Chapter 941

The meaning of the gun completely blooms, as if turned into several black magic dragons from the sky!

The roaring sound is constantly ringing, and the sword meaning of those disciples of ziweizong was mercilessly smashed!

"Demons, they are demons!"

What did the strong man of Tao source perceive and cry out in surprise! But soon, he felt a small voice coming towards him quickly!

It's Xiao Huang!

"Little beast, go away!"

The strong man in Daoyuan environment hums coldly and cuts down mercilessly with a sword!

I thought that with this sword, the animal would turn into a blood mist.

But soon, he found out something was wrong.

The fierce sword fell on the cat, and there was no reaction!

It's like Absorbed in general!

"This What the hell is that? "

Before he could react, Xiao Huang leaped away and his whole body was over five or six meters high!

Pink tender hand exposed sharp long knife, directly patted down!

The key actually has the red thunder and lightning encircle among them!

Too weird!

The strong man of Daoyuan never thought that the cat could still cultivate himself!

Spirit beast? Fierce beast?

Before he could react, Xiao Huang's sharp claws slapped on the sword he was blocking.

"Ding!"

The sword is directly broken!

Heartless fragmentation!

The force of terror vibrates, as if into the essence of the air waves through the body of the strong source of the Tao.

The pain has not stopped!

Because Xiao Huang's claws don't stop!

Let alone ordinary spirit sword, even if it is a very high level of existence, accompanied by the God thunder will be mercilessly torn.

The cold claws pierced the arm of the strong Daoyuan environment like a steel knife.

The latter wanted to agglomerate the genuine Qi to block, but when he saw the red pupil eyes of Xiaohuang, he found that the genuine Qi of Dantian could not be used!

It's like being restricted!

What the hell is this monster!

He panicked. He opened his mouth to say something, but found that the rapid cold light had cut his arm and even penetrated his chest.

What a bully? How tough?

He kept spitting blood out of his mouth, and his frightened eyes faded.

He fell to the ground.

In the dark fog, some people naturally find that the one with strong Daoyuan environment is dead!

All of a sudden, there is no leader!

"Brother Liu is dead! Elder martial brother Liu was killed by that beast! "

The sound of terror was everywhere!

As if there were no heads.

In the black fog, ye Chen also killed several disciples of ziweizong. He took a look at Xiao Huang and said in a cold voice, "one will not stay!"

Ye Chen has no pity for such a cruel and inhumane sect!

Innocent?

How can these people be innocent!

If human nature is not in the way, it will leave the door earlier.

After a while, the blood gradually stained the earth and spread over the whole outer ground,

a Yin wind blew, and the endless cold devoured everything, and the black fog disappeared.

In the end, there was only one young man left.

There is also a fierce beast standing on the shoulder of the youth.

The fierce beast's claws and teeth are dripping with blood, and the red and blue pupil emits dim light.

All of them infiltrate people.

Ji Lin let everyone out. Everyone took the pills seriously.

There is no big problem.

But when she looked up and saw the scene in front of her, her body was shaking.

Because these disciples of ziweizong were killed by Ye Chen?

She knows that ye Chen's progress is very fast, but now the strength is several times more exaggerated than that of the last time!

Isn't this guy Van Gogh?

Why can progress be so terrible!

Suddenly, she thought of something and said to Ye Chen, "no! Ye Chen, let's get out of here. The change here will certainly disturb those guys, or we will not be able to leave at that time! "

Now for them, the most unfavorable thing is that the disciples of Ziwei sect have died, because the leader and elder of Ziwei sect must be angry! The anger of these big people is not what they can bear now!

Of course, the most favorable thing is that this group of people have an accident! At least they left, without witnesses, ziweizong could not blame them!

Ye Chen looked at the child behind him, nodded, and went directly to the outside.

At the same time.

The hall of Han family is extremely open.

A long dark wood table, surrounded by many old people.

Every old man's breath is extremely terrible.

Even most of us here are the strong in the Empire. Of course, there are many peaks of Daoyuan realm.

These people, in the sky on the list, can enter the top 200!

These people, any one, stamp their feet, can make the whole Kunlun virtual earthquake.

The old man with white hair on the top of the long table bent his back and held a string of Buddhist beads in his hand.

The eyes are very small.

Although it doesn't seem threatening, no one in this room dare to despise it!

Because this old man is Han daoshan, the current owner of the Xuhan family in Kunlun!

Han daoshan is the only one who can talk and laugh with many families and clans.

Not even afraid of any family.

Only because Han Yun, the ancestor of his Han family, is still alive!

Even if you are crazy, no one can stop this ancient power!

Even once blocked, it is death!

"All of you are here today to show your respect. I know that many of you are still closed yesterday. For this small matter, I forced to break through the customs barrier. Today, I Han replaced wine with tea. Thank you

Drink a cup of tea directly.

Han daoshan's words made people feel comfortable, and most of them even echoed.

"The master of the Han family is joking. It's a big event in Kunlun. We can't be greedy about life and death, and let all the burden be on the Han family..."

"The Han family is worthy of being one of the ancient families. No matter what they say and do, they are admired by people."

Ziwei patriarch Fang Chengjin sighed.

Han daoshan nodded and said, "the reason why I asked you to come here for a little gathering before the meeting is not only for the sake of the secret place of blood spirit, but also for another thing. It is said that..."

Han daoshan has not finished speaking, but Fang Chengjin, the elder of ziweizong, has changed his expression and stood up.

Look flustered! Gradually into anger!

Han daoshan noticed something and said curiously, "old Fang, why is your face so ugly? What's the matter?"

Fang Chengjin did not dare to lose control. He clenched his fist and suppressed his anger. A low voice rang out: "I just sensed some special circumstances."

"All the disciples who came to the land of the Han family have fallen down!"

This sentence is like a heavy bomb to fall on this!

The whole hall is quiet for a few seconds!

You know, this is the land of Han family.

Most of the places where the clan and the family were present were arranged by the Han family in various places.

But at the moment, all the disciples of ziweizong had an accident!

Chapter 942

Isn't this a slap in the face of the Han family!

The key is that no one is stupid enough to do it here!

People look at Han Daosheng, and sure enough, the latter's face is livid! icy!

It was like the eve of a storm.

Mo Weihai, sitting near Han Daosheng, did not know why his heart was cluttered.

At this juncture, something happened to ziweizong.

It doesn't have anything to do with Mr. Ye.

He didn't know why he suddenly thought of Ye Chen, but on second thought, the disciples brought by ziweizong should not be weak. Although all the elite disciples were assigned to the special training room in the mountain, the whole army was not destroyed.

Ye Chen doesn't have this ability.

Only in this way can his heart feel better.

After a few seconds, Han daoshan stood up and said, "Mr. Fang, are you sure about this? For thousands of years, no one dares to kill people in the land of our Han family. Besides, all the important members of the major clans and families gather here. It is not so impolite. "

Fang Chengjin took a look at Han daoshan and said in righteous words: "master Han, I'm sure! I also hope that the master of the Han family can give me an account of the dead disciples of ziweizong! "

Han daoshan realized that the matter was very serious. He waved his sleeve and went directly to the outside: "since this matter is confirmed, you will go with me. I want to see the thing that is not sure whether it is dead or alive, and rush to the place where the Han family lives! It's killing so many talented students! "

Han daoshan is very angry, very angry!

No matter who he is, he is not qualified to challenge the authority of his Han family here!

If this matter is not handled properly, how can his family stand in many families!

Countless figures swept out.

Speed is nothing to these top players!

Besides, this place is not far away from the rest place of ziweizong. If you want to get there, ten seconds is enough.

.....

Ten seconds later, more than a dozen old people fell on the roof of the courtyard.

When they saw the bodies in the yard and the bloody ground, they all took a breath!

What a cruel heart!

No one left! Is it blood feud!

They were used to life and death, and were shocked.

Han daoshan sniffed slightly at the tip of his nose and frowned tightly: "what a powerful evil spirit. Is it the people of the demon clan who did it? No, the demons have long disappeared, and they can't make a comeback. "

Fang Chengjin's line of sight did not pay attention to the bodies, but to the flash of the broken door.

His expression is extremely ferocious, even a little frightened!

Because all the children who provided for the cultivation of ziweizong disciples have disappeared!

Open the cages one by one!

If this matter is known by the Han family, I am afraid that the secret of ziweizong will be known by the whole Kunlun Xu people.

Mo Weihai followed Fang Chengjin's eyes and saw the open cages. He said curiously, "old Fang, what are those cages for?"

Fang Chengjin chuckled in his heart and laughed: "master Mo, that thing is to install some spirit animals and fierce animals. After all, ziweizong needs to refine some things from spirit beasts."

Although Mo Weihai doubted, he nodded and asked more.

Fang Chengjin didn't want to drag things down. He turned to Han daoshan and half knelt down: "master Han, I always respect you, but today so many disciples of Ziwei sect have fallen. I feel cold. If we let these disciples die, we will be the sinners of Ziwei sect!

Please hold justice for me

Since Han daoshan has been determined, he naturally wants to set an example. He closes his eyes and pinches his fingers! Display the skill!

A second later, his eyes opened, and the cold light was shining in a direction: "a little beast, he is so arrogant that everyone will follow me! I will let this little beast feel what authority is today

More than a dozen figures disappeared in an instant.

At the moment, ye Chen and Ji Lin with a group of children toward the north.

Ye Chen can leave these children completely, but once under, I'm afraid these children can't survive.

The key, he is not sure, along the way there will be such a ziweizong garbage door!

Because the children can't keep up with the pace, the pace of people's progress is extremely slow.

Suddenly, dark clouds spread in the sky!

Such a vision makes Ye Chen's heart thump for a moment, should come or come!

"Little brute, killing people in our Han family's land, even want to go!"

"Bang!"

A loud noise, a flash of black light!

Ye Chen will walk in front of the Ji Lin pulled back!

Then, not far away from Ji Lin, a huge stone tablet fell, blocking everyone's way!

Those children are scared to face Ye Chen this side to shrink over!

At the same time, more than a dozen figures slowly fall down!

The cold and frigid atmosphere enveloped the whole scene!Xiao Huang also feels the crisis, grabs Ye Chen's shoulder and sends a low roar.

"Ye Chen..."

Ji Lin is a little afraid, tightly grasp Ye Chen's clothes.

"Don't be afraid. No one can move you with me!"

A step out of the body.

Cold eyes shoot at all people, no fear!

The landing of Mo Weihai see ye Chen, although the heart has long guessed wrong, or was surprised.

He also found Ji Lin, it is the girl Ye Chen asked him to find.

A little thought of Ye Chen's killing is to understand everything.

I'm afraid those forces that captured Ye Chen's friends are ziweizong.

With Ye Chen's character, once found out, killing those disciples is normal behavior!

But it is such a normal behavior, in the land of the Han family, it is undoubtedly breaking the sky!

Now even if he wants to help Ye Chen, it's hard!

When Fang Chengjin saw Ye Chen and the children who had been released, his eyes were ferocious and angry!

He released his breath and roared, "little beast, why do you want to kill my Ziwei sect disciple! Why! "

Endless anger burning!

Ye Chen hears this sentence, Mou son a congeals, shoot to Fang Chengjin: "you are also purple Wei Zong?"

"Exactly

Ye Chen gave a cold smile, without fear, and even said, "I'm sorry, what I killed is your purple Weizong people!"

As soon as this remark was made, more than a dozen top strong people were confused.

Now ye Chen is undoubtedly the most dangerous forbidden area. In the face of these strong men, you can't admit it!

Or ask for mercy!

But the boy didn't have any intention to admit his mistake. Instead, he lied!

No madman!

Fang Chengjin almost vomited out a mouthful of old blood and sacrificed a long sword in his hand!

A sword to Ye Chen!

This is the strong one of the source of Tao and even the emperor's respect. Just one move is to make the wind and cloud change color! The earth trembles!

Fang Chengjin knows very well that ye Chen must be killed before people ask questions!

If ye Chen pokes out that thing, there will be endless trouble in the future!

Chapter 943

Ye Chen Mou son tiny MI, naturally noticed Fang Chengjin's killing heart.

Ziweizong made such a tragic thing, if he did not arrive, these innocent lives would be devoured by these demons!

Ye Chen claimed that he was not a saint, and that he was practicing killing Tao.

We should not have sympathy, but at this time it involves Ji Lin, and even more involves these innocent lives.

Those who kill the Tao are human beings after all!

Seeing that Fang Chengjin is going to do it himself, ye Chen is not afraid, even if the other side is very strong!

He has no right to shake his determination!

Ye Chen has no time to sacrifice the Jiuyou sky killing gun, so he can only force one side of his body to avoid Fang Chengjin's sword.

Strong sword wind and storm! It's frightening!

Even if this sword is avoided by Ye Chen, ye Chen's body is still shaken out!

It hit the ground heavily.

Fang Chengjin's strength is too strong!

Even if there is no royal realm! It's also the later stage of Daoyuan realm!

Ye Chen can now barely fight against the strong in the virtual Kingdom, and even with the help of cards, he can still deal with some people in the early days of Daoyuan.

It's a big gap in the later stage.

"Bang!"

Ye Chen's body is shaken to fly out!

He felt his internal organs were shocked!

Strong shock!

And all the people around him stood by coldly.

Even if they know that Fang Chengjin bullies a younger generation some shameless, but all this is the fault of Ye Chen!

Ye Chen killed so many disciples of ziweizong. How can Fang Chengjin vent himself!

Mo Weihai wants to rush out to help Ye Chen. He can't see ye Chen being bullied like this!

After all, ye Chen has a lot to do with the ancestors of the Mo family.

But as soon as he took a step, a pair of thin hands grasped his shoulder.

Mo Weihai turned his head in surprise and found that it was Han daoshan who caught him!

Han daoshan Mou son was not happy: "Lao Mo, this is the gratitude and resentment between ziweizong and that boy. You are a stranger. I know you are kind-hearted, but since some people have done something against the law, they should think that they will face the endless anger of ziweizong people!"

Mo Weihai shook his head. Naturally, it was impossible to Tell ye Chen and his ancestors. He said, "Lao Han, there must be a secret in this matter! What's more, Fang Chengjin is dealing with a boy in the holy King's realm. If this is spread out, what will the younger generation think of us? "

"Bullying the small with the big? Han's reputation will even be damaged

Han daoshan laughed: "Lao Mo, you are living more and more back. That boy killed so many people in ziweizong. Do you think he can walk out of here alive? If he can't go out, who can tell the news? "

Mo Weihai was stunned, staring at Han daoshan, seriously said: "what about those children? They are innocent. "

Han daoshan glanced at the group of children and Ji Lin, and said in a cold voice, "Lao Mo, my words should be very clear. No one can disclose them. If you want to blame them, you should blame them for their bad lives. It's more than a year before the arrival of the blood spirit clan. During this period of time, the death of anyone is not important. What really matters is the future of Kunlun Xu. Do you understand? "

At this moment, Mo Weihai hesitated.

At the moment, if he wants to save Ye Chen, he will be bound by Han daoshan.

The relationship between the Han family and the Mo family is good, but ye Chen killed so many people in the Han family's land, which has made Han daoshan angry.

If the Han family knew that ye Chen was brought in by him, the consequences would be extremely serious!

He didn't know whether to save Ye Chen or not. The connection between Ye Chen and his ancestors was too fantastic.

The key to the emergence of such a person out of thin air, and know the matter of the ancient Mo family, identity really let people can not help guessing!

He even thought, moling and even himself have entered a game under this cloth, their mo family reduced to a chess piece in the hands of this boy?

Looking at Ye Chen facing the insurmountable Fang Chengjin, he finally chose to remain neutral.

At least, don't help Ye Chen for the time being.

At the moment, in the battle circle, Fang Chengjin's sword is too strong.

Ye Chen reluctantly stood up, he wiped the blood from the corners of his mouth, his face was extremely ferocious.

"Little brute, I have no injustice and hatred with you. Why do you want to kill? How dare you?"

Fang Chengjin's cold light burst out, and the momentum soared wildly!

Between the heaven and the earth, the wind is surging, and the air of killing seems to solidify everything around.

The power of the strong is unquestionable.

He stares at Ye Chen, but also holds the long sword in his hand and points to Ye Chen: "little beast, kneel down for me! Then answer me honestly

Ye Chen sneers, naturally can not kneel down, he looked at the shoulder of Xiao Huang, but the latter does not know whether to deliberately avoid.

Fall into a deep sleep.

That's not a reliable guy.

Facing Fang Chengjin, this is the most powerful person Ye Chen faces except Mr. Jingshui. The crisis is enough to wipe out everything.

He must resist, even use the power of the reincarnation cemetery!

No longer hesitating, ye Chen in the hands of a long gun, it is nine you kill the sky gun.

The spear is too cold, just like nine hell coming!

Ye Chen has no fear. Jiuyou killing the sky gun points at Fang Chengjin: "you, the rubbish ziweizong, have done something despicable. You know it! Ziweizong, such a garbage sect, should not exist in Kunlun! If I have the ability, I will not leave any strength to erase your ziweizong! "

A mouthful of garbage, the key is to scold ziweizong.

This immediately let the top strong people in this room take a breath.

In such a situation, I don't know how to behave. I'm afraid this boy is really looking for death.

Han daoshan shook his head helplessly, and said to Mo Weihai, "you can see that this boy is so fierce that he can't live long in Kunlun. If he doesn't kill now, he will die in the hands of others."

This time, Mo Weihai did not speak, just a long sigh.

When he came out, he stressed again and again, but ye Chen still didn't listen to his words.

In that case, the consequences are for him to bear.

At the moment, Fang Chengjin's hair stood upright, he no longer hesitated, and roared: "little beast, ziweizong is not something you can insult! This time I'll see how you hide! "

The long sword comes out, the cold wind dances, and the purple light flows on the sword body, making it extremely cold.

Ye Chen feels a chill all over his body, as if to wrap him up.

The flame in his brow flashed out in an instant, and the immortal fire was released, and the cold feeling gradually disappeared.

Seeing the long spear coming, ye Chen can only display the three unique spears, the first move!

"Break the sky, open it to me!"

His arm was instantly surrounded by the fire, which spread to the spear.

The black fog and the flame are intertwined and fired with one shot.

Even ye Chen's arm also condenses the strength of the blood dragon.

In the face of such a strong man, if he does not pay attention to it, he will surely die!

Chapter 944

Seeing the powerful gun wound by the magic gas and fire, Fang Chengjin's expression was a little strange.

Because in front of all, is not a Saint King realm boy can have!

If the boy's real spirit is more powerful, it may really make him feel a sense of fear.

"It's interesting. It seems that it's not a coincidence that you can kill so many disciples of Ziwei sect. In this case, Cheng Jin of our side will kill you on the spot!"

Fang Chengjin splits his sword down like a long river setting sun.

This moment of momentum, for ye Chen, like a mountain.

Mountains that cannot be crossed!

Even Fang Chengjin's eyes are full of madness, which is a feeling of prey.

Killing, bloody.

For Cheng Jin, the result of this hunting game is very clear!

Under the strong killing opportunity, Jiuyou sky killing gun and Fang Chengjin's sword collide together!

Although Jiuyou sky killing gun is very strong, but at this moment, there is still a force of anti shock spread.

"Click, click, click!"

Ye Chen even felt a faint risk of breaking an arm.

He gritted his teeth and insisted, but it was no use. The whole body still flew backwards!

In the end, I hit a huge tree!

A mouthful of blood!

The gap is still too big!

Some of the onlookers thought this was normal, but soon, their smiles were stiff!

Because, Fang Chengjin's expression is very ugly!

The body is shaking!

Suddenly, "click!" With a sound, the sword in Fang Chengjin's hand broke into pieces and fell to the ground.

At the same time, Fang Chengjin seemed to be shaking his body and kept retreating until he stopped after six steps.

The expression is extremely frightened!

"This

People's expression is completely wrong, and then looking at the injured youth, there is a trace of accident and heat!

What kind of strength Fang Chengjin has? They know it well!

And ye Chen what strength, they glance to know!

The gap is like a natural moat!

But it is such a gap, the boy even broke Fang Chengjin's sword in full view of the public, and even beat him back.

It's so weird that people can't believe it!

People's eyesight is enough, and the first time they notice the injured Ye Chen's Jiuyou sky killing gun.

Their eyes are even blazing!

To achieve this effect with the power of the holy King's realm, the problem must lie in weapons!

And that spear is a rare thing!

Even in their eyes, this boy is not worthy of such a weapon!

Only the emperor's real respect!

Once Ye Chen is dead, people will try their best to take down the gun!

This is human greed.

Naturally, Fang Chengjin also noticed that ye Chen had some problems with the spear. He took a look around him, and he could not kill the elder ziweizong even in front of a boy. This is the most ridiculous thing in the world!

He was a little angry and roared: "little beast, even if you have a magic weapon, if I want to kill you, it's easy! No weapons at all

Words fall, Fang Chengjin fingers quickly pinch Jue, a touch of purple light ball appears in the palm of the hand.

The sphere of light is expanding, and the energy is raging.

Even on the light ball.

Some people see this scene, Mou son suddenly shrinks, surprised way: "this boy pour also good, unexpectedly force out purple Wei Zong's secret skill."

"It is said that this secret state can compress the true Qi of Dantian infinitely. Once it is released, it is very difficult for the emperor to survive."

"That boy has been holding on for so long, but it's a pity that the outcome still can't be changed."

There was a cry of regret.

The ball of light in Fang Chengjin's hands shot out, instantly condensed into a beautiful giant wolf, and dived down.

Only this blow, even let Ye Chen feel all over the blood as if agglomerated.

What did he think of? He sacrificed a silver needle in his hand!

This is Lin Qingxuan's first gift before he left!

Although I don't know how strong the silver needle is, it should not be too difficult to deal with the current problems.

The silver needle just planned to shoot out, a figure actually blocked in front of Ye Chen's body.

"Ye Chen, I'll help you!"

Hearing this familiar voice, ye Chen is slightly stunned. He never thought that Mo Ning would come out at this time.

It's more of a vain attempt to help themselves block this blow.

"What's wrong with you? Get out of here!" Ye Chen Dao.

But Mo Ning didn't have any intention to start. Instead, he winked at Ye Chen and said, "Ye Chen, don't worry. I can't stop these powerful emperors. I'll stop you, and my father will surely do it! This is the only way. At the beginning, you were desperate to save me. If I didn't help today, I would not be worthy of cultivation. "Ye Chen helplessly shakes his head, this girl.

Sure enough, the face of Mo Weihai in the crowd changed greatly!

He never thought that his daughter would appear, which is not a mess!

Although he didn't want to make a move, he didn't want to hurt his daughter. He stepped out and went towards Fang Chengjin.

Han daoshan Mou son shrinks, originally wants to block, but when sees Mo Ning, still chooses not to block.

I'm afraid it's not so easy to die well today.

In a flash, Mo Weihai has been blocked in front of Ye Chen and Mo Ning, no longer hesitating, the momentum of the whole person is released!

"Fang Chengjin, sorry, this is my daughter's life, I must guard it!"

Then, five fingers a grasp, a group of virtual white light and shadow actually held in the hand, and then, fierce smashed out.

It's a heavy collision with the purple light ball!

Endless air waves overturn everything!

The sword spread.

The surrounding trees even disappeared, and cracks appeared on the ground.

"How could..."

Fang Chengjin was the first to bear the brunt.

He has not yet stepped into the realm of emperor's respect, but in front of him is not the same. He stepped into the realm of emperor's respect many years ago.

We dare not speculate on our strength.

Space wails, Fang Chengjin spits out a mouthful of blood, smashes to fly out.

Turning in the air to stabilize his body, he looked at Mo Weihai, and his anger rose in his heart: "Mo Weihai, this is the gratitude and resentment of ziweizong and this boy. Why did you do it? Would it be too much!"

Mo Weihai did not pay attention to it, but looked at him and scolded him: "moning, do you know the cost of this matter? If you have an accident, how can I explain to your mother and the ancestors of the Mo family! Not yet

However, Mo Ning shook his head: "Dad, why do you watch this group of strong men to Ye Chen? You know ye Chen once saved me!"

Mo Weihai's heart cluttered for a moment, which undoubtedly pushed him to the top of the storm.

Sure enough, there was talk around.

Even let people have to doubt, ziweizong accident, Mo Weihai is the last black hand!

Mojia and ziweizong have no contradiction, which does not mean there is no conflict of interest.

Han daoshan Mou son micro MI, he found it more and more difficult to get up, the Han family and the Mo family have a good relationship, he also knows Mo Weihai, the other side will not be silly enough to shoot in his territory.

But now, he has to take a stand.

Chapter 945

Helpless, he stood in the middle of Mo Weihai and Fang Chengjin, and said, "Lao Mo, you make it very difficult for me to do it. Are you going to protect this boy?"

Mo Weihai knew that arrow was on the string and had to send it. He said, "Lao Han, I am willing to bear all the losses of ziweizong today! I also hope that ziweizong can see in the face of me, Mo Weihai, to let go of this ignorant boy. "

Fang Chengjin heard this sentence, a sharp voice suddenly sounded: "Mo Weihai, don't think you are the Mo family, but also have some relations with the Han family. I Ziwei clan will be afraid of you. How can I explain to the clan and the patriarch about the death of so many Ziwei sect disciples?"

"What's more, if you can make all those disciples alive, I will never investigate this matter today! But can you! "

Such words, immediately let Mo Weihai language block.

Like an angry lion, Fang Chengjin was totally reckless: "Mo Weihai, since you can't, then you can get out of the way. Only the death of that boy can get everything back! Otherwise, no talk! "

Han daoshan wanted to ask Fang Chengjin what he meant. Now it seems unnecessary. He turned to Mo Weihai and said, "now you can see the situation. With so many powerful people watching, I can't be

partial to you. Mo's family is just related to your daughter. You can't drag the whole Mo family into the water. I think it's hard for me to do it without you. "

"today, this son disappears, is the only solution. It's up to you. "

Mo Weihai's expression is very ugly.

He wanted to help Ye Chen, really wanted to help, but ye Chen really broke the sky this time. He couldn't let the Mo family bear the anger of so many powerful people!

This is not only Fang Chengjin's business, but everyone present!

At this time, ye Chen stepped out, staring at Han daoshan without fear: "what right do you have to decide the life and death of others? Do you know what the door behind you did? Or are you just a group of respectable people who stand at the top of Kunlun

Hearing this sentence, one side of Mo Ning are scared pale, want to cover Ye Chen's mouth, but found that it is too late!

This guy is too bold to say it, even the Han family!

Han daoshan's plain expression appeared a touch of accident, then interesting said: "you mean, I should not kill you?"

"Or are those people who live in the purple Wei clan, who should have died?"

Ye Chen nodded, then pointed to a group of children behind him and said in a cold voice, "are you not surprised at these children? I can tell you that ziweizong has imprisoned these children to satisfy their own selfish desires! What's more, the reason why I slaughtered is that these animals dare to attack my friends! If cultivating martial arts is only used for such behavior, it will be a great joke! "

Ye Chen doesn't worry about anything. He has Xiao Huang and Mo Ning'er!

Mo Ning'er recovered a little bit with the help of danxu tower!

Can help him now!

But ye Chen will never use this power unless he has to!

After all, one use, one weakness!

In the blood seven night master has not been willing to come out, Mo Ning'er is his only dependence.

When they heard Ye Chen's words, they looked at the group of children and understood them instantly.

In fact, it has long been rumored that the pure energy of a child is needed if the skill of ziweizong is to be successful or complete.

Of course, this is just a rumor, and no one cares about it. But I didn't expect that it was all true.

Although some people have some anger in their hearts, but at their level, everything has already opened up.

What justice, what heaven's reincarnation, can't compare with the event a year and a half later.

After all, this matter concerns the life and death of the whole Kunlun Xu.

If something happens to Kunlun Xu, what's the use of these children.

Of course, more importantly, at their level, these children are all ants to them.

If the ants are killed, why not.

The status of ziweizong is 100 times more valuable than mole ant.

Even Mo Weihai didn't think it was a big deal.

On the field some angry, in addition to Ye Chen, only Mo Ning.

Mo Ning looked at those children, cold eyes fell on Fang Chengjin again: "you ziweizong is too much!"

"Father, this kind of clan should not..."

Words have not finished, but heard a roar of Mo Weihai: "Xiao Ning, back down! Don't you think it's messy enough? "

Monin could only swallow the words.

And at the moment, Mo Rufeng also arrived, he looked around, Mou son some doubts.

Mo Weihai snorted coldly, then ordered: "if the wind, take Xiaoning down, don't step forward!"

Although Mo Rufeng was puzzled, he did it.

Now the situation has become Mo Weihai can not control, if it is only the conflict with ziweizong, it is OK.

But ye Chen actually pulled the Han family into the water. Although Ye Chen may have some connection with his ancestors, the Bureau of ancestors is not worth mentioning compared with the safety of the Mo family!

He must first look at the present, must be responsible for the Mo family, for his children!

After all this, he looked at Ye Chen and arched his hand: "Mr. Ye, I hope you will forgive me. I don't want to do this, but..."

Ye Chen has understood the meaning of Mo Weihai.

If only Mo Weihai is a person, perhaps also can stand up to help oneself speak.

But as the leader of the Mo family, he can not only consider the present.

Every decision he makes is about the Mo family.

"I see. Go down and I'll deal with it alone."

When this was said, people could not help but feel funny.

One man?

How to deal with it?

Is it possible for us to face so many emperors and powerful people to retreat?

Even Mo Weihai is helpless to shake his head.

If ye Chen is not crazy, maybe he will try his best to save Ye Chen, but now it seems impossible.

Let each other live and die.

After Mo Weihai left, Han daoshan also stepped back and threw out a jade pendant, which was suspended in the air.

The light came down.

As if formed a huge cage!

Ye Chen and Fang Chengjin are shrouded in it.

Han daoshan casually said: "Fang Changlao, this prey is for you to enjoy, and then no one can intervene!"

There is no doubt about his words!

It's like, in charge of everything!

Ye Chen is regarded as a prey for people to play with at will!

This is his right as the master of the Han family!

Under one person, above ten thousand people!

You can control other people's life and death at will!

One side of the Ji Lin looking at Ye Chen is locked under the cage, anxious tears are left. I'd like to go up and pry the cage open, but she doesn't have the ability.

If only my sister is here, I hope I can help Ye Chen.

She felt guilty, and her tears fell down one after another. If ye Chen is so dead, how should she explain to her sister, ye Chen is to save her to fall into this predicament.

Chapter 946

Ye Chen's cold eyes stare at the Han family master who left!

He has no interest in Mo family or Han family!

If it wasn't for Han Yun, he wouldn't be here!

But now, that Han daoshan's attitude is kindling the anger in Ye Chen's heart!

Who is the prey! Not necessarily!

The array is completely closed.

Everyone around was indifferent.

It's more of a joke.

In the eyes of the strong, the weak are nothing but playthings for them to play.

And it's the leaves.

They enjoy the thrill of the prey's fear.

Fang Chengjin's mouth shows a sneer, even if ye Chen has that long gun, if he is moving, he is doomed to crush him.

Looking at Ye Chen, he said faintly: "originally I was worried about whether this secret would affect me. Now it seems that strength can determine everything. My ziweizong plays an important role in an important event one year later. Although the secret is known by others, I must stay. As for you, a mole, how about killing it!

Now, no mo family, who will save you! "

Ye Chen shook his head and looked at Xiao Huang, who was sleeping. He said, "don't you? Really not? "

Xiao Huang ignored.

Fang Chengjin took a look at Xiao Huang. His expression was ferocious. He didn't expect that the boy who didn't know how to measure his strength should still find a cat as a rescue soldier!

It's ridiculous!

"Forget it, I will send you on the road directly. I will step on every bone of you, and finally take off your head and burn your spirit, so that you regret coming here!"

The words fall, Fang Chengjin's five fingers open, fingertips around the bright purple light!

Ye Chen doesn't talk nonsense. Jiuyou sky killing spear is directly sacrificed, and the immortal fire instantly devours it!

Fire up, and then a shot!

Fang Chengjin sneered: "little beast, this spear is good, but do you really think it can hurt me? It's just fantastic

"But this weapon is good. From today on, it will be mine."

All of a sudden, Fang Chengjin's hand surrounded by purple light directly caught Ye Chen's spear!

The purple light fades away!

It can be seen that Jiuyou's sky killing spear is domineering.

But Fang Chengjin's smile is still ferocious. As long as the boy doesn't have this spear, he's nothing!

When the purple light disappears, Fang Chengjin's endless true Qi sweeps over his arm. The powerful force wants to pull out the Jiuyou sky killer gun!

But it's impossible!

"Well? How can I not move this spear with my strength? "

Fang Chengjin looked down, but he found that the spear was strangely bent and wrapped around his arm, just like a snake!

His pupils are dilated!

It's like hell!

How can this weapon be shaped?

Isn't it that only the ten square artifact is qualified for the transformed weapon!

Is this spear a rare artifact in Kunlun?

Fang Chengjin is a little confused!

Completely confused!

Before he reacts, the twisted gun head flickers blue light, and then stabs it directly!

Blood spray!

It went through his arm.

Fang Chengjin has committed one of the biggest taboos, which is contempt.

He did not even think that ye Chen's spear would be so strange.

Cold pain, let Fang Chengjin face ferocious!

The gun head of Jiuyou sky killing gun is far from stopping. With a slight turn, it sweeps through the rolling black fog and goes towards Fang Chengjin's chest!

This stab, if penetrated, the consequences are unimaginable!

Fang Chengjin's face was pale with fright, regardless of the injury of his arm, he tore it open directly!

A strong emperor can be reborn by breaking his arm!

He is not too far away from emperor Zun!

But as long as you give him time, it won't matter!

If through the heart, it is a dead end!

He forced out a drop of blood essence and smashed it out with a powerful anti shock force!

Jiuyou sky killing gun does not move like a mountain!

And Fang Chengjin's body was directly blasted by the force of the shock!

A mouthful of blood is spit out!

At this moment, the onlookers were stunned.

The emperor should have no waves in his heart, but now, the waves in his heart are too big!

What the hell is this!

Fang Chengjin, who was in the state of half step emperor's respect, could not even defeat a holy King's realm!

This Even if Fang Chengjin's carelessness is not necessary!

Even the corners of Mo Weihai's mouth twitched a little, and her eyes were deeply shocked.

But Han daoshan's body is trembling, the blazing heat of his eyes cannot be covered up!

He is very interested in the Jiuyou sky killing gun in Ye Chen's hand!It must be a artifact!

No matter what, this artifact belongs to Han daoshan!

At the moment, ye Chen naturally can't react. He doesn't do anything, but he doesn't expect that Jiuyou sky killing gun should take the initiative.

Do you take the initiative to protect yourself?

Not yet waiting for his reaction, nine you kill the sky gun is violent shaking up!

At the same time, there was a tingling pain in the eyebrow.

Ye Chen looked at the nine you sky killing gun in the palm of his hand, thought of what, and said curiously: "you let me go?"

Nine you kill the sky gun unexpectedly up and down nod.

Although I don't know what Jiuyou're going to do, ye Chen still let go.

At the moment of letting go, Jiuyou sky killing gun turns into a cold light towards the injured Fang Chengjin.

At the same time, the rolling evil spirit spread, and the huge array cage was covered!

Those who respect the emperor and have a strong environment can't see the situation inside.

"It seems that this gun should be the vision produced in the sky over Linhai City that day. Gods and demons have come out. I'm afraid this gun comes from Jiuyou!"

Someone obviously recognized it.

"This gun comes from Jiuyou. Is this boy the remnant of the demon family? Otherwise, this gun can't be held by this boy! Jiuyou's object is the only thing after you have recognized the owner by dripping blood. If you want someone else to control this gun, you must first cut off the contact, or the gun will be destroyed if you die! "

"The evil spirit is so strong, even if the boy is not a demon, he will not be the right way in the future! It may even be a virtual traitor of Kunlun! Maybe it's also related to the blood spirit clan. The Jiuyou power of Kunlun Xu is the closest to the blood spirit clan's breath! This son must die today, not stay! "

In the dark fog.

The temperature is suddenly cold, the blood is full, the sun and the moon are dark, like hell.

Fang Chengjin could feel the cold light and quickly took out an array plate from his waist!

The array plate was thrown out and smashed together!

However, the array disk was broken on the spot!

"Trough, what the hell is this?"

All around is the magic sea!

Jiuyou sky killing gun is extremely powerful.

One blow after another, cold and domineering power seems to be able to swallow everything!

Fang Chengjin was injured and tried his best to stop him!

But found all is futile!

He felt that he was not facing a weapon, but a man!

People from nine hell!

"What is the origin of the spear spirit Is it a great power of nine immortals? "

Chapter 947

Fang Chengjin has never heard of it.

There's a spirit in the gun. It's normal.

After all, spiritualism.

But the spear spirit in the case of no master to use, even the power of the outbreak is no less than the peak of the Daoyuan realm, which is really a bit of a mystery.

The only explanation is that the spear spirit is a dead soul of Jiuyou!

Such a treasure, though he wants to win.

But according to the present situation, don't say to take down, even the uniform is not necessarily ah!

"Damn it!"

As soon as his words fell, he felt the darkness devouring.

Even flames.

It seems to be the flame of the world's most shady place, without the blazing heat of flame, only the cold of death.

His face suddenly turned pale.

Endless darkness obscured his sight.

He even found a figure in front of him in the black fog.

The body is extremely huge, covered with black flame, with a long gun in hand, and a circle of skeletons around his waist.

The supreme posture, as if looking down at Fang Chengjin.

Fang Chengjin is frightened.

The body condensed by the black fog is the spirit of the gun!

The spear spirit has no substance, but the breath and the feeling far exceed the strength of emperor Zunjing.

Everything is true!

He even thought that as long as this nine you strong one's eyes, can let his spirit all perish!

We should know that this kind of power is the existence of shaking the heaven and earth. It is beyond the mortal world, and even reincarnation can not be limited. Why do you stay in the spear.

Now it's under the control of a little boy in the Holy Land!

This can't be explained by any logic!

At this moment, his mind was in a state of complete disorder.

The black fog was too thick for him to see ye Chen.

But ye Chen's eyes do not know why they can penetrate the thick black fog and see everything clearly.

Naturally, he found the figure condensed in the black fog.

The figure gradually becomes substantial.

It's a great power!

The breath of power is daunting.

But this breath is totally different from the great energy of the samsara cemetery.

Very familiar.

Very familiar.

It's like blood from the body.

At the thought of this, ye Chen was shocked and shook his head in a hurry: "impossible."

He and Jiuyou sky killing gun have not met, how can they have the same blood.

However, he suddenly thought that ye Lingtian called himself the master of the temple. The family had been waiting for him for generations, and he was also guarding the Jiuyou sky killing gun.

Is there really a connection between the two?

In other words, is Jiuyou sky killing gun waiting for himself?

A thousand thoughts flashed through his mind.

His blood and spiritual roots have not been determined yet.

Kunlun void can not be tested. It can only be regarded as ordinary root and waste root.

But the great powers of the samsara cemetery emphasize again and again the particularity of their own blood.

Ye Chen seems to feel that the Jiuyou sky killing gun is the clue of blood origin!

At the same time, Fang Chengjin's side.

There's no end to it.

Fang Chengjin was scared to the ground.

"You You don't come here! Why help that kid! Go away

His eyes were frightened, he wanted to release his whole body Qi, but found that the black fog like vines had swept.

It's all over his body.

It's shrinking.

There's blood spilling out.

"Go away!"

Fang Chengjin vomited out a mouthful of blood essence, his eyes were red, and he cried madly.

But his power was limited.

At this time, he was like a man without any accomplishments!

How can we have the possibility of a World War I in the face of the most powerful?

The nine you da Neng looked at Fang Chengjin with great interest and said, "do you dare to kill the person I have identified? Do you know the origin of this son? "

The thunder was rolling and the sound was in the ear.

Fang Chengjin's ears seemed to burst and blood flowed.

"I What I don't know, my Lord, I didn't mean to. It's all ziweizong. I'm just an elder of ziweizong. Please calm down. "

Nine you big can wave sleeve, five fingers a grip: "hum! What does ziweizong mean in my eyes? Even if you come to me, you must kneel down and submit to me. Why don't you kneel down? "

Another word, Fang Chengjin's eyes and nose shed blood.

The power of supremacy is beyond doubt!

"Pooh

Fang Chengjin spits out a mouthful of blood again!

But when he came to his senses, he thought of something.

Taoist Ziwei! This is the one who created ziweizong!

The founder of the school!

The leader and even the supreme elder all have to respect, but such a person should kneel down in front of the sword spirit!

He didn't believe it, and he couldn't believe it.

Why does such a top figure become a sword spirit.

Before he retreats from the shock, Jiuyou can gently wave his arm.

The black atomization is sword Qi, and it goes crazy towards Fang Chengjin.

Fang Chengjin's body is pierced instantly!

Everything around seems to turn into a sea of blood, into hell! The dead are crying!

"My Lord, spare your life, I will be the servant of that boy!"

This is Fang Chengjin's last hope.

Unexpectedly, that nine you can sneer: "servant? You deserve it if you are just a waste at the top of the source world! Die

The sea of blood seems to be turned into a giant beast, directly devouring Fang Chengjin's body.

A burst of thunder shook the sky.

The wind howls past, where is Fang Chengjin's body in the world!

Not even the broken bones.

There is no way to retreat from the sky and the earth!

At the same time, when the barrier is broken, there will be no challenge!

The plate jade pendant suspended in the air is also cracked, and the brilliance disappears and is very dim.

It landed on the ground.

Black fog disappeared, nine you can see ye Chen.

Ye Chen's eyebrows are flashing a dim light.

There was a broad smile on the corner of his mouth.

"If you read about it, you can see the youth standing on the earth from afar."

"The supreme demon lord, control reincarnation, read burning the sky, read to burn the sky!"

"When you really set foot on this path of blood, you will achieve the supreme summit, and the universe will dominate you. Ha ha..."

With that, Jiuyou can finally turn into a spear spirit and drill into the Jiuyou sky killing gun.

The black fog was gone completely.

Everything returned to calm.

Nine you kill the sky gun slowly fall, ye Chen spread out his hand, hold.

He looked at the thing in his hand and was surprised.

Because the spear was completely dim, as if damaged, the fury of the past had disappeared.

Chapter 948

Even the evil spirit is a little less.

"Jiuyou sky killing gun actually shot for me at the most critical time, even at the expense of itself? Why?"

"

Ye Chen no longer thinks much about it and looks at Fang Chengjin's direction.

There was no figure, only a pool of blood on the ground.

At this moment, everything around is completely quiet.

Extremely quiet.

The eyes of those who respected the powerful were full of horror.

The black fog blocked everything. They didn't know what happened inside, but at the moment, only one person survived!

The founder of ziweizong is dead!

And he died in a king's land!

It's just incredible.

Mo Weihai shortness of breath, widened his eyes, his eyes are the proud body of the youth.

"The boy killed the elder at the peak of Daoyuan realm. How many realms does it have to cross! The key point is that Kunlun Xu doesn't exist against the weather

Mo Rufeng clenched his fist.

It was the first time he felt his reputation as a genius was under threat.

He looked down upon Ye Chen from the bottom of his heart.

But at the moment, the idea has changed.

A gust of cold wind hit, as if from hell, people this wake up, a complete uproar.

"Old Fang was killed by a holy king! What's the origin of this boy

"Is this man's name on the sky list?"

"I'm almost familiar with that thousand people, but I haven't seen this boy. He shouldn't be on the sky list."

"The black fog just now, is this boy a demon?"

"Return of the demon family?"

When the crowd was noisy, Han daoshan, who had not spoken, spoke.

He stares at Ye Chen's spear.

Blazing.

Even wish to take away Jiuyou sky killing gun immediately!

"It wasn't the boy who did it just now. I think it should be the spear in his hand. The evil spirit in the spear is too strong to prevent even the elder Fang. I'm afraid it's the devil's thing. This kind of thing can't be revealed outside. I suggest that the boy teach the spear. As for the life and death of this little boy, we don't care. Everything is the gratitude and resentment between him and ziweizong!"

As soon as the words come out, people will understand.

Han daoshan is standing at the commanding height to decide everything!

If Han daoshan attacks Ye Chen, it will inevitably lead to many unnecessary disputes and rumors.

However, Jiuyou kills two birds with one stone.

Han daoshan is just trying to snatch the weapons in Ye Chen's hands.

Even if you know it, it's impossible to say so easily. After all, offending the Han family is not a good thing for them.

Han daoshan stares at Ye Chen and says: "boy, I have given you a chance. I don't care about the friendship and resentment between ziweizong and you. I just hope you can understand that the demons are not something that ordinary people are entitled to possess. Hand over your weapons and let you go!"

Mo Weihai heard such words, but shook his head.

Lao Han has played a good chess game. No matter what, the biggest beneficiary is always him.

But this is the most cruel fact of Kunlun Xu.

He looked at Ye Chen and advised him, "Mr. Ye, if this weapon is not very important to you, you'd better hand it over. After all, life is the most important thing."

Mo Ning heard his father's words, and quickly retorted: "father, by what ah, this is Ye Chen's thing, why give up to each other?"

"Shut up!"

Mo Weihai angry voice way.

Mo Ning this just stopped to explain, but look at Ye Chen, waiting for ye Chen's answer.

Everyone is paying attention to Ye Chen, but ye Chen thinks for a while.

He can clearly feel the weakness of Jiuyou sky killing gun, as well as close to his hand, it seems that ye Chen will not let go.

Will he teach his weapons?

Of course not!

I can't even defend the weapons in my hands. I'm still practicing!

As soon as he throws it away, Jiuyou sky killing gun disappears.

Then, he looked at Han daoshan and sneered, "what if I don't hand it in? You can bite me

"You

Han daoshan didn't think that this boy should be so mischievous. The key is to live or die!

He threatened in a cold voice: "it's your business to hand in or not, but you're stealing the things of the demon clan, and it may even be the remaining evils of the demon clan. If I want to kill you, I'm afraid the people around me will have no opinions, understand?"

"I'll ask you for the last time, hand it in or not!"

Ye Chen did not hesitate: "if you let Han Yun behind you come out, I can consider a few points, as for you, impossible!"

"Looking for death!"

"I really think that if you kill someone who doesn't even cross the threshold of emperor's respect, he will go to heaven! Today, I will let you feel what fear is!" Han Daoshan suddenly shot, he didn't want to shoot Ye Chen, but the boy really angered him, that can't blame him!

The whole world seems to have solidified down. Han Daoshan has a white light ball all over his body, which seems to tear everything apart!

Ye Chen naturally felt the danger, even locked.

It's a terrible feeling.

He wants to use Jiuyou sky killer gun, but he finds that Jiuyou sky killing gun has completely lost its spirituality.

The battle with Fang Chengjin just now consumed his energy of evil Qi.

It's impossible to rely on it again!

He wanted to use Lin Qingxuan's silver needle, but before he had time to sacrifice, Han Daoshan appeared.

A fist without warning hit Ye Chen's chest!

The blood dragon in Ye Chen's body is aware of something wrong and takes the initiative to protect his body!

The red barrier covers Ye Chen's whole body!

There is a dragon on the surface of the barrier!

Chapter 949

"Pen!"

Han daoshan was distracted for a moment when he saw the barrier, but he smashed it down with a fist.

This hit, the barrier buffered most of the force, and ye Chen was also blown out!

Can't resist at all!

Not even a chance to punch.

Ye Chen's body smashed on a giant tree, the giant tree fracture, is turned into powder.

A mouthful of blood vomited out, but ye Chen stood up again under the eyes of all.

"Well? I didn't beat you to death with my casual strike. It seems that you really belong to the category of Xiaoqiang who can't fight to death. "

"But can you resist this blow! If you don't hand over the weapon, only death is waiting for you

Han daoshan's right hand actually appeared a blue flame, the flame wrapped, like a meteorite falling into the dust.

How overbearing!

Even blocked all retreat, ye Chen want to leave also impossible.

When people thought Ye Chen would die, ye Chen wiped the blood stains from the corners of his mouth, and then coldly said, "Han family, is this your authority? Originally, I was still interested in Han Yun. Today, you Han daoshan is my enemy of Ye Chen. I will not hesitate to pull you down from the altar and let you understand what is really unattainable! "

"The God of medicine enters the way, a needle into the soul! Kaiyang! All things are destroyed

Ye Chen roared, the silver needle in the hand flew out directly.

Too soon.

Since Lin Qingxuan upgraded the silver needle before he disappeared, he has never used it again.

I don't know what kind of strength the silver needle is now. Today's calamity must be unavoidable. I have to carry it with force!

The silver needle seems to penetrate the void and solidify time.

Everything around is slowing down.

It's getting slower and slower.

Suddenly, a strange breath was released from the silver needle.

Breath seems to be able to swallow everything!

Even into a sword!

This time is no longer a silver hundred Zhang spear!

When the silver needle turned into a sword, the weapons around the strong men's waists trembled.

Even Han daoshan felt something wrong.

"What's the origin of this boy? Why are there so many gods that are totally different from him?"

Regardless of everything, there is an array plate in his hand!

If the array plate is thrown casually, it will overflow the golden light, such as turning into a huge sea, surging towards Ye Chen.

"The master of the Han family even took out this thing? Is this boy really that tough

Naturally, people didn't notice the silver needle. After all, the silver needle was too fast, and Han daoshan covered everything with some techniques at the beginning.

He didn't want to crush a younger generation and ruin his reputation!

"I'm afraid the boy can't live this time with such terrible power."

In the euphemistic tone of the crowd, the silver needle hit the array plate severely!

Ye Chen originally thought that the other side's array plate would be easily broken.

But didn't expect Han daoshan's array plate not moving?

Did Lin Qingxuan give himself a fake thing?

When ye Chen was surprised, Han daoshan said with a smile: "boy, if I have not guessed wrong, your silver needle should come from a medical God. Do you know what I am doing?"

"This is a relic left over from the war in ancient times. It is also the thing of the God of medicine!"

"If you can let me sacrifice this array plate, you will die in a proper way."

"Some of the things that come out of you, you must have a good chance, and today, these opportunities will all belong to me! Ha ha

Array plate and silver needle stalemate, Han daoshan appeared again, a palm even toward Ye Chen's Dantian to shoot!

No matter how, if touched, ye Chen even if not dead, the field will also be destroyed!

is as like as two peas!

Ye Chen looks at the scene in front of his eyes, and his pupils are not restrained from shrinking.

As an ancient family, Han family is really terrible!

Such strength is also a source of pride.

He quickly communicated with Mo Ning'er of the reincarnation cemetery and said directly, "Mo Ning'er, give me a strength!"

"Yes, grave master!"

Cold voice came, ye Chen's right hand was covered with a red light.

The red light is extremely dazzling!

Show it out, spread out!

Even towards Han daoshan's arm!

"Tomb master, use the ten thousand Buddha Vajra fist!"

Ye Chen naturally understood, the strength of body building broke out, and then a blow out!

The shadow of Ten Thousand Buddhas seems to spread out!

The two fists collided!

All eyes around!

Madman, complete madman!

No one would have thought that ye Chen would go to meet hard!How to touch the key!

With a blow, the wind blows.

"Get out of here!"

In a burst of roar, ye Chen stepped on the long wind and waves, facing the surging waves.

This is how the two fists fight.

The ground exploded.

Around the field aura, like the roar of the waves!

No one would have thought that ye Chen did not step back in the face of Han daoshan's attack!

On the contrary, I carried it out!

What's the situation!

Even Han daoshan's expression is ferocious!

"No way! Who the hell are you? "

"You have no right to know!" Ye Chen said coldly.

Han daoshan felt as if his authority had been questioned and became more and more angry!

The true Qi of emperor Dantian's revered realm came out violently.

From the beginning, he did not intend to deal with Ye Chen's hand, but now ye Chen's growth and explosive power are uncertain, he has no choice!

Since Fang Chengjin can't kill this son, it's up to him!

All over the sky, the real gas erupts like a volcano!

Rage to the extreme.

Han daoshan's strike is enough to make the mountain and river burst! The sky is also a cloud of thunder, too frightening.

Finally, Mo Ning'er's power still collapsed!

After all, Han daoshan's ranking in the sky list is extremely high, enough to shake everything!

With a burst of fierce roar, ye Chen's body shape is a meal, the corner of his mouth spills a trace of blood, and his body is regressive.

Then, he fell to the ground.

His arms were trembling, even with a sense of anxiety.

It's too painful.

This is the strength gap!

With a smile in his mouth, Han daoshan thought of Ye Chen step by step.

"What if you have that magic gun? Are you aware today? Give me what I want, and I can give you a whole body

"In the land of my Han family, no one can save you! I'm afraid of Mo's family

His tone is high, as if to eat everything!

Ye Chen got up and held a stone in his right hand. He just wanted to say something. At this time, an old voice fell slowly.

"Oh? Is the old man qualified? "

Then, a figure in a white robe came slowly.

Every step was extremely smooth.

His presence made the air solidify.

Even Han daoshan's expression has changed.

"What happened to this guy? Damn it

If we really want to talk about Kunlun Xuzhong, there are several people he can't provoke.

This old man is one of them!

Chapter 950

Ye Chen naturally noticed the old man.

He thought he didn't know him, but when the old man turned around, he found that it was the old man who kept the gate in the land of bliss.

Compared with that day, the temperament of the old man today is extremely different. His verve is terrible and his eyes are even more powerful.

He really did not understand, two people do not have too much intersection, then why the old man at this time to help himself?

Han daoshan couldn't understand. He stepped forward. Although he was not happy in his heart, he still said: "Mr. Yuan, what are you doing? This son has some contact with the demons. Do you want to stand opposite to the empty people in Kunlun?"

"Mr. Yuan, we respect you, but you should not stand in the wrong team on such a matter of principle."

"What's more, we all know that this boy is extremely murderous. Many disciples of ziweizong have been killed by him. This kind of inhuman person should not stay in this world!"

"If this son grows up in the future, the consequences will be unimaginable!"

After that, Han daoshan took a look at the people, and they immediately understood it and quickly agreed: "Mr. Yuan, what the master of the Han family said is right. This son has a demon weapon, and his heart is so heavy. There is absolutely a problem."

"If we don't eliminate it today, I'm afraid the consequences will be unimaginable!"

The old yuan in the land of happiness ignored the people, but turned to Ye Chen and said, "boy, are you a demon?"

Ye Chen shook his head and just wanted to say something, Mr. Yuan turned around and said to those with strong imperial respect: "well, I have investigated. This man is not a demon at all. He is a common mortal monk. This is the end of the matter."

What!

The expression of people is extremely strange!

Where the hell has this been investigated!

The boy just said a few words. Is old yuan so sure?

How could you be so partial to this guy?

In the hearts of all people, Han daoshan is even more unhappy!

There is no doubt that old yuan is determined to help the boy!

What's the key!

Yuan Laodu personally helped to protect. Is this boy of great success?

After hesitating for a long time, Han daoshan said: "old yuan, this boy can't be taken away. What you said just now is totally groundless. I think..."

Old yuan heard Han daoshan dare to refute, cold hum, step out, the mountains and rivers shake!

A powerful influence was hanging over them.

Those who are in front of the emperor are shocked to fly out!

It was smashed on the wall!

Who dares to stop the anger of the strong!

Even Han daoshan couldn't carry the Qi and blood in his body when he was attacked by old yuan.

Although there is no retreat, but also pale.

Yuan's old Mou son glanced at the crowd, and then said, "now, who dares to have an opinion?"

"If there is, then stand up. It's too boring for me to guard the land of blessing these years. Today I'm just taking you kids to practice."

As soon as this is said, who dares to stand up.

This is Mr. Yuan. On the sky list, all of them are extremely terrifying. Once upon a time, a man respected six or seven emperors with powerful territory, without using aura weapons, but only a wooden stick, which shocked the whole Kunlun void!

Now, there is obviously some anger in Yuan's words.

Who dares to provoke!

One second.

Two seconds.

Ten seconds.

No one's moving.

There is no one to step closer.

Yuan was very satisfied with the performance of the people around him. He nodded, turned around and looked at Ye Chen. He walked over and patted him with his hand.

Almost instantly, ye Chen is feeling a warm current package.

The injury recovered completely.

It's extremely weird.

"Boy, if you go with me, you'll have some revenge. You can't get revenge now. These guys aren't half as good as you are at your age, and when you're old enough, they'll shake

"Come on, I have something to say to you."

Ye Chen hesitated for a few seconds, or nodded.

Although he has some cards, but early exposure in the eyes of these people will threaten himself.

Only a Jiuyou sky killing gun makes Han daoshan crazy.

If you let Mo Ning'er or Xiao Huang hand, the consequences will be extremely serious.

The reincarnation cemetery can only hold him for a while, but not for a lifetime.

Only the king is powerful.

Ye Chen followed yuan Lao's back and went in a direction.

Ji Lin and the rest of the children also followed.

Now Ji Lin has undoubtedly become the backbone of this group of children.

Looking at the duck flying, Han daoshan clenched his fist and released the strong breath. The strong people around him were short of breath.

His Han family is a hermit family. From ancient times.

Today, I was ruined by an old man.

However, Mr. Yuan can protect Ye Chen for a while, but he can't protect Ye Chen I.

Naturally, he can get what he wants, but now it seems that it is troublesome.

At this time, he thought of something and said to the distant Ye Chen: "boy, today you appear in the land of Han family. I'm afraid you come for the secret place of blood spirit."

Ye Chen hears the secret place of blood spirit and stops.

Indeed, this is his ultimate goal. Several powerful members of the blood spirit clan may be the key to the whereabouts of the hundred great powers in the reincarnation cemetery. Anyway, he must go!

Han daoshan saw Ye Chen stop and sneered: "it seems that I guess right, but don't forget that the secret place of blood spirit is under the control of Han family. Without my nod, you don't want to step into it! I advise you to give up. Even if I feed the dog, I won't give you any chance! "

"From today on, I will order every clan or family master to guard the secret place of blood spirit and the land of Han family. As long as you step in, you will die endlessly! I don't believe you can hide behind old yuan all your life! "

Ye Chen turned around and glanced at Han daoshan with cold eyes. He said faintly, "don't worry. As soon as the secret place of blood spirit is opened, I will be in it. If ye Chen can't have it, you don't want to have the whole Kunlun virtual power."

With that, ye Chen and Yuan Lao disappeared in the sight of the public.

Only Han daoshan and many strong people were left surprised.

Do you want to enter the mysterious world?

It's ridiculous.

Mo Weihai looks at Ye Chen's far away figure is also a long sigh.

He wanted to help Ye Chen.

But ye Chen is too good at making trouble.

Maybe the Mo family will be implicated by Ye Chen.

Ye Chen may have something to do with the ancestors of the Mo family. He knows something about ancient times. There are too many doubts about this matter itself.

He does not risk helping Ye Chen, just for the Mo family now.

"What to do next? Ye Chen must go to the secret place of blood spirit. Now ye Chen is equal to being banned Father, do you have a way? "

Monin pulled his father's clothes and said.

Mo Weihai didn't say anything more. He sighed: "let's talk about it. As for the secret place of blood spirit, you two brothers and sisters can enter it. Remember! I'd rather give up the chance than stay back! This is no joke
