

Physician 9501

Chapter 9501

Ye Chen really wanted to go back immediately, but he also knew that haste makes waste, and it is useless for him to go back without refining the heart of light.

"I hope Tianzun Daode, Emperor Yuhuang and the others can hold on, don't be such a waste, you can't stand it for two or three days."

Ye Chen smiled, and then concentrated on refining the heart of light.

He held the heart of light in his hand, and without using any means, the heart of light slowly dissolved and turned into strands of pure light aura, which gathered into Ye Chen's dantian.

Obviously, this Bright Heart completely recognizes Ye Chen as the master, and there will be no danger in the refining process.

However, the energy aura of the Heart of Light is so majestic and abundant, it will naturally take a certain amount of time for Ye Chen to completely refine it.

As time passed bit by bit, the energy of the heart of light gradually gathered in Ye Chen's dantian, and precipitated to form crystals.

After a day like this, the bright heart is completely condensed in Ye Chen's dantian, like a clear crystal, with bright runes on it, and the laws of the emperor and god, lingering on it.

Under the protection of this bright heart, Ye Chen felt that no dark breath could corrode him anymore.

"Very good, Tomb Master, you have finally refined the Heart of Light, and you should be able to crush the will of Emperor Hun."

Emperor Beiming said.

Now in Ye Chen's heart, there is a ray of darkness entwined, which is the will of Emperor Huntian.

Once Emperor Huntian's will erodes Ye Chen, Ye Chen is likely to die.

Afterwards, Emperor Huntian borrowed the corpse to return his soul, borrowed Ye Chen's body, and reborn as a human.

Naturally, Ye Chen would not let this happen. At that moment, he mobilized the power of the heart of light to shine on the heart of Dao.

The blazing light is billions of times greater than the sun, like a lighthouse that can shine through all darkness.

Under the reflection of this blazing light, the dark aura entangled in Ye Chen's Taoist heart quickly dissipated.

"Ahhh!"

Ye Chen heard bursts of sharp screams, which seemed to be the screams of Emperor Huntian.

"Lord of Reincarnation, are you going to reject me?"

"I'll give you a chance to bless you, don't you want it?"

"As long as you accept my will, I can make you ascend to heaven and become a god within a year!"

The voice of Emperor Huntian, like a ghost, was transmitted to Ye Chen's heart with a huge aura of temptation.

Within a year, ascend to heaven and become a god.

Ye Chen's heart was moved by Emperor Huntian's promise.

But this heartbeat only lasted for a moment, and was vetoed by Ye Chen.

Seeking skins from tigers is not a good thing.

"I'm sorry, I don't need your help to ascend to heaven and become a god."

Ye Chen was resolute, and continued to stimulate the power of the heart of light to dispel the erosion of the soul of the emperor.

Emperor Huntian was furious, and said: "You refined my Demon Eye of Death, and took my benefits, but now you want to turn your face and deny anyone?"

Ye Chen chuckled, and said, "If you are not convinced, then just take back the Devil's Eye."

He knew that the Devil's Eye of Death has been completely refined by himself, and it has been integrated with the blood of reincarnation, and it is a part of his organ.

Even if Emperor Huntian wanted to take it back, it would be impossible.

"Bad brat!"

Emperor Huntian was even more angry, and wanted to curse something, but in the next moment, his aura was completely dispelled by the heart of light.

Ye Chen didn't hear the voice of Emperor Hun Tiandi again, he only felt that his mind was clear and his whole body was much more relaxed.

Slap.

However, the Broken Heart Bell fell to the ground, the light quickly dimmed, and 90% of the aura faded.

Obviously, Ye Chen offended Emperor Huntian, and also lost the qualification to hold the Broken Heart Bell.

And as Emperor Huntian's will was frustrated, the power of Broken Heart Bell was also completely weakened.

Now Ye Chen can finally throw this thing away if he wants to.

Ye Chen held the broken heart bell in his hand, thought about it, but still couldn't bear to throw it away, and thought: "Give it to the Dharma King Guangming."

He promised Sanwei that he would not be contaminated by the karma of the ancient artifact, so he would naturally keep his promise.

At that moment, Ye Chen walked out of the training room, but saw the Dharma King Guangming, who was already waiting for him outside.

"Lord of Reincarnation, how is it?"

Dharma King Guangming asked with a smile.

Ye Chen smiled and said: "Thanks to senior's care, I have already refined the heart of light."

Afterwards, Ye Chen handed the Broken Heart Bell to Dharma King Guangming, and said, "This is for you."

Dharma King Guangming was stunned for a moment, seeing that Broken Heart Bell no longer had the radiance of the past, and looked dim and weak. He also vaguely felt the game between Ye Chen and Emperor Hun last night.

He narrowed his eyes slightly, staring at the broken heart bell, and said: "The energy of this broken heart bell has declined by 90%, but it is an ancient artifact after all, the master of reincarnation, won't you take it out?"

"This thing has a miraculous effect on taming the tailed beast."

Ye Chen shook his head and said with a smile: "I promised someone that I can't take this thing out."

Dharma King Guangming vaguely guessed something, and said with a smile, "Really?"

"Then I'll keep it for you first." He immediately accepted the broken heart bell.

Ye Chen said: "Senior, the matter here is over, and it's almost time for me to go. The dark catastrophe of the outside world is coming, and there can be no further delay."

Dharma King Guangming pondered for a while, but said, "Lord of Reincarnation, before you leave, I have something that I don't know whether I should tell you."

Ye Chen was quite surprised, and said: "Senior, what else is there, but it's okay to say."

Dharma King Guangming said: "Do you still remember Demon Ancestor Wutian?"

Ye Chen trembled in his heart, and said: "I naturally remember that he has been defeated by me. Although he is not dead, he will not be able to achieve anything."

King Guangming said: "The name of the demon ancestor Wutian was also inscribed on the Tianjun Conferring God Stele. He is also a man of great luck. As long as he does not die, he has a chance to stand up."

"I have calculated his fate, glimpsed his future, and know that he has been favored by a certain power in Wuwu time and space."

"That powerful man is related to the tailed beast!"

"The Demon Ancestor Wutian is about to be escorted and smuggled into Wuwu Time and Space."

Ye Chen was shocked when he heard this, and asked: "Wutian, the ancestor of the devil, is going to Wuwu Time and Space, who can guide him?"

Dharma King Guangming said: "I don't know either. I only know that the great power is related to the tailed beast. I also don't know why he wants to lead Demon Ancestor Wutian, but I think there is a big conspiracy."

"As long as the demon ancestor Wutian does not die and goes to Wuwu time and space, it is possible to rise again."

Ye Chen asked in a deep voice: "Where is Mozu Wutian now?"

Dharma King Guangming sighed: "Do you really want to know? Now that the dark catastrophe of the outside world is approaching, and Daode Tianzun and Yuhuang Ancient Emperor are all staring at you, if you are disrupted by Demon Ancestor Wutian, I am afraid it will be bad for you. "

Ye Chen said: "Cut the grass and roots, I have always wanted to completely kill the Demon Ancestor Wutian, if he goes to Wuwu Time and Space, there will be endless troubles."

Chapter 9502

The goddess has gone to Wuwu, and Ye Chen doesn't want to see the demon ancestor Wutian again, so he also goes to Wuwu Time and Space.

He just wanted to completely kill Demon Ancestor Wutian and solve a future trouble.

Dharma King Guangming pondered for a while, and the wheel of fate in the back of his head was slowly turning, as if he could see all kinds of destinies in the heavens and myriad worlds.

He finally opened his mouth and said: "I deduce that the Demon Ancestor Wutian is in a place called Meteor God Stream, and that Meteor God Stream is in the outer sky, it is an extremely dangerous place, and it is said that if gods enter it, there is also the danger of falling. "

"He's in Meteor God Stream, waiting for Wuwu Time and Space to guide him."

Ye Chen thought to himself, he should go to Meteor God Gap first, kill the Demon Ancestor Wutian, and then return to Zihuang Immortal Palace to solve the dark catastrophe, there should be time, as long as the battle is resolved quickly.

Demon Ancestor Wutian was defeated by him a long time ago, even if his vitality recovers now, he is not Ye Chen's opponent.

During this period of time, Ye Chen had great opportunities and progressed too fast.

If the current him is asked to fight against the former Demon Ancestor Wutian, he can kill him with just one look.

He is invincible to this point. In the real world, he has almost no opponents.

Of course, there are too many factors for fighting, and they are not absolute.

If he wants to kill Demon Zu Wutian, he is 100% sure.

"Senior, I understand. Thank you for letting me know. I will go to Meteor God Gap."

Ye Chen said.

Seeing that Ye Chen had made up his mind, Dharma King Guangming sighed: "I wish you good luck, Lord of Reincarnation, don't take it lightly, I don't know who is the power behind Demon Ancestor Wutian, but the tailed beast is involved. It must be a very scary person, you must be careful."

Ye Chen nodded and said, "Yes."

At that moment, Ye Chen bid farewell to the Dharma King of Light, left the world of dead souls, and returned to the real world.

After returning to the real world, Ye Chen saw from a distance that in the direction of Zihuang Immortal Palace, there were dark clouds covering, thunder and lightning flickering, howling storms, heavy rain pouring down, and darkness and demonic energy pouring down the sky. It looked like the end of the world.

"The catastrophe of darkness has arrived!"

Ye Chen was taken aback. The monstrous dark demonic energy overflowed in strands and strands, spreading to the entire real world, causing the sky to be dark in color everywhere in the real world, flying sand and rocks, which was very terrifying.

Now facing Ye Chen, there are two choices.

One is to go to Zihuang Immortal Palace immediately to fight against the dark catastrophe.

The second is to go to Meteor God Stream and hunt down the demon ancestor Wutian.

For these two choices, Ye Chen hardly hesitated, and immediately locked on the coordinates of Meteor God's Gap, and left through the air.

He has absolute confidence that he can slay Demon Ancestor Wutian and win a quick battle.

In this way, there is still time for him to rush back to Zihuang Immortal Palace.

The void was shattered, and Ye Chen quickly came to Meteor God Stream.

This Meteor Stream has steep mountains, deep rivers, and an extremely elegant environment. However, in the mountain stream, there is an ancient stone sword stuck upside down. It is rusty, covered with moss, and faintly has an ancient sword spirit. Haunting, exuding a strong killing spirit, people dare not approach.

From the strong killing sword energy, Ye Chen actually captured the cause and effect of the ancient god Tuodi.

There is also the cause and effect of the patriarch of the Xiongba family and the Xiongtian!

"This meteor stream is actually related to the ancient god Tuodi and Xiongbatian!"

Ye Chen faintly glimpsed the ancient secret, and his heart trembled.

A long, long time ago, the ancient god Tuodi created the ten-tailed beast. His spirit was impacted by the dark breath of the tailed beast, and he became violent and chaotic, falling into a state of frantic killing.

He cut out a sword and almost killed Xiong Batian.

That sword was extremely terrifying, the sword energy even broke through the space-time crystal wall system, and a trace of the sword energy fell to the outer sky, cutting out the Meteor God Stream.

The ancient stone sword in front of Ye Chen is actually the stone sword that was condensed and condensed by the ancient god Tuodi back then.

The entire Meteor God Stream still has a trace of ancient killing sword energy. If you accidentally touch it, you may be attacked and killed by the will of the ancient god Tuodi, and you will die without a place to die.

"Could it be that the ancient god Tuodi is the great power to lead the demon ancestor Wutian and go to Wuwu time and space?"

Ye Chen frowned, trying to figure out the secret behind it, but couldn't figure it out.

He only captured that the aura of Demon Ancestor Wutian was indeed in this Meteor God Stream.

"Get out, Mozu Wutian, I know you are here."

Ye Chen called out coldly.

After his voice fell, a black-robed man walked out of the forest beside him, with loose long hair and deep eyes, he was indeed Demon Ancestor Wutian.

I haven't seen him for many days, but the aura of Demon Ancestor Wutian is actually stronger than before, and there is a strong ominous smell in the demonic aura emanating from his body.

Ye Chen had only seen this ominous aura from tailed beasts.

"Ye Chen, how did you find this place?"

Demon Ancestor Wutian's face was distorted, and his face was full of disbelief.

He hid in Meteor God Stream, waiting for Wuwu time and space to guide him.

He never expected that he would be sensed by Ye Chen and even come here after him.

"It is the guidance of fate."

Ye Chen said calmly, he didn't lie, he was able to find this place, it was indeed the guidance of the "Wheel of Fortune" in the past.

"You madman, do you really want to kill them all?"

Mo zu Wutian stared at Ye Chen, feeling suffocated.

Ye Chen at this moment is really too powerful. Although his superficial cultivation is only at the ninth level of the Profound Sky Realm, in fact, he is enough to rebel against a true god.

Demon Ancestor Wutian is still an immortal emperor, and he has not ascended to the gods. If there is a real fight, he will definitely not be Ye Chen's opponent, and he will only end up being killed.

Chapter 9503

"Otherwise? Is it true that you will go to the sky to go to no time and space?"

Ye Chen looked indifferent, Tiannv had already gone to Wuwu Time and Space, he didn't want Demon Ancestor Wutian to have this opportunity.

Today, Demon Ancestor Wutian must die!

"I admit, I am not your opponent."

"But, if you want to kill me, you must pay a heavy price!"

"You'd better measure and measure, whether it's worth it or not!"

Demon Ancestor Wutian's eyes suddenly turned cold, he clenched his palms and fists, and an extremely terrifying and ominous aura exploded all over his body. The aura was dark and turbid, and there were sticky and dirty things flowing, like puddles of mud, in which there were some mysterious scenes floating, blood red eyes, broken corpses, twisted teeth.

These strange, turbid, ominous and weird things are mixed into wisps of extremely dark evil spirits, presenting a dark colloid, circling around Mozu Wutian, looking like some weird tentacles, and like tails .

"The breath of the tailed beast!"

"It's... Nine Tails!?"

Ye Chen looked at the aura surrounding Demon Ancestor Wutian, and smelled a familiar scent.

That's the smell of a tailed beast!

It is filled with evil, unknown, and strange fluctuations, which makes people feel creepy and tingling at a glance.

Under Tianji's insight, Ye Chen knew that Demon Ancestor Wutian had obtained a trace of Nine Tails' power, although it was not much, it was terrifying enough.

If it was an ordinary immortal emperor, just looking directly at Demon Ancestor Wutian, he would go crazy on the spot and his Dao heart would collapse.

Among the many clones of the Ten Tails, the Nine Tails is the most powerful one.

Ye Chen doesn't know how the demon ancestor Wutian got the power of Nine Tails, but it must be related to the guide behind him!

The guide behind him, the great power without time and space, should have a blessing come down, bestowing a trace of the power of Nine Tails to the demon ancestor Wutian.

Dharma King Guangming is right, that mighty man is indeed related to the tailed beast, and he is also the most powerful Nine Tails!

"You have a good eye, this is indeed the power of Nine Tails."

Demon Ancestor Wutian's voice was cold, with a deep and terrifying taste like a beast.

"How, do you still want to fight?"

"You can indeed kill me, but the power of the Nine Tails on me will cause serious backlash to you. I will curse you, curse you to stand still for the rest of your life, and never have the chance to become a god!"

Ye Chen's face darkened. With his strength, even if Demon Ancestor Wutian had a trace of Nine Tails' power, he couldn't be his opponent.

However, the power of Nine Tails is too terrifying.

If Ye Chen really wanted to take action and forcibly kill Demon Ancestor Wutian, he would have to pay a lot of price.

Rumble!

After thinking for a while, Ye Chen suddenly swung his sword out, causing thunderous thunder.

"Moze Wutian, you must die today!"

"No matter what the price is, I want you to die!"

"I will never let the threat grow! Otherwise, the reincarnation camp will inevitably suffer disaster in the future."

"Divine Sword and Thunder Control Technique!"

The purple thunder was brewing in the sky, and immediately turned into rolling thunder, and merged with Ye Chen's Heavenly Sword.

Ye Chen slashed out the sword energy, and the violent thunder sword light swept towards the demon ancestor Wutian with unparalleled coercion.

Under the pressure of Ye Chen's shocking thunder sword, Demon Ancestor Wutian's face was reflected purple. He knew he would die, and the look in his eyes became cruel and decisive. He laughed loudly and said:

"Very good, Ye Chen, if you want to fight, then fight!"

"I will die today, but don't think about it!"

"We're all going to die together!"

While speaking, the dark aura around Demon Ancestor Wutian exploded, turning into nine dark red tails, thousands of feet long, and sweeping towards Ye Chen with an extremely terrifying evil spirit.

This is the attack and kill of his tailed beast energy, and the killing aura is very terrifying.

Ye Chen just swung the thunder sword glow, but was shredded by those nine tails in just a split second.

The nine tails, like a dark red waterfall falling from the sky, or falling like a river of stars, bombarded Ye Chen with their heads around.

Mo zu Wutian is desperate, he knows that he will die today, so he wants to die with Ye Chen.

Seeing that the demon ancestor Wutian's attack was so fierce, Ye Chen didn't choose to fight head-on. Instead, he spread his wings of freedom, and his body flashed and shuttled in the air, avoiding the attack of the nine tails.

Such a fierce offensive must not be sustainable.

Ye Chen waited for the opportunity to fight back.

The Demon Ancestor Wutian waved his nine tails, bombarding and killing them one after another, crushing the air one after another, making a huge and sharp sonic boom.

However, Ye Chen's figure was very flexible, and he never suffered any damage.

Demon Ancestor Wutian was agitated, so he used a law of karma and shouted: "Stop me!"

His law of cause and effect wants to make Ye Chen freeze.

But Ye Chen reacted very quickly. Before this law of karma was bound to him, he had already flew away.

"You, a high-ranking immortal emperor, can actually use the law of cause and effect. It seems that the power of Nine Tails will bring you a huge gain."

Ye Chen smiled, looked at Mo zu Wutian, and saw Mo zu Wutian's face was slightly pale.

The fierce offensive, and the law of karma just now was used to make the Demon Ancestor Wutian, and his breath was also greatly consumed.

Ye Chen's chance to fight back has come!

"Wan Jian Shen Xing, the sword array is blocked!"

Ye Chen first sacrificed the Myriad Swords God Star, and the bright stars exploded and turned into a rain of swords, falling down all over the sky, forming a sword array, sealing the Demon Ancestor Wutian in it.

"Five Decays of the Heavenly Emperor, the Sword of Destruction!"

Chapter 9504

Then, Ye Chen slashed out with another sword, and the ultimate storm of destructive sword energy roared out.

Demon Ancestor Wutian's body was blocked by the sword array, unable to dodge, he could only bear Ye Chen's sword of destruction.

He urged the power of Nine Tails to form a dark red shield, trying to resist.

However, after Ye Chen comprehended the Heavenly Dou Massacre Sword and the Zhishui Sword, his kendo attainments improved by leaps and bounds, and his various sword techniques became extremely powerful.

This move of the sword of destruction also has the power of destroying the world, it broke through the shield of the demon ancestor Wutian at once, and slashed at him fiercely.

"Puchi!"

The Demon Ancestor Wutian Zhongjian spat out blood on the spot, and retreated in embarrassment. There was an extremely hideous sword wound on his chest, and the blood from that wound continued to flow, as if it would never heal.

Even, many Dao laws were shot out from Demon Ancestor Wutian's body, like balls of dim light falling around his body.

Ye Chen originally wanted to take advantage of the victory to pursue, but suddenly, he caught the secret from the laws of the great way, and faintly saw a lonely figure.

It was a very handsome man, with sword eyebrows and star eyes, but there was a strong sadness between his brows. He was standing on a cliff, and behind him was a fox that was too huge. The fox had nine tails.

Ye Chen looked at this scene of heavenly secrets, and suddenly understood a lot, his pupils shrank violently, staring at Mozu Wutian and said:

"The person behind you is Ye Han!"

Ye Chen saw that scene, and he knew that the person who was so powerful in time and space, who wanted to attract the demon ancestor Wutian, was none other than the great apprentice of the ancient god Tuodi in the past, Yehan, the top killer who used to be!

Back then, after the ancient god Tuo Di created the ten-tailed cubs, Ye Han quietly stole them away and betrayed the teacher.

Although the ten-tailed beasts were cubs, their energy was extremely terrifying, and it wasn't Ye Han who could suppress them.

In the end, Ye Han had no choice but to split the ten tails into one, two, three and so on.

Among these clones, the most powerful one is naturally Nine Tails.

Now it seems that the rest of the eight tails are scattered, and only the nine tails are still with Yehan.

I don't know what purpose Yehan has in attracting Demon Ancestor Wutian.

Mo Zu Wutian saw that Ye Chen had broken the secret, stood up staggeringly, and said with a smile, "You know all about it? Hehe, I'm not afraid to tell you that your reincarnation camp has already been targeted by Mr. Yehan."

"It's just that, because of the existence of Emperor Yuantian, Mr. Ye Han has not done anything for the time being."

"But, how long can Emperor Yuantian protect you?"

"Sooner or later, everyone in your reincarnation camp will die at the hands of Mr. Yehan!"

Ye Chen's eyes narrowed, and endless murderous intent was released, and he said, "Shut up!"

He swung his sword again, but at this time, Mo Zu Wutian had already heaved a sigh of relief, and borrowed the power of Nine Tails to deal with him.

The power of the Nine Tails is dark and eerie, not the existence of air currents. When the energy gathers, it presents a viscous jelly, like a mass of dark paste and mud.

Ye Chen swung his sword and smashed repeatedly, the blade seemed to be stuck in the mud, without any force, it was very uncomfortable.

If you don't break the power of Nine Tails first, Ye Chen can't really kill Demon Ancestor Wutian at all.

"Northern Sea Swallowing the Sky, I swallowed it!"

After thinking about it for a moment, Ye Chen came up with a bold idea, and simply used the Beiming Swallowing Sky Method to directly swallow the energy of the nine-tailed demon ancestor Wutian.

If he can swallow it successfully, Ye Chen can disarm the Demon Ancestor Wutian, and with the breath of the Nine Tails, he can reverse the secret and spy on more secrets behind it.

A black hole-like vortex, formed from Ye Chen's palm, began to crazily devour the Nine-Tails breath from Demon Ancestor Wutian's body.

"Boy, you are crazy!"

Demon Ancestor Wutian was greatly surprised. You must know that the energy of Nine Tails is full of strong ominousness and darkness. If ordinary people are contaminated, they will only end up being dissolved into dry bones.

Even if Ye Chen has the blood of reincarnation, in the eyes of Demon Ancestor Wutian, he might not be able to bear the evil pressure of Nine Tails.

However, Demon Ancestor Wutian didn't dare to let Ye Chen swallow it. The energy of the Nine Tails was his last chance to reverse his fate.

Demon Ancestor Wutian retreated again and again, avoiding Ye Chen's devouring.

Ye Chen strode forward, but he refused to let go.

Demon Ancestor Wutian looked extremely embarrassed. Under Ye Chen's pursuit, he couldn't dodge even if he wanted to. The energy of the Nine Tails on his body was about to be swallowed by Ye Chen.

laugh!

At this moment, a sword qi gushing out from the sky cut straight towards Ye Chen.

"Um?"

Ye Chen's face darkened, and he stepped back to avoid it. The sword qi slashed in front of his feet, cutting a deep gap, which was quite sharp.

When he looked up, he saw a charming and smart girl descending from the sky. She looked very familiar, and she turned out to be the youngest Meixin among the four disciples of Tuodi Ancient God!

"Charm Heart, it's you."

Seeing Meixin appearing, Ye Chen was a little surprised, but felt reasonable.

In the past, Ye Chen and Meixin were fighting fiercely around Yiwei.

Later, Ye Chen won a tail and shared it with Chongyang real person.

The failure of Meixin's mission aroused the anger of the ancient god Tuodi. She dared not go back to the sect, so she could only wander outside alone.

Seeing her figure at this time, Ye Chen had insight into everything, and he had understood everything, and said, "You took refuge in Ye Han?"

Meixin smiled, and said: "Yes, Ye Han is my senior brother, I rely on him, so I can have someone to take care of me."

Ye Chen laughed, and said: "The ancient god Tuodi is really miserable. Two of the four apprentices under his sect have betrayed him. You came to pick up the demon ancestor Wutian under Yehan's order?"

Charm Xin said: "Exactly, if there is any grievance, we'd better settle it later, and you'd better not stop us now."

While speaking, Charming Heart held a sword in her chest, and wisps of the laws of the Divine Dao realm bloomed around her body, like the chain of the gods in the sky, and like the trajectory of the galaxy, which is quite spectacular.

With the loosening of the laws of the real world, the strength that Charm Heart can display has also reached the level of the Divine Dao Realm, which must not be underestimated.

"Are you threatening me?"

Ye Chen smiled and said.

Mei Xin turned her beautiful eyes, and said: "No, I just want to discuss with you, no matter how invincible you are, if you insist on fighting today, you will definitely pay a heavy price."

Ye Chen laughed loudly, and said: "Today I want Mozu Wutian to die, no one can save him in heaven and earth!"

After the words fell, Ye Chen didn't talk nonsense, and sacrificed the Nine Gods Record, and the nine-colored rainbow light exploded and gathered on his sword. His sword carried the power of the ancient Nine Gods, like the incarnation of the Dao, and directly slashed the demon ancestor without a trace. sky.

With the blessing of Jiushenlu, Ye Chen's sword was extremely fierce.

Demon Ancestor Wutian's face suddenly changed, if he was hit by this sword, he would definitely die.

Ding!

Chapter 9505

At this time, Charm Heart drew out his sword, and the laws of the Divine Dao Realm exploded, and he used various causal laws and magic methods to lay down a series of air walls to block Ye Chen's unparalleled sword.

Although the sword was blocked, Meixin's face turned pale slightly, she only felt that Ye Chen's supernatural power was invincible, only the ninth floor of the Profound Sky Realm could fight against a true god like her.

"Wutian, you go to Wuwu Time and Space first, and find my senior brother Yehan, and I will block the Lord of Reincarnation for you."

Meixin knew that if the battle continued, she and Mozu Wutian would have no choice but to die.

Even if the two join forces, they are not Ye Chen's opponent.

She barely blocked Ye Chen's sword, and chanted again, resonating with Wuwu time and space, and summoned a long ladder.

This ladder extends from the ground to the end of the sky.

As long as you follow this ladder and climb up, you will be able to ascend to Wuwu Time and Space!

Demon Ancestor Wutian knew the seriousness of the situation, hurriedly boarded the ladder, and flew towards the end of the sky.

"Want to run?"

Ye Chen snorted, swung his sword around Meixin, and slashed straight to the sky ladder.

However, Meixin reacted extremely quickly, dancing her sword like splashing ink, resisting Ye Chen.

Ye Chen was entangled by the charm, unable to get close to the demon ancestor Wutian, as long as he took a few more breaths, Wutian would ascend to the sky.

"The Demon Eye of Destiny, wiped out for me!"

In a crisis, Ye Chen's eyes exploded with demonic energy, and various ancient and mysterious lines appeared in his left eye.

He instantly opened the Devil's Eye of Death, and the violent breath of death permeated.

In an instant, the sky died and turned into nothingness.

The earth also died in an instant, and many mountains, rivers and trees in this Meteor God Stream turned into ashes in the blink of an eye.

The ladder connecting to the end of the sky also disappeared in an instant and completely collapsed.

Demon Ancestor Wutian's feet were empty, and he fell down. He managed to stabilize his figure and was suspended in mid-air. His face was full of shock and astonishment, and he stared blankly at Ye Chen's face and eyes.

In Ye Chen's left eye, there was a line of blood flowing down slowly, looking very hideous.

"You can force me to cast the magic eye of death, Wutian, you can rest in peace."

Ye Chen grinned, his smile was very cruel.

The pain in his left eye was abnormal, as if there was a sharp knife stabbing it constantly, which was the sequelae of excessive use of the Devil's Eye of Desperation.

Ye Chen had used the Devil's Eye many times before in the world of dead souls, but he didn't want to use it anymore, after all, it was too much burden on the eyes.

But now, Demon Ancestor Wutian is about to ascend to the sky, he must not watch this scene happen.

So, as a last resort, Ye Chen had no choice but to use the Devil's Eye of Death. With one look, the world was wiped out, and the ladder of heaven was also crushed.

Meixin and Demon Ancestor Wutian were deeply shocked when they saw Ye Chen's Desperate Devil Eyes, as if they saw the rebirth of Emperor Huntian.

Under the gaze of the Devil's Eye of Death, both of them felt the great oppression of death, black air appeared from their skin, the blood in their bodies seemed to be boiling, and their whole bodies seemed to explode.

"Wutian, I'm sorry, please ask for more blessings."

"The Lord of Reincarnation's hole card is too strong, I am not his opponent."

Meixin's voice was dry, and she quickly fled away from the wind. Although she was a master at the first level of the Divine Dao Realm, Ye Chen opened the Devil's Eye of Death, and the breath of death was too terrifying.

If she stays any longer, there will only be a dead end.

In an instant, Meixin fled away and disappeared without a trace.

Ye Chen didn't stop him, because his target was Demon Ancestor Wutian!

"Miss Charming Heart!"

Demon Ancestor Wutian saw that Meixin had escaped before the battle, he was angry and furious, looking at Ye Chen's bleeding eyes, he was terrified again.

"Return to the dust, help me cut a hundred shackles and ascend to the gods!"

"This is the only way!"

Demon Ancestor Wutian roared, it looked like he and Ye Chen were the only ones present, but in fact there were

Chapter 9506

If Ye Chen killed Demon Ancestor Wutian, Gui Chen would definitely die along with him.

Guichen let out a long sigh, and said to Wutian, the demon ancestor: "Old ancestor, I will help you cut off all the shackles and ascend to the gods. When you go to Wuwu time and space, visit the Buddha for me."

After the words fell, Gui Chen didn't miss anything any more, and chanted the Buddha's name softly, burning his remnant soul and body.

His remnant soul burned, and wisps of Buddha's light poured into the body of Demon Ancestor Wutian.

The aura of Buddha and devil is completely fused!

Click!

There was a crisp sound coming from Mozu Wutian's body, it was the sound that the shackles of his heart were about to be cut off.

Once he succeeds in beheading all the shackles, he may, like a celestial girl, ascend to the gods directly!

"Devil's Eye, give me..."

Seeing this, Ye Chen wanted to mobilize the power of the Demon Eye of Death, and directly crush the Demon Ancestor Wutian, without giving him a chance to cut a hundred shackles.

However, at this time, Ye Chen felt a severe stinging pain in his eyes, the stinging pain was so severe that his facial features were distorted.

Ye Chen has reached the limit of using the magic eye of death repeatedly, and if he uses it again, his eyes will go blind directly.

"Damn it!"

Ye Chen covered his eyes, and blood flowed from his fingers. He restrained the Devil's Eye of Death, and the pain eased a little.

Click!

But at this time, Demon Ancestor Wutian had almost succeeded in slashing a hundred flails, and the air around his body was booming, as if thundering and divine singing, with the laws of the Divine Dao realm on his body, which was about to bloom.

"Xiong Bayao, go!"

However, Ye Chen didn't panic, he had a lot of cards, even if he couldn't use the Demon Eye of Death, he was still sure to stop the Demon Ancestor Wutian from cutting the shackle.

Ye Chen sacrificed the talisman ghost's nest, and summoned a powerful puppet, which has a cultivation base of the first level of the Divine Dao Realm.

That puppet is none other than Xiong Bayao from the Xiongba family!

Ye Chen's mind was activated, and Xiong Bayao was silent, like a numb and ruthless killing machine, culling out, rushing in front of Mozu Wutian at an extremely fast speed, and then blew himself up on the spot.

The self-detonation of the first level of the Divine Dao Realm, the power is quite terrifying, and a mushroom cloud exploded directly on the spot.

The tyrannical explosion blasted Mozu Wutian to vomit blood on the spot, and he flew out backwards in embarrassment, and the shackle cutting was also terminated.

"Almost...why..."

Mozu Wutian was injured and fell to the ground. He raised his eyes to stare at Ye Chen, his eyes were full of unwillingness, pain, anger, and...fear.

In fact, he was just a little short of succeeding in cutting the shackles, proving the way and ascending to the gods.

But this little distance is like a moat.

Ye Chen has too many cards in his hole, it is not difficult to prevent him from cutting the shackles, preventing him from ascending to the gods, and killing him.

"Sacrificing one of my puppet, and almost blinding me, Mozu Wutian, you will not die unjustly."

Ye Chen let out a sigh of relief, raised his sword and walked up to Demon Ancestor Wutian step by step.

Demon Ancestor Wutian's injury is not too serious, he still has the strength to fight again, but his eyes are already dead, and all fighting intent is extinguished.

Ye Chen is so invincible, it's like a wall that no one can break through.

Demon Ancestor Wutian pulled out a bleak smile, and said, "Ye Chen, after you kill me, can you give my ashes to my brother?"

His senior brother, the Master of the Past, is Wu Jueshen, Wu Yao's father, and the former head teacher of Tianwu Immortal Sect.

At the last moment of his life, Mozu Wutian thought of his senior brother.

Back then, his senior brother treated him very well and engraved his name on the Tianjun Fengshen Monument. If it wasn't for this, he didn't even have enough luck to escape Wanxu's pursuit.

"Okay, rest in peace, you."

Ye Chen thought for a while, then nodded in agreement.

Now Wu Yao's father is also living in the Xingyue Realm, so it is easy to bring back the ashes of the demon ancestor Wutian.

"Thanks."

Demon Ancestor Wutian smiled reassuringly, closed his eyes and waited for death.

Ye Chen raised his sword, paused, and asked again: "Wutian, do you regret it?"

In fact, Demon Ancestor Wutian is the younger brother of the Lord of the Past. Ye Chen once thought about resolving grievances with the other party, and they are all allies.

But unfortunately, Demon Ancestor Wutian didn't have this idea, pressing every step of the way, Ye Chen could only fight back.

Today's Ye Chen is already an extremely powerful existence in the real world, and he is an extremely powerful existence in the world of the Supreme Being.

Chapter 9507

The demon ancestor Wutian was startled every step of the way, and finally had the chance to ascend to heaven and become a god.

However, today, his last chance was cut off by Ye Chen himself.

Demon Ancestor Wutian is very strong, and his luck is also very good.

But unfortunately, his opponent is Ye Chen.

Ye Chen is already an invincible existence.

Ye Chen finished collecting the ashes of Demon Ancestor Wutian, but he felt an extremely terrifying aura remaining around him.

That's the breath of Nine Tails!

The aura of the Nine Tails was only a very weak trace, but it was enough to make one's scalp go numb.

Although Demon Ancestor Wutian died, the energy of the Nine Tails in his body did not dissipate completely and leaked out.

That ray of energy from the Nine Tails turned into a column of smoke and gradually rose into the sky. Against the backdrop of the black rain all over the sky, it looked quite magnificent.

Obviously, the Nine-Tails energy is spiritual, and wants to return to Wuwu Time and Space, and return to the Nine-Tails body.

"Northern Sea Swallowing Heaven Technique, take it!"

With sharp eyes and quick hands, Ye Chen immediately used the Beiming Swallowing Sky Technique to swallow the ray of energy from the Nine Tails.

boom!

Devoured successfully.

In an instant, Ye Chen felt a surge of terror, darkness, energy fluctuations full of cruelty and hostility pouring into his body.

This wave of energy fluctuations is so terrifying, it almost wants to destroy Ye Chen's muscles, bones and internal organs, and completely dissolve him.

"Too terrifying power, as expected of Nine Tails!"

Ye Chen was taken aback, feeling this wave of energy fluctuations, with a strong desire to resist.

Nine Tails is resisting Ye Chen.

If Ye Chen wants to forcibly devour the refined ones, there is only one dead end.

With his cultivation at the ninth level of the Sky Profound Realm, he is not yet qualified to devour the Nine Tails.

"It's better to seal it in the Heavenly Emperor's coffin and fuse it with Banwei."

Ye Chen thought for a while, then sacrificed the Heavenly Emperor's coffin, and sealed the Nine-Tails energy that he had just swallowed into it.

This ray of Nine-Tails energy comes from the same source as Half-Tails and can be fused.

After the fusion, the half-tail will definitely become stronger!

"It's a pity that the Broken Heart Bell wasn't brought out, otherwise, I would have been able to tame Half-Tail directly."

Ye Chen felt a little regretful, but he had promised Kazama Meng that he would not be contaminated if he did not get infected, and he would not break his promise.

After gathering his mind, Ye Chen rose from the sky, ready to fly to Zihuang Immortal Palace.

On the other side of Zihuang Immortal Palace, the aura of darkness and catastrophe is already very strong. If Ye Chen doesn't solve it, the entire Zihuang Immortal Palace will probably be submerged in darkness.

Hurrah!

At this moment, a powerful storm swept across the nine heavens, sweeping away the black rain caused by the fall of Demon Ancestor Wutian just now.

Even the aura of the dark cataclysm of Wuwu time and space has weakened slightly.

This storm is so strong, swift, and vast, not from heaven and earth, but from the power of gods.

"The Wind God was born!?"

"Luoer has become the new Fengshen?"

Feeling the storm, Ye Chen was pleasantly surprised.

He had a clear glimpse of the secret, and saw that Ye Luoer had broken out of the cocoon, successfully inherited the orthodoxy of Fengshen Tianzun, and became the new Fengshen.

At this moment, Ye Luoer is surrounded by the law of the wind system, and the golden light of the Divine Dao Realm is blooming, which has already aroused the resonance of the Dao. The truth of the Dao, which has no time and space, is about to descend and take her to the end of the sky.

Knowing that her ascension was imminent, Ye Luoer hurried to see Ye Chen for the last time.

Crash.

The space in front of Ye Chen suddenly shattered.

I saw Ye Luoer, with brilliant wings of freedom spread out behind her, and wearing the crown of Fengshen on her head, her demeanor became extremely noble.

And such a noble woman, when she saw Ye Chen, shed tears, threw herself into Ye Chen's arms, and shouted: "Brother Ye!"

Ye Chen was overjoyed, put his arms around Ye Luoer's waist, and said, "Congratulations, Luoer, you have finally become a wind god."

Ye Luoer nodded, with tears in her eyes again, she shook her head again, and said, "Brother Ye, I am a wind god with a very weak foundation. help."

In Ji Siqing's words, he inherited the orthodoxy of Vulcan Tianzun, and he is in charge of the Ten Thousand Fire Realm, with a profound background.

Ye Luoer was very envious in her heart, but she was a loner.

The former Fengshen Tianzun Zhuang Xiaoyao was born in the Wuque family, but now she has become the new Fengshen, but she may not be recognized by the Wuque family.

She has been inspired by the Dao, and she is about to ascend to Wuwu Time and Space, but she is confused in her heart, not knowing what to do next.

Ye Chen stroked Ye Luoer's hair and said with a smile: "It's okay, believers, you can cultivate them slowly, don't worry."

For the gods, the role of believers is very huge.

If there are believers offering offerings, you can get many treasures from heaven and earth out of thin air, saving you the trouble of looking for them.

Moreover, the faith energy provided by believers is also very important in battle.

The more believers there are, the more prosperous the luck will be.

Ji Siqing inherited the Vulcan legacy and has many believers, but Ye Luoer has just ascended to the gods, so she is lonely and very pitiful.

"I got a glimpse of the secret. It seems that Miss Siqing has been enshrined by believers again. This time, the enshrinement seems to be called the broken heart bell. It seems to be some powerful artifact."

"Oh, unfortunately, I don't even have a believer, it's too pitiful."

Ye Luoer sighed again, with a hint of helplessness and sadness in her tone.

When Ye Chen heard the words "Broken Heart Bell", he was shocked and his scalp went numb.

He had already handed over the broken heart bell to Dharma King Guangming.

Could it be that the Dharma King Guangming took this broken heart bell as a sacrifice and enshrined it to Ji Siqing?

Chapter 9508

That's right, Ji Si has ruled out that it is not only Vulcan, but also the Lord of Destiny.

As for the Bright Dharma King, who used to be known as the Wheel of Destiny and practiced the Way of Destiny, it was not unusual for him to enshrine Ji Siqing.

Ye Luoer is also a god, so she can see the secrets behind her.

Ye Chen smiled wryly, the heart-breaking bell went round and round, and finally fell into the hands of his own camp.

However, this is not what he meant, Dharma King Guangming made his own claim, so it is not considered a breach of his promise.

Ye Luoer said again: "There is also the red child god star passed down from generation to generation in the Myriad Fire Realm, which is one of the Seven Stars of Destiny. Miss Siqing is also planning to inherit it. She has everything, but I have nothing."

Speaking of this, Luo Er's tone seemed sour.

Ye Chen couldn't laugh or cry, stroked her hair, thought for a while, and said:

"Luoer, after you go to Wuwu Time and Space, go to the Zen garden first, which is the domain of the Buddha. You go to see the Buddha and Senior Ren, and ask them to guide you on the next road. I will go to the gods in the future. visit you."

"I will also contact Senior Ren and ask him to pick you up."

Ye Chen knew that Ye Luoer would soon be inspired by Dao, and her ascension was imminent.

He originally wanted to ask Ye Luoer to go to the Ten Thousand Fire Realm so that he and Ji Siqing could take care of her.

However, looking at Ye Luoer's appearance, it seems that she is a little too envious of Ji Siqing.

If she went to Ten Thousand Fire Realm alone, she might feel very disappointed.

Therefore, Ye Chen planned to arrange for her to go to Ren Feifei's side.

At that moment, Ye Chen contacted Ren Feifei through the Tianjun Conferring God Monument, first explained the cause and effect, and then thought in his heart, Ji Siqing was in charge of the Myriad Fire Realm, and it seemed to be going very smoothly, with many opportunities, and he was going to refine some red child star.

After solving the cause and effect of the real world, Ye Chen also wants to ascend to the gods as soon as possible and reunite with Ji Siqing, Ren Feifei and others.

Seeing that Ye Chen had paved the way for her, Ye Luoer was grateful in her heart, and she didn't feel so wronged, and said, "Thank you, Brother Ye."

Rumble!

At this time, the inspirational power of the Great Dao descended, opened up the void, and a void crack appeared.

When Ye Luoer saw the crack in the void, she knew it was time to leave, and she was filled with reluctance, and said, "Brother Ye, I'm leaving."

Ye Chen said: "Well, you go, Senior Ren will take care of you."

Ye Luoer bit her red lips with silver teeth, and suddenly hugged Ye Chen's neck, then kissed Ye Chen deeply, and finally turned around reluctantly, but she still turned her head frequently: "Brother Ye, you must hurry up!" Ascend to God, come to Wuwu Time and Space to see me!"

Tears welled up in her eyes, and she suddenly didn't want to leave, so she ran back quickly in a small step, wanting to throw herself into Ye Chen's arms.

However, there was a huge suction force coming from that crack in the void, which sucked Ye Luoer's body in.

Ye Luoer cried out, although she was very reluctant to give up, but she was finally sucked into it, and was led to Wuwu time and space, and the crack in the void was also closed, as if it had never appeared before.

Ye Chen touched his lips that Ye Luoer had just kissed, he couldn't help laughing, and felt a little lost.

"This girl..."

"Luoer also went to Wuwu Time and Space, I don't know when, I can also ascend to the gods."

Ye Chen had a lot of thoughts in his heart. Now his cultivation is only the ninth level of the Profound Sky Realm, and he is still far away from ascending to the gods.

Shaking his head, Ye Chen stopped thinking about it, the most urgent problem in front of him was to solve the dark catastrophe.

The dark catastrophe has become more and more intense, and if it is not resolved, the fire will be in danger of being extinguished.

He took a deep breath, locked on the coordinates of Zihuang Immortal Palace, and went directly through the air.

At this time, more than half of the mountain gate of Zihuang Immortal Palace has been reduced to ruins.

The sky above was covered with overcast clouds, and thunder and lightning as thick as buckets, as well as torrential rain, poured down continuously.

The entire Zihuang Immortal Palace has been submerged by the torrential rain, and the flood is serious.

In the midst of thunderstorms, from time to time, flakes of frost floated down with extreme cold.

Even more frightening is that in the void

, cracked a series of gaps, the crystal wall system here has been broken, and there are strands of dark breath from the endless time and space, seeping down.

These dark auras, with their strong erosive power, melted away the many guardian formations of Zihuang Immortal Palace, causing the entire Zihuang Immortal Palace to be shrouded in various natural disasters and winds, creating a doomsday scene.

Ordinary disciples have already been placed under the underground palace.

In this doomsday-like scene, ordinary disciples are useless at all. As long as they dare to show their heads, they will be overwhelmed by natural disasters and darkness.

Ye Chen came through the sky, looking at the Zihuang Immortal Palace shrouded in darkness and cataclysm, he was also taken aback.

Today's Zihuang Immortal Palace can no longer see the slightest image of an immortal family, only violent natural disasters and dense darkness, like the end of the world.

Those dark breaths were so strong that they condensed into mist. Many indescribable monsters were born in the mist. They looked like humans, wearing a cloak, carrying a sickle, walking between the sky and the earth, harvesting all spiritual things, mountains, rivers and trees, birds and beasts, the energy of earth veins, and the lives of living people.

Many elite powerhouses, protectors, and elders of Zihuang Immortal Palace are running around shouting and fighting against those monsters.

Ye Chen also saw that Tianzun Daode, Daoist Chongyang, Yuhuang Gudi, Fengjianmeng and others were anxiously trying to repair the crystal wall system and resist the erosion of the dark natural disaster.

People with different standpoints in the past are now united in the face of natural disasters.

Chapter 9509

Because everyone knows that once the dark cataclysm erodes and the fire is extinguished, it will be a disaster for the entire real world.

"Sorry, I'm late."

Seeing how everyone was struggling to support, Ye Chen sighed. If it wasn't for Mozu Wutian, he should have arrived long ago.

His voice was not loud, but everyone in the audience could hear him clearly.

Everyone's eyes turned to the sky one after another, only to see the golden light of reincarnation showing on Ye Chen's body. In this dark world of natural disasters, it looks extraordinarily dazzling and brings people a great sense of security.

"The Lord of Reincarnation is here!"

"The lord of reincarnation has finally come, and I, Zihuang Immortal Palace, can be saved!"

"Hmph, do you still want to thank him? If it weren't for him, the disaster star, how could my Zihuang Immortal Palace be targeted by the forces of Wuwu Time and Space?"

Many warriors in Zihuang Immortal Palace, seeing Ye Chen coming, most of them were ecstatic and excited, as if they saw a savior.

But there are also some people who think that Ye Chen has harmed them, and there is hatred in their eyes.

Tianzun Daode, Daoist Chongyang, Ancient Emperor Yuhuang, and Fengjianmeng breathed a sigh of relief when they saw Ye Chen finally come back.

"Ye Chen, you are really amazing. You are in charge of the heart of light, and you have completely wiped out the demon ancestor Wutian. Who else is your opponent in this world?"

"If you hold the sky in your arms again, you will add great merit and luck to your body, then you will be truly invincible among invincibles."

Kazama dreamed that Ye Chen came back, and smiled, but there was a huge sense of vigilance in the smile.

Under the insight of Tianji, Feng Jianmeng, Daode Tianzun and others already knew that Ye Chen got the heart of light, and even completely killed the demon ancestor Wutian, causing black rain from the sky, and a generation of heroes was completely dead.

Now that the catastrophe of darkness is coming, it is the disaster of Tianqing. If Ye Chen holds Tianqing again, he will be invincible.

Tianzun Daode and Emperor Yuhuang both had very ugly faces.

Only Daoist Chongyang didn't have much hatred with Ye Chen, and they were even considered allies, they wanted to fight against the Daode Tianzun together, so when he saw Ye Chen's progress, he smiled slightly and said:

"Ye Chen, you came back just in time, if you don't come back, we won't be able to hold on."

Ye Chen took a look, and saw a stone tablet floating in the air, with the word "Heaven" printed on the stone tablet, it was the tablet of heaven!

In order to fight against the dark catastrophe, Daode Tianzun even took out the Tianbei.

However, Daode Tianzun couldn't refine and control this Tianbei, he could only mobilize a little bit of the power of the Tianbei.

This trace of strength is obviously not enough to fight against the darkness of the sky.

"I think you don't need a heart of light to fight against darkness, just use this stele."

Ye Chen focused his gaze, grabbed it with his big hand, and grabbed it towards the Tianbei.

The Tianbei is the last mysterious tablet of reincarnation. If Ye Chen can get it, he can exert the greatest power, unlike Daode Tianzun, who can't use it even if he gets it.

"you dare!"

Daode Tianzun saw that Ye Chen wanted to snatch his Tianbei as soon as he made a move, he was furious, and slashed at Ye Chen with a sword.

This sword has the level of a demigod!

It seems that with the loosening of the laws of reality, the cultivation base of the moral Tianzun has also improved, and has surpassed the realm of the immortal emperor and stepped into the realm of a demigod.

In other words, he actually had the qualifications to become a god long ago, but he stayed in the real world only to protect the fire and reality, and he never became a god.

There is no doubt that the original moral Tianzun is great, he has the qualifications to ascend to the gods, but he did not go to Wuwu Time and Space, but chose to guard the fire.

However, this protection has gradually become his obsession and demon.

The fire seed was passed down from the Heavenly Fire Star, and it was part of Ye Chen's reincarnation blood.

If Daode Tianzun is really selfless and great, he should return the fire to Ye Chen.

Only in Ye Chen's hands can Tinder exert its greatest power.

However, it is absolutely impossible to ask him to hand over the fire.

The same is true for this monument.

Even if he knew it was part of reincarnation, he would not give it to Ye Chen.

Seeing Daode Tianzun slashing at him with a sword, Ye Chen just smiled and didn't panic. He drew his sword and said, "I'm just joking, don't worry."

For such an important thing as the Tianbei, Ye Chen will definitely regain it in the future.

But for now, it is better to dispel the dark cataclysm first, and repair the crystal wall system is the most important thing.

Daode Tianzun snorted, looking at Ye Chen's calm and composed appearance, he felt a faint sense of loss in his heart.

He knew that Ye Chen had made such rapid progress, whether it was the tinder or the Tianbei, they might be snatched away by Ye Chen.

No, maybe Ye Chen doesn't even need to grab it.

As long as his breath of reincarnation is strong enough, the fire seed and the sky tablet will automatically be inspired by him and fly to his side.

"When the catastrophe is over today, I must find a way to deal with this kid."

Morality Tianzun thought to himself.

Ye Chen naturally knew that Daode Tianzun was hostile to him, but he didn't care.

The most urgent task is to solve the immediate catastrophe.

"The dark natural disaster brought down by the Dark Sky Emperor and the Death God Cult together is indeed violent, but fortunately, I have already obtained the Heart of Light."

Ye Chen smiled, and wanted to sacrifice his heart of light, but suddenly, he felt that his dantian seemed to be blocked by an invisible wall of air.

That bright heart can't be released!

"It's the law of cause and effect!"

Ye Chen's complexion changed, and he felt that somewhere in the dark, someone had laid the law of cause and effect to prevent him from releasing the heart of light.

Rumble!

Even the dark natural disasters around him seem to be manipulating behind them, deliberately targeting Ye Chen.

A series of purple thunders, mixed with a monstrous evil spirit, slammed towards Ye Chen fiercely.

This thunder disaster was as ferocious as a catastrophe, extremely terrifying.

"Great Tomb Sword, break!"

The sudden change made Ye Chen's heart sink. The matter was really not simple, but he didn't panic, and reacted very quickly. With a move of the Great Tomb Sword, the rolling sky burial sword qi burst out, and those thunder disasters that were bombarded down were killed. , all beheaded.

Aww!

At this time, many monsters that were born in the black mist of the void also started to go crazy, and they rushed towards Ye Chen like crazy. Countless monsters bared their teeth and claws, which was creepy.

Ye Chen's body was as steady as a rock, unmoved, he directly cast the mother nest of rune ghosts, and summoned many rune ghost puppets to fight against those monsters.

At the same time, Ye Chen also mobilized the spiritual energy in his body and began to attack the blockade of the dantian.

Someone must have laid down the law of cause and effect to forbid him to release the heart of light.

But the limitation of the law of causality cannot limit Ye Chen for long.

With Ye Chen's means, it is completely possible to break through.

Daodetianzun, Yuhuanggudi, Fengjianmeng, Chongyang Zhenren and others were all surprised to see Ye Chen being targeted.

Chapter 9510

"Lord of reincarnation, your growth in the real world is really terrifying, and now you are almost invincible in the real world, it seems that I still need to do it myself!"

At this moment, a sound exploded in the void, and a majestic demon god emerged from the black mist and natural disasters.

This demon god looks like a middle-aged man with a handsome appearance, his facial features are as clear as a chisel, and there is a black halo behind his head, like a black sun, the appearance is quite strange.

It was the black aura that made him manifest the aura of a demon god, and it was obvious that he was not a human race.

"Black Sun, Meng Tiancan?"

When Ye Chen saw this demon man, he caught the secret and immediately recognized him.

This devil man is none other than Meng Tiancan, the fourth protector of the Death God Cult, code-named Black Sun.

Meng Tiancan was born in the scorching sun demon clan, and the scorching sun demon clan was a race born under the scorching sun star.

The black halo behind Meng Tiancan's head is somewhat similar to the scorching sun star, like the scorching sun after being demonized and fallen, it is a black sun.

Of course, what came down now was not Meng Tiancan himself.

Meng Tiancan's strength is strong, so it's difficult for his body to break through the crystal wall system's restriction and descend into the real world.

What appeared in front of Ye Chen was only the projection of Meng Tiancan.

But even with the projection, the power is quite violent and domineering, already a little close to the second level of the Divine Dao Realm!

Perhaps it was because the crystal wall system in the sky above Zihuang Immortal Palace had been broken everywhere, and the dark natural disaster was severe, so the strength of Meng Tiancan's projection also surpassed the level of the first level of the ordinary Divine Dao Realm, and it was about to reach the second level.

The blockade of the law of cause and effect on Ye Chen was obviously also the handiwork of Meng Tiancan.

Daode Tianzun, Yuhuang Gudi and others all felt a burst of great pressure when they saw Meng Tiancan's arrival.

Meng Tiancan glanced at the audience, then looked at Kazama Meng with a smile and said, "Sanwei, long time no see."

"The wheel of fortune chased you back then, but you were unscathed. The power of the tailed beast is indeed terrifying."

"I want to extinguish the fire. It has nothing to do with you. You should go, lest everyone fight and hurt the peace."

Kazama Meng looked at the other party with a complicated expression, and said: "The real world is the hometown of the goddess, and I can't watch her hometown be destroyed."

Hearing this, Meng Tiancan was stunned for a moment, then smiled and said, "Really? Well then, you can do whatever you want. In short, the fire must be extinguished today!"

After a pause, Meng Tiancan's eyes fell on Ye Chen, and his smile became cruel and cruel: "Lord of Reincarnation, you want to use the heart of light to dispel the natural disasters of darkness, that is wishful thinking."

"The shackles of light, the shackles and seals, this is the law of karma set by me. If you want to break through, you must kill me first."

Ye Chen's heart became more serious when he heard Meng Tiancan's words.

He looked inside his dantian, and saw the heart of light, surrounded by black shackles, like a tight seal.

This is the law of cause and effect laid down by Meng Tiancan!

His law of cause and effect is just right, either to curse Ye Chen, or simply to block the heart of light and not give Ye Chen a chance to use it.

Moreover, the time he intends to ban is also very short, only about one day.

After a day, Ye Chen can use it.

But if it is delayed for a day, I am afraid that the entire Zihuang Immortal Palace, including the fire, will be submerged in darkness.

It has to be said that Meng Tiancan is very measured, even if he uses the law of cause and effect, it is not too much.

Because, if the law of causality is too outrageous, if it is not logical, it cannot be realized.

Meng Tiancan's law of karma is just to ban the heart of light, not to hurt Ye Chen, it just works.

In order to prevent Ye Chen from breaking through, he even lowered a projection clone at any cost to maintain the operation of the law of cause and effect.

If Ye Chen wanted to break through the law of cause and effect and release the heart of light, he had to kill him first.

"Do you really think I can't kill you?"

Ye Chen's eyes turned cold, and he signaled to Emperor Yuhuang, Daode Tianzun and others, and he took the lead in beheading Meng Tiancan with his sword.

Meng Tiancan's projection contained his own natal will, which was basically the peak of the first level of the Divine Dao Realm, close to the strength of the second level of the Divine Dao Realm.

If Ye Chen was alone, of course it would be difficult to deal with.

However, in the face of natural disasters, it is not impossible for him to stand on the same front as Emperor Yuhuang, Daode Tianzun and others, and gather the strength of everyone to kill Meng Tiancan.

These people are all peak emperors, and they are also the existences most likely to become gods in the real world.

Tianzun Daode, Emperor Yuhuang, Daoist Chongyang, and Fengjianmeng also knew the pros and cons of the matter, and immediately attacked Meng Tiancan after Ye Chen made a move.

Meng Tiancan chuckled and said, "You have so many people, I can't beat you."

"However, if you want to kill me, I'm afraid it won't be easy."

While speaking, Meng Tiancan's body flickered like a phantom, avoiding the attacks of Ye Chen and others.

In fact, if he was head-to-head, with his strength close to the second heaven of the Divine Dao Realm, he would not be able to withstand the joint efforts of Ye Chen and others.

However, he chose to avoid the battle, relying on the strength of the Divine Dao Realm, and kept avoiding it.

Ye Chen and the others attacked fiercely and hit Meng Tiancan's body several times, but they were either blocked by an air wall, or seemed to hit the air and penetrated directly, unable to hurt Meng Tiancan at all.

This is the supernatural means of the Divine Dao Realm, the application of the law of causality and fantasy.
