

Physician 9611

Chapter 9611

"Furthermore, the way of swordsmanship has evolved over the years, and a lot of sword techniques have been born, which are comparable to those of the Nine Swords of Zhantian, and even more powerful. After all, people are constantly improving, and there will always be some strong ones who can defy the sky."

"But no matter what, this Heaven Slashing Nine Swords can be regarded as a top-notch swordsmanship. Miss Danxuan, please watch carefully."

After finishing speaking, the old man in the sword robe began to practice.

Ye Chen saw that the sword moves he used were indeed the nine swords that cut the sky, the one thousand miles of snow in the sword, the winter rain listening to the thunder in the second sword, the cold spring awn seed in the third sword, and the four big summer dragon birds in the sword, etc. It looks good, but it's just too flashy and lacks a bit of decisiveness.

The essence of Zhantian Nine Swords is to be fierce, decisive, and decisive in killing and attacking. This is the courage of Zhantian.

If it is too fancy, it will lose the essence of kendo.

Ye Chen's understanding of Zhantian Nine Swords is very profound, so he can see the old man's problem at a glance.

But the young girl didn't understand so much. Seeing the old man's gorgeous sword performance, the sword energy was dazzling, so she applauded again and again, with a look of excitement and yearning on her face, and said:

"This swordsmanship is good, this swordsmanship is very good, my Tiandan Sect's martial arts are too weak, so I can only refine alchemy and grind medicine. Senior Wan, you have to teach me the Nine Swords of Slashing Heaven."

The old man retracted his sword and said with a smile: "No problem, Miss Danxuan, the old man has already obtained the essence of the Nine Swords of Zhantian, it's okay to pass it on to you, but..."

That girl is the daughter of Tiandanzong, Miss Danxuan.

When she heard what the old man said, she smiled and said, "Don't worry, Senior Wan, I will give you as many pills as you want. The Red King Sect is coming soon. I have to learn your swordsmanship. I will deal with the Red King Sect in the future." people."

The old man said with a smile: "The old man will definitely pass on the essence of the Nine Swords of Zhantian to Miss Danxuan."

Miss Danxuan was overjoyed, she seemed to think of the picture of her own strength in the future, she clapped her hands and said, "That's great!"

Seeing this, Ye Chen couldn't bear to watch anymore, and interrupted with a frown: "This old man, I'm afraid you haven't grasped the essence of the Heaven-Zhan Nine Swords."

After these words fell, the audience was shocked immediately, and everyone's eyes focused on Ye Chen.

"Who are you?"

The old man in the sword robe frowned. Seeing that Ye Chen's cultivation was only the third level of the Infinite Realm, he dared to insult himself, saying that he hadn't comprehended the essence of the Nine Swords of Zhantian. If it wasn't for the presence of outsiders, he would have drawn his sword Killed.

Behind Ye Chen, a warrior from the Tiandan Sect came out and said, "Miss Danxuan, Senior Wan, this is Mr. Chen Ye."

He introduced to Ye Chen: "Mr. Chen Ye, this old man is called Wan Yushu, and he is a strong man on the Shinto list."

Ye Chen said "Oh", and seemed to be a little impressed when he heard the word Wan Yushu.

He remembered that when he first came to Wuwu Time and Space, he had a glimpse of the secrets and saw various lists. Among them, on the Shendao Xuantie list, it seemed that Wan Yushu's name was listed last.

"It turns out to be Senior Wan Yushu, the great existence who ranks at the bottom of the Shinto list. It's a great honor to meet you in the dusty night."

Ye Chen cupped his hands.

Ranked at the bottom, great existence, Wan Yushu heard these eight words, but felt very harsh, and his face suddenly became very ugly.

There were two followers behind him, they stood up and shouted at Ye Chen: "Bold! How dare you talk to the gods like that."

Wan Yushu chuckled, raised his hand, stopped his followers from talking, and said to Ye Chen: "This... Lord Chen Ye, just now I heard from the soldiers that you have enmity with the Twilight Giant?"

Just now, the fighters from the Tian Dan Sect came in to inform Miss Danxuan, saying that Ye Chen's identity is not simple, and that Ye Chen's identity is not simple, and he has an enmity with the Twilight Giant. Naturally, Wan Yushu also heard it.

Being able to make enemies with a high god is a proof of strength in itself, Wan Yushu is very cautious, even if Ye Chen's words offend, he dare not turn his face easily.

Listening to Wan Yushu's question, Ye Chen frowned slightly, but he couldn't reveal the secret at will.

Miss Danxuan also asked excitedly: "Yes, Mr. Chen Ye, how did you become enmity with the Twilight Giant?"

She was also very curious, not knowing how Ye Chen, who was in the third heaven of the immeasurable realm, was qualified to face the Twilight Giant.

Ye Chen's thoughts turned, and he opened his mouth slowly: "When the Twilight Giant was still in the Infinite Realm, he fought with me several times."

In the infinite time and space, it is difficult to cover up a lie, because as soon as you speak, you will touch the secret, and others will know the truth with a little calculation.

Like Ye Chen who hides the breath of reincarnation and uses the pseudonym Chen Ye, it takes a lot of energy to cover up the secret.

He didn't have the extra energy to cover up the lie.

Fortunately, due to the restriction of the law of reality, when Ye Chen fought against the Twilight Giant, the opponent's cultivation was indeed limited to the limitless realm.

He's not lying either.

When Miss Danxuan heard this, she was immediately disappointed, and said: "So, I thought that you are qualified to be a high god because of your mere immensity."

After hearing these words, Ye Chen felt a tingling pain in his ears.

The upper god is too powerful, not to mention that he is injured now, even in his prime, he may be difficult to fight against.

"When I recover from my injury, I will immediately go to see Senior Ren, deal with the cause and effect in front of me, and then look for opportunities to improve my strength as soon as possible."

"Even if you can't defeat the High God, at least you must have the qualifications to fight for life!"

Ye Chen thought so in his heart.

Chapter 9612

Wan Yushu laughed out loud, feeling relieved, and said: "So, Mr. Chen Ye is just an ordinary warrior of the Immeasurable Realm. Are you particularly good at swordsmanship? How dare you say that the old man's Heaven Slashing Nine Swords can't do it."

Ye Chen said: "My cultivation is mediocre, but I have studied and understood this Nine Swords."

"The real Nine Swords of Zhantian was not used by seniors like this."

Wan Yushu snorted, and said, "Then how do we do it? Young Master Chen Ye will rehearse it."

As he spoke, he threw the long sword in his hand to Ye Chen through the air.

Ye Chen took it without any trace, and the stellar energy on the sword became invisible. He lowered the sword and shook his head, "I'm injured, so it's inconvenient to wield the sword." Throwing the long sword back to Wan Yushu.

Wan Yushu's expression changed. Seeing that Ye Chen easily dispelled the aura on his sword, he felt a little apprehensive, thinking: "This kid is hiding his strength."

Miss Danxuan looked at Ye Chen carefully, and saw that Ye Chen's inner breath was indeed quite weak, and the huge wound on his left shoulder was still stained with blood, so she said:

"Young Master Chen Ye, my Heavenly Pill Sect is rich in pills. Not long ago, my father just refined a furnace of Tianxin Dahuan Pill, which has a very good healing effect. I just give it to you to heal your wounds."

"But after you recover from your injuries, you must teach me swordsmanship."

As he said that, he ordered his servants to take out the Tianxin Dahuan Pill.

Wan Yushu was startled, and said: "Miss Danxuan, Tianxin has a big heart to repay Dan, you said earlier that you would give it to me."

The Great Dao Competition is coming soon, and Wan Yushu, as a figure on the Shinto list, was also invited to participate.

The battle for the front is full of dangers, if you can have a Tianxin Dahuan Dan in your hand, at least your life will be somewhat guaranteed.

Therefore, this day, Wan Yushu is determined to win the pill with a big heart, but Ye Chen can't let it be snatched away.

Miss Danxuan said with a smile: "But this Mr. Chen Ye, his Heaven Severing Nine Swords are stronger than yours. I'll just learn swords from him."

Wan Yushu said anxiously: "He is just a mere Boundless Realm, how can his swordsmanship be better than mine?"

Miss Danxuan smiled and said, "If his swordsmanship is not as good as yours, he wouldn't dare to say that."

Under the insight of the sky, Miss Danxuan could vaguely see that Ye Chen's swordsmanship was indeed above Wan Yushu.

In fact, Wan Yushu also vaguely saw it, but he was not willing to bow his head to admit defeat, and said loudly: "Then I will fight with Mr. Chen Ye, the winner will be known after a try."

Miss Danxuan said: "But he is injured, how can he compete with you?"

Wan Yushu was about to speak when he suddenly heard a clang, and a bell rang on the top of the Tiandan Sect's mountain gate.

An old man dressed like a housekeeper walked up from the side of the practice field and said, "Miss, it's lunch time. If there is anything else, let's talk about it after lunch."

Nowhere is filled with darkness and chaos, and everyone is in danger of being worn out or even swallowed by the darkness.

Maintain a regular diet and work and rest, and establish an order in the body, which can effectively fight against darkness and wear and tear.

Therefore, general families and sects will work, rest and eat at fixed times to maintain the stability of the body order at all times.

"Okay, Senior Wan, Young Master Chen Ye, let's talk about it after lunch together."

Miss Danxuan clapped her palms and said with a giggle.

Ye Chen and Wan Yushu followed Ms. Danxuan, led by the butler, to a huge dining hall and palace in the middle of the mountain.

In the dining hall and palace, dragons and phoenixes are carved, and the decoration is luxurious, which shows that the foundation of Tiandan sect is quite profound.

Many elders, Dharma protectors, and core disciples of Tiandanzong have already taken their seats.

Sitting in the chief position was a middle-aged man with a majestic aura and a thunderous alchemy. He was called Emperor Dan, the suzerain of the Tiandan Sect, and the father of Miss Danxuan.

This Alchemy Emperor has the most cultivation base of the Heavenly Source Realm, that is, the middle god, far from the level of the Heavenly Emperor Lord God.

The name of the Alchemy Emperor is actually just a title, the past lords of the Tiandan Sect are all called Alchemy Emperors.

However, Ye Chen saw that the architectural decoration of the Tiandan Sect was so luxurious. Thinking about it, the Tiandan Sect was also an extremely brilliant sect in the past, and it must have given birth to a great figure of the Heavenly Emperor and God.

Miss Danxuan sat next to Emperor Dan and whispered a few words, Emperor Dan nodded and kept looking at Ye Chen and Wan Yushu.

Ye Chen and Wan Yushu were sitting on the guest seats on the left and right, facing each other.

In the main hall, there are girls dancing, and musicians are beating the bell and playing the sheng.

After a while, Emperor Dan said "Banquet" and ate on a tripod.

One by one, the servants came up with small black copper tripods with two ears and four legs. In the small tripods were placed the meat of spirit beasts, as well as carefully cultivated fairy rice and spiritual fruits. Fire coals to keep food warm.

Ye Chen ate meat on a tripod, listening to the sound of bells, drums, silk and bamboo, and watching girls singing and dancing, he felt very happy in his heart.

This is Zhongming Dingshi, which is the leader of the big family.

Although the foundation of Tiandanzong's martial arts is weak, but because of the prevalence of alchemy, relying on alchemy and grinding medicine can also make a lot of money, so the resources are abundant and the scene is huge.

The diet provided by Tiandanzong was full of spiritual energy. After Ye Chen ate and drank, his injuries were slightly relieved, his vitality recovered, and his body felt much more comfortable.

Above the chief, Emperor Dan looked at Ye Chen with a smile, and said, "Young Master Chen Ye, are you feeling better?"

Ye Chen said: "It's better, thank you Senior Dandi for the banquet."

Emperor Dan nodded and said with a smile: "Very good, I heard from my little girl that your swordsmanship is even above Wan Yushu, not as good as the two of you, let's compete swords here, let's open our eyes."

Ye Chen was stunned for a moment, unexpectedly, Emperor Dan asked him to compete with Wan Yushu directly.

Hearing Wan Yushu, he stood up with great joy, drew his sword and pointed at Ye Chen and said, "Young Master Chen Ye, since Supreme Emperor Dan wants to see us compete with swords, then let's compete!"

Ye Chen's face darkened, and seeing the eyes of all the people in the audience, he couldn't refuse, so he said, "It's okay to fight swords, but we only fight swords, not martial arts, and it's not a life-and-death duel."

He thought to himself that this Wan Yushu was a figure on the list of Shinto, and if it was about martial arts, he would be injured after all, so I'm afraid it would be disadvantageous.

Therefore, he only wanted to compete with swords.

If it was just a simple competition of swordsmanship, even if Ye Chen was injured, he would still have the confidence to defeat Wan Yushu.

Wan Yushu said again and again: "Yes, yes, then we will only learn the way of swordsmanship, the winner will stay, and the loser will leave."

He just wanted to force Ye Chen away, lest Ye Chen compete with him for the pill.

Ye Chen let out a "hmm", then used an illusion technique, created a long sword out of thin air, and held it in his hand.

This fantasy technique made everyone in the audience exclaim.

Although the law of fantasy is the basic law of time and space, generally speaking, warriors in the third heaven of the immeasurable realm do not have the ability to control fantasy.

However, Ye Chen easily controlled and displayed it, which really exceeded everyone's expectations.

Chapter 9613

"It seems that this Young Master Chen Ye does have something extraordinary."

Emperor Dan nodded slightly, looking at the elders on the left and right.

The elders sitting around him hurriedly figured out the secrets and wanted to spy on Ye Chen's past, but they were horrified to find that Ye Chen's past was covered in fog, but they were not able to easily penetrate it.

At this time, Ye Chen and Wan Yushu, each holding a long sword, walked to the center of the palace and faced each other.

"Senior Wan, please go first."

Ye Chen clasped his sword and cupped his hands.

"Master Chen Ye, please."

Wan Yushu responded indifferently, without talking nonsense, took a deep breath, gathered his energy, and stabbed Ye Chen with a sword.

call!

The billowing wind and snow rolled up from his sword body, forming a storm of cold frost and snow sword energy.

This is the Nine Swords

Chapter 9614

After all, he is a strong man in the Divine Dao Realm, while Ye Chen is only the third heaven of the Infinite Realm. If there is a real life-and-death confrontation, everyone will not be optimistic about Ye Chen.

Just when the murderous aura was overwhelming and Ye Chen was in danger, Wan Yushu's footsteps suddenly stopped, and all the sword aura, murderous aura, and fighting intent came to an abrupt end.

Wan Yushu's eyes widened, staring at his heart.

At some point, a sword pierced through his heart.

Ye Chen's hand was empty.

The sword that pierced Wan Yushu's heart was inserted by him.

But everyone present didn't see his movements, not even Emperor Dan, and didn't even feel Ye Chen's murderous aura.

Because of Ye Chen's sword, there was no trace of killing intent.

The real Nine Swords of Slashing Heaven, the real killing heart without trace.

"you you you....."

Wan Yushu's face was pale, and he backed away hastily. Several followers rushed up and shouted in a hurry: "Wan Shenxian."

Wan Yushu gritted his teeth, panted, and slowly pulled out the long sword stuck in his heart, a bloody arrow shot out, he groaned in pain, and was seriously injured.

In fact, Ye Chen's sword had already killed him, but he was a god and had many timelines, so he didn't really die.

But even so, at least half of his timeline was cut off by Ye Chen, his heart was dusted, and he was severely injured.

"The Nine Swords of Zhantian, the killing heart without trace, the most important thing is the word without trace."

"Senior Wan, your kendo is not strong enough, go back and learn it slowly."

"This sword competition, I don't think there is any need to compete again, let me go."

Ye Chen took a step back and said calmly.

In fact, he was injured, and his sword skills were not powerful enough.

Otherwise, his sword just now should have killed Wan Yushu completely.

Tiandanzong's diet is good. After eating and drinking just now, Ye Chen's condition has recovered a lot, and he is already qualified to rebel against the gods.

Seeing that Wan Yushu was completely defeated by Ye Chen, all the experts in Tiandanzong were shocked, and there was a commotion.

Click!

Emperor Dan seemed to have glimpsed something, his gaze was like lightning, and he crushed the glass wine glass in his hand.

"Young Master Chen Ye, you are too powerful. Which family do you come from?"

Miss Danxuan was overwhelmed with surprises, clapped and applauded, and was very curious about Ye Chen's identity.

Ye Chen smiled, turned around, and said to Miss Danxuan, "Miss Danxuan, if you want to learn swordsmanship, I can teach you."

"But the Tianxin you promised will return the alchemy..."

Miss Danxuan turned her head and called out: "Father."

Emperor Dan nodded, his face returned to calm, he sacrificed a medicine bottle, threw it to Ye Chen and said: "Mr. Chen Ye, I will give you the Dan with great heart today, which can help you heal your injuries. You take the medicine and rest for one night, probably tomorrow." can be restored."

Ye Chen accepted the medicine bottle and said happily, "Thank you."

Wan Yushu saw that the Tianxin Great Repayment Pill fell into Ye Chen's hands, and everyone in the audience worshiped Ye Chen extremely, and he was humiliated and neglected, and felt very sad and angry in his heart.

Seeing that Ye Chen's back was wide open, it was a great opportunity to strike and kill, so he immediately gritted his teeth and stabbed out with his sword.

His sword was still murderous without trace, but after listening to Ye Chen's teachings, he did not reveal any fierce murderous intent, and was as vicious as a poisonous snake ghost.

All the warriors of Tiandanzong exclaimed when they saw Wan Yushu attacking him unexpectedly.

Ye Chen's senses were very keen, and he had already caught the sound of the sword qi breaking through the air behind him. He didn't even look at it, and didn't even look back, but just cast the secret technique of Ragnarok.

hum!

A layer of twilight glow burst out from Ye Chen's body.

Wan Yushu attacked with his sword, the blade of the sword pierced into the twilight glow, as if it had been worn by endless years, the blade of the sword creaked and broke into pieces of iron all over the place.

His whole body also rushed into the twilight light, rapidly withered and decayed at a speed visible to the naked eye, and his flesh and blood were worn away in an instant, leaving only a layer of human skin, wrapped in thin bones.

Afterwards, that layer of human skin also turned into ashes under the erosion of time and dusk.

In the end, Wan Yushu was left with only a dry bone, and after letting out a desolate roar, he fell to the ground and shattered into pieces of bones on the ground.

This is the invasion and killing of the gods at dusk, which is enough to obliterate the gods, make the gods wither, and reduce them to ashes.

All the powerful members of the Tiandan Sect in the audience couldn't help being horrified when they saw Wan Yushu's death, all timelines were wiped out, and people were reduced to bones.

They looked at Ye Chen in great horror. When they saw that layer of twilight glow, they seemed to have fallen into an extreme nightmare. Everyone trembled and did not dare to make a sound, as if they saw the legendary upper god, the twilight giant. General in person.

"Young Master Chen Ye, your Ragnarok Twilight technique is really unique, I admire it."

"If it wasn't for the secret insight, I'm sure you are the enemy of the Twilight Giant. I almost thought you were from the Scarlet King Sect or from the Ancient City of Twilight."

Emperor Dan came back to his senses first, applauded and admired, and also admired Ye Chen's magic of the gods at dusk.

The strong men of Tiandanzong who were present were also shocked.

Recently, the Tiandan Sect has been repeatedly attacked by the Scarlet King Sect, so they have become frightened birds. When they saw the twilight light floating, they thought it was the Scarlet King Sect, and even thought it was the Twilight Giant who came in person.

But fortunately, they can be sure that Ye Chen is not a member of the Scarlet King Sect, and is even an enemy of the Twilight Giant, and will not be an enemy of the Tiandan Sect.

"Supreme Alchemy Emperor, I really had no choice but to kill this Wan Yushu. He was the one who attacked me first, so please don't blame the Supreme Emperor Alchemy."

Ye Chen cupped his fists and said.

Emperor Dan waved his hand and said: "It's okay, this Wan Yushu deserves what he deserves, I will cover up the secret for you, so as not to be discovered by the ancient Xingmen Snake Heavenly Emperor."

Ye Chen said: "Is this Wan Yushu from the Ancient Star Sect?"

Emperor Dan said: "Yes, although he is not a registered disciple of the Ancient Star Sect, he was once a servant of the Snake Heavenly Emperor, and the Snake Heavenly Emperor is one of the five great Heavenly Emperors of the Ancient Star Sect. In terms of combat power, he is enough to keep pace with the Bone Heavenly Emperor."

"It's just that the power of the Snake Heavenly Emperor is mainly due to the powerful poisonous snakes he raises and his powerful poisonous skills. His own Heavenly Emperor Qi is mediocre, so he is not on the list of Heavenly Emperors, but he must not be underestimated."

"I heard that Ye Xieshen, the god of heaven, wanted to go to the ancient star gate to save Wu Zu, but was bitten by the poisonous snake of Emperor Snake. Since then, his strength has dropped greatly, and his luck has also greatly weakened. In the end, he was overtaken by Hongjun ancestor."

"If he hadn't been injured by the Snake Heavenly Emperor, I'm afraid Patriarch Hongjun would not have had a chance to rise."

Ye Chen's heart was shocked, listening to Emperor Dan's words, he vaguely glimpsed the ancient secret.

He saw the ancient scene. Long, long ago, his grandfather was the Outer God Celestial Venerable, the most powerful existence in the Outer God Alliance. Even the ancestor Hongjun was suppressed by his grandfather.

Chapter 9615

But later, in order to save Wuzu, his grandfather was unfortunately injured by the Snake Emperor, and he has never recovered from it.

Although the position of the Outer God Tianzun is still retained, in fact the name is not worthy of the reality. Even the coordinates of the subordinate forces going to the Emperor's Heavenly Palace have to be concealed as much as possible, for fear of being discovered by the enemies.

Patriarch Hongjun lost his suppression and soared into the sky, becoming the most powerful existence in the Outer Gods Alliance, ranking among the top three in the Heavenly Emperor Ranking.

Now that Ye Xieshen fell into a deep sleep, Ancestor Hongjun was recommended by the Outer God Alliance and was ready to become the new Outer God Heavenly Venerable.

Ye Xieshen didn't mention these things to Ye Chen, naturally because he was afraid that he would worry.

When Ye Chen heard the words "Snake Emperor", he felt very uncomfortable all over his body, as if his whole body was covered with poisonous snakes, and his skin was icy cold. It can be seen that the snake emperor is weird and powerful, even if he just thinks about him Names are in danger of being tainted with unknowns.

And Wan Yushu was one of the former servants of Emperor Snake.

Ye Chen and Gu Xingmen have already formed a life-and-death enmity, even if they offend Snake Heaven Emperor, it's nothing.

But Dan Di was willing to cover up for him, which saved him a lot of trouble.

"Thank you so much Emperor Dan for covering it up, otherwise, it would be troublesome if I was targeted by the Snake Heavenly Emperor."

Ye Chen cupped his hands in thanks.

Emperor Dan nodded and said: "Well, Mr. Chen Ye, you rest and heal your injuries tonight, and when your injuries get better tomorrow, you can teach the little girl kendo martial arts. I am very grateful."

Ye Chen said: "Yes."

That night, Ye Chen rested in a guest room of the Tian Dan Sect. After taking the Tian Xin Da Huan Dan, Ye Chen adjusted his breath and recuperated his injuries.

This day's heart is great to return the pill, which is indeed a miraculous effect. After Ye Chen took it, he then adjusted his breath to heal his wounds, and the injuries healed quickly.

After one night, Ye Chen's injury has recovered to a point of seventy-eight eighty-eight, and it's not a serious problem.

He was about to open the door to go out, but at this moment, he heard a knock on the door.

"Young Master Chen Ye."

A steady voice shouted, it was the voice of Emperor Dan.

Ye Chen opened the door to welcome Emperor Dan, and said with a smile, "Sovereign Emperor Dan, good morning, is Miss Danxuan awake? I can teach her the secret of the Heaven-Slashing Nine Swords."

Ye Chen thought in his heart that his injury had almost recovered, and after paying off the cause and effect today, he could set off and return to Shacheng tomorrow to meet Ren Feifei.

Emperor Dan looked at Ye Chen with a smile, and said, "Master Chen Ye, is your injury better?"

Ye Chen said: "It's much better, thank you Dan Emperor Supreme for the miraculous medicine."

Emperor Dan said: "No problem, no thanks, you are the master of reincarnation, it is my honor to help you."

He said these words calmly, but Ye Chen listened to his ears, but his eyes widened like thunder, and he said: "You...you..."

He didn't expect that his identity had been exposed.

Emperor Dan lowered his voice, smiled slightly and said, "Lord of Reincarnation, don't worry, on my Tiandan Sect's territory, the secrets of heaven will not be leaked."

Ye Chen sighed, thinking that when he used the Nine Swords of Zhantian yesterday, he exposed the aura of reincarnation and was discovered by Emperor Dan.

Fortunately, looking at Emperor Dan's appearance, there was no malice.

"My identity, please keep Dan Emperor Supreme."

Ye Chen said.

Emperor Dan said solemnly: "This is natural."

After a pause, he became a little dignified again, and said, "Lord of Reincarnation, to tell the truth, in fact, the ancestor of my Tiandan Sect left a prophecy saying that you are an extremely important person."

Ye Chen thought of the statues enshrined everywhere at the gate of the Tiandan Sect, and said, "Is the ancestor of your Tiandan Sect the Moon God?"

Emperor Dan said: "Exactly, the ancestor Moon God Heavenly Emperor, her old man fell due to an accident, and left a very rich treasure before her death, and left an incomplete treasure map."

"She said that only when the Lord of Reincarnation is born in the future can she truly find her treasure."

"Lord of Reincarnation, please follow me." He made an inviting gesture.

Ye Chen's heart froze, the Moon God Emperor is

Chapter 9617

"At that time, he will send someone to hunt you down at all costs."

"In this way, we, the Heavenly Alchemy Sect, can have a breather."

The corner of Ye Chen's mouth twitched, and he said, "Is this to divert hatred and let the Twilight Giant target me?"

Emperor Dan sighed helplessly: "Yes, this is the only way now, Lord of Reincarnation, I'm really sorry."

He thought to himself that Ye Chen had enmity with the Reaper Cult, and the grievances between Ye Chen and the Twilight Giant were not shallow, adding another amount of hatred would not matter.

It's just that these words are naturally inconvenient to say.

Ye Chen lowered his head and pondered for a while, then said: "But, I promised Miss Danxuan yesterday that I would teach her swordsmanship and martial arts."

Emperor Dan said: "It's the same if you condense your own sword martial arts comprehension into a crystal, and then give it to her. Although the effect is not as good as that taught by a real person, as long as you can divert the hatred of the Red King Sect, the little girl will be inferior in martial arts." Some, it's okay."

Ye Chen said: "Okay, Supreme Emperor Dan, after I leave here, I plan to go to Shacheng. You'd better give me another map to mark the way."

Wuwu time and space is very large, Ye Chen vaguely calculated that from the world of Tiandan to Shacheng, it is light years away from the universe, I don't know how long it is.

And the law of space without time and space is very firm. With Ye Chen's cultivation base of the third level of the immeasurable realm, even if he breaks the void and goes there, it will be very difficult, and the journey may take seven or eight days.

Moreover, there is no time and space, dark monsters are everywhere, there are also indescribable strange existences, and danger is everywhere.

Therefore, Ye Chen needs a map, preferably one that can mark safe roads, so as not to cause complications.

Emperor Dan frowned, and said: "Are you going to Shacheng? The journey from here to Shacheng is really far away. I will give you one thing. You go to Xuanhai Time and Space and find my friend Zhong Xuanyong."

"Xuanhai Time and Space has a teleportation array, which can be directly teleported to the vicinity of Shacheng. If you find my friend, he will take you to the teleportation array, which can save you a lot of trouble."

"He has a lifelong friendship with me, and he is also a reincarnation believer, so he can be absolutely trusted."

With that said, Emperor Dan took out a golden leaf and handed it to Ye Chen.

"What's this?"

Ye Chen took it over and took a look, and saw this golden leaf with a portrait on the front and a portrait on the back, which seemed to be two ancient powerful men.

This golden leaf is something to commemorate them.

Emperor Dan said: "This thing is called Xuanhai Sacred Leaf, which is the entry and exit certificate of Xuanhai Time and Space. You can enter Xuanhai Time and Space with this object. That place is not far from my Heavenly Alchemy Realm, only half a day's journey away."

"After you go to Xuanhai Time and Space, tell the guards that you were introduced by Emperor Dan. If you want to find the Great Protector Zhong Xuanyong, they will understand."

Ye Chen nodded. It would be much more convenient if there was a teleportation formation to teleport directly to Shacheng.

Rumble!

At this time, Ye Chen suddenly felt that the cemetery of reincarnation was shaking, and there was a new tombstone, which seemed to be slightly radiant, as if a great power was about to be awakened.

Feeling the shock, Ye Chen was taken aback.

He obviously found that it was the four words Xuanhai Time and Space, and the Xuanhai holy leaf in his hand, which touched the secret of heaven and awakened the new power.

"Could it be that the power that is about to awaken is related to the time and space of Xuanhai?"

Ye Chen's heart moved slightly, and he wanted to investigate more carefully, but the turmoil in the reincarnation cemetery subsided again.

All quiet again.

Emperor Dan didn't know about Ye Chen's strangeness, so he sacrificed another jade slip and said, "Lord of reincarnation, this jade slip records the secret of Taoist alchemy, and I will give it to you. It's my reward for you, thank you for helping Tiandanzong to divert the hatred of the dusk giant."

Ye Chen saw the five characters "Tao Zong's alchemy casting technique" engraved on the jade slip, and traces of green light bloomed out, which seemed to have the fragrance of grass and trees, which was very strange, and he was quite curious in his heart, and said: "This Is it Daozong's alchemy technique? Is it related to Daozong?"

Emperor Dan said: "Yes, this alchemy casting technique of the Taoist sect is the secret technique created by the Taoist sect. Back then, the ancestor Moon God and Heavenly Emperor once participated in the competition held by the Taoist sect and won the championship in the end. It's one of the rewards of being a champion."

"This Taoist alchemy technique is very mysterious. It is not only the supreme method of alchemy, but also the supreme medical technique. It can revive the dead, restore flesh and bones, relieve wear and tear, and fight against darkness."

"My ancestors of the Tiandan School, although they did not find the real treasure of the Moon God and Heavenly Emperor, they were lucky enough to find this Taoist alchemy technique, and since then they have established the great foundation of the Tiandan School."

"You are the ancestor Moon God and Heavenly Emperor, the figure in the prophecy, this Taoist alchemy technique is now entrusted to you."

Ye Chen's eyes narrowed slightly, and in the end he didn't refuse anything, accepted the jade slip, and said, "Thank you, senior!"

Now that he has just arrived in Wuwu Time and Space, improving his strength is the most important thing. Dandi is willing to present such a precious secret technique, so he naturally has no reason to refuse.

After accepting Daozong's alchemy casting, Ye Chen took a mental glance and understood it thoroughly.

After he got the Tianbei and his reincarnation bloodline was restored to integrity, his innate comprehension was greatly improved. He understood this Taoist alchemy technique at a glance.

Daozong's alchemy technique can be said to be a super-enhanced version of Bagua Tiandan technique. The two are quite similar, but Daozong's alchemy technique is much more powerful. If it is cultivated to the peak, it even has a very powerful killing power, can refine the enemy into an elixir, swallow it alive, and nourish one's own vitality.

Chapter 9618

However, even Emperor Dan did not understand this kind of killing power, and the ancestors of Tiandanzong had never touched it, because their understanding was not enough.

Ye Chen's talent is extremely high. He took a look and found that this Taoist alchemy technique is not only able to make alchemy to heal people, but also to kill people.

After comprehending Taoism's alchemy casting, Ye Chen gathered his understanding of the Nine Swords of Zhantian and some martial arts insights into a crystal and handed it over to Emperor Dan.

This crystallization of perception can help Miss Danxuan improve her martial arts.

As for Ye Chen, it is inconvenient for him to stay in the Tiandan world for a long time.

He didn't even say goodbye to Miss Danxuan, he just bid farewell to Emperor Dan hurriedly, and left the world of Tiandan.

Outside the world of Tiandan, there is a chaotic and dark void, and it cannot even be called a void, because in the time and space of Wu Wu, even the concept of "nothing" does not exist, and there is no void at all.

Those worlds and time and space were created by many ancient gods and powerful people, relying on fantasy. It was a feat of opening up the world, and it was an act against the sky to establish order and fight against nothing.

The darkness Ye Chen saw could not be described in words, it was very strange, as if some monster would crawl out at any moment.

Fortunately, the dark void near the Tiandan world has been wiped out, and there will be no more monsters.

Speaking of which, Ye Chen is still

Chapter 9619

"Go to Xuanhai time and space first."

Ye Chen made a decisive decision, took the sacred leaf of Xuanhai, locked the coordinates of Xuanhai time and space, and immediately flew away through the air.

From Tiandan Realm to Xuanhai time and space, it is also across the galaxy, the distance is extremely long, but with Ye Chen's cultivation base, it is estimated that it will take half a day to get there.

As for going to Shacheng, it is light-years long across universes, and the road is full of dark monsters. If Ye Chen wants to go, even if there are no accidents and no monsters are entangled, it will take at least seven or eight days.

Therefore, he planned to go to Xuanhai Time and Space first, find Emperor Dan's friend Zhong Xuanyong, and then take the teleportation array to Shacheng, so as to ensure nothing goes wrong.

While rushing through the sky, Ye Chen suddenly saw a dim yellow light appearing in the dark void ahead.

That ball of light, with the breath of dusk, makes people want to yawn and sleep after one glance, and boundless tiredness emerges from the heart.

But Ye Chen didn't feel tired at all.

Because he saw, from the twilight glow, figures rushed out, armed with knives and swords, all of them looked extremely sturdy, with a stern smile at the corner of their mouths.

"Lord of Reincarnation, I found you."

The leader was a relatively thin young man, holding a long sword in his hand, surrounded by sword energy, with a sinister face, and his aura reached the first level of the Divine Dao Realm.

"Let me introduce myself. I'm Huang Ziqi, the leader of the Red King Sect's Zhan Banner, and I'm here to ask you for something by order of the God of Dusk."

When Ye Chen focused his eyes, he saw Huang Ziqi's side. There were about a dozen people, most of them were in the late stage of the Wuliang Realm, and only Huang Ziqi was a true god, and he only had the strength of the first level of the Divine Dao Realm.

"The Twilight Giant looked down on me so much, why did you send some of you here?"

"Just one level of the Divine Dao Realm, you want to rob and kill me?"

Ye Chen laughed, thinking that what a powerful master the Twilight Giant would send out, it turns out that there is only one level of the Divine Dao Realm.

It seems that the Twilight Giant is also very afraid of exposing the secrets, so it is very low-key and does not make much fanfare.

But there is only one Divine Dao Realm, and it is the lowest level, Ye Chen felt that he was underestimated.

Seeing Ye Chen's disdainful expression, Huang Ziqi's smile froze immediately, and said coldly:

"Boy, don't be too crazy. There is no time and space here, and there are no laws and regulations. You are just a mere fourth-level heaven of the immeasurable realm. Are you qualified to fight against the gods?"

"Law of fantasy, great burial in the desert!"

Huang Ziqi waved his hand suddenly, and the violent fantasy law exploded out, creating a desert world out of thin air in the dark void.

In the vast desert world, the sky is full of wind and sand, the quicksand is billowing, rumbling, and countless sand and dust are swept up, rushing towards Ye Chen like a wild beast.

"Hehe, I'm not qualified to fight against the gods. Guess how Wan Yushu died?"

Ye Chen smiled disdainfully, and immediately slashed out with his sword, and launched the Nine Swords of Zhantian, with a touch of the sword spirit of the Holy King and Overlord, like the presence of a king, with a sneer, all the sandstorms in the sky were wiped out.

"Fantasy sandstorm, go!"

The next moment, Ye Chen waved his hand again, rolled up tens of millions of tons of yellow sand, and fought back at Huang Ziqi.

Now Ye Chen has already ascended, and he also masters the law of fantasy and the law of cause and effect.

He wants to try, how much difference is there between the power of his fantasy law and the real god.

Huang Ziqi shrank his eyes and pupils. Ye Chen used his fantasy law to superimpose his fantasy. The sweeping sandstorm roared like a dragon or a tiger. It was extremely spectacular and fierce.

"The law of cause and effect, all laws are destroyed!"

Such a ferocious sandstorm, Huang Ziqi could no longer resist it with martial arts, and immediately recited a law of cause and effect to destroy all dharmas.

Crash!

When this law of cause and effect broke out, the sandstorm that Ye Chen attacked immediately collapsed out of thin air, turning into countless quicksands, and countless air currents dissipated away.

"Law of Karma, Darkness Devours!"

Ye Chen pinched a formula, stared at Huang Ziqi, and also used the law of cause and effect to let the darkness swallow the latter.

Rumble!

The dark void behind Huang Ziqi boiled, and streams of indescribable energy erupted from it, sweeping towards him.

"Damn it!"

Huang Ziqi's face changed, but he didn't expect Ye Chen to be so skillful in using the law of causality in the fourth layer of the immeasurable realm, and he could even mobilize the dark energy at the bottom of the infinite time and space.

In the blink of an eye, Huang Ziqi grabbed a subordinate from the air and threw him backwards.

The subordinate screamed "Ah", and was immediately swallowed by the darkness, turning into dry bones, while Huang Ziqi was not harmed at all.

Ye Chen nodded secretly in his heart, it seems that the power of his fantasy law and causal law is not bad compared with the real gods.

If there is no difference between the two sides in these basic methods, then the outcome of the battle depends on each person's martial arts.

In terms of martial arts, Ye Chen is not afraid of anyone in the Divine Dao Realm.

"Kill him!"

Huang Ziqi also knew that Ye Chen was powerful in martial arts, so he immediately shouted and ordered his men to attack.

The disciples of the Red King Sect under him are all existences of the infinite realm, and they are definitely not Ye Chen's opponents.

He didn't expect to hurt Ye Chen, he just wanted to use his subordinates as cannon fodder to consume Ye Chen's strength.

The dozen or so disciples of the Scarlet King Sect were also extremely fierce. They knew that they were no match for Ye Chen, and they clearly had fear of death in their eyes, but they still rushed up fiercely, rushing towards Ye Chen like moths to a flame. Chen.

Chapter 9620

"court death!"

"Slaughter Immortal Pond, kill them all!"

Ye Chen didn't panic at all, the air around him exploded, and water dragons roared out one after another.

This water dragon is full of supreme killing aura, it is all the energy gathered from the killing fairy pond.

After Ye Chen killed Guzun Qingniu, he obtained the Slaughter Immortal Pond.

This Immortal Slaughtering Pond can unleash its greatest power in the infinite time and space.

Rumble!

The water dragons rushed out one after another, with murderous aura, and the dragon claws danced, tearing up the dozen or so disciples of the Scarlet King Sect who rushed forward on the spot.

And Ye Chen, who killed the whole audience, didn't consume much aura, and still looked mighty and invincible.

When Huang Ziqi saw this scene, his expression changed immediately.

"It's your turn."

The corner of Ye Chen's mouth curled up into a sharp arc, and he punched suddenly, Tianshang Fist exploded, blasting towards Huang Ziqi violently.

As soon as the Tianshang Fist was released, the darkness was wiped out, the law of the Dao was shattered, and an indescribable brilliance appeared in the void. pole.

Seeing that this punch was about to kill Huang Ziqi, but Huang Ziqi's expression suddenly became cunning and sinister, as if his scheme had succeeded, he smiled sinisterly.

"Lord of reincarnation, you are dead."

Huang Ziqi laughed secretly, his whole body was full of sword energy, disturbing the laws of time and space.

In the dark void of the nine heavens, stars appeared one after another. These stars, connected together, actually faintly formed a totem of a constellation.

The constellation totem, shaped like a sword, has a sword-like murderous aura, which is very sharp, and the cold air penetrates into the bone marrow of a person.

Ye Chen felt chilly all over, and shouted in his heart: "Not good!"

Huang Ziqi looked fiercely, and shouted: "Phantom Sword Constellation, kill me!"

The constellation totem in the void is the fantasy sword constellation, one of the eight constellations, and one of the thirty-three heavenly magic arts, and its lethality is very terrifying.

I saw thousands of sword qi pouring down from the constellation.

Some of these sword qi are real, and some are fantasy, which is unpredictable.

This is the horror of the Phantom Sword Constellation. The sword energy is tangible and intangible, with fantasy killings, and it is impossible to guard against.

This divine technique originated from an ancient family called the Huanjian family.

Under Tianji's insight, Ye Chen knew that this Huang Ziqi was from the Huanjian family, but he took refuge in the Twilight Giant, and his identity was deeply hidden.

boom!

Ye Chen's fist hit Huang Ziqi's body first, and with just one punch, the latter's body exploded, turning into flesh and blood splashing all over the sky.

But in the next moment, these flesh and blood reorganized and gathered into Huang Ziqi's appearance again.

In fact, Ye Chen's punch was so powerful that it could completely kill Huang Ziqi, blowing up all the timelines.

But at this time, Huang Ziqi was resurrected, his body was filled with the twilight glow, he was still alive, his face was withered and yellow, and his appearance was very embarrassing and decayed, but at least he was resurrected and saved his life.

Ye Chen instantly knew that it was the Twilight Giant who was protecting Huang Ziqi behind his back, saving his life, and keeping the last timeline.

At the same time, the thousands of sword qi in the Illusory Sword Constellation, tangible and intangible, real and imaginary, were all beheaded, like the collapse of the galaxy, the sky collapsed and the earth collapsed.

Puchi, puchi, puchi!

Ye Chen's body was instantly beheaded by thousands of sword qi, his flesh and blood were mutilated, he groaned, and fell down on the spot, seriously injured, on the verge of death, and lost his fighting power all of a sudden.

"Hahaha, lord of reincarnation, cough... you have fallen, are you still arrogant?"

Seeing this, Huang Ziqi immediately burst out laughing. Although his condition was also very poor, compared to Ye Chen who was seriously injured and dying, he was undoubtedly much better.

"Actually, God Twilight sent me here on purpose, he just wanted to paralyze you and make you underestimate the enemy."

"You think you are invincible and can easily kill a true god at the first level of the Divine Dao Realm, hehe, this may indeed be the case."

"However, you may not know that I come from the Phantom Sword family and master the magic of the Phantom Sword Constellation. If you dare to underestimate me, you are courting death."

Huang Ziqi took a deep breath and let himself recover a little bit. With a cruel smile in his eyes, he still stared at Ye Chen and sighed a little:

"You boy, you are indeed fierce. I have killed all the magic sword constellations, but I still can't kill you, but seriously injured you."

Ye Chen's existence is very special. His law of reincarnation has only one timeline, and he is a unique existence in the heavens.

In other words, Ye Chen does not exist in other timelines. If he dies, he is really dead, and there will be no possibility of resurrection.

Huang Ziqi thought that under the calculation of the Twilight Giant, he risked his life to attack and kill Ye Chen, and he could kill Ye Chen, but he didn't expect that it was only a serious injury.

Ye Chen's physical strength far exceeded his expectations. Maybe even the strong in the late stage of the Divine Dao Realm did not have such a strong physique as Ye Chen.

Ye Chen's heart was shocked, he really underestimated the enemy.

This time, because he underestimated the enemy, he paid an extremely heavy price.

Huang Ziqi recovered a little, forged a sword from his fantasy, held the long sword, and walked slowly towards Ye Chen.

He was in a very bad condition and walked slowly, but he finally walked to Ye Chen's side, with an extremely ferocious look on his face, he raised his sword and stabbed at Ye Chen, shouting:

"Die, boy!"

"Everything about you will belong to God Twilight!"

The sharp tip of the sword pierced Ye Chen's head with a sharp sound of wind.

However, Ye Chen, who was seriously injured and dying, suddenly raised his hand and pinched Huang Ziqi's sword.

"Um?"

Huang Ziqi's face changed wildly, and when he looked at Ye Chen again, he found that Ye Chen's body, who did not know when it started, was filled with wisps of blue light. What powerful healing power it has.

"Cough... I really underestimated the enemy this time, and almost capsized in the gutter."

"But, it seems that my luck is indeed not bad, at least I didn't die, right?"

Ye Chen smiled slightly, and stood up slowly. The wounds on his body were being healed continuously under the nourishment of the wisps of blue light, and the spiritual energy was also recovering rapidly.

"This... this is the Taoist alchemy technique!?"

Huang Ziqi looked at the ray of divine light and immediately recognized it. It was the unique secret method of the Tiandan School. The Taoist alchemy technique, besides being able to make alchemy, also had the effect of living the dead, flesh and bones.

At this moment, Ye Chen is performing the Taoist alchemy technique, casting the energy of the world into strands of supreme alchemy, nourishing the body and quickly repairing the injury.

It has to be said that the healing effect of this Taoist alchemy technique is truly unique.

As long as the injury does not hurt the source, it can be treated quickly.
