

Physician 9541

Chapter 9541

"No matter what your origins are, the Nine Heavens Fulong Seal was born, and these artifacts are for those who are capable, so you don't want to swallow them all!"

"Let us in!"

Many warriors were arguing, and the guards of the Yingzuo Holy Land tried hard to persuade and stop them, saying that they belonged to an ancient family that had already lived in seclusion and did not want to get involved in external disputes, nor did they want to be disturbed by outsiders.

Everyone was blocked, and some powerful warriors rushed in regardless of dissuasion.

The guards of the Sakurazuka Holy Land went to give chase, and the scene was chaotic.

Ye Chen looked around, but he couldn't see the figure of Daode Tianzun. He thought that the other party had already barged in.

With the strength of Daode Tianzun, if he takes a step ahead, he may be the first to grab the Nine Heavens Fulong Seal, and Ye Chen will have nothing.

Ye Chen also planned to force his way in at the moment, but when he heard a buzzing sound, a barrier barrier was raised on the edge of the Yingzuo Holy Land. Anyone who wanted to force his way in, bumped into the barrier, touched the barrier, and was punished one by one. The thunder and lightning crackled, and screamed on the spot.

The guards of the Sakurazuka Holy Land were also very surprised to see the restriction shield open.

Apparently, this layer of restriction is like a trump card of the Holy Land, and it will never be used lightly in normal times.

"Everyone, please be calm."

At this time, a cold voice came from the Holy Land.

I saw a woman in Tsing Yi, with an elegant temperament and a beautiful appearance, walking out gracefully.

"Meet the lady!"

Many guards hurriedly saluted the woman in Tsing Yi.

The woman in Tsing Yi said to the warriors present with a gentle expression, "I am the daughter of the Lord of the Holy Land here, Yingzhongdie, and I have met you."

A warrior said impatiently: "No matter who you are, get out of here quickly, if you dare to steal the Nine Heavens Subduing Dragon Seal for you, the Holy Land of Yingzuo, I, Wanxu, will not spare you."

This warrior is from Wanxu.

Another warrior from Wanxu shouted, "That's right, only my Wanxu Temple is qualified to handle such a divine weapon."

But someone sneered: "You Wanxu Temple, what are you arrogant about, I am afraid that it will not be long before you will be wiped out by the Lord of Reincarnation?"

"What did you say?"

Several Wanxu warriors were furious, and the scene was about to get out of control.

Yingzuka Butterfly said softly: "You don't have to be so irritable. The opportunity of the Nine Heavens Fulong Seal is indeed for those who are capable. I will not take it privately from the Yingzuo Holy Land."

Her voice was gentle, but she had the power of a superior person, and the audience fell silent all of a sudden.

Yingzuka Butterfly then said: "It's just that the Nine Heavens Fulong Seal was born in my Yingzuo Holy Land. This is something my Yingzuo family never expected."

Ye Chen thought to himself: "The Nine Heavens Fulong Seal is the treasure of the Muye family. Back then, the Muye family was slaughtered by Emperor Yantian, the head of the Yingzuo family. Now this seal is here, and it is also a source of cause and effect."

Yingzukadie said: "Because there are many forbidden places in my holy land, it is not suitable to open it to outsiders."

"So, I can let you in, but you must promise that you are not allowed to enter any other places except the Nine Dragons!"

Everyone thought that this request was not too much, so they nodded in agreement.

Yingzukadie said again: "In addition, those who want to step into the land of Kowloon and compete for opportunities must first pay five top-grade source jades. After all, you are in my holy land, fighting and killing, and we are also very headaches. I hope you understand."

The entry fee for the five high-grade source jades is quite reasonable, and those who dare to come down and compete for the opportunity are those who are confident in their own strength, so this fee can naturally be afforded.

At that moment, everyone paid Yuanyu one after another, stepped into the Holy Land of Yingzuoka, and went to the land of Nine Dragons to compete for opportunities.

Ye Chen knew that this was the place of the Yingzuka family, so if he could enter safely, he didn't want to offend him, so he changed his appearance slightly to hide the aura of reincarnation, so as not to shock the world, and honestly lined up to pay the fee to enter.

As for the Moral Heavenly Venerable, although it is true that Ye Chen is one step ahead, who will belong to the Nine Heavens Fulong Seal in the end depends on everyone's luck.

Ye Chen handed five Yuanyu to Yingzhongdie, and wanted to enter.

"Slow down!"

But suddenly, Ying Zhongdie called Ye Chen to stop, her beautiful eyes revealed a trace of sharpness, she looked at Ye Chen, and said:

"Are you the Lord of Reincarnation?"

Ye Chen was also very surprised to hear that she revealed his identity.

The martial artists in the audience were also in an uproar, and their eyes turned to Ye Chen.

If Ye Chen wanted to make a move to snatch the Nine Heavens Fulong Seal, then their chances of winning would be infinitely close to zero.

After all, no one's luck can compare with Ye Chen.

Ye Chen hadn't responded yet, but Yingzukadie's tone became severe, saying: "You are not welcome here, Lord of Reincarnation, please leave!"

She took two steps back, and several guards strode forward, and made a gesture of inviting Ye Chen to leave, obviously not welcoming Ye Chen either.

Ye Chen was very puzzled. He remembered Xiao Xingyun said that the Yingzuo family respected reincarnation, and the head of the family, Emperor Yantian, also respected reincarnation.

Why now, Yingzukadie wants to drive people away?

Ye Chen's face darkened, and he said, "What if I don't leave?"

Even if Ye Chen couldn't get the opportunity of the Nine Heavens Fulong Seal, he couldn't let Daode Tianzun get it.

Otherwise, if Daode Tianzun relies on this artifact and kills him instead, it will be very bad.

Sakurazukacho repeated: "Please leave!"

Ye Chen could feel the vigilance of Yingzuo Die and the hostility of the guards around him. Their attitude towards him, the Lord of Reincarnation, was quite unfriendly.

Chapter 9542

Ye Chen wanted to have a fit, but when he thought of Xiao Xingyun, he didn't want to hurt the members of the Yingzuo family, so he lowered his posture and said softly:

"Miss Sakurazuka, I just went in to fight for the artifact, I will never offend your Sakurazuka Holy Land, please let me go."

Hearing this, Sakura Zukadie recalled all the powerful legends about Ye Chen, but she didn't dare to be too tough.

Otherwise, if Ye Chen gets into trouble, I am afraid that within a few breaths, the Holy Land of Yingzuo can be leveled and everyone killed.

In the end, Yingzukadie also compromised, saying: "You can go in, but you can't go anywhere except the land of Kowloon, you know?"

Ye Chen said: "I know, thank you Miss Yingzuka for your accommodation."

Yingzukadie nodded, then turned sideways to make way for Ye Chen to enter.

Ye Chen strode in, and the few Wanxu warriors behind him were trembling, and they didn't dare to go in at all, turned around and ran away.

After all, they are just small characters, and now the decisive battle between Samsara and Wanxu is imminent, if Ye Chen makes a move, they will die, how dare they compete with Ye Chen for the opportunity.

In the entire Wanxu, the only one who is qualified to compete with Ye Chen is the Ancient Emperor Yuhuang.

However, Ancient Emperor Yuhuang was in retreat.

This time the opportunity to compete for the Nine Heavens Fulong Seal is only Ye Chen and Daode Tianzun.

When Ye Chen stepped into the Holy Land of Yingzuo, the first thing he saw was a huge statue standing on the square of the Holy Land.

That is the statue of Emperor Yantian.

The carving of the statue is natural, with a simple atmosphere, and the mighty and domineering Emperor Yantian is carved so vividly that Ye Chen can't help but look at it a few more times.

"We are the true gods in the sky. Do we still have to pay Yuanyu when we enter your small dilapidated place?"

At this moment, Ye Chen heard the sound of arguing at the entrance of the Holy Land.

Ye Chen looked back, but saw a man and a woman.

The man has horns, a rough and wild physique, and his muscles protrude like cast iron. An ax is hung on his waist, and his arms are covered with fluffy black hair.

It turned out to be Qingniu Guzun!

The woman, on the other hand, was wearing an elegant plain long skirt, the skirt was fluttering in the wind, her long hair was draped over her shoulders, her blue hair was like a waterfall, and she had a beautiful complexion, but she was Sanwei Kazemameng.

Kazama Meng's temperament is more pure and elegant than before, there is no trace of ominous tailed beast in her body, only pure virginal elegance.

Standing next to Qingniu Guzun, her delicate body is very contrasting, which is particularly eye-catching.

"Her lighthouse, can't it be Qingniu Guzun?"

Ye Chen inexplicably thought of Emperor Yuantian's words, his scalp exploded, and he subconsciously took a deep breath.

Kazama Meng went to look for the lighthouse, but did he finally find Ancient Venerable Qingniu?

But think about it, this should not be possible.

Ancient Venerable Cyan Ox came from a humble background, and was just a mount of a green ox used by Venerable Fengshen Tianzun. Feng Jianmeng is the most terrifying tailed beast in the world.

Ancient Venerable Qingniu is a highgod, but under the restriction of the laws of reality, the strength he can display now is at most only one level of the divine way.

Ye Chen was in a state of mind, he and Qingniu Guzun had a deep grudge, if he had the opportunity to kill Qingniu Guzun, he would never miss it, and he could also help Beiming Tiandi take revenge by the way.

Qingniu Guzun and Kazama Meng also seemed to want to enter the Holy Land of Yingzuoka and compete for the opportunity of the Nine Heavens Fulong Seal, but they were stopped by Yingzuodie and had to pay the entry fee.

The two of them obviously didn't know the origin of the Sakurazuka family, so they didn't show any different expressions.

It seems that Emperor Yantian used very clean means to erase the secrets, and there were not many traces left.

If it wasn't for Xiao Xingyun's story, Ye Chen wouldn't even know the legend behind the Yingzuka family.

Kazama Meng said: "Just five Yuanyu, I'll just give it to you."

She then took out five source jades and wanted to hand them over to Yingzukadie.

Qingniu Guzun hurriedly said: "Miss Fengjian, how can I make you spend money? If Mr. Yehan finds out, why don't you kill me?"

At this time, he didn't dare to argue any more, obediently paid the Yuanyu fee, and stepped into the Sakurazuka Holy Land with Meng Kazama.

As soon as the two stepped into the Holy Land, they met Ye Chen.

Ye Chen smiled, put his hands behind his back, and said, "Miss Fengjian, don't come here without any harm, thank you for your Qunyu Immortal Pond, otherwise my Siqing family may suffer a lot."

Kazama dreamed that Ye Chen was here, he was startled, and said: "Ye Chen, what a coincidence, you are here too."

In fact, she and Ye Chen have no hatred at all. She was the goddess who turned to her in order to understand the secret of love characters.

But later, after being instructed by Emperor Yuantian, she already knew that Tiannv was not her beacon.

Therefore, she has already left the celestial girl camp, and she has no conflict with Ye Chen, and she can speak easily.

Before that, Ye Chen kept his promise and did not touch the broken heart bell, which also gave her a good impression.

As for the broken heart bell, it has been going around for a while, and it has fallen into the hands of the reincarnation camp. It has nothing to do with Ye Chen, it can only be said to be fate.

Ye Chen said with a smile: "I heard from Emperor Yuantian that you finally know how to interpret the word love, and went out to look for the lighthouse. Why, is the lighthouse you are looking for this cow?"

At the end, Ye Chen's eyes fell on Guzun Qingniu.

However, Ancient Venerable Qingniu's face was already pale, and his whole body was trembling slightly.

If it is in Wuwu time and space, he is the upper god, and he is not afraid of Ye Chen at all.

But this is the real world, his strength is limited, if there is a real fight, he may not be Ye Chen's opponent.

If he was just killed like this, it would be too wronged. He couldn't bear to capsize in the gutter.

You must know that Ren Feifei had escaped after killing his territory. If he died in Ye Chen's hands, it would be too wronged.

"Why is my luck so bad, the first time I came to the world of mortals, I met this kid."

"Or, this kid is very lucky?"

Qingniu Guzun was terrified, but he couldn't say a word, unprecedented panic.

Under the restriction of the law of reality, he couldn't use many of the supernatural powers of the high gods, which was very uncomfortable.

If it wasn't for Ye Han's order, he wouldn't have come here with Meng Kazama.

The price of descending into the world of mortals is really too great. If it is not for a very firm belief and a very clear goal, there are not many true gods in the sky who are willing to take the risk.

Kazama Meng glanced at Ancient Venerable Qingniu, and seeing his fearful face, she thought it was very funny, so she pursed her lips and said, "How is it possible, this Ancient Venerable Qingniu is not worthy of me."

Ye Chen smiled and said: "He is not good enough for you, what about Mr. Ye Han, is he your lighthouse?"

Kazama Meng said: "Well...not really, alas, what a headache."

"Emperor Yuantian told me that the so-called love character is nothing more than the intercourse of yin and yang, the fusion of heaven and man. He told me to find a man, it's very simple."

Chapter 9543

"He said it very bluntly, but it does make sense. It's a pity, but unfortunately, you men are all made of mud, and you are filthy and stinky. As soon as I smell your men, I feel disgusted."

"Girls are different. The two sisters of the Zhuang family, Mrs. Tiannu, they are all fragrant, and I like it very much. Unfortunately, Emperor Yuantian said that girls and girls can't achieve the wonderful principle of harmony between heaven and man. , and I can't solve this love word."

Ye Chen was stunned for a moment, but she didn't expect Meng Kazama to only like girls, not men, so she didn't consider men at all when she wanted a lighthouse.

"Am I also stinky and dirty?"

Ye Chen asked with a smile.

Kazama Meng came up to him, sniffed his nose, and said, "You don't smell bad, but I don't like it either."

Ye Chen smiled and said, "Then who do you like?"

Kazama Meng showed a hint of confusion, and said, "I don't know either."

After a pause, she looked at the scene of the nine-day crouching dragon seal in front of her. The picture of the nine dragons hanging in the air, the dragon's claws entangled, and the picture of lifting the seal, was very spectacular.

She pointed to the weather and said: "I don't know where I'm going now. I saw the birth of the Nine Heavens Fulong Seal, so I wanted to come and have a look."

"That Mr. Ye Han wanted to be my lighthouse and please me everywhere, so he asked this cow to follow me down."

"Hehe, it's funny. He forcibly detained Nine Tails, and now he wants to subdue me again. I won't submit to anyone."

Ye Chen said with a smile: "If you want to compete for the Nine Heavens Fulong Seal, I'm afraid I'm sorry, this artifact is mine."

Kazama Meng also showed a smile, and said: "Just wait and see, this thing is like the broken heart bell, and it poses a huge threat to us tailed beasts. I don't want to be manipulated by you in the future."

The two walked side by side and quickly flew to the land of Kowloon.

Ancient Venerable Qingniu felt hesitant, but he didn't dare to leave Kazama Meng and leave, otherwise Yehan would blame him and he would surely die.

He could only bite the bullet and follow suit, thinking: "Although my strength is limited, I can still display the combat power of the first level of the Divine Dao Realm. If there is a chance, I might be able to kill this kid." !"

After all, he is a high god. Although he knew that the situation was not good, he quickly calmed down and thought about ways to kill Ye Chen.

Soon, the three came to the land of Kowloon.

Many martial artists who want to compete for the opportunity have also arrived.

This land of Kowloon is a vast mountain forest, about a thousand miles in radius.

The Nine Heavens Fulong Seal suspended in the sky seems to have spirituality, and the nine dragons surrounding the seal, if you look carefully, they are actually living creatures, real dragons, not some false appearance.

"Aw!"

After noticing the entry of many warriors, the nine divine dragons let out bursts of deep dragon roars.

Then, the nine dragons scattered and flew down, guarding one side each, and formed a faint formation to block this thousand-mile land and block all warriors in it.

Everyone noticed this scene and became vigilant one after another. They felt bursts of dragon's power roaring towards them, and the sense of oppression was very strong.

"Interesting, interesting."

Kazama Meng laughed, clapped her hands, and said:

"The energy and aura of the Nine Heavens Subduing Dragon Seal is really majestic. I don't know who made it back then, but this time, nine dragons were born, each of which has the strength of the first level of the Divine Dao Realm. If you want to subdue this seal, I'm afraid it's not easy."

Ye Chen's eyes were fixed, and he also felt the great pressure brought by the nine dragons around him, which was the pressure unique to the Divine Dao Realm.

The nine divine dragons are all in the realm of the Divine Dao. It is conceivable how terrifying the power of the Nine Heavens Fulong Seal itself is.

Buzz buzz!

At this time, a strong idea was born from the Nine Heavens Fulong Seal. This magic weapon is spiritual.

At this moment, the strong idea spread out, and everyone felt the "idea" of the Nine Heavens Fulong Seal:

If you want to get the treasure, first kill the dragon!

These six characters are the will of the Nine Heavens Fulong Seal.

To gain its approval, one needs to challenge those nine dragons first, or even kill them.

If it is a multi-person challenge, the person who contributes the most and kills the most dragons will be the final winner.

Those nine divine dragons are the test released by the Nine Heavens Fulong Seal.

If the people in the field do not have the strength to kill the dragon, they will be strangled by the dragon and reduced to a sacrifice for the seal.

When this idea spread, thousands of fighters on the field felt the will of the Nine Heavens Fulong Seal, and they all became a commotion.

Each of the nine divine dragons is a powerful existence in the Divine Dao Realm. How easy is it to kill them?

It seems that it is not an easy matter to obtain the Nine Heavens Fulong Seal.

"Aww..."

Just as the crowd was commotioning, a tragic dragon cry came from afar.

I saw that there was a divine dragon that had been beheaded by someone. The blood flowed into rivers, and the aura scattered. The scene was quite bloody.

Everyone was taken aback, and looked at the dragon slayer.

Ye Chen also looked over, and then he saw that the man who slayed the dragon was a blood-stained old man, and he was none other than Da Dao Tianzun!

While everyone was still hesitating, Daode Tianzun had already made a move.

I saw a stone tablet floating around his body, it was the tablet of heaven.

Obviously, Daode Tianzun was able to kill the Shenlong of the Divine Dao Realm so quickly, relying on the Tianbei.

The power of the Tianbei is extremely powerful, and it suppresses the existence of these divine beasts very violently.

It's just that it takes a huge amount of spiritual energy to activate the stele.

Chapter 9544

Daode Tianzun's face was slightly pale, he was panting a little, took a few pills, and was adjusting his breath.

Ye Chen's face darkened, if he was killed by the Daode Tianzun one after another, the Nine Heavens Fulong Seal would belong to him.

Whoosh!

Ye Chen didn't hesitate, flew out, and also flew towards a dragon.

"Hehe, does Dragon Slaying determine the outcome? That's fine, I also want to see how much strength I can still display, with the wear and tear of the years and the suppression of the law of reality."

Kazama Yume's beautiful eyes narrowed, and she chose another direction to kill the dragon.

"Miss Kazama, be careful."

Qingniu Guzun hastily followed Kazamameng, fearing that something might happen to her.

But his attention was always on Ye Chen.

If Ye Chen slays the dragon, some flaws may be revealed.

If there is a chance to attack and kill, he will definitely do it at any cost. Even if Ye Chen cannot be killed, as long as he is seriously injured, the hidden danger can be solved.

Ye Chen has already noticed the gaze of Qingniu Guzun, and thought to himself: "He is waiting for my opening, I might as well use the trick and lure him."

If Guzun Qingniu had been by Kazama Meng's side all the time, it would be inconvenient for Ye Chen to do anything.

After all, Kazama Meng's temper is unpredictable, God knows if she will suddenly side with Qingniu Guzun and turn against Ye Chen.

But if Qingniu Guzun attacked first, and Ye Chen fought back, even if Kazama Meng wanted to help, he would have no chance.

Ye Chen flew near a divine dragon. At this moment, dozens of warriors were already besieging and killing the divine dragon.

The whole body of the dragon is pure white, and the white scales reflect the sunlight, which is quite dazzling.

Sensing the killing intent of many warriors, Shenlong roared lowly, his eyes showed a majestic coldness, and with a wave of the dragon claw, the clouds and mist surged, forming a barrier of smoke and clouds, and all warriors who rushed into the barrier of smoke and clouds were shocked. Suppressed by the powerful Longwei, they vomited blood and screamed.

These injured warriors ran away in a hurry, and those warriors who hadn't approached the dragon were also a little panicked and didn't dare to approach.

After all, for ordinary warriors, the power of a divine dragon at the first level of the Divine Dao Realm is still too terrifying. Even with a large number of people, it is difficult to get close.

Ye Chen didn't panic at all, but in order to confuse Guzun Qingniu, he still put on a dignified appearance and walked slowly towards the dragon.

"The Lord of Reincarnation is here."

Seeing Ye Chen approaching, many warriors stepped aside and looked at Ye Chen with admiration and anticipation in their eyes.

In fact, they were not sure if they wanted to compete with Ye Chen for the opportunity, but after all, they came in after paying the Yuanyu fee, and they didn't want to go back empty-handed.

Seeing those divine dragons at this moment, all of them possessed the flesh and blood of the true divine way, they wanted to get a piece of the action. They only hoped that Ye Chen could slay the dragon. They slaughtered a little bit of dragon scales and bones, dragon blood and dragon meat, and it was not in vain to come in.

After all, there are countless dragon races in this world, but this is the first time everyone has seen a divine dragon at the level of the Divine Dao Realm.

The flesh and blood of a real dragon in the Divine Dao Realm is definitely full of essence energy, whether it is taken directly or used as medicine, it is a first-class existence.

Ye Chen slowly approached the dragon, and felt the coercion of the Divine Dao Realm.

But Ye Chen didn't panic, he planned to kill this dragon within ten strokes with his own strength.

In the process, you may suffer a little injury. After all, it is against the God of War realm. It is not easy to be unscathed.

But Ye Chen has absolute confidence that he will not be too embarrassed if he is slightly injured at most.

Seeing Ye Chen approaching, the Shenlong also felt threatened, and the dragon eyes stared at him with great vigilance.

"Roar!"

Then, the divine dragon took the lead, the dragon claws came out, the golden light surged, the auspicious energy gushed out thousands of miles, and the laws of the divine way converged into a waterfall galaxy, blasting towards Ye Chen.

Ye Chen was calm in his heart, but he pretended to be panicked, mainly to confuse Gu Zun Qingniu, and swung his sword to block the attack of Dragon Claw.

With a ding, the dragon claw hit Ye Chen's long sword, bursting out a series of sparks.

Ye Chen seemed unable to bear it, and took a few steps back in embarrassment.

Of course, this was also used to confuse Ancient Venerable Qingniu.

The Qingniu Guzun came to the world of mortals for the first time, and he was not familiar with the operation of the heavens, so he couldn't see through Ye Chen's disguise instantly. He only thought that Ye Chen was really defeated by Shenlong, and thought:

"This kid claims to be invincible in this world, I think it's just that. He's not even a fairy in the world of mortals. How can he be compared with a true god in the sky?"

"Hmm...he does have some heaven-defying cards, which are enough to kill the true gods, but these cards must be used at a huge price. After the decisive battle with the goddess, his cards are already useless, right?"

While his mind was spinning, Ye Chen had already swung his sword and fought with the dragon, and the fight was evenly matched, but Ye Chen looked very struggling.

Qingniu Guzun nodded, thinking to himself: "This kid is indeed quite capable, he can fight against a real dragon in the Divine Dao Realm, and considering his cultivation in the Profound Sky Realm, he is already a heaven-defying existence."

boom.

At this time, Kazama Meng had already ended the battle, and drops of blood on her slender hands, like rain on a lotus leaf, quickly slid down.

It turned out that she had just fought against the Shenlong, and directly tore a Shenlong to pieces with her bare hands.

At this moment, the divine dragon has been torn into minced meat, leaving only some broken skeletons, and the warriors around rushed up to slaughter the dragon corpse.

Ye Chen was still fighting with Shenlong, and the fight was inextricable.

Kazama Meng glanced at it and felt that something was wrong. She smiled and said, "You bastard, you really know how to pretend..."

Speaking of this, he seemed to catch something again, shut up immediately, and glanced at Qingniu Guzun.

Qingniu Guzun's attention was completely focused on Ye Chen, but he didn't pay attention to what Kazama Meng said.

"Great Tomb Excalibur!"

Ye Chen fought hard with the dragon for hundreds of rounds, and finally found a chance to kill, and with great difficulty, he used the Great Tomb Sword, the violent sky burial sword energy, and killed the dragon in one fell swoop.

Shenlong let out a mournful cry, his body was bleeding profusely, and fell down in the middle of the forest. Many warriors around rushed up to slaughter.

And Ye Chen, who finished casting the Great Tomb Sword, seemed to have exhausted all his strength, panting heavily, covered in sweat, and had many wounds from dragon claws on his flesh, standing with the sword in his hands, quite embarrassed, the back door is wide open.

From the perspective of outsiders, this is completely the best time for plotting!

"This is a good opportunity for me to kill the Lord of Reincarnation!"

When Qingniu Guzun saw this scene, he couldn't hold back anymore, he felt that a golden opportunity was right in front of him.

The lord of reincarnation, who can't be killed by anyone, will die in his hands today.

There was only one thought in his mind, his eyes were red, and he suddenly pulled out the ax hanging from his waist. The law of the Divine Dao Realm exploded, and his body flashed through the air, hitting Ye Chen's back through the air.

However, the blow he was determined to win did not hurt Ye Chen.

Chapter 9545

Ye Chen seemed to have known that he was going to sneak attack. The moment the ax fell, Ye Chen had already dodged sideways. The Lingfeng Divine Vessel was activated, surrounded by wind and suspended in mid-air. He smiled at Guzun Qingniu and said:

"Why, you are also a high god anyway, do you want to kill me by sneak attack?"

Guzun Qingniu looked at Ye Chen's calm and relaxed appearance, and there was no sign of excessive energy consumption.

When he saw this scene, he realized in an instant that Ye Chen was in disguise and wanted to lure him out. Suddenly, he felt cold and rushed from the bottom of his feet to the Tianling Gai, shouting angrily:

"You lied to me?"

Ye Chen said with a smile: "Yes, I just lied to you, so what?"

After saying these words, a cold and extremely murderous intent appeared in Ye Chen's eyes.

There is too much enmity between him and Qingniu Guzun.

Before the decisive battle between him and Tiannv, he was attacked by Qingniu Guzun's corpse insects, and finally he had to kill his own soul to solve it, and paid a huge price.

Later, Qingniu Ancient Venerable intercepted his blood essence again, intending to kill his origin by killing Immortal Pond.

Coupled with the hatred of Emperor Beiming, it is absolutely impossible for Ye Chen to let him go.

Now that he has the opportunity to kill, how can he miss it?

"Heavenly Martial Fist, kill me!"

Ye Chen yelled loudly, without the slightest hesitation, and immediately punched out violently, the power of Tianshangquan exploded to the extreme at this moment.

The fist that was tyrannical enough to destroy the heavens and the earth instantly bombarded Guzun Qingniu in front of him.

Qingniu Ancient Venerable was terrified, only felt that Ye Chen's punch was so overbearing, it didn't seem like a move that could be done in the real world, it was an existence that could penetrate the stars.

When this punch exploded, the azure sky instantly collapsed, turning into black nothingness, the earth cracked, and there was a dark and desolate atmosphere.

It seems that the whole world is surrendering to Ye Chen's fist.

Qingniu Guzun swung his ax to block, and the murderous aura of killing the fairy pond erupted from above, and the power was quite fierce.

But unfortunately, this is the real world, and many of his strengths are restricted.

But Ye Chen didn't have any restrictions!

boom!

Ye Chen punched down fiercely, smashing Qingniu Guzun's axe, and even his arm.

"Ahhh!"

Qingniu Guzun screamed miserably on the spot, feeling the sharp pain in his heart.

"Boy, count yourself as ruthless!"

"Our account, after you step into Wuwu time and space, we will slowly calculate together!"

Qingniu Guzun gritted his teeth, knowing that under the constraints of reality, he was completely invincible to Ye Chen, so he hurriedly clutched his broken arm and fled to the land of Kowloon.

Ye Chen smiled and said, "I'm afraid you're going to die today, so what's the future?"

With one step, he chased after Guzun Qingniu, sacrificed a sword light, and slashed at Guzun Qingniu's back.

"Law of Karma, stop me!"

Qingniu Guzun shouted wildly, and an invisible air wall burst out with the divine power of the law of causality, blocking Ye Chen's sword energy and even blocking Ye Chen's footsteps.

He is a god after all, even if he is limited by reality, those supernatural power transformation methods at the level of the divine dao state are quite subtle, layers of air walls are spread out, and Ye Chen is stopped at once.

"This law of karma, I'm afraid it can't stop me."

Ye Chen smiled and didn't panic. Now his strength is already very strong. If he uses it in the real world, even the general law of cause and effect can't stop him.

"Beiming Tuntian Law, break it for me!"

Ye Chen raised his palm and used the Beiming Swallowing Sky Technique, swallowing and crushing the air wall in front of him forcefully, and then chased after Qingniu Guzun.

The two chased and fled, and soon left the land of Kowloon.

In the land of Nine Dragons, Daode Tianzun, Feng Jianmeng, and many warriors were all shocked when they saw Ye Chen defeat Qingniu Guzun.

Now Ye Chen's strength is really strong enough to rebel against the gods, even the ancient venerable Qingniu is no match for him, he will only end up being chased and escaped.

"This kid is too powerful. I must get the Nine Heavens Fulong Seal to have a chance to kill him!"

Daode Tianzun thought so in his heart, and immediately went to kill the next dragon.

He thought to himself that Ye Chen would chase people instead of fighting for opportunities, which would naturally be his perfect opportunity.

Ye Chen knew that if he came out to hunt down Qingniu Guzun, he might not be able to grab the opportunity of the Nine Heavens Fulong Seal.

But, weighing the two, he still wanted to kill Guzun Niu.

This Qingniu Ancient Venerable had already taken refuge in Ye Han, if he ran away today, it would be difficult to kill him later.

The two chased and fled. The patrolling guards in the Yingzuo Holy Land were horrified when they saw this scene, and shouted:

"What are you doing, I am the most important place in the Holy Land of Sakurazuka, you are not allowed to make trouble!"

However, Ye Chen and Qingniu Guzun naturally didn't listen, and continued to chase and flee, even ordinary guards couldn't catch up with them.

While chasing and fleeing, Ye Chen released supernatural powers and sword energy, and continued to bombard Qingniu Ancient Venerable, while the latter defended and counterattacked. The two fought and won the Holy Land of Yingzuo. Many buildings were destroyed, and every cherry tree was destroyed. The scene was messy.

Qingniu Guzun is not Ye Chen's opponent in the real world, and he can't escape Ye Chen's pursuit. He gradually feels tired, panic and confusion in his heart.

After all the years of killing and hunting, he still maintained his fighting instinct. Subconsciously counting his fingers, he vaguely glimpsed the hope of breaking the situation, and fled to a place.

Ye Chen continued to chase and kill, and while the two were chasing and fleeing, they came to a place that was clearly forbidden.

Chapter 9546

Because in this place, there are a series of black runes, connected into pieces, hanging down, forming a restriction, surrounding and blocking a tomb.

In front of the tomb, there is a tombstone with the words "Tomb of Emperor Yantian" engraved on it, and a statue of Emperor Yantian is enshrined next to it. There are two extraordinarily huge cherry trees, which are very spectacular.

"The law of karma, the restriction is opened!"

Qingniu Guzun hissed, and the restriction made of black runes opened a crack automatically, he fled in hastily, and sat down in front of the grave, panting heavily.

The crack closed automatically, but Ye Chen was blocked from the restriction. The power of this restriction is very strong, connected to the earth veins, but it cannot be broken by brute force.

Qingniu Ancient Venerable is a god, mastering all kinds of supernatural powers and changes, he can rely on the law of cause and effect, directly ignore the shackles of the restriction, and open the restriction, but Ye Chen can't do it.

This is the difference between a man in the world of mortals and a true god in heaven.

This is a gap in the realm of supernatural powers, but it cannot be made up for by combat power.

"Hehe, Lord of Reincarnation, can't you come in?"

Seeing that Ye Chen was blocked by the restriction, Qingniu Guzun immediately grinned and said:

"You're dead, I'll go back to Wuwu Time and Space and report to Young Master Ye Han."

"When Mr. Yehan comes out of the mountain, you will die."

Ye Chen couldn't help laughing, and said: "You guys are fighting in front, it's a sword of decay, it's to cover Yuantian Emperor's eyes and ears, and it's a backlash of essence and blood, can it hurt me?"

Qingniu Guzun was taken aback for a moment, and after thinking about it carefully, it seemed that this was indeed the case. Even if Yehan made a move, he hadn't been able to cause substantial damage to the reincarnation camp so far.

He gritted his teeth and said: "Sharp teeth, sharp mouth, boy, you made me so embarrassed this time, it's not because of your strength, but because of the limitations of reality, I can't show my strength."

"I'll go back to Wuwu time and space first, if you have the guts, then step into Wuwu and we'll fight again."

Ancient Venerable Qingniu's breath eased, and he wanted to tear the void and return to nothing.

Ye Chen knew that if Guzun Qingniu returned to Wuwu, it would be very difficult for him to take revenge.

He was also a little anxious in his heart, and he swung his sword to kill, but he still couldn't break the prohibition rune in front of him.

This layer of restriction is connected with the leylines, unless the Holy Land of Yingzuoka is destroyed, otherwise the restriction cannot be opened by barbarism, unless the law of cause and effect is used.

But this is the means of the true god in the sky. Ye Chen knows a little bit of the law of cause and effect, but it is far from enough to reach the point of saying the law.

Seeing Ye Chen's anxious appearance, Guzun Qingniu couldn't help laughing.

Crash!

Just as he was laughing, the rune restriction suddenly retreated without warning.

Without the restriction of runes, Ye Chen and Qingniu Guzun were face to face at close range.

The two of them stared at each other, and were stunned. They didn't expect that this layer of rune restriction would suddenly dissipate.

"What... what's going on here?"

The Qingniu Ancient Venerable was horrified, and subconsciously looked at the statue of Emperor Yantian next to him.

He seemed to be aware that the withered statue of Emperor Yantian was shining with light, and then the restriction was lifted.

Could it be that Emperor Yantian is going to show his spirit?

Ye Chen also faintly sensed it, and was overjoyed in his heart, showing a cruel and cold smile, and said: "Guzun Qingniu, it seems that there is no need to go to Wuwu Time and Space, our grievances can be resolved now."...

Qingniu Guzun was terrified. Looking at Ye Chen's smile, he felt creepy. He moved his butt back a little bit, but Ye Chen was approaching step by step.

"Hey, Lord of Reincarnation, what do you want to do, really want to kill me?"

"You don't talk about martial arts, I haven't shown my strength, even if you kill me, I won't accept it!"

Ancient Venerable Qingniu yelled angrily again under fear.

Ye Chen laughed loudly and said, "It's none of my business if you don't accept it, I, Ye Chen, will never let the threat go back to the infinite time and space, die for me!"

After the words fell, Ye Chen didn't hesitate, and punched Gu Zun Qingniu on the head.

Back then, Ancient Venerable Qingniu killed Bei

When Emperor Ming Tiandi was in power, he didn't talk about martial virtues. He had the opportunity to kill Emperor Beiming because he was weak.

Now that Ye Chen made a move, it was just a tit for tat.

Qingniu Guzun's eyes narrowed, watching Ye Chen's fist bang, he felt a force that could destroy the world, and it was about to pour on his head.

He raised his hand in vain, trying to block.

However, Ye Chen punched down, blowing his hands, and even his head.

Blood and brains spurted out and splashed onto Ye Chen's face, it was hot and cold, but he felt the pleasure of revenge.

The young Gu Zun never expected that history would repeat itself, and he would die so aggrieved!

If there is no time and space, his breath is enough to kill the Lord of Reincarnation.

However, he has now come to the real world.

The real world has great restrictions on the true god who has no time and space! Otherwise, the existence of no time and space would have destroyed the real world long ago.

This is the rule in the dark.

This is also the reason why powerhouses without time and space rarely come to the real world in person.

Qingniu Guzun died on the spot, the body fell to the ground and twitched a few times, then stopped moving.

If it was an ordinary person, even if he killed Ancient Venerable Cyan Ox, it would be impossible to destroy all his timelines, and it would still be possible for him to be resurrected.

But now Ye Chen, Samsara Martial Arts is quite ferocious, with the help of the rules of reality, one punch to kill, that is an instant, can destroy all timelines of some enemies, without giving them any hope of resurrection.

It's a pity that he couldn't do this in Wuwu time and space.

Now, this ancient Qingniu is completely dead, and there is no possibility of resurrection. .

the wind will laugh

Chapter 9547

Ye Chen breathed a sigh of relief, Ren Feifan failed to kill Guzun Qingniu, but died in his hands, finally solved a hidden danger, and avenged Beiming Tiandi.

If he doesn't punish him this time, and returns to Wuwu Time and Space, there is no limit for Ancient Venerable Qingniu, he will definitely die!

bang.

After Qingniu Guzun died, a thing in the shape of an inkstone fell out of his body with dense spiritual energy.

"Hey, this is..."

Ye Chen grabbed the palm of his hand, and took a picture of the inkstone from the air, and saw that the inkstone was not filled with ink, but a pool of clear water, exuding a dense immortal energy, which contained a strong murderous aura, which invaded people's minds .

When Ye Chen was holding the inkstone, murderous aura roared over, and the hairs on his palm were chopped off one by one.

"This is the Immortal Slaughtering Pond, it's cheap for me."

Ye Chen was overjoyed, knowing that this inkstone was the magic weapon of ancient Zun Qingniu's life, the Slaughtering Immortal Pond in the Ten Immortal Ponds.

Ye Chen stared at the Immortal Slaughter Pond, and could see his own reflection. Suddenly, he felt a little sad for no reason.

This sadness came so suddenly that Ye Chen was stunned for a moment.

When he looked at the Slaughter Immortal Pond again, he felt that the water in the Immortal Pond seemed to be made up of tears, and those tears carried great sadness, so when he stared at it, he was infected by the sadness, and he felt sad, even still want to shed tears.

"This magic weapon is really miraculous. It can actually touch my Dao heart. I don't know who can create it."

Ye Chen repeatedly looked at the Slaughter Immortal Pond, feeling very curious.

"This thing was made by Sword Demon."

"This was originally something from the Sword Demon."

Suddenly, an old voice reached Ye Chen's ears.

Ye Chen was shocked: "Who?"

His gaze subconsciously looked at the statue of Emperor Yantian again, his heart tightened, and he said, "Emperor Yantian, is that you?"

The prohibition runes in the tomb just now scattered suddenly, it seems that it was also because Emperor Yantian appeared to help Ye Chen behind his back.

"This is not a place to talk, Lord of Reincarnation, you knock three times in front of my grave, let's talk again, I have some gifts for you."

"Oh, it's been many, many years, and I really want to talk to people, and I have something to warn you."

said the voice.

When Ye Chen heard that voice, he knew that it must be Emperor Yantian's voice, and his heart arose with infinite curiosity.

He heard Xiao Xingyun mention all kinds of legends about Emperor Yantian, and his heart was already full of longing.

Now Emperor Yantian actually wants to manifest himself in front of him, and even said that there is a gift for him, that is really a great chance.

Emperor Yantian is the top god of heaven, and kowtowing to him is not an insult to Ye Chen.

At that moment, Ye Chen knelt in front of Emperor Yantian's tomb and kowtowed to him three times.

The moment the kowtow was over, Ye Chen felt the void around him twist for a while, and his whole body was pulled into a special space.

In this space, there is no sky and earth, only a huge cherry blossom tree stands upright.

Under the cherry blossom tree, a brazier was burning. An old man, standing beside the brazier with his hands behind his back, was Emperor Yantian.

Seeing Ye Chen coming in, Emperor Yantian really kowtowed to him just now, couldn't help laughing, and said: "Lord of reincarnation, you really kowtowed to me, my life, Emperor Yantian, is not in vain, you But someone who can surpass the heavens."

Seeing Emperor Yantian's ecstatic posture, Ye Chen couldn't help laughing, touched his nose, but didn't speak.

After laughing a lot, Emperor Yantian suddenly withdrew his smile, knelt down to Ye Chen, slammed his head back three times, and said:

"Lord of Reincarnation, you are the most respected person in my life. I dare not take advantage of you. I was just joking."

Ye Chen quickly helped Emperor Yantian up, and said: "Senior is a generation of masters. Now that I occupy the Taiyi Yin-Yang Disk, I have received the favor of the senior, and it doesn't matter if I kowtow to you."

Emperor Yantian smiled and said: "Let's not talk about this, Lord of Reincarnation, I am very happy to see you. I have never had the chance to see you in the ninth reincarnation."

Chapter 9548

With Ye Chen's current strength, facing the first level of the Divine Dao Realm, he can fight, but if it is the peak level, it will be a bit tricky.

"These dragons, are there people behind them manipulating them?"

Ye Chen's pupils shrank slightly, and he vaguely felt something was wrong.

Emperor Yantian nodded and said: "Yes, they are members of the Nine Heavens Fulong Sect, hehe, Fulongyin was born in this holy land of Yingzhong, and it is probably controlled by them. They want to cut off the karma of the past and kill my Yingzhong. People from the family."

Ye Chen asked: "Are they going for revenge?"

Emperor Yantian said: "What revenge?"

Ye Chen hesitated for a moment, and then said: "I heard that you, senior, slaughtered the Muye family. This Fulong seal is the treasure of the Muye family. The Nine Heavens Fulong Sect is also related to the Muye family, right? They are To avenge you?"

Emperor Yantian shook his head again and again when he heard Ye Chen's deduction, and said, "No, no, the Muye family was not destroyed by me, but by the sword demon."

"The Nine Heavens Fulong Cult doesn't want any revenge, but simply wants to cut off the cause and effect, and kill all the traces, characters, and relationships related to the Nine Heavens Fulong Seal. They are a group of lunatics."

Ye Chen froze for a moment, only felt that there was a huge cause and effect behind these things, and said, "What the hell is going on?"

Emperor Yantian frowned, and pondered: "These things are very complicated. I didn't want to tell you, but there are many difficulties and difficulties that only you can solve."

"Well... let me think about how to say it."

Nine Heavens Fulong Seal, Nine Heavens Fulong Sect, Muye Clan, Sword Demon, Yingzuo Family, etc., many ancient legends and secrets behind them are obviously intricate, and Emperor Yantian is sorting out the words.

Ye Chen waited patiently without urging.

After pondering for a long time, Emperor Yantian finally said: "Well... let's start from the beginning."

"Back then, I was the patriarch of the Sakurazuka family. Seeing that the sacred cherry tree was about to wither and perish, I started to lead my clan to flee."

"I first came to Wuwu Time and Space alone to find a suitable refuge."

"I saw no time and space, a darkness and coldness, and I created fire."

"At this time, a person saw it. He was very surprised and asked me what it was."

"I said this thing is called fire, and the light can dispel darkness and keep warm."

"He was very happy and said he did not feel cold anymore."

"I saw that he looked like a savage, wearing animal skins and drinking blood from his hair, so I used fire to cook meat for him."

Chapter 9549

"What about the Sword Demon?"

Ye Chen asked again.

Emperor Yantian said: "Sword Demon? He is a lunatic. He said that killing people is fun only by killing grass and roots, so he went after the survivors of the Muye family."

"Those survivors kept fleeing, and finally offered the Nine Heavens Fulong Seal, seeking the protection of a dark demon god race, that dark demon god race, called

Chapter 9550

When Ye Chen heard this, he felt a trance in his heart, only felt that the world was changing and the vicissitudes of life were desolate.

He finally knew all the stories about Emperor Yantian and why he wanted to erase all traces of the secrets back then.

After a pause, Ye Chen thought of the Sword Demon again, and asked, "What about the Sword Demon? Is he still alive?"

Emperor Yantian said: "Sword Demon... Hehe, after I died, he was very sad, because until I died, he had no chance to duel with me."

"I never thought that he would be so sad that he would cry every day, kill people every day, cry while killing, and call my name every day."

"Back then, when my Sakurazuka family saw the god cherry tree wither, I didn't cry as sadly as he did."

Ye Chen was stunned for a moment, imagining the scene, he was a little bit dumbfounded, speechless.

Emperor Yantian sighed: "In fact, I have seen it all. Although I am dead, as long as there is a flame, there is my will. If the flames in the world are not extinguished, my will will not perish."

"The tears and killing intent of the sword demon finally gathered into a fairy pond, which is the killing fairy pond in your hand."

Ye Chen's eyes were a little blurred. He really didn't expect that there was such a legend behind the Slaughter Immortal Pond.

Emperor Yantian said: "The sword demon finally cried dry tears. The killing and the wear and tear of the years eventually made him die of old age, but his will of the sword is too strong, and he will not perish. I calculated the secret, knowing that the recent In a hundred thousand years, he has been reincarnated."

"The reincarnated sword demon is named Han Yan. If you meet him in the future, you must pay attention."

"The sword demon back then killed people like hemp. In order to sharpen the so-called swordsmanship, he killed countless creatures. If you meet him in this life, you'd better guide him on the right path."

"If the heart is not right, the sword will be evil. If you want to survive on the other side of the starry sky in the future, you also need a heart of righteousness."

"I have a hunch that the day when we meet will not be too far away."

Ye Chen said: "Han Yan...Okay, senior, I remember this name."

Emperor Yantian nodded, and his voice suddenly became solemn again, saying: "Lord of Reincarnation, I have another sentence that I want to give to you."

Ye Chen said: "Senior, please tell me."

Emperor Yantian said: "The Zhishui swordsmanship, whether you can use it or not, because it is a swordsmanship that reverses the way and breaks logic.

"If there really is an ultimate god beyond the starry sky, I think this god is the word 'heaven'."

Ye Chen trembled in his heart, and said, "I see, senior, thank you for your reminder."

Emperor Yantian nodded again and said: "Very well, Lord of Reincarnation, you can take away my left arm buried here. This is my Emperor's Arm. If you refine it, it will be of great benefit. This is my gift to you."

Ye Chen frowned and said, "Senior, I have refined your Heavenly Emperor Arm, won't you be able to be resurrected in the future?"

Emperor Yantian said: "It's okay, I said it, I don't want to resurrect anything. The long years have already wiped out all my ambitions. I just want to sleep well and never wake up."

Ye Chen was silent, and finally cupped his hands and said: "Senior, don't worry, if I have enough strength, I will take good care of your descendants."

After a pause, Ye Chen hesitated and said: "It's just that the people in this Yingzuo Holy Land don't seem to be very friendly to me."

Emperor Yantian chuckled, and said: "They misunderstood. Originally, my Yingzuo family believed in reincarnation, but the first nine lives of reincarnation could not rise, so many people's beliefs have been shaken, and even resentment towards reincarnation."

"I will entrust them with a dream tonight and tell them clearly that in this life, you will surely rise against the sky!"

"Now, please kill those dragons first."

"Those dragons are all
