Chapter 9351

Ye Chen's face was calm, and he turned sideways indifferently, avoiding the blow of the dark dragon.

"Wan Jian Shen Qi, go!"

Then, without saying a word, Ye Chen activated the Myriad Sword God Star, bursting out thousands of fierce sword qi, reflecting the world, and with a bright light, he ruthlessly killed the dark dragon.

Under the blessing of Sword Heaven Emperor Cannian, Ye Chen's Myriad Sword God Star is extremely powerful. Even a strong man who is a peak Immortal Emperor, under the killing of his Myriad Sword God Star's sword energy, I am afraid that he can only temporarily avoid the edge.

Puchi, puchi, puchi!

Before the dragon's claws of the dark dragon could reach it, Ye Chen's sword aura came later, hitting its body fiercely one after another.

Flesh and blood flew everywhere, and bones were broken.

The dark dragon roared mournfully, its body was instantly slashed and scarred by Ye Chen, the dark demonic energy dissipated, and its body continued to dissolve, gradually turning into ashes.

Ye Chen took a few steps back, and saw the body of the dark dragon. After the demonic energy dissipated, it revealed its original color, which was a real golden dragon.

However, the wear and tear of the years is too severe. Once those golden dragon scales manifested, they immediately withered and turned black.

And the sword energy of Ye Chen Wanjian God Star is also very lethal. When the sword energy was torn apart, the dark dragon turned into ashes, and its end was inevitable.

Before turning into ashes, the cloudy eyes of the dark dragon became much clearer. It seemed to recall the past and its own identity.

There were endless ripples in its eyes, as if there were thousands of words to say, and finally after a burst of chaotic excitement, all the ripples calmed down again. It stared at Ye Chen and spit out two words lightly:

"Thanks."

This sentence of thanks contains a huge sense of relief.

In the end, the dark dragon turned into ash, and a crisp ding sound came from the ash.

Under the cover of ashes, Ye Chen saw a golden spar.

He bent down to pick up the spar, squinted his eyes slightly, and saw a dragon totem printed inside the spar, which contained abundant source energy.

"Is this the Heavenly Dragon Origin Crystal?"

Ye Chen muttered to himself, from this source crystal, he could vaguely capture a breath related to the Dragon's Fate Star.

It seems that Yuantian Emperor should have seen Longteng Fate Star back then.

He observed the Dragon Fate Star and created the Heavenly Dragon Origin Crystal.

This Tianlongyuanjing, after refining, can strengthen the power of Longteng Fate Star, it is simply tailor-made for Ye Chen.

"If I refine this Heavenly Dragon Origin Crystal, I can awaken the Heavenly Dragon Origin Body, and even break through to the seventh heaven of the Sky Profound Realm!"

Thinking of this in Ye Chen's heart, he couldn't help getting a little excited.

His cultivation is currently at the peak of the sixth level of the Sky Profound Realm, and he has been unable to break through for a long time.

But if he can refine Tianlong Yuanjing, he is confident that he will break through immediately.

Right now, Ye Chen wanted to crush the Heavenly Dragon Origin Crystal and start refining it.

However, he changed his mind, Aotian Emperor's blood of the Emperor of Heaven, and the matter of the Emperor's soul-breaking gun, he could only hide it for a day at most.

He must snatch those two opportunities as soon as possible, otherwise the time will be delayed and outsiders will be scrambled, and it will be troublesome.

Thinking in this way, Ye Chen put away the Tianlong Yuanjing, planning to refine it after grabbing those two opportunities, after all, time is urgent now.

Ye Chen also put away the Myriad Sword God Star. The weather of this star has returned to its original appearance, and the boost brought by Emperor Jiantian's burning thoughts has dissipated.

"When I have enough strength in the future, I must resurrect Senior Sword Heaven Emperor."

Ye Chen thought to himself, this time looking for opportunities, Emperor Jiantian helped him a lot, and he was naturally grateful.

When something happened here, Ye Chen wanted to leave.

However, looking at the sarcophagus, Ye Chen felt a sense of curiosity, and walked slowly to the sarcophagus.

"Senior Sword Heaven Emperor said that inside this sarcophagus, there are some things used by Soul Heaven Emperor before his death, that is, Horcruxes. I don't know what kind of Horcruxes they are."

Ye Chen's heart moved slightly, and he put his palm on the lid of the sarcophagus, trying to push the lid away.

But when this idea popped up in his mind, his heartbeat inexplicably accelerated, as if he was doing something that would risk the dissatisfaction of the world.

"It's the coercion of Emperor Huntian."

Ye Chen knew in his heart that this was the coercion brought to him by Emperor Huntian.

If he pushes the lid of the coffin, it will be tantamount to offending the Soul Emperor.

For such a move, ordinary people would break their spirits just thinking about it, unable to bear the coercion of Emperor Huntian.

However, Ye Chen has a strong Taoist heart, so he is naturally not afraid.

At that moment, Ye Chen took a deep breath to restore his composure.

Then, with a hard push, he pushed the lid of the sarcophagus away.

As soon as the coffin lid was pushed open, a hideous corpse appeared in front of Ye Chen.

The corpse was extremely terrifying, with a stern face. Fortunately, Ye Chen had a strong heart and was fully prepared, so he was not frightened. After he stared carefully, he found that the corpse was actually not a real corpse, but made of some special clay and wax. It looked like Emperor Huntian, obviously a descendant of Emperor Huntian.

created by him. Around this fake corpse, there are some jade, jade ware, beads, books, writing brushes, incomplete swords and other things, which are the funeral objects of Emperor Huntian. They are all things he used during his lifetime.

It is the legendary "Horcrux". It's just that these things are all dim now, without any aura and power.

Chapter 9352

Obviously, in order to deal with Emperor Jiantian and Emperor Aotian, Emperor Longtian had exhausted all the energy of these Horcruxes, and all Horcruxes had been reduced to waste products.

"pity....."

Ye Chen let out a sigh of relief, feeling regretful in his heart, but also a little fortunate

The Horcrux of Emperor Huntian is extremely powerful, and if it still exists, it is beyond his control.

If he forcibly takes charge, he may even backfire on himself.

Now that the Horcrux is dim and all its energy is exhausted, Ye Chen's thoughts are broken.

Ye Chen didn't think about it anymore, he closed the sarcophagus, turned around and left the ancient palace of ghosts.

However, Ye Chen didn't notice that the corpse in the sarcophagus suddenly opened his eyes when he just left the ancient Yinhun Temple.

The eyes that opened suddenly were bloody, as if they contained the most terrifying evil thoughts and evil thoughts in the world, gathering all the hostility and resentment, it was the breath of "death".

...

Ye Chen flew back to the place where Zhuang Xiaoyan, Xia Ruoxue, Wei Ying and others were after leaving the Ancient Yinhun Temple.

Everyone in the reincarnation camp is waiting for him.

After flying not far away, Ye Chen felt a rumbling sound coming from behind him, and when he looked back, the ancient Yinhun Temple had collapsed and turned into ruins.

Seeing the collapse of the ancient Yinhun Temple, Ye Chen frowned, but didn't think much about it.

Anyway, he has already obtained the hidden opportunity of the ancient Yinhun Temple, which is the Tianlong Yuanjing, and he is satisfied. Even if the ancient temple collapses, he has no regrets.

Flying all the way, soon, Ye Chen returned to Zhuang Xiaoyan and the others.

"Brother Ye, you are back."

Zhuang Xiaoyan was overjoyed. She, Xia Ruoxue, Wei Ying and the others had been waiting for Ye Chen, and she was overjoyed to see Ye Chen come back safe and sound.

Xia Ruoxue said: "Ye Chen, what opportunity did you get?"

She faintly felt that Ye Chen seemed to have got some great opportunity and good luck.

Ye Chen said with a smile: "Let's talk about it later, let's go to the core area of Zhushen Battlefield first, and we can't let those three great opportunities be snatched away by others."

Everyone nodded, knowing the importance of the three great opportunities, they immediately set off quickly and rushed towards the core area of the God-killing Battlefield.

Everyone ran all the way, but the dark aura of this anti-god battlefield continued to decline, and all the monsters roared and screamed, and were annihilated with the wind.

Zhuang Xiaoyan, Xia Ruoxue, Wei Ying and others were all surprised when they saw this scene.

Only Ye Chen knew that he killed the dark dragon and solved the root cause of the dark disaster, so the dark aura of the God-defying battlefield continued to decline and annihilate.

Soon, Ye Chen and his party had already seen the end of the God-defying battlefield, the core area of the God-killing battlefield, and the sight of countless treasures of heaven and earth poured into everyone's eyes.

Everyone was delighted and accelerated their speed, wanting to reach the core area.

At this time, in the core area, there are already many warriors active, and they are all excited, and they are constantly collecting the surrounding resources of natural materials and earthly treasures.

Ye Chen and his party also wanted to go to collect it, but at this time, a voice with infinite nostalgia, infinite remembrance, and infinite emotion came to everyone's ears.

"elder sister....."

In the void ahead, a beautiful figure, wearing a plain dress and bare feet, slowly descended from the sky.

This is a young girl, she looks so weak, her eyes are filled with infinite misery.

But when Ye Chen saw this girl, his heart was shocked.

Because he recognized this girl, who turned out to be the protector of the Death Cult, code-named Hourglass!

In the reincarnation camp, there were also a few strong men who recognized the girl's identity, and they all exclaimed in surprise: "Hourglass, it's you!"

Zhuang Xiaoyan even exclaimed, "Sister!"

This hourglass girl is also her younger sister, Zhuang Xiaoyue, who fell into darkness back then.

Zhuang Xiaoyan could clearly feel that there was an imaginary bloodline in her younger sister, and that was Zhouguang's bloodline.

In order to revive her, Zhuang Xiaoyue imagined this bloodline.

She wants to reverse time, reverse life and death, and bring her sister back to life!

"elder sister."

Zhuang Xiaoyue came out of nowhere, with endless longing in her eyes. After seeing Zhuang Xiaoyan, many memories of the past were revived. Scenes of past events flooded her heart. At this moment, her voice was trembling.

"Come back to Wuwu Time and Space with me, sister."

Zhuang Xiaoyue said softly, reaching out to grab Zhuang Xiaoyan's hand.

However, Zhuang Xiaoyan backed away to Ye Chen's side, looked at Ye Chen, then at Zhuang Xiaoyue, and said, "No, sister, I'm not ready to go back yet."

She has just been resurrected not long ago, her strength has not yet recovered, and she still needs to hone a lot in the real world. If she returns to No Time and Space rashly, with her current strength, she may hit a wall everywhere.

Moreover, she already had a very close relationship with Ye Chen, so naturally she didn't want to leave Ye Chen.

Zhuang Xiaoyue's body trembled, her gaze was cold, she glanced at Ye Chen, and said, "Sister, are you confused by him!?"

Zhuang Xiaoyan hurriedly said: "No, sister, the Reaper's Cult is not a good place, you might as well abandon the darkness and turn to the light, and join me in surrendering to the Lord of Reincarnation."

Hearing this, Zhuang Xiaoyue smiled indifferently, and glanced at Ye Chen, Xia Ruoxue, Wei Ying, and the envoys from the Ten Thousand Fire Realm, and many warriors from the reincarnation camp, and murderous intent gradually emerged under her eyes, saying:

"Sister, you have been bewitched by the lord of reincarnation. I will kill them all, and you will regain your sobriety!" After the voice fell, behind Zhuang Xiaoyue, the spiritual energy suddenly exploded, and a huge and spectacular hourglass totem emerged, boundless God's pressure, blooming from her body, making the entire battlefield against the gods violent

Shake up.

"Divine Dao Realm!?"

As soon as Ye Chen's face changed, he felt that at this moment, Zhuang Xiaoyue's burst of aura had actually reached the first level of the Divine Dao Realm!

Originally, under the restriction of the laws of reality, the powerhouses who generally have no time and space will be limited to the peak of the Immortal Emperor after they come to the real world.

Although the rules are now loose, it is possible to reach the level of the divine way, but it is difficult and not easy to do.

However, this place is the legendary Battlefield of Punishing Gods. In this secret realm, the restrictions of the real world are even weaker. Zhuang Xiaoyue has directly possessed the cultivation level of the Divine Dao Realm.

You know, the last time Ye Chen competed with Zhuang Xiaoyue for the Myriad Sword God Star in the Rune Holy Land, at that time, she was still unable to exert the power of the Divine Dao Realm.

But now, in the battlefield of killing gods, she directly exploded. The majesty of the Divine Dao Realm is too terrifying. As soon as the breath of the gods is released, the sky is full of thunder, dark clouds are overwhelming, all kinds of indescribable vastness are boiling, the space is also distorted, and the gust of wind suddenly rises

, Feishazoushi. A silver-white beam of light rushed from the top of Zhuang Xiaoyue's head and penetrated the sky, manifesting various magnificent scenes such as hourglass, sundial, stars and moon.

Chapter 9353

Ye Chen, Xia Ruoxue, Wei Ying, Zhuang Xiaoyan and others were all shocked, and they deeply felt the strength of Zhuang Xiaoyue's aura.

At this time, in the core area of the God of Punishment Battlefield, Tiannv, Gusu Yu, Chongyang Daoist, Xiao Xinghe, and many warriors who entered the secret realm also felt this shocking aura.

The aura of the Divine Dao Realm and the great weather made everyone in the audience stunned and shocked.

"That's... a master of the Divine Dao Realm! Has someone descended from Nowhere?"

"How is this possible? Didn't the news about the God-killing Battlefield reach Wuwu time and space?"

"Who is it? The protector of the Death Order, Hourglass?"

"Ah, she wants to kill the Lord of Reincarnation!"

"The Lord of Reincarnation is dead!"

Countless trembling discussions sounded, and everyone faintly caught the secret, knowing that the source of this breath was none other than "Hourglass" Zhuang Xiaoyue.

Everyone in the entire battlefield of Zhuangshen could feel Zhuang Xiaoyue's killing intent.

That was the killing intent aimed at Ye Chen!

A master at the first level of the Divine Dao Realm is a real god!

Although Ye Chen's fighting power is strong enough to defeat the strongest immortal emperors, no one thinks that he has a chance of defeating the first level of the Divine Dao Realm.

The heavenly girl was terrified, subconsciously wanted to go to the battlefield against the gods, but was held back by Gusu Yu.

Gusu Yu said: "Forget it, junior sister, if the Lord of Reincarnation dies, that would be a good thing."

The goddess gritted her teeth and said, "I don't believe he will die!"

...

At this time, in the battlefield against God, Zhuang Xiaoyue burst out all her aura.

The great weather of countless suns, moons and stars revolved around her body.

"Unfortunately, it's only one level of the Divine Dao Realm."

Zhuang Xiaoyue let out a sigh. In fact, her real cultivation was far beyond the Divine Dao Realm.

However, in this god-killing battlefield, at best, one can only display the strength of the first level of the Divine Dao Realm.

"Well, the next god, it should be enough."

Zhuang Xiaoyue shook her slender palm slightly, feeling the power flowing in her body, her eyes became more and more murderous, staring at Ye Chen.

The Divine Dao Realm is the lower god, and the power of the lower god, if you want to deal with Ye Chen, a warrior of the sixth level of the Sky Profound Realm, no matter how you look at it, you will definitely win.

"Sister, don't!"

Sensing the murderous intent in Zhuang Xiaoyue's eyes, Zhuang Xiaoyan was terrified and rushed over quickly, wanting to hug her.

"Sister, watch carefully, I will kill everyone here, they have confused you, they should all die."

"When they are all dead, I will take you to Wuwu time and space, let's go home, and restore the glory of the Wuque family."

All of Zhuang Xiaoyue's memories have recovered, and she knows that she was once a member of the Wuque family before she fell into darkness.

Today's Wuque family is much weaker than it was at its peak.

However, she is confident that she can work with Zhuang Xiaoyan to rejuvenate the family.

Seeing that Zhuang Xiaoyan wanted to rush over, Zhuang Xiaoyue waved her hand, and a chain of the law of time flew out, binding Zhuang Xiaoyan on the spot, making her unable to move.

Xia Ruoxue, Wei Ying, and many warriors from the reincarnation camp sensed the danger and wanted to fight side by side with Ye Chen, but saw Zhuang Xiaoyue waving his hands and laying air walls to block them all.

Everyone is isolated.

In the center of the field, only Zhuang Xiaoyue and Ye Chen were left.

"Lord of Reincarnation, what are your last words?"

Zhuang Xiaoyue stared at Ye Chen and said coldly.

Ye Chen felt the threat deeply. The coercion of the Divine Dao Realm was as violent as the wind and thunder. His bones all creaked under the pressure.

"You think you can kill me?"

Although the pressure was huge, Ye Chen didn't panic, smiled slightly, and said.

"I admit that you are very strong. If you are at the sixth level of the Profound Sky Realm, you can defeat the Immortal Emperor, but there is a limit to such a leapfrog battle."

"Your limit is to defeat the Immortal Emperor, and you are not qualified to compete with the Divine Dao Realm!"

Zhuang Xiaoyue gave a clear shout, and all the power of Zhou Guang's blood in her body burst out, turning into a silver-white time domain, enveloping herself and Ye Chen in it.

Xia Ruoxue, Wei Ying, Zhuang Xiaoyan and others were also affected by this time domain, and their bodies stiffened for a while, but the time of their bodies was frozen, making it difficult to move.

Ye Chen also felt stiff, and the time around him seemed to pass very slowly, thousands of times slower than normal.

Under such a slow flow of time, Ye Chen felt suffocated and couldn't lift his strength. Even his thinking seemed to be slowed down, and his whole body became extremely dull.

"You once spared my life, but you defiled my sister, and we are even, I will give you a happy one!"

Zhuang Xiaoyue's eyes were cold, and she shot suddenly, her slender hands pierced through the air, and the silver light shone.

In this time domain, her time was sped up, and her attack movements seemed to be hundreds of times faster than usual, swift and fierce, like wind, thunder and lightning.

Ye Chen was sluggish all over, facing Zhuang Xiaoyue's attack, he fell into a very dangerous situation.

"Wings of Liberty, break it!"

At the critical juncture, Ye Chen exploded with vigor all over his body, his wings of freedom spread out, tens of thousands of runes flickered on the wings, and the pure white holy light shone everywhere.

boom!

As soon as the wings of freedom came out, Ye Chen flapped his wings lightly, and suddenly a violent hurricane exploded from his body, directly crushing all the constraints of the law of time on his body. Ye Chen's body regained its freedom, and with a flutter of wings, he flew high into the sky, dodging Zhuang Xiaoyue's blow.

Chapter 9354

"Um?"

Zhuang Xiaoyue's pretty face sank, knowing that Ye Chen's wings of freedom are exactly the supernatural powers of her uncle Fengshen Tianzun, with a great freedom and aura of great carefreeness, which can break through all cages and shackles in the world.

The time lag she imposed on Ye Chen naturally couldn't stop the breakthrough of Wings of Freedom.

"Longteng Fate Star, kill!"

Ye Chen is high in the sky, even many warriors in the core battlefield can see his great figure with wings of freedom spread out.

I saw Ye Chen pull out the Samsara Heavenly Sword with his left hand, and the Human Emperor's Sacred Knife with his right hand. The Dragon Fate star opened, and the billowing dragon energy gathered around him. On both the Samsara Heavenly Sword and the Human Emperor's Sacred Knife, there were divine dragons hovering, which was very spectacular.

Ye Chen's sword and sword came out together, mixed with the power of the dragon's life star, the sword's light and sword shadow, like a waterfall in the sky, slashed towards Zhuang Xiaoyue fiercely.

"The law of cause and effect, ten thousand laws do not invade."

Seeing Ye Chen's terrifying attack, Zhuang Xiaoyue didn't panic in the slightest. She stood there calmly and made a hand gesture.

An invisible wall of air appeared around her body.

Ye Chen's saber light and sword energy, which was enough to kill the immortal emperor, exploded, but failed to hurt a single hair of Zhuang Xiaoyue, all of which were blocked by the air walls.

Those air walls are the power of the law of causality, similar to prohibition.

Zhuang Xiaoyue defined a law of cause and effect, which is the four words "ten thousand laws do not invade".

No matter what kind of magical power it is, if it bombards her, it will not cause the slightest damage and cannot harm her.

This is the power of the law of cause and effect, defining cause and effect, establishing the law of heaven and earth, and the law of truth.

She can display the strength of the first level of the Divine Dao Realm, and she can easily control the law of cause and effect.

Ye Chen's face changed wildly, he didn't expect that his offensive would be blocked by her so easily.

"Is this the power of the Divine Dao Realm?"

Deep fear flashed in Ye Chen's eyes. Compared with the Wuliang Realm, the most powerful part of the Divine Dao Realm is not the superficial combat power, but the deep-seated law methods, supernatural power methods, fantasy methods and so on.

"Lord of reincarnation, don't struggle, you can't beat me."

"I'll hit you while I'm standing still. If you can hurt a single hair of my hair, you're the best."

Zhuang Xiaoyue stood still, with a look of contempt and disdain in her eyes, she looked at Ye Chen.

She has the qualifications to be proud and disdainful, because the power of the Divine Dao Realm far surpasses that of the Profound Sky Realm.

Ye Chen's face was gloomy, and he didn't speak. Seeing Zhuang Xiaoyue standing still, he decisively shook his wings of freedom, shot down his body, and slashed at Zhuang Xiaoyue's body with both hands and swords.

Zhuang Xiaoyue still stood still, letting Ye Chen hack.

Around her body, there are air walls guarding them, which are the restraining power of the law of causality.

Ye Chen's sword slashed wildly, making a sonic boom, but it couldn't hurt Zhuang Xiaoyue at all, and was blocked by the air wall of causality.

Ye Chen's arms were numb under the slashing and chopping, but Zhuang Xiaoyue still couldn't be hurt.

Xia Ruoxue, Wei Ying, Zhuang Xiaoyan and others around were shocked when they saw this scene.

Ye Chen was not discouraged, his eyes were still full of fighting spirit, and he said: "So what about the law of cause and effect, inch hard, open the sky!"

He suddenly put away his sword, and violently punched out with a punch. The brutal and domineering force exploded from the edge of his fist, and blasted towards Zhuang Xiaoyue again.

This punch is the pinnacle of Martial Ancestor Taoism.

Cunjin, open the sky!

The law of cause and effect defined by Zhuang Xiaoyue is inviolable, and ordinary martial arts supernatural powers can't hurt her.

But Ye Chen's Inch Strength to open the sky is the ultimate boxing technique of the Martial Ancestor, which can even smash the restriction of the law of cause and effect.

Cunjin Kaitian has cultivated to the peak state, and it is said that one punch can break through the world, and nothing can stop that punch of Kaitian.

In Wuwu time and space, the most shocking power of Martial Ancestor is that move to open the sky!

When she saw Ye Chen's fist blasting towards her, Zhuang Xiaoyue, who was still calm just now, changed her face instantly.

She didn't dare to stand still, because she felt that if Ye Chen punched her, her bones would be broken into dregs, which was so powerful.

Whoosh!

In a crisis, Zhuang Xiaoyue quickly turned sideways to dodge Ye Chen's punch.

boom!

Ye Chen smashed his fist into the air, arousing tens of thousands of air waves, the earth collapsed, and the sky and void shook, which shows the power of this punch.

Zhuang Xiaoyue received a huge shock, snorted, backed away again and again, then took a deep breath, and said: "I underestimated you, I almost forgot that you are the disciple of Martial Ancestor."

Ye Chen chuckled, and after he punched the sky hard, the flesh and bones of his arm were torn and painful due to excessive force, but he pressed it down forcefully, looked at Zhuang Xiaoyue and said:

"Didn't you say stand still and let me hit you?"

Zhuang Xiaoyue's face returned to calm, and said: "Forget it, the game is over here, I won't play with you anymore, I'd better send you on your way."

As soon as the words fell, Zhuang Xiaoyue pinched the formula with both hands again and again, and all the aura of the Divine Dao Realm bloomed out, and the hourglass totem behind her shone to the extreme.

Wisps of bright, vast, dazzling light burst out from the hourglass, which is the light of the law of time, enough to make the sky barren and the earth old.

Throughout the time domain, the airflow roared violently, and all laws were turbulent.

The radiance of countless laws of time shrouded Ye Chen.

Under the radiance of these laws of time, Ye Chen felt that his body was aging rapidly.

"You want me to die of old age?" Ye Chen's face darkened, and he immediately understood Zhuang Xiaoyue's intentions.

Chapter 9355

Zhuang Xiaoyue actually wanted to use the law of time to speed up the time in Ye Chen's body by billions of times, causing him to age and die.

Originally, the lifespan of a superior person at the Sky Profound Realm level was endless.

However, the years and time itself carry huge wear and tear.

Therefore, even the high-ranking person will age under the accumulation of wear and tear.

If the wear and tear is too much in a short period of time, people will live and die.

Ye Chen felt that his body was rapidly aging.

"Zhouguang bloodline, reverse it for me!"

With a loud shout, Ye Chen mobilized Zhou Guang's blood to resist the effects of aging.

"It's useless, your cultivation base is too low, you can't exert the power of Zhou Guang's bloodline, and it's not even as good as my fantasy bloodline."

Zhuang Xiaoyue shook her head, the peak pressure of the Divine Dao Realm erupted, and the time on Ye Chen's body accelerated crazily.

This accelerating momentum, even Ye Chen's Zhou Guang blood, was too late to reverse.

White hair appeared on Ye Chen's head. The signs of aging are starting to show.

"No, sister, stop!"

Zhuang Xiaoyan was terrified and wanted to stop Zhuang Xiaoyue, but she was restricted by the law of time and couldn't move at all.

Xia Ruoxue, Wei Ying, the five envoys from the Myriad Fire Realm, and the warriors from the Reincarnation camp, under the pressure of Zhuang Xiaoyue's Divine Dao Realm, couldn't get close to them, and couldn't help Ye Chen at all.

Ye Chen is accelerating aging, this is Zhuang Xiaoyue's method.

Zhuang Xiaoyue knew that Ye Chen's martial arts were extremely powerful. If she was head-to-head, even if she was a master of the Divine Dao Realm, she was limited by the rules. If she wanted to win, she might have to pay a heavy price.

Therefore, she simply used the law of time to kill Ye Chen and let Ye Chen die of old age by relying on the power of time.

Rumble!

The terrifying weather of the law of time shakes the sky.

Both the sky and the earth are old.

The sky lost its color and became lifeless, and all the brilliance of the sun and the moon disappeared.

The solid ground became as soft as a muddy swamp, all the vitality of the land was lost, large areas of vegetation withered, and the entire God Against God battlefield was coming to an end.

Zhuang Xiaoyue's time acceleration method works on Ye Chen, but the leaked energy aura also makes the world desolate and old, and this land is about to perish.

In the core area of the God Punishment Battlefield, Tiannv, Gusu Yu, Chongyang Daoist, Xiao Xinghe, and countless warriors stared blankly in the direction of the God Against God Battlefield.

They can all clearly feel that the Nishen Battlefield is dying, the sky is running out, the earth is getting old, and time has come to an end.

The ground veins of the God-killing Battlefield are full of energy, and in time, it may revive the God-Defying Battlefield.

But today, that God-Defying Battlefield is about to die out.

Ye Chen, too, will grow old and die.

"Is the lord of reincarnation actually going to die of old age?"

"Oh my God, is that the power of the Divine Dao Realm? It really is terrifying!"

"The lord of reincarnation who has always been invincible and whose luck is against the sky is finally about to die in the hands of the gods!"

"The Divine Dao Realm is only a lower god, so how powerful will those gods and gods be?"

Countless exclamations sounded, and everyone was shocked.

They could all clearly sense that Ye Chen was about to die of old age.

In the battlefield against the gods, Ye Chen had more and more white hairs on his head, and he felt that his own strength was rapidly exhausting.

This exhaustion is the wear and tear of time, the exhaustion brought about by the vicissitudes of time.

"Demon girl, you want me to die of old age, that's just a dream!"

Ye Chen stared at Zhuang Xiaoyue sharply, naturally unwilling to die of old age.

boom!

A terrifying wave of dark energy erupted from Ye Chen's body.

"Amulet Ghost Nest, Koi Sky Talisman, break!"

Ye Chen sacrificed the mother nest of the talisman ghost, but it was not to summon the talisman ghost, but to summon the koi celestial talisman sealed in the nest.

hum! The koi talisman emerged, bursting with endless light, and countless great and sacred powers. A strip of koi surrounded Ye Chen's body, slowing down the flow of time on his body, and alleviating signs of aging

.

This koi talisman is the magic weapon of the former Light God Tianzun, and it is also the most powerful one among the Nine Gods Ancestral Treasures.

This koi talisman was tempered with the water from the Origin Immortal Pond, and its energy is extremely vast. With Ye Chen's current cultivation level, he can't exert much power, but it is enough to protect himself.

"Hmm, koi talisman?"

Zhuang Xiaoyue's face changed slightly, and she also knew the power of the talisman.

"Lord of Reincarnation, it seems that it is not so easy to kill you."

"That's all, I sacrificed some of my timeline, and I will kill you today if I try to damage my Dao heart!"

Zhuang Xiaoyue gritted her silver teeth, her gaze was full of determination, and then she squeezed her hands to ignite the essence of her own life.

At least one-fifth of the timeline on her body was burned out in an instant, which was equivalent to her death thousands of times.

The burning of so many timelines, the loss of her life essence and the wear and tear of her Dao heart are also very huge.

Her face paled instantly.

However, she doesn't care.

In order to kill Ye Chen and take her sister back to her side, she is willing to give everything.

"Sister, you are crazy!"

Zhuang Xiaoyan yelled out loud, never expecting that Zhuang Xiaoyue would be so vicious and willing to make such a huge sacrifice to kill Ye Chen.

Rumble! Under the burning of Zhuang Xiaoyue's large amount of life essence, her law of time is even more terrifying.

Chapter 9356

Even Ye Chen's koi talisman couldn't resist the power of accelerating time.

Xia Ruoxue, Wei Ying, Zhuang Xiaoyan and the others watched Ye Chen's body and appearance rapidly aging.

Ye Chen just now was still a tall and handsome young man.

But in the blink of an eye, he became extremely old, with white hair and wrinkles all over his face, and the spiritual energy in his body had been completely exhausted due to the wear and tear of the years.

"Very good, Lord of Reincarnation, you are finally going to die!"

Zhuang Xiaoyue was overjoyed, and continued to speed up time to turn Ye Chen into a dead bone.

"I said, witch, you want me to die of old age, it's impossible!"

Suddenly, a stern voice came from behind Zhuang Xiaoyue.

Zhuang Xiaoyue's expression changed drastically, and when she looked back, she saw a tall and handsome young man with sword-like sharpness in his eyes, it was Ye Chen!

Ye Chen at this moment, where there is no sign of aging, his breath is at its peak.

But in front, there was another old Ye Chen.

The two Ye Chen appeared in the same time domain, which looked a little weird.

"Oops, it's a trick, it's a clone!"

Zhuang Xiaoyue's eyes showed great horror, and only then did she realize that the aging Ye Chen was not Ye Chen's body, but his Qinglian avatar.

When Zhuang Xiaoyue was burning the timeline and the essence of life just now, Ye Chen had already seized the opportunity and immediately switched the main body and the avatar.

It is only his Qinglian avatar that endures the aging of time.

His true self had already circled around Zhuang Xiaoyue's back and suddenly launched a sneak attack.

"Inch strength, open the sky!"

Ye Chen blasted out with a punch, and the scorching sun shone fiercely on Zhuang Xiaoyue's back.

With such a close-range punch, the opponent was defenseless, and he was determined to win.

boom!

Sure enough, without any precautions, Zhuang Xiaoyue was punched and killed by Ye Chen on the spot, spitting blood, and flew out in embarrassment. At least one-fifth of the timeline, she was blown out by Ye Chen and seriously injured.

Seeing the seriously injured Zhuang Xiaoyue, Ye Chen frowned. His punch just now had already used the power of Samsara's blood, and even the power of the scorching sun and life star.

If it is an immortal emperor warrior, being bombarded by Ye Chen with such a punch, he will only end up with his body and soul exploded.

However, Zhuang Xiaoyue did not die, but was injured.

It can only be said that the vitality of a strong person in the Divine Dao Realm is indeed too strong, and they are not dead.

"younger sister!"

Seeing that her sister was seriously injured, Zhuang Xiaoyan wanted to help her, but her body was still unable to move.

Under Zhuang Xiaoyue's serious injuries, she was able to maintain the operation of this time domain, and the time constraints on Zhuang Xiaoyan, Xia Ruoxue, Wei Ying and others showed her terrifying strength.

"Lord of Reincarnation, you are really good at calculating and tricky. No wonder my sister is confused by you. You are indeed a remarkable man."

Zhuang Xiaoyue's delicate body wobbled, and she stood up from the ground, her eyes were still unyielding and stubborn. Although she was seriously injured, she did not admit defeat.

Even, she didn't feel that she had lost.

"Burn my remnant body, burn up my lifespan, time and heaven, come!"

Zhuang Xiaoyue's pupils were golden, and she was covered with the essence of Qi and blood, the essence of life, and the imaginary blood of Zhou Guang, all of which were burned.

She is already crazy.

Just now, she only burned a small part of the timeline, and it will not threaten her life.

But now, she actually burns all her timelines, all life essences, and only keeps the one that survives.

When these timelines are all burned, she will only have one life left in the future, and there will be no chance of resurrection.

Her Dao heart, under the accumulation of huge wear and tear, must also become extremely fragile, and she will be in danger of going crazy at any time in her future practice.

However, in order to kill Ye Chen, she went completely crazy at any cost.

The life, qi and blood in her body were all burning, and all the laws were boiling, and there were bursts of singing in the void, and the sky even rained blood, and the scene was very spectacular.

A translucent giant sword emerged from the air.

That giant sword, with the power of Time and Heavenly Punishment, is the gathering of Zhuang Xiaoyue's countless epochs and the law of time, and it also gathers all her life essence, with a huge lethality.

Ye Chen looked at the translucent giant sword in the sky, and felt the terrifying aura of the Heavenly Punisher, his expression also changed.

He deeply felt the danger, if the giant sword fell down, and the years of Heavenly Punishment came, he would die without a doubt.

All the fighters in the God Punishing Battlefield could see the Heavenly Punishing Great Sword of the Years, and everyone could feel the extreme burning of Zhuang Xiaoyue's divine Dao Realm qi and blood essence, and the bloody beam of light soaring into the sky, it was so spectacular.

She must be stopped!

Ye Chen only had this thought in his heart, if he wanted to survive, he must stop Zhuang Xiaoyue and never let the giant sword fall.

"Demon girl, if you want to work hard, then I will work hard too."

"The Emperor's Sacred Knife, sacrificed to me!"

Ye Chen shouted violently, and somehow, he saw the way to break the situation.

The key to breaking the game is the Human Emperor's Sacred Sword.

The Human Emperor's Sacred Knife is one of the Three Emperors' Supreme Treasures, and its value is very precious. It is the proud work of the Supreme Apocalypse.

Back then, the Supreme Apocalypse even exhausted all his vitality in order to build this knife. In order to prolong his life, he had no choice but to fall into the darkness.

This knife, among many Wuwu artifacts, is also a top-notch existence.

Ye Chen sacrificed the Emperor's Sacred Knife, and with a thought, he threw the Sacred Knife into the sky and sacrificed it directly!

Offering sacrifices to the Emperor's Sacred Sword was an extremely crazy move.

With such a precious weapon as the Human Emperor's Sacred Knife, the power erupted from the sacrifice may not be able to be blocked even by a strong person in the Divine Dao Realm.

And if you want to sacrifice this knife, most people are not qualified.

However, Ye Chen has the blood of reincarnation and has a strong background, even if it is the pressure of offering sacrifices to the Emperor's Holy Sword, he can bear it.

Rumble!

The sky was pouring down with rain, and the blood-colored rain just now turned black as Ye Chen was about to sacrifice the Human Emperor's Sacred Sword.

It seems that the Great Dao of Heaven and Earth was moved by the sacrifice of the Human Emperor's Sacred Sword.

Buzz buzz!

The Human Emperor's Sacred Knife trembled violently and burst into golden light, ready to make a successful sacrifice.

But at this moment, a figure, coming from nowhere, suddenly tore the void and appeared.

That figure is slender and graceful, it should be a woman, shrouded in a black robe, with a hood on her head, covering her face, making it impossible to see her appearance clearly.

As soon as she appeared, she rushed to Zhuang Xiaoyue's side with lightning speed, and cut Zhuang Xiaoyue's back of the neck precisely with a hand knife, knocking her out on the spot.

Zhuang Xiaoyue fainted, the burning of life stopped, and the great sword of time in the sky also collapsed instantly. The mysterious black-robed woman put her arm around the dazed Zhuang Xiaoyue, and then quickly flew to Zhuang Xiaoyan's side, and hugged Zhuang Xiaoyan who was still in a state of astonishment away.

Chapter 9357

She appeared suddenly, and like a ghost, she fled away abruptly, coming and going without a trace.

Ye Chen also looked astonished. He was just about to sacrifice the Human Emperor's Sacred Sword and fight Zhuang Xiaoyue to the death, but he didn't expect the mysterious black-robed woman who suddenly appeared to end all this.

"Who is that?"

Ye Chen was taken aback, looking at the figure of the mysterious black-robed woman going away, vaguely, he seemed to see behind her, there seemed to be three furry cat tails, not of the human race, but of the demon race or something.

When seeing the three tails, Ye Chen felt the half of the tails vibrating violently inside the Heavenly Emperor's coffin, and there was a huge resonance.

"That's... Mitsuo!?"

Ye Chen's pupils contracted, and he caught the secret in an instant, and felt a boundless strange atmosphere covering his heart.

That mysterious black-robed woman just now is very likely to be a clone of Ten-tails, Sanwei!

Among the clones of the ten tails, Ye Chen has already seen the first tail and the second tail, but he has not seen the third tail.

"Could it be that Sanwei has already turned into a human form?"

"Why did she take away the two sisters Zhuang Xiaoyan and Zhuang Xiaoyue?"

Ye Chen pondered, feeling deeply puzzled.

If the Tianji induction is correct, the mysterious black-robed woman just now should be Sanwei.

Sanwei suddenly appeared and took away the two sisters Zhuang Xiaoyan, leaving Xia Ruoxue, Wei Ying and the others astonished.

With Zhuang Xiaoyue being taken away, the time domain and constraints that enveloped them all dissipated.

Ye Chen, Xia Ruoxue and the others got rid of the shackles of the time domain, and they were all in a trance.

Only then did they realize that the time outside had already passed by one day.

The fierce battles just now all took place in that time domain, and in that time domain, the flow rate is different from that of the outside world. All the battles took place in the blink of an eye, but a day in the outside world has passed.

"Not good, the secret of heaven has been leaked, the aura of the Heavenly Emperor's Soul Breaking Gun and Aotiandi's Heavenly Emperor's blood will be revealed."

Ye Chen's expression changed.

Ye Chen learned about these two opportunities, the Heavenly Emperor's soul-breaking gun and the Aotiandi's blood, from the mouth of Jiantiandi.

Such a huge opportunity, since Emperor Jiantian said it, it must touch the secret, and if it cannot be concealed, it can only be concealed for a day at most.

Now that one day has passed, the heavenly secret has been touched, and the whereabouts of those two chances can be sensed by everyone.

In addition to the origin of the Immortal Pond, the three great chances in the God Punishment Battlefield are the Heavenly Emperor's Soul Breaking Spear and the Heavenly Emperor's Blood of the Aotian Emperor.

"Ye Chen, those two chances..."

Wei Ying walked to Ye Chen's side in a hurry, and at this moment, she also sensed the changes in the heavenly secrets and knew that something was wrong.

The two sisters, Zhuang Xiaoyan and Zhuang Xiaoyue, were taken away by Sanwei. This matter is indeed full of strangeness.

But now, is not the time to worry about that.

The most important thing is to grab the opportunity! Ye Chen took a deep breath and looked towards the core of the God-killing battlefield, but he clearly felt that the two chances, the Heavenly Emperor's Soul Breaking Spear and the Heavenly Emperor's blood, were actually in the same place, as mentioned by Emperor Jiantian. theocracy

on stage.

Divine power platform is the place where Emperor Yuantian killed Emperor Huntian.

Now, the heavenly secret has been leaked. In the core battlefield, there are many warriors running towards the Divine Power Platform, all wanting to grab the opportunity.

There are also many warriors who continue to rush in the direction of the Origin Immortal Pond.

Xia Ruoxue said: "Ye Chen, where should we go?"

Now, in front of Ye Chen, there are two paths, one is to snatch the Origin Immortal Pond, and the other is to go to the Divine Power Terrace.

There are great opportunities in both places.

"I don't know how the Celestial Girl and Chongyang Daoist will choose."

Ye Chen pondered in his heart, then quickly made a decision, and said to Xia Ruoxue and Wei Ying: "You take people to fight for the Origin Immortal Pond, and I will go to the Divine Power Terrace!"

He promised Emperor Jiantian that he would save the dead soul of Emperor Aotian.

Aotian Emperor's blood of the Emperor of Heaven is on the platform of divine power, Ye Chen naturally cannot let this drop of Emperor of Heaven's blood fall into the hands of outsiders.

Xia Ruoxue and Wei Ying looked at each other, and finally nodded, "Okay!"

The situation is critical. If you go late, you may not be able to grab any opportunities.

At the moment, Ye Chen's troops are divided into two groups.

Ye Chen put away the Qinglian avatar and the Human Emperor's Sacred Sword, and headed to the direction of the divine power platform alone.

He didn't bring anyone because he wanted to leave the manpower to Xia Ruoxue.

Xia Ruoxue and Wei Ying took the five envoys from the Myriad Fire Realm, as well as many warriors from the reincarnation camp, to the Origin Immortal Pond.

A group of people left the God-defying battlefield and formally entered the core area of the God-killing battlefield. This core area is vast and boundless, the sky is blue, the earth is full of vitality, green grass and forests are everywhere, there are many precious medicinal materials in the forest, and many concentrates can be seen everywhere on the ground, and there are many treasures on the cliffs.

On the ground, there are many weapons, magic weapons and magical secret books scattered on the ground, all of which were created by the Yuantian Emperor and the Huntian Emperor during the battle in those years, and the leakage of fantasy energy.

Undoubtedly, in this god-killing battlefield, there are so many natural materials and earthly treasures, enough to make people rich.

The battle between Ye Chen and Zhuang Xiaoyue just now made the Nishen Battlefield old and old. That world is dead, but the core area of the Zhushen Battlefield is still full of vitality and treasures are everywhere.

Of course, there are many ferocious beasts rampant in this core area, and if you want to collect treasure resources, you also need to pay a price. Warriors from various schools and sects, as well as Tiannv,

Chongyang Daoist, etc., because they are the entrances to Zouxingtian Battlefield and Zangxu Battlefield, they can easily reach the core area, one step earlier than Ye Chen.

Chapter 9358

Now, the warriors of various families and factions have no interest in the common resources scattered on the ground, and all of them are flying in the direction of Origin Immortal Lake or Divine Power Terrace.

Those big opportunities, although ordinary warriors are not qualified to fight for them, everyone wants to try their luck.

Alone, Ye Chen flew towards the direction of the Divine Power Tower.

He recalled the mysterious woman just now, that was Sanwei.

The figure of Sanwei is always lingering in his mind.

"Is Sanwei alone, or is there some force behind it?"

"..."

"Forget it, these things will be discussed later, the most important thing is to fight for opportunities now."

Many thoughts flashed through Ye Chen's mind, and he was very curious about Sanwei's background.

But now, obviously, is not the time to consider this issue.

He shook his head, took a deep breath, and then got rid of all the distracting thoughts about Sanwei in his mind.

Then, Ye Chen calmed down and quickly went to the Divine Power Platform.

The closer he got to the Divine Power Platform, the more Ye Chen felt that there was some mist around him, and the mist became thicker and thicker, showing a grayish white color, showing a bit of weirdness.

Moreover, the closer he got to the Divine Power Platform, Ye Chen felt that the tombstone in the cemetery of reincarnation shook more violently, as if a new power was about to be born.

"Could it be that the new power has something to do with the God-killing Battlefield and the Divine Power Platform?"

Ye Chen's heart moved, and he felt a faint touch.

Ahhh!

But at this moment, a sharp scream sounded from in front of Ye Chen.

The fog is getting thicker and thicker, and the Divine Power Tower is in the depths of the fog. Many warriors who arrived earlier than Ye Chen are lost in the fog, unable to find their way forward.

In the mist, there are some dark and mysterious things hidden, jumping out from time to time to kill people, and those with a little less cultivation will throw their lives here.

Many warriors were frightened and found that the Divine Power Terrace was too terrifying, and this place was not for them.

Some people are timid and want to go back, but the way back has been covered by fog.

Under the thick fog, no one could see their fingers, and no one could see the way forward, nor the way back.

The people could only rely on the traces of the secrets of the Divine Power Platform to go deep, but the surrounding fog was too thick, and it had a very strange atmosphere. Many people thought they were advancing, but they were actually spinning around in place.

Ye Chen walked all the way, and sometimes there were some weird touches under his feet, as if he stepped on some dead bones, and some corpses that had been dusty for many years, which made people feel hairy.

Ye Chen knew that these were the skeletons left by the people who practiced in the God-killing Battlefield in the past. These skeletons were full of resentment, and now they have turned into dark monsters in the mist, which is very terrifying.

What's even more frightening is that the surrounding fog is full of fantasy concepts. If people accidentally touch the fantasy, they will fall into the hallucination and cannot extricate themselves.

Buzz buzz!

Ye Chen's head shook for a while, and he knew that he had also touched those fantasy concepts inadvertently. Fortunately, his Dao heart was strong and he did not fall into the hallucination.

Ye Chen took a deep breath, calmed down, and moved on.

"Roar!"

At this time, a sharp roar suddenly exploded from the side.

I saw a distorted wraith suddenly culled out.

The resentful spirit's face was ferocious, his hands were like ghost claws, mixed with a fierce wind, he charged through the air with a very violent momentum.

Ye Chen took his time and swung the Samsara Heavenly Sword to kill the resentful spirits that came to him.

With his current strength, ordinary resentful spirits and undead souls can't hurt him at all.

"Aw!"

There was another loud roar.

But this roar did not come from near Ye Chen, but from far away.

"Is it the direction of Origin Immortal Pond?"

Ye Chen raised his head and looked into the distance. Although his eyes were covered by mist, he still vaguely caught something.

This huge roar, filled with fiery fury, seemed to come from the Immortal Pond of Origin, and it was related to the Myriad Fire Realm!

"It seems that the battle has already begun at Yuanyuan Immortal Pond."

Ye Chen thought to himself.

The origin of Xianchi is one of the three great opportunities.

Ye Chen, Xia Ruoxue and the others split into two groups. Now that he has come to the Divine Power Platform, Xia Ruoxue's side, he presumably has arrived at the Origin Immortal Pond, and a fight broke out with others.

There was a lot of fog in front of Ye Chen, and he didn't know the outcome of the battle over there.

"We must seize the opportunity here as soon as possible, and then go to Yuanyuan Xianchi to meet Ruoxue, Wei Ying and the others!"

Thinking like this, Ye Chen speeded up and walked towards the center of the Divine Power Platform.

However, after walking for a while, Ye Chen found that he hadn't advanced half a step, as if he had been circling in situ, and the distance from the center of the Divine Power Platform hadn't been reduced at all.

"It's weird!"

"It seems that this fog is like a maze. If you don't dispel the fog, you won't be able to go to the Divine Power Tower."

Ye Chen's eyes were fixed, and he felt more and more weird about this fog, even he couldn't find his way.

After going around, Ye Chen also met many warriors.

These warriors could neither find a way forward nor a way back, and everyone was terrified.

When they saw Ye Chen, they followed him as if they saw a savior.

After a while, hundreds of warriors had gathered beside Ye Chen, and everyone was headed by Ye Chen, their eyes were full of respect.

However, Ye Chen himself was also trapped in the fog, and he didn't know how to break the situation.

However, the warriors around were also full of gratitude to Ye Chen.

Because, with Ye Chen here, even if they can't get out of the fog, at least they don't have to worry about being attacked by monsters in the fog.

After wandering around for a day, Ye Chen still had no clue.

Outside the mist, from the Yuanyuan Immortal Pond, there were continuous sounds of fighting and explosions. It seemed that the battle there was getting more and more intense.

However, the foggy world where Ye Chen lives is filled with a dark and depressing atmosphere.

Ye Chen and many warriors rested on the ground and discussed countermeasures.

Ye Chen probably thought of a way to break the situation, that is, to summon the Lieyang Fate Star, relying on the light of the Lie Sun Fate Star to dispel the fog.

However, the scorching sun star is Ye Chen's hole card. If he releases it, his own consumption will inevitably be huge.

At that time, other warriors will take advantage of it, and it will be troublesome.

In this foggy world, Ye Chen vaguely caught two powerful auras.

That was the aura of Tiannv and Daoist Chongyang!

The Heavenly Maiden and the Chongyang Daoist are also here.

Once Ye Chen fell into weakness and was taken advantage of by Tiannv and Chongyang Daoist, the consequences would be disastrous.

The Celestial Girl and Daoist Chongyang are here, Gusu Yu and Xiao Xinghe are going to compete for the Immortal Pond of Origin.

"The goddess is here!"

When Ye Chen was taking a rest, suddenly a warrior beside him exclaimed. Ye Chen looked up, and saw a woman walking slowly in the mist, wearing a snow-white dress, with a peerless temperament, graceful and graceful, surrounded by the aura of the Ice Phoenix, she was the goddess.

Chapter 9359

The atmosphere of the ice phoenix surrounded by the delicate body of the celestial maiden slightly dissipated the surrounding fog.

Behind her, hundreds of warriors followed.

Those martial artists also couldn't find their way, so they followed the goddess.

"Goddess, you are here."

Seeing the appearance of the goddess, Ye Chen was slightly touched in his heart, but soon returned to his indifferent appearance.

Between him and the goddess, there are many pasts, love and hatred intertwined, grievances and resentments are entangled and complicated.

However, he is now in a decisive battle with the goddess, so naturally he will no longer dwell on the past.

The goddess stared at Ye Chen, with thousands of stars twinkling in her eyes, with a half-smile expression on her face, and the warriors around were fascinated when they saw her eyes.

The temperament of the goddess is really too elegant.

"Ye Chen, the sky is full of fog, do you have a way to break the situation?"

With a slight smile on the corner of her mouth, Tiannv said to Ye Chen.

"No, How about you?"

Ye Chen said.

The goddess said: "You have it, as long as you summon the scorching sun star, no matter how big the fog is, it can be dispelled."

The surrounding fog is too dense, even the goddess can't find a way out.

Ye Chen chuckled, and said, "You want me to summon the Scorching Sun Fate Star, and then benefit you? But I fell into weakness and let you slaughter me?"

The goddess smiled and said, "I know your worries, but I have a way to get the best of both worlds, and you don't need to consume too much."

Ye Chen said: "Oh?"

The celestial girl said: "We can lend you strength to gather the aura on you. In this way, you don't need to consume much yourself to summon the scorching sun and life star, and you don't have to worry about falling into weakness."

Speaking of this, the goddess said to the warriors around: "Would you like to lend your strength to the Lord of Reincarnation?"

When everyone heard Tiannv's words, they all thought in their hearts, instead of being trapped in the fog, they might as well lend their strength to Ye Chen, and maybe they can break through the fog.

"I would."

"I would too."

At that moment, everyone nodded in agreement. If they could really break through the fog, they wouldn't mind lending their strength to Ye Chen.

The goddess smiled and said, "Ye Chen, what do you think? After the mist is cleared, find the location of the Divine Power Platform. It depends on each person's ability to decide who gets the two chances."

No matter who the two chances, the Heavenly Emperor's Blood and the Heavenly Emperor's Soul Breaking Spear belong to in the end, we must first break through the fog before talking about it, otherwise, everything will be empty talk.

Ye Chen's heart moved slightly. If he combined the power of everyone and summoned the scorching sun and life star, he really didn't need much consumption.

"And what about Chongyang Daoist?"

Ye Chen thought of the real person Chongyang, and now the real person Chongyang has not appeared, if the other party hides in the dark and reaps the benefits, it will be very bad.

"Hehe, Lord of Reincarnation, this old man is here."

In the mist, an old voice sounded.

I saw Daoist Chongyang appearing with big strides, with the aura of dark clouds lingering all over his body.

Those wisps of dark clouds were actually Banwei, with a very strange aura. Although Daoist Chongyang had restrained himself as much as possible, the dark fluctuations emanating from that Banwei made everyone in the audience palpitate.

"Lord of reincarnation, I never thought of being your enemy, but you are too guarded against me."

Master Chongyang laughed.

Ye Chen shook his head and said, "I don't want to be your enemy either, but for the opportunities in this battlefield, if you want it, I want it too. Fighting is inevitable."

Master Chongyang nodded and said with a smile: "That's true. We agreed to fight against the Moral Heavenly Venerable together, but in the face of a heaven-defying opportunity, it seems that we all have our own ideas, haha."

Ye Chen said: "Cooperation is cooperation, but the opportunity I want will not be given to anyone."

Today's Ye Chen and Chongyang Zhenren are actually in a cooperative relationship. Both of them have a common enemy, which is the Taoist Tianzun.

It's just that one yard counts for one yard, and both of them want to seize the chance of killing gods on the battlefield, so the battle is naturally inevitable.

Master Chongyang smiled and said: "I am the same way, that's all, let's dispel the fog here, I can lend you my strength, anyway, I won't let you suffer."

"When the fog clears, whoever can grab the opportunity will depend on who's ability is great."

After all, Daoist Chongyang didn't talk nonsense, and directly released his own aura, wisps of dark red immortal emperor's light diffused from his body, connecting to Ye Chen like a thin thread.

In the next moment, Ye Chen felt that the majestic aura of the Immortal Emperor poured into his body.

Seeing this, the celestial girl also released her own aura, and a ray of ice phoenix breath emanated from her, and finally converged on Ye Chen.

The warriors around also hurriedly lend their strength to Ye Chen.

The power of the crowd converged on Ye Chen, causing Ye Chen's meridians to surge like a horned dragon.

Various auras of different attributes rolled around Ye Chen's body. If an ordinary person was infused with so many different auras, he would probably end up exploding and dying.

Only Ye Chen, relying on the powerful containment effect of the reincarnation blood, can carry so many auras of different attributes.

"Very good, thank you all for your help, I will summon the scorching sun star to dispel the fog!"

Ye Chen took a deep breath, his eyes sharpened sharply, and then he urged Lie Sun Mingxing to summon Lie Sun Mingxing directly.

hum!

A round of golden scorching sun slowly rose from Ye Chen's head, emitting vast and dazzling sunlight.

That is exactly the weather of the scorching sun and fate star! Seeing the scorching sun above Ye Chen's head, all the warriors around let out shocking voices.

Chapter 9360

That round of scorching sun was really too brilliant, too dazzling, too dazzling. Countless great and sacred laws, immortal origin qi, revolved around that scorching sun.

In the scorching sun, one can vaguely see the great scene of the Kingdom of Reincarnation.

Under the brilliant light of the scorching sun and fate star, all warriors dared not look directly and lowered their heads.

"Praise the sun! The scorching sun and life star are indeed vast and sacred!"

Seeing the appearance of the scorching sun and life star, Chongyang Daoist let out an almost crazy sound of admiration, which didn't match his calm and old appearance.

According to the legend, the Golden Wheel of the Emperor of Heaven, one of the four supreme artifacts of Wuwu Time and Space, was actually created out of fantasy with the inspiration of the scorching sun and fate star.

That is to say, the scorching sun star is the fantasy source of the golden wheel of the emperor of heaven, and its power is very terrifying.

Daoist Chongyang has been in contact with the Heavenly Emperor's Golden Wheel. As the Sanshen Tianzun, he can also borrow the power of the Heavenly Emperor's Golden Wheel. He is naturally full of admiration and admiration for the fantasy source of the Heavenly Emperor's Golden Wheel, Ye Chen's scorching sun and fate.

Even, there is a trace of abnormal fanaticism and greed.

Looking at the fiery eyes of Master Chongyang, Ye Chen inexplicably felt a little hairy in his heart.

Looking at the appearance of Daoist Chongyang, it seems that he can't wait to swallow his own scorching sun star.

"The glow of the sun, dispel the fog, break!"

After a pause, Ye Chen calmed down and urged the scorching sun and life star to burst into beams of blazing light, which radiated around.

Now he has gathered the aura power of everyone, and he doesn't consume much himself.

Buzz buzz!

The scorching sun and life star vibrated, beams of dazzling sunlight bloomed out, the blazing majesty was like the wrath of the sky, and the roar of the rumbling air flow resounded in the void, which was shocking.

"If I didn't have the seal of the Emperor Yan, I'm afraid I can't match this scorching sun star."

Feeling the breath of the scorching sun and stars, the celestial girl's eyes turned slightly cold, and she felt a deep sense of danger.

The power of the scorching sun and life star is too terrifying, enough to melt the emperor. If she doesn't have the seal of Emperor Yan, she may not be able to stop it.

This scorching sun star is only the second star in the seven stars of reincarnation, and the power of the dark night star and skyfire star behind it will only be more terrifying.

Thinking of this, Tiannv's heart became hotter, and her desire for the blood of reincarnation became more urgent. Looking at Ye Chen's tall and straight body, she even wanted to swallow Ye Chen whole!

Under the light of the scorching sun, the surrounding fog quickly dissipated.

Soon, the mist covering the world completely dissipated.

A barren, desolate, dark, and terrifying environment appeared before everyone's eyes.

In front of everyone, there is a huge high platform built with rocks, it is the platform of theocracy built by Emperor Yuantian himself.

On the altar of divine power, a gun was inserted upside down.

This gun is also extremely huge, like a steep and straight mountain, reaching straight into the sky.

This gun was entirely made of stone, grey-black, stern, and unsophisticated. There were many simple and mysterious inscriptions engraved on the gun body, and wisps of dark aura lingered on it, swaying like mist.

Ye Chen, Chongyang Daoist, Tiannv and others were shocked when they saw the gun.

That was Yuan Tiandi's weapon, the Heavenly Emperor's soul-breaking gun!

Back then, Emperor Yuantian used this spear to kill Emperor Huntian on this stage of theocracy.

At this moment, on Tiandi's Soul Severing Spear, the body of the gun was stained with traces of blood.

With the vicissitudes of time, the trace of blood is still very fresh, without any signs of drying up, and it is still slowly flowing down the gun body.

But that was not the blood of Emperor Huntian.

Back then, when Emperor Yuantian killed Emperor Huntian, he had already wiped out all traces of the opponent's existence, all timelines, and did not give him any chance of resurrection.

Hun Tiandi had already been wiped out, not even a drop of blood or a speck of ashes remained.

Therefore, the blood on the Celestial Emperor's Soul Severing Spear does not belong to the Celestial Emperor, but to another person.

It's Emperor Aotian!

With a glance, Ye Chen caught the secret and saw the ancient picture.

In the past, Emperor Aotian and Emperor Jiantian pursued Emperor Longtian, and wanted to ask the other party to come forward to dissuade Emperor Yuantian from attacking the other side of the starry sky.

However, Emperor Longtian refused, and a fierce battle broke out between the two sides.

In the end, Emperor Longtian borrowed the power of Emperor Huntian's horcrux to kill both Emperor Aotian and Emperor Jiantian.

Back then, Emperor Aotian felt bad when he saw Emperor Longtian move out the Horcrux.

He fled to the Divine Power Terrace, intending to draw out the Heavenly Emperor's soul-breaking gun to fight against the Dragon Emperor.

This Heavenly Emperor Soul Breaking Spear was the weapon of Yuantian Emperor in the past.

And Emperor Yuantian is the master of Emperor Longtian!

If Emperor Aotian can pull out this spear, he may have a chance to suppress Emperor Longtian by relying on the coercion left by Emperor Yuantian.

However, before he had time to pull out the Heavenly Emperor's Soul Severing Spear, a ray of dark light came to kill him.

That is the killing light of the Horcrux!

Emperor Aotian was killed on the spot. He died with boundless remorse and regret, and his blood was left on the soul-breaking gun of Emperor Aotian forever.

Because his resentment was too strong, even if he was later resurrected by the Buddha, his blood of the emperor of heaven still remained here, and he could not be detached, and became his eternal demon.

Ye Chen looked at Tiandi's soul-breaking gun, looked at the blood on the gun, and the image of the ancient secret came into his mind.

He could feel Aotian Emperor's strong unwillingness and strong resentment.

If Emperor Aotian could pull out the Heavenly Emperor's Soul Breaking Spear back then, he might not have died. Tiannv and Daoist Chongyang also captured the ancient secrets, and they were all shocked.
