Chapter 9591

In the darkness, he couldn't see anything, and couldn't catch any breath.

But he still remembered the position where he stabbed Xuan Hanyu just now, and the opponent fell to the ground with serious injuries.

According to the direction in memory, Yehan slashed out with a sword, a sword qi, with a chirping sound, slashed across the darkness, and slashed towards Xuanhanyu.

clang!

However, his sword was blocked by someone.

The person blocking it was Ye Chen, that's right!

Ye Chen's aura was exposed in the darkness, and the golden light of reincarnation appeared, even the star of life in the night could not cover it.

Everyone saw Ye Chen's figure.

Yehan was overjoyed, and said, "You kid, you're pretending to be a ghost, you deserve to die."

He immediately rode Nine Tails and swung his sword to assassinate Ye Chen.

Ye Chen's face was silent, he raised his sword to block without saying a word.

ding ding ding...

In an instant, the two clashed countless swords.

Ye Han clearly felt that Ye Chen's aura had weakened, at most only 80% of his strength just now, presumably it was the consumption of summoning the Black Night Star.

However, Ye Chen's luck background is much deeper than before, as if blessed by earth veins.

Yehan knew that this was the night star shining, creating a world of eternal night, which was equivalent to the world created by Ye Chen himself, so it was blessed by the earth veins.

Wei Ying and Shentu Wan'er, seeing Ye Chen had appeared, immediately flew up with their swords, and together with Ye Chen, they fought against Ye Han.

With one enemy against three, Ye Han felt great pressure, snorted, and said, "You still want more people to bully fewer people, do you really think I can't fight back?"

He activated the Tianbei, bursts of ancient brilliance bloomed on the Tianbei, and the past secret years slowly reappeared.

"The ancient secrets came to the world, and the sky is against the sky, and it will fall!"

Yehan's spiritual energy erupted all over his body, and he flicked his fingers repeatedly, hitting the Tianbei with Dao Dao Jue.

He didn't use all his strength when he was fighting against Ye Xieshen and the other four, but now when he was dealing with Ye Chen, he directly used all his strength to activate the Tianbei.

hum!

The Tianbei shook, and the ancient picture on it reversed the long river of time and appeared in front of Ye Chen, Wei Ying, and Shentu Wan'er.

That picture is very old, and records the scene of the two great heavenly emperors fighting fiercely.

Those two heavenly emperors were obviously fighting for the Tianbei, so they fought fiercely, because the Tianbei was at the center of the vortex of the battle.

The scene of this fierce fight was recorded by the Tianbei, and now it was released by Yehan.

Ye Chen took a closer look and was taken aback. It turned out that the two emperors in the picture were the Emperor Gu and Emperor Wu.

The Wutian Emperor back then was extremely magnificent, but he never looked coerced in the slightest. His gestures and gestures revealed the demeanor of a generation of female emperors.

Emperor Gu and Emperor Wu fought against each other, and they were obviously lost.

However, the fierce battle between the two heavenly emperors, the shocking collision that erupted, the waves of air, the shadows of swords and swords, and the killing of countless supernatural powers and martial arts, actually crossed the long river of time, broke through the laws of heaven and earth, and poured out on Ye Chen.

This was Yehan's method. He actually used the sky tablet as a medium to re-display the ancient battle scene, and let the battle energy of Emperor Gu and Emperor Wu pour on Ye Chen.

Even with the restrictions of the laws of reality, the fierce battle between the two heavenly emperors, the coercion that erupted hit Ye Chen's body, causing his bones to be broken on the spot, vomiting blood, and falling to the ground.

"Ye Chen!"

Seeing this, Wei Ying, Shentu Wan'er and the others were horrified, they didn't expect Yehan to have such a method.

Gu Tiandi and Wu Tiandi, the battle is over.

This monument finally fell into the hands of Emperor Wutian.

"Hahaha, kid, die!"

Ye Han looked up to the sky and laughed. Although the battle between the two heavenly emperors was over, Ye Chen had already suffered a severe blow. Now that he was seriously injured and fell to the ground, it was a good time for him to kill him.

At that moment, Ye Han rode Nine-Tails, held a sword in his hand, and waves of God's Dao exploded from the sword, and slashed at Ye Chen through the air.

Ye Chen was seriously injured, but he was not afraid of death, his eyes flashed brightly, he turned over and jumped up, stepped on his feet, and faced Ye Han's sword force, he raised his sword and charged forward.

"Heaven Dou Massacre Sword, break it for me!"

Ye Chen yelled wildly, the blood all over his body was on fire, a roaring air burst out from his body, and a horrible slaughtering aura emanated from the sword in his hand. Dou Da Tu Jian.

This Heaven Dou Massacre Sword can be said to be one of Ye Chen's strongest trump cards. Even in his prime, he would have to pay a huge price for using the Heaven Dou Massacre Sword.

Now that he was seriously injured, he still used the Heaven Dou Great Slaughter Sword, that was almost courting death.

Ye Chen's body was burning violently, his flesh and blood were burning crazily, power was pouring down like a waterfall, and the power of the Heaven Dou Massacre Sword also exploded to the extreme.

"Boy, you are crazy!"

Ye Han was shocked when he saw Ye Chen's fearless appearance.

Ye Chen's sword was fierce, but his flesh and blood were burning. When the tip of his sword pierced Yehan's face, his flesh and blood had been completely burned, and his whole body turned into a skeleton with only two eyes and pupils. The point flame is dancing.

Seeing Ye Chen's Tiandou Massacre sword approaching, Ye Han hurriedly raised his sword to block it.

But, it didn't work at all.

The Heaven Dou Massacre Sword is too powerful, it is the most powerful sword under normal logic.

Yehan's sword was instantly knocked away.

Ye Chen, who had turned into a skeleton, still held a steady and domineering sword in his hand, with a majestic aura of slaughtering the world, with a puff, the sword pierced through Ye Han's chest.

Yehan's chest was pierced, his facial features twisted immediately, his body trembled, and fell from Jiuwei's back, coughing up blood.

Chapter 9592

Seeing that his master was seriously injured and dying, Jiuwei groaned and lowered his head gently against Yehan.

And Ye Chen thrust out the sword, exhausting all his strength, the flames in his eyes were extinguished, and his body, which was already a skeleton, burst with a bang, smashing into white bone scum.

"Don't die, kid."

"You're going to hurt both sides, and you want to kill me too?"

"Unfortunately, I am the Emperor of Heaven, and I have a very profound background. If you want to kill me, you don't have the qualifications!"

Ye Han grinned grimly, although he was seriously injured, he did not die.

In other words, he was assassinated by Ye Chen's sword just now, and he has died thousands of times, but he is the emperor of heaven, and there are countless timelines. As long as there is one timeline left, he will not really die.

Ye Han reckoned that half of his timeline was cut off by Ye Chen, and the Taoist heart was dusted, and the price was extremely huge.

However, Ye Chen was also exhausted, his flesh and blood were burned, his bones burst, and he died completely. Of course, Ye Han made money.

Ye Han looked at Ye Chen's bones, but his heart was inexplicably confused.

Ye Chen, is he really dead?

Why is the night star in the sky still hanging?

Under the shroud of darkness, he couldn't catch Ye Chen's secret, and he wasn't sure if Ye Chen was really dead.

Wei Ying, Shentu Wan'er, Xia Ruoxue, Zhetian Devil Emperor and others, as well as all the warriors from the reincarnation camp, saw Ye Chen die and turned into bone scum all over the place. Everyone exclaimed in fear, and some people were miserable. scream, howl in grief.

Seeing this scene, Emperor Yuhuang was dazed, unable to believe that Ye Chen was really dead.

"That's how he died?"

"I, Wanxu, won this decisive battle?"

Ancient Emperor Yu Huang was at a loss, only feeling like a dream and an illusion.

"Who said you Wanxu won?"

At this moment, an extremely cold voice sounded from the darkness.

Then, I saw a young man with golden light bursting out, striding out from the darkness, it was Ye Chen.

At this moment, Ye Chen was full of radiance and awe-inspiring aura, but his left eye was filled with demonic energy, with layers of ancient patterns stacked, exuding the ultimate breath of death.

That is the Demon Eye of Death!

Under the sight of the Devil's Eye of Desperation, the sword array guarding Emperor Yuhuang's body is rapidly collapsing.

Even the protection of the Ancient Sin Sword of Heaven cannot stop the murderous aura of the Devil's Eye of Destiny.

Once this eye is opened, everything in the world will die.

There is no doubt that Ye Chen will pay a huge price for opening the Devil's Eye of Death.

His left eye was bleeding, and a line of blood slid down his cheek, making him look a bit hideous, like a demon stepped out of hell.

"you are still alive!"

"That's not you, it's your avatar!"

Emperor Yuhuang's scalp was numb, looking at the bone scum scattered on the ground, he screamed on the spot, and he understood in an instant.

Ye Chen who just fought against Ye Han was not Ye Chen himself at all, but his Qinglian avatar!

Ye Chen himself had been hiding for a long time, waiting for the opportunity to make a move.

Under the cover of the black night star, all Ye Chen's plans, secrets and causes and effects are hidden in the darkness, neither Ye Han nor the ancient Emperor Yu Huang have found the slightest clue.

Even, the extreme darkness faintly hindered their ability to think, causing them to make mistakes in judging the situation.

"bingo."

Ye Chen grinned fiercely, his Qinglian avatar, after receiving the resources provided by Yin Suzhen, its strength has been greatly strengthened, even in the face of Yehan, it has the power to fight.

Just now, Ye Chen controlled Qinglian's avatar to fight against Yehan, which directly exhausted all the energy of the avatar. Using the Heaven Dou Massacre Sword also caused his body spirit to suffer a huge blowback trauma.

However, being able to defeat Ye Han and seriously injure him, Ye Chen's effort was totally worth it.

Now, his body stepped out of the darkness, and with just one look, the ancient Emperor Yuhuang's protective sword array was completely wiped out.

It has to be said that the power of the Devil's Eye is indeed powerful.

"Damn boy, die for me!"

Emperor Yuhuang was terrified, and despair filled his heart. Under the absolute fear and despair, he burst out with an angry fighting spirit, swung the ancient sword of Heavenly Sin, and the sharp sword light burst out, cutting Ye Chen straight.

Ye Chen's expression was indifferent, calm and unhurried, he operated the magic eye of death, and the ultimate murderous aura of death roared out.

The sword light erupting from the ancient Tiansin sword was crushed instantly.

Although this sword is a supreme artifact, it will not be easily damaged by the Devil's Eye of Death, but the sword energy emanating from this sword cannot stop the Devil's Eye of Death from crushing it.

Emperor Yuhuang was stunned. Under the suppression of the Devil's Eye of Death, his ancient sword of Heavenly Sin could not exert its power at all, and it seemed to be scrap iron.

"The dusk of the gods, all dharmas die!"

Ye Chen sang, his hands formed a seal, and the twilight glow flowed out from his hands, covering the ancient Emperor Yuhuang.

The ancient Emperor Yuhuang was a man of great luck, and his cultivation had reached the second heaven of the Divine Dao Realm. If he wanted to kill him, it would not be enough to rely solely on the magic eye of death. After all, the power of this eye has its limit.

Therefore, Ye Chen cast the Twilight of the Gods, which merged with the Devil's Eye of Death, and the murderous aura was overwhelming.

The terrifying twilight enchantment emerged from the feet of the ancient Emperor Yuhuang, and the breath of death and decay wrapped around him like a poisonous snake, which was extremely terrifying.

Emperor Yuhuang was terrified, and felt tired inside again, like an old man walking towards dusk, his head was groggy, and he wanted to sleep.

He knew that once he fell asleep, there would be no chance of waking up again, and he would be buried in the dusk forever, reduced to a pile of loess.

Chapter 9593

"No!"

Gritting his teeth, Emperor Yuhuang raised his sword and stabbed at Ye Chen, wanting to fight back.

However, under the shroud of the dusk of the gods, he is really like a senile old man, the sword in his hand is slow and sluggish, without any sharpness at all.

Snapped!

Ye Chen's expression was indifferent, and he slapped the ancient Emperor Yuhuang on the cheek with his backhand.

"You only have this strength?"

Ye Chen smiled.

A red palm print suddenly swelled up on the face of Emperor Yuhuang, and the sword in his hand fell to the ground.

Seeing this scene, everyone in the audience was stunned.

Yehan's face was full of astonishment, and a gust of cold air surged from the soles of his feet and rushed straight to Tianlinggai.

He didn't expect that Ye Chen's avatar was the one who fought him just now.

He didn't even expect that Ye Chen's body still had such a powerful fighting power, and he could easily crush the ancient Emperor Yuhuang by using his trump card.

The warriors of the reincarnation camp were also stunned.

They thought that Ye Chen was dead just now, but they didn't expect that Ye Chen was still alive, showing up so domineeringly and crushing everything.

The huge reversal left everyone speechless in shock.

"cough....."

Emperor Yuhuang coughed up blood, his body was stepped on by Ye Chen, and he couldn't move.

On his face, body, and skin, deep wrinkles gradually appeared, which were the wear and tear brought to him by the dusk of the gods.

"I'm dying....."

Emperor Yuhuang had a thought in his heart, but he didn't feel panic, only felt endless exhaustion, like an old man in his dying years, who was already waiting for his final death.

The power of the twilight of the gods is so strong that it wears down the body, obliterates the heart of the Tao, makes the gods wither, and makes all great existences go to the end of the twilight.

Seeing that the ancient Emperor Yuhuang was about to wither and die, but at this moment, there was a huge roar in the sky, like a thunderclap, like a sky collapsing, like an ancient god roaring, the wind was surging, and the air flow was spinning .

Stars emerged one after another in the dark night sky.

Those stars are faintly connected to form a constellation totem, which looks like a human being. It is an emperor wearing a crown, and he is extremely domineering.

As soon as this constellation totem appeared, Ye Chen felt that his aura of the star of the night had been suppressed.

The stars of that constellation shone down, as if carrying the killing intent of an emperor and monarch, they blasted towards Ye Chen.

Ye Chen snorted, and immediately stepped back, avoiding the shooting of the starlight.

Yehan over there, seeing the constellations in the sky, turned pale instantly, showing a look of fear and fear, and exclaimed:

"Emperor Constellation!?"

"Zhou Wuhuang!?"

Hearing Ye Han's exclamation, Ye Chen also vaguely caught an ancient secret, glimpsed an ancient legend.

In Wuwu time and space, there are legends of the eight constellations.

These eight constellations all belong to the Thirty-Three Heavens Divine Art. Behind them are the heavens, the earth and the starry sky, and the mysterious atmosphere of the supreme avenue. Each constellation contains the vast and unpredictable power of heaven.

The emperor constellation is one of the eight constellations.

Zhou Mushen, the patriarch of the Da Zhou family, was the original ruler of the Emperor Constellation, but he did not call himself emperor, but lived in seclusion behind the scenes, created the ancient god Tuodi, and pushed the ancient god Tuodi to the throne of the Supreme Heavenly Emperor.

To this day, the Da Zhou family has inherited the orthodoxy of the Emperor Constellation.

As soon as the Emperor Constellation comes out, there will be the divine aura of the Heavenly Emperor, and the power of the starry sky will gather. A single Emperor Starlight can crush all dust, which is extremely powerful and overbearing.

hum!

In the sky, the starlight of Emperor Constellation was turbulent, manifesting the figure of a young man.

The young man held a sword in his hand, and his brows were extraordinary. Against the backdrop of the emperor's constellation, he really looked like a young emperor who was in charge of the world. He had a proud and fierce aura. He was the young master of the Great Zhou family, Zhou Wuhuang!

As soon as Ye Chen saw Zhou Wuhuang, he saw all kinds of secrets, and knew that the other party wanted to save the ancient emperor Yuhuang.

Behind this is the plan of the Great Zhou family, and it is Zhou Mushen who wants to save the life of the ancient Emperor Yuhuang.

After all, Ancient God Tuodi is the future body of Ancient Emperor Yuhuang, and between the two, Ancient Emperor Yuhuang is the root.

If Ancient Emperor Yuhuang died, it would implicate Ancient God Tuodi, then Tuodi Tianzong, and even drag down the entire Great Zhou family.

Sure enough, Zhou Wuhuang volleyed down with a sword in his hand, beheading Ye Chen with one blow.

Ye Chen swung his sword to block.

With a bang.

When the two swords clashed, Ye Chen was shocked back three steps.

Under the blessing of the Emperor's Constellation, Zhou Wuhuang's power was extremely strong, and Ye Chen suddenly felt troubled.

However, Zhou Wuhuang did not continue to fight, and immediately turned around and grabbed the ancient emperor Yuhuang after a sword knocked Ye Chen back.

Looking at the old Emperor Yuhuang who was in decline and dying, Zhou Wuhuang showed a disdainful smile and said, "Gudi Yuhuang, how did you become like this?"

"If the ancestor didn't ask me to rescue you, you would be dead today."

"Remember, it was my Great Zhou family who saved you, and it was I, Zhou Wuhuang, who saved you. You will have to repay it well in the future, ha ha."

Emperor Yuhuang looked slumped, at this moment he was almost exhausted, and he was unable to answer, so he just nodded.

Zhou Wuhuang wanted to take the Ancient Emperor Yuhuang to leave, but he couldn't help looking at Yehan again.

The eyes of the two met, as if there were endless turbulent waves churning.

Recalling all the grievances and grievances in the past, Zhou Wuhuang's face became extremely gloomy.

Back then, if Yehan hadn't stolen a large amount of resources from Emperor Tuo Tianzong, causing his cultivation to be unsustainable and stagnant at the fifth rank of Heavenly Emperor, he would not have been forced to kill himself and start cultivating from the Divine Dao realm again.

If in Wuwu time and space, Yehan was the emperor of heaven and he was the lower god, he would never dare to fight against him, so he could only walk around.

But here, Ye Han's strength was also limited to the Divine Dao realm.

This made Zhou Wuhuang see the opportunity for revenge and killing!

"Yehan, do you think you can stop me by laying down the law of karma? If you dare to come to the real world, you will give me a chance to kill you!"

Zhou Wuhuang's eyes were strict, and he stabbed Ye Han with his sword.

Yehan was terrified. He had just fought fiercely with Ye Chen and suffered heavy injuries. Half of the timeline was destroyed, and the price was heavy. Now facing Zhou Wuhuang's attack and killing, he immediately felt that it was difficult to fight.

"Tianbei, block it for me!"

In the midst of a crisis, Ye Han activated the stele, which acted as a shield, and blocked Zhou Wuhuang's sword with a ding.

"Hahaha, you are also worthy to take charge of this Tianbei?"

"Only my Da Zhou family, the masters of the emperor's constellation, are qualified to control the Tianbei!"

"This monument belongs to me!"

Zhou Wuhuang shouted coldly and issued a law of cause and effect, wanting to seize the Tianbei.

In an instant, Yehan felt that the Tianbei was out of his control, and flew into Zhou Wuhuang's hands with a whistling sound.

When Zhou Wuhuang got the Tianbei, he was even more energetic, and then he swung his sword and stabbed out, wanting to kill Yehan for revenge.

"Nine Tails, go, go!"

Chapter 9594

Being seriously injured, Yehan didn't dare to fight at all, and hurriedly urged Jiuwei to escape.

With a humming sound, Nine Tails carried Ye Han and turned around to run away.

Zhou Wuhuang wanted to chase him down, but his heart suddenly sank, as if there was a muffled thunder.

The voice of ancestor Zhou Mushen seemed to reverberate in his ears again.

Zhou Mushen said that this time coming to reality is only to save the ancient Emperor Yuhuang, and it must not be contaminated with too much cause and effect.

Because Dao Zong's Great Dao Competition is about to start, once there is too much karma, it will be very disadvantageous in the competition.

Zhou Wuhuang's face was distorted, and he still wanted to chase and kill Yehan, but the will of the ancestor of the Zhou family blocked him in the dark.

"Old Ancestor!"

Zhou Wuhuang gritted his teeth. After such a delay, Ye Han had already fled far away on Nine Tails, and he was nowhere to be seen. He couldn't catch up even if he wanted to.

"Damn it!"

Zhou Wuhuang was furious in his heart, but he had no choice but to grab the ancient Emperor Yuhuang and prepare to return to Wuwu Time and Space.

Even though Ye Han ran away, he got the Tianbei, such a treasure, the benefits are unimaginably huge.

Seeing that Zhou Wuhuang was about to leave, Ye Chen sneered and said, "Come when you want, and leave when you want, do you really think there is no one in my reincarnation camp?"

hum!

Regardless of the cost, Ye Chen activated the Devil's Eye of Death, and a terrifying breath of death burst out. The Emperor constellation in the sky suddenly collapsed, and the stars turned into meteorites and fell down.

"Um?"

Zhou Wuhuang snorted, the destruction of the Emperor Constellation immediately caused him a lot of backlash.

"Hehe, Lord of Reincarnation, your Demon Eye of Destiny is really powerful."

"I'm not going to fight you. We'll fight again when you come to Wuwu Time and Space. Let's say goodbye."

Zhou Wuhuang smiled, and when he looked into Ye Chen's eyes, he felt a little hairy.

Even he felt deep fear in the face of the Devil's Eye.

Even if he was suppressed and still had the strength of the Divine Dao Realm, he didn't dare to fight Ye Chen head-on. He just wanted to leave with Ancient Emperor Yuhuang and Tianbei.

hum!

A celestial road paved with starlight extends from the end of the sky.

Zhou Wuhuang took the ancient emperor Yu Huang on the road to heaven and was about to leave.

"Get out of here!"

Ye Chen's eyes were cold, and the devil's eyes were murderous, and the starry sky collapsed instantly with a click.

Huge pain came from the left eye, and Ye Chen felt like he was going blind. This was the price for casting the magic eye of death.

However, at this juncture, he couldn't care less.

The collapse of the Starlight Heavenly Road caused Zhou Wuhuang and the Ancient Emperor Yuhuang to fall from the sky.

Zhou Wuhuang's face darkened, but before he could stabilize his figure, he saw that Ye Chen had already swung his sword and slashed out.

This sword is calm, steady, and indifferent. It doesn't seem to have any sharp edge, but it reveals a terrifying aura that cuts against the world, time and space, and shatters all laws of truth.

It is the sword of Zhishui!

If the Heaven Dou Massacre Sword is still within the scope of the Dao Law, and can be understood with common sense, then the Zhishui sword is unreasonable, reverses all realistic logic, cuts against all things in the world, and can kill ants God, powerful to the point of illogical.

"Boy, you are crazy!"

Zhou Wuhuang was terrified on the spot. With such a powerful sword, the price Ye Chen used would be extremely high. It would damage the foundation of martial arts. If he used it frequently, he might even die from wear and tear.

However, in order to kill Zhou Wuhuang, Ye Chen obviously did not care about the cost.

Under the restriction of the law of reality, Zhou Wuhuang can at most display the strength of the second heaven of the Divine Dao Realm. This level of cultivation is absolutely irresistible to the Zhishui Sword Dao.

"Sky monument, guard!"

Frightened, Zhou Wuhuang hurriedly moved the sky tablet to resist Ye Chen's sword.

He reacted very quickly, and the aura was crazily poured into the celestial monument, and the totem of the Emperor Constellation appeared on the celestial monument.

Zheng!

Ye Chen slashed at him with a sword, slashed on top of the monument, and knocked down the monument on the spot.

Zhou Wuhuang vomited blood from his mouth, and also received a huge shock.

But fortunately, there was a Tianbei to resist, and he finally took Ye Chen's sword.

"Crazy, crazy!"

"When you step on Wuwu Time and Space, I will trample you to death like an ant!"

"Even though you are invincible in the real world, but in Wuwu time and space, you are useless! You will never know the difference between a god and a mortal!"

"Everything about you, your blood, your woman, I will take possession of it!"

Gritting his teeth, Zhou Wuhuang hurried away with Ancient Emperor Yuhuang like a frightened bird.

Ye Chen wanted to pursue him, but his whole body was in severe pain. Standing with his sword on his back, he almost fell down, coughing violently, and even coughed up blood.

The stele fell at his feet that day.

Looking at the Tianbei, Ye Chen reluctantly showed a gratified expression.

"Ye Chen, are you okay?"

Wei Ying hurried over and supported Ye Chen.

Shentu Wan'er also returned to her original body, came over to support Ye Chen, and said, "Ye Chen, you look so pale, take a good rest, don't get too excited, we won this decisive battle."

Although the ancient Emperor Yuhuang was not dead, he was seriously injured and was taken away by Zhou Wuhuang, leaving all the dragons without a leader in Wanxu.

Bang, bang, bang.

The warriors of the Wanxu Temple were stunned, lost their souls, dropped their weapons, and completely lost their fighting spirit.

Ye Chen just crushed the ancient emperor Yuhuang with an invincible posture. If Zhou Wuhuang hadn't come, the ancient emperor Yuhuang would have undoubtedly died.

Ye Chen naturally won this decisive battle, and the Tianbei also fell into Ye Chen's hands.

"Unfortunately, it was still run away by Emperor Yuhuang."

Chapter 9595

Ye Chen gritted his teeth, full of resentment in his heart, he wanted to completely kill the ancient Emperor Yuhuang.

Shentu Wan'er sighed: "The Emperor Yuhuang is a man of great luck, and it is only natural that he is not exhausted today."

Wei Ying said: "Fortunately, we got the Tianbei, so it's not a loss at all."

Ye Chen nodded, thinking so too.

Daode Tianzun is dead, and he took back the fire.

Now that Emperor Yuhuang was defeated and fled, he took back the Tianbei.

These two most important enemies have been dealt with, and from then on, Ye Chen can be said to be invincible in the real world, and he will be the overlord of this world.

Ye Chen looked around and saw the reincarnation camp and the Wanxu camp, all eyes were on him.

He wanted to say something, but after the fierce battle, his body was very tired and his head was dizzy. In the end, Ye Chen fainted in Wei Ying's arms without saying anything.

...

The decisive battle between the reincarnation camp and Wanxu came to an end today, and the entire real world was shocked by it.

No one expected that Ye Chen would be so strong that even in the face of Ye Han and Yuhuang Gudi's team-up, he could crush the audience with an invincible posture.

If it wasn't for the intervention of the Da Zhou family in the end, maybe the ancient emperor Yu Huang would really die.

However, the current Emperor Yuhuang is no different from dead.

At least from now on, there will be no more Ancient Emperor Yuhuang in the real world.

Some of the disciples of Emperor Yuhuang and the warriors of the Temple of Ten Thousand Ruins were martyred for Emperor Yuhuang and blew themselves up to death. More people knelt down and joined the reincarnation camp, hoping to get a chance to survive.

Ye Chen was still in a coma, so naturally he didn't know the changes in the outside world.

He paid too much this time.

Completely surpassed his own limit.

Wei Ying, Shentu Wan'er, Xia Ruoxue, Xuelong and other core figures in the reincarnation camp have been busy these days, dealing with funeral affairs.

If it is a person who sincerely submits to reincarnation, they are willing to accept it, and if it is a person with evil intentions, they will kill it directly.

Statues of Ye Chen have been erected everywhere in the real world, and reincarnation has become the only belief in the world.

Ye Chen, who was in a coma, felt waves of faith coming from all directions, making him feel as if he was soaking in warm water, which was very comfortable.

In all time and space, there are also shocking changes.

Ye Chen became the winner, but the fortune background of the reincarnation camp did not improve because of this.

Because of Ye Chen's grandfather Ye Xieshen, something happened.

Ye Xieshen lent his power to Ye Chen and sacrificed himself, causing the future body to fall into a deep sleep.

He is the Outer God Tianzun, and he fell into a deep sleep, which caused a huge loss to the luck background of the reincarnation camp.

Many high-level officials of the Outer God Alliance have decided to deprive Ye Xieshen of the position of Tianzun and elect Hongjun Patriarch as the new Tianzun ruler.

A fierce storm is brewing in the infinite time and space.

Ren Feifei couldn't stop all of this. After all, among the Outer Gods, the most powerful person was not Ye Xieshen, but Patriarch Hongjun.

No one can stop Patriarch Hongjun from becoming the outer god Tianzun.

Ren Feifei can only hope that Ye Chen will come to No Time and Space soon.

As long as Ye Chen comes to Wuwu Time and Space, there is no need for him to do anything. As long as he exists, he can provide luck gains and a spiritual totem for the entire reincarnation camp.

Ye Chen didn't know how long he had been in a coma. When he woke up in a daze, he found himself lying in a room in the Aoshi Tiangong.

"you're awake."

A very crisp female voice reached Ye Chen's ears.

Ye Chen felt his nose itchy, and when he looked sideways, he saw a very handsome woman sitting by the bed.

The woman actually had three fluffy tails, and she was teasing his face with one tail.

It is Mikazuma Yume.

When Ye Chen saw Kazama Meng sitting on his bed, he was taken aback. He looked at his clothes, and then at hers. They were all in good condition. Then he calmed down a little and became curious again. ask:

"Mu Kazama, why are you here?"

Ye Chen looked out of the window again, looking at the blue sky, seeing all kinds of secrets, probably knowing that he has been in a coma for seven or eight days, the external affairs have initially settled down, the reincarnation camp dominates the world, Wanxu and Zihuang Immortal Palace, All have returned.

But how Sanwei Kazama Meng appeared here, Ye Chen couldn't see through it.

"It was Ren Feifei who called me here."

Kazama Meng smiled slightly, still teasing Ye Chen's nose with her tail, looking very interesting.

Ye Chen pushed her hand away, frowned, and said, "Did Senior Ren call you here?"

Kazama Meng said: "Yes, the Tianjun Fengshen Monument is gone, it is difficult for Ren Feifei to contact you, so he asked me to help you. He told you to quickly ascend to Wuwu Time and Space."

Ye Chen was in a trance, thinking of the decisive battle with Emperor Yuhuang. Although he won, the price was very high. The Tianjun Fengshen Monument and Qinglian's avatar were all destroyed in the battle.

There is still the possibility of recasting Qinglian's avatar, but that day the Monarch Conferring God Monument was completely shattered, and Ye Chen suffered a huge loss.

Without the Tianjun Conferred God Stele, it became difficult for him to contact Ren Feifei.

"Did Senior Ren urge me to ascend?"

Ye Chen still looked a little dazed, after all, he just woke up from a lethargic sleep.

Kazama Meng said: "Yes, your grandfather fell into a deep sleep, Ren Feifan told you to go to Wuwu Time and Space, go to the Emperor's Heaven Palace, and wake up your grandfather."

Hearing this, Ye Chen's eyes narrowed slightly, and he also remembered that his grandfather had told him to go to the Shanghuang Tiangong before he died.

In this decisive battle with Wanxu, Ye Chen paid a huge price, even his grandfather Ye Xieshen died.

Fortunately, grandpa has the future body, and the main body has already been integrated with the future body. As long as the future body does not die, he will not really die.

However, the death of the main body still caused his future body to suffer a serious blow. It has fallen into a deep sleep and needs Ye Chen to wake it up.

"Shanghuang Tiangong? Is that the power under my grandfather's command?"

Ye Chen asked.

Feng Jianmeng said: "Yes, the people of the Shanghuang Tiangong regard you as the emperor. In terms of seniority, your grandfather is the Supreme Emperor, one generation higher than the Supreme Emperor, so his dojo is called the Shanghuang Tiangong."

"The coordinates of the Shanghuangtian Palace are very secret, even Ren Feifei doesn't know."

"Your grandfather deliberately hid it because he was afraid that those who were interested in the Outer God Alliance would be unfavorable to him. After all, he, the Outer God Tianzun, is not the strongest, but has the deepest luck. In the alliance, he cannot fully convince the public."

Ye Chen said: "Didn't my grandfather even tell the seniors? What is the Alliance of Outer Gods?"

Kazama Meng said: "I definitely can't tell. If I say it out loud and touch the secret, I will be discovered by others."

"But don't worry, you and grandpa are connected by blood. As long as you step into Wuwu Time and Space, you will be able to capture the coordinates of the Emperor's Heavenly Palace."

Chapter 9596

"As for the Alliance of Outer Gods, it is an alliance formed by people who have ascended into the infinite time and space."

"In no time and space, there are ancient gods, demon gods, scattered gods, and outer gods. People who ascend from the outside world are all outer gods."

"The vast majority of Outer Gods come from the Second World and the Desolate World, and the Outer Gods from the real world. After so many years, there are only Hongjun and Wu Zu."

"Because the law of non-existence is too unimaginable for you people in the real world, so there are almost no people who can comprehend ascension. In the past few years, only a few were born."

Ye Chen was full of doubts in his heart, and said, "What are the sub-world and the wild world?"

Kazama Meng giggled, looked at Ye Chen with burning eyes, and said, "Want to know? I can tell you some secrets about Wuwu Time and Space, but you have to promise me that you will be my lighthouse."

Ye Chen said: "You never forget, and you still want me to be your lighthouse. Have you met Senior Ren? Why don't you look for him?"

Kazama Meng curled her lips and said, "I hate the smell on his body. It has a very cold murderous look. In fact, I don't even like the smell of men."

"However, at least I don't hate your smell, so I decided, you will be my lighthouse."

Ye Chen smiled wryly, he didn't expect Meng Kazama to have such high eyesight, he even hated Ren Feifei's taste, so he only recognized him.

He thought about it carefully, the decisive battle with Wanxu was over, even if he established karma with Kazama Meng, he didn't have to be afraid of affecting anything.

Kazama Meng is a tailed beast after all, if she forms a good relationship with her, it will be convenient for her to do things in Wuwu time and space in the future.

"Well, I'll be your lighthouse."

Ye Chen shrugged, nodded and agreed.

When Feng Jianmeng heard that Ye Chen was willing to agree, he was stunned for a moment, and then said happily: "Okay, you finally agreed, take out your hand."

Ye Chen said: "What are you doing?"

Kazama Meng said: "Take out your hand."

Ye Chen was suspicious, so he stretched out his left hand.

Kazama Meng grabbed his hand, suddenly lifted his sleeve, lowered her head to reveal two rows of white teeth, and bit his wrist fiercely.

With this sudden change, Ye Chen was unprepared, and felt a severe pain in his wrist. He had already been bitten by Kazama Meng, dripping with blood.

"Ouch, what are you doing!"

Ye Chen was furious, he didn't expect Feng Jianmeng to bite someone suddenly, and he felt that she had used the power of the law of cause and effect, even if his wrist wound healed, it would leave an indelible scar in the future.

Kazama Meng giggled and said, "Let me put a stamp on you. From now on, you are mine. If someone bullies you, you can report my name."

Ye Chen was angry and funny, and said, "You crazy."

Kazama Meng clapped her hands, looking very satisfied, and said: "Okay, now we are allies, and I can tell you something about the secrets of Wuwu Time and Space."

She took off her shoes and sat cross-legged on the bed, with a dignified appearance, and didn't care about the difference between men and women. She held her chin and pondered for a while, as if she was sorting out her words, and finally said slowly:

"There is no time and space here. It can be roughly divided into three worlds, namely the main world, the secondary world, and the desolate world."

"Among them, the main world is the core of no time and space. It has the most abundant aura of heaven and earth, the most perfect law of the great way, the most opportunities and resources of heaven and earth treasures. Only by practicing in the main world can real progress be made."

"The so-called main world is the world created by countless ancient gods in the age of the ancient gods. At that time, the laws of heaven and earth were stable, and the rules of the world created were relatively complete."

"The sub-world is a world that has been developed after the end of the Dharma-ending Era. The power of the Dao rule and the concentration of the spiritual energy of the world cannot be compared with the main world."

"As for the desolate world, it is even more incomparable. The desolate world is a world formed by the bones of gods after their death. Usually there are large tracts of desolation. Not to mention cultivation, even survival is difficult."

"Compared to the main world, the sub-world and the barren world belong to the lower realm, the lower plane. If people in it want to enter the main world, they need to go through the catastrophe and ascend to the sky like people in the real world. It is very difficult."

"But compared to people in the real world, ascension is much easier in the sub-world and the barren world. After all, these two worlds are derivatives of the main world, and they are one body with the same laws."

"But the laws of the real world are completely different, and ascension is the most difficult."

Ye Chen nodded, the laws of the real world are calm and solid, but there are no laws of time and space, full of unrestrained fantasies, and various mysterious laws of causality, timeline mysteries, etc., are indeed quite different.

Because the difference is too great, ascension is also extremely difficult. Before Ye Chen's era, there were only two ascensionists, Hongjun and Wuzu.

The Witch and the others can barely count, but they were inspired by the Dao, not relying on their own strength to soar.

"Then the Ancient Star Gate, the Reaper's Cult, the Kazama Clan, Tuodi Tianzong, and my reincarnation camp's Myriad Fire Realm, Buddha's Zen Garden, are they all in the main world?"

Ye Chen asked.

Kazama Mengdao: "Of course, the main world is very big. I don't know how many billions of space-time worlds there are. Even the ninth-rank emperor cannot explore them all. Without specific coordinates and enough clues, even the emperor and god can't figure it out." Go to a certain time and space, because the main world is too big."

Chapter 9597

"Of course, the secondary world and the wild world are also very large, so big that they have exceeded the meaning of calculation. You can treat the infinite time and space as an infinite world."

Ye Chen nodded and said, "Then how do I ascend to the main world? Smuggling? I don't want to smuggle."

If he smuggled into Wuwu Time and Space, Ye Chen would not make any progress, nor would he be able to receive the blessings of the Great Dao, nor would he be able to grasp the mysteries of the law of fantasy and the law of causality.

The law of fantasy and the law of causality are the basic means of the powerful in Wu Wu Wu Wu.

If you can't even master this basic method, you will only end up being bullied and slaughtered by others.

If Ye Chen wants to master the law of fantasy and the law of causality, he must ascend in a dignified manner in order to receive the blessing of the Dao.

However, if you want to ascend, you must at least have the strength of the peak of the Immortal Emperor.

Ye Chen is only the second level of the Infinite Realm, and he is still very far away from the peak of the Immortal Emperor.

Kazama Meng said: "Ren Feifei said that there is no need to smuggle in. He has a way to allow you to ascend in a dignified way, but you need to control the Tianbei first, and the ten reincarnation black steles can be combined to restore the reincarnation blood."

After finishing speaking, Kazama Meng took out an ancient stone tablet with the word "Heaven" engraved on it, which was exactly the tablet.

"You are really outrageous. You were able to snatch the Tianbei back from Zhou Wuhuang's hands."

Kazama Meng handed the Tianbei to Ye Chen, and while he was amazed and admired, there was a look of admiration or admiration in his eyes.

Zhou Wuhuang is a genius of the Great Zhou family, known as the most powerful successor of the Emperor Constellation, and he was once the Emperor of Heaven, with a profound background.

It can be said that Ye Chen was able to fight back the Tianbei with the way of Zhishui swordsmanship, which can be said to be a shocking move.

Ye Chen touched the Tianbei with his palm, feeling the ancient and desolate icy breath of the Tianbei, he was in a daze.

Finally, the last piece of the reincarnation mysterious tablet was obtained.

If he can manage it smoothly, Ye Chen's reincarnation bloodline can be restored to integrity.

"After I take charge of the Tianbei, what are the arrangements for Senior Ren?"

Ye Chen asked.

Kazama Meng said: "You can take charge first, and you'd better hurry up. There is news from Shanghuang Tiangong, saying that if you can't rush there within a month, it will be difficult for your grandfather to wake up again."

Ye Chen's heart trembled, and he also faintly sensed that there is an undercurrent in all time and space, and people in the reincarnation camp are panicked, and he needs to be in charge.

"Okay, I won't bother you anymore, hurry up and try to refine the stele."

"I'm going to take Miss Wei Ying to Shacheng, and I'll be back in about three days."

"I hope that after three days, I can see that you can already control the Tianbei."

Kazama Meng clapped her hands, jumped off the bed, and was about to leave.

Ye Chen was taken aback, and asked, "Where is Shacheng?"

Kazama dreamed suddenly, and said: "Oh, I almost forgot to tell you that Shacheng is the only safe zone in Wuwu time and space. It is the place where Taoism was established, and it is in the center of the main world."

"Miss Wei Ying is already an ice god. The power of Dao's inspiration has come, and she can't hold it anymore. She is about to soar. I might as well take her to Shacheng."

"She holds the authority of the Ice God, and has already been hostile by the ancient star gate. If Ren Feifei wants to help you ascend, he can't take care of her, so he can only send her to the safe zone first."

"Shacheng is the only safe zone in No Time and Space."

When Ye Chen heard that Wei Ying was about to leave, he also wanted to get out of bed, and said, "I'll say goodbye to Wei Ying."

Kazama Meng held him down, and said: "No need, the future will be long, don't let your children's affection affect your Dao heart, you first refine the Tianbei and then talk about it."

"Don't worry, you are mine, and Miss Wei Ying is mine now, and I will take good care of her."

At the end, Kazama Meng winked her eyes playfully, and pointed to the tooth mark wound on Ye Chen's wrist, which was the mark left by her.

Then, without waiting for Ye Chen to react, she turned around and left the room.

After a while, Ye Chen heard Wei Ying struggling outside.

Wei Ying also seemed to want to say goodbye to Ye Chen, and go to Wuwu after the goodbye, but was forcibly pulled away by Kazama Meng.

Ye Chen smiled wryly, then exhaled lightly to calm himself down.

The most important thing is to refine the Tianbei.

As long as he can control the Tianbei and restore the bloodline of reincarnation to integrity, he will be able to ascend to Nowhere, and then he will be able to reunite with Wei Ying, Ji Siqing, Ye Luoer and the others.

Ye Chen touched the Tianbei with his palm, and his spirit penetrated into it.

Soon, he felt that his whole body seemed to be pulled into the special space inside the Tianbei.

This special space is empty, like a ghostly void, where heaven and earth cannot be seen.

There is an old corpse, bound by iron chains and suspended in the void, but it is the former spirit of Tianbeibei, the ancestor of Tianxin.

Ye Chen approached and was quite surprised to see the corpse of the ancestor Tianxin.

There are many traces of flames on Patriarch Tianxin's body.

When Ye Chen saw it, he knew that it was the trace of the fire.

The ancestor of Tianxin was burned to death by Daode Tianzun.

But even if the ancestor of Tianxin was burned to death, Daode Tianzun could not really control the Tianbei.

This Tianbei is too mysterious and difficult to control.

Ye Chen remembered that there was a guardian of every reincarnation monument before.

If you want to truly control the Xuanshenbei, you need to pass the test of the stelekeeper first.

"Where is the stelekeeper?"

Ye Chen murmured and looked around, but in this space, except for the corpse of the ancestor Tianxin, there was nothing else to be seen, it was empty.

Chapter 9598

However, when Ye Chen's whisper fell, it seemed that there was some law that was touched.

The space began to distort, and the distorted space swallowed the body of the ancestor Tianxin, and even wanted to swallow Ye Chen.

"Tomb owner beware!"

At this moment, Ye Chen heard a familiar voice from the cemetery of reincarnation, but it was the voice of Emperor Beiming.

"Senior, you are awake."

Ye Chen was pleasantly surprised, and saw the figure of Beiming Tiandi manifested in the cemetery of reincarnation, and the other party had woken up from a deep sleep.

Beiming Heavenly Emperor gave a "hmm" and said, "Sorry, tomb owner, I missed the decisive battle between you and Wanxu. If I can wake up earlier, I might be able to help you."

Ye Chen said: "It's okay, I have already won this decisive battle."

Emperor Beiming said: "But the price is huge, isn't it?"

Listening to Beiming Tiandi's words, Ye Chen felt a little pain in his eyes and a dull pain in his dantian, but it was a side effect of using the Devil's Eye of Death and the Sword of Zhishui.

If you want to fully recover from these side effects, it will take a long time.

"The price is not small, but at least I can bear it."

Ye Chen smiled, turned his attention back to the Tianbei, and flew to avoid the swallowing of the distorted space.

Beiming Heavenly Emperor said: "Be careful, tomb owner, this is an ancient devouring law, very domineering, and it is the manifestation of the mighty power of heaven and earth. My Beiming swallowing sky method is also created by observing this devouring law. "

Ye Chen was quite surprised, and said, "Really?"

The ancient law of devouring turned into black holes one by one, rumbled, and emitted a terrifying aura of devouring, intending to devour Ye Chen's entire body.

Ye Chen's face sank, there was no way to avoid it, he summoned the Throne of Thorns, weaved a barrier of thorns, and forcibly blocked the swallowing of the black hole.

"Hehe, Lord of Reincarnation, your strength is not enough, I advise you to leave, don't try to control the monument."

At this moment, an old voice came from behind the black holes.

This old voice seemed to have the power of the Great Dao. Once it came out, it enveloped Ye Chen's whole body, and even cut off the connection between Ye Chen and the cemetery of reincarnation.

"who?"

"The guardian of the stele?"

Ye Chen's heart trembled, and he looked in the direction of the voice.

I saw an old man walking out of the dark void with a cane. It turned out to be the ancestor of Tianxin.

"Patriarch Tianxin, it's you!"

Ye Chen's eyes were horrified.

The old man smiled and said: "No, I am the guardian of the stele, but I have no body, I am just a wisp of will, borrowing the body of the ancestor Tianxin."

"Hehe, I hope I didn't scare you."

Ye Chen saw that this "Patriarch of Tianxin" turned out to be the guardian of the stele, he suddenly felt compelled, calmed down, and said with a smile: "No, senior, so you are the guardian of the stele, I don't know what test I need to pass to take charge of the stele? Hope it's not too difficult."

According to previous experience, if you want to take charge of the mysterious stele of reincarnation, you need to pass the test of the guardian of the stele first.

As for those tests, the stronger the challenger, the stronger the test, and the more difficult the test arranged by the stelekeeper.

The stelekeeper said: "A test? Well, I haven't thought about it yet."

"Patriarch Tianxin, Emperor Yuhuang, and Tianzun Daode, they all wanted to take charge of the Tianbei, but I ignored them."

"Because they are not qualified to be the owner of the stele."

"Only you, the lord of reincarnation, have the qualifications to be in charge of the stele."

Ye Chen said: "Thank you for your compliment, senior!"

The stele guard nodded and said, "As for the test, I don't think it's necessary. This is the last Xuansamsara stele, and it doesn't matter if I let you take charge."

Ye Chen was stunned for a moment, he couldn't believe his ears, and said: "Senior, you don't need to test, so you just gave me the Tianbei?"

The stelekeeper said: "Yes, this is your thing. The test is actually to see your strength."

"You can crush Wanxu, you don't need to test anything anymore, you are the most powerful overlord under this starry sky."

"I just want to ask you, what kind of world is the reincarnation heaven that you want to build in the future?"

"What kind of world do you plan to build?"

Hearing this question, Ye Chen's heart contracted violently.

What kind of world do you want to build?

This question, too grand, is the ultimate question.

Once there is a mistake, it will fall into darkness and collapse just like the other side of the starry sky now.

Ye Chen pondered for a long time, finally shook his head and said:

"Senior, I have thought about this question, but I haven't thought about it deeply."

"Because my cultivation is not enough."

"I don't know what kind of world I want to build. I have to wipe out all the enemies before I am qualified to consider this issue."

The stelekeeper smiled and said, "What about now? You are already the greatest and most invincible existence in the real world. You are the overlord of this world. What kind of order do you plan to establish in the real world?"

Ye Chen was stunned for a while, a little dazed, and murmured: "What kind of order do you want to establish?"

The stelekeeper said: "You become the most powerful overlord, and then everyone submits to you, the order is high and low, your power dominates the world, and others can only live like ants. Is this the kind of world you want to build?"

Ye Chen said: "No, this is too extreme. As a man, if I want to do it, of course I want to be the best man in the world."

Chapter 9599

"The supreme avenue, I don't know if he has self-awareness, but I can feel that he is also exploring a perfect order."

"At present, there is a problem with order in this world, and everything in the world has to suffer the pain of reincarnation."

"Everything in the world is born, and there is a day of death, and then new things are born from the corpses of the dead, forming reincarnation."

"This order of reincarnation is actually painful. All living beings are afraid of death. Even the immortals, who have an endless lifespan, are also afraid of the wear and tear of the years, and are also afraid of being killed by external forces."

"But if there is no reincarnation, all creatures will not die, then the world will become a pool of stagnant water, no new things will be born, and it will eventually be destroyed in dullness and decay."

"I think that the reason why Dao chose you is to let you explore a truly perfect order. Even if it can't be perfect, at least it must strike a balance between life and death."

Ye Chen was a little dazed and confused after hearing what the stelekeeper said.

The law of reincarnation is the source of suffering in the world, birth, old age, sickness and death, wear and tear of the years, sun and stars sinking, but it is also the source of the law for the birth of new life and the vitality and prosperity of the world.

There is no doubt that the law of reincarnation is not perfect.

What is the perfect law, the perfect order, the perfect world, Ye Chen doesn't know, maybe it doesn't exist at all.

Seeing Ye Chen's confused look, the stelekeeper squinted his eyes and said with a smile: "Okay, your cultivation level is not enough, and these ultimate questions really don't need to be considered for the time being."

"Thinking too much may affect the Dao Heart and lead to madness."

"What you have to do is to keep getting stronger, keep improving your own strength, and wipe out all the enemies."

"When you really clean up the world, I think, you will know what the perfect order and the ultimate world are."

Ye Chen regained his composure and said, "Yes!"

The stelekeeper smiled and said: "Okay, I will leave the stele to you to take charge of it, and your reincarnation bloodline can be restored to integrity."

"Blood is an internal thing. In fact, there is an external source, called the source of reincarnation, which is good at fighting and killing."

"Cultivating both internally and externally is the real Dao Consummation."

"You can integrate ten reincarnation mysterious steles into one, ten ten in one, and you can gather them into a reincarnation source body, but this is not easy, I hope you can do it."

"The blood of reincarnation is an existence against the sky, but the source body of reincarnation is not against the sky, it only obeys the sky, conforms to the principle of heaven, and integrates into the body with the power of the avenue, and can temper the most invincible source body of reincarnation, which is enough for one hand Save the sky."

"That's all I can tell you."

"The law of reincarnation is the most rooted and profound law in the world. It contains the ultimate truth, and I can't fully see it."

"If you want to truly master it, you need to practice more and gain more understanding."

Ye Chen said: "Yes, thank you for reminding me, senior."

Only then did he know that in addition to the blood of reincarnation, there is also a source of reincarnation, which is an extraordinary and invincible physique, corresponding to the blood of reincarnation.

The blood of reincarnation is internal, the source of reincarnation is external, and both internal and external can be cultivated to prove the Dao.

And if you want to cultivate the source body of reincarnation, you need to fuse all ten reincarnation black tablets!

The stelekeeper said again: "By the way, be careful of fools."

This sudden warning made Ye Chen stunned for a moment, and asked, "What fool?"

There was a very solemn look on the face of the stele guard, and said: "You know the thirty-three days of magic, the ranking

Chapter 9600

If there is really a dominant figure behind Daozong, then he is indeed qualified to create a sword that surpasses the Heavenly Dou Massacre Sword and the Sword God Art
