### Chapter 9471

Ye Chen's idea is to rely on Jiushenlu.

But judging by the appearance of Daode Tianzun, he is absolutely unwilling to hand over the Nine Gods Record. If Ye Chen only has half of the Nine Gods Record, it is obviously difficult to fight against the darkness.

"I have a plan."

After a long silence, Sanwei Kazama Yume suddenly spoke.

"oh?"

Ye Chen looked at her, and his heart beat inexplicably faster.

The eyes of Daode Tianzun, Yuhuang Gudi, Chongyang Zhenren and others also looked at Fengjianmeng.

Kazama Meng crossed her hands, with a slightly dignified expression, and said, "I don't know if you have heard of the Heart of Light?"

"Heart of Light?"

Ye Chen frowned slightly, what is the heart of light, he had never heard of it before, but now he heard Kazama Meng mentioned it, and faintly caught the secret: "Is it related to the light god Tianzun?"

Kazama Meng nodded and said: "Yes."

Daoist Chongyang seemed to have thought of something, his eyes were serious, and he said: "Heart of light? I seem to have heard the legend that it was the unfinished work of the God of Light, and the God of Light wanted to create something that could surpass the supreme artifact. , that thing is the Heart of Light, a fetish in the fantasy of the God of Light Tianzun, because it is too blazing and powerful, ten thousand times more blazing than the light of the koi talisman, so it is difficult to create."

"In the end, the Bright Heart is only a half-finished product, which is a pity."

Ye Chen's heart trembled when he heard Chongyang Master's words, and said, "Is this so-called Bright Heart more blazing than the koi talisman?"

The koi talisman, known as the most powerful ancestor weapon of the Nine Gods, contains the ultimate light power, and is the brightest thing in the world.

Back then in the Holy Land of Runes, Ye Chen subdued the koi talisman, but because the bright aura was too strong, he has been sealed in the nest of the ghost talisman and rarely used it.

In Ye Chen's impression, the koi talisman is already the most radiant and dazzling magic weapon in the world.

Now, Chongyang real person actually said that the heart of light is more dazzling than the koi talisman, and the light is ten thousand times more blazing. It is a great work in the fantasy of Guangshen Tianzun, but it is a pity that it is only a semi-finished product and has not been completed yet.

After thinking about it, I know that if the Heart of Light is really ten thousand times more blazing than the koi talisman, it is almost impossible to create it. The laws of the heavens will not allow such a dazzling thing to exist.

Daode Tianzun said: "Heart of Light... Well, I seem to have related memories, but this memory is too long and painful, and I have worn it out."

"Now that you mentioned it, I seem to remember it."

"The Heart of Light was indeed created by the God of Light, Tianzun himself. When I was young, I even witnessed it with my own eyes."

"The God of Light Tianzun is the servant of Emperor Yuantian. He created the heart of light to illuminate the other side of the starry sky for Emperor Yuantian. It is an unbelievable wish to illuminate the other side of the starry sky."

"The Heart of Light is indeed not finished yet, it's just a half-finished product."

"But the light of the semi-finished product is also extremely dazzling. When I witnessed it back then, I was almost blinded by the light."

Daode Tianzun recalled the past, still with a trace of horror and fear in his heart.

The heart of light is so powerful that it can penetrate everything. Back then, he witnessed it with his own eyes and endured great pain.

Ye Chen was even more shocked after hearing the description of Daode Tianzun.

God of Light created a heart of light to illuminate the other side of the starry sky for Emperor Yuantian. What a great idea this is. The other side of the starry sky is shrouded in darkness and filth. God of Light God just wants to break through those darkness and let the light come to the other side in the world.

Kazama Mengdao: "Although the heart of light is only a semi-finished product, the brilliance, brilliance, and brilliance of the light even surpass the star of the scorching sun to some extent. The dark cataclysm of time and space can also be easily resolved."

Ye Chen's pupils shrunk slightly, and they were even more dazzling than the scorching sun and stars. This bright heart is really unimaginably blazing.

Even, Ye Chen faintly caught the secret. This heart of light may be the key to his awakening of the star of the night!

The ultimate light power can light up the star of the night!

After catching this secret, Ye Chen's head shook violently.

He had a hunch before that if he wanted to light up the star of the night, Sanwei might be the key.

It wasn't until now that Ye Chen discovered that the key point was not Sanwei herself, but the clues she provided!

Clues about the Heart of Light!

This heart of light is the key to truly lighting up the star in the dark night!

"Where is this heart of light?"

Ye Chen asked hastily, and a strong interest arose in his heart.

Kazama Yume hesitated for a moment, seemed to have some concerns, but finally said:

"The Heart of Light is in a place called the Realm of Dead Souls."

"The world of dead souls belongs to the real world, but it is independent of the laws of reality. It is a world opened up by the descendants of Emperor Huntian."

"After the fall of the God of Light, Tianzun, his believers quietly took his unfinished work, the heart of light, to the world of dead souls."

"Because of the heart of light, the light is too dazzling. If it stays in Wuwu time and space, it will definitely attract the attention of countless people."

"The believers of the Light God Tianzun took the Heart of Light to the world of dead souls, trying to use the darkness of that world to hide the breath of the Light Heart, and wait for the Light God Tianzun to recover before they come out."

Chapter 9472

"Lord of Reincarnation, you have a deep relationship with the God of Light, Tianzun. As long as you open your mouth, those believers will probably be willing to lend you the heart of light."

"You can bring out the heart of light, and you can solve the natural disaster of darkness."

Ye Chen frowned and said, "Is it the world of dead souls? Why do I feel a little dangerous?"

In the dark, Ye Chen caught a huge dangerous breath.

The world of dead souls is the world opened up by the descendants of Emperor Huntian.

And Emperor Huntian's magic eye of death is in Ye Chen's hands.

If the descendants of Emperor Hun Tian knew about it, they would definitely not let it go, and would regard Ye Chen as an enemy and want to regain their eyes.

What's more, after Tiannv's battle, his injuries are still there, so he can't use too powerful martial arts. If there is danger in it, even if the luck of reincarnation is invincible, it may be difficult to get out safely.

Meng Kazama seemed to have guessed the worry in Ye Chen's heart, and said: "Danger is dangerous, but if you want to borrow the heart of light, you have to go in person. It's useless for us to go."

"The catastrophe didn't come so quickly, Lord of Reincarnation, you can recover to your peak state first, and then go to the world of dead souls to get this thing."

At this moment, behind Ye Chen, the Yanshen Tianzun, who had never spoken, said softly at this time: "You can't go, it's dangerous, the descendants of Emperor Huntian will kill you."

Kazama Meng smiled and said: "The Lord of Reincarnation is a person of great luck, and he will definitely not die, at most he will be injured."

"What's more, it's not that the Lord of Reincarnation is going to leave immediately, he still has time to repair his injuries."

Listening to Kazama Meng's words, Daode Tianzun and Yuhuang Gudi looked at each other, their thoughts moved slightly.

They also knew that Ye Chen was very lucky and would not die easily.

But if he went to find the heart of light and was severely injured by the descendants of Emperor Huntian, it would be better if he had his eyes gouged out and became a cripple, then it would be a great thing for them.

Immediately, Daode Tianzun nodded again and again: "Miss Fengjianmeng, I think your method is very good, let the Lord of Reincarnation go to the world of dead souls, and borrow the heart of light."

Emperor Yuhuang chuckled, and said: "The dead soul world, since it is the world opened up by the descendants of the Huntian Emperor, there may be some great opportunities, Lord of Reincarnation, if you go, maybe you can get extra rewards too. uncertain."

Ye Chen listened to the words of the two, and secretly despised them, knowing that they had evil intentions and wanted to see him die.

But that bright heart really moved Ye Chen, even if it was a dragon's lake or a tiger's den, he wanted to break into it.

If he is really in danger, Ye Chen still has the last card in his hole, and that is the Emperor of Beiming!

If you ask Beiming Tiandi for help, you can retreat completely.

"Miss Kazamameng, where is the world of dead souls, you tell me the coordinates."

Ye Chen didn't talk nonsense right now, and asked directly.

Kazama dreamed that Ye Chen agreed so readily, and knew that he was very interested in Bright Heart, so she took out a scroll and said:

"The Realm of Dead Souls is a very special world. There are no specific coordinates. I have a teleportation scroll here, which is made with the law of causality. As long as it is unfolded, it can be teleported to the Realm of Dead Souls, but only one person can teleport, and you can only stay in it." Three days, it will come out automatically in three days."

Ye Chen said: "Okay, then I will go in after I have adjusted my state. Even if I can only stay in there for three days, I will lend my heart of light. In the days to come, you support me Don't let the fire go out."

After finishing speaking, he wanted to reach out for the scroll.

Kazama Mengshou shrank back, and said: "Lord of Reincarnation, before you teleport, you must promise me that if you go to the world of dead souls and see any ancient artifacts, you must never touch them, let alone send them to you." If you want to bring it out, you just need to bring out the heart of light."

Seeing Feng Jianmeng's serious appearance, Ye Chen was also very curious, and asked, "Is there any ancient artifact in the world of dead souls?"

There are only ten ancient artifacts that have been handed down in the world, and they are things that have been passed down from ancient times. They are called the top ten ancient artifacts.

Among the ten ancient artifacts, Ye Chen had seen one before, and that was the Nine Heavens Fulong Seal.

Nine Heavens Fulong Seal, is the real world of the past

Chapter 9473

"What do I want to do?"

When Kazama Meng heard Ye Chen's question, a look of confusion appeared in his eyes, and then he sighed and said:

"Actually, I have a word that I can't understand all the time. I wanted to ask them to come over and help me to read it, but I didn't expect that they couldn't understand it either."

"I wanted to ask the goddess for help, but the goddess said, she understands that word, but it can only be felt, not expressed in words, and I don't know how to explain it to me."

Ye Chen was stunned for a moment, and said: "What is the word? Could it be some ancient inscription, totem, or symbol?"

Kazama Meng shook her head and said: "Forget it, let's not talk about this, anyway, don't worry, the two sisters of the Zhuang family are doing well, don't worry about it, you should quickly repair your injuries, go to the world of dead souls, and bring back the heart of light."

Seeing Kazama Meng's appearance, Ye Chen murmured to himself, but he didn't know what the word was that even she couldn't understand.

Shaking his head, since Kazama Meng didn't talk about it, Ye Chen couldn't figure it out for a while, so he had to suppress the distracting thoughts in his heart, and immediately prepared to go back to the Star-Moon Realm and adjust his state. After a few days, his strength recovered almost, and then he used teleportation Scroll, go to the world of dead souls.

"Lord of reincarnation, be careful!"

Yanshen Tianzun looked solemn, and held Ye Chen's hand.

He still felt that it was too dangerous. In the world of dead souls, there were many descendants and believers of Emperor Huntian. Ye Chen was in charge of the magic eye of death, which would definitely arouse the hatred of those people.

"Yan Shen Tianzun, don't worry, I will be fine."

Ye Chen smiled. Although he has not completely recovered from his injuries, at least he has recovered by 50% or 60%, which is enough to deal with ordinary dangers.

If it is an extremely dangerous situation, he still has the hole card of the cemetery of reincarnation.

What's more, he doesn't plan to enter now.

In the past two days, he planned to adjust his state, repair his injury, and then wanted to find that Mu Lingxi.

"Well, you must return to your peak state before going. I hope you can come back safely."

Yanshen Tianzun had no choice but to do so.

Then Ye Chen disappeared in front of everyone.

he didn't

Chapter 9474

Ye Chen frowned, and suddenly sensed a strange spatial fluctuation. Although it was not obvious, he couldn't escape his perception.

"This tree is weird!"

Ye Chen's face turned serious, not daring to take it lightly.

He approached the giant tree slowly, and found that the tree was very strange, with a height of hundreds of feet, and the crown of the tree reached the sky.

At the top of the canopy, there is a ruby-like stone, which is chilling like the gaze of blood, and it is covered with strange patterns.

"What's this?"

Seeing that the branches and leaves in front of him are faintly mottled with blood, and even a little tattered, what they see in front of them is incompatible with the surrounding scenery.

Ye Chen couldn't help frowning.

"This tree is a bit like the tree of life, but there is no karma of the little grass god, but it contains a strong breath of life. What is going on!"

Ye Chen could clearly feel the ominousness, but the strange aura did not explode, but quietly dormant.

"Someone is offering blood sacrifices to this strange tree?"

Suddenly, Ye Chen thought of a possibility, that is, someone was deliberately conceiving and raising it, watering it with essence and blood.

Just when Ye Chen wanted to go further, there was a void wave behind him, and someone was approaching quickly, and there was more than one person!

Almost at the same moment, several ancient spears pierced out from the void, firmly locking all of Ye Chen's escape routes.

"What a terrifying power!"

Ye Chen's eyes were fixed, he could naturally see that this is a throw of pure physical strength, which can break through almost all methods of attack and kill, how overbearing is this?

Power close to reality is the limit, what is the concept?

This is similar to Martial Ancestor's Cunjin Opening the Sky!

Ye Chen didn't flinch, nor did he dodge, but used all his strength to open the sky!

This punch was extremely powerful, demonstrating the ultimate martial ancestor's Taoism, and the violent bombardment shattered all the surging spears.

The shards of power enough to break through the void danced wildly, and many exploded and stirred up, piercing through the bodies of several people in an instant, leaving countless bloody holes, and it seemed that they could not survive.

On the other hand, on Ye Chen's side, there were only a few small inaudible wounds all over his body, overflowing with faint blood. If Ye Chen hadn't restrained his strength deliberately, such injuries would shake a tree like a gnat.

The remaining few men stood up and looked at Ye Chen with shock. They couldn't understand why someone was so strong.

Although they were terrified, they looked at the strange giant tree behind Ye Chen, and their killing intent remained undiminished.

Ye Chen can be sure that these people have been living here and will not be disturbed by the outside world, but if he really insists on taking action against him, he will not hold back.

"Wait!"

Just when Ye Chen was about to make a move, he yelled to stop the fight, and from a long distance away, he could feel a vicissitudes of Taoist rhyme paving the way.

I saw a young man flying over, unlike the previous group of strangely dressed men, he was only wearing a bright red gown.

"She sent you here, didn't she?"

"I'm Mu Lingxi's friend, and I'm also the spirit master of this small world! You can also call me the master of phantom spirits. This place is created by fantasy, and people here are extremely wary of outsiders."

the boy explained.

Ye Chen glanced at the young man, but he didn't expect this young man to call himself the master of phantom spirits, and his tone was serious.

But Ye Chen didn't intend to talk nonsense, and said lightly: "She guided me here, saying that there is a precious medicine here."

Although Ye Chen had doubts about the unreliable young man in front of him, he was not too rude out of politeness and respect. After all, he wanted something from others, and those guys who attacked him before also suffered.

There is no need to be unforgiving.

"This is the sacrificial place of my family. They thought you had evil intentions before, so they made a move!"

"After all, my family has never had outsiders set foot."

The Phantom Lord blamed Ye Chen with an embarrassed nod and a smile, and explained.

"No one ever stepped in?"

Ye Chen subconsciously looked back at the unconscious Mu Lingxi, only to see the Lord of Phantoms answering: "That's right, even Mu Lingxi and the others, our clan only communicates with flying swords."

"Then you don't doubt our identities?" Ye Chen asked back.

The Phantom Lord waved his hand, and said: "The ancestral land of our clan is also a strange land in this real world. It is impossible for Emperor Yuhuang and Daode Tianzun to step here."

"In the world of the Supreme Being and the Land of Thousands Beyond the Heavens, without coordinates, it is impossible for someone to step here."

Those men who were killing Ye Chen saw that the phantom master seemed to be familiar with the person in front of him, so they followed behind him without saying a word, and waited quietly with their heads bowed.

"Come back to the clan with me. I have some magical medicine here. When she wakes up, you will naturally understand."

The Lord of Phantom Spirit seemed to be very concerned about Ye Chen. He looked back at Ye Chen every five steps and three times. Maybe it was the reason why no outsider had ever set foot in this forest.

The Phantom Lord brought Ye Chen and Mu Lingxi straight to a courtyard in the middle of the village at the end. Not long after, someone came with a pill.

"This is their family, the Heavenly Blood Bone Soul Pill left here with me, I believe Mu Lingxi should have asked you to get it, you just take it."

The Phantom Lord just handed Ye Chen a box, as he said, in it was a elixir exuding luster.

There wasn't such a dazzling brilliance, but Ye Chen felt the extraordinaryness of this pill with just one glance.

It is extremely likely to come from No Wu Time and Space!

Chapter 9475

It is impossible to refine such a elixir in the real world.

"I see that you seem to be wounded. Our land has a miraculous effect on soul and physical wounds. You rest here. After taking this medicine, she should wake up soon. Just come and find me when the time comes!"

The Phantom Lord chuckled, cupped his hands, and signaled to Ye Chen that he could walk around here freely, and then left.

After Mu Lingxi settled down, although Ye Chen was puzzled in his heart, he also looked at the surrounding environment again with the mentality of being at ease when it came.

This place is really weird, because in the world of martial arts, this place looks too ordinary, just like an inconspicuous mountain village.

Is it because of the power of fantasy, or is it the simplest way?

"Um?"

Suddenly, Ye Chen's gaze was fixed on an open space outside the window of the wooden house. The bright moonlight seemed to be extraordinarily bright in the deep mountains, and the wild land could be seen at a glance.

"call!"

Ye Chen's breathing became rapid, what did he see?

In his cognition, the ten thousand spirit grass that can life and death human flesh and bones, the occult blood ginseng that can improve one's cultivation, and even the rootless flower that can enhance the will of martial arts, those extremely rare and rare existences in the outside world are here. But it was everywhere, which made Ye Chen unbelievable.

All of this is actually happening.

"These things! They are real! They are not fantasy!"

After seeing the messy piles of spiritual grass all over the ground, Ye Chen's eyes became wild!

There is such a place in the real world!

And there is no shortage of spiritual materials that are of great benefit to his injuries.

In the battle of Tiannv, the injury of self-decapitated soul was saved!

"It looks like that girl Mu Lingxi is really not lying!"

Ye Chen said calmly.

Although he didn't deliberately search for it, he found that the areas occupied by these spiritual grasses all had their own iconic marks, and the color of each spiritual grass was also different.

After Ye Chen was sure that he couldn't make a mistake, he cast a spell to collect some of each spirit herb and put it in the cemetery of reincarnation.

"Are these things useful to you?"

Suddenly, the voice of the Phantom Lord came, and I saw that the very bright red shirt was blown by the evening breeze, but there was a look of vicissitudes that did not belong to his peers on his youthful and immature face. .

"Those spiritual materials are against the sky, but if warriors below the emperor take them directly, some may have no effect, and some may explode and die."

"Actually, this land is related to a fairy land without time and space... But there are many things that I cannot tell outsiders."

"If exposed to the real world, I am afraid that the ancient Emperor Yuhuang would have become a god through this, and we will never have peace."

The Phantom Lord floated above the sky, and deliberately said deeply: "However, if you need it, you can take it at will!"

Ye Chen cupped his hands and said, "Thank you, I didn't expect that your family is so generous to outsiders, aren't you afraid that I will bring news to Emperor Yuhuang?"

The master of phantom spirit smiled: "You won't, I can smell a trace of cause and effect from you, Emperor Yuhuang, and Tianzun Daode are all your enemies."

"Besides, I'm not as generous as you think. I waited for my ancestors to come from no time and space, leaving the roots of spiritual grass, but not the law of protection. I know that you are not an ordinary person, and you can reconcile with the ancient Emperor Yuhuang." Those who have morality and heaven as their enemies are definitely not weak.

....

I hope you can take care of us if something happens to us in the future. "

Ye Chen didn't talk nonsense, because this is cause and effect, and said: "Okay." After agreeing, he continued to search for what he needed.

At night, Ye Chen refined many of the gods he needed and melted them into his body, and finally healed part of his soul injuries from the battle with the goddess.

Of course, no amount of heaven-defying treasure medicine would be able to recover from the injury immediately.

Suddenly, he discovered something, his eyes fell on Mu Lingxi who was beside him, and he said, "Are you awake?"

Mu Lingxi barely squeezed

Smile: "Yeah, wake up!"

However, she still looks very weak in this appearance.

"Let's go."

Mu Lingxi struggled to stand up, but before she could move, she tilted her body again and fell to the ground, with a look of pain on her face, as if some kind of force in her body was eating back her soul, causing She can't bear it.

Seeing Mu Lingxi like this, Ye Chen also knew that her injury was very serious.

Even with the elixir, it is impossible to recover immediately.

She still needs time.

Ye Chen shook his head and said: "Mu Lingxi, your injury is not serious, you should stay at ease, and it's not too late to leave when the injury is completely healed!"

When Mu Lingxi heard this, her attitude was extremely firm: "No, it's not safe here. Although I'm in a coma, I've learned some inside information these days."

"I can't talk to you about some big secrets involved, but I think I should also apologize to you, things are a little out of my control!"

Mu Lingxi's tone was very urgent, even a little incoherent, wanting to leave and apologizing.

Just as Ye Chen was about to say something, Mu Lingxi continued: "Did you have a flying sword to pass on the letter just now?"

Ye Chen was stunned, and said: "When I was looking for this place, I contacted Huanmen. You were in a coma at the time, why did you know about Feijian passing the book?"

Mu Lingxi thumped in her heart: "My identity is a bit special, and I can perceive some things. I can't disclose the specifics for the time being. But right now, the magic door may be in danger."

[In other words, reading aloud and listening to books is currently the best, @@, install the latest version.  
]

"Those people have special means, they can capture the flying swords in the real world!"

"I'm afraid they have reached the magic gate by now."

Hearing these few words, Ye Chen's expression became a little dignified!

In this way, wouldn't his own Feijian pass on the letter put the magic door in dire straits?

...

at the same time.

Magic Gate, Tianyu Peak.

"Master, I did it!"

Xiao Wu was full of excitement, waving the wooden sword in his hand and dancing towards the old man in hemp clothes. Behind the young man, a hundred-foot-high sacred stone was cut into several sections by volleying.

"Mingwu's sword intent is probably such an unyielding will. Even grass and trees can open mountains and shake the sky. If you have the master of reincarnation to guide your sword intent..."

"Um?"

In the next moment, the old man straightened his back instantly, and the light shot out by the twin boys was extremely sharp. With just a glance back, the sacred mountain in front of Xiao Wu was instantly crushed into powder.

Ling Lie's violent momentum instantly swallowed the world, and the third elder burst into a loud shout:

"What courage!"

"How dare you act wildly in my fantasy realm!"

That breath is absolutely unmistakable, a powerhouse without time and space!

At the same time, the Great Elder's furious voice resounded through the entire sect:

"Third brother, you follow me to kill evil!"

"The rest of you are here to protect the sect!"

The third elder and the first elder stepped out together, and flew towards the darkest aura.

The best doctor in the city.

Chapter 9476

At the same time, many powerhouses from Jue Shen Ji had appeared in front of the magic gate.

The corpses all over the place are the gatekeeper disciples of the Illusory Gate!

For a strong man without time and space, even if his cultivation base is suppressed, killing a few warriors in the real world is no different from trampling a few ants to death.

They came to the magic door just to find Mu Lingxi and Ye Chen.

If Mu Lingxi and Ye Chen don't show up, what if they kill all the magic doors?

Soon, the First Elder and the Third Elder rushed here. When they saw the scene of blood flowing into a river, their calm hearts were instantly filled with anger! Without even saying a word, he rushed directly to the strong man who is absolutely godless!

With two high-ranking immortal emperors working together, how terrifying is it in the real world!

The rickety body of one of them is like a heavenly sword hanging high in the sky, how amazing is its power?

Rumble! !

Under the coercion of the two great immortal emperors, the sky and the earth seemed to be trembling. Terrifying shock waves swept all directions, overturning countless rivers and rivers, and huge cracks appeared directly on the ground.

It is rare that the water of the continuous river flows upside down into the sky, which is very frightening and frightening, turning the universe upside down.

On Jueshenji's side, the strength of Yan Jue and others who were in charge of the involvement was weaker than the two high-ranking immortal emperors of the Illusion Gate. After all, they were suppressed, and they were still in the realm of the Illusion Gate.

At their level, the factors of Feng Shui and luck are too big.

Facing the monstrous killing intent of the two high-ranking immortal emperors, if the victory was not due to the strength of martial arts, they could rely on means without time and space to deal with them.

Otherwise, if you fight head-on with a high-ranking immortal emperor, that is the real fate.

"Shouldn't you wait to be contaminated with reality, since you are contaminated, then you will not be able to escape this time!"

The Great Elder roared again and again, and the two of them joined forces, and their energy locked on Jueshenji's people firmly, and within just one meeting, someone in Jueshenji fell!

boom! boom!

The two high-ranking immortal emperors simultaneously displayed a killing attack.

bang bang bang!

A series of huge roars resounded, the whole world seemed to be shaking, and waves of terrifying air waves swept around.

boom! boom!

Before the attacks of the two came close, the terrifying energy ripples had already spread.

The next moment, the world seemed to be shattered!

The attack of the two had already surpassed the scope that ordinary people could comprehend. It was too terrifying, and it was impossible to escape cause and effect even half of it.

"Damn it, the old guy at the head is so powerful! The key point is why is his technique similar to that of Wuwu Time and Space?"

Yan Jue's face was gloomy, he didn't expect the most troublesome guy in the real world to appear here.

He originally thought that the real world was nothing but ants except Daode Tianzun and Yuhuang Ancient Emperor.

"There is also a sword cultivator, the strength of the sword is not weak, should we withdraw?"

The voice of a man behind Yan Jue trembled a little, because they came from Wuwu time and space, and now the high-level immortal emperors who are facing the real world can't help but feel scared.

"Think of a way to provoke them, the farther away from the battlefield on the Nanzheng side, the better. The purpose of our trip is to lure these two away, and...to survive!"

Yan Jue's expression changed several times, and finally he gritted his teeth and said in a deep voice.

After all, they couldn't be more aware of the importance of Mu Lingxi. She can attract the attention of even the Lord of Time and Space. Her value is far more than the dozen or so of them who came here on this trip.

A trace of determination flashed across the faces of the Jue Shen Ji!

"Good luck, gentlemen!"

Yan Jue smiled ruthlessly, with a cold arc hanging from the corner of his mouth, he could feel that there were many powerful people within a radius of thousands of miles.

boom!

He stomped the ground with his feet, a burst of violent energy exploded from his body, ripples emerged layer by layer, and the endless dark aura covered the sky and devoured everything.

Immediately after, Yan Jue's figure moved suddenly, and he fled towards a mountain in front of him. In the blink of an eye, he had already appeared high above the sky, staring down with cold eyebrows.

Then it was just an understatement to lift and press lightly, directly destroying the mountain range, almost turning it into powder with one blow.

Under the barrier in the depths of the mountains, there are many disciples of the Illusory Gate, but because of the terrifying coercion of the darkest force, they all kept silent, did not dare to breathe, and could not even resist, and they were reduced to Ashes.

These Illusory Sect disciples, there are many geniuses, but facing Yan Jue's killing offensive, they almost present a one-sided situation, just like Mu Lingxi's clansmen who fled to the real world, they were slaughtered wantonly.

"Dare!"

The power of the three elders of Huanmen spread instantly.

A series of terrifying explosions sounded, reverberating across the world.

But Yan Jue still had no intention of stopping, he suppressed the fear deep in his eyes, and replaced it with endless mad killing momentum, if he is not crazy, he will not survive!

"Ha ha ha ha!"

Where the figures of Yan Jue and the third elder swept away, endless darkness and rain of blood swept away, and there was no life, but the sound of wild laughter and fury still resounded in this area.

While the Third Elder was chasing and killing Yan Jue, the figure of the First Elder kept approaching the other Jue Shenji people. This seemingly unremarkable old man is the real mainstay in the current illusion!

Another empty place.

"Um?"

All of a sudden, the hearts of Jueshenji's people jumped slightly, and a trace of solemnity appeared in their eyes.

Shrouding everyone's hearts, that terrifying and dangerous atmosphere is rapidly approaching them!

Chapter 9477

"How could it be so fast!"

The powerhouses of Jueshenji were amazed in their hearts. Although this place is not far from the border of the magic gate, they have not forgotten what the main goal of their trip is. As long as they can attract the two powerhouses, the rest is easy to say. If they can't get away with it, I'm afraid they will have to explain it here.

boom! boom!

At this moment, a terrifying attack struck.

The Great Elder's eyes narrowed slightly, and the cold light surged in his eyes, and his palm was stretched out, and a surging and vast force was instantly pressed down from his palm!

A terrifying explosion resounded, and the figures of Jueshenji and the three were instantly slapped hundreds of meters underground with a palm, and the bones were almost broken and exposed, in a very embarrassing situation.

And on the opposite side of them, stood an old man with a thin figure, silver-white hair fluttering in the wind, his eyes were dark and deep, like a galaxy in the sky, full of murderous intent, it was the master of the magic gate. Elder!

The old man held his fists, and a wave of terrifying phantom power spread out. Wherever the dazzling brilliance shone, the three people who were absolutely silent turned into flying ash and dissipated between the heaven and the earth.

"Since you're here, you have to stay!"

The Great Elder's eyes were deep and long, and he turned to chase and kill the other party.

And at the moment outside the magic gate formation, Nan Zheng, with his hands behind his back, watched the back of a person gradually go away, and there was a hint of cunning at the corner of his mouth, and said lightly:

"interesting!"

Gradually feeling that someone from Jue Shen Ji had fallen, and the wisps of divine thoughts were disappearing continuously, Nan Zheng understood that the battle over there should have been heated up.

It's their turn to act!

Nan Zheng said: "Please respond to me in time and space of Jue Shen Ji, I would like to use my physical body to respectfully invite Lord Jue Shen's dharma body to descend!"

Rumble!

The sky over the entire sect was dim for a moment, and in the darkness where you could not see your fingers, the dark breath continued to flow.

"Enemy attack!"

Almost at the same time, above the empty green hall of the Illusory Gate, two more tyrannical auras of immortal emperors poured into the sky, rising like a silver moon, igniting a trace of clarity.

"It's the second elder and the fifth elder!"

"These two elders have also made a move, the smashers who have no time and space will die!"

At the same time, dozens of deacons and elders from the Illusory Gate who stepped into the Immortal Emperor shouted at the same time, their murderous aura soaring to the sky, their aura was shocking.

"kill!"

An elder in purple clothes rushed towards the Wu Wu time and space crowd first.

For a moment, all the immortal emperors of the Illusory Sect gathered above the void, and the sky and the earth hummed.

Countless dao lights criss-cross the sky and earth, like giant dragons roaring, bright sword qi tearing apart the sky, like meteors falling, pieces of flames burning with dao rhyme emerged from the void, sweeping across the world.

"snort!"

Suddenly, an extremely cold voice came out, and an extremely deep black hole formed in the void, and on that side, a terrifying sword light lit up faintly!

The violent offensive around shook the world, as if it was about to collapse.

Some Illusory Sect disciples with low cultivation and unable to dodge were instantly annihilated in the sea of sword energy and flames, leaving only piles of bones, blood and bone dregs.

"younger sister!"

Xiao Wu's sword pierced through half of the cliff, trying his best to protect the girl beside him, his face was covered with wounds, and bloodthirsty murderous intent flashed in his eyes, which was indistinct.

"Hoo hoo!"

"Damn it, this dark force is devouring my mind!"

Xiao Wu roared, holding his younger sister tightly in his arms, looking at the devastated sect, a figure of a person's back gradually appeared in his mind.

"Brother Ye, have you been fighting people like this all this time?"

"Brother, what are you thinking, be careful!"

Meanwhile, another place.

"Listen to me, everyone from the Magic Gate, I'll give you a choice now, surrender or die!"

Above the void, a low cry came from another world, neither sad nor happy.

That is the will of the Emperor of Heaven from the Absolute God and Silent Time and Space in Wuwu Time and Space!

The five elders of Huanmen stared coldly at the Wu Wu time and space people in front of them with a pair of cloudy old eyes.

Surrender?

Hearing this, all the elders of the Immortal Emperor couldn't help but sneer. At this time, how could they submit? Submitting would only add shame.

"In that case, don't blame me for being ruthless!"

Clang!

A thin arm was grasped from the air, and the giant sword of hundreds of feet slashed across the world. The linlin armor on the blade shone with blood-colored light, and it descended with a shocking sword!

It is exactly the same as the situation encountered by Mu Lingxi's family not long ago.

"It's just a dharma body of a heavenly emperor without time and space. Do you really think my magic door is a soft persimmon?"

The second elder shouted loudly, and the fifth elder also stood up from the ground, forcibly shaking the sword that almost broke the sky.

The second elder didn't talk nonsense anymore, his body stepped forward suddenly, his cultivation should not be underestimated, and at this moment he also possessed three incomplete objects from the Nine Gods Era, blooming brilliance, his strength can be described as extraordinary.

The fifth elder's body pierced the sky like a meteor, and with a murderous aura, he ruthlessly slammed into the world-destroying sword glow.

"kill!"

"kill!"

"kill!"

The people from Jue Shen Ji Shi Kong also went forward without hesitation, and the two sides began to fight, and the fierce battle broke out in an instant.

It is true that there are several high-ranking immortal emperors sitting in the background of the illusion door, and this kind of fighting force will never retreat!

At the same time, another magic door.

Xiao Chunyu didn't panic at all, and said: "Grandpa, don't worry, they are not targeting the magic door, it seems that Ye Chen took away a key person, and Jue Shenji and those people can't find them, so they will naturally retreat."

"If the Great Elder returns to help, with the help of the magic gate's protective formation, even the Dharma Body of Wu Wu Wu Wu Tian Emperor will not be safe and sound under the joint attack of several high-ranking immortal emperors."

Hearing this, Xiao Qiantian looked at his grandson and said, "Why don't you bring them the news that Ye Chen is not at the Magic Gate?"

"Bring them? Those people who have no time and space are not good. I don't care how many people they die."

"After all, a deal is a deal, if you don't make a move!"

Xiao Chunyu stood with his hands behind his back, and said: "The Zihuang Immortal Palace has undergone catastrophe, and the world is in danger. If you still have the strength to fight against the world alone, it's good, but what if you can't turn the tide?"

"No matter how bad the world is, I still have a way to protect myself and Huanmen. As for who rules the world, I don't care. I would rather do nothing than make mistakes!"

A trace of cruelty flashed in the depths of Xiao Chunyu's eyes, but it was completely different from what he said.

Xiao Qiantian didn't see this detail, but worried: "If I don't make a move, how will I explain it afterwards?"

However, Xiao Chunyu wrote lightly: "Why do you need to explain? How will the situation of those elders be better in this battle? It is even possible that several elders will fall."

"This might be our chance."

Chapter 9478

Hearing this, Xiao Qiantian's heart trembled slightly, and he couldn't help but secretly said: "This child, it seems that he has already made a decision in his heart. I don't need to worry about him in the future, but the Lord of Reincarnation... Alas."

Seeing that her grandfather was silent, Xiao Chunyu couldn't help asking: "Grandpa, what's the matter?"

"It's nothing, it's just a sigh. I think you should know that the Lord of Reincarnation and the Celestial Girl fought, and the Lord of Reincarnation won."

Xiao Qiantian shook his head and smiled wryly.

Xiao Chunyu was startled, but said: "The Lord of Reincarnation is so seriously injured that he can't even take care of it. Will he control our magic door?"

Xiao Qiantian wanted to say something, but in the end it turned into a long sigh.

...

The screen turns.

In the battlefield.

The elders of Huanmen obviously noticed that Xiao Qiantian did not show up.

With such a change of the magic door, it is too unreasonable not to appear.

"Where's the fourth child?"

Facing the terrifying sword style of Jue Shen Dharma Body, even the Second Elder and the Fifth Elder joined hands, it was inevitable that they would be at a stalemate.

Although the Immortal Emperor of Huanmen has the advantage, it doesn't mean they can win. They must go all out, and at this moment, they are all doing their best.

"Elder Xiao?"

An elder of an immortal emperor was indignant, and responded, "It seems that Chunyu, who was in seclusion before, was attacked and taken away. Elder Xiao went to hunt down the traitor who has no time and space!"

"hateful!"

The second elder and the fifth elder gritted their teeth tightly when they heard the words.

They knew that if they were defeated, the Illusory Sect would lose its last chance of survival, and if the Great Elder could not return in time, the destruction of the Illusory Sect would be just around the corner.

At this moment, the sky and the earth paled, the stars dimmed, and the entire sky of the Illusory Gate Realm was covered by their light. Only their supernatural powers roamed freely in the vast and boundless world, causing thousands of waves, destroying and distorting several pieces of space, Tear the entire void into countless pieces!

Rumble!

"ah!"

The boundless terrifying fluctuations ravaged the world, and the entire galaxy trembled violently.

Under this wave of fluctuations, countless voids were annihilated, turning into mouthfuls of deep black holes one after another, these black holes devoured everything, and faintly scattered the power of boundless space-time to darkness.

The two high-ranking immortal emperors of Huanmen were pale at the moment, with sweat dripping down their faces, and there was also a look of exhaustion on their faces.

The strange power of the dark realm continued to spread, and under the ebb and flow, even the illusion door gradually fell into decline.

"kill!"

"kill!"

"kill!"

"kill!"

In the illusion door, bursts of angry shouts sounded, and the faces of the people in Wuwu Time and Space became ugly, and their pressure suddenly skyrocketed.

This time, everyone in the Huanmen did not retreat, and after the fall of several elders of the inner sect of the immortal emperor, not only did they have no fear, but even fought back desperately under the protection of the strong men of the high-ranking immortal emperor.

"Kill!"

Many disciples of the Illusory Sect frantically sacrificed their lives to the void, and they knew very well in their hearts that they had to fight hard this time, otherwise, they would have no hope!

"court death!"

Above the void, the figure behind the black hole snorted coldly.

When he raised his hand, the sharp blade pierced the sky. If the second elder and the fifth elder hadn't fought desperately, this sword would have destroyed the entire fantasy gate!

Even so, the aftermath of the destruction still swept across the entire sect, more than a dozen celestial peaks fell in response, and countless disciples were chopped off by the middle.

The surging sword gang blows the terrifying power of the darkest realm of Wuwu time and space to every corner above and below the phantom door, and the devouring power of the bullying spirit eats up countless people.

In just a few breaths, many elders of the outer sect at the level of immortal emperors fell, and many ordinary disciples died tragically, which was very miserable.

"Bastard without time and space, dare you!"

The second elder shouted angrily, and with a pair of iron fists like a hammer, he slammed into the thin arm holding the sword behind the black hole!

The second elder wanted to smash the black hole, only in this way could he repel the dharma body of the Absolute God Emperor, lost his support, and the rest of the people would naturally collapse like an ant's nest.

clang!

The terrifying force hit the arm holding the sword behind the black hole, but it was blown away, and the arms of the second elder were completely swallowed by the darkness.

And the person behind the black hole snorted coldly, and stabbed out with a sword with his backhand. If it fell, it could almost wipe out the illusion door!

"Second Elder!"

"Fifth Elder!"

Seeing the horror of that sword, all the disciples of the Illusory Sect were terrified, and they put their hopes on the two high-level Immortal Emperor Realm powerhouses in the door.

Another sword attack, how could there be a way out?

"Get behind me, I'll come!"

"Fifth, protect the disciples of the sect!"

The second elder said in a deep voice, with determination in his eyes, and with a sway of his body, he rushed directly towards the deep sword light.

"Second Elder!"

"Second Elder!"

Seeing this scene, all the elders of the Immortal Emperor turned pale and shouted sharply, but at this time, they were already at their wits' end, how could they stop the second elder's decision.

"Interesting, as expected of the elder of the Huanmen, he is willing to give up everything for the sake of the sect!"

"It's a pity, I can't give you a death in person, so let this snake-sounding sword replace the emperor!"

The figure behind the black hole laughed loudly, and the sound was so loud that the entire illusion door was trembling!

Looking at the terrifying sword light above the sky, all the disciples of the Illusion Gate showed shocking expressions. The power of this sword is really terrifying, close to half a step of the divine way, far surpassing the heyday of high-level immortal emperors. power!

Chapter 9479

If this sword falls, even the formation above the empty green hall will be cut off by a single sword!

The Snake Sword came out of its sheath, and a hiss resounded across the sky. The sword glowed brightly, as if it wanted to tear the sky apart and shatter everything in the world.

The eyes of the second elder were red, the veins all over his body were bulging, his figure swelled, and a terrifying force burst out, and his broken arm regenerated in an instant, all the injuries on his body recovered, and his strength instantly rose to the peak.

The faint power of the heavenly spirit is rising and brewing. At this moment, one person's body can support the world!

"Is this the second elder's full strength?"

"Second Elder, smash this group of bastards who have no time and space!"

"Damn it, we fought!"

Rumble!

Terrifying shock waves rushed in all directions, shaking the whole world!

Countless Illusory Sect disciples vomited blood and flew backwards, some even exploded and turned into ashes!

"kill!"

The second elder roared, his eyes were blood red, and his robes rattled, like a demon king!

At this time, the disciples of the Huanmen retreated regardless of the elder's order. They sacrificed their spiritual treasures one after another, and threw all their spirit treasures at the strong man without time and space, vowing to fight to the death.

boom!

After the terrifying sword light that almost swept away the real world dissipated, stumps and broken arms piled up everywhere, and the deep black hole above the void was visibly dimmed, and the arm holding the Snake Sword tightly was dripping with blood.

"call!"

At this moment, the second elder was like a candle in the wind, his whole body was covered with mottled cracks, as if he would shatter into slag if he moved.

A generation of high-level immortal emperor powerhouses almost died under that sword!

"Is the real world so unbearable?"

"That's right, the Zihuang Heavenly Palace is going to face a catastrophe, the Daode Tianzun will not make a move, and neither will the Ancient Emperor Yuhuang!"

Jue Shen's indifferent voice echoed on the illusion door.

"ah!"

The fifth elder's eyes were about to burst, if he hadn't used his whole body's spiritual power to protect him, this sword could completely wipe out all the living beings in the entire fantasy gate!

But even so, the Illusory Sect disciples suffered heavy casualties, the younger generation of the Sky Profound Realm were almost extinct, and the cultivators of the Immeasurable Realm also lost seven or eight.

There are only a few immortal emperors who are still alive, but under the erosion of the power from the infinite time and space to the dark realm, their combat power is not one in ten.

Facing the killing trend of other people in Jue Shen Ji Time and Space, he can only protect himself!

"You bastard!"

The five elders soared into the sky as a divine rainbow. At this time, he had the will to die and wanted to fight against the dharmakaya of Jueshen Tiandi.

"Even if the emperor is not here, with your strength, are you worthy?"

From the depths of the black hole, Jueshen Tiandi let out a cold snort of disdain. After a sword strike, infinite cracks appeared around the deep black hole, which meant that Nanzheng's secret technique was about to fail.

After all, self-defeating and using Nanzheng's cultivation to forcibly control Jue Shen's dharma body to descend, to be able to do this is already the limit!

"Although it is about to fail, it is still easy to solve you!"

After the space, Nan Zheng shouted in pain.

At this moment, the two figures really came towards the illusion door at extremely high speed.

Because the magic door has a forbidden technique, it is very difficult for Ye Chen to steal the space and arrive immediately.

"Don't worry, if according to what you said, there are really five high-ranking powerhouses sitting in the Illusion Gate, even if it is Jue Shen Ji Shikong, they would not dare to kill it at will, and the suzerain of the Illusion Gate seems to be very strong."

Mu Lingxi comforted Ye Chen softly, but the former's eyes were also full of dignity.

After all, even Mu Lingxi and her family were slaughtered, so there is no guarantee that nothing will happen to the Huanmen.

"Now in the illusion door, the suzerain is not there!"

When Mu Lingxi heard this, a solemn and chilly breath burst out suddenly, and said: "We will be there soon!"

"If it weren't for our family's situation... things wouldn't have developed like this."

"Ye Chen, in fact, something happened in Wuwu Time and Space in our clan, and that's why the traitor got his way!"

"They want to get me at all costs because my blood has a great effect on them, and they may even be afraid of my blood."

"However, I can't use too much blood, my body can't support it, otherwise the previous situation will appear."

Hearing this, Ye Chen suddenly turned his head to look at Mu Lingxi, this is big news!

"So you plan to?"

Ye Chen had already foreseen what she was going to do.

"My current state should be able to be used for a short time. With my blood, I can break through the power of time and space, and combine the power of the magic gate and yours. Even if the dharma body of the absolute god emperor loses the blessing of the world force, it will not be ours. opponent!"

"I know that you fought against Tiannv, and your injuries have not recovered, so you don't have to make a move."

Mu Lingxi said in a deep voice.

Ye Chen smiled sheepishly, and wanted to explain something, but suddenly his eyes narrowed, and he felt a strong force approaching extremely fast!

"It's a person who is absolutely divine and silent in time and space!"

Mu Lingxi exclaimed at the same time, she will never forget the breath of these people, it is that guy, Yan Jue!

Now that we met here, there is no reason not to keep him here, let's ask for some interest first.

Mu Lingxi's eyes froze, and the spiritual power in her body surged, turning into a nine-color lotus flower, with dazzling petals covering the area for thousands of miles.

"let me help you!"

Ye Chen hurriedly said, his figure flashed, and he directly rushed towards the swiftly approaching aura.

"Divine Sword and Thunder Control Technique!"

Ye Chen reacted quickly, flicking his fingers repeatedly, the Heavenly Thunder Divine Vessel opened in his body, and thunder and lightning sword energy burst out from his fingertips.

Three powerful sword lights exploded, and Ye Chen collided with the strong man in the godless time and space, and immediately made a violent sound in the sky, and ripples and waves splashed into the vast mountain forest.

Rumble.

The mountains and rivers stretching for hundreds of miles were instantly shattered, and the gunpowder smoke rose instantly, reaching the sky.

"Um?"

Mu Lingxi was slightly stunned, she didn't expect that although Ye Chen was injured, he only exerted a part of his strength.

But the strength is still extremely terrifying, especially the power of the divine thunder, which can compete with Yan Jue.

Although the enemy in front of you is suppressed by the rules of the real world, it should not be underestimated.

"really!"

Ye Chen murmured softly, as if to verify some thoughts in his heart.

Ye Chen snorted coldly, and the sword light in his hand bloomed, and the bright thunder sword light streaked across the sky like meteors, with fierce sword energy, slashing towards the descendant who has no time and space.

"Damn it, ants!"

Yan Jue's words were full of anxiety, he let out a loud shout, and waved his palm.

boom!

An extremely powerful force that could destroy the world instantly vibrated, and the energy ripples spread layer by layer, distorting the entire void.

At this moment, Ye Chen's attack was completely destroyed.

Just when Mu Lingxi was about to make a move, the clouds of the nine heavens fell together, and a vast coercion followed.

Chapter 9480

"Three elders?"

Ye Chen was taken aback for a moment, he was very familiar with this aura, how could this old man who was supposed to be in the magic gate appear here?

Boom boom boom!

Terrifying power continuously manifests visions from the sky.

Yan Jue roared, the breath in his body exploded, and terrifying thunderbolts poured down from the sky one after another.

Ye Chen's pupils shrank suddenly. These thunderbolts were not just ordinary thunderbolts, but contained the darkest yin power, which was the real yin tribulation thunder.

The next moment, above the sky, the thunder descended to kill.

A series of terrifying thunderbolts converged into the sea, completely submerging this mountain range. This is a truly devastating attack. Any matter or life, as long as it is hit by such dark and dark thunderbolts, it will be annihilated.

"die!"

The third elder sneered, and the sound of Dao appeared in the void, turning into countless sword blades that traversed the sky and the earth, and the cold light shone across the vast land.

One after another, extremely terrifying sword gangs, like drizzle, kept coming and washing away, covering the entire land.

"Ahhh!"

Yan Jue roared, his whole body was full of blood, his eyes were blood red, and strands of blood were continuously sprayed out, turning into blood arrows.

As a last resort, Yan Jue fought desperately with his blood, trying to escape. These blood arrows do not really exist in this world, but are just his blood. Yan Jue condensed all the blood into a layer of enchantment, surging the vast and powerful The true meaning is blocked in front of oneself.

The third elder's fingertips slashed with the sword, an invisible wave spread out, and one wave after another of Dao Yun shot up into the sky, smashing the barrier that blocked the bloody ripples.

boom!

There was a loud noise, Yan Jue's attacks kept falling, blood mist splashed everywhere, a sea of blood covered the sky, the terrifying power shook the sky, making Ye Chen feel a suffocating sense of oppression.

"It's so powerful! It seems that the third elder is still holding back!"

As soon as the words fell, the sword light of the third elder slashed fiercely on Yan Jue's flesh and blood body, and suddenly there was an extremely dull and loud noise, and Yan Jue's body was directly torn into pieces.

Many timelines are broken and destroyed!

His screams resounded through the sky, but it was of no avail. The third elder's sword light directly shattered Yan Jue's body, cutting his body into pieces, like snowflakes falling into pieces.

Pooh!

As the sword light fell, the blood splashed and splashed into the void in all directions.

"No!"

There was a shrill scream, and the sea of blood was broken, and Yan Jue was smashed to pieces by the third elder, his bones were shattered, and he fell into the void like a ball of mud.

"Hmph, the rats who have no time and space dare to offend the real world, they are simply tired of living!"

The third elder snorted coldly, grabbed Yan Jue's soul with his palm, opened and closed his palm, and crushed it instantly.

"ah!"

Yan Jue's wailing was endless.

Such a tragic situation made Ye Chen feel horrified.

The magic door powerhouse, so terrifying!

"Is it all resolved?"

I don't know when, Ye Chen and Mu Lingxi's side suddenly heard a soft call, and the hairs of both of them stood on end.

"Great... Great Elder?"

Ye Chen smiled slightly when he saw the person coming, and Mu Lingxi saw that the smiling old man was harmless, and the fear in his heart slowly dissipated.

"The matter has not been resolved yet, the real battlefield is in the illusion gate."

The illusion door at this moment.

"Overreach!"

With a sneer, the thin arm in the deep black hole turned over, and an incomparably majestic coercion permeated from the void, that coercion, as if all the demon gods in the world were under its control .

The fifth elder's expression froze suddenly.

A ray of golden light manifested in the void, standing up against the heavens and the earth, breaking through a ray of light!

Rumble!

In an instant, several strong men of Jueshenji were all destroyed by his blow.

The trump card of the fifth elder, burning essence and blood and cultivation base, is so powerful that it almost shatters the deep black hole. Even the snake-singing sword intent of Jueshen Tiandi is whispering, dare not underestimate it in the slightest!

With one punch, half of the black hole was directly shattered into pieces. Moreover, this punch pierced through the entire void with just one blow.

Above the sky, the already swaying Absolute God's arm also dimmed a bit.

Puff!

The Fifth Elder's attack became more and more fierce, even his own body was constantly crumbling and shattering, the blood on his body spurted out wildly, and a wisp of fire rose from between his eyebrows, and this wisp of fire burned the whole world.

The ultimate power not only buzzed in the sky above the illusion door, but even the infinite space-time to dark boundary force faintly boiled and burned.

A powerful load was placed on the body of the fifth elder, and they were stretched to the limit!

This is his life-burning style as an immortal emperor!

Rumble!

The space is shattered, and chaos emerges.

Chaos, endless darkness, only a full moon hanging high, extremely bright!

Pooh!

Nan Zheng's soul was involved in the chaos, and suddenly encountered endless corrosion.

"ah!"

The shrill roar echoed in the chaos.

"Kill kill kill!"

This is the blood-burning secret technique of the fifth elder. Who would have expected that there would be such a powerful peerless secret technique in this world, which would have the power to suppress the Absolute God's Dharma Body!

"It's over, ants!"

Behind the void, Jueshen Tiandi shouted angrily.

"Hahaha, then try it!"

Hearing these words, the five elders continued to be crazy. They pinched a bronze halberd in their hands and stabbed at the phantom of Jueshen Tiandi. A burst of destructive energy exploded. The horror of this energy disturbed even a piece of space. into powder.

Clang!

But this time, as the Snake Sword pierced out again, his attack was blocked.

Although the fifth elder's attack of burning essence and blood was powerful, it couldn't penetrate this evil sword from Wuwu time and space!

The sword exudes endless majesty and solemnity, as if it can suppress everything!

"How can it be?"

Fifth Elder asked in shock.

The phantom of Jueshen Tiandi smiled disdainfully, and swung the arm holding the sword again!

"I want to die with you!"

The fifth elder's eyes were red, and he swung the halberd fiercely in his hand. A huge blue light shot out from the halberd, tearing open the void.

There is an extremely terrifying and destructive aura in this green glow.

Although he couldn't defeat Jueshen Tiandi's dharma body, the caster was not invincible, as long as the black hole was completely smashed, he could be repelled.

After all, this is not the Jue Shen Tiandi himself crossing over!

"Wait!"

At this moment, on the side of the shattered space, four figures came together, led by the Great Elder and the Third Elder!

Ye Chen and Mu Lingxi followed closely behind.

"Third Brother, Big Brother!"

The burning flames of the Fifth Elder slowly dissipated, leaving behind his appearance riddled with wounds. Ye Chen was shocked when he looked at it.

The most powerful person in the former Illusory Gate, now has no blood, and is like a human form of dry and decayed bones, which is very miserable.

As for the figure of the second elder, he has long since disappeared.

"Second brother, he..."

The Fifth Elder's eyes were gloomy, and he couldn't swallow a mouthful of stagnation in his chest.

"It's okay, there is still help!"

The Great Elder said calmly, he was speaking to his own family, but his murderous gaze was fixed on the arm of the Jueshen Heavenly Emperor above the void.

"A dharma body dares to come to my illusion door to make trouble!"

"court death!"

Under the sackcloth, the piercing dao rhyme condensed, even the chaotic breath stagnated.

Ye Chen knew that he had always underestimated the magic door.

If the Huanmen and the others are united, they may not be able to completely kill them in their peak state.

"It's you!"

In the black hole, Nan Zheng's voice came, obviously noticing Ye Chen and Mu Lingxi.

"Master Absolute God, there are a few more strong men!"

Nan Zheng's voice trembled a little, he had reached his limit, and the power left by Jueshen Tiandi was almost exhausted.

"It doesn't matter, protect it with the power of the world. This sword is only for repelling the enemy. You find the right time to kill Mu Lingxi!"

Absolute God said lightly.

It is unrealistic to take it away, the Jue Shen Tian Emperor wants Nan Zheng to exchange his body for his own life, and completely kill Mu Lingxi!

"yes."

Nan Zheng agreed, this time, his will to die gradually became clear.

The Jueshenji people who came with him, to the end of the battle, there are only a few people left, all of them have cold eyes, looking at Mu Lingxi and Ye Chen, they are full of lifelessness!

If this kid hadn't disrupted the situation, everyone wouldn't have to die.

The terrifying aura of self-explosion dissipated in the void, and the three elders beside Ye Chen raised their brows. Although their alliance is strong, they can't stop so many strong men from time and space from exploding themselves at the same time!

"Lord of Reincarnation, do you make the move or should I make the move?"

"You are invincible in the world, but your wounds have not healed after you fought against the goddess..."
