Chapter 9531

Xiao Xingyun nodded and said: "Yes, if there is no Taiyi Yinyang disk, cause and effect cannot be transferred, and all backlashes can only be endured by the body, which is very dangerous."

Ye Chen hurriedly asked: "Senior, is the Taiyi Yinyang disk still in your hands?"

Xiao Xingyun shook his head with a wry smile and said, "It's gone, if it's still in my hands, I will definitely give it to you, Lord of Reincarnation, you are the most praised person in the life of the Patriarch, the person who changed the world in his prophecy, and he According to the prophecy, those who can save the Sakurazuka family can even revive the sacred cherry tree."

"Our Sakurazuka family are all believers in reincarnation. Although the people in the starry sky think that the kingdom of reincarnation is a wrong world, we know that it is because the real master of reincarnation has not yet been born."

"Once the lord of reincarnation is born, he will build a real heavenly world. At that time, all the darkness on the other side of the starry sky will be dispelled by the light of heaven, and we will get eternal bliss."

Ye Chen was speechless in a daze, he didn't expect that the Yingzuka family was still his believer.

In fact, Ye Chen doesn't know what the real heavenly world, the real ultimate and correct world is like.

These questions are too grand and illusory to be considered by him now.

But the Yingzuka family, including Xiao Xingyun, firmly believed that Ye Chen would be able to establish a real heaven, a real, perfect world, and make the other side of the starry sky a truly blissful other world.

"Where is the solar yin and yang disk?"

After being in a trance for a long time, Ye Chen's thoughts returned to reality. The most important question in front of him was to get the Taiyi Yinyang disk.

This magic weapon is the key for him to solve the hidden danger of essence and blood backlashing.

It is also the key to the Ice God Taoism, which can be passed on to Wei Ying smoothly.

Moreover, this yin and yang disk of the Taiyi can transfer life and death. Even if you die, you can transfer the state of death. It is really outrageous. As long as you get it, you will have great benefits.

Ye Chen really wanted to know, since Xiao Xingyun didn't own the Taiyi Yinyang disk, who took it away.

Xiao Xingyun sorted out his memories, and said in a deep voice, "Let me think about it."

After pondering for a while, his eyes sparkled, and he said, "By the way, I remembered, it was Erwei who snatched it away!"

Ye Chen said in shock: "Erwei? Blood Fang Wolf?"

Xiao Xingyun said: "Yes."

Ye Chen said: "It's him?"

Xiao Xingyun looked extremely dignified, and said: "Yes, it is him. After the end of the Dharma Era, infinite natural disasters added to me. Even if I have the Sun Yin and Yang Disk, it is impossible to transfer all the countless killings. No one is going to be my scapegoat."

"Those who can survive the end of the Dharma are stronger than me. In the end, I lost all my cultivation and was seriously injured. I can no longer stay in Wuwu Time and Space, otherwise the dark background will swallow me up."

"I took the solar yin and yang disk, escaped to the real world, and slowly healed my injuries. I have seen the stars go out 10,000 times, and the universe became an inflated corpse. In the end, everything was reborn from the ashes, and my injuries were finally healed."

"Moreover, I used to be a servant of the Sakurazuka family, and the luck of the Sakurazuka family protected me. Although I lost all my cultivation, I could barely withstand the wear and tear of the years without dying."

"Before escaping from Wuwu time and space, I learned some tricks of organ puppets and created a few body-protecting puppets. Finally, I was able to survive safely in the real world."

"Well... why I want to live, I don't know, maybe it's because I don't want to die."

"Death is too painful. I have died many times before, and every time it is very painful."

"So, when Er Wei suddenly appeared in front of me one day and asked me for the Taiyi Yin-Yang Disk, I gave it to him without even thinking about it, because I didn't want to die."

"Well, let me do the math, it was at least 50 million epochs ago. This time is too long, too long, and it has lost the meaning of calculation."

Ye Chen's heart sank, he didn't expect that Erwei had already snatched the Taiyi Yinyang plate.

Ye Chen also fought against the two-tailed blood tooth wolf and won.

But at that time, because the laws of the real world were still quite strong, Erwei couldn't exert much power, so he was lucky enough to win.

But now, the laws of reality have loosened a lot. The two-tailed blood-fanged wolf can at least explode into the combat power of the Divine Dao Realm. Coupled with the great terror of the tailed beast blood itself, it is simply an unimaginably terrifying existence.

If there is another fight, Ye Chen is not sure of winning.

Xiao Xingyun smiled, and continued: "After Erwei snatched Taiyi Yinyang Disk, he always wanted to refine and control it, but he was wishful thinking."

"No one is qualified to refine this Taiyi Yin-Yang disk except my Yingzuo family and He You, the master of reincarnation."

"Erwei painstakingly refines, but always fails. He also consumes a lot of vitality, and is finally captured by the ancient god Tuodi."

"Hey, if he wasn't too stupid and wasted too much power, how could he be captured?"

Ye Chen was secretly shocked. He didn't expect that the two-tailed blood-fanged wolf, who was captured by the ancient god Tuodi back then, was actually related to the Yin-Yang disk of Taiyi.

But Erwei is now a free body, completely out of the control of Ancient God Tuodi.

In fact, Ancient God Tuo Di also tacitly allowed Erwei to leave.

Tailed beasts are too difficult to control, and raising them consumes a lot of resources, which is really not worth the candle.

At that time, the ancient god Tuodi created the ten tails mainly to fight against the reincarnation of the Puranas.

But since the Master of Reincarnation in that life of the tomb palace did not actually create the Reincarnation Book, then he naturally did not need to cultivate the ten-tailed confrontation, after all, the cost was too high.

"The current Erwei should be free."

Ye Chen said.

Xiao Xingyun nodded and said: "Yes, he actually came to see me not long ago, and he was surprised to say why I'm not dead yet."

Ye Chen said in shock: "Senior, you weren't hurt by him, were you?"

Xiao Xingyun said: "No, I have a few puppets to protect me. If he wants to kill me, he will have to pay a lot of money. He's not that stupid."

"After all, I have already given him the solar yin and yang disk."

"Well, Lord of Reincarnation, if you want the Taiyi Yinyang disk, I can give you a spell."

"This incantation is a mantra for controlling the solar yin and yang disk. As long as you recite it, the solar yin and yang disk will be under your control, with the mystery of the law of cause and effect behind it."

"This incantation is..."

At that moment, Xiao Xingyun passed the spell to Ye Chen.

This spell has complicated syllables, but Ye Chen has an excellent memory, and he can remember it after listening to it once.

The last few syllables of this mantra are quite interesting, and they are the words "Tai Yi returns".

After Ye Chen memorized the spell, he also captured the coordinates of the Taiyi Yinyang disk.

Chapter 9532

The location of the yin and yang disk of the Taiyi is also the location of the two-tailed blood-fanged wolf.

"Senior, as long as you recite the incantation, the magic weapon will belong to me, right?"

Ye Chen asked, he only wanted to get the Taiyi Yinyang Disk, but he really didn't want to cause trouble and fight Erwei.

Xiao Xingyun said: "Yes, but if you want to take back Taiyi's yin-yang plate, you may anger Erwei. You have a high cultivation, so you can resist it, but I can't, you have to take care of me."

Ye Chen smiled and said: "No problem, senior, I will take you back to my camp first, so I can take care of you."

Xiao Xingyun said: "That's very good. If Ms. Yingzuka knows that you, the Lord of Reincarnation, have taken me in, she must be very happy."

"I just don't know if she is still alive, my Yingzuka family has too many enemies."

"At the end of the law era, and it was so dangerous, maybe at that time, the young lady had already... oh..."

Ye Chen looked at Xiao Xingyun's rambling appearance, felt a little funny in his heart, and sighed again.

The Yingzuka family was lucky to have such a loyal servant.

At that moment, Ye Chen took Xiao Xingyun and left this place, and returned directly to the Star-Moon Realm to settle him down first.

Then, Ye Chen locked the coordinates of the Taiyi Yinyang disk and prepared to set off.

"Lord of reincarnation, do you have a powerful clone?"

Xiao Xingyun suddenly asked, if he wants to solve the problem of blood backlash, he needs a sufficiently powerful avatar.

If the avatar is not strong enough, even if there is a Tai Yin Yang plate, it will be in vain.

"Have you seen enough?"

Ye Chen smiled, and sacrificed Qinglian's avatar.

When Xiao Xingyun saw it, he was almost blinded by the divine light bursting out from Qinglian's avatar, and said repeatedly: "Enough, enough!"

Ye Chen's avatar is naturally strong enough, and now the only thing missing is Taiyi's yin and yang disk.

At that moment, Ye Chen tore through the void, and set off directly to the location of the Taiyi Yinyang Disk, which is also the location of the Two-Tailed Blood Fanged Wolf.

The void was shattered, and Ye Chen came to Tianwaitian, a place with beautiful mountains and rivers.

Before that, he went to see the Xiao Nebula, that place was a gaseous planet, full of violent weather.

But now this place is not a planet, but a horizontal picture scroll, spread in the void of the outer sky, it should be a mysterious place left by a certain power, everywhere is filled with haze, red neon rolls on the ground, and the aura is very strong. abundant.

But in this place full of spiritual energy, Ye Chen caught a ray of dark evil spirit.

This dark evil spirit is very familiar, it is the breath of the two-tailed blood tooth wolf.

call out!

A ferocious black mist, like a sharp arrow, shot from afar, and shot in front of Ye Chen in an instant.

A wolf claw came out from the black mist, trying to strangle Ye Chen by the throat.

Ye Chen snorted, waved his hand to block, opened the sky with every inch of strength, and entangled with that wolf claw, neither side gave way.

In the black mist, another bloody wolf's head protruded, which looked like a bloody wolf. He looked extremely fierce, and said: "Ye Chen, it's you, why did you come here? How do you know that this seat whereabouts?"

The conversation between Ye Chen and Xiao Xingyun will definitely touch the secret, but it will take time for the secret to spread.

The two-tailed blood-toothed wolf obviously hasn't seen Ye Chen's intentions yet.

Ye Chen smiled and said: "It's nothing, I just want to ask you to take back one thing."

After the words fell, Ye Chen stepped back a few steps, chanted a spell in his mouth, and finally pointed at the blood-fanged wolf, and shouted: "Tai Yi returns!"

As soon as these four words fell, there was a buzzing sound in the black mist, and a magic weapon in the shape of a compass flew out and flew into Ye Chen's hand.

Ye Chen looked down and saw this compass, engraved with Yin Yang and Eight Trigrams, and a huge cherry blossom tree in the background, the simple and magnificent artistic conception intertwined, very beautiful and delicate, like a beautiful work of art .

There is no doubt that this is the legendary Tai Yin Yang disk.

As soon as Ye Chen uttered the incantation, the solar yin and yang disk fell into his hands, and he was extremely excited and joyful in his heart.

The two-tailed blood-fanged wolf transformed into a young swordsman wearing light armor and wolf fur on his arms. Seeing the sun yin and yang plate fall into Ye Chen's hands, he suddenly understood the secret and knew everything, screaming in horror road:

"Did Xiao Xingyun call you here?"

Ye Chen smiled, holding the Taiyi Yinyang plate in his hand, and said: "Yes, this magic weapon originally belonged to the Yingzuka family. You have occupied it for so long, so it should be returned to the original owner."

Blood Fang Wolf listened to Ye Chen's words, his facial features twisted angrily, and roared: "Don't talk nonsense, this is my property, if you dare to snatch it, I will kill you!"

"Also, remember, I already have a name, and I won't be called Erwei in the future."

"My name is Xu Tian Wolf!"

Blood Fang Wolf, no, to be precise, he should be called Xu Tianlang.

He seems to be the same as Mio, he also gave birth to a very intelligent consciousness, without the appearance of darkness and ignorance.

Clang.

Xu Tianlang pulled out the long sword at his waist, and the sword erupted with a terrifying dark murderous aura, and cut Ye Chen straight through the air.

Ye Chen's heart trembled, and he could clearly feel that Xu Tianlang's sword aura had reached at least the first level of the Divine Dao Realm.

If there is a bloody battle, Ye Chen won't get any benefits.

Moreover, the Taiyi Yin-Yang disk has been obtained, and the purpose of this trip has been achieved, so Ye Chen naturally has no need to fight.

"A mad dog, too lazy to fight with you."

Ye Chen's expression was indifferent, and he didn't draw his sword to fight, but spread his wings of freedom behind him, carrying the sun yin and yang disk, and was about to fly away.

Chapter 9533

"Law of Karma, get out of here!"

Xu Tianlang yelled violently, and directly used the laws of the Divine Dao Realm to explode a law of cause and effect to make Ye Chen roll down.

The wings of freedom behind Ye Chen couldn't fly under the restriction of the law of cause and effect.

But he was also strong, with a body in the Profound Sky Realm, bound by Xu Tianlang's Law of Karma, his body was suspended in mid-air and did not fall.

"Great Desolation Stealing Heaven Technique, Stealing Space, Shrinking the Ground to an Inch!"

Immediately afterwards, Ye Chen cast another spell, stealing the space all at once, allowing his body to break through the blockade of the law of causality, and fly out through the air all at once.

Xu Tianlang was shocked, knowing that Ye Chen's supernatural powers are infinitely changing, if he really let Ye Chen run away, he would never try to catch up again in his life.

Whoosh!

Xu Tianlang shot out of his body and chased after Ye Chen, looking like he would never stop dying.

Ye Chen fled all the way, but he still couldn't get rid of Xu Tianlang's pursuit. He thought that when he returned to the Star-Moon Realm and relied on the earth veins, he would not be afraid.

Xu Tianlang seemed to see Ye Chen's thoughts, and shouted: "Ye Chen, if you don't stop, I will go to seek refuge with Ancient Emperor Yuhuang!"

Ye Chen's heart trembled, a Xu Tianlang, he was not afraid.

He is not so afraid of an ancient Emperor Yuhuang.

But combining the two can be dangerous.

He subconsciously paused, but after thinking about it, he sneered again: "Erwei, with your temper, how can you be inferior to others?"

Xu Tianlang was furious, and said: "I told you, my name is Xu Tianlang."

"It's too barbaric for you to take away my things directly, and you have to give me some explanation."

Ye Chen was very surprised when he heard the human reason in his tone, and couldn't help laughing, saying: "You are a beast with a tail, and you call me barbaric, it's ridiculous! Tell me, make a price, As long as it's not too outrageous, I can satisfy you."

Ye Chen just wanted to get the Taiyi Yinyang disk smoothly, as long as the price offered by Xu Tianlang was within his acceptable range, he was willing to trade, and it would be fine for him to suffer a little loss, as long as this lunatic, don't bother him in the future.

Xu Tianlang seemed to be waiting for Ye Chen's words, and the anger on his face dissipated at this moment, and he became calm, saying:

"If you are willing to make a deal, that would be great. If you just want to rob me brutally, I will not let you go."

"The yin and yang disk of the sun, I have not been able to refine it, and even caused a lot of painful entanglements. I think it is not my chance, so I don't mind giving it to you."

"However, you have to promise me one condition."

Ye Chen said, "Say."

Xu Tianlang said: "Help me find someone."

Ye Chen asked suspiciously, "Who do you want to find?"

Xu Tianlang said calmly, "Her name is Xu Yourong."

Ye Chen frowned and said, "Xu Yourong? Male or female?"

Xu Tianlang's calm expression showed a wave of fluctuation at this moment, and he said: "She is a woman. After I was defeated by you in the Rune Holy Land that day, I almost fell into a madness. She awakened me and gave me He gave him a name, Xu Tianlang."

"But then, she suddenly left without saying goodbye, and I haven't had time to repay her."

"In my whole life, I have never owed anyone anything. You have many eyeliners in the reincarnation camp. I want you to help me find her. I want to repay her kindness."

This Xu Tianlang had always called himself "this seat" before, but when it came to this Xu Yourong, he no longer called him that way, and his voice was also slightly strange, and he attached great importance to that Xu Yourong.

He wants to repay the favor.

Ye Chen said "Oh", thinking that this deal would be very cheap for him, so he just needs to help find someone, and said, "Yes, no problem."

Xu Tianlang said: "She looks like this..."

He raised his hand, gathered his spiritual energy, and manifested the appearance of Xu Yourong. She was a very beautiful and elegant woman with a slender waist but a very hot figure. It was unimaginable that such a slender waist could hold up such rich fruits.

Xu Sirius's

His gaze was very pure, and he had no other thoughts, but simply wanted to repay his kindness.

Ye Chen looked at Xu Yourong's appearance, saw the other person's fiery figure, and couldn't help but think of Sun Yi, then shook his head, calmed down his distracting thoughts, and said to Xu Tianlang: "Don't worry, I will help you find it. "

Xu Tianlang said: "Very good, reincarnation is as good as it is, I believe in your character."

"If there is any news about this girl Xu Yourong, if you call my name, I will come."

"Remember my name, it's Xu Tianlang."

He seemed to attach great importance to his name, and he repeatedly urged him solemnly before turning around and leaving.

Seeing Xu Tianlang leave, Ye Chen breathed a sigh of relief.

Looking at Xu Tianlang's appearance, before he finds Xu Yourong, he can't repay his favor, and the karma in his heart cannot be resolved, so he probably won't interfere in other matters.

Ye Chen got the Taiyi Yinyang disk, and the process can be said to be very smooth. He was overjoyed and returned to the Xingyue Realm.

Seeing that Ye Chen came back so soon, Xiao Xingyun was taken aback, and said, "Master of Reincarnation, you took the Yin-Yang Disk of Taiyi, didn't Erwei make things difficult for you?"

Ye Chen smiled and said, "It's okay, senior."

"I'll borrow this yin and yang disk of the sun first."

Xiao Xingyun smiled and said: "You're welcome, Lord of Reincarnation, you can just take this magic weapon, and treat it as a gift from our Yingzuo family."

"In the future, if my Sakurazuka family wants to return to the other side of the starry sky and revive the god cherry tree, I will still need to rely on you."

"You are the savior of our Sakurazuka family."

Ye Chen said gratefully: "Thank you seniors, if I have the opportunity to go to the other side of the starry sky in the future, I will definitely not forget you."

Xiao Xingyun said: "It's very good."

After getting the Taiyi Yinyang plate, Ye Chen didn't hesitate. After dripping blood to refine it, the process went very smoothly.

If this Taiyi Yin-Yang disk has spirituality, it resonates with Ye Chen and recognizes him as the master.

However, after Ye Chen refined and took charge of the Taiyi Yinyang Pan, his cultivation was still at the peak of the ninth level of the Sky Profound Realm, and he had not improved.

This is because his cultivation has stagnated at the bottleneck, and unless he breaks through the tribulation, no matter how many opportunities he absorbs, he will not make progress.

The same is true for refining the heart of light before, and the cultivation level has not been improved.

But this doesn't mean that Ye Chen didn't get any benefits.

On the contrary, those chances, all the spiritual energy background, are all deposited in Ye Chen's dantian. In the future, after he breaks through to the limitless realm, these chance backgrounds will burst out, allowing him to rise step by step.

In other words, the opportunity he got now will not allow him to break through immediately, but will serve as a precipitated force to benefit the future.

After taking charge of the Taiyi Yinyang disk, Ye Chen felt that this magic weapon seemed to be a part of his own body, which was quite mysterious.

Chapter 9534

Then he came to the square of Aoshi Tiangong and activated the Tai Yin Yang Disk. The magic weapon of the compass rapidly grew in size, and soon became the size of a dojo, just covering the square.

On the compass, the yin-yang gossip pattern also began to slowly rotate, emitting a mysterious glow.

The sacred cherry tree that forms the background of the compass seems to be coming alive, bursting out with crimson light, mixed with the light of Tai Chi Yin and Yang, and turning into a rainbow, which is very magnificent.

Ye Chen flew over, stood on the fish eye in the Yang position of the gossip diagram, and then summoned Qinglian's avatar, and placed it in the fish eye in the Yin position.

Yin and Yang are determined separately, Ye Chen made a formula and chanted: "Yin and Yang are reversed, cause and effect are passed on!"

Kachacha!

The compass turned rapidly, yin and yang reversed, and Ye Chen, who was in the yang position just now, was transferred to the yin position.

And his Qinglian avatar replaced the position he was in just now, and also endured all his negative karma.

Puchi!

In such an instant, Qinglian's avatar vomited blood on the spot, bursting sounds came from everywhere inside her body, her face changed from rosy to pale, and corpse spots even appeared on her skin.

Qingniu Guzun used Ye Chen's essence and blood to devour Ye Chen's origin.

Now all the backlash has been borne by Qinglian's avatar, and Ye Chen is safe and sound.

Even before, Ye Chen gave up the essence of reincarnation, fought fiercely with Wanxu, and faced off against the ancient emperor Yuhuang. All the consumption and damage, all negative states, and tragic karma were all passed on to Qinglian's avatar.

Ye Chen's body, in an instant, returned to its peak state, full of vigor and vitality, and his body felt more comfortable than ever before.

The Qinglian avatar suffered a huge negative karma, and its body almost exploded. The body that originally contained the divine light became extremely dim, and filthy and foul-smelling pus flowed out.

Ye Chen's body, only his eyes, was still aching.

That is a huge side effect of casting the magic eye of death. This side effect, the cause and effect involved, is too serious, and even the sun and yin and yang disks cannot be transferred.

There is also the water-stopping kendo, the wear and tear caused by it cannot be transferred.

But other than that, all the negative states have been transferred out, Ye Chen is refreshed all over, with joy in his heart, thinking:

"This yin and yang disk of the Taiyi is indeed miraculous. Most of the negative karma can be transferred out."

However, looking at the black and smelly Qinglian avatar, Ye Chen felt a little distressed.

With great difficulty, he cultivated this avatar to the point where it is so powerful today, almost having 70% of the power of his main body.

But now, it is damaged like this. If you want to restore it, I am afraid that you will need to consume a lot of resources.

On the edge of the square, Xiao Xingyun and many people from the reincarnation camp saw that the Taiyi Yin-Yang disk took effect. It was so miraculous that Ye Chen got rid of the negative state in an instant, and they were all pleasantly surprised.

"Fortunately, the Taiyi Yin-Yang disk was created by the head of the family himself. The rules are infinitely mysterious. Even if it is worn out by the years, it is still powerful enough."

Xiao Xingyun secretly breathed a sigh of relief again, seeing that Ye Chen's karma transfer was successful, the effect of Taiyi's yin and yang disk is obviously still the same as before, and it is still strong.

Ye Chen retracted Qinglian's avatar, jumped off the compass, and said to Wei Ying and Wu Linghua on the sidelines: "Linghua, Wei Ying, it's your turn, and you should be able to complete the transfer of the Ice God's lineage by borrowing this Taiyi Yinyang disk." "

Wei Ying and Wu Linghua looked at each other, the two girls nodded, then flew up to the eye of the compass array, and sat down cross-legged.

Wu Linghua was going to spread the authority of the Ice God, and Wei Ying already knew that, thinking that she was about to inherit the Ice God's lineage, she felt a little uneasy in her heart, and said to Ye Chen:

"Ye Chen, am I really qualified to be an ice god?"

Ye Chen smiled and said, "Why not? You are my woman, no matter what kind of godhead you are, you are entitled to inherit it."

Hearing this, Wei Ying felt a little relieved, and then her eyes became firm, and she said, "Okay, if I become an ice god, go to Wuwu time and space, and I will help you kill the goddess!"

When Ye Chen heard this, his smile was inexplicably stiff, he was silent for a while, and finally nodded and said: "Okay."

Wu Linghua said to Ye Chen: "Ye Chen, the authority of the ice god belongs to my family. I pass it on privately, and my family will not let me go. Emperor Gutian will definitely kill me. You must protect me."

Her voice was filled with infinite panic and pity. Knowing the power of the ice god, after letting go of it, she would no longer be a true god in the sky, but a fairy in the world of mortals. Without Ye Chen's protection, facing the endless attacks of time and space, She must die.

However, if she does not give up, her godhead will be deprived by the family sooner or later, and will fall into the hands of the goddess.

That being the case, it would be better to enshrine it to the reincarnation camp.

Ye Chen said: "Ling Hua, don't worry, as long as I don't die, you won't die."

Wu Linghua was a little relieved, nodded and said: "Okay, the transfer of the Ice God's authority will take some time, and I'm not sure how long it will take, anyway, I will do it as soon as possible."

Ye Chen said "hmm", and stopped talking, and didn't rush, so as not to put pressure on Wu Linghua.

Now that his decisive battle with Wanxu is imminent, he only hopes that Wu Linghua can complete the inheritance of the ice god lineage before the ancient emperor Yuhuang leaves the pass.

hum!

Wu Linghua pinched a magic formula, his body was full of frost, and the breath of ice bloomed. Behind him, a ten thousand feet high sky and earth dharma appeared, intertwined with ice and frost, which was magnificent.

She slowly transferred her own Ice Divine Dao accumulation, all laws and aura, to Wei Ying through the Taiyi Yinyang disk.

Chapter 9535

Ye Chen saw that the orthodox inheritance was going on, and his aura was stable, so he thought there would be no accidents, so he sent people to guard the scene, and additional people went out to investigate, who was the woman named Xu Yourong who saved the second tail where.

After everything was settled, Ye Chen returned to the training room by himself to recuperate his body.

Relying on the Taiyi Yinyang Disk, most of his negative states were borne by the Qinglian avatar, but the side effects brought about by the magic eye of death and the water-stopping kendo were too great, and he needed to slowly adjust his breath to recover.

Ye Chen summoned the Tianjun Fengshen Tablet again, tried to communicate with Ren Feifan, and said: "Senior Ren, I have captured the coordinates of Qingniu Guzun!"

Just now, Ye Chen shifted cause and effect to solve the problem of backlash of essence and blood, and also vaguely glimpsed a scene of heavenly secrets, seeing the appearance of Qingniu Guzun who was so angry that he vomited blood after his plot failed.

The coordinates of Qingniu Guzun were completely exposed. Ye Chen had clearly caught it and was going to tell Ren Feifan.

Rumble!

In the void, there was a response.

But to Ye Chen's surprise, it was not Ren Feifan who responded to him, but an old man whose eyes were full of wisdom, his whole body was full of aura, and the aura of a heavenly emperor surpassed all realms.

It was Yuantian Emperor!

"Senior Yuantian Emperor!"

Ye Chen sensed the appearance of Emperor Yuantian and was taken aback.

Generally speaking, Emperor Yuantian would not show up easily, otherwise, he would leave too many traces in the world, which would cause Emperor Huntian to recover.

But at this time, he came in person, appeared in front of Ye Chen, sighed, and said, "Lord of Reincarnation, I'm sorry."

Upon meeting, Emperor Yuantian actually apologized.

"I said, to protect your reincarnation camp, but let your people bear the damage of the sword of decay, I am incompetent."

Ye Chen quickly said: "Senior, you don't have to blame yourself, it's not your fault."

He knew that this matter was a conspiracy by Yehan, Antiandi, Meng Tiancan and others, who spent millions of gold and Yuanyu at the price of covering up the secrets and avoiding Yuantiandi's insight, and finally hurt Ji Siqing.

Moreover, Ye Chen didn't really foolishly take it as the truth when Emperor Yuantian said he wanted to protect the Dao.

The real protector of the reincarnation camp is only Ren Feifei.

Emperor Yuantian has too many calculations, he is not Ye Chen's close friend, relatives and friends, he can be trusted, but not absolutely.

"In short, I was negligent in this matter, and I have a heavy responsibility."

"Miss Siqing's dao heart is dusty, these Jade Immortal Ponds can be solved, so I will give it to you."

Emperor Yuantian's tone was still filled with deep self-blame. He stretched out his palm and sacrificed a magic weapon. It turned out to be a fairy pond.

Ye Chen recognized it at a glance, and said in surprise: "This is... Qunyu Immortal Pond! Senior, why is it in your hands?"

Ye Chen remembered that Qunyu Xianchi was in the hands of Sanwei Fengjianmeng, but now it appeared in the hands of Emperor Yuantian.

Emperor Yuantian said: "It was given to me by Sanwei."

Ye Chen wondered: "Will she give you such a precious magic weapon for nothing?"

Emperor Yuantian said: "It's not for no reason. She came to me not long ago and asked me why the word love is explained. She said that she needs a lighthouse to prevent her heart from getting lost. The word love is the key."

"I told her the answer. It was useless for her to go to the goddess. The goddess was not her lighthouse. I pointed out a way for her. She was quite satisfied with my answer, so she sent the group of jade fairies Chi gave it to me as a reward."

Ye Chen was even more curious, and said, "Senior, what is the meaning of the word love? Who is Sanwei's real lighthouse?"

In fact, Ye Chen subconsciously thought it was him, but he didn't capture any causal connection. He thought that the lighthouse of Sanwei wasn't him, so who could it be?

Even he and Tiannv are not qualified to serve as lighthouses, who else in this world?

Emperor Yuantian smiled meaningfully, and said: "You will know the answer to this question in the future. In short, you can accept this group of Yuxian ponds first, and they can help Miss Siqing to solve the troubles of dusty Dao heart."

"As for Yehan, Antiandi and others, I really think

Emperor Yuantian is a bully, it is not convenient for me to take action, but I will appoint people from the Truth Society and the Tomb Palace to take revenge! "

At the end, Emperor Yuantian's tone revealed a cold murderous look, like an angry king who would bleed for thousands of miles and overthrow mountains and rivers.

Ye Chen also felt a deep chill. It seems that this time, Emperor An Tian, Ye Han and others completely offended Emperor Yuan Tian.

This is also a good thing. Emperor Yuantian is willing to take action, and he can also help the reincarnation camp to deal with potential enemies.

Ye Chen looked at the group of Jade Immortal Ponds, and did not accept them, but said: "Senior, I'd better bother you, and hand it over to Siqing personally, it's inconvenient for me to go to Wuwu Time and Space."

Ye Chen was afraid that if he accepted Qunyu Immortal Pond and asked someone to send it up, something might happen.

It's better to let Emperor Yuantian deliver it to Ji Siqing himself to ensure nothing goes wrong.

Emperor Yuantian nodded and said: "Alright, I will teach you another martial art, it will be compensation."

As he said that, he put away the Jade Immortal Pond, and sacrificed another jade slip of martial arts. The words "Heavenly Martial Fist" were engraved on the jade slip, with a domineering and violent power faintly permeating from it.

Ye Chen hurriedly said: "It is enough to have Qunyu Xianchi to compensate."

Emperor Yuantian smiled bitterly and said, "No, Lord of Reincarnation, I just want to tell you that I'm going to retreat soon, and I'm afraid I won't be able to protect the way for you anymore."

Ye Chen was taken aback, and said, "Senior, do you want to retreat?"

Chapter 9536

Emperor Yuantian said: "Yes, the memory of the dead is attacking me, and many unknown sins are pouring out. I need to retreat and adjust my breath, otherwise the sins will erode me, and I will be in danger of going crazy."

Ye Chen was stunned, and said, "What's going on?"

Emperor Yuantian sighed: "Back then, I had attacked the other side of the starry sky, causing the avenue to collapse, the law to be chaotic, the heavens to fall into the age of doom, and natural disasters to come. Hundreds of millions of people died because of me. I have committed a lot of crimes."

"I killed all the relevant memories to escape the sinful demons, but in recent days, it may be that I have taken too many shots and touched the Dao. The memories killed by me have been revived, and all kinds of unknown sins, They all came out and caused me great pain."

When Emperor Yuantian said these words, he seemed to have touched the ancient secrets of the past. The tragic scenes and scenes of the Dharma-ending era flashed before Ye Chen's eyes.

He saw worlds, time and space, and large universes, all destroyed under the violent dark natural disaster.

The number of dead creatures and races is unknown.

Countless miserable howls rushed into Ye Chen's ears, almost breaking him down. Thanks to the tenacity of his Martial Ancestor, otherwise it would have been worse.

This is just a picture of the heavenly secret that he inadvertently glimpsed, only capturing a trace of past cause and effect.

However, Emperor Yuantian was in the center of the vortex of these tragic scenes. He was also the instigator of the dharma-ending catastrophe back then, and his sins were too serious, too serious.

In this world, there is nothing more serious than this sin.

One can imagine the pressure and pain that Emperor Yuantian endured.

"Senior, how long do you want to retreat for?"

Ye Chen asked.

"I don't know, I'm sorry, Lord of Reincarnation, I promised to protect your reincarnation camp for half a year, but now I can only be forced to stop. This Tianshangquan is my apology to you."

"This boxing technique is the boxing technique that fell from the other side of the world when I rushed to the other side of the starry sky. It is very powerful. It seems to be the key to opening a certain secret treasure!"

"I deduced that in the heavens, there is a certain secret treasure, which is sealed by layers of restrictions, and this Heavenly Martial Fist is the only way to break the restrictions and seals."

"But what is that secret treasure, I don't know. It should involve the mystery of the ultimate starry sky and the origin of the Dao, and you should encounter it in the future."

"I gave this boxing technique to Martial Ancestor, but he couldn't comprehend it due to his talent. I think, you are so talented, maybe you can master this boxing technique."

Emperor Yuantian handed over the jade slip of boxing techniques to Ye Chen.

Ye Chen was shocked, and said: "Even my Martial Patriarch, Master, can't understand it?"

He accepted the jade slip, glanced at it mentally, and felt that the Tianshang Fist recorded in the jade slip was indeed domineering and mighty, broad and profound, with the divine power of destroying the world and penetrating the starry sky.

But if it is so complicated, it is not necessarily true.

At least, Ye Chen took a cursory glance and felt that he could still comprehend it.

Emperor Yuantian said: "Yes, can you comprehend it?"

Ye Chen hesitated for a moment, then nodded and said: "It should be possible, it's not too complicated."

Emperor Yuantian smiled wryly, and praised again: "It's not that it's not complicated. This Tianshen Fist is as complicated as the Tiandou Massacre Sword. It's just that during this period of time, you have abundant opportunities, advanced by leaps and bounds, and your talent and understanding have also improved. You can understand such a profound boxing technique as Tianshangquan."

Ye Chen was puzzled and said, "Really?"

He didn't expect that the difficulty of cultivating Tianshang Fist was the same as that of Tiandou Massacre Sword.

But I can easily comprehend it.

It turns out that my innate understanding has actually improved to this level?

Emperor Yuantian said: "Your talent is indeed the talent of the heavens."

Chapter 9537

It's just that Ye Chen didn't expect that the Nine Heavens Fulong Seal was actually the treasure of the Muye family!

"If the Nine Heavens Subduing Dragon Seal is born, you must grab it and don't miss it."

Emperor Yuantian ordered again.

"I see, thank you senior for reminding me."

Ye Chen solemnly replied.

"Well, when you step into the other side of the starry sky, remember to take me with you."

Emperor Yuantian also said that he was making friends with Ye Chen everywhere at this time, because he actually took a fancy to Ye Chen's potential.

He knew that it was impossible for him to step into the other side of the starry sky in his life. He had tried it before, but failed miserably.

He knew very well how difficult it was to go to the other side of the starry sky.

Now he pinned his only hope on Ye Chen, and only hoped that Ye Chen could take him with him when he arrived on the other side, and he would die without regret.

Ye Chen smiled wryly, and said, "Senior, it's too far away to say these things now."

Emperor Yuantian said: "No, it's not far away. After you solve the cause and effect of reality, step into the infinite time and space. Like Ren Feifei, you can ascend to the sky and become the Lord God in one step. You are only one step away from the other side of the starry sky. Soon of."

Ye Chen still smiled wryly, and said, "I hope."

Emperor Yuantian said: "Then I'll go first, I wish you good luck." He took his leave and left.

Seeing Emperor Yuantian leaving, Ye Chen felt a little dazed. He also seemed to feel that the legendary world beyond the starry sky, above the starry sky, and the ultimate world of the Great Dao seemed within reach.

Shaking his head, Ye Chen restrained the distracting thoughts in his heart, calmed down, sat cross-legged, and felt the Tianshang Fist that Emperor Yuantian gave him.

This Tianshang Fist has domineering moves, powerful momentum, and the supreme majesty of crushing the heavens, the earth, the starry sky, and shattering the Dao.

Ye Chen couldn't help sighing, as expected of something that fell from the other side of the starry sky, it really is amazing.

After comprehending and practicing overnight, Ye Chen understood all the mysteries of Tianshang Fist thoroughly.

The morning sun shone into the practice room, and Ye Chen felt refreshed and energetic, as if he had inexhaustible strength.

"Ye Chen."

At this moment, a deep voice reached Ye Chen's ears.

It was Ren Feifei's voice.

There was finally a response from the Tianjun Conferred God Tablet.

"Senior Ren!"

Ye Chen was overjoyed when he heard Ren Feifei's voice.

Ren Feifei let out a "huh" and said, "Yesterday, Emperor Yuantian sent the Qunyu Immortal Pond over. Miss Siqing is fine. The killing time and space where Qingniu Guzun is located has been destroyed by me, but he himself Seeing the opportunity very quickly, I have already fled for my life and went to join Yehan."

"There are envoys coming from the Truth Society and the Tomb Palace, and they want to join forces with our reincarnation camp to deal with Yehan, Antiandi, Death God Cult, Ancient Star Gate and other forces. Haha, it seems that this time, they are the real source of anger It's God."

Ye Chen was overjoyed and said, "Really? That couldn't be better."

In this short period of time, shocking waves erupted on Wuwu Time and Space, and then everything subsided again.

With the help of Qunyu Xianchi, Ji Siqing got rid of the trouble of dusty Taoism, and would never betray Yechen again.

Ancient Zun Qingniu suffered a huge blow, his territory was wiped out by Ren Feifei, and he fled by himself.

Emperor Yuantian's anger for revenge has also been ignited, and the forces under his command, the Truth Society and the Tomb Palace, are dispatched to cooperate with the reincarnation camp.

Ye Chen could feel that the entire time and space is full of undercurrents and treacherous currents.

Ren Feifei thought for a moment, and then said: "Ye Chen, the reincarnation camp needs you, you come to Wuwu Time and Space, without you, the reincarnation camp has no backbone, after all, the luck background is not good enough, facing the ancient star gate, the Kazama family, Death Cult, Tuodi Tianzong, and many other powerful enemies, I am afraid that there will be no way to support them alone."

Ye Chen froze for a moment, and said, "Senior Ren, do you want me to go to Wuwu Time and Space?"

Ren Feifei said: "Yes, we are all waiting for you, you are strong enough now

With great strength, as long as you step into Wuwu time and space, we can help you quickly ascend to the gods. "

"As for the real world, your enemies are only the Ancient Emperor Yuhuang and the Daode Tianzun. As long as you become a god, you can come down to the world of mortals and kill them in a posture that defies the sky."

Ren Feifei's idea is to let Ye Chen ascend to the gods first, and then go back and kill the ancient emperor Yuhuang.

Ye Chen's eyes narrowed, the method Ren Feifei said was feasible on the surface, but behind the scenes, he caught a huge hidden danger, shook his head and said:

"Senior Ren, it can't be done. I'm only in the Profound Sky Realm. If I want to go to Wuwu Time and Space, I can only go there by smuggling. I don't go through the tribulation and ascend. I haven't been tempered. My foundation is too weak."

Ren Feifei said: "Your reincarnation blood is strong, don't be afraid of weak foundation, you can wait until you reach your cultivation base, and it will not be too late to cross the catastrophe, just like when you sneaked into the Supreme World at the beginning, you only crossed the catastrophe later and became a high-ranking person ."

"However, before stepping into the infinite time and space, you'd better go to Zihuang Immortal Palace first, and take back your fire seed and sky tablet."

"Otherwise, I'm afraid that after you become a god, Daode Tianzun will be afraid in his heart. If you give all these things to Patriarch Hongjun, it will be very bad."

Ye Chen's heart trembled, thinking that the fire seed and the sky tablet really couldn't wait any longer, and they had to be taken back as soon as possible.

After all, behind Daode Tianzun, there is another ancestor Hongjun.

Once the fire seed and the Tianbei fell into the hands of Patriarch Hongjun, it would be almost impossible for Ye Chen to get them back.

You know, Patriarch Hongjun is one of the top three existences in the Heavenly Emperor List, so trying to snatch food from him is simply a dream.

Ye Chen said: "Senior Ren, I will go to Zihuang Immortal Palace and get back the fire seed and the sky tablet, but as for whether to go to Wuwu Time and Space, I still need to carefully consider it."

The fire seed is something that spreads from the sky fire star, and the sky tablet is the key to making up the ten reincarnation black tablets, and there is no room for loss.

Ren Feifei sighed: "Okay, I respect your opinion, I will wait for you in Wuwu time and space."

After all, Ren Feifei's voice and will disappeared, and the Tianjun Conferring God Monument was also silent.

Ye Chen thought to himself: "I will first suppress the moral god, get back the fire and the stele, and then go to kill the ancient emperor Yuhuang to solve the real cause and effect, and finally go to Wuwu time and space is not too late."

"If you go to Wuwu Time and Space first, separated by the wall of time and space, with mountains and rivers, and then want to descend to the world of mortals to kill people, how can it be so easy?"

"If it was really that easy, I would have been killed by the Gutian Emperor, the Supreme Apocalypse, and the Witch."

Ye Chen has his own plan, but he is not willing to easily smuggle to No Time and Space.

He sorted out his thoughts, then set off alone, and went directly to Zihuang Immortal Palace alone.

He didn't take anyone with him, because if he made a big fanfare, he would definitely touch the secret and be discovered by the Daode Tianzun.

Chapter 9538

If Tianzun Daode finds out and takes strict precautions in advance, it will be very unfavorable to Ye Chen.

It's better to fight alone, Ye Chen believes that it is not impossible to suppress Zihuang Immortal Palace with his own strength.

You must know that most of his current negative state has been passed on to Qinglian's avatar through the Taiyi Yinyang disk, and he is relaxed and in a very good state.

Maybe Daode Tianzun didn't expect that Ye Chen would recover so quickly.

Scoff.

Ye Chen tore through the void and landed on the boundary of Zihuang Immortal Palace.

Looking down at the mountain gate of Zihuang Immortal Palace from a high altitude, he saw that most of the buildings at the mountain gate had recovered from the ruins of the dark catastrophe, and restored the atmosphere of the past, which was full of immortality and auspicious light.

Although the previous dark cataclysm was resolved by Ye Chen, because it happened on the boundary of Zihuang Immortal Palace, the person who benefited the most was the Daode Tianzun.

This great merit of holding the sky in his arms basically fell into the hands of the Taoist Tianzun.

Ye Chen reckoned that it won't be long before the Daode Tianzun can ascend to the gods.

At that time, it will be very difficult for him to regain the Fire Seed and the Sky Monument.

He came today, and the timing was just right.

Daode Tianzun is still a demigod. With Ye Chen's strength, even if the opponent relies on the earth veins, he is enough to suppress him.

"Deity God, get out!"

Ye Chen shouted loudly above the mountain gate of Zihuang Immortal Palace, and it exploded like thunder, shaking the world.

The entire Zihuang Immortal Palace and many warriors were all horrified. They looked up at the sky. When they saw Ye Chen's Wei'an figure and the blazing golden light of reincarnation, everyone was shocked.

Back then, when Ye Chen participated in the Taishang Merit War held by Zihuang Immortal Palace, his strength at that time was still very weak, and he could not be compared with Daode Tianzun at all.

But now, Ye Chen is already an invincible existence. In this world, the only one who can compete with Ye Chen is the ancient Emperor Yuhuang who has ascended to the gods.

As for the moral god, he is just a demigod, how can he compete with Ye Chen?

After Ye Chen's voice came out, Daode Tianzun flew out with several elders.

When they saw Ye Chen's figure, they were all alone, and they were all stunned.

"Ye Chen, are you alone?"

Daode Tianzun's face trembled, he couldn't believe it.

Ye Chen narrowed his eyes, and said: "Yes, I am enough to suppress your Zihuang Immortal Palace. Ancestor Hongjun just helped the ancient Emperor Yuhuang to ascend to the gods, so he should not be able to help you anymore, right?"

"Without the help of Patriarch Hongjun, you Zihuang Immortal Palace, what will you use to fight me?"

Hearing Ye Chen's arrogant and domineering words, Tianzun Daode, those elders, and many disciples below were all shocked.

This is the territory of Zihuang Immortal Palace. Since countless epochs, no one has dared to be presumptuous here.

An elder couldn't bear it anymore, stepped forward, and shouted: "Presumptuous! Kid, do you know..."

Puchi!

Before the elder finished speaking, Ye Chen glanced over, his body suddenly exploded, and he died suddenly on the spot, with blood spattering.

Ye Chen didn't use the Devil's Eye of Death, and now his eyes are still hurting, and he can't afford the price of using the Devil's Eye.

He relied on the coercion of the reincarnation bloodline itself, and with a single look, he directly crushed the elder who had the strength of the late stage of the immeasurable state.

Seeing this scene, all the disciples of Zihuang Immortal Palace were in an uproar, shocked and trembling.

Even the demigod Tao Daode Tianzun can't kill the existence of the late stage of the immeasurable realm with a single look.

But Ye Chen can do it easily.

This method is already against the sky.

"Dao De Tianzun, hand over the fire seed and the Tianbei, I will not hurt you for the sake of the enchantress."

"You return what belongs to me to me. From now on, you will be a guest of my reincarnation camp, and we will still be friends."

Ye Chen's tone softened again

Come on, persuaded.

Daode Tianzun distorted his facial features, laughed loudly, and said, "Ye Chen, you are invincible. With a few words, you just want to take away my lifeblood. How can it be so easy?"

"On the territory of my Zihuang Immortal Palace, no matter how invincible you are, you still have no right to be presumptuous!"

As soon as the voice fell, the air of Daode Tianzun exploded all over his body, and the aura of a demigod rose into the sky, faintly resonating with the Dao.

Waterfalls of laws descended from the highest avenue, rolling like a river of stars, adorned with auspicious light. Although it is the law of a demigod, the coercion it exudes is not weaker than that of a true god.

This is obviously because the Daode Tianzun has the blessing of the earth veins, even if he is only a demigod, the strength he will explode is similar to that of a true god.

"Zihuang Heavenly Sword Slash!"

With a wave of Daode Tianzun's hand, a sword light shot out, with a violent fire pressure, and Zihuang Immortal Palace's accumulated earth vein energy, slashed at Ye Chen fiercely.

From this sword, Ye Chen felt the power of the Divine Dao Realm, which was very tyrannical.

However, he was not afraid at all.

He dared to come alone, so he was sure of victory.

"Great Tomb Excalibur, kill me!"

Ye Chen sacrificed the Heavenly Sword of Reincarnation, and slashed out with the sword of the Great Tomb, the murderous aura of the sky burial rolled, like a waterfall rushing, and with just one sword, all the sword light from the Daode Tianzun's explosive slash was wiped out.

Even, the terrifying celestial burial sword energy, with a strong aftermath, attacked and killed Daode Tianzun himself.

Daode Tianzun's eyes narrowed, and he hurriedly backed away, barely dodging Ye Chen's sword with a rather embarrassed posture.

Chapter 9539

The surrounding elders, as well as many strong men below, were in a mess.

"Quickly open the guardian array."

"All killing arrays, all open, don't worry about the consumption of source jade!"

"Today, the Lord of Reincarnation must be killed. The orthodoxy of my Zihuang Immortal Palace cannot be destroyed in his hands."

A series of chaotic voices rang out, and many elder guardians went to activate various formations one after another, and some people released all kinds of beasts that had been raised for many years, and many sealed puppets were driven out .

If you give them enough time to prepare, these methods may bring Ye Chen a lot of trouble.

But now, Ye Chen came suddenly, Zihuang Immortal Palace had no defense at all, and a hasty counterattack would take time even if it could be effective.

During this time, Ye Chen was able to kill Daode Tianzun.

Ye Chen didn't wait for Zihuang Immortal Palace to fight back, and immediately slashed at the Daode Tianzun with a sword. It was still the sword of the tomb, and there was a phantom of a dragon hovering on the sword. It's exploding.

Although Daode Tianzun is a demigod, he couldn't resist Ye Chen's fierce sword. In a hurry, he had to call out the Tianbei, and with a bang, he was able to block Ye Chen's sword.

The two hadn't had a few rounds of confrontation before Ye Chen forced out Da Dao Tianzun's hole card, which can be seen from the huge gap in strength between the two.

Calling out the Tianbei, Daode Tianzun barely stabilized the situation.

"This is mine, you have no right to occupy it!"

Ye Chen stared at the Tianbei, he could feel his own reincarnation blood, and became violently agitated.

Even the flame tablet, the dust tablet, the wind tablet, etc., the nine reincarnation monuments all emerged, surrounding his body like stars, resonating with the monument of that day.

The stele of that day is the last Xuansai stele, and it belongs to Ye Chen.

As long as he can regain his reincarnation blood, he can be restored to integrity.

Scoff!

Ye Chen swung his sword and slashed out again, just wanting to defeat the Daode Tianzun and take back the Tianbei.

Daode Tianzun felt the pressure deeply. He didn't expect that relying on the earth veins and luck of Zihuang Immortal Palace, he had even summoned the Tianbei. Facing Ye Chen's sword, he still felt difficult.

"Sky Monument Formation Formation, Star Formation Covering, Order!"

In a crisis, Daode Tianzun squeezed a formula, bit the tip of his tongue, and spurted out a mouthful of blood, which fell on the Tianbei.

He can't control the Tianbei, but after studying it for so long, he can also mobilize some power.

With a buzzing sound, the Tianbei shook violently, and a totem of a star appeared faintly.

That star is the greatest, most mysterious, and most blazing star of the Emperor's Fate among the seven stars of reincarnation!

The Heavenly Emperor's Fate Star is actually hidden in the Heavenly Monument.

In the beginning, the Heavenly Emperor's Fate Star bloomed with brilliance, and the family of Ice God Wu Linghua was nourished and transformed into the Heavenly Emperor's family.

Wu Yue, the patriarch of the Tiandi family, also Wu Linghua's mother, founded the Ancient Star Gate.

Whether it is the Heavenly Emperor Family or the Ancient Star Gate, they are all forces born under the blessing of the Heavenly Emperor's Fate Star.

At this time, Daode Tianzun consumed his own blood and excavated a ray of brilliance from the Heavenly Emperor's Fate Star from the stele, turning it into a huge star formation.

This star array, dotted with hundreds of millions of stars, is as vast as a big universe, and it has astonishing divine power.

Every bit of starlight carries the supreme coercion of the Heavenly Emperor, which is shocking.

That is the power of the Heavenly Emperor's Fate Star!

The power mobilized by Daode Tianzun may not even be one in a billion, but the strong power that erupted is enough to kill a lower god.

Ye Chen was enveloped by the star array, and felt pressure, but there was no life-or-death crisis. All kinds of starlight penetrated through, but did not cause the slightest harm to his body. Instead, it became a source of energy, converging into the Inside his dantian.

"What!"

Daode Tianzun was stunned when he saw this scene.

He originally wanted to use the power of the Heavenly Emperor's Fate Star from the Tianbei to kill Ye Chen.

die.

But who would have thought that the power of those Heavenly Emperor's Fate Stars did not harm Ye Chen at all, but instead became Ye Chen's nourishment.

"Hahaha....."

Ye Chen laughed loudly, and said: "Tao Dao Tianzun, your old lake has been painted, and the Tianbei and Tiandi Mingxing are all things in my blood, so how could they hurt me?"

"I told you, this monument is mine, you have no right to occupy it!"

Amidst Ye Chen's loud laughter, his right hand surged with extraordinary dragon energy, turned into a dragon's claw, and grabbed towards the Tianbei.

The left hand punched out, carrying a world-shattering domineering power, it was Tianshangquan.

As soon as the Tianshang Fist was released, the sky instantly disappeared. The blue sky above the Zihuang Immortal Palace's mountain gate suddenly exploded.

Ye Chen's fist is so powerful that it can explode the world, it's too terrifying.

This unparalleled punch slammed into the head of Daode Tianzun.

Daode Tianzun was terrified, he only felt that this punch, even if the ancient Emperor Yuhuang came, it would be impossible to withstand it.

He had no idea that Ye Chen had learned such a powerful boxing technique. The heaven and earth were destroyed, and his Zihuang Immortal Palace's earth vein luck also collapsed, unable to provide him with any help.

Under Ye Chen's fist, Daode Tianzun was completely unable to resist.

"Qinghong Divine Star, block it for me!"

At the juncture of life and death, Daode Tianzun sacrificed a star, which was filled with the aura of the avenue of destiny, and the blue aura burst out, turning into thousands of rainbows, which was very spectacular.

It turned out to be the Qinghong God Star in the Seven Stars of Destiny.

Ye Chen was quite surprised when he saw this Qinghong Divine Star.

He remembered that this Qinghong god star was in the hands of the ancient Emperor Yuhuang, and it was a gift from the ancestor Hongjun.

Presumably it was the ancient Emperor Yuhuang who succeeded in ascension to the gods, so he returned the Qinghong god star, and this star fell into the hands of Daode Tianzun.

boom!

Ye Chen's Tianshang fist ruthlessly hit the Qinghong god star, cracking the planet apart, and the air blast exploded.

Relying on the Qinghong Divine Star, Daode Tianzun barely blocked Ye Chen's punch, escaped, and retreated repeatedly with the Tianbei, looking extremely embarrassed.

As soon as Ye Chen grabbed it, he took Qinghong God Star into his hand, and said with a sneer:

"This Qinghong god star is one of the Seven Stars of Destiny, and it is also something from my reincarnation camp. It happened to be returned to its original owner."

He immediately took Qinghong Shenxing away.

Seeing this scene, Daode Tianzun was so angry that his face was distorted and his facial features trembled, but there was nothing he could do.

Ye Chen's current strength is too terrifying, he is no longer an opponent at all, not to mention the Qinghong God Star, even the fire seed and the sky tablet will be taken back by Ye Chen.

The entire Zihuang Immortal Palace, all the disciples, guardians, and elders were as white as paper. They were completely shocked by Ye Chen's strength, and everyone was trembling.

Ye Chen just now had the power of the Tianshang Fist, which could crush the sky and the earth, who else is his opponent?

Chapter 9540

Everyone felt a piercing sadness and coldness.

Rumble!

At this moment, an astonishing vision suddenly came from the distant sky.

I saw nine dragons, hanging in the air and roaring in filial piety, coming to show their teeth and claws, bursting out with a thousand layers of auspicious clouds, and countless golden lights blooming, which is very spectacular.

Under the nine dragons suspended in the sky, dragon claws are entwined, as if surrounding a seal.

That is the legendary Nine Heavens Fulong Seal!

Seeing this vision, everyone in Zihuang Immortal Palace was shocked.

"what is that?"

"It's an ancient artifact, the Nine Heavens Fulong Seal!"

"The Nine Heavens Fulong Seal, which has returned to the ruins, is now reborn?"

"Oh my god, the reborn Nine Heavens Fulong Seal seems to have a much stronger aura than before."

Seeing the shocking weather in the distance, everyone became agitated, and faintly caught the secret.

The Nine Heavens Fulong Seal seems to be their only chance to break the game, and the only hope to kill Ye Chen!

Daode Tianzun also had a glimpse of the secret, trembling all over, thinking: "If I get the Nine Heavens Subduing Dragon Seal, I can ascend to the gods immediately, and when I become a true god, and then hold the ancient artifact, maybe I can kill this kid!"

Thinking of this, a trace of ferocity flashed in Daode Tianzun's eyes, and he shouted to many powerful people in Zihuang Immortal Palace:

"Stop him for me!"

After all, Daode Tianzun turned and flew away, flying in the direction of the Nine Heavens Fulongyin weather.

Ye Chen was taken aback. He had heard from Emperor Yuantian that the Nine Heavens Fulong Seal was about to be born, but he didn't expect it to appear so soon.

What surprised Ye Chen even more was the aura of the Nine Heavens Fulong Seal, which was much stronger than before. The power of the Nine Dragons hanging in the air made him feel the pressure.

If Daode Tianzun was allowed to obtain the Nine Heavens Fulong Seal, Ye Chen would be in trouble and would probably be killed.

"Sword of Destruction, kill!"

Ye Chen's eyes turned cold, and he looked at the figure of Daode Tianzun who wanted to escape, and immediately slashed out with a sword across the air, frantically destroying the storm of sword energy, roaring out fiercely.

"Protect Master Headmaster!"

Many warriors of Zihuang Immortal Palace knew that the situation was serious, and only by delaying Ye Chen and buying time for Daode Tianzun could they have a chance of survival.

Many warriors soared into the sky recklessly, building a human wall to resist Ye Chen's sword energy.

Puchi, puchi, puchi!

Ye Chen crushed the past with a storm of destructive sword energy, and the sword energy flowed in a turbulent manner, cutting all the human bodies into a lake of flesh and blood, killing an unknown number of people.

However, more people rushed up, desperately covering Daode Tianzun to leave.

Ye Chen's sword energy was rampant, killing and slashing indiscriminately, countless corpses fell from the sky, and the blood rain stained the entire mountain gate of Zihuang Immortal Palace.

"Damn it!"

Ye Chen gritted his teeth, but saw that under the desperate cover of countless Zihuang Immortal Palace warriors, the Daode Tianzun had gone away without a trace.

Seeing the scene of the Nine Dragons hanging in the sky, Ye Chen knew that Daode Tianzun must have gone to snatch the Nine Heavens Fulong Seal.

"The Nine Heavens Subduing Dragon Seal cannot fall into the hands of outsiders, I must take it!"

Ye Chen thought in his heart, and he didn't care about destroying the Zihuang Immortal Palace, so he flew directly in the direction of the Nine Heavens Fulongyin weather, and flew through the air.

Emperor Yuantian told him that behind the Nine Heavens Fulong Seal, there is a cause and effect on the other side of the starry sky, which was the treasure of the Muye family in the past.

Ye Chen naturally wants to seize such a precious opportunity.

Moreover, inside his Heavenly Emperor's coffin, there is still a head and half tail sealed, which has never been tamed.

If he could get the Nine Heavens Fulong Seal, Ye Chen would be able to tame Banwei, and when the Ancient Emperor Yu Huang came out of the pass, he would get an extra share in the decisive battle with him.

The weather of the nine-day crouching dragon seal is sent from the outer sky.

Ye Chen immediately went to Tianwaitian, shattered the void, and soon came to the weather source of Jiutian Fulongyin. It was a very remote place, surrounded by layers of smoke, and the coordinates were very secret.

if

It wasn't for the birth of the Nine Heavens Fulong Seal, Ye Chen would never have come to this place.

This land has a radius of tens of thousands of miles and is very vast. At the entrance of the land stands a stone tablet with the words "Sakura Tomb Holy Land" engraved on it.

In this Sakura Tomb Holy Land, there are full of cherry trees, the crimson cherry blossoms flutter in the wind, the fragrance is tangy, it is really beautiful.

In this Yingzuo Holy Land, there are also many people living in a peaceful life, but with the birth of the Nine Heavens Fulong Seal here, all the peace was broken.

In Tianwaitian and Taishang World, many people saw the grand scene of the birth of the artifact, locked the coordinates one after another, and descended here.

In the Sakurazuka Holy Land, many guardians flew out and guarded the entrance, but they did not allow anyone to enter.

When Ye Chen saw the words "Sakura Tomb Holy Land", his head was buzzing, and he caught the secret in an instant.

"Is this place the territory of the descendants of the Sakurazuka family?"

Ye Chen's heart was shaken. He had heard from Xiao Xingyun about the legend of the Yingzuo family, but he didn't expect that there were also descendants of the Yingzuo family in Tianwaitian.

Not long after, at the entrance of the Yingzuo Holy Land, thousands of warriors had already gathered, all of whom had heard the news and wanted to seize the opportunity of the Nine Heavens Fulong Seal.

Among them, Ye Chen also saw the disciples of Wanxu.

But fortunately, Ye Chen is accustomed to hiding his breath, and has not revealed his identity for the time being, and no one pays attention to him, and they are all arguing with the guards of Yingzuo Holy Land.

"You Yingzuo Holy Land, what is the origin, why can't you catch any trace of the secret?"
