

Physician 9411

Chapter 9411

Ye Chen was overjoyed and said, "That's good, thank you Senior Ren for your protection!"

If Ren Feifei took the initiative to protect him, then Ji Siqing's ascension today would not be a serious problem.

Ye Chen watched Ji Siqing off, and walked towards the end of the ladder step by step.

When Ji Siqing walked halfway up the ladder, her figure had become hazy, like reality and illusion, and she couldn't tell the truth from reality.

Ye Chen knew that this was Ji Siqing, who had already stepped into the infinite time and space with one foot. Reality and fantasy were intertwined, so the figure looked illusory.

That is to say, although Ye Chen can still see Ji Siqing's figure now, the other party has actually stepped into Wuwu Time and Space.

Ji Siqing's eyes were firm, she looked at the Ten Thousand Fire Realm at the end of the ladder, and walked forward step by step. Even though the ladder was long, she would not back down.

If she wants to wear the crown, she must bear its weight. Since she has decided to take charge of the Ten Thousand Fire Realm, it is her responsibility and she will naturally not shirk it.

Rumble!

However, at this time, there was a sudden violent shock in the void, the air flow churned, all kinds of laws rolled, and the energy exploded.

A monstrous hand, covered with old and ancient patterns, with arrogance and domineering, broke through the air and came to suppress Ji Siqing's body.

"Lord of Reincarnation, as I said, if your people dare to step into Wuwu Time and Space, I will kill as many people as you come!"

Following the killing of this monstrous hand, an old and domineering voice also sounded from the void.

It turned out to be the head of the Xiongba family, Xiongbatian's voice!

Before that, Ye Chen didn't let Xiong Bayao go, turning him into a puppet, which completely angered Xiong Batian and offended Xiong Bayao's family to death.

Today, when Ji Siqing was promoted, the Xiongba family got the news from somewhere, but unexpectedly captured the coordinates accurately, and Xiongbatian personally took action to suppress Ji Siqing with his palm.

Rumble!

The monstrous giant hand that dominates the sky is extremely terrifying. It wants to crush Ji Siqing and the ladder together.

Ji Siqing was shocked, and the envoys from the Myriad Fire Realm behind him were also terrified.

"No, hurry up and protect Miss Siqing!"

Those envoys from the Myriad Fire Realm hurriedly guarded Ji Siqing, wanting to fight against Xiong Batian's big hand.

None of them expected that Xiong Batian would be able to lock onto Ji Siqing's aura in the vast heavens, and personally come down to kill him, wanting to kill him with his own hands.

"Senior Ren, hurry up!"

Ye Chen felt the danger and immediately called Ren Feifei.

He also didn't expect that Xiong Batian would do it himself.

With Xiong Batian's strength, it is absolutely impossible for those envoys from the Myriad Fire Realm to stop him. Only by asking Ren Feifei to come forward can Ji Siqing's safety be guaranteed.

"Hey, it's actually Xiong Batian."

Ren Feifei had been prepared for a long time, and after sensing the aura of Xiongbatian, he was also very surprised.

Xiongbatian is extremely powerful. It can be said that he is the most powerful figure in Tuodi Tianzong, except for the ancient god Tuodi. He is the ninth-rank Tiandi himself.

For such a character, he actually wants to personally kill Ji Siqing, who is just about to ascend, it seems that he hates the reincarnation camp to the bone.

Ren Feifei immediately shot to protect him, but at this moment, in the dark, in the depths of unknown time and space, a long spear shot down through the sky, and with a puff, it completely pierced Xiong Batian's big hand, golden Blood splattered.

"Ahhh!"

Xiong Batian screamed on the spot, only feeling the pain.

That long spear, the body of which was made of stone, was engraved with ancient runes, and carried a terrifying aura of extinction, as if it could obliterate the soul of the Emperor of Heaven, it was very ferocious.

It was actually the legendary Celestial Emperor Soul Breaking Spear!

"Heavenly Emperor Soul Breaking Gun, Yuantian Emperor?"

When Ye Chen saw the gun, he was stunned for a moment.

Xiong Batian also recognized it, and roared angrily: "Emperor Yuantian, it's you! How could you make a move? You are a super-grade emperor. Don't you not interfere with the cause and effect of the world?"

He never expected that Emperor Yuantian actually made a move, and suppressed all his power and arrogance in one fell swoop.

"I promised the lord of reincarnation, and for the past six months, I will defend his reincarnation camp. Before you attacked and killed, didn't you calculate the secret and feel my will?"

In the void, an old and mysterious voice came out, it was the voice of Emperor Yuantian.

When Xiong Batian heard this voice, he was terrified and speechless.

In fact, he also calculated the secret of heaven and felt the will of Emperor Yuantian to protect him, but he did not believe that Emperor Yuantian would rashly intervene in reality.

It wasn't until this moment that Yuan Tiandi's Heavenly Emperor's Soul Breaking Spear pierced through it that he woke up with a start.

"Boy, you are protected by Emperor Yuantian, so you don't need to ask me to take action."

Seeing this, Ren Feifei shook his head. If Emperor Yuantian protects him, there is really no need to bother him.

Emperor Yuantian said: "Lord of Reincarnation, I have not broken my promise. For the next six months, I will guard your reincarnation camp."

Ye Chen said: "Yes, thank you, Senior Yuantian Emperor."

Emperor Yuantian said: "Xiong Batian, have you heard? I don't care about the future, but in the past six months, if you dare to hurt a hair of the reincarnation camp, I will destroy your Xiongba family."

Hearing such threatening words, Xiong Batian's face trembled and his chest was full of anger.

However, no matter how angry he was, he did not dare to explode in front of Emperor Yuantian.

In this world, apart from Emperor Yuantian, there is no other person who dares to threaten him like this, not even the ancient god Tuodi.

"Hehe, Emperor Yuantian, I know you are amazing, you are a super-grade emperor, if you want to intervene, I have nothing to say."

Chapter 9412

"But, you have to be careful, your aura is connected with the Soul Emperor, if you leave too many traces in this world, be careful that the Soul Emperor will take the opportunity to resurrect!"

Xiong Batian's voice was a bit yin and yang, but he refused to give in to Emperor Yuantian.

He knew that Emperor Yuantian had the scruples of Emperor Yuantian.

In the past, Emperor Yuantian did not intervene too much in the cause and effect of the world, in fact, he was afraid that Emperor Huntian would be resurrected.

Because, he and Huntiandi are one body with two sides, he is the "life" side of the origin of the Dao, and Huntiandi is the "dead" side, his old enemy.

Life and death are intertwined. If there are too many traces of Emperor Yuantian in the world, Emperor Huntian may use these traces to revive.

Therefore, Emperor Yuantian was willing to take action to protect Ye Chen for half a year, and this half year was already the limit.

Once it goes too far and he leaves too many traces, Emperor Huntian will be in danger of being resurrected, and the consequences will be disastrous.

Emperor Yuantian was displeased when Xiongbatian broke the secret, but he didn't say too much, he just said coldly: "In short, in the past six months, you Xiongba family, be careful, don't offend me."

Xiong Batian smiled and said: "You are a super-grade emperor, how dare I offend you?"

At that moment, he withdrew his hand and did not stop Ji Siqing.

He knew that if he wanted to take revenge on Ye Chen, he would have to endure it for half a year.

Otherwise, it would be very troublesome to offend Emperor Yuantian.

Yuan Tiandi took it away when he saw it was good, and also took back the Tiandi Soul Breaking Spear.

He was afraid of the resurrection of the Soul Emperor, so even if he made a move, he didn't dare to be too presumptuous, for fear of touching the secrets of heaven and leaving too deep marks.

Seeing this, Ye Chen immediately felt that everyone in this world, even Emperor Yuantian, was not free, and had all kinds of scruples and shackles.

If you want to get the real great bliss, great freedom, and great freedom, maybe you can only go to the other side of the starry sky.

At the end of the battle, the wills of Emperor Yuantian and Xiong Batian retreated.

Without any hindrance, Ji Siqing walked towards the end of the ladder step by step.

Finally, Ji Siqing successfully reached the end of the ladder. She looked back, but seeing the barrier of time and space, she couldn't see Ye Chen's figure clearly.

With a dazed and desolate look on her face, she gave a wry smile and stepped into the area of Ten Thousand Fire Realm.

Seeing Ji Siqing stepping into the Ten Thousand Fire Realm from afar, Ye Chen breathed a sigh of relief.

When the matter came to an end, Ji Siqing went to the Ten Thousand Fire Realm, and with the blessing of the Ten Thousand Fire Realm's veins, he didn't have to fear the revenge of the Xiongba family.

Moreover, there is no time and space, and there are many time and space worlds. It is also very difficult to find the location of the Myriad Fire Realm in the countless time and space worlds, unless there are coordinates.

Relying on the Tianjun Fengshen Monument, Ren Feifei still maintained communication with Ye Chen.

"Emperor Yuantian defended your Dao for half a year, even if you are defeated by the Celestial Girl, people from the reincarnation camp will not be implicated."

Ren Feifei said with a smile, he is naturally extremely reassured about the strength of Yuan Tiandi, that is the super-grade Tiandi, the greatest existence in the world at present.

Ye Chen smiled wryly, and said, "But I don't want to be defeated."

Ren Feifei said: "If you don't want to be defeated, then look for new opportunities to improve your strength. I think the darkest starry sky in the forest is a good place for opportunities."

From Ye Chen, Ren Feifei also glimpsed the existence of the darkest starry sky.

That starry sky is undoubtedly a place of great opportunity. When Wu Zhan entered it back then, he got the opportunity to directly break through the limitations of heaven and earth and become a master of the half-step divine way.

If it wasn't for the Caoshen faction, taking his wife Lianmeng as a hostage, it might not be able to restrain him.

If Ye Chen stepped into the dark starry sky, he might also be able to get a great opportunity and advance by leaps and bounds like Wu Zhan.

That dark starry sky was full of dangers, and Ji Siqing didn't want Ye Chen to enter it before.

But now, Ji Siqing has ascended to Nowhere, and no one will stop Ye Chen anymore.

Moreover, Ye Chen felt some warmth in his body, and this warmth came from the Ten Thousand Fire Realm.

Presumably it was Ji Siqing, who silently prayed and blessed Ye Chen after taking charge of the Myriad Fire Realm.

With Ji Siqing's protection, Ye Chen is safer, and now he also wants to go to the dark starry sky.

"Senior Ren, then I will go to the Darkest Starry Sky tomorrow to have a look."

Ye Chen made up his mind, planning to return to the Watcher Forest tomorrow and venture into the darkest starry sky.

Ren Feifei said: "Take out the star map that Wu Zhan gave you, and show it to me."

Ye Chen hummed, then took out the star map and unfolded it.

Ren Feifei stared at the star map, catching and calculating various secrets, then narrowed his eyes slightly, and said: "The chance in the darkest starry sky may be related to the Emperor Huntian. You must be careful not to be swallowed by the darkness."

Ye Chen was taken aback, and said, "What, is it related to Emperor Hun?"

Emperor Huntian is the old enemy of Emperor Yuantian, and he was also a super-grade emperor back then. Could it be that there is a chance for him to stay in the darkest starry sky?

Ren Feifei said: "I don't know the specific situation. In short, you should be cautious. Moreover, the matter of going to the dark starry sky must be kept secret, and no one else will know."

Ye Chen nodded and said, "Of course I know that."

The darkest starry sky, no matter how dangerous it is, is a place of great opportunity. If the news is leaked, it is likely to attract the attention of outsiders.

At that time, if someone competes with Ye Chen, it will be troublesome.

After the discussion, Ye Chen broke off contact with Ren Feifei, took a day off by himself, and went to the Shouwang Forest alone in the early morning of the next day.

When he went to watch the forest this time, he didn't tell anyone, not even the many friends in the reincarnation camp. He only said that he was out looking for opportunities.

"Tomb Master, are you going to the Darkest Starry Sky?"

In the cemetery of reincarnation, Qi Yuan felt Ye Chen's strong thoughts and asked.

"Yes, senior."

Ye Chen responded.

Qiyuan was silent for a while, and said in a solemn voice: "I have actually been to this darkest starry sky."

Ye Chen said in surprise: "Senior, have you also been to the Darkest Starry Sky?"

Qiyuan said: "Yes, in the darkest starry sky, I saw an eye of Emperor Huntian. The dark aura was extremely terrifying, and I was almost eroded. Fortunately, I am a watcher, protected by God of Grass, and finally I escaped by luck, and from then on, I dare not approach that place again."

Ye Chen narrowed his eyes and said, "Emperor Hun's... eyes?"

Qiyuan said: "Well, there are many opportunities in that dark starry sky. Under the pressure of Emperor Huntian's eyes, I couldn't collect much. In the end, I only grabbed some golden source jades. These golden source jades were stolen by me. After going to Wuwu Time and Space, it played a huge role."

Origin jade contains the source energy of heaven and earth. In the infinite time and space, it can be said to be a hard currency, and the golden origin jade is the existence of the highest quality.

Chapter 9413

If you have a lot of gold source jade on hand, your life will be much more stable in Wu Wu time and space.

Qiyuan said again: "Later, I created a mental method, which is specially aimed at the darkness of the darkest starry sky, and can protect people's Taoist heart. Since you are going to that place, I will pass this mental method on to you. I hope can help you."

As he said that, Qi Yuan flicked his fingers, and a ray of spiritual light poured into Ye Chen's sea of consciousness.

Ye Chen's head was buzzing, and he felt a kind of inner meaning pouring in.

This method of mind, called the Qingxin Liuli Jue, was created by Qi Yuan. After practicing, the Dao Xin will be pure, as pure as glass, and will not be polluted by the darkness of the starry sky.

Ye Chen realized a little bit, then he understood the mystery of this Qingxin Liuli Jue, and said: "Thank you for passing on the skills, senior."

With this heart-cleaning glaze art, Ye Chen will not be so dangerous when going to the dark starry sky.

He returned to the Shouwang Forest, and in the forest, Wang Pingan, Wu Zhan, Lian Meng and others came out to greet him.

After knowing that Ye Chen was going to the dark starry sky, all three of them were shocked.

Wang Pingan said: "Master Ye, are you really going to the Darkest Starry Sky? That is a very dangerous forbidden place!"

Ye Chen said: "Behind the great danger, there is a great opportunity. I want to go to that starry sky to see."

Wu Zhan and Lian Meng looked at each other, Wu Zhan took a step forward and said, "Master Ye, we two will go with you. We have been to that starry sky before, so we can help you."

Ye Chen shook his head, smiled and declined politely: "No need, the darkest starry sky is too dangerous after all, your husband and wife have just been reunited, so it's better not to take risks."

In the past, when Wu Zhan and Lian Meng entered the dark starry sky, they were forced to have no way out and had no choice.

They were lucky to be able to come out.

If you go now, you may not have such good luck.

Wu Zhan and Lian dreamed that Ye Chen refused and wanted to fight, but Ye Chen waved his hand and said, "I can go alone, Senior Wang, lead the way."

Seeing that Ye Chen was so determined, Wu Zhan and Lian Meng were also helpless.

At the moment, Wang Pingan took Ye Chen to the forbidden area of the forest, which is where the darkest starry sky is located, followed by Wu Zhan and Lian Meng.

This forbidden land is in an extremely remote part of the forest.

When Ye Chen saw this forbidden land, he looked at the dark starry sky, like a clear lake embedded in the ground.

This darkest starry sky is not in the sky, but on the ground.

This is the first time Ye Chen has seen the starry sky on the ground, the picture is very magnificent, the stars are twinkling, revealing a mysterious brilliance, embellished like gems, occasionally there will be some weather of the trajectory of the sky, and the meteor shower will make the picture even more magnificent Amazing.

It's just that the background color of this starry sky is very dark, much darker than ordinary starry sky, like a nightmare, people feel horror and fear at a glance, as if the whole person will be swallowed into it.

Around the dark starry sky, many large formations were built, and Wang Ping'an sent many strong men to guard them to prevent the dark breath of the starry sky from leaking out and eroding the forest.

However, when Ye Chen came here and saw the atmosphere of the darkest starry sky, he felt the breath of darkness and nightmares. It was too strong. Sooner or later, he would break through the blockade, erode the entire forest, and even spread to the world of the Supreme Being.

"Senior Wang, is this the darkest starry sky? The dark aura is too strong, and you may not be able to block it."

"I estimate that within ten years, the darkness will spread out, erode the forest, and the Watcher Forest will be reduced to darkness."

Ye Chen said rather solemnly.

Wang Ping'an smiled wryly, and said: "I know, I have reported it to the God of Grass, and begged her to solve it."

"She said that her strength has declined too much, and it is no longer enough to suppress the darkness."

"However, she has already found a new successor. When her successor inherits her authority, she will have enough power to suppress everything."

The new heir is naturally Sun Yi.

Ye Chen said: "It's unrealistic to wait for the God of New Grass to suppress the darkness. It's better for me to step into the dark starry sky and see where the source of the darkness is."

Wang Ping'an respectfully said, "Then thank you, Mr. Ye, I'll wait here for you to come out."

Ye Chen nodded and said: "Yes, I will go to the dark starry sky, remember to keep it secret."

The secret of the Watching Forest is closed, Ye Chen's thoughts will not leak out, and others will not be able to figure it out, but if the news leaks, there is still a danger of being discovered.

Ye Chen didn't want people outside to compete with him for opportunities.

Wang Pingan said: "Master Ye, please rest assured, I will keep it absolutely secret."

He also knows that although the darkest starry sky is dangerous, it is full of opportunities after all. Once the news is leaked, there will be no peace in the Watching Forest.

In the past years, the Grass God faction and the Yuhuang faction have maintained a tacit understanding, and nothing has been leaked to the dark starry sky, and they are afraid that the forest will be destroyed and disturbed.

At that moment, Ye Chen strode into the dark starry sky.

As soon as his body stepped into the starry sky, his whole body seemed to be swallowed up and disappeared without a trace, which looked a little scary.

Even this so-called disappearance far exceeds the disappearance of the physical body.

And as Ye Chen stepped into the dark starry sky, his aura completely disappeared in the real world, as if he had died, there was no trace of him in the world, everything about him seemed to be swallowed up by the starry sky .

In the entire Supreme World, in the skies of various realms, there was a cloud of haze and grayness, which was the phenomenon of samsara being swallowed up and disappearing in the world.

Chapter 9414

Emperor Yuhuang, Tiannv, Daoist Daoist, Daodetianzun, and even the fallen Demon Ancestor Wutian were all shocked after witnessing this scene.

This weather does not mean that Ye Chen has fallen, but that Ye Chen has disappeared and disappeared from the real world.

The power of the law of reincarnation has always been in the real world, but now it is suddenly lost, so there is a haze in the world.

Emperor Yuhuang kept pinching his fingers to calculate, his face full of doubts: "What's going on, why did this kid disappear, and where did he go?"

After repeated calculations, he couldn't catch the slightest clue, and he couldn't see where Ye Chen went.

...

On the other side of Zihuang Immortal Palace, Daode Tianzun is also calculating, unable to see the details, frowning, vaguely guessing:

"Could it be that this kid has already gone to Wuwu Time and Space? With his strength, he is not enough to ascend."

"It seems that there is a character in the reincarnation camp who went to the Ten Thousand Fire Realm of No Time and Space, and his name seems to be Ji Siqing. Could it be that Ji Siqing did something when he arrived in No Time and Space?"

"There must be something big going on here!!"

...

Ice Phoenix Realm, the Dojo of the God of Wishing.

Tiannv saw the haze in the sky and knew that Ye Chen was missing, but she didn't deduce it immediately.

Because at this time, she is absorbing the energy of Origin Immortal Pond.

Earlier in the Battle of the Gods of Punishment, she and Gusu Yu won the Immortal Pond of Origin, and the two shared it equally, with one taking half.

Half of the energy of Origin Immortal Pond is enough for the goddess to break through.

I saw wisps of faint blue origin fairy energy, circling around the celestial girl, spinning like a dragon.

The aura in the goddess's body became purer and stronger after being tempered by these original immortal qi.

Her cultivation is vaguely about to break through the peak of the Immortal Emperor and attack the Divine Dao Realm.

Rumble!

Finally, on the body of the celestial girl, the laws of the divine realm appeared, appearing golden, like golden talismans, suspended around her body.

Around her body, there is a scene where dreams and reality are intertwined, and the aura is like a rainbow that soars into the sky, which is very spectacular.

In the void above the celestial girl's head, a gate of heaven appeared.

This heavenly gate is simple and vast, and the door is tightly locked. It is the legendary heavenly gate of the divine way.

As long as you break through the heavenly gate of the divine way, you can officially enter the realm of the divine way, open the gate of heaven, enter nothingness, and become a true god.

Now Tiannv's cultivation base has broken through the Immortal Emperor, and she is considered a master of the half-step Divine Dao Realm, comparable to Gusu Yu.

As long as she breaks through the gate of heaven, she can prove the true god and become a real powerhouse of the divine way.

However, looking at the heavenly gate, the heavenly girl was not sure about breaking through.

Because her martial arts background is also very deep and vigorous, breaking through is much more difficult than ordinary people.

Refining half of the Immortal Pond of Origin and raising her to the half-step Divine Dao Realm is already the limit.

If you want to break through the Heavenly Gate of the Divine Dao, perhaps it is only possible after you kill Ye Chen and seize the luck of reincarnation.

"Ye Chen, where are you? You shouldn't be smuggling to Wu Wu Time and Space, right?"

The goddess calmed down and began to calculate Ye Chen's whereabouts, but found that Ye Chen was completely missing, and his breath was not in the real world.

Since he is not in the real world, a bold guess emerges in Tiannv's heart, that Ye Chen may have smuggled into Wuwu time and space!

"You smuggled into Wuwu time and space, looking for opportunities, and then you want to come back and fight with me?"

The goddess laughed, and continued to guess in her heart, inexplicably and a little worried.

If Ye Chen went to Wuwu Time and Space, had an accident, and could never come back, then she would not be able to plunder the luck of reincarnation, and it would be very difficult for her to break through the Shinto Heavenly Gate.

"The lord of reincarnation did not smuggle through time and space."

Suddenly, between the heaven and the earth, dark demonic energy billowed, and the wind howled, and an old and indifferent voice came out.

"Who is it, Supreme Apocalypse!?"

The goddess was alerted immediately, her eyes became sharp, and she recognized this voice, it was the voice of the leader of the Death Sect, the Supreme Apocalypse.

"It's me, hehe."

Apocalypse Supreme smiled and said.

The celestial girl said coldly: "Apocalypse Supreme, what's the matter with your will coming down? Isn't your Reaper's Cult a civil war?"

Apocalypse Supreme said: "The civil war is over."

The goddess said, "Oh?"

Apocalypse Supreme said: "The witch was killed by me, hehe, although I failed to completely eradicate her timeline, it is almost the same. Even if she is resurrected in the future, she will still be a useless person, and there is nothing wrong with it."

It turned out that "Hourglass" Zhuang Xiaoyue went to the Battle of the Gods before, and was later taken away by Sanwei. The witch camp lost a general, and was sensed by the Supreme Apocalypse, and immediately launched a decisive battle.

In the absence of Zhuang Xiaoyue, the strength of the witch camp has plummeted, unable to resist the attack of the Supreme Apocalypse.

In the end, the witch camp was defeated, the witch was beheaded, and the Apocalypse Supreme won a complete victory. He had unified the Death God Order and became the supreme supreme leader again.

The Witch may be resurrected in the future, but in the eyes of the Supreme Apocalypse, she is no longer a threat.

"Yeah?"

The goddess was a little surprised, she didn't expect the witch to be dead, and said: "But this is a matter of your Death Sect, and has nothing to do with me."

Apocalypse Supreme smiled and said: "It's related, the witch is dead, and the position of chief guardian is vacant."

"Heavenly girl, you are a peerless girl. I want to invite you to be the chief protector of my death cult. I can open the gate of the divine way for you and help you ascend to heaven."

The heavenly girl was even more surprised when she heard the invitation from the supreme apocalypse. She chuckled and said, "Thanks to the apocalypse, the leader thinks highly of me, but I have no plans to plunge into darkness yet."

Chapter 9415

Apocalypse Supreme said meaningfully: "Darkness and chaos are the truth of this world. You should think about it. It is best to answer me within a month."

"The Lord of Reincarnation has great luck. If you fight him decisively, you will definitely lose, and you will definitely die."

"I can't bear to see you fall, so I invite you. You go with me now without time and space, and you have unlimited future. If you stay in the real world, you will only be killed by the lord of reincarnation."

The goddess sneered and said, "You don't need to care about the matter between me and the Lord of Reincarnation."

The Supreme Apocalypse smiled, and didn't speak any more, but left a contact talisman, and then his will disappeared.

Tiannv looked at the contact talisman and wanted to destroy it directly, but after thinking about it, she put it away casually.

The atmosphere of her breakthrough slowly dissipated, and the divine way of the heavens also dissipated.

Now her cultivation base is half a step of the Divine Dao Realm, which has surpassed the limitations of the previous reality.

At this level, the goddess has a clearer understanding of the secrets of the future.

She saw her three futures, one is to defeat Ye Chen, and the other is to lose and die.

Another one is to give up the decisive battle, go to Wuwu Time and Space, inherit the legacy of the witch, and become the chief guardian of the Death Cult.

The uncertainty of the future, as well as Ye Chen's disappearance now, make Tiannv feel uneasy.

"That guy Ye Chen, where did he go?"

Tiannv frowned, wanting to determine her future, she needed more clues.

Now from the mouth of Tianqi Supreme, she can be sure that Ye Chen did not sneak into Wuwu Time and Space, but went somewhere.

After thinking about it, the celestial girl tore apart the void and went directly to the Star-Moon Realm.

The star-moon world is guarded by a large array of prohibitions, and people who are not in the reincarnation camp cannot enter.

The celestial girl appeared outside the guardian formation of the Star-Moon Realm, and her arrival shocked the entire Star-Moon Realm.

Ye Xieshen personally brought people out, and when he met the goddess, he frowned and said, "Goddess, what are you doing in my Star-Moon Realm, isn't it the day for the decisive battle?"

The goddess said indifferently: "Where did Ye Chen go? I can't feel his breath. Why did he suddenly disappear?"

Ye Xieshen hesitated for a long time, but still said: "He went out to look for opportunities, but he hasn't come back yet."

The celestial girl thought about it, and wanted to use it to capture cause and effect, but she couldn't capture any cause and effect, so she asked, "Where did you go to find the opportunity?"

Ye Xieshen shrugged and said, "How would I know?"

The goddess frowned, and also sensed that Ye Xieshen was not lying, so where did Ye Chen go?

Ye Xieshen looked at the celestial girl up and down, and felt the aura of the celestial girl, which was much stronger than before, with a faint majesty of the divine realm, and the breath in her body was intertwined with reality and illusion, like a dream and illusion, making people unable to see the reality.

He couldn't help feeling a little worried, and said, "Have you stepped into the Divine Dao Realm? No, it should be a half-step Divine Dao Realm."

Tiannv didn't respond positively, seeing that she was in the Star-Moon Realm and couldn't catch Ye Chen's clues, so she turned and left, her expression was always cold and indifferent.

"This woman is really getting stronger and stronger."

"Where did Ye Chen go? Is the opportunity he was looking for able to defeat the goddess?"

"Looking at it now, it's definitely not that easy for Ye Chen to beat Tiannv!"

"Even if you are a little careless, you will lose everything."

Ye Xieshen murmured, feeling more and more worried.

Ye Chen disappeared, and his aura disappeared between the heavens and the earth, causing the world to have different opinions.

Some people said that Ye Chen smuggled into Wuwu time and space, some said that Ye Chen had been swallowed by darkness, and some said that Ye Chen was already dead.

All kinds of chaotic discussions made people panic, and many people who wanted to take refuge in the reincarnation camp chose to wait and see what happened.

...

At this time, watch the forest to the edge of the dark starry sky forbidden area.

Wu Zhan and Lianmeng were worried after seeing Ye Chen stepping into the starry sky.

Wu Zhan said: "Lianmeng, the lord of reincarnation has a deep kindness to us, we must repay it, let's go in and help him too!"

Lianmeng nodded and said, "That's right."

The husband and wife looked resolutely. Although Ye Chen had rejected them, they still wanted to repay each other, and they stepped into the starry sky together.

Seeing that Wu Zhan and Lian Meng had entered, Wang Ping'an's lips twitched, and then he sighed.

He faintly smelled the smell of death. Ye Chen, Wu Zhan, and Lian Meng all entered the starry sky, and some of them might not come back.

At this time, Ye Chen entered the darkest starry sky and found himself in a dark universe.

This cosmic world is undoubtedly the darkest starry sky, but it is too vast, too vast, too empty, the real space.

Compared with this vast space, the stars are as small as dust. Against the huge dark background, the starlight appears very weak. This world is so dark and deep, full of mystery.

Ye Chen felt cold all over his body. This coldness did not come from the starry sky, but seemed to surge from the depths of his heart.

Under the huge darkness, Ye Chen felt that his eyes were blinded by layers of black shadows.

Darkness was eating at him.

"Pure Heart Glazed Art, open!"

With a move in Ye Chen's heart, he immediately operated the mental method taught by Qiyuan, and opened the Qingxin Liuli Jue, his Taoist heart was as pure as glass, the black shadow in front of him dissipated, and the erosion of darkness was also blocked.

"You have to find a place and settle down first. This matter must be considered in the long run."

Chapter 9416

Ye Chen took out the star map Wu Zhan gave him, and found a camp marked by Wu Zhan.

Back then, when Wu Zhan and Lian Meng broke into the dark starry sky, they established a camp as their own shelter, and then used this camp as the center to go out to find opportunities and resources.

The camp was built on a certain desolate star, and that star, surrounded by gods and demons, was full of all kinds of dark monsters, which was very dangerous.

But this star is already a relatively safe one that Wu Zhan can find.

In other stars, there are more dark monsters.

Ye Chen followed the star map, pinpointed the position of the star precisely, and then tore apart the void.

Soon, Ye Chen landed on the star, but felt that there was a change in the cemetery of reincarnation.

This abnormal movement did not come from the power of reincarnation, but from half a broken wing.

That half of the wing is the broken wing of the starry sky god race.

Ye Chen used to know a girl from the Starry Sky Protoss, named Zi Chuanfei, and it was she who left this broken wing.

Ye Chen also made an agreement with Zi Chuanfei that after he lights up the Black Night Star and has enough strength, he will resurrect her.

Zi Chuanfei's broken wings, Ye Chen has also been stored in the cemetery of reincarnation.

At this time, there was a strange movement in the half of the wing, and a dark brilliance flickered, as if resonating with the darkest starry sky.

"What's going on here? Could it be that this darkest starry sky was once the territory of the Starry Sky Protoss?"

Ye Chen guessed.

This piece of the darkest starry sky is a fragment of the starry sky that Zilan, the first generation of grass god, failed to attack the other side of the starry sky. It is itself a part of the other side of the starry sky.

Seeing the resonating light of the broken wing, Qi Yuan made some calculations with his fingers, and said in a deep voice: "This is indeed the territory of the Starry Sky God Clan, but it has nothing to do with the Zichuan Clan, it is the territory of the Kazama Clan."

Ye Chen said: "The Kazama family?"

Qiyuan said: "Yes, there are three major families within the Star God Clan. The Zichuan clan you know is one of the three major families. I know there is also a Kazama family. The owner of the family is Kazama Chuuxue, known as the Antian Emperor. The Ninth Rank Heavenly Emperor has great ambitions, and this is his territory."

"Blowing snow in the wind, Emperor Antian?"

Ye Chen murmured the name of Emperor Antian, and there was a huge touch in his heart, as if he had violated some dangerous lair, and boundless poisonous insects and snakes would rush out and devour him, and the hairs all over his body stood on end.

This Antian Emperor named Fengjian Fuxue must have been so powerful that Ye Chen felt ominous when he read his name.

"You should settle down first. I have worn out too much of my past memories, and I can't remember many things, but I still remember the Antian Emperor. The swordsmanship he cultivated is the supreme swordsmanship on the other side of the starry sky. Its power is infinitely close to Heaven Dou Massacre Sword."

When Qiyuan mentioned Emperor Antian, his tone was also very solemn and guarded.

His previous memory, the part about the God Punishment Battlefield, has been recovered, but the memory related to the dark starry sky still has a lot of wear and tear.

He thought that when he secretly entered the dark starry sky, he should have set up a camp, but unfortunately he forgot where the camp was.

Ye Chen nodded, looked around, and saw that the surface of the star was covered by a dark forest. There were two suns and a moon shining in the sky of the star, but the light of the sun and the moon could not penetrate the forest.

This dark forest is covered with dark mist, and it seems that there are infinite dangers hidden in it.

However, such a forest exuding a dangerous atmosphere is already the safest place to find in the martial arts of the year.

Ye Chen settled down and stepped into the dark forest.

As soon as he entered the forest, he heard many ghostly screams and countless strange things, as if aware of his arrival, they exploded in an instant.

Click!

The ground split open, and a strange head with a long neck emerged from the ground, opening its mouth to bite Ye Chen.

The void in the sky also ruptured, and filthy dark green poisonous water flowed out. There was a strange arm stained with viscous liquid, which reached down from the sky and grabbed Ye Chen's body.

There was another big tree with a big mouth, and countless poisonous insects and snakes jumped out of it, roaring like a dark tide.

All kinds of mysterious scenes are creepy.

If you are a person with insufficient Dao heart, you don't need to fight just by witnessing these mysterious weather, and you will collapse just by looking at it.

Ye Chen calmed down, did not panic, and ran the Qingxin Liuli Jue to stabilize his Taoist heart, and then he flicked his fingers, and the thunder burst out.

"Divine Sword and Thunder Control Technique!"

In the dark void, a series of divine thunders exploded, turning into flying swords filled with thunder and lightning, and slashed out with a chi chi.

The mighty thunder light and the sharp sword energy wiped out the mysteries and ominous surroundings.

There are also humanoid monsters, who are powerful gods and demons, who came out from the depths of the forest.

However, Ye Chen was fearless, opened the Heavenly Thunder Divine Vein, and the power of the Divine Sword Yu Lei Jue exploded to the extreme, slashing and killing, the thunder and lightning flying sword slashed everything, and finally all the weird and monsters in the forest screamed like a tide Back off, not daring to offend Ye Chen anymore.

Although the weather in the forest is weird, Ye Chen is powerful, and those weird monsters can't harm him.

The mighty thunder and sword energy swept across, and most of the dark fog in the forest dissipated, and the light of the sun and moon shone down, making people feel refreshed.

Ye Chen took a deep breath, felt refreshed, and continued to move forward. Finally, in the depths of the forest, he found an abandoned camp, which was left by Wu Zhan and Lian Meng back then.

Ye Chen tidied up the camp a bit, then settled down in the camp.

In the camp, there are astrolabes, talismans, tortoise shells, copper coins and other divination objects, which are also left over from the military battle, and can be used to divination the secrets of the sky and deduce all kinds of secrets in this darkest starry sky.

Back then when Wu Zhan went out to search for opportunities, he did not aimlessly, he calculated clearly first, caught the breath of opportunities, and then went out to look for them.

On the star map he gave Ye Chen, he marked the locations of many opportunities, all of which he calculated in the past. Wu Zhan had never been to most of the places, because his strength was limited and he did not dare to wander around.

Moreover, when Lianmeng was eroded by the darkness and seriously injured, he was also in a hurry to leave.

Ye Chen unfolded the star map, looked at the opportunities marked on it, but frowned.

Because, now that he is grasping the secrets, he faintly senses that the opportunities marked by Wu Zhan have little effect on him and are not enough to enhance his strength.

"There should be a bigger opportunity. Once I get this opportunity, the chances of winning the battle between me and the goddess will be much higher."

Ye Chen sat down cross-legged, and started to calculate by himself using the divination items left in the camp.

Chapter 9417

He felt that there must be some kind of huge opportunity in this darkest starry sky, enough for him to break through against the sky, and even defeat the goddess in the future.

Seeing Ye Chen start to calculate, Qiyuan said, "Never mind, the biggest chance must be the magic weapon left by Emperor Huntian."

"No, to be precise, it should be an organ left by Emperor Huntian. It is one of his eyes, called the Devil's Eye of Death."

Ye Chen asked in surprise: "Devil's Eye?"

Qiyuan said: "Yes, a long time ago, Emperor Huntian also wanted to go to the other side of the starry sky. He knew that forcing a shock would have no effect, so he offered one of his eyes to the starry sky, hoping to be guided."

Ye Chen was stunned: "Worship... my own eyes?"

Qiyuan said: "Yes, the eyes he enshrined are the magic eyes of death, with the breath of death."

"Everything in the world, from the moment of birth, is doomed to die one day."

"The Devil's Eye of Destiny can decide the death of all things, and let the day of death of all things come earlier."

"Anyone, as long as he is glanced at by Emperor Huntian, Emperor Huntian can decide his death date."

"This is the power of Emperor Huntian. He had countless believers and followers back then. Those ancient gods who stood at the peak in ancient times all worshiped the greatness of Huntian Emperor in shock."

"No matter how powerful the ancient god is, as long as he is glanced at by Emperor Hun, the date of death has already been decided."

"Deciding to die, this is the terrible thing about the Devil's Eye."

"But back then, Emperor Huntian regarded his own great and heaven-defying eyes as a sacrifice and enshrined them to the starry sky."

Ye Chen was also shocked when he heard the secrets narrated by Qi Yuan.

Shocked by those ancient histories, shocked by the horror and power of Emperor Huntian.

The Devil's Eye of Destiny, this eye can determine the death of all things, just by listening to Qiyuan's description, you can know how terrifying it is.

What's even more frightening is that Emperor Huntian was willing to sacrifice his own eyes as a sacrifice to enshrine the starry sky, hoping to be guided by the other side of the starry sky, transcend the sufferings of the world, and gain true bliss and freedom.

"His offering should not have received a response?"

Ye Chen murmured.

He knew that from ancient times to the present, no one has ever really been to the other side of the starry sky.

Even Emperor Yuantian failed to attack the other side of the starry sky.

Qiyuan said: "Yes, Emperor Huntian didn't get any response to the offering."

"He has illusions, thinking that in the other side of the starry sky, there is an ultimate god who dominates everything in the heavens."

"But later facts proved that there is no such god. There should be some dark races on the other side of the starry sky, such as those chaotic demons who call themselves the starry sky gods."

"The Star Gods have three major clans. I know there are the Zichuan family and the Kazama family, and I forgot the other one."

"The eyes enshrined by Emperor Huntian were obtained by the Kazama family."

"This eye, the Devil's Eye of Death, is very powerful. If the Kazama family can control it, it will be enough to suppress the other two families and make one family dominate."

"The other two big families sensed danger and immediately joined forces to encircle and suppress the Kazama family,"

"The Kazama family suffered heavy casualties. The head of the family, Kazama Fubuki, escaped from the disaster and disappeared without a trace. The Devil's Eye of Death was severely damaged in the war. After all, it was separated from the body of Emperor Huntian, and it has become very fragile and cannot bear it." The blows of war."

"The severely damaged Devil's Eye of Destiny was sealed in this starry sky by Fubuki Kazama, continuously absorbing the energy of devouring darkness, and recovering slowly."

"But maybe Fengjian Chuuxue didn't expect that this starry sky would be cut down by Master Zilan later, and he lost the coordinates of the Demon Eye of Destiny since then. Perhaps others have been completely destroyed by the wear and tear of the years."

In Qiyuan's tone, there were endless vicissitudes, these ancient secrets are very far away from today.

The wear and tear of the years has accumulated, and he is not sure whether the Fujian Fuxue known as the Emperor of the Dark Heaven is now alive or dead.

But he can be sure that Antian Emperor Fengjian Chuixue didn't know that the Devil's Eye of Death was here.

Otherwise, Fubuki Kazama would have killed him a long time ago. He would destroy the Watcher Forest at any cost and take back the Devil's Eye.

And that Devil's Eye of Death is something left by Emperor Huntian, so naturally it will not easily wear out with time.

Although the war between the three major families had seriously damaged the Demon Eye of Death, after all, it belonged to Emperor Hun. As long as Ye Chen could get it, it was a great fortune and could be used to deal with the goddess.

"In other words, the Devil's Eye is the biggest opportunity in this starry sky?"

Ye Chen's heart moved, and he said.

"That's right, I have forgotten exactly where the Devil's Eye is, but you can use the clues I just told you to deduce and investigate, and you should be able to see it."

Qi Yuan said.

The darkest starry sky is very vast, much larger than the general cosmic starry sky in the outside world.

If there are not enough clues, it is obviously not easy to find a small eye in this huge starry sky.

Ye Chen calmed down, and started to deduce on the astrolabe using the clues that Qiyuan told him just now.

With his deduction, the secret of this starry sky was also touched.

In the depths of the starry sky, on a star full of vitality, singing birds and flowers, full of green grass and forest atmosphere, some warriors felt something strange.

Chapter 9418

There are actually many warriors on this star. There are so many people. I don't know how many millions of people there are. It seems to be full of vitality.

In the center of the star world, there is a strange statue enshrined.

Half of this statue presents the ugly appearance of Chaos Heavenly Demon, while the other half is an image of an extremely handsome, handsome young man with eyes as bright as stars.

If Qiyuan was here, he would definitely be able to recognize it. This is the head of the Kazama family, the legendary Antian Emperor, and the statue of Kazama Chuuxue.

This world enshrines the statue of Fubuki Kazama, and the warriors living here are obviously members of the Kazama family.

The Kazama family is one of the three major clans of the starry sky gods, so they are also one body with two faces. Usually, they look normal and don't see any ugly appearance, but once they enter the fighting stance, they will turn into demons and become extremely ferocious and terrifying.

"Someone is watching the Devil's Eye!"

"Who is it, what a powerful breath! It even surpasses life and death!"

"Who is peeping, why is his aura of law so powerful and vast, I am afraid that using the magic eye of death will not be able to decide his life or death!"

Many warriors of the Kazama family were shocked and horrified.

Ye Chen was deducing the whereabouts of the Devil's Eye, which touched the secret, and they felt it.

They felt the deep danger, and also felt the strength of Ye Chen.

Because Ye Chen has the blood of reincarnation, he is a unique existence in the world.

The magic eye of death left by Emperor Huntian is extremely terrifying in power, and may even determine the life and death of Ren Feifan, Buddha and other powerful people against the sky.

But the Devil's Eye of Death cannot decide Ye Chen's death.

Because Ye Chen's law of reincarnation transcends life and death, and cannot be suppressed by any means in the world.

"Could it be the Lord of Reincarnation? Only he can have such a powerful aura, even surpassing the control of the Devil's Eye!"

Someone exclaimed and trembled, feeling that a catastrophe was imminent.

"Quickly report to Mr. Kazama Muzhu!"

Several guard warriors panicked and rushed into a temple near the statue.

Different from the bright and holy outside world, where the birds are singing and the flowers are fragrant, the interior of this temple is dark and gloomy. An altar stands in it, and many patterns are carved on the ground around the altar.

Stripes of formations formed a large formation of darkness devouring, constantly devouring and absorbing spiritual energy from the void, pouring all of it into an eye on the altar.

That eye, suspended over the altar, has the texture of obsidian. It is cold and eerie, and the eyeball is covered with bloodshot eyes, exuding an extremely terrifying aura of dark death.

It's just that the eyeball has many cracks, like a cracked stone bead, and many dark sources flow out of it.

This eye is exactly the magic eye of death enshrined by Emperor Huntian in the legend!

The Devil's Eye of Destiny broke away from the body of Emperor Hun, and its lethality was still terrifying, but it became very fragile. It was severely damaged in the war between the three starry sky families.

Even today, it has not recovered.

Beside the altar of the Devil's Eye of Death, there was a man in green shirt sitting cross-legged. He was so handsome and gentle, like a Confucian scholar who had read poetry and books.

The man in the blue shirt was accumulating the demonic eye, continuously pouring all the aura energy absorbed by the altar into the demonic eye of determination.

The warrior guards hurried into the temple, and one of them reported to the man in the green shirt:

"Lord Kazama Muzhu, it's not good, the Lord of Reincarnation is here, and he is peeping at the Devil's Eye of Death!"

This man in the blue shirt has an elegant name that matches his appearance, he is called Fengjian Muzhu, and he is also the master of this star, and even this darkest starry sky.

"Lord of Reincarnation?"

Fengjian Muzhu frowned, and looked away from the altar, with a hint of doubt and uncertainty, he penetrated into the void and deduced the hidden secrets.

In an instant, his gaze and Ye Chen's gaze met in the dark.

"It's him! The biggest cancer in the heavens, the master of the sinful country of reincarnation, and the culprit who harmed my starry sky god clan!"

After meeting Ye Chen's gaze, Muzhu Fengjian's elegant and indifferent expression instantly became ferocious.

Ye Chen, who was hundreds of millions of miles away, caught a glimpse of Mu Zhu's eyes and expression in the wind, and his heart trembled.

If he hadn't seen it with his own eyes, he wouldn't have believed that a person's face could change so drastically.

For a moment, Muzhu Fengjian still looked gentle and refined, but in the next moment, his face twisted, fangs grew out, his skin became pitch black, and his appearance was a hundred times uglier and hideous than the most evil devil in the world. The pupil turned into a blood red color, as if there was a nightmare hidden.

Click click click!

Even the skin of his body was cracked, and a lot of sticky and dirty things flowed out, instantly changing from a Confucian scholar to a monster.

This is when he was excited, entered the fighting posture, and manifested the appearance of a chaotic demon.

"There are people from the Kazama family here! They guard the Demon Eye of Death! The leader, Kazama Muzhu, is a powerhouse at the first level of the Divine Dao Realm!"

Ye Chen saw everything, and his face suddenly became extremely solemn.

This Muzhu in the Wind, after bursting out the chaotic sky demon atmosphere, his cultivation level has reached the first level of the Divine Dao Realm, and relying on the heaven and earth luck of the darkest starry sky, his real combat power may be even more terrifying.

"Muzhu in the Kaze? Hmm... I remembered, he is the servant of the Antian Emperor Fengjian Fuixue, and it was the Antian Emperor who arranged him here to revive the Devil's Eye of Death."

"It's just that the darkest starry sky is closed, so he can't spread the news. Otherwise, once the information is spread, the sky here may change, and even the Watching Forest outside and the Supreme World will be affected."

Hearing Ye Chen's words, Qiyuan seemed to recall the past, and said in a deep voice.

Ye Chen nodded, and glimpsed more secrets of the past.

The Watching Tree withered back then. Apart from the declining power of the God of Grass, another reason was that the members of the Kazama family in the darkest starry sky had been using altars and formations to devour and absorb the energy of the Watching Forest's leylines.

This engulfment may cause the entire Watching Forest to wither!

"This Kazama Muzhu is a master at the first level of the Divine Dao Realm. If you want to win the Devil's Eye of Death, you must defeat him."

Qi Yuan said solemnly.

Ye Chen suddenly felt troubled, he knew that it would not be easy for him to seize the opportunity.

But I didn't expect that the guardian behind this opportunity was actually a strong man in the Divine Dao Realm.

Moreover, on the star where the Devil's Eye is located, besides Kazama Muzhu, there are many warriors from the Kazama family, estimated to be in the tens of millions.

In addition, this starry sky is so big, there may be Chaos Heavenly Demon on other stars.

Ye Chen was alone, and it was obviously dangerous and difficult to face so many chaotic demons.

Chapter 9419

On the magic eye star, Kazama Muzhu also felt deeply in danger. He knew Ye Chen's strength, even though on the surface, he had the upper hand, but if something happened, it would be completely over.

"Quickly open the guardian array!"

"Everyone enters a fighting stance!"

"If the Lord of Reincarnation dares to come, kill him!"

Fengjian Muzhu roared, with a ferocious face and a stern aura.

On the entire star, all the warriors of the Kazama family felt the will of Muzhu Kazama, and immediately started fighting, turning into Chaos Demons one after another.

It was just a place where the birds were singing and the flowers were fragrant, but in an instant, it became full of devilish energy and howling ghosts, like a Shura hell. Those upright warriors have all turned into chaotic demons, ugly, evil, ferocious, weird, full of killing thoughts .

The many guardian formations on the stars were also opened one by one, forming layers of shields and restrictions, and the protection was quite strict. Even if the emperor got close, he would be crushed by the infinite restrictions.

Everyone is like an enemy.

Although the darkest starry sky is closed, they can't get out, but there are many traces of what happened on the outside world, which will be reflected in this starry sky.

Therefore, Ye Chen's prestige is naturally like thunder to them.

Everyone is afraid, afraid that Ye Chen will come down and take away the Demon Eye of Death, which is equivalent to taking everything from them.

All the people in this starry sky have already connected their lives with the Devil's Eye of Death.

Ye Chen naturally sensed the shocking changes and arrangements here.

"At this point, it's impossible to back down."

Although Ye Chen felt difficulties and dangers, but now that the Devil's Eye of Death is in front of him, he naturally cannot give up.

"Senior, I'm afraid I need your help."

The members of the Kazama family are too powerful. If Ye Chen fights alone, it is obviously disadvantageous. He needs Qiyuan's help.

"No problem, it would be a good thing if the darkness here can be cleared."

The Devil's Eye of Destiny is sealed here, and there are so many Chaotic Heavenly Demons in this starry sky, which is naturally a huge threat to the Watcher Forest.

If the Demon Eye of Death can be captured and the Heavenly Demon of the Kazama family can be eliminated, it will be a great thing for the forest.

"good."

Ye Chen nodded. With Qi Yuan's help, he would get at least one more share if he captured the Devil's Eye of Death.

At that moment, Ye Chen locked onto the coordinates of the Devil's Eye of Destiny, and Yukong flew out.

The place where the Devil's Eye is located has already laid a net, and there are guard formations and restrictions everywhere. It is naturally not easy for Ye Chen to break through.

But no matter what, he will not back down.

Flying all the way, suddenly, Ye Chen caught two familiar breaths in this dark starry sky.

It turned out to be the breath of Wu Zhan and Lianmeng!

Wu Zhan and Lian Meng, these two couples, have also stepped into this starry sky without knowing when.

Not long after, Ye Chen saw the figures of the two in the void in front of him.

"Brother Wu Zhan, Miss Lianmeng, why are you here?"

Ye Chen frowned.

Wu Zhan and Lian Meng were overjoyed after seeing Ye Chen.

Wu Zhan said: "Master Ye, the dark starry sky is too dangerous, we are worried about you, so we come here to help."

Ye Chen said: "I have a heart, but it's still too dangerous here, you go back quickly."

The two couples had just been reunited not long ago, and Ye Chen couldn't bear them to take risks.

Wu Zhan said: "No, Lord Ye, the kindness you have treated us as husband and wife is as great as a mountain, and we should repay each other with our bodies!"

He already felt that there was a net of heaven and earth laid by Muzhu in the wind, as long as Ye Chen dared to go there and snatch the Devil's Eye of Death, he would be in danger of falling.

"The land of the magic eye is heavily guarded. It would be too dangerous to break in."

"Master Ye, our husband and wife know a girl, she may be able to lead the way, bypass the restrictions and guards of the magic eye land, and let us go in quietly."

Wu Zhan said.

Ye Chen was taken aback, and said, "What, do you still know someone here?"

Wu Zhan hesitated for a moment, his expression became a little complicated, and he said: "Well... that girl is called Kazama Qingling, and she is also a member of the Kazama family, and her status is very special, she is Kazama Fubuki's close sister. "

Ye Chen was even more astonished: "Chuixue's younger sister?"

Fengjian Fuixue, known as the Antian Emperor, is the Patriarch of the Kazama Clan. His cultivation level reaches the sky, and he is extremely powerful. This Qingling Fengjian is actually the younger sister of Fengjian Fuixue, so the status can be imagined.

Wu Zhan said: "Back then, Lianmeng and I were trapped in this starry sky, and we were bound to die. Fortunately, Miss Qingling guided us and she took us away from this place. Otherwise, we would have been trapped here to death a long time ago. gone."

Ye Chen said: "So, that girl Qingling is a good person?"

Wu Zhan said: "Well...it should be, if she doesn't get sick, she is a very good girl, but..."

Ye Chen said: "Is she sick?"

Wu Zhan sighed, and said: "These things are too complicated, Miss Qingling is also a poor person, anyway, let's go and see her first, she will help us."

Ye Chen was full of doubts, not knowing whether this Qingling in the wind was good or evil.

He wanted to spy on the other party's past, but he found that the secret thread of her past was full of bloody and murderous mist, and he couldn't see through it at all, and he almost suffered backlash himself.

Ye Chen had no choice but to withdraw his thoughts, thinking that the land of the magic eye was heavily restricted, and it would be too dangerous to break into it by himself.

Chapter 9420

If this Qing Ling in the wind can really help him, then it would be great.

At that moment, Ye Chen followed Wu Zhan and Lian Meng to meet Qingling Fengjian.

Qingling Fengjian lives on an extremely desolate and lonely star. There is no vegetation on that star, only boundless desert and stones.

Wu Zhan and Lian Meng brought Ye Chen to a secluded cave.

Lianmeng stood at the entrance of the cave and called inwardly: "Miss Qingling, are you there?"

Not long after the sound of her call fell, a quiet and sweet voice came out of the cave, like an oriole-like voice: "Is it Sister Lianmeng?"

Lianmeng said: "It's me."

The voice was like a quiet spring, like non-human fireworks, and said: "Are you healed from your injury? That's really good. The Lord of Reincarnation is here too? Come in."

Lianmeng said: "Miss Qingling, excuse me."

She winked at Wu Zhan and Ye Chen, and then stepped into the cave.

Ye Chen and Wu Zhan followed closely behind.

The environment of the cave is dark, and after walking dozens of steps, Ye Chen gradually saw the light. Inside the cave, there were some stone tables and chairs, the furnishings were simple, and a green lamp was burning on the stone table. A young girl, holding a mercury disk, looking down.

The girl was dressed in green clothes, her face was beautiful, her whole body was covered with a layer of light green fairy light, she was pure and charming, her skin was very fair, probably because she lived in a cave for a long time, her skin was a little too white, she already looked pale, and her eyebrows were always pale. A faint melancholy lingered, as if something was on his mind.

The mercury disk she held in her hand was an unknown magic weapon, and there were lines of words floating in the water, as if it was some kind of magical secret technique.

This girl is naturally Fubuki's younger sister, Qingling Kazama.

The Kazama family is one of the three major clans of the Starry Sky God Clan. Both men and women of the Starry Sky God Clan are extremely beautiful, and this Kazama Qingling, even among the Starry Sky God Clan, is also a very beautiful existence.

"Brother Wu Zhan, Sister Lianmeng, Lord of Reincarnation, hello."

Kazama Qingling put down the Mercury disk in her hand, smiled and greeted the three of Ye Chen: "Actually, I had a hunch that you would come."

Finally, her eyes fell on Ye Chen again, and said: "Lord of Reincarnation, thank God, you are finally here, you are the savior of my Starry Sky God Race."

Ye Chen frowned: "Savior?"

Kazama Qingling nodded and said: "Yes, as long as you can take away the Devil's Eye of Death, you can save my Starry Sky God Race."

"The three great families of my Starry Sky God Clan were originally united in the same spirit and have been friends for generations, but since the appearance of the Devil's Eye of Death, the three great families have completely turned against each other in order to compete."

"That Devil's Eye of Death is the source of the disaster. I just ask you to take away the root of the disaster and bring the three great families back together."

It turns out that in Fengjian Qingling's heart, that Devil's Eye of Death is the root of disaster!

It is the bane that caused the three great aristocratic families of the starry sky god clan to fight against each other to the death!

Ye Chen wanted to seize the Devil's Eye of Death, and take this eye away, which was exactly what she wanted.

Ye Chen was overjoyed and said, "Miss Qingling, are you willing to help me?"

Kazama Qingling said: "Of course, I know that there are many restrictions on the land of the magic eye. If you want to break in, it may not be easy. You pretend to be my servants, and I will take you in."

"Then, how about you try to find a way to take away the Devil's Eye of Death?"

Ye Chen heard Fengjian Qingling speak so simply, with a sincere look on his face, he was even more joyful in his heart, and said: "Yes."

Kazama Qingling is Kazama Fubuki's younger sister with a very high status. If she came forward, no one would dare to stop her from the Demon Eye Land.

After a pause, Kazama Qingling said again: "Just, you have to be careful, don't let me get hurt, once I get hurt and bleed, my brother will find the smell of my blood immediately, the consequences will be unimaginable, he is Ninth Grade Heavenly Emperor, if he descends, you will all be dead!"

This piece of the darkest starry sky is very secretive, so secret that even Fujian Chuuxue couldn't discover it.

But Kazama Qingling said that if she bleeds, her brother will smell her breath and find this place.

This is undoubtedly a very terrible thing.

Her elder brother Fengjian Chuuxue, known as the Antian Emperor, is a big figure at the level of the Emperor of Heaven, and Ye Chen may not be able to bear it if it really comes down.

Ye Chen's heart trembled, and he said: "The vicissitudes of the years, the sun and the moon, is your brother still the ninth-rank emperor? Has he not suffered the slightest wear and tear?"

Qingling Fengjian said: "There is wear and tear, but the effect is not great. His swordsmanship is very powerful, enough to cut back the years. In short, don't disturb him."

Ye Chen said: "I see."

After the agreement was made, Ye Chen, Wu Zhan, and Lianmeng disguised themselves as the servants of Qingling Fengjian and followed her out of the cave to the land of the magic eye.

When Ye Chen came to the land of the magic eye, he saw that the entire land, the sky and the ground, was covered with forbidden killing formations, bursts of magic energy billowing into the sky, and the killing aura was very fierce.

The warriors in this land have all turned into Chaos Heavenly Demons, and all entered the fighting posture.

Under the aura of Qingling in the Wind, Ye Chen and the others were not exposed.

Qingling Fengjian led them around to the back of the magic eye, but there was a small space passage here, a secret passage that only Qingling Fengjian was qualified to walk.

"You guys come with me."
