Chapter 9621

In just a few blinks of an eye, Ye Chen's state has recovered to a point where there are no scars and wounds on his body, which shows how outrageous the effect of this Taoist alchemy technique is.

Huang Ziqi never expected that Tiandanzong would pass on such a precious Taoist alchemy technique to Ye Chen.

Moreover, Ye Chen's talent and savvy is so outrageous, and he can use it so skillfully. His cultivation of alchemy is probably even more powerful than that of Emperor Dan.

The situation was reversed instantly.

Huang Ziqi was trembling all over. Seeing Ye Chen's confident and indifferent smile, he collapsed, knelt down on the spot, and shouted: "Lord of reincarnation, spare me!"

"I don't intend to be your enemy. These are the meanings of the Twilight Giant. He wants to snatch the treasure map. It's none of my business."

"I am willing to surrender, please let me go."

Trembling, he took out another scroll, and said: "As long as you are willing to let me go, I can dedicate this secret book of magical cultivation of the Phantom Sword Constellation to you."

Ye Chen looked at Huang Ziqi, then at the magical scroll, and said with a smile, "If I kill you, isn't this cheat book mine?"

"Well....."

Huang Ziqi was at a loss for words, speechless.

"Daozong alchemy technique, kill me!"

Ye Chen suddenly became ruthless, pressed Huang Ziqi's head with his palm, and activated the Taoist alchemy technique.

Click!

Huang Ziqi's whole body twisted, and he let out a scream, his skin and flesh were boiling, his whole body was quickly ground into a paste, then squirmed and blended, and finally turned into a small pill.

Ye Chen used the Taoist alchemy technique to directly refine Huang Ziqi's whole body into an elixir.

This scene was extremely terrifying. If people from the Tiandan Sect saw it, they would be too surprised to speak.

Because the Tiandan sect has always believed that casting alchemy is a method of refining alchemy to heal wounds and diseases. They never thought that it could kill people, and it was so vicious that they directly refined people into elixirs.

Ye Chen threw this elixir to the blood dragon to swallow, then caught the magic scroll that fell down, scanned it mentally, and immediately comprehended it.

Ye Chen mastered all the wonderful methods of the magic sword constellation in an instant.

"Very good, very good, this divine technique is not bad."

Ye Chen nodded secretly. This phantom sword constellation technique is quite wonderful. It outlines the sword constellation, and the sword energy emanating from it is unpredictable and unpredictable. He was almost killed just now.

Fortunately, Ye Chen was lucky, and finally had the last laugh.

But, even so, when he recalled what happened just now, he was full of fear.

He really almost died. He only has one timeline, and he absolutely cannot die. Once he dies, he will perish completely, and there is no possibility of resurrection.

"No Time and Space is indeed dangerous, I have to be more careful in the future."

Ye Chen wakes up, there is no limit of time and space, and the laws of heaven and earth. He reckons that with his own strength, he can at most counter-kill the existence of the fourth-level heaven of the divine way. A hugely expensive hole card.

But facing the upper gods of the Nine Cauldron Realm, the God King of the Tongtian Realm, and the highest God of the Heavenly Emperor, Ye Chen couldn't beat him, and needed to call other strong men from the reincarnation camp to fight.

Ye Chen deeply felt his lack of strength, and only wanted to improve his strength as soon as possible.

However, he is also very clear-headed, knowing that relying on himself is not enough. As a leader, the most important thing is to be able to employ people.

The most trustworthy and powerful people around him now are Ren Feifan and grandpa.

"Go to Senior Ren first, and then go to Shanghuangtian Palace to wake up Grandpa."

Ye Chen thought so, and continued on his way, flying towards Xuanhai time and space.

This time he killed Huang Ziqi and broke the Twilight Giant's conspiracy. In a short time, the Twilight Giant did not dare to send anyone over.

Otherwise, if he moves too frequently, he will definitely touch the secret, the secret of the treasure map will be leaked, and he will never have the hope of taking the treasure for himself.

In this way, Ye Chen is temporarily safe.

Except for the Twilight Giant, other forces do not know his coordinates.

Flying all the way to the time and space of Xuanhai, there was no accident this time, and soon came outside the time and space of Xuanhai.

This is a vast, magnificent, and boundless universe.

The universe is dotted with planets, and most of the planets are covered with seawater. Even the universe itself is filled with a vast ocean of vitality.

Those planets are suspended on this ocean of vitality.

"Is this the time and space of Xuanhai?"

"It's really spectacular. The strong man who created the mysterious sea time and space back then must be a very powerful emperor and god."

Ye Chen sighed in admiration, but suddenly felt that the cemetery of reincarnation was shaking, and some tombstones were shining with light, as if a new power had awakened.

"Um?"

Ye Chen focused slightly, and visited the reincarnation cemetery mentally, but the shock subsided again, and then a figure emerged, it was not someone else, but Huang Lao Huang Zi Zi.

"Old Huang, you're awake."

Ye Chen was surprised to see the old man waking up.

Previously, Huang Lao seemed not to want to get too involved in karma, so he didn't show up since then, even when Ye Chen was fighting Wanxu, he didn't show up.

Now that Ye Chen had ascended, he showed up, which surprised Ye Chen very much.

"Well, Ye Chen, long time no see, I didn't expect you to ascend."

The old man Huang sighed, and his figure floated out. Looking at the scene of Xuanhai time and space, he sighed again.

Chapter 9622

"Thanks to you, I finally returned to Wuwu Time and Space."

"Hmm... Ren Feifei is so powerful, Ninth Rank Heavenly Emperor? This guy is going against the sky."

Huang Lao calculated with his fingers, the corner of his mouth twitched, his expression was very complicated.

When he was in the real world, he had a fight with Ren Feifei. At that time, Ren Feifei was not even a low god.

But now, Ren Feifei has risen against the sky and became a ninth-rank emperor. Even if he is a big figure on the list of emperors, he dare not despise him in the slightest.

As for Huang Lao, his skin was sizzling, as if he couldn't bear the coercion of the law of infinite time and space.

Ye Chen said in shock: "Old Huang, your body..."

Huang Lao waved his hand and said: "It's okay, I am a scattered spirit, and my blood is weak. This time I showed up because I heard the call of Daozong."

Ye Chen was stunned: "Daozong's call?"

Huang Lao laughed and said: "Yes, Daozong actually took a fancy to me, and wanted to give me a great fortune, a great opportunity, I think it's all because of you."

"If it wasn't for you, Daozong would not be able to summon me. After all, I am just a distracted spirit."

Ye Chen said: "Old Huang, do you want to go?"

Huang Lao said: "Of course, Daozong summoned me. How could I miss such a great fortune? Maybe we can see each other again when the competition begins."

After a pause, Huang Lao looked at the Xuanhai Time and Space in front of him, and asked again: "Are you going to this Xuanhai Time and Space?"

Ye Chen said: "Yes."

Huang Lao frowned, and said: "As far as I know, this time and space of Xuanhai was created by Xuanchen Tiandi and Taihai Tiandi, two ancient great powers."

"But later, Emperor Xuanchen was accidentally swallowed by darkness, and only the Emperor Taihai remained in this Xuanhai time and space, and his family dominated it."

"I always feel that behind this, there is a bit of conspiracy."

"And I calculate the secret, if you step into this mysterious sea time and space, you may be in danger."

Ye Chen said: "What's the danger?"

Huang Lao shook his head and said: "I don't know either, anyway, be careful, I'm going to Daozong, hehe, we've been together for so long, before I leave, I'll give you another gift."

With that said, Huang Lao took out a black box and handed it to Ye Chen.

This box is about the size of a book box. I don't know what material it is made of. Ye Chen took it and weighed it. He felt heavy and light at the same time. It felt very weird and unpredictable. He asked suspiciously:

"What's this?"

The old man laughed and said: "I found this box in a ruined site by accident. I tried all methods, but I couldn't open this box, and I don't know what's inside."

"Now I've calculated the secret, and I've probably caught it. What's inside this box is likely to be the cultivation secret book of the Titan Constellation."

Ye Chen said: "Titan constellation?"

Huang Lao said: "Yes, it is said that in a very ancient era, there was a great god named Titan. His body was so huge that a cell pore was so huge that it was a multiverse."

"This giant god Titan fell later, and his flesh and blood spirit turned into a constellation, which is the legendary Titan constellation. This Titan constellation is also the most powerful existence among the eight constellations."

"If you can get the cultivation secret of the Titan Constellation and summon the power of the Titan Colossus to descend, you will be really invincible."

"The secret book of the Titan constellation has long been lost. Hehe, the lost secret book of the constellation is probably in this box."

"Actually, the power of this Titan Constellation is more powerful than the Heaven Dou Massacre Sword, but because it has been lost for too long, and the power of the legendary Titan Colossus, no one can bear it, so this Constellation Divine Art, ranked It's a little behind, but the actual power is very outrageous."

Ye Chen's eyes lit up immediately, if the power of the Titan Constellation is really as powerful as Huang Lao said, then if he succeeds in training, his strength will definitely improve by leaps and bounds.

"Okay, I've told you everything I know. I'm going to the Taoist sect. I'm leaving."

Huang Lao was very straightforward. After leaving the box, he said goodbye to Ye Chen, turned around and flew away.

Ye Chen took the box and tried to open it, but found that the box was tightly stitched, and there were layers of causality restrictions, so he couldn't open it no matter what.

Ye Chen opened the arm of the Emperor of Heaven, and then mobilized the power of Samsara's blood, but it was useless.

Even, he became ruthless, slashed the box with his sword, and used the sword of the tomb, the magic of transforming the sky, the dusk of the gods, and many other powerful killing moves, but none of them were of any use.

No matter how Ye Chen attacked, the box showed no signs of damage.

"It's so weird, so powerful."

Ye Chen admired in his heart, and became more and more curious about the things inside the box.

But now, Ye Chen obviously had no way to open the box, so he had to put it away temporarily, and looked at the time and space of Xuanhai again.

"Go to Xuanhai Time and Space, take the teleportation array, then go to Shacheng, ask Senior Ren to try."

Ye Chen thought so, and then flew towards the mysterious sea time and space ahead.

When he approached the crystal wall system of Xuanhai Time and Space, he immediately touched the secret. Several men dressed as guards appeared from the void and stepped forward to stop Ye Chen.

A guard said: "Stop, who is it? Xuanhai is an important place in time and space, and idlers are not allowed to approach."

Ye Chen didn't rush, took out the Xuanhai Holy Leaf that Emperor Dan gave him, handed it up, and said:

"During the dusty night, Emperor Dan introduced me to see His Excellency Zhongxuanyong, the Great Protector."

The guard was taken aback when he saw the sacred leaf of Xuanhai. He caught the secret and knew what Ye Chen said was true, and said, "Do you want to see the guardian?"

Ye Chen said: "Exactly."

The guard and his companions discussed a few words, and then said to Marven Ye: "Wait a minute, I'll pass it on to the Great Guardian." Then he turned and went in to pass it on.

Ye Chen waited for a while, and the guard came out, holding a thin red rope in his hand, and said:

"The Great Protector said that he can see you, but you need to fasten this restraining rope first."

Ye Chen frowned, and said, "The restraint rope? Is it to confine my spiritual energy?"

The guard said: "Yes, I have offended you so much, please forgive me, Mr. Chen Ye."

Ye Chen caught it carefully, but he didn't catch the malice and murderous intent, but there was still a little kindness.

Zhong Xuanyong told him to fasten the qi rope, which seemed to be for his own good, which is really strange.

When Ye Chen thought of Emperor Dan's words, Zhong Xuanyong could absolutely trust him.

"Okay, I'll just tie it on."

After careful consideration, Ye Chen finally chose to tie the restraint rope.

After this thin red rope was tied to his wrist, Ye Chen felt that 50% of his aura was imprisoned, and he could only exert 50% of his combat power at most.

Ye Chen made up his mind, with 50% of his combat power, he could handle common emergencies, and if he wanted to break through the shackles of the restraint rope, it was not impossible, but he had to pay a price.

Chapter 9623

"Master Chen Ye, please."

Those guards saw that Ye Chen was tied with the restraint rope, so they led him into the time and space of Xuanhai, and came to the center of the space-time universe, on a huge planet.

This planet is the core of Xuanhai Time and Space, called Xuanhai Star, with a vast area and a radius of tens of millions of miles.

On the earth, there are resplendent palaces, buildings, Qiongtai Yuge, carved dragons and painted phoenixes, spirit beasts running, phoenix birds flying, auspicious clouds fluttering, waterfalls falling from the sky, and the weather is very magnificent.

Those guards led Ye Chen all the way, flying through the clouds and fog, to the Xuanhai Tiangong in the center of Xuanhai Star.

What Ye Chen saw along the way, saw many believers enshrining two statues.

Of those two statues, one is Xuanchen Heavenly Emperor and the other is Taihai Heavenly Emperor.

These two heavenly emperors are the great existences who created the Xuanhai time and space, and are worshiped by hundreds of millions of believers.

However, Ye Chen saw that among the two statues, the statue of Emperor Xuanchen was mottled in gray and black, covered with moss, and entwined with wisps of ominous air.

Another statue, the statue of Taihai Tiandi, is bursting with divine light, surrounded by auspicious clouds, rolling red clouds, and the atmosphere is very magnificent.

The guards noticed Ye Chen's gaze, and someone explained:

"Emperor Xuanchen was swallowed by darkness back then, and his statue was also stained with ominous air. No matter how we believers worship, those ominousness and darkness can never be eliminated. Presumably Emperor Xuanchen is also suffering under the nine springs. , We believers, we share our sorrow, alas..."

After these words fell, the guards all looked sad, and the sadness was beyond words.

In Xuanhai time and space, there are two beliefs of the people, one is Taihai Tiandi and the other is Xuanchen Tiandi, both of which are equally important.

But it is a pity that Emperor Xuanchen has already been swallowed by darkness, no matter how the believers worship, it will not help.

Now in the time and space of Xuanhai, only the Emperor Taihai is still alive, but in order to avoid the wear and tear of the years, he has been living in seclusion in the depths of Xuanhai Tiangong, rarely showing his face.

When Ye Chen came to Xuanhai Space-Time, he just wanted to borrow the teleportation array, but after hearing these past stories, his heart was greatly touched.

In the dark, he seemed to see that the Xuanchen Emperor and the Taihai Emperor must be closely related to his future, but he didn't know whether it was a disaster or a blessing.

Ye Chen felt again that the cemetery of reincarnation was shaking more and more violently, and a new power was about to be born.

He saw a tombstone, the dust on it was shaking, and there were four large characters, which were the words "Xuanchen Tiandi".

"Emperor Xuanchen?"

"Could it be that the power that is about to be awakened is the Xuanchen Heavenly Emperor?"

"Didn't he be swallowed by darkness back then?"

Ye Chen was taken aback, and mentally communicated with the cemetery of reincarnation, trying to wake up Emperor Xuanchen, but the stimulation seemed not enough, Emperor Xuanchen had not yet awakened.

"Master Chen Ye, what's wrong with you?"

The guards asked suspiciously when they saw Ye Chen's expression changed.

Ye Chen came back to his senses, and hurriedly said: "It's nothing, I want to pay my respects to His Excellency Zhong Xuanyong, the Great Protector."

He thought that when the time came, Xin Da Neng would definitely be able to awaken.

The most important thing now is to meet Zhong Xuanyong first, and then take the teleportation array to Shacheng.

The guards nodded, then speeded up, soared into the sky, and soon brought Ye Chen to the Xuanhai Tiangong.

This Xuanhai Tiangong, the palace is contiguous, the golden light is mighty, surrounded by the emperor's aura, the weather is brilliant, and the sound of fighting can be heard everywhere.

Ye Chen saw rings set up in Xuanhai Tiangong, and there were many warriors competing in pairs on the rings.

"Are they fighting?"

Ye Chen asked curiously.

A guard replied: "Yes, recently, I, Xuanhai Time and Space, are holding a Taoist competition. The final champion can get a Dao Token. In the future, I will represent my Xuanhai Time and Space, and participate in the Dao Sect's Great Dao Contest."

Ye Chen suddenly realized, and said, "So that's how it is."

When the guard talked about the martial arts competition, he was a little excited, and said: "Moreover, the final champion can also get the Lord Taihai Tiandi, who will personally fight and expend the Qi of the Heavenly Emperor to empower him."

"Heavenly Emperor Qi empowerment, whoever gets this good fortune will surely soar into the sky."

"Unfortunately, all contestants must be in the Boundless Realm. I am a demigod, so I can't participate. Otherwise, if I win the championship, I will definitely become a true god with the empowerment of the Emperor Qi!"

At the end, the guard's tone was full of regret.

It turns out that this contest of seeking sages can only be people from the infinite realm. If you sign up to participate, the winner will get a Dao Token and the Heavenly Emperor Qi empowerment from the Taihai Tiandi.

If you are a demigod, then you cannot participate.

Ye Chen's heart moved slightly. The Dao Token is a token for participating in the Taoist Grand Competition. If he wants to participate in the future, he must also have the Dao Token.

But so far, Ye Chen has not received the Dao Order.

In this contest of seeking saints, the prize is Dao Token, and even the empowerment of Heavenly Emperor Qi, which really moved Ye Chen a little.

Moreover, the competition is restricted to people from the Boundless Realm, within the bounds of the Boundless Realm, Ye Chen has the confidence to overthrow everything.

Unfortunately, he is not from Xuanhai Time and Space, he is just an outsider, so naturally he is not qualified to participate in this competition.

Helpless, Ye Chen followed the guards to meet the Great Protector Zhong Xuanyong.

Zhong Xuanyong lived in a quaint palace, and when he heard Ye Chen's visit, he announced him into the palace.

Chapter 9624

When Ye Chen entered the hall, he saw that there was only one statue enshrined in the hall, which was the statue of Emperor Xuanchen, but there was no statue of Emperor Taihai.

The statue of Xuanchen Heavenly Emperor is covered with dark mottled moss traces, surrounded by traces of ominous air, hovering like poisonous snakes and poisonous insects, it looks very strange, and it is very disproportionate to this magnificent palace, which is very impressive. Just one glance and I felt my scalp go numb.

Ye Chen vaguely deduced the secret, knowing that in the time and space of Xuanhai, there are factions, and they are very sharp.

The people outside enshrine the statues of Emperor Xuanchen and Emperor Taihai at the same time, but inside the Xuanhai Tiangong, there are very big differences.

The Xuanchen faction and the Taihai faction fought fiercely in secret, and they only enshrined the gods they believed in.

Under the statue of Emperor Xuanchen, there stood a middle-aged man in black with his back to Ye Chen. He was obviously the Great Protector Zhong Xuanyong, and he was obviously a member of the Xuanchen sect, so he only enshrined the Emperor Xuanchen.

"Master Chen Ye, sit down."

Zhong Xuanyong turned around, saw Ye Chen, and said in a rather cold voice.

Under Ye Chen, a seat appeared from fantasy.

"Your Majesty the Protector."

Ye Chen didn't sit down, but bowed his hands to Zhong Xuanyong, and said straight to the point:

"Senior Dandi introduced me. I want to use the teleportation array to teleport to Shacheng."

Zhong Xuanyong nodded and said: "I know, Emperor Dan and I have a fateful friendship. I have been plagued by ominous atmosphere all year round. It was he who made alchemy and medicine to save me. If he has any orders, I should obey them."

His tone of voice was always gloomy and a little weak.

Ye Chen could feel that he was enshrining Emperor Xuanchen all the year round, but as a result, he was eroded by the ominous atmosphere on the statue, and his internal organs were probably blackened and rotten. It was all due to his own cultivation and the elixir bestowed by Emperor Dan. , struggling to support.

"Your Excellency, Great Protector, you are in poor health. I have a elixir here, which may be able to heal you."

Ye Chen thought for a while, then activated the Taoist alchemy technique, mobilized the aura of heaven and earth, and a little energy from the koi talisman, and cast a elixir out of thin air, with golden light, auspicious clouds floating, and koi on the elixir The totem looks full of aura and has great blessing power.

The qi rope imprisoned Ye Chen's combat power, but it would not be affected if he wanted to make alchemy.

Zhong Xuanyong was stunned when he saw Ye Chen's method.

Because he found that the elixir refined by Ye Chen was much better than that refined by Emperor Dan.

"You...your alchemy technique..."

Zhong Xuanyong was beyond shocked.

"Your Majesty the Protector, please take it first."

With a flick of his fingers, Ye Chen flicked the pill in his hand to Zhong Xuanyong.

Zhong Xuanyong hurriedly took it, paused, and then took the pill.

As soon as he took the elixir, golden light and white light erupted all over his body, divine light filled the sky, awe-inspiring aura soared to the sky, koi celestial light floated, and many ominous and dark auras were dispelled.

In an instant, Zhong Xuanyong felt radiant, his body's ominous energy had dissipated, and his severely corroded viscera had returned to blood.

Ye Chen's elixir was simply invincible, and it immediately restored his state to a perfect state.

Dandi's elixir can only relieve his symptoms.

But Ye Chen treated him directly.

Because Ye Chen Daozong's cultivation of alchemy has already surpassed that of Emperor Alchemy.

"Worthy of being the Lord of Reincarnation, his supernatural powers are astonishing!"

"Your Taoist alchemy technique has already surpassed the alchemy emperor. I admire you. Please accept my next obeisance!"

Zhong Xuanyong was full of excitement. The problem that had troubled him for many years was solved. He was so excited that he was overjoyed. He knelt down to Ye Chen on the spot and kowtowed to thank him.

Ye Chen was stunned, it turned out that Zhong Xuanyong already knew his identity.

Thinking about it, he has a close relationship with Emperor Dan, as long as Zhong Xuanyong is not a fool, he can see the secret behind it.

Zhong Xuanyong seemed to see Ye Chen's doubts, and hurriedly said: "Lord of Reincarnation, please rest assured, in my territory, the secrets of heaven are absolutely secret, and outsiders will not have insight into your identity."

Ye Chen was a little relieved, said "Yes", and said to Zhong Xuanyong: "Your Excellency, the guardian, you should get up first."

Zhong Xuanyong got up immediately and said: "Lord of Reincarnation, you can call me by name, thank you for resolving the confusion for me."

"It's just that if you want to borrow the teleportation array, it may not work for the time being."

Ye Chen was taken aback, and said, "Why?"

Zhong Xuanyong said: "Because my Xuanhai Time and Space is holding a holy-seeking contest, the teleportation array is temporarily closed, and it will be reopened after the winner is determined."

"But don't worry, this competition is almost coming to an end, and tomorrow is the final day."

"After the finals are over, the teleportation array will open immediately."

Hearing this, Ye Chen breathed a sigh of relief and said, "That is to say, the teleportation array will be open tomorrow?"

Zhong Xuanyong said: "Yes."

He looked Ye Chen up and down carefully, and said: "By the way, Lord of Reincarnation, I heard that you have the qualifications to rebel against the gods. It must be easy to push the limitless realm."

"Tomorrow's final, why not represent my Xuanchen faction as a seed player?"

This holy-seeking competition is limited to participation in Wuliangjing, and Ye Chen happens to be Wuliangjing, and his real combat power is even more powerful.

Zhong Xuanyong thought to himself, if Ye Chen participated in the competition, wouldn't it sweep all invincible?

Ye Chen was taken aback, and said, "You want me to play? I'm an outsider, can I participate?"

Zhong Xuanyong said: "Who says you are an outsider? I am the great protector of the Xuanchen faction, and I am the biggest. I say you are my own, and you are my own."

"In this Xuanhai Tiangong, there are Xuanchen faction and Taihai faction."

"The Taihai School worships the Taihai Heavenly Emperor, and the Xuanchen School worships the Xuanchen Heavenly Emperor."

"My Xuanchen faction was deeply favored by the Xuanchen Heavenly Emperor. Even if his old man was swallowed by darkness, we will swear allegiance to the death and never change our beliefs. Even if the contamination is unknown, we will enshrine the statue of his old man even if we die."

"Hey, and when the old man fell, it was hard to say whether he was swallowed up by darkness or killed by someone's conspiracy."

At the end, Zhong Xuanyong sneered, with some hatred in his eyes, as if he had deep resentment.

Ye Chen asked in shock: "Did Emperor Xuanchen be killed by someone's conspiracy?"

Zhong Xuanyong said: "I'm not sure, but this matter is by no means simple. I, the Xuanchen Sect, have been investigating for countless epochs."

"No one will let it go until the results of the investigation are out."

After a pause, Zhong Xuanyong waved his hand again, and sighed: "However, this is an internal matter of my Xuanchen Sect, and I dare not disturb the Lord of Reincarnation."

"It's just that, for this holy-seeking competition, my Xuanchen faction and Taihai faction need to send out a seed player to participate in the final competition."

Chapter 9625

"The seed players from the Taihai faction have already been decided, but I, the Xuanchen faction, still can't make a decision."

"I have a few candidates, but they all backed down in fear, because the seed player from the Taihai Sect is the peak figure of the Immortal Emperor, and he has mastered a constellation magic, which is very powerful. My Xuanchen Sect's boundless youth For a lifetime, no one would dare to compete with him."

"Lord of Reincarnation, why don't you represent my Xuanchen faction to fight!"

Ye Chen's heart moved. Anyway, the teleportation array will not be opened until the finals are over, so he will go to the finals, sweep everything, and maybe speed up.

Moreover, the reward for the final is a Dao Token, which is very important to Ye Chen.

If he can get the Dao Ling, he will be eligible to participate in the competition.

In addition to the Dao Order, you can also get the empowerment of the Emperor Qi of the Taihai Emperor, which has huge benefits.

"If I win the final, will the Dao Token belong to me?"

Ye Chen immediately asked.

Zhong Xuanyong was stunned for a moment, then gritted his teeth and said: "Okay, although I, the Xuanchen faction, also want this Dao Token very much, but, Lord of Reincarnation, it's okay to give it to you, let's just make friends and form a bond." Good luck!"

Dao Ling is very important, Zhong Xuanyong obviously doesn't want to give up, but if he can make friends with Ye Chen, he is willing to sacrifice some interests.

After a pause, Zhong Xuanyong laughed again: "Besides, Lord of Reincarnation, if you win the championship and finally receive the empowerment of Heavenly Emperor Qi from the Taihai Heavenly Emperor, I am afraid that you will be able to piss off the people of the Taihai School, hahaha, They thought that this great decree and the opportunity of this day's imperial energy empowerment belonged to them."

Ye Chen smiled, Dao Dao Ling, and this day's imperial energy empowerment are both great opportunities, if they can be obtained smoothly, then it would be great.

But in the dark, Ye Chen felt a little weird.

Because, a great opportunity was right in front of him, but he didn't catch the slightest auspicious sign.

After carefully deducing the divination, he even smelled a hint of danger.

This holy contest is probably not as simple as it seems on the surface.

"Guardian Zhong, this martial arts competition..."

"Hmm... the opportunity of the Great Order, and the opportunity of the Heavenly Emperor Qi empowerment, why do I feel a little dangerous."

Ye Chen was cautious, and expressed his worries.

Zhong Xuanyong was stunned for a moment, calculated with his fingers for a while, and then frowned and said: "The secrets of the sky are floating, it is indeed a bit strange, but what is the problem? It's really strange. Could it be that someone from the Taihai School is trying to play tricks?"

Ye Chen was cautious and dignified, and said: "Could it be the Emperor Taihai behind him..."

Zhong Xuanyong hurriedly said: "Lord of Reincarnation, you can't talk nonsense about this."

"Tiandi Taihai and Xuanchen Tiandi are like brothers, they are closer than brothers."

"After the Xuanchen Emperor fell, the Taihai Emperor cried bitterly for thousands of years. Have you seen the ocean of vitality in Xuanhai time and space? It is basically formed by his tears."

"Because of the fall of Emperor Xuanchen, Emperor Taihai was so sad that even the origin of Taoism was hurt. It was difficult to resist the wear and tear of the years, and he could only live in seclusion in the depths of the Tiangong."

"Although the people in the Taihai faction are not good people, the Emperor Taihai is a good person. His ideas and intentions are good, but when he got to the bottom, the implementation went wrong and many disputes arose."

Ye Chen frowned slightly and said, "Really?"

Seeing Ye Chen's suspicious expression, Zhong Xuanyong hurriedly said: "You don't have to doubt, we actually investigated the Emperor Taihai secretly, but the fall of the Emperor Xuanchen did not have anything to do with him at all, and we can't find out the slightest cause and effect. ."

Ye Chen muttered in his heart: "If you can't find out, it doesn't mean he is innocent."

He has a very keen sense of reincarnation, and he always feels that this Emperor Taihai is related to the fall of Emperor Xuanchen.

But this was just a subtle induction, and Ye Chen didn't have any concrete evidence, so it was naturally inconvenient to express the suspicion in his heart.

Zhong Xuanyong pondered for a while, and said: "The chance of rewarding the holy contest this time is indeed a bit weird behind it. The secrets of the sky fluctuate so much that it is unpredictable."

"Well... Lord of Reincarnation, in my opinion, after you win the finals tomorrow, you only need the Dao Ling as the prize, and the Heavenly Emperor Qi empowerment is not required. I am afraid that people from the Taihai School will play tricks."

Ye Chen thought that this method is very good, and he can be sure that nothing will go wrong if he only takes the Dao Ling, so he nodded and said: "Okay, just follow what Protector Zhong said."

Zhong Xuanyong nodded and said: "The seed player from the Taihai faction is called Huang Yangjun. He comes from the Huanjian family and masters the magic of the Huanjian constellation."

"Thousands of years ago, his family sent him to the Taihai School. Now, in just ten thousand years, he is already a figure at the peak of the Immortal Emperor, so he should not be underestimated."

Ye Chen's eyes brightened slightly, and he said, "So you're from the Huanjian family?"

Ye Chen has also met a member of the Huanjian family before, that is, Huang Ziqi, the leader of the Zhanqi Banner of the Chiwang Sect.

He had already killed Huang Ziqi, and he had also obtained the magic scroll of the magic sword constellation, and he had successfully comprehended it thoroughly.

Unexpectedly, the opponent he will face tomorrow is also a member of the Huanjian family.

Zhong Xuanyong said: "Lord of reincarnation, you must be careful, don't underestimate the enemy."

Hearing this, Ye Chen's heart trembled. He faced Huang Ziqi before, because he underestimated the enemy and almost capsized in the gutter.

This time, he wanted to learn his lesson.

Even if this Huang Yangjun is only the peak of the Immortal Emperor, he will use all his strength to deal with it.

Also at the peak of the Immortal Emperor, the Immortal Emperor in the real world is completely different from the Immortal Emperor who has no time and space.

Chapter 9626

The Immortal Emperor who has no time and space, although he has not yet become a god, has been immersed in the laws of heaven and earth all year round, and has been able to grasp a trace of the secrets of the laws of fantasy and the law of causality, which must not be underestimated.

Of course, as long as Ye Chen doesn't underestimate the enemy and goes all out, he believes that there is no immortal emperor in this world who can survive three moves under his own hands.

That night, under Zhong Xuanyong's arrangement, Ye Chen lived in the palace of the Xuanchen Sect.

he slept through the night

Chapter 9627

"Senior, did you not disappoint you?"

Ye Chen smiled.

Emperor Xuanchen was full of excitement, and said: "Master of the tomb, you are too powerful, there is hope for my revenge!"

Ye Chen frowned slightly when he heard this, and said, "Senior, you fell back then, not because you were swallowed by darkness, but because you were killed by some enemy?"

Hearing Ye Chen's question, Emperor Xuanchen immediately gritted his teeth, with hatred and anger on his face, and said: "It was the Emperor Taihai who killed me, this bastard, I treat him as a brother in vain, but he took advantage of my weakness and killed me!" die."

Ye Chen's heart was shocked. In fact, he had a premonition that the fall of Emperor Xuanchen was not as simple as it seemed on the surface.

Now that he heard what Emperor Xuanchen said, Ye Chen knew that the changes back then were indeed related to Emperor Taihai!

"What exactly is going on?"

Ye Chen quickly asked, he is now in the time and space of Xuanhai, on the territory of Emperor Taihai.

If Taihai Tiandi has any conspiracy, he will be very dangerous.

Emperor Xuanchen gritted his teeth. Even though the years passed, the hatred and grievance in his heart obviously did not weaken with time. He said with great resentment:

"Back then, I failed to compete for the Emperor's Fall Universe. I was seriously injured and returned to the time and space of Xuanhai to retreat and recuperate."

"He took advantage of my serious injury to recuperate, and shot me to death."

"Of course, I'm the Lord God of Heaven, so it's not so easy to perish. It's just that 70% to 80% of the timeline has been extinguished, and the real body has not been destroyed yet."

"The Emperor Taihai didn't have the ability to kill me completely. In addition, he had already converted to the Emperor Soul and the Dark Soul Clan. Seeing that he could not kill me, he wanted to use my body as a sacrifice to make offerings Worship the Soul Emperor."

Ye Chen said: "It turns out that the Taihai Tiandi actually converted to the Hun Tiandi? I really didn't expect it... Also, what is Diluo Universe?"

When he heard Di Luo Universe, he felt inexplicable panic in his heart, as if he saw the future destiny, which was full of danger.

Xuanchen Tiandi said: "The emperor falling into the universe is actually a magic weapon, one of the top ten ancient artifacts. Its power is very powerful. When the universe descends and shrouds, it can obliterate the emperor of heaven and make the emperor of heaven fall."

Ye Chen's heart trembled slightly. It turned out that this Emperor Luo Universe was actually one of the top ten ancient artifacts.

Among the top ten ancient artifacts, he has already come into contact with the Nine Heavens Fulong Seal and the Broken Heart Bell, each of which has its own advantages.

This emperor falling into the universe sounds like it is much more powerful than the nine-day crouching dragon seal and the broken heart bell. It can obliterate the emperor of heaven and make the emperor of heaven fall.

The panic in Ye Chen's heart became more and more intense. He had a glimpse of his future destiny. After he became the Lord God of the Emperor of Heaven, he was likely to die in the Di Luo universe!

If you want to avoid death, you have to snatch the emperor into the universe and snatch it.

However, Xuanchen Heavenly Emperor failed in the fight back then. With Ye Chen's current strength, he is naturally not qualified to compete for Emperor Luo Universe. He just keeps an eye out and must pay attention in the future.

Emperor Xuanchen sighed: "There were too many masters who competed for Diluo Universe back then. I couldn't compete, and I was seriously injured and defeated and fled back to recuperate."

"Taihai Tiandi took advantage of the void, killed a large number of my timelines, and then sealed my real body on the dark altar of my dark abyss."

"That is the territory of the dark soul clan. My real body has become a sacrifice for the soul emperor. The essence of flesh and blood has been eaten away by the darkness little by little, tainted with endless ominous air."

"But fortunately, I had a faint ray of divine sense back then, so I escaped by chance and got the blessing of reincarnation, which means that I have the protection of the law of reincarnation. My real body is not dead, but the trauma is very serious, and I have been tortured all day long."

Speaking of the past, Emperor Xuanchen was full of grief and anger, and there was great pain and suffering in the depths of his eyes.

His real body suffered from the darkness and suffering, even affecting his believers.

His followers, and the statues enshrined in him, will all be tainted with ominousness.

His spirit of remnant thoughts can naturally feel the pain of his real body, and he can't escape it, like being trapped in the endless purgatory.

"Unexpectedly, this Emperor Taihai would have such a cool method!"

Ye Chen's expression also changed, he didn't expect the Emperor Taihai to be so fierce.

You know, the Taihai Heavenly Emperor and Xuanchen Heavenly Emperor existed like brothers back then, and they jointly created the Xuanhai Time and Space.

Even in the Xuanhai Tiangong, the Xuanchen faction respects the Taihai Emperor very much, like the Great Protector Zhong Xuanyong, who thinks the Taihai Emperor is a good person.

But who would have thought that the Taihai Heavenly Emperor back then had converted to the Soul Heavenly Emperor long ago, and finally sealed the Xuanchen Heavenly Emperor on the dark altar as a sacrifice.

Emperor Xuanchen sneered, and said, "Actually, I never thought that he would become like this. I have always regarded him as my own brother."

"He killed me at that time, in fact, he wanted to snatch the position of the elder of Daozong."

"Back then, Daozong sent an invitation to Xuanhai Time and Space. They needed an elder. They took a fancy to me and Emperor Taihai, and asked us to choose one of them to go to Daozong to be the elder."

"I failed to compete for Diluo Universe and was seriously injured. I originally wanted to give up the position to him, but I didn't expect him to be so anxious that he directly wanted to kill me."

"Hehe, but my Heavenly Emperor has a strong aura, he couldn't completely kill me, so he finally took me as a sacrifice and offered it to the Soul Emperor."

"Later, the masters behind the scenes of Daozong probably saw that something was wrong and did not continue to invite, but they would not interfere in my grievances with the Emperor Taihai. For so many years, I have been suffering in the dark abyss."

Chapter 9628

"I see....."

Ye Chen understood all the ins and outs. It turned out that the Taihai Heavenly Emperor and Xuanchen Heavenly Emperor broke up because of the Taoist Elder.

To be invited to be an elder in Dao Sect, the strength of the Taihai Heavenly Emperor and Xuanchen Heavenly Emperor is naturally beyond doubt.

Xuanchen Tiandi said: "Hehe, if I fall into the endless purgatory, I can't get out of it until today, but Taihai Tiandi, he is not easy either."

"He didn't dare to expose the secrets. He spent a lot of money to cover them up, and he pretended to cry for me for thousands of years. Now he doesn't even dare to come out of the Xuanhai Tiangong. The original foundation has been greatly worn out. This is the price he paid to cover up the secrets back then."

Ye Chen suddenly realized that it turned out that the Heavenly Emperor of Taihai lived in a secluded place, not because of the wear and tear of the years, but because he had borne a huge burden in order to cover up the secret, and he has not been able to ease it until today.

Because the time and space of Xuanhai was created jointly by Emperor Taihai and Emperor Xuanchen, and they have the same group of believers.

If the evil deeds of Emperor Taihai are exposed, the beliefs of the believers will definitely collapse, and the foundation of his luck will collapse, and the consequences will be extremely serious, so he must keep it secret.

Thinking about it this way, the strength of Taihai Tiandi must have declined greatly, not as powerful as when it was at its peak. The threat to Ye Chen is not that great.

Thinking of this, Ye Chen calmed down a little.

Emperor Xuanchen said: "Master of the tomb, you'd better leave here immediately. After you wake up your grandfather, you can go to the dark abyss and save my real body. I am very grateful. After this is done, I will introduce a Daozong's great figure, let you know."

He saw the karma in Ye Chen's body. The most important thing for Ye Chen at present is to go to Shacheng to meet Ren Feifei, and then go to Shanghuangtian Palace to wake up his grandfather.

He hoped that after Ye Chen settled the matter in front of him, he could save his real body.

His real body has endured the dark torment of countless epochs, and it is indeed too painful.

Today's Xuanhai time and space is after all the territory of the Emperor Taihai, and he was worried that Ye Chen would encounter any accidents.

"Is it a big shot in Taoism?"

Ye Chen's heart moved slightly. It seems that the Xuanchen Emperor back then was by no means simple, and he even knew the important figures in the Taoist sect.

Daozong is very mysterious, and the master behind the scenes never shows up.

Even the former Emperor Yuantian and Emperor Huntian didn't know who the master behind Daozong's scenes was.

Ye Chen thought for a while, and hesitantly said to Emperor Xuanchen: "Senior, the teleportation array is temporarily closed now, and I can't leave, and I promised Zhong Hufa that today I will represent Xuanchen's faction in the competition."

"After the contest is over, it's not too late for us to discuss it."

In this holy contest, the winner can get a Dao Token, as well as the Tiandi Qi empowerment of the Taihai Tiandi.

Ye Chen didn't dare to ask for the imperial energy empowerment that day, for fear that there would be some conspiracy behind it.

But Ye Chen really wanted that order.

Emperor Xuanchen pondered for a moment, and said: "Forget it, then you can go to the martial arts competition first."

"However, you must be careful of the Emperor Taihai."

"If he wants to see you, you must not."

Ye Chen said: "Senior, don't worry, I know."

Back then, Emperor Xuanchen was killed by Emperor Taihai.

Taihai Tiandi is a person who values love and righteousness on the surface, but there are evil intentions hidden behind his back, so Ye Chen will naturally be careful.

After the discussion, Ye Chen's spirit was withdrawn from the cemetery of reincarnation.

The discussion between him and Emperor Xuanchen just now was to communicate spiritually. It is a long story, but in fact, only a moment of time in the outside world has passed.

Zhong Xuanyong didn't notice Ye Chen's strangeness. Hearing that he had comprehended the "Xuanchen Xianjing", he didn't believe it in his heart, but when he thought about the talent of reincarnation, it might not be certain that he really comprehended it. He was half-believed and doubtful:

"Lord of Reincarnation, if you really comprehend the "Xuanchen Xianjing", then today's martial arts competition, you will undoubtedly win."

Ye Chen smiled and said, "I hope so."

Zhong Xuanyong clapped his hands and said: "Let's go, I'll take you to breakfast first, and then the martial arts competition should start."

At that moment, Zhong Xuanyong took Ye Chen to eat some delicacies first, and then went to the competition field of Xuanhai Tiangong.

When the two arrived at the arena, the scene was already very lively. People with heads and faces from all directions in Xuanhai time and space were sitting in the auditorium around the arena.

On both sides of the martial arts arena, they were divided into two camps.

The camp on one side is the Taihai faction, all wearing sea blue Taoist robes.

On the other side is the Xuanchen faction, dressed in golden robes.

Between the two camps, an old man with white hair and long eyebrows, with a dark and cold appearance, sat on a big chair.

Zhong Xuanyong said to Ye Chen in a low voice: "That person is the chief executive of Xuanhai Tiangong, Zhao Jin, he does not belong to the Xuanchen sect nor the Taihai sect, he is the personal slave of the Taihai emperor. He's the referee."

Ye Chen nodded, expressing his understanding, and secretly looked at the chief executive, Zhao Jin.

And when he was looking at Zhao Jin, Zhao Jin was also looking at him.

Not only Zhao Jin, but many eyes in the audience were all focused on Ye Chen.

Because this time, Ye Chen is representing the Xuanchen faction to fight.

Zhong Xuanyong naturally did not reveal his identity, only saying that he was a young genius secretly cultivated by the Xuanchen Sect.

In fact, no one cared about Ye Chen's real identity, everything depended on his strength.

It's just that Ye Chen only has the cultivation base of the fourth level of the infinite realm, which really surprised many people present.

Chapter 9629

"Is there no one in the Xuanchen faction? Why did you send a boy from the fourth level of the immeasurable realm to be the seed player."

"How could it be possible to defeat Huang Yangjun in the fourth level of the Infinite Realm? He is a genius at the peak of the Immortal Emperor."

"Hehe, I think this kid can't even make it to the finals."

A lot of whispers sounded. Compared with Ye Chen, the seed players of the Taihai School are much stronger in cultivation, reaching the peak of the Immortal Emperor.

In addition to the seed players of the two factions, there are six strong players in today's competition, all of whom have been determined from rounds of battles in the previous elimination rounds.

Adding Ye Chen, and Huang Yangjun, the seed player of the Taihai faction, happened to be eight people, forming the quarterfinals.

Ye Chen and Huang Yangjun are both seed players, so they don't need to participate in the previous knockout rounds, and they will directly advance to the quarterfinals.

Today's competition is a decisive battle of the top eight, the top four will be determined first, and then the final champion contender will be determined.

Ye Chen looked at the Taihai faction, and saw a young man surrounded by immortal emperor aura, his eyes stained with divine light, his whole body seemed to be bursting with sword aura, and his kendo skills were quite fierce. It was Huang Yangjun.

Seeing that Huang Yangjun's cultivation was indeed at the peak of the Immortal Emperor, Ye Chen felt a little relieved.

With his current strength, as long as he doesn't underestimate the enemy, defeating a warrior at the peak of the Immortal Emperor is naturally easy.

In addition to Huang Yangjun, there are six strong men standing on the sidelines.

They were promoted after rounds of duels, and their cultivation bases are all in the late stage of Wuliangjing, and they are not a threat to Ye Chen.

Ye Chen glanced at it, but his heart trembled inexplicably.

Among these six powerhouses, there is a woman, the only woman, wearing a snow-colored dress, her skin is as creamy, and there is a sense of indifference between her brows, like a mountain stream and a quiet spring, her temperament is a bit unearthly. the taste of.

Ye Chen looked at this woman, and he faintly caught a huge fluctuation in his heart.

He can be sure that he has never seen this woman, but now

Chapter 9630

In this competition, there was no suspense at all. Huang Yangjun, a seed player of the Taihai School, just spent three strikes to knock Li Yun off the stage and successfully won.

Seeing this, the senior figures of the Taihai faction all laughed with satisfaction.

Looking at Huang Yangjun's performance, they believed that in today's decisive battle, the victory would belong to the Taihai faction.
