Chapter 9511

Meng Tiancan set up an air wall of causality to protect himself, and when he was in danger, he turned into a fantasy, turning his body into a fantasy concept, immune to all harm.

These supernatural powers are all the mysteries of the gods, completely transcending reality.

Although Daoist Chongyang and Kazama Meng also possessed the mysteries of these gods, if they wanted to use them, they would have to pay a considerable price.

The two of them obviously felt that now was not the time to use their cards, and they pinned their hopes on Ye Chen, and the battle was led by Ye Chen.

"Are you all counting on me?"

"It's already this time, do you still want to keep your hole cards?"

Ye Chen couldn't attack for a long time, but as time passed, the dark natural disasters around him became more violent. Thunder and explosions, wind and rain disasters, snow and ice disasters, roaring in the sky and the earth, and the dark atmosphere gathered into a sea of fog, making people breathless.

"Hehe, you all have your own ideas, so why do you have to act like an ally?"

Meng Tiancan couldn't help laughing, he didn't take the risk to fight back, he kept dodging, maintaining a tight defensive posture, not leaking anything.

He knew that as long as time dragged on, the surrounding dark natural disasters would become more and more violent. In the end, the entire Zihuang Immortal Palace, including everyone, would be engulfed in darkness.

This is the general trend of the world.

These darkness are energy from the infinite time and space, not summoned by Meng Tiancan, but the power of heaven and earth itself.

He just used the formation to pour the darkness into Zihuang Immortal Palace.

That formation is like a gate, once the gate is opened, the flood of darkness will pour down.

This is the general trend of heaven and earth falling. If Ye Chen and others want to fight against it, it is equivalent to using human power to fight against the general trend of heaven and earth, and they will only end in destruction.

Unless, Ye Chen can summon the heart of light.

However, that bright heart had already been blocked by Meng Tiancan.

Ye Chen saw that the situation was getting more and more serious, but the four of them, Tao Dao Tian Zun, Yu Huang Gu Di, Feng Jian Meng, and Chong Yang Zhenren, all kept their trump cards and refused to use all their strength to deal with Meng Tiancan.

"Hahaha, this Meng Tiancan is right. We have our own thoughts, so what kind of allies are we?"

"It's impossible to rely on you, only rely on myself."

Ye Chen laughed loudly, the laughter was a bit desolate, and then the black air surged all over his body, gathering towards his eyes.

"Um?"

Sensing Ye Chen's whistling devilish energy, Meng Tian felt a faint sense of something wrong. He had a joking expression just now, but now he became a little frightened, and shouted:

"Boy, what do you want to do?"

Ye Chen stared at Meng Tiancan, and shouted word by word: "Devil's Eye, open!"

After the words fell, various ancient lines appeared in Ye Chen's left eye, and the dark death energy that was stronger than the dark natural disaster burst out instantly.

His Devil Eye of Desperation has been opened again!

At the moment when he opened the Devil's Eye, Ye Chen felt an unprecedented stabbing pain in his left eye, and felt as if he was about to go blind.

Strands of blood continued to flow from his eye sockets.

If he wanted to kill Meng Tiancan, he could only use the Devil's Eye of Death.

Even if the cost is huge!

"It's...the eyes of Emperor Huntian."

Meng Tiancan's voice was hoarse, as if someone had strangled his throat.

In fact, he has insight into the secrets of heaven, and he knew that Ye Chen had got the eyes of Emperor Hun, but he didn't know the specific power.

Now, seeing the Devil's Eye of Death opened, he was deeply shocked.

Even though the years and wars have worn it down, the Devil's Eye of Death that Ye Chen opened still exploded with power enough to rebel against the gods.

Although Meng Tiancan's cultivation base is strong, and in the real world, he has the strength close to the second heaven of the divine way, he would not be killed by Ye Chen at a glance.

However, Ye Chen's Devil Eye of Death, that strong breath of death still brought him tremendous pressure.

Zizizi!

At this moment, Meng Tiancan's skin felt like it was being boiled by boiling water.

The voice twisted.

Under the tremendous pressure of death, his skin began to crack, and the essence of his original source still leaked out, and then withered into ashes.

"Kneel down."

Ye Chen opened the Devil's Eye of Death, and the demonic energy exploded on his body, and an ancient vision appeared behind him. The Throne of Thorns emerged, and each thorn had the texture of the dark road, which complemented the Devil's Eye.

Seeing the Throne of Thorns, Meng Tiancan couldn't bear it anymore.

The Throne of Thorns is the highest artifact of the Death God Order and the symbol of the highest authority.

For the general powerhouses who have no time and space, the impact may not be great, but for the people of the Death Sect, the impact is extremely huge!

Any member of the Reaper's Cult who sees the Throne of Thorns is like seeing the Reaper!

Under the dual coercion of Ye Chen's Devil's Eye of Death and the Throne of Thorns, Meng Tiancan's heart was shaken, and he couldn't stop the breath of the Throne of Thorns anymore.

thump.

He knelt down on the spot.

To the Throne of Thorns, to Ye Chen, bow down.

Ye Chen's eyes hurt badly, and he climbed up to the Throne of Thorns with difficulty, and then he felt better, he let out a sigh of relief, and said to Meng Tiancan:

"Lead yourself to death, don't let me do it."

Meng Tiancan's body trembled, but unexpectedly he replied: "Yes."

Then, with a backhand palm, he crushed his own head.

His avatar just disappeared, and part of the timeline of his main body disappeared.

Daode Tianzun, Yuhuang Gudi, Chongyang Daoist, Fengjianmeng, and all the strong people from Zihuang Immortal Palace were shocked and completely astonished when they witnessed this scene.

The Meng Tiancan just now was so powerful and chic.

Even if Ye Chen, Emperor Yuhuang and the others join forces, they won't be able to hurt a single hair of him.

But now, Ye Chen's hole cards exploded, and the Devil's Eye of Death and Throne of Thorns were cast, crushing Meng Tiancan's Dao heart on the spot, making him kneel down and commit suicide.

This domineering and powerful power made everyone feel suffocated.

Ye Chen wasn't very excited, and used the Devil's Eye again. The burden on his left eye was too great, and his vision was already blurry.

Even he himself might be killed by the Devil's Eye of Death.

There must be a price behind what is powerful.

This is the logic of the martial arts world.

"When today is over, I need to rest for a while, otherwise my eyes will definitely be disabled."

"Until the eyes are restored, it is impossible to hit the Boundless Realm."

Ye Chen thought to himself, his eyes hurt badly, and in a short time, he would not be able to hit the Boundless Realm.

Shaking his head, Ye Chen restrained the distracting thoughts in his heart, and looked at the sky. The dark cataclysm became more and more intense. Fa has already been destroyed.

The dark flood, the dark mist, submerged everything, and even the underground palace was affected. Many ordinary disciples who were taking refuge screamed desperately. I don't know how many people died.

Chapter 9512

"Heart of light, dispel darkness."

Ye Chen looked silent, his eyes hurt badly, and he didn't care about the death of other people, he just wanted to solve the dark natural disaster quickly, and then go back to rest.

hum!

Ye Chen summoned the heart of light from his dantian.

Now Meng Tiancan's avatar has been wiped out, and the blockade of the law of causality has also broken away.

With one thought, Ye Chen summoned the Heart of Light.

Fierce, sacred, filled with silvery white light, the heart of light with the breath of ancient glory slowly rose into the mid-air.

Daode Tianzun, Yuhuang Gudi and others looked at the bright heart, all a little bit astonished and absent-minded, as if they saw the most perfect artwork in the world.

That heart of light has withered many mysterious patterns, each pattern and rune carries the ultimate light power, that light power does not even exist in the heavens, it is just a concept in the fantasy of the God of Light , The concept of being able to shine on the other side of the starry sky is simply crazy.

Those patterns and runes are not perfect, there are many missing.

Because this bright heart is still an unfinished work, a semi-finished product.

But, even so, the intense light emanating from the Heart of Light swept across the sky in an instant, clearing away all the darkness and calamity that filled the sky.

The holy light of glory sprinkled down and landed on the mountain gate of the Zihuang Immortal Palace that had been turned into ruins, revealing a glimmer of hope in the desolation.

The effect of the heart of light is immediate.

As soon as Ye Chen released his heart of light, it immediately pierced through the darkness, causing all thunderstorms, windstorms, rain and snowstorms, evil spirits of darkness, and distorted monsters to disperse.

This heart of light is something that is used to illuminate the other side of the starry sky in the fantasy of the God of Light, and it is naturally easy to dispel a small amount of dark energy.

Daode Tianzun, Yuhuang Gudi and others watched this scene, they were all stunned.

"Is this the great work in the fantasy of the God of Light, the Heart of Light?"

"By the way, I've seen this Bright Heart before."

Daode Tianzun's voice was full of admiration, and the memories of the past were tumbling violently, which made his heart feel colic.

When the Heart of Light was born, he witnessed it with his own eyes, and was almost blinded by the light.

But at this time, the heart of light has been subdued by Ye Chen.

Ye Chen controls the brightness of the Heart of Light, which is just enough to dispel the darkness without being too blazing.

Daode Tianzun, Yuhuang Gudi and others can look directly at the heart of light, and can see the great, sacred, profound and complex lines on it.

Those lines and symbols definitely couldn't be created by Guangshen Tianzun alone.

Even if he is Nine Gods, he is not qualified to complete such a great work.

Behind this, there is also the help of Yuantian Emperor.

"This Heart of Light is not a divine tool for killing, but relying on such a strong light, killing some ordinary strong men without time and space is as easy as crushing an ant."

Emperor Yuhuang's eyes froze, and his heart was full of fear and jealousy.

The Bright Dharma King gave Ye Chen the Heart of Brightness as a gift, not borrowed it.

This matter is too big, and it has already touched the secret of heaven. He, Daode Tianzun and others have all sensed it.

That is to say, Ye Chen is the master of the Heart of Light, and with such an artifact, he is even more invincible and terrifying.

Seeing Emperor Yuhuang's frightened and jealous look, Ye Chen secretly laughed.

In fact, even if he got the Heart of Light, he wouldn't use it often.

Because this thing is only a semi-finished product after all, if it is used frequently, it may cause wear and tear.

Ye Chen didn't want such a great work to be wasted in his own hands.

He also wanted to wait for his cultivation to be strong, to make this semi-finished product completely perfect, and use it to illuminate the way to the other side of the starry sky.

This is the wish of the God of Light.

It is also the wish of Emperor Yuantian.

"Ye Chen, make a price, I want this bright heart."

Meng Kazama asked Ye Chen suddenly, her voice was full of passion and longing.

She had also seen this Bright Heart when she fell into the Dead Soul Realm, but she had no chance to get in touch with it. It was impossible for the Bright Temple to give it to her.

Now Ye Chen brought out the heart of light, which made Kazama Meng very excited and wanted to trade.

Ye Chen, who was sitting on the Throne of Thorns, coughed and laughed when he heard this, shook his head and said, "This thing is a priceless treasure, I can't give it to you."

Kazama Meng said: "I can offer enough chips to satisfy you."

Ye Chen said "Oh", and asked casually, "What chips?"

Kazama Meng stared into his eyes, did not speak, seemed to be afraid of touching the secret, and then quietly transmitted the voice, and the voice was deliberately covered up, saying:

"I can help you assassinate Yehan."

The sound transmission reached Ye Chen's ears, and Ye Chen almost jumped up from his seat because he was so surprised.

He widened his eyes, took a deep breath, calmed himself down, and went back via voice transmission:

"Can you kill Yehan?"

Ye Chen killed the Demon Ancestor Wutian, which is considered to be a bond with Yehan, and he will definitely be retaliated in the future.

This Yehan, who was able to steal the ten-tailed cubs under the eyes of the ancient god Tuodi and betrayed the teacher, was definitely strong.

Now Kazama Meng said that she could assassinate Ye Han, which surprised Ye Chen.

Kazama Meng said: "I'm not sure about fighting head-on, but I have a chance for sneak attack and assassination. Kyuubi is my friend. It is not willing to be controlled by Yehan, and has always wanted to rebel."

Chapter 9513

"Yehan summoned Mo Zu Wutian to destroy the consciousness of Nine Tails and replace it with Mo Zu Wutian's consciousness, but if you killed Mo Zu Wutian, it was a mess of his plan, and he must hate you To the bone."

"Yehan was once the top killer in Wuwu. If you offend him, it will be more troublesome than offending Ancient God Tuodi himself."

"As long as you give me the Heart of Light, I can help you assassinate Ye Han."

"Nine-Tails and I are cooperating with each other, and Ye Han may not be able to defend against it."

Ye Chen was shocked when he heard Kazama Meng's words.

It turned out that Ye Han wanted to lead the demon ancestor Wutian to Wuwu Time and Space in order to replace Nine Tails.

Replace the consciousness of Nine Tails with the consciousness of Demon Ancestor Wutian.

Although Demon Ancestor Wutian is a hero of a generation and has a changeable mind, no matter what, he is much purer than Nine Tails.

Ye Han's idea was to turn Demon Ancestor Wutian into Nine Tails so that it would be easier to control.

But Ye Chen's shot broke his dream.

Now that Ye Chen heard what Kazama Meng said, he could feel the secret, how much Ye Han hated and angered him in the infinite time and space.

If Kazama Meng is willing to take action and assassinate Yehan, that would be great.

However, asking Ye Chen to take out the heart of light is too expensive and cannot be considered.

Ye Chen thought for a while, finally shook his head and said, "I can't give you the heart of light, so you don't need to say any more."

Kazama dreamed that Ye Chen's attitude was still so resolute, he felt very unhappy, he snorted coldly with disdain, and said: "If you don't give it, you won't give it, what's the big deal."

"You chose this, and if Ye Han takes revenge in the future, don't blame me."

After all, Kazama Meng turned and left indifferently, and Yufeng flew away from Zihuang Immortal Palace.

Tianzun Daode, Gudi Yuhuang, and Daoist Chongyang were all surprised when they saw Fengjianmeng leave suddenly.

Just now, Meng Kazama communicated with Ye Chen through sound transmission and will, and deliberately covered up the secret, so that outsiders could not hear it.

Seeing that the dark cataclysm had been resolved, Ye Chen put away his heart of light and said, "Tao Dao Tianzun, this matter is over, and I should go."

The crystal wall system of Zihuang Immortal Palace is quite severely broken, but Ye Chen doesn't need to worry about it. It can be completely repaired by the method of Daode Tianzun.

Ye Chen looked at Daode Tianzun meaningfully, and said: "When I am promoted to the Infinite Realm in the future, I will take back what belongs to me, whether it is the fire seed or the Tianbei."

After saying this, Ye Chen's figure, together with the Throne of Thorns, disappeared into the void and left Zihuang Immortal Palace.

Daode Tianzun listened to Ye Chen's threatening words just now, his face was very ugly, and he snorted.

But thinking about it, Ye Chen is so invincible, once he is promoted to the Boundless Realm, even gods can't stop him.

"Gudi Yuhuang, this kid is too arrogant."

"If he is really promoted to the Boundless Realm, we will be dead."

Daode Tianzun said angrily.

Emperor Yuhuang said in a deep voice: "It's okay, I think it seems that the boy used the Devil's Eye of Destiny, the price is not small. He probably needs to rest for the next period of time, and there is no possibility of hitting the immeasurable realm."

Daode Tianzun said: "Although this is the case, you must kill him before he is promoted, otherwise he will step into the infinite realm, and he will be truly invincible. If you want to kill us, it is like trampling two ants to death."

"You already have the qualifications to ascend to the gods, I will tell Hongjun to help you ascend to the gods."

Emperor Yuhuang was overjoyed when he heard that Daode Tianzun was willing to take action and appointed Patriarch Hongjun to help him, but his heart trembled again, and said:

"Tao Dao Tianzun, let me say it first, you help me ascend to the gods, it is you who want to deal with the Lord of Reincarnation, it is not my request."

"I don't owe you any favors."

He is afraid that he will be favored by others, and he will be tainted with karma, which will be difficult to deal with in the future.

Daode Tianzun said: "Don't worry, I am begging you to ascend to the gods, and you have nothing to do with me."

Emperor Yuhuang was overjoyed, and said: "It's very good."

Chongyang real person listened to the two of them the whole time

Talking, just sneered, turned and left without comment.

He didn't tell Ye Chen about the plans of Emperor Yuhuang and Daode Tianzun.

Because there is no need.

Such a big plan cannot be concealed.

Even if Ye Chen is a fool, he can sense the secret and catch the murderous intent.

As for Emperor Yuhuang and Daode Tianzun, they did not deliberately conceal it, because their conflict with the reincarnation camp had already been made public.

Now, they are fighting to see who can break through first.

If Ye Chen stepped into the Boundless Realm first, then the Ancient Emperor Yuhuang would not even think about making a comeback, but just commit suicide.

Ye Chen is now only the ninth level of the Profound Sky Realm, so invincible. When he enters the Boundless Realm, he will crush everything in the real world.

The ancient Emperor Yuhuang wanted to defeat Ye Chen, but he had to ascend to the gods first and step into the realm of the gods.

...

When Ye Chen returned to the Star-Moon Realm, his eyes still hurt badly, so he retreated to rest.

In the retreat room, Ye Chen calmed down a little, and tried to stimulate the heart of light to illuminate his dark world of fate.

If it is a perfect heart of light, it is enough to instantly light up the night star.

However, this Bright Heart is only a half-finished product.

If you want to completely light up the star of the night, it will take some time, and Ye Chen needs to have enough cultivation.

Ye Chen reckoned that when he stepped into the Boundless Realm, the star of life in the night should be able to awaken.

Once the star of the night awakens, his strength will inevitably rise to a higher level, and the real world will probably be able to walk sideways by then.

Chapter 9514

"Yehan might be bad for me, I have to ask Senior Ren to take care of it."

Ye Chen was convalescing his eyes while thinking about the future.

He can capture the secret traces of the Antian Emperor and the Death God Cult. If the other party has any conspiracy to kill, he can sense it and make preparations in advance.

But Ye Chen knew very little about Ye Han's words.

He needs more information.

At the moment, Ye Chen used the Tianjun Fengshen Tablet to communicate with Ren Feifei, and briefly talked about Yehan.

"I'll keep an eye out for you."

A word from Ren Feifei immediately made Ye Chen feel at ease.

Right now, Ye Chen rested in peace, and only waited for his eyes to recover before he could hit the Boundless Realm.

...

At this time, there is no time and space.

The hidden world of snow, the top of the mountains.

After the dark cataclysm was resolved, Emperor Antian and Meng Tiancan were so angry that they vomited blood.

Especially Meng Tiancan, who really vomited blood, because one of his projected avatars was destroyed by Ye Chen, implicating the main body, and he suffered a lot.

"This kid, dare to usurp the authority of my Reaper Cult and occupy the Throne of Thorns, I want him to die!"

Meng Tian was furious, thinking that he had knelt down to Ye Chen just now, he felt even more ashamed and indignant.

At that time, under the coercion of Ye Chen and the Throne of Thorns, he had no other thoughts at all and could only kneel down subconsciously.

This is the power of the Devil's Eye and the Throne of Thorns, enough to suppress the gods.

An Tiandi gritted his teeth, unable to keep calm anymore, and said in a deep voice: "Guardian Meng, the matter has come to this, do you have any other way to deal with that kid Ye Chen."

"His Demon Eye of Destiny should have belonged to me!"

Meng Tiancan's face was very ugly, and he said: "I'm afraid the situation is a bit tricky. Actually, I secretly contacted the people in the deep realm, and wanted to assassinate the people in the reincarnation camp and disturb that kid's Dao heart, but..."

Emperor Antian said: "Is it the deep realm?"

There are four major killer organizations in Wuwu Time and Space, namely the Deep Underworld Domain, Tianzhu Palace, Remnant Dream God Sect, and Black Blood Sect.

Among them, the Deep Underworld Domain is the most powerful existence.

It seemed that Meng Tiancan had spent a lot of money to invite people from the Deep Underworld Realm, but judging by his appearance, it didn't seem to have any effect.

"Have those killers been intercepted by Emperor Yuantian?"

An Tiandi vaguely guessed something.

Meng Tiancan smiled wryly, and said: "I didn't kill him, but Emperor Yuantian did take action secretly to protect the reincarnation camp. The killer I invited, they couldn't find any chance to make a move."

"Emperor Yuantian warned me, told me to be honest in the past six months, and not to force him to take action."

"But if it's really delayed for half a year, that kid is probably going to ascend to heaven and become a god."

"Ren Feifan can climb to the top in one step and become the Emperor of Heaven. That kid may not be impossible. If he steps into Wuwu Time and Space, it will be our doomsday!"

Antian Emperor's scalp was numb, and said: "Is there really no other way? Can we just wait for death?"

Meng Tiancan thought for a while, and finally said with some concerns:

"There is a way. I have friendship with Mr. Ye Han, so maybe I can ask him to help."

An Tiandi's eyes brightened and he said, "Master Ye Han?"

Meng Tiancan said: "Yes, Mr. Yehan was once a top killer, even more powerful than the killers in the deep realm. If he makes a move, maybe he can find a way to break through the blockade of Emperor Yuantian and really suppress the reincarnation camp."

"It's just that he hasn't been able to completely tame Nine-Tails for many epochs, and he's in a bad mood. When talking to him, be careful not to make him angry."

An Tiandi sneered, and said, "No matter how powerful this Mr. Yehan is, can he be as powerful as a ninth-rank Heavenly Emperor like me?"

He is the patriarch of the Fengjian family, a ninth-rank emperor, with a cultivation level that reaches the sky, a high position and authority, and his own arrogance, and he doesn't take Ye Han seriously.

Meng Tiancan is also a Heavenly Emperor, but he is only the weakest rank. There is a huge gap with these top Heavenly Emperors, so

He spoke more politely, saying:

"Now that there is a blockade by Emperor Yuantian, it is difficult for us to deal with the reincarnation camp, so we can only ask Mr. Yehan to take action. His supernatural powers are changeable, and there may be a way to break the situation."

Antian Emperor snorted, but thinking about it carefully, if he doesn't get rid of Ye Chen, he won't be able to regain the Demon Eye of Death, so he can only nod his head at the moment, saying:

"That's all, I'll follow you to see Mr. Ye Han."

Meng Tiancan said: "It's very good."

Immediately, he set off with An Tiandi, directly tearing apart the void, and headed for Yehan's realm.

The place where Yehan is located is very remote, with thin spiritual energy, and howling wind, sand, ice and snow. It is called "Land of Absolute Cold", and it is a place without any life, only desolation.

In order to avoid being hunted down by his master Tuodi, the ancient god, he has been hiding in this Jedi.

Meng Tiancan and Antian Emperor came to this desperate land.

Yehan had already sensed it, and rode a fox monster from the air.

That fox monster has a huge body, with nine tails dragging behind it, it is the legendary nine tails!

Nine-Tails' eye boy, cloudy and sunny, has a violent and evil spirit, as if he is going to go crazy and kill at any time.

When Meng Tiancan and Antiandi saw this, their hearts were terrified, and they felt the ominous killing aura blowing towards their faces.

With their Heavenly Emperor-level cultivation base, facing Nine-Tails, they felt a sense of dread, and couldn't even look directly at them.

It is conceivable how terrifying the power of the tailed beast is.

Leaving aside Ye Han's strength, he can cross the heavens just by relying on the nine tails.

However, looking at Nine Tails' appearance, it seems that he has not completely surrendered to Yehan, and his eyes are too fierce.

When they got closer, Emperor Antian and Meng Tiancan saw black energy chains on Jiuwei's body, if there were any, like a series of restraints, shackling Jiuwei's animal nature, preventing him from letting go. Its tyrannical madness.

"Blowing snow in the wind, Meng Tiancan, what wind brought you here?"

Yehan descended on Jiuwei, stroked the long hair on Jiuwei's neck, and asked Antian Emperor and Meng Tiancan calmly.

From the outside, Ye Han seems to be an elegant scholar, very refined, but his eyes are a little cold, no one would have thought that he was once a top killer, the right-hand man of Tuodi Ancient God, who betrayed his teacher and stole ten The tail cub even split the ten tails, and now he occupies the nine tails.

Meng Tiancan saw that Yehan's face was not very good-looking, and he thought that the demon ancestor Wutian was killed and Yehan's plan was disrupted, so he felt very unhappy.

According to Ye Han's original plan, he wanted to bring the Demon Ancestor Wutian up, and use the consciousness of the Demon Ancestor Wutian to replace the consciousness of Nine Tails, so that it would be easier to control.

Although it is absolutely impossible for the generation of demon ancestor Wutian to be controlled willingly, Yehan naturally has his own way.

No matter what, controlling a living person is much simpler than controlling Nine Tails.

However, Ye Chen made a move and directly killed Demon Ancestor Wutian, which made his idea come to nothing.

Chapter 9515

Meng Tiancan said: "Master Yehan, I already know that your plan was disrupted by the Lord of Reincarnation."

"We have a common enemy. Emperor Antian and I have come here this time to ask you to personally take action to destroy reincarnation."

Hearing this, Ye Han laughed loudly, and said, "With the protection of the Emperor Yuan, in the past six months, it may be impossible to destroy reincarnation."

Meng Tiancan said: "Mr. Yehan has great powers, so he must have a solution."

Hearing Meng Tiancan's compliment, Yehan only smiled, and after a while of silence, he said solemnly:

"Speaking of which, I do have a way to bypass Emperor Yuantian and directly attack the reincarnation camp, but the cost is huge, and a large amount of Yuanyu will be consumed."

"If each of you can give me one million gold source jade, I can try to make a move."

"Otherwise, let's wait half a year. I'm not afraid of the lord of reincarnation ascending to the gods. He needs time, and I need time too. Slowly develop a relationship with Kyuubi."

After a pause, he stroked Nine-Tails' hair again: "You think so? Nine-Tails."

Nine Tails responded with a disdainful nasal voice, his eyes were full of contempt and violence, obviously he didn't recognize Ye Han as his master.

Tailed beasts have a very lonely temper. In this world, only super-grade emperors like Yuan Tiandi and Hun Tiandi can make them submit.

"You want a million gold source jade?"

Emperor Antian's face trembled. This resource is not a small amount, it is a huge sum of money, enough to elevate a low god to the level of a middle god abruptly.

His Kazama family's one-year training consumption may not be as much as a million gold source jade.

In order to mobilize the dark cataclysm before, he had already consumed a lot of the blood of the emperor of heaven, and he was a little unable to support the consumption of millions of source jade.

Yehan sneered, "Chuixue Fengjian, your Kazama family is also a starry sky clan after all, can't you even bring out a mere million gold source jade?"

"As long as you give me enough source jade, I can set up a sword array and use the sword of decay to attack people in the reincarnation camp."

"I've already chosen my target, and that is the Vulcan of the Myriad Fire Realm, the usurper of destiny, Ji Siqing!"

"As long as my rotten sword is cut out, Ji Siqing's spiritual heart will definitely suffer from decay. She will betray the reincarnation camp and kill the lord of reincarnation by herself. There is no need for us to take action."

Hearing the word "Sword of Decay", Antian Emperor and Meng Tiancan were both shocked.

This decaying sword is one of the Heavenly Emperor's Five Decaying Swords, and it is also the most bizarre existence among the Heavenly Emperor's Five Decaying Swords, killing people and killing people's hearts.

Back then, the ancient god Tuodi used the sword of decay to erode the Taoist heart of Fengshen Tianzun.

Fengshen Tianzun's Taoist heart was eroded, and he directly turned against his elder brother Lingkong Tianzun. The two sides started a civil war and slaughter around Jiushenlu.

The black hand behind this scene is the ancient god Tuodi, the corrupt sword!

The rotten sword is not only a killing sword, but also a heart-killing sword, which can severely corrode a person's Taoism, twist people's mind, and plunge them into frenzy.

Yehan is the great disciple of the ancient god Tuodi, so he is also proficient in this sword.

Emperor Antian frowned slightly, and said: "Aren't you afraid of being intercepted by Emperor Yuantian when you use the sword of decay?"

Yehan smiled and said: "So I need you to take action and give me enough Yuanyu so that I can form a formation and cover up the secrets so that Emperor Yuantian won't find out."

"With Yuan Tiandi's strength, he will probably be able to find out in the end, but by the time he finds out, Ji Siqing may have been eroded by my sword energy, his Dao heart has been distorted, and he has betrayed the reincarnation camp."

Emperor Antian said: "With a million source jades to cover up the secret, the price is a bit high."

Yehan stretched out two fingers, shook them, and said, "It's not one million, it's two million. Each of you will give me one million."

An Tiandi and Meng Tiancan looked at each other, knowing that it was difficult to deal with Ye Chen, and now they could only rely on Ye Han.

At that moment, the two of them took out a million gold source jades from their portable space and handed them to Yehan.

Yehan was overjoyed and said: "

Very good, you guys are refreshing. "

Antian Emperor said in a deep voice: "Take my Yuanyu, you'd better make it happen, otherwise I will make you pay the price."

Ye Han laughed loudly, and said, "Who can guarantee that it will happen? If you have the ability, you can do it yourself."

Antiandi snorted and stopped talking. If he could deal with Ye Chen, he wouldn't need to come to Yehan anymore.

...

three days later.

Star-Moon Realm, in the retreat room of the World-Proud Heavenly Palace.

Ye Chen is recuperating his eyes. After three days of rest, his condition has recovered a lot. Although his eyes are still aching, it will no longer affect his combat effectiveness.

In the past three days, people from the reincarnation camp also reported various news to him.

The dark cataclysm dissipated, and Zihuang Immortal Palace was steadily recovering. Ye Xieshen wanted to attack Zihuang Immortal Palace directly, but was stopped by Ye Chen.

Behind the Zihuang Immortal Palace, there is the help of Hongjun Patriarch. Before Ye Chen stepped into the Boundless Realm, if he forcibly attacked, regardless of success or failure, the price would inevitably be tragic.

He planned to wait until he recovered his health and stepped into the immeasurable realm, and then with an invincible posture, he would suppress Zihuang Immortal Palace and get back his Tianbei and Fire Seed.

There was another piece of news that made Ye Chen more vigilant than ever.

That is, at the behest of Daode Tianzun, Patriarch Hongjun wants to take action, bestow blessings, and help the ancient Emperor Yuhuang ascend to the gods.

Once Emperor Yu Huang ascended to the gods and became a master of the divine realm, he would completely reverse the situation and possibly kill Ye Chen.

Chapter 9516

Ye Chen absolutely cannot watch this happen. He has sent Tianzun Thunder God, Tianzun Water God, Tianzun Rock God, Ye Xieshen and others out to closely monitor the Wanxu Temple.

Once any blessing comes, he will destroy the power of blessing at all costs, and will not give the ancient emperor Yu Huang any chance to ascend to the gods.

The entire Supreme World is already on the verge of daggers.

Everyone knew that the decisive battle between the reincarnation camp and the Wanxu camp was about to break out.

As long as Patriarch Hongjun's blessing comes, the decisive battle will start completely.

If Ye Chen can smash Hongjun's power, he can stop the ancient Emperor Yu from ascending to the gods, and even kill him.

If he failed, Ancient Emperor Yuhuang would be able to step into the Divine Dao Realm and make a comeback in one fell swoop.

Such a tense atmosphere made many martial artists in the Taishang world feel horrified and fearful, lest they be affected by the battle between Samsara and Wanxu.

In this tense atmosphere, Ye Chen faintly caught a hint of crisis.

This crisis did not come from Wanxu.

Rather, it seems to be from the Myriad Fire Realm...

"Siqing, is something going to happen to you?"

Ye Chen's thoughts were a little restless. Now that he and Wanxu were about to fight, if something happened to the reincarnation camp, it would be very troublesome.

...

At this time, there is no time and space, in the world of thousands of fires.

A star hangs in the sky above the Ten Thousand Fire Realm. The star looks like a huge eye, red in color, as if it was made of magma.

That is the Red Child God Star, one of the seven stars of destiny, and a star passed down from generation to generation in the Myriad Fire Realm.

It is said that this red child star is the eye of Emperor Yantian.

Emperor Yantian sacrificed his eyes, enshrined the Dao of Destiny, and transformed into a red child star.

Of course, this is just a legend.

What the truth is, no one knows.

The era of Yantian Emperor's existence is too long, and there are very few traces of cause and effect left behind.

Some people say that Emperor Yantian is the first generation of Vulcan, the source of all fire spells.

It is also said that Emperor Yantian is the "fire seed" that has no time and space.

Some people even say that Emperor Yantian is a lighthouse, and his fire can illuminate the way to the other side of the starry sky.

All kinds of legends are weird and weird, but there is no definite evidence.

But no matter what, the red child gods inherited from the Myriad Fire Realm all have monstrous flame power. If they can be refined and controlled, it will be of great benefit to Ji Siqing.

At this time, Ji Siqing was sitting cross-legged on an altar, wearing a robe of the Emperor of Heaven and a crown on his head. There were many believers from the Myriad Fire Realm around the altar, guarding them solemnly.

Ji Siqing is trying to establish communication with the red child god star, to refine this star.

Around her waist was a bell, which was the heartbreaking bell enshrined by Dharma King Guangming.

Ji Siqing had a broken heart bell hanging on his waist, and his aura grew a little bit, constantly resonating with the red boy god star, and the red boy god star slowly lowered and shrunk, ready to merge with her.

All the believers in the audience were delighted to see this scene.

As long as Ji Siqing can control the Red Child God Star, then her authority over the Vulcan God will be more stable.

However, at this moment, Ji Siqing's face changed, as if he had received a huge blow, his face suddenly turned pale, and he opened his mouth to spit out blood, which sprayed on the altar, which was shocking.

All the believers in the audience were in an uproar, only saying that the refining failed. Several elders rushed up, looked at Ji Siqing anxiously, and asked one of them:

"Master Vulcan, how are you doing?"

Ji Siqing twisted his face slightly, and said, "Someone is cursing me."

She vaguely glimpsed an extremely terrifying scene of heavenly secrets.

I saw a man who was as refined as a scholar had set up a sword formation in a desolate land.

Ninety-nine huge stone swords formed this sword array. In the center of the sword array was a stone platform with a small scarecrow placed on it.

Bearing Ji Siqing's name.

The man, who was as refined as a scholar, was muttering words, and the ninety-nine stone swords around him burst out wisps of sword energy filled with decaying and dark aura, continuously beheading the scarecrow.

Every slash of sword energy seemed to hit Ji Siqing's heart, causing her delicate body to twitch violently, and her beautiful facial features were a little distorted.

The elder said in surprise, "Master Vulcan, who is cursing you?"

Ji Siqing's body trembled, he had seen the secret of the sky, knew everything, and suddenly shuddered, saying:

"It's Yehan!"

"He wants to use the sword of decay to erode my Dao heart and make me betray reincarnation!"

The sword of decay has a very fierce reputation. Even Fengshen Tianzun and other gods of heaven have been corroded and entrapped.

Not long after Ji Siqing ascended to the gods, he naturally couldn't resist the impact of this rotten sword.

In the distant time and space, Yehan has set up a secret curse formation, which is a bit similar to the art of witchcraft, and he is well prepared.

Waves of rotten sword energy came out, carrying a strong curse, eroding Ji Siqing's heart.

Ji Siqing only felt that his Dao heart was rapidly decaying and sinking, and he faintly gave birth to many thoughts of rebellious killing, wanting to betray reincarnation, and even kill everyone.

She even saw the picture of the future, and she really killed Ye Chen with a single sword.

"Kill me!"

Ji Siqing suddenly roared, only to feel his head buzzing, almost unable to bear it anymore.

This sudden cry shocked all the believers in the audience, not knowing what happened.

Ji Siqing didn't want to betray Samsara, she would rather die than hurt Ye Chen.

Under the strain of excitement, Ji Siqing suddenly groaned and fainted on the altar.

The elders were shocked when they saw this, and at the same time they also had a glimpse of the future.

Once Ji Siqing wakes up, she will completely rebel and become cold-blooded and ruthless. She will kill people from the reincarnation camp, and even assassinate Ye Chen.

The elders even calculated the exact time, seven days later, Ji Siqing would wake up, and then kill Ye Chen with a sword.

"Young Master Yehan, who has endured forever, finally came out of the mountain today?"

"Damn it, as soon as he came out of the mountain, he wanted to use the hands of Lord Vulcan to destroy reincarnation. His intentions are sinister!"

"This is terrible. Even the former Fengshen Tianzun can't resist the power of this decaying sword. How can Lord Vulcan resist it?"

"Go to the Zen Garden and report to the Buddha and the Blood Moon Heavenly Emperor!"

The elders had seen Ye Han's plot, and even saw the shadow of An Tiandi and the Death Sect.

These enemies are so powerful that the Ten Thousand Fire Realm can defend themselves, but if they want to counterattack, it is absolutely impossible.

In a critical situation, Myriad Fire Realm sent a few envoys to the Channa Garden to report the situation to Ren Feifei and Sakyamuni Buddha.

Ren Feifei was recuperating in the meditation garden, and his breath had recovered a lot. When he heard that Ji Siqing was in danger, he was also shocked.

An envoy from the Myriad Fire Realm said: "Emperor Blood Moon, Lord Vulcan, her heart is dusty, please help me."

Chapter 9517

After the brief shock, Ren Feifei quickly recovered his composure, pondered for a while, and said: "You don't need to panic, I will deal with this matter, you go back first, Zena Garden is the Buddha's pure land, you are not Buddhist believers, you can't stay here Long stay."

The envoys replied, "Yes!"

One person said: "Emperor Blood Moon, there are only seven days left. If the erosion of the decaying sword cannot be solved in these seven days, Lord Vulcan..."

Ren Feifei nodded and said, "Don't worry, seven days is enough."

The envoys saw Ren Feifei's calm tone and calm expression, they thought there was a solution, and they left with a little peace of mind.

After the envoys left, Sakyamuni Buddha came out, first burned a talisman to dispel the turbid air left by the envoys just now, and kept the meditation garden pure, and said to Ren Feifei:

"Brother Ren, this is Ye Han's conspiracy. Even Fengshen Zhuang Xiaoyao couldn't stop that rotten sword. How do you plan to deal with it?"

Ren Feifei said: "Using the essence and blood of reincarnation can purify the Dao heart and cleanse the rotten and dirty."

He collected himself and tried to communicate with Ye Chen.

...

At this time, in the Taishang World, in the Star-Moon Realm.

The situation was already very serious. An envoy of reincarnation reported that at the Temple of Wanxu, the blessing talisman of ancestor Hongjun had arrived.

Once this talisman is obtained by Emperor Yuhuang, he will defy the sky and ascend to the gods.

At that time, Ye Chen will be in danger.

Ye Chen's condition has recovered after recuperating in closed doors. Although his eyes are still aching, as long as he doesn't use the Devil's Eye of Death, his combat effectiveness will not be affected.

He peeped into the Wanxu, and saw a golden talisman descending slowly from the sky of the Yuhuang Heaven Realm. The mighty golden light bloomed brightly. The shadow, the breath is vast.

The disciples of many Wanxu temples were kneeling and singing, praying for blessings, waiting to receive the talisman, enshrining the ancient emperor Yuhuang, and letting him ascend to the gods.

Outside the crystal wall system of the Yuhuang Heaven Realm, Ye Xieshen, Wu Yao, Xuan Hanyu and others, with many elites from the reincarnation camp, will rush in and fight Wanxu to the death as long as Ye Chen gives an order. The blessing talisman edict of Patriarch Hongjun cannot be allowed to fall into the hands of Ancient Emperor Yuhuang.

Xia Ruoxue, Wei Ying, Feng Yuying and others are staying in the Xingyue Realm now, accompanying Ye Chen.

Seeing the blessing talisman of ancestor Hongjun coming, everyone became nervous.

The reincarnation camp and the Wanxu camp have been fighting each other for so long, and today they are finally going to fight to the death.

"Let's go."

Ye Chen called Xia Ruoxue, Wei Ying, Feng Yuying and the girls to prepare to set off.

As for Thunder God Tianzun Yin Suzhen, Ice God Tianzun Wu Linghua, Grass God Tianzun Qingyan, Water God Tianzun Luo Qingli and others, Ye Chen didn't ask them to act.

They are the Nine Gods, and it is not appropriate to involve them in the affairs of the real world, otherwise it may affect the recovery of their godheads.

In the decisive battle against Wanxu, Ye Chen believed that relying on his own strength was enough.

"Ye Chen."

Just as Ye Chen was about to set off to kill Wanxu, he suddenly heard a familiar voice.

It was Ren Feifei's voice!

hum...

The Tianjun Fengshen Monument also shook, and Ren Feifei was trying to contact him.

"Senior Ren, what's wrong?"

Ye Chen was taken aback, and established contact with Ren Feifei.

Ren Feifei said: "Miss Siqing, something happened..."

At the moment, Ren Feifei briefly explained to Ye Chen that Ji Siqing was attacked by Yehan, his Taoism was corrupted, and he was about to betray reincarnation.

Ye Chen asked in shock: "Siqing is going to betray me?"

In the dark, Ye Chen also had a glimpse of the secret, and saw the scene of Ye Han casting the decaying sword.

After casting the Sword of Decay, Ye Han seemed to have lost half of his life, his face was abnormally pale, he was panting continuously, and his spiritual energy was consumed enormously.

Obviously, this terrifying and powerful swordsmanship, for him, is also

Extremely difficult and costly.

But no matter what, his rotten sword has been successfully killed.

Today's Ji Siqing has a dusty Dao heart, and when she wakes up, she will betray reincarnation.

Ren Feifei said: "Miss Siqing has a dusty heart and needs your blood essence of reincarnation to get rid of corruption and cleanse the dust. You give up a bottle of blood essence of reincarnation from your heart, um... ask Ye Mu to bring it up Give it to me, and I can help you with this."

"Seven days should be enough."

Ye Chen's face darkened, and he said, "Should I give up the blood essence of reincarnation?"

If it was a normal time, he would give up a bottle of reincarnation blood essence, and he could barely bear it.

But now, the decisive battle with Wanxu is imminent, if he gives up his essence and blood, Ye Chen will inevitably fall into weakness, and it will be difficult to stop the ancient Emperor Yu from ascending to the gods.

Ren Feifei's eyes were burning brightly, he had already seen Ye Chen's difficulty, and said: "At this juncture, the most important thing is to save Miss Siqing, if she betrays, the consequences will be disastrous."

"She is the god of fire and the lord of fate, and the core figure of the reincarnation camp. She must not be allowed to perish."

"As for Wanxu, you just let the ancient Emperor Yuhuang ascend to the gods, so don't stop him today."

"I believe in your strength, even if the Emperor Yuhuang ascends to the gods, you are qualified to fight!"

Ye Chen gritted his teeth and said, "Yes!"

Ji Siqing was his woman, and he absolutely couldn't watch something happen to her.

At that moment, Ye Chen gave up the essence and blood from his heart, put it in a small medicine bottle, and handed it to Yemu Fengyuying, saying:

"Miss Yuying, send me this bottle of blood, go to Wuwu Time and Space, and give it to Senior Ren Feihua."

Chapter 9518

Feng Yuying, Xia Ruoxue, Wei Ying and others were shocked when they sensed the change.

In the decisive battle between Samsara and Wanxu, an accident happened inside the Samsara camp. This is really troublesome, and they don't want to see it.

But, no matter what, saving Ji Siqing was the most important thing.

"Okay, don't worry, Ye Chen, I will send it to Ren Feifei."

Feng Yuying took the bottle of blood essence of reincarnation, knowing that the situation was serious, she quickly tore apart the void and went to Wuwu time and space.

After giving up the essence and blood, Ye Chen's face turned pale instantly, his head was a little dizzy, and the consumption was very high.

Xia Ruoxue supported him, and said worriedly: "Ye Chen, you have consumed too much. Alas, Hongjun's blessing talisman is coming today. We may not be able to stop it. We can only watch the ancient emperor Yuhuang ascend to the gods."

Wei Ying also said: "Ye Chen, you are weak now, you should take a good rest."

"Wanxu is guarded by a strong man without time and space. It is said that it is a master sent by the ancestor Hongjun. It seems to be called Xiongbayan. He is a bastard who was expelled from the Xiongba family. He has the source body of the demon. It is the mutated physique of the Zhan Kuang source body, which can make people incarnate into a chaotic demon, very powerful."

"Your current state is definitely no match for that Xiongbayan."

The corner of Ye Chen's mouth twitched: "Xiong Bayan?"

In the dark, Ye Chen also got a glimpse of the picture on Wanxu's side.

A man with a black epee on his back and a stern expression was guarding the Temple of Wanxu, like a lonely mountain.

That man is Xiong Bayan, a general in the ancestral court of the Heavenly Emperor, who was once a member of Xiongba's family.

The members of the Xiongba family are all extraordinary, possessing the source body of a war madman.

However, it may be because Xiong Bayan is the illegitimate son of a maidservant. His source body of the war madness had undergone a dark mutation and mutated into the source body of the demon. was put to death.

Later, he was taken in by Patriarch Hongjun, incorporated into the ancestral court of the Heavenly Emperor, and became a one-star general.

Now, under the instruction of Daode Tianzun, the ancestor Hongjun assisted the ancient emperor Yuhuang to ascend to the gods. In order to prevent accidents, he asked Xiongbayan to bring many heavenly soldiers from the ancestral court of the emperor to guard Wanxu.

This Xiongbayan's cultivation is at the first level of the Divine Dao Realm, but because he has a mutated extraordinary source body, his real combat power is much stronger than that of ordinary Divine Dao Realm experts.

Even if Ye Chen is in his prime, if he wants to deal with this kind of strong man, he must wake up all his energy.

Not to mention, he had just given up the blood essence of reincarnation, and it was at the moment of weakness.

The most sensible choice now is to call back all the people from the reincarnation camp, give up blocking the ancient Emperor Yuhuang, and let him ascend to the gods.

After the Ancient Emperor Yu Huang ascended to the gods, his ambitions will definitely expand, and he will aggressively invade the Star-Moon Realm.

At that time, it will be the best situation for Ye Chen to rely on the luck of the earth veins in the Star-Moon Realm to defend and counterattack.

However, with Ye Chen's personality, he was unwilling to shrink back.

"Although I'm weak now, I haven't lost my fighting power. Besides, I have so many masters in the reincarnation camp, so I may not be able to stop the ancient emperor Yuhuang."

Ye Chen clenched his fists, took a deep breath, suppressed the feeling of weakness, and cleared his mind.

Seeing that Ye Chen was so determined, Xia Ruoxue and Wei Ying couldn't stop them anymore, and in today's decisive battle, all the people in the reincarnation camp were expecting Ye Chen to make a move.

Ye Chen is the absolute backbone, this is an inescapable battle.

Scoff.

The void rips.

Ye Chen led people directly, starting from the Xingyue Realm, breaking the void, and descending into the world of the Temple of Wanxu, the Yuhuang Heaven Realm.

At this moment, Wu Yao, Xuan Hanyu, Ye Xieshen and others are leading a large number of reincarnation camp elites, waiting for Ye Chen's arrival on the outskirts of the Yuhuang Heaven Realm.

When they saw Ye Chen coming, all the people from the reincarnation camp burst into cheers and applause, as if they saw the most dazzling star in the world.

They didn't know that Ye Chen was already quite weak after giving up the blood essence of reincarnation, and they thought Ye Chen was an invincible existence in this world.

Ye Chen in the crowd

In front of the person, he did not show the slightest fatigue, smiled slightly, and looked into the Yuhuang Heaven Realm.

I saw a huge golden talisman slowly descending above the Yuhuang Heaven Realm, it was the blessing talisman of Patriarch Hongjun.

This talisman edict, in the void, was blocked by thousands of martial arts wills, so the speed of landing was very slow.

It was the warriors of the reincarnation camp, relying on their own martial arts will, forcibly delayed the speed of the coming of the talisman.

However, their will can only delay the speed of the coming, and cannot really destroy the talisman.

That talisman contained the will of Hongjun Patriarch, how could it be so easy to destroy?

However, now that Ye Chen is here, he has the possibility of destroying the talisman and destroying the blessing.

The people of the Temple of Ten Thousand Ruins are also well aware of this.

Therefore, when they noticed Ye Chen's arrival, the entire Wanxu Temple was boiling.

They know something is wrong!

"Protect His Majesty the Yuhuang!"

"Destroy the lord of reincarnation, never let him destroy the blessing!"

"Even if the lord of reincarnation is invincible, he will definitely not be arrogant in my world of myriad ruins."

Many strong men of Wanxu roared out from the temple of Wanxu, relying on the crystal wall system of the earth veins, and looked at Ye Chen vigilantly.

Ye Chen narrowed his eyes slightly, looked past these Wanxu people, and saw the ancient Yuhuang Emperor hidden in the depths of the Wanxu Temple, sitting cross-legged with a solemn expression, waiting to accept the talisman and become a god.

Chapter 9519

The body of Emperor Yuhuang, hazy, illusory, seems a little unreal.

Ye Chen thought to himself: "He is really about to become a god, and he has almost mastered the law of fantasy."

Thinking in this way, Ye Chen swung his sword violently, and the murderous aura of the sky burial tomb exploded, slashing wildly at the Hongjun Talisman high in the sky.

Many Wanxu warriors were shocked and hurriedly stood up to stop them.

However, Ye Chen's sword energy was too fierce, and he slashed past all the way. Anyone who tried to intercept him was instantly killed by his sword energy, and flesh and blood flew everywhere.

Even though Ye Chen is a little weak now, for most people, he is still an invincible existence.

His sword cannot be blocked by ordinary people.

Zheng!

But at the last moment, when Ye Chen's sword energy was about to hit the talisman, a stern man appeared, holding an epee, blocking Ye Chen's sword energy.

Ye Chen's ferocious Tomb Sword Qi did not leave any traces on the man's epee.

That man was as steady as a mountain, as if no force in the world could shake him.

"Xiong Ba Yan?"

Ye Chen looked at the stern man, his eyes flashed, and he recognized him.

That man is the abandoned son of Xiong Ba's family in the past, now he is a heavenly general in the emperor's ancestral court, a master of the first level of the Divine Dao Realm, Xiong Bayan.

This time the Ancient Emperor Yuhuang ascended to the gods, and he was mainly responsible for guarding.

"It is my honor that the Lord of Reincarnation recognized me."

Seeing Ye Chen call out his name, Xiong Bayan looked quite honored and smiled.

Then, behind him, the heavenly soldiers from the ancestral court of the heavenly emperor emerged one by one, formed a formation, and stared at Ye Chen covetously.

"Grandpa, Wu Yao, stop him for me."

Ye Chen turned his head suddenly, and said something to Ye Xieshen, Wu Yao, Xuan Hanyu and others, and then his body exploded in a storm, spreading his wings of freedom behind his back, and with a whistling sound, he flapped his wings and flew into the Wanxu Temple.

Xiong Bayan is a strong man at the first level of the Divine Dao Realm, if Ye Chen fights him directly, he may be at a disadvantage.

Therefore, Ye Chen simply went directly to the Temple of Wanxu.

He could feel that the current Emperor Yuhuang was at the critical moment of breaking through to ascend to the gods, and his aura was ups and downs. As long as he made a move to disrupt the rhythm of Ancient Emperor Yuhuang, the latter would probably go mad on the spot!

"Stop!"

Xiong Bayan was taken aback, he didn't expect Ye Chen to bypass him and directly attack Ancient Emperor Yuhuang.

With a flash of his body, he shot down like a meteor, swung his epee, and swung towards Ye Chen in the air, trying to stop him.

Ye Xieshen, Wu Yao, Xuan Hanyu and others reacted extremely quickly, and they also flew out the moment Ye Chen was dispatched.

The three of them worked together, the Immortal Emperor's divine light bloomed, and the law rolled, blocking Xiong Bayan and fighting for Ye Chen's chance.

Although Xiongbayan is at the first level of the Divine Dao Realm, facing the obstruction of Ye Xieshen's three top immortal emperors, it is difficult to break through for a while.

In such an instant, Ye Chen had already crushed the crystal wall system of the Emperor Yu's Heaven Realm, and entered the Temple of Wanxu.

The crystal wall system of Yuhuang Heaven Realm is tight and firm, with many restrictions and protections, but Ye Chen directly crushed it with an invincible posture, without any effort.

All the powerhouses of Myriad Ruins are terrified.

After Ye Chen stepped into the Temple of Ten Thousand Ruins, the guardian formations rushed up against the sky, and countless killing breaths, like swords and torrents, slashed towards Ye Chen frantically.

"Excalibur Yu Lei Jue, break!"

Ye Chen calmed down, opened the Heavenly Thunder Divine Vessel, the Divine Sword Yu Lei Jue exploded, and the airflow of thunder and lightning flying swords blocked all the attacks from the surrounding beheading formations.

In fact, there were some array attacks that could not be resisted, so Ye Chen mobilized the Tianjun Conferring God Monument, which was easily blocked without hurting himself.

He has a lot of cards in his cards, even after giving up the blood essence of reincarnation, his breath is weak, but he is still invincible like a tiger in a herd of sheep when he enters the Temple of Wanxu.

Many martial artists from the Temple of Wanxu rushed towards Ye Chen with shouts, relying on their courage.

But when Ye Chen waved his sword energy, these people were all beheaded like ants, and no one could come within five steps of Ye Chen.

Ye Chen saw that he killed people like cutting grass without any effort, and thought to himself: "My strength has improved by leaps and bounds, and I am already one of the best existences in the world. The strong people in the Wanxu that I used to look up to are now a group of ants."

Thinking of this, Ye Chen's spirit was greatly lifted, and he strode into the depths of the Temple of Wanxu.

As long as the Ancient Emperor Yuhuang hadn't ascended to the gods, he would have the confidence to kill him.

Even though the opponent is relying on the veins of Wanxu, the current Ye Chen is an invincible existence in the world. Even the strongest of the Immortal Emperor can't stop his sword.

Many strong men in Wanxu saw Ye Chen killing so fiercely, they were all terrified, they didn't dare to get closer, they just walked around Ye Chen with their swords in hand, but no one dared to go up.

Ye Chen seemed to have entered a land of no one, and shattered many large formations and traps along the way, and was about to kill the ancient Emperor Yuhuang.

As long as the ancient Emperor Yuhuang was beheaded, even if the blessing talisman of the ancestor Hongjun came, it would not be of any use.

"Lord of Reincarnation, if you want to kill Emperor Yuhuang, unless you are stepping over my corpse!!!"

In the sky, Xiong Bayan was furious, he was ordered to protect the ancient emperor Yuhuang, and he must not watch the ancient emperor Yuhuang have an accident.

However, he was entangled by Ye Xieshen, Wu Yao, Xuan Hanyu and others, and he couldn't get away for a while.

"Heavenly Demon Origin Body, open!"

In the midst of a crisis, Xiong Bayan let out a yell, and actually activated his own extraordinary source body.

Rumble!

Chapter 9520

As soon as the extraordinary source body is opened, the extraordinary heaven-shaking aura explodes in an instant, billowing devilish energy gushes out, turbulent heaven, earth, time and space.

Xiong Bayan's body grew a lot in an instant, like a giant iron tower, his skin turned as black as ink, and there were many ancient patterned totems on it.

His appearance became extremely ugly and hideous, with a lot of filthy and sticky pus flowing down from his body, emitting a strong stench.

Crash!

The billowing demonic energy exploded, and behind him, a pair of black wings spread out, covering the sky and the sun, the sky was invisible, and the world fell into darkness instantly.

At this moment, Xiong Bayan, after opening the Heavenly Demon Source Body, actually seemed to be the incarnation of the Chaos Heavenly Demon, with a shocking explosion of dark evil energy, and his appearance was also very frightening and ferocious.

Ye Xieshen, Wu Yao and the others were all taken aback.

No wonder Xiong Bayan was kicked out by the family back then. I'm afraid that no extraordinary family could accommodate such an ugly and filthy existence like him.

Under the impact of Xiong Bayan's berserk heavenly demon breath, Ye Xieshen, Wu Yao and others were all forced to retreat.

"Roar!"

Xiong Bayan roared, and taking this opportunity, he flapped his pitch-black wings, and his body flashed out like a ghost, and with one flash, he had already killed Ye Chen in front of him.

"Although I hate the posture of this demon, but in order to deal with you, I can only do so."

Xiong Bayan's eyes revealed a cruel and stern expression, and even his hands became the claws of the demon.

Abnormal sharpness.

Scoff!

With a strong murderous aura, the tyrannical demon's claws struck towards Ye Chen's face.

Ye Chen felt a violent coercion, which was the coercion from the extraordinary source body.

Xiong Bayan's physique, no matter how dark and filthy it is, is a true transcendent source body.

Extraordinary coercion is not something ordinary people can bear.

Even Ye Chen felt a lot of pressure.

"Dragon source body, open!"

Under the tremendous pressure, Ye Chen was not to be outdone, and directly opened the Tianlong source body.

He also has the so-called extraordinary physique.

Roar!

As soon as the Tianlong source body was opened, countless dragons exploded out of Ye Chen's body, and the sound of dragon chant soared to the sky, shaking mountains and rivers.

Among these countless dragons, the most powerful one is the blood dragon who has followed Ye Chen for a long time.

Click!

Ye Chen clenched his fist, and the blood dragon wrapped around his arm, and the domineering fist slammed fiercely at Xiong Bayan's demon claws.

Xiong Bayan let out a muffled snort, and was thrown back a few steps on the spot.

Ye Chen, who had activated the Heavenly Dragon Source Body, was very powerful.

"The idol crashes into the sky!"

Ye Chen took advantage of the victory and pursued, with one step, his body rushed like a god, and his momentum was like breaking the sky.

The phantom of the ancient giant elephant emerged behind Ye Chen, and set off against many dragons, the dragon elephant galloped, and its momentum was very spectacular.

"Puchi!"

Under the bombardment of Ye Chen's dragon elephant, Xiong Bayan was punched on the spot until he vomited blood, and his body backed up again and again.

Everyone in the audience, whether they were from the Samsara camp or from Wanxu's side, were all horrified.

Xiong Bayan is a strong man at the first level of the Divine Dao Realm, and he has also activated the source body of the Heavenly Demon. His power is terrifying and overwhelming, but within such a short time of meeting, he was beaten until he vomited blood by Ye Chen.

Although the rules of reality are bound, it is impossible to do so.

Ye Chen's ferocity and strength can be seen.

"I underestimated you."

Xiong Bayan gritted his teeth, but he didn't expect Ye Chen to be so powerful, he just underestimated the enemy a little bit.

The main reason is that he became a demon, which caused his will to be a little crazy, but his defense was negligent. Otherwise, with Ye Chen's great reputation, he would never underestimate the enemy.

Xiong Bayan was about to fight again, but Ye Chen turned his head to look at the Wanxu Temple.

Ye Chen is very clear that the person he wants to deal with today is not Xiong Bayan, but Ancient Emperor Yuhuang!

"Throne of Thorns, suppress me!"

With a loud shout, Ye Chen summoned the Throne of Thorns and crushed it fiercely towards the palace of Wanxu Temple.

He wants to crush the Wanxu Palace, including the Ancient Emperor Yuhuang, together!

The huge Throne of Thorns, with its earth-shattering dark pressure, rumbled and burst into thunder, and when it was crushed, many warriors in the Wanxu Palace screamed in horror and ran in all directions.

No one dared to block the power of Ye Chen's Throne of Thorns.

"you dare!"

Xiong Bayan was furious, his wings fluttered, and his body rushed out like lightning, the demon's claws slammed into Ye Chen's heart.

He wanted to force Ye Chen to return to defend. If Ye Chen insisted on attacking Emperor Yuhuang, then his heart would be pierced by Xiong Bayan.

However, Ye Chen had no intention of defending at all, and still urged the Throne of Thorns to violently bombard Wanxu Palace.

Scoff!

Xiong Bayan's demon claws also came through the air, and they were about to penetrate Ye Chen's heart.

But at this moment, a figure suddenly burst out in front of Ye Chen, blocking Xiong Bayan's claws.

That figure was exactly the same as Ye Chen's appearance.

It's his Qinglian avatar!

"Puchi!"

Xiong Bayan's sharp claws pierced through the heart of Qinglian's avatar, but failed to hurt Ye Chen's body.

As for Qinglian's avatar, it doesn't actually have any vital parts. This avatar is essentially a puppet, which needs Ye Chen's projection of wisdom and spiritual consciousness to drive it.

Although the Xiong Bayan penetrated the clone's heart, it only caused a little damage to the clone, but could not completely destroy it.

If you want to completely destroy Qinglian's avatar, you must dismantle this avatar, or use dark means to directly erode the source.

"What!"

Xiong Bayan saw Ye Chen suddenly call out his clone to resist, but this step was beyond his expectation.

Previously, Ye Chen had seized a large number of natural and earthly treasures from the Jade Treasure House in the Dead Soul Realm. These resources were all used to strengthen Qinglian's avatar.

Although his avatar's heart has been pierced, its original source has not been damaged at all, and it can recover automatically as long as it rests for a period of time.

Ye Chen estimated that after absorbing the treasures of heaven and earth from the treasure house of jade, his avatar has almost 70% of his body's power, which is very powerful.

Using the avatar to resist, Ye Chen's Throne of Thorns also fell smoothly into the Wanxu Palace.

Even the body of Ancient Emperor Yuhuang was smashed together.

However, to Ye Chen's surprise, after the body of Emperor Yuhuang exploded, no blood, flesh and bones splashed out, only a little bit of broken golden light scattered.

"This is....."

"This is not the main body! It's a projection!"

"Gudi Yuhuang himself is not in Wanxu!"

When Ye Chen saw that little piece of broken golden light, he was terrified and panicked, and he thought it was a trick.

It wasn't until this moment, after he smashed the ancient emperor Yuhuang, that he realized that the ancient emperor Yuhuang was actually just a projection, not his real body.

All the warriors of Wanxu were shocked when they saw this scene.

Apparently, they didn't know beforehand that Emperor Yuhuang used Li Daitao's strategy of stiffening, leaving only a projection clone in Wanxu to confuse Ye Chen.
