

Physician 9451

Chapter 9451

Tiannv's words, the more she spoke to the end, the more cold her tone became, piercingly cold, revealing a sharp murderous aura, and a strong fighting spirit brewing for eternity.

Since a long time ago, when she was still from Wanxu, she had her eyes on Ye Chen.

Regardless of raising pigs or raising dragons, her final goal is to harvest Ye Chen.

During this process, she fell in love with Ye Chen and developed love, which was an unexpected variable.

This change can't change her original intention.

Even if she still likes Ye Chen, she will not be lenient in today's decisive battle.

"Well, thank you for your liking, then today, I will let you die quickly."

Ye Chen smiled, drew out the Samsara Heavenly Sword, and was ready to go.

The fighting spirit in the hearts of both of them soared to the extreme, and they were about to fight to the death.

"Wait!"

Suddenly, in the void of Nine Heavens, there was a loud sound like thunder.

I saw a ladder extending down from the sky, and a man in a tight black robe walked down the ladder slowly.

The man's pace seemed to be extremely slow, but in the blink of an eye, he was already in front of everyone.

"Feng Yuanlan, it's you."

Yanshen Tianzun frowned, looking at the man who fell from the sky.

The man was surrounded by darkness, his cultivation was unfathomable, but his eyes were as bright as the sun. When all the warriors in the audience saw his eyes, they felt a sense of peace of mind, as if in the vast sea, they saw As a guiding lighthouse, many people even wanted to kneel down and be overwhelmed by this man's temperament.

This man is a member of the Reaper Sect.

Chapter 9452

There was a burst of intense cheers from the audience, and the mountains roared like a tsunami.

Seeing that the battle had already started, Feng Yuanlan found a place to sit down, sacrificed a bone talisman without a trace, and burned it in his hand.

His actions were seen by Yanshen Tianzun.

Yanshen Tianzun frowned, thinking: "Could it be that the bone emperor is also coming?"

In Feng Yuanlan's burning bone talisman just now, he caught a mysterious aura, which was the aura from one of the five great heavenly emperors of the ancient star gate, the Bone Heavenly Emperor.

On the ring, Ye Chen and Tiannv naturally didn't notice the slight changes in the outside world, and their attention was all focused on each other.

"Very good, Ye Chen, you are indeed stronger than before, take another trick from me."

The celestial girl's eyes were sharp, and with a snort, she sacrificed the Ice Phoenix Heavenly Sword.

"Dreams are intertwined, I am the God of Ice, and the flying sword flows into the sky, falling!"

The celestial girl gave a clear drink, and the dream flow started again, and she made a big wish.

In the dark, traces of powerful gods' law power descended on her body, and her body was intertwined with ice and snow, as if the ice god was alive, and behind her even manifested the ice castle of the ice god's heaven, which was very spectacular.

In the auditorium, Ice God Wu Ling Hua, who was watching the battle, turned pale for a moment, feeling that his moral luck had been plundered by a mysterious force.

Her law of the ice god was actually plundered by the goddess.

The goddess made a wish, saying that she wanted to become an ice god, but there was a faint sign of this wish being fulfilled.

Dream Yixinflow has been cultivated to the extreme, and any wish can come true, which is very powerful.

The goddess made a wish at this moment, and she was able to plunder Wu Linghua's ice god's law, which shows how terrifying her accomplishments are with her single-minded dream.

"Is Dao going to abandon me? My position is going to be replaced by a goddess?"

Wu Linghua felt the danger, she felt that her ice god lineage would be snatched away by the goddess.

At this moment, the celestial girl seemed to have transformed into an ice god, and the extreme cold burst out of her body, freezing the entire arena.

Ye Chen felt bursts of cold air roaring towards him, his whole body was so cold that his body became stiff.

Chi Chi Chi!

The celestial maiden sacrificed the Ice Phoenix Heavenly Sword, splitting the light into shadows, and evolved thousands of ice and snow sword qi, like a waterfall of heavenly flow, rumbling, blasting down from the sky, trying to kill Ye Chen.

The terrifying flow of ice and snow swords was wrapped in a severe cold air. Fortunately, there were special prohibitions around the ring to prevent the cold air from leaking out. Otherwise, the audience might suffer.

"Divine Sword and Thunder Control Technique!"

Faced with the bombardment of countless ice and snow sword qi, Ye Chen immediately sacrificed the Samsara Heavenly Sword, and the rolling thunder exploded.

boom!

The collision of ice and snow and thunder and lightning, the white sword energy and the purple sword energy collided and exploded, causing shocking air waves, and even the forbidden techniques around the arena couldn't resist it, shaking.

Yanshen Tianzun made handprints again and again to strengthen the power of restraint, so that the battle between Ye Chen and Tiannv did not fluctuate and spread to the outside world.

"Earth Emperor Divine Book, Gravity Blockade!"

The celestial girl's gaze was intense, and she continued to urge the Ice Phoenix Heavenly Sword, only to see thousands of golden light runes exploded from the Ice Phoenix Heavenly Sword, which were the runes of the Earth Emperor's Divine Book.

The runes of the Earth Emperor's Divine Book appeared, and immediately, the majestic pressure of gravity burst out.

Hundreds of millions of times of gravity turned into a terrifying position blockade, imprisoning Ye Chen in it.

Click!

Ye Chen was full of muscles and bones, and suddenly let out a voice of being overwhelmed.

Under the pressure of hundreds of millions of times of gravity, his hands and feet were suddenly sluggish, and the power of the Samsara Heavenly Sword was also greatly weakened.

Taking advantage of this opportunity, the goddess crazily activated the Ice Phoenix Heavenly Sword, and countless streams of ice and snow sword energy slammed down on Ye Chen's body fiercely.

Even though Ye Chen activated the Heavenly Dragon Source Body, he was in an extremely dangerous situation in the face of this terrifying sword qi slashing. Under the slashing of the sword qi, there were many wounds on his body, but these wounds did not bleed. Because his blood was frozen by the terrifying power of ice and snow.

Ye Chen wanted to resist, but under the confinement and suppression of the Heavenly Lady's Divine Book of the Earth Emperor and the gravity of billions of times, it was difficult for him to move.

If it goes on like this, sooner or later he will be chopped into pieces by the celestial girl's ice and snow sword energy.

Seeing that Ye Chen was in danger, many spectators in the audience exclaimed, thinking that Ye Chen was about to be defeated by Tiannv.

But everyone in the reincarnation camp, Feng Yuying, Xuan Hanyu, Wu Yao, Ye Xieshen, etc., were very calm and did not panic.

Because they knew that this level of suppression could not suppress Ye Chen.

Crash!

Sure enough, on Ye Chen's body, a hurricane suddenly exploded, the wind was turbulent, and the divine light was shining brightly.

A pair of huge and brilliant wings covered with runes spread out behind him.

"Wings of Liberty!"

With sharp eyes, Ye Chen waved his wings of freedom, immediately broke through the gravity blockade of the goddess, and flew into the sky.

"God, it's time for the warm-up to end, I'll send you on your way!"

Ye Chen's eyes were extremely cold, he held the Samsara Heavenly Sword slantedly, a terrifying aura of slaughter exploded from the edge of the sword, and a shocking killing was brewing.

That is the Heaven Dou Massacre Sword, the breath wave that is about to explode.

As soon as that terrifying killing sword intent emerged, the sky darkened, dark clouds billowed, and the laws of the heavens were in turmoil, trembling, and fear. Everything in the heavens and the world seemed to be prostrate at Ye Chen's feet. All surrender to his sword.

Chapter 9453

Once the Tiandou Massacre Sword is slashed out, Ye Chen has great confidence that he can kill the goddess with one sword.

Feeling the fluctuation of the sword intent of the Heaven Dou Massacre Sword, everyone in the audience turned pale with shock.

Even the Ancient Emperor Yuhuang and Daode Tianzun showed incomparably horrified expressions.

Heaven Dou Massacre Sword, the legendary sword technique capable of destroying everything in the heavens.

What Ye Chen has mastered is only the entry-level sword intent, not even complete, but even this entry-level sword intent is enough to crush most of the sword masters and experts in the entire real world.

No matter if it is Ancient Emperor Yuhuang or Tianzun Daode, they are not sure that they will take this sword.

Tiannv felt the sword intent, and her face was also moved. She was also not absolutely sure that she could take it.

"It's not that easy to come up with a sword!"

"The door of all wonders, suppressed by me!"

The goddess yelled, but she refused to give Ye Chen the chance to unleash the Heaven Dou Massacre Sword.

With a wave of her hand, the law of the demigod rolled, and the golden light in the void of the nine heavens surged, rumbling, and descended on the next ancient portal.

That door contains the wonderfulness of the Dao, as if it is the source of all the wonders, and it is the gate of all the wonders without any artifacts.

The Heavenly Maiden had already obtained this wonderful door a long time ago, and it was just a fragment of a divine weapon.

But now, the great avenue emanating from these wonderful gates is magnificent and majestic, without any broken appearance.

Ye Chen looked up, and saw wisps of fairy water vapor lingering above the gate of all wonders, which was the energy fluctuation of the Origin Immortal Pond.

It seems that the celestial maiden used the Immortal Pond of Origin to temper the door of all wonders, so the power of this door is so terrifying.

At this moment, the Gate of All Wonders brought Dao Tianwei to suppress Ye Chen and prevent him from using the Heaven Dou Massacre Sword.

"Who can block my sword!?"

Ye Chen yelled wildly, and the dark breath in his body exploded, surged up, and gathered in his left eye.

His left eye instantly became pitch black, as if it was cast from obsidian, and a terrifying breath of death radiated from it, with an ancient totem branded on the eyeball.

That is the Demon Eye of Death!

At this moment, Ye Chen directly opened the Devil's Eye of Death, and looked at the door of wonders descending from the sky. The terrifying dark evil spirit, with the breath of death, diffused along his line of sight, and the space was distorted.

Under the sight of Ye Chen's death-defying magic eye, the light of the door of wonders that descended from the sky dimmed in an instant, and there was a whining sound, and the sound of Dao mourning came from the depths of the door.

[To be honest, I have been using @

Don't let the breath of death continue to wreak havoc.

After all, Ye Chen's Devil's Eye of Death is definitely not as powerful as it was at its peak after the war and years of wear and tear, and with Ye Chen's cultivation base, it is impossible to exert the full power of the Devil's Eye of Death.

This eye still has the possibility of being suppressed.

"Goddess, it's useless, you can't suppress me."

There was a stern smile on the corner of Ye Chen's mouth, the sword in his hand, all the massacre, killing, and crazy sword intent, have all been brewed.

He swung his sword and slashed out with a matchless sword.

The edge of the Heaven Dou Massacre Sword finally exploded.

Rumble!

When this sword exploded, nine heavens and ten earths, all heavens and time and space, thunder and thunder exploded together, and the howling of hundreds of millions of creatures exploded. The sky

seemed to collapse, the earth seemed to be broken, and everything would be slaughtered by Ye Chen's sword off.

This is the ferocity of the Heaven Dou Massacre Sword. It seems that there is nothing in this world that can resist the sharpness of this sword.

The ears of all the people in the audience were filled with sword energy, wind and thunder, and their eyes were also stained red with blood.

In fact, there was no blood in front of their eyes, it was the scene of blood brought by the extremely tyrannical killing sword intent of the Heaven Dou Massacre Sword.

Everyone in the audience felt chills all over their bodies, as if their body and soul had been slaughtered by this sword, as if their own blood had been sprayed out and became a sacrifice for the sword.

Kachacha!

After Ye Chen swung this sword, the bones all over his body were directly shattered because of too much effort.

This invincible sword is enough to kill the heaven and the earth, and it will kill Xiang Tiannv.

"Is this... the Heaven Dou Massacre Sword? Sure enough, it is enough to wipe out everything in the real world."

Chapter 9454

"Emperor Yan Seal, block it for me!"

When Tiannv saw this shocking sword attack, she also felt deeply in danger.

With a wave of her hand, a red light appeared in the howling ice and snow around her.

As soon as this red light appeared, it exploded instantly, bursting out with an extremely fiery, extremely hot breath, and a seal flew out, blocking in front of the goddess, trying to resist Ye Chen's sword.

That seal is one of the four supreme artifacts, an artifact of the lineage of the Outer Gods, the seal of Emperor Yan!

The seal of Emperor Yan appeared, and behind the goddess, a huge phantom totem also appeared.

That is the legend, the totem of Emperor Yantian.

Zheng!

Ye Chen slashed wildly with his sword, and slashed fiercely on Emperor Yan's seal, and there was a sound like gold and iron clashing.

A mark as deep as a ravine was cut on the seal of Emperor Yan on the spot.

Even the supreme artifact suffered huge damage under Ye Chen's Heaven Dou Massacre sword.

One can imagine how fierce and violent Ye Chen's sword was.

However, Emperor Yan's seal is the supreme artifact after all, and Tiannv also blocked most of Ye Chen's sword power by relying on this seal.

However, there was still a small part of the sword force, attacking and killing her body fiercely.

"Puchi!"

The goddess vomited blood on the spot, her clothes were cut to shreds by the sword energy, revealing a large area of crystal clear skin, her hair was disheveled, her eyes dimmed slightly, she was already seriously injured.

"What, even Emperor Yan's seal can't protect the goddess!"

Daode Tianzun saw this, couldn't sit still on the spot, couldn't keep calm, stood up and stared at the scene on the ring.

This seal of the Emperor Yan can be said to be the trump card of the goddess.

Tiannv used it, but couldn't completely prevent Ye Chen's sword, and was still seriously injured.

The killing power of the Heaven Dou Massacre Sword is truly terrifying.

"Goddess, it's over."

Ye Chen's eyes were sharp, the power of Samsara's blood was running, golden light bloomed all over his body, and his broken bones recovered quickly. Holding the Samsara Heavenly Sword, he volleyed towards Tian Nu to assassinate her. He wanted to kill Tian Nu directly while she was seriously injured.

"Are you going to kill me? Are you so cruel?"

The corner of Tiannv's mouth twitched, she seemed to be aggrieved, and stared at Ye Chen.

However, Ye Chen remained unmoved, and the sword was still sharp and fierce, directly killing her.

At this moment, Ye Chen actually liked Tiannv a little bit, but in the decisive battle of life and death, he would never be soft-hearted.

"Emperor Yan Emperor Seal, Emperor Yantian, lend me strength to break through the True God!"

Seeing Ye Chen's fierceness, the heavenly girl's expression became complicated. She backed away again and again to avoid the assassination of Ye Chen's sword energy, and then urged the seal of Emperor Yan.

On the seal of the Emperor Yan, the energy essence accumulated in the eternal era poured into her body continuously.

In the void, there was the sound of singing and blessing from ancient times.

That is the blessing of Emperor Yantian in the dark!

Yantian Emperor is a very ancient era, a legendary God of Heavenly Emperor, who is the source of fantasy created by Yandi Seal.

The legend about Emperor Yantian is rarely circulated in the world, because the time is too long.

But what is certain is that Yan Tiandi, as the fantasy source of Yan Emperor Seal, his strength is beyond doubt.

At this moment, Tiannv actually received the blessing of Emperor Yantian, and the spiritual energy in her body soared rapidly in a short period of time.

Rumble!

The laws of the true god appeared on the body of the goddess, and her injuries quickly healed, and circles of halos bloomed behind her head.

At this moment, she made a breakthrough for a short time, from a demigod to a true god, stepping into the ranks of the first level of the Divine Dao Realm.

The birth of the true god caused the heaven, earth, time and space to violently turbulence, and the storm exploded.

Ye Chen stabbed at the celestial girl with his sword, but was also shaken by this storm, and he was forced to retreat.

"You... broke through to the true god?"

Ye Chen's pupils shrank, and he looked at the goddess in astonishment.

The celestial girl at this moment has actually stepped into the realm of the first level of the Divine Dao Realm.

"Well, I borrowed the power of Emperor Yantian to temporarily step into the realm of a true god."

"I'm really ashamed, I still have to borrow the power of outsiders after all."

Tiannv looked at her palm, she was quite self-deprecating, her temper was quite arrogant, if it was not a last resort, she did not want to borrow the power of outsiders.

However, this self-mockery is also fleeting.

The goddess knows that now that she has briefly ascended to the first level of the Divine Dao Realm, the balance of victory has tilted towards her.

"Fire and Ice, Suppression!"

The goddess let out a soft drink, and two terrifying energies exploded from her body, one was Ice God Fengxue, and the other was Yandi Storm.

Two energies of different attributes mixed and collided with each other, and finally turned into a huge waterfall in the sky, half of which was red in flames, and half in white of ice and snow.

Ye Chen only has the cultivation base of the seventh level of the Profound Sky Realm, and he immediately falls into a disadvantage when facing the goddess of the first level of the Divine Dao Realm.

He was totally unable to resist the flow of the ice and fire waterfall, and was rushed by the ice and fire waterfall on the spot. His body felt as if he was in magma and in an ice cave at one time, and he felt extremely uncomfortable.

Such a huge torture mixed with ice and fire made Ye Chen couldn't help but screamed ferociously.

In the reincarnation camp, Ye Xieshen, Wu Yao, Xuan Hanyu and others finally showed shock and worry when they saw Ye Chen being tortured like this.

"Admit defeat, Ye Chen."

The celestial girl is high above, like the incarnation of the god of ice and the god of fire. Under the intertwined energy of the two heavens of ice and fire, her pupils have also undergone strange changes. One eye is red and the other is white, which is quite magnificent.

Ye Chen, who was under the impact of the Ice Fire Waterfall, half of his body was severely burned as if on fire, while the other half of his body was frozen stiff, looking very tragic.

However, in Ye Chen's eyes, the fighting spirit was still boiling, and there was no sign of admitting defeat.

"It's still early to fight, why are you in a hurry, Tiannv."

Ye Chen grinned, Tiannv's sudden promotion to the first level of the Divine Dao Realm caught him off guard, but he has fully reacted now.

With his cultivation at the seventh level of the Profound Sky Realm, it is of course difficult for him to fight against a true god, but what if he breaks through?

"Dantian seal, open!"

Ye Chen acted decisively, and immediately unblocked the dantian, the mother's nest of the talisman ghost.

boom!

The moment the seal of his dantian was released, the aura in his dantian exploded wildly.

During this period of time, Ye Chen had many great opportunities, such as the Devil's Eye of Death, the Great Sword of Heaven Dou, the Sword of Stopping Water, the Immortal Pond of Origin, the Throne of Thorns, etc., the majestic aura brought by many great opportunities was already enough for him to break through To the peak of the ninth heaven in the Profound Sky Realm.

However, in order to keep his hole cards, Ye Chen forcibly suppressed his breakthrough aura.

At this moment, it's time to draw this hole card!

Chapter 9455

With the initial release of the seal on Ye Chen's dantian, his aura of cultivation soared wildly, from the peak of the seventh heaven of the Profound Sky Realm, to first breaking through to the first stage of the eighth heaven of the Profound Sky Realm.

After that, the promotion continued.

The first level of the eighth heaven!

The middle level of the Eighth Heaven!

Eight layers of heaven high level!

The pinnacle of the eighth heaven!

In such a short moment, Ye Chen's cultivation level has soared to the peak of the eighth level of the Sky Profound Realm.

In fact, he had obtained so many great opportunities before that he could be promoted to the peak of the Nine Heavens. However, he has not completely unlocked the seal in his dantian, but only initially unsealed it.

He wanted to see if relying on the strength of the peak of the eighth heaven, he could fight against the true god.

Sensing Ye Chen's whirling breath, a trace of surprise flashed across the beautiful eyes of Tiannv.

This crazy breakthrough made the spectators under the ring turn pale with astonishment.

"This kid hides his strength!"

Emperor Yuhuang's face was very ugly. Ye Chen himself was very powerful, so powerful that he didn't even want to fight it. Now that Ye Chen broke through again, it terrified him even more.

If he knew that this hadn't reached Ye Chen's limit, he would be even more surprised.

If Ye Chen undoes all the seals on Dantian, it will not be a problem to go up to the next level and break through to the peak of the Nine Heavens.

At this time, Ye Chen had been promoted to the peak of the eighth heaven, and the violent aura surged all over his body. He had just suffered the injury from the impact of the two heavens of ice and fire, and he recovered instantly. The whole person became fierce and overbearing.

Scoff!

Ye Chen slashed out with a sword, and on his sword body, there was still a trace of the terrifying sword intent of the Heaven Dou Massacre Sword, just like the terrifying sword intent that could destroy the heavens. With Ye Chen's sword swing, he blatantly moved towards The goddess cut off.

With Ye Chen's strength at the eighth level of the Sky Profound Realm, this Heaven-Slaying Sword Intent is even more violent and ferocious, it simply wants to kill everything.

Under the crushing pressure of Ye Chen's sword energy, the laws of the Divine Dao Realm on Tiannv's body exploded and collapsed one after another, unable to stop Ye Chen's coercion at all.

Ye Chen's cultivation base has been raised to one level, which is a huge breakthrough, and his tricks are terrible, and he is extremely domineering.

"Ice shield, guard!"

The celestial girl urged the law of the ice god to form ice shields, trying to slightly block Ye Chen's sword.

But, it didn't work at all.

Ye Chen swung his sword and slashed across, destroying the withered and rotten, blasting all the ice shields, and the sword's edge cut straight at the waist of the goddess, intending to kill her in the middle.

"You have broken through one level, and you are so powerful."

Tiannv's complexion changed, she only felt that Ye Chen's strength was much stronger than before.

If it was Ye Chen from the seventh heaven of the Profound Sky Realm, it would be difficult for him to fight against the True God.

Then, at the peak of the Eighth Heaven, with the help of some hole cards, he seems to have the qualifications to compete against the gods in the real world!

"My God, it seems that the one who should admit defeat should be you."

Ye Chen laughed, and felt that the strength in his body was invincible, as if he could crush the heavens.

He slashed wildly with his sword, and the celestial girl was forced back again and again by him, with no room for resistance at all.

Just now, the goddess borrowed the power of Emperor Yan's seal to temporarily raise her cultivation to the first level of the Divine Dao Realm. The energy and aura of Emperor Yan's seal has not yet eased, and she can hardly use it again in a short time. Therefore, facing Ye Chen's crazy sword slash, She is also irresistible.

Chi Chi Chi!

It didn't take long for Tiannv to have numerous sword wounds on her body, and it was thanks to her cultivation that she had reached the first level of the Divine Dao Realm, otherwise, Ye Chen's Tiandou Massacre Sword was so fierce that she might have killed her long ago.

Seeing that the celestial maiden is so dangerous, many people in the celestial maiden camp showed worried expressions.

Especially Feng Jianmeng and Feng Yuanlan stood up, unable to keep calm, with anxious faces.

"My lord, it's dangerous, quickly sacrifice to the Gate of Wonders!"

Kazama Meng yelled loudly, asking the goddess to sacrifice to the gate of all wonders.

When Tiannv heard Kazama Meng's words, her heart trembled.

The door of all wonders is Wuwu artifact, which is said to be the origin of all wonders. She has specially tempered it with origin fairy water, and its value is quite precious.

If she was asked to sacrifice, she would naturally be very reluctant.

But at this juncture, Ye Chen's Tutian Sword Intent pressed forward step by step, and the goddess couldn't care less.

"The Dao is natural, the gate of all wonders, sacrificed to me!"

A layer of golden aura appeared in the pupils of the celestial girl, and she immediately sacrificed the door of all wonders, and sang sacrifices on the spot.

With a click, the doors of all wonders were immediately shattered, sacrificed by the goddess, and resonated with the supreme law of the Dao.

Rumble!

Wisps of terrifying avenue power, like a waterfall of stars, fell from the sky and turned into a torrent of golden spiritual energy. This torrent, while protecting the goddess, bombarded Ye Chen like a water dragon.

Under the impact of this great torrent, Ye Chen's body was also forced to retreat again and again, but the sword in his hand was still domineering and fierce, and the sword intent of Tu Tian exploded, trying to break through the torrent and cut straight at the goddess.

The celestial girl sacrificed the gate of all wonders, and under the protection of the torrent of the golden avenue, she temporarily breathed a sigh of relief.

However, Ye Chen is so ferocious, I'm afraid it won't be long before he breaks through the torrent and kills her in front of her.

The spectators under the arena were also secretly shocked when they saw Ye Chen's domineering appearance.

"The Heaven Dou Massacre Sword is really terrifying. The goddess has already sacrificed Wuwu Divine Weapon, but it is still difficult to compete."

Daode Tianzun's face was gloomy, and he deeply felt Ye Chen's strength.

Tiannv also knew that she was not out of danger yet, the sharpness and power of the Heaven Dou Massacre Sword was completely beyond her expectation.

If Ye Chen didn't master this method, I'm afraid she will win this match.

Chapter 9456

"Ye Chen, in the real world, you are indeed surprisingly powerful. It seems that if I want to defeat you, it is not enough to sacrifice the gate of all wonders."

"I need to sacrifice something more precious."

The celestial girl spoke slowly, her voice actually carried a hint of sadness at this moment.

"What else do you want to sacrifice?"

Ye Chen's sword intent was sharp, and he kept breaking through the golden torrent, approaching the goddess step by step.

He would like to see how many trump cards the celestial girl still has. It is impossible to sacrifice the seal of Emperor Yan. It is the supreme artifact, and not any power can sacrifice it.

At most, the celestial girl sacrificed the divine book of the earth emperor, and Ye Chen was not afraid.

"What I want to sacrifice is my heart."

Tiannv stared at Ye Chen, her eyes were full of sadness, and there was a bit of bitterness of reminiscence, her eyes seemed a little confused.

But soon, all the chaos and sadness were replaced by a firmness and coldness.

"The reason why I can't become a god is because of my heart, my worries and demonic obstacles, and my love thread."

"If I can cut off the thread of love, I can ascend to heaven and become a god."

The voice of the goddess became cold. Although she didn't say Ye Chen's name, everyone knew that the person she liked was Ye Chen.

Her love thread is Ye Chen!

"Today I'm going to cut off my love to prove the Tao. If I cut off my love, Ye Chen, maybe I won't like you anymore in the future."

Tiannv's eyes are as cold as ice, she has always had affection for Ye Chen, but now, she wants to prove her love and completely cut off her love for Ye Chen.

This is a very dangerous thing.

Because she has a deep affection for Ye Chen, and this affection has been integrated with her Dao Xin.

If she cuts off the thread of love, her feelings will become empty and her heart will become fragile. Even if she ascends to heaven and becomes a god, it will be difficult to resist the ubiquitous darkness of no time and space, and there is a danger of falling.

However, at this time, the goddess couldn't care less.

She must prove her way through all her emotions and become a true god, only then can she defeat Ye Chen.

Boom!

A clear and melodious sound, like a broken string, came from the depths of the celestial girl's heart.

That was the sound of her love being cut off at last!

Ye Chen looked into Tiannv's eyes, and saw that there was no feeling for him in her eyes, only coldness and indifference.

The thread of love is cut off, and the goddess has no worries anymore, and her martial shackles are broken again and again.

The original celestial girl had ninety-six shackles, but at this moment, she cut off her love thread, and the martial shackles in her body also broke through.

The shackles of her skull, the shackles of her eyes, and even the shackles of her heart were broken at this moment.

Slash all ways!

The celestial girl also achieved this terrifying achievement, and she even cut off the shackles.

The love thread was cut off, the shackles were broken through, and the martial arts potential of the celestial girl was released in an instant, and bright laws of the true god bloomed from her body, like the chain of the gods of the sky.

Just now, she borrowed the power of Emperor Yan and Emperor Yan to temporarily step into the first level of the Divine Dao Realm.

But now, she doesn't need to borrow anyone's power, she has already broken through, under the severing of the shackles, the martial arts potential explodes, and she instantly becomes a true god, a real master of the divine way.

Crash!

A great, vast, silver-white and holy ladder extends from behind the celestial girl to the end of the sky, and the end is a divine gate.

If you break this fan of divine way and heavenly way, you can ascend through tribulation and go to the infinite time and space.

With Tiannv's current strength, it is naturally easy for her to overcome the tribulation and ascend.

"The goddess has become a god!"

"Praise the gods, she should be our real world, since Hongjun Martial Ancestor,

Chapter 9457

Ye Chen swung the Heavenly Sword to resist the impact of the Ice Phoenix beast.

The terrifying cold air of the Ice Phoenix beast, with the majesty of a god, made Ye Chen's whole body icy cold. Even if he had the cultivation base of the eighth-level peak of the Profound Sky Realm, it would be difficult for him to compete.

"Ye Chen, just use your bones to build a road to the sky, and let me go to the sky to go to no time and space."

The divine light gathered in the hands of the celestial girl, revealing a scepter of the gods. She held the scepter, and the divine light surged from her head, turning into a crown, majestic and graceful.

She waved the scepter, and the monstrous power of the gods fell like a galaxy, bombarding Ye Chen.

She wanted to kill Ye Chen, and then use Ye Chen's bones to forge a road to heaven.

Ye Chen felt the terrifying mighty power of the god descending, and his expression changed drastically.

With his eighth-level cultivation of the Sky Profound Realm, it is absolutely impossible for him to compete.

"Unlock the seal, give me a breakthrough!"

Ye Chen's expression became extremely ferocious, and he completely untied the seal on Dantian.

bang.

The spiritual energy in his body suddenly exploded, and he soared all the way, breaking through from the peak of the eighth heaven to the elementary level of the ninth heaven on the spot, then the middle level, the high level, and finally all the way to the peak.

That is the pinnacle of the Nine Heavens, and also the ultimate of the Sky Profound Realm!

This ultimate is not Ye Chen's end yet.

Ye Chen felt that if he made another impact, he might even have a chance to reach the limitless level!

The opportunities he had gained before were simply too great.

Daredevil Demon Eye, Heaven Dou Massacre Sword, Shishui Kendo, Throne of Thorns and so on.

Especially the Devil's Eye.

This is something left by Emperor Huntian, like a bowl of fine wine, with a long aftertaste.

What Ye Chen refined and absorbed before was only a small part. The energy of the Devil's Eye is still nourishing him, and he may even launch an impact on the Boundless Realm!

"What!"

When Tiannv saw this scene, she immediately showed an extremely surprised expression.

She thought that the peak of the eighth heaven of the Profound Sky Realm was Ye Chen's limit.

Unexpectedly, Ye Chen actually broke through again, and stepped into the peak of the Nine Heavens in one fell swoop, already reaching the limit of the Sky Profound Realm.

Even Ye Chen's eyes turned into black as obsidian, and the Devil's Eye of Death began to function. He wanted to use the power of the Devil's Eye of Death to continue to attack the realm and move towards the limitless realm!

From the Profound Sky Realm to the Boundless Realm, one needs to go through a catastrophe before breaking through.

Rumble!

There were streaks of purple lightning strikes falling on Ye Chen.

However, Ye Chen's magic eye of death was running, and those thunderbolts were dying, and they collapsed in an instant.

This Devil's Eye of Death is so powerful that even the Heavenly Tribulation can crush it to death.

"You want to hit the Boundless Realm? Stop it!"

The goddess sneered coldly, and the law of the gods gathered the scepter in her hand, and hit Ye Chen fiercely.

She knew how terrifying Ye Chen was. If Ye Chen really stepped into the Boundless Realm, it would definitely be a qualitative leap. Even if she was a god, she might not be able to resist.

"Tu Tian Sword Intent, Form Formation!"

Ye Chen roared up to the sky, the sword in his hand split into light and turned into shadow, the sword intent of Tiandou Massacre Sword bloomed, forming a sword array, firmly guarding Ye Chen in it.

The celestial maiden scepter bombarded, but failed to break the sword formation.

After breaking through to the peak of the ninth level of the Profound Sky Realm, Ye Chen's strength has greatly improved, and he is qualified to contend even against gods.

Therefore, even if it is a goddess, it will take a lot of time to break the formation.

With the protection of the big formation, Ye Chen launched an impact on the immeasurable realm.

Rumble!

A series of catastrophes, formed from the void, slashed towards Ye Chen frantically, but they were all crushed into nothingness by the power of the Devil's Eye of Destiny.

"That kid broke through again, what does he want to do, he wants to hit the limitless realm!?"

"Crazy, crazy, want to hit the limitless realm so quickly?"

"Is that the power of the Devil's Eye of Destiny? It can crush even infinite calamities!"

The entire audience was shocked and felt incredible.

Ye Chen was too terrifying. In a short period of time, he broke through from the seventh heaven of the Profound Sky Realm to the peak of the ninth heaven.

What's more, Ye Chen couldn't be satisfied with this peak.

He actually wants to launch an attack on Wuliangjing.

The Heavenly Tribulation of Infinite Boundary was unable to cause the slightest harm to Ye Chen.

The power of the Devil's Eye of Death has a strong breath of death. When Tianjie approaches Ye Chen, he will die and collapse.

"Damn it!"

The power of the gods and goddesses continued to explode, but within a short period of time, they couldn't break through Ye Chen's Tianslaying Sword Formation, and couldn't hurt Ye Chen.

If Ye Chen breaks through to the Boundless Realm, the girl will definitely lose that day.

"The law of karma, you failed to cross the tribulation!"

With a roar, the celestial girl turned to the sky and sang, uttering a strong curse.

That is the curse of the law of karma!

The power of the law of cause and effect is exactly the power of the gods, and it is the greatest symbol that the gods are far superior to the immortal emperor.

Where the gods are powerful, in addition to their supernatural powers, they also master all kinds of unimaginable laws, such as the law of cause and effect.

Now, the goddess issued a law of cause and effect, imprinted in the world like a curse.

crackle!

A thunderbolt then fell on Ye Chen.

Ye Chen let out a muffled snort, his whole body was paralyzed by Lei Jie's attack, he was caught off guard and almost vomited blood.

Originally, his Devil's Eye of Death could destroy all Heavenly Tribulations, but the goddess laid down the law of cause and effect to make him fail in crossing the Tribulation, so those Thunder Tribulations forcibly broke through the blockade of the Devil's Eye of Death, and slashed at Ye Chen.

crackle! crackle!

In an instant, thousands of purple lightning struck Ye Chen frantically.

Chapter 9458

The power of the Unlimited Realm Thunder Tribulation is quite terrifying, and the stronger the martial arts background, the stronger the Thunder Tribulation.

With Ye Chen's background in martial arts, the Heavenly Tribulation and Thunder Punishment he has to endure is probably more terrifying than the Immortal Emperor's Thunder Tribulation for ordinary warriors.

Under normal circumstances, for such a violent thunder calamity, Ye Chen must first arrange various large formations and take protective measures before he can attack the thunder calamity.

Now he dares to attack the Wuliang Realm because he has the magic eye of death, which can destroy all heavenly tribulations and thunder punishments.

However, the goddess' curse of karma broke Ye Chen's plan.

At this moment, Ye Chen was under the bombardment of thousands of thunderbolts, he groaned on the spot, and was knocked to the ground by the thunderbolt.

Seeing Ye Chen being knocked over by Thunder Tribulation, all the audience were stunned.

Could it be that, in today's decisive battle, Ye Chen didn't die at the hands of Tiannv, but was struck to death by Thunder Calamity?

"Oops, rushing into the Boundless Realm rashly, something happened now."

Ye Xieshen's face darkened, Ye Chen had great opportunities, and he had accumulated a lot of spiritual energy, so he actually had the qualifications to hit the limitless realm.

However, if you want to step into the boundless realm, you must first go through the catastrophe.

If you want to cross the catastrophe, you need to prepare in advance, and you must not act rashly.

Now Ye Chen was knocked down by Lei Jie, this is impulsive punishment!

Seeing Ye Chen fell under the thunder calamity, the goddess was overjoyed, and wanted to go over and stab Ye Chen to death, but just after casting the curse of karma, her breath was also consumed so much that it was difficult to get close to Ye Chen who was in the thunder calamity. I had to take a deep breath and adjust my breath slowly.

Ye Chen fell to the ground, and the thunder and punishment of the sky continuously bombarded his body. He felt that he was about to be hacked to death and turned into ashes under the thunder.

"I didn't die at the hands of the goddess, but am I going to die under the thunder?"

"It's... ironic."

Ye Chen smiled inwardly, but he didn't sit still. He took a deep breath, mobilized his energy, and already had a way to break the situation in his mind.

Everyone in the audience stared at Ye Chen, and many people gloated about his misfortune, waiting for him to turn into ashes.

However, the next moment, everyone was surprised to find that in the purple light of the thunder and punishment that day, a ray of dark green light suddenly burst out.

Thorns broke out from the lightning, and then intertwined continuously, and finally turned into a throne.

It is the Throne of Thorns!

Ye Chen, who fell on the ground, trembled, and with the same trembling hands, he grabbed the Throne of Thorns, and then struggled to climb up.

The sharp thorns pierced Ye Chen's skin, and there was severe pain, but his hand did not let go, and he still firmly grasped the throne. Finally, under the surprised eyes of the audience, he struggled to climb to the throne and sat down very weakly.

Crash!

As soon as Ye Chen sat on the Throne of Thorns, an amazing scene appeared.

Inside the Throne of Thorns, all the faith and power of darkness accumulated by hundreds of millions of century yuan roared out, turning into wisps of black mist, surrounding Ye Chen.

In the black mist, there are also the heavens singing, the blessings of the emperor, the protection of death, etc., all kinds of weather make the sky instantly turn black like ink, as if there are countless gods and demons brewing in it, and they are about to come down at any time. Creepy.

Ye Chen, who had just suffered from the catastrophe and was extremely weak, was protected by the Throne of Thorns, and his breath quickly recovered. As soon as he opened his eyes, a fierce divine light burst out, which was extremely domineering.

The thunder and lightning that struck from all around were all blocked by the Throne of Thorns, unable to hurt Ye Chen in the slightest.

"The Throne of Thorns, the highest artifact of my Reaper's Cult, it's not your turn to get your hands on it!"

In the auditorium, Feng Yuanlan yelled violently, his face was extremely distorted, and he was not at all polite and polite before, like a wild beast, rushing towards the ring.

He's from the Order of Death

Chapter 9459

Ye Chen sneered, and the Heavenly Tribulation dispersed, which surprised him very much.

However, even if he can't step into the immeasurable realm, with his cultivation at the peak of the ninth level of the Profound Sky Realm, he still has the qualifications to contend against the goddess, and the two sides are 50-50.

"The mother's nest of runes and ghosts, there are many gods and demons, come down!"

Ye Chen sat on the throne of thorns, surrounded by black mist, majestic and domineering like a god of death, with a light wave of his finger, a huge dark lair appeared in the void.

Rumble!

Then, in that dark lair, huge shadows descended one after another.

Those shadows are not talisman ghosts, but demon gods!

Ye Chen, who is in charge of the Throne of Thorns, is full of dark devilish energy, and the background of the mother's nest of rune ghosts has also been greatly improved. The thing summoned is a powerful demon god with extremely brutal killing power.

In an instant, a total of seventy-two powerful demon gods were summoned by Ye Chen and formed an formation on the ring. The demonic energy covered the sky and their roars were deafening.

Seventy-two demon gods, with big strides, rushed towards the celestial girl fiercely.

Facing the charge of many demon gods, the goddess stepped back, with a trace of indifference in her eyes, and said:

"I also have the dark way, although I don't really want to use it."

"However, at this time, there is only this move that can defeat you."

The celestial girl held her sword across her chest, and she touched the sword with her finger, as if she had broken some seal.

Then, a strange scene appeared.

Her long sword twisted. It was just a metal sword, and in the blink of an eye it became like mud, like a soft snake, and twisted like jelly. A lot of dark, filthy, foul-smelling dirty liquid dripped out of the sword.

Indistinctly, there was a deep, ancient, and mysterious beast roar coming from the Tiannv sword, as if some powerful beast was sealed inside.

laugh!

The celestial girl put the sword upside down in the arena, turning it into a sword formation. There are many mysterious and ancient dark totems covering the entire arena in this sword formation. Countless turbid, smelly, and dirty things come from the formation. Flowing out, a strange, unpredictable and creepy energy fluctuation filled the space between the heaven and the earth.

The demon god summoned by Ye Chen, after coming into contact with this weird energy breath, collapsed like mud in an instant, turning into the most primitive black energy and dissipating.

While breathing, Ye Chen smelled that strange and dirty smell, and suddenly felt the urge to vomit, his heart seemed to be shrouded in a layer of haze.

"This is... the breath of the tailed beast!"

Ye Chen's pupils contracted, and the filthy and weird aura surrounding him made him feel very familiar. It turned out to be the aura of a tailed beast.

It's Mio!

Ye Chen's eyes looked towards the edge of the ring, where Meng Kazama was standing with her arms folded.

When she saw Tiannv use the power of the tailed beast, Kazama Meng showed a gratified expression, but her face turned pale instantly, as if her vitality had been violently consumed.

"What is this, is it the legendary tailed beast?"

"When did the goddess subdue the tailed beast? What a terrifying aura!"

"It's the energy of Sanwei!"

All the spectators stood up in horror, looking at the goddess.

Surrounded by the energy of darkness and filth, the goddess is still holy and flawless, because above her head, there is a seal suspended, which is the seal of Emperor Yan.

The seal of Emperor Yan protected her and protected her from the impact of darkness, she was like a piece of clear ruby.

And around the celestial girl, those surges flowed with dark aura, with ominous, mysterious, violent, evil and other fluctuations.

Under the insight of heaven, everyone knew that it was the energy fluctuation of the tailed beast, and it came from the three tails.

Compared with the energy of Three Tails, the Demon God summoned by Ye Chen is as pure as a little white rabbit.

The entire audience, after seeing Sanwei's dark weather, seemed to have fallen into a nightmare, trembling all over, and many people vomited on the spot.

"Is this the power of the tailed beast? Sure enough, it is the darkness that surpasses all darkness. It is the greatest ominousness and terror in the world."

Yanshen Tianzun saw this, and his face became very dignified.

Fortunately, under the restriction of the law of reality, the energy fluctuation of this tailed beast is not too outrageous, and it is still within his tolerance.

He released his will and sheltered the audience.

Under his protection, many martial artists whose Dao heart was on the verge of collapse were rescued.

On the ring, Ye Chen was in the energy vortex of the tailed beast, and the darkness and depression he endured could be imagined.

Ye Chen's eyes could no longer see anything, only darkness and filth. There seemed to be tens of thousands of distorted corpses lying in front of him. There was a poisonous, dark green liquid flowing from those corpses. Corpse water, trying to corrode his whole body.

This is an illusion brought about by the ominous aura of the tailed beast.

This phantom is deadly enough!

A huge crisis hangs over Ye Chen's heart.

Even his Throne of Thorns can't stop the erosion of the Tailed Beast's energy, and the light will dim.

"Ye Chen, if you can force me to use the power of the tailed beast, you deserve to die."

The cold voice of the goddess came.

Ye Chen could hear Tiannv's voice, but couldn't see where Tiannv was.

His vision was completely filled with hallucinations. There were distorted corpses oozing pus, tentacles dancing in the sky, and many indescribable strange existences.

The boundless darkness completely enveloped Ye Chen, and he felt that his whole body would be eroded by the darkness and turned into a puddle of rotting corpse water.

Chapter 9460

Seeing that Ye Chen had been eroded by the energy of the tailed beast, the heavenly girl was not relieved, she came to kill Ye Chen through the air with her sword, and wanted to nail Ye Chen to the Throne of Thorns.

Ye Chen was full of hallucinations, he couldn't see the figure of the goddess, nor could he see her sword.

However, he heard the sound of sword energy piercing through the air, and knew that he was in danger, if he didn't immediately break the chain of the tailed beast's breath, he would definitely die.

"Scorching Sun Life Star, dispel it for me!"

At the juncture of life and death, Ye Chen yelled wildly and directly summoned the scorching sun and life star.

boom!

A huge, blazing, and brilliant sun rose slowly from above Ye Chen's head.

But this round of scorching sun rose up, and all the surrounding dark aura, all the energy fluctuations of the tailed beast evaporated.

In such an instant, everything evaporated.

The energy of the tailed beast, which was enough to make the immortal emperor's Taoist heart collapse, and even the gods dare not bear it, dissipated like snow under the illumination of Ye Chen's scorching sun and star.

Ye Chen's Throne of Thorns also disappeared.

His body was like a mountain, and he stood on the ring again, with the scorching sun above his head, his whole body was bright and majestic, as domineering as the sun god king.

Everyone in the audience was stunned and looked at Ye Chen in disbelief.

In their eyes, the extremely terrifying darkness of the tailed beast was instantly dispelled by the scorching sun and life star.

Even if the power of the tailed beast can be suppressed in the real world, it is not something that can be suppressed by ordinary power!

The power of Lieyang Mingxing can be seen.

This is still the reincarnation of Seven Stars
