### Chapter 9381

Anyone can see that this old ancestor wants to protect Ye Chen, and his old man loves Ye Chen so much that they are not allowed to be presumptuous again.

"Illusory Emperor Token was given to Ye Chen by me. Wait, do you have any objections?"

The ancestor of Huanmen looked around, the spirit body glanced at Xiao Qiantian vaguely, seeing the latter's scalp tingling for a while, even if Xiao Qiantian had the courage, he did not dare to face his ancestor Act disrespectful.

"Reporting to the ancestor, I dare not wait."

Xiao Qiantian hastily bowed and said.

The Great Elder wanted to say something, but due to the power of the Huanmen Patriarch, he also bowed and said: "Report to Patriarch, there is no objection."

Hearing everyone's words, Ye Chen also breathed a sigh of relief. He was in a bad state just now, and wanted to use fairy water, but fortunately, the ancestor of Huanmen arrived in time.

"Hahaha!"

Suddenly, the ancestor of Huanmen raised his head and screamed, and looked at Ye Chen with a smile on his face: "Not bad, you are very good! I knew you must be extraordinary, and you can gain a lot in the battlefield of killing gods. It seems that the old man's vision is not wrong. You really are a peerless genius!"

"The real world is still too small for you."

Seeing the admiring eyes of the ancestor of Huanmen, Ye Chen also said modestly: "Ancestor Miao won the award, I was just lucky, it's nothing to worry about."

"Would you like to enter my magic door?"

Suddenly, the ancestor of Huanmen threw an olive branch, as if he didn't want to miss Ye Chen in front of him, he paused, and then added:

"Not as a disciple, but as an elder, before the master of the Huanmen returns to preside over the overall situation, on behalf of the old man, restrain the upper and lower members of the Huanmen?"

The old man sized Ye Chen up and down, and from the corner of his eye, he looked at the elder at the side, implying: I am very dissatisfied with your attitude.

The Great Elder's face was calm, and no emotion could be seen on his wrinkled face. He looked straight into the distance, not knowing what he was thinking about.

Seeing Ye Chen hesitate, the ancestor of Huanmen said bluntly: "I don't know if the little friend from before is still there, but he put down his bold words and wants to clean up the door for my Huanmen."

"The moment the sword cut off the head, it was very bold."

The old man teased.

With this statement, Ye Chen felt a little helpless.

"Hahahaha, the old man doesn't make fun of you anymore, how about this, would you like to be an honorary elder in my sect?"

The ancestor of Huanmen suppressed his smile and said:

"You don't need to be bound by the rules of the Illusory Gate, and you don't need to sit in the gate of the mountain. At best, you can play the role of a guest. Besides, when the girl Yueru wakes up, she will need your help."

"Even in a sense, my magic door has become the reincarnation camp. For so many years, the magic door has not been concerned about everything, but I am afraid that its strength is not weak. This is not a small blessing to the luck of the reincarnation camp."

Including the Great Elder and others, everyone felt an inexplicable coercion lingering in their hearts. This is a warning!

There is no doubt that if someone dares to raise objections at this time, they will face severe punishment!

The old man in front of him is an existence that tore apart part of the time and space of Wuwu time and space. He is a ruthless person who is absolutely right and does not allow a second voice to appear.

"Since this is the case, if the junior pushes back again, it will seem a little ignorant."...

Ye Chen made a haha, and he agreed to the old man's proposal.

"The Lord of Reincarnation really knows the overall situation!"

The old man's eyes were filled with a light.

This is the only way to break the game.

The people of the illusion door shot at the master of reincarnation, which is to destroy the connection between the illusion door and reincarnation.

If the Lord of Reincarnation did not die young, the enmity of Huanmen would definitely be a failure.

"The Illusory Emperor's Token is in your hands, so I don't worry, boy, you promised me to pass it on earlier, do you still remember?"

asked the old man.

Ye Chen nodded, and said: "Of course, it's over here, this phantom emperor's order, leave with me, and wait until the destined person is born!"

"good."

There was a gleam of brilliance in the old man's eyes, and he only said one word.

"If you encounter invincible difficulties, then you will shatter this phantom emperor's decree. The spirit body of this old man also wants to learn and learn. What kind of capable people have come out of the Taishang now!"

magic door

Patriarch, this incomparably arrogant old man, left a word lightly at the end, which dissipated like green smoke, and disappeared into the world since then.

"senior?"

Ye Chen even had some doubts whether such a powerful old man had really never passed away and was secretly watching for something.

"Well, Ye Chen...Elder Ye, I was reckless before, and all this was a misunderstanding. Since the ancestor came forward to clarify, I hope you...?"

The great elder felt that the coercion between heaven and earth had completely dissipated, so he turned around and looked at Ye Chen with a look of eagerness.

"Great Elder, you are too polite, Yueru is my friend, so is the Magic Gate!"

"If there is nothing else, I will leave now?"

Ye Chen smiled lightly and exchanged greetings.

Just kidding, he doesn't dare to stay in this ghost place for a moment, who knows if that lunatic Xiao Qiantian will bite people again.

"It should, Elder Ye."

The Great Elder chuckled, raised his two fingers and twisted them together to touch the will of the world, and a crisp dragon chant resounded through the world between opening and closing.

Clang!

"This dragon spirit can be regarded as the old man's dao rhyme. Let him protect you back to the star-moon world. If there is any danger, I will sense it immediately."

The Great Elder's move was also to ensure that something similar to Xiao Qiantian would never happen to him again.

Chapter 9382

Ye Chen snorted coldly in his heart, knowing that he knew, but whether he could be rescued in time, that's not yet known.

"Thank you, Great Elder, Ye Chen left now, and when Yueru girl wakes up, I will go back to the magic door!"

Ye Chen cupped his fists and said respectfully.

rumbling...

The sky and the earth on the Battlefield of Punishing Gods were shaking violently. Black mist, with the desolate breath of the years, appeared from nowhere and gradually drowned the entire battlefield.

Ye Chen knew that Zhushen Battlefield was about to be sealed again, and he didn't know when it would be unsealed next time.

Many warriors also left the God Punishing Battlefield one after another.

Everyone doesn't know what's going on here.

Ye Chen also sent a letter to tell the reincarnation camp what happened here, and will return to the Star-Moon Realm as soon as possible.

...Ye Chen sat on the dragon's head, looking at the vast mountains and rivers at a glance, but he seemed to have seen nothing.

Just like being in this endless world, the so-called reality, except for these two words, everything is unknown.

Ye Chen tried to communicate with the power in the nest of rune ghosts.

But that power did not respond to him again.

At this moment, Ye Chen seemed to feel something, and Ye Chen's eyes suddenly turned to the sky.

In one part of the sky, darkness turbulently surged.

Could it be that the real world and the rules of time and space have been affected by the opening of the Battle of Gods?

At the end of the turbulent flow, there was an inexplicable breath circulating.

"No... something is wrong, it seems to be the breath of no time and space!"

Ye Chen took a deep breath, although it was weak, there was absolutely no mistake!

Zhushen Battlefield, Emperor Jiantian, Emperor Aotian and others all felt this way!

"Go, go over there!"

Ye Chen's eyes narrowed, and he patted the dragon's head lightly. The thousand-foot-long dragon body under his seat seemed to feel threatened and resisted with all his strength.

The dragon spirit condensed by the Great Elder is just a ray of his perception of the Dao in the world, and it does not have the ability to fight. This dragon spirit is in danger, so naturally he does not want to go.

Across several space interfaces, a trace of obscure dark power seeps out, slowly lingers and pours on the dragon's head, affecting its emotions.

The closer you get to the space crack, the stronger this feeling becomes.

"snort!"

Ye Chen snorted coldly, and with a push with both palms, a powerful force surged through the dragon's head, directly smashing that trace of boundary force.

The dragon spirit was released, and Ye Chen's figure flashed, and he rushed to the surging breath of the crack in the space.

A strong and supreme coercion erupted from that aura, making the whole world tremble.

"what happened?"

"This breath of time and space? How could there be such a strong sign in the real world?"

Ye Chen looked at the dim and invisible space in the distance in horror.

You can't go wrong!

That is the boundary force from the infinite time and space.

Others may not be able to easily perceive it, but for him, it is very familiar!

Ye Chen patted the dragon's head lightly, and the thousand-foot dragon body turned into a stream of light and poured into Ye Chen's body. He wanted to carry this dao rhyme.

Once something happens, it's better to notify everyone in the Huanmen.

Ye Chen went up against the turbulent flow of space, and soon came to an unknown space.

....

At the boundary wall, there is a certain existence that isolates the Qi machine.

And the Wuwu space-time boundary force that Ye Chen felt before is also emitted from this thing!

This is a huge sword blade that exudes supreme majesty, and the blade is inserted horizontally in the void.

This black long sword is about a hundred feet high, its blade is extremely sharp, covered with fine scales, and the tip of the sword looks like a snake spitting out a letter, it is very strange and terrifying!

There was still a faint silver glow on the tip of the sword, which looked cold.

There is a giant snake coiled around the entire sword body, and the giant snake is covered with golden scales, which looks extremely ferocious.

There are three round eyeballs on the snake's head, which looks very strange, but its tail has no end, and it seems to be accompanied by the fierce light of the blade, running through the entire space and extending to the sky.

laugh!

Ye Chen stretched out his fingertips to touch it lightly, and a dark aura rolled over his face, as if the huge black sword opened its mouth to swallow him.

boom!

"What a terrifying will, if I didn't have the Martial Ancestor Dao Heart, that moment alone would have killed me!"

Ye Chen came back to his senses and looked at the huge sword that pierced through the void in front of him. This fierce sword is very likely to be the weapon of a powerful man without time and space. It has been stained with the blood of countless emperors and tempered with killing intent!

"Is it that it isolates the Qi machine, making it impossible for the powerful Tai Shang to sense it?"

The weak dark power is indeed invisible, there is only a vast fierce light and boundless killing intent.

"So, what happened in this space!"

Ye Chen suddenly thought of a possibility, someone deliberately blocked this space, and this fierce sword is to prevent outsiders from entering!

The place where the giant sword stands horizontally, once it gets close, even the immortal emperor might have his will eroded, and the superpowers who are not in the real world should not be watched!

Peak Immortal Emperors exist, and they are all the top fighters who sit in charge of one side, have nothing to do, and will never walk in the world.

"It's such a precise plan, it's calculated and won't be disturbed by others!"

If it wasn't for Ye Chen being special as the Lord of Reincarnation, he wouldn't be able to get close to this area at all.

"It seems that the Battle of the Gods of Punishment has affected something. People who have no time and space have descended! Could it be the Death God Sect?"

"No, the Apocalypse Supreme and the Witch are still fighting, it is impossible to come."

Ye Chen's eyes turned sideways, and he stepped over the giant sword and walked into the space.

As soon as he stepped here, there was an overwhelming smell of blood, even a person like Ye Chen who had seen life and death felt faintly nauseated.

This is a land of death in the true sense!

Blood flowed like a river!

The number of corpses along the way was almost impossible to count clearly, it was like a dead city.

There are no plants here, just dead trees that can be seen everywhere. The age of these dead trees has passed ten thousand years. The trunks are full of cracks, and it seems that they will collapse at any time.

On the ground, one after another, huge corpse marks with a length of about 100 meters lay there all over the place. Some of them were still warm, some had cooled down, and even a faint smell of rotting flesh could be smelled.

Ye Chen walked this bloody road alone, and all he saw was this situation, and he even wondered if he had already entered a hell?

All these things in front of him are affecting his judgment all the time, because this kind of scene is really too weird.

Countless remains of broken limbs piled up like a mountain, and there was a stench in this pool of blood.

And some of the severed skeletons have broken hands inlaid on them. The flesh and blood on this severed hand was obviously torn off abruptly. This kind of scene makes people shudder and cannot help but think To escape from here.

But in this bloody abyss, no one can escape from the clutches of the devil.

All died tragically.

The best doctor in the city.

Chapter 9383

I don't know how long it took, and suddenly a man came out of the endless corpses. He was tall and strong, with dark skin and bronze skin, full of strong explosive power.

His whole body was filled with a layer of faint black air, which surrounded the man like snakes, making him look very strange and mysterious.

"Um?"

He seemed to feel something, looking back at everything around him, he muttered to himself: "Is it because I feel wrong, how come there is a foreign breath?"

The man withdrew his gaze, stepped on the bones of the dead bodies indifferently, and walked towards the distance.

Not long after, Ye Chen's figure came step by step from afar. If he walked faster, he might meet that mysterious man.

If there is no isolation of that power, I am afraid that both of them can perceive each other's existence.

Ye Chen walked very slowly, and every time he stepped on a corpse, he would turn the corpse over so that it was easier to see their appearance.

There are countless dead people here, and all of them have serious trauma, and the clothes on their bodies are also in tatters. You can clearly see the marks on their chests and abdomens that were pierced by sharp weapons.

"Strange, the powerful martial art should destroy both the corpse and the soul. Why do these traces remain?"

"It seems to be done on purpose?"

"These are left over from the battle."

Ye Chen muttered to himself.

These people are all dead, the timeline has been erased, there are no unnecessary injuries on their bodies, and it looks like they were fatally hit by someone.

"It seems that these people did not die at the hands of the same person, but they were killed by the same means, and almost at the same time."

"Even the dead bodies seem to be useful to those people."

"What do people without time and space look for?"

Ye Chen narrowed his eyes slightly, thinking to himself.

As he walked deeper and closer to these corpses, an unprecedented anger rose in Ye Chen's heart at this moment.

He didn't leave in a hurry, but instead used the Mustard Seed Dharma to turn into a Mustard Seed, and quietly explored forward.

Although he said that he already had calculations in his heart, Ye Chen still didn't take it lightly, he still carefully explored the surrounding situation.

"Um?"

Suddenly Ye Chen frowned, because he found a surge of extremely powerful restraints, and these restraints restored himself to the form of mustard seeds.

Obviously the master of this formation is quite powerful.

"Oops, it was discovered!"

Almost the next moment, Ye Chen's expression was dignified. Those who can impose such a restriction are definitely not mediocre, and he has already been noticed by the other party!

"Um?"

In the distant depths, there was a voice of surprise: "How could an outsider break in?"

Suddenly, someone beside the man raised his head and said with a smile:

"It's just an ant. Although I don't know what went wrong, it should be harmless. I'll kill it!"

The leading man waved his hand and said, "Find what we want first. We lost a lot of people. We need an explanation before we go back. As for that ant, let him jump around for a while."

....

It seems that these people are not concerned about the arrival of Ye Chen, a person who has not stepped into the limitless cultivator, and they care more about something else.

"The other party obviously already knew about my arrival, but they didn't care about it..."

Ye Chen, who was about to retreat, paused, and said: "These guys, there is only one reason for letting me go, and that is that they seem to have a more important goal than me that has not been achieved!"

"What is this group of people looking for? It has something to do with the Battle of the Gods? Or is it chasing and killing someone who came to reality from no time and space? Or maybe this time and space just happened to be hit here by Xeon?"

After all, God Punishment Battlefield came here with some kind of special karma.

Ye Chen gritted his teeth, looked at the corpses all over the ground, he no longer hesitated, and went to the depths.

..... "Lingxi, you go first!"

Stumbling all the way, three or five old men surrounded a

The little girl about ten years old retreated while fighting.

Several people were covered with bloodstains all over their bodies, and the little girl called Lingxi in the middle seemed to perish at any moment.

"Several grandpas, their goal is me, you hand me over!"

Mu Lingxi gritted her teeth.

"I can't leave here. You retreat to the forbidden area, there is still a glimmer of life, and those people who have no time and space will not kill me."

The old man at the head flatly refused: "Our old bones, what if the timeline is broken, they are here for you."

"Those clansmen who died were all to protect you!"

"Lingxi, you have nothing to do!"

The few old people who put life and death aside smiled bitterly and said: "Girl, live with the expectations of all of us. If there is such a day, don't forget to avenge my grandfather!"

"Can you really escape?"

"Leaving so many clansmen would rather pile up into a sea of blood than cooperate with our clan, the regret medicine in this world is not so delicious."

Before people arrived, the bone-chilling chill that made people feel like facing an abyss gathered the four sides of the world. In the depths of the dense Yin forest, a middle-aged man with bronze skin came with high-profile steps.

"Maybe it's too late to change your mind now?"

"After all, if these three are lost, your family will be completely reduced to the past. What do you think, Miss Lingxi?"

The best doctor in the city.

Chapter 9384

Facing the eyes of the three strong men, the man snorted softly, with a natural smile on his face, as if mocking their overreaching.

Seeing the former's gaze on the girl, the three old men in front of Mu Lingxi firmly blocked her behind.

But the eyes of this little girl who seemed to be only in her teens revealed a certain kind of complicated emotion, calmness, and deep killing intent!

This is definitely not the look a child can have!

"Bastards of Absolute Spirit and Silence Time and Space, dare you!"

Mu Bai, who was standing in front of Mu Lingxi, let out a loud shout, and just about to make a move, his already pale face suddenly turned ferocious, and black lines as thick as steel needles were gnawing at his skin all over his body.

Elder Mubai coughed up a mouthful of black blood, with fragments of viscera in it, very miserable.

"Hmph, so what if you were very strong back then? How many years have passed? To you, the power of our clan is an eternal and irresistible existence. How can you breathe if a fish enters the sea of poison?"

"However, you old bastards are quite tough, but you just don't know, how many tricks can you do with me?"

The man from Jueshenji tilted his head, and several figures surrounded him in a rustling manner behind him.

"Miss Lingxi, can we talk about cooperation now?"

"Or, you are really going to fight to the end, explain in advance, I don't have the habit of not killing women and children..."

Elder Mubai looked at the crowd of people who were extremely silent, straightened his originally hunched back, and said to the two people behind him:

"Although Jue Shen Ji Time and Space is stronger than us, but now it seems that in the real world, the rules of the real world are bound to be restricted. When the time comes, Dao Dao Tianzun and others will definitely find out that the strong in the real world will take action!"

Mu Bai spat a mouthful of black blood on the ground, looking at the group of seven or eight people who were only half a step away from the Divine Dao Realm, showing a hint of determination.

"However, with the blessing of our family's realm power, even if you kill yourself, it is enough to deal with you!"

"Take Mu Lingxi away, and don't let anyone else go!"

The extremely quiet man smiled softly, and as his palm fell, several people beside him moved in unison, killing Elder Mu Bai and the other three.

[The book recommended to me by an old book friend who has known me for ten years, Ye Guo Reading! It's really easy to use. I use it to read and listen to books to pass the time while driving and before going to bed. You can download it [here](#)]

"If you try hard, I don't believe it. With the strength of three people, these seven or eight people can't be defeated."

Seeing the strong men and companions around him disappearing one by one, fighting and retreating all the way, and only the last three remained, Elder Mubai's eyes flashed with cruelty.

"I've made up my mind to die, Lingxi, hurry up!"

Elder Mu Bai looked at Mu Lingxi who was at the side. He wanted to use his last strength to protect the lives of the Mu clan, but obviously, Mu Lingxi didn't intend to run away alone.

She shook her head stubbornly, and an invisible wave spread around her. That coercion caused Mu Lingxi's temperament to change drastically in an instant. The crescent white dress she was wearing turned into a Pieces of flying white clouds floated towards the sky.

"Since my Mu clan made the wrong choice this time, then we old men should be responsible for their stupidity!"...

"You girl, what are you messing around with, run away!"

Mu Bai was in tears, he knew that if it wasn't for his high self-confidence before, Mu Lingxi of their family would not have been in danger at all!

"Grandpa Mubai, you don't have to worry about me, I'm no longer the soft persimmon I was at the beginning!"

"One battle!"

Seeing the old man's canthus tearing and remorse, Mu Lingxi took a deep breath and continued: "If it really comes down like a storm, the building will collapse and there is no hope, I will leave!"

"Hahahaha...Mu Lingxi, I didn't expect you to be courageous!"

The extremely godless man raised his head and laughed wildly, his gloomy eyes shone with excitement, and there was an insolent smile on the corner of his mouth.

"However, in my opinion, it's all in vain!"

"Stop wasting time, kill those three old bastards!"

A few killers who were absolutely godless made a bold move.

Mu Lingxi also trembled slightly,

She closed her eyes tightly, and the surrounding space seemed to become stagnant. Behind her, a huge phantom of a mountain rose slowly.

Such as the imaginary billions of feet of sacred mountains, now appearing in the sky!

"Crack!"

boom!

The huge phantom of the mountain slammed into the several men in the air.

bang bang bang!

The killers of Jue Shen Ji were also very surprised when they saw this, and the smile on the man's face became even stronger: "Mu Lingxi, you are really as powerful as the rumors say, I finally understand why those people praise you so much ? If it wasn't for the previous layout, I really can't take you down!"

"With such a serious injury, you can still struggle. I, Nan Zheng, approve of you!"

Nan Zheng raised his eyebrows and looked at Mu Lingxi above the void. This little girl's handwriting is really amazing, but... this is not enough to change the situation of the battle!

"I'll take over the cause and effect of this brewed sea of blood. Today, everyone will die except you!"

Nan Zheng waved his hand, and at this moment, Elder Mu Bai and the other three pressed down like a vast mountain.

"Overreach!"

The people of Jue Shen Ji joined hands to block the attacks of the three strong men, while Nan Zheng's eyes were on Mu Lingxi.

He wants to capture Mu Lingxi alive!

"Lingxi, be careful!"

Seeing the movements of these people in front of him, Elder Mubai's childish pores contracted, and his body swayed violently. His body actually began to swell, standing up like a mountain, and his body gradually became stalwart.

"Old man, let me see how long you can last."

"Break it!"

Boom!

A terrifying fist strike bombarded Nanzheng, containing the will of the divine way, bursting out with a radiant aura.

The two elders behind Elder Mubai shouted angrily:

"The old man will help you!"

Mu Lingxi shuddered. She knew that these three old men were fighting for their lives, and they didn't leave any way for her to survive.

"Hmph, it's up to you?"

"court death!"

Nan Zheng stepped forward, his high-spirited fighting spirit approaching Xiao Han, he raised his hand and slammed at the fist mark poured with blood essence.

boom!

Two huge energies collided together, and there was a roar like thunder. Elder Mu Bai and the other three were knocked back by a punch, and the statue of the dharma body, which was as tall as a mountain, shattered...

The other old man behind Elder Mubai spit out a big mouthful of blood, his figure fell into the void, and his aura languished instantly, which obviously cost a lot.

The dharma body made of burning essence and blood couldn't stop that person's blow!

"How is it possible, even if it is limited by the actual rules, can it still be like this?"

Elder Mubai's figure trembled violently, and he fought desperately, but he couldn't even block the opponent's blow?

Did they really escape this disaster? Didn't anyone in the real world find that there was a problem here?

The so-called Ancient Emperor Yuhuang, the so-called Moral Heavenly Venerable who guards the fire, can't perceive everything here?

Chapter 9385

"The three of you are really a bunch of mad dogs. You can even risk your life for a junior. It's ridiculous, it's ridiculous!"

Nan Zheng stared at the three old men in front of him coldly, with a murderous intent in his heart.

"Forget it, it's time to send you on your way!"

As soon as his words fell, there was a terrifying martial arts will attacking the three of them. This was a spell cast by several killers beside him. These five people seemed to be suppressed to the limit Only Peak Immortal Emperor, but his martial arts comprehension and combat experience are really the same as before. With their joint efforts, the power of this blow is already comparable to that of a supernatural blow.

"not good!"

Seeing the blow coming towards the three of them, Elder Mubai showed bitterness on his face, but Ju's hunchbacked body did not move half a step, and still stood firm in front of Mu Lingxi.

They couldn't let this girl get hurt, even if they couldn't protect themselves, they wouldn't let Mu Lingxi suffer another loss.

"snort!"

Mu Lingxi scolded coldly, and a majestic aura soared into the sky, and the strands of silver light rising from her body condensed like substance, and finally gathered in front of her.

At this moment, under Mu Lingxi's feet, a lotus flower seemed to rise up, exuding light blue fluorescence. This lotus flower spread rapidly in the air, blocking all the raging and unparalleled killing momentum.

On the sides of Elder Mu Bai and the others, ripples rippled around, enveloping them.

"Little girl, do you really think you are qualified!"

At this moment, Nan Zheng appeared behind the crowd at some unknown time, with a soft smile, he raised the knife and dropped it. The palm that was powerful enough to shake the will of heaven cut across the void, and ripples splashed across the void. Apart from Elder Mu Bai, the other The heads of the two old men who accompanied him in the battle soared into the sky!

"you!"

Elder Mu Bai burst into tears instantly, looking at Nan Zheng's eyes, he gradually became demented and crazy.

"Do you know why I don't destroy these bodies? Looking at the corpses of the slaughtered clan is a kind of enjoyment for us!"

"Yan Jue, leave the rest to you."

The moment Nan Zheng's words fell, Yan Jue, the killer beside him, was the first to attack and kill Elder Mu Bai!

"Grandpa Mubai!"

Mu Lingxi shouted, white brilliance gushed out of her body, tightly protecting the old man.

"Girl, you have exhausted your benevolence, let's go!"

There was a bitter and ugly smile on Elder Mubai's mouth, and he said: "If we old guys believed in you earlier, we wouldn't be in a situation where the whole family would be wiped out."

The old man seemed extremely remorseful, he got up slowly, walked out of the light circle under the wooden spirit Xibu, and said in a deep voice:

"It's already dead, one more than me is not too much, and one less than me is a lot, I will blow myself up to buy time for you, go!"

"With you here, sooner or later, our family will come to Wuwu Time and Space again!"

Elder Mubai took a step forward, and immediately his whole body was lit up with bright blood, and the endless tyrannical aura pierced through the tattered skirt of his clothes, splashing and stirring the sky.

"call!"

Mu Lingxi knew that there would be no hope of fighting any longer, the old man had made up his mind to die, and there was no room for turning back, so she had to bow slightly and say:

"Lingxi, I respectfully send Grandpa Mu Bai away!"

boom!

At the same time, Nan Zheng and Yan Yue, who were pressing forward, smelled this bloody breath, and they couldn't help but pause and frowned.

"The old man is going to blow himself up, can we keep that girl Mu Lingxi?"

Yan Yue said very little. Since he came to this world, this was the first time he had spoken to Nan Zheng. After all, it was very difficult for such a strong person to blow himself up.

"I want to see what cards that girl has. I think she can't afford to turn the waves now."

Nan Zheng looked at the space not far away that was detonated by Elder Mu Bai, and it was completely shredded in a corner. The sky was full of void fragments, and the endless chaotic turbulence was rolling with the aftermath of his destruction.

Everything that was plundered was turned into ashes.

"Grandpa Mubai, I will take my leave first, but don't worry, I will avenge this enmity, and my family's inheritance will never be broken!"

After finishing speaking, she rushed towards the turbulent blood mist where the old man exploded in the space.

The blood mist seemed to have sensed something, and dispersed one after another, turning into countless tiny icicles, spinning rapidly in the void, and finally solidified into a world, protecting her in it.

And Mu Lingxi's body suddenly burst out with endless silver light, enveloping her whole body, her body also rapidly swelled, from the original appearance of a little girl to a tall woman, she His skin showed a jade-like coolness.

Mu Lingxi's clothes also shattered into fragments and fell down in an instant, revealing her delicate body as white as snow inside, a touch of pink cherry dotted her roundness, and on the full top, a drop of crystal clear teardrops slipped down .

Then, her figure gradually became illusory and ethereal.

boom!

Yan Jue and Nan Zheng's blows fell on the ice layer that protected Mu Lingxi's body, but only a tiny crack flashed through.

"Huh? What kind of method is this?"

Nan Zheng said solemnly.

"She's leaving."

Yan Jue opened his mouth indifferently, and looked at Nan Zheng.

If they don't break through the solid ice defense, everything they do will be meaningless.

"She can't go."

Nan Zheng's figure gradually became slimmer, as if his whole body, along with the space that collapsed and shattered from the original battle, split open, forming a dark and deep black hole.

"Mu Lingxi!"

An extremely cold voice, like a demon under the Nine Netherworld, came from above the void.

The terrifying power contained in that voice made Mu Lingxi, who was about to leave in the ice layer, tremble slightly.

The black hole surrounded Mu Lingxi in a ring shape, and the terrifying devouring power instantly enveloped Mu Lingxi.

At this moment, Mu Lingxi seemed to feel that her vitality was passing away in this black hole.

Katsa!

Originally, the huge sword that traversed the entire space and shielded the heavenly secrets made a clang, but the Shekou on the blade was slowly spitting out a message, which was very terrifying!

The faint sword swayed around the blade, and on the edge, the giant snake that had been entangled in no bounds was slowly swimming, as if the sky and the earth were so big that it couldn't accommodate even half of its body.

"Master Jue Shen's weapon, is it going to move? Master Nanzheng is going to show his power."

Except for Yan Jue, the few people who came with Nan Zheng and others all showed Ji Dong's expression on their faces. Even if they knew that Nan Zheng would not hurt them, they did not dare to look directly at them.

But at this moment, Nan Zheng's figure had long since disappeared from the place where he was transformed into a black hole, replaced by endless turbulent currents.

Swish!

At this moment, at the other end of the originally dark and deep black hole, an arm slowly stretched out, and the seemingly weathered skin could not even be hurt by the turbulence of the void in the chaos.

Chapter 9386

Clang!

The giant sword that traverses the world seems to have been summoned by some kind, and the blade that originally almost dominated the entire world slowly shrinks, and when it reaches a hundred feet, it stops.

"Jueshen's sword! Give me strength!"

Nan Zheng opened his arms, and then firmly clenched the giant sword. With his low growl, the arm holding the sword swung down from top to bottom.

Clang!

With a clear trembling sound, an extremely violent wave of destruction suddenly swept past.

Plop!

Yan Jue and the others were blown away, and that extremely powerful energy overturned them all.

The mountain of corpses and the sea of blood stretching thousands of miles under his feet burst into powder in an instant.

Rumble!

The whole sky was trembling, as if it would collapse at any moment.

Katsa!

The ice layer that protected Mu Lingxi in the middle suddenly shattered, and one side of the world was reduced to thousands of fragments.

Those fragments flew up, turned into streaks of light and shadow, and scattered in all directions. At this moment, Mu Lingxi was completely terrified.

He never expected that Nan Zheng also summoned the sword of Jueshen!

Damn it!

Mu Lingxi only had a glimpse, and that majestic power disappeared in an instant, and he turned into his original petite appearance and fell into the dust.

Rumble!

The whole space shook violently, countless black cracks spread around, and the whole world seemed to be about to collapse!

"not good!"

"This sword is too strong, this fantasy world is about to shatter!"

Yan Jue and the others looked around, and flew back one after another. Some of them were still affected by the terrifying sword light, and half of their bodies were torn off, very embarrassing.

For a moment, the entire space fell into chaos.

Under this terrifying sword strike, the already riddled fantasy world became even more fragile.

No matter who the sword is aimed at, no one can block it, and they don't even know how to resist it.

The aftermath of the sword light alone is enough to sweep and destroy this space.

This is the supreme combat power of Absolute God and Silence Time and Space!

With one strike of the sword, everything will return to calm.

"Catch that girl, let's go!"

Yan Yue and the others saw that the black hole slowly healed, revealing the original appearance of Nanzheng, the explosive muscle lines were sharp, and the bronze-colored skin was covered with mottled cracks.

Nan Zheng gasped for breath a few times, and was about to capture and take away Mu Lingxi, who was gradually losing consciousness, when he suddenly felt a killing intent!

Scoff!

Nan Zheng dodged subconsciously, and a terrifying sword light instantly broke through the flesh and blood on the inside of his shoulder, almost beheading his head.

It was none other than Ye Chen who made the move!

Although Ye Chen didn't know why this group of people came near the real world, and he didn't know the grievances among them!

But Samsara's intuition told him that this girl must be saved!

Ye Chen shook his head helplessly. As expected of a strong man without time and space, even after being suppressed by the real world and using such heaven-defying means, his reaction still remained undiminished. If he made another inch, he might be able to cut Nan Some timelines of the levy.

"You are that ant. I didn't look for you. I didn't expect you to come to the door!"

Nan Zheng instantly understood that this guy was the ant from the sixth level of the Profound Sky Realm that he had perceived earlier.

"You shouldn't be contaminated with this karma, even the ancient Emperor Yuhuang and Tianzun Daode in the real world will not be contaminated, do you understand?"

When Ye Chen heard this sentence, he didn't react at all, but said calmly: "What if I must take care of it?"

"Man, you can't take it away today..."

Nan Zheng's face turned cold, he raised his palm as if he was going to crush the ant in front of him, and said, "Boy, do you know who you are talking to?"

Seeing this, Ye Chen quickly waved his hands and said:

"There is no time and space, the time and space of Jue Shen Ji, Nanzheng, right?"

"Your condition is not good now, are you sure you want to continue?"

Nan Zheng and the others were startled, just about to say something! Ye Chen made a sudden move!

Just now when everyone was fighting, Ye Chen adjusted slightly, and he even communicated with Senior Qi Yuan.

After the adjustment now, he should be able to use the Seven Abyss Illusory World Spear again!

Just one hit!

After one blow, you must leave immediately!

"Qiyuan Fantasy World Spear!"

At this moment, the spiritual energy in Ye Chen's hands was concentrated and gathered, turning into a long spear, and then the spear swept out wildly.

This spear swept across, as if the world was disillusioned, the spear was overbearing and fierce, and there was a faint aura of a heavenly emperor breaking his soul.

However, this blow was somewhat weaker than the blow he had faced against real Chongyang before.

"What, this is... a half-step Divine Dao Realm!"

The faces of Nan Zheng and the others changed drastically. It's not that they haven't seen geniuses before. They have seen many geniuses with source bodies in Wuwu time and space!

But they have never seen a sixth level of the Sky Profound Realm bursting into the Divine Dao Realm!

When did people in the real world become so scary?

They underestimated the enemy too much, causing them to react slowly!

After the endless light, they opened their eyes and found that Ye Chen and Mu Lingxi had disappeared!

"No, that kid took Mu Lingxi away!"

"Damn it!"

"Look, search all over the Supreme World and Outer Heaven, even if you dig the real world upside down, you have to find them!"

"Wait, let's find a place to adjust our status first. I'm afraid the Taoist Heavenly Venerable and the masters of the real world will find us. Let's go to sleep first! Take a step and see!"

at the same time.

Somewhere in the corner of the world.

Ye Chen exhaled slightly, but those people didn't seem to be chasing after him.

He squinted slightly, glanced at the girl in front of him, and asked curiously, "Who are you? They seem to call you Mu Lingxi? Why were you hunted down?"

Chapter 9387

However, just as Mu Lingxi was about to speak, she fell to the ground.

She's in terrible shape.

If it wasn't for this girl possessing some kind of source body, she might have fallen by now.

Ye Chen hesitated for a long time, but still fed the other party a drop of reincarnation blood.

It took a full two hours before the other party slowly opened his eyes.

Mu Lingxi looked at Ye Chen, although she was a little grateful, but soon became vigilant.

In her eyes, no one can be trusted except the clansmen!

"Your injury is serious, what's your plan next?" Ye Chen asked.

Mu Lingxi glanced at Ye Chen and said: "Although you saved me, I will repay this kindness. What is my name? I don't care about the next plan... I have a way to find precious medicine to heal my wounds!"

Ye Chen was taken aback, never expecting this girl to be so vigilant, it seemed that she was definitely carrying a heaven-defying secret.

It was the first time he heard of Wu Wu time and space to escape to the real world.

Could it be for the Battle of the Gods?

It doesn't seem like it.

But since he didn't want to interfere by himself, Ye Chen naturally didn't intend to waste time here.

Ji Siqing will soon ascend to Wuwu Time and Space, and he must return to the Star-Moon Realm to see Siqing as soon as possible.

Thinking of this, Ye Chen stopped talking nonsense and said directly: "You didn't want me to save you, so that's it, I'm leaving."

As soon as the words fell, Ye Chen disappeared in front of Mu Lingxi.

Seeing the man in front of her leave, Mu Lingxi felt a little regretful, but her eyes were still full of determination. Just as she was about to exercise, she spat out a mouthful of bright red blood.

Her injury is still too serious!

The current her needs enough time to cultivate, the key point is that those people must not have given up looking for herself!

How did she find the precious medicine?

At this moment, she regretted it even more.

Maybe I had a better attitude just now, and this mysterious man will help me?

...

Ye Chen quickly put Mu Lingxi's matter behind him, and now he has returned to the Star-Moon Realm.

Ji Siqing, Su Nishang, Yuehun Fairy and others had sensed the secret early on and came out to greet them.

Originally, the Battle of Gods was over, and Ye Chen didn't come back for a long time, so they were still very worried.

"Siqing."

When Ye Chen saw Ji Siqing, he was very excited, so he went to embrace her.

Ji Siqing also hugged Ye Chen tightly, and then raised his eyes and said: "I already know, I will go to the Ten Thousand Fire Realm in a few days, and you can spend the rest of the time with me."

Ye Chen's heart trembled slightly, and he said, "Siqing, are you really determined to go to the Ten Thousand Fire Realm?"

Ji Siqing smiled and said: "Being crowned as a god is a great thing. You should be happy for me. I will wait for you in no time and space."

Ye Chen's expression was complicated. Of course he knew that being crowned a god would greatly increase Ji Siqing's strength.

However, Vulcan's crown is not so easy to wear.

Once you wear it, you will bear the endless pressure behind the crown.

"Okay, then let's make an appointment to meet in Wuwu time and space in the future!"

Of course, Ye Chen is not a sloppy person, since Ji Siqing is determined to be crowned as a god, he is naturally a blessing.

Those envoys from the Myriad Fire Realm were overjoyed to hear that Ji Siqing was willing to go to Wuwu Time and Space.

A messenger said: "Miss Siqing, thank you very much, you will be our goddess from now on!"

After a pause, the messenger asked Su Nishang respectfully again: "Vulcan God, don't you go back to the Ten Thousand Fire Realm to enjoy the blessings together?"

Su Nishang smiled and said: "I'm afraid there will be endless troubles when I go back to the Ten Thousand Fire Realm. Where can I enjoy any blessings? My sister and I stay here, and the Lord of Reincarnation takes care of us, that's enough."

As she said that, she looked at Ye Chen with gentle eyes, and then took the hand of her younger sister Fairy Moon Soul.

Fairy Yuehun's eyes are also quite gentle, her thoughts are the same as Su Nishang's, their era is over.

Now they are retiring, and it is the best choice for Ye Chen to take care of them.

Ye Chen smiled. His reincarnation camp is rich in resources, so it is not a problem to support Su Nishang and Fairy Moon Soul.

"And I."

At this time, another voice came from outside.

I saw a woman in a black dress with a smile on her face, coming from the wind, but she was the second enchantress.

"The Enchantress!"

Seeing the second enchantress coming, Ye Chen was overjoyed: "Are you all right?"

The second enchantress blushed and said with a smile: "Ye Chen, I'm fine. From now on, I will live with you, and I want to be with my mother."

Saying that, the second enchantress walked up to Fairy Moon Soul and hugged her arm.

Su Nishang, Fairy Moon Soul, and Second Demon Girl, these three girls are all beauties, and standing together arm in arm now is really a very eye-catching scene.

"good."

Ye Chen nodded, feeling delighted in his heart.

Previously, the second enchantress was imprisoned in the fire by Daode Tianzun, tortured, and later rescued by Ye Chen and entrusted to the care of Chongyang Zhenren.

Looking at the flushed face of the second demon girl now, she knew that Chongyang Daoist did not treat her badly.

"Then your father..."

Ye Chen thought of Daode Tianzun, and asked again.

The face of the second enchantress suddenly darkened, she smiled wryly, and said: "Forget it, I don't care, I will only be with my mother from now on."

Originally, she still cared about the kindness of Daode Tianzun.

However, Daode Tianzun actually threw her into the fire, which completely made her give up.

"Well, Yao Ji, you can live with me at ease in the future, and I will take good care of you."

Ye Chen nodded and said, the past is over, no matter what happens in the future, he will never let the second demon girl, Moon Soul Fairy, Su Nishang and others suffer the slightest harm.

At that moment, the Second Enchantress stayed in Aoshi Tiangong.

Ye Chen and Ji Siqing came to a room together to enjoy the rare opportunity to be alone.

After the extreme obsession, both of them felt supreme joy.

However, this joy is only for a few days at most.

After the ten-day appointment, Ji Siqing was leaving.

"Ye Chen, what did you get when you went to Zhushen Battlefield this time?"

Ji Siqing snuggled into Ye Chen's arms, drew circles on his chest with his fingers, and asked softly.

"Got this, do you want it?"

Ye Chen smiled and took out a spar.

That spar had a dragon-shaped totem imprinted inside, which was the Heavenly Dragon Origin Crystal left by the Dragon Emperor.

If this Heavenly Dragon Origin Crystal is refined, it is enough to awaken the Heavenly Dragon Origin Body.

"I don't want it, this is your thing, you should refine it soon."

Ji Siqing pouted and said.

"Alright, I heard that after refining this Heavenly Dragon Origin Crystal, you can awaken the Heavenly Dragon Origin Body. Let us see how impressive this Heavenly Dragon Origin Body is."

Ye Chen looked at the spar in his hand, and his eyes froze slightly.

The so-called source body, the full name is the extraordinary source body, and the person who can awaken the source body is called a transcendent person.

The talent, speed of cultivation, and combat power of a transcendent are far superior to ordinary people.

In Wuwu time and space, there are even some extraordinary families, and the entire family is extraordinary.

Chapter 9388

For example, Fengshen Tianzun and Lingkong Tianzun, the Wuque family they belonged to was the famous Chaofan family in the past.

Ye Chen sat down cross-legged, and first opened up a space around his body, because he knew that when he refined Tianlong Yuanjing later, the atmosphere would inevitably be huge. If the space was not opened up in advance, the majestic atmosphere would probably overwhelm the entire room. The entire Proud World Heavenly Palace collapsed.

Katsa.

Then, Ye Chen crushed the source crystal in his hand with all his strength, and as the crystal stone shattered, wisps of golden dragon-shaped source energy flowed out of it, pouring all of it into Ye Chen's body.

suck!

Ye Chen took a deep breath, and absorbed all these dragon-shaped origin qi.

After he absorbed and refined all these dragon-shaped origin qi, the aura in his dantian grew rapidly, and a layer of golden "membrane" appeared on each meridian, as if he had been protected by some power .

Moreover, Ye Chen felt that every part of his body was hot, as if something was about to break out.

The human body is composed of countless cell particles. The legendary Tianlong source body can cultivate human body particles and transform every particle of the human body into a sky dragon.

At the peak level, hundreds of millions of particles in the human body can all transform into dragons, and hundreds of millions of sky dragons soar into the sky, enough to suppress the emperor of heaven.

Wave, wave, wave!

Ye Chen felt that after absorbing the source qi of the Tianlong source crystal, there were at least 100,000 particles in his body, which transformed into a Tianlong in an instant.

Golden sky dragons flew out of Ye Chen's body with majestic coercion, awe-inspiring aura, and endless brilliance, and the roar of the dragons shook the sky.

In the space around Ye Chen, an incomparably spectacular scene suddenly appeared, a hundred thousand dragons soaring, the golden light soaring to the sky, majestic and domineering.

Surrounded by many heavenly dragons, Ye Chen is like a heavenly emperor who dominates the world.

"Very good, this Heavenly Dragon Origin Crystal really made me awaken the Heavenly Dragon Origin Body."

Ye Chen was overjoyed, from today onwards, he is also an extraordinary person.

The so-called Heavenly Dragon Source Body was created by Emperor Yuantian in the past, observing the Dragon Fate Star.

Therefore, this Heavenly Dragon Origin Body is not a creation of heaven and earth, but a human creation.

Emperor Yuantian has this strength, he can seize the good fortune of the heaven and the earth, and invade the mystery of the sun and the moon.

Ye Chen himself possesses the Dragon Fate Star, and now that the Heavenly Dragon Source Body is on him, the power can naturally explode to the extreme, and the two complement each other and achieve each other.

In the past, Ye Chen only had one Longteng Fate Star, but now, after awakening the extraordinary source body, every cell particle in his body is a Longteng Fate Star.

In the peak realm, hundreds of millions of Dragon Fate stars shine out, who else can resist?

This is simply invincible!

Ji Siqing was also very excited when he saw Ye Chen surrounded by heavenly dragons, and said, "Ye Chen, you have awakened the source body now, don't you become an extraordinary person?"

The three characters "transcendent" also represent great luck.

Ye Chen's becoming an extraordinary person not only improved his strength, but also greatly improved his luck.

"Well, hehe, the things left by Emperor Yuantian are really powerful."

Ye Chen felt more and more that Emperor Yuantian was so powerful that he was able to create extraordinary things. No ninth-rank emperor in the world could compare to such a feat against the sky.

After awakening the Heavenly Dragon Source Body, Ye Chen's cultivation also made a sudden breakthrough, from the peak of the sixth level of the Sky Profound Realm to the first level of the seventh level of the Sky Profound Realm.

The difference between the seventh heaven and the sixth heaven seems to be only one notch, but it is the difference between the later stage and the middle stage, and the gap is very large.

At this moment, when Ye Chen stepped into the late stage of the Profound Sky Realm, he felt that his comprehension of the laws of superiors had become more in-depth, and his martial arts background, dantian aura, and Dao Qi luck had all been qualitatively improved in all aspects.

"Stepping into the seventh heaven of the Profound Sky Realm, you can finally cultivate the Sword of Destruction!"

Ye Chen was quite excited, and sacrificed a piece of jade slip, on which the words "Sword of Destruction" were engraved.

This Destruction Sword is one of the Heavenly Emperor's Five Fading Swords. It is a sword technique spread from the other side of the starry sky. It is said that after practice, the peak state can make the Heavenly Emperor decline, which is very powerful.

This sword technique was given to Ye Chen by Master Chongyang. Because of its great power, Ye Chen can only cultivate it after he has reached the late stage of the Profound Sky Realm, otherwise he will be in danger of being backlashed.

At this moment, Ye Chen has stepped into the seventh heaven of the Profound Sky Realm, so he is naturally qualified to practice this sword of destruction.

Ye Chen calmed down and observed the cultivation secrets of the Sword of Destruction, only to feel that all kinds of domineering and destructive sword principles kept coming to his mind, which made him feel a little startled.

"This sword of destruction is indeed powerful."

Ye Chen nodded, feeling the dominance of the sword of destruction.

Fortunately, he had practiced a supernatural power before, called the Dao Seal of Destruction, and he had a very deep understanding of the law of destruction.

At this moment, when Ye Chen went to observe the Sword of Destruction again, he felt that it would be a matter of course, that all kinds of magical methods would be understood at a glance, and understood at a thought.

However, the lethality of this sword of destruction is too terrifying, enough to destroy everything.

When Ye Chen was comprehending, he was also eroded by the destructive aura. If he hadn't stepped into the seventh heaven of the Sky Profound Realm, this erosion would probably hurt him.

Ye Chen took a deep breath and resisted the erosion, but still felt a little startled, it was a natural resistance to the destructive atmosphere.

After thinking for a while, Ye Chen took out a jar.

The jar is black, and there is a jar of clear water inside. The water vapor is dense and hazy, and a rich source of energy is permeated.

Chapter 9389

This is exactly the jar of Origin Immortal Water that Xiao Xinghe left behind. It looks like there is only one jar, but in fact it is as endless as the ocean.

Back in the Battle of the Gods, when Gusuyu and the reincarnation camp were fighting fiercely, Xiao Xinghe secretly filled a can of Origin Immortal Water.

The Immortal Pond of Origin will never dry up. It is a fetish without time and space, which cannot be described with common sense in reality.

Even if Xiao Xinghe took away the sea-like water source, the Immortal Pond of Origin was not exhausted in the slightest.

It is conceivable that the opportunity for Gusu Yu and Tiannv to obtain this Immortal Pond of Origin is great.

When Ye Chen faces them in the future, the pressure must be enormous.

Therefore, he must practice and become stronger as soon as possible to improve his strength.

"Is this the fairy water from the Immortal Pond?"

Ji Siqing looked at the clear water in the black jar, his pupils also brightened slightly.

"It's a pity there's only one can."

Ye Chen shook his head, and mobilized a wisp of Origin Immortal Water to surround himself.

Surrounded by the fairy water of origin, Ye Chen immediately felt nourished by a burst of gentle aura, and the erosion caused by the evil spirit of the Sword of Destruction was instantly dispelled.

This fairy water of origin has extremely abundant origin aura, which can nourish all things.

Ye Chen separated another wisp of Origin Immortal Water, which wound around Ji Siqing like a water snake.

Ji Siqing was nourished by this fairy water of origin, and immediately felt refreshed, indescribably happy, and said with a smile: "Thank you very much."

"Need not."

Ye Chen smiled, and under the warmth of Yuanyuan Xianshui, he continued to comprehend the sword of destruction.

"Five declines of the emperor of heaven, the way of destruction, the sword destroys the world!"

In Ye Chen's mind, there was a fierce and strong idea of swordsmanship turbulent, and wisps of destructive aura gathered and exploded around him.

Under the protection of the origin fairy water, these destructive auras did not harm him.

The destructive aura roared and gathered into a wisp of sword aura.

This ray of sword energy is full of terrifying laws of destruction. The stars and moons around the sword energy sink, the void collapses, the avenues are wiped out, and the killing power is very terrifying. It is the sword of destruction.

Seeing the killing scene of the Sword of Destruction, Ye Chen also nodded in satisfaction.

This sword of destruction has such a terrifying aura of destruction and killing that it is enough to easily kill ordinary emperors in seconds. After mastering this sword, Ye Chen's chances of winning against the goddess will be greatly improved in the future.

"Very good, this sword of destruction was finally mastered by me."

Ye Chen's heart moved slightly, and then he mobilized the immortal water of origin and poured it into the space of his scorching sun and life star.

In the scorching sun and star space, thorns grow all over the land, and countless thorns are woven into a throne, which is the symbol of the authority of the Death God Order, the Throne of Thorns!

The Throne of Thorns is one of the Thirty-Three Heavens magic arts, it is not only a supernatural power, but also a magic weapon.

For hundreds of millions of epochs, the powerhouses of the Death God Cult have worshiped the Throne of Thorns and offered their blood as sacrifices.

Therefore, this Throne of Thorns has gathered the power of blood and faith of hundreds of millions of generations of the Death God Cult, and it is extremely powerful.

If Ye Chen goes to practice the supernatural power of the Throne of Thorns, he will naturally be able to transform into another throne, but the power and background are absolutely impossible to compare with this throne.

If he can hold the Throne of Thorns, Ye Chen is equivalent to the highest authority to control the Death Order, and the benefits will be unimaginably huge.

However, the evil spirit of the Throne of Thorns is extremely violent and terrifying, Ye Chen has never been able to control it, and even the evil spirit of the Throne of Thorns may bring him backlash.

Fortunately, Ye Chen now got a jar of Origin Immortal Water, which is enough to suppress the evil spirit of the Throne of Thorns.

Previously, when Ye Chen went to see Yanshen Tianzun, Yanshen Tianzun helped Ye Chen suppress the Throne of Thorns and prevent it from wreaking havoc.

However, the power of Yanshen Tianzun is the power of outsiders after all, Ye Chen can't control it himself, and he is always worried.

At the moment, he mobilized wisps of Origin Immortal Water and poured it all into the Lieyang Mingxing space.

Crash!

A large amount of fairy water of origin, such as Canghai Waterfall, was poured into the Mingxing space.

Soon, the entire scorching sun and life star space was filled with the fairy water of origin, like a sea flowing across the ocean.

The throne of thorns was also soaked in the endless fairy water of origin, and all evil spirits were submerged.

"This should be enough. In the future, the Throne of Thorns will not wreak havoc again."

Ye Chen nodded, his eyes returned to reality, and he saw that the water source in the black pot had been reduced by half.

Just now he transferred water to fill the life star world, and consumed half a can of Origin Immortal Water, which was a huge expense.

However, Ye Chen was quite satisfied with being able to suppress the evil spirit of the Throne of Thorns.

In fact, if he had the entire Immortal Pond of Origin, he could even directly control the Throne of Thorns.

It's just that the Immortal Pond of Origin fell into the hands of Tiannv and Gusuyu, which has to be said to be a great pity.

But, as Qiyuan said, one should not be too greedy.

Ye Chen has gained a lot of opportunities in the battlefield of killing gods, and he is quite satisfied.

Finally, Ye Chen mobilized a ray of origin fairy water to nourish his Qinglian avatar.

His Qinglian avatar, fused with the blood of Emperor Aotian, is now extremely rich in spiritual energy, and then nourished by the origin fairy water, the spiritual energy will be even more abundant, and it will be a great help to Ye Chen in the future.

After training, Ye Chen continued to accompany Ji Siqing.

After two days like this, Ji Siqing quietly said to Ye Chen: "Ye Chen, I want to watch the forest."

In the past two days, Ye Chen and Ji Siqing talked about everything, and they also mentioned the matter of watching the forest.

Chapter 9390

Shouwang Forest was created by the first grass god in the past, and it is a holy place for lovers.

That forest contains the mystery of the word "love".

According to legend, in the book of wisdom, the most incomprehensible wisdom is the word "love".

Today's little grass god Qingyan just can't see through the word "love", so her strength has always had a huge gap with the first grass god Zilan.

Before Zilan fell, she already had a premonition that her successors might not be able to understand the word "love" in the future, so she made plans in advance and created the Watching Forest, which was originally intended for the little grass god Qingyan.

However, after she fell, this forest fell into the Supreme World, but it was beyond her expectation, and the plan was broken.

But no matter what, that Watching Forest was once a famous holy place for lovers in no time and space.

Legend has it that if you pray under the holy watchman tree in the middle of the forest, you may be blessed and get the holy fruit of watchman.

The lovers eat the sacred fruit of watching together, and form a bond with one heart, can prove the Tao through love, and break through to become a god.

Now, Ji Siqing also wants to go to Shouwang Forest and pray with Ye Chen, if it can bear the fruit of Shouwang, that would be the best.

Even if it doesn't work out, if she can have such an experience with Ye Chen, it will be enough for her to remember when she goes to Nowhere in the future.

"Siqing, do you want to watch the forest?"

Ye Chen was taken aback. The Shouwang Forest was Qiyuan's hometown. Under the scrutiny of his secrets, he faintly felt that there seemed to be an undercurrent in the forest, full of danger.

Originally, he planned to wait for Ji Siqing to go to Ten Thousand Fire Realm, and then he would go to the Watcher Forest by himself.

But now, he didn't expect that Ji Siqing wanted to go directly to watch the forest.

"Yes, I want to go and see. Isn't that a holy place for lovers? Let's go shopping together, so we can have memories."

Ji Siqing smiled gently.

Looking at her gentle eyes, Ye Chen couldn't help but feel a little tremor in his heart.

He knew that in the center of the Shouwang Forest, there was a Sacred Watching Tree. If couples prayed and wished under the tree, they would have a chance to bear the Sacred Watching Fruit.

After taking the Shouwang Sacred Fruit, one can prove the Tao and become a god, which has great benefits.

It would be of great benefit to Ye Chen if he went to Shouwang Forest with Ji Siqing and made a wish.

It's just that the Overwatch Forest is too dangerous.

Ye Chen had a premonition that the watchful forest must be full of treacherous battles, and he didn't want Ji Siqing to go there to avoid accidents.

Ji Siqing also knew Ye Chen's worries, and said with a slight smile: "Ye Chen, are you still afraid of any danger? With your combat power, looking at the starry sky in this world, who can hurt you?"

Hearing Ji Siqing's words, Ye Chen was stunned for a moment, and then burst out laughing.

Indeed, what Ji Siqing said was right, with his current combat power, no one could hold him down unless a master of the Divine Dao Realm descended.

Even if there is any danger in Watching the Forest, it will not threaten Ye Chen.

With him by his side, Ji Siqing would be fine.

"Okay, Siqing, then let's go to the Watcher Forest."

Ye Chen smiled and agreed.

"Okay, let's go now."

When Ji Siqing clapped her hands, she also looked a little impatient, because she didn't have much time, and she was going to Wuwu soon.

Ye Chen nodded, and immediately put away the half can of Origin Immortal Water, and took Ji Siqing out.

Ye Chen originally wanted to refine the Nine Gods Record for this half-can of Origin Immortal Water.

The Nine Gods Record was divided into two halves, one half was in his hands, and the other half was in the hands of Zihuang Immortal Palace.

In the future when the catastrophe of darkness comes, the Nine Gods Record is the key to fighting against the darkness.

Ye Chen originally wanted to rely on the energy of the origin fairy water to refine the Nine Gods Record and increase its power.

But now, the Immortal Pond of Origin has been taken away by Tiannv and Gusuyu. If he only has one jar of water, it is obviously not enough.

Ye Chen planned to put away the remaining half tank of water for later use.

As for the Nine Gods Record, it is very powerful in itself, even if it cannot be improved, it is enough for now, Ye Chen is not in a hurry.

After he and Ji Siqing left the Star-Moon Realm, they locked on the coordinates of the Watcher Forest and left directly through the sky.

Qi Yuan was overjoyed to see Ye Chen going to watch the forest so soon, and said, "Master Tomb Master, are you going to watch the forest?"

Ye Chen said: "Yes, senior, go to your hometown to see, you should also want to see, what does the Shouwang Forest look like today?"

Qi Yuan smiled and nodded, then his eyes suddenly sharpened, and he said in a cold tone: "If the people in the forest really change their beliefs, then you just kill them all, and those who betray their beliefs deserve to die. "

Shouwang Forest used to believe in Zilan, the God of Grass in the first generation. Zilan created the forest and brought everything to the people in the forest.

The people in the forest have food, water, elixir, treasures of heaven and earth, secret books of magical skills, and materials and minerals, all of which are bestowed by Zilan.

Zilan bestowed everything, but after she fell, her orthodoxy was passed on to the little grass god Qingyan, but many people in the forest felt that the little grass god was too weak to be believed in.

There are many people who want to change their beliefs and believe in the more powerful ancient god Tuodi.

In fact, Qi Yuan wouldn't be so angry if he simply changed his belief.

But those converts actually wanted to worship the ancient god Tuodi.

This is to fall into darkness and associate with evil!
