trembled, and she couldn't bear the coercion, so she knelt down on the spot.

"stand up!"

Ye Chen yelled and immediately pulled her up.

In the outside world, on the Piaomiao Peak, all warriors except for the Lingkong Tianzun knelt down.

Because the coercion of the Divine Dao Realm is really terrifying.

Compared with the powerhouses in the Divine Dao Realm, even the Immortal Emperor is just a mortal existence, who can only kneel down and admire him.

The entire Tianwaitian, the entire Taishang World, felt the impact of Jiang Xiaoyun's breath of the Divine Dao Realm.

Countless people looked up at the sky, saw the magnificent picture intertwined with divine light, and also saw Jiang Xiaoyun's majestic and vast image of the true god.

"Beyond the Immortal Emperor, the legendary Divine Dao Realm!"

"In the real world, can a true god of the divine realm be born?"

"Ah, the majesty of this true god seems to be aimed at the Lord of Reincarnation!"

"The Lord of Reincarnation is dead, he is dead today! No matter how powerful he is, can he compete with the true god?"

Countless shocking and amazed voices resounded from all over Tianwaitian and Taishang World.

No one expected that Jiang Xiaoyun could break through the limitations of reality, break through the Immortal Emperor, and show the strength of the Divine Dao Realm in the real world.

This also proves from the side that the power of rules in the real world has indeed weakened under the constant impact of Wuwu time and space, and the restrictions of the realm have been relaxed.

Otherwise, even if it is a sacrifice, it is impossible to break through the realm for a short time!

Many strong people in the late stage of the immeasurable state also became excited.

The birth of a strong person in the Divine Dao Realm shows that they also have the hope of proving the true God and stepping into the Divine Dao Realm. Naturally, they are extremely excited.

No matter how powerful the Immeasurable Realm is, it is only the strength of reality. It cannot dominate the mysteries of fantasy, nor can it control the magic of the law of cause and effect.

Only true gods, only in the realm of divine dao, can touch fantasy and master the law of cause and effect. On Piaomiao Peak, Jiang Xiaoyun has briefly stepped into the Divine Dao Realm. His gaze is as if hundreds of millions of stars have sunk, and the divine light bursts out, extremely fierce and fierce, as if a single look can bury the Immortal Emperor. The power and influence have already surpassed

The category of martial arts in this world.

He looked down at the Heavenly Venerable of the Spiritual Sky, as if he was looking down at a mortal.

He is confident that as long as he slaps himself, the Lingkong Tianzun will die.

Because in the real world, no one can resist the majesty of the divine realm.

However, Jiang Xiaoyun still didn't dare to be careless.

After all, behind Lingkong Tianzun is the entire Wuque family, which is an ancient clan without time and space, with the inheritance of Wuque source body. In addition to Lingkong Tianzun, Fengshen Tianzun was also born.

The strength of the Wuque family background can be seen.

Jiang Xiaoyun was extremely dignified, and sacrificed an arrow.

This arrow is very strange and full of dark breath. As soon as the arrow was taken out, the dark and strange aura turned into wisps of dark mist, which made the real god behind Jiang Xiaoyun also darken, with a lot of filthy mucus flowing out, and indescribable

evil things.

The arrow in Jiang Xiaoyun's hand was the legendary arrow of the tailed beast. It had been tempered with the blood of the ten-tailed beast.

As soon as the beast-tailed arrow was taken out, there were faint roars of beasts between the sky and the earth. It was the roar of a tailed beast, which was creepy.

The roar of the beast reached Ye Chen and Zhuang Xiaoyan's ears.

Ye Chen could clearly feel that the half-tailed red cloud that was sealed in the Heavenly Emperor's coffin was also ready to move, trying to break through the seal and escape.

"This is... a tailed beast arrow!?"

"Oops, senior Lingkong Tianzun is in danger!"

Ye Chen looked at the arrow in Jiang Xiaoyun's hand, feeling deeply terrified.

From the arrow of the tailed beast, he even vaguely glimpsed the phantom of the ten-tailed beast. It was an indescribably distorted figure, huge, ferocious, and terrifying. Just looking at it, one's spirit would collapse.

Ye Chen's heart was pounding, and he quickly looked away, only to see that Jiang Xiaoyun had already put the tailed beast's arrow on the bowstring, and was about to shoot it.

"Stop him!"

Ling Kong Tianzun roared angrily, feeling the danger deeply.

As he roared, the entire Piaomiao Peak and many guardians rushed towards Jiang Xiaoyun as if they were not afraid of death, trying to stop him from shooting arrows.

However, at this moment, Jiang Xiaoyun, whose cultivation base has stepped into the realm of the divine way, is the only true god in the starry sky in this world.

How mighty his aura is, those guardians who rushed over were shocked away by a violent spiritual energy before they got close to his body.

Around Jiang Xiaoyun, there seemed to be walls of air that no one could break through.

"Scream."

Jiang Xiaoyun's eyes were cold, and he pulled the bowstring to the full, pouring all the spiritual energy into the tailed beast's arrow.

Rumble! Above the arrow of the tailed beast, the black mist twisted and surged like a wave, and the roar of a terrifying beast erupted in the dark mist. Under the turbulent mist, the distorted appearance of a huge beast appeared again, like a giant beast in the wild, shocking. mind

.

Boom!

Jiang Xiaoyun loosened his fingers, and this tailed beast arrow shot out rapidly, crushing the void, and shot towards the Celestial Lord of the Lingkong.

Many guardians of Piaomiao Peak were terrified when they saw the tailed beast's arrow released, and hurriedly stood in front of the Lingkong Tianzun, urging their weapons and magic weapons to shoot down the tailed beast's arrow.

However, the arrows of the tailed beast shot fiercely, and the black mist erupted like a tsunami, and the appearance of a terrifying giant beast surged out. The power that erupted was even more ferocious and domineering than that of the true god Jiang Xiaoyun.

That is the power of the tailed beast, and the severity of the tailed beast cannot be resisted by ordinary warriors at all. The tailed beast's arrows burst through and passed through. The many guardians, their weapons and magic weapons, failed to shoot down the tailed beast's arrows at all, and it was even impossible to resist them.
