

## Physician 9361

### Chapter 9361

The warriors around also clearly felt Aotian Emperor's resentment, the resentment of this remnant is enough to suffocate.

Around the Altar of Divine Power, in a radius of a hundred miles, there were dead bones and many dusty corpses scattered everywhere. There were broken knives and swords everywhere, and the scene was desolate.

Those are the bones left behind by countless warriors who entered the battlefield of killing gods since the Yuan Dynasty.

Those who wanted to pull out the Heavenly Emperor's soul-breaking spear and refine the blood of Aotiandidi, they all died.

The Heavenly Emperor's soul-breaking spear and the blood of Aotiandi are rare and great opportunities.

The Celestial Emperor's Soul Breaking Spear is a weapon made by Yuantian Emperor. It was used to kill the Soul Emperor back then. Its lethality can be imagined, and its value is definitely comparable to the four supreme artifacts.

As for the Aotian Emperor's blood, in terms of value, of course it is far from being comparable to the Heavenly Emperor's Soul Breaking Spear.

However, Emperor Aotian is a ninth-rank Heavenly Emperor, and if the emperor's blood left by him is absorbed by ordinary immortal emperors or warriors of the Divine Dao realm, it will be enough to advance by leaps and bounds, and naturally attract many people's coveted.

More importantly, Emperor Aotian is also in charge of the Thirty-Three Heavens Divine Art, the Nine Heavens of Aotian.

If he refined his blood, he would be able to comprehend the world-defying Ninth Heaven, which would be of great benefit.

Ye Chen, Tiannu, Daoist Chongyang, and all the warriors present looked at the dusty dead bones and corpses scattered around the divine power platform, and they all saw the ancient scene of heavenly secrets.

In the past era, in the infinite time and space, there are countless warriors, families and sects, and forces who frantically broke into the battlefield of killing gods, trying to snatch the Heavenly Emperor's soul-breaking gun.

However, the Heavenly Emperor's Soul Breaking Spear has a terrifying murderous aura. Back then, he had killed the Heavenly Emperor Soul, and it carried an extremely terrifying killing pressure.

For countless epochs, no one has been able to pull out this gun, and anyone who tries to pull out a gun is dead.

Because there were too many dead, the law of heaven and earth was touched, and the sky sent down divine punishment, which led to the closure of the God Punishment Battlefield.

"That's... the weapon used to kill the Heavenly Emperor Hun, the Heavenly Emperor's Soul Breaking Spear!"

"Oh my god, what a terrifying murderous aura!"

"This gun is definitely not something anyone can pull out."

"It seems that no one can take this opportunity away."

"It's not in vain to see such a powerful weapon today!"

After seeing the ancient secret past, many warriors made shocking and amazed voices.

The power of the Heavenly Emperor's soul-breaking gun is so terrifying that no one can subdue it without time and space.

The warriors present naturally did not expect that they could subdue the Heavenly Emperor's Soul Breaking Spear.

However, they don't regret it, they don't regret coming here.

Because, to be able to glimpse such a heaven-defying weapon, there is no regret in this life.

Moreover, this Celestial Emperor's Soul Breaking Spear contains ancient ideas, observing this spear can improve one's own martial arts.

Crash, clatter, clatter.

Some warriors actually broke through on the spot, with spiritual light rushing from their bodies.

And there are many warriors who want to leave after being amazed and enlightened.

Because the chance of the Heavenly Emperor's Soul-Breaking Spear is too great, no one dares to touch it.

"Ants, disturbing my peace, still want to leave?"

Suddenly, a cold and cold voice came from the Heavenly Emperor's Soul Severing Spear.

Then, strands of blood-colored light shot out like crossbow arrows, and those warriors who wanted to leave were shot and killed by the blood-colored light on the spot, and fell to the ground dead with a muffled grunt.

The sudden change shocked the audience.

Ye Chen, Tiannv, and Daoist Chongyang retreated one after another, and many warriors also retreated, looking at Tiandi's soul-breaking gun in horror.

I saw a battle spirit figure manifested on the Heavenly Emperor's soul-breaking spear.

That battle spirit is full of majesty and arrogance, with majesty between his brows, a burly and majestic physique, and a spear in his hand, which is made of stone, and its appearance is exactly the same as the Heavenly Emperor's Soul Breaking Spear.

"It's Emperor Aotian!"

Tiannv's face darkened, and she took a few steps back again.

That battle spirit was transformed by Aotian Emperor's remnant thoughts, full of resentment.

When Ye Chen saw the dark and gloomy aura between Aotian Emperor's eyebrows, he knew that he had accumulated too much resentment and had fallen into darkness.

"Aotian Emperor, is that you?"

"I am a friend of Emperor Jiantian."

Ye Chen tried to ask a question.

"What sword emperor, I have never heard of it."

"You are all ants, you are all bastards, if you want to get my hands on my Heavenly Emperor Soul Breaking Spear, you will all die!"

Emperor Aotian was furious, his voice was like thunder.

Sure enough, his battle spirit has fallen into darkness, lost his reason and memory, and even his best friend Jian Tiandi doesn't remember.

boom!

Emperor Aotian swung his spear like a thunderbolt, sweeping towards Ye Chen with a ferocious aura.

Feeling deeply in danger, Ye Chen hurriedly drew back.

At this time, the power lent to him by everyone has been exhausted, and the scorching sun and life star have returned to his body.

Facing Emperor Aotian, Ye Chen suddenly felt extremely difficult.

When Emperor Aotian was at his peak, he was a ninth-rank Heavenly Emperor, very powerful, and the battle spirit transformed from his blood and resentment, even if under the rules of the God-killing Battlefield, his strength was limited to the first level of the Divine Dao Realm, it was also very terrifying, compared to ordinary Divine Dao Realm warriors must be strong.

Rumble!

At this moment, Ye Chen felt the cemetery of reincarnation in his body, a tombstone flickered, and then a powerful and burly figure slowly emerged.

It was a middle-aged man with tough eyes and an aura like the abyss, immeasurable.

"Xin Da Neng awakened?"

When Ye Chen saw this middle-aged man, he was overjoyed.

Chapter 9362

The middle-aged man frowned, looking at Emperor Aotian, it seemed that Emperor Aotian woke him up.

"Master Tomb Owner, this Aotian Emperor is not easy to deal with, you'd better leave quickly."

The middle-aged man looked at Emperor Aotian with deep fear.

"Senior, do you know Emperor Aotian?"

Ye Chen asked.

When the middle-aged man heard Ye Chen's words, his eyes showed a trace of bewilderment, as if he was lost in thought, and said in a sleepy tone:

"Should know."

"My memory is so worn out that I can't remember a lot of things, but I still remember my name."

"My name is Qi Yuan."

"I still remember Emperor Aotian. Back then, I stepped into the God Punishment Battlefield, and under the Heavenly Emperor's soul-breaking spear, I realized martial arts and learned a peerless spear technique."

This newly awakened power, named Qiyuan, has actually come to the battlefield of Zhushen to practice, and even comprehended martial arts under the soul-breaking spear of the Heavenly Emperor.

At the beginning of his speech, he was as confused as a dream, but in the end, his eyes gradually showed sharpness, and the spiritual energy in his hand gathered, and he transformed into a battle gun.

At this time, Emperor Aotian roared wildly, waved his spear, and chased after Ye Chen.

The berserk divine aura exploded from Aotiandi's body, forming a dark red beam of evil light that shot straight into the sky, which was very spectacular.

The warriors around, seeing such a violent appearance of Aotian Emperor, were extremely shocked in their hearts, and secretly sweated for Ye Chen.

Ye Chen retreated and dodged again. With his current strength, he could defeat ordinary immortal emperors, but if he wanted to deal with a powerhouse at the first level of the Divine Dao Realm, even a half-step Divine Dao Realm powerhouse, he was obviously not strong enough.

Although there is only a slight difference between the Divine Dao Realm and the Immortal Emperor, it is actually a world of difference.

Because the masters of the Divine Dao Realm are real gods, even if they are only low-ranking gods, they are far above the so-called high-ranking ones.

Seeing Ye Chen's constant dodging, Qi Yuan said, "Master Tomb Master, do you need to borrow my power? My Qi Yuan Fantasy Spear may be able to help you."

Holding the battle gun in his hand, Qiyuan exploded with spiritual energy, releasing infinite divine light, illuminating the entire cemetery of reincarnation.

His gun, like a dream, is full of killing power, with the vast aura like the abyss and the sea.

Back then when he was under the Heavenly Emperor's Soul-Breaking Spear, he comprehended martial arts, and the martial arts he comprehended was this Seven Abyss Illusory World Spear!

While dodging Aotiandi's attack, Ye Chen said to Qiyuan: "Thank you for your kindness, senior, it's not needed now."

He doesn't want to rely too much on the power of the cemetery of reincarnation. If it is not a last resort, he doesn't want to rely on the power of reincarnation.

Qiyuan said: "You are alone, I am afraid it will be difficult to fight against Emperor Aotian. I was killed by him back then."

"In fact, many people who broke into the God Punishment Battlefield and wanted to collect the Heavenly Emperor's Soul-Severing Spear were all killed by Aotian Emperor."

Qiyuan's memory has been worn out a lot, but he remembers everything about the Battle of the Gods of Punishment clearly.

Because the experience in the battlefield of killing gods really made him too deep.

He was killed by Aotian Emperor back then, and Aotiandi's blood resentment has always remained on the Heavenly Emperor's Soul Breaking Gun. Anyone who wants to collect the Heavenly Emperor's Soul Breaking Gun will be killed by him.

Even if someone breaks through Aotian Emperor's barrier by chance and comes into contact with the Heavenly Emperor's Soul-Breaking Spear, he will be killed by the evil spirit on the Heavenly Emperor's Soul-Breaking Gun in the end.

Therefore, from ancient times to the present, no one has ever been able to subdue the Heavenly Emperor's Soul-Breaking Spear.

Back then, Qi Yuan didn't even try to subdue him, because he knew it was impossible.

The Heavenly Emperor's Soul Breaking Spear is the weapon left by the Yuantian Emperor. It was so powerful to kill the existence of the Heavenly Emperor's soul.

Back then, Qiyuan was only comprehending under the Heavenly Emperor's soul-breaking spear, constantly comprehending martial arts.

It's a pity that even so, he still offended Emperor Aotian and was killed in the end.

Ye Chen has also personally felt the strength of Emperor Aotian now, and it is indeed extremely terrifying to deal with it.

boom!

Aotiandi fired another shot, like howling heaven and earth, mixed with the sound of wind and thunder, and swept towards Ye Chen.

This shot blocked all of Ye Chen's exits, and it was inevitable.

"Myriad Sword God Star, Myriad Sword Airflow!"

Ye Chen shouted violently, and suddenly sacrificed the Myriad Sword God Star, countless sword qi gathered into a torrent, slashed out fiercely, and slashed towards Aotian Emperor.

"Ant, dare to fight back?"

Emperor Aotian disdained to shout angrily, the gun was powerful, the wind and thunder exploded, and with a sweep of the gun, Ye Chen's torrent of sword energy was crushed in an instant.

Ye Chen received a huge shock, backed away again and again, his face was rather ugly.

Emperor Aotian is indeed powerful. Even under the restrictions of the laws of the God-killing Battlefield, his cultivation is only at the first level of the Divine Dao Realm, but the power he erupts far exceeds that of ordinary low-gods. Ye Chen has no chance of victory at all.

"snort!"

After Aotiandi crushed Ye Chen's torrent of sword energy with one blow, he snorted coldly and wanted to chase him down again.

But suddenly, he saw the Myriad Sword God Star above Ye Chen's head, as if some memory was touched.

He was stunned for a moment, staring at the Myriad Sword God Star in astonishment, and murmured: "This star...why, why did my Dao Heart suddenly touch me?"

Seeing this, Ye Chen knew that Aotiandi was touched by the remaining willpower of Jiantiandi on Wanjianshenxing.

Roar!

At this moment, a terrifying beast roar came from the side.

Daoist Chongyang made a move.

I saw wisps of dark clouds seeping up on Daoist Chongyang's body. It was the energy aura of the half-tailed divine beast. Now it erupted completely, and a terrifying beast roar resounded.

Among those dark clouds, there are all sorts of strange and indescribable phenomena floating around, mouths full of fangs, and eyeballs of blood red and dark green, constantly flickering.

It was a nightmarish scene, a mysterious scene never seen in the real world.

Daoist Chongyang clenched his fists, and his fists roared like an angry beast, which was very disproportionate to his old and steady body.

Taking advantage of Aotiandi's loss of consciousness, he directly punched Aotiandi's head heavily.

Hey!

From the other side, an Ice Phoenix cry came.

The heavenly girl held the Ice Phoenix Heavenly Sword and also made a move at the same time.

She saw runes of rocks surrounding her Ice Phoenix Sword, which turned out to be the runes of the Earth Emperor's Divine Book.

The heavenly girl actually fused the Ice Phoenix Heavenly Sword with the Earth Emperor's Divine Book!

The Divine Book of the Earth Emperor is one of the most treasured treasures of the Three Emperors. It has the appearance of the majesty and wrath of the earth and is very fierce.

The Ice Phoenix Heavenly Sword was fused with the Divine Book of the Earth Emperor. This sword suddenly became a heaven-defying artifact. It has both the elegance of the Ice Phoenix and the thickness of the earth, like the fusion of heaven and earth.

This sword was also aimed at Emperor Aotian's head.

Chongyang Daoist and Tiannv both shot, and did not sit back and watch Ye Chen be in danger.

Because they are all smart people.

They knew very well that if Ye Chen was defeated, it would be their turn next.

Emperor Aotian is too strong, if he wants to defeat him, there is only three people to join forces.

Chapter 9363

"Want to attack me?"

Emperor Aotian came back to his senses, swung his spear with his right hand, and struck back at the sword of the goddess, and pinched a magic formula with his left hand, laying down an air wall of causal law.

Ding!

His spear collided with the Celestial Ice Phoenix Heavenly Sword, immediately exploding a large amount of sparks, forcing the Celestial Lady back again and again on the spot.

boom!

Daoist Chongyang swung his fist to kill him, but he was directly blocked by the causal law air wall set up by Emperor Aotian, so he couldn't hurt him at all.

"This guy....."

Both Daoist Chongyang and Tiannv's expressions changed wildly, deeply feeling the strength of Emperor Aotian.

They were making a surprise attack, but they couldn't even take advantage of it.

Seeing this scene, Ye Chen knew that if he wanted to defeat Emperor Aotian today, he had to use his hole cards.

"Realist Chongyang, heavenly girl, lend me your strength again!"

Ye Chen yelled at Chongyang Daoist and Tiannv, his body faintly filled with the brilliance of the scorching sun.

He wanted to summon the Lie Sun Fate Star, and rely on the power of the Lie Sun Fate Star to directly suppress Emperor Aotian.

However, Emperor Aotian is too strong, if only relying on Ye Chen's own strength, he is not sure to suppress it.

If he can gather the power of the heavenly girl and the real person of Chongyang, he will have a chance.

Tiannv and Daoist Chongyang looked at each other, and knew that Emperor Aotian was too powerful, if he wanted to win, he could only rely on Ye Chen's strength.

Only Ye Chen's reincarnation bloodline has enough power to counter-kill such strong as Ao Tiandi.

"do not let me down."

The celestial girl took a deep breath, her chest rose and fell, and then she burned her own blood, released a large amount of spirit essence, turned it into a ray of blood, and poured it into Ye Chen's body.

When the fog was dispelled, she borrowed strength from Ye Chen, but only lent a small part, but now, in order to suppress Emperor Aotian, she even burned her blood, released a large amount of spiritual energy, and lent all of it to Ye Chen.

"It must be successful!"

Chongyang real person is also very decisive, like a goddess, he also burned his own blood and sent a large amount of blood and aura essence to Ye Chen.

With the help of the two immortal emperors, the violent and majestic aura was transmitted into Ye Chen's body, which immediately caused Ye Chen's muscles to swell, his aura soared wildly, and a billowing air blasted around his body, rumbling, causing the world to shake violently. Quite amazing.

The warriors around retreated again and again, feeling deeply fearful.

"Scorching Sun Fate Star, open!"

Ye Chen yelled wildly, and immediately summoned the scorching sun star.

hum!

A huge sun rose from the top of Ye Chen's head, suspended in mid-air, and burst out with thousands of blazing brilliance.

With the full support of Tiannv and Chongyang Daoist, Ye Chen summoned the scorching sun star, which has unprecedented brilliance, and its color has changed from golden to bright red due to the crazy concentration of energy, like the most dazzling red superstar in the universe. Superstar, countless blazing and brilliant laws surround it.

The warriors present knew the horror of the scorching sun and life star, so before Ye Chen summoned the scorching sun and life star, they had already retreated quickly, covered their eyes and shielded their five senses, for fear of being killed by the scorching sun and life star's light.

Rumble!

As soon as the scorching sun and fate star came out, the red blazing brilliance enveloped the surrounding land, causing the land around the theocratic platform, all the vegetation and forests to dry up in an instant, and then exploded and burned.

The violent high temperature spread around, distorting the space.

Even though the warriors around the Divine Power Platform had retreated, they still felt tormented by the high temperature of the scorching sun and stars. Many people screamed, and all the warriors fled in all directions in panic and panic. They never dared to approach the Divine Power Platform again. half a step.

The entire realm of the Divine Power Terrace has been completely shrouded in the brilliance of Ye Chen's scorching sun and stars.

The terrifying high temperature caused the large plate to crack, and as soon as the groundwater gushed out, it turned into magma under the high temperature of the scorching sun.

The realm of the theocratic platform, which was originally full of dark atmosphere, turned into a magma world filled with terrifying high temperature in an instant.

Both the heavenly girl and the real person Chongyang were extremely shocked.

They also deeply felt the power of the scorching sun and life star.

Although Ye Chen borrowed their power to explode to such an extent.

But this means that the scorching sun star has this strength, and when Ye Chen's cultivation becomes stronger in the future, his own reincarnation seven stars will also become stronger.

"What's this?"

"Scorching Sun Fate Star!?"

"You are the Lord of Reincarnation!?"

Emperor Aotian stared at Ye Chen, under the scorching heat of the scorching sun and stars, his fighting spirit body was twisting, and his remnants were gradually dying.

"Impossible! Someone can inherit the law of reincarnation?"

"That is the power of law that transcends life and death, and surpasses Emperor Yuantian and Emperor Huntian! How can you inherit it?"

"You are an ant, I will kill you!"

Emperor Aotian lost his mind, his face was completely distorted, the aura of the spear in his hand exploded and buzzed, and it actually resonated violently with the Heavenly Emperor's soul-breaking spear inserted upside down on the theocracy platform.

It turned out that Aotian Emperor's blood and resentment remained on the Heavenly Emperor's Soul-breaking Spear, and over time, he also received a trace of the Heavenly Emperor's Soul-breaking Spear's blessing.

This trace of blessing manifested its power at this moment, the power of Aotiandi's spear soared, and it swept out with a single shot, and there was a strange howling sound in the void.

That wailing sound came from ancient times, and it turned out to be the wailing of Emperor Huntian!

The mourning sound of Emperor Huntian sounded, disturbing people's Taoist heart, Ye Chen was shocked, his head buzzed, and he vaguely glimpsed the ancient picture of heavenly secrets.

That is the picture of Emperor Huntian being tortured!

Chapter 9364

The Emperor Huntian knelt on the altar of divine power, and a simple, stone-like spear fell from the sky. It was the Heavenly Emperor Soul Breaking Spear.

Puchi!

The Heavenly Emperor's soul-breaking spear fell hard, piercing through the head of the Heavenly Emperor Soul, and nailing him to the divine right platform.

Emperor Huntian had a strong vitality, and he didn't die for a while, so he let out a wail.

"Lord of reincarnation, save me!"

Ye Chen faintly heard an ancient call for help, and Emperor Huntian was asking him for help.

It is not known whether the cry for help is real or his hallucination.

Anyway, Ye Chen heard the voice.

Fortunately, Ye Chen has a strong heart.

He calmed down and operated the Martial Ancestor's Dao Heart, and was not affected by the wailing of Emperor Huntian.

boom!

But at this time, Emperor Aotian looked crazy, and he swung his spear and swept towards him.

Under normal circumstances, it would be dangerous for Ye Chen to face Emperor Aotian alone.

But now, with the full support of Tiannv and Daoist Chongyang, the scorching sun star above his head is emitting an unprecedented blazing red brilliance, which is enough to burn the sky and destroy the earth, obliterating everything.

Ye Chen was not afraid at all, staring at Emperor Aotian, and shouted: "Scorching sun and star, suppress it for me!"

He waved his big hand, and the huge blazing red sun star slammed down hard.

"World Proud Ninth Heaven, break it for me!"

Emperor Aotian roared filial piety, and used his magical skills, the Aoshi Nine Layers of Heavenly War Light erupted, behind him was the majestic atmosphere of Aoshi Tiangong, the spear in his hand exploded with divine light, and the arrogance on the tip of the spear was like a dragon, as if it could penetrate everything.

However, the tip of his spear failed to penetrate Ye Chen's scorching sun star.

Ye Chen's scorching sun and life star were severely suppressed.

The body of Emperor Aotian was instantly covered by the scorching sun, and the intense heat was boiling.

"Ahhh!"

Emperor Aotian screamed, he, who has always maintained his arrogance and invincibility, is now unable to resist under the suppression of the scorching sun and life star.

Tiannv, Daoist Chongyang, and warriors watching the battle from afar were shocked when they saw that Aotian Emperor, who was still invincible just now, was instantly suppressed by Ye Chen.

The power of the scorching sun and life star is far beyond their imagination.

"Aotian Emperor, rest in peace."

"The avenue that was once smashed by Emperor Yuantian has been completed, and the world has already passed the era of the end of the Dharma."

"Your resentment can be appeased."

Ye Chen made a steady and heavy voice, and the blood of Samsara started to circulate, and opened up a realm of Samsara Heaven in the scorching sun and star, and attracted the resentful soul of Emperor Aotian into it.

Aotiandi, who was still screaming just now and was suffering from the burning pain of the scorching sun and stars, was immediately released from the sea of suffering after being led to the kingdom of reincarnation.

He was in a daze, and many ancient memories slowly recovered.

"I... I am Emperor Aotian, the best friend of Emperor Jiantian..."

"I once sacrificed myself, praying for the fate to come down to enlightenment, and help the world to pass through the era of doomsday..."

"I am the Ninth Rank Heavenly Emperor, I am proud, how can I fall into darkness?"

Aotiandi's eyes gradually got rid of the hostility, and after a chaotic fluctuation, they became firm and resolute.

"Thank you, Lord of Reincarnation, I can finally be free."

Emperor Aotian let out a sigh of relief, and looked at Ye Chen, but his eyes were full of gratitude.

His remnant thoughts have been trapped here for an unknown number of years, and he has always been full of resentment.

Until now, Ye Chen used the power of the kingdom of reincarnation to finally rescue him and help him to be liberated.

The remnant body of Emperor Aotian gradually turned into a ray of light and slowly dissipated away.

Rumble!

On the Divine Power Stage, the Celestial Emperor's Soul Severing Spear stuck upside down trembled violently, and the blood on the spear slowly peeled off and gathered in Ye Chen's hands.

That was the blood left by Emperor Aotian.

At this moment, with Ye Chen's salvation, the Aotian Emperor's blood also washed away all the resentment, from the scarlet color to a bright golden color, and the majestic will and energy of the Emperor of Heaven are contained in it.

"This drop of Heavenly Emperor's blood can be fused into my Qinglian avatar to strengthen the avatar's power."

Ye Chen's heart moved slightly. He had fought against "Hourglass" Zhuang Xiaoyue before, and Qinglian's avatar was eroded by the law of time, and had become extremely old, and was even in danger of dying of old age.

After this drop of Heavenly Emperor's blood is fused with Qinglian's avatar, it can dissolve the wear and tear of the avatar and restore its youth.

Right now, Ye Chen wanted to fuse the Heavenly Emperor's blood with Qinglian's avatar.

But at this time, real Chongyang made a move.

"Lord of Reincarnation, you borrow my power to suppress Emperor Aotian, do you want to steal the blood of Emperor Aotian?"

Daoist Chongyang's attack was like the wind, and the fierce wind exploded, attacking and killing Ye Chen through the air, wanting to snatch the blood of the Emperor of Heaven.

"Ye Chen, you're not being kind, do you want to take advantage of the opportunity so quickly?"

The heavenly girl smiled, and swung the Ice Phoenix Heavenly Sword, also stabbing at Ye Chen.

Ye Chen's eyes turned cold, and he was about to fight back, when suddenly the blood of the Heavenly Emperor in his hand burst into infinite golden light, turning into layers of barriers, blocking all the attacks of Chongyang Daoist and Celestial Maiden.

It is the power of Emperor Aotian, who protects Ye Chen in the dark.

Seeing this, Ye Chen smiled and said, "Heavenly lady, Daoist Chongyang, it's not that I want to take the opportunity alone, but the blood of Emperor Aotian chose me, so I'm sorry."

After all, as soon as Ye Chen took his hand away, he put the drop of golden Aotian Emperor blood into the cemetery of reincarnation, and beat it into Qinglian's avatar.

Ye Chen's Qinglian avatar was already very old, but after being nourished by this drop of Heavenly Emperor's blood, it immediately rejuvenated, the wear and tear was greatly alleviated, and the aura was continuously improved.

Seeing this scene, Ye Chen was also extremely happy.

As long as he is given enough time, his Qinglian avatar can completely fuse with the blood of the Emperor of Heaven. When that time comes, the power of the avatar will definitely be greatly improved.

Seeing that Ye Chen had absorbed the blood of the Emperor of Heaven, the faces of the Heavenly Girl and Daoist Chongyang changed.

Three great chances, Ye Chen got one now, and it would not be easy for them to seize food.

Daoist Chongyang laughed dryly, looked at the Heavenly Emperor's Soul-Breaking Gun, and said, "The Lord of Reincarnation, Aotiandi, was suppressed by us together. You swallowed his Heavenly Emperor's blood alone, then this day, you will never get your hands on the Heavenly Emperor's Soul-Breaking Gun."

The value of the Heavenly Emperor Soul Breaking Spear is far more precious than Aotiandi's blood. This is the weapon used by Yuantian Emperor to kill the Huntian Emperor.

Ye Chen also laughed when he heard Chongyang Master's words, and said: "Chongyang Master, heavenly girl, if you can pull out this Heavenly Emperor's Soul Breaking Gun, you can just take it."

In the past Eternal Era, there were countless powerful people in Wuwu time and space, all of whom wanted to draw out the Heavenly Emperor Soul Breaking Spear and take it away, but no one has ever succeeded, and everyone has failed.

Within a hundred miles of the Divine Power Terrace, dead bones and corpses are scattered everywhere, witnessing the tragedy of the past.

Ye Chen didn't think that Chongyang Daoist and Celestial Girl were qualified to draw out the Heavenly Emperor's Soul-Breaking Spear.

Chapter 9365

The Heavenly Emperor's soul-breaking gun was inserted upside down on the platform of divine power. The body of the gun was as steep and huge as a mountain peak, reaching straight into the sky, and the momentum was very spectacular.

Just looking at the appearance of this gun, it gives people a huge sense of oppression, suffocating, and it is not easy to pull it out.

The celestial girl and Chongyang real person looked at each other, and she said: "Chongyang real person, will you go first or me first?"

Both she and Daoist Chongyang wanted to pull out the Heavenly Emperor's Soul Severing Spear.

Although no one has ever succeeded since ancient times, since they came to the Divine Power Platform, they no longer want to give up.

"Old man, come first."

Daoist Chongyang stepped out and walked in front of the Heavenly Emperor's Soul Severing Spear.

Against the huge mountain-like figure of the Heavenly Emperor's Soul-Breaking Spear, the figure of Chongyang Daoist was extremely small.

Many warriors in the distance gathered again and watched nervously.

They also want to see if Chongyang Daoist and Celestial Maiden can pull out the Celestial Emperor's Soul Severing Spear.

Seeing Daoist Chongyang, he took a deep breath, his eyes sharpened sharply, and then he shouted loudly, the sky split open, and a golden light shot down and landed on him.

That is the light of the Heavenly Emperor Golden Wheel!

Although the Golden Wheel of the Heavenly Emperor is now in the hands of Ren Feifei, as the Sanshen Tianzun, Daoist Chongyang can naturally borrow the energy of the Golden Wheel of the Heavenly Emperor.

Under the light of the golden wheel of the emperor of heaven, Chongyang real person's aura exploded, and his power was violent. All kinds of laws appeared on his body, as well as the power of the law of cause and effect, and even the power of his future body.

In order to pull out the Heavenly Emperor's Soul-Breaking Spear, Daoist Chongyang actually mobilized the power of the future body.

I saw that he used a supernatural power that obeyed the sky and the earth, and his palm turned into a huge one that covered the sky, and he grabbed the mountain-like body of the Heavenly Emperor's Soul Breaking Spear.

"rise!"

Daoist Chongyang yelled violently, the veins in his arms popped out, and his palms exerted strength. All kinds of powerless things exploded, and his body strength surged in the future, wanting to pull out the Heavenly Emperor's Soul Severing Spear.

However, the Celestial Emperor's Soul-Breaking Spear was deeply nailed to the Divine Power Platform, and Chongyang Daoist tried his best, but he couldn't pull it out.

The gun did not move at all.

Daoist Chongyang's eyes shrank. He didn't expect that, with all his strength, he still couldn't shake the Heavenly Emperor's Soul-Severing Spear, let alone pull it out.

The power he erupted now may be enough to wipe out tens of millions of stars in the universe, but it can't shake the Heavenly Emperor's Soul Breaking Spear.

The background of this weapon seems to be much more terrifying than he imagined.

Seeing this, Ye Chen, Tiannv, and the warriors around were all shocked.

They also didn't think that Master Chongyang was able to pull out the Heavenly Emperor's Soul Breaking Spear, but they didn't expect that he couldn't even shake it at all, which was really outrageous.

"Reverend Chongyang tried his best, but he couldn't shake the Heavenly Emperor's Soul-Severing Spear. Even if I did it, I'm afraid I wouldn't be able to pull out this spear."

Ye Chen's face darkened, and he felt more and more difficult to draw the gun.

Daoist Chongyang gritted his teeth, and tried several times from different angles, but unfortunately, none of them had the slightest effect.

That day, the Emperor's soul-breaking gun was still firmly nailed to the ground, and it never wavered in the slightest.

Reverend Chongyang still wanted to try again, but on the Heavenly Emperor's Soul Severing Spear, wisps of dark mist lingered towards his arm like a poisonous snake.

That's the murderous aura of the Heavenly Emperor's Soul Severing Spear!

Once he is surrounded by murderous intent, he will surely die.

Immortal Chongyang's expression changed, he had no choice but to retreat quickly, giving up drawing his gun.

"Chongyang Daoist, how is it?"

The goddess looked a little unhappy, and asked.

"No, this Heavenly Emperor's Soul-Severing Spear is too powerful. I can't pull it out, and I can't even shake it."

Master Chongyang shook his head, his expression was very ugly.

It's also thanks to the fact that he is the Sanshen Tianzun, protected by the Heavenly Emperor's golden wheel, otherwise, he may even be in danger of being backlashed by the Heavenly Emperor's soul-breaking gun.

"The big opportunity is right in front of us, can't we all collect it?"

The celestial girl frowned, she knew the power of the Celestial Emperor's Soul Breaking Spear, and she once killed the Celestial Emperor Hun.

If she was in charge of this soldier and wanted to kill Ye Chen, it would be really easy.

However, even Daoist Chongyang couldn't shake this soldier in the slightest, and if she wanted to pull it out, it would probably be too difficult for her to reach the sky.

Daoist Chongyang sighed, "Heavenly girl, try it out."

The celestial girl pondered for a while, then nodded at last, and walked to the Heavenly Emperor's soul-breaking gun.

Although it was difficult to draw the gun, but at this time, she had to try.

What if a miracle happens and it succeeds?

"Emperor Yan, Emperor Yan, come down."

The celestial girl took a deep breath, waved her slender hand, and the flames exploded, summoning one of the four supreme artifacts, an artifact belonging to the lineage of the Outer Gods, the seal of the Emperor Yan!

hum!

As soon as Emperor Yan's seal came out, the scalding red flaming aura immediately burned between the heaven and the earth, and even the ice phoenix surrounding the celestial girl turned into a fire phoenix.

Amidst the billowing red flames, a totem of the Emperor of Heaven manifested.

That Heavenly Emperor Totem is a big man named Emperor Yantian.

Legend has it that Emperor Yantian is the ancestor of the law of fire, an extremely powerful ninth-rank emperor in ancient times, and there are even rumors that he is the first generation of Vulcan, and the source of the orthodoxy of Vulcan today is Emperor Yantian.

This Yantian Emperor is also the fantasy source of the Yandi Seal. It is said that among the gods who created the Yandi Seal, Yantian Emperor is the most important and core one.

In the seal of Emperor Yan, there is the will of Emperor Yan, which is extremely powerful.

At this moment, the goddess summoned the seal of Emperor Yan, mobilizing the will of Emperor Yan, turning into a huge totem of Emperor Yan to protect herself.

Chapter 9366

With the help of Emperor Yan and Emperor Yantian, the aura of the goddess skyrocketed, and her gaze also became sharper.

"Heavenly Emperor Soul Breaker Spear, listen to my call and submit to me!"

The celestial girl looked up to the sky and began to chant, her right index finger and middle finger were brought together, and they pointed together, together with the law of cause and effect, and the tyrannical force of Yan Tiandi's will, burst out, trying to provoke the entire Tiandi Soul Severing Spear.

Rumble!

Provoked by the power of the celestial girl, the Celestial Emperor's Soul-breaking Spear shook violently, and it was slowly raised, and it was about to be pulled out by the celestial girl.

The body of the gun is slowly raised, and the tip of the gun is exposed from the ground. It is a stone gun tip, and there is not much sharpness revealed. Mysterious charm.

"The goddess is going to succeed?"

Seeing this scene, Ye Chen was taken aback, thinking that the goddess was going to draw her gun successfully.

The warriors around also exclaimed.

But in the next moment, the goddess let out a muffled snort, as if she couldn't support it, she only raised the tip of the Heavenly Emperor's Soul Breaking Spear by less than a third, and she couldn't hold it any longer.

boom!

That day, the Emperor's Soul Severing Spear sank again.

"Puchi!"

Tiannv seemed to be exhausted, spurting blood directly, and retreated hastily.

"Why....."

"Is it true that the Heavenly Emperor's Soul-Breaking Spear really has nothing to do with me?"

In Tiannv's eyes, with great unwillingness and resentment, she looked at Tiandi's soul-breaking gun.

"pity....."

Daoist Chongyang shook his head, it seemed that the Heavenly Emperor's soul-severing spear was indeed too deep, even the goddess couldn't pull it out.

However, it is quite remarkable that Tiannv can shake the Heavenly Emperor's Soul Breaking Spear and raise it a little.

"Lord of Reincarnation, it's up to you to act."

Master Chongyang looked at Ye Chen again and said with a smile.

The corner of Ye Chen's mouth also evoked a smile, and said: "Aren't you afraid that I will take this opportunity away?"

Master Chongyang said: "You can pull it out and talk about it."

He thought, if Ye Chen draws his gun successfully, they will fight against the Daode Tianzun together in the future, and the chances of winning will be greatly improved.

Although the Heavenly Emperor's soul-breaking gun falls into Ye Chen's hands, Ye Chen will definitely take the initiative in the future.

But no matter what, it's better to let Ye Chen hold the Heavenly Emperor's Soul Severing Spear than to let this gun be buried here for nothing.

"Hehe, you and Tiannv both failed, how could I succeed?"

Ye Chen smiled. After seeing Tiannv and Chongyang Daoist failed, he didn't think he could succeed.

Chongyang real person said: "You can always create miracles, how will you know if you don't try?"

Hearing this, Ye Chen's heart moved, and he looked at Tiandi's soul-breaking gun. Although he knew that drawing the gun was difficult, he really wanted to try.

If he successfully pulls out the Heavenly Emperor's Soul-severing Spear and gets this great opportunity, he will be able to soar into the sky.

Thinking like this, Ye Chen walked slowly towards the Heavenly Emperor's Soul-Breaking Spear.

Seeing that Ye Chen was about to try to draw his gun, the eyes of Tiannv, Daoist Chongyang, and all the warriors in the audience all focused on him.

Then, an astonishing scene appeared.

When Ye Chen walked towards the Heavenly Emperor's Soul-breaking Spear step by step, the Heavenly Emperor's Soul-breaking Gun actually resonated with him and made a buzzing sound.

The gun body, which was originally as huge as a mountain peak, quickly shrunk and then shrunk, rumbling, and soon turned into the size of an ordinary spear, from a thousand feet high to only eight feet long.

The breath of the eight-foot long spear is still full of ancient majesty. The cold stone gun body is surrounded by strands of dark mist, as if there is some kind of power hidden in it.

"What's going on, this gun is resonating with me?"

Ye Chen was stunned for a moment, walked to the Divine Power Platform, and stretched out his hand to hold the body of the Heavenly Emperor's Soul Severing Spear.

The simple and stern gun body was held in his hand, and he instantly felt an inexplicable sense of familiarity.

This gun seemed to be cast by him himself, and he even used it himself.

"By the way, it's the breath of Emperor Yuantian, which communicates with me!"

Ye Chen was overjoyed.

He knew that Emperor Yuantian was the first ray of wisdom in the world at first, and later he transcended reincarnation and forged a flesh body.

The physical appearance of Emperor Yuantian is quite similar to Ye Chen, the lord of reincarnation.

From a certain point of view, Emperor Yuantian's aura is connected with Ye Chen's.

Back then, Emperor Yuantian obtained various benefits from the law of reincarnation.

Today's Ye Chen can also get various benefits from Emperor Yuantian.

Anything that Emperor Yuantian has come into contact with, supernatural powers, weapons, magic weapons, etc., if Ye Chen comes into contact with it again, it is possible to have a strong sense of familiarity.

This Heavenly Emperor Soul Breaking Spear was forged by Yuantian Emperor himself.

Now, when Ye Chen came into contact with the Heavenly Emperor's Soul Breaking Gun, that familiar feeling resurfaced again.

The entire Heavenly Emperor Soul Severing Spear resonated with him, as if it was a weapon he had used for many years.

If it was an ordinary warrior who dared to touch the body of the Heavenly Emperor's Soul Breaking Spear, he would only end up being backlashed by murderous aura.

But now, Ye Chen didn't suffer any backlash.

Instead, he had a very warm feeling, as if he had regained what he once had.

"This is my weapon!"

Ye Chen focused his eyes, grasped the body of the gun, and pulled it lightly, almost effortlessly, and pulled out the Heavenly Emperor's Soul Breaking Spear from the ground with ease.

"Whoaah!"

As soon as the Heavenly Emperor Soul Severing Spear was released, an extremely strong, extremely terrifying, and extremely sharp scream erupted from the void.

That was the scream of Emperor Hun Tian before he died.

Back then, he was crucified to death by the Heavenly Emperor's soul-severing spear, and he died extremely tragically. Before he died, he wailed and screamed endlessly.

Now, Ye Chen pulled out the Celestial Emperor's soul-breaking gun, and the ancient secret was touched, and the screams of the former Soul Celestial Emperor unexpectedly exploded, shaking people's hearts.

Chapter 9367

All the fighters in the audience, upon hearing the screams of Emperor Huntian, vomited blood on the spot, their faces turned pale, and everyone's Dao heart was greatly shaken.

"The Heavenly Emperor's soul is broken, suppress it for me!"

Ye Chen held the Celestial Emperor's Soul-Breaking Spear in his hand, and with a slight shock, a wave of Genesis Qi erupted from the body of the gun.

This source of energy carried the coercion of Emperor Yuantian, and instantly suppressed the screams of Emperor Hun.

At this moment, Ye Chen is holding the Celestial Emperor's soul-breaking spear, as if the Celestial Emperor was reborn, with an extremely domineering aura.

The Heavenly Emperor's Soul-Severing Spear in his hand was pitch-black and unsophisticated, exuding a prehistoric and immortal aura, as if it had been tempered in hell, showing a deep killing aura.

The whole gun is made of stone, the tip of the gun drips blood, and it has an ancient murderous look, which makes people feel that their spirits are torn apart just by looking at it.

With a gun in hand, Ye Chen can be sure that if he can unleash the power of the Heavenly Emperor's Soul Breaking Gun, he may be able to fight even the strongest in the Divine Dao Realm.

However, it may not be that simple to exert the power of the Heavenly Emperor's Soul Breaking Spear.

"How can it be!"

When Tiannv saw Ye Chen pull out the Heavenly Emperor's Soul Breaking Spear and even handle it with ease, her complexion changed instantly.

Ye Chen got such a magical weapon, how can she be an opponent in a decisive battle in the future?

Rumble!

Above the God Punishment Battlefield, the originally blue sky became dark with the pulling out of the Heavenly Emperor's Soul Severing Spear. Dark clouds rolled in, and thunder was brewing. The weather was very spectacular.

And the void of heaven and earth, all laws, space, time, life, etc., are violently distorted, as if this piece of heaven and earth cannot withstand the coercion of the Heavenly Emperor's Soul Breaking Spear.

The altar of divine power built with boulders is rapidly collapsing at this moment, with chaotic rocks flying everywhere.

Ye Chen flew down, feeling that the surrounding space was distorting, collapsing, and heading towards destruction.

The violent distortion even caused Ye Chen's spirit to fall into a trance.

His spirit froze, as if he had been dragged into a misty world.

In this misty world, Ye Chen saw an old figure standing with his hands behind his back.

Ye Chen felt very familiar with that figure, it was the figure of Emperor Yuantian!

Emperor Yuantian turned around. At this time, he was like an ordinary old man, and there was no burst of divine light around him, so Ye Chen could clearly see his appearance.

Sure enough, his appearance was somewhat similar to his own, as if he was his old self.

"Lord of Reincarnation, we meet again."

Emperor Yuantian smiled, looked at the Heavenly Emperor's soul-breaking gun in Ye Chen's hand, and said:

"I didn't expect you to be able to pull out my weapon. It's amazing."

Ye Chen looked at Emperor Yuantian, and countless thoughts flashed through his mind. He didn't know what the other party's intentions were. When he heard Emperor Yuantian's words, he responded:

"Senior Yuantian Emperor, it's all your blessing, otherwise, how could I shake such a magical weapon?"

Emperor Yuantian smiled and said: "No matter what, you can pull out my weapon, it is a remarkable existence, I admire it very much."

After a pause, Emperor Yuantian changed the subject and said, "However, I can't give you this gun, so you should return it to me."

Hearing this, Ye Chen was stunned and said, "What?"

Emperor Yuantian smiled and said: "This Heavenly Emperor Soul Breaking Spear was used by me to kill the Heavenly Emperor Soul. This weapon contains my original vitality. If it is held by someone, it is equivalent to my life, and it must be controlled by others. You understand Do I mean?"

"Actually, I engraved many killing inscriptions on this gun, and placed heavy restrictions. It is impossible for ordinary people to shake it, but you are connected with me, and you are not affected by the restrictions. You just pulled out this gun. , I miscalculated."

Ye Chen froze for a moment, and understood what Emperor Yuantian meant.

It turned out that Emperor Yuantian summoned him because he wanted to take back the weapons.

Because this Celestial Emperor Soul Breaking Spear contains the essence of his life, the vitality of his life, if someone else wields this spear, it is likely to hurt his life, which is unacceptable to him.

Ye Chen could understand it naturally, but when he thought of the Heavenly Emperor's Soul-breaking Spear being taken back by Yuantiandi, he still felt infinitely regretful, and sighed: "Okay, what a pity..."

Emperor Yuantian said: "I'm sorry, I miscalculated, Lord of Reincarnation, if you return the Heavenly Emperor's Soul Severing Spear, what reward do you need, please feel free to ask."

Ye Chen shook his head, handed the Heavenly Emperor's Soul-Breaking Spear in his hand back to Yuantiandi, and said, "No need, senior, this is your weapon in the first place. If you want to take it back, I have nothing to say."

Seeing Ye Chen's generosity, Emperor Yuan Tian was apologetic and a little guilty. After thinking for a while, he said, "Well, as a reward, how about I protect the Dao for half a year for your reincarnation camp?"

[To tell the truth, I have been using Yeguo to read and read books recently, change sources, and read aloud with many timbres, yeguoyuedu.

Both Android and Apple are available. 】

"In the past six months, no matter who wants to hurt anyone in your reincarnation camp, I will protect them."

Yuan Tiandi is an extremely mysterious big man, and he is also a rare super-rank heavenly emperor in the world. He has already surpassed the existence of ninth-rank heavenly emperors. He rarely intervenes in the cause and effect of the world.

Now, in order to repay Ye Chen, he is willing to take action and guard the reincarnation camp for half a year, which has already expressed great sincerity.

"You want to protect the way of reincarnation for half a year?"

Ye Chen's eyes lit up. He was about to fight the Celestial Girl. What he was most worried about was that he would fail. Those in the reincarnation camp, his friends and the harem would be massacred by the Celestial Lady.

To be honest, now and in the future, the reincarnation camp is very dangerous.

Now, Emperor Yuantian is willing to promise to guard the reincarnation camp for half a year, then Ye Chen will have no worries.

Chapter 9368

Moreover, Emperor Yuantian traverses the heavens and has great power in Wuwu time and space, and he founded the Truth Society.

Ren Feifei, the Four Demons of Heaven, Earth, Xuanhuang, Martial Ancestor and other characters all belong to the camp of reincarnation.

If Emperor Yuantian was willing to protect them, they would not be in danger for at least half a year.

"Exactly, what do you think?"

Emperor Yuantian said sincerely.

"Thank you senior, I am very grateful for your willingness to protect the way of reincarnation."

Ye Chen cupped his hands in thanks.

Emperor Yuantian smiled slightly, waved the Heavenly Emperor's soul-breaking spear in his hand, and said: "I am even more grateful that you are willing to return this soldier to me."

"Then that's it, let's clear the cause and effect, you return the weapon, and I will protect the way for you for half a year."

Ye Chen said: "Okay."

When the word "good" fell, Ye Chen felt that the surrounding environment quickly distorted, and Emperor Yuantian no longer existed.

His spirit returned to the real world, and his expression froze for a moment, only feeling that everything he had just experienced seemed to be just a dream.

However, when Ye Chen looked at his hands, he saw that the Heavenly Emperor Soul Breaking Spear he was holding just now had turned into ashes and dispersed with the wind, as if it had never existed.

What he just experienced was not a dream, but a real existence.

The Heavenly Emperor's soul-breaking gun was indeed taken back by Yuantiandi.

The reward he got was the promise of Emperor Yuantian.

In the next six months, Emperor Yuantian will guard the reincarnation camp.

"Yuan Tiandi took back the Tiandi Soul Breaking Gun?"

"Sure enough, with such a powerful weapon, even Emperor Yuantian would not pass it on to outsiders!"

"This place is about to collapse, let's go! Go to Yuanyuan Xianchi, that is the last big chance!"

Many warriors around, as well as Tiannv and Daoist Chongyang, they were all extremely surprised and stunned when they saw the Celestial Emperor's soul-breaking spear turned into ashes, and bursts of discussion rang out.

Under the touch of a secret, everyone felt that this Heavenly Emperor's soul-breaking gun had been taken back by Yuantiandi.

However, the matter that Emperor Yuantian promised to protect the way of reincarnation is very secret, and no one has pryed into it.

Master Chongyang smiled wryly, stroked his beard, and said to Ye Chen: "Lord of Reincarnation, it seems that although you are very lucky, it may not be enough to get the Heavenly Emperor's Soul-Breaking Spear."

Seeing that the Celestial Emperor's Soul-Breaking Spear was taken back by Yuan Tiandi, the goddess breathed a sigh of relief, and said, "Ye Chen, I almost thought that if you could really control the Celestial Emperor's Soul-Breaking Spear, then our decisive battle would not have to be compared."

The Heavenly Emperor's soul-breaking gun attack is too terrifying. If Ye Chen can really control it, the goddess will definitely die, and there is no need for a duel in martial arts. She can just admit defeat and suffer death.

Ye Chen shrugged his shoulders. That day Emperor's soul-breaking gun has a profound background and is fierce in killing. He only has the cultivation base of the sixth level of the Profound Sky Realm. In fact, even if he really controls it, it is impossible to burst out with much power.

Now he is paying back to Emperor Yuantian in exchange for Emperor Yuantian's protection for half a year, and he is not losing money.

It's just that it's inconvenient to tell outsiders about these things, otherwise the secret will be leaked, and it will be troublesome.

Master Chongyang smiled and said: "Then there is still Yuanyuan Immortal Pond, this last great opportunity, let's see who gets it!"

As soon as the words fell, Chongyang Daoist quickly rose from the sky and flew in the direction of Origin Immortal Lake.

With the Heavenly Emperor's soul-destroying gun being pulled out, the ground veins of this theocratic platform have been broken, the space is distorting, and the laws are fading away. The area with a radius of hundreds of miles will soon collapse and be destroyed.

Seeing Daoist Chongyang leaving, the goddess also quickly chased after him.

The opportunity of the Heavenly Emperor's soul-breaking gun is so ridiculous that no one can take it.

Compared with the Heavenly Emperor's Soul-breaking Spear, Origin Immortal Pond is obviously more suitable for everyone.

Many warriors also flew towards the direction of Origin Immortal Pond.

On the other side of the Immortal Pond of Origin, the sound of fighting has never stopped, and there is also a huge and terrifying roar of beasts, as if a divine beast from infinite time and space has descended on this battlefield.

Ye Chen's heart moved, he knew that Wei Ying, Xia Ruoxue and the others were still fighting with Xiao Xinghe, Gusu Yu and others, and there were thousands of warriors who wanted to snatch Yuanyuan Immortal Pond.

The karma here is over, and Ye Chen also wants to go to the Origin Immortal Pond to participate in the snatching.

"My lord, wait a minute."

But at this time, Qi Yuan's voice came from the cemetery of reincarnation.

"Senior, what's the matter?"

Ye Chen asked.

Qiyuan frowned deeply, and said: "Master Tomb Master, you have already obtained two of the three great opportunities in the Battle of Gods, and you are lucky enough. I don't think you need to grab this last opportunity. Contentment, being too greedy is not a good thing."

Ye Chen couldn't help laughing when he heard Qi Yuan's words, and said, "Are you greedy? Senior, I don't think so, I don't think it's enough. After all, the Heavenly Emperor's soul-breaking gun has been taken back by Yuantiandi."

Qi Yuan's face darkened slightly, and he looked at the imminent destruction of the Divine Power Terrace, and said: "Master Tomb Master, if you insist on going, I won't stop you, I just want to ask you one thing."

Ye Chen said: "What's the matter?"

Qi Yuan paced back and forth in the cemetery of reincarnation, his brows furrowed deeper and deeper, and he said: "My memory has worn out too much, and I can't remember many things."

"But I still remember that when I died on the God Punishment Battlefield, my body should be left near the Divine Power Platform."

"I want you to find my body and bury it properly. If you can see my body, my memory may be restored."

The territory of the Divine Power Terrace with a radius of hundreds of miles is about to be destroyed, the space is distorting, the earth is cracking, countless magma flows, the wind is bleak, and it is a scene of doomsday.

Once this land boundary is destroyed, Qi Yuan's body will also be completely destroyed.

At that time, he will lose all clues, and there will be no possibility of recovering his memory.

Ye Chen frowned slightly. There are two roads before him.

One is to go directly to Origin Immortal Pond and participate in the opportunity competition.

The second is to help Qiyuan fulfill his wish, find his body, and help him restore his memory.

"Okay, senior, I promise you yes."

Ye Chen hardly hesitated, and quickly agreed.

Because he knew that Qiyuan's body was an important clue, if found, it might be able to help Qiyuan recover his memory.

At that moment, Ye Chen locked onto Qiyuan's aura, and then captured the heavenly secret. Sure enough, in this land boundary, he faintly caught the aura of Qiyuan's corpse.

"over there!"

Ye Chen focused his eyes, and immediately ran away in the direction of the mysterious breath.

The earth collapsed, space was distorted, and turbulent storms were everywhere.

This land boundary is rapidly collapsing and destroying.

Ye Chen flew all the way, and saw many undead souls along the way, howling and screaming, tearing apart in the turbulent storm of space.

Some powerful undead fled to the outside world.

Not long after, Ye Chen found Qi Yuan's body in a burned forest.

Chapter 9369

Back then, Qiyuan was an unknown level of powerhouse, his corpse had not turned into bones over the years, but was only stained by darkness and filth, filled with an ominous aura of sin.

The ground cracked, and Qiyuan's body was entangled in wisps of magma, making it restless.

In the cemetery of reincarnation, Qi Yuan saw his own corpse, his eyes lit up immediately, and then a trace of bewilderment and pain flashed across.

His dusty memory seemed to be revived the moment he saw the corpse.

"Senior, has your memory recovered?"

Ye Chen asked quickly.

Qiyuan was about to speak just now, but there was a dark and turbid aura rising from his corpse, which turned into a resentful spirit and let out a sharp roar.

"Roar!"

The wraith roared, and the evil energy in his hand exploded, turning into a gun, and slammed towards Ye Chen viciously.

Ye Chen's expression darkened when the wraith was killed suddenly, but he reacted very quickly. The moment the wraith arrived with a gun, he had already drawn out the Samsara Heavenly Sword and blocked it with a bang.

Seeing Ye Chen's strong swordsmanship, Wraith took two steps back, fell silent for a while, and then let out another growl. The spear in his hand erupted with an abyss-like breath, and there were vast fluctuations of fantasy laws, as if it could disillusion the world, and the momentum was very fierce .

This ferocious spear technique is endless, like the tide of the abyss, coming towards Ye Chen to cover up and kill.

"It's the Qiyuan Fantasy World Spear, the martial skill I learned from watching the Heavenly Emperor's Soul Breaking Spear!"

In the cemetery of reincarnation, Qiyuan saw the spear technique used by the resentful spirit, and reminded Ye Chendao, with a rather dignified tone.

The resentful spirit was actually the result of his resentment from being killed that year. Since the endless era, it has been tainted with a dark and ominous atmosphere. The Qiyuan phantom world gun that the resentful spirit erupted is also extremely powerful.

Ye Chen saw that the spear technique was fierce and domineering, like a deep ocean, so he knew that the spear technique was extraordinary.

If he hits hard, he may not be able to take advantage of it.

Moreover, he must make a quick decision, otherwise the time will be delayed for too long, and the opportunity from Yuanyuan Xianchi will not be snatched.

"Scorching sun glow, shine!"

Ye Chen held the Samsara Heavenly Sword tightly and mobilized a trace of the energy of the scorching sun and life star.

Of course, he didn't summon the Lie Sun Fate Star, but just mobilized a little energy.

This ray of energy from the scorching sun and life star was poured into the Samsara Heavenly Sword, causing the Samsara Heavenly Sword to burst into an extremely bright and blazing light.

Under the radiance of this light, the wraith let out a scream, his body sneered, and all the resentment and evil were evaporated by the scorching sun.

Wraith Ling's spear skills also weakened all of a sudden.

"Very good, let's draw the bottom line!"

In the cemetery of reincarnation, Qiyuan also admired Ye Chen's methods when he saw Ye Chen's methods.

Ye Chen didn't go head-to-head, but attacked the wraith itself, which was an incomparably brilliant way.

That wraith couldn't bear the light of the scorching sun and fate star at all, and his hostility and evil aura, resentment and resentment, were all evaporated, and his strength was weakened by at least 90%.

"break!"

Taking this opportunity, Ye Chen swung the Samsara Heavenly Sword and rushed forward, killing the wraith with just one blow.

After killing the resentful spirits, the distorted scene in this land became more violent, and everything collapsed and disappeared.

Qi Yuan's body was about to be annihilated.

"Senior, what do you think of burying your body in the kingdom of reincarnation?"

Ye Chen asked Qi Yuan, and while speaking, he summoned the Kingdom of Reincarnation.

The Kingdom of Reincarnation is shining brightly, and there are hundreds of millions of believers inside, enshrining the withered statue of Ye Chen.

This is Ye Chen's ideal country, and his wish is pinned on it.

If Qi Yuan's body is buried in it, he can also rest in peace.

Qiyuan looked at the majestic weather of Samsara Heaven, his eyes were also a little excited, and said: "Yes!"

Ye Chen nodded, and immediately buried Qi Yuan's body in the Kingdom of Reincarnation, and erected a monument for him, and said: "Senior, don't worry, when I have enough strength in the future, I will resurrect you."

Qiyuan said: "I am very grateful for your thoughtfulness. The spear technique I learned back then, the Qiyuan Fantasy Spear, is now taught to you. I hope you can carry it forward."

After finishing speaking, Qi Yuan flicked his fingers, and a flash of spiritual light shot into Ye Chen's mind.

The spear skills he had comprehended back then, and all the mysteries of the Qiyuan Fantasy Spear, were instantly introduced into Ye Chen's mind.

boom!

Ye Chen's mind was shaken for a while, and he only felt that the Seven Abyss Illusory World Spear was very mysterious and magnificent, with the aura of the abyss and the sea, in the domineering vastness, but also with a dreamlike artistic conception, it can be said that it is hard and soft, Extremely strong.

"Thank you senior for passing on the skills, I will definitely resurrect you in the future!"

Ye Chen comprehended Qi Yuan's Illusory World Spear, and his combat power has improved a lot, so he bowed his hands to Qi Yuan to thank him.

Qi Yuan smiled slightly, and said, "Master Tomb Master, after the experience in the God-killing Battlefield is over, I wonder if you can spare some time to watch the forest?"

Ye Chen was taken aback, a little surprised, and asked, "What is Watching the Forest?"

Qiyuan raised his head, looked at the sky, fell into memories, and then said: "Actually, the memories I wore out before, but now they have recovered a lot."

"I remember, I used to be the watchman of the Watching Forest."

"The Shouwang Forest, according to legend, was planted by the first God of Grass himself. Later, the first God of Grass fell, and this forest land fell to the Supreme World. It is my hometown. I grew up in the Shouwang Forest since I was a child, and finally became A watchman."
